Hands-On Technology Workshop
“Using WebEx to Engage Online Students”

Friday, October 23, 11:30am-12:30pm
Faculty Innovation Center (Room 309)
William H. Hannon Library

Professor Silvie Grote
Visiting Assistant Professor
Department of Health and Human Science
Loyola Marymount University

Abstract:

“Online learning provides a viable alternative to face-to-face instruction, allowing for flexibility of access as to time and place. WebEx, an online meeting solution by Cisco, can aid to engage online students in the process of learning and provide a platform for live interaction. In this presentation, I will discuss the use of WebEx as a tool for engaging online students during my summer nutrition online course. I will focus on the logistics of using this online meeting solution as a means for delivering synchronous lecture, demonstrations, and discussions. I will share short clips showing student and instructor interaction and demonstrate the use of WebEx in a live group setting. This is a hands-on workshop; there will be ample time for practice and discussion.”

Refreshments provided.
Please RSVP to Andrea Middleton Andrea.Middleton@lmu.edu by Oct. 21st.
