Goal 1. Inclusive Excellence
Promote, enhance, coordinate and monitor interculturalism and diversity in all areas of the university

Initiatives
- Intercultural Advisory Committee
- University Intercultural Council
- Intercultural Student Advisory Committee

Inclusive Excellence
Inclusive excellence goes beyond academic excellence, which focuses only on the quality of teaching, scholarship, and service. Inclusive excellence re-envisions quality and diversity. It reflects striving for excellence in higher education by infusing diversity into teaching, scholarship, service, admissions, the curriculum, faculty-staff recruitment and retention, policies, procedures and administrative structures.
