

Name: _____ Date: _____ Class/Period: _____

Lesson 8.2: How can you gather the most information?**Directions**

1. Your goal is to find the answers to the questions in the table below as quickly as possible. Some of the questions only have one correct answer and others have multiple correct answers. Your answers need to come from places in the city.
2. You need to get the answers from at least 10 different people in the room. Underneath the answer, you need to write the person's name who gave it to you.
3. For your table, you cannot answer any of the questions yourself. For someone else, you cannot provide an answer unless you know the answer.
4. When your card is completely filled out, raise your hand and call out Bingo.

Results:

EXAMPLE: Height of the Green Monster in Fenway <i>37 feet 2 inches</i> <i>Carlos</i>	Name of the mayor of Boston	Name of a cheap and healthy restaurant	Location of a post office
