

## *Elements of a Strong English Teaching Assistant Proposal*

| <b><u>Element:</u></b>      | <b><u>What this should include:</u></b>                                                                                                                                                                                                                                                                                                                                                    |
|-----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <i>Title</i>                | Use a double title to convey the most compact info                                                                                                                                                                                                                                                                                                                                         |
| <i>General theme</i>        | Why do you want to teach? Why do you want to teach English? Why do you want to teach English in this country?                                                                                                                                                                                                                                                                              |
| <i>Specific goals</i>       | What do you hope to bring to your students? What previous experiences, courses, or training will help you do this? What do you hope to learn from your students and your supervising faculty? What do you hope to learn about the language and culture of your host country? What is your philosophy of language teaching and learning?                                                    |
| <i>Teaching Methods</i>     | How will you engage students and make language learning something they enjoy and give great energy towards? What hobbies or interests can you incorporate into your lessons to make them more proficient speakers of English? How can you learn about their culture while teaching them about your own? What would a great sample lesson look like for the age group you will be teaching? |
| <i>Free Time</i>            | What do you plan to do in your free time to learn more about the host community and culture? Include this only if the country you are applying to requests it in the Fulbright materials.                                                                                                                                                                                                  |
| <i>Materials</i>            | What kind of materials/realia will you bring with you to help you enliven your teaching? Songbooks? Poetry? A musical instrument, art materials, theatre materials?                                                                                                                                                                                                                        |
| <i>Community Engagement</i> | How do you plan to become part of the local community beyond your teaching? Volunteer activity? Participation in organizations? Exercise of your hobbies with local people? Include only if country applying to requests it.                                                                                                                                                               |
| <i>Your Trajectory</i>      | What is your career goal? Does it relate to teaching or education? How does your goal relate to this proposal for teaching?                                                                                                                                                                                                                                                                |
