Loyola Marymount University Bulletin 2016-2017

The University Bulletin contains the academic and administrative policies and regulations that govern enrollment of undergraduate, graduate, and postbaccalaureate students at Loyola Marymount University. Students are responsible for knowing academic and administrative policies and regulations affecting their program of study and for abiding by all such policies and regulations during their period of enrollment at the University. Continued enrollment is subject to compliance with the academic and administrative policies and regulations. Failure to understand the policies and regulations does not relieve a student of her or his responsibility for adhering to the policies and regulations.

Students are governed by the applicable University and degree requirements in the University Bulletin of their entry year into the University. Students must normally fulfill the department major or program requirements in effect when they declare the primary major or program of study. If these requirements have been modified since the most recent Bulletin, students may be required to fulfill those with the most recent date. Students are advised to consult the chairperson of the major department or the appropriate program director for the correct information.

The University Bulletin is not an offer to enter into a contract. Loyola Marymount University reserves the right to make changes to degree program requirements, academic and administrative policies and regulations, financial charges, and course offerings published in the University Bulletin at any time without prior notice. The University strives to assure the accuracy of the information in the University Bulletin. However, the University reserves the right to make corrections as necessary to the University Bulletin. For changes that may occur, please go to http://bulletin.lmu.edu.

Loyola Marymount University does not discriminate on the basis of race, color, national origin, sex, handicap, or age. Loyola Marymount University seeks compliance with Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, and section 504 of the Rehabilitation Act of 1973, which respectively prohibit discrimination. Inquiries regarding these issues may be directed to the Senior Vice President for Student Affairs. Students desirous of filing a complaint should contact the Senior Vice President for Student Affairs.

The University

History

The names "Loyola" and "Marymount" have long been associated with Catholic higher education in countries around the globe. Saint Ignatius Loyola, founder of the Society of Jesus, the Jesuits, sanctioned the foundation of his order's first school in 1548. The Religious of the Sacred Heart of Mary have conducted educational institutions since their establishment in France by Father Jean Gailhac. These two traditions of education have come together in Los Angeles as Loyola Marymount University.

The present institution is the successor to the pioneer Catholic college and first institution of higher learning in Southern California. In 1865 the Vincentian Fathers inaugurated St. Vincent's College for Boys in Los Angeles. When this school closed in 1911, members of the Society of Jesus opened the high school division in their newly founded Los Angeles College.

Rapid growth prompted the Jesuits to commence the collegiate department that same year, seek a new campus in 1917, and incorporate as Loyola College of Los Angeles in 1918. Relocating to the present Westchester campus in 1929, the school achieved university status one year later.

Graduate instruction began in 1920 with the foundation of a separate law school. The formation of the Graduate Division occurred in June 1950, though graduate work had formed an integral part of the Teacher Education Program during the preceding two years.

The Religious of the Sacred Heart of Mary began teaching local young women in 1923. Ten years later they opened Marymount Junior College in Westwood which first granted the baccalaureate degree in 1948. The school later transferred classes to a new campus on the Palos Verdes Peninsula in 1960. Eight years later, Marymount College moved again, this time to the Westchester campus of Loyola University as an autonomous college. At this juncture, the Sisters of St. Joseph of Orange joined the Marymount Sisters as partners.

After five years of sharing faculties and facilities, Loyola University and Marymount College merged and formed Loyola Marymount University in July 1973. Through this union, the expanded school maintained the century-old mission of Catholic higher education in Los Angeles.

In articulating a vision for this unique collegiate enterprise, the Board of Trustees turned to the history of the four-century-old Jesuit educational philosophy as well as to the history and traditions of the Marymount and St. Joseph's Sisters. They also recognized the riches of a variety of religious traditions represented among the dedicated faculty and staff that complemented and enhanced the school's heritage of Catholic values.

The University pursues quality in:
- Curricula of All Academic Programs
- Co-curricular Programs and Support Services
- Faculty, Administration and Staff
- Students
- Campus Life, Hospitality and Services

Loyola Marymount University:
- Promotes Academic Excellence
- Lives an Institutional Commitment to Roman Catholicism and the Judeo-Christian Tradition

University Mission Statement

Introduction

Loyola Marymount University offers rigorous undergraduate, graduate, and professional programs to academically ambitious students committed to lives of meaning and purpose. We benefit from our location in Los Angeles, a dynamic city that brings into sharp focus the issues of our time and provides an ideal context for study, research, creative work, and active engagement. By intention and philosophy, we invite men and women diverse in talents, interests, and cultural backgrounds to enrich our educational community and advance our mission:

- The encouragement of learning
- The education of the whole person
- The service of faith and the promotion of justice

The University is institutionally committed to Roman Catholicism and takes its fundamental inspiration from the combined heritage of the Jesuits, the Marymount Sisters, and the Sisters of St. Joseph of Orange. This Catholic identity and religious heritage distinguish LMU from other universities and provide touchstones for understanding our threefold mission.

The Encouragement of Learning

At LMU, the encouragement of learning takes place in the context of an intellectual tradition that:
- Insists on critical thinking and the development of imagination and artistic expression
- Takes philosophical and theological disciplines seriously
- Engages in ethical discourse and embraces the search for values
- Respects the integrity of the individual while at the same time pursuing the common good
- Views the world as sacramental and seeks to find God in all things
- Encourages an integration of knowledge in which "faith and reason bear witness to the unity of all truth" (Ex Corde Ecclesiae, 1990, #17)

As a foundation for inquiry and learning, we strive to create an intercultural community and to promote ecumenical and inter-religious dialogue. This means that at LMU the encouragement of learning is a radical commitment to free and honest inquiry - but always with reverence before the mystery of the universe and openness to transcendent reality.

The Education of the Whole Person

With roots in the spiritual humanism of the earliest Jesuit colleges, LMU's pedagogical tradition has an abiding concern for the education of the whole person. Today we understand this as a simultaneous process of information, formation, and transformation. The education of the whole person thus includes these points:
- It encourages personal integration of the student's thinking, feeling, choosing, evolving self. It does this by...
fostering not only academic and professional development but also physical, social, psychological, moral, cultural, and religious/spiritual growth.

- It promotes formation of character and values, meaning and purpose. As students learn to "read" what is going on in their own lives and in the larger world, they are encouraged to grow in the skills of personal and social literacy needed for responsible citizenship.
- It seeks to develop men and women for others. LMU encourages students, faculty, and staff to identify with those living on the margins of society so that the intellectual inquiry and moral reflection endemic to university life will lead to meaningful work for transformative social change.

The Service of Faith and the Promotion of Justice

We take seriously both parts of this phrase. The service of faith encompasses all those ways in which the University engages its Catholic intellectual, cultural, and religious heritage. These ways include specific courses and academic programs as well as opportunities for worship, faith formation, and spiritual development.

The service of faith also honors the reality of religious pluralism on our campus and embraces inter-faith dialogue in formal and informal contexts. The desired outcome of such encounters moves us beyond tolerance to mutual respect and understanding, deepens appreciation of one's own faith, and creates opportunities for engaging others who share a longing for meaningful lives.

Finally, at LMU we insist that the service of faith is incomplete without the promotion of justice. Together with the University's sponsoring religious orders and the post-Vatican II Church, we believe that participating in the struggle for justice in ways appropriate to our academic community is a requirement—not simply an option—of biblical faith. In this struggle LMU makes common cause with all who share a commitment to local and global justice, whether they are motivated by faith or other noble ideals.

Updated May 2010

Goals

Loyola Marymount University promotes academic excellence by:

- Enrolling an academically ambitious, multicultural, and socioeconomically diverse student body
- Recruiting, retaining, and supporting a diverse and multicultural faculty committed to excellence in teaching and active scholarship or artistic productivity
- Sustaining an excellent staff and administration as partners with the faculty in promoting academic excellence
- Engaging students in academic programs that explore the multicultural experience of American ethnic groups
- Maintaining an academic community in which freedom of inquiry and expression enjoy the highest priority
- Emphasizing the skills and knowledge necessary for a lifetime of intellectual growth and providing strong pre-professional and professional preparation in the undergraduate curriculum
- Offering excellent graduate and legal education in a context which promotes the highest standards of personal integrity and professional responsibility
- Developing and maintaining the physical facilities, equipment, and support systems that enable the university to carry out its academic mission

- Providing library facilities and services for excellence in the university's undergraduate, graduate, and professional programs

Lives an institutional commitment to Catholicism and the Judeo-Christian tradition by:

- Ensuring that Catholic faith and tradition continue to inform and inspire the Loyola Marymount educational experience
- Encouraging collaboration between members of the founding religious communities and other members of the University to give a distinctive tone to campus life
- Welcoming students, faculty, and staff from all faith traditions
- Emphasizing the examination of the moral and ethical implications of all human actions
- Fostering a just society through a commitment to social justice and service
- Offering opportunities for religious practice and faith development for the entire Loyola Marymount community

Provides a liberal education by:

- Offering a core curriculum that provides each undergraduate with a broad education in the liberal arts and sciences as the heart of the undergraduate experience
- Emphasizing the study of philosophy and theology in the undergraduate curriculum
- Challenging all students to think critically and reflect on basic values and issues, and free themselves from prejudice
- Supporting a faculty committed to excellent teaching and scholarship in a university based on the liberal arts tradition
- Encouraging students to understand their fields of studies in a broad intellectual, ethical, and social context
- Preparing students, undergraduate and graduate, to play active roles in addressing the problems and challenges of the larger society and world in which they live

Fosters a student-centered university by:

- Maintaining the residential character and medium size of the Westchester campus to assure that each student receives personal attention
- Encouraging staff, administration, and faculty to embrace the ideal of personal care and dedication to the well-being and development of each student
- Offering co-curricular programs that complement the academic programs and produce a coherent educational experience
- Supporting the full involvement of students in campus life by offering a wide variety of activities
- Providing opportunities for students to develop their leadership skills by actively involving them in decision making
- Challenging and encouraging students to lead and serve others

Creates a sense of community on campus by:

- Introducing new members of the community to the shared values and history of the university and reinforcing a sense of belonging for all members
We draw upon interculturalism to create a university of excellence, and a defining characteristic of our campus community. At LMU, interculturalism is an essential source of building communities based on the common humanity of all cultures. All cultures can contribute to the search for knowledge and the unique qualities of diverse cultural groups, and understand the common elements of our shared humanity.

**Vision**

Grounded in the Catholic intellectual tradition, Loyola Marymount University affirms human dignity and promotes justice. Different cultures are unique expressions of these common aspirations. All cultures can contribute to the search for knowledge and the building of communities based on the common humanity of all people. At LMU, interculturalism is an essential source of academic excellence and a defining characteristic of our campus community. We draw upon interculturalism to create a university of excellence, to serve as a model Catholic institution, and to be a catalyst for the creation of a more just society built on respect and a sense of shared destiny.

We embody interculturalism in our policies, practices, and curricula. We promote personal and professional interaction, encouraging intercultural engagement to engender trust, respect, and compassion. Intercultural engagement enables us to share power and responsibility as we grow in self-knowledge, learn to value the unique qualities of diverse cultural groups, and understand the common elements of our shared humanity.

**Interculturalism**

Interculturalism is sharing and learning across cultures with the aim of promoting understanding, equity, harmony, and justice in a diverse society. Our actions must be grounded in, and guided by, the following:

- LMU is composed of individuals and groups who continue to grow in knowledge of the historical contexts from which we emerged.
- Knowledge of self and others, inspired by a commitment to human dignity and justice, is the hallmark of interculturalism.
- Promotion of the common good requires the recognition of similarities within a common humanity, the appreciation of differences, and the willingness to share cross-cultural experiences.
- Interculturalism is a dynamic and critical endeavor that involves the acquisition of knowledge, ongoing examination of the way we view the world, and purposeful action to promote a just and harmonious society at LMU and beyond.

**Accreditation**

Accreditation—a seal of approval by professional peers—indicates that an institution or program meets the quality standards of the group conferring the accreditation. Loyola Marymount University is both regionally and professionally accredited by the following organizations:

**Regional/General Accreditations**

Western Association of Schools and Colleges (WASC)*

**Program-Specific Accreditation**

Accreditation Association for Ambulatory Health Care
American Art Therapy Association
American Bar Association
Association of American Law Schools
Association to Advance Collegiate Schools of Business
California State Commission on Teacher Credentialing
Committee of Bar Examiners of the State Bar of California
The Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology
International Association of Counseling Services
National Association of Schools of Art and Design Commission of Accreditation
National Association of Schools of Dance
National Association of Schools of Music
National Association of Schools of Theatre
National Association of School Psychology
National Council for Accreditation of Teacher Education

*WASC is reviewed periodically and recognized by the U.S. Department of Education (USDOE) and the Council for Higher Education Accreditation (CHEA).

**Membership**

Loyola Marymount University is a member of the following organizations:

American Academy in Rome
American Association of Colleges for Teacher Education
American Association of Collegiate Registrars and Admissions Officers
American Chemical Society
American College Personnel Association
American College of Physicians
American Council on Education
American Counseling Association
American Mathematical Society
American Schools of Oriental Research
American Society for Engineering Education
American Volleyball Coaches Association
Association of American Colleges
Association of College and University Housing Officers-International Association of Fraternity Advisors
Association of Graduate Schools in Catholic Colleges and Universities
Association of International Educators
Association of Jesuit Colleges and Universities
Association of University and College Counseling Center Directors
Association to Advance Collegiate Schools of Business
Black Coaches Association
California Association of Counseling and Development
California Career Development Association
California Council on the Education of Teachers
California Educational Placement Association
California Women in Higher Education
College Entrance Examination Board
Conference of the Registrars in Jesuit Institutions
Consortium of Liberal Arts Small Independent Colleges
Council of Graduate Schools in the United States
Jesuit Association of Student Personnel Administrators
Los Angeles Chamber of Commerce
National Association of Advisors for the Health Professions
National Association of College Directors of Athletics
National Association of Colleges and Employers
National Association of Graduate Admissions Professionals

Western Association of Colleges and Employers
Western Association of Graduate Schools
Western Association of Student Employment Administration
Western Association of Student Financial Aid Administration
Western Association of Summer Session Administrators
Western Regional Honors Council
Admission to the University

Undergraduate Admission
Loyola Marymount University welcomes applications from students who subscribe to the goals of the University and who are qualified to undertake its programs. The University makes selective and individual decisions, and the academic record is the primary consideration. Writing ability; accomplishments in academic, artistic, athletic, co-curricular, or work- or service-related endeavors; recommendations; national test scores; and relationship to the University are also given significant consideration. Each application is individually evaluated.

Candidates are considered for admission to either the Fall or Spring semester, provided ALL required documents have been received before the priority dates. The Fall priority date for freshman applicants is January 15; transfer applications are due March 15; the Spring priority date for all applicants is October 15. Early Action (non-binding) and Early Decision (binding) programs are also offered to freshman applicants for the Fall semester; a non-binding Early Action program is available to fall semester transfer applicants. November 1 is the deadline for fall semester freshmen to apply under either the Early Action or Early Decision program. The Early Action deadline for transfer is February 1. Full consideration cannot be assured to applicants failing to meet these priority dates. A personal interview is not required, but individual Admission counseling appointments are encouraged. Personal appointments and campus tours can be arranged through the Office of Admission. Please visit http://admission.lmu.edu or call 310.338.2750. The fax number is 310.338.2797, and the email address is admissions@lmu.edu.

High School Subjects Recommended for Admission
The following high school course of study is recommended for admission into the University.

- English 4 years
- Foreign Language 3 years
- Mathematics 3 years
- Laboratory Science 2 years
- Social Sciences 3 years
- Academic Electives 1 year

Business students must complete a unit in each of the following: elementary algebra, geometry, intermediate algebra/trigonometry, and precalculus. Engineering, computer science, mathematics, and science majors should complete four units of mathematics and one unit each of biology, chemistry, and physics.

Admission Procedure
Loyola Marymount University is a member of the Common Application. All applicants should file the Common Application by the appropriate deadline and submit a $60 nonrefundable application fee. Students preferring not to use the Common Application may use the alternate online application, which may be found at admission.lmu.edu/apply.

The following procedures apply to all candidates. Transfer and international applicants should be sure to note specific additional requirements as stated below. Candidates seeking admission to Loyola Marymount University should:

1. File the Common Application and the LMU Writing Supplement or the LMU online application by the appropriate deadline and submit a $60 nonrefundable application fee or an appropriate fee waiver. Application forms are available online at admission.lmu.edu/apply.
2. Request official transcripts to be sent from the last high school attended and from each college attended. Advanced Placement students must submit official AP test score results in order to receive college credit. International Baccalaureate students must submit official result of IB Higher Level examinations to receive college credit.
3. Arrange for SAT I or ACT scores to be sent to the Director of Admission. Information about SAT I may be obtained from the College Board: P.O. Box 6200, Princeton, NJ 08541-6200 or at http://www.collegeboard.org. Information about ACT may be obtained from the American College Testing Program: ACT Records, P.O. Box 451, Iowa City, IA 52243 or at http://www.actstudent.org.
4. Before school begins, all entering students are required to submit an official final high school transcript certifying the completion of secondary requirements and showing the high school graduation date. Transfer students are also required to submit official transcripts for any courses completed since the application for admission was filed. Students failing to submit required transcripts will be prevented from registering for subsequent semesters until this requirement is satisfied.

Notification of Acceptance
Candidates will be evaluated for admission after all of the required steps in the application process have been completed, according to the following calendar:

- Fall freshman applicants (Early Action): Decisions for candidates applying under the Early Action program whose applications are complete by November 1 will be announced before December 20. Early Action applications may be accepted, denied, or deferred for further consideration during the regular decision process. Loyola Marymount’s Early Action program is non-binding.
- Fall freshman applicants (Early Decision): Decisions for candidates applying under the Early Decision program whose applications are complete by November 1 will be announced December 1. Early Decision applications may be accepted, denied, or deferred for further consideration during the regular decision process. Loyola Marymount’s Early Decision program is binding.
- Fall freshman applicants (Regular Decision): Decisions for candidates considered under the Regular Decision program (applications submitted after November 1 and before January 15) will be sent on a rolling basis, and no later than April 1.
- Fall semester transfer applicants (Early Action): Decisions will be announced no later than March 15.
- Fall semester regular decision transfer applicants and all Spring semester candidates: Notification of acceptance will be sent on a rolling basis.

A final transcript is required as verification that all work in progress has been completed with a GPA equal to or greater than the student’s overall grade point average at the time of acceptance. In the event that the final semester of work does not meet required criteria, acceptance may be rescinded.
Academic Scholarships
Each year the Loyola Marymount Scholarship Committee offers academic scholarships to the most accomplished candidates for freshman admission. These scholarships are renewable for four years and are not based on financial need.

The Arrupe Scholarship, named for Fr. Pedro Arrupe, S.J., the former Superior General of the Society of Jesus (the Jesuits), carries a minimum value of $12,500 per year. Selection is based on outstanding GPA and SAT I/ACT scores, with supplemental consideration to leadership potential and school or community service and involvement.

From among the Arrupe Scholars, the Scholarship Committee further selects a very limited number of students for additional scholarship consideration, including the Presidential and Trustee Scholarships (see the Financial Aid section of the Bulletin for more information on these scholarships).

All students meeting the January 15 Regular Decision deadline will be automatically considered for all academic scholarships. Superior students are encouraged to apply under the Early Action program to ensure full consideration for Presidential and Trustee Scholarships.

Further information on all LMU Scholarship programs for entering freshmen may be found at http://financialaid.lmu.edu/prospective/scholarships.

Commitment Deposit
Accepted students intending to enroll are required to submit a nonrefundable $250 commitment deposit to secure their seat in the class.

The commitment deposit is held by the University and is non-refundable. The commitment deposit may be applied at the discretion of the University against any delinquent and unpaid debts. This deposit is payable from the student's own resources. It will neither be deducted from any financial aid awards nor billed as part of tuition and fees.

If the commitment deposit is not received within the stated time, the acceptance for admission may be canceled.

Housing
First-time freshmen entering in the Fall term are guaranteed University housing, provided their commitment deposit is received electronically or postmarked no later than May 1 for Fall admission.

Fall term transfer students and any student entering in the Spring term are not guaranteed housing. Instead, they are offered accommodations on a space-available basis. Their housing requests will be processed on a first-come, first-served basis as they make their commitment deposits and return all requested Housing information.

Admission of Transfer Students
Each semester the University considers students for transfer, provided they are in good standing and not under academic or disciplinary probation or suspension from the last school attended. Please see the paragraph on Admission Procedure above for general admission requirements. The priority dates for transfer applications for fall admission are February 1 (Early Action) and March 15 (regular decision); for Spring admission, the priority date is October 15. Transfer students are considered for admission as follows:

Students who would have been acceptable for admission as freshmen to Loyola Marymount University at the time of their graduation from high school will be considered for transfer standing if they have at least a 3.00 cumulative average for all previous college work and at least a 3.00 average for the most recent college work attempted prior to admission.

Students who, for academic reasons, were not acceptable for admission as freshmen at the time of their graduation from high school will be considered for transfer standing if they have completed at least the equivalent of 30 semester hours of transferable college work with at least a 3.00 cumulative average and at least a 3.00 average for the most recent college work attempted prior to admission.

Admission of transfer students is selective and subject to available space and enrollment limitations. The minimum transfer GPA of 3.00 may not always be sufficient to secure admission. Likewise, certain majors require that some prerequisites be completed prior to transferring.

Admission of International Students
International students should follow the same admission procedures and priority dates outlined above. International students are admitted as degree-seeking students only.

Further, international students are cautioned to comply with the following additional guidelines to ensure compliance with immigration authorities and avoid delay in the processing of the applications:

1. Take the Test of English as a Foreign Language (TOEFL) given by the Educational Testing Service and arrange for scores to be sent to the Director of Admission. Information about this test may be obtained from: Test of English as a Foreign Language, P.O. Box 6151, Princeton, NJ 08541-6151 or at http://www.ets.org/toefl. The University's minimum standard for undergraduate admission is 550 (paper-based TOEFL), 213 (computer-based TOEFL), or 80 (Internet-based TOEFL). As an alternative to taking the TOEFL, non-native English speakers may also take the International English Language Testing System (IELTS) which is jointly managed by British Council, IDP: IELTS Australia and the University of Cambridge ESOL Examinations (Cambridge ESOL). Information about this test may be obtained from: http://www.ielts.org. The University's minimum standard for undergraduate admission is 6.5.
2. Submit a statement of financial responsibility for all obligations covering the full period of time for which the student is making application.
3. Submit official transcripts of previous academic training. Documents must be sent from the originating sources directly to the Admission Office and must cover all secondary schools attended and, if college study was attempted, all colleges and universities attended. Documents should include results of standard examinations administered by government or certifying agencies. Photostatic copies are acceptable only if they are notarized as true copies and bear the original seal of the notarizing authority. All documents submitted for admission become property of the University and will not be returned.

The United States Department of Justice Immigration and Naturalization Form (I-20) will be sent after the $250 non-refundable Commitment Deposit has been received by the Office of Admission.

Non-Degree Students
Students wishing to take courses at the University on a non-degree basis must file an application with the Office of Admission in accordance with regularly stated deadlines. Proof of eligibility to study at the University will be required, including transcripts or other appropriate documents.

Non-degree students will be allowed to study for a period of no more than three semesters or a total of 18 semester hours, whichever occurs first.

Advanced Placement
LMU participates in the Advanced Placement Program of the College Board. Students may be granted credit at the time of entrance into the University for subjects in which they have completed the AP examinations with minimum score of 4. When official scores have been received from the College Board, applicants will be notified of the advanced placement and course credit in accordance with the following table.

Note that an essay is required for all examinations offering optional essays.

Graduate Admission

Ed.D. in Educational Leadership for Social Justice, Master's Degree, and Credential

Loyola Marymount University welcomes applications from students without regard to race, color, gender, creed, national origin, disability, marital status, or religion. All prospective graduate students are expected to provide evidence of suitable preparation for graduate-level work. Applicants interested in the doctoral or master's programs must have received a bachelor's or a master's degree from a college of university that has been accredited as a degree-granting institution recognized by the Commission on Recognition of Postsecondary Accreditation (CORPA). The bachelor's or master's degree must have been awarded by the institution where final coursework was completed. School of Education applicants must also have their bachelor's or master's degree awarded from a regionally accredited college or university.

All applicants for a doctoral, master's, and the California Credential programs must supply the following admission materials:

Application for admission plus the application fee ($50.00) and two official transcripts of all colleges and universities attended. Most programs require additional materials, including standardized test scores, a personal statement, and letters of recommendation. Further details on the admission procedure, application deadlines, and departmental prerequisites are given in the section dealing with the respective programs. A student who wishes to apply for admission to a program after the closing date for applications should contact the program director for permission to file an application.

Additional Admission Requirements for International Students

1. International applicants who have completed their postsecondary education from a college or university outside of the U.S. must hold a degree from a university recognized by the Ministry of Education as a degree granting institution in the country where the institution is located. All international applicants must have their transcripts translated and evaluated by a U.S. transcript evaluation service before the application is considered for admission. For applicants to the Frank R. Seaver College of Science and Engineering, School of Education, School of Film and Television, and Martial and Family Therapy program, a detailed transcript evaluation identifying GPA must be submitted with the application.

2. All applicants (including those who received their bachelor's degree from a U.S. college or university) must take the Test of English as a Foreign Language (TOEFL) unless they received a high school diploma in the United States.

Exceptions to this rule may be made on a case by case basis for students from countries where English is one of several official languages, as well as at the discretion of the program director. The minimum score for admission into most graduate programs is 100 Internet-based, except for the Frank R. Seaver College of Science and Engineering, which requires a minimum score of 79. For information regarding the TOEFL, please write to: Test of English as a Foreign Language, Box 899, Princeton, New Jersey, U.S.A., 08540. If after admission to a graduate program the applicant's proficiency in English should prove inadequate, the University reserves the right to require additional proficiency in English and failure to comply will result in disqualification from the graduate program.

3. The applicant must also file with the University a certified statement showing financial ability to cover all obligations for the full period of time for which the student is making application. This statement should be from either a United States bank or agency or an international bank. The United States Department of Immigration and Naturalization Form I-20 Certificate of Eligibility will not be issued by the University until such documentation is on file in the Graduate Studies Office. Tuition, books, etc., plus living expenses amount to between $25,000 and $40,000 a year or more depending on the program selected.

4. The applicant must comply with passport and visa requirements as set down by the United States Immigration Service. International students must be continuously enrolled during the academic year to meet visa requirements.

5. All admission requirements should be received ninety days prior to the term for which application is being made.

6. An international student cannot be issued an I-20 Certificate of Eligibility as a non-degree graduate student.

Non-Degree Status

Students who are not pursuing a formal graduate program but who are eligible to take graduate-level courses at LMU may apply for non-degree status. In addition to filing the Application for Non-Degree Graduate Status plus the application fee ($10.00), students should attach official copies of transcripts to verify receipt of a degree and that all prerequisites have been met. The Graduate
Division reserves the right to request additional transcripts when necessary.

**Reapplication Procedures for a Second Degree**
A student who has completed one Master’s or credential program and wishes to enter another must file a formal application form with the Graduate Studies Office. A student who has completed a credential program at LMU and wishes to apply for a Master's program must file a formal application form with the Graduate Studies Office. If the application is submitted within one year of completion of the master's or credential, the normal application fee is waived.

**Readmission**
A student wishing to return to the University after two years in which he or she was not enrolled must reapply for admission through the Graduate Studies Office and will be evaluated on the same conditions as all other new students.

**Admission Status**
Students may be admitted to the Graduate Division under the following categories:

1. ** Formal Admission**—Formally admitted students are those who have completed the entire application process and have been reviewed and accepted by a particular program with no conditions and provisions.

2. ** Provisional Admission**—Provisionally admitted students are those who are missing one or more items or prerequisite courses.

3. ** Controlled Admission**—Students on Controlled Admission are required to achieve some specific needs of their particular program.

4. ** Non-Degree Admission**—Students admitted under non-degree status are not pursuing a formal graduate program but are eligible (as determined by the director of the graduate program) to take graduate-level courses at LMU.

**Immunization Record for Graduate Students**
New graduate students entering the University who were born after 1956 are required to return a completed Immunization Record to the Student Health Center. All new students entering the University must show results of a Tuberculin Skin Test given within the last year. ALL immunizations must be current and physician-verified. Students with incomplete forms will have their registration withheld for the following semester until the completed Immunization Record has been received by the Student Health Center.

In addition, all international students must submit their immunization records to the Student Health Center. Students with incomplete forms will have their registration withheld for the following semester until the completed form has been received by the Student Health Center.
Financial Aid

Undergraduate Financial Aid
The mission of Loyola Marymount University's Financial Aid Office is to provide students access to financial resources to assist them in achieving their educational goals. The Financial Aid Office administers federal, state, institutional, and private financial aid programs to help students meet the educational costs to attend Loyola Marymount University.

The Financial Aid Office, located in the Von der Ahe Building, Ste. 270, welcomes visitors from 8:00 a.m. to 5:00 p.m. Monday through Friday. The telephone number is 310.338.2753, and the fax number is 310.338.2793. Visit the Financial Aid Office website at http://financialaid.lmu.edu for the most current information on financial assistance.

Application Procedures
Entering Freshmen and Transfer students:
Students can apply for financial aid by completing the required forms prior to being formally admitted:
2. California residents only: applications for the Cal Grant must complete the FAFSA and complete Cal Grant GPA Verification Form by the deadline established by the California Student Aid Commission at www.calgrants.org.

Visit the financial aid website at http://www.lmu.edu/financialaid for current year application and program deadlines.

Non-degree credential and post-baccalaureate pre-medical students:
Non-degree credential and post-baccalaureate pre-medical students are considered 5th year undergraduates and complete the Free Application for Federal Student Aid (FAFSA) at http://www.fafsa.ed.gov. Students should indicate their grade level on the FAFSA as Teaching Credential (non-degree program) or 5th Year undergraduate. Parent information may be required on the FAFSA.

Continuing Undergraduates:
LMU requires all continuing undergraduates who have received aid in a prior year at LMU to complete the following: the Free Application for Federal Student Aid (FAFSA) at http://www.fafsa.ed.gov.

Visit the financial aid website at http://www.lmu.edu/financialaid for deadlines.

General Eligibility
To receive financial aid:
Students must be enrolled in a degree program or eligible non-degree program at Loyola Marymount University. Students working towards a second Bachelor's degree are only eligible for the Federal Subsidized and Unsubsidized Stafford loan programs.

Students must have received a high school diploma or the equivalent of a high school diploma such as a General Education Development (GED) certificate, have completed homeschooling at the secondary level as defined by state law or have completed secondary school education in a homeschool setting which qualifies for an exemption from compulsory attendance requirements under state law, if state law does not require a home-schooled student to receive a credential for their education.

Students must be enrolled full-time to be eligible for most University-funded financial aid programs. Eligibility for federal and California state grant programs require at least half-time enrollment. Students who enroll less than half-time are generally only eligible for the Federal Pell Grant.

Students must be U.S. citizens, permanent residents, or other eligible non-citizens and meet other program eligibility requirements to be eligible for federal, state, and University-funded financial aid programs. Limited scholarships and assistantships are available for international students.

Students must not owe a refund from any federal grant or loan or be in default on any federal loan.

Students required to register with Selective Service must register.

Students must make satisfactory academic progress.

Financial Aid Communications
The Financial Aid Office primarily communicates with students electronically. Students are notified of information regarding their aid application via their LMU email and MyLMU, LMU's online portal which provides access to various campus systems.

Maintaining Eligibility for Financial Aid

Satisfactory Academic Progress (SAP)
To be eligible for federal, state, and University financial aid programs, students are required to make satisfactory academic progress.

These standards are separate and distinct from the University's Academic Degree Requirements and Policies as stated in the University Bulletin.

These guidelines are in accordance with those required by federal regulations for recipients of federal grant, work, and loan programs, including the Federal Direct Parent (PLUS) Loan. These standards also apply to state aid or state-funded financial aid programs in accordance with the State of California.

Recipients of LMU tuition benefits who are not receiving any other federal, state, or University funds are not bound by these guidelines.

Undergraduate, teaching credential and post-baccalaureate students must:
• maintain a minimum semester and cumulative grade point average of 2.00
• if enrolled full-time, complete 67% of attempted hours.

Note: Recipients of Merit scholarships are required to maintain the minimum grade point average stated in their academic scholarship award letter.
• not exceed the maximum timeframe to complete an undergraduate degree, 150% of the required semester hours (120) = 180 semester hours.

Grades
Grades of F, NC, AU, and W do not count in calculating the minimum grade point average. Grades of I (Incomplete) or IP (In Progress) temporarily will not be counted until the final grade is posted. Students must comply with the requirements to convert an I or IP to a permanent grade according to the requirements as stated in the University Bulletin.

Withdrawals

Students who withdraw from all coursework or take a leave of absence and later enroll in a subsequent term retain the SAP status held during their last term of enrollment.

Transfer Student Course Evaluation
Transfer students are evaluated based on the number of units accepted at admission to determine their maximum time frame to receive financial aid.

Repeat Coursework
A student who receives federal financial aid (Title IV funds) must follow Repeat Coursework rules in order to be considered as meeting enrollment requirements for financial aid eligibility and satisfactory academic progress. The federal regulations are listed below:

- A student may repeat a previously passed course once.
- A student may repeat a failed course until the student passes the course.
- A student, who passes a course but does not meet the grade requirement established by the college or school, may only repeat the course one time.
- A student who earns a passing grade in a course and chooses to retake the course a second time earning a grade of "F" or "W" may not take the course a third time and that course be considered as enrollment of federal financial aid programs.
- A student may repeat a course as an independent study, special topics, film genre, etc., as long as the subject matter is different for each course and the institution awards new credit each time.

Maximum Time Frame to Complete Degree
Students must complete their degree within 150% of the published credit hours required to graduate. For example, an undergraduate student in a program requiring 120 semester hours to complete must meet all graduation requirements by 180 semester hours.

Important: The maximum time frame to complete degree requirements does not override institutional, federal, or state financial aid programs that have a maximum period of eligibility. For example, University funded aid programs and the Cal Grant are available for a maximum of eight semesters. Students should refer to the Academic Degree Requirements and Policies section of the University Bulletin for information on the recommended course load required to complete their degree requirements in eight semesters (4 years).

Satisfactory Academic Progress Review Process
All students receiving financial aid are reviewed for satisfactory academic progress at the end of each term of enrollment.

SAP Warning
Students enrolled for the summer are reviewed after the end of the second summer session. Students failing to meet these requirements for the first time receive a "SAP Warning" Notice. Students are eligible for financial aid for their next term of enrollment while on Warning status.

Financial Aid Probation
A student who has received a "SAP Warning" and does not meet the minimum requirements after their next term of enrollment is not eligible to receive financial aid. The student may submit a Satisfactory Academic Progress Appeal to the Financial Aid Office. This appeal must detail why the student was unable to meet minimum satisfactory academic progress requirements and the steps being taken to meet the minimum requirements and regain eligibility. If the appeal is approved the student is placed on Financial Aid Probation for one term. Students who cannot meet the minimum requirements within one term are encouraged to meet with an academic advisor to prepare an academic contract which outlines the terms and period that will allow the student to meet the minimum requirements.

Withdrawals—Impact on Financial Aid
Students who withdraw from all coursework will have their tuition charges adjusted based on their date of withdrawal. Current information on University tuition refund policies is available at http://www.lmu.edu.

Housing and University meal plans will be adjusted according to the terms set by the housing office and meal plan contracts. Students should contact the Student Housing Office and Student Accounts for specific refund information.

Students receiving financial aid who decide to withdraw from all coursework during a term are required to notify the Office of the Registrar and the Financial Aid Office. Federal financial aid will be adjusted according to federal regulations known as "Return of Title IV Aid."

University- and state-funded programs will be adjusted according to University and state policies.

Unofficial Withdrawal
Students who do not receive a passing grade in any coursework, i.e., all F's or combination of F's and W's may be required to return all or a portion of their financial aid if it is determined that the student stopped attending without notifying the University. Official documentation will be requested to determine when the student last participated in an academically related activity and financial aid will be returned according to federal, state and institutional policies. This may result in the student owing a balance to the University.

For detailed information on how financial aid is adjusted based on withdrawal, visit http://www.lmu.edu/financialaid.

Financial Aid: Fraud
Any fraudulent use of financial aid funds is cause for immediate suspension or dismissal, as well as discontinuance of future financial aid. This includes, but is not limited to, fraudulent statements on Financial Aid forms, tax documents, and student Mytime for both hours worked and approvals obtained.

Programs of Assistance for Undergraduates

Academic Scholarships for First Time Freshmen
Loyola Marymount University offers a wide range of academic scholarship programs to recognize and reward the scholastic accomplishments of our most distinguished entering freshmen. Scholarship selection is coordinated by the Office of Undergraduate Admission, in consultation with LMU's faculty and administration. Detailed information on these programs is available on the Financial Aid Office website at http://www.lmu.edu/financialaid.

Receipt of an Academic Scholarship does not preclude consideration from financial aid awarded by the Financial Aid Office but must be coordinated according to federal, state, and University policies.

Grants
LMU Grants are merit/need-based grants awarded to students who meet all federal and University eligibility requirements. Students must complete the FAFSA to apply, meet LMU’s priority funding deadlines, and comply with all requests for additional documentation to be considered.

The Federal Pell Grant program is a federal aid program designed to provide financial assistance to eligible students for postsecondary studies. The amount of the Pell Grant is determined based on financial need as determined from the FAFSA, cost of attendance and enrollment status.

Federal Supplemental Educational Opportunity Grant (FSEOG) program is designed to assist those students who would not otherwise be financially able to pursue an undergraduate course of study. The amount of the grant is determined by reviewing the student’s financial resources and also the resources of the parents. Students must be eligible for the Federal Pell Grant and, like other grants, this grant does not have to be repaid.

Cal Grants eligibility is determined by the California Student Aid Commission. All undergraduates who are residents of California are encouraged to apply. Cal Grants can be applied towards tuition and fees. For detailed information on Cal Grants, visit http://www.calgrants.org.

Scholarships
There are additional scholarships available to LMU students. Most scholarships are awarded by the Financial Aid Office and do not require that students complete a special application. Scholarships that require a separate application are provided at http://www.lmu.edu/financialaid.

Student Employment
The Federal Work Study program is another source of employment for students who qualify based on financial need. This program is funded jointly by the Federal Government and the University. It is designed to create jobs for students at the University, such as library researchers, teaching assistants, laboratory technicians, intramural referees, team managers, etc. Under the Work Study Program, most students will be awarded funds to average 10-15 hours of work per week during the term. Students are hired for part-time positions for the entire academic year, and they may earn up to the amount listed on their current financial aid award letter.

Loyola Work is a University-funded non-need work program. Funding for this program is limited and may not be awarded to those students who do not meet LMU priority funding deadlines.

The Student Worker program is an employment program designed to give students the opportunity to earn a majority of their education expenses by working on campus. The Student Worker Organization is an autonomous group that is primarily student-directed and operated. Selected students must live on campus. Jobs include maintenance, recycling, and clerical and miscellaneous tasks for departments on campus. More information on this program is available at http://www.studentaffairs.lmu.edu/activities/service/studentleadershipdevelopment/studentworkerprogram.

Student Employment Services provides employment assistance to the students of Loyola Marymount University including part-time jobs ranging from 10-20 hours a week, part-time/full-time seasonal work during the Christmas and summer vacations, temporary jobs on an hourly basis, and tutoring positions within the student’s major field of study. These services are for all students regardless of their financial need. They are primarily off-campus positions.

Loans
All federal loans require that the student complete the Free Application for Federal Student Aid (FAFSA) and comply with any requests for additional information.

Federal Perkins Loan is a low-interest loan for students based on need. Repayment begins nine months after the student has ceased to be enrolled at least half-time.

Federal Subsidized and Unsubsidized Direct Stafford Loans are a low-interest federal loan for students.

The Federal Direct Parent (PLUS) Loan is a low-interest federal loan made to creditworthy parents.

LMU Institutional Loans are low interest loans offered to students from private funds provided to the University.

Private (Alternative) Loans are loans certified for creditworthy students who complete the application process with a lender of their choice. Alternative loan counseling with the Financial Aid Office is also required.

For information on loan terms and the application process for these loan programs, visit http://www.lmu.edu/financialaid.

Graduate Financial Aid
The mission of Loyola Marymount University's Financial Aid Office is to provide students access to financial resources to assist them in achieving their educational goals. The Financial Aid Office administers federal, state, and private financial aid programs and meet other eligibility requirements. Limited scholarships and assistantships are available for international students.

Students must be enrolled in a Doctoral, Master's, Credential, Post-baccalaureate or eligible Certificate Program as degree-seeking students at Loyola Marymount University to receive financial aid administered by the Financial Aid Office. Non-degree credential and post-baccalaureate students are considered 5th year undergraduates for the purposes of financial aid.

Provisional and Controlled admitted students must submit the necessary requirements of their particular program as specified by the Graduate Division to receive federal or state financial aid.

A graduate student is eligible to receive federal and/or state financial aid if enrolled at least half-time in graduate level coursework as determined by his/her program level. Only courses numbered in the 500s, 600s, 5000s, 6000s, and 7000s are considered graduate level.

Master's Degree and Doctoral Students not Completing Dissertation
Fall Semester, Spring Semester, and Summer Sessions (combined):
Full-Time: 6+ semester hours
Half-Time: 5-3 semester hours
Less Than Half-Time: 2-0 semester hours

Non-Degree Credential (Credential Only)
Fall Semester and Spring Semester:
Full-Time: 12+ semester hours
Pre-Medical Post-Baccalaureate Program
Fall Semester and Spring Semester:
Full-Time: 12+ semester hours
Half-Time: 6-11 semester hours
Less Than Half-Time: 5-0 semester hours
Summer Sessions (combined):
Full-Time: 6+ semester hours
Half-Time: 5-3 semester hours
Less Than Half-Time: 2-0 semester hours

Doctoral Students Completing Dissertation
Fall Semester, Spring Semester, and Summer Sessions (combined):
Full-Time: 2 semester hours

Students must not owe a refund from any federal grant or loan or be in default on any federal loan.

Application Procedures
Grants and Scholarships
All students, including international students, interested in Loyola Marymount University grants, scholarships, or assistantships offered through the Graduate Division, are encouraged to apply by submitting the appropriate application. For additional information pertaining to grants, scholarships, or assistantships, please contact the Director of your graduate program.

Federal and State Aid
U.S. Citizens, permanent residents, and eligible non-citizens who are interested in participating in federal and/or state aid programs offered through the Financial Aid Office should visit us online at http://financialaid.lmu.edu for application information, office hours, contact information, and to review the Frequently Asked Questions.

Financial Aid Communications
Communications from the Financial Aid Office will be primarily electronic in form. The LMU student Lion email account, PROWL, and MyLMU messaging are our primary means of communicating important financial aid information.

- MyLMU (https://my.lmu.edu)
  MyLMU provides students with access to various campus systems, e-mail, registration, billing, forms, and communications. MyLMU is accessed by a user name and a password that are automatically generated upon acceptance to LMU. For assistance logging into MyLMU, contact the ITS Help Desk at 310.338.7777.
- PROWL (http://www.lmu.edu/prowl)
  PROWL is our online student financial aid resource. Using PROWL, students can view their application status, requests for additional information/documentation from the Financial Aid Office, important messages, and their Financial Aid Award.

Satisfactory Academic Progress (SAP) and Financial Aid Probation
To be eligible for federal, state, and University financial aid programs, students are required to make satisfactory academic progress. These standards are separate and distinct from the University's Academic Degree Requirements and Policies as stated in the University Bulletin.

These guidelines are in accordance with those required by federal regulations for recipients of federal grant, work, and loan programs. These standards also apply to state aid or state-funded financial aid programs in accordance with the State of California.

Recipients of LMU tuition benefits who are not receiving any other federal, state, or University funds are not bound by these guidelines.

Graduate students must:
- maintain a minimum semester and cumulative grade point average of 3.00
- if enrolled full-time, complete a minimum of three (3) semester hours per semester
- not exceed the five (5) year maximum timeframe to complete a graduate degree.

Grades
Grades of F, NC, AU, and W do not count in calculating the minimum grade point average. Grades of I (Incomplete) or IP temporarily will not be counted until the final grade is posted. Students must comply with the requirements to convert an incomplete to a permanent grade according to the requirements as stated in the University Bulletin.

Withdrawals
Students who withdraw from all coursework or take a leave of absence and later enroll in a subsequent term retain the SAP status held during their last term of enrollment.

Repeat Coursework
A student who receives federal financial aid (Title IV funds) must follow Repeat Coursework rules in order to be considered as meeting enrollment requirements for financial aid eligibility and satisfactory academic progress. The federal regulations are listed below:
- A student may repeat a previously passed course once.
- A student may repeat a failed course until the student passes the course.
- A student who passes a course but does not meet the grade requirement established by the college or school may only repeat the course one time.
- A student who earns a passing grade in a course and chooses to retake the course a second time earning a grade of “F” or “W” may not take the course a third time.
- A student may repeat a course as an independent study, special topics, film genre, etc., as long as the subject matter is different for each course and the institution awards new credit each time.

Maximum Time Frame to Complete Program
The normal time allowed for the completion of graduate degree programs is five (5) years. A student who has not completed the degree within five (5) years must request an extension of time. If the extension is granted by the Program Director or Dean of the student's college or school, the student may be required to undertake additional coursework. Some departments have a shorter limit for the completion of the program. A minimum of 30 graduate semester hours (500 and 600 level) and a minimum of 3.0 (“B”) cumulative grade point average are necessary to qualify for completion of a program. See individual program descriptions for specific and additional graduation requirements.

Important: The maximum time frame to complete degree requirements does not override institutional, federal or state financial aid programs that have a maximum period of eligibility. For example, Cal Grant TCP is available for a maximum of one (1) year.
Students should refer to the Academic Degree Requirements and Policies section of the University Bulletin for information on the recommended course load required to complete their degree requirements in five (5) years.

**Satisfactory Academic Progress Review Process**

All students receiving financial aid are reviewed for satisfactory academic progress at the end of each term of enrollment.

**SAP Warning**

Students enrolled for the summer are reviewed after the end of the second summer session. Students failing to meet these requirements for the first time receive a “SAP Warning” notice. Students are eligible for financial aid for their next term of enrollment while on Warning status.

**Financial Aid Probation**

If the student does not meet the minimum requirements after his or her next term of enrollment, he or she is not eligible to receive financial aid. Students may submit a Satisfactory Academic Progress Appeal to the Financial Aid Office. This appeal must detail why the student was unable to meet minimum satisfactory academic progress requirements and the steps being taken to meet the minimum requirements and regain eligibility. If the appeal is approved, the student is placed on Financial Aid Probation for one term. Students who cannot meet the minimum requirements within one (1) term are encouraged to meet with an academic advisor to prepare an academic contract which outlines the terms and period that will allow the student to meet the minimum requirements.

**Withdrawal Calculations**

When students receiving financial aid are eligible for a refund or a cancelation of LMU charges, their financial aid funding will also be adjusted. A refund is calculated when a student withdraws from the University, drops out, takes an unapproved leave of absence that will exceed 60 days, is expelled or otherwise does not complete the period of enrollment for which he or she was charged. The financial aid award will be recalculated based on federal refund requirements, and the Controller's Office will be notified. Any resulting charge will be added to the student's account. Any resulting refund, due to a federal financial aid program will be made by LMU for the student.

**Fraud**

Any fraudulent use of financial aid funds is cause for immediate suspension or dismissal and criminal prosecution, as well as discontinuance of future financial aid. This includes, but is not limited to, fraudulent statements on financial aid forms or submitted documentation, inaccurate tax returns, and student time cards for both hours worked and signatures obtained.

**Programs of Assistance for Graduate Students**

**LMU Graduate Division**

Please visit us on the web at http://www.lmu.edu/gradfinancialaid to explore the various scholarship, employment, and loan opportunities available for graduate students at LMU through the Division.

**Scholarships**

**Departmental Graduate Scholarships**

Each graduate program at LMU awards its own departmental scholarships based on financial need and merit. Applications are available online at http://financialaid.lmu.edu.

Some departments may require that students complete the Free Application for Federal Student Aid (FAFSA), in addition to the department's Graduate Scholarship Application, in order to be considered. Information on how to complete the FAFSA can be found online at http://financialaid.lmu.edu.

Inquiries about the application and/or selection process should be directed to a program's Graduate Director.

**Catholic Teacher/Ministry Fund**

Students who work full-time as Catholic school teachers, administrators, or parish administrators are eligible to apply. Students must submit their department's Graduate Scholarship Application with proof of employment attached (e.g., last pay stub, letter from your supervisor on official letterhead) in order to be considered. Additional instructions can be found online at http://financialaid.lmu.edu.

Contact the Director of your program if you have questions about the application and/or selection process.

**Endowed and Donated Scholarships**

Some programs have additional scholarships available. Consult the Director of your program for information about additional scholarships and the application process.

**Developing Countries Scholarships**

Catholic clergy or members of Catholic religious communities from developing countries may apply for full tuition assistance in order to obtain one (1) master's or doctoral degree in any field of study at LMU. Interested applicants should submit a copy of their R-1 visa to the Graduate Division, along with a one (1) page statement of intent. Please contact the Graduate Division at 310.338.2721 or graduate@lmu.edu for more information on how to apply for this scholarship.

**Religious Scholarships**

Catholic Clergy or members of Catholic religious communities are eligible to receive a scholarship equal to 25% of their total tuition costs. Please contact the Graduate Division at 310.338.2721 or graduate@lmu.edu for more information on how to apply for a Religious Scholarship.

**Student Employment**

Program assistantships are available through individual programs on a competitive basis. Consult the Director of your program for information about available assistantships.

There are also jobs on campus for which graduate students may apply. Visit us on the web at http://financialaid.lmu.edu for application information, or contact the Graduate Division at 310.338.2721 directly for more information.

**LMU Financial Aid Office**

The Financial Aid Office at LMU administers federal, state, and private financial aid programs. Additional information can be found online at http://financialaid.lmu.edu.

**Federal Grants**

**PELL Grant**

Non-degree credential students that have not exhausted their undergraduate lifetime PELL Grant eligibility and who qualify for a PELL Grant will be automatically awarded.

The Federal PELL Grant program is a federal aid program designed to provide financial assistance to eligible students for postsecondary studies. The amount of the PELL Grant is determined based on financial need as determined from the FAFSA, cost of attendance and enrollment status.
State Grants
Cal Grant TCP
Students who received a Cal Grant A or B as an undergraduate and begin an Elementary or Secondary teaching program within 15 months of their last Cal Grant payment, may apply to renew their Cal Grant for one (1) additional year. School of Education students participating in a specialized cohort program who receive a Cal Grant A or B extension will be awarded Cal Grant first, not to exceed their specialized cohort's total scholarship commitment. Complete a G-44 renewal form available at http://www.calgrants.org.

Federal Student Employment
Federal Work-Study
LMU employs students each year to work on campus in a variety of jobs. To receive Federal Work-Study, you must complete the FAFSA and meet financial need and eligibility requirements. Funding to hire students is limited, and eligible students are awarded upon request as funding permits.

Federal Direct Loan Programs
Federal Direct Unsubsidized Stafford Loans
All students who complete the FAFSA and meet federal eligibility requirements will be offered a Federal Direct Unsubsidized Stafford loan. This means that the borrower is responsible for the interest from the time the loan is disbursed. While enrolled at least half-time, a borrower may defer interest payments and capitalize the interest.

Federal Direct Parent and Graduate/Professional Student PLUS Loan
The Federal Direct PLUS Loan program is designed to help bridge the gap between the financial aid a student is awarded and the cost of attendance. In order to apply for a PLUS Loan, borrowers must complete the FAFSA and be creditworthy. Students may borrow up to the LMU standard cost of attendance, minus all other financial aid a student has received.

Reminder: A graduate student must be enrolled at least half-time, as determined by his/her program level, in order to receive federal financial aid. Students may not borrow in excess of the annual Federal Direct Loan borrowing limits as determined by the federal government.

For information on loan terms and the application process for these loan programs, visit http://financialaid.lmu.edu.

Private (Alternative) Loan Programs
Private loans are educational loans available from the private sector. The interest rate on these loans varies by lender, and eligibility is based on creditworthiness of the student or student's co-borrower. Eligible students are encouraged to apply for all federal and institutional financial aid programs including the Federal Direct Graduate PLUS Loan, before considering a private educational loan. The maximum a student may borrow in a private loan is LMU's standard cost of attendance, minus all other financial aid a student has received.

All students interested in borrowing a private loan must meet with a Financial Aid Counselor to complete Alternative Loan Counseling.

For more information regarding the loans available to graduate students at LMU, please visit the Financial Aid Office online at http://financialaid.lmu.edu.

Federal and State Teacher Loan Forgiveness Programs
Federal Perkins Loan Cancellation
Borrowers may qualify for cancellation (discharge) of up to 100% of a Federal Perkins Loan if they have served full-time in a public or nonprofit elementary or secondary school system as a
• Teacher in a school serving students from low-income families; or
• Special-education teacher, including teachers of infants, toddlers, children, or youth with disabilities; or
• Teacher in the fields of mathematics, science, foreign languages, or bilingual education, or in any other field of expertise determined by a state education agency to have a shortage of qualified teachers in that state.

For more information or to obtain an application, contact the office that administers the Federal Perkins Loan program at the school that holds your loan.

Teacher Loan Forgiveness (TLF)
TLF is a federal program to assist teachers in repayment of Federal Stafford and Direct Loans. Eligible loan borrowers must have been employed as teachers for five years in a qualified teaching service area. For more information, visit http://studentaid.ed.gov.

AmeriCorps Education Award
Students who participate in the AmeriCorps service program must request their AmeriCorps Education Award payment online at http://my.americorps.gov. The Education Award will be electronically transferred to their student account at LMU, 7-10 business days from the date payment is requested.
Tuition and Fees

The tuition charge supports the instructional program and general operating and administration of the University, such as ordinary health services, various counseling services, lectures, intercollegiate athletic events, and the library. Tuition is charged based on primary curricula.

Other fees may exist that are not listed within each heading. Fees are subject to change without notice. Generally, fees are indicated based on enrolled status. The University reserves the right to change, delete, or add to this pricing schedule as deemed appropriate.

For further information, please contact the Controller's Office at 310.338.2711 or at studacct@lmu.edu.

The following is information for the 2016-2017 academic year.

Regular Tuition
Undergraduate Full-Time Students
(programs of 12 or more semester hours):

- per academic year: $43,526
- per semester: $21,763

Graduate Tuition per Semester Hour

- Engineering: $1,162
- Engineering Production Management and Systems Engineering Leadership (SELP): $1,348
- Marital and Family Therapy: $1,162
- MBA—Continuing Students: $1,348
- MBA—2015-2016 Cohort: $1,348
- MS in Accounting: $990
- Doctorate School of Education: $1,455
- School of Education: $1,167
- School of Film and Television: $1,162
- All Other Graduate Programs: $1,111

Special Tuition
Part-Time Undergraduate Students
(Semester hour rate for 11 semester hours or less):

- Undergraduate Students: $1,816
- Auditors, per semester hour: $456

Residence Hall Fees

Housing Processing Fee/Deposit: $400
This mandatory deposit is applied to the room charge but is forfeited by those who fail to register and complete their Housing Arrangements.

Desmond, Doheny, Huesman, Rosecrans, Sullivan, and Whelan Halls
- per academic year: $9,715

McKay Hall
- double rooms with adjoining baths, per academic year: $9,805

McCarthy and Rains Halls
- double rooms with adjoining baths, per academic year: $10,085

Del Rey North/South Halls
- per academic year: $9,715

Housing cost applies to the academic year only. Additional costs may be associated with non-standard living accommodations. Students who live on campus during recess periods will be charged a daily rate as indicated in their lease agreement. Summer Session House rates are additional.

Apartment Fees

The University has beds in completely furnished apartment-style residence halls on campus. Each apartment accommodates four students in two bedrooms with adjoining bath and a living room with a pullman-style kitchen.

- Hannon and Tenderich Apartments:
  - Fall semester: $6,112
  - Spring semester: $5,428

- O'Malley/Leavey IV, V, and VI Apartments:
  - Fall semester: $6,348
  - Spring semester: $5,637

Apartments are open during recess and semester breaks.

Board Programs

The various plans are referred to as LION Dollar Plans. All students living in non-apartment residences are required to purchase a plan. Special dietary food may be obtained by arrangement. Four plans are offered by Sodexho Food Services. Each plan contains LION dollars, which are declining balance accounts. The L, I, and O plans also offer LION points per semester.

LION Dollar Plans are not refundable.

- Plan L, per academic year: $4,400
- Plan I, per academic year: $3,700
Plan O, per academic year: $3,300
Plan N, per academic year: $2,900
L, I, O, and N plans can be changed only during the third week of classes in Fall. New students only entering in Spring may change their meal plan during the third week of the Spring semester.

Meal plans are managed by the Student Housing Office. Please visit their website: http://www.lmu.edu/housing for more information.

(These rates are subject to change.)

### Other Fees

**Admission Application Fee**
- **(undergraduate)** $60 mandatory
- **(graduate)** $50 mandatory

**Commitment Deposit**
- $250 mandatory

The commitment deposit is a one-time non-refundable fee required by all new freshmen and transfer students admitted.

**Commitment Fees, Graduate**
- **(non-refundable)** varies per department

**Health Service use per semester, graduate students**
- $50

**MBA Student Associate Fee (including SELP), per semester**
- $75 mandatory

(The CBA graduate student activity fee supports student and alumni social events, professional development, clubs and organizations, and MBASA governance activities.)

**Orientation Fee (non-refundable mandatory for entering freshmen and transfers)**
- Fall entry $250
- Spring entry $125

**Registration Fee, per semester (mandatory) assessed each term to all students**
- $64

**School of Education Comprehensive Exam Fee**
- $300

**School of Education ePortfolio (one-time fee)**
- $102

**School of Education TPA Fee**
- $100

**Accident Insurance Year (mandatory for 7 or more semester hours)**
- $142

**Health Insurance (mandatory for 7 or more semester hours, unless proof of coverage provided)**
- $2,251

**Tuition Refund Insurance**
- $114

**Student Activity Fee**
- (mandatory for full-time undergraduates)
  - per academic year $200
  - per semester $8
  - guests of students $5 per visit

**Student Recreation Facility Fee (mandatory for all full-time undergraduate students, voluntary for all part-time and graduate students)**
- per academic year $150
- per semester $75
- guests of students $5 per visit

**Media Fee**
- (mandatory for full-time undergraduates) $84

**International Student Fee**
- (per semester) $60

**Graduate Student Activity Fee**
- (per semester) $20

**Parking Fees**
- Fall and Spring $670
- per semester $335
- Summer only $200

Please visit the LMU Parking and Transportation website at http://www.lmu.edu/parking for more information.

### Miscellaneous Fees

*Generally all miscellaneous fees are non-refundable unless stated otherwise and due when charged to your Student Account.*

<table>

</table>
5-Month Check Mailing Payment Plan Fee per semester $150
5-Month Auto-Deduct Payment Plan per semester $50
Deferred/Company Reimbursement Payment Plan per semester $150
Degree Application Fee $145
Directed Teaching Fee, per semester hour:
   Elementary $25
   Secondary $25
Equipment Insurance Fee $5
Late Payment Plan Enrollment Fee $100
Late Payment Fee (monthly) $100
Replacement Charge for OneCards $15
Returned Check Charge $35
Rush Transcript $10
Teacher Placement Fee $30
Thesis or Project Binding Fee, Graduate $26 mandatory

Certain courses may also require mandatory laboratory fees. Check with departments.

Any unpaid fines or charges (such as parking, library, property damage) or any miscellaneous charges incurred by a student while in attendance at the University will be charged to the student's account. Certain fees deemed optional are required to obtain that good or service.

The tuition, fees, and other charges described above are good faith projections for the academic year. They are, however, subject to change from one academic term to the next as deemed necessary by the University in order to meet its financial commitments and to fulfill its role and mission.

There are other fees and charges unique to certain programs that are dependent upon a student's matriculation at the University. These fees or charges may be determined by contacting the University offices that administer those programs or activities in which the student intends to enroll or engage.

Note: Refer to your specific program for actual costs and fees.

Estimate assumptions for illustration: Assumes Lion Dollars Plan I or Lion Dollars S Plan for apartments. (Average apartment rate used for apartment residents.) Actual Financial Aid Budget may vary due to individual economic circumstances.

Payment of Student Charges
To make a payment or enroll in a payment plan, please visit the Student Accounts Center accessible via MyLMU, PROWL, or through the Student Accounts website: http://www.lmu.edu/StudentAccounts. Tuition, fees, and board charges are payable by the semester. Financial clearance is necessary and subject to Late Financial Fee after the deadline. Clearance may be obtained from the Office of Student Financial Services at the time of payment or by making arrangements for the payment plan described below.

