### Field Notes

**Record any observations from your site visit below** (What did you notice about the site today that could have impacted the data you collected? What kinds of human activity (e.g. car noise, foot traffic) did you notice? What other activities (e.g. dog barking) or characteristics (e.g. grass just mowed) were unique to your site today?)

### Reflection Question

**Did you decide to make any changes to your data collection methods? If yes, record the changes below. If no, explain why they seem appropriate for your research question.**
