

• **SUMMARY OF THE REQUIREMENTS OF THE UNIVERSITY CORE CURRICULUM**

|  |             |
|--|-------------|
| <b>FOUNDATIONS</b>                             |             |
| First Year Seminar (Fall)                      | 1 course    |
| Rhetorical Arts (Spring)                       | 1 course    |
| Quantitative Reasoning                         | 1 course    |
| Theological Inquiry                            | 1 course    |
| Philosophical Inquiry                          | 1 course    |
| Studies in American Diversity                  | 1 course    |
| <b>EXPLORATIONS</b>                            |             |
| Creative Experience                            | 1 course    |
| Historical Analysis and Perspectives           | 1 course    |
| Nature of Science, Technology, and Mathematics | 1 course    |
| Understanding Human Behavior                   | 1 course    |
| <b>INTEGRATIONS</b>                            |             |
| Faith and Reason                               | 1 course    |
| Ethics and Justice                             | 1 course    |
| Interdisciplinary Connections                  | 1 course*   |
| <b>TOTAL:</b>                                  | 13 courses* |
| <b>FLAGGED COURSES</b>                         |             |
| Writing  | 2 Flags     |
| Oral Skills                                    | 1 Flag      |
| Information Literacy                           | 1 Flag      |
| Quantitative Reasoning                         | 1 Flag      |
| Engaged Learning                               | 1 Flag      |

**Note:** Courses in a student's major may also satisfy Core requirements, if approved by the University Core Curriculum Committee; so the total number of courses required outside of a student's major will typically be fewer than 13. Flagged courses will typically be courses that also satisfy other Core or major requirements so they do not add to the total course requirements for most students.

\*Students enrolled in a Bachelor of Science in Engineering or Engineering Physics program are required to take only two Integrations courses: Faith and Reason and Ethics and Justice. For these students, there are a total of 12 required courses.