Registration for classes may be canceled for any student whose payment for tuition or fees is returned unpaid from the bank or who has defaulted on payment arrangements.

Financial clearance cannot be granted, and registration will not be permitted, if a student's account is delinquent.

Failure to pay tuition and other outstanding debts will result in the withholding of the academic transcript. The student diploma will not be released until all debts are satisfied in full. Students are prohibited from future registrations due to delinquent accounts.

In the event of payment default of non-payment of charges, the account may be submitted to an external collection agency. The student is responsible for the expenses of collection, including,
Health Insurance
The annual Health insurance fee of $2,251 is mandatory for students who are taking 7 or more semester hours. Students may waive coverage by completing the online waiver at http://www.aetnastudenthealth.com, beginning July. Please visit the Student Accounts website at: http://www.lmu.edu/StudentAccounts for specific dates. Students entering for the first time or returning to the University during the Spring 2017 semester and taking 7 or more semester hours will be charged a prorated amount for the Spring semester unless a waiver form is submitted to the Office of Student Financial Services by the deadline listed on our website.

International (Visa) students must have health insurance coverage regardless of the number of semester hours in which they are enrolled.

Please refer to the Aetna Student Health brochure for additional major medical, dependent and spousal coverage.

(Accident Insurance is mandatory for all students registered for 7 or more semester hours and may not be waived.)

Tuition Refund Insurance
LMU has arranged with A.W.G. Dewar, Inc. to provide a Tuition Refund Insurance Plan that will provide coverage for tuition costs if medical problems, including mental health issues, require withdrawal from school before a semester ends.

All undergraduate students will be automatically enrolled in the Tuition Refund Insurance Plan. The charge for the Plan is $114 per semester and will be included in the first bill of each Fall and Spring semester. The Plan does not cover Summer sessions.

Students who do not wish to participate in the Tuition Refund Insurance Plan can opt out by waiving coverage for the entire academic year through the online Tuition Refund Insurance Plan waiver process beginning in July. Students need to log on to http://tuitionprotection.com/lmu and click on the tuition insurance waiver icon. The deadline for opting out of the Tuition Refund Insurance Plan is August 28, 2016, by 5:00 p.m. PST.

Graduate students who wish to purchase the plan may do so by visiting the Dewar's website at http://www.collegerefund.com.

Payment Plan Options

Full Payment by Year
This payment plan is only available to undergraduate students and only those undergraduate students who would like to make one payment, in full, for the entire academic year including the Fall and Spring semesters. Payment in full must be received by the published payment deadlines.

Full Payment by Semester
This payment plan is a semester plan open to all students, undergraduate and graduate, who would like to make one payment, in full, for the entire semester minus any incoming financial aid. Students enrolling in this plan will need to pay in full prior to the start of each term by the published payment deadlines.

5 Month—Automatic Checking Deduction
This payment plan is a semester plan open to all students, undergraduate and graduate, who would like to make five monthly payments via automatic deduction from a checking/savings account. Automatic deductions are required for this payment plan. This plan is subject to a setup fee of $50.00 per semester, which will be charged once the student enrolls in the plan.

5 Month—Check Mailing
This payment plan is a semester plan option to all students, undergraduate and graduate, who would like make five monthly payments by mail, in-person at the Student Accounts Office, or online through the Student Account Center. This payment plan is subject to a setup up fee of $150.00 per semester, which will be charged once the student enrolls in the plan.

Third-Party Billing
This payment plan is a semester plan for students whose company pays for partial or full cost of tuition and mandatory fees. LMU bills the company directly for the portion of tuition and fees it will cover after the semester begins. A current voucher/authorization letter is required to be submitted in order to enroll in this plan. For monthly payment options for the uncovered portion of your tuition and fees, please contact the Student Accounts Office.

TFA and PLACE students have mandatory payment plan options in which they must enroll. Students should see their advisor or the Student Accounts Office for more information.

Certificate of Eligibility for Veterans
All expenses incurred by a veteran that have not been properly authorized by the Veterans Administration must be paid by the veteran. Therefore, it is the responsibility of every veteran to see that papers are in proper order at the time of the first and each subsequent registration. Also, all veterans who are receiving benefits for educational expenses are required to contact the Office of the Registrar.

The University is required by the Veterans Administration to report failure on the part of the student to complete 75% of the semester hours attempted in any given term. Benefits to a veteran who fails to complete 75% of the semester hours originally enrolled in may be suspended. Failures, withdrawals, and NCs are not recognized as making satisfactory progress.

Refunds/Cancellation
Refunds for tuition and/or housing are made only after a complete withdrawal or leave of absence from the University (dropping all courses) has been processed by the Office of the Registrar and, in the case of a resident student, also by the Housing Office. For resident students, if the official withdrawal dates from the Office of the Registrar and the Housing Office are different, the respective dates will be used for tuition or housing refunding purposes. See the accompanying table for the allowable refund percentage.

Meal plans are non-refundable. A student should complete the Withdrawal/Leave of Absence form in the Office of the Registrar and, if a resident student, the withdrawal form in the Housing Office.

The University strives to meet the expectations of its students and tries to act compassionately in a time of crisis that interrupts a student’s semester studies so that she/he cannot or should not finish the semester. In an attempt to ease the cost of tuition, the refund policy is in place to allow for a sliding refund for those who withdraw from all courses in a given semester according to the following schedule. This policy applies to, but is not limited to, the following leave or withdrawal reasons: hospitalization, illness, moving out of the area, employment changes/relocation, and family-related emergencies.
No refund may be given for registered courses which a student did not attend and did not withdraw from within the full refund period. No refund or cancellation is granted to a student who withdraws from a portion of his/her program after the end of the 100% Drop/Add period. Consult the following refund schedule for the academic category corresponding to your enrollment and type of program.

Students, whether undergraduate, graduate, or non-degree, who have paid tuition by the semester hour are eligible for tuition refunds per semester hour, based on the published sliding scale. Full refunds for all other students are contingent upon withdrawal from all classes or from the University. The published sliding scale still applies to this type of refund.

### Fall 2016

**Withdrawal %** | **All Students**
---|---
100% through Sep. 2, 2016
90% through Sep. 8, 2016
70% through Sep. 15, 2016
50% through Sep. 23, 2016
25% through Oct. 21, 2016
0% on or after Oct. 22, 2016

### Spring 2017

**Withdrawal %** | **All Students**
---|---
100% through Jan. 13, 2017
90% through Jan. 20, 2017
70% through Jan. 27, 2017
50% through Feb. 3, 2017
25% through Mar. 10, 2017
0% on or after Mar. 11, 2017

The University's Federal Aid refund policy complies with the Higher Education Amendments Act.

### Refund Payments

Refund credits are applied to the student's account. Refunds of credit balances will be made in accordance with Federal guidelines. Refunding of credit balances is subject to a holding period until verification that funds received have cleared the University's bank. Refund payments are issued in the name of the student unless written authorization from the student is received to the contrary.

### Financial Clearance and Issuance of Student Records

A student will not be issued a diploma, certificate of completion, or an official transcript until all accounts, current or otherwise, have been settled in accordance with University requirements. Students with delinquent accounts will also be prohibited from future registration until all balances are resolved to the University's satisfaction.

If a student defaults on payment of a Federal Perkins Student Loan, a Federal Family Educational Loan, or an Institutional Loan, or if a student fails to satisfy finance-related exit interview requirements, a financial hold will remain in effect until all University debts and related requirements are satisfied. Unpaid accounts are reported to the three major credit reporting agencies. Exit interviews are administered through the Student Loan Office and the Financial Aid Office.
University Core Curriculum

Philosophy and Goals of the Core Curriculum
The University Core reflects the values of its founding and partnering communities - the Society of Jesus (Jesuit), Religious of the Sacred Heart of Mary (Marymount), and the Sisters of St. Joseph of Orange (CSJ). Rooted in the traditional Jesuit emphasis on classics, philosophy, theology, the liberal arts, and faith that does justice, the Core also reflects the Marymount commitment to faith, culture, and the arts. Moreover, the CSJ work for unity and reconciliation pervades the Core's emphasis on integration. The Core encourages students to value learning, and to carry that love of learning into their future lives. Valuing learning has two key components: a distinctively Catholic, humanistic vision of intellectual inquiry as well as the cultivation of particular skills. Both are necessary for students to be thoughtful, critical, and engaged citizens of the world. The Core values and educates the whole person. The LMU University Core therefore emphasizes the formation of students as whole persons, integrated in thinking, feeling, and action. As such, the Core includes intellectual, creative/artistic, and moral development. The Core invites students to analyze their relationship with themselves, others, the world, and God. The Core serves faith by bringing students to a critical and appreciative understanding of religious traditions, and to see the search for God as intrinsic to the human condition. The Core recognizes LMU's special role in creating men and women who will be discerning and active members of diverse communities, local and global. The Core includes the study of ethical theories and moral development, in which students come to recognize the value of acting rightly and using knowledge mindfully in the promotion of justice.

Core Learning Outcomes

Through the LMU Core, students will know...
- Justice

Core Learning Outcomes

Through the LMU Core, students will be able to...
- Apply knowledge and tools from various disciplines in order to identify and address intellectual, ethical, and practical problems of relevance to the contemporary world.
- Communicate ideas and arguments through clear writing and speech.
- Use quantitative reasoning skills to make informed, analytical decisions.
- Identify information needs, locate and access information, and critically evaluate sources.
- Collaborate intellectually and creatively with diverse people.
- Engage in the creative process and think critically about that process, its products, and its cultural traditions.
- Use imagination and informed intuition to ask questions and solve problems.

Through the LMU Core, students will value...
- Spirituality and intellectually informed service to a local and global community.
- The experiences, cultures, and traditions of diverse peoples of the world.
- The role of continuing intellectual and creative experience and growth in leading a full life.
- Just and ethical behavior in pursuit of a more just world.
- Contemplation of questions of ultimate reality.

Developmental Pattern of the Core
The Core moves from Foundations, to Explorations, to Integrations, carefully educating mindful women and men for others. Foundations courses introduce students to the intellectual life of LMU; guide them to confront important issues about values, faith, justice, race, gender, sexuality, and culture; and emphasize fundamental communication and reasoning skills. Exploration courses build on the skills and knowledge gained in the Foundations courses, refining them through the different disciplinary methods and perspectives of the humanities, arts, natural sciences, and social sciences. Integrations courses challenge students to take the skills and knowledge from the Foundations and Explorations courses, as well as their majors, and apply them to interdisciplinary consideration of thematic questions. In addition, Flagged courses in writing, oral skills, quantitative reasoning, information literacy, and engaged learning build on and reinforce the skills and critical thinking that students obtain in the Foundations courses.

Summary of the Area Requirements of the University Core Curriculum
Students fulfill One Area Requirement per course. Courses in a student's major may also satisfy Core requirements, so the total number of courses required outside of a student's major will typically be fewer than 13 listed below. Flagged courses will typically be courses that also satisfy other Core or major requirements so they do not add to the total course requirements for most students.

Foundations (Years 1-2)
Students fulfill One Area Requirement per course in each of these Areas:
First Year Seminar (Fall)
Rhetorical Arts (Spring)
Quantitative Reasoning  
Theological Inquiry  
Philosophical Inquiry  
Studies in American Diversity  

**Explorations (Years 2-3)**  
**Students fulfill One Area Requirement per course in each of these Areas:**  
Creative Experience  
History and Analysis and Perspectives  
Nature of Science, Technology, and Mathematics  
Understanding Human Behavior  

**Integrations (Years 3-4)**  
**Students fulfill One Area Requirement per course in each of these Areas***:  
Faith and Reason  
Ethics and Justice  
Interdisciplinary Connections  

**Flagged Courses**

* Students enrolled in a Bachelor of Science in Engineering or Engineering Physics program are required to take only two Integrations courses: Faith and Reason and Ethics and Justice. For these students, there are a total of 12 required Areas.  

** The Quantitative Reasoning Flag is met by the curriculum of the majors in the Frank R. Seaver College of Science and Engineering.  

The University Core Curriculum provides a common foundation for every undergraduate student at LMU. The power to develop additional core requirements will reside with Major and Minor programs rather than Colleges and Schools.
Graduate Division

The mission of the Graduate Division is to promote transformative graduate education at Loyola Marymount University, to celebrate the accomplishments of graduate students and the faculty who educate them, and to provide leadership in the establishment and communication of policies, standards, and processes related to graduate education and to the quality of life for graduate students.

Since its creation in 1950, the Graduate Division has worked closely with the University's colleges and schools to create innovative programs that meet the personal, academic, and professional needs of its students. As life-long learning becomes even more integral to individual success and social welfare, the Graduate Division remains committed to providing an array of forward-looking programs of great distinction and to creating an environment that enables students to realize their full potential.

The University's graduate programs are characterized by outstanding faculty, academic excellence, small class size, and attention to individual students. Though the graduate programs span a diverse array of academic disciplines and professions, they are uniform in their attention to education of the whole person, to conscious exploration of ethical issues, and to developing leaders in service to society.

Across its various schools and colleges, the University offers curricula leading to the degrees of Doctorate in Education (Ed.D.), Education Specialist (Ed.S.), Master of Arts (M.A.), Master of Business Administration (M.B.A.), Master of Fine Arts (M.F.A.), Master of Science (M.S.), Master of Science in Accounting (M.S.A.), and Master of Science in Engineering (M.S.E.), as well as to a variety of graduate certificates and credentials.

The Graduate Studies Office is located in University Hall, Suite 1840. Telephone: 310.338.2721 or 888.946.5681; fax: 310.338.6086.

All communication concerning Graduate Studies should be addressed to:

Academic Degree Requirements and Policies

Students are held individually responsible for information contained in these pages. Failure to read and understand these regulations will not excuse a student from their observance.

All regulations and rules or procedures contained in this official University Bulletin apply to undergraduate and graduate programs. Questions in individual cases should be presented through written petition to the appropriate dean.

A student is held responsible for academic regulations in effect at the time of entrance, provided the student maintains continuous enrollment. Similarly, a student who changes programs or majors after being admitted to the University is held responsible for the academic regulations in effect at the time the program or major is changed. A student who interrupts academic enrollment is subject to the academic regulations in effect in the University Bulletin at the time enrollment is resumed.

For non-academic matters, all students are governed by the Loyola Marymount University Student Conduct Code found in the Community Standards booklet. The booklet can be found on MyLMU (http://my.lmu.edu).

Academic Advising

Students are assigned a faculty academic advisor within their major or college. LMU offers an advising model based on a close student/faculty advisor relationship. This relationship offers assistance to students in achieving educational, career, and personal goals through the use of the full range of institutional resources.

In order to make the best of advising appointments, students are encouraged to become familiar with the degree requirements, coursework within the major, and other information about academic policies. LMU students must be pro-active in understanding the academic requirements, policies, and procedures which affect their studies and path to graduation. Students are further encouraged to come with well-developed questions for the advisor.

As part of the registration process, students meet with their advisors, who may conduct degree audits to assess progress toward completing degree requirements. Exceptions to University policy and changes to established degree coursework must be approved as exceptions by the Chairperson of the Department or Director of the Program and documented on a Petition for CAPP Adjustment (change to the student's degree audit). This form must then be signed by the student's Associate Dean's Office and submitted to the Office of the Registrar.

Academic Calendar

The University offers two fifteen-week semesters plus a week of final examinations for each semester and two six-week summer sessions that include final examinations.

Academic Program

An academic program is a combination of courses and related activities organized for the achievement of specific learning outcomes as defined by the University. This includes programming at the undergraduate and graduate levels and consists of degrees, majors, minors, concentrations, and certificates.

A degree program is an academic program of study leading to a Bachelor's, Master's, or Doctoral degree. All degree programs require a mini-mum number of semester credit hours in addition to the requirements of the University, College, or School, and the academic major Department. (See Degree Requirements.)

Academic Major

An academic major indicates a particular curriculum which leads to a degree. Students must complete the requirements for a primary academic major, including the University Core Curriculum and college or school requirements, to be eligible for a degree. Requirements for academic majors can be found under the departmental listings in the chapters for each respective college or school. Some academic majors have concentrations which are a sub-set of a discipline, organized in clusters, of focused courses taken within a major.

Students normally declare a major at the time of application to the University. If a student is unsure about choosing a major, some colleges may allow for an undeclared status within that College. This option is at the discretion of the College or School. Under normal conditions, an undergraduate student has decided on a particular major prior to earning 60 semester hours of credit.

Second Academic Major

Students may declare a second academic major in addition to their primary major by obtaining the approval of the department chair of the major and the Associate Dean in that college. Students in the College of Business Administration may not choose a second academic major within the college.

A second academic major may be earned only while the student is concurrently completing the requirements for the baccalaureate degree in the primary academic major. A student must successfully complete all requirements for the second academic major prior to, or in the same term as, the primary major. A second major may not be granted after a degree has been posted. If a student decides to drop a second academic major, the student must submit a Change of Program to the Office of the Registrar.

Academic Minor

Undergraduate students may declare an academic minor from among the LMU departmental minors. Students who wish to declare an academic minor must obtain the approval of the department chair or program director of the minor and submit a Change of Program to the Office of the Registrar. Some minors may require an application process and are limited based on space available; some may also require the signature of the Associate Dean of the College or School.

To earn an academic minor, a student must complete all requirements of the minor as prescribed either before or at the time of the awarding of the degree in the primary major. Minors may not be earned after the awarding of the primary degree. If a student decides to drop a minor, he or she must submit a Change of Program with the relevant signatures to the Office of the Registrar.

In addition to the requirements of the department of the minor, a student must also meet the following for an academic minor:

1. At least half of the upper division semester hours of the minor program must be completed in residence at LMU.
2. A student who declares a minor is held responsible for the academic regulations specified in the Bulletin and in effect at the time the minor is declared. Each department offering a minor program lists specific semester hour requirements.
3. A student must have a minimum cumulative grade point average of C (2.0) for courses taken in the minor program.
4. Courses may not count as fulfilling both a major and minor program, unless both programs require the specific course.

Non-Degree Status

Undergraduate

- Undergraduate non-degree students wishing to take undergraduate courses at the University on a non-degree basis during the Fall or Spring semester must file an application with the Office of Undergraduate Admission in accordance with regularly stated deadlines. Proof of eligibility to study at the University will be required, including transcripts or other appropriate documents. Non-degree students must meet all course requirements for registration and will be allowed to study for a period of no more than three semesters or a total of 18 semester hours, whichever occurs first.
- Non-LMU students and incoming freshmen and transfer students who wish to take undergraduate courses at the University during one or both Summer terms must submit an Application for Summer Registration with the Office of the Registrar. Although these students have non-degree status for summer, incoming freshmen and transfer students may apply these courses towards LMU degree requirements. Non-degree students must meet all course requirements for registration; proof of eligibility, such as transcripts or other appropriate documents, may be required.
- Undergraduate non-degree students may register only in courses numbered 100-599 and courses numbered 1000-4999. An undergraduate may not register in the School of Education.
- Admission to the Undergraduate non-degree status does not guarantee admission to undergraduate degree programs or credential recommendation.

Graduate

- Graduate non-degree students wishing to take graduate courses at the University must file an application with the Office of Graduate Admission in accordance with regularly stated deadlines. Proof of eligibility to study at the University will be required, including transcripts or other appropriate documents.
- Non-degree graduate students may take more than two courses while in the non-degree status; however, only two courses taken in the non-degree status may apply toward a degree or credential. A student should consult the appropriate Graduate Program Director about the applicability of non-degree courses to a degree program. Non-degree students must meet all course requirements for registration; proof of eligibility, such as transcripts or other appropriate documents, may be required. Graduate non-degree students may register for 500-, 600-, 5000-, 6000-, and 7000-numbered courses. Non-degree students must meet all course requirements for registration.
- Admission to the Graduate non-degree status does not guarantee admission to degree candidacy or credential recommendation.

Academic Standing

Good Standing

A student must maintain in each semester the stated minimum cumulative grade point average for each of the requirements in the degree program and may not be on academic probation or subject to disqualification. The calculation of standing is based on all courses taken at LMU:

- Undergraduate students must maintain a C average (2.0) in term, major, program, and cumulative GPA. The calculation is based upon courses taken in Fall and Spring semesters only.
- Graduates must maintain a B average (3.0) in term, major, program, and cumulative GPA. The calculation is based upon courses taken in Fall, Spring, and Summer semesters.

Academic Disqualification

Undergraduate and graduate students are subject to disqualification if, in two consecutive semesters on probation, their term, major or cumulative grade point average on all courses falls below the stated career requirement. The first semester in which an undergraduate or graduate student is placed on probation is the first of the consecutive semesters used to determine the student being subject to disqualification.

- Undergraduate disqualification is based upon two consecutive semesters (Fall or Spring) in which work of less than a grade of C (2.0) average is earned or in which the student fails to meet conditions imposed by the Dean or other academic entity. Summer sessions are not used to calculate if an undergraduate is subject to disqualification.
- Graduate disqualification is based upon two consecutive semesters (Fall, Spring, or Summer Sessions) in which work of less than grade of B (3.0) average is earned or in which the student fails to meet conditions imposed by the Dean or other academic entity. Summer sessions are used to calculate if a graduate student is subject to disqualification.
- Executive MBA Program: a student who receives a failing grade in any of the prescribed courses will be subject to immediate dismissal.

Disqualification terminates a student’s relationship with the University for a minimum of one year. A disqualified student may not register in any division or session of the University and is denied all privileges of the University and of all organizations or activities in any way connected with it.

Appeal of Disqualification

- Undergraduate students who wish to appeal a disqualification must submit a written request to the Dean of the College. The decision of the Dean is final.
- Graduate students who wish to appeal a disqualification must submit a written request to the Chair, Program Director, or Dean of the student’s college or school. If the appeal process cannot be resolved, an impartial three-person faculty panel will be assigned by the Chair of the Graduate Council to review the request. The panel will individually interview the faculty person and the student. After the interviews, review, and discussion, the panel will submit a formal decision to the Chair of the Graduate Council, whose decision will be final.
- Graduate students in the School of Education should appeal directly to the Program Coordinator. If the appeal cannot be resolved, the issue will then be submitted to the Associate Dean, and if necessary, the Dean.

Readmission after Disqualification

Disqualified undergraduate and graduate students are not eligible for readmission to the University until one calendar year has elapsed.
since the disqualification. Undergraduate and graduate students who wish to return to LMU after disqualification must make an appointment with their Dean. The Dean will determine if a student is eligible to return and either grant or deny permission to seek readmission to the University. If allowed to attend LMU after a disqualification, the student must submit an application for admission through the appropriate Admission Office.

1. A disqualified student who is readmitted will be on strict probation, which requires that the student must satisfactorily complete all requirements set by the Dean in the initial semester after readmission.

2. A student who has been disqualified a second time may not apply for readmission.

Academic Probation
Undergraduate and graduate students are subject to academic probation if their term, major, program, or cumulative grade point average on all courses taken at LMU is lower than the following:

- Undergraduates: C average (2.0) in term, major, program, or cumulative GPA
- Graduates: B average (3.0) in term, major, program, or cumulative GPA

Academic probation constitutes a serious warning to students that their academic performance is unsatisfactory and continued failure to improve this record may result in being disqualified from the University. Additionally, a student who does not make satisfactory progress in the course of study is subject to probation. Academic probation does not prohibit the student from returning as an enrolled student for the subsequent semester, nor does it necessarily prohibit the student from participating in University-sanctioned events. However, the Dean or Director may impose restrictions on students on probation regarding the program of study and their participation in extracurricular activities at LMU.

Attendance
Class attendance expectations and consequences for absences from class are left to the discretion of individual instructors and shall be announced by the faculty member at the first class meeting or listed on the class syllabus. Students are accountable for all course assignments, whether or not the assignments were announced during an absence.

In order for a student to earn academic credit for a course, he/she must be enrolled officially in the course. Students who are not registered in a class are not allowed to attend a course, submit coursework, or take an exam including the final exam.

Change of Academic Major/Concentration/Minor
Undergraduate
Entering freshmen and transfer students are admitted to the University in their academic major of choice at application. A change of academic major or emphasis/concentration in the major within the same school or college may be limited by the availability of space within the requested major and requires the approval of the department chair and the Associate Dean of the College or School.

A student must also be signed out of the current major by obtaining the approval of the department chair of the current major as well as the Associate Dean of the College or School. If a student decides to change an academic minor, he/she must submit a Change of Program to the Office of the Registrar.

Changes in majors, which involve the changing of a School or College, may be limited by the availability of space within the school and/or the specific academic major. Students wishing to change colleges or schools must meet the respective admittance criteria and complete the application process specified by that College or School. The decision of the Associate Dean of the College or School is considered final. Upon acceptance into the new major, emphasis, or minor, the student must submit a completed Change of Program to the Office of the Registrar.

Graduate
Graduate students are admitted to a specific program consisting of a degree and major within a College or School. Graduate students who wish to change a degree program must apply for the new program through Graduate Admissions. A student who wishes to change from one emphasis/concentration to another within a program before completing a degree must request approval from the Program Director. Students must submit a completed Change of Program to the Office of the Registrar.

Change of Address
Students may change their permanent, mailing, and billing addresses through PROWL. Students must update their emergency contact information through PROWL. International students are required to notify the Office of International Students and Scholars if wishing to change their permanent address. The University assumes no responsibility for materials sent through the mail or email not received.

Commencement Ceremonies
The University grants degrees three times per year: at the end of the Summer (August 31), Fall (December 31), and Spring (May) terms. LMU celebrates its Commencement Ceremonies only at the end of the Spring semester.

LMU honors at the Commencement Ceremonies its newest graduates with a celebration of achievement for family and friends. Participation is granted to those students who will be receiving their degrees in one of five terms: the previous Summer and Fall as well as Spring, Summer, and Fall of the Commencement year. Participation in the honorary ceremony does not mean that a degree has been awarded.

Classification of Undergraduate Students
The classification of undergraduate students is determined by the number of semester hours completed at LMU with passing grades and, if applicable, accepted transfer work.

Lower-division students are considered:

- Freshmen if they have satisfied entrance requirements and completed fewer than 30 semester hours
- Sophomores when they have completed at least 30 but fewer than 59 semester hours

Upper-division students are considered:

- Juniors when they have completed at least 60 but fewer than 89 semester hours
- Seniors when they have completed at least 90 semester hours

Concurrent Enrollment
Concurrent term enrollment by LMU degree-seeking undergraduate students at another institution for the purpose of transferring credits is not permitted.

Course Information

Classification of Courses
Undergraduate Courses
- 000-099: Courses offered in this number range do not carry degree-granting credit.
- 100-299: Lower division undergraduate courses with degree-granting credit
- 300-499: Upper division undergraduate courses with degree-granting credit
- 500-599: Upper division undergraduate courses in which graduate students may enroll and receive graduate credit. Undergraduate students may not enroll in 500-level courses offered by the School of Education.
- 1000-2999: Lower division undergraduate courses with degree-granting credit
- 3000-4999: Upper division undergraduate courses with degree-granting credit

Graduate Courses
Only students accepted into the Graduate Division may register for these courses.
- 600-699: Graduate courses with degree-granting credit
- 5000-6999: Graduate courses with degree-granting credit
- 7000-7999: School of Education Doctor of Education courses with degree-granting credit
- 8000: School of Education required course for credential program

Extension Courses
- 800-999: LMU Extension courses. Courses offered in this number range do not carry LMU degree-granting credit.

Course Audit
After the registration period and space permitting, enrolled students may be permitted to register as auditors only for exceptional reasons and with the authorization of the Dean of the college or school of the course. Not all courses are open to auditors. Auditors are not held responsible for the work expected of regular students and receive no grade or credit for the course. Regular attendance at class is expected.

A student who has previously enrolled as an auditor may not take the course for credit in the subsequent term except by special permission of the Dean of the college or school in which the course is offered. Individuals may not be formally admitted to the University to audit courses only. Enrolled LMU students may not enroll as auditors in a regularly scheduled LMU course through LMU Extension.

Course Challenge
A student may request credit by examination for selected courses provided that the student meets all eligibility requirements of the course. It is the responsibility of the student to arrange for a credit by examination, including a faculty member willing to administer the challenge, as then approved by the course Chairperson and student's Dean. A course may be challenged only once.

Undergraduate
- To challenge an undergraduate course by examination, a student must be regularly enrolled and a full-time student. Students may not challenge a course that is at a level more elementary than one in which they are currently enrolled or for which they have already received credit. Students may not challenge a course for which they have previously registered until a period of one year has elapsed from the time of their original registration in the course. A challenge examination once failed may not be repeated. 1000- and 2000-level courses in the Department of Modern Languages and Literatures may not be challenged.

Graduate
- If the student passes the challenge exam, that is equivalent to waiving the course requirement but not the total unit requirement for the degree. MBA students may challenge MBA core courses only during the first semester of enrollment.

Course Load
In a Fall or Spring semester, the normal load for full-time, degree-seeking undergraduate students in good standing from the previous semester is 15-18 semester hours. For summer, undergraduate students in good standing may register for up to eight semester hours per session; six semester hours is considered full-time for summer.

Course Terminology
- Core courses are identified as fulfilling the University Core requirements.
- Major courses are identified as fulfilling the academic major requirements.
- Minor courses are identified as fulfilling the academic minor requirements.
- Elective courses are identified as not fulfilling core, major, or minor requirements, but do fulfill overall semester hours requirements.

Cross-Listed Courses
A cross-listed course is one that carries credit in more than one department or program. Students may not enroll in more than one section of a cross-listed course and may receive credit in one department only.

Special Studies/Independent Studies/Tutorial Courses
Special Studies
Courses whose numbers have as the last two digits "98" are Special Studies. These courses have a special syllabus and description not listed in the Bulletin. They can be held in a lecture, discussion, or seminar format at a specified or arranged time and place for a group of students. Each department sponsoring Special Studies courses maintains these course descriptions.

Independent Studies
Courses whose numbers have as the last two digits "99" are Independent Studies. This is an individualized study arranged by a student with a full-time faculty member and approved by the Chairperson of the Department and the Dean. An Independent Studies course is considered part of the student's semester program. Registration for such courses takes place only during the regular registration periods.

These courses are for the educational enrichment of the student particularly qualified for the kind of experiences that are beyond the scope of a regular course. Under the supervision of a faculty member, the work will be of research or similarly creative nature and will normally culminate in a project or examination. Freshmen, first-semester transfer students, and part-time undergraduates are not eligible.
Most graduate programs will allow graduate students to take no more than two classes as independent study. Consult the individual Program Director for future information and limitations.

Tutorials
A course tutorial is an option to register for an LMU course which is not otherwise offered in the term. Students may individually arrange with a faculty member to take the course as a tutorial. The tutorial must be based on an existing LMU course and all arrangements for the tutorial are the responsibility of the student. A tutorial course is considered part of a student's semester program. Registration for it takes place during the regular registration periods. Only full-time students are eligible, and approval will be given for only one tutorial course per semester. Freshmen and first-semester transfer students are not eligible. Approval of the Department Chair and Dean's Office is required.

Degree Requirements

Baccalaureate Degree Requirements
Candidates for an undergraduate degree at Loyola Marymount University must complete all requirements for a bachelor's degree as set forth by the University, their college or school, and academic departments or programs. Failure to understand those requirements does not relieve a student of his or her responsibility.

All candidates for a baccalaureate degree at LMU must fulfill the following requirements:

1. For the primary academic major complete a minimum of 120 semester hours, including core curriculum, program requirements, and 45 semester hours of upper-division course work. Certain programs require more than 120 semester hours and are under the appropriate department listings.
2. All courses taken at LMU must have a cumulative grade point average of C (2.0). All courses taken in the major, minor, or area of concentration must have a cumulative grade point average of C (2.0). To satisfy a Core requirement (other than a flag requirement), a course must be completed with a grade of C- or better. To satisfy a flag requirement, a course must be completed with a grade of D or better.
3. Fulfill the requirements for any declared academic secondary major or primary or secondary minor, including those set forth by the department and/or College or School.
4. At least 30 of the last 36 semester hours for the bachelor's degree must be taken in residence at LMU. At least two-thirds of the upper division semester hours of the major must be taken in residence at LMU, unless, for programmatic purposes, the Dean and the Chair of the major department deem an exception appropriate.
5. Fulfill the academic regulations printed in the University Bulletin in effect at the time of entrance or for those in effect in the senior year provided the student maintains continuous enrollment for the length of the degree program. A student who changes his or her program of study subsequent to admission to the University may be held responsible for the academic regulations in effect at the time of the declaration or change. A student who interrupts LMU enrollment for more than two years is subject to the academic regulations in effect in the University Bulletin at the time of readmission.
6. Fulfill the requirements specified in Baccalaureate Graduation Requirements and Degree Conferral.

Baccalaureate Graduation Requirements and Degree Conferral
The date of degree posted on a student's diploma is the one by which all graduation requirements are completed or documents are submitted—specifically the respective Commencement Weekend dates, August 31, or December 31. These requirements include:

1. Submitting an Application for Degree form to the Office of the Registrar by the stated deadline in the term in which all academic and graduation requirements will have been met. If a student is canceled for graduation in a given term, the student must submit a new Application for Degree form for a subsequent graduation term.
2. The completion of all incomplete work required for the degree prior to the degree date of that term. A grade of Incomplete in a required course at the time of degree posting renders the student ineligible for that degree date.
3. Students who have taken coursework at other institutions must submit an official transcript showing the graded course(s) and transfer course approval form (if not previously submitted) to the Office of the Registrar no later than 30 working days after the end of the LMU semester. The transfer course(s) must be completed in a term which ends prior to the degree date.

Second Baccalaureate Degree Requirements

1. The pursuit of a second baccalaureate degree is not allowed unless a student already possesses an earned bachelor's degree prior to commencing the second bachelor's program.
2. An LMU student may not be enrolled in a primary degree program and concurrently begin a second bachelor's program.
3. The major program of the second bachelor's degree must be different from the first major.

All candidates for a second baccalaureate degree at LMU must fulfill the following requirements:

- Already possess an awarded bachelor's degree from an accredited institution.
- Complete a minimum of 30 semester hours at LMU beyond those required for the first degree; these must include at least 24 semester hours of upper division work and at least 20 semester hours of upper division work in the major field of study.
- Fulfill the core requirements of the College or School in which the major is offered.
- Satisfy all the requirements for the major.
- Fulfill the requirements specified in the Baccalaureate Graduation Requirements and Degree Conferral.

Graduate Degree Requirements
Candidates for a graduate degree at Loyola Marymount University must complete all requirements for a master's or doctoral degree as set forth by the University, their college or school, and academic departments or programs. Failure to understand these requirements does not relieve a student of his or her responsibility. All candidates for a graduate degree at LMU must fulfill the following requirements:

1. For a master's degree, complete a minimum of 30 graduate semester hours (500, 600, 5000, and 6000 level) beyond an earned baccalaureate degree. A minimum B (3.0) cumulative grade point average is necessary to qualify for completion of a program. See individual program descriptions for specific and additional graduation requirements.
2. For a doctoral degree in Education, complete a minimum of 52 graduate semester hours (7000-level courses) beyond an earned master's degree. A minimum B (3.0) cumulative grade point average is necessary to qualify for completion of a program. See individual program descriptions for specific and additional graduation requirements.

3. The normal time allowed for the completion of graduate degree programs is five years. A student who has not completed the degree within five years must request an extension of time. If the extension is granted by the Dean of the student's college or school, the student may be required to undertake additional coursework. Some departments have a shorter limit for the completion of the program; see individual program descriptions for further information.

4. Fulfill the requirements specified in Graduate Graduation Requirements and Degree Conferral.

Graduate Graduation Requirements and Degree Conferral
The date of degree posted on a student's diploma is the one by which all graduation requirements are completed or documents are submitted, specifically the respective Commencement Weekend dates, August 31, or December 31. These requirements include:

- Submitting a completed Application for Degree to the Office of the Registrar by the stated deadline in the term in which all graduation requirements will have been met. If a student is canceled for graduation in a given term, the student must submit a new Application for Degree for the appropriate graduation term.
- The completion of all incomplete work required for the degree prior to the degree date of that term. A grade of Incomplete in a required course at the time of graduation renders the student ineligible for that degree date.
- Students who have taken coursework at other institutions must submit an official transcript showing the graded course(s) and transfer course approval form (if not previously submitted) to the Office of the Registrar no later than 30 working days after the end of the LMU semester. The transfer course(s) must be completed in a term which ends prior to the degree date.

Diplomas
Diplomas are granted and mailed to students who have completed all academic degree requirements and who have no outstanding financial obligations to the University.

Double Credit
Undergraduate
- A student may not count a course as fulfilling both a major and minor program, unless both programs require the specific course. A student may not count the same course to meet the requirements for both an undergraduate and graduate degree.

Graduate
- A student who wishes to enroll for a second Master's degree in the School of Education may apply up to three core courses towards a second Master's degree. For other graduate programs, no more than two courses may be counted toward a second degree upon prior approval from the respective Deans' offices.

Enrollment
Students must be officially registered via PROWL for all classes in accordance with the regulations, procedures, and dates published in the Schedule of Classes and the University Bulletin. Registration is subject to full payment of tuition, room and board charges, and other fees associated with enrollment. The University reserves the right to deny registration to any student for reasonable cause.

Final Examinations
Students are required to take all scheduled examinations. Final examinations are to be held at the time published by the Office of the Registrar. No student is allowed to take a final examination before the scheduled time.

Full-Time Standing
An undergraduate student enrolled for 12 or more semester hours in a Fall or Spring semester or 6 or more semester hours in a Summer session is considered a full-time student. Students taking fewer than the stated amount above are considered part-time and may not qualify for all University activities and benefits, such as eligibility for financial aid, on-campus housing, and intercollegiate athletic competition.

A graduate student enrolled for 6 or more semester hours in a Fall, Spring, or a single Summer session is considered a full-time student. Graduate students taking fewer than 6 semester hours are considered part-time. Doctoral students completing the dissertation are full-time with at least 2 semester hours per term.

Please refer to the Financial Aid full-time/part-time standing for an explanation of how that department defines full-time standing and the impact on financial aid awards.

Grades and Grading
Credit/No Credit Grading
Undergraduate
Students may take courses which are offered on a Credit/No Credit basis for up to 20% of their total semester hours requirement for graduation. For undergraduate courses, a grade of CR may be given for performance equal to or greater than a grade of "C." A CR/NC course will not affect the grade point average. Courses offered on a CR/NC basis will count toward fulfilling requirements of the academic major, academic minor, or University Core. Courses offered on a graded basis which a student elects to take on a CR/NC basis will NOT fulfill the above requirements.

If a course is offered on a CR/NC basis only and the student wishes to receive a standard grade, the student must petition the instructor for that standard grade before the end of the third week of the semester. After submitting an approved form to the Office of the Registrar requesting CR/NC grading for a course, the student may not rescind the request.

Graduate
Graduates may take courses on a CR/NC basis only with the permission of the Program Director and/or Dean of the College or School.

Grade Appeals
It is understood that, except in rare instances, only the Instructor may change the final grade using the Correction of Grade form through the Office of the Registrar and then only with the approval of Department Chairperson's, Program Director's, or equivalent (hereafter called Department Chairperson), and the approval of the Dean of the Instructor's college or school. The Dean may, however,
change the grade if all of the following processes of appeal have been followed. The Dean must notify the Instructor, in writing, of the change in final grade.

1. No later than three weeks into the semester following the issuance of a disputed grade, the student must meet face-to-face with the Instructor to review the reasons for the grade.

2. No later than the following week, if the Instructor is not available for discussion or if discussion fails to resolve the problem, the student may ask the appropriate Department Chairperson (see above) to meet with both the Instructor and the student within five class days. If the Chairperson and the Instructor are in agreement about the validity of the grade, the student may appeal to the appropriate Dean. If the Chairperson cannot agree with the Instructor, the Chairperson will refer the student to file a written appeal to the Dean.

3. The student who appeals beyond the department level must file a written appeal to the appropriate Dean within five class days of the meeting with the Instructor and Chairperson, and no later than the end of the sixth week of classes. The Dean, upon receipt of the written appeal, will work with all parties in an attempt to resolve the matter by mutual agreement. If agreement cannot be reached, the Dean may appoint a committee of three impartial persons to investigate the matter and make a recommendation to the Dean. The Dean will normally follow the recommendation of the committee; however, the decision of the Dean is final.

Grading System
The work of all students at LMU is reported in terms of grades. Instructors are required to assign a final grade for each student registered in a course. The Office of the Registrar issues a grade report to the student at the end of each term.

Undergraduate
The following grades are used to report the quality of undergraduate student work at LMU:

A Superior
B Good
C Satisfactory
D Poor
F Failure
CR Credit—Equivalent to grade of C or higher
NC No Credit—Equivalent to grade of C- or lower
NR Not reported by instructor
AU Audit
I Work incomplete
W Official withdrawal from course

A grade of A may be modified by a minus (-) suffix, and grades B and C may be modified by a plus (+) or minus (-) suffix. Grades A, B, C, and CR denote satisfactory progress toward the degree, but a C- or D grade must be offset by higher grades in the same term for students to remain in good academic standing. An F or NC grade yields no semester hour or course credit. Note that a "C-" grade is not a passing grade in courses requiring a minimum grade of "C." A student must maintain a 2.0 GPA in order to remain in good academic standing.

Graduate
The following grades are used to report the quality of graduate student work at LMU:

A Superior
B Satisfactorily demonstrated potential for professional achievement in field of study
C Passed the course but did not do work indicative of potential for professional achievement in field of study
F Failure
CR Credit—Equivalent to grade of B or higher
NC No Credit—Equivalent to grade of B- or lower
NR Not reported by instructor
AU Audit
I Work incomplete
IP Work in progress (A grade assigned to the first semester of a scheduled two-semester course. The final grade is posted to the second semester of the course.)
W Official withdrawal from course

A grade of A may be modified by a minus (-) suffix, and grades B and C may be modified by a plus (+) or minus (-) suffix. Grades A, B, and CR denote satisfactory progress toward the degree, but a B- grade must be offset by higher grades in the same term for students to remain in good academic standing. Courses in which a grade of B- through C- is received may be applied toward graduate degrees unless otherwise prohibited by the program requirements. A student must maintain a 3.0 GPA in order to remain in good academic standing. Graduates may only take courses on a CR/NC basis with approval from the Dean.

Grade Point Average
Grade points are a measure of the quality of the academic work completed, just as semester hours are a measure of the quantity of this work. The University uses a letter grade to indicate the level of individual student achievement. Each letter grade has a point value assigned for the grade achieved. The point value assigned to each letter grade is as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.0</td>
</tr>
<tr>
<td>A-</td>
<td>3.7</td>
</tr>
<tr>
<td>B+</td>
<td>3.3</td>
</tr>
<tr>
<td>B</td>
<td>3.0</td>
</tr>
<tr>
<td>B-</td>
<td>2.7</td>
</tr>
<tr>
<td>C</td>
<td>2.0</td>
</tr>
<tr>
<td>C-</td>
<td>1.7</td>
</tr>
<tr>
<td>D</td>
<td>1.0</td>
</tr>
<tr>
<td>F</td>
<td>0.0</td>
</tr>
</tbody>
</table>

The LMU grade point average is determined by dividing the total number of LMU grade points by the number of LMU semester hours completed with a letter grade.

The grades of AU, CR, NC, I, IP, and W have no point value and are not used in calculating the grade point average.
Change of Grades
Grades, once submitted to the Office of the Registrar, will be changed only in case of error. An instructor desiring a change of grade must present a written explanation to the Chairperson and the Dean with a Correction of Grade form from the Office of the Registrar. No grade changes will be made after the fourth week of instruction of the next full term.

A student's permanent record reflects the coursework upon which the University awarded the degree or recommended a credential. Therefore, no grade or other changes are permitted either after awarding the degree or recommending the credential.

Incomplete Course Work
An incomplete grade may be assigned by the professor only if a student has completed at least 80% of the coursework.

The student must speak to the professor prior to final exam week to determine if the completed course work meets the minimum requirement for a grade of Incomplete and to discuss what further work is required to complete the course. The professor may or may not agree to the assignment of a grade of Incomplete. If the professor agrees to assign the grade of Incomplete, s/he will enter a grade of "I" on the Final Grade Roster.

The student's deadline for submitting all outstanding coursework for undergraduate level courses is three weeks after the first scheduled class day of the next full semester. Graduate students who received a grade of Incomplete in graduate level courses have one academic year to complete and submit all outstanding coursework, unless an earlier deadline is set by the professor.

An incomplete grade not removed by the deadline will default to an "F" or to the default grade as submitted by the instructor on the Final Grade Roster.

If a student requires an extension to the deadline, the student must petition to obtain an extension to the deadline for removal of the grade of Incomplete. The petition, approved by the instructor, must be submitted to the Office of the Registrar.

Graduate students carrying any grades of Incomplete are not permitted to take a comprehensive examination until all "I" grades have been removed.

Graduate students enrolled in undergraduate level courses and who have received a grade of Incomplete in the undergraduate level course must submit outstanding coursework no later than three weeks after the first scheduled class day of the next full semester.

Mid-Term Deficiencies
Mid-term deficiencies are assigned to students whose work thus far in the semester has been evaluated by the instructor as unsatisfactory. Notifications are sent to undergraduate students who are performing at the level of C- (1.7) or less; to graduates who are performing at the level of B- (2.7) or less. These notices, advisory in nature and sent to the student's LMU email and posted to Prowl prior to the last day to withdraw in a term, are not used in any calculation and do not appear on either the CAPP report or the University transcript. Students who receive a mid-term deficiency are advised to speak to the instructor and/or their advisor.

Graduation Rate
The completion or graduation rate by August 2015 for undergraduate students who entered Loyola Marymount University in Fall 2009 on a full-time basis was 79.1%.

Leave of Absence/Withdrawal
Leave of Absence (LOA)
A Leave of Absence (LOA) may be granted to a student who applies for a temporary break from studies for up to two years or four semesters. A student on a processed LOA retains their admitted status; however, they do not have the rights and privileges of registered students as they are currently not attending classes. A student on a LOA may complete course work for which the grade of Incomplete was submitted in the prior term and must comply with the policies, including all deadlines, concerning a grade of Incomplete.

Withdrawal (WD)
A Withdrawal (WD) from the University is the permanent termination of the academic program, course of study, and the rights and privileges offered to currently registered students. A student who wishes to return to the University must reapply to the appropriate Admissions Office. A student who withdraws is responsible for outstanding financial obligations with the University. A student who used deferred payment plans to secure student loans during their attendance at the University must clear their financial obligations with the Financial Aid and Student Financial Services Offices. A student who has unpaid bills or other unsettled financial obligations with the University and is not current with payments will not receive academic transcripts.

Choosing to Withdraw or Take a Leave of Absence
A student has four options when considering a LOA or WD from the university:

1. For a LOA or WD in a semester which has not yet begun or before the end of the first week of the term, the student must drop all courses via Prowl. Under these circumstances, no courses will appear on the student's transcript. The student must then fill out the LOA/Withdrawal form available on the Office of the Registrar website.

2. For a LOA or WD in a semester which final grades have been posted and for a student who has registered for a subsequent semester, see #1 above. For a student who has had no subsequent registration(s), the student must complete the LOA/Withdrawal form indicating the LOA or WD is effective at the end of the term that has just finished. The LOA/Withdrawal form is available on the Office of the Registrar website.

3. For a LOA or WD in a semester which has already begun but it is not past the last day to withdraw as published in the Academic Calendar, the student must withdraw from all courses via Prowl prior to the deadline. Under these circumstances, each course will remain on the student's transcript and receive a grade of W. In addition, the student must fill out the LOA/Withdrawal form available on the Office of the Registrar website.

4. For a LOA or WD after the last day to withdraw from all courses within a semester as published in the Academic Calendar, due to an illness or emergency, a student may petition for a LOA or WD through the Dean of Student's Office. Prior to petitioning for a LOA or WD, the student must:
   a. Consult with their Dean's Office, Financial Aid, Student Financial Services, and Student Housing (for residential students).
   b. An international student must consult with the Office of International Students and Scholars to ensure that visa requirements will be satisfied.
   c. In regards to a petition due to an illness, appropriate documentation is required to
support the student's petition to take a LOA or WD. The medical and/or mental health documentation must be current and provide information as to the health-related concern that prevents the student from completing the semester. Documentation must be from a licensed professional, such as a medical doctor, physician's assistant, nurse practitioner, psychologist, psychiatrist, or social worker. All documentation should be sent to the Dean of Student's Office and include the following information:

d. For an emergency petition, the student must make an appointment to meet with the Dean of Students (or designee). A petition for an emergency LOA could include, but is not limited to, instances such as family illness or death, natural disaster, and military deployment. Leave of Absences for emergency purposes, other than military deployment, are granted at the discretion of the Dean of Students.

e. To process this information in a timely manner, the student should submit a Release of Information (ROI) to the Dean of Students (or designee) allowing the Dean of Students (or designee) and the Student Health Services and/or Student Psychological Services, hereafter referred to as the Appropriate Health Service, to review the documentation.

f. The Dean of Students (or designee) may confer with the directors of the Student Health Service and/or Student Psychological Service to request a diagnostic explanation(s) and/or to confirm the appropriateness of the medical or mental health information.

g. The Dean of Student's Office is responsible for granting and communicating in writing to the student regarding the petition for LOA or WD after the last day in the semester, as published in the Academic Calendar, and developing individualized recommendations for the student to guide them while on leave and to better prepare them to return to university life. Upon receiving a recommendation for LOA or WD, the student must complete and submit the LOA/WD form available on the Office of the Registrar website.

h. If the petition is approved for a LOA after the last day in the semester, ALL courses will remain on the student's transcript and receive a grade of W.

i. If the petition is not approved, the student may request an appeal within five business days of the written decision to the Dean of Students. The Dean of Students may request additional information from the student. The decision of the Dean of Students is final.

j. If the petition is not approved and the student does not appeal or complete all coursework, the grade earned in the class will be recorded on the student's transcript.

k. A student granted a LOA or WD after the last day in the semester to withdraw, as published in the Academic Calendar, should check with their Dean's Office, Financial Aid, Student Financial Services, and Student Housing regarding financial obligations.

I. A Dean of Student's hold will be placed on the student's record once the petition is granted.

m. The extension of University-sponsored student health insurance may be available during a leave of absence. Consult the student health insurance webpage for more information.

Returning from a Leave of Absence

When returning from a LOA and prior to registering:

1. A student must fill out the Return from LOA form available on the Office of the Registrar website.

2. A student must contact the Chair of his or her academic department or Dean's Office to inform the department of his or her intent to return and the expected semester of return. The student must meet with their Dean's Office prior to registering for classes.

3. The student must meet all financial aid deadlines for the academic year of his or her expected return and clear any financial holds.

4. The student should check PROWL for any other holds on their account that need to be addressed, and contact the appropriate office for assistance in their removal.

5. If the student wishes to reside on campus, the student must contact the Student Housing Office and submit all the necessary forms to apply for housing and meet all deadlines.

6. A student with disabilities may be eligible for reasonable accommodations and/or special services in accordance with the Rehabilitation Act of 1973 and the Americans with Disability Amendments Act (ADAA) of 2008. The student is responsible for communicating his or her requests for academic accommodations to the Office of Disability Support Services.

7. A student returning from an approved LOA after the last day in the semester to withdraw from classes must also submit a return to academic studies letter to the Dean of Students and his or her academic Dean's office. This letter should outline how the student's LOA was spent and must include a personal assessment for their readiness to return. The student will then meet with a representative from the Dean of Student's Office to discuss and offer recommendations for further support. Recommendations for support will be made in writing to the student by the Dean of Student's Office after the meeting with the student. This meeting must occur by January 1 for consideration for Spring semester return, May 1 for Summer session return, and August 1 for Fall semester return.

LMU Academic Honesty Policy and Procedures

I. Statement of Policy

A. The LMU Academic Honesty Policy

Loyola Marymount University is a community dedicated to academic excellence. Academic honesty in scholarship and creative work stands at the center of LMU's academic life, and is essential for true learning and creation of knowledge to take place. As a university in the Jesuit and Marymount traditions, this community expects its members to act in accordance with the highest standards of honesty and ethics at all times. Violations of academic honesty undermine the fundamental educational mission of the University and cannot be tolerated. Students are responsible for understanding the standards of academic honesty and determining how they apply to their academic work and behavior. Students are responsible for
contacting their instructor(s) before assignments are due to proactively resolve any questions they may have.

**B. Definitions of Academic Honesty and Dishonesty**

*Academic honesty* requires that all members of the LMU community act with integrity, respect their own intellectual and creative work as well as that of others, acknowledge sources consistently and completely, act honestly during exams and on assignments, and report results accurately.

*Academic dishonesty* is any violation of the standards of academic honesty. Examples of academic dishonesty are defined below. These examples are intended to provide guidance but not to constitute an exhaustive list of the forms that academic dishonesty might take.

1. **Plagiarism**
   a. Presentation or appropriation of another’s ideas, words, images, work, materials, results, etc. as one’s own, including but not limited to: omission or improper use of citations; copying another’s work without attribution.
   b. Inappropriate use of an Internet or digital source, including but not limited to: inappropriate copying in whole or part; submission of a paper or other work, or any part thereof, obtained via the Internet or a digital source, as one’s own work; inappropriate sampling of images or sound; the use of online solutions typically made available as instructor resources for a course.
   c. Unauthorized presentation or partial or complete resubmission of one’s own previous academic work for additional academic credit.

2. **Fraud**
   a. Representing oneself as another person in relation to an academic assignment or course, or allowing another to represent oneself in relation to an academic assignment or course. For example, signing an attendance sheet in class or at an extracurricular event on behalf of an absent student, representing oneself as someone else in the context of an online course, or permitting another person to complete an assignment or take an examination on one’s behalf in the context of an online course.
   b. Presenting forged signatures or documents as authentic.
   c. Altering or fabricating data.
   d. Submitting false or fabricated citations.

3. **Cheating and Facilitating Cheating**
   a. Possession, distribution, and/or use of materials or technology for the purpose of cheating or facilitating cheating.
   b. Coercing or attempting to coerce a classmate to facilitate cheating.
   c. Using resources and materials prohibited by the Instructor.
   d. Collaboration on coursework that violates an Instructor’s stated policies or instruction.
   e. Misrepresenting contributions to group projects.

4. **Unauthorized Access to or Alteration of Privileged and Proprietary Information**
   a. Unauthorized access to and/or use of privileged University documents, files, or information and/or alteration thereof by electronic or any other means.
   b. Unauthorized access to and/or use of proprietary information. For example, the unauthorized dissemination of research prior to publication.
   c. Unauthorized access to and/or use of University course resources and materials. For example, distributing any course materials (syllabus, assignments, exams, etc.) without explicit permission from the instructor.

5. **Other Academic Dishonesty**
   a. Acts of academic sabotage. For example, the purposeful theft, vandalism, or unauthorized access of library books, academic records, equipment, or materials, or the theft or destruction of other Students’ work.
   b. Any other means of violating the standards of academic honesty set out above, existing or yet to be invented.

**C. Student Protections**

1. The burden shall be upon the Instructor to provide evidence that it is more probable than not that the Student has committed the alleged academic honesty violation.
2. A Student has the right to appeal the Instructor’s decision concerning an allegation of academic dishonesty.
3. Access to materials, files and records alleging and documenting a Student’s violation of the Academic Honesty Policy will only be authorized for disclosure to individuals necessary for the processing of the Academic Honesty Policy violation (such as the Student, Instructor, Chair, Dean, Provost, Academic Honesty Review Committee [AHRC]).
4. A Student has the right to petition the AHRC to have records of his/her violation of the Policy expunged. The AHRC shall review the petition and make its recommendation to the Provost. Factors to be considered include: (1) severity of the violation; (2) time that has elapsed since the violation; (3) present demeanor and contrition of the Student; (4) demonstrated conduct since the violation; and (5) the severity of any damage, injury, or harm resulting from the violation. Decisions on such petitions are at the discretion of the Provost, whose decision is final.

**D. Instructor Protections**

1. Instructors are expected to apply academic integrity standards consistently across all of their students in all of their classes and pursue all cases of academic dishonesty.
2. Instructors may attempt to stop suspected cheating in progress when appropriate (for example, during and examination). Instructors must then follow the procedure outlined in this policy prior to imposition of any academic dishonesty sanction.
3. For each incident of academic dishonesty, a record identifier that does not identify the student is generated that the Instructor may make reference to or include in retention, merit, rank, and promotion decisions (if applicable).
4. Should an instructor require legal assistance during any proceedings related to the charge of academic dishonesty, having followed the procedures outlined in the Policy, LMU will provide the faculty member with the assistance of University counsel. In addition, it is recognized that faculty have the right to be identified for all necessary expenditures or losses incurred in direct consequence of the discharge of their duties under California Labor Code section 2802.

**E. Sanctions**

Factors to be considered in applying sanctions for determinations of academic dishonesty under this policy shall include the nature and severity of the violation and whether there is a pattern of violations. Sanctions for violations of the Academic Honesty Policy may include the following:
1. Instructor-Imposed Sanction. Imposed at the sole discretion of the Instructor of record and may include (but is not limited to): a requirement to re-do the assignment; a reduced or failing grade on an assignment, or part of an assignment; a reduced or failing grade in the course. If the Instructor imposes a failing grade sanction in the course, a failing grade will appear on the transcript even in the case of subsequent withdrawal.

2. Suspension from the University. The sanction of suspension requires recommendation by the AHRC and approval of the Provost.

3. Dismissal from the University. The sanction of dismissal requires recommendation by the AHRC and approval of the Provost.

II. Definitions

1. Academic Honesty Policy: the official form on which the Instructor reports a violation of academic honesty.

2. AHRC: the Academic Honesty Review Committee, the body that provides a ruling the Provost concerning appeals and other matters related to violations of the Academic Honesty Policy.

3. Day: a regular University business day. It shall not include Saturdays, Sundays, or administrative holidays.

4. Dismissal: the permanent separation of the Student from the University. Permanent notification may appear on the Student's transcript. The Student will also not be permitted on campus or University premises. Any alteration, deferral or suspension of this sanction may be subject to conditions.

5. Institution/University: Loyola Marymount University.

6. Instructor: any LMU faculty member, librarian, or other individual authorized to evaluate students' academic work.

7. NR: Not Reported. NR will be used as a placeholder at the time of a final grade submission or recordation while an academic honesty violation appeal is in process.

9. Provost: the Provost or the Provost's designee for managing the day-to-day operations of the Academic Honesty Policy.

10. Record/Student Record: the permanent documentation kept by the University concerning the student's matriculation and performance. Files are all relevant physical or digital documentation of a case.

11. Student: a person enrolled in any University program or class.

12. Supervisor: the person to whom an Instructor reports directly in teaching-related matters. In most cases, the "Supervisor" is the Instructor's Department Chair or Program Director; for most Department Chairs and Program Directors it is the Dean or Associate Dean.

13. Suspension: the separation of the Student from the University for a stated period with an opportunity for reinstatement consideration. Permanent notification of suspension may appear on the Student's transcript. While suspended, the Student is ineligible for and shall not participate in any University sponsored activities and may be prohibited from a presence on campus and University premises. Suspended time will not count against any time limits of graduate schools or programs for completion of a graduate degree. Any alteration, deferral or suspension of this sanction may be subject to conditions.

14. Violation: a determined violation of the University's Academic Honesty Policy.

15. The terms "will" and "shall" are used in the imperative sense. The term "may" is used in the permissive sense.

III. Procedures

A. Process

1. An Instructor who has reason to believe that a student has violated the Academic Honesty Policy will inform the Student of the suspected academic dishonesty in an email sent to the Student's LMU email address (with a copy to the Instructor's Supervisor) within five days of discovering evidence of the academic dishonesty. This message should include a statement of the nature of the suspected violation, the evidence supporting the suspected violation and a deadline of five days for the Student to respond by email. Because at this point in the process there is only a suspicion or allegation of a policy violation, no determination has been made and there should not be any mention of a prospective sanction in the message. The communication should also include a request to meet (or confer) with the Student within five days after the student's response to the email.

2. The Instructor's meeting with the Student shall take place after receipt of the Student's email reply and provides an opportunity for the Instructor and the Student to discuss the suspected academic dishonesty, the evidence, and the prospective sanction (e.g., a failing grade on an assignment or a failing grade in a course), and any concerns the Student may have.

   a. If the Instructor determines that no violation of the Academic Honesty Policy has occurred, no further action or steps will be taken. The Instructor will notify the Supervisor of the determination.

   b. If the Instructor determines that a violation of the Academic Honesty Policy has occurred, a sanction within the purview of the Instructor will be imposed. A completed Academic Honesty Violation Form (with supporting evidence) will be forwarded to the Provost (with a copy to the Instructor's Supervisor and to the Student).

