Fulbright U.S. Student Program

The Fulbright U.S. Student Program offers fully-funded research, study and teaching opportunities in over 140 countries to recent graduates and graduate students with U.S. citizenship.

During the grant, students will meet, work, live with and learn from the people of the host country, sharing daily experiences. The program facilitates cultural exchange through direct interaction on an individual basis in the classroom, field, home, and in routine tasks, allowing the grantee to gain an appreciation of others’ viewpoints and beliefs, the way they do things, and the way they think. Through engagement in the community, the individual will interact with their hosts on a one-to-one basis in an atmosphere of openness, academic integrity, and intellectual freedom, thereby promoting mutual understanding.

LMU students of all majors are invited to learn more about these competitive grants, including an overview of the English Teaching Assistant (ETA) Programs and Study/Research Awards, eligibility requirements, and application timeline.

An introductory information session will be held on Tuesday, February 12, 2019 from 4:30pm to 5:30pm in St. Robert’s Hall #235.

Library Computer Loan Program

Frequent library users know that students, staff, and faculty can check out laptops from the Tech on 2 desk. The library has 5 Macbooks and 16 Macbook Pros available for 4-hour lending. However, they are limited to in-library use only.

For a longer lending period, there are 5 Chromebooks available for 1-week periods. These will be first-come, first-served and can be renewed for an additional week if there is no waiting list.

These laptops are only available to LMU students, staff, and faculty. Here are a few things to note:

- The Chromebooks reset after a reboot or 60 minutes of idle time.
- Users can’t install apps.
- Users can’t print directly from these devices.
- Chromebooks inherently restrict the installation of many applications and are really only good for web surfing and web-based productivity suites including Office 365.

SPS Wellness Educator Program

The Wellness Educator (WE) Program, sponsored by Student Psychological Services (SPS), arose from a perceived need by students to raise awareness of mental health issues among the LMU community. The goals of the WE Program are to educate fellow students about mental health and wellness, reduce stigma around mental illness, and raise awareness of SPS and other wellness resources.

Through involvement in the Wellness Educator Program at Loyola Marymount University, students will broaden their knowledge on mental health issues, strengthen their presentation and leadership skills, and gain basic counseling skills.

This is a unique opportunity for students who are interested in pursuing a career in mental health or those passionate about creating a supportive campus environment for students affected by mental health issues.

Wellness Educators commit to:

- A full academic year of service
- Mandatory training (August)
- Mandatory weekly meetings throughout the year
- A minimum of two presentations to the campus community each semester
- A minimum of one tabling event per semester
  Wellness Educators must have a minimum of 2.5 GPA and be in good standing with the Office of Student Conduct & Community Responsibility. This is an unpaid position.

For questions, please call (310) 338-2868.

Parking Fees in PROWL

Students need to opt out of parking each semester or the fees will stay on their account.

All students registered in 7 or more semester hours will automatically be charged for parking via their student account on a semester basis. Students planning on parking at LMU will not opt out of parking fees but will need to register their vehicle to avoid a citation.

Visit: parking@lmu.edu for more information.

LMU Student Psychological Services (SPS)

LMU SPS offers free services for LMU students. Each semester SPS offers appointments and after hours and weekend emergencies. SPS also offers semester workshops and groups.
