MODULE 1- UNIT 1: Cities as Systems

M1.1.1.5

URBAN ECOLOGIST CHANT

I'm an urban ecologist here to say,
I study environments, city systems, and habitats every day,
Observing, recording, mapping communities,
Inquiring and proposing solutions is what I do.
*Healthy cities, communities, action plans too,
Doing the urban ecologist bugaloo!*

I'm an urban ecologist here to say,
Systems are ways of organizing things every day,
Biotic and Abiotic factors are in the environment,
Studying Inter-dependence is what I do.
*Healthy cities, communities, action plans too,
Doing the urban ecologist bugaloo!*

I'm an urban ecologist here to say,
Structures and relations reflect our culture every day,
Politics, economy, services and neighborhoods,
Questioning and searching for sustainability is what I do.
*Healthy cities, communities, action plans too,
Doing the urban ecologist bugaloo!*