3. If the Student does not respond to the initial email from the Instructor within five days, a determination shall be made by the Instructor and if a determination of an Academic Honesty Policy violation is made, a sanction within the purview of the Instructor will be imposed. A completed Academic Honesty Violation Form with the supporting evidence will be forwarded to the Provost (with a copy to the Instructor's Supervisor and to the Student).

4. The Student may submit an appeal of the Academic Honesty Policy violation determination and/or sanction within five days of the Instructor's emailing of the Academic Honesty Violation Form.

   a. If no appeal is filed, then the Academic Honesty Policy violation determination becomes final. The Provost will file the paperwork, with a copy to the Student's Dean's Office, and apply the sanction determined by the Instructor. This terminates the process.

   b. If the Student files an appeal, then the grade on the relevant assignment, or in the course, will be converted to "NR" within five days of receipt of the appeal, and remain as such until the final resolution of the appeal process.

   c. In the case of a Student appeal, the Provost will submit the case to the AHRC for
reconsideration and will notify the Student and Instructor thereof.

5. When a determination becomes final, the Provost shall review the Student's record to determine if there is a prior history or pattern of academic dishonesty. For cases in which the Provost determines that such a history or pattern exists and therefore the Student's record and pattern of behavior warrants further review, the Provost will submit the Student's record of proceedings under the Academic Honesty Policy to the Academic Honesty Review Committee (AHRC) for consideration of additional action and will so notify the Student thereof.

6. If the AHRC determines that a violation merits a different result or sanction (in cases of appeal) or that the Student's pattern of behavior warrants an additional sanction, up to and including the Student's suspension or dismissal (in cases where the Provost requests further review), it shall communicate its decision to the Student and to the Provost within 15 days of the Provost's request for consideration.
   a. In cases of a ruling for additional sanction based on a pattern of behavior, the Student has 10 days to respond to the AHRC ruling; the response shall be submitted directly to the Provost.
   b. The Provost shall make the final decision within 5 days after the window for the Student's response to the AHRC ruling closes. Upon making the final decision, Provost shall add appropriate documentation to the Student's record, with a copy to the Student's Dean's Office, and apply the sanction. The Provost's decision is final and terminates the process.

7. All deadlines apply during the semester - that is, from the first day of classes to five days after final grades are due. Attempts will be made to conclude pending cases in May before the end of the academic year. All unresolved cases will be considered and determined in the next regular semester.

8. A Student charged with an Academic Honesty Policy violation prior to graduation may not receive a diploma/degree until any pertinent proceedings regarding that Student have been completed. A student who has been suspended cannot graduate unless and until he/she is reinstated.

9. The Provost's office will provide an annual report, without identifying Students, detailing the number and type of violations reported in different areas of the LMU community, as well as the number and type of AHRC rulings and Provost decisions, if applicable.

B. Appeals

1. A Student has the right to appeal the Instructor's decision concerning an allegation of academic dishonesty.

2. A Student may appeal on one or more of the following grounds:
   a. The violation determination is not supported by substantial evidence.
   b. New relevant evidence is available.
   c. The sanction is substantially disproportionate to the offense.
   d. The procedures detailed in this document were not materially followed, resulting in significant disadvantage or prejudice to the Student.

3. The Student must make his or her appeal in writing no later than five days following the Instructor's emailing of the Academic Honesty Violation Form to the Student.

4. All appeals must be submitted by email to the Provost (with a copy to the Instructor and the Instructor's Supervisor).

5. The Provost will inform the Instructor of the receipt of an appeal request within five days, and will submit the appeal request to the AHRC. At the request of the AHRC, the Instructor will be given the opportunity to provide additional evidence or argument should the Student present new arguments or evidence. The Student shall have a right to know of and respond to the AHRC respecting any new or additional evidence or argument provided by the Instructor to the AHRC.

6. The AHRC shall determine whether or not the evidence supports the allegation, if so, whether the sanction is appropriate taking into account all available evidence related to the academic dishonesty as well as, during the sanctions deliberations, any evidence provided by the Provost regarding any prior offenses, and whether the correct procedures were followed.

7. The AHRC will communicate its findings and ruling to the Provost.

8. In cases of an AHRC ruling for suspension or dismissal, the Student has 10 days to respond to the AHRC ruling about the propriety of the sanction; the response shall be submitted directly to the Provost.

9. The Provost shall make the final decision, in light of the recommendation of the AHRC and after consideration of any submission from the Student, and will communicate this decision to the Student and Instructor, with a copy to the Student's Dean's Office. The Provost's decision is final and terminates the process.

C. Documentation: Files and Records

1. A digital copy of the Academic Honesty Violation Form, with supporting evidence, will remain on file in the Provost's Office.

2. Records will have a protected status, with access only as authorized by law and permitted by the Provost.

Privacy Rights of Students in Education Records (FERPA)

Loyola Marymount University Policy on Confidentiality of Education Records (FERPA Policy)

The Family Educational Rights and Privacy Act of 1974, as amended ("FERPA"), is a Federal law which governs student privacy and confidentiality of student education records. Loyola Marymount University ("LMU") recognizes, abides by and enforces the confidentiality of student records under FERPA.

Definitions

For the purposes of this policy, the following definitions apply:

Student—any person who attends or has attended LMU.

Education records—any record (in handwriting, print, tapes, film, electronic, or other medium) maintained by LMU or any agent of LMU which is directly related to a student, except:

A personal record kept by a staff member if it is kept in the sole possession of the maker of the record and is not accessible or revealed to any other person except a temporary substitute for the maker of the record.
An employee record of an individual whose employment is not contingent on the fact that he or she is a student, provided the record is used only in relation to the individual’s employment.

LMU Department of Public Safety records created and maintained by LMU's Department of Public Safety for Department of Public Safety purposes.

Counseling records which are created or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional, acting in his or her professional capacity or assisting in a paraprofessional capacity, used solely in connection with the provision of treatment to the student and not disclosed to anyone other than individuals providing such treatment, so long as the records can be personally reviewed by a physician or other appropriate professional of the student's choice. "Treatment" in this context does not include remedial educational activities or activities which are part of the program of instruction at the institution.

Health records maintained by the Student Health Center, if the records are used only for treatment of a student and made available only to those persons providing the treatment.

Alumni records which contain information about a student after he or she is no longer in attendance at the University and which do not relate to the person as a student.

Annual Notification
Current students are notified annually of their rights under the Family Educational Rights and Privacy Act (FERPA) by publication in the University Bulletin and by posts on the LMU website.

Procedure to Inspect Education Records
Students may inspect and review their official academic or other education records (with certain limited exceptions) within 45 days of the day LMU receives the student's written request for access. A student should submit any such request in writing, identifying the record(s) the student wishes to inspect, to the appropriate LMU official or department. LMU will make arrangements for access and notify the student of the time and place where the records may be inspected.

Right of University to Refuse Access
LMU reserves the right to refuse to permit a student to inspect the following records:

- The financial statements of third parties.
- Letters and statements of recommendation for which the student has waived his or her right of access, or which were created before January 1, 1975.
- Records connected with an application to attend LMU, or any LMU program, after acceptance but prior to enrollment, or if that application was denied.
- Those records which are excluded from the FERPA definition of education records.

Refusal to Provide Copies
Unless required by FERPA or other law, LMU reserves the right to deny a student's access to academic transcripts or copies of records in any of the following situations:

The student has any unpaid financial obligations to LMU.

There is an unresolved disciplinary action against the student. Copies of disciplinary records will only be made available when a student is unable to come to the office to inspect the record.

Disclosure of Education Records
LMU will disclose information from a student's education record only with the written consent of the student, except:

- To school officials who have a legitimate educational interest in the records.
- A "school official" is any person employed by LMU in any administrative, supervisory, academic or research, or support staff position (including public safety and health services staff); any person or company with whom LMU has contracted to provide a service to or on behalf of LMU (such as attorneys, auditors, or collection agents); any person serving on LMU's Board of Trustees; or any student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.
- A school official has a "legitimate educational interest" if the official needs to review an education record in order to fulfill the official's professional responsibilities.
- To officials of another school, upon request, in which a student seeks or intends to enroll. A reasonable attempt will be made to notify the student prior to the release of such records.
- To certain officials of the U.S. Department of Education, the Controller General, Attorney General, and the state and local educational authorities, in connection with certain state or federally supported education programs.
- In connection with a student's request for or receipt of financial aid, as necessary to determine the eligibility, amount or conditions of the financial aid, or to enforce the terms and conditions of the aid. Parents' financial information, including statements submitted in connection with financial aid applications, is excluded from inspection.
- If required by a state law requiring disclosure that was adopted before November 19, 1974.
- To organizations conducting certain studies for or on behalf of the University.
- To accrediting organizations to carry out their functions.
- To parents of a dependent student, as defined in the Internal Revenue Code. The parents must provide a copy of their most recent federal income tax return establishing the student's dependency. Full rights under the act shall be given to either parent, unless LMU has been provided with evidence that there is a court order, state statute or legally binding document relating to such matters as divorce, separation or custody that specifically revokes those rights. LMU does not have an obligation to disclose any financial information about one parent to another. If a parent claims a student as a dependent and does not want his/her financial information disclosed to his/her spouse or former spouse, the parent may make that request to the institution.
- To comply with a judicial order or a lawfully issued subpoena.
- To appropriate parties in a health or safety emergency.
- To an alleged victim of a sexual assault of the final results of any institutional disciplinary proceeding against the alleged perpetrator of that crime with respect to that crime or offense.
- To courts for a legal proceeding brought by a parent or student against the university or by the University against a parent or student.
- To parents and legal guardians of students under age 21 if the student violated LMU policies, state or federal laws.
relating to the use or possession of alcohol or a controlled substance.

- To the public the final results of a disciplinary proceeding only if it has been determined that:
  - the student is an alleged perpetrator of a crime of violence or nonforcible sex offense; and
  - the student has committed a violation of the university's rules with respect to the allegation.
- To state and local juvenile justice systems or their officials.
- If designated as "Directory Information."

Directory Information
LMU is permitted under provisions of FERPA to release "Directory Information" upon request to anyone within the LMU community and to the general public without a student's consent. Students who wish to have their directory information withheld must notify the Office of the Registrar in writing each semester by the close of official registration. (Please note that such withhold notification will prevent LMU from providing your directory information to friends, prospective employers, organizations and others with whom a student may wish to share such information, so a student should make any withhold notification carefully.)

Directory Information consists of a student's:
- Name
- Address(es)
- Email address(es)
- Telephone numbers
- Date and place of birth
- Fields of study
- Enrollment status
- Dates of attendance
- Anticipated degree and degree date
- Degrees, honors, and awards received
- Participation in officially recognized activities
- Weight and height of members of athletic teams
- A student's personal identifier used by the student for purposes of accessing or communicating in electronic systems
- Class-related information necessary for classroom/student collaboration
- Most recent educational institution attended
- Photograph

Correction of Education Records
Students have the right to ask to have records corrected that they believe are inaccurate, misleading, or in violation of their privacy rights. A student should submit any such request to LMU in writing, clearly identifying the records that the student believes are inaccurate and specifying the reasons the student believes them to be inaccurate. LMU will notify the student of its decision, and if the decision is negative, of the student's right to a hearing regarding his or her request for amendment. Additional information regarding the hearing procedures will be provided at that time.

Notice of Student Rights with Respect to Education Records (FERPA)
The Family Educational Rights and Privacy Act of 1974 (20 U.S.C. 1232g) ("FERPA") affords students certain rights with respect to their education records. These rights include:

1. The right to inspect and review the student's education records (with certain limited exceptions) within 45 days of the day LMU receives the student's written request for access. A student should submit any such request in writing, identifying the record(s) the student wishes to inspect, to the appropriate LMU official or department. LMU will make arrangements for access and notify the student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the student believes to be inaccurate. A student should submit any such request to LMU in writing, clearly identifying the records that the student believes are inaccurate and specifying the reasons the student believes them to be inaccurate. LMU will notify the student of its decision, and if the decision is negative, of the student's right to a hearing regarding his or her request for amendment. Additional information regarding the hearing procedures will be provided at that time.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One such exception permits disclosure to "school officials" with "legitimate educational interests" without a student's consent. A "school official" is any person employed by LMU in any administrative, supervisory, academic or research, or support staff position (including public safety and health services staff); any person or company with whom LMU has contracted to provide a service to or on behalf of LMU (such as attorneys, auditors, or collection agents); any person serving on LMU's Board of Trustees; or any student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a "legitimate educational interest" if the official needs to review an education record in order to fulfill the official's professional responsibilities.

Another such exception permits LMU to disclose a student's "directory information," consisting of a student's name, address(es), email address(es), telephone numbers, major field of study, enrollment status, dates of attendance, anticipated degree and degree date, degrees, honors and awards received, participation in officially recognized activities; a student's personal identifier used by the student for purposes of accessing or communicating in electronic systems; most recent educational institution attended; and photograph, to anyone within the LMU community and to the general public. Students who wish to have their directory information withheld must notify the Office of the Registrar in writing each semester by the close of official registration. (Please note that such withhold notification will prevent LMU from providing your directory information to friends, prospective employers, organizations and others with whom a student may wish to share such information, so a student should make any withhold notification carefully.)

Upon request, LMU also discloses education records without consent to officials of another school in which a student seeks or intends to enroll or where the student is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer.

Information on other exceptions to FERPA's requirements is available through the Office of the Registrar.

4. The right to file a complaint with the U.S. Department of Education concerning LMU's compliance with the requirements of FERPA. The name and address of the Office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202.
The days of registration are listed in the University Calendar. All students must follow the registration procedures as established by the Office of the Registrar. A student is not considered registered until official clearance has been obtained from the Controller’s Office and successful registration has been processed in and posted to PROWL. The student’s official academic program consists of the courses in which the student is enrolled at the close of official registration.

Students register for classes via PROWL during the times assigned by the Office of the Registrar. Through the first week of each term, students may register or change their registration schedule by adding and dropping classes without a grade of "W" in accordance with the procedures established by the Office of the Registrar. Registration for a term or registration changes are not accepted after the last day of the registration period.

Students may withdraw from a course (and receive a grade of 'W') until the date published in the Academic Calendar. Students who do not complete a course and/or do not withdraw from a class in accordance with the required procedures will receive an appropriate grade in the class as assigned by the instructor.

LMU does not allow a student who is not registered for a course to attend the class. Registration must be completed in accordance with the regulations, procedures, and dates in the University Bulletin. Sitting in a class or obtaining an instructor’s signature on a petition form does not constitute enrollment.

The University does not remove courses for those students who stop attending a course. It is the sole responsibility of the student to ensure that his/her class schedule is correct, including dropping or withdrawing from any courses prior to the respective deadlines in the semester. Failure to withdraw officially from a course will result in a grade of "F" or other as assigned by the instructor.

Registration Restrictions
Courses may have registration restrictions, and students wishing to register for these courses must have met the criteria of the restriction. Restrictions and other registration considerations are enforced in PROWL and are identifiable in the Schedule of Classes.

Students who have not earned 60 units, including transfer credit, may not enroll in upper division courses without the approval of the instructor and the chair of the department of the course. This restriction does not apply to upper division foreign language courses for which a student has demonstrated sufficient proficiency.

Any holds on the student’s record for academic, financial, student conduct, or other reasons may inhibit eligibility for registration. A student is not considered registered until official clearance has been obtained from Student Accounts and successful registration through PROWL has been processed by the Office of the Registrar.

Repeat Courses
Certain courses such as special studies and performance courses are repeatable for credit. Please consult the University Bulletin and your advisor in order to confirm that a given course may be repeatable for credit.

Students may repeat a non-repeatable LMU course once, including withdrawals, in order to improve academic performance in that course. The prior occurrence is excluded from the cumulative grade point average and earned hours but remains on the transcript. The grade of the latest occurrence of the repeated course will be the one calculated into the GPA and earned hours. The third and final time a course is taken requires approval from the Dean.

- A repeat course must be taken on the same grade basis as the original occurrence. A course taken for a grade may only be excluded by the same course with a grade. Similarly, a course taken on a CR/NC basis may only be excluded by the same course taken on a CR/NC basis.
- Undergraduate students may not repeat an elementary or intermediate foreign language course after successful completion of a more advanced course in the same language.
- Courses taken at LMU after a degree has been granted will not change the graduation GPA.

Unit Overload
Undergraduate students are limited to enrolling in a maximum of 17 semester hours up until the third week prior to the first week of classes. Beginning the third week prior to classes and running through the first week of the term, undergraduate students are eligible to enroll in 18 or more semester hours with the approval of their Dean’s Office.

In order for an undergraduate student to enroll in 19 or more semester hours, the following criteria must be met:
1. A 3.50 overall GPA
2. A minimum of 15 semester hours completed during the prior full semester
3. A General Petition to adjust hours signed by the Associate Dean’s office and submitted to the Office of the Registrar.

The maximum load for graduate students during a Fall or Spring semester is 15 semester hours.

Transcripts
Transcripts show all Loyola Marymount University work completed as of the date of the transcript request. Work in progress is noted on the transcript. Requests for transcripts to show end of current semester's work are held until all grades are recorded. Transcript requests are processed in accordance with the date of filing. Transcripts will not be issued when a student has outstanding financial obligations to the University. In this case, the student will be notified by the Controller’s Office. Official transcripts of courses taken at the University are issued only with the permission of the student concerned. Unofficial or partial transcripts are not issued.

Transcripts from other institutions, which have been presented for admission or evaluation, become a part of the student’s permanent academic file and are not returned to the student. Students desiring transcripts covering work attempted elsewhere should request them from the appropriate institutions.

Transfer Credit and Articulation
Credit for work completed at institutions accredited by one of the six regional associations of the Accrediting Commission for Senior Colleges and Universities may generally be accepted toward the satisfaction of degree and credential requirements at Loyola Marymount University.

Course work completed at non-U.S. institutions must be documented on an official academic record from an international institution recognized by the Ministry or Department of Education of that country. A foreign credentials evaluation may be required. International transcripts submitted without appropriate evaluations may not be considered for eligible transfer work to LMU.

Articulation
The articulation services at LMU help undergraduate students to identify courses completed at other academic institutions that are transferable to LMU degree programs. Courses taken at other academic institutions may fulfill University core requirements,
Program (academic major/minor) requirements or transfer in as electives. LMU has established articulation agreements with its major feeder community colleges.

View these transfer agreements on the Registrar's website, and click on "Transfer Agreements."

Graduate students should consult their Dean's Office in their College or School.

Transfer Grades
Only LMU semester hour value is granted to transfer courses. LMU does not list grades from transfer courses nor does it use those grades in calculation of the LMU GPA.

Transfer Work
Undergraduate
Any undergraduate student regularly enrolled as a degree candidate who elects to take courses at a college or university other than Loyola Marymount University must obtain a Transfer Course Approval form signed by the Associate Dean of the student's College or School prior to enrollment in such courses and submit it to the Office of the Registrar. Courses taken without this approval may not be counted toward the degree. Entering transfer students generally receive credit after admission to LMU for courses from other colleges and universities.

Approved undergraduate courses with a grade of C (2.0) or higher may be counted for LMU credit. Credit will not be accepted for courses which
1. Are taken at colleges not accredited, trade schools, extension programs, or correspondence programs or have been identified as being remedial or in other ways as being non-transferable.
2. Are taken on a CR/NC or Pass/Fail basis where the CR or Pass grade is not equivalent to a grade of C or higher.
3. Are identified as duplicates to course work already completed (excludes courses that may be taken multiple times for degree credit).
4. Exceed the limitations of resident requirements.
5. Exceed the 60 semester hour maximum allowed for undergraduate course work from community colleges, or exceed the 90 semester hour maximum allowed for undergraduate course work from four-year institutions.

Graduate Transfer Work
At the time of admission to a program, and if approved by his/her Department, Program Director, and/or Dean of the student's college or school, a student may transfer a maximum of two applicable courses of approved graduate credit, six (6) semester units total, from an accredited institution for work completed no more than five years ago.

1. A course credit may be transferred when the grade received was at least a "B" (3.0), and if taken on a CR/NC or Pass/Fail basis, where the CR or Pass grade is equivalent to a grade of B (3.0) or higher.
2. If a course was used to satisfy a degree requirement, it usually cannot be used for transfer credit, with the exception of core or prerequisite requirements.

VA Certification
Students must apply for educational benefits through the Department of Veterans Affairs. Qualified students will receive from the VA a Certificate of Eligibility indicating the educational benefits to which they are entitled. Once committed to LMU and registered in classes, students must submit their Certificate of Eligibility to the Office of the Registrar for enrollment certification processing. Enrollment certification will be performed prior to each semester of enrollment until the University is notified that benefits have been exhausted or the student is no longer enrolled at LMU.

The Office of the Registrar acts as liaison between the student and the Veterans Administration. Any student eligible to receive educational benefits under one of the various Veterans Administration programs must, at the beginning of each term for which he or she is registered, complete and/or submit the appropriate application for certification of educational benefits. Information or consultation regarding Veterans educational benefits is available at any time during regular office hours. For more information regarding how to apply for Veterans' educational benefits, visit http://academics.lmu.edu/registrar/services/veteranbenefits/.

LMU participates in the Yellow Ribbon Program; which is a Post-9/11 GI Bill enhancement program for students who qualify for 100% of the Post-9/11 GI Bill. This program allows institutions of higher learning in the United States to voluntarily enter into an agreement with the VA to fund tuition expenses that may exceed the higher of the actual tuition and fees for a private school. The number of student sponsored for Yellow Ribbon Program benefits is limited. For additional information on this and other Chapter financial considerations, please see the Financial Aid website.

Federal Law requires that educational assistance benefits to Veterans and other eligible persons be discontinued when the student ceases to make satisfactory progress toward their degree objective. Individuals who qualify, and wish to receive veterans’ educational benefits, must meet the published academic standards and requirements of the University in order to be certified for Veterans educational benefits.
University Honors Program
Created in 1958, the University Honors Program at Loyola Marymount University seeks to offer an intellectually creative and rigorous academic community for outstanding students. Not housed inside of any given college or school, the University Honors Program is an interdisciplinary set of courses and activities designed to create life-long love of learning and the intellectual habits required to serve others. Although academic excellence is the hallmark of the program, the University Honors Program is equally committed to the education of the whole person, the service of faith, and the promotion of justice.

Students in the University Honors Program do not take the regular University Core courses. Instead, they participate in a series of interdisciplinary seminars that challenge as well as inform, ask hard questions as well as examine tested solutions, and create new solutions as well as ponder the implications of such solutions. Drawing from faculty from across the University, the University Honors Program provides a creative, demanding, and integrated curriculum for academically excellent students who are seeking a rigorous, multidisciplinary course of study to accompany their major(s) and minor(s).

The University Honors Program also offers co-curricular and extracurricular activities and events, including "The University Honors Program Presents," a multidisciplinary, campus-wide lecture series featuring speakers and performers from Southern California and the nation. The Honors Summit is a retreat held at the beginning of the academic year that allows Honors students to get to know each other and learn about the program.

The University Honors Program is open to students from any school or college of Loyola Marymount University, regardless of major. The Program is administered by the Honors Director, the Honors Associate Director, and the Honors Program Coordinator with the assistance of the Honors Advisory Council. Faculty members of all disciplines are encouraged to be involved with the University Honors Program.

Students in the University Honors Program must maintain a 3.50 cumulative GPA and attend a majority of Honors-sponsored events in order to continue in the program. Graduating students receive an Honors medallion to be worn with their academic regalia at Commencement.

Admission to the University Honors Program is open to all incoming and current first year students. The program is interested in students who display a sense of academic adventure, high motivation, academic rigor, personal responsibility, social awareness, and the constant pursuit of excellence. Incoming first year students must complete a special University Honors Program application (in addition to their application for admission to Loyola Marymount). Current first year students must schedule an interview with the Honors Director, presenting a writing sample from a class taken at Loyola Marymount and a letter of recommendation from a faculty member. Only a limited number of students who apply will be invited to join the University Honors Program. Application materials are available at http://www.lmu.edu/honors.

Further details on requirements are continued under "University Honors Program" in the University Bulletin.

Academy of Catholic Thought and Imagination
The Academy for Catholic Thought and Imagination at Loyola Marymount University is a community of scholars who work in dialogue with the Catholic intellectual tradition by developing, critically examining, communicating, or otherwise engaging the rich resources of Catholic thought and imagination, especially as it is informed by Jesuit and Ignatian vision. The Academy serves as a hub for scholarship, interdisciplinary research, innovative pedagogy, and creative outreach across LMU's campus, in the southwest United States and beyond.

ACTI supports a diverse array of activities:
- Producing scholarship
- Collaborating with other Jesuit and Catholic institutions
- Nourishing LMU's intellectual vitality
- Collaborating and facilitating interaction with and between existing LMU centers and institutes whose missions overlap that of the Academy
- Contributing to the development of curricula across schools and departments
- Engaging wider local, national, and global communities through lectures, symposia, workshops and collaborative events.

The ACTI is located on the fourth floor of University Hall, in Suite 4404. For additional information on ACTI services, please call 310.338.3711 or visit the website at http://academics.lmu.edu/acti.

Academic Resource Center
The Academic Resource Center at Loyola Marymount University provides academic support for all LMU students. It is the mission of the ARC to promote engaged academic citizenship and to provide opportunities for students to become more fully integrated into the rich and diverse culture of the university.

Our office offers content tutoring for gateway courses in subjects such as Chemistry, Economics, and Modern Languages. Certified ARC peer tutors provide one-on-one writing support for papers in any class and lead a wide variety of writing workshops on topics including researching tools, addressing audience, citing sources, quoting and paraphrasing, and written argumentation.

Students who need assistance locating, understanding, and utilizing their academic planning tools may meet with an ARC University Advisor. Students looking for an academic boost may receive access to the ARC online video library by signing up for Kickstart, where they will find tips on how to develop productive study habits, time management skills, critical reading, note-taking strategies, and much more.

The ARC also supports a variety of programs for special populations, such as First to Go, which serves first-generation college students on campus, and programs for the entire campus community, such as the LMU Common Book, which brings faculty, students, and staff together for a shared academic experience.

The ARC is located on the second floor of Daum Hall, and all services are included in the cost of tuition. For additional information on ARC services, please call 310.338.2847 or visit our website at www.lmu.edu/arc.

Air Force ROTC
Air Force ROTC at Loyola Marymount University provides an opportunity for students to become commissioned officers in the United States Air Force. The program is typically completed in four years, but there is some flexibility for students to finish the requirements on an accelerated timeline. The program seeks to better develop students in the areas of character, leadership, physical fitness, and academic performance. In addition, AFROTC
provides opportunities for scholarships and other financial aid. More information can be found under the "Aerospace Studies" section of this University Bulletin.

**Basil P. Caloyeras Center for Modern Greek Studies**
The Caloyeras Center for Modern Greek Studies provides students with an opportunity to study the culture of contemporary Greece. Courses are offered in Modern Greek history, the Greek Orthodox tradition and spirituality, Modern Greek literature, language and culture, theater, and film. Every summer the Center organizes the Odyssey Program, a four-week travel and study program in Greece. The program is open to all LMU students.

The Center has the following goals:
* To offer courses in modern Greek language, post-classical and modern literature and history, the Greek Orthodox tradition, theatre, cinema, dance, music, and the fine arts
* To encourage students to pursue a minor in Modern Greek Studies
* To sponsor lectures on subjects pertaining to Greece which are of interest to the academic community and to the public at large
* To encourage students and faculty to pursue studies and research projects in Greece.

The Center supports the courses that lead to a minor in Modern Greek. (See "Classics and Archaeology" in this Bulletin.)

The Center also sponsors and organizes lectures, readings, film screenings, concerts, symposia, and exhibitions on topics of interest to the university and the community at large.

The Caloyeras Center for Modern Greek Studies is located in University Hall. For more information, call 310.338.4463 or visit the website at http://bellarmine.lmu.edu/moderngreek.

**LMU Extension**

**Center for Religion and Spirituality**
Established as the Center for Pastoral Studies in 1977, the Center for Religion and Spirituality is one of Loyola Marymount’s interdisciplinary centers, and an embodiment of the University’s commitment to serve the Archdiocese of Los Angeles, neighboring dioceses, and religious communities throughout Southern California.

The purpose of the Center is to provide educational opportunities for adult learners that strengthen their religious and spiritual formation as ministers, educators, and leaders who are committed to the pursuit of service and justice in their own communities.

In collaboration with University faculty, the local Church, and religious leaders, the Center carries out this purpose in three ways: continuing education in theology, religion, and spirituality with an emphasis on pastoral leadership; theological research that is interdisciplinary, intercultural, and interreligious; and outreach to individual parishes, religious institutions, and faith-based organizations.

The Center for Religion and Spirituality is located in University Hall, Suite 1840e. For more information please call 310.338.2799 or visit the website at http://extension.lmu.edu/crs.

**Continuing Education**
LMU Extension is the continuing education unit of Loyola Marymount University. Utilizing both in-class and online platforms, LMU Extension offers transformative learning opportunities by means of professional certificate programs, coursework and special events in business and nonprofit development, counseling, education, ministry, the arts and humanities, and other fields of study that support the academic and professional goals of nontraditional students and lifelong learners.

LMU Extension offers certificates, courses, programs, institutes, conferences, and lectures which provide a variety of educational experiences to members of the community. There are three types of classifications of such offerings.

The first of these is Professional Development courses in a certificate or professional development program with identifiable subject areas or in particular disciplines, e.g., teacher education. These are offered under a departmental rubric and carry University semester hours of continuing education/professional development credit. The second type are those courses with academic content falling outside the normal undergraduate or graduate offerings. Such courses and programs are offered under the rubric CNTX. Credit is recorded in semester hours; 1.0 semester hour represents 10 continuing education contact hours. The third type is personal enrichment programs covering a variety of activities that might include dance, martial arts, or yoga, to name but a few.

Regular Loyola Marymount undergraduate students may enroll in "For Credit" LMU Extension courses with permission of their College or School Dean, at the fees quoted for such courses, above and beyond regular full-time tuition. Enrollment in other LMU Extension offerings is unrestricted unless otherwise specified, also at the fees quoted.

LMU Extension is located in University Hall, Suite 1863. For more information, please call 310.338.1971 or visit the website at http://academics.lmu.edu/extension.

**Disability Support Services**
The Disability Support Services (DSS) Office provides specialized assistance and resources that enable students with documented physical, perceptual, learning, ADD/ADHD, psychiatric disabilities and students on the autism spectrum to achieve maximum independence while pursuing their educational goals. Services are offered to students who have established documented disabilities under federal and state law. Staff specialists constantly interact with all areas of the University to eliminate physical and attitudinal barriers. Please visit our website for more details: http://www.lmu.edu/dss/ or contact us at 310.338.4216. Please note that all information is confidential.

**Individualized Study Program**
The Individualized Study Program involves a select number of creative and highly motivated students within all colleges and schools of the University whose educational needs and goals cannot fully be met by individual departments or majors. The program is thus designed to offer each participant greater responsibility in determining the content of his or her major program, based upon the goals to which that major is directed. Students may wish to construct their programs or areas of concentration from interdisciplinary, independent study, field work alternatives, or a combination thereof.

The program is open to freshmen and sophomores who have completed at least one semester in the participating colleges or school. Once accepted into the program by the Dean of the student’s college or school, the student selects a counselor who assists in designing the specific content of the major in line with the student's objectives.

The student's program is then formalized into a contract signed by the student, advisor, and Dean. Upon completion of the contracted
course of studies, the student is issued a degree in Individualized Studies.

Orientation
The Freshman Orientation Program welcomes new students to the Loyola Marymount community. During Orientation, students are introduced to the academic and co-curricular programs of the University, meet with faculty for individual academic advisement, and are assisted in registering for courses. Students also become familiar with all of the services, activities, and resources available to them. Throughout the Orientation Program, students interact in small groups, led by current LMU students. Since Orientation provides a useful introduction to the people, programs, and opportunities LMU offers. All incoming freshmen are required to participate in the program. For additional information, please contact the Orientation office at 310.338.7429 or orientation@lmu.edu.

The Transfer Orientation Program is the best way to acclimate to life at LMU. Orientation helps students become familiar with their new campus, learn about student life, and introduce them to current and other new students as well as helpful and friendly faculty and staff. Some of the activities that take place at orientation include: opportunities to meet faculty and discuss questions about the University; introductions to LMU's wide-ranging events, clubs, and organizations; discussions with current students about various involvement opportunities on campus; and a chance to speak with representatives from all administration areas (Registrar, One Card, Financial Aid, etc.). For additional information regarding Transfer Orientation, please contact the Transfer Programs office at transferprograms@lmu.edu or 310.338.5252.

Postbaccalaureate Premedical Program
The Loyola Marymount University Postbaccalaureate Premedical Program is for those who received a bachelor's degree from an accredited four-year institution in an unrelated field, and have completed less than four of the prerequisite courses for admission to medical or dental school. A minimum undergraduate GPA of 3.2 is required to qualify for the program. The ideal candidate will have had sufficient experience in the medical field, either through volunteer work or previous employment, to serve as a basis for an informed, mature, and committed decision to enter the field of medicine or dentistry.

The program is designed to prepare students for the challenges of medical and dental school by offering intensive, full-time study in the classroom and in the community over a 13-month period. The program enrollment is set at 14-16 students to give individual attention, support, advising, and resources that meet students' needs.

LMU offers a structured and comprehensive curriculum that gives students the opportunity to prepare for the MCAT or DAT in five terms.

To remain in the program, students will need to successfully complete a full-time load (minimum 12 semester hours Fall and Spring semesters, and 6 semester hours in two 6-week Summer sessions) and maintain a minimum of 3.2 term GPA.

Individuals interested in applying to this program should check the program website for application materials and timeline:
http://cse.lmu.edu/programs/hpao/pre-medicalpostbaccalaureateprogram.

For questions about the program, please send an email to pre-health@lmu.edu.

Preparation for a Career in Law
The University offers several curricula that are appropriate for students who plan to enter law school upon the completion of their undergraduate degree. The prelaw student should select a course of study that insures the development of the skills essential to the successful study of law: 1) the ability to use language and communicate effectively and 2) the ability to think critically and creatively. In addition, the prelaw curriculum must provide a broad understanding of basic human institutions and values.

To insure they follow an appropriate course of study, prelaw students are advised to select their classes in consultation with the University Prelaw Advisor. The Prelaw Advisor also serves as a resource person for students during the law school application process.

Preparation for the Health Professions
The Health Professions Information Program provides the student with regular informational meetings. The Director of the Program serves as a resource person and is available for individual consultation. The Director's Office distributes relevant materials to prospective applicants and maintains their files for the Health Professions Advisory Committee. The Committee assists students in completing the application process to health professional schools.

The University offers pre-health professional curricula for those students who plan to apply for admission to the following programs: Medicine, Dentistry, Optometry, Pediatric Medicine, Veterinary Medicine, Pharmacy, Medical Technology, Occupational Therapy, Physical Therapy, and Public Health. These curricula are not degree programs, and students who wish to complete the requirements for a Bachelor's degree before admission to a professional school should select a major within the University. Students usually select a biology, biochemistry, or other science major. Students in other majors should consult with the director early in their college career about blending pre-health profession courses with their chosen major. In addition to fulfilling the requirements of the chosen major, specific requirements of the professional programs should be satisfied. The following lower division courses are usually required: BIOL 101, BIOL 102, BIOL 111, BIOL 112, BIOL 201, BIOL 202; CHEM 110, CHEM 111, CHEM 112, CHEM 113, CHEM 220, CHEM 221, CHEM 222, CHEM 223; English (6 semester hours); MATH 122, MATH 123; PHYS 253, PHYS 254, and PSYC 1000. In addition, other specified upper division biology, biochemistry, and statistics courses and electives from Liberal Arts, Fine Arts, and the Sciences may be required.

Students should be aware that many health professional schools do not recognize some AP credits and that alternative coursework may need to be completed to meet admission requirements. Please discuss with the Director.

Study Abroad
Semester Study Abroad Models
Semester programming listed as "featured" indicates federal, state, and institutional aid travels with the student.

LMU Semester Programs
LMU Semester Study Abroad programs provide unparalleled opportunities to learn in a distinctive setting, experience a new culture and become a global citizen. Spending three to four months abroad is the perfect way to really get to know a new city, a new country, and potentially a new language. Students will study with LMU classmates and learn from LMU faculty and local instructors. LMU semester programs offer a range of core and specialized courses, for which students will earn LMU credit and grades. All
courses are taught in English with the exception of foreign language courses.

Students apply for the program one semester before they would like to participate, register for courses via PROWL, pay LMU tuition and program fee, and keep their financial aid package including any grants and scholarships already awarded. A comprehensive list of LMU semester programming can be found on the LMU Study Abroad website.

LMU Exchange Programs
Exchange programs allow LMU students to spend a semester studying at carefully selected institutions of higher education around the world. An exchange program is an exceptional opportunity to enhance one’s college experience and become fully immersed in another culture. LMU students live and study with students from the host country. Academically, they will be challenged by learning a new language, if they choose, or exploring an array of unique course offerings that count as transfer credit toward their LMU degree. In order for transfer work to be eligible for LMU credit, a course must be passed with a grade of "C" or higher.

Students apply for the program one semester before they would like to participate, pay LMU tuition, and keep their financial package including any grants and scholarships already awarded. Housing and Board costs vary by location and are paid directly to the host institution. At most institutions, LMU students take courses taught in English as well as any applicable foreign language courses. Exchange Programs in Spanish speaking countries require that students have an intermediate level of Spanish, as they will take classes taught in Spanish as well as any available courses taught in English. A comprehensive list of reciprocal exchange programming can be found on the LMU Study Abroad website.

Other Featured Programming
Loyola Marymount University highlights other programming offered by other U.S. or international institutions. One such organization is the Association of Jesuit Colleges and Universities, which has a common mission and belief in the development of the whole person and a commitment to social justice, service, and leadership development. The LMU Study Abroad Office offers several AJCU semester study abroad programs, which have been selected to meet LMU standards. In order for transfer work to be eligible for LMU credit, a course must be passed with a grade of "C" or higher.

Students apply for the program one semester before they would like to participate, pay LMU tuition and program fee, and keep their financial package including any grants and scholarships already awarded. A comprehensive list of other featured programming can be found on the LMU Study Abroad website.

Non-LMU Study Abroad Programs
A list of other academically approved programs may be found on the Study Abroad website. If a student chooses to study abroad in one of the approved programs, he or she must follow the administrative procedures below in order to receive prior approval. In order for transfer work to be eligible for LMU credit, a course must be passed with a grade of "C" or higher. Schedule an advising appointment with the Study Abroad Advisor who advises for Non-LMU programs.

- In addition to the host institution application materials a student must submit directly to the host institution, he or she must complete an LMU Study Abroad Application by the deadline. Students will go through the Study Abroad Transfer of Credit Approval (TCA) process to determine how the courses will transfer towards their degree as part of their LMU Study Abroad Application.
- Students are strongly encouraged to speak with their departmental advisor about their study abroad plans and discuss how they fit with their academic plan.
- Students who do not complete the above full administrative procedure starting with the Study Abroad office will not be approved to receive academic credit for their Study Abroad program.

Summer Semester Study Abroad Models

LMU Summer Programs
LMU Summer Study Abroad programs, typically four to five weeks, provide a rich academic experience complemented by short cultural excursions. Students can take core and specialized courses for which they will receive LMU credit and grades. Each program is led by LMU faculty members whose expertise in the country and subject matter give a lasting perspective of the host country and provide a strong academic foundation.

Students apply for the program through the Study Abroad Office, register for courses via PROWL and pay for the program cost via the Student Account Center. A comprehensive list of programming can be found on the LMU Study Abroad website.

Non-LMU Summer Programs
Non-LMU Summer Study Abroad programs, typically four to five weeks, provide a rich academic experience complemented by short cultural excursions. The LMU study abroad office has selected a small number of non-LMU summer programs to highlight and offer to our students in conjunction with our own programming. In order for transfer work to be eligible for LMU credit, a course must be passed with a grade of "C" or higher.

Students apply for the program through the Study Abroad Office and pay for the program cost as indicated on the LMU study abroad website, via the Student Account Center. A comprehensive list of programming can be found on the LMU study abroad website.

Study Abroad Administrative Procedures and Forms

Study Abroad Transfer Course Approval Form
The Study Abroad Transfer Course approval form is used for all study abroad programming models aside from the full LMU semester or summer programs. The Study Abroad Transfer Course Approval (SATCA) form is part of the application process for study abroad. In order for transfer work to be eligible for LMU credit, a course must be passed with a grade of "C" or higher.

Students who wish to receive transfer credit towards their degree must:

- Complete a Study Abroad Transfer course approval form listing all courses. If you are taking courses which are part of your academic major program, you must obtain the approval of the Department Chair for each course. Take the approved form to your Dean's Office for approval and then submit it to the Study Abroad Office for further processing.
- Courses which have not received prior approval on the SATCA form generally do not earn LMU credit. Students seeking to transfer credit from overseas program experiences that does not follow the full pre-approval process may find that credit is not transferable.
- All Study Abroad work completed through a sponsoring institution must be documented on an official transcript from a U.S. Institution accredited by one of the six
University Library

Since 2009, the William H. Hannon Library—a modern LEED Gold certified building located centrally on campus overlooking the bluff and the city of Los Angeles—has served as the cultural and intellectual heart of the LMU Campus. The librarians and staff at the Hannon Library contribute to the success of each LMU student and faculty member by providing outstanding information resources, expert research assistance, and access to advanced technology in a beautiful and comfortable setting. Through services and collections both physical and digital, we support the learning and research needs of our community 24 hours a day.

Our collections include 500,000+ books in print, 67,000+ online journals, 450,000+ e-books, and 200 online research databases. The Department of Archives and Special Collections houses rare books, manuscripts, art, and the University Archives. Notable holdings include the St. Thomas More, Oliver Goldsmith, and the Helena and John Weadock Collection of rare English and American first editions. Other important collections are the papers of the motion picture producer Arthur P. Jacobs, best known for the Planet of the Apes series, and the Werner Von Bollstenstern postcard collection, which contains over a million cards. The department also houses the Research Collection of the Thomas and Dorothy Leavey Center for the Study of Los Angeles which collects research materials relating to local public officials, post-World War II developers, late nineteenth-century reformers, and prominent Catholic families.

The Digital Library Program currently comprises the Digital Collections and Digital Commons @ Loyola Marymount University and Loyola Law School, and Digital Scholarship. The Digital Collections showcase digitized materials from the Department of Archives and Special Collections, contain materials in various formats, and cover a variety of subject areas including the history of Southern California, Catholicism in Los Angeles, and Loyola Marymount University; postcards from around the world; medieval manuscripts and more. Digital Commons is an initiative of the William H. Hannon Library and the William M. Rains Library. The repository serves faculty and institutional interests by collecting, organizing, preserving, and disseminating faculty and student scholarship and creative works in a digital, open-access environment. It also serves as the platform for the publication of the university's law and other academic journals. The Digital Library Program also supports and facilitates digital scholarship and digital humanities on campus.

Information literacy—the ability to identify information needs, locate and access relevant information, and critically evaluate a diverse array of sources—is a key skill embedded throughout all four years of the LMU Core Curriculum. Our librarians collaborate closely with LMU faculty to offer expert, customized instruction to help LMU students develop and hone their research and critical thinking skills in every discipline. In addition to library instruction integrated into the classroom, expert help is available from a librarian in person at our Information Desk, and 24/7 via chat, text-message, email, or phone.

The library also contributes to the education of the whole person through a robust and diverse lineup of cultural and intellectual programming and exhibitions. We team up with campus partners throughout the academic year to offer entertaining and educational author talks, discussions, receptions, installations, and performances designed to highlight our library collections and the research and creative works of our LMU students and faculty.

Study Abroad Petitions

Students who would like participate in a semester program that is not pre-approved must petition the Study Abroad Office for a one-time program approval. This process must be started at least one year before the study abroad semester. Students wishing to petition for summer programming must submit a similar petition by March 1 in advance of any non-LMU summer program of that same year. Students must demonstrate a compelling academic reason to attend and follow the full administrative procedure starting with the Study Abroad Office. The petition must be pre-approved by the Study Abroad Office, the student's Associate Dean and the institution accreditation must be verified and approved by the Office of the Registrar.

The Study Abroad Office strongly recommends that the full administrative petition process be completed before the student makes any payment to a non-approved program.

For more information regarding Study Abroad opportunities, please consult the Study Abroad website (http://www.lmu.edu/studyabroad) or contact the Director of Study Abroad, Adrian Doyle, at Adrian.Doyle@lmu.edu, 310.338.1973.

Thomas and Dorothy Leavey Center for the Study of Los Angeles

The Thomas and Dorothy Leavey Center for the Study of Los Angeles is one of the leading undergraduate research centers in the nation. It is a respected leader in public opinion surveys, exit polling, and leadership and community studies.

Founded in 1996, the Center conducts groundbreaking research through its LA Votes exit poll project, LA Riots Anniversary Studies, and LA Region Public Opinion and Leaders Surveys. It provides rigorous, mentored research experiences for undergraduate students with an emphasis on hands-on field research.

The Leavey Center for the Study of Los Angeles is located in University Hall, Suite 4119. For more information, please call 310.338.4565 or visit the website at http://academics.lmu.edu/studyla.

Study Abroad work completed at an international institution must be documented on an official academic record from an institution recognized by the Ministry or Department of Education of that country. Work completed at institutions which do not have official recognition by the Ministry or Department of Education of that country are not eligible for transfer.

Order an official transcript from the University attended and have it sent directly to the LMU Office of the Registrar. LMU course credit will not be granted without an official transcript.

The Department of Archives and Special Collections houses rare books, manuscripts, art, and the University Archives. Notable holdings include the St. Thomas More, Oliver Goldsmith, and the Helena and John Weadock Collection of rare English and American first editions. Other important collections are the papers of the motion picture producer Arthur P. Jacobs, best known for the Planet of the Apes series, and the Werner Von Bollstenstern postcard collection, which contains over a million cards. Academic Awards and Commencement Honors

Dean's List
The Dean's List is an honorary academic acknowledgment for undergraduate students which is printed on the transcript at the end of the Fall and Spring semesters. The list consists of full-time, degree-seeking undergraduate students who must have in a term:
- Completed all courses, with minimum of 14 semester hours at LMU
- Received letter grades in at least 12 semester hours of which none is an "F"
- Earned a cumulative term grade point average of 3.50 or higher

Latin Honors
Honors at commencement are determined by the LMU cumulative grade point average at the time the degree is granted. Only honors earned by merit of academic performance at LMU will appear on the student's record. These honors are entered on the transcript and are inscribed on the diploma.

To be eligible for academic honors at commencement, an undergraduate student must have completed at least 60 semester hours toward the baccalaureate degree on a graded basis (Credit/No Credit courses are excluded) at LMU.

The following grade point averages are required for the honors indicated:
- 3.9 Summa Cum Laude
- 3.7 Magna Cum Laude
- 3.5 Cum Laude

Eligible students for honors at May commencement received a degree on the previous August 31 or December 31 degree date, or must be a degree candidate for honors in May. An indication of honors pending at graduation printed in the commencement program is unofficial. The final determination will be made after a review of all completed undergraduate courses counted toward the degree.

University Academic Awards
For undergraduate students to be eligible for academic awards presented at the May Commencement ceremony, they must have either graduated in the previous Summer or Fall term or be a candidate for graduation for May.

The University Scholar of the Year Award
Presented to the student who, in the four-year undergraduate program at LMU, is determined to have achieved the best overall academic record in the graduating class.

The Ignatian Award
Awarded to the graduating senior man who has achieved well academically and who has distinguished himself in leadership and service to the student body and the University.

The Marian Award
Awarded to the graduating senior woman who has achieved well academically and who has distinguished herself in leadership and service to the student body and the University.

The Valedictorian Award
Presented to the student who, in the four-year undergraduate program, is chosen after a presentation to the Valedictorian Committee to give the Valedictorian Address at the Undergraduate Commencement Exercises.

Presidential Citations
Presented to outstanding graduating seniors who have combined excellence in the classroom with effective service and leadership in the University community.

University Honor Societies
Loyola Marymount University sponsors numerous honor societies to recognize significant academic achievement of its students.

Alpha Kappa Delta Sociology Society
Established at LMU in 1997, Alpha Kappa Delta is an academic organization dedicated to the study of sociology, the research of social problems, and other social and intellectual activities. It promotes the development of scholastic and leadership skills within the framework of a national honor society and the Department of Sociology. It was founded in 1920 at the University of Southern California.

Beta Gamma Sigma Business Society
The establishment of the first national honor society for business students was the result of the 1913 merger of three separate societies from the University of Wisconsin, University of Illinois, and University of California. Beta Gamma Sigma is an international honor society recognizing the outstanding academic achievements of students enrolled in collegiate business and management programs. LMU's chapter started in 1982.

Beta Beta Beta Biology Society
Since its inception at Oklahoma City University in 1922, Beta Beta Beta has been a society for students dedicated to improving the understanding and appreciation of biological study and extending boundaries of human knowledge through scientific research. The society has been at LMU since 1999.

Gamma Kappa Alpha National Italian Honor Society
Gamma Kappa Alpha acknowledges superior scholastic performance in the field of Italian language, literature, and culture, and is open to membership at institutions of higher learning in the United States and Canada. The Society encourages college students to acquire a greater interest in, and a deeper understanding of, Italian culture, art, and history. It was founded at Nazareth College in Rochester, NY, in 1983 and established at LMU in 1998.

**Kappa Delta Pi International Honor Society in Education**

The Kappa Delta Pi International Honor Society in Education was founded in 1911 at the University of Illinois and established at LMU in 1996. It is dedicated to recognizing scholarship and excellence in education, promoting development and dissemination of worthy educational ideas and practices, and enhancing the continuous growth and leadership of its diverse membership.

**Lambda Pi Eta Communication Studies Society**

Founded at the University of Arkansas in 1985, this society later became the official honor society of the National Communication Association. Taking its name from the three elements of persuasion as described in Aristotle's Rhetoric, it functions to foster development among students and professionals in the field.

**Omicron Delta Epsilon Economics Society**

Omicron Delta Epsilon is an international honor society for economics that was created in 1963 through the merger of two honor societies, Omicron Delta Gamma and Omicron Chi Epsilon. The LMU chapter was established in 1990. This society recognizes scholastic attainment and honor outstanding achievements in economics and intends to establish of closer ties between students and faculty in economics within colleges and universities.

**Phi Alpha Theta History Society**

Established at the University of Arkansas in 1921, Phi Alpha Theta is a professional society whose mission is to promote the study of history through the encouragement of research, teaching, publication, and the exchange of learning and ideas among historians. The LMU chapter started in 1968.

**Phi Sigma Tau Philosophy Society**

The purpose of Phi Sigma Tau is to serve as a means of awarding distinction to students having high scholarship and personal interest in philosophy and to promote student interest in research and advanced study in this field. It was founded at Muhlenberg College in 1930, incorporated in 1955, and became active at LMU in 1987.

**Pi Delta Phi French Honor Society**

This society was established in 1906 at the University of California at Berkeley, with the goals of recognizing outstanding scholarship in French language and literature and increasing knowledge of the contribution of French-speaking countries to world culture. LMU's chapter began in 1969.

**Pi Mu Epsilon Mathematics Society**

Pi Mu Epsilon is an honorary national mathematics society founded at Syracuse University in 1914, with the purpose of promoting scholarly activity in mathematics among the students in academic institutions. The society was established at LMU in 1975.

**Pi Sigma Alpha National Political Science Honor Society**

Pi Sigma Alpha was founded in 1920 at the University of Texas at Austin. Its goal is to stimulate scholarship and intelligent interest in the field of political science. LMU's chapter was established in 1998.

**Psi Chi Psychology Society**

Psi Chi Psychology Society was established in 1929 at Yale for the purposes of encouraging, stimulating, and maintaining excellence in scholarship and advancing the science of psychology. LMU started a chapter of the society in 1979.

**Sigma Delta Pi Hispanic Society**

Sigma Delta Pi, the National Collegiate Hispanic Honor Society, was established in 1919 at the University of California at Berkeley. Its goals include honoring those who attain excellence in the study of the Spanish language and encouraging university students to acquire a greater interest in and a deeper understanding of Hispanic culture. LMU's chapter became active in 1972.

**Sigma Pi Sigma National Physics Honor Society**

Founded at Davidson College, North Carolina, in 1921, Sigma Pi Sigma exists to honor outstanding scholarship in physics, to encourage interest in physics among students at all levels, to promote an attitude of service of its members towards their fellow students and colleagues and to the public, and to provide a fellowship of persons who have excelled in physics. The society was established at LMU in 1979.

**Sigma Tau Delta English Society**

Founded at Dakota Wesleyan College in 1924 and established at LMU in 1994, Sigma Tau Delta members are expected to have superior creative talent and to have an interest in literature and language beyond the classroom. They are dedicated to providing cultural and intellectual enlightenment in a community of others who have similar talents and interests.

**Sigma Xi Scientific Research Society**

At LMU since 1967, Sigma Xi endeavors to encourage support of academic achievement and original work in science and technology and to promote an appreciation within society at large for the role research has played in human progress. Founded at Cornell University in 1886, it is among the oldest such societies in the nation.

**Tau Beta Pi Engineering Society**

This national engineering honor society was founded at Lehigh University in 1885 to honor students displaying excellence in scholarship and exemplary character as undergraduates in engineering and to foster a spirit of liberal culture in engineering colleges. The LMU chapter was established in 1974.

**Theta Alpha Kappa Religious Studies Society**

Founded in 1976 at Manhattan College, Theta Alpha Kappa is the only national honor society recognizing excellence of students involved in the study of religion and theology. The society was established at LMU in 1981.

**The College or School Scholar Awards**

Presented to the top graduating senior who has achieved the highest academic record in the Bellarmine College of Liberal Arts
The Erlandson Award, the College of Business Administration, the College of Communication and Fine Arts, the Frank R. Seaver College of Science and Engineering, the School of Education, and the School of Film and Television.

The Clinton J. Albertson, S.J., University Honors Program Award
Presented to an outstanding graduating student in the University Honors Program.

The American Chemical Society Analytical Division Award
Given to the third-year student who has demonstrated excellence in analytical chemistry and displays an aptitude for a career in the field.

The American Chemical Society Organic Division Award
Given to the outstanding student of two semesters of organic chemistry.

The American Institute of Chemists Award
(Biochemistry and Chemistry)
The gift of the Western Chapter of the American Institute of Chemists presented to the graduating senior who, in the opinion of the faculty of the Department of Chemistry, is deserving of special recognition for leadership, character, and excellence in scholarship.

The Samuel Z. Arkoff Awards
The gift of Samuel Z. Arkoff, awarded annually in two categories of achievement: best film and best full-length film script by an undergraduate student.

The Virginia Barnelle Theatre Arts Award
Given to a continuing senior who has demonstrated superior academic achievement, outstanding service to the program and University at large, and in recognition of excellence in the field of Theatre Arts.

The Leonard Simon Blenkiron English Award
The gift of Mrs. Mae Emma Blenkiron, in memory of her husband, Leonard Simon Blenkiron, awarded to a senior English major for excellence in English.

The Sister Regina Buchholz, S.C.R.H., Art and Art History Award
Presented in honor of Sister Regina Buchholz, S.C.R.H., former Professor of Art, by the Department of Art and Art History, to a senior Studio Arts major in recognition of excellence in the field of art and of service to the University.

Sr. Martin Byrne Award in Business Administration

The Caloyeras Center Summer Scholarship
This all-expenses-paid summer scholarship to study in Greece is awarded to a student in the Modern Greek Studies Program who has demonstrated superior academic achievement.

The Peter B. Caloyeras Scholarships
The Basil P. Caloyeras Center offers five annual scholarships for the Odyssey Summer Study in Greece Program. The scholarships are a gift to LMU by Basil P. Caloyeras in memory of his father, Peter, and are awarded based on academic excellence and financial need.

The Stanley Chan Political Science Award
Given to the outstanding graduate of the Political Science Department who demonstrates superior academic achievement, outstanding service to the University, and commitment to Judeo-Christian values.

The CRC Press First-Year Chemistry Award
Given to the outstanding student of two semesters of first-year general chemistry.

The Delta Sigma Pi Scholarship Key
The gift of the local chapter of Delta Sigma Pi to a business student for academic excellence and leadership potential.

The Dockweiler Gold Medal for History
The gift of Mrs. Henry I. Dockweiler awarded annually to the graduating senior who has achieved general excellence in the field of history and in service to the University.

The Jerome K. Doolan Endowed Engineering Award
The gift of Mr. and Mrs. Jerome K. Doolan, awarded to the graduating senior engineer, who, by reasons of his or her scholarship, participation in student activities, and promise of future success in his chosen profession, shall have been judged deserving of special recognition.

The Financial Executives Medallion Awards
Presented by the Financial Executives Institute, recognizing the top student in the field of finance for the four years of study.

The Finnegan-Reiland Education Award
Named in honor of two former professors of the School of Education, the award recognizes distinction in student teaching, superior scholastic achievement, and service to others.

Garvin Marketing Scholarship

The St. Genisius Theatre Arts Performance Award
Given to a graduating senior who has demonstrated outstanding achievement in theatre arts performance exemplifying the University ideals of faith, action, and the education of the whole person.

The Graham Alumni Award

The Barbara and Hugh Gray Award for Greek Studies
Presented by the Basil P. Caloyeras Center for Modern Greek Studies to the author of the best paper on Modern Greek Studies.

Greek Scholar of the Year

The Jack Haley, Jr., Film Award
Originally created by Jack Haley, Sr., and now supported by a grant from Jack Haley, Jr. Designed to foster and encourage excellence in student film production.

History Department Chair’s Award for Non-Majors

The Carl G. Kadner Biology Award
Presented to the graduating senior who has achieved academic excellence, exhibited strong leadership, and provided dedicated service to the Biology Department.

Kalbfleisch Award in Physics

The Jerome J. Korth Award
Presented to the graduating senior in the Frank R. Seaver College of Science and Engineering with the highest grade point average in the University's core curriculum.

Fr. Terrance Mahan, S.J., Award in American History

The Marketing Student Award
Presented by the Loyola Marymount Collegiate Chapter of the American Marketing Association to the senior with outstanding participation, academic achievement, and career potential in marketing.

The Marie Anne Mayeski Award in Theological Studies

Noyce Scholars

The John O'Neill, S.J., Department of Classics and Archaeology Award

Dr. Thomas D. Pitts Biology Award
A gift of the alumni, honoring Dr. Thomas D. Pitts, Professor of Biology from 1948-1974, to a graduating senior in the Department of Biology who has shown a growth to academic excellence and provided service to the University.

Sr. Margaret A. Renehan, RSHM, Award in World History

Paul Salamunovich Choral Excellence Award

The Alan Seydoux Memorial Biology Award
Given to a graduating senior who has achieved excellence in the area of field or marine biology and who has provided service to the University.

Richard Trame, S.J., Music Award
Presented to the outstanding senior woman and man graduating from the Department of Music for outstanding musical, academic, and professional development and contribution.

The Mary Tsassis European History Award

Presented by the Basil P. Caloyeras Center for Modern Greek Studies to the graduating senior who has demonstrated excellence in European history.

Anthony F. Turhollow Award for Distinguished Leadership

The Wall Street Journal Student Achievement Economics Awards
The gift of Dow Jones & Company, publishers of the Wall Street Journal, to be given to the senior who ranks highest in finance and in economics.

Special Awards

The AFROTC Award
The gift of the President of Loyola Marymount University to the graduating senior in the Air Force ROTC who exemplifies the high ideals of the University through leadership and service to AFROTC, the school, and the community.

Eugene Escallier Foreign Study Scholarship Award
An endowed gift of Lucien Escallier to a full-time junior or senior student for educational enrichment through travel and foreign study within the area where western culture was born.

Rev. James N. Loughran, S.J., Award for Community Service
Presented to the outstanding graduating senior in good academic standing who, through his/her leadership, activities, and involvement with the community beyond the campus and throughout his or her years at Loyola Marymount University, has improved relations between the community and the University and has created a positive view of Loyola Marymount University. The recipient has exemplified Jesuit and Marymount ideals of hard work and generosity, has had a significant impact in off-campus service, and has given promise of selfless and effective leadership in the years ahead.

Sr. Raymunde McKay, R.S.H.M., Service and Leadership Award for Seniors
Presented to graduating seniors in good academic standing who, during their years at Loyola Marymount, have excelled as leaders and servants. The recipients of the McKay Award have: been instrumental in initiating change; taken on leadership roles that have motivated their peers to challenge themselves and others; enriched the quality of University life by building school spirit and by creating a positive and respectful community; and given selflessly of their time and energy in an attempt to make the world—that of the University, local community, and nation—a better place.
University Honors Program

All University Colleges

Director
Vandana Thadani

Associate Director
John David N. Dionisio

Senior Program Coordinator
Sara Alongi

Objectives
The University Honors Program at Loyola Marymount University seeks to offer academically outstanding students with intellectually creative, rigorous courses that promote a life-long love of learning and the intellectual habits required to serve others. The sequence of courses culminates in a Senior Thesis project (either HNRS 4100 or a Senior Thesis/Project completed through a course in their major), prepared under the guidance of a faculty mentor. Honors students are strongly encouraged to present their work either at the LMU Undergraduate Research Symposium or at national conferences in their discipline. Selected students will have the opportunity to attend and present work at the annual conferences for the National Collegiate Honors Council (NCHC) and the Association of Jesuit Colleges and Universities (AJCU).

