

CALL FOR PROPOSALS: \$5000 Summer Research Fellowships

The Bellarmine College of Liberal Arts Jewish Studies *Faculty Research Fellowships to Combat Antisemitism* Summer 2022

Faculty conducting research for projects that substantively address the roots, contemporary manifestations, or other aspects of antisemitism **with the goal of combatting bias, prejudice, persecution, and violence**, are invited to apply for research fellowships. Deadline for proposals is February 8, 2022. Award notifications will be communicated no later than 14 days after the deadline. For Summer 2022, 2 awards will be given. Separate funding is available to support a summer student research assistant for this project, as well as conference travel for both the faculty member and student research assistant once a paper is accepted.

Eligibility Requirements:

- Any full-time, continuing tenure-track/clinical faculty member in any college may apply.
- Up to two projects will receive funding for summer 2022.
- Applicants may apply individually or as a pair for both awards.
- **Submit Brief Project Description/Rationale and Cover/Signature Sheet.**
- First preference will be given to projects that incorporate BCLA undergraduate/graduate student research collaborators.
- Faculty members who have received other funding from BCLA for summer 2022 will be considered only after those without such funding for this year.

Expectations:

- Fellowship recipients are expected to provide a brief project update by September 30, 2022, and to present their findings (or research-in-progress) at an on-campus event in spring 2023.
- Fellowship recipients are expected to prepare and submit (preferably by December 2022) manuscripts for publication and/or papers/posters for presentation at scholarly meetings.
- Fellowship recipients also are encouraged to write up findings for local/regional dissemination through radio/TV/print outlets.
- Fellows may be asked to present their research-in-progress at a BCLA faculty research symposium or similar venue during the upcoming academic year.
- Final project report and list of outcomes will be due one year following the date of the award.

Funding:

- The award is **\$5000.00**. 80% of the grant will be awarded through payroll in late May. The remaining 20% will be awarded in late September, after submission of the project update. Final report is due one year after initial award.
- Accept award via e-mail (OFD@lmu.edu) by April 1, 2022 at 5pm.
- If two faculty members agree to work on a joint project, grant funds will be split evenly and receive \$2500 each.
- A faculty team may propose a more substantial final project (such as a workshop, seminar, or book) that joins the individual projects; in that case each faculty would apply separately for the full \$5000.
