Sarah has spent extended time volunteering abroad in the townships of South African and the orphanages of Haiti. She enjoys maintaining a healthy lifestyle with running marathons, biking, swimming, hiking and cooking. Sarah will be assisting in the coordination of the student notetaking program and other DSS related matters.

Bryan Froderman is an LMU graduate student who received a B.A. in Studio Arts at LMU in 2018. He is working towards his M.A. in Counseling through the LPCC track and expects to graduate in 2022 with hopes of working in the community mental health field. Bryan is originally from Phoenix, AZ. Bryan spends his personal time reading, riding his bike, and
spending time with his friends and family. He is thrilled to be working at DSS to help support students throughout their academic journey.

**Shanice McLeish** is an LMU graduate student who received a B.Sc. in Biology and Psychology from Wilfrid Laurier University, Waterloo, Ontario, Canada. Shanice is working towards an M.A. in Bioethics and graduates May 2020. Shanice is involved as the Craves Impact Fellow at the Bioethics Institute, the Chief Communications Officer for GSLMU, the Graduate Assistant for Disability Support Services, and as a student member on LMU’s Board of Trustees, and the Intercultural Affairs Advisory Committee. She is passionate about all topics related to social and global justice and hopes to effect positive change by pursuing a career in global health and/or health policy, and one-day give back to her home, Jamaica, in a meaningful way as it relates to her life's work. Shanice enjoys playing sports, traveling and spending time with loved ones, including her 2-year-old dog, Vinny.

If you have time, stop by to say hello to any of the new DSS staff members.

**DSS Assistive Technology**

Are you a Disability Support Services (DSS) student that has been approved for note taking or audio recording accommodations and would like to learn more about assistive technology? Please contact DSS by email at dsslmu@lmu.edu or by calling 310-338-4216 for information about assistive technology.

**Library Computer Loan Program**

Frequent library users know that students, staff, and faculty can check out laptops from the Tech on 2 desk. The library has 5 MacBook's and 16 MacBook Pros available for 4-hour lending. However, they are limited to in-library use only.

For a longer lending period, there are 5 Chromebooks available for 1-week periods. These will be first-come, first-serve and can be renewed for an additional week if there is no waiting list.

These laptops are only available to LMU students, staff, and faculty. Here are a few things to note:

- The Chromebooks reset after a reboot or 60 minutes of idle time.
- Users can’t install apps.
- Users can’t print directly from these devices.
- Chromebooks inherently restrict the installation of many applications and are really only good for web surfing and web-based productivity suites including Office 365.

Contact: library@lmu.edu if you have any questions.

**Fulbright U.S. Student Program Introductory Session**

The Fulbright U.S. Student Program offers fully-funded research, study and teaching
opportunities in over 140 countries to recent graduates and graduate students (with U.S. citizenship). During their grants, students will meet, work, live with and learn from the people of the host country, sharing daily experiences. The program facilitates cultural exchange through direct interaction on an individual basis in the classroom, field, home, and in routine tasks, allowing the grantee to gain an appreciation of others’ viewpoints and beliefs, the way they do things, and the way they think. Through engagement in the community, the individual will interact with their hosts on a one-to-one basis in an atmosphere of openness, academic integrity, and intellectual freedom, thereby promoting mutual understanding.

LMU undergraduate and graduate students of all majors are invited to learn more about the 2021-22 program.

Tuesday, February 25 at 4:30pm to 5:30pm at Malone Student Center, 112A