For more on the program, including how to apply, please consult the description of the University Honors Program in the Academic Programs and Services section of the Bulletin, or look at the program's website at http://www.lmu.edu/honors.

Program Requirements
Students in the University Honors Program replace the University Core with the University Honors Core. Where sections are designated as "Honors" (indicated also with an asterisk), Honors students must enroll in courses with HNRS course numbers.

For Students from All Colleges EXCEPT Frank R. Seaver College of Science and Engineering

Foundations (Years 1-2)
* Honors Colloquium: Introduction to Honors (1 semester hour)
First Year Seminar (must enroll in a section restricted to Honors)
* Honors Philosophical Inquiry
* Honors Theological inquiry
Studies in American Diversity (taken from the University Core)

University Honors students must demonstrate proficiency in a foreign language. This requirement is met through coursework at the intermediate level of a foreign language (e.g., completion of 203 or 1102/2102 level courses in the Modern Languages), AP credits toward language courses as determined by the Office of the Registrar, or by examination. International students fulfill this requirement by TOEFL proficiency in English as a Second Language.

Explorations (Years 2-3)
* Honors Colloquium: Research and Exhibition (1 semester hour)
* Honors Literary Analysis
* Honors Historical Analysis

Integrations (Years 3-4)
* Honors Colloquium: Post-Baccalaureate Success Seminar (1 semester hour)
* Honors Ethics and Justice
Faith and Reason (taken from the University Core)
* Honors Thesis (or thesis/capstone project developed through a capstone course in the major). Note that a capstone course in the major will not satisfy the thesis requirement unless it culminates in a thesis or project. Students fulfilling the thesis requirement through a course in the major must obtain prior approval from the Honors Director or Associate Director.
* Honors Portfolio and Assessment (0 semester hours)

For Students from Frank R. Seaver College of Science and Engineering

Foundations (Years 1-2)
* Honors Colloquium: Introduction to Honors (1 semester hour)
First Year Seminar (must enroll in a section restricted to Honors)
* Honors Philosophical Inquiry
* Honors Theological inquiry
Studies in American Diversity (taken from the University Core)

University Honors students must demonstrate proficiency in a foreign language. This requirement is met through coursework at the intermediate level of a foreign language (e.g., completion of 203 or 1102/2102 level courses in the Modern Languages), AP credits toward language courses as determined by the Office of the Registrar, or by examination. International students fulfill this requirement by TOEFL proficiency in English as a Second Language.

Explorations (Years 2-3)
* Honors Colloquium: Research and Exhibition (1 semester hour)
* Honors Literary Analysis
* Honors Historical Analysis

Integrations (Years 3-4)
* Honors Colloquium: Post-Baccalaureate Success Seminar (1 semester hour)
* Honors Ethics and Justice
Faith and Reason (taken from the University Core)
* Honors Thesis (or thesis/capstone project developed through a capstone course in the major). Note that a capstone course in the major will not satisfy the thesis requirement unless it culminates in a thesis or project. Students fulfilling the thesis requirement through a course in the major must obtain prior approval from the Honors Director or Associate Director.
* Honors Portfolio and Assessment (0 semester hours)

AP and IB Equivalencies
The University Honors Program offers HNRS credit for AP and IB tests in the appropriate areas in accordance to LMU's AP and IB equivalences. However, Honors sections of courses—specifically Honors Literary Analysis; Honors Historical Analysis; and Honors Nature of Science, Technology, and Mathematics—may not be satisfied through AP credit. AP credit in a foreign language may be used to fulfill the Honors language requirement.

Liberal Studies Students
Students who are working toward elementary education credentials need to meet with the Honors Director to determine the best coursework path. Decisions about courses will be made in consultation with the Center for Undergraduate Teacher Preparation.

Additional Notes
The University Honors Program does not require flags or courses in Rhetorical Arts, Quantitative Reasoning, and Interdisciplinary Connections.
Bellarmine College of Liberal Arts

Administration
Dean: Robbin D. Crabtree
Associate Deans: Jennifer Eich, Richard Fox, Michael Horan
Assistant Deans: Shannon Pascual, Emily Schlam

Mission of the Bellarmine College of Liberal Arts (BCLA)
BCLA is the oldest and largest school at LMU and the liberal arts is at the heart of the LMU undergraduate education for all our students. We have 22 degree programs and 28 minors that will help you sharpen your intellectual capacity, gain deep content knowledge, and practice the marketable skills—such as critical thinking, writing, diversity awareness, and teamwork—that are highly valued by employers. In fact, the overwhelming majority of employers prefer to hire people who demonstrate the outcomes from a liberal arts education. Liberal arts graduates have similar peak earnings as business and pre-professional majors, and are more likely to pursue graduate degrees.

In the Liberal Arts you will:
- Think about the ideas, traditions, and institutions that influence our culture and society
- Engage in exciting community-based and experiential learning opportunities
- Prepare to work in the widest range of professions and become career-ready
- Build your capacity for citizenship and engagement with the world
- Be able to personalize your studies by combining majors and minors.

The liberal arts will stimulate your curiosity, broaden your horizons, deepen your self-awareness, enhance your moral principles and ethical reasoning, and develop habits for lifelong learning.

BCLA Student Learning Outcomes
By virtue of their liberal arts courses, LMU students should understand:
- The various ways in which knowledge is established and integrated
- The broad outlines of human history and the interconnectedness of the world
- The philosophical and theological dimensions of our intellectual traditions.

By virtue of their liberal arts courses, LMU students should be able to:
- Demonstrate written and oral competencies
- Synthesize and apply knowledge to solve problems, personal and social
- Interact cross-culturally and pursue justice, locally and globally.

By virtue of their liberal arts courses, LMU students should value:
- The life of the mind, enhanced self-awareness and social awareness
- Critical reflection that leads to thoughtful action
- Diversity, responsibility, justice, and globally sound human practice.

Similarly, BCLA students attain the learning outcomes of their majors and minors, found in the following program descriptions.

Organization of the College
The College offers undergraduate majors and/or minors in the following fields of learning:

Master's level graduate programs are offered in the following fields:

1. Bioethics
   - M.A. in Bioethics
   - Graduate Certificate in Bioethics
   - General Concentration in Bioethics
   - Concentration in Catholic Bioethics

2. English
   - M.A. in English
   - With emphasis in:
     - Literature
     - Creative Writing
     - Rhetoric and Composition

3. Philosophy
   - M.A. in Philosophy

4. Theological Studies
   - M.A. in Theology
   - Concentration in Comparative Theology option
   - Concentration in Pastoral Leadership option
   - or
   - Concentration in Spiritual Direction option

5. Yoga Studies
   - M.A. in Yoga Studies

**Application of General University Requirements**
The University requirements for admission, graduation, and all general rules and regulations of the University as set forth in this Bulletin are applicable to and binding upon all students enrolled in the Bellarmine College of Liberal Arts.

**Degree Requirements for a Baccalaureate Degree in the Bellarmine College of Liberal Arts**
The degree program has three components: core, major, and electives. The core curriculum, which is taken throughout the four-year program, provides educational breadth and embodies Loyola Marymount's educational mission and vision. The major provides a field of concentration that develops a depth of understanding in the humanities or social sciences. Finally, up to one-third of the program is made up of electives. This provides the opportunity for exploring fields of study complementary to the major or for developing expertise in a second major or minor.

**All BCLA students should be aware of the following policies:**
124 semester hours are required for graduation with the following distribution: a) at least 45 semester hours of upper division, and b) a maximum of 32 upper division semester hours or no more than two upper division courses beyond the major requirements in any one department will be accepted toward graduation requirements.

Enrollment by degree-seeking students at another institution at the same time they are enrolled at LMU is not permitted. Courses taken concurrently elsewhere will not be accepted toward degree requirements in BCLA. See Financial Aid policies for additional restrictions.

The Bellarmine College of Liberal Arts accepts a maximum of two semester hours of physical education only upon entrance for a new transfer student. Other physical education hours do not count toward degree requirements.

A maximum of 10 semester hours of Aerospace Studies credit will be accepted.

Students should consult the Dean's Office for specific policies applicable to the Bellarmine College of Liberal Arts.

**Students Interested in Teaching in California Public Schools**
Students wishing to teach grades K-5 in California public schools are required to obtain a Multiple Subjects Subject Matter Teaching Credential and demonstrate "subject matter competence" to teach the many subjects commonly taught in elementary school. Subject matter competence must be demonstrated by passing the California Subject Examination for Teachers (CSET). To prepare for this examination, students complete the requirements of the Liberal Studies Bachelor's of Arts degree in the Bellarmine College of Liberal Arts. Students interested in the Liberal Studies degree program should consult a Liberal Studies advisor.
Students wishing to teach in grades 6-12 in California public schools are required to obtain a Single Subject Credential and demonstrate "subject matter competence" to teach a particular subject (e.g., English, Social Studies, Foreign Language, Mathematics, or Science). Subject matter competence can be demonstrated by either passing a national exam or by successfully completing an approved subject matter preparation program in English. Students interested in teaching English at the 6-12 grades levels should consult the English Subject Matter advisor in the English Department. The Frank R. Seaver College of Science and Engineering offers an approved single subject preparation program in mathematics. Students interested in teaching mathematics should consult an advisor in the Mathematics Department. Subject matter preparation programs in science and French are pending, whereas Spanish and the social sciences have been approved.

A Multiple Subjects Subject Matter or Single Subject Matter teaching credential can be earned concurrently with a Bachelor's degree. Except for Liberal Studies majors, students may declare a minor in Education and begin taking Education courses after completion of 30 semester hours (first semester Sophomore standing). In order to maximize the full potential of taking Education courses with the undergraduate program, students are strongly encouraged to declare the Education minor early in their career. Credential programs are also available in Special Education (K-12) and Bilingual Education (Spanish, K-12). For more information on Education programs, see the School of Education section in this Bulletin.

Secondary Teacher Preparation Programs
For information on these programs, see the Secondary Teacher Preparation section in this Bulletin.

African American Studies

Faculty
Chairperson: Eliza Rodriguez y Gibson
Professor: Brad Elliott Stone
Associate Professor: Adilifu Nama
Assistant Professor: Marne L. Campbell

African American Studies, B.A.

Objectives
The Department of African American Studies at LMU is devoted to the scholarly examination of the social, cultural, economic, political, and spiritual forces that impact the lives of people of African descent in the Americas and, in turn, the communities they create. AFAM and its curriculum provide students with an explanatory framework through which they can analyze not only the historical and contemporary experiences of peoples of African descent but also those of the wider human community in a global and increasingly diverse society.

By examining the lived experiences of Africans in America and throughout the Diaspora from the perspective of various disciplines, students develop a deeper understanding of themselves and their interactions within a diverse society. Thus, African American Studies provides students with an excellent preparation for graduate study, professional schools, social advocacy and activism to promote social justice, and numerous employment opportunities (e.g., law, education, counseling, entertainment, social work, public relations, business, etc.) that require a Bachelor of Arts degree.

African American Studies Student Learning Outcomes
By virtue of exposure to African American Studies courses, African American Studies students should know:
- The general history of African American people in the U.S. and the Diaspora
- A basic comprehension of the Black Aesthetic
- The significance of Black people of America and the global community
- A critical understanding of the systemic forces that impact traditional institutions within the Black community;

African American Studies students should be able to:
- Demonstrate written competency in the analysis of theories and practices concerning Black racial formations
- Demonstrate oral competency in the analysis of theories and practices concerning Black racial formations
- Use and interpret data and other social facts to answer research questions pertaining to African American interests;

African American Studies students should value:
- The role of African American Studies in and by direct engagement with Black communities
- The dignity of Black people, institutions, and practices
- The concept of diversity in the modern and complex world in which we live.

Major Requirements

Lower Division Required Courses:
- AFAM 1211 Introduction to African American Studies 4 semester hours
- AFAM 2221 Black Cultural Arts 4 semester hours
- AFAM 2243 Social Science Research Methods 4 semester hours

Upper Division Required Courses:
- AFAM 3211 African American History 4 semester hours
- AFAM 3621 African American Literature 4 semester hours
- AFAM 3643 Sociology of the Black Community 4 semester hours
- AFAM 4641 Capstone Project 4 semester hours

Electives:
Eight (8) semester hours in AFAM courses, four (4) of which must be Upper Division. Students may count Gospel Choir courses as Lower Division electives for the Major.

African American Studies Model Four-Year Plan
The normal course load is 16 semester hours (4 classes). By following the model below, a student will complete all lower division core requirements by the end of the sophomore year as well as AFAM major prerequisites. Note that core areas are suggested to provide a distribution of various disciplines every semester. Please be flexible implementing these suggestions, given your own interests and course availability. In four years, this plan meets all common graduation requirements.
Freshman Year

Fall Semester
- AFAM 1211 Introduction to African American Studies 4 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 13-16 semester hours

Spring Semester
- AFAM 2221 Black Cultural Arts 4 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 13-16 semester hours

Sophomore Year

Fall Semester
- AFAM 2243 Social Science Research Methods 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 13-16 semester hours

Spring Semester
- AFAM 3211 African American History 4 semester hours
- University Core 3-4 semester hours
- AFAM Elective 4 semester hours
- Elective 3-4 semester hours

Total: 14-16 semester hours

Junior Year

Fall Semester
- AFAM 3621 African American Literature 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours

Total: 13-16 semester hours

Spring Semester
- AFAM 3643 Sociology of the Black Community 4 semester hours
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours
- Upper Division Elective 3-4 semester hours

Senior Year

Fall Semester
- AFAM Upper Division 4 semester hours
- Upper Division Elective 3-4 semester hours
- Upper Division Elective 3-4 semester hours
- Upper Division Elective 3-4 semester hours

Total: 13-16 semester hours

Spring Semester
- AFAM 4641 Capstone Project 4 semester hours
- Upper Division Elective 3-4 semester hours
- Upper Division Elective 3-4 semester hours
- Upper Division Elective 3-4 semester hours

Total: 13-16 semester hours

African American Studies Minor

Minor Requirements
20 semester hours, including AFAM 1211, AFAM 3211, and twelve (12) semester hours of electives, eight (8) of which must be upper division. An average grade of C (2.0) must be obtained in the courses included in the minor. Students may count Gospel Choir courses as lower division electives for the Minor.

Asian and Asian American Studies

Chairperson
Robin Wang

Faculty
Professor: Edward J.W. Park
Assistant Professors: Curtiss Takada Rooks, Yanjie Wang

Introduction
Asian and Asian American Studies (AAAS) is an interdisciplinary department which was created in Fall 2016 through the merger of two programs, Asian and Pacific Studies (ASPA) and Asian Pacific American Studies (APAM). Seeking to promote Loyola Marymount University’s Mission amidst changing local, national, and international realities, its faculty uses the exploration of cultural, political, socioeconomic, and religious issues in Asia and the United States to educate the whole person and to contribute to the encouragement of learning. In an increasingly transnational world where global citizenship, multicultural awareness, interfaith dialogue, and social justice are emphasized and valued, AAAS offers transformative education by bringing together teacher-scholars and students from different disciplines and fields in the social sciences, the humanities, and the arts to study and to critically analyze the past and the present on both sides of the Pacific.

The department offers a major and a minor in ASPA and a minor in APAM.

Asian and Pacific Studies, B.A.
Objectives
Asian and Pacific Studies (ASPA), an interdisciplinary area studies program, provides a general background to the traditions and cultures of Asia and the Pacific as well as an understanding of contemporary issues relating to that region. Furthermore, given the present shift of interest to the Pacific region, it aims to deepen the student's knowledge of Asia and the Pacific or of a country/area through a concentrated study in one academic discipline. This academic program, therefore, is intended to develop the student's personal interest in Asian and Pacific affairs and to prepare her or him for Asia-related career opportunities. Majors and minors in ASPA are encouraged to enroll in LMU's Study Abroad offerings in Asia.

Asian and Pacific Studies Student Learning Outcomes
- Students will come to understand the cultures of the Asian Pacific region and their contributions to human civilization, with special attention to distinctively Asian culture and spiritual traditions that originated in this region.
- Students will enhance their competencies by doing original research on topics of concern in the Asian Pacific region, and communicate their findings in both written and oral presentations. Students will also acquire a basic knowledge and skill in an Asian language.
- Students will have the opportunity to develop self-awareness by exploring interactively the relationships between their own cultures and those of the Asian Pacific region.

Major Requirements

Lower Division Requirements (8 semester hours)
including:
- ASPA 2100 Asian Civilizations 4 semester hours
- HIST 1800 Modern Asia: China, Japan, and Korea since 1600 4 semester hours

Language Requirement (8 semester hours):
Study of an Asian language (competence expected is the equivalent of a one-year study, i.e., 8 semester hours). Native speakers of an Asian language may be exempted from the language requirement but will be strongly encouraged to study another language. At LMU, course credit may be obtained for CHIN 1101, CHIN 1102, CHIN 2103, CHIN 2104; FLPN 1101, FLPN 1102, FLPN 2103, FLPN 2104; JAPN 1101, JAPN 1102, JAPN 2103, JAPN 2104. At UCLA, credit may be obtained through the SOCCIS program for Arabic, Korean, and Mongolian.

Upper Division Requirements (24 semester hours):
- ASPA 3200 Masterpieces of East Asian Literature 4 semester hours
- ASPA 3500 Economic and Political Issues in Contemporary Asia 4 semester hours
- ASPA 5000 Senior Integrating Seminar 4 semester hours

Note:
Choose the additional twelve upper division semester hours from ASPA courses or, in consultation with the Chairperson, from courses with substantial content focused on Asia and the Pacific region in other disciplines, including art, business, economics, history, philosophy, political science, and theological studies.

Asian and Pacific Studies Model Four-Year Plan
The normal course load is 16 semester hours (4 classes). By following the model below, a student will complete all lower division core requirements by the end of the sophomore year as well as ASPA major prerequisites. Note that core areas are suggested to provide a distribution of various disciplines every semester. Please be flexible implementing these suggestions, given your own interests and course availability. In four years, this plan meets all common graduation requirements.

Freshman Year

Fall Semester
- HIST 1800 Modern Asia: China, Japan, and Korea since 1600 4 semester hours
- Asian Language 4 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- University Core 3-4 semester hours

Total: 14-16 semester hours

Spring Semester
- Asian Language 4 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 13-16 semester hours

Sophomore Year

Fall Semester
- ASPA 2100 Asian Civilizations 4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours
- Elective 3-4 semester hours

Total: 13-16 semester hours

Spring Semester
- University Core 3-4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours
- Elective 3-4 semester hours

Total: 12-16 semester hours

Junior Year

Fall Semester
- ASPA 3200 Masterpieces of East Asian Literature 4 semester hours
- ASPA Upper Division 4 semester hours
• University Core 3-4 semester hours
• Upper Division Elective 3-4 semester hours

Total: 14-16 semester hours

Spring Semester

• ASPA 3500 Economic and Political Issues in Contemporary Asia 4 semester hours
• ASPA Upper Division 4 semester hours
• University Core 3-4 semester hours
• Upper Division Elective 3-4 semester hours

Total: 14-16 semester hours

Senior Year

Fall Semester

• ASPA Upper Division 4 semester hours
• ASPA Upper Division 4 semester hours
• Upper Division Elective 3-4 semester hours
• Upper Division Elective 3-4 semester hours

Total: 14-16 semester hours

Spring Semester

• ASPA 5000 Senior Integrating Seminar 4 semester hours
• ASPA Upper Division 4 semester hours
• Upper Division Elective 3-4 semester hours
• Elective 3-4 semester hours

Total: 14-16 semester hours

Upper Division Electives

College of Communication and Fine Arts:

• ARHS 3341 Arts of Islam 4 semester hours
• ARHS 3351 Arts of Asia 4 semester hours
• ARHS 4301 Arts of India 4 semester hours
• ARHS 4303 Arts of China 4 semester hours
• ARHS 4305 Arts of Southeast Asia 4 semester hours
• ARHS 4307 Arts of Japan 4 semester hours
• DANC 371 Martial Arts 0 TO 2 semester hours (2 semester hours required)
• DANC 374 Yoga I 0 TO 2 semester hours (2 semester hours required)
• MUSC 454 World Music Ensembles I 0 OR 1 semester hour
• MUSC 455 World Music Ensembles II 0 OR 1 semester hour
• THEA 348 Asian Spirit in Drama 3 semester hours

College of Business Administration:

• FNCE 4470 Multinationals and the Third World 3 semester hours
• INBA 3810 International Business 3 semester hours

Note:
Credit is contingent upon substantial work on Asia and/or the Pacific. Check for course prerequisites or requirements.

Additionally, courses in BLAW, ECON, FNCE, MGMT, MRKT, and POLS with an international focus and courses in DANC, ENGL, and MUSC with a world focus and that have substantial work on Asia and/or the Pacific may fulfill upper division hours in the major or minor. Please consult with the Chairperson.

In all cases, check for course prerequisites or requirements.

Asian and Pacific Studies Minor

Minor Requirements
16 semester hours

• HIST 1800 Modern Asia: China, Japan, and Korea since 1600 4 semester hours, or
• One Asian Language 4 semester hours, or
• ASPA 2100 Asian Civilizations 4 semester hours, or
• A Foundations course in the University Core curriculum that has substantial content focused on Asia 4 semester hours

• ASPA 5000 Senior Integrating Seminar 4 semester hours
• Asia-related courses 8 semester hours

In consultation with the Chairperson, the student may choose courses in another College or School, if the courses prove to have substantial content focused on Asia and the Pacific region.

Asian Pacific American Studies Minor

Objectives
Asian Pacific American Studies (APAM) supports Loyola Marymount University's commitment to multicultural education. APAM is designed to enhance student understanding of the histories and contemporary issues that impact the lives of Asian Pacific
Americans in the United States. People of all races and ethnicities are encouraged to enroll in APAM courses. Only through a critical understanding of our multicultural society can we begin to "live together, learn together, work together, and forge new ties that bind together."

Asian Pacific American Studies Student Learning Outcomes
- An understanding of the historical contributions of Asian Pacific Americans
- An understanding of contemporary issues facing Asian Pacific American communities
- A knowledge of the ethnic, class, gender, and generational diversity of Asian Pacific Americans
- A knowledge of Asian Pacific American cultural, literary, and artistic expressions

APAM Minor Requirements
20 semester hours
- APAM Lower Division (8 semester hours required)
- APAM Upper Division (12 semester hours required)

Note: Other courses may be approved with the consent of the Associate Chairperson.

Bioethics

Faculty
Director: Roberto Dell'Oro

Contact Information
Director: Roberto Dell'Oro
E-mail: rdelloro@lmu.edu
Program Administrator: Elizabeth Quiros-Loe
E-mail: equirosl@lmu.edu
Administrative Assistant: David H. Rogoff
E-mail: David.Rogoff@lmu.edu
Website: www.lmu.edu/bioethics
Offices: University Hall 4500

Mission Statement
The graduate programs in bioethics at Loyola Marymount University are distinct programs of study leading to a Master of Arts degree or a Graduate Certificate in Bioethics. The programs provide graduate educational opportunities that will enable students to reflect systematically on contemporary issues in bioethics through a challenging liberal arts and sciences curriculum with a commitment to social justice.

Admission Requirements
The Master of Arts and Graduate Certificate programs follow the same admission criteria.
Prerequisites:
- Baccalaureate degree or its equivalent
- Undergraduate GPA of at least 3.0

Application Requirements:
- Graduate Division Application
- Two Letters of Recommendation

Required Courses: 12 semester hours
- BIOE 6000 Introduction to Bioethics 3 semester hours
- BIOE 6100 Bioethics at the Beginning of Life 3 semester hours
- BIOE 6200 Law and Bioethics 3 semester hours
- BIOE 6300 Bioethics at the End of Life 3 semester hours

Bioethics, M.A.
The Master of Arts in Bioethics is a multidisciplinary program that facilitates learning and thinking from an interdisciplinary perspective. It fosters the critical analysis of bioethical topics through the interplay of moral theory and medical practice. An M.A. in Bioethics can prepare students for doctoral study at another institution, or complement other graduate work in fields such as Philosophy, Law, Medicine, Theology, and Spiritual Care.

Learning Outcomes of the M.A. Program in Bioethics
Graduates of the Bioethics Institute will be able to:
- Understand the basic problems, methods, and approaches to the field of bioethics

International Applicants Only:
- Language Test Scores (TOEFL or IELTS)
- SEVIS I-20 Request Form
- Transcript Translation and Evaluation

The priority deadline for entrance in the Fall term is March 1. Applications received after this deadline will be reviewed on an individual basis.
- March 1 for entrance in Fall semester

Students may take graduate courses in non-degree status with permission of the Graduate Director and the Professor.

Scholarships and Grants
Multiple forms of financial assistance are available. Check our website for more information. The priority deadline for scholarship applications is May 1.
Catholic Studies is an academic interdisciplinary minor program designed to expose students to the study of the intellectual, social, cultural, and spiritual expressions of Catholicism. It is grounded in Vatican II's discussion of the Church in the modern world, with its focus on human culture, dignity, and justice. On the one hand, Catholic Studies' interdisciplinary nature mirrors the complex diversity that is Catholicism, as it intersects and interacts with history and culture. On the other hand, its intellectual and academic focus gives it purpose and direction as a program intent on studying, exploring, critiquing, and understanding the relationship between faith and culture. Therefore, it welcomes students and professors from any religious background and/or faith commitment and viewpoints.

Catholic Studies students pursue such issues as the influence of Catholicism upon the development of philosophy and the arts; the relationship between Catholicism and the history of world civilizations; the intellectual and ethical issues raised by the interactions of theology, science, and modern culture; Catholic social thought and practice; and the theological foundations of Catholicism. In addition, it offers students opportunities to explore the Ignatian tradition that grounds LMU's founding orders, the Society of Jesus and the Religious of the Sacred Heart of Mary. Moreover, it also makes available opportunities for community service and spiritual activities, expressions of the University's commitment to a faith that does justice. Catholic Studies celebrates Catholicism as a living heritage.

Faculty from a number of LMU's departments, schools, and colleges teach courses cross-listed with Catholic Studies.

Catholic Studies Student Learning Outcomes

1. Students minoring in Catholic Studies will be given opportunities to learn about Catholicism as an intellectual, social, spiritual, and cultural tradition within the history of ideas.
2. Students minoring in Catholic Studies will be given opportunities to develop
   a. their ability to do scholarly work on various topics having to do with Catholicism, ranging from theology and philosophy to the creative and critical arts, the humanities, business, and the social and natural sciences
   b. their ability to appreciate and evaluate Catholic contributions to and expressions in all fields of learning
   c. their ability to make connections among the many disciplines focusing on Catholicism
3. Students minoring in Catholic Studies will be encouraged to examine and value the distinctive contribution of Catholicism to world civilization.
4. Students minoring in Catholic Studies will be able to draw on their own experience and insights to further their self-reflection.

CATH Minor Requirements

The Catholic Studies minor program consists of 5 courses, with at least 4 being upper division, structured as follows:

A. Foundational Course (1 course):
   - CATH 1030 Theological Foundations of Catholicism 4 semester hours or
   - THST 1030 Exploring the Catholic Theological Tradition 4 semester hours

B. Foundations (1 course):
   One cross-listed course with core attributes in one of the following: Theological Inquiry, Philosophical Inquiry, or Studies in American Diversity.

C. Explorations and Integrations (2 courses):
   Two cross-listed courses with core attributes in one or more of the following: Creative Experience, Historical Analysis and Perspectives, Nature of Science, Faith and Reason, Ethics and Justice, or Interdisciplinary Connections.

D. Catholic Studies Capstone Course (1 course):
   - CATH 4900 Seminar in Catholic Studies 4 semester hours
Note:
A service-learning course with a Catholic focus would replace any one course from the Foundations or Explorations and Integration categories.

Chicana/o Studies

Faculty
Chairperson: Eliza Rodriguez y Gibson
Professors: KarenMary Davalos, Deena J. González, Fernando J. Guerra
Associate Professor: Eliza Rodríguez y Gibson

Chicana/o Studies, B.A.

Objectives
The interdisciplinary Chicana/o Studies curriculum is designed to enhance student understanding of the unique influence of the Chicano/Latino community in the United States. It is the belief of the Department that a liberal arts education should expose students to as many cultures and perspectives as possible. This exposure emphasizes the following aspects of the goals of the University: the encouragement of learning, the education of the whole person, the service of faith, and the promotion of justice. The goals of Chicana/o Studies have a special meaning given the significant historical and contemporary presence of Mexican and Chicana/o peoples in Los Angeles. The Department fosters a socially and intellectually engaged environment that prepares students as leaders in a society which is increasingly diverse, and which requires expertise about racial, ethnic, gender, sexuality, class, political, and social differences.

Chicana/o Studies Student Learning Outcomes
At the end of a course of study, in the major or minor in Chicana/o Studies, students will be able to:
- Interpret, define, and evaluate historical and contemporary information about and representations of Chicanas/os;
- Use and apply humanistic, scientific, and/or social science methods, in overlapping methods as appropriate, to arrive at their understandings of Chicana/os and Latina/os;
- Engage recent theories, methodologies, ideas, and developments central to the discipline of Chicana/o Studies, including interdisciplinary methods and multidisciplinary approaches;
- Value engaged learning, life-long education, and leadership for social justice.

Major Requirements

Lower Division Requirements:
12 semester hours
- CHST 1116 Introduction to Chicana/o-Latina/o Studies 4 semester hours
- CHST 1126 Chicana/o Cultural Production 4 semester hours
- CHST 2206 Introduction to Chicana/o, Latina/o Literature 4 semester hours

Upper Division Requirements:
28 semester hours: 16 semester hours in upper division requirements (CHST 3302 or CHST 4404, CHST 3332, CHST 3360, and CHST 5000) and 12 semester hours in Chicana/o Studies upper division electives.

Chicana/o Studies Model Four-Year Plan
The normal course load is 16 semester hours (4 classes). Note that core areas are suggested to provide a distribution of various disciplines every semester. Please be flexible implementing these suggestions, given your own interests and course availability. In four years, this plan meets all common graduation requirements.

Freshman Year

Fall Semester
- CHST 1116 Introduction to Chicana/o-Latina/o Studies 4 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 13-16 semester hours

Spring Semester
- CHST 1126 Chicana/o Cultural Production 4 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 13-16 semester hours

Sophomore Year

Fall Semester
- CHST 2206 Introduction to Chicana/o, Latina/o Literature 4 semester hours
- CHST 3360 Chicana/o History 4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 14-16 semester hours

Spring Semester
- CHST 3332 Chicana/o-Latina/o Literature 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 13-16 semester hours

Junior Year

Fall Semester
- CHST 3302 Chicanas and Latinas in the U.S. 4 semester hours or
Chicana/o Studies Minor

That include a Latino component, such as:

- CHST 4404 Latina Feminist Theory 4 semester hours
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours
- Elective 3-4 semester hours

Total: 13-16 semester hours

Spring Semester

- CHST Upper Division 4 semester hours
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours
- Elective 3-4 semester hours

Total: 13-16 semester hours

Fall Semester

- CHST Upper Division 4 semester hours
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours
- Upper Division Elective 3-4 semester hours

Total: 13-16 semester hours

Spring Semester

- CHST 5000 Capstone Seminar 4 semester hours
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours
- Upper Division Elective 3-4 semester hours

Total: 13-16 semester hours

Senior Year

Recommended Electives

For the purpose of providing our majors and minors with an interdisciplinary perspective, the Department recommends courses that include a Latino component, such as:

- HIST 4700 Early Mexico 4 semester hours
- SOCL 3221 Race and Ethnic Relations 4 semester hours
- SOCL 3231 Social Stratification 4 semester hours
- SPAN 4252 Hispanic Cultural Studies 4 semester hours
- SPAN 4362 Latin American Cinema 4 semester hours
- SPAN 4475 Spanish of the United States 4 semester hours
- SPAN 4563 Latin American Drama 4 semester hours
- SPAN 4564 Latin American Novel 4 semester hours
- SPAN 4565 Latin American Poetry 4 semester hours
- SPAN 4566 Latin American Short Story 4 semester hours
- SPAN 4567 Latin American Women Writers 4 semester hours
- THST 3232 U.S. Latin@ Theology 4 semester hours

Total: 13-16 semester hours

Minor Requirements

24 semester hours:

- CHST 1116 Introduction to Chicana/o-Latina/o Studies 4 semester hours
- CHST 2206 Introduction to Chicana/o, Latina/o Literature 4 semester hours
- CHST 3302 Chicanas and Latinas in the U.S. 4 semester hours
- CHST 4404 Latina Feminist Theory 4 semester hours
- CHST 3360 Chicana/o History 4 semester hours
- CHST 5000 Capstone Seminar 4 semester hours
- One additional Chicana/o Studies upper division course.

Classics and Archaeology

Faculty

Chairperson: Matthew Dillon
Professors: Matthew Dillon, William J. Fulco, S.J. (National Endowment for the Humanities Professor of Ancient Mediterranean Studies), Katerina Zacharia
Assistant Professor: Caroline Sauvage

Classics and Archaeology, B.A.

Objectives

The Department of Classics and Archaeology seeks to provide the student with a deeper understanding of the literary and cultural foundations of western societies by exploring their roots in the Greek and Roman classical traditions. Our archaeological offerings extend these investigations of early European cultures into their Near Eastern background and include the hands-on study of ancient artifacts. The combined study of the languages, literature, religion, and material cultures of ancient Greece, Rome, Egypt, and the Near East offers the student a wide-ranging and well-rounded preparation in critical thinking, analytic skills, and writing and prepares the student to contextualize the immense achievements of the past in the modern world. Because of the broad humanistic nature of the programs in Classics and Archaeology, there emerge fundamental questions about what it means to be a human being, and thus the courses in the department offer many interdisciplinary connections with philosophy, theological studies, history, theater, and other academic fields.

Classics and Archaeology Student Learning Outcomes

As a Classics and Archaeology Major, the student will:

- Demonstrate a broad knowledge of ancient Mediterranean and Near East Civilizations, including such areas as their history, literature (in the original or in translation), and their material culture;
- Be able to critically analyze the cultures of the Mediterranean and Near Eastern world and place them in social and historical contexts, both ancient and modern;
- Develop writing, research and communication skills that are articulate, thoughtful and effective.

Classics and Archaeology Major: Requirements

- Demonstrate a broad knowledge of ancient Mediterranean and Near East Civilizations, including such areas as their history, literature (in the original or in translation), and their material culture;
- Be able to critically analyze the cultures of the Mediterranean and Near Eastern world and place them in social and historical contexts, both ancient and modern;
- Develop writing, research and communication skills that are articulate, thoughtful and effective.
The Classics and Archaeology Major consists of 10 courses selected from the following categories:

I. Language (2 Courses)
- CLAR 1110 Elementary Greek I 4 semester hours
- CLAR 1120 Elementary Greek II 4 semester hours
- CLAR 1115 Elementary Latin I 4 semester hours
- CLAR 1125 Elementary Latin II 4 semester hours
- CLAR 1130 Biblical Hebrew 4 semester hours
- CLAR 1135 Readings in Classical Hebrew 4 semester hours
- CLAR 2350 Egyptian Hieroglyphics 4 semester hours
- CLAR 2355 Introduction to Near Eastern Languages 4 semester hours
- CLAR 3110 Greek Poetry 4 semester hours
- CLAR 3120 Greek Prose 4 semester hours
- CLAR 3115 Latin Poetry 4 semester hours
- CLAR 3125 Latin Prose 4 semester hours

II. Methodology (1 Course)
- CLAR 2200 Epic Poetry 4 semester hours
- CLAR 2210 Greek Tragedy in Performance 4 semester hours
- CLAR 2220 Greek Comedy in Performance 4 semester hours
- CLAR 2230 Ancient Historians 4 semester hours
- CLAR 2340 Archaeological Methods and Techniques 4 semester hours

III. Survey of the Ancient World (1 Course)
- CLAR 2240 Ancient Greece 4 semester hours
- CLAR 2250 Ancient Rome 4 semester hours
- CLAR 2360 Ancient Near East 4 semester hours
- CLAR 2365 Introduction to Near Eastern Literatures 4 semester hours

IV. Myth or Religion (1 Course)
- CLAR 3210 Classical and Near Eastern Myths 4 semester hours
- CLAR 3220 Greek and Roman Religions 4 semester hours
- CLAR 3330 Introduction to Near Eastern Religions 4 semester hours
- CLAR 3340 Religions of Mesopotamia 4 semester hours
- CLAR 3350 Ancient Egyptian Religion 4 semester hours

V. Art and Archaeology (1 Course)
- CLAR 3230 Arts of Greece 3 semester hours
- CLAR 3240 Arts of Rome 3 semester hours
- CLAR 3360 Aegean Art and Archaeology 4 semester hours
- CLAR 3370 Egyptian Art and Archaeology 4 semester hours
- CLAR 3380 Classical Numismatics 4 semester hours
- CLAR 3390 Archaeology of the Levant 4 semester hours

VI. Interdisciplinary
- CLAR 4210 Axial Age 4 semester hours
- CLAR 4220 Classical Hellenism, Race, Ethnicity 4 semester hours
- CLAR 4230 Ancient World on Film 4 semester hours
- CLAR 4240 Greek Cinema 4 semester hours
- CLAR 4250 Anne Carson: Classic Iconoclast 4 semester hours
- CLAR 4260 From Greece to Gotham: Archaeology of the Heroes 3 semester hours
- CLAR 4320 Palaces of the Near East 4 semester hours
- CLAR 4330 Cultures in Contact: Late Bronze Age 4 semester hours
- CLAR 4340 Archaeology of the Phoenicians 4 semester hours
- CLAR 4350 Archaeology and the Bible 4 semester hours
- CLAR 4370 Archaeology Lab 4 semester hours
- CLAR 4371 Archaeology Lab: Ancient Textiles: From Fiber Production to Social Identity 4 semester hours
- CLAR 4372 Archaeology Lab: Chalcolithic Culture of the Levant 4 semester hours
- CLAR 4380 Archaeology Field Experience 1 TO 4 semester hours

VII. Electives (2 Courses)
Choose from courses above, or approved cross-listings with THST, PHIL, HIST, THEA, or ARHS.

VIII. Capstone Requirement (1 Course + 2 Semester Hours for Research Skills and Capstone Presentation)
- CLAR 4210 Axial Age 4 semester hours
- CLAR 4220 Classical Hellenism, Race, Ethnicity 4 semester hours
- CLAR 4320 Palaces of the Near East 4 semester hours
- CLAR 4330 Cultures in Contact: Late Bronze Age 4 semester hours

Classics and Archaeology Model Four-Year Plan
The normal course load is 16 semester hours (4 classes). By following the model below, a student will complete all lower division core requirements by the end of the sophomore year. Note that core areas are suggested to provide a distribution of various disciplines every semester. Please be flexible implementing these suggestions, given your own interests and course availability. In four years, this plan meets all common graduation requirements.

Freshman Year

Fall Semester
- CLAR 1110 Elementary Greek I 4 semester hours
- CLAR 1115 Elementary Latin I 4 semester hours
- CLAR 1130 Biblical Hebrew 4 semester hours
- CLAR 2350 Egyptian Hieroglyphics 4 semester hours
- CLAR Methodology Course 4 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- University Core 3-4 semester hours
Total: 14-16 semester hours

Spring Semester
- CLAR 1120 Elementary Greek II 4 semester hours or
- CLAR 1125 Elementary Latin II 4 semester hours or
- CLAR 1135 Readings in Classical Hebrew 4 semester hours or
- CLAR 2355 Introduction to Near Eastern Languages 4 semester hours
- CLAR Survey of the Ancient World 4 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- Elective 3-4 semester hours

Total: 14-16 semester hours

Sophomore Year

Fall Semester
- CLAR Myth or Religion 4 semester hours
- CLAR Art and Archaeology 4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 14-16 semester hours

Spring Semester
- CLAR Interdisciplinary 4 semester hours
- CLAR Elective 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours or
- Elective 3-4 semester hours

Total: 14-16 semester hours

Junior Year

Fall Semester
- CLAR Upper Division 4 semester hours
- CLAR Elective 4 semester hours
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours

Total: 14-16 semester hours

Spring Semester
- CLAR Capstone Research Skills 1 semester hour
- CLAR Upper Division 4 semester hours
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours
- Upper Division Elective 3-4 semester hours

Total: 14-17 semester hours

Senior Year

Fall Semester
- CLAR Upper Division Capstone 4 semester hours
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours
- Upper Division Elective 3-4 semester hours

Total: 13-16 semester hours

Spring Semester
- CLAR Symposium Capstone Presentation 1 semester hour
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours
- Upper Division Elective 3-4 semester hours or
- Elective 3-4 semester hours

Total: 13-17 semester hours

Classics and Archaeology Minor

Classics and Archaeology Minor: Requirements
The Classics and Archaeology Minor consists of 4 courses selected from the following categories:

I. Methodologies (1 Course)
- CLAR 2210 Greek Tragedy in Performance 4 semester hours
- CLAR 2220 Greek Comedy in Performance 4 semester hours
- CLAR 2230 Ancient Historians 4 semester hours
- CLAR 2340 Archaeological Methods and Techniques 4 semester hours

II. Survey of the Ancient World (1 Course)
- CLAR 2240 Ancient Greece 4 semester hours
- CLAR 2250 Ancient Rome 4 semester hours
- CLAR 2360 Ancient Near East 4 semester hours
- CLAR 2365 Introduction to Near Eastern Literatures 4 semester hours

III. Myth/Religions or Art/Archaeology (1 Course)
- CLAR 3210 Classical and Near Eastern Myths 4 semester hours
- CLAR 3220 Greek and Roman Religions 4 semester hours
- CLAR 3230 Arts of Greece 3 semester hours
- CLAR 3240 Arts of Rome 3 semester hours
- CLAR 3330 Introduction to Near Eastern Religions 4 semester hours
- CLAR 3340 Religions of Mesopotamia 4 semester hours
- CLAR 3350 Ancient Egyptian Religion 4 semester hours
- CLAR 3360 Aegean Art and Archaeology 4 semester hours
The study of economics involves (1) the development of theories of economic behavior and their application to new problems; (2) the use of statistics and other evidence to test or add content to existing theories; (3) the development of perspective on economic institutions, economic history, and the development of economic philosophy. Students are encouraged to engage in independent research on all of these levels.

The Economics Department aims first to prepare our students both with the technical skills required to think deeply about important issues of scarcity in our world and to educate the whole person in accordance with the University mission. Upon completing the major, our students will be able to demonstrate a solid understanding of how incentives shape human behavior, in particular, but not only in the core economics fields of microeconomics, and macroeconomics. In addition, our students will acquire technical skills, particularly in statistics, to complement critical thinking abilities more broadly. They will also have the skills to solve theoretical and real-world problems and be fully prepared for both advanced graduate study and challenging careers.

### Economics Student Learning Outcomes

After finishing the Economics major, students should be able to:

1. See the role of economic and other incentives in shaping human behavior in real-world situations.
2. Understand the principles of microeconomics: uncertainty and risk, constrained optimization, production, distribution, consumption, and markets.
3. Understand the principles of macroeconomics: economic growth, unemployment, inflation, money, interest rates, balance of payments, and exchange rates.
4. Comprehend the structure, development, and impact of economic institutions.
5. Appreciate the ethical concerns that should underlie economic policy: efficiency, fairness, equity, and individual freedom.
6. Separate the normative from the positive content in economics propositions and research, including separating arguments based on special pleading from those aimed at serving the interests of humanity.
7. Use statistics in order to analyze and understand a problem.
8. Possess the mathematical skills needed to understand economic problems.
9. Create or design a model in order to understand an economic problem.
10. Generate or gather real-world data concerning economic issues.
11. Write effectively about economics and communicate to readers clearly and fluently.
12. Orally communicate economic ideas well, presenting theories and evidence clearly.

### Major Requirements:

Students may pursue either a Bachelor of Arts (B.A.) or Bachelor of Science (B.S.) degree. The specific requirements of these degrees are explained below.

---

**Economics**

**Faculty**

Chairperson: Jennifer Pate  
Professors: James Devine, Andrew Healy, James Konow  
Associate Professors: Joseph E. Earley, Zaki Eusufzai, Dorothea K. Herreiner, Jennifer Pate, Robert Singleton  
Assistant Professors: Sean D'Evelyn, Thomas Herndon, Michelle Miller

**Entry into the Major or Minor**

At entry to the University, students declare the major or minor through the Office of Admission. Currently enrolled LMU students wishing to declare the major or minor in Economics must meet with an advisor in the Economics Department. The advisor will sign the student's Change of Program form, provided the student meets certain academic standards that include having a minimum LMU GPA of 2.0 (C), not otherwise being on academic probation, and having passed any economics or mathematics courses that he/she might have already taken with grades that satisfy the minimum requirements for those courses in the major or minor as outlined in the University Bulletin.

**Economics, B.A.**

This degree is suitable for pre-law students or those interested in careers in business; education; urban planning; and federal, state, and local government.

**Objectives**

Economics focuses on optimal choices and the incentives and constraints that determine decision making for individuals, firms, and institutions. Since unlimited wants generally have to be met by limited means, the study of economics provides a careful analysis and thorough understanding of the processes with which wealth is produced, distributed, and consumed. The economy's importance to all societies and the human condition and the methodological approach of modeling decision making, make economic knowledge useful to many other fields, such as political science, sociology, anthropology, biology, engineering, law, and history. It, thus, is an important field of study and as central to a liberal arts education as it is to a business program.

The study of economics involves (1) the development of theories of economic behavior and their application to new problems; (2) the use of statistics and other evidence to test or add content to existing theories; (3) the development of perspective on economic institutions, economic history, and the development of economic philosophy. Students are encouraged to engage in independent research on all of these levels.

The Economics Department aims first to prepare our students both with the technical skills required to think deeply about important issues of scarcity in our world and to educate the whole person in accordance with the University mission. Upon completing the major, our students will be able to demonstrate a solid understanding of how incentives shape human behavior, in particular, but not only in the core economics fields of microeconomics, and macroeconomics. In addition, our students will acquire technical skills, particularly in statistics, to complement critical thinking abilities more broadly. They will also have the skills to solve theoretical and real-world problems and be fully prepared for both advanced graduate study and challenging careers.

### Economics Student Learning Outcomes

After finishing the Economics major, students should be able to:

1. See the role of economic and other incentives in shaping human behavior in real-world situations.
2. Understand the principles of microeconomics: uncertainty and risk, constrained optimization, production, distribution, consumption, and markets.
3. Understand the principles of macroeconomics: economic growth, unemployment, inflation, money, interest rates, balance of payments, and exchange rates.
4. Comprehend the structure, development, and impact of economic institutions.
5. Appreciate the ethical concerns that should underlie economic policy: efficiency, fairness, equity, and individual freedom.
6. Separate the normative from the positive content in economics propositions and research, including separating arguments based on special pleading from those aimed at serving the interests of humanity.
7. Use statistics in order to analyze and understand a problem.
8. Possess the mathematical skills needed to understand economic problems.
9. Create or design a model in order to understand an economic problem.
10. Generate or gather real-world data concerning economic issues.
11. Write effectively about economics and communicate to readers clearly and fluently.
12. Orally communicate economic ideas well, presenting theories and evidence clearly.

### Major Requirements:

Students may pursue either a Bachelor of Arts (B.A.) or Bachelor of Science (B.S.) degree. The specific requirements of these degrees are explained below.

---

- CLAR 3370 Egyptian Art and Archaeology 4 semester hours
- CLAR 4350 Archaeology and the Bible 4 semester hours

### IV. Art/Archaeology or Interdisciplinary (1 Course)

- CLAR 3380 Classical Numismatics 4 semester hours
- CLAR 3390 Archaeology of the Levant 4 semester hours
- CLAR 4210 Axial Age 4 semester hours
- CLAR 4220 Classical Hellenism, Race, Ethnicity 4 semester hours
- CLAR 4230 Ancient World on Film 4 semester hours
- CLAR 4240 Greek Cinema 4 semester hours
- CLAR 4250 Anne Carson: Classic Iconoclast 4 semester hours
- CLAR 4320 Palaces of the Near East 4 semester hours
- CLAR 4330 Cultures in Contact: Late Bronze Age 4 semester hours
- CLAR 4340 Archaeology of the Phoenicians 4 semester hours
- CLAR 4370 Archaeology Lab 4 semester hours
- CLAR 4371 Archaeology Lab: Ancient Textiles: From Fiber Production to Social Identity 4 semester hours
- CLAR 4372 Archaeology Lab: Chalcolithic Culture of the Levant 4 semester hours
- CLAR 4380 Archaeology Field Experience 1 TO 4 semester hours
Economics majors are required to take one social science course from outside the major. The course may be a lower or upper level course in Geography, Political Science, Sociology, Urban Studies, or any course that satisfies the Understanding Human Behavior requirement of the University Core.

Lower Division Requirements:

Economics requirements (8-12 semester hours):
- EON 1050 Introductory Economics 4 semester hours or
- EON 1100 Introductory Microeconomics 4 semester hours and
- EON 1200 Introductory Macroeconomics 4 semester hours
- EON 2300 Introductory Statistics 4 semester hours or
- EON 2350 Accelerated Introductory Statistics 4 semester hours

Note:
A grade of at least B- (2.7) is required in each of these courses.

Mathematics requirements (0-7 semester hours):
- MATH 112 Mathematical Analysis for Business II 3 semester hours or
- MATH 131 Calculus I 4 semester hours

Note:
A grade of at least B- (2.7) is required in MATH 112, and a grade of at least C (2.0) is required in MATH 131.

Note:
Students are strongly encouraged to take additional mathematics courses beyond these basic requirements in consultation with their economics advisor.

Upper Division Requirements (28 semester hours):

Seven upper division economics courses. A grade of at least D (1.0) must be obtained in every upper division course in the major, and the average grade in upper division economics courses must be at least C (2.0). Three courses are required: ECON 3100, ECON 3200, and ECON 3300. These courses should be taken before or during the junior year. Four additional upper division economics courses are required, of which at least two (8 semester hours) must be at the 4000 level. Upper division economics courses must be taken in the LMU Economics Department, except by prior permission of the Chairperson. BCLA students are allowed to take two upper division courses beyond the major requirements, so students pursuing a B.A. degree in Economics can take up to 40 semester hours of upper division ECON courses (9 courses total from the 3000-, 4000-, or 5000-level).

Business and Economics Double Major Requirements
Students with majors in business may also pursue a second major in economics by fulfilling the requirements of the B.A. or B.S. track described above. With prior permission of the Department, double majors in Business and Economics may select two upper division Business Administration courses to count as upper division economics electives in the major. Thus, Business and Economics B.A. double majors are only required to take 20 semester hours of upper division Economics courses (including 12 semester hours of required courses). Business and Economics B.S. double majors are only required to take 24 semester hours of upper division Economics courses (including 20 semester hours of required courses).

Assessment Tests
All Economics majors are required to take two assessment exams, one on introductory concepts and one during the semester in which they are graduating. These tests do not determine any grade, but they are both required for graduation.

Test of Introductory Economics
All Economics majors are required to take a test of introductory concepts.

Comprehensive Test of Economics
All Economics majors who will have completed 100 hours or more by the end of the Spring semester are required to enroll in ECON 4900. This is a zero-semester-hour course, required for graduation, which includes a comprehensive test of economics, a senior exit interview, and possible additional Department evaluation.

Economics Model Four-Year Plan
The normal course load is 16 semester hours (4 classes). By following the model below, a student will complete all lower division core requirements by the end of the sophomore year as well as all major prerequisites. Note that core areas are suggested to provide a distribution of various disciplines every semester. Please be flexible implementing these suggestions, given your own interests and course availability. In four years, this plan meets all common graduation requirements.

Freshman Year

Fall Semester
- ECON 1050 Introductory Economics 4 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- MATH 120 Precalculus Mathematics 3 semester hours (if necessary) or
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 13-16 semester hours

Spring Semester
- ECON 2300 Introductory Statistics 4 semester hours or
- ECON 2350 Accelerated Introductory Statistics 4 semester hours
- MATH 112 Mathematical Analysis for Business II 3 semester hours or
- MATH 131 Calculus I 4 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- Elective 3-4 semester hours

Total: 12-16 semester hours
Sophomore Year

Fall Semester
- ECON 3100 Intermediate Microeconomics 4 semester hours
- ECON 3300 Econometrics 4 semester hours
- MATH 132 Calculus II 4 semester hours or
- Elective 3-4 semester hours
- University Core 3-4 semester hours

Total: 14-16 semester hours

Spring Semester
- ECON 3200 Intermediate Macroeconomics 4 semester hours
- ECON Upper Division 4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours or
- MATH 234 Calculus III 4 semester hours

Total: 14-16 semester hours

Junior Year

Fall Semester
- ECON 4000-level Upper Division 4 semester hours
- ECON Upper Division 4 semester hours or
- ECON 5300 Mathematics for Economics 4 semester hours (B.S.)
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours

Total: 14-16 semester hours

Spring Semester
- ECON 4000-level Upper Division 4 semester hours
- ECON Upper Division 4 semester hours or
- ECON 5320 Advanced Econometrics 4 semester hours (B.S.)
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours

Total: 14-16 semester hours

Senior Year

Fall Semester
- ECON 4000-level Upper Division 4 semester hours
- ECON Upper Division 4 semester hours or
- ECON 5300 Mathematics for Economics 4 semester hours (B.S.)
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours

Total: 14-16 semester hours

Economics, B.S.
The Bachelor of Science degree is suitable for students who 1) wish to continue to graduate school in economics or business (especially finance), 2) are particularly interested in statistics or forecasting, or 3) are interested in any of the careers mentioned for the B.A. degree but who desire a more quantitative preparation. The B.S. degree has the same requirements as the B.A. degree, except for three upper division economics course requirements. Specifically, the B.S. degree additionally requires Mathematics for Economics (ECON 5300) and Econometrics (ECON 5320).

Students who intend to earn the B.S. degree must submit a Change of Program form to the Office of the Registrar.

Objectives
Economics focuses on optimal choices and the incentives and constraints that determine decision making for individuals, firms, and institutions. Since unlimited wants generally have to be met by limited means, the study of economics provides a careful analysis and thorough understanding of the processes with which wealth is produced, distributed, and consumed. The economy's importance to all societies and the human condition and the methodological approach of modeling decision making, make economic knowledge useful to many other fields, such as political science, sociology, anthropology, biology, engineering, law, and history. It, thus, is an important field of study and as central to a liberal arts education as it is to a business program.

The study of economics involves (1) the development of theories of economic behavior and their application to new problems; (2) the use of statistics and other evidence to test or add content to existing theories; (3) the development of perspective on economic institutions, economic history, and the development of economic philosophy. Students are encouraged to engage in independent research on all of these levels.

The Economics Department aims first to prepare our students both with the technical skills required to think deeply about important issues of scarcity in our world and to educate the whole person in accordance with the University mission. Upon completing the major, our students will be able to demonstrate a solid understanding of how incentives shape human behavior, in particular, but not only in the core economics fields of microeconomics, and macroeconomics.
In addition, our students will acquire technical skills, particularly in statistics, to complement critical thinking abilities more broadly. They will also have the skills to solve theoretical and real-world problems and be fully prepared for both advanced graduate study and challenging careers.

Economics Student Learning Outcomes
After finishing the Economics major, students should be able to:

1. See the role of economic and other incentives in shaping human behavior in real-world situations.
2. Understand the principles of microeconomics: uncertainty and risk, constrained optimization, production, distribution, consumption, and markets.
3. Understand the principles of macroeconomics: economic growth, unemployment, inflation, money, interest rates, balance of payments, and exchange rates.
4. Comprehend the structure, development, and impact of economic institutions.
5. Appreciate the ethical concerns that should underlie economic policy: efficiency, fairness, equity, and individual freedom.
6. Separate the normative from the positive content in economics propositions and research, including separating arguments based on special pleading from those aimed at serving the interests of humanity.
7. Use statistics in order to analyze and understand a problem.
8. Possess the mathematical skills needed to understand economic problems.
9. Create or design a model in order to understand an economic problem.
10. Generate or gather real-world data concerning economic issues.
11. Write effectively about economics and communicate to readers clearly and fluently.
12. Orally communicate economic ideas well, presenting theories and evidence clearly.

Major Requirements:
Students may pursue either a Bachelor of Arts (B.A.) or Bachelor of Science (B.S.) degree. The specific requirements of these degrees are explained below.

Economics majors are required to take one social science course from outside the major. The course may be a lower or upper level course in Geography, Political Science, Sociology, Urban Studies, or any course that satisfies the Understanding Human Behavior requirement of the University Core.

Lower Division Requirements:
These requirements are the same as for the B.A. Economics degree.

Upper Division Requirements (24 semester hours):
Eight upper division economics courses. A grade of at least C- must be obtained in every upper division course in the major, and the average grade in upper division economics courses must be at least C (2.0). Five courses are required: ECON 3100, ECON 3200, ECON 3300, ECON 5300, and ECON 5320. ECON 3100, ECON 3200, and ECON 3300 should be taken by the junior year. Three additional upper division economics courses are required, of which at least two (8 semester hours) must be at the 4000 level. Upper division economics courses must be taken in the LMU Economics Department, except by prior permission of the Chairperson. BCLA students are allowed to take two upper division courses beyond the major requirements, so students pursuing a B.S. degree in Economics can take up to 40 semester hours of upper division ECON courses (10 courses total from the 3000-, 4000-, or 5000-level).

Business and Economics Double Major Requirements
Students with majors in business may also pursue a second major in economics by fulfilling the requirements of the B.A. or B.S. track described above. With prior permission of the Department, double majors in Business and Economics may select two upper division Business Administration courses to count as upper division economics electives in the major. Thus, Business and Economics B.A. double majors are only required to take 20 semester hours of upper division Economics courses (including 12 semester hours of required courses), Business and Economics B.S. double majors are only required to take 24 semester hours of upper division Economics courses (including 20 semester hours of required courses).

Assessment Tests
All Economics majors are required to take two assessment exams, one on introductory concepts and one during the semester in which they are graduating. These tests do not determine any grade, but they are both required for graduation.

Test of Introductory Economics
All Economics majors are required to take a test of introductory concepts.

Comprehensive Test of Economics
All Economics majors who will have completed 100 hours or more by the end of the Spring semester are required to enroll in ECON 4900. This is a zero-semester-hour course, required for graduation, which includes a comprehensive test of economics, a senior exit interview, and possible additional Department evaluation.

Economics Model Four-Year Plan
The normal course load is 16 semester hours (4 classes). By following the model below, a student will complete all lower division core requirements by the end of the sophomore year as well as all major prerequisites. Note that core areas are suggested to provide a distribution of various disciplines every semester. Please be flexible implementing these suggestions, given your own interests and course availability. In four years, this plan meets all common graduation requirements.

Freshman Year

Fall Semester
- ECON 1050 Introductory Economics 4 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- MATH 120 Precalculus Mathematics 3 semester hours (if necessary) or
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 13-16 semester hours
Spring Semester
- ECON 2300 Introductory Statistics 4 semester hours or
- ECON 2350 Accelerated Introductory Statistics 4 semester hours
- MATH 112 Mathematical Analysis for Business II 3 semester hours or
- MATH 131 Calculus I 4 semester hours
- RHET 1000 Rhetorical Arts 3 or 4 semester hours
- Elective 3-4 semester hours

Total: 12-16 semester hours

Sophomore Year

Fall Semester
- ECON 3100 Intermediate Microeconomics 4 semester hours
- ECON 3300 Econometrics 4 semester hours
- MATH 132 Calculus II 4 semester hours or
- Elective 3-4 semester hours
- University Core 3-4 semester hours

Total: 14-16 semester hours

Spring Semester
- ECON 3200 Intermediate Macroeconomics 4 semester hours
- ECON Upper Division 4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours or
- MATH 234 Calculus III 4 semester hours

Total: 14-16 semester hours

Junior Year

Fall Semester
- ECON 4000-level Upper Division 4 semester hours
- ECON Upper Division 4 semester hours or
- ECON 5300 Mathematics for Economics 4 semester hours (B.S.)
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours

Total: 13-16 semester hours

Spring Semester
- ECON 4000 Senior Assessment 0 semester hours
- ECON Upper Division 4 semester hours or
- ECON 5320 Advanced Econometrics 4 semester hours (B.S.)
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours
- Elective 3-4 semester hours

Total: 13-16 semester hours

Economics Minor

Minor Requirements
20 semester hours consisting of ECON 1050 and four upper division ECON courses. The upper division courses should be chosen in consultation with an economics advisor. A grade of at least B- (2.7) is required in ECON 1050.

English Graduate Program

Mission Statement
The Department of English at Loyola Marymount University offers a Master of Arts degree in English with a Literature Emphasis, a Master of Arts degree in English with a Creative Writing Emphasis, and a Master of Arts degree in English with a Rhetoric and Composition Emphasis. We are committed to the interdependence between literature and writing. We believe that the act of engaging the literary and rhetorical fields involves the production of literary, critical, or theoretical texts, and that broad-based reading in the tradition of literature provides the necessary foundation for more focused study and analysis. Therefore, we offer Literature Emphasis, Creative Writing Emphasis, and Rhetoric and Composition Emphasis students an introduction to graduate scholarship within a range of possible critical, rhetorical, and creative modes, while offering the intellectual background and literary study which makes their course of study both theoretically and historically self-conscious.

All emphases within the M.A. program address the needs of a diverse student population; those going on to doctoral programs in literature, literary theory, rhetoric, or creative writing; those pursuing literary or commercial writing careers; those teaching in high schools and community colleges.

Admission Requirements

1. The applicant for the degree of Master of Arts in English should have completed with a 3.0 (“B”) average a minimum of five upper division undergraduate English courses. Excellence in upper division courses in closely related fields like journalism and screenwriting may be taken into consideration.

2. Applicants must submit an application, $50 application fee, and two letters of recommendation. Recommendations should be obtained from individuals who are in a position to comment on the applicant’s academic and personal suitability for pursuing graduate work in English.

3. Applicants should write an ambition statement (1½–2 pages) in which they indicate which emphasis (Literature, Creative Writing, Rhetoric/Composition) they wish to enter. Applicants should also discuss relevant prior experiences (i.e., Academic, research work, creative writing, or other life experiences) and their career goals. This statement should be included with the basic application.

4. A 10-15 page writing sample is required of all applicants. Applicants to the Literature or Rhetoric/Composition Emphasis should submit a sample of their critical writing; applicants to the Creative Writing Emphasis should submit both a 10-15 page critical writing samples AND a sample of their best creative writing. The two combined samples may not exceed 30 pages total. Both writing samples should be combined into one document for upload to the application website.

5. The deadline for the receipt of all materials is March 15.

Teaching Fellowships
Students applying for Teaching Fellowships are asked to include, along with their application materials, the following: a resume or C.V.; a letter of application for the Teaching Fellowship; and one of the candidate’s two letters of recommendation should specifically address the candidate’s potential abilities as a teacher of College Writing.

Rains Research Assistantships
Rains Research Assistantships are available to qualified graduate students by invitation of individual faculty members. These assistantships are paid at $12 per hour for a maximum of 120 hours per academic year. Teaching Fellows are not eligible for Rains Research Assistantships due to federal government financial aid restrictions.

Graduate Assistantships
A Graduate Assistantship and an internship with the William H. Hannon Library’s Special Collections are also available. Students who qualify would work an average of 20 hours per week during the regular semesters. The rate of pay is about $18.00 per hour.

English Undergraduate Program

English Department Mission
Believing that literature is a profound expression of human experience, the English Department uses a range of critical methods to introduce students to literatures in English from a variety of cultural traditions. The course work reveals the art form’s creative beauty, strategies for representing the human experience, and its power to shape the reader.

The English Department encourages an understanding of the critical and creative union of reading and writing as fundamental to the processes of developing the self. Through their imaginations, students who major or minor in English interact with language and literature, thereby encountering another equally open and attentive mind: that of the writer they are reading or of the reader who comes to the work they have created. As students of the literary arts, English majors and minors prepare for a lifetime of reading and writing, enlightenment and fulfillment, learning to do what Toni Morrison describes as a dance of two minds.

English, B.A.

English Student Learning Outcomes
English majors/minors know:

- The history and forms of literatures in English
  - English majors/minors understand literary historical terms and concepts;
  - English majors/minors know the historical and generic markers that characterize the literature of specific periods;
  - English majors/minors can articulate the ways in which certain literary genres, concepts, and conventions endure and change across time.

- The heterogeneity of literatures in English and the nature of difference
  - English majors/minors will have a deeper sense of the diversity of literature written in English;
English majors/minors will expand their understanding of the range of experiences, forms, themes, conventions, and traditions that they can encounter in literary texts;

- English majors/minors can think critically about the intersection of difference and power in literary studies.

- The art of literary invention
  - English majors/minors create literary art that moves, challenges, informs, entertains, and engages its audience;
  - English majors/minors affirm and cultivate an individual artistic vision;
  - English majors/minors understand the professional production of creative texts.

English majors/minors are able to
- Construct persuasive critical analysis of literary texts
  - English majors/minors can integrate critical discourse, argumentation, persuasion, and research in a clear, grammatical, and logically sound manner;
  - English majors/minors can generate compelling and original interpretations and arguments.
- Construct compelling creative works in one or more genres
  - English majors/minors can express themselves in an artistic, imaginative, inspired, and unique style;
  - English majors/minors can generate compelling and original works of literary art.

Major Requirements
Please note that English majors may take no more than eight upper division English courses and have them count toward graduation.

A student wishing to declare the English major must be in good academic standing with a minimum GPA of C (2.0).

Lower Division Requirements (16 semester hours):

Two courses in Genres:
- ENGL 2200 Genres: Drama 4 semester hours
- ENGL 2201 Genres: Poetry 4 semester hours
- ENGL 2202 Genres: Fiction 4 semester hours
- ENGL 2296 Special Studies in Genres 4 semester hours

Two courses in Histories:
- ENGL 2203 Histories: British Literature I 4 semester hours
- ENGL 2204 Histories: British Literature II 4 semester hours
- ENGL 2297 Special Studies in Histories 4 semester hours

Note:
A grade of C (2.0) is required in each premajor course before qualifying for upper division status as an English major. Students transferring into the Department after their sophomore year may enroll in upper division courses in the major concurrently with the premajor courses. Students must complete all upper division courses in the major with a minimum grade of C (2.0) in order to maintain status as English majors. Failure to maintain this standard or failure to make sufficient progress toward completion of the major will result in probation or disqualification from the Department.

Upper Division Requirements (28 semester hours):

Explorations (16 semester hours):

One Author(s) course
(includes courses on single authors such as Shakespeare and other special studies. Check with your advisor to determine which courses may be used to fulfill this requirement.)

One Critical/Theoretical course
(includes most English and American literature courses and literary theory courses. Check with your advisor to determine which courses may be used to fulfill this requirement.)

One Comparative course
(includes any course in multi-ethnic literature, gender-based literature, world literature, or foreign language literature in translation. Check with your advisor to determine which courses may be used to fulfill this requirement.)

One Creative/Artistry course
(includes courses in creative writing and journalism. Check with your advisor to determine which courses may be used to fulfill this requirement.)

Specialization (12 semester hours):
In consultation with your advisor, pursue upper-division coursework in a specific area to develop a specialization within English studies. Areas of possible specialization include: multi-ethnic literatures, creative writing, literary theory, literary criticism, rhetorical theory.

With advisor approval, one course toward the specialization may be taken outside English. One course may include the Capstone seminar.

Total lower division and upper division: 44 semester hours
A minimum grade of C (2.0) must be obtained in each course in the major.

The English Major: Secondary Teacher Preparation Program for English
For information on this program, see the Secondary Teacher Preparation Program section in this Bulletin.

English Model Four-Year Plan
The normal course load is 16 semester hours (4 classes). By following the model below, a student will complete all lower division core requirements by the end of the sophomore year as well as most major prerequisites. Note that core areas are suggested to provide a distribution of various disciplines every semester. Please be flexible implementing these suggestions, given your own interests and course availability. In four years, this plan meets all common graduation requirements.

Freshman Year
Fall Semester

Spring Semester
• ENGL Upper Division: Critical/Theoretical 4 semester hours
• ENGL Upper Division: Author(s) 4 semester hours
• University Core 3-4 semester hours

Total: 14-16 semester hours

Senior Year

Fall Semester
• ENGL Upper Division: Specialization 4 semester hours
• ENGL Upper Division: Specialization 4 semester hours
• University Core 3-4 semester hours
• Upper Division Elective 3-4 semester hours

Total: 14-16 semester hours

Spring Semester
• ENGL 5595 Capstone Seminar 4 semester hours
• University Core 3-4 semester hours
• Upper Division Elective 3-4 semester hours
• Upper Division Elective 3-4 semester hours

Total: 13-16 semester hours

Note:
Upper division courses are open to juniors and seniors only. With the permission of the Chairperson, upper division courses may be open to sophomores who have taken or are concurrently enrolled in the required lower division, pre-major English courses.

Journalism Certificate
(Open to all majors and minors. 1. 16 semester hours or four 4-semester-hour ENGL courses in Journalism OR 2. 18 semester hours comprised of three 4-semester-hour ENGL courses in Journalism plus two 3-semester-hour APPROVED IDAP courses from CFA)

The Journalism Certificate at LMU offers maximum flexibility as no specific courses are required. The Journalism Certificate is not a major or minor. The "certificate" appears as a line on the student's final transcript and may be referenced in a student's resumé. (You will not receive a frameable certificate from the Office of the Registrar.)

Note: Some of the courses you take for the Certificate may also be counted toward your major or minor in English, your major or minor in Communication Studies, or the University Core. It may also be appropriate for those students who plan to work as a freelance journalist, or who intend to pursue a Master's or Ph.D. in Journalism, or, who plan to work as a public relations or advertising professional in corporate communications, for a newspaper or magazine or on various new media platforms, or as a social media professional. Three (3) Journalism Certificate courses must be selected from English courses in Journalism offered by the English Department. Two additional courses may be approved IDAP courses. Many students will take all their courses from the English Department courses in Journalism. Consult Dr. Linda Bannister, Journalism Certificate Advisor (Linda.Bannister@lmu.edu), to make sure your program fulfills the certificate requirements.

English, M.A.

Degree Requirements
Work for the degree of Master of Arts in English includes a minimum of 10 courses (30 semester hours) plus the Capstone Portfolio Project (0 semester hours). Courses selected must be approved by the Director of the Graduate English program. For the completion of the Master of Arts in English, all students are required to take Critical Methodology (in the first semester), Contemporary Critical Theory (in the first year) and a Major Writer Seminar. All students must take at least four courses at the 6000 level. Courses in the 5000 group which receive a grade of "B-" or less will not count toward the degree.

Literature Emphasis (Ten Courses)
- Critical Methodology (1)
- Contemporary Critical Theory (1)
- Major Writer (1)
- Literature and Theory Electives (5-7)
- Creative Writing Seminar (0-2)

Creative Writing Emphasis (Ten Courses)
- Critical Methodology (1)
- Contemporary Critical Theory (1)
- Major Writer (1)
- Creative Writing Seminar (4)
- Literature and Theory Electives (3)

Rhetoric and Composition Emphasis (Ten Courses)
- Critical Methodology (1)
- Contemporary Critical Theory (1)
- Major Writer (1)
- Literature and Theory Electives (3)
- Rhetoric and Composition Theory and Practice (3)
- Linguistics or Reading Theory (1)

Capstone Portfolio Project
The Capstone Portfolio Project is a culminating project that requires students to work under the supervision of an advisor to create a critical or creative portfolio that highlights his/her research or creative interests. The portfolio is evaluated by the advisor and a second reader for quality of work and mastery of skills acquired throughout the graduate program.

Details of requirements, evaluation, and deadlines are described in the Capstone Requirements Handbook available on the Department website.

Student Learning Outcomes
Students who complete the Master's Degree in English will:
- Master the terms and issues specific to the discipline and profession of literary studies.
- Master professional writing skills for tasks including book reviews, abstracts, short critical essays, and research projects.
- Gain experience giving presentations and making submissions for professional publications and/or conferences.
- Engage critically and deeply with a range of literatures and literary theories.
- Engage critically the content and practices of your chosen emphasis (Literature; Creative Writing; Rhetoric and Composition).

English Minor

Requirements
A student wishing to declare the English minor must be in good academic standing with a minimum GPA of C (2.0). The minor requires a minimum of 20 semester hours beyond 1000-level courses.

Lower Division Coursework:
I. Foundations (8 semester hours—2 courses):
No more than 4 semester hours can be taken in one category.
1. Histories
2. Genres

Upper Division Coursework
II. Explorations (12 semester hours—3 courses):
No more than 4 semester hours can be taken in one category.
1. Author(s)
2. Critical/Theoretical
3. Comparative
4. Creative/Artistry

Note:
A minimum grade of C (2.0) must be obtained in each course in the minor.

Journalism Minor

As readers and writers we are concerned with stories—"content" in the parlance of the digital realm—who tells them about whom, how they are told, how they arrive at an audience, and what happens to them when they become "public." Our journalism program directly engages LMU's mission of the promotion of justice by critiquing media representations and their immediate social and political impact, and also by exploring the history of social advocacy in both old and new media.

LMU's Journalism program is housed in the English Department, where the creative and critical pursuits that are the soul of the department's mission align perfectly with the genre. As a department, we study the history of literature, the craft of writing, and the ethics and politics of representation. New media have brought us the possibility of a democratization of representation, but troubling issues of power and identity endure. Many journalism programs limit the study of "ethics" in their curricula to introductory classes and largely to a discussion of the reporter's responsibility to the subject. What distinguishes our program is that the ethical discussion suffuses the entire curriculum.

Journalism at LMU is not merely theoretical; we offer hands-on instruction in the reporting, writing, editing, and technological skills that students need to become professional journalists. For more information about the Journalism program, please contact Interim Director Evelyn McDonnell, Evelyn.McDonnell@lmu.edu.

Requirements
The Environmental Studies Program offers an interdisciplinary minor designed to help students acquire an understanding of the complex issues and concerns associated with the environment. Building on courses from across the humanities, social sciences, and natural sciences, the Environmental Studies minor offers a coherent curriculum addressing some of the most pressing ecological, political, economic, social, and ethical problems of the contemporary world.

Students who minor in Environmental Studies will study issues and ideas including: global climate change; resource management, including excessive consumption and the just distribution of resources; genetically modified crops and organisms; biodiversity; wilderness preservation; pollution pressures on the land, air, and sea; sustainable development; the rights or value of non-human animals and nature; energy production; population and consumption; the role of the environment in local, national, and international politics; international agencies and treaties addressing environmental issues; environmental ethics; and environmental justice.

The Environmental Studies Program and its curriculum is dedicated to fostering a genuine spirit of interdisciplinary exchange, across both traditional disciplinary lines and among the various colleges and schools on campus. Faculty from a variety of departments, schools, and colleges may teach courses cross-listed in Environmental Studies, and students from across the University community will find an appropriate niche in the program through its intentionally interdisciplinary nature.

Environmental Studies Minor Student Learning Outcomes

Environmental Studies minor students will know:

- The primary environmental issues confronting humans in the 21st century (e.g., anthropogenic climate change, loss of biodiversity, resource consumption, peak oil, etc.)
- The fundamental science that frames and makes comprehensible current debates about environmental issues (e.g., the carbon cycle)
- How to assess and grasp the moral and ethical significance of environmental crises and the possible responses to those crises using multiple approaches or frames (e.g., utilitarian, deontological, intrinsic value, virtue theory, pragmatic, etc.)
- The practical challenges (e.g., political, economic, etc.) associated with various possible responses to environmental crises.

Environmental Studies minor students will be able to:

- Apply diverse perspectives and methodologies (ways) of addressing environmental questions (e.g., philosophical, economic, scientific, political, theological, etc.), transcending traditional disciplinary boundaries in favor of a more holistic perspective
- Apply the knowledge and analytic skills they have acquired in the course of their studies to real-world issues, bridging the supposed gap between theory and practice
- Demonstrate the ability to write, speak, and think clearly and critically about the issues studied in the minor.

Environmental Studies minor students will value:

- The diverse perspectives and values (e.g., political, cultural, religious, etc.) amongst the various stakeholders in environmental challenges
- The importance of good science in framing environmental questions
- The role of both a) personal transformation (e.g., lifestyle choices, consumptive dispositions, etc.) and b) social transformation (e.g., community involvement, political...
action, addressing environmental justice and environmental racism, etc.) in any response to environmental challenges.

Minor Requirements
The Environmental Studies minor consists of six courses that can be satisfied with between 18 and 24 semester hours; however, given practical issues related to semester hours in different colleges and departments, students will generally complete the minor with 22 semester hours of work. Both foundation courses are lower division, and the Capstone seminar is an upper division course. The three distribution courses may include one lower division course.

1. Foundations Courses (7 semester hours)
   - EVST 1000 Introduction to Environmental Studies 4 semester hours
   - ENVS 101 Introduction to Environmental Science 3 semester hours

2. Distribution Courses
   - Humanities Elective 3-4 semester hours
   - Social Science Elective 3-4 semester hours
   - Natural Science Elective 3-4 semester hours

3. Capstone Course (4 semester hours)
   - EVST 4001 Environmental Studies Capstone Seminar 4 semester hours

Note:
Alternative courses can be substituted at the discretion of the Director. Students are encouraged to contact the Director to inquire about and propose alternative courses that may fulfill Distribution Course requirements, aside from those listed below.

Course Offerings

I. Foundations Courses
   - EVST 1000 Introduction to Environmental Studies 4 semester hours
   - ENVS 101 Introduction to Environmental Science 3 semester hours

II. Humanities Distribution
   - PHIL 3110 Environmental Ethics 4 semester hours
   - PHIL 3220 Environmental Philosophy 4 semester hours
   - THST 3751 Sacred Place 4 semester hours
   - THST 3780 World Religions and Ecology 4 semester hours
   - WGST 3200 Women and Environmental Justice 4 semester hours

III. Social Science Distribution
   - ECON 3998 Special Studies 1 TO 4 semester hours (taken as Green Decision Making 4 semester hours)
   - ECON 4160 Environmental Economics 4 semester hours
   - GEOG 1000 Human Geography 4 semester hours
   - SOCL 3360 Environment and Society 4 semester hours

   - URBN 3045 Urban Planning 4 semester hours
   - URBN 3046 Sustainable Cities 4 semester hours
   - URBN 3998 Special Studies 1 TO 4 semester hours (taken as Environmental Planning/Policy 4 semester hours)

IV. Natural Science Distribution
   - BIOL 318 Principles of Ecology 4 semester hours
   - BIOL 321 Urban Ecology 3 semester hours
   - ENVS 250 Earth Science 3 semester hours
   - ENVS 279 Principles of Environmental Sustainability 3 semester hours
   - ENVS 300 Engineering Geology 3 semester hours
   - ENVS 301 Environmental Science 3 semester hours
   - ENVS 310 Oceanography 3 semester hours
   - ENVS 356 Sustainable Practices 3 semester hours
   - SCEM 320 Science, Theology, and the Future 3 semester hours

V. Capstone Course
   - EVST 4001 Environmental Studies Capstone Seminar 4 semester hours

Ethics Minor

Objectives
In response to the need to address ethical issues in the various professions, the Philosophy Department, in conjunction with other departments in the different Colleges and Schools of the University, offers a minor in Ethics. Its main focus is to deepen and broaden the student’s grasp of the theoretical foundations and practical applications of ethical thought. The Ethics minor will complement and support the student’s studies by encouraging reflection on the ethical issues that arise in his or her major field of study.

The objectives of this program are: 1) to heighten the student’s awareness of the pervasive moral dimensions of human experience; 2) to broaden and deepen the student’s understanding of ethical theories and their foundations; and 3) to promote moral deliberation, evaluation, decision-making, and conduct that alone can renew and sustain healthy economic, social, political, and professional institutions in concrete human communities.

Ethics Minor Student Learning Outcomes
Ethics minor students will understand:
   - The historical context, the import, and the strengths and weaknesses of various paradigms of ethical reflection
   - The ways in which ethical theories have been applied to concrete human concerns
   - The relevance of ethical reflection to critical issues arising in their chosen major field of study.

Ethics minor students will be able to:
   - Demonstrate written competency in the analysis and application of ethical theories to vexed practical problems
European Studies, B.A.

The European Studies major is an integrated, interdisciplinary area-studies program. Students choose from a range of courses taught in different departments, selecting a focus that reflects their individual interests (e.g., German or Irish Studies).

The program requires competence in a European language, background to grasp the complexity of European history and civilization as a whole, as well as a specialization in one field of study. As such, it provides students with a solid preparation for graduate school or a career in government or private enterprise. One semester of study in Europe is strongly recommended but is not mandatory.

European Studies majors who have a specialization in German and a minimum GPA of 3.5 are eligible once per year for the generous Bellarmine College of Liberal Arts Conrad Lester merit-based scholarship.

Objectives

- Intermediate proficiency in one European language (courses 1102-2104/3104 at LMU or equivalent). LMU offers French, German, Italian, and Spanish in the Department of Modern Languages and Literatures as well as Greek, Latin, and Modern Greek in the Department of Classics and Archaeology. EURO language courses are also available in the LMU Study Abroad Programs in Europe. Once per year during the Spring semester, the Department of Modern Languages and Literatures offers a general proficiency test in German (ZD), which is internationally recognized and certifies the language skills of the student to prospective employers in the public and private sector. It is administered free of charge for graduating European Studies students with a concentration in German within their major.

- Knowledge of the historical, intellectual, political, and religious contexts of Europe, past and present.

- Knowledge of the art and literary works of Europeans, past and present.

European Studies Student Learning Outcomes

European Studies students are expected to demonstrate:

- Linguistic proficiency in one European language (French, German, Italian, Spanish, Greek, Latin, and/or Modern Greek)

- Knowledge and understanding of:
  - The history of Europe (History)
  - The history of ideas in Europe ( Philosophy)
  - The politics of Europe (Political Science)
  - The religious contexts of Europe (Theological Studies)

- Familiarity with cultural expressions of Europeans such as:
  - European literature (Classics, English, European Studies, Foreign Literature in Translation, French, German, Italian, Spanish)
  - European art history and creative arts (Art History, Film, Theatre Arts)

- Reflection on/assessment of:
  - Reasons why a major in European Studies was chosen
  - Cultural competency (what they have learned)
  - Content of the courses selected for the European Studies major
  - Development and evolution in the European Studies major
  - Extracurricular activities connected with the European Studies major (study abroad

Minor Requirements

The minor in Ethics consists of 20 semester hours divided as follows:

FOUR Foundations Courses, including:

PHIL 1800 and PHIL 3100, which also satisfy the University's core requirements in Philosophy.

Two further classes chosen in consultation with the Ethics minor advisor, at least one of which must be in Philosophy, though the second may be offered by departments in any of the Colleges or Schools in the University. These courses should deepen the student's awareness of the context, presuppositions, and implications of various approaches to ethical reflection.

TWO Applications Courses including:

One course in Applied Ethics related to the student's College or School of origin chosen from PHIL 3100-3145 (see Course Descriptions).

One elective course in Applied Ethics selected from the PHIL 3100-3145 (see Course Descriptions) options without regard for the student's College or School of origin.

ONE Assessment Course:

PHIL 4995 is a 0 credit hour Ethics Minor assessment class, to be taken once all other Ethics minor credit hours are completed or during the semester the student is completing his or her final classes for the minor.

Note:

Philosophy majors or minors cannot also have an Ethics minor.

European Studies

Director

Petra Liedke Konow

Faculty

The faculty of the European Studies major are those professors in various departments of the University who regularly offer courses that are directly concerned with issues relating to Europe, or to specific countries or traditions of Europe, past and present.

European Studies, B.A.

The European Studies major is an integrated, interdisciplinary area-studies program. Students choose from a range of courses taught in different departments, selecting a focus that reflects their individual interests (e.g., German or Irish Studies).
experiences, program-related activities, work experience/internships).

Student Learning Outcomes will be assessed through a Senior Capstone Project (EURO 5000), which consists of a portfolio completed during the second semester of the senior year. The portfolio is a collection of multiple samples, usually compiled over the course of studies, accompanied by a personal reflection essay, which shows that the student has met the objectives of the European Studies Program.

Major Requirements

LMU students wishing to declare the European Studies major must meet with the program director. The director will sign the student’s Change of Program form provided the student is in good academic standing, which includes having a minimum cumulative LMU GPA of 2.0 (C).

Lower Division Requirements (20 semester hours):
- One European history course (4 semester hours) is required for the EURO major selected from among the early European history offerings (HIST 1110, HIST 1120, or HIST 1130) or among the modern European history courses (HIST 1200, HIST 1201, HIST 1202, HIST 1203, or HIST 1204). Moreover, all students with a European Studies major are strongly encouraged to satisfy their University Core requirement for Historical Analysis and Perspectives with a history course from the category not chosen for their major, that is, with a modern European history course, if they chose early for their EURO major, and with an early European history course, if they chose modern for their major.
- Elementary 1 and 2 and Intermediate 1 and 2, or the equivalent, of one European language are required (i.e., 16 semester hours):
  - FREN 1101 and FREN 1102 or
  - GRMN 1101 and GRMN 1102 or
  - ITAL 1101 and ITAL 1102 or
  - MDGK 1101 and MDGK 1102 or
  - SPAN 1101 and SPAN 2102 and
  - FREN 2103 or
  - GRMN 2103 and GRMN 2104 or
  - ITAL 2103 and ITAL 2104 or
  - MDGK 2203 and MDGK 2204 or
  - SPAN 2103
- For French the fourth semester of the language sequence is FREN 3104.

Elementary- and intermediate-level language courses (EURO 1181, EURO 1182, EURO 2283, EURO 2284) are available in the LMU Study Abroad Programs in Europe. Study Abroad students might have to take the LMU Placement Exam upon return to fulfill lower division requirements.

Upper Division Requirements (25 semester hours):

Group A:
8 semester hours chosen from the courses below, which examine the historical, intellectual, political, and/or religious contexts of Europe, past and present.
- CLAR 3210 Classical and Near Eastern Myths 4 semester hours
- EURO 3020 Late Antique and Medieval Western Christianity 4 semester hours
- EURO 3021 The History of Christianity from the Middle Ages to the Present 4 semester hours
- EURO 3210 Classical and Near Eastern Myths 4 semester hours
- EURO 3221 Greek Orthodox Tradition 4 semester hours
- EURO 3252 Orthodox Christian Spirituality 4 semester hours
- EURO 3510 Ancient Philosophy 4 semester hours
- EURO 3520 Medieval Philosophy 4 semester hours
- EURO 3530 Modern Philosophy I 1 TO 4 semester hours
- EURO 3540 Modern Philosophy II 4 semester hours
- EURO 3998 Special Studies 1 TO 4 semester hours
- EURO 3999 Independent Studies 1 TO 4 semester hours
- EURO 4700 Major Thinkers 4 semester hours
- EURO 4998 Special Studies 1 TO 4 semester hours
- EURO 4999 Independent Studies 1 TO 4 semester hours
- FNLT 4200 Comparative Cultures 4 semester hours
- FREN 4231 Identity Crisis in Contemporary France 4 semester hours
- GRMN 3230 German Culture and Civilization 4 semester hours
- GRMN 3231 The Germans: Great Moments Past and Present 4 semester hours
- IRST 3310 Modern Ireland 4 semester hours
- ITAL 3250 Contemporary Italian Culture 4 semester hours
- MDGK 3350 Greek Orthodox Tradition 4 semester hours
- MDGK 3352 Orthodox Christian Spirituality 4 semester hours
- PHIL 3610 The Analytic Tradition 4 semester hours
- PHIL 3640 Existentialism 4 semester hours
- PHIL 4630 Phenomenology 4 semester hours
- PHIL 4650 Postmodernism 4 semester hours
- PHIL 4660 Hermeneutics 4 semester hours
- PHIL 4670 Spanish Philosophy 4 semester hours
- PHIL 4700 Major Thinkers 4 semester hours
- PHIL 4810 Metaphysics 4 semester hours
- POLS 3060 Marx and Marxism 4 semester hours
- POLS 3010 Classical and Christian Political Theory 4 semester hours
- POLS 3020 Modern Political Theory 4 semester hours
- POLS 3640 Politics of the European Union 4 semester hours
- POLS 3480 U.S.-British Politics 4 semester hours
- POLS 3481 British Government 4 semester hours
- POLS 3482 British Public Policy 4 semester hours
- THST 3020 Late Antique and Medieval Western Christianity 4 semester hours
- THST 3021 The History of Christianity from the Middle Ages to the Present 4 semester hours
- THST 3221 Greek Orthodox Tradition 4 semester hours
- THST 3222 European Christianity: Schism, Reform, and Ecumenical Dialogue 4 semester hours
8 semester hours chosen from the courses below, which examine the art and literary works of Europeans, past and present.

Group C: 8 semester hours of electives chosen from:
• Additional Group A and Group B courses above
• Additional European languages courses (lower division eligible for credit)

One semester hour:
• EURO 5000 Capstone Project 1 semester hour

Note:
European Studies majors are encouraged to select core classes with a European focus.

European Studies Model Four-Year Plan
The normal course load is 16 semester hours (4 classes). By following the model below, a student will complete all lower division core requirements by the end of the sophomore year as well as most major prerequisites. Note that core areas are suggested to provide a distribution of various disciplines every semester. Please be flexible implementing these suggestions, given your own interests and course availability. In four years, this plan meets all common graduation requirements.

Freshman Year

Fall Semester
• European Language 4 semester hours
• FFYS 1000 First Year Seminar 3 OR 4 semester hours
• University Core 3-4 semester hours
• University Core 3-4 semester hours

Total: 13-16 semester hours

Spring Semester
• European Language 4 semester hours
• RHET 1000 Rhetorical Arts 3 OR 4 semester hours
• University Core 3-4 semester hours
• University Core 3-4 semester hours

Total: 13-16 semester hours

Sophomore Year

- Upper Division Elective 3-4 semester hours
- Upper Division Elective 3-4 semester hours

Total: 14-17 semester hours

Geography

Director
Peter Hoffman

Objectives

Geography is one of the fundamental disciplines in the social sciences and an essential component in a liberal arts education. The critical importance of geography and the topics addressed by the discipline are recognized by its inclusion in the core curricula of the Bellarmine College of Liberal Arts, the College of Communication and Fine Arts, and the School of Film and Television.

Geography examines the relationships between people and their environment—its focus is sometimes simply referred to as "human ecology." With a distinctly spatial perspective, geography examines the wide range of places that humans have come to occupy on the Earth. Critical to that examination are an analysis of the ways in which people have modified the environment, for both better and worse, and the long term consequences of such modifications. Geography has also traditionally been the discipline that engages in the systematic study of the world's diverse countries and regions. With the dramatic political and economic transformations occurring throughout the world as a result of contemporary globalization, regional geographic analysis represents a continuing challenge to the discipline and gains greater importance every day.

Geography Student Learning Outcomes

By virtue of their Geography courses, students should know:

- The general global patterns of major geographic elements and processes
- The regional structures and expressions of human environmental relationships associated with the modern and postmodern realm
- The structures and expressions of human settlement associated with the developed realms/core and those associated with the less developed realm/periphery
- The basic research questions and agendas associated with human and regional geography
- The common theories, practices, and methodologies employed in contemporary human geography
- The global patterns of contemporary societies differentiated by their social and economic structures, values, and practices;

By virtue of their Geography courses, students should be able to:

- Effectively employ contemporary social science methodology in the analysis of environmental and geographic issues
- Demonstrate written and oral competencies in the analysis of environmental and geographic issues and policy

- Identify and utilize appropriate primary data for the analysis of environmental and geographic issues
- Apply their understanding of environmental and geographic issues to the development and critical analysis of programs and policies appropriate to addressing contemporary social and economic problems;

By virtue of their Geography courses, students should value:

- Diverse perspectives in the analysis and assessment of human environmental issues and global policies
- Thoughtful analysis of the implications of human population growth and evolving technologies in the context of social justice and sound environmental practices
- Rigorous, scientific research that enlightens human ecology and contributes to the resolution of social and environmental problems
- Community-based participation in the development of programs and policies that contribute to social, economic, political, and environmental improvement.

History

Faculty
Chairperson: Amy Woodson-Boulton
Professors: Jok Madut Jok, Lawrence A. Tittle
Associate Professors: Najwa Al-Qattan, Cara Anziolotti, Carla J. Bittel, Constance J.S. Chen, Elizabeth Drummond, Anthony M. Perron, Nigel A. Raab, Nicolas Rosenthal, Amy Woodson-Boulton
Assistant Professors: Sean Dempsey, S.J., Andrew Devereux, Kevin McDonald, Margarita Ochoa

Prerequisites for Declaring a Major or Minor in History

At entry to the University, students declare the major/minor through the Office of Admission. LMU students wishing to declare the major/minor must first meet with the department chair, who will ordinarily sign the student's Change of Program form. The History Department requires a minimum LMU GPA of 2.0 (C) and the students should not be on academic probation. It also requires an average grade of C (2.0) in all history courses taken before declaring a major or minor, including courses at other institutions. The history department accepts Advanced Placement courses in European and American history to fulfill lower division history requirements, provided the scores of the AP examinations are 5 or 4.

History, B.A.

Objectives

The study of history is integral to Loyola Marymount University's mission as a university in the Jesuit/Marymount, Catholic, and liberal arts traditions. It contributes to "the encouragement of learning" through intellectually demanding courses that cultivate an understanding of both familiar and unfamiliar pasts and cultures. It educates "the whole person" by focusing on a multiplicity of perspectives and experiences, and by attempting to understand the lived, bodily experience of the "whole person" in the past. History courses ground discussions of "the service of faith and the promotion of justice" by putting these ideas in context, showing change over time, and emphasizing how today's world evolved out of the contingent actions of and interactions between individuals and groups of people. The study of history enables the student to examine cultures, religions, and the interconnections among
peoples and societies as complex historical phenomena, human structures open to historical interpretation and analysis. Historical perspective thus provides insight into the sequence of events, into the relationship between events at diverse times and places, and into the dynamism of structures and beliefs that can otherwise appear fixed or predetermined. The study of history therefore also leads to greater sensitivity to and awareness of cultural differences and similarities, as well as conflicting interpretations of events. As a discipline, History is open to and inclusive of multiple different methodological approaches to the study of the past. The History curriculum thus emphasizes the potential for human action, showing how an individual's actions can change the world even as it examines the structures necessary for that action. The Department of History at LMU seeks to educate students to become global citizens engaged with the world around them and sensitive to our ties to the past. The Department sees History as supporting the creation of "contemplatives in action," as the contemplation of the past and the present is an essential part of students moving into the world as agents in their own right.

History Student Learning Outcomes
1. Introduce students, through a balanced yet flexible curriculum, to the breadth and depth of historical experience through the study of past and contemporary societies and cultures, enabling them to understand broad narratives and periodization as well as to examine the relationships between the shared and the distinctive across time and space.
2. Foster the creation of informed citizens able to participate in public life, by teaching them to communicate effectively in writing and in speech, to think critically and analytically about the past, and to develop and defend persuasive arguments.
3. Introduce students to history as an intellectual discipline by enabling them to develop an awareness and understanding of conflicting interpretations of the past. Courses examine how historians debate both historical narratives and the practice of historical research so that students should eventually be able to situate their own research in this broader historiography.
4. Provide students with a fuller awareness and understanding of many vital issues of human experience and to value the diverse experiences of individuals in the past and present.

Major Requirements

Lower Division Requirements:

16 semester hours, distributed as follows:
- Three lower-division history surveys:
  - 1 Europe (10xx, 11xx, or 12xx)
  - 1 US (13xx or 14xx)
  - 1 World Regions (15xx, 16xx, 17xx, or 18xx)
- One methodology and historiography course, HIST 2000 What Is History?

Upper Division Requirements:

24 semester hours, distributed as follows and chosen in consultation with the student's advisor:
- 1 Europe (31xx, 32xx, 41xx, 42xx)

- 1 US (33xx, 34xx, 43xx, 44xx)
- 1 World Region (30xx, 35xx, 36xx, 37xx, 38xx, 45xx, 46xx, 47xx, or 48xx)
- 2 additional upper-division history courses (3xxx, 4xxx, or 5xxx)
- 1 Seminar (5000-5899)

Note:
An average grade of C (2.0) must be obtained in the courses included in the major.

Secondary Teacher Preparation Program in Social Science (History)
For information on this program, see the Secondary Teacher Preparation Program section in this Bulletin.

History Model Four-Year Plan
The normal course load is 16 semester hours (4 classes). Total: 13-16 semester hours

History Minor

Minor Requirements, distributed as follows:

- At least one History course in each of the three regions:
  - Europe (1000-1299, 3100-3299, 4100-4299)
  - United States (1300-1499, 3300-3499, 4300-4499)
  - World Regions (1500-1899, 3000-3099, 3500-3899, 4000-4099, 4500-4899)
- And at least 3 upper-division History courses.

Humanities

Director
Áine O’Healy

Faculty
Assistant Professor: Alexandra Neel

Humanities, B.A.

Objectives
The Humanities major is designed to meet the needs of a student who has a broad interest in liberal arts but whose interest would not be served by a major program within a single department. The Humanities major is an interdisciplinary program that draws on courses taught in several departments in the Bellarmine College of Liberal Arts (History, English, Classics, Philosophy, Theological Studies, Modern Languages and Literatures) and the College of Communication and Fine Arts. In the first two years the student acquires a broad background in the arts, history, and literature. Language study through the advanced level is also required. In the second two years, the student concentrates in a particular area of interest. The concentration consists of four (4) upper-division courses taken from departmental offerings in Archaeology, Classics, English, French, German, Greek, History, Italian, Latin, Philosophy, Spanish, or Theological Studies, or by five (5) upper-division courses in Art History. The concentration is then supported by three (3) upper-division courses from one or two supporting fields selected in consultation with the Humanities advisor. All Humanities majors are required to complete, in their final semester, a Capstone Project (HMNT 4997), which marks the culmination of the student’s interdisciplinary course of study.

The program provides students with the motivation, knowledge, and skills necessary to read, write, and think critically about the issues that have occupied the writings of humanists for centuries, as well as to examine, question, and challenge their own moment in cultural history in light of the values associated with humanism.

The program is a fine preparation for students interested in professional courses in law, business, or education. Also, the program is designed to allow students to complete a major in a disciplinary area that would qualify them for graduate studies.

Humanities Student Learning Outcomes
By virtue of pursuing a major in Humanities,

Students should know:

- How knowledge has been pursued, established, and critically evaluated in at least two different disciplines representing their concentration and supporting field of study
- The various ways in which artists have developed the fine arts to convey their sense of the world’s surface and its depth
- A foreign language
- The content as well as analytical and communicative skills that the study of their concentration demands;

Students should be able to:

- Communicate insights clearly, effectively, and with nuance in both oral and written form
- Synthesize insights from a variety of disciplines
Develop insights from one discipline for the enrichment of others;

Students should value:
- The variety of ways in which cognitive, moral, and aesthetic disciplines have enriched our sense of the human condition
- The further pursuit of those disciplines, as required by their deeper sense of the complexity of the human condition
- Their responsibility to serve the world as whole persons, with head, heart, and hand.

Major Requirements

Lower Division Requirements:

17 semester hours distributed as follows:

6 semester hours from:
- ARHS 2000 Foundations of Western Art 4 semester hours
- ARHS 2002 Art and Society: Early Christian to Early Modern 4 semester hours
- ARHS 2004 Modernism 4 semester hours

3 semester hours in Studio or Performance Arts.

8 semester hours from one of the following language sequences:
- CHIN 2103 Chinese 3 4 semester hours
- CHIN 2104 Chinese 4 4 semester hours
- FREN 2103 French 3 4 semester hours
- GRMN 2103 German 3 4 semester hours
- GRMN 2104 German 4 4 semester hours
- ITAL 2103 Italian 3 4 semester hours
- ITAL 2104 Italian 4 4 semester hours
- JAPN 2103 Japanese 3 4 semester hours
- JAPN 2104 Japanese 4 4 semester hours
- MDGK 2203 Intermediate Modern Greek I 4 semester hours
- MDGK 2204 Intermediate Modern Greek II 4 semester hours
- SPAN 2102 Spanish 2 4 semester hours
- SPAN 2103 Spanish 3 4 semester hours

6-7 semester hours in a Studio or Performance Art.

Upper Division Requirements:

At least 29-30 semester hours in upper division courses distributed as follows:

- 15-16 semester hours in concentration in a departmental major.
- 12 semester hours in one or two fields which supports the concentration.

And, in the final semester

2 semester hours focusing on the Capstone Project (HMNT 4997).

Note:
An average grade of C (2.0) must be obtained in courses included in the major.

The choice of a concentration and of support courses must be formally approved by the Director.

Humanities Model Four-Year Plan

The normal course load is 16 semester hours (4 classes). By following the model below, a student will complete all lower division core requirements by the end of the sophomore year as well as most major prerequisites. Note that core areas are suggested to provide a distribution of various disciplines every semester. Please be flexible implementing these suggestions, given your own interests and course availability. In four years, this plan meets all common graduation requirements. Should a student choose to concentrate in Art History, she or he will take five (5) three (3)-semester-hour courses to complete the emphasis.

Freshman Year

Fall Semester
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 13-16 semester hours

Spring Semester
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- Foreign Language (100-level) 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 13-16 semester hours

Sophomore Year

Fall Semester
- ARHS 2000 Foundations of Western Art 4 semester hours
- ARHS 2002 Art and Society: Early Christian to Early Modern 4 semester hours
- ARHS 2004 Modernism 4 semester hours
- Performing Arts 3 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Note:
An average grade of C (2.0) must be obtained in courses included in the major.
John Menaghan

Irish Studies Minor

Objectives

Irish Studies is an interdisciplinary minor designed to complement a wide variety of majors by providing students with an understanding of the historical and cultural development of the Irish people and the significance of their intellectual, artistic, spiritual, and economic contribution to world civilization, including their experiences as both a post-colonial nation and an emigrant diaspora. Taken together, Ireland's historical evolution; its long experience of colonization and cultural oppression; its rich contribution to world literature, art, and music; the creative tension in contemporary Ireland between its ancient Celtic heritage and its modern Anglo-Irish/Hiberno-English identity; and its remarkable though often unacknowledged influence upon the countries - chiefly the United States, Great Britain, Canada, Australia, New Zealand, and South Africa - that make up the far-flung Irish diaspora constitute a fertile field for intellectual inquiry.

Focused simultaneously on a small nation on the edge of Europe and a far-flung diaspora and offered within the context of the most culturally diverse city in the world, the minor in Irish Studies is designed to be not merely interdisciplinary but intercultural. At a time when the nearly simultaneous phenomena of a European drive toward unification and an American emphasis on diversity both complicate and enrich our very notions of what constitutes a nation, culture, or people, students minoring in Irish Studies will have the flexibility to explore the richness of the Irish experience from a broad range of perspectives and the opportunity to assess its influence not only in Europe and America but on struggles against cultural and political oppression around the globe.

Irish Studies Student Learning Outcomes

Students minoring in Irish Studies are given opportunities to learn about:

- The general history of Ireland and the Irish diaspora
- The distinctive literary achievements of the Irish
- Irish achievements in cinema and dance
- Historical, religious, and moral issues in contemporary Irish politics
- The intersection/intermingling of Celtic and Christian worldviews
- The connection of Irish struggles for freedom and self-determination to similar struggles in the United States and around the world

Students minoring in Irish Studies will be given opportunities to develop:

- The ability to perform research into several distinct aspects of the Irish experience
- The ability to compose well-written and thoughtful essays on Irish history, politics, religion, and culture
- The ability to evaluate and appreciate Irish achievements in the arts
- The ability to make connections across disciplines, countries, and cultures

Students minoring in Irish Studies will be encouraged to value:

- The Irish struggle against cultural and political oppression and its relation and continuing relevance to similar struggles around the world
• The distinctive contributions of the Irish to European, American, and world civilization.

Study Abroad
Students can earn up to eight semester hours toward the minor in Irish Studies in the LMU Summer in Ireland Program at Trinity College Dublin, one of the oldest and most renowned universities in the world. Students can also arrange to spend a semester or year abroad at an Irish university.

Minor Requirements
LMU students wishing to declare the Irish Studies minor must meet with the program director. The director will sign the student's Change of Program form provided the student meets certain academic standards that include having a minimum LMU GPA of 2.0 (C) and not otherwise being on academic probation.

20 semester hours, including at least one course in Irish literature and one in Irish history. At least 12 semester hours must be in upper division courses. An average grade of C (2.0) must be maintained in Irish Studies courses.

Note:
Courses offered in other departments and programs may be used as semester hours to fulfill the minor requirements in IRST, provided the student receives the approval of the Director in advance of taking the course. Students seeking such approval must arrange with the relevant instructor to complete a substantial paper/project on Ireland and/or the Irish diaspora and must submit a copy of same to the Director at the end of the course. No more than eight semester hours (2 such courses) may be applied toward the 20 total semester hours required to complete the Irish Studies minor. Such courses may also have departmental prerequisites; consult Course Descriptions for further details.

Jewish Studies

Director
Holli G. Levitsky

Jewish Studies Minor

Objectives
Jewish Studies provides an academically rigorous minor to examine Jewish history, culture, faith, and practice in its unity and diversity across geographic, political, historical, religious, and aesthetic boundaries and dimensions.

The Jewish Studies program is unique in that it provides:
1. A rigorous foundation for the academic minor; and
2. Regular opportunities for engaged learning, such as endowed lectureships, study abroad courses, and special events for the University and the community. The Jewish Studies program sponsors three endowed events each year, which Jewish Studies minors can actively participate in. Jewish Studies Scholarships are available for student travel and living costs.

The Jewish Studies program provides students with a diversity of Jewish perspectives and is open to students of all faiths and backgrounds. Through education and community outreach, the Jewish Studies program offers a profound opportunity to engage others directly and constructively in order to promote greater understanding and appreciation of Judaism and its relation to other faith traditions, and to act together upon such respect and understanding.

Faculty from a range of departments, schools, and colleges teach courses in Jewish Studies, many of which are cross-listed with Core and other University requirements. For questions relating to these and other matters in Jewish Studies, students should consult the Director of the Jewish Studies program.

Jewish Studies Student Learning Outcomes
Students will know:
• The nature of the Jewish religious experience
• Significant aspects of Jewish history, culture, and literature/art
• Significant developments in and implications of Jewish/Christian relations

Students will be able to:
• Demonstrate critical reflection on significant aspects of Jewish history, culture, religion, and literature/art
• Conduct critical research and write intelligently and persuasively on issues within Judaism
• Synthesize and apply this knowledge to pursue justice locally and globally

Students will value:
• The rich contribution of the Jewish people to history, culture, religion, and literature/art
• The importance of inter-religious dialogue
• The living vitality of Jewish faith and culture through the promotion of justice.

Study Abroad
LMU Jewish Studies offers two Study Abroad courses, alternating each summer: "Literature and Faith in the Holy Land," in Israel; and "Imagining the Holocaust: Forgotten and Contested Landscapes," in Poland. In consultation with the Director, one or both of these courses can be applied toward the Jewish Studies minor. The LMU Semester exchange at Hebrew University in Jerusalem, and Study Abroad courses offered through other programs or colleges, may also satisfy Jewish Studies' requirements.

Jewish Studies Minor Requirements
The foundational courses for the Jewish Studies minor address its interdisciplinary nature and the Jewish Studies mission to provide opportunities to engage the community. The required 20 semester hours must include JWST 3000 Modern Jewish History, JWST 3750 Judaism: Religion, History, and Culture (Ancient through Modern), two courses from the University Core, such as First Year Seminar: Literature of Exile and Terror, First Year Seminar: Modern Jewish Literature; Explorations: The Zionist Idea; Integrations: The History and Psychology of the Holocaust and Genocide. In consultation with the Program Director, other Core courses may satisfy this requirement. The final course requirement can be chosen from JWST 4900 Capstone Project, an approved Study Abroad course, or an approved course in Jewish literature, film, or culture.

Liberal Arts
Liberal Arts courses (LIBA) are offered by the Bellarmine College of Liberal Arts, are designed to enrich the academic, career-related, and life skills of our students.

Liberal Studies
Director
Bernadette Musetti

Liberal Studies, B.A.

Objectives
The Liberal Studies program enables the student to meet elementary education Multiple Subject teacher preparation standards. The Liberal Studies program curriculum likewise serves the Loyola Marymount University mission.

Liberal Studies Student Learning Outcomes
The Liberal Studies program student will master the content required of professional educators in the State of California, to include:

- Key concepts in the following academic fields: the social sciences and history, the arts and humanities, language studies, mathematics and science, health, physical education, human development, and in an approved academic concentration of the candidate's choice
- Candidates will demonstrate their mastery of the subject matter by successfully passing the CSET (California Subject Examination for Teachers) at the completion of their coursework.

The Liberal Studies program student will master the skills required of professional educators in the State of California:

- To synthesize subject content in the liberal arts, professional content related to classroom teaching, and educational policies
- To apply reading, writing, and research skills appropriate to the work of the academic disciplines being studied
- To apply academic concepts to practical teaching contexts
- To analyze, reflect on, and evaluate the relationships among academic theories, the practical and applied contexts of teaching, and the multiple and complex needs of students comprising a rich and diverse globe
- Candidates will demonstrate the ability to synthesize and the other skills listed above in an exit interview at the completion of required coursework

The Liberal Studies program student will value:

- Intellectual inquiry across a range of subjects
- A world view comprising faith, social justice, and a respect for diversity
- The individual's role as a future educator who will shape the lives of children, local communities, and larger national and global societies;

Liberal Studies students will develop in their roles as:

- Critical thinkers and creative problem solvers
- Responsible local and global citizens
- Culturally responsive and reflective learners and practitioners
- Collaborators in a community of learners characterized by the Ignatian imagination
- Effective, caring educators who are advocates for equity
- Curricular leaders who value multiple ways of knowing.

There are five components to the Liberal Studies major:

I. University Core Curriculum
48 Semester Hours
Subject-matter requirements for Liberal Studies majors are specific and may differ from those of other majors within the Bellarmine College of Liberal Arts. The core course requirements are spread across 13 courses and three areas—Foundations, Explorations, and Integrations—and include six core "flags."

Foundations
- First Year Seminar (3 OR 4 semester hours)
- Rhetorical Arts (3 OR 4 semester hours)
- Quantitative Reasoning: MATH 106 Mathematics for Elementary Teachers I (3 semester hours). Liberal Studies majors must take a placement test and either test out of or take MATH 101 as a prerequisite to MATH 106.
- Theological Inquiry (4 semester hours)
- Philosophical Inquiry (4 semester hours)
- Studies in American Diversity: Choose from advisor-approved list of ethnic studies related content (4 semester hours)

Explorations
- Creative Experience: ART 250 Visual Arts for the Elementary Educator (3 semester hours)
- Historical Analysis and Perspectives: Select from advisor-approved list (4 semester hours)
- Nature of Science, Technology, and Mathematics: SCEM 270 Experimenting in Science I (4 semester hours)
- Understanding Human Behavior: PSYC 1000 General Psychology (4 semester hours)

Integrations:
Choose from advisor-approved list for Interdisciplinary Connections as well as for Ethics and Justice.
- Faith and Reason (4 semester hours)
- Ethics and Justice: EDUR 400 Sociocultural Analysis of Education (3 semester hours)
- Interdisciplinary Connections (4 semester hours)

Flags
Additionally, students fulfill the "flag" requirements as follows:
- Writing (2 flags)
- Oral Skills (1 flag)
- Information Literacy (1 flag)
- Quantitative Reasoning (1 flag)
- Engaged Learning (1 flag)

II. Liberal Studies Major Requirements
55 Semester Hours
- ART 250 Visual Arts for the Elementary Educator 3 semester hours
- DANC 363 Multiple Ways of Knowing and Showing: Music and Dance 3 semester hours
- DANC 385 Movement Arts for Children 3 semester hours
- ENGL 3346 Children's Literature 4 semester hours
- GEOG 2000 World Geography 4 semester hours
- HIST 1010 Premodern World History 4 semester hours
- HIST 1050 Modern World History 4 semester hours
- HIST 1300 Becoming America 4 semester hours (or other advisor-approved course, such as HIST 1301 or HIST 1401)
Bilingual Authorization

concentrations and their specific requirements. With careful planning, the concentration can constitute most, if not all, of an LMU minor. Students must declare a concentration by the fall semester of their sophomore year. See the Bulletin for qualifying concentrations and their specific requirements.

Bilingual Authorization (9 semester hours)

Credentia candidates with the demonstrated requisite language proficiency can earn a bilingual authorization to teach in either Spanish or Mandarin in an elementary classroom. The authorization requires students to complete part of their coursework and student teaching in a bilingual classroom. The bilingual authorization may contribute to meeting other requirements as well, such as those for particular concentrations, including the concentration in Bilingualism and Bilingual. See the Director of Bilingual Programs if interested in earning the bilingual authorization.

Concentrations

Art History (ARHS)—18 semester hours

Think for a moment about the phrase, "A picture is worth a thousand words." What is it about an image that can convey so much thought and emotion in an instant? Why is it that, when one thinks of a particular religion, culture, or society, the art forms instantly come to mind? One reason is that imagery is immediately accessible to the mind in a way that words and texts are not. The study of Art History is learning about history and human thought through artifacts and images. A work of art or architecture is a tangible historical document, one that can be read for information in the same way that one reads a book. An artifact, painting or building can provide very specific data and inform us on virtually every field of the human endeavor. In other words, Art History connects us to all the Humanities and Social Sciences in very vital ways. In our discipline, we concentrate on learning to glean information from works of art about the history of an age as well as the intellectual processes of the creators and appreciators of the art. Please see also the Studio Arts concentration.

- ARHS 2000 Foundations of Western Art (3 semester hours)
- ARHS 2002 Art and Society: Early Christian to Early Modern (3 semester hours)
- ARHS 2004 Modernism (3 semester hours)
- ARHS upper division courses (9 semester hours)

The ARHS concentration constitutes a minor in ARHS.

Advisor: Dr. Kirstin Noreen, knoreen@lmu.edu, 310.338.3059

Asian and Pacific Studies (ASPA)—16 semester hours

Asian and Pacific Studies, an interdisciplinary area studies program, provides a general background to the traditions and cultures of Asia and the Pacific as well as an understanding of contemporary issues relating to that region. Furthermore, given the recent shift of interest to the Pacific region, it aims to deepen the student's knowledge of Asia and the Pacific or of an Asian/Pacific country/area through a concentrated study in one academic discipline. This academic program, therefore, is intended to develop the student's personal interest in Asian and Pacific affairs and to prepare her or him for Asia-related career opportunities. All students are encouraged to spend some time in Asia through the various programs available to them.

- HIST 1800 Modern Asia: China, Japan, and Korea since 1600 (4 semester hours)
- Asian Language course (4 semester hours)
- Two upper division ASPA courses, approved by advisor (8 semester hours)

A minor in ASPA requires one additional course, ASPA 5000.

Advisor: Dr. Robin Wang, rwang@lmu.edu, 310.338.5941, UH 3643

Asian Pacific American Studies (APAM)—12 semester hours
Asian Pacific American Studies is a program that supports Loyola Marymount's commitment to multicultural education by offering courses that enhance student understanding of the history and contemporary issues that impact the lives of Asian Pacific Americans in the United States. People of all races and ethnicities are encouraged to enroll in APAM courses. Only through a critical understanding of our multicultural society can we begin to live together, learn together, work together, and forge new ties that bind together.

- APAM lower division course (4 semester hours)
- APAM upper division courses (8 semester hours)

A minor in APAM requires one additional lower division, one upper division, and APAM 5000.

Advisor: Professor Constance Chen, cchen@lmu.edu, 310.338.2369

Bilingualism and Biliteracy (BLBL)—12-13 semester hours

The Liberal Studies concentration in Bilingualism and Biliteracy is designed to allow credential candidates with the requisite language proficiency to also earn the Bilingual Authorization to teach bilingually, which at LMU currently is offered in Spanish and Mandarin. Required coursework includes the study of methodology, culture, and the processes of bilingualism and biliteracy. Students earning the authorization are required to do half of their student teaching in a bilingual setting as well. The required authorization courses follow either the Spanish or Mandarin track for a total of 9 semester hours. For students earning the LBST concentration in bilingualism and biliteracy, an additional upper division course, approved by the Director of Bilingual Programs at LMU will be required, for a total of 12-13 semester hours.

- Bilingualism and Biliteracy: Spanish Track
  - EDES 416 Methodology for Primary Language Instruction in a Bilingual Setting (3 semester hours)
  - EDES 418 Bilingualism and Biliteracy (3 semester hours)
  - EDES 420 Chicano/Latino Cultures: An Interdisciplinary Perspective (3 semester hours)
  - One additional concentration-related course as approved by the Bilingual Programs Director (3-4 semester hours)

- Bilingualism and Biliteracy: Mandarin Track
  - EDES 418 Bilingualism and Biliteracy (3 semester hours)
  - EDES 430 Methodology for Chinese Language Instruction in Bilingual Settings (3 semester hours)
  - EDES 431 American/Chinese/Chinese American Cultures: An Interdisciplinary Perspective (3 semester hours)
  - One additional concentration-related course as approved by the Bilingual Programs Director (3-4 semester hours)

Advisor: Dr. Olga Moraga, Olga.Moraga@lmu.edu, 310.338.3778, UH 2600

Chicana/o Studies (CHST)—16 semester hours

California schools are filled with Latino children. Currently, Latinos comprise over 38% of the state of California, and in Los Angeles, Latinos are 48% of the city's population. Of this group, over 70% are of Mexican heritage. More dramatically, the Los Angeles Unified School District reports that nearly 73% of its students are Latino. Future predictions indicate that immigration and birth rate will continue to contribute to a growing Latino population, specifically within the Mexican American community. Chicana/o Studies courses expose teachers to the critical tools necessary for understanding the immigrant experience in the United States. More importantly, the interdisciplinary training in Chicana/o Studies courses shows teachers how to think about the multiple social pressures that affect their students and supports multiple strategies for addressing the challenges that Latino and immigrant children experience in the classroom, in their communities, and in society. The department's emphasis on critical analysis, the historical perspective, experiential knowledge, and cultural production provides teachers with vital skills for the educational success of all students in their classrooms.

Chicana/o Studies courses also help teachers understand the home life, economic realities, and cultural heritage of their students. In addition to course content, Chicana/o Studies professors use teaching and learning techniques that when transferred to the K-12 classroom can produce educational success: courses include creative problem-solving, student-centered learning, critical thinking, collaboration, oral communication, and clarity of expression. Finally, teachers who aim to "give something back to their communities" will find support in Chicana/o Studies for a social justice imperative.

- CHST 1116 Introduction to Chicana/o/Latina/o Studies (4 semester hours; fulfills Studies in American Diversity core requirement)
- CHST 3360 Chicana/o History (4 semester hours; fulfills Historical Analysis and Perspectives core requirement)
- CHST upper division courses (8 semester hours)

A minor in CHST requires three additional courses, CHST 2206, CHST 4404, and CHST 5000.

Advisor: Dr. Karen Mary Davalos, kdavalos@lmu.edu, 310.338.5750, UH 4419

Dance (DANC)—18 semester hours

The Dance curriculum builds upon the foundation of dance as a humanistic experience. The study of dance as an art form serves as the heart of the course of study. Studio and theory coursework are designed to integrate practical dance experience with more formal academic study so that the student is educated as a dancer who can perform, write, and speak about the art of dance and dancing.

- DANC 160 Fundamentals of Dance Composition I: The Choreographic Process (3 semester hours)
- DANC Theory upper division courses (9 semester hours), exclusive of DANC 384 and DANC 385 (c.f., Bulletin for courses designated as Theory)
- DANC Technique upper division courses (6 semester hours) (c.f., Bulletin for courses designated as Theory)

The Dance concentration constitutes a minor in DANC. Students should be aware that DANC 363 and DANC 385 cannot be applied towards the concentration requirement, although the Bulletin lists them among the options for the Theory requirement for the minor.

Advisor: Judy Scalain, jscaalin@lmu.edu, 310.338.5160, Burns 250

Early Childhood Education (ECED)—12 semester hours

The concentration in Early Childhood Education is designed for Liberal Studies majors with an interest in the development of children, from prenatal development to age eight. Students will comprehensively examine the whole child, prenatal development through age 8. In addition to an in-depth understanding of all developmental domains (cognitive, language, social, emotional, and physical), students will gain knowledge of theory, research, and developmentally appropriate best practices. Coursework includes an emphasis on significant issues found in early childhood education, such as environmental influences from the family and community,
children with special needs, diversity, second language learners, and social justice.

- EDES 405 Infancy (3 semester hours)
- EDES 406 Early Childhood (3 semester hours)
- EDES 407 Child, Family, and Community (3 semester hours)
- EDES 408 Early Childhood Education Programs and Curriculum (3 semester hours)

Advisor: Liza Moritz Mastrippolito, smastrip@lmu.edu, 310.588.6697, UH 2644

English (ENGL)—16 semester hours
Believing that literature is a profound expression of human experience, the English Department uses a range of critical methods to introduce students to literatures in English from a variety of cultural traditions. The course work reveals the art form's creative beauty, strategies for representing the human experience, and its power to shape the reader. The English Department encourages an understanding of the critical and creative union of reading and writing as fundamental to the processes of developing the human self. Through their imaginations, students who concentrate or minor in English interact with language and literature, thereby encountering another equally open and attentive mind: that of the writer whose work they are reading.

- ENGL 2203 Histories: British Literature I (4 semester hours) or ENGL 2204 Histories: British Literature II (4 semester hours)
- ENGL 3371 American Literature I (4 semester hours) or ENGL 3372 American Literature II (4 semester hours)
- ENGL 2205 Creative Writing for Non-Majors (4 semester hours)
- ENGL upper division course (4 semester hours, exclusive of ENGL 3305 and ENGL 3346)

Advisor: Dr. Stuart Ching, email: sching@lmu.edu, 310.338.4451, UH 3863

History (HIST)—12 semester hours
The study of history is integral to Loyola Marymount University's mission as a university in the Jesuit/Marymount, Catholic, and liberal arts traditions. It contributes to "the encouragement of learning" through intellectually demanding courses that cultivate an understanding of both familiar and unfamiliar pasts and cultures. It educates "the whole person" by focusing on a multiplicity of perspectives and experiences, and by attempting to understand the lived, bodily experience of the "whole person" in the past. History courses ground discussions of "the service of faith and the promotion of justice" by putting these ideas in context, showing change over time, and emphasizing how today's world evolved out of the contingent actions of and interactions between individuals and groups of people. The study of history enables the student to examine cultures, religions, and the interconnections among peoples and societies as complex historical phenomena, human structures open to historical interpretation and analysis. Historical perspective thus provides insight into the sequence of events, into the relationship of events at diverse times and places, and into the dynamism of structures and beliefs that can otherwise appear fixed or predetermined. The study of history therefore also leads to greater sensitivity to and awareness of cultural differences and similarities, as well as conflicting interpretations of events.

Three four-semester-hour HIST courses (12 semester hours):
1. One of the following HIST courses (these are required for the Liberal Studies major):
   - HIST 1300 Becoming America, HIST 1301 America and the Atlantic World 1450-1850, HIST 1400 The United States and the World, OR HIST 1401 The United States and the Pacific World;
   - HIST 1010 Premodern World History OR HIST 1050 Modern World History;
   - HIST 4412 History of California
2. One lower-division HIST course in World Regions (Africa, Asia, Latin America, or Middle East); 15xx, 16xx, 17xx, or 18xx
3. One upper-division HIST course (3xxx or 4xxx) (may not include HIST 4412 History of California)

Advisor: Dr. Amy Woodson-Boulton, Amy.Woodson-Boulton@lmu.edu, 310.338.2808, UH 3434

Mathematics (MATH)—12 semester hours
Through the concentration in Mathematics, future teachers develop an increased understanding of mathematical ideas and learn how creativity and imagination play an integral part of mathematics in general.

- At least 4 Mathematics courses numbered 104 or higher (12 semester hours) (exclusive of MATH 106, MATH 207, MATH 111, and MATH 112)

Note: Students completing a MATH concentration should talk to the Liberal Studies Mathematics Concentration Advisor about offerings designed for future teachers.

Supplementary Authorization in (Introductory) Mathematics: A Supplementary Authorization in (Introductory) Mathematics allows one to teach mathematics through ninth grade (for more details on the Supplementary Authorization, visit the website of the California Commission on Teacher Credentialing). A Supplementary Authorization requires 20 semester hours of courses in mathematics (or 10 upper-division semester hours), including three semesters of calculus. If the courses for the concentration are chosen appropriately, one additional course (together with MATH 106 and MATH 207) will allow students to apply for a Supplementary Authorization in (Introductory) Mathematics.

Advisor: Dr. Blake Mellor, Blake.Mellor@lmu.edu, 310.338.5775, UH 2712

Modern Languages and Literatures (Chinese-CHIN, French-FREN, German-GRMN, Italian-ITAL, or Spanish-SPAN)—16 semester hours
The Department equips students with language proficiency as it introduces them to the multicultural nature and historical evolution of literary and other texts in the target languages. Our courses provide opportunities to comprehend, interpret, and practice linguistic skills through oral and written exercises and assignments. Our courses include linguistics, literature, history, and the arts, through which students acquire an increasing commitment to the mission of the University. The Department strives to provide tools to foster transcultural understanding as the basis for mutual respect, global harmony, and social justice.

Note: Students may be required to complete prerequisite language coursework prior to taking advanced language courses.

- 4th semester language (4 semester hours) (CHIN 2104, FREN 3104, GRMN 2104, ITAL 2104, or SPAN 2804, etc.)
- 3 upper division courses (12 semester hours); refer to the LMU Bulletin for specific upper division requirement sequences for each language
Students concentrating in CHIN, FREN, GRMN, and ITAL will be obtaining a minor. Students in SPAN will need a 4000-level course to obtain a minor.

Advisors:
(CHIN) Dr. Xiaojing Sun, xsun5@lmu.edu, 310.338.3051, UH 3904
(FREN) Dr. Véronique Flambard-Weisbart, vflambar@lmu.edu, 310.338.3095, UH 3947
(GRMN) Dr. Petra Liedke-Konow, plkonow@lmu.edu, 310.338.3055, UH 3953
(ITAL) Dr. Áine O’Healy, aohealy@lmu.edu, 310.338.7423, UH 3945
(SPAN) Dr. Alicia Partnoy, apartnoy@lmu.edu, 310.338.3011, UH 3961

Music (MUSC)—14 semester hours
The purpose of the Department of Music is to provide quality instruction for students who wish to pursue a career in music and for those who would like to enrich their lives through non-career oriented study and performance. Students and faculty work together to foster aesthetic involvement and creative and scholarly inquiry that support a vital community of music learning. Instruction emphasizes a personal approach. Through the presentation of diverse musical programs, the department also sustains and enriches the cultural vitality of the university and its surrounding communities. The work of the department further supports the goals of Jesuit and Marymount education by strengthening the humanizing influence of music within the University and in the world at large.

- MUSC 121 Music Theory and Form I (3 semester hours)
- MUSC 133 Aural Skills I (1 semester hour)
- MUSC 122 Music Theory and Form II (3 semester hours)
- MUSC 134 Aural Skills II (1 semester hour)

Any two of the following:
- MUSC 316 Music History: Antiquity to 1600 (3 semester hours)
- MUSC 317 Music History: 1600-1820 (3 semester hours)
- MUSC 318 Music History: 1820 to Present (3 semester hours)

In addition to the requirements above, a MUSC minor requires: an audition for admission, two semesters of applied emphasis (voice or instrumental lessons), two semesters of ensemble, the third semester of music history, and two semesters of foreign language (choices: French, German, or Italian).

Advisor: Dr. Mark Saya, Chair, Department of Music, msaya@lmu.edu, 310.338.3010, Burns 101

Political Science (POLS)—20 semester hours
The department challenges and encourages students to be perceptive observers of political life in all its variety and richness; to seek a systematic understanding of the causes and consequences of political institutions, policies, and behavior; to develop a moral and ethical perspective that allows them to critically evaluate actions, institutions, and policies; and to prepare themselves for a life of active citizenship and involvement in creating a more just and humane world.

- Choice of two (8 semester hours) of the following:
  - POLS 1200 U.S. Politics (4 semester hours)
  - POLS 1400 Comparative Politics (4 semester hours)
  - POLS 1600 International Relations (4 semester hours)
- Three (3) POLS upper division courses (12 semester hours)

In consultation with a POLS advisor regarding the selection of the upper division courses, this concentration may constitute a minor.

Advisor: Dr. Lance Blakesley, iblakesley@lmu.edu, 310.338.7377, UH 4127

Psychology (PSYC)—12 semester hours
Students of psychology examine in depth and from a scientific perspective many aspects of human and animal behavior, emphasizing the biological, psychological, and sociocultural aspects of behavior and mental activity. The Department of Psychology provides students with the opportunity to apply these perspectives to a variety of individual, family, and community contexts.

- PSYC 3000-level courses (12 semester hours) (exclusive of PSYC 3052 in cases where that is an existing program requirement)

Note that PSYC 1000 is a prerequisite for 3000-level psychology courses (it also will fulfill the Explorations: Understanding Human Behavior requirement in the University Core). A minor in PSYC requires the completion of three lower division courses and three upper division courses; a minor in PSYC will be accepted in place of the concentration above for students who pursue the minor.

Advisor: Dr. David Hardy, dhardy@lmu.edu, 310.338.5294, UH 4745

Science (SNCE)—18 semester hours
The concentration in Science was designed to enable Liberal Studies majors with an interest in science to create an individualized program of study around a central theme. Each student will work with the Liberal Studies Science Advisor to identify an area of interest and formulate a curricular plan that provides each student with a strong foundation and enables him/her to develop a more in-depth understanding of the topic of interest by taking at least one and in many cases two upper division courses.

Satisfactory completion of the concentration in science will require that each student complete a minimum of 18-19 semester hours in one or more of the science disciplines. At least 3 of these semester hours must be upper division.

All concentrations in science will include 4 science core semester hours from SCEM 270 and 3 science education internship hours. The remaining 11-12 semester hours will form the core of the concentration in science and will reflect the central theme. The following examples are by no means exhaustive and are only provided to demonstrate the flexibility of the concentration; there is even room for flexibility within the samples below. Any student considering a concentration in science should make an appointment to discuss his/her options with the Liberal Studies Science Advisor as soon as possible to ensure adequate time to fulfill the requirements.

Nutrition (Sample)

- HHSC 150 Human Anatomy and Physiology 3 semester hours
- HHSC 230 Nutrition 3 semester hours
- HHSC 398 Special Studies Global Nutrition 3 semester hours
- HHSC 398 Special Studies Nutrition Service Learning Lab 3 semester hours
- HHSC 342 Peer Health Education 3 semester hours
Students also benefit from a capstone course in SPED. The SPED teachers working with students with a variety of special needs are able to observe and participate in K-12 classrooms with experienced teachers working with students with a variety of special needs. Students also benefit from a capstone course in SPED. The SPED concentration requires the following:  

- EDSS 440 Introduction to the Culturally and Linguistically Diverse Student with Exceptional Needs (3 semester hours) or  
- EDSS 454 Major Issues and Foundations of Special Education (2 semester hours) and EDSS 455 Development of IEPs for Students with Exceptional Needs* (1 semester hour)  
- EDSS 453 Introduction to the Study of Disability and Special Education (3 semester hours)  
- EDSS 427 Creating Effective Classrooms in Diverse Settings (3 semester hours)  
- EDSS 444 Observation and Participation in General and Special Education Programs (3 semester hours)  

* Although EDSS 455 is not required for the LBST SPED Concentration if the student has taken EDSS 440, it is recommended that LBST students earning the SPED Concentration take this course as well.  

A minor in SPED requires two additional courses—EDSS 436 Creating Collaborative Partnerships and EDSS 499 Independent Studies, taken as the Undergraduate Special Education Capstone Project (for a total of 18 semester hours). Students should consult with the SPED concentration or minor advisor regarding sequencing of the coursework.  

Advisor: Gloria Davidson, Gloria.Davidson@lmu.edu, 310.338.5209, UH 2100  

Health (Sample)  
- BIOL 101 General Biology I 3 semester hours  
- HHSC 170 Personal Health 3 semester hours  
- HHSC 398 Special Studies: Obesity Behavior and Chronic Disease 3 semester hours  
- HHSC 398 Special Studies: Public Health 3 semester hours  

Total: 12 semester hours  

Genetics (Sample)  
- BIOL 101 General Biology I 3 semester hours  
- BIOL 111 General Biology I Lab 2 semester hours  
- BIOL 201 Cell Function 3 semester hours  
- BIOL 202 Genetics 3 semester hours  
- BIOL 375 Advanced Genetics 3 semester hours  

Total: 14 semester hours  

Advisor: Dr. Carolyn Viviano, Carolyn.Viviano@lmu.edu, 310.338.7628, North Hall 207  

Sociology (SOCL)—16 semester hours  
Teachers play a key role in the intellectual and social development of children, and the lessons they teach are important in determining the individual character, social responsibility, and future career paths of students. Sociology courses expose teachers to the distinctive perspectives, problems, and concerns of different persons and groups in society and suggest ways to resolve conflicts and produce more equitable and just relationships and communities. Sociology classes help teachers develop skills of creative problem solving, critical thinking, and collaborative interaction useful in the classroom and impart techniques of data collection and analysis which facilitate observation and evaluation of student performance.  

- SOCL 1000 Principles of Sociology (4 semester hours)  
- SOCL 3000 Sociological Theory (4 semester hours)  
- SOCL upper division courses (8 semester hours)  

A minor in SOCL requires one more course, SOCL 2000 or SOCL 2100.  

Advisor: Dr. Anna Muraco, amuraco@lmu.edu, 310.338.1754, UH 4329  

Special Education (SPED)—12 semester hours  
The Special Education program in LMU’s School of Education is designed to prepare undergraduate students to teach and work with children and youth with a variety of special needs. The Special Education concentration prepares students to work with students with Mild/Moderate disabilities in the General Education classroom. Through the SPED concentration students learn, for example, about major issues in Special Education, how to develop an IEP, and are able to observe and participate in K-12 classrooms with experienced teachers working with students with a variety of special needs. Students also benefit from a capstone course in SPED. The SPED concentration requires the following:  

- EDSS 440 Introduction to the Culturally and Linguistically Diverse Student with Exceptional Needs (3 semester hours) or  
- EDSS 454 Major Issues and Foundations of Special Education (2 semester hours) and EDSS 455 Development of IEPs for Students with Exceptional Needs* (1 semester hour)  
- EDSS 453 Introduction to the Study of Disability and Special Education (3 semester hours)  
- EDSS 427 Creating Effective Classrooms in Diverse Settings (3 semester hours)  
- EDSS 444 Observation and Participation in General and Special Education Programs (3 semester hours)  

* Although EDSS 455 is not required for the LBST SPED Concentration if the student has taken EDSS 440, it is recommended that LBST students earning the SPED Concentration take this course as well.  

A minor in SPED requires two additional courses—EDSS 436 Creating Collaborative Partnerships and EDSS 499 Independent Studies, taken as the Undergraduate Special Education Capstone Project (for a total of 18 semester hours). Students should consult with the SPED concentration or minor advisor regarding sequencing of the coursework.  

Advisor: Gloria Davidson, Gloria.Davidson@lmu.edu, 310.338.5209, UH 2100  

Studio Arts (STAR)—18 semester hours  
The Studio Arts concentration is designed to develop the Liberal Studies student in the visual arts, both personally and professionally. In this concentration you will learn a universal language through which diverse groups of people can communicate ideas, feelings, histories, and cultural traditions across boundaries of race, gender, age, and ethnicity. Decades of practice and a growing body of research have documented the links between arts education and the development of higher level thinking skills. Through this concentration, you will learn how art has the potential to enrich your life, and the lives of your future students.  

- ART 153 Drawing I (3 semester hours) or ART 160 Two-Dimensional Design (3 semester hours)  
- ART electives (15 semester hours, with at least 6 semester hours in upper division courses)  

The Art concentration constitutes a minor in Art.  

Advisor: Terry Lenihan, tlenihan@lmu.edu, 310.338.5130, Burns 155  

Theatre Arts (THEA)—18 semester hours  
The Theatre Arts curriculum is planned to provide a broad education in the humanities and to develop in the student an appreciation of the self and the universality of the human experience. Participation in the performing arts experience is central to this work. Some students may elect to emphasize work in the areas of acting, directing, playwriting, history/literature/criticism, or design/technical theatre. The Theatre Arts program is accredited by the National Association of Schools of Theatre.  

- THEA lower division courses (6 semester hours)  
- THEA upper division courses (12 semester hours)  

The THEA concentration constitutes a minor in THEA; students interested in a THEA minor should consult with an advisor in the THEA department regarding sequencing of the coursework and the required participation in departmentally-sponsored events.
Urban Studies (URBN)—16 semester hours
Urban Studies is an interdisciplinary concentration focused on the dynamic processes shaping cities and the lives of their diverse residents. Those who choose a concentration in Urban Studies will be trained to analyze the implications of urbanization and urban policy in the context of social justice and sound environmental practices, recognize the role of rigorous scientific research in resolving the social and environmental problems associated with urbanization, and value community-based participation in the development of programs and policies that contribute to the social, economic, political, and environmental improvement of their communities and cities—all values they can pass on to their future students.

- URBN 1000 The Urban World (4 semester hours)
- URBN 1010 Urban Analysis (4 semester hours)
- Two of the following courses (8 semester hours):
  - URBN 3045 Urban Planning (4 semester hours)
  - URBN 3046 Sustainable Cities (4 semester hours)
  - URBN 3047 Community Development (4 semester hours)

A minor in URBN requires one additional course: URBN 4000.

Advisor: Dr. Peter Hoffman, phoffman@lmu.edu, 310.338.4323

Women's and Gender Studies (WGST)—12 semester hours
Women’s and Gender Studies is an interdisciplinary field of study that places women at the center of traditional disciplines. It engages students in a critical understanding of the complex ways gender shapes the world around them, particularly in relation to race, sexuality, class, and other social factors. Women's and Gender Studies encourages the critical examination of academic fields such as humanities, social sciences, natural sciences, and the arts and the gendered assumptions underlying them. Pupils in grades K-5 need to learn about Women's and Gender Studies because women constitute about half of the world's population, women have contributed much to history and society, and because numerous social justice and gender justice issues remain unsolved.

- WGST 1000 Introduction to Gender Studies (4 semester hours) or WGST 1100 Gender, Race, and Sexuality in Contemporary Society (4 semester hours)
- Two WGST upper division courses (8 semester hours)

A minor in WGST requires two additional courses.

Advisor: Dr. Stella Oh, Chair of Women’s and Gender Studies, soh@lmu.edu, 310.338.4553, UH 4415

The typical course load for an undergraduate student is 15-16 semester hours per semester. The following model represents a student who is completing a 15-semester-hour concentration, does not need to complete any prerequisites for required coursework, and is pursuing the 2042 Multiple Subject teaching credential. Students with larger concentrations, those required to take MATH 101 (or other prerequisite coursework), and/or those seeking credentials in Bilingual or Special Education may need to "overload" during some semesters and/or complete summer coursework. Please note that the model is provided as a guideline rather than a prescriptive course of study. Students will need to be flexible implementing the model plan, given variability of course availability and other potential scheduling issues in any given semester.

Note: This model does not include some School of Education requirements, which are not required for the Liberal Studies degree, but are required for the teaching credential (i.e., TPAs—Teaching Performance Assessments; Health course requirement). These requirements relate to the teaching credential and are independent of the Liberal Studies degree. Students are required to consult with their academic advisor in the School of Education regarding the coordination and sequencing of specific School of Education requirements.

**Freshman Year**

**Fall Semester**

- HIST 1300 Becoming America 4 semester hours (or other U.S. History course from advisor-approved list only)
- ART 250 Visual Arts for the Elementary Educator 3 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- MATH 106 Mathematics for Elementary Teachers I 3 semester hours
- PHIL 1800 Philosophical Inquiry 4 semester hours

Total: 17-18 semester hours

**Spring Semester**

- MATH 207 Mathematics for Elementary Teachers II 3 semester hours
- PSYC 1000 General Psychology 4 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 16-19 semester hours

**Sophomore Year**

**Fall Semester**

- HIST 1010 Premodern World History 4 semester hours (or other from advisor-approved list only)
- DANC 385 Movement Arts for Children 3 semester hours
- EDUR 400 Sociocultural Analysis of Education 3 semester hours
- GEOG 2000 World Geography 4 semester hours
- SCEM 270 Experimenting in Science I 4 semester hours

Total: 18 semester hours

**Spring Semester**

- HIST 1050 Modern World History 4 semester hours (or other from advisor-approved list only)
- EDES 414 Theories and Policies of Second Language Acquisition 3 semester hours
- EDSS 440 Introduction to the Culturally and Linguistically Diverse Student with Exceptional Needs 3 semester hours
- SCEM 271 Experimenting in Science II 4 semester hours
- Concentration Course 3-4 semester hours
Note:

Total: 17-18 semester hours

Junior Year

Fall Semester
- HIST 4412 History of California 4 semester hours
- DANC 363 Multiple Ways of Knowing and Showing: Music and Dance 3 semester hours
- EDES 401 Applied Educational Psychology for the Childhood and Adolescent Years 3 semester hours
- ENGL 3346 Children's Literature 4 semester hours
- Concentration Course 3-4 semester hours

Total: 17-18 semester hours

Spring Semester
- LBST 4900 Capstone: Education and Global Issues 4 semester hours
- EDES 425 Methods in English Language Development and Specially Designed Academic Instruction in English for Elementary Educators 3 semester hours
- EDCE 461 Teaching Performance Assessment 1 0 semester hours
- University Core 3-4 semester hours
- Concentration Course 3-4 semester hours

Total: 13-15 semester hours

Senior Year

Fall Semester
- EDCE 462 Teaching Performance Assessment 2 0 semester hours
- EDES 402 Teaching Reading in Today’s Elementary Classrooms 3 semester hours
- EDES 434 Elementary Curriculum and Methods 3 semester hours
- EDES 8000 Health Education 1 semester hour CPR Infant, Adolescent, and Adult (1 non-degree semester hour)
- University Core 3-4 semester hours
- Concentration Course(s) 3-8 semester hours

Total: 12-18 semester hours

Spring Semester
- EDCE 410 Elementary Directed Teaching 9 TO 12 semester hours
- EDCE 463 Teaching Performance Assessment 3 0 semester hours
- EDCE 464 Teaching Performance Assessment 4 0 semester hours

Total: 9-12 semester hours

Note:

Coursework completed during this semester must be coordinated such that it does not conflict with the student teaching assignment.

This four-year plan serves only as a general model. Please meet with your advisor at least once a semester to discuss your progress in the program and plans for future semesters.

Modern Greek Studies

Modern Greek Studies Minor

Objectives
The Modern Greek Studies minor offers an interdisciplinary program for students interested in studying Modern Greece—its language and culture, politics and history, Christian Orthodox tradition, literature and arts. LMU's Odyssey Study Abroad Program gives students the opportunity to study in Greece during the summer. The minor complements a wide range of academic fields and disciplines and is aimed at students interested in interdisciplinary international studies. It promotes intercultural awareness and understanding and provides the tools for students to become engaged global citizens.

Student Learning Outcomes
Students minorin Modern Greek Studies will know:
- the principle aspects of Modern Greek language and culture
- the principle topics of Modern Greek politics and history
- the beliefs and practices of the Greek Orthodox Tradition in a theological, historical, and cultural context
- representative works of Modern Greek literary and artistic production as well as the theoretical tools for their understanding and critical analysis

Students minorin Modern Greek Studies will be able to:
- understand and communicate effectively in Modern Greek
- make critical connections between past and present Greek history, literature, and culture
- understand Modern Greece in a global context
- express themselves with clarity, coherence, and intellectual force orally and in writing

Students minorin Modern Greek Studies will value:
- the distinctive contributions of Greek culture (past and present) to the world
- multilingualism, multiculturalism, and inter-religious dialogue
- connects across academic disciplines and their application to real-life issues
- global awareness and respect for others

Minor Requirements
The minor in Modern Greek Studies consists of 20 semester hours, of which at least 12 hours must be at the 3000 or 4000 level. The following distributions is recommended, with the approval of the Director of the minor:

8 semester hours of Modern Greek language instruction (2 courses at the appropriate level)

12 semester hours of upper division courses offered by the Modern Greek Studies program and/or affiliated departments (3 courses at the 3000 and 4000 level)

Students minorin Modern Greek Studies may design their own individualized program in consultation with the director the Center.
and their advisor. Students are strongly encouraged to participate in the Odyssey Study Abroad Program in Greece for a full immersion experience.

**Note:**
Students with previous knowledge of the language or with course credit are requested to contact the program to schedule a placement exam.

### Modern Languages and Literatures

**Faculty**
Chairperson: Rebeca Acevedo  
Professors: Rebeca Acevedo, Jennifer L. Eich, Véronique Flamand-Weisbart, Áine O’Healy, Alicia Partnoy  
Associate Professors: José Ignacio Badenes, S.J., Mónica Cabrera, Petra Liedke Konow, Marc Lory, Antonia Petro

**Objectives**
The Department equips students with language proficiency as it introduces them to the multicultural nature and historical evolution of literary and other texts in the target languages. Offered courses provide opportunities to comprehend, interpret, and practice linguistic skills through oral and written exercises and assignments. Through a judicious selection of required courses and electives that include literature, history, and the arts, students acquire an increasing commitment to the mission of the University. The Department strives to provide tools to foster transcultural understanding as the basis for mutual respect, global harmony and social justice.

**Major and Minor Requirements**
Students can declare a major in French, Modern Languages, or Spanish, or a minor in Chinese, French, German, Italian, or Spanish, at entry to the University, through the Office of Admission. Students wishing to declare a major/minor in the Department of Modern Languages and Literatures after admission to LMU must meet with a professor from that particular program. A Change of Program form will be signed by the chairperson, provided that the student has a minimum LMU GPA of 2.0 (C).

Lower division language courses (1000-2000 level) may not be challenged by exam. Students may be exempt from these courses by placing above that level through the LMU online Placement Exam for Chinese, French, German, or Spanish, and by professor evaluation for Italian and Japanese. A minimum grade of C (2.0) is required in all lower division language courses to major or minor in those languages.

Students that need more semester hours to complete the major/minor because of their language placement must take additional courses in the corresponding language. In the event that there are no courses in the language, students may take MDLG 3400, MDLG 4400, or FNLT 4200 (provided it is related to language concentration). If additional classes are not available in the Modern Languages and Literatures Department, students may fulfill those credits with courses in the appropriate cultural studies areas (e.g., Asian Pacific Studies, European Studies, Humanities) in consultation with the corresponding language advisor and the Department Chair.

Students with significant course credit in a language from high school or college will not be allowed to enroll in the 1101 course of that language.

The Department offers lower division language courses (1000-2000 level) in Chinese, Japanese, and Filipino which satisfy the language requirements for the Asian and Pacific Studies major and minor.

### Language Placement Exam

The online LMU Placement Exam measures student language skills in Chinese, French, German, or Spanish (by professor evaluation for Italian and Japanese) so that (s)he may be placed in the appropriate level of coursework in the Department of Modern Languages and Literatures.

The score is used for language placement advising purposes only.

### FAQ

#### When do I need to take a foreign language exam?
You need to take this exam ONLY:

1. If you have taken Chinese, French, German, or Spanish language courses in any educational setting (for example, at a high school or community school or at another university if you are a transfer student) AND you wish to continue taking classes in these languages during the first three semesters at LMU.
2. If you have taken AP language and/or literature courses in the above languages.
3. If you are interested in a minor or major in the above languages so that you can begin at the appropriate level of coursework immediately.
4. If you plan to take language or literature courses in a study abroad program in a country where Chinese, French, German, or Spanish are the language of instruction: Summer, semester, and year-long study abroad programs sometimes require previous foreign language study.
5. If you are a heritage speaker who has learned the language at home and wishes to take language or literature courses in Chinese, French, German, or Spanish.
6. If you have been admitted to the University Honors Program and hope to place out of some or all of your foreign language requirement.

**PLEASE NOTE:** If you have NEVER studied Chinese, French, or German, and wish to do so, you would sign up for the 1101 level course in that language; however, all students interested in taking a Spanish course, including SPAN 1101, must take the placement exam. If you plan to study or travel abroad in the summer before entering LMU, please wait until you return to take the language placement exam.

#### Where do I take the exam?
You take the exam online. Log into MYLMU, click System Logins > MYLMU Connect. Then click the link "Orientation and Registration Tutorial." Inside the tutorial, on the left side, click the link "Placement Exams." Then click the link for Language Placement and follow the instructions. If you do not have access to the "Orientation and Registration Tutorial" or cannot access the placement exam for any reason, please contact the Modern Languages and Literatures department at 310.338.3051.

**How long does the exam take?**
The test takes approximately 20 minutes.

**Can I use books such as a dictionary? Should I guess at the answers?**
It is TO YOUR BENEFIT that you answer the questions honestly and without the support of notes, textbooks, parents, or friends; doing otherwise will be considered cheating. In addition, the score...
will likely place you at a level of coursework above the appropriate one based on your experiences and academic studies.

How do I get my score? Does my advisor get it?
Your score and placement will be displayed at the end of the exam and will be accessible to your advisor through PROWL. However, you are strongly encouraged to save a copy for advising and registration.

What if I have problems taking the exam?
Please contact the ITS helpdesk at 310.338.7777.

Filipino
The courses are designed to develop student competency in Filipino/Tagalog focusing first on the sounds and rhythm of the language, vocabulary building, and sentence patterns. A functional-situational approach to language learning is utilized to develop an understanding and appreciation of Filipino culture and customs associated with the use of various linguistic forms. All levels will enhance and work toward increased proficiency in speaking, listening, reading, and writing through language games and exercises.

Foreign Literature in English Translation
No knowledge of the foreign language is required.

Japanese
The courses develop listening, speaking, reading, and writing skills using the direct method. Grammar points are explained in English. The student is provided an opportunity to practice conversation with native speakers to further improve oral skills. Selected topics are presented to enhance awareness and understanding of Japanese culture.

Students with significant course credit in Japanese from high school or college will not be allowed to enroll in JAPN 1101. Students with more advanced knowledge must consult with the departmental chair or with a professor in Japanese for evaluation before enrolling in a Japanese language class.

French, B.A.

Objectives
The French curriculum is designed to enhance students’ understanding of the French/Francophone world by exposing them to French/Francophone cultures and perspectives. It also responds to the increasing demand for a more practical emphasis in language learning after the lower division level and allows students to tackle the professional world immediately beyond graduation. LMU’s Summer Study Abroad Program in Paris, France, may complement the French program.

French Student Learning Outcomes
Student Learning Outcomes will be assessed through a Senior Capstone Project (FREN 4990), which consists of a portfolio during the last semester of the senior year. The portfolio is a collection of multiple samples usually compiled over time accompanied by a personal reflection essay, which would show that the student has met the objectives of the French program.

Majors in French will know:
- The variety and nature of linguistic practices of French-speaking populations
- The variety and nature of cultural texts of French-speaking populations

- The variety and nature of cultural perspectives in the Francophone world at large
- The representative literary works and cultural texts of Francophone cultures and civilizations, and other diasporic French-speaking populations
- The principal aspects of cultural expressions such as literature, art, social practices, gender, and media of the Francophone world at large
- Theoretical terminology and concepts essential to analyze literary and cultural products.

Majors in French will be able to:
- Understand spoken French at the appropriate level
- Speak French at the appropriate level
- Read French at the appropriate level
- Write French at the appropriate level
- Use acquired theoretical and critical skills to textual analysis and scholarly research
- Demonstrate an informed knowledge of literary works developed by French-speaking populations
- Demonstrate an informed knowledge of cultural works developed by French-speaking populations
- Demonstrate an informed knowledge of linguistic varieties developed by French-speaking populations.

Majors in French will demonstrate an appreciation for:
- The evolution and variety of perspectives in French-speaking cultures
- The mission of our University
- Transcultural similarities and differences.

Major Requirements

Lower Division Requirements:
12 semester hours in lower division courses:
- FREN 1101 French 1 4 semester hours
- FREN 1102 French 2 4 semester hours
- FREN 2103 French 3 4 semester hours

Note:
These requirements may be waived or modified based upon proficiency demonstrated on the LMU French Placement Examination. For majors, a minimum grade of C (2.0) is required in all pre-major courses.

Upper Division Requirements:
26 semester hours in upper division courses:
- FREN 3104 Mastery of French 4 semester hours
- FREN 3240 History of Ideas 4 semester hours
- FREN 3450 Stylistics and Translation 4 semester hours
- FREN 3850 Writing Workshop in French 4 semester hours
- Two (2) courses in the 4000-level series 8 semester hours
- FREN 4990 Senior Capstone Project 2 semester hours

Note:
A minimum grade of C (2.0) must be maintained in all upper division courses.

French Placement Exam
Any student who has knowledge of or has had prior instruction in French in high school or at a college or university other than LMU must take the French Placement Exam.

This requirement includes students who have taken the AP French Exam in high school. Generally, a student who receives a score of 5 or 4 on the AP French Exam (Language or Literature) places in FREN 2103. Final placement is conditional upon the instructor's consent. Course credit will be given for FREN 1101 and FREN 1102 once the student's official scores have been received from the College Board. It is the responsibility of each student to ensure that the official AP scores have been sent to Loyola Marymount University.

To know when and how a student should take a language placement exam in French, please refer to the guidelines provided under Modern Languages and Literatures.

Students that need more semester hours to complete the major because of their language placement must take additional courses in the language. In the event that there are no courses in the language, students may take MDLG 3400, MDLG 4400, or FNLT 4200 (provided it is related to language concentration). If additional classes are not available in the Modern Languages and Literatures Department, students may fulfill those credits with courses in the appropriate cultural studies areas (e.g., EURO, HMNT) in consultation with the language advisor and the Department Chair.

French Model Four-Year Plan
The normal course load is 16 semester hours (4 classes). By following the model below, a student will complete all lower division core requirements by the end of the sophomore year as well as most major prerequisites. Note that core areas are suggested to provide a distribution of various disciplines every semester. Please be flexible implementing these suggestions, given your own interests and course availability. In four years, this plan meets all common graduation requirements.

Freshman Year
Fall Semester
- FREN 1101 French 1 4 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours
Total: 13-16 semester hours

Spring Semester
- FREN 1102 French 2 4 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours
Total: 13-16 semester hours

Sophomore Year
Fall Semester
- FREN 2103 French 3 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Modern Languages, B.A.

Objectives
The aim of the Modern Languages Major is twofold: to enable students to develop proficiency in the four language skills-aural, oral, speaking, and writing-in two modern languages (Language A and
Language B), and to develop cultural literacy. Students start Language A at least in the third semester (CHIN, FREN, GRMN, ITAL, SPAN 3) and Language B at least in the first semester (CHIN, FREN, GRMN, ITAL, SPAN 1).

Through a structured and carefully planned group of course offerings and a strong recommendation to participate for a semester or a summer in study abroad programs, the Modern Languages Major will prepare students for a world in which intercultural understanding provides the basis for mutual respect, global harmony, and social justice.

The program will encourage and advise students to embark in study abroad experiences, research opportunities, extracurricular activities, and community-based learning opportunities that will prepare them to speak, understand, and write two foreign languages as well as linguistically analyze them, to know the principal aspects of some of the cultures where those languages are spoken, and to exercise intercultural awareness.

The major is highly desirable for those interested in international communications and access to immigrant populations, in areas including but not limited to business, teaching, social work, theology, law, theatre, and the visual arts. Competence in more than one foreign language, a keen awareness of cultures, and an understanding of the structure of language itself is a compelling combination of skills that will prepare the student for employment in a globalized economy.

Modern Languages majors who have German in their choice of languages and a minimum GPA of 3.5 are eligible to apply once per year for the Conrad Lester merit-based scholarship.

Students that need more semester hours to complete the major because of their language placement must take additional courses in the corresponding languages. In the event that there are no courses in the languages, students may fulfill those credits with courses in the appropriate cultural studies areas (e.g., ASPA, EURO, HMNT) in consultation with the Modern Languages major advisor and the Department Chair.

Modern Languages Student Learning Outcomes
Modern Languages majors will know:
- The principal aspects of two foreign languages and cultures
- The tools to analyze languages and cultures
- The principal aspects of two cultures and civilizations through the study of their cultural productions such as literature, art, social practices, and media.

Modern Languages majors will be able to:
- Speak, understand, and write two foreign languages as well as linguistically analyze them
- Read a variety of texts in two languages and discuss their content, technique, and cultural significance.

Modern Languages majors will be able to demonstrate that they value:
- Two distinct cultures and civilizations and their cultural productions
- Increasing intercultural awareness
- Multilingualism and the world it opens up for them.

Lower Division Requirements:
20-24 semester hours consisting of a selection of courses in two languages from:

Chinese:
- CHIN 1101 Chinese 1 4 semester hours
- CHIN 1102 Chinese 2 4 semester hours
- CHIN 2103 Chinese 3 4 semester hours
- CHIN 2104 Chinese 4 4 semester hours

French:
- FREN 1101 French 1 4 semester hours
- FREN 1102 French 2 4 semester hours
- FREN 2103 French 3 4 semester hours

German:
- GRMN 1101 German 1 4 semester hours
- GRMN 1102 German 2 4 semester hours
- GRMN 2103 German 3 4 semester hours
- GRMN 2104 German 4 4 semester hours

Italian:
- ITAL 1101 Italian 1 4 semester hours
- ITAL 1102 Italian 2 4 semester hours
- ITAL 2103 Italian 3 4 semester hours
- ITAL 2104 Italian 4 4 semester hours

Spanish:
- SPAN 1101 Spanish 1 4 semester hours
- SPAN 2102 Spanish 2 4 semester hours
- SPAN 2103 Spanish 3 4 semester hours
- SPAN 2113 Spanish 3 for Latino Students 4 semester hours
- SPAN 2804 Stylistics and Composition 4 semester hours

Upper Division Requirements:
33-37 semester hours in upper division courses:

Chinese:
- CHIN 3605 Chinese 5 4 semester hours required
- CHIN 3606 Chinese 6 4 semester hours required
- 1 upper division CHIN course 4 semester hours

Major Requirements

Two languages combined:
French:
- FREN 3104 Mastery of French 4 semester hours required
- FREN 3240 History of Ideas 4 semester hours required
- FREN 3450 Stylistics and Translation 4 semester hours required
- FREN 3850 Writing Workshop in French 4 semester hours required

German:
- GRMN 3105 Mastery of German 4 semester hours required
- 2 upper division GRMN courses 8 semester hours

Italian:
- 3 upper division ITAL courses 12 semester hours

Spanish:
- SPAN 3410 Spanish Linguistics 1: Sounds and Words 4 semester hours required
- SPAN 3510 Introduction to Hispanic Literatures 4 semester hours required
- SPAN 3431 Spanish Linguistics 2: Structure and Variation 4 semester hours or
- SPAN 3521 Survey of Latin American Literature 4 semester hours or
- SPAN 3541 Survey of Peninsular Spanish Literature 4 semester hours

8 semester hours
- MDLG 3400 Linguistics 4 semester hours
- MDLG 4400 Applied Linguistics 4 semester hours or
- FNLT 4200 Comparative Cultures 4 semester hours

1 semester hour
- MDLG 4990 Senior Capstone Project 1 semester hour

Modern Languages Model Four-Year Plan
The normal course load is 16 semester hours per semester (4 classes). By following the model below, a student will complete all lower division core requirements by the end of the sophomore year as well as all major prerequisites. Note that core areas are suggested to provide a distribution of various disciplines every semester. Please be flexible implementing these suggestions, given your own interests and course availability. In four years, this plan meets all common graduation requirements.

Freshman Year
Fall Semester
- Language A 2103 4 semester hours
- Language B 1101 4 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- University Core 3-4 semester hours

Total: 14-16 semester hours

Spring Semester
- Language A 2104 4 semester hours (or FREN 3104 for FREN, or SPAN 2804 for SPAN)
- Language B 1102 4 semester hours (or SPAN 2102 for SPAN)
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- University Core 3-4 semester hours

Total: 14-16 semester hours

Sophomore Year
Fall Semester
- Language A Upper Division 4 semester hours
- Language B 2103 4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 14-16 semester hours

Spring Semester
- Language A Upper Division 4 semester hours
- Language B 2104 4 semester hours (or FREN 3104 for FREN, or SPAN 2804 for SPAN)
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 14-16 semester hours

Junior Year
Fall Semester
- MDLG 3400 Linguistics 4 semester hours
- Language A Upper Division 4 semester hours
- Language B Upper Division 4 semester hours
- University Core 3-4 semester hours

Total: 15-16 semester hours

Spring Semester
- Language B Upper Division 4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours
- Elective 3-4 semester hours

Total: 14-16 semester hours

Senior Year
Fall Semester
- MDLG 4400 Applied Linguistics 4 semester hours or
- FNLT 4200 Comparative Cultures 4 semester hours
- Language B Upper Division 4 semester hours
- University Core 3-4 semester hours

Total: 14-16 semester hours
Spanish majors will be able to:

- Develop an informed knowledge of linguistic varieties of Spanish-speaking populations.
- Understand spoken Spanish at the appropriate level.
- Speak Spanish at the appropriate level.
- Read Spanish at the appropriate level.
- Write Spanish at the appropriate level.
- Use acquired theoretical and critical skills to textual analyses and scholarly research.
- Demonstrate an informed knowledge of literary works developed by Spanish-speaking populations.
- Demonstrate an informed knowledge of cultural products developed by Spanish-speaking populations.
- Demonstrate an informed knowledge of linguistic varieties developed by Spanish-speaking populations.

Spanish majors will also demonstrate an appreciation for:

- The evolution and variety of perspectives in Spanish-speaking cultures.
- The mission of our University.
- Transcultural similarities and differences.

### Major Requirements

**Prerequisite**

- **SPAN 1101 Spanish 1** 4 semester hours

**Lower Division Requirements:**

12 semester hours in lower division courses:

- **SPAN 2102 Spanish 2** 4 semester hours
- **SPAN 2103 Spanish 3** 4 semester hours or
- **SPAN 2113 Spanish 3** for Latino Students 4 semester hours
- **SPAN 2804 Stylistics and Composition** 4 semester hours

**Note:**

SPAN 1101, SPAN 2102, and SPAN 2103/2113 may be satisfied by placing above that level through the LMU Spanish Placement Exam. A minimum grade of C (2.0) is required in all lower division Spanish courses.

**Upper Division Requirements:**

The major in Spanish requires 25 semester hours in upper division courses: 8 semester hours in SPAN 3510, SPAN 3410; 8 semester hours in SPAN 3541, SPAN 3521, or SPAN 3431; 8 semester hours in 4000-level Spanish electives; and SPAN 4990, a senior capstone project (1 semester hour). Students are permitted to take up to 33 upper division hours in Spanish. Students must complete all upper division courses with a minimum grade of C (2.0).

**Senior Capstone Project: Portfolio Requirements:**

Spanish majors are required to register for a one-credit course (SPAN 4990 Senior Capstone Project) during, or after, their last semester in the Spanish major program. Each graduating student constructs a portfolio that includes a collection of previous works, a brief description of extracurricular activities connected with the Spanish major, and a reflective essay in Spanish demonstrating how the goals of the program were met. These goals are language proficiency, cultural competency, mastery of literary and linguistic studies, development of a sense of social justice, and transcultural understanding. An oral presentation of the portfolio to a faculty panel is required.

Guidelines for the elaboration of the portfolio and the oral presentation are available in the Modern Languages and Literatures Department. This course is graded Credit/No Credit.

**LMU Spanish Placement Exam**

Any student who has knowledge of or has had prior instruction in Spanish in high school or at a college or university other than LMU must take the LMU Spanish Placement Exam.

This requirement includes students who have taken an AP Spanish Exam in high school. A student who receives a score of 5 or 4 on the AP Spanish Exam (Language and/or Literature) might place in SPAN 2103 Spanish 3 or SPAN 2113 Spanish 3 for Latino Students.
Final placement is conditional upon the instructor's consent. The student's CAPP report will reflect credit for SPAN 1101 and SPAN 2102 after official scores have been received from the College Board. It is the responsibility of each student to ensure that the official AP scores have been sent to Loyola Marymount University.

To know when and how a student should take a language placement exam in Spanish, please refer to the guidelines provided under Modern Languages and Literatures.

Students that need more semester hours to complete the major/minor because of their language placement must take additional courses in the language. In the event that there are no courses in the language, students may take MDLG 3400, MDLG 4400, or FNLT 4200 (provided it is related to language concentration). If additional classes are not available in the Modern Languages and Literatures Department, students may fulfill those credits with courses in the appropriate cultural studies areas (e.g., EURO, HMNT) in consultation with the language advisor and the Department Chair.

**Study Abroad**

Students are strongly encouraged to take language courses abroad for a semester either during their sophomore year (Spring semester) or junior year (Fall or Spring semester). Prior to departure, students must obtain transfer credit approval for any courses that they plan to take. No more than two Spanish courses will transfer for the major. Consult the Study Abroad Office or the Spanish language professors for information about semester, year-long, or summer study abroad programs offered by other universities other than those that the Spanish program endorses.

**Spanish Model Four-Year Plan**

The normal course load is 16 semester hours per semester (4 classes). By following the model below, a student who places at the second semester level of Spanish (SPAN 2102) at the time of admission into our program will complete most major prerequisites and all lower division core requirements by the end of the sophomore year. Students with no previous knowledge of Spanish will be able to complete the program in four years if they are willing to take a Spanish course approved by our department, either abroad or at another institution during the summer. Note that core areas are suggested to provide a distribution of various disciplines every semester. Please be flexible implementing these suggestions, given your own interests and course availability. In four years, this plan meets all common graduation requirements.

**Freshman Year**

**Fall Semester**
- SPAN 2102 Spanish 2 4 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 13-16 semester hours

**Spring Semester**
- SPAN 2103 Spanish 3 4 semester hours or
- SPAN 2113 Spanish 3 for Latino Students 4 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 13-16 semester hours

**Sophomore Year**

**Fall Semester**
- SPAN 2804 Stylistics and Composition 4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours
- Elective 3-4 Semester Hours

Total: 13-16 semester hours

**Spring Semester**
- SPAN 3410 Spanish Linguistics 1: Sounds and Words 4 semester hours or
- SPAN 3510 Introduction to Hispanic Literatures 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 13-16 semester hours

**Junior Year**

**Fall Semester**
- SPAN 3410 Spanish Linguistics 1: Sounds and Words 4 semester hours or
- SPAN 3510 Introduction to Hispanic Literatures 4 semester hours
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours
- Upper Division Elective 3-4 semester hours

Total: 13-16 semester hours

**Spring Semester**
- SPAN 3431 Spanish Linguistics 2: Structure and Variation 4 semester hours or
- SPAN 3521 Survey of Latin American Literature 4 semester hours or
- SPAN 3541 Survey of Peninsular Spanish Literature 4 semester hours
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours
- Elective 3-4 semester hours

Total: 13-16 semester hours

**Senior Year**
Fall Semester
- SPAN 3431 Spanish Linguistics 2: Structure and Variation 4 semester hours or
- SPAN 3521 Survey of Latin American Literature 4 semester hours or
- SPAN 3541 Survey of Peninsular Spanish Literature 4 semester hours
- SPAN 4000-level 4 semester hours
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours

Total: 14-16 semester hours

Spring Semester
- SPAN 4990 Senior Capstone Project 1 semester hour
- SPAN 4000-level 4 semester hours
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours
- Elective 3-4 semester hours

Total: 14-17 semester hours

Spanish Model Four-Year Plan—For Students Starting at an Advanced Level of Proficiency
The normal course load is 16 semester hours per semester (4 classes). By following the model below, a student will complete all lower division core requirements by the end of the first semester freshman year as well as most major prerequisites. Note that core areas are suggested to provide a distribution of various disciplines every semester. Please be flexible implementing these suggestions, given your own interests and course availability. In four years, this plan meets all common graduation requirements.

Freshman Year
Fall Semester
- SPAN 2804 Stylistics and Composition 4 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- University Core 3-4 Semester Hours
- University Core 3-4 Semester Hours

Total: 13-16 semester hours

Spring Semester
- SPAN 3410 Spanish Linguistics 2: Structure and Variation 4 semester hours or
- SPAN 3521 Survey of Latin American Literature 4 semester hours or
- SPAN 3541 Survey of Peninsular Spanish Literature 4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours
- Elective 3-4 semester hours

Total: 13-17 semester hours

Chinese Minor

Objectives
The Chinese minor offers skill-based, articulated four-year courses in Mandarin Chinese. Coupled with Study Abroad and research opportunities, the program expects to provide students with opportunities to develop advanced proficiency in Chinese as well as cultural literacy.

Chinese Minor Learning Outcomes
Chinese minors will know:
- Principal aspects of Chinese language
- Macro and micro societal environments and culture in contemporary China
- Tools to analyze the Chinese language, literary production, and social phenomena

Chinese minors will be able to:
- Speak Chinese appropriately and accurately
- Read texts in Chinese that are conceptually abstract and linguistically complex
- Write in Chinese on a variety of topics with precision and in detail
- Conduct cross-linguistic and cultural analyses between Chinese and their native language and culture

Chinese minors will be able to demonstrate that they value:
- Multilingualism and multiculturalism
- Cultural values that are distinctively different from their own
- Social behaviors and mindsets of Chinese people that are deeply rooted and reflected in Chinese language and culture.

Minor Requirements
The Chinese minor consists of 20 semester hours beyond CHIN 1102:
- CHIN 2103 Chinese 3 4 semester hours
- CHIN 2104 Chinese 4 4 semester hours
- CHIN 3605 Chinese 5 4 semester hours
- CHIN 3606 Chinese 6 4 semester hours
- and one 3000-4000 level content-based course in Chinese 4 semester hours

Note:
The CHIN 1101, CHIN 1102, CHIN 2103, CHIN 2104 series is recommended for those who seek a basic speaking, writing, and reading knowledge of the language. This series requires one hour of study/drill session in the language lab each week.

Students that need more semester hours to complete the minor because of their language placement must take additional courses in the language. In the event that there are no courses in the language, students may take MDLG 3400, MDLG 4400, or FNLT 4200 (provided it is related to language concentration). If additional classes are not available in the Modern Languages and Literatures Department, students may fulfill those credits with courses in the appropriate cultural studies areas (e.g., EURO, HMNT) in consultation with the language advisor and the Department Chair.

Chinese Placement Exam
Any student who has knowledge of or has had prior instruction in Chinese in high school, community heritage language school, or at a college or university other than LMU must take the Chinese Placement Exam.

This requirement includes students who have taken the AP Chinese Language and Culture Exam in high school. Generally, a student who receives a score of 5 or 4 on the AP Chinese Language and Culture Exam places in CHIN 2103 or higher. Course credit will be given for CHIN 1101 and CHIN 1102 once a student's official scores have been received from the College Board. Final placement is conditional upon the instructor's consent. It is the responsibility of each student to ensure that the official AP scores have been sent to Loyola Marymount University.

To know when and how a student should take a language placement exam in Chinese, please refer to the guidelines provided under Modern Languages and Literatures.

French Minor

Minor Requirements
16 semester hours taken beyond FREN 2103:
- FREN 3104 Mastery of French 4 semester hours
- FREN 3240 History of Ideas 4 semester hours
- FREN 3450 Stylistics and Translation 4 semester hours or
- One (1) course in the 4000-level series (elective) 4 semester hours
- FREN 3850 Writing Workshop in French 4 semester hours

Note:
The FREN 1101, FREN 1102, FREN 2103, and FREN 3104 series is recommended for those who seek basic proficiency in the language. This series requires attendance of a one hour weekly language lab.

French Placement Exam
Any student who has knowledge of or has had prior instruction in French in high school or at a college or university other than LMU must take the French Placement Exam.

This requirement includes students who have taken the AP French Exam in high school. Generally, a student who receives a score of 5 or 4 on the AP French Exam (Language or Literature) places in FREN 2103. Final placement is conditional upon the instructor's consent. Course credit will be given for FREN 1101 and FREN 1102.
once the student’s official scores have been received from the College Board. It is the responsibility of each student to ensure that the official AP scores have been sent to Loyola Marymount University.

To know when and how a student should take a language placement exam in French, please refer to the guidelines provided under Modern Languages and Literatures.

Students that need more semester hours to complete the major because of their language placement must take additional courses in the language. In the event that there are no courses in the language, students may take MDLG 3400, MDLG 4400, or FNLT 4200 (provided it is related to language concentration). If additional classes are not available in the Modern Languages and Literatures Department, students may fulfill those credits with courses in the appropriate cultural studies areas (e.g., EURO, HMNT) in consultation with the language advisor and the Department Chair.

German Minor

Objectives
During the phase of early language acquisition, German courses build students’ language skills and intercultural awareness, while they consolidate language and cultural competence on the intermediate level. The upper-division Mastery of German course is geared toward perfecting the students’ German in preparation for the internationally recognized proficiency tests that are offered at LMU each Spring semester. Literature courses range from a general survey of German literature over the centuries to the study of specific genres, such as drama, the novella, and the German fairy tale. In addition to literary studies, the German section also offers a course on German film and two courses on German culture and civilization that provide an overview of German history, society, politics, arts, and sciences. For students interested in the language of business, the German section offers two business-related courses.

German Student Learning Outcomes
Students minoring in German will know:

- The principal aspects of the German language
- The principal aspects of the history of German literature and film
- The principal aspects of the history and culture of German-speaking countries;

Students minoring in German will be able to:

- Speak, understand, read, and write German in meaningful contexts
- Use the latest relevant applications in educational technology
- Read literary texts in German and discuss their content, techniques, and social significance
- Prove their advanced proficiency through an internationally recognized proficiency test;

Students minoring in German will value:

- German language, literature, and culture
- Expressing independent critical opinions
- Increasing intercultural awareness.

German courses at LMU foster communication with an understanding of other people as essential aspects of the education of the whole person. Students thus embark on a road of lifelong learning that will take them into a richer future.

Minor Requirements
The German minor consists of 20 semester hours beyond GRMN 1102:

- GRMN 2103 German 3 4 semester hours
- GRMN 2104 German 4 4 semester hours
- GRMN 3105 Mastery of German 4 semester hours
- And two other courses from GRMN upper division offerings (3000-4000 level) 8 semester hours.

Within this minor a professional German emphasis is possible, with GRMN 3716 and GRMN 4760 offered as upper division course options for the business-oriented student.

The German GRMN 1101, GRMN 1102, GRMN 2103, and GRMN 2104 series is recommended for those who seek a basic speaking, writing, and reading knowledge of the language.

Students of German are encouraged to take advantage of LMU’s semester or full year New Europe Program in Bonn, Germany, to improve their language skills. Lower division elementary and intermediate German language courses as well as the Mastery of German course are available in Bonn on a regular basis.

German minors with a minimum GPA of 3.5 are eligible to apply once per year for the Conrad Lester merit-based scholarship.

Students that need more semester hours to complete the minor because of their language placement must take additional courses in the language. In the event that there are no courses in the language, students may take MDLG 3400, MDLG 4400, or FNLT 4200 (provided it is related to language concentration). If additional classes are not available in the Modern Languages and Literatures Department, students may fulfill those credits with courses in the appropriate cultural studies areas (e.g., EURO, HMNT) in consultation with the language advisor and the Department Chair.

German Placement and Proficiency Testing

To know when and how a student should take a language placement exam in German, please refer to the guidelines provided under Modern Languages and Literatures.

Once per year, in the spring, the German section offers general proficiency tests in German (ZD [B1, B2, and C1]) for its graduating minors. The tests are internationally recognized and certify the language skills of the student to prospective employers in the public and private sector.

Italian Minor

Objectives
The Italian minor introduces students to the rich, complex culture of Italy, first by providing them with basic linguistic skills in the Italian language, and subsequently by familiarizing them with important literary works produced in Italy over the centuries as well as with historically significant films.

Italian Minor Learning Outcomes

Italian minors will know:

- The principal elements of Italian syntax and morphology
- Representative works of Italian literature, cinema, and other forms of cultural production
- Theoretical concepts essential for the analysis of these texts.

Italian minors will be able to:

Objectives

Italian Minor Learning Outcomes

Italian minors will know:

- The principal elements of Italian syntax and morphology
- Representative works of Italian literature, cinema, and other forms of cultural production
- Theoretical concepts essential for the analysis of these texts.

Italian minors will be able to:

Objectives
• Communicate effectively in written and oral forms in Italian
• Understand spoken Italian
• Read modern Italian literature
• Apply acquired critical skills to textual analysis and scholarly research.

Italian minors will be encouraged to value:
• The distinctive contributions of Italian culture to world civilization
• The interconnectedness of all cultures in the global era
• The complex ways in which issues of social justice find expression in cultural production.

Minor Requirements
The minor consists of 20 semester hours taken beyond ITAL 1102:
• ITAL 2103 Italian 3 4 semester hours
• ITAL 2104 Italian 4 4 semester hours
• And three courses taken from ITAL upper division offerings (3000-4000 level) 12 semester hours

Students who have not previously studied Italian and who wish to declare a minor in Italian are advised to begin their study of the language in their freshman year.

The ITAL 1101, ITAL 1102, ITAL 2103 and ITAL 2104 series is recommended for those who seek a basic speaking, writing, and reading knowledge of the language. This series requires one hour of independent study.

Students with previous knowledge of the language or with course credit in Italian are requested to contact the department to schedule a placement exam.

Students that need more semester hours to complete the minor because of their language placement must take additional courses in the language. In the event that there are no courses in the language, students may take MDLG 3400, MDLG 4400, or FNLT 4200 (provided it is related to language concentration). If additional classes are not available in the Modern Languages and Literatures Department, students may fulfill those credits with courses in the appropriate cultural studies areas (e.g., EURO, HMNT) in consultation with the language advisor and the Department Chair.

Spanish Minor

Prerequisite
• SPAN 1101 Spanish 1 4 semester hours

Lower Division Requirements:
• SPAN 2102 Spanish 2 4 semester hours
• SPAN 2103 Spanish 3 4 semester hours or
• SPAN 2113 Spanish 3 for Latino Students 4 semester hours
• SPAN 2804 Stylistics and Composition 4 semester hours

Note:
SPAN 1101, SPAN 2102, and SPAN 2103/2113 may be satisfied by placing above that level through the LMU Spanish Placement Exam. A minimum grade of C (2.0) is required in all lower division Spanish courses.

Upper Division Requirements:
The minor consists of 16 semester hours in upper division courses:
• SPAN 3410 Spanish Linguistics 1: Sounds and Words 4 semester hours
• SPAN 3510 Introduction to Hispanic Literatures 4 semester hours
• SPAN 3431 Spanish Linguistics 2: Structure and Variation 4 semester hours or
• SPAN 3521 Survey of Latin American Literature 4 semester hours or
• SPAN 3541 Survey of Peninsular Spanish Literature 4 semester hours
• And one (1) upper division 4000-level SPAN elective 4 semester hours

Note:
Students must complete all upper division courses with a minimum grade of C (2.0) to maintain status.

LMU Spanish Placement Exam
All students interested in taking a Spanish course, including SPAN 1101, must take the LMU Spanish Placement Exam.

This requirement includes students who have taken an AP Spanish Exam in high school. A student who receives a score of 5 or 4 on the AP Spanish Exam (Language and/or Literature) might place in SPAN 2103 Spanish 3 or SPAN 2113 Spanish 3 for Latino Students. Final placement is conditional upon the instructor's consent. The student's CAPP report will reflect credit for SPAN 1101 and SPAN 2102 after official scores have been received from the College Board. It is the responsibility of each student to ensure that the official AP scores have been sent to Loyola Marymount University.

To know when and how a student should take a language placement exam in Spanish, please refer to the guidelines provided under Modern Languages and Literatures.

Students that need more semester hours to complete the major/minor because of their language placement must take additional courses in the language. In the event that there are no courses in the language, students may take MDLG 3400, MDLG 4400, or FNLT 4200 (provided it is related to language concentration). If additional classes are not available in the Modern Languages and Literatures Department, students may fulfill those credits with courses in the appropriate cultural studies areas (e.g., EURO, HMNT) in consultation with the language advisor and the Department Chair.

Study Abroad
Students are strongly encouraged to take language courses abroad for a semester either during their sophomore year (Spring semester) or junior year (Fall or Spring semester). Prior to departure, students must obtain transfer credit approval for any courses that they plan to take. No more than two Spanish courses will transfer for the major. Consult the Study Abroad Office or the Spanish language professors for information about semester, year-long, or summer study abroad programs offered by other universities other than those that the Spanish program endorses.
Peace Studies

Director
Daniel L. Smith-Christopher

Peace Studies Minor

Objectives
In order to accommodate the significant diversity in approaches to peace and justice, Loyola Marymount University’s Peace Studies program is a contract-based minor that is arranged on an individual basis, working with the particular interests and study areas of each student. Students may choose from a variety of courses that relate to chosen fields of interest and emphasis, drawing from programs such as Political Science, History, Ethnic Studies, Theological Studies, Philosophy, Classics and Archaeology, English, Sociology, and any number of other departments. Creativity in constructing one’s own minor is encouraged. The proposed contract, with the suggested list of courses, must be accepted in writing by both the Director of the Program and the Dean of the Bellarmine College of Liberal Arts before the minor is officially entered in the academic record of each student who wishes to enter the program.

Minor Requirements:
20 semester hours (5 courses) are required for the minor. There are no required courses. There is a limit of 2 courses (8 semester hours) in lower division courses, and a single 4000-level course is strongly encouraged. A Thesis/Independent Study option is available to fulfill this recommended course, to be arranged with the Director.

Peace Studies Student Learning Outcomes
Peace Studies minors will know:

- The approaches to war and peace of various religious traditions
- Nonviolence and Nonviolent Strategy as exemplified by Gandhi or Dr. King
- The significance of personal values arising from a commitment to peacemaking that may be applicable to one’s personal as well as social life.

Peace Studies minors will be able to:

- Suggest skills and activities that may contribute to minimizing the potential for conflict and contribute to peacemaking in a given conflict situation
- Present a coherent defense of the values of peace within selected traditions, both religious and political.

Peace Studies minors will value:

- The diversity of approaches relevant to peacemaking skills
- The historical contributions made by peacemakers in the past, and assess their contributions to continued thought in Peace Studies
- The unique legacy of nonviolence in world history
- The varied Christian traditions of peacemaking and nonviolence as a theological as well as social value
- Contributions to peacemaking that are unique to their own tradition, if non-Christian (e.g., Jewish, Islamic, Buddhist).

To demonstrate the attainment of these learning outcomes, students submit a portfolio of class papers, tests, and other assignments from the six courses approved by the Director for their minor. Please direct all questions to the Director of Peace Studies.

Philosophy

Faculty
Chairperson: Eric Perl
Professors: Jason S. Baehr, Christopher Kaczor, Mark D. Morelli, Elizabeth Murray, Eric D. Perl, Timothy Shanahan, Daniel Speak, Brad Elliott Stone, Brian Treanor, Robin Wang

The Department
The Loyola Marymount University Department of Philosophy has a longstanding commitment to excellent teaching, careful advising, and productive scholarship, and is dedicated to providing a collegial and friendly environment conducive to ongoing intellectual development. We encourage both students and faculty to engage in collaborative inquiry and discussion. While the Department as a whole values a strong foundation in the history of philosophy, it is pluralistic in its orientation. The Department is distinguished by its desire to familiarize students with the full range of philosophical traditions and issues: western and eastern, continental and analytic, historical and contemporary. The special interests of our faculty cover a broad range of systematic topics and historical periods, providing resources for a wide variety of specialized studies.

Philosophy, B.A.

Objectives
Philosophy is a reflective and critical discipline whose aim is to explore fundamental ideas which underlie and penetrate human existence and constitute the deep background of all human endeavors: ideas such as Meaning and Truth, Knowledge and Being, Objectivity and Bias, Good and Evil, Value and Disvalue. Philosophic inquiry into these and related notions is governed by the complementary ideals of analytic precision and comprehensive synthesis, and so it aims to raise these basic notions from their everyday obscurity, to articulate them with logical precision and rigor, and to bind them together into an overarching vision of the nature and purpose of human life.

Accordingly, the Department of Philosophy offers basic courses in Philosophical Inquiry, Faith and Reason, and Ethics and Justice, (among others) in the core curriculum and a wide variety of courses complementary to studies in a broad range of fields. For convenience, courses are grouped into nine content areas:

1. Logic (PHIL 20XX, PHIL 30XX)
2. Morality, Law, and Politics (PHIL 31XX, PHIL 41XX)
3. Natural and Social Sciences (PHIL 32XX)
4. Arts and Literature (PHIL 23XX, PHIL 33XX)
5. Religion and Theology (PHIL 34XX, PHIL 44XX)
Philosophy Student Learning Outcomes

Philosophy students will understand:

- The history of philosophy from the pre-Socratics to modern European thinkers
- Contemporary philosophical movements, issues, and techniques
- Central themes in the primary texts of important philosophers;

Philosophy students will be able to:

- Demonstrate written competency in the analysis of philosophical issues
- Apply the tools of logic in the analysis and critical evaluation of philosophical texts
- Synthesize philosophical insights in relation to their own lived experience;

Philosophy students will value:

- The contributions of philosophers to civilization
- An understanding of the relationship of philosophy to a variety of areas of human experience such as faith, morality, and culture
- Rigorous philosophical inquiry and reflection in relation to their own self-development, their interactions with others, and the quest for a better world.

Major Requirements

At entry to the University, students may declare the major or minor through the Office of Admission. LMU students wishing thereafter to declare the major or minor must meet with the chair. The chair will ordinarily sign the student’s Change of Program petition, provided the student meets certain academic standards that include having a minimum GPA of 2.0 (C), not otherwise being on academic probation, and (for majors) upon completion of an entrance questionnaire.

University Core for the Major

Two courses meeting University Core requirements (one meeting the Philosophical Inquiry requirement and the other meeting the Ethics and Justice requirement) must normally be taken through the Department of Philosophy and will be counted toward the major.

Symbolic Logic

- PHIL 2010 Symbolic Logic 4 semester hours

The History of Philosophy Sequence

- PHIL 3510 Ancient Philosophy 4 semester hours
- PHIL 3520 Medieval Philosophy 4 semester hours
- PHIL 3530 Modern Philosophy I 4 semester hours
- PHIL 3540 Modern Philosophy II 4 semester hours

Note:
Students are encouraged to take the History of Philosophy sequence in chronological order.

Three Philosophy Electives

At least two of these electives must be upper-division courses taken at LMU, in addition to the courses that satisfy the University Core Philosophical Inquiry and Ethics and Justice requirements.

Note that at least one course in the major must focus on Contemporary Philosophy.

Senior Assessment

- PHIL 4990 Senior Assessment 0 semester hours

Note:
Students are strongly encouraged to study a foreign language to enhance their philosophical studies. Programs should be planned in consultation with their faculty advisor.

An average grade of C+ (2.3) must be maintained in Philosophy courses by majors.

Majors may take up to 13 upper division courses in Philosophy.

Honors in Philosophy

To graduate with honors in Philosophy, a Philosophy major must complete two additional PHIL elective courses, at least one of which must be an upper division course. A minimum GPA in all Philosophy courses of 3.67 is also required.

Philosophy Model Four-Year Plan

The normal course load is 16 semester hours (4 classes). By following the model below, a student will complete all lower division core requirements by the end of the sophomore year as well as a few PHIL major requirements. Note that core areas are suggested to provide a distribution of various disciplines every semester. Please be flexible implementing these suggestions, given your own interests and course availability. In four years, this plan meets all common graduation requirements.

Freshman Year

Fall Semester
- PHIL 1800 Philosophical Inquiry 4 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 13-16 semester hours

Spring Semester
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 12-16 semester hours

Sophomore Year

Fall Semester
- PHIL 2010 Symbolic Logic 4 semester hours
- PHIL 3510 Ancient Philosophy 4 semester hours
The M.A. program at Loyola Marymount University is marked by three emphases: the history of Philosophy, including recent and contemporary continental philosophy; ethical studies; and philosophy informing and informed by the Catholic and Jesuit tradition. Our students are invited to acquire a solid grasp of the history of Philosophy, both Western and Eastern, and to pursue specialized studies of a range of philosophical issues and figures. The program is designed for students who seek the comprehensive background and training required for admission to and success in a Ph.D. program in Philosophy, as well as for those who wish to complement their studies in related disciplines with the Master of Arts in Philosophy. A special feature of our M.A. Program is our commitment to imparting to students the skills associated with effective teaching as they broaden and deepen their philosophical understanding.

Admission Requirements

1. The General Test of the Graduate Record Examination (GRE) (waived for some foreign applicants).
2. Demonstration of undergraduate competence in Philosophy, as evidenced by the completion of an undergraduate major or minor in Philosophy, or strong undergraduate preparation in a closely related field. The competency of students with non-traditional backgrounds will be determined in interviews with the Program Director.
3. An undergraduate GPA of 3.0.
4. An application, an application fee, and two letters of recommendation testifying to the student's aptitude for graduate studies in Philosophy, from professors familiar with the student's undergraduate work in Philosophy.
5. A personal statement, of no more than four typed pages, on why the applicant wishes to pursue philosophical studies at the graduate level. Applicants should indicate in their statements their intention to pursue either a terminal M.A. or to seek admission to a Ph.D. program after earning the M.A.
6. A writing sample of approximately 10 typed pages, preferably of philosophical writing.
7. The deadline for the receipt of all materials is March 15 for the Fall semester and November 1 for the Spring semester.

Financial Assistance

Every student admitted into the program is considered for tuition assistance. The amounts of the grants vary and are awarded on the basis of both merit and need. One Research Assistantship is awarded each year. Teaching Fellowships may be awarded to students who participate in the Teacher Orientation Program (TOP). Students may also apply for a number of on-campus jobs reserved for graduate students. Rains Research Assistantships (60 hours per semester, 120 hours per year) may be obtained by arrangement with individual professors.

Degree Requirements

The two-year program requires 30 credit hours of course work (10 6000-level courses), successful completion of a reading proficiency examination in French, German, Latin, or Greek, and successful completion of an oral examination. Students are expected to take six courses in their first year, and four in their second. Students may complete their credit requirement with their own choice of graduate courses. A portion of the course requirement may be fulfilled by graduate course work in the Departments of English or Theological Studies, or in the Bioethics Institute, with the approval of the Program Director. Students must maintain a 3.0 GPA to remain in good standing.

Mission Statement

The M.A. program at Loyola Marymount University is marked by three emphases: the history of Philosophy, including recent and
Teacher Orientation and Practicum (TOP)
Students may elect to participate in the TOP Program. Students who wish to be considered for a Teaching Fellowship must participate in the TOP Program. The aim of TOP is to introduce students to the practical and pedagogical tasks involved in teaching at the undergraduate level, and to provide basic instruction in the effective performance of those tasks. TOP is administered by members of the Department of Philosophy. It includes both instructional sessions and practical applications. The instructional sessions provide guidelines for the preparation of course descriptions and syllabi, assignments and examinations, and for the grading of assignments and examinations. In addition, they offer guidelines for the preparation and delivery of lectures and the conduct of classroom discussions. The practical applications include: interviews with faculty members about their approaches to teaching and their methods, their successes and their failures; preparation of sample course descriptions and syllabi; preparation and delivery of a lecture, with optional videotaping; and a final review of the student's performance. Students participate in TOP in the second and third semesters of the M.A. Program and receive a Certificate of Participation upon completion of the program.

Oral Examination
The Oral Examination is a one-hour oral, conducted by three faculty members. Its aim is to probe and evaluate a student's ability to articulate and defend his/her developing epistemological, metaphysical, and ethical positions.

Language Requirement
Before completion of the program students must demonstrate reading proficiency in French, German, Latin, or Greek. Language examinations are offered every semester and may be retaken.

Learning Outcomes of the M.A. Program in Philosophy
Upon successful completion of the M.A. Program in Philosophy, the student

- will be familiar with the range of responsibilities associated with the professional side of the philosophical life.

Philosophy Minor

Minor Requirements
20 semester hours in Philosophy, of which at least 12 are in upper division courses. Courses taught through the Philosophy Department meeting core requirements (for example, PHIL 1800, PHIL 3100) may be counted towards the minor. An average of C (2.0) must be attained in courses in the minor.

The Department of Philosophy also offers a minor in Ethics for students who wish to explore further the foundations of ethics and ethical issues as they arise in a range of theoretical and applied domains. Philosophy majors and minors may not minor in Ethics.

Political Science

Faculty
Chairperson: John M. Parrish
Professors: Jodi Susan Finkel, Richard Fox, Michael A. Genovese, Evan Gerstmann, Fernando J. Guerra, John M. Parrish
Associate Professors: Lance H. Blakesley, Gene Park, Jennifer Ramos, Janie S. Steckenrider
Assistant Professors: Feryal Cherif, Andrew Dills

Objectives
The Department challenges and encourages students to:

- Be perceptive observers of political life in all its variety and richness;
- Seek a systematic understanding of the causes and consequences of political institutions, policies, and behavior;
- Develop a moral and ethical perspective that allows them to critically evaluate actions, institutions, and policies; and
- Prepare themselves for a life of active citizenship and involvement in creating a more just and humane world.

The Department challenges and encourages its faculty to:

- Master the art of teaching;
- Contribute to their profession as active scholars and researchers; and
- Promote an atmosphere of care and concern for each student inside and outside the classroom.

Both faculty and students share a responsibility for creating a lively and diverse community of scholars marked by civility, mutual respect, and support.

The Department offers degree programs in two fields of study:
International Relations and Political Science.

International Relations, B.A.

International Relations Student Learning Outcomes
The Political Science Department strives to help all majors:

1. Demonstrate a broad and deep understanding of international relations.
2. Possess the skills necessary to think critically and communicate effectively about international relations.
Major Requirements
In addition to the major requirements below, all majors must take two core curriculum courses, ECON 1050 Introductory Economics (Understanding Human Behavior) and HIST 1XXX except 13XX and 14XX (lower-level non-U.S. History course [see Note 1]: Explorations).

Students may not double-major in International Relations and Political Science. However, students may choose to major in International Relations, while minor in Political Science (or vice versa). In this case, students may only double-count one of the lower division courses and none of the upper division courses towards the minor.

A. Lower Division Requirements: 4 courses (16 semester hours)
1. Students must take POLS 1400 and POLS 1600.
2. Students must take POLS 2100.
3. Students must take one of the following: POLS 2000 or POLS 2001 or specially designated sections of FFYS 1000 with normative theory content.

B. Upper Division Requirements: 6 courses (24 semester hours)
1. Students must take POLS 3620 and POLS 4650.
2. Students take at least one POLS International Relations or Comparative Politics 5000-level seminar OR POLS 5800 and POLS 5810 (Honors Seminar and Thesis, 2 semesters). [see Note 2]
3. Students must take 3 upper-division electives (courses with international focus from POLS, ECON, SOCL or HIST [see Note 3], or one advanced methods course [see Note 4]).

C. Additional Requirements
1. An average grade of C (2.0) must be obtained in courses included in the major.
2. Lower Division requirements must be met before pursuing upper division requirements.
3. Students must take 2 semesters of a foreign language or demonstrate proficiency. [see Note 5]
4. Students must engage in an international experience through either:
   a. an Internship with an international focus (120 hours) [see Note 6]; OR
   b. Study Abroad (Semester or Summer) [see Note 7].

Total: 40 semester hours

Notes

Note 1:
The qualifying HIST 1000-level courses would include: HIST 1110 Founders of the West, HIST 1120 Heirs of Rome: Europe, Byzantium, and Islam in the Early Middle Ages, HIST 1130 Crisis and Expansion: Europe and the World, 1200-1648, HIST 1200 European Empires, Exploration, and Exchange since 1500, HIST 1201 Power, Privilege, and Agency in Modern Europe, HIST 1202 The Individual, the State, and Civil Society in Modern Europe, HIST 1203 Religion, Society, and the Search for Meaning in Modern Europe, HIST 1204 Revolutions in the Making of Modern Europe, HIST 1510 Minorities and Women in the Modern Middle East, HIST 1520 The Social Lives of Commodities in the Modern Middle East, HIST 1700 Early Latin America, HIST 1750 Modern Latin America, HIST 1800 Modern Asia: China, Japan, and Korea since 1600, HIST 1600 African States and Societies since 1800.

Note 2: Students must write an internationally-focused thesis.

Note 3: In Political Science: Any upper division comparative politics or international relations course. Other POLS courses with significant global perspectives or international politics course content may count towards the major at the discretion of the faculty director, and in consultation with the professor.

In Economics: ECON 3700 International Trade (prerequisite is ECON 1050); ECON 3720 International Finance Theory (prerequisite is ECON 1050); ECON 4740 Economic Development (prerequisite is ECON 3100).

In History: HIST 3XXX and 4XXX except 33XX, 34XX, 43XX and 44XX; these include HIST 3600 Conflict and Genocide in Africa, HIST 3702 Latin America: Women, Gender, and Sexuality, HIST 3704 Latin American Revolutions in Film, HIST 3860 Popular Culture in East Asia, HIST 4010 Pirates and Piracy, HIST 4200 Early Modern Europe, HIST 4205 Europe in the Long Nineteenth Century, HIST 4206 20th-Century Europe, HIST 4215 European Imperialism, HIST 4225 Gender in European History, HIST 4250 Modern Britain and the British Empire, HIST 4251 Victorians to Moderns, HIST 4272 20th-Century Eastern Europe, HIST 4281 Modern Russia, 1825-1991, HIST 4282 Ethnicity and Empire in Russia, HIST 4402 The Politics and Culture of the Cold War, 1917-1989, HIST 4510 Star, Cross, and Crescent, HIST 4520 The Ottoman Empire, HIST 4540 The Palestine/Israel Conflict, HIST 4640 Colonial Africa, 1860-1980, HIST 4800 Asian Empires, HIST 4810 Imperial China, HIST 4820 Modern China, HIST 4830 Women in East Asian History, HIST 4840 Modern Japan.

In Sociology: SOCL 3370 Sociology of Globalization, SOCL 3340 Social Movements, SOCL 3333 Political Sociology, SOCL 3390 Work and Economic Justice, SOCL 3371 Gender and Global Migration, SOCL 3310 Demography and Population Analysis, SOCL 3372 Sociology of U.S. Immigration. Any other non-POLS courses must be approved by the faculty director prior to course enrollment.

Note 4: Students interested in graduate studies are strongly encouraged to take an advanced methods course.

Note 5: Language proficiency will be assessed via the Modern Languages’ online placement tests. In the event the test is not offered, the student must go to a language department in a university that does offer that language and have an instructor there access proficiency and provide a letter as evidence. Although Level 2 proficiency is the required minimum for the major, we strongly encourage students to continue to more advanced levels.

Note 6: This could include a local internship, an international internship, or the Washington Center.

Note 7: The Study Abroad experience must be an LMU or LMU-approved semester or summer program. The summer program must be at least 6 semester hours. Ideally, this requirement should enhance a
student's language skills and cultural awareness that she is focused on in courses at LMU.

Honors in International Relations
Students who attain a GPA of 3.70 or higher, both overall and in the major, are automatically eligible to enroll in the POLS 5800 Honors Seminar in the Fall of their senior year and write a POLS 5810 Honors Thesis in the Spring of their senior year. Other students may be invited to pursue Honors by the faculty. The Honors Seminar is a prerequisite for the Honors thesis. Students who attain a grade of A- or higher for the Honors Thesis will graduate with Honors in International Relations. Both the Honors Seminar and Honors Thesis count toward the 24 semester hours of upper division coursework required of majors.

International Relations Model Four-Year Plan
The normal course load is 16 semester hours (4 classes). By following the model below, a student interest in completing the major will complete all lower division core requirements by the end of the sophomore year, as well as all major prerequisites. Note that core areas are suggested to provide a distribution of various disciplines every semester. Please be flexible implementing these suggestions, given your own interests and course availability. In four years, this plan meets all common graduation requirements.

Freshman Year

Fall Semester
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- POLS 1600 International Relations 4 semester hours
- Foreign Language 1 4 semester hours
- University Core 3-4 semester hours

Total: 15-16 semester hours

Spring Semester
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- POLS 1400 Comparative Politics 4 semester hours
- ECON 1050 Introductory Economics 4 semester hours
- Foreign Language 2 4 semester hours

Total: 15-16 semester hours

Sophomore Year

Fall Semester
- POLS 2100 Empirical Approaches 4 semester hours
- HIST 1XXX (except HIST 13XX and 14XX) 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 14-16 semester hours

Spring Semester
- POLS 2000 Foundations of Political Theory 4 semester hours
- University Core 3-4 semester hours

Total: 13-16 semester hours

Junior Year

Fall Semester [Study Abroad]
- Elective 3 semester hours
- Elective 3 semester hours
- Elective 3 semester hours
- Upper-Division Elective 3 semester hours
- Upper-Division Elective 3 semester hours

Total: 15 semester hours

Spring Semester
- POLS 3620 International Security 4 semester hours
- POLS 4650 The Politics of the Global Economy 4 semester hours
- Upper Division International Elective 4 semester hours
- University Core 3-4 semester hours

Total: 15-16 semester hours

Senior Year

Fall Semester
- Upper Division International Elective 4 semester hours
- Upper Division International Elective 4 semester hours
- Upper Division Elective 4 semester hours
- Upper Division Elective 4 semester hours

Total: 16 semester hours

Spring Semester
- POLS 5XXX International Relations or Comparative Politics Seminar 4 semester hours
- University Core 3-4 semester hours
- Upper Division Elective 4 semester hours
- Upper Division Elective 4 semester hours

Total: 15-16 semester hours

Political Science, B.A.

Political Science Student Learning Outcomes
The Political Science Department strives to help all majors:
1. Demonstrate a broad and deep understanding of politics and political science.
2. Possess the skills necessary to think critically and communicate effectively about politics.
3. Exhibit a commitment to active citizenship and a just society.

Major Requirements

- University Core 3-4 semester hours
- University Core 3-4 semester hours
Political Science majors are required to take one social science course from outside the major. The course may be a lower or upper level course in Economics, Geography, Psychology, Sociology, Urban Studies, or any course that satisfies the Understanding Human Behavior requirement of the University Core.

A. Lower Division Requirements: 4 courses (16 semester hours)
   1. Students must take two of the following three courses: POLS 1200, POLS 1400, and POLS 1600.
   2. Students must take POLS 2000 and POLS 2100.
   3. An average grade of C (2.0) must be obtained in these courses.

B. Upper Division Requirements: 6 courses (24 semester hours)
   1. Students take at least one 5000-level seminar.
   2. An average grade of C (2.0) must be obtained in courses included in the major.

C. Additional Requirements
   1. Students must take at least four 4-semester-hour courses to complete the major.

Total: 40 semester hours

Honors in Political Science
Students who attain a GPA of 3.60 or higher, both overall and in the major, are automatically eligible to enroll in the POLS 5800 Honors Seminar in the Fall of their senior year and write an POLS 5810 Honors Thesis in the Spring of their senior year. Other students may be invited to pursue Honors by the faculty. The Honors Seminar is a prerequisite for the Honors Thesis. Students who attain a grade of A- or higher for the Honors Thesis will graduate with Honors in Political Science. Both the Honors Seminar and Honors Thesis count toward the 24 semester hours of upper division course work required of majors.

Political Science Model Four-Year Plan
The normal course load is 16 semester hours (4 classes). By following the model below, a student interested in completing the major will complete all lower division core requirements by the end of the sophomore year, as well as most major prerequisites. Note that core areas are suggested to provide a distribution of various disciplines every semester. Please be flexible implementing these suggestions, given your own interests and course availability. In four years, this plan meets all common graduation requirements.

Freshman Year

Fall Semester
- POLS 1200 U.S. Politics 4 semester hours or
- POLS 1400 Comparative Politics 4 semester hours or
- POLS 1600 International Relations 4 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 13-16 semester hours

Spring Semester
- POLS 1200 U.S. Politics 4 semester hours or
- POLS 1400 Comparative Politics 4 semester hours or
- POLS 1600 International Relations 4 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 13-16 semester hours

Sophomore Year

Fall Semester
- POLS 2000 Foundations of Political Theory 4 semester hours or
- POLS 2100 Empirical Approaches 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 13-16 semester hours

Spring Semester
- POLS 2000 Foundations of Political Theory 4 semester hours or
- POLS 2100 Empirical Approaches 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 13-16 semester hours

Junior Year

Fall Semester
- POLS Upper Division 4 semester hours
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours

Total: 14-16 semester hours

Spring Semester
- POLS Upper Division 4 semester hours
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours
- Upper Division Elective 3-4 semester hours

Total: 13-16 semester hours
Senior Year

Fall Semester

- POLS Upper Division 4 semester hours
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours
- Upper Division Elective 3-4 semester hours

Total: 13-16 semester hours

Spring Semester

- POLS Upper Division Area Requirement 4 semester hours
- POLS 5000-level 4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 14-16 semester hours

Notes

Note 1:
In Politics: any upper division comparative politics or international relations course. Other POLS courses with significant global perspectives or international politics course content may count towards the minor at the discretion of the faculty director, and in consultation with the professor.

In Economics: ECON 3700 International Trade (prerequisite is ECON 1050), ECON 3720 International Finance Theory (prerequisite is ECON 1050), ECON 4740 Economic Development (prerequisite is ECON 3100).

In History: HIST 3XXX and 4XXX except 33XX, 34XX, 43XX and 44XX; these include HIST 3600 Conflict and Genocide in Africa, HIST 3702 Latin America: Women, Gender, and Sexuality, HIST 3704 Latin American Revolutions in Film, HIST 3860 Popular Culture in East Asia, HIST 4010 Pirates and Piracy, HIST 4200 Early Modern Europe, HIST 4205 Europe in the Long Nineteenth Century, HIST 4206 20th-Century Europe, HIST 4215 European Imperialism, HIST 4225 Gender in European History, HIST 4250 Modern Britain and the British Empire, HIST 4251 Victorians to Moderns, HIST 4272 20th-Century Eastern Europe, HIST 4281 Modern Russia, 1825-1991, HIST 4282 Ethnicity and Empire in Russia, HIST 4402 The Politics and Culture of the Cold War, 1917-1989, HIST 4510 Star, Cross, and Crescent, HIST 4520 The Ottoman Empire, HIST 4540 The Palestine/Israel Conflict, HIST 4640 Colonial Africa, 1860-1980, HIST 4800 Asian Empires, HIST 4810 Imperial China, HIST 4820 Modern China, HIST 4830 Women in East Asian History, HIST 4840 Modern Japan.

Any other non-POLS courses must be approved by the faculty director prior to course enrollment.

Note 2:
Students interested in graduate studies are strongly encouraged to take an advanced methods course.

Note 3:
Language proficiency will be assessed via the Modern Languages’ online placement tests. In the event the test is not offered, the student must go to a language department in a university that does offer that language and have an instructor there assess proficiency and provide a letter as evidence. Although Level 2 proficiency is the required minimum for the minor, we strongly encourage students to continue to more advanced levels.

Note 4:
This could include a local internship, an international internship, or the Washington Center.

Note 5:
The Study Abroad experience must be an LMU or LMU-approved semester or summer program. The summer program must be at least 6 semester hours. Ideally, this requirement should enhance a student’s language skills and cultural awareness that she is focused on in courses at LMU.

Political Science Minor

Notes

Note 1:
In upper division requirements.

Notes

Note 2:
Students interested in graduate studies are strongly encouraged to take an advanced methods course.

Note 3:
Language proficiency will be assessed via the Modern Languages’ online placement tests. In the event the test is not offered, the student must go to a language department in a university that does offer that language and have an instructor there assess proficiency and provide a letter as evidence. Although Level 2 proficiency is the required minimum for the minor, we strongly encourage students to continue to more advanced levels.

Note 4:
This could include a local internship, an international internship, or the Washington Center.

Note 5:
The Study Abroad experience must be an LMU or LMU-approved semester or summer program. The summer program must be at least 6 semester hours. Ideally, this requirement should enhance a student’s language skills and cultural awareness that she is focused on in courses at LMU.
Minor Requirements

20 semester hours
Students may minor in both International Relations and Political Science. Students who do so may only double-count one of the lower division courses and none of the upper division courses towards the major.

A. Lower Division Requirements: 2 courses (8 semester hours)
1. Students must take two of the following lower division courses:
   - POLS 1200 U.S. Politics 4 semester hours
   - POLS 1400 Comparative Politics 4 semester hours
   - POLS 1600 International Relations 4 semester hours
   - POLS 2000 Foundations of Political Theory 4 semester hours
   - POLS 2100 Empirical Approaches 4 semester hours

B. Upper Division Requirements: 12 semester hours
1. At least two 4 semester hour courses must be taken to complete the minor. The remaining four semester hours may be completed by taking any of the offered upper division courses.
2. An average grade of C (2.0) must be obtained in the courses included in the minor.

Note:
Specific programs should be planned individually with the advice of a faculty advisor.

Psychology

Faculty
Chairperson: David J. Hardy
Associate Professors: Adam W. Fingerhut, Máire Ford, David J. Hardy, Michael E. Mills, Nora A. Murphy, Vandana Thadani
Assistant Professors: Brett Marroquín, Kayoko Okada

Mission
The Psychology program shares the University’s commitment to develop ethical leaders for a culturally diverse world, and contributes to the liberal education of students. Through a comprehensive education in the science of psychology, the Psychology Department seeks to educate the whole person, pursue academic excellence, advance scholarship, promote service and justice, and encourage life-long learning.

Description
The Psychology Department offers a high quality curriculum where students examine many in-depth aspects of human and animal behavior, including biological, psychological, and sociocultural perspectives. Students are provided the opportunity to apply these perspectives to a variety of individual, family, and community contexts. As students progress through the curriculum, they have opportunities to assist faculty with research and engage in their own research with faculty supervision. The program prepares students for graduate study in psychology and related fields or careers in other professions.

Psychology, B.A.

Goals and Objectives
The goals of the Psychology curriculum focus on educating students in the methodology, content, and application of psychological science.

Goal 1: Theory and Methodology in Psychology
Students should:
- Understand the role of psychology as a discipline that uses an empirical approach to knowledge; and
- Use, respect, and value skeptical inquiry, critical thinking, and the scientific approach to understanding behavior.

Knowledge areas students will study/learn:
- Basic research methods and ethics
- History and systems and philosophy of science
- Data analysis and interpretation
- Scientific and critical thinking
- Scientific writing and communication.

Goal 2: Mastery of Content (Discipline Specific Knowledge)
Students should be familiar with:
- Core theoretical approaches and research findings that reflect a biopsychosocial understanding of behavior; and
- More in-depth theoretical approaches and research findings within at least one subject area in psychology.

Core knowledge areas students will study/learn:
- Biological foundations of behavior
- Psychological foundations of behavior
- Social and cultural foundations of behavior
- Biopsychosocial development across the lifespan.

Goal 3: Application of Knowledge and Scientific Method
Students should demonstrate the application of psychological theory, methodology, and findings to:
- An understanding of the whole person, as an individual and as a member of a larger community, society, and culture; and
- The promotion of social justice in these contexts.

Psychology Student Learning Outcomes
Upon completion of the Psychology curriculum, students will demonstrate knowledge of the history, foundations, content, and analytical skills of psychology in their ability to:

1. Demonstrate knowledge of the history, foundations, content, and methods used in Psychology, specifically in the following areas:
   a. Learning and Cognition
   b. Biological Psychology (including Neuropsychology, Sensation and Perception, Comparative, and Ethological Psychology)
   c. Clinical, Abnormal, and Personality Psychology
   d. Developmental and Social Psychology
2. Demonstrate an increased appreciation and understanding of the importance of a scientific approach to understanding human behavior
3. Demonstrate an ability to analyze and critically evaluate the biopsychosocial components of behavior
4. Demonstrate an ability to apply critical thinking in order to
   a. Understand psychological principles
   b. Evaluate scientific research, including research presented in the media
5. Demonstrate written communication skills on psychological topics
6. Demonstrate oral communication skills on psychological topics
7. Demonstrate an ability to apply psychological principles, including the consideration of ethics and social justice, to contemporary problems/issues
8. Demonstrate an ability to identify ethical issues and apply ethical principles to research in the following situations:
   a. When conducting research
   b. When evaluating research
9. Demonstrate competency in the following aspects of research methods:
   a. Locate and understand past research
   b. Formulate a hypothesis based on past research
   c. Design research to test a hypothesis
   d. Use statistical software to analyze research data
   e. Write complete manuscripts in APA style

Major Requirements
A minimum grade of C (2.0) is required in all courses for the major. Students must repeat any course in which a grade below C (2.0) is earned.

Students may not register for any Psychology course for a third time without the written permission of the Psychology Department Chairperson and the Dean of the Bellarmine College of Liberal Arts.

A minimum grade of C (2.0) is required in the Lower Division Requirements in order to be a Psychology major and advance to Upper Division Major Requirements.

Lower Division Major Requirements (16 semester hours):
1. PSYC 1000 General Psychology
2. PSYC 2001 Statistical Methods for Psychology
3. PSYC 2002 Research Methods
4. PSYC 2003 Brain and Behavior

Upper Division Major Requirements (24 semester hours):
Prerequisite: Completion of all lower division major requirements with a minimum grade of C (2.0) in each.
1. PSYC 3001 Cognition
2. PSYC 3002 Social Psychology
3. Three additional upper division PSYC electives (12 semester hours): 2 courses, either PSYC 3000- or PSYC 4000-level; and 1 PSYC 4000-level course
4. PSYC 4100 Capstone Seminar. Prerequisite: All upper division major requirements completed or currently in progress.
5. PSYC 4195 Senior Assessment. Prerequisite: All upper division major requirements completed or currently in progress.

Psychology Model Four-Year Plan
The normal course load is 16 semester hours (typically 4 classes). By following a model similar to the one below, a student will complete all lower division core requirements by the end of the sophomore year as well as lower division major requirements/prerequisites. Note that core areas are suggested to provide a distribution of various disciplines every semester. Please be flexible implementing these suggestions, given your own interests and course availability. While there are many paths to completion in four years, this sample model is one approach. This plan meets all common graduation requirements.

Freshman Year

Fall Semester
- PSYC 1000 General Psychology 4 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours
Total: 13-16 semester hours

Spring Semester
- PSYC 2001 Statistical Methods for Psychology 4 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours
Total: 13-16 semester hours

Sophomore Year

Fall Semester
- PSYC 2002 Research Methods 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours
Total: 13-16 semester hours

Spring Semester
- PSYC 2003 Brain and Behavior 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours
Total: 13-16 semester hours

Junior Year

Fall Semester
- PSYC 3001 Cognition 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours
Total: 13-16 semester hours

Spring Semester
- PSYC 3002 Social Psychology 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 13-16 semester hours
• Upper Division Elective 3-4 semester hours

Total: 13-16 semester hours

Senior Year

Fall Semester
• PSYC 3xxx or 4xxx Upper Division Elective 4 semester hours
• PSYC 3xxx or 4xxx Upper Division Elective 4 semester hours
• Upper Division Elective 3-4 semester hours
• Upper Division Elective 3-4 semester hours

Total: 14-16 semester hours

Spring Semester
• PSYC 4100 Capstone Seminar 4 semester hours
• PSYC 4195 Senior Assessment 0 semester hours
• PSYC 4xxx Upper Division Elective 4 semester hours
• Upper Division Elective 3-4 semester hours
• Upper Division Elective 3-4 semester hours

Total: 14-16 semester hours

Honors in Psychology
Psychology majors who 1) meet a minimum Psychology and University GPA and 2) who have the consent of a department faculty member who will oversee their Honors project may apply to do Honors in the last two semesters at LMU. Applications are due in the semester before Honors work will begin (generally, the Spring semester of Junior year). To receive Honors, accepted students must, over the course of at least two semesters: 1) complete a significant research project; 2) complete an APA-style manuscript detailing the project; and 3) complete a conference presentation detailing the project prior to graduation (e.g. by participating in LMU's Undergraduate Research Symposium). Accepted students should enroll in PSYC 4196 for 0 semester hours in the Fall of their Senior year and 4 semester hours in the Spring of their Senior year. The 4 semester hours from PSYC 4196 count toward the 24 semester hours of upper division course work required of majors.

Psychology Minor

Minor Requirements
A minimum grade of C (2.0) is required in all courses for the minor. Students must repeat any course in which a grade below C (2.0) is earned.

Students may not register for any Psychology course for a third time without the written permission of the Psychology Department Chairperson and the Dean of the Bellarme College of Liberal Arts.

Lower Division Minor Requirements (12 semester hours):
• PSYC 1000 General Psychology 4 semester hours
• PSYC 2001 Statistical Methods for Psychology 4 semester hours

• PSYC 2002 Research Methods 4 semester hours

Three upper division elective courses (12 semester hours):
• PSYC 3xxx or 4xxx Upper Division Elective 4 semester hours
• PSYC 3xxx or 4xxx Upper Division Elective 4 semester hours
• PSYC 3xxx or 4xxx Upper Division Elective 4 semester hours

Note:
Electives are selected in consultation with the Psychology Department Advisor (the Associate Chair) for the Minors.

Sociology

Faculty
Chairperson: Anna Muraco
Professors: Stacy Lee Burns, James Faught
Associate Professors: Peter Hoffman, Nadia Kim, Eric Magnuson, Anna Muraco, Rebecca Sager, Rachel Washburn
Assistant Professors: Stephanie Limoncelli, David Marple, Mona Seymour

Sociology, B.A.

Objectives
As a department, our objectives are to foster the intellectual development of students and to promote lifetime learning experiences. We do this through teaching and applying the insights of sociological perspectives to achieve a critical understanding of social reality and the human condition.

Our curriculum is designed to explore relationships within society, the social and cultural influences on human behavior, dynamics of interaction, and social institutions and social change in a global context.

Sociology Student Learning Outcomes
Students majoring in Sociology should know:
• The processes and structures that establish the underlying regularities of social life
• How social life is continually reconstructed through opposition and deviance
• The significance of cultural differences within and across societies
• The origin and development of principal theoretical ideas that inform contemporary sociological inquiries
• The basic methodological and statistical strategies used in contemporary sociology;

Students majoring in Sociology should be able to:
• Recognize how social life is structured in ways that influence choices, opportunities, and action
• Demonstrate an ability to write and speak effectively about contemporary social issues
• Read, assess, and interpret the results of sociological research
• Successfully complete an independent research project that competently draws from current theoretical, methodological, and empirical research;

Students majoring in Sociology should value:
• A knowledge of the range of interests and goals expressed by groups and organizations in society
• The ways in which sociological research may be effectively employed by organizations and institutions
• The application of sociological knowledge in order to enhance the quality of life
• A reasoned participation in community life that is informed by grounded sociological knowledge.

Major Requirements
Sociology majors are required to take one social science course from outside the major. The course may be a lower or upper level course in Economics, Geography, Political Science, Psychology, Urban Studies, or any course that satisfies the Understanding Human Behavior requirement of the University Core.

Lower Division Requirements (12 semester hours):

- SOCL 1000 Principles of Sociology 4 semester hours
- SOCL 2000 Qualitative Research Methods 4 semester hours
- SOCL 2100 Quantitative Research Methods 4 semester hours

Note:
A grade of at least C (2.0) will be required in all lower division courses.

Upper Division Requirements:
28 semester hours in upper division courses in sociology which must include SOCL 3000 and SOCL 4900. An average grade of C (2.0) must be obtained in courses included in the major.

SOCL 4900 should be taken in the senior year. The remaining 20 semester hours are to be chosen from the three theme areas into which upper division sociology courses are grouped: I. Social Institutions, Organizations, and Groups; II. Power and Inequality; and III. Social Processes and Change. Students must take at least one course from three of the theme areas. The remaining courses may be taken from any of the upper division offerings.

At least two 3000- or 4000-level sociology courses must be taken in the senior year.

Area I: Social Organizations, Institutions, and Groups

- SOCL 3100 Metropolitan Los Angeles 4 semester hours
- SOCL 3110 Sociology of Sport 4 semester hours
- SOCL 3120 Social Organization 4 semester hours
- SOCL 3130 Sociology of Law 4 semester hours
- SOCL 3140 Sociology of Popular Culture 4 semester hours
- SOCL 3141 Media: The Empire of Illusion 4 semester hours
- SOCL 3150 Sociology of Health and Illness 4 semester hours
- SOCL 3160 Sociology of Marriage and Families 4 semester hours
- SOCL 4100 Criminal Justice 4 semester hours
- SOCL 4101 Criminal Law 4 semester hours
- SOCL 4103 Social Psychology and the Law 4 semester hours
- SOCL 4110 Religion, Culture, and Society 4 semester hours
- SOCL 4120 Science, Technology, and Society 4 semester hours

Area II: Power and Inequality

- SOCL 3200 Deviant Behavior 4 semester hours
- SOCL 3210 Gender and Society 4 semester hours
- SOCL 3211 Men and Masculinities 4 semester hours
- SOCL 3221 Race and Ethnic Relations 4 semester hours
- SOCL 3222 Sociology of the Black Community 4 semester hours
- SOCL 3231 Social Stratification 4 semester hours
- SOCL 3232 Community 4 semester hours
- SOCL 3233 Political Sociology 4 semester hours
- SOCL 3240 Sociology of Aging 4 semester hours
- SOCL 3250 Health and Social Justice 4 semester hours
- SOCL 3260 Human Trafficking 4 semester hours
- SOCL 3290 Social Inequalities 4 semester hours
- SOCL 4202 Crime and Delinquency 4 semester hours

Area III: Social Processes and Change

- SOCL 3300 Urban Sociology 4 semester hours
- SOCL 3310 Demography and Population Analysis 4 semester hours
- SOCL 3320 Social Psychology 4 semester hours
- SOCL 3321 Sociology of Emotions 4 semester hours
- SOCL 3340 Social Movements 4 semester hours
- SOCL 3341 Politics, Faith, and Civic Engagement 4 semester hours
- SOCL 3350 The Life Course 4 semester hours
- SOCL 3351 Sociology of Adolescents 4 semester hours
- SOCL 3360 Environment and Society 4 semester hours
- SOCL 3370 Sociology of Globalization 4 semester hours
- SOCL 3371 Gender and Global Migration 4 semester hours
- SOCL 3372 Sociology of U.S. Immigration 4 semester hours
- SOCL 3373 Immigration and Los Angeles 4 semester hours
- SOCL 3390 Work and Economic Justice 4 semester hours

Sociology Model Four-Year Plan

The normal course load is 16 semester hours (4 classes). By following the model below, a student will complete all lower division core requirements by the end of the sophomore year as well as most major prerequisites. Note that core areas are suggested to provide a distribution of various disciplines every semester. Please be flexible implementing these suggestions, given your own interests and course availability. In four years, this plan meets all common graduation requirements.

Freshman Year
Fall Semester
- SOCL 1000 Principles of Sociology 4 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 13-16 semester hours

Spring Semester
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 12-16 semester hours

Sophomore Year

Fall Semester
- SOCL 2000 Qualitative Research Methods 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 13-16 semester hours

Spring Semester
- SOCL 2100 Quantitative Research Methods 4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours
- Elective 3-4 semester hours

Total: 13-16 semester hours

Junior Year

Fall Semester
- SOCL 3000 Sociological Theory 4 semester hours
- SOCL Upper Division (Theme Area) 4 semester hours
- SOCL Upper Division (Theme Area) 4 semester hours
- University Core 3-4 semester hours

Total: 15-16 semester hours

Spring Semester
- SOCL Upper Division (Theme Area) 4 semester hours
- SOCL Upper Division 4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 14-16 semester hours

Senior Year

Fall Semester
- SOCL Upper Division 4 semester hours
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours
- Upper Division Elective 3-4 semester hours

Total: 13-16 semester hours

Spring Semester
- SOCL 4900 Sociology Seminar 4 semester hours
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours
- Upper Division Elective 3-4 semester hours

Total: 13-16 semester hours

Sociology Minor

Minor Requirements
20 semester hours, including SOCL 1000 and SOCL 2000 or SOCL 2100, and SOCL 3000, and 8 semester hours in upper division courses. An average grade of C (2.0) must be obtained in courses included in the minor. At least one 3000- or 4000-level sociology course must be taken in the senior year.

Theological Studies

Faculty
Chairperson: Susan Abraham
Professors: Douglas Christie, Christopher Key Chapple (Navin & Pratima Doshi Professor of Indic & Comparative Theology), Allan Deck, S.J., Roberto Dell’Oro, Michael P. Horan, Amir Hussain, Thomas P. Rausch, S.J. (Chilton Chair), Jeffrey S. Siker, Daniel L. Smith-Christopher
Associate Professors: Nicholas Denysenko, Cecilia Gonzalez-Andrieu, Anna Harrison, Dorian Llywelyn, S.J., Charlotte C. Radler, Jonathan Rothchild, David Sanchez, Tracy Sayuki Tiemeier
Assistant Professors: Susan Abraham, Brett Hoover, Gil Klein, Matthew Petrusek

Contact Information
Department Chair: Susan Abraham

Theological Studies Graduate Program

Mission Statement
The Master of Arts (Theology) provides students with a critical understanding of the Christian theological tradition, especially from a Roman Catholic perspective. The program engages students in serious reflection on the broad range of theological studies and
methods (biblical, comparative, historical, liturgical, and systematic theology, as well as ethics, spirituality, faith and culture, ecumenical and inter-religious dialogue). The goal of the program is to provide a general and integrated exploration of these areas for students seeking to teach on a secondary level, for students preparing for graduate education, and for students with a strong interest in theology beyond the undergraduate level.

The Master of Arts in Pastoral Theology engages the student in critical theological reflection on ministerial practice as preparation for active ministry in a pluralistic society. The program provides theological foundations in pastoral theology, especially in the Roman Catholic tradition, and integrates the formation of persons preparing for pastoral ministry with their study of the Christian theological tradition (spirituality, liturgy, faith and culture, ethics, as well as biblical, historical, and systematic theology, and ecumenical and inter-religious dialogue). Throughout the program there is a stress on the holistic relationships between pastoral theology, faith seeking critical understanding, and faith that does justice.

Admission Requirements
- Baccalaureate degree from an accredited institution
- Demonstrated ability to do graduate studies

This last requirement can be fulfilled by providing a range of information including: graduate work completed or advanced degree obtained; evidence of undergraduate work, including GPA and submission of written academic work (e.g., a term paper); scores received on the GRE, the Miller Analogies, or other standardized tests (recommended but not required); a personal interview.

Applicants need to indicate the particular Master of Arts program to which they are applying, either M.A. (Theology) [THEO] or M.A. in Pastoral Theology (PATH).

All applicants for admission to the master's degree programs are required to submit a Graduate Division application and $50.00 fee; two copies of all post-secondary transcripts; a personal statement; and two letters of recommendation, including one academic reference. All materials should be sent to the Graduate Admissions Office. Applicants who have applied for admission may be formally admitted or may be required to fulfill prerequisites before being formally admitted.

All materials for admission must be received in the Graduate Admission Office by the date listed below. Applications received after this deadline will be reviewed on an individual basis.

March 1 for the Fall semester

Students may take graduate courses in non-degree status with permission of the Graduate Director.

Theological Studies Undergraduate Program

Mission Statement
The Department of Theological Studies engages the LMU student community in thoughtful, critical reflection on faith and religious praxis with a special concern for the Roman Catholic tradition. We educate the whole person and serve faith by an academic exploration of its possibilities, challenges, and ambiguities while also engaging in ecumenical and interreligious dialogue. We strive to promote justice by the structure of our curriculum and by encouraging students and faculty to engage their theological understanding in a world both graced and broken.

Vision Statement

Loyola Marymount University is the largest Catholic university on the West Coast, in a city that is at once the largest Roman Catholic archdiocese in the United States as well as one of the most religiously diverse cities in the world. The Department of Theological Studies has the unique role and responsibility of promoting the study of theology and religion within the University and the broader Los Angeles community. The Department also has a special role to play in helping the University to live out its Mission in the service of faith and the promotion of justice. The urgency of these endeavors is reinforced by the importance of religion in the 21st century in our globalized world.

Theology, B.A.

Program Goals
1. To maintain a challenging and current curriculum for our Majors to provide them with a foundation for pursuing careers as teachers, ministers, and many other professions or for graduate work in Theological Studies;
2. To maintain a challenging and current curriculum for our Minors to provide them with a solid understanding of theology and religious studies, ethical values, social justice, and spirituality;
3. To maintain a current and challenging set of core curriculum courses that contribute to fulfilling the mission of Loyola Marymount as a Catholic liberal arts University.

Student Learning Outcomes
By virtue of their Theological Studies courses, majors should:
1. Identify the beliefs and practices of major religious traditions, including Christianity and especially Catholic Christianity;
2. Understand the richness and complexity of theological and religious traditions, especially in light of contemporary issues and diverse voices;
3. Examine and evaluate critically the diverse ways in which religious beliefs and practices change across time and space;
4. Integrate theological and religious questions and problems through the careful study of a major theological or religious thinker or theme;
5. Develop theological and religious comprehension and reflection through the acquisition of a research language or engaged learning.

By virtue of their Theological Studies courses, minors should:
1. Identify the beliefs and practices of major religious traditions;
2. Understand the richness and complexity of theological and religious traditions, especially in light of contemporary issues and diverse voices;
3. Examine and evaluate critically the diverse ways in which religious beliefs and practices change across time and space;
4. Integrate theological and religious questions and problems through the careful study of either a major theological or religious thinker or a major theological or religious theme.

Major Requirements
The undergraduate major consists of 40 semester hours total (10 courses).

Lower Division Requirements (3 courses or 12 semester hours):
• THST 1000 Hebrew Bible/Old Testament: Theology, History, Interpretation 4 semester hours or
• THST 1010 New Testament Contexts 4 semester hours
• THST 1030 Exploring the Catholic Theological Tradition 4 semester hours or
• THST 1080 Comparative Theology 4 semester hours
• THST 1500 World Religions of Los Angeles 4 semester hours

Note:
Normally, THST 1000 or THST 1010 is taken at the beginning of the program of study.

Upper Division Requirements (28 semester hours: 3 required courses, 4 elective courses):

Required Upper Division Courses (12 semester hours)
• Any THST Historical Analysis and Perspectives course 4 semester hours
• THST 4090 Major Theological and Religious Thinker 4 semester hours
• THST 4091 Major Theological and Religious Theme 4 semester hours

Upper Division Electives (16 semester hours)
• Four upper division THST electives, including at least one at the 4000-level, are required.

Additional Requirements
Additional requirements include fulfilling a language requirement OR taking an additional Engaged Learning flag (beyond the one required in the University Core) in a Theological Studies course. The language requirement is an intermediate level proficiency requirement that can be met in three ways: by satisfactorily passing Language 1 and Language 2 courses; scoring a 4 or 5 on the AP language exam; or by taking the language placement exam and placing above the Language 2 level.

Note:
An average grade of C (2.0) must be obtained in the courses included in the major.

We recommend that additional philosophy courses be taken as early as possible. The specific courses are to be determined in conjunction with the student's Theological Studies advisor.

Theology Society
The Theology Society is a co-curricular student group open to all Theological Studies undergraduate majors and minors, as well as non-majors/minors who are interested in theological issues and topics. The group convenes monthly, typically sharing lunch and discussion, often with a guest speaker. The group also organizes various outings as opportunities for students to socialize with one another and with Theological Studies faculty. The Theology Society hosts annual visits from admissions representatives from graduate theological programs around the country for interested students. The Theology Society's members also participate in an annual paper competition sponsored by the Department of Theological Studies, in which the winning paper is presented to faculty and students each Spring.

Theta Alpha Kappa
LMU's Department of Theological Studies is an institutional member of Theta Alpha Kappa (TAK), the only national honor society serving the needs of those involved in the study of religion and/or theology. The membership of Theta Alpha Kappa is composed of students and professors who have been elected to membership upon the basis of excellence in Theology and Religious Studies. Each Spring the department inducts eligible students into this honor society.

TAK Undergraduate Admission Qualifications:
1. Completion of at least three semesters at LMU
2. Successful completion of 16 semester hours of THST course work
3. Cumulative GPA of at least 3.0
4. GPA of at least 3.5 in THST course work

Core Curriculum in Theological Studies
• Theological Inquiry (Foundations level) (see Course Descriptions)
• Studies in American Diversity (Foundations level) (see Course Descriptions)
• Historical Analysis and Perspectives (Explorations level) (see Course Descriptions)
• Faith and Reason (Integrations level) (see Course Descriptions)
• Ethics and Justice (Integrations level) (see Course Descriptions)
• Interdisciplinary Connections (Integrations level) (see Course Descriptions)

Only courses in the 1000 series and 3000 series will fulfill the core curriculum requirements. All 4000-level courses have a prerequisite of one upper division course. The 4000-level courses fulfill major or minor requirements. Except for those entering LMU as a transfer student, no student may take a 3000-level course without successful prior completion of a 1000-level course.

Theological Studies Model Four-Year Plan
The normal course load is 16 semester hours (4 classes). By following the model below, a student will complete all lower division core requirements by the end of the sophomore year as well as most major prerequisites. Note that core areas are suggested to provide a distribution of various disciplines every semester. Please be flexible implementing these suggestions, given your own interests and course availability. In four years, this plan meets all common graduation requirements.

Freshman Year

Fall Semester
• THST 1000 Hebrew Bible/Old Testament: Theology, History, Interpretation 4 semester hours or
• THST 1010 New Testament Contexts 4 semester hours
• FFYS 1000 First Year Seminar 3 OR 4 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours

Total: 13-16 semester hours
Pastoral Theology, M.A.

Degree Requirements

Core Courses (8 courses - 24 semester hours) in categories A through H:
- THST 6010 Foundations of New Testament Theology 3 semester hours or
- THST 6000 Foundations of Old Testament Theology 3 semester hours
- THST 6030 Introduction to Systematic Theology 3 semester hours
- THST 6060 Foundations of Theological Ethics 3 semester hours or
- one course from the Historical area (6020s)
- THST 6070 Foundations of Pastoral Theology 3 semester hours
- THST 6074 Spiritual Formation for Pastoral Ministry 3 semester hours
- THST 6078 Supervised Pastoral Field Education 3 semester hours
- THST 6090 Graduate Pro-Seminar 3 semester hours (usually taken during the first semester)
- THST 6091 Pastoral Synthesis Seminar 3 semester hours (student must have completed at least 36 semester hours in order to take this capstone course)

Pastoral Theology Electives
(18 semester hours)
Pastoral Theology students are required to take one three-semester-hour course in either Liturgy, Religious Education, or Spirituality and select other elective courses offered by the Department of Theological Studies after consultation with their advisor.

The program is designed to allow a student to pursue general interests or a particular concentration. Concentrations are offered in two areas: 1) Pastoral Leadership and 2) Spiritual Direction. Under special circumstances, students may take up to two courses (six semester hours) outside the department.

Spiritual Direction Concentration
An option for Students in the M.A. in Pastoral Theology...
This concentration is designed for anyone enrolled in the Master of Arts in Pastoral Theology who would like to acquire the art of spiritual direction, a ministry of accompanying others in their spiritual journey. The purpose of the concentration is twofold: 1) to provide a course of studies that integrates theology, Scripture, psychology, spirituality, skills acquisition and supervision in the art of spiritual direction and 2) to assist participants to discern whether they are being called to the ministry of spiritual direction.

Upon successful completion of the four required courses listed below, participants will be able to designate that their Master of Arts in Pastoral Theology included a concentration in spiritual direction training.

Students who wish to concentrate their electives in spiritual direction would take the following courses. NOTE: THST 6051 The Theory and Practice of Spiritual Direction, needs to be taken first; THST 6054 Practicum and Supervision in Spiritual Direction, needs to be taken last. The other two courses can be taken whenever opportune, after completing the first course.

- THST 6051 The Theory and Practice of Spiritual Direction 3 semester hours
- THST 6052 Ignatian Spirituality and Discernment 3 semester hours (prerequisite: THST 6051)
- THST 6053 Psychological Foundations of Spiritual Direction 3 semester hours (prerequisite: THST 6051)
- THST 6054 Practicum and Supervision in Spiritual Direction 3 semester hours (taken after completion of the three courses listed above)

Pastoral Leadership Concentration
An option for Students in the M.A. in Pastoral Theology

Description:
The concentration is made up of four courses (12 semester hours) that the student chooses from the set of approved courses listed in the Bulletin for this Concentration.

The concentration is designed to educate those who will serve (or who currently serve) as leaders in pastoral settings, either as leaders in specialized ministries or as leaders in general ministry positions. Examples of leaders in specialized ministry include: Directors of Religious Education; Directors of Youth Ministry or Campus Ministry; and Directors of Catechumenate/RCIA. Leaders in generalist ministries include pastors and Pastoral Associates who are assigned a variety of general duties according to need.

The concentration is deliberately open to the students to design under the guidance of the academic advisor. In this way, students who find themselves actively engaged in, or aspiring to, leadership ministries within schools or parishes will choose courses for the concentration that fit their current or aspired ministry commitments.

Pastoral Leadership Concentration Course Offerings
- THST 6070 Foundations of Pastoral Theology 3 semester hours (graduate core course)

Students are required to take:
- THST 6073 Theory and Practice of Pastoral Leadership 3 semester hours

Students are required to take any two (2) of the following:
- THST 6040 Liturgical Theology: History and Interpretation 3 semester hours

Pastoral Synthesis Project (PT capstone)
The Pastoral Synthesis Project is the required capstone experience for all Pastoral Theory students. The project is designed to elicit familiarity with scholarly sources and pastoral analysis of issues that impact the contemporary practice of ministry. The project is neither solely a research paper nor a reflection paper, but a synthesis of both. The project is typically done in the last semester of the Pastoral Theology program.

Learning Outcomes
Students will know the basic contours of:
- Pastoral Theology
- Critical approaches to Biblical Theology and Systematic Theology
- Either Theological Ethics or Historical Theology
- Theological Method;

Students will be able to:
- Assess pastoral situations from a critical stance
- Reflect on ministerial practice in a pluralistic society
- Engage in biblical exegesis with attention both to historical contexts and contemporary pastoral contexts
- Reflect critically on the praxis of faith, particularly within the Roman Catholic context
- Discuss the main contours of either church history or of theological ethics, especially as they relate to ministerial practice
- Integrate theological vision, critical understanding, and a faith attentive to justice;

Students will value:
- The significance of ecclesial community for pastoral practice
- An integrated formation of the person for pastoral ministry
- A pluralistic approach to pastoral ministry.

Theology, M.A.

Degree Requirements
Core Courses (7 courses—21 semester hour) in categories A through G:
- THST 6010 Foundations of New Testament Theology 3 semester hours
- THST 6000 Foundations of Old Testament Theology 3 semester hours
• THST 6020 Foundations of Historical Theology 3 semester hours or
  • Any one course from the 6020s

• THST 6030 Introduction to Systematic Theology 3 semester hours
• THST 6060 Foundations of Theological Ethics 3 semester hours
• THST 6090 Graduate Pro-Seminar 3 semester hours (usually taken during the first semester)
• THST 6092 Comprehensive Exam Seminar 3 semester hours (taken after completing 36 semester hours minimum)
• THST 6093 Research and Writing Seminar 3 semester hours (taken after completing 36 semester hours minimum)

Theology Electives (21 semester hour)
Theology students are to complete an additional 21 semester hour for a total of 42 semester hours.

Total: 42 semester hours

Comparative Theology Concentration
An option for Students in the M.A. (Theology)

M.A. (Theology) students may choose to take elective courses that develop a concentration in Comparative Theology. The concentration in Comparative Theology serves students who wish to focus their program more specifically around questions of religious diversity, inter-religious dialogue, world religions, and comparative theology.

The concentration is comprised of four courses (12 semester hours), one (1) required course (THST 6080 Comparative Theology), and three (3) other approved courses, which the student chooses in conjunction with the academic advisor. Students must also fulfill core requirements as listed above, items A through G.

Comparative Theology Concentration—Course Offerings

Students who choose to do this Concentration are required to take:

• THST 6080 Comparative Theology 3 semester hours

In addition, students are required to take three (3) of the following:
(Or other courses approved by the academic advisor in concert with the graduate director)

• THST 6033 Feminist Theology 3 semester hours
• THST 6081 Comparative Religious Ethics 3 semester hours
• THST 6082 Comparative Mysticism 3 semester hours
• THST 6083 Hinduism, Vedanta, and Yoga 3 semester hours
• THST 6084 Buddhism 3 semester hours
• THST 6085 Classics of Chinese Philosophy 3 semester hours

• THST 6086 Readings in Religious Literature 3 semester hours
• THST 6087 Jainism 3 semester hours

Learning Outcomes
Students will know the basic contours of:

• Biblical Theology
• Systematic Theology
• Theological Ethics
• Historical Theology
• Comparative Theology
• Theological Method;

Students will be able to:

• Perform biblical exegesis with attention to historical contexts, the history of interpretation, and contemporary theological developments
• Engage in critical theological reflection on major systematic themes
• Demonstrate a clear grasp of significant developments in the history of the church
• Describe the work of seminal thinkers in the history of Christian ethics and analyze contemporary moral problems
• Demonstrate familiarity with other (non-Christian) religious traditions
• Recognize and employ various theological methods;

Students will value:

• Critical fidelity within the Roman Catholic tradition
• Ecumenical and inter-faith dialogue
• Creative tension between theological unity and diversity.

Theology Minor

Theology Minor Requirements
The undergraduate minor consists of 20 semester hours (5 courses).

Minors are required to take a minimum of three upper division courses (at least one of the courses has to be a 4000-level, and one of the courses has to be THST 4090 Major Theological and Religious Thinker OR THST 4091 Major Theological and Religious Theme).

Catholic Studies Minor
Students with particular interest in Catholic Studies are encouraged to consider the Catholic Studies Minor described in this Bulletin.

Jewish Studies Minor
Students with particular interest in Jewish Studies are encouraged to consider the Jewish Studies Minor described in this Bulletin.

Urban Studies

Director
Peter R. Hoffman

Faculty
Urban Studies, B.A.

Objectives
As an interdisciplinary program, Urban Studies encourages students to examine urbanization and the multitude of issues inherent in urban life from the perspectives of a wide range of disciplines and methodological traditions. The critical analysis of urban issues helps students evaluate the various political, sociocultural, and economic strategies available to urban planners, local governments, law enforcement agencies, and others seeking to remedy the problems of contemporary cities.

The curriculum of the Urban Studies program, including its internship program, allows students to take advantage of one of LMU's greatest assets: the many linkages that connect LMU to the extraordinarily dynamic, multicultural metropolitan area surrounding the University. Los Angeles is both an educational resource and a laboratory for Urban Studies students.

Career options for Urban Studies majors may be found in local government, law enforcement, real estate development, and urban social services. The major is also appropriate preparation for students seeking careers or graduate education in urban planning, public administration, social welfare, policy analysis, or the law.

Urban Studies Student Learning Outcomes
By virtue of their Urban Studies Program courses, students should know:

- The general history of urbanization and its associated economic and demographic processes
- The structures and expressions of urbanization and urban life associated with modern and postmodern cities
- The structures and expressions of urbanization and urban life associated with cities of the developed realms/core and those associated with cities of the less developed realm/periphery
- The basic research questions and agendas associated with the various disciplines contributing to our understanding of urban issues
- The general expressions of urbanization and urban life associated with contemporary Los Angeles
- The common theories, practices, and methodologies employed in contemporary urban planning and policy analysis;

By virtue of their Urban Studies Program courses, students should be able to:

- Effectively employ contemporary social science methodology in the analysis of urban issues
- Demonstrate written and oral competencies in the analysis of urban issues and policy
- Identify and utilize appropriate primary data, including census materials, for the analysis of urban issues
- Apply their understanding of urban issues to the development and critical analysis of programs and policies appropriate to addressing contemporary social and economic problems
- Successfully pursue graduate education in such areas as urban planning, public administration, policy analysis, social welfare, and the law upon completion of their major;

By virtue of their Urban Studies Program courses, students should value:

- Diverse perspectives in the analysis and assessment of urban issues and policies
- Thoughtful analysis of the implications of urbanization and urban policy in the context of social justice and sound environmental practices
- Rigorous, scientific research that enlightens the experience of urban populations and contributes to the resolution of the social and environmental problems associated with urbanization
- Community-based participation in the development of programs and policies that contribute to the social, economic, political, and environmental improvement of their communities and cities.

Major Requirements

Lower Division Requirements:
16 semester hours:
- URBN 1000 The Urban World 4 semester hours
- URBN 1010 Urban Analysis 4 semester hours
- SOCL 2000 Qualitative Research Methods 4 semester hours
- SOCL 2100 Quantitative Research Methods 4 semester hours

Note:
A grade of C (2.0) will be required in all lower division major courses.

Upper Division Requirements:
24 semester hours in upper division courses, including:
- URBN 3045 Urban Planning 4 semester hours
- URBN 3046 Sustainable Cities 4 semester hours
- URBN 3047 Community Development 4 semester hours
- URBN 4000 Senior Project 4 semester hours

8 semester hours in one or more of the following areas:

1. Law and Justice:
   - POLS 3230 Courts, Law, and Society 4 semester hours
   - POLS 4210 United States Constitutional Law: Case Method I 4 semester hours
   - POLS 4220 United States Constitutional Law: Case Method II 4 semester hours
   - SOCL 3130 Sociology of Law 4 semester hours
   - SOCL 3200 Deviant Behavior 4 semester hours
   - SOCL 4100 Criminal Justice 4 semester hours
   - SOCL 4101 Criminal Law 4 semester hours
   - SOCL 4202 Crime and Delinquency 4 semester hours

2. Urban Politics, Public Administration, and Policy Analysis:
   - CHST 3320 Racial and Ethnic Politics 4 semester hours
   - CHST 4310 Chicana/o Politics 4 semester hours
   - ECON 3560 Urban Economics 4 semester hours
   - POLS 3340 Urban Politics 4 semester hours
• POLS 4390 Politics of Los Angeles 4 semester hours
• POLS 4250 Public Policy Analysis 4 semester hours
• SOCL 3120 Social Organization 4 semester hours

3. Urban Culture:
• HIST 4410 History of Los Angeles 4 semester hours
• SOCL 3300 Urban Sociology 4 semester hours
• SOCL 3232 Community 4 semester hours
• URBN 3010 Metropolitan Los Angeles 4 semester hours

4. Urban-Ethnic Communities:
• APAM 4327 Asian American Psychology 4 semester hours
• CHST 3308 Contemporary Urban Issues 4 semester hours
• ECON 3740 Economic Development of Minority Communities 4 semester hours
• SOCL 3221 Race and Ethnic Relations 4 semester hours
• SOCL 3222 Sociology of the Black Community 4 semester hours

5. Urban Planning:
• ECON 3300 Econometrics 4 semester hours
• ECON 3340 Forecasting Methods 4 semester hours
• ECON 5320 Advanced Econometrics 4 semester hours
• SOCL 3310 Demography and Population Analysis 4 semester hours
• SOCL 3360 Environment and Society 4 semester hours

Note:
An average grade of C (2.0) must be obtained in the upper division courses included in the major.

Urban Studies Model Four-Year Plan
The normal course load is 16 semester hours (4 classes). By following the model below, a student will complete all lower division core requirements by the end of the sophomore year as well as most major prerequisites. Note that core areas are suggested to provide a distribution of various disciplines every semester. Please be flexible implementing these suggestions, given your own interests and course availability. In four years, this plan meets all common graduation requirements.

Freshman Year
Fall Semester
• URBN 1000 The Urban World 4 semester hours
• FFYS 1000 First Year Seminar 3 OR 4 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours
Total: 13-16 semester hours

Spring Semester
• URBN 1010 Urban Analysis 4 semester hours
• University Core 3-4 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours
Total: 13-16 semester hours

Sophomore Year
Fall Semester
• SOCL 2000 Qualitative Research Methods 4 semester hours
• University Core 3-4 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours
Total: 13-16 semester hours

Spring Semester
• SOCL 2100 Quantitative Research Methods 4 semester hours
• University Core 3-4 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours
Total: 13-16 semester hours

Junior Year
Fall Semester
• URBN 3046 Sustainable Cities 4 semester hours
• URBN 3047 Community Development 4 semester hours
• University Core 3-4 semester hours
• Upper Division Elective 3-4 semester hours
Total: 14-16 semester hours

Spring Semester
• URBN 3045 Urban Planning 4 semester hours
• URBN Upper Division 4 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours
Total: 14-16 semester hours

Senior Year
Fall Semester
• URBN Upper Division 4 semester hours
• University Core 3-4 semester hours
• Upper Division Elective 3-4 semester hours
• Upper Division Elective 3-4 semester hours
Total: 13-16 semester hours

Spring Semester
• URBN 4000 Senior Project 4 semester hours
• Upper Division Elective 3-4 semester hours
Women's and Gender Studies Student Learning

Conceptual tools for social change.

Our mission is to foster a vigorous intellectual environment as we engage students in a critical understanding of the complex ways gender shapes the world around them, particularly in relation to race, sexuality, class, and other social factors. Women's and Gender Studies invites students to participate in a vibrant interdisciplinary program of study that places women at the center of traditional disciplines. It encourages the critical examination of academic fields such as the humanities, social sciences, natural sciences, and the arts, as well as the gendered assumptions that underwrite them. Further, Women's and Gender Studies proposes not only that we ask different questions of academic disciplines from the perspective of women but also that we transform those fields and ways of knowing through the innovative theoretical tools and new methodologies that have been developed by feminist scholars and activists over the past thirty years. As a department committed to transformation through education, the mission of Women's and Gender Studies is to call attention to the androcentric nature of society, propose alternatives and strategies that honor women's human rights, and promote a vision of society where gender hierarchy, as well as other forms of social injustice, are eliminated.

Grounded in feminist pedagogy, Women's and Gender Studies courses provide students with a broad understanding of the asymmetry of gender relations within diverse historical and cultural contexts. Our mission is to foster a vigorous intellectual environment where students can develop their analytical thinking skills and conceptual tools for social change.

Women's and Gender Studies Student Learning Outcomes

- Students will be able to analyze the complex ways gender shapes the world, particularly in relation to race, sexuality, class, and other social factors.
- Students will be able to evaluate how feminist theories and methodologies provide intellectual tools through which we can examine inequalities and argue for change.
- Students will be able to express commitment to gender and social justice through an intersectional framework.
- Students will be able to clearly articulate their ideas orally and in writing.
- Students will gain information literacy skills.

Major Requirements

Lower Division Requirements: 12 semester hours

- WGST 1000 Introduction to Gender Studies 4 semester hours
- WGST 1100 Gender, Race, and Sexuality in Contemporary Society 4 semester hours
- WGST 2000 Women in Global Communities 4 semester hours or
- WGST 2200 Women's Bodies, Health, and Sexuality 4 semester hours

Upper Division Requirements: 24 semester hours

Required Upper Division Courses: 12 semester hours

- WGST 3000 Feminist Theories 4 semester hours
- WGST 3100 Feminist Research Methods 4 semester hours
- WGST 4900 Senior Seminar in Women's and Gender Studies 4 semester hours

Upper Division Options: 12 semester hours

Choose 8 semester hours (2 courses) from one of the following:

- WGST 3200 Women and Environmental Justice 4 semester hours
- WGST 3300 Gender, Race, and the Graphic Novel 4 semester hours
- WGST 3301 Literature by Women of Color 4 semester hours
- WGST 3500 Genders and Sexualities 4 semester hours
- WGST 3600 History of Women in California 4 semester hours
- WGST 4100 Sex, Trade, Trafficking 4 semester hours

In addition, choose 4 semester hours (1 course) from any Women's and Gender Studies upper division course. At times a special studies course may be taken in lieu of one of the upper division electives. Please consult the Department for advice.

Total: 36 semester hours

Women's and Gender Studies majors should have a minimum of a C (2.0) in all Women's and Gender Studies classes.

Please note that cross-listed courses may have departmental prerequisites; consult departments for details.
Women's and Gender Studies Model Four-Year Plan

The normal course load is 16 semester hours (4 classes). By following the model below, a student will complete all lower division core requirements by the end of the sophomore year as well as most major prerequisites. Note that core areas are suggested to provide a distribution of various disciplines every semester. Please be flexible implementing these suggestions, given your own interests and course availability. In four years, this plan meets all common graduation requirements.

Women's and Gender Studies Minor

Minor Requirements
16 semester hours, including WGST 1000 or WGST 1100, WGST 3000, and at least 8 semester hours of WGST upper division courses. A minimum grade of C (2.0) must be earned in the Women's and Gender Studies minor courses. Please note that cross-listed courses may have departmental prerequisites; consult departments for details.

Yoga Studies

Faculty
Chairperson: Christopher Key Chapple
Clinical Professor: Ana Funes Maderey
Adjunct Faculty: Lori Rubenstein Fazzio

Yoga Studies, M.A.
Learning Outcomes of the M.A. Program in Yoga Studies

1. Graduates will be able to use their knowledge of the language, history, and philosophy of the Yoga tradition in their analysis of key Yoga texts.
2. Graduates will be able to apply their knowledge of human physiology, in the western and Asian traditions, in the practices of Yoga.
3. Graduates will be able to use their knowledge of the spiritual and ethical dimensions of Yoga in their analysis of key Yoga texts.
4. Graduates will be able to effectively teach a Yoga class.
5. Graduates will be able to design a program to train teachers of Yoga.
6. Students will demonstrate effective research, evaluation, and writing skills on focused topics in Yoga.

Degree Requirements

Each Fall semester a new class will be welcomed as a cohort. The cohort will continue together as a group for the duration of the program, beginning each Fall, continuing through the Spring, Summer and following Fall, concluding the program at the end of the second Spring semester. The total time to complete the M.A. in Yoga Studies will be 21 months with 36 semester hours, plus pre/co-requisites. Admission to the program is available only for the Fall semester.

To earn the degree, each student must demonstrate successful completion of one of the following LMU Yoga studies Extension Certificates: Yoga Philosophy, Vinyasa Krama Teacher Training, Yoga Therapy Rx, Yoga Ed, Yoga Mindfulness and Social Change, or Yoga and the Healing Sciences OR will be allowed, upon review, to transfer six post-graduate credits from another institution in an area related to Yoga Studies.

Curriculum

Fall, Year 1
- YGST 6015 Foundations of Yoga Studies 3 semester hours
- YGST 6010 Health Science and Yoga 3 semester hours
- Introduction to Sanskrit: This requirement must be completed by enrollment in YGPX 800 Beginning Sanskrit and YGPX 801 Intermediate Sanskrit. These LMU Extension courses provide the student with a foundational understanding of Sanskrit writing and grammar.

Spring, Year 1
- YGST 6020 Yoga Philosophy: Text and Practice 3 semester hours
- YGST 6026 Sanskrit: The Bhagavad Gita 3 semester hours
- YGST 6030 Hatha Yoga Texts 3 semester hours

Summer, Year 1
- YGST 6040 Buddhism and Yoga 3 semester hours
- YGST 6041 Jaina Yoga 3 semester hours

Fall, Year 2
- YGST 6025 Sanskrit: The Yoga Sutra 3 semester hours
- YGST 6050 History of Modern Yoga 3 semester hours
- YGST 6082 Comparative Mysticism 3 semester hours

Spring, Year 2
- YGST 6095 Comprehensive Exam Seminar 3 semester hours
- YGST 6096 Writing and Research Seminar 3 semester hours
College of Business Administration

Administration
Dean: Dennis W. Draper
Associate Deans: Renée Florsheim (Undergraduate) and Bob Pettit (Graduate)
Directors: Yongsun Paik (Center for Asian Business); Lawrence P. Kalbers (Center for Accounting Ethics, Governance, and the Public Interest); David Choi (Fred Keisner Center for Entrepreneurship); Richard Stafford (Executive MBA Program)

Organization
The College is organized into four Departments, each led by a Chairperson.

Department of Accounting
Department of Finance and Computer Information Systems
Department of Management
Department of Marketing and Business Law

The College also operates four Centers, each led by a Director.

Center for Accounting Ethics, Governance, and the Public Interest
Center for Ethics and Business
Center for Ethics and Business (related courses offered through the Departments)
Fred Keisner Center for Entrepreneurship

Graduate Degree Programs
The College offers the Master of Business Administration in different formats. The part-time MBA addresses the educational demands of a person who recognizes the need to continue to build his or her career.

The Executive MBA (EMBA) is for the experienced business leader who aspires to executive-level responsibility.

The College also offers a Master of Science in Accounting.

Baccalaureate Degree Programs
The College offers three Baccalaureate Degrees:
A bachelor of Business Administration (B.B.A.) with majors in Applied Information Management Systems, Entrepreneurship, Finance, Management, and Marketing; a Bachelor of Science (B.S.) with a major in Applied Information Management Systems; and the Bachelor of Science in Accounting (B.S.A.).

Mission of the College of Business Administration
The College of Business Administration, as a community and an integral part of a premier Catholic university in the Jesuit and Marymount traditions, prepares men and women to lead and serve in their organizations and communities with competence, values, ethics, and stewardship. As teacher-scholars, our faculty pursues excellence in the learning process and conducts scholarship that enhances student learning and advances academic and business knowledge. We encourage our students and faculty to balance creativity with knowledgeable inquiry and sound reasoning to develop compelling approaches for advancing the interests of both industry and society, thereby improving the global community.

Core Values of the College of Business Administration
Commitment to Students: We care about our students and are committed to their success. Consistent with the education of the whole person, we view each individual and her/his development as important and worthy of the investment of our time and resources. We are also committed to our alumni as lifetime learners and as lifetime members of the CBA community.

Competence: We seek an uncompromising standard of excellence from our faculty, staff and students. Competence provides the underlying foundations enabling an individual to positively transform organizations and society. Competence includes technical skills, critical thinking, oral and written communications, and interpersonal skills.

Ethics and Stewardship: We dedicate ourselves to developing ethical leaders who visibly demonstrate affirmative values in their personal and professional endeavors. Ethical stewardship encompasses principled behavior and the tenets of corporate social responsibility, including attention to economic, social and environmental performance. We encourage personal and organizational integrity and responsibility, as expressed in concern for both the welfare of all stakeholders and the pursuit of long-term sustainability and economic value.

Community: We strive for an academic community that is diverse, inclusive and collaborative. We are committed to establishing and nurturing robust relationships based on trust, integrity, empathy and respect among members of the LMU community, and with organizations and individuals in local and global communities.

Intellectual Curiosity and Inquiry: We pursue a lifelong commitment to intellectual curiosity and inquiry in our students and faculty. Our faculty effectively demonstrates the value of these pursuits through scholarship that broadens and enriches the educational opportunities for our students, creates knowledge for the academic community, provides solutions for the business community and supports the public interest.

College of Business Administration Undergraduate Curriculum
The courses within the three undergraduate degree programs (Bachelor of Business Administration, Bachelor of Science [AIMS major], and Bachelor of Science in Accounting) are categorized in five groups:

B.B.A. Semester Hours
A. University Core Curriculum 31 (minimum)
B. Pre-Business Requirements 11
C. Business Core 37
D. Major Requirements 15
E. Electives 26 (approximately)

Total: Minimum=120

B.S. (AIMS Major) (see Department)

B.S. in Accounting Semester Hours
A. University Core Curriculum 34 (minimum)
Business Administration at Loyola Marymount University, whether The following policies apply to all work transferred to the College of Business Administration at Loyola Marymount University, whether from a two-year or a four-year school:

- Students must obtain Transfer Course Approval prior to registration at other institutions.
- Students may not enroll in classes, whether in person or online, offered at other institutions while enrolled at LMU.

Current LMU Students Interested in Transferring to the College of Business Administration
A change of major into any of the majors in the College of Business Administration requires an application process and acceptance into the major. Students who are undeclared or who are currently enrolled in another undergraduate major at LMU, but are interested in changing to one of the majors offered by the College of Business Administration are encouraged to apply during their first year at LMU. Students may apply to the College as sophomores, but should realize that this could delay the completion of their degrees beyond the normal four years. Students are asked to demonstrate their interest and aptitude in Business Administration by completing the normal four years. Students are asked to demonstrate their interest and aptitude in Business Administration by completing the following curriculum sections of this Bulletin.

<table>
<thead>
<tr>

<td>Total Program</td>
<td>Minimum=126</td>
</tr>
<tr>
<td>Transfer Credit</td>
<td></td>
</tr>
<tr>
<td>Total Program</td>
<td></td>
</tr>
</tbody>
</table>
| Special Note: The purpose of the above listing is simply to indicate the overall structure of the three programs in business. The order in which the courses must be taken is governed in all cases by the contribution of each course to the overall system. The suggested sequence of courses is shown in the following curriculum sections of this Bulletin. All Business students must earn a grade of C (2.0) or higher in the following courses: ACCT 2110, ACCT 2120; BADM 1010, BADM 1020, BADM 1030, BADM 1040; ECON 1050 (or ECON 1100 and ECON 1200), ECON 2300; and MATH 112 and MATH 120, as these are prerequisites for other required business classes. Failure to earn a C in one of courses will prevent the student from taking those other required courses until the course has been repeated and an acceptable grade earned. If not done immediately, this can delay progression toward graduation. The B.B.A. and B.S. (AIMS major) degree programs require a minimum of 120 semester hours, and the B.S. in Accounting degree program requires a minimum of 126 semester hours for graduation, including the prescribed business administration core courses and those listed above. A minimum of 45 semester hours must be from upper division course offerings. Please note that completion of a program may require more than 120 (or 126) semester hours, depending upon the specific curriculum followed by the individual student. A student who has completed 120 (or 126) semester hours, but who has not met all of the specific requirements of the program(s) in which s/he is enrolled, is not eligible for graduation. The College can accept only those business and pre-business courses which are reasonably equivalent and at the same level of instruction as courses offered by Loyola Marymount University. Lower division courses in business and economics that may be accepted in transfer include the equivalents of the following Loyola Marymount University courses:

- ACCT 2110 Financial Accounting
- ACCT 2120 Accounting Information for Decision Making
- BLAW 2210 Legal and Regulatory Environment
- ECON 1050 Introductory Economics
- ECON 2300 Introductory Statistics

The following policies apply to all work transferred to the College of Business Administration at Loyola Marymount University, whether from a two-year or a four-year school:

- A course that Loyola Marymount University offers at the junior or senior level (courses numbered 3000 or above), but was taken by a transfer student at the sophomore level at another school, cannot be accepted for credit. Such courses can be recognized only if a challenge exam is available and the student takes such an exam after admission to the College.
- All transfer courses must be taken for a letter grade, and the student must receive a grade of C (2.0) or higher.
- Upper division business courses may only be transferred from a four-year, AACSB-accredited institution.
- Upper division Accounting classes may not be transferred to LMU.

External Transfer Student Policy
Students interested in transferring to the LMU College of Business Administration from another college or university must complete a course in calculus with a minimum grade of B (3.0) and have a cumulative GPA of B (3.0). Majors within the College of Business Administration
The College offers six majors at the Undergraduate level. It should be noted that due to substantial commonalities in the form of an identical Business Core required of each of the BBA majors, the College does not offer any double majors. For example, a student may not double major in Entrepreneurship and Finance. It is, however, possible to do a dual degree with one of the business majors and a major in another College (Management and Chicana/o Studies, for example). And, of particular interest to those Accounting students attempting to complete the 150 hours of coursework...
required for the CPA, it is also possible to earn a B.S. in Accounting in conjunction with a BBA in one of the other business majors (Accounting and Finance is probably the most popular of these) by completing an additional 30 credits beyond those required by the first degree. Again, this is considered a dual degree, not a double major.

Minors within the College of Business Administration

Business Administration Minor

Objectives: The Business Administration Minor is designed for and offered to students with non-business majors only. Course content will provide adequate coverage and include the necessary breadth to provide a general understanding of the business discipline. The program has no prerequisites but assumes the students have a sufficient understanding of economics and basic mathematics skills in order to understand fundamental analytical business concepts. Admission to the minor is competitive, based upon grades, demonstrated ability to handle quantitative coursework, and difficulty of program in the major.

Structure: The Business Administration Minor is designed as a cohort structure, where students take four required foundational courses, two during the Fall semester and two during the Spring semester of their sophomore or junior year. Two additional business electives will be taken during the following semesters and chosen in consultation with the minor advisor. All courses must be taken in residence at LMU to ensure coherence and completeness of the cohort learning experience. An assessment test will be given after all four foundational courses have been completed, to ensure students have mastered the information covered in these courses. A minimum cumulative GPA of 2.5 is required in the minor.

Students may apply for the minor during the Fall of their junior year at the very latest, due to the cohort approach of the program, which requires a minimum of 3 semesters to complete. For students pursuing certain majors, in which course times in the major may conflict with those in the minor, an earlier application may be necessary in order to avoid such conflicts. Students planning to study abroad may be deferred for a semester, but will need to plan accordingly.

Minor Requirements: All business minor students are required to complete four sequential foundational courses (12 semester hours) and two (6 semester hours) upper division business elective classes, all with a grade of C (2.0) or higher.

- BADM 3010 Analytical Concepts and Methods for Business
- BADM 3020 Economic Environment, Marketing, and Business Law Concepts
- BADM 3030 Key Concepts of Accounting and Finance
- BADM 3040 Management and Society: Issues in Strategic and Ethical Management

Students will also complete two upper division business classes (6 semester hours) based upon their understanding of foundational courses as well as personal interest and career plan. Upper division and elective courses appropriate for those in the business minor program will be designated by the faculty of each CBA department and in consultation with a business faculty advisor. All minor required courses must be completed in residence.

Accounting Minor

ACCT 2110, ACCT 2120, and at least three of the following courses: ACCT 3110, ACCT 3120, ACCT 3130, and ACCT 4120. All upper division Accounting courses must be taken in residence at LMU. A minimum cumulative GPA of 2.5 must be earned in the Minor area. The Accounting minor is open to Business Administration majors ONLY.

Business Law Concentration

To earn a Concentration in Business Law, students are required to complete nine semester hours of advanced Business Law courses. Business Law courses taken as part of, or required by, the major or another program in which the student is registered may not be used to fulfill this requirement as well.

International Business Concentration

To earn a Concentration in International Business, students are required to complete three advanced International Business electives (9 semester hours). International Business courses taken as part of, or required by, the major or another program in which the student is registered may not be used to fulfill this requirement as well.

The courses generally required for the International Business Concentration are:
INBA 4830 International Management
INBA 4880 International Finance
INBA 4898 International Marketing or MRKT 4597 Marketing Strategy in the Global Environment

If one or more of the above required courses has been taken as a part of the student's major or has not been offered or available recently, the following courses may be substituted to fulfill the requirements of the concentration:
INBA 4840 International Entrepreneurship
INBA 4850 International Business Law
INBA 4870 Multinationals and the Third World
INBA 4872 Managing a Global Workforce

To the degree that it is possible, it is strongly recommended that a student must, during his or her LMU program, have participated in an LMU-sponsored or LMU-approved Study Abroad program.

It is further recommended, although not a requirement of the Concentration, that the student take sufficient coursework in a second language to gain proficiency.

Beta Gamma Sigma Honor Society

Beta Gamma Sigma is the honor society for students enrolled in business and management programs accredited by AACSB International - the Association to Advance Collegiate Schools of Business. Election to lifetime membership in Beta Gamma Sigma is the highest honor a business student can achieve. Juniors and seniors in the top 10% and MBA students in the top 20% of their class may be invited to membership. Beta Gamma Sigma membership provides recognition for a lifetime. With alumni chapters in major metropolitan areas across the United States, the BGS Career Central job board and the BetaLink online membership community, those recognized for their academic achievements at Loyola Marymount University can continue an active relationship with Beta Gamma Sigma long after graduation. This lifelong commitment to its members' academic and professional success is defined in the Society's mission: to encourage and honor academic achievement in the study of business and personal and professional excellence in the practice of business.

Business Administration Minor

Objectives
The Business Administration Minor is designed for and offered to non-business students only. Course content will provide adequate coverage and include the necessary breadth to provide a general understanding of the business discipline. The program has no prerequisites but assumes the students have a sufficient understanding of economics and basic mathematics skills in order to understand fundamental analytical business concepts.

Structure
The Business Administration Minor is designed as a cohort structure, where students take four required foundational courses, two during the Fall semester and two during the Spring semester of their sophomore or junior year. Two additional business electives will be taken during the following semesters and chosen in consultation with the minor advisor. All courses must be taken in residence to ensure coherence and completeness of the cohort learning experience. An assessment test will be given after all four foundational courses have been completed, to ensure students have mastered the information covered in these courses. A minimum cumulative GPA of 2.5 is required in the minor.

Students are asked to apply for the minor during the Spring semester of their freshman or sophomore year and will be notified of the decision in time for Fall semester registration. Enrollment in the foundational courses will begin during the Fall semester of the sophomore/junior year. In some exceptional cases, the Associate Dean may allow students to apply during the Spring semester of their freshman year and enroll in courses the Fall semester of their sophomore year.

Minor Requirements
All business minor students are required to complete four foundational courses (12 semester hours) and two (6 semester hours) upper division business elective classes, all with a grade of C (2.0) or higher.

- BADM 3010 Analytical Concepts and Methods for Business 3 semester hours
- BADM 3020 Economic Environment, Marketing, and Business Law Concepts 3 semester hours
- BADM 3030 Key Concepts of Accounting and Finance 3 semester hours
- BADM 3040 Management and Society: Issues in Strategic and Ethical Management 3 semester hours

Note:
Students will also complete two upper division business classes (6 semester hours) based upon their understanding of foundational courses as well as personal interest and career plan. Upper division and elective courses appropriate for those in the business minor program will be designated by the faculty of each CBA department and in consultation with a business faculty advisor. All minor required courses must be completed in residence.

Assistant Professors: Timothy Haight, Rosemary Kim, Zining Li,
James Plečnik, Meghna Singhvi, Shan Wang, Terry Wang
Clinical Associate Professor: Nancy Coster

Clinical Assistant Professor: Scott Delanty

Accounting, B.S.A.

Objectives
The Bachelor of Science in Accounting degree program is designed to prepare ethical leaders for the accounting profession. The accounting curriculum will prepare students for a career in public, corporate, and governmental accounting. Students will learn the basic definitions, concepts, and techniques of accounting, as well as the role accounting plays in society. At least 80 percent of our graduates will be able to start graduate studies or careers in accounting at entry-level professional positions.

Goal
Students are expected to be able to describe, apply, and evaluate accounting concepts and standards at a professional level.

Learning Outcomes
- Students will be able to prepare and analyze financial statements
- Students will be able to identify relevant authoritative guidance to apply appropriate professional judgments
- Students will be able to integrate financial accounting reporting with managerial accounting methods to produce data for use in real-world business decisions
- Students will be able to explain, apply, and evaluate relevant topics related to federal income tax
- Students will be able to explain and apply an ethical conceptual framework to address real-world ethical problems.

Major Requirements

Lower Division Requirements:
- ACCT 2110 Financial Accounting 3 semester hours
- ACCT 2120 Accounting Information for Decision Making 3 semester hours
- BADM 1010 Business Perspectives--Business Institutions 1 semester hour
- BADM 1020 Business Perspectives--Introduction to Ethical Decision Models 1 semester hour
- BADM 1030 Business Perspectives--Information Technology in Organizations 1 semester hour
- BADM 1040 Business Perspectives--Globalization 1 semester hour
- BLAW 2210 Legal and Regulatory Environment 3 semester hours
- ECON 1050 Introductory Economics 4 semester hours or
- ECON 1100 Introductory Microeconomics 4 semester hours and
- ECON 1200 Introductory Macroeconomics 4 semester hours
- ECON 2300 Introductory Statistics 4 semester hours
- MATH 112 Mathematical Analysis for Business II 3 semester hours
Accounting Model Four-Year Plan

The following curriculum represents the order or sequence in which it is expected that students will take the various courses required for the B.S.A. degree. All 3000- and 4000-level accounting courses must be taken in residence at Loyola Marymount University.

Freshman Year

Fall Semester
- BADM 1010 Business Perspectives--Business Institutions 1 semester hour
- ECON 1050 Introductory Economics 4 semester hours
- MATH 120 Precalculus Mathematics 3 semester hours (if necessary)
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- University Core 3-4 semester hours

Total: 14-16 semester hours

Spring Semester
- BADM 1020 Business Perspectives--Introduction to Ethical Decision Models 1 semester hour
- MATH 112 Mathematical Analysis for Business II 3 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 13-16 semester hours

Sophomore Year

Fall Semester
- ACCT 2110 Financial Accounting 3 semester hours
- ACCT 2120 Accounting Information for Decision Making 3 semester hours
- ACCT 3110 Intermediate Accounting I 4 semester hours
- ACCT 3120 Intermediate Accounting II 4 semester hours
- ACCT 3130 Cost Management 4 semester hours
- ACCT 3140 Accounting Information Systems 4 semester hours
- ACCT 4110 Advanced Accounting 4 semester hours
- ACCT 4120 Income Tax Accounting 4 semester hours
- ACCT 4150 Accounting Ethics, Professionalism, and the Public Interest 4 semester hours
- ACCT 4160 Auditing 4 semester hours
- AIMS 3770 Production Operations Analysis 3 semester hours
- BADM 4970 Strategic Management 3 semester hours
- FNCE 3210 Business Law Applications and Cases 3 semester hours
- MRKT 3510 Principles of Marketing 3 semester hours

Total: 16 semester hours

Spring Semester
- BADM 1040 Business Perspectives
- ECON 2300 Introductory Statistics 3 semester hours
- BLAW 2210 Legal and Regulatory Environment 3 semester hours
- MGMT 3610 Managing People and Organizations 3 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 16 semester hours

Junior Year

Fall Semester
- ACCT 2120 Accounting Information for Decision Making 3 semester hours
- ACCT 3110 Intermediate Accounting I 4 semester hours
- ACCT 3120 Intermediate Accounting II 4 semester hours
- ACCT 3130 Cost Management 4 semester hours
- ACCT 3140 Accounting Information Systems 4 semester hours
- ACCT 4110 Advanced Accounting 4 semester hours
- ACCT 4120 Income Tax Accounting 4 semester hours
- ACCT 4150 Accounting Ethics, Professionalism, and the Public Interest 4 semester hours
- ACCT 4160 Auditing 4 semester hours
- ACCT 4198 Special Studies 1 TO 3 semester hours
- ACCT 4199 Independent Studies 1 TO 3 semester hours

Total: 14-15 semester hours

Spring Semester
- ACCT 2120 Accounting Information for Decision Making 3 semester hours
- BADM 1030 Business Perspectives--Information Technology in Organizations 1 semester hour
- BLAW 2210 Legal and Regulatory Environment 3 semester hours
- ECON 2300 Introductory Statistics 4 semester hours
- University Core 3-4 semester hours

Total: 13-16 semester hours

Note:

For purposes of meeting the requirements for the B.S.A. degree and determination of academic probation, an overall cumulative grade point average of at least a C (2.0) must be obtained in the following required Accounting major courses: ACCT 3110, ACCT 3120, ACCT 3130, ACCT 3140, ACCT 4110, ACCT 4120, ACCT 4150, and ACCT 4160.
Fall Semester
- ACCT 3110 Intermediate Accounting I 4 semester hours
- ACCT 3140 Accounting Information Systems 4 semester hours
- FNCE 3410 Fundamentals of Finance 3 semester hours
- MGMT 3610 Managing People and Organizations 3 semester hours
- MRKT 3510 Principles of Marketing 3 semester hours

Total: 17 semester hours

Spring Semester
- ACCT 3120 Intermediate Accounting II 4 semester hours
- ACCT 3130 Cost Management 4 semester hours
- AIMS 3770 Production Operations Analysis 3 semester hours
- INBA 3810 International Business 3 semester hours
- University Core 3-4 semester hours

Total: 17-18 semester hours

Senior Year

Fall Semester
- ACCT 4150 Accounting Ethics, Professionalism, and the Public Interest 4 semester hours
- ACCT 4110 Advanced Accounting 4 semester hours
- ACCT 4160 Auditing 4 semester hours
- University Core 3-4 semester hours

Total: 15-16 semester hours

Spring Semester
- ACCT 4120 Income Tax Accounting 4 semester hours
- BADM 4970 Strategic Management 3 semester hours
- BLAW 3210 Business Law Applications and Cases 3 semester hours
- Elective 2 semester hours

Total: 12 semester hours

Academic Plan
Effective January 1, 2014, accounting students in the state of California are required to have 150 credit hours for CPA licensure. The California Board of Accountancy currently allows candidates to sit for the CPA exam upon completion of their undergraduate degree; however, candidates will need an additional 30 credit hours of accounting courses to be eligible for CPA licensure. (LMU’s B.S. in Accounting degree requires 126 credit hours.) Accounting majors are encouraged, but not required, to include 150 semester hours of study in their academic planning process. The 150 semester hours of study is now required to practice public accounting in most states. Their plan might include undertaking minors and/or an additional major/degree or pursuing Master of Science in Accounting at LMU or other graduate acceptable graduate programs. Students are encouraged to discuss with Accounting Department Chair and/or their academic advisor various possible tracks to earn the 150 semester hours.

Accounting, M.S.A.

Objectives
The overall objective of the Master of Science in Accounting (MSA) is to provide an opportunity for students with an undergraduate degree in accounting, or its equivalent, to complete their accounting education in a high quality program that will enhance their future professional growth opportunities. The program will equip students with the necessary advanced knowledge and skills to be productive and ethical accounting professionals and leaders. The Master of Science in Accounting is a 30-semester-hour program that is designed for:
- Students who are enrolled in, or have completed, an undergraduate degree in accounting and wish to enter a Master's program that will comply with the 150-hour California requirement for CPA licensure
- Students who have not completed an undergraduate degree in accounting but have met the prerequisites for accounting and business courses.

The purpose of the MSA program is to prepare graduates for accounting and managerial positions in public accounting, private industry, management consulting, and government and not-for-profit organizations.

Learning Outcomes
Specific learning objectives include:
- Develop the skills necessary for critical thinking, professional research and continuous learning
- Develop a global perspective of business and accounting practices
- Provide a framework for developing leadership and team-building skills
- Provide a framework for recognizing the importance of social responsibility and making ethical business decisions
- Develop effective communication skills and strong interpersonal skills.

Major Requirements
The MSA program requires a minimum of 30 semester hours. The program may be completed on a full-time or part-time basis. The full-time program typically begins in the Fall semester and is completed at the end of the following Spring semester (9 months). Completing the program in 9 months requires a minimum of 15 semester hours in the Fall and Spring semesters. Part-time students must complete the MSA program within five years of their first registration date. All academic requirements must be completed in residence. Baccalaureate degree holders with insufficient accounting coursework must complete prerequisite courses before entering the program (which may be completed at LMU). Admission into the MSA program is conditional upon successful completion of prerequisite core accounting coursework. This coursework may be completed at any regionally accredited college or university or may be completed in residence at LMU. The basic core of accounting coursework includes:
- A minimum of 24 semester hours of accounting subjects, including intermediate accounting, advanced accounting, auditing, accounting information systems, cost accounting, and taxation
- A minimum of 24 semester hours in business-related subjects, including 6 semester hours of business law
The specific degree requirements for the MSA program include:

1. A minimum of 30 semester hours of graduate coursework approved by the MSA director. This includes 15 semester hours of core MSA graduate accounting courses.
2. Students must have either completed a course in accounting ethics or take as an elective course Accounting Ethics, Professionalism and the Public Interest (ACCT 6150).
3. Each student must complete 9 semester hours of graduate coursework in a specialization of either Tax or Financial Reporting/Audit approved by the MSA director.
4. Up to 6 semester hours of graduate study may be elected from graduate-level College of Business Administration courses beyond core classes.

All MSA students are required to complete the following core courses and select a concentration path in Tax or Financial Reporting/Audit.

Required Core Classes (15 Semester Hours)

- ACCT 6120 Taxes and Business Strategy 3 semester hours
- ACCT 6130 Accounting Information, Analysis, and Evaluation 3 semester hours
- ACCT 6160 Advanced Auditing 3 semester hours
- ACCT 6170 Professional Accounting Research 3 semester hours

Note
All MSA students who have not completed a 3-semester-hour course in accounting ethics or professional responsibilities must complete ACCT 6150 Accounting Ethics, Professionalism, and the Public Interest as an elective class. All students who have not completed a 3-semester-hour course in advanced accounting must complete ACCT 5110 Advanced Accounting Topics as an elective course.

Elective Courses

Accounting and Taxation Electives (9-15 semester hours)

Business Electives (0-6 semester hours)
Students may select any College of Business Administration graduate-level courses beyond the MBA core. Courses must be approved by the MSA director. Students may register for a maximum of 3 semester hours of internship experience (ACCT 6197) and a maximum of 3 semester hours of Directed Studies with the consent of the faculty as approved by the MSA director.

Accounting Minor

Accounting Minor Requirements

- ACCT 2110 Financial Accounting 3 semester hours
- ACCT 2120 Accounting Information for Decision Making 3 semester hours

At least three of the following courses:

- ACCT 3110 Intermediate Accounting I 4 semester hours
- ACCT 3120 Intermediate Accounting II 4 semester hours
- ACCT 3130 Cost Management 4 semester hours
- ACCT 4120 Income Tax Accounting 4 semester hours

Note:
All upper division Accounting courses must be taken in residence. A minimum cumulative GPA of 2.5 must be earned in the minor area. All minor required courses must be completed in residence. Open to Business Administration majors only.

Finance, Computer Information Systems and Operations Management

Faculty
Chairperson: Richard J. Perle
Professors: Benjamin Bobo, Dennis T. Draper, Kweku Ewusi-Mensah, Chun I. Lee, Christopher A. Manning, Micah Officer, Richard J. Perle, Zbigniew H. Przasnyski, Kala Chand Seal
Associate Professors: Susan Elkinawy, Allen Gray, Charles J. Higgins, Linda A. Leon, Robbie Nakatsu, David Offenberg
Assistant Professors: Ying Sai, Joshua D. Spizman, Hai Tran

Applied Information Management Systems (AIMS), B.B.A.

Objectives
The Bachelor of Business Administration (B.B.A.) degree in Applied Information Management Systems (AIMS) is designed to 1) prepare students for careers in the IT (information technology) field; 2) provide analytical and quantitative skills for careers in such areas as business analytics and consulting; 3) provide hands-on experience with cutting edge information technologies; and 4) teach critical skills to help students continuously adapt to the ever-changing field of information technology and their applications in business. Beginning in Fall 2013, students may also elect a Bachelor of Science (B.S) degree in AIMS, which will require four courses in the Department of Computer Science, in addition to satisfying all the requirements of the Bachelor of Business Administration in AIMS.

Learning Outcomes
The Applied Information Management Systems major involves the application of computers to meet the information needs of organizations. It prepares students to use modern information technology to solve business problems at the operational, technical, and strategic levels. Learning outcomes for AIMS majors are as follows:

- Utilize competencies gained from hands-on experience in core information technologies including:
  - programming languages
  - database management systems
  - spreadsheets and other software used to analyze data
  - web development techniques and technologies
  - networking and telecommunications
- Apply critical thinking and problem-solving skills when analyzing business problems
• Identify problems, structure problems, propose an IT solution, and solve the problem
• Have the knowledge to plan, manage, develop, and implement information systems in business and organizational settings
• Learn how to effectively work in teams
• Effectively communicate complex technological concepts including
  ○ oral communications
  ○ written communications

Major Requirements

Lower Division Requirements:

• ACCT 2110 Financial Accounting 3 semester hours
• ACCT 2120 Accounting Information for Decision Making 3 semester hours
• AIMS 2710 Management Information Systems 3 semester hours
• BADM 1010 Business Perspectives--Business Institutions 1 semester hour
• BADM 1020 Business Perspectives--Introduction to Ethical Decision Models 1 semester hour
• BADM 1030 Business Perspectives--Information Technology in Organizations 1 semester hour
• BADM 1040 Business Perspectives--Globalization 1 semester hour
• BLAW 2210 Legal and Regulatory Environment 3 semester hours
• ECON 1050 Introductory Economics 4 semester hours or ECON 1100 Introductory Microeconomics 4 semester hours and
• ECON 1200 Introductory Macroeconomics 4 semester hours
• ECON 2300 Introductory Statistics 4 semester hours
• MATH 112 Mathematical Analysis for Business II 3 semester hours

Upper Division Requirements:

• AIMS 3770 Production Operations Analysis 3 semester hours
• BADM 4950 Business and Social Responsibility in the Global Economy 3 semester hours
• BADM 4970 Strategic Management 3 semester hours
• FNCE 3410 Fundamentals of Finance 3 semester hours
• INBA 3810 International Business 3 semester hours
• MGMT 3610 Managing People and Organizations 3 semester hours
• MRKT 3510 Principles of Marketing 3 semester hours

Note:
A cumulative GPA of at least a C (2.0) must be obtained in all courses required in the major.

Core, Major, and Elective Applied Information Management Systems Courses:

• AIMS 2710 Management Information Systems 3 semester hours
• AIMS 3710 Database Management Systems 3 semester hours
• AIMS 3720 Systems Analysis and Design 3 semester hours
• AIMS 3770 Production Operations Analysis 3 semester hours
• AIMS 3797 Internship 1 semester hour
• AIMS 4720 Object-Oriented Programming 3 semester hours
• AIMS 4730 Business Data Communications 3 semester hours
• AIMS 4740 Financial Modeling for Decision Support 3 semester hours
• AIMS 4750 Web-based Development 3 semester hours
• AIMS 4760 Analytics and Business Intelligence 3 semester hours
• AIMS 4770 Information Technology Security 3 semester hours
• AIMS 4797 Capstone Project 3 semester hours
• AIMS 4798 Special Studies 1 TO 3 semester hours
• AIMS 4799 Independent Studies 1 TO 3 semester hours

Bachelor Business Administration (BBA) in Applied Information Management Systems

All majors in AIMS must complete AIMS 2710 and BADM 1030 before they can start taking the upper division courses.

The B.B.A. in AIMS is intended to provide students with broad technological and business knowledge so that they are equipped to tackle a wide array of problems across many different kinds of jobs and organizational settings. Students with a B.B.A. in AIMS are required to complete five courses in the AIMS area including three required classes: AIMS 3710 Database Management Systems, AIMS 3730 Programming for Business Applications, and AIMS 4797 Capstone Project.

Two additional electives are to be chosen from the following:

• AIMS 3720 Systems Analysis and Design 3 semester hours
• AIMS 4720 Object-Oriented Programming 3 semester hours
• AIMS 4740 Financial Modeling for Decision Support 3 semester hours
• AIMS 4750 Web-based Development 3 semester hours
• AIMS 4730 Business Data Communications 3 semester hours
• AIMS 4760 Analytics and Business Intelligence 3 semester hours
• AIMS 4770 Information Technology Security 3 semester hours

Note:
Students may take CMSI 185 Computer Programming in the Frank R. Seaver College of Science and Engineering in lieu of AIMS 3730 Programming for Business Applications. However, students who choose to take CMSI 185 to satisfy the programming requirement must take three AIMS electives rather than two. At the same time, CMSI 185 will fulfill the University Science and Technology core curriculum requirement for the AIMS major.

Model 4-Year Plan—Bachelor of Business Administration—Applied Information Management Systems Major Curriculum

The following curriculum represents the order or sequence in which it is expected that students will take the various courses required for the B.B.A. (Applied Information Management Systems major) degree.

Freshman Year

Fall Semester
- BADM 1010 Business Perspectives—Business Institutions 1 semester hour
- ECON 1050 Introductory Economics 4 semester hours
- MATH 120 Precalculus Mathematics 3 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- University Core 3-4 semester hours

Spring Semester
- BADM 1020 Business Perspectives—Introduction to Ethical Decision Models 1 semester hour
- MATH 112 Mathematical Analysis for Business II 3 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Sophomore Year

Fall Semester
- ACCT 2110 Financial Accounting 3 semester hours
- BADM 1030 Business Perspectives—Information Technology in Organizations 1 semester hour
- BLAW 2210 Legal and Regulatory Environment 3 semester hours
- ECON 2300 Introductory Statistics 4 semester hours
- PSYC 1000 General Psychology 4 semester hours
- University Core 3-4 semester hours

Spring Semester
- ACCT 2120 Accounting Information for Decision Making 3 semester hours
- AIMS 2710 Management Information Systems 3 semester hours
- BADM 1040 Business Perspectives—Globalization 1 semester hour
- University Core 3-4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Junior Year

Fall Semester
- AIMS 3710 Database Management Systems 3 semester hours
- AIMS 3730 Programming for Business Applications 3 semester hours
- INBA 3810 International Business 3 semester hours
- MRKT 3510 Principles of Marketing 3 semester hours
- University Core 3-4 semester hours

Spring Semester
- AIMS 3770 Production Operations Analysis 3 semester hours
- AIMS 37XX or 47XX Elective 3 semester hours
- FNCE 3410 Fundamentals of Finance 3 semester hours
- MGMT 3610 Managing People and Organizations 3 semester hours
- University Core 3-4 semester hours

Senior Year

Fall Semester
- AIMS 47XX Elective Programming Requirement 3 semester hours
- BADM 4950 Business and Social Responsibility in the Global Economy 3 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours
- Elective 2 semester hours

Spring Semester
- AIMS 4797 Capstone Project 3 semester hours
- BADM 4970 Strategic Management 3 semester hours
- Elective 3-4 semester hours
- Elective 3-4 semester hours

Applied Information Management Systems (AIMS), B.S.

Objectives

The Bachelor of Business Administration (B.B.A.) degree in Applied Information Management Systems (AIMS) is designed to 1) prepare students for careers in the IT (information technology) field; 2) provide analytical and quantitative skills for careers in such areas as business analytics and consulting; 3) provide hands-on experience with cutting edge information technologies; and 4) teach critical skills to help students continuously adapt to the ever-changing field of information technology and their applications in business. Beginning in Fall 2013, students may also elect a Bachelor of Science (B.S.) degree in AIMS, which will require four courses in the Department of Computer Science, in addition to satisfying all the requirements of the Bachelor of Business Administration in AIMS.

Learning Outcomes

The Applied Information Management Systems major involves the application of computers to meet the information needs of organizations. It prepares students to use modern information technology to solve business problems at the operational, technical,
and strategic levels. Learning outcomes for AIMS majors are as follows:

- Utilize competencies gained from hands-on experience in core information technologies including:
  - programming languages
  - database management systems
  - spreadsheets and other software used to analyze data
  - web development techniques and technologies
  - networking and telecommunications
- Apply critical thinking and problem-solving skills when analyzing business problems
- Identify problems, structure problems, propose an IT solution, and solve the problem
- Have the knowledge to plan, manage, develop, and implement information systems in business and organizational settings
- Learn how to effectively work in teams
- Effectively communicate complex technological concepts including
  - oral communications
  - written communications

Major Requirements

Lower Division Requirements:
- ACCT 2110 Financial Accounting 3 semester hours
- ACCT 2120 Accounting Information for Decision Making 3 semester hours
- AIMS 2710 Management Information Systems 3 semester hours
- BADM 1010 Business Perspectives--Business Institutions 1 semester hour
- BADM 1020 Business Perspectives--Introduction to Ethical Decision Models 1 semester hour
- BADM 1030 Business Perspectives--Information Technology in Organizations 1 semester hour
- BADM 1040 Business Perspectives--Globalization 1 semester hour
- BLAW 2210 Legal and Regulatory Environment 3 semester hours
- ECON 1100 Introductory Microeconomics 4 semester hours and
- ECON 1200 Introductory Macroeconomics 4 semester hours
- ECON 2300 Introductory Statistics 4 semester hours
- MATH 112 Mathematical Analysis for Business II 3 semester hours

Upper Division Requirements:
- AIMS 3770 Production Operations Analysis 3 semester hours
- BADM 4950 Business and Social Responsibility in the Global Economy 3 semester hours
- BADM 4970 Strategic Management 3 semester hours
- FNCE 3410 Fundamentals of Finance 3 semester hours

Bachelor of Science (B.S.) in Applied Information Management Systems

Students electing the B.S. in AIMS degree must complete all the requirements of the Applied Information Management Systems (AIMS), B.B.A. degree. In addition, the B.S. in AIMS adds four Computer Science courses (12 semester hours), including CMSI 185 Computer Programming. CMSI 186 Programming Lab is also highly recommended, but not required.

A side-by-side comparison of the two degrees, B.B.A. vs. B.S., shows that students can complete the B.S. by taking 120 semester hours, the same as the B.B.A. degree. This is because CMSI 185 satisfies the Science and Technology requirement of the undergraduate core curriculum; in addition, students can use their free electives to satisfy the other three CMSI electives. For more information about the CMSI courses, please consult the Bulletin for course offerings in the Department of Computer Science.

**Notes:**

1. B.S. majors take three fewer University Core semester hours because the Science and Technology requirement is fulfilled by CMSI 185 Computer Programming. B.B.A. majors also have the option to take CMSI 185 to fill the Science and Technology core requirement.

2. B.S. majors must take 12 semester hours in the Department of Computer Science, College of Science and Engineering, including a programming language course.

3. The B.S. degree requires 120 semester hours so that a B.S. student does not need to take any more courses than a regular B.B.A. student.

**Finance, B.B.A.**

**Objectives**

The Bachelor of Business Administration degree—Finance (FNCE) major is to provide students with 1) the necessary skills to perform rigorous financial analysis 2) an adequate understanding of financial markets, institutions, and current issues, in order to 3) contribute more to organizations in their chosen specialty within finance upon graduation from LMU. Students will develop analytical skills in the application of theory and tools essential to financial planning, investments, financial markets, institutions, and corporate planning while acquiring the vocabulary and critical financial perspectives needed to enhance their careers and personal financial goals.

**Learning Outcomes**

Learning outcomes for Finance majors are as follows:

Students will be able to understand:

- How to assess a firm’s financial performance
- How to value a stream of cash flows
- The relationship between risk and return and the benefits of diversification
- How to make sound investment decisions
- The determinants and importance of a firm’s capital structure
- How financial managers deal with international risks
- Important considerations in working capital management.

**Major Requirements**

**Upper Division Requirements:**

- AIMS 3770 Production Operations Analysis 3 semester hours
- BADM 4950 Business and Social Responsibility in the Global Economy 3 semester hours
- BADM 4970 Strategic Management 3 semester hours
- FNCE 3410 Fundamentals of Finance 3 semester hours
- INBA 3810 International Business 3 semester hours
- MGMT 3610 Managing People and Organizations 3 semester hours
- MRKT 3510 Principles of Marketing 3 semester hours

**Note:**

A cumulative GPA of C (2.0) must be achieved in the major requirements (all business, economics, and math courses).

For purposes of meeting the requirements for the B.B.A., Finance major, degree and determination of academic probation, an overall cumulative grade point average of at least a C (2.0) must be obtained in FNCE 3410 and the Finance major courses.

**Core, Major, and Elective Finance Courses:**

- FNCE 3410 Fundamentals of Finance 3 semester hours
- FNCE 3420 Investments 3 semester hours
- FNCE 3430 Financial Policy 3 semester hours
- FNCE 3440 Mergers and Acquisitions 3 semester hours
- FNCE 3497 Internship 1 semester hour
- FNCE 4410 Entrepreneurial Finance 3 semester hours
- FNCE 4420 Real Estate Finance, Investment, and Entrepreneurship 3 semester hours
- FNCE 4430 Capital Markets 3 semester hours
- FNCE 4440 Financial Modeling for Decision Support 3 semester hours
• FNCE 4470 Multinationals and the Third World 3 semester hours
• FNCE 4480 International Finance 3 semester hours
• FNCE 4491 Student Investment Fund: Security Analysis 3 semester hours
• FNCE 4492 Student Investment Fund: Portfolio Management 3 semester hours
• FNCE 4493 Student Investment Fund: Investment Research Lab 3 semester hours
• FNCE 4498 Special Studies 1 TO 3 semester hours
• FNCE 4499 Independent Studies 1 TO 3 semester hours

Note
The Finance major is designed to prepare students for careers in the private and public sectors. Students develop skills in the application of concepts and techniques essential to financial planning and control, investments, and corporate planning.

Students with a major in Finance are required to complete five courses in the finance area including three required classes, Investments (FNCE 3420), Financial Policy (FNCE 3430), and Multinationals and the Third World (FNCE 4470) or International Finance (FNCE 4480). Two additional courses are to be chosen from the following classes:

- Multinationals and the Third World (FNCE 4470) or International Finance (FNCE 4480)
- Mergers and Acquisitions (FNCE 3440)
- Entrepreneurial Finance (FNCE 4410)
- Real Estate Finance, Investment, and Entrepreneurship (FNCE 4420)
- Capital Markets (FNCE 4430)
- Special Studies (FNCE 4498)

Student Investment Fund (SIF):
Students enrolled in the SIF are permitted to take FNCE 4491 and FNCE 4492 (required for the SIF specialty) in lieu of FNCE 3420 and FNCE 3430. SIF students may take FNCE 3430 in addition to the courses listed below as one of their two remaining electives in fulfillment of the major requirements.

Model 4-Year Plan—Bachelor of Business Administration—Finance Major Curriculum
The following curriculum represents the order or sequence in which it is expected that students will take the various courses required for the B.B.A. (Finance major) degree.

Freshman Year

Fall Semester
- BADM 1010 Business Perspectives--Business Institutions 1 semester hour
- ECON 1050 Introductory Economics 4 semester hours
- MATH 120 Precalculus Mathematics 3 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- University Core 3-4 semester hours

Total: 17-19 semester hours

Spring Semester
- BADM 1020 Business Perspectives--Introduction to Ethical Decision Models 1 semester hour
- MATH 112 Mathematical Analysis for Business II 3 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 Semester Hours

Total: 13-16 semester hours

Sophomore Year

Fall Semester
- ACCT 2110 Financial Accounting 3 semester hours
- BADM 1030 Business Perspectives--Information Technology in Organizations 1 semester hour
- BLAW 2210 Legal and Regulatory Environment 3 semester hours
- ECON 2300 Introductory Statistics 4 semester hours
- PSYC 1000 General Psychology 4 semester hours
- University Core 3 Semester Hours

Total: 18 semester hours

Spring Semester
- ACCT 2120 Accounting Information for Decision Making 3 semester hours
- AIMS 2710 Management Information Systems 3 semester hours
- BADM 1040 Business Perspectives--Globalization 1 semester hour
- University Core 3-4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 16-19 semester hours

Junior Year

Fall Semester
- FNCE 3410 Fundamentals of Finance 3 semester hours
- INBA 3810 International Business 3 semester hours
- MGMT 3610 Managing People and Organizations 3 semester hours
- MRKT 3510 Principles of Marketing 3 semester hours
- University Core 3 Semester Hours

Total: 15 semester hours

Spring Semester
- AIMS 3770 Production Operations Analysis 3 semester hours
- FNCE 3420 Investments 3 semester hours *
- FNCE 3430 Financial Policy 3 semester hours *
- University Core 3 Semester Hours
- University Core 3 Semester Hours
Total: 15 semester hours

Senior Year

Fall Semester
- BADM 4950 Business and Social Responsibility in the Global Economy 3 semester hours
- FNCE Elective 3 semester hours
- FNCE Elective 3 semester hours
- University Core 3 Semester Hours
- Elective 2 semester hours

Total: 14 semester hours

Spring Semester
- BADM 4970 Strategic Management 3 semester hours
- FNCE 4470 Multinationals and the Third World 3 semester hours or FNCE 4480 International Finance 3 semester hours
- University Core 3 semester hours
- Elective 3 Semester Hours

Total: 12 semester hours

Note:
* Students enrolled in the Student Investment Fund (SIF) are permitted to take FNCE 4491 and FNCE 4492 (required for the SIF specialty) in lieu of FNCE 3420 and FNCE 3430.

Management

Faculty
Chairperson: Charles Vance
Professors: Ellen Ensher, Jeffrey Gale, George Hess, Yongsun Paik, Charles Vance, Thomas White, Anatoly Zhuplev
Associate Professors: Dong Chen, David Choi, Patricia Garcia Martinez, Cathleen McGrath, Ivan Montiel
Assistant Professors: Li Dai, Jason D’Mello, Angélica Gutiérrez, Sohvi Leih, Trevor Zink

Entrepreneurship, B.B.A.

Objectives
The Bachelor of Business Administration—Entrepreneurship major at LMU will provide undergraduate students with the fundamental theories, critical thinking skills, and real-world awareness necessary to support their launch into careers as entrepreneurs (i.e., founders and leaders of new ventures) or intrapreneurs (i.e., change agents and managers within established, more traditional organizations).

Learning Outcomes
- Students should understand and appreciate the economic and societal importance of entrepreneurship.
- Students should be able to analyze and understand all aspects of a business, integrating concepts across multiple functional areas.

Major Requirements

Lower Division Requirements:
- ACCT 2110 Financial Accounting 3 semester hours
- ACCT 2120 Accounting Information for Decision Making 3 semester hours
- AIMS 2710 Management Information Systems 3 semester hours
- BADM 1010 Business Perspectives—Business Institutions 1 semester hour
- BADM 1020 Business Perspectives—Introduction to Ethical Decision Models 1 semester hour
- BADM 1030 Business Perspectives—Information Technology in Organizations 1 semester hour
- BADM 1040 Business Perspectives—Globalization 1 semester hour
- BLAW 2210 Legal and Regulatory Environment 3 semester hours
- ECON 1050 Introductory Economics 4 semester hours or ECON 1100 Introductory Microeconomics 4 semester hours and ECON 1200 Introductory Macroeconomics 4 semester hours
- ECON 2300 Introductory Statistics 4 semester hours
- MATH 112 Mathematical Analysis for Business II 3 semester hours

Upper Division Requirements:
- AIMS 3770 Production Operations Analysis 3 semester hours
- BADM 4950 Business and Social Responsibility in the Global Economy 3 semester hours
- BADM 4970 Strategic Management 3 semester hours
- FNCE 3410 Fundamentals of Finance 3 semester hours
- INBA 3810 International Business 3 semester hours
- MGMT 3610 Managing People and Organizations 3 semester hours
- MRKT 3510 Principles of Marketing 3 semester hours

Note:
A cumulative GPA of C (2.0) must be achieved in the major requirements (all business, economics, and mathematics courses).

For purposes of meeting the requirements for the B.B.A., Entrepreneurship major, degree and determination of academic probation, an overall cumulative grade point average of at least a C (2.0) must be obtained in all courses required in the major.

Core, Major, and Elective Entrepreneurship Courses:
• ENTR 3310 Introduction to Entrepreneurship 3 semester hours
• ENTR 3330 Social Entrepreneurship 3 semester hours
• ENTR 3350 New Venture Creation 3 semester hours
• ENTR 3380 Small Business Management 3 semester hours
• ENTR 3397 Internship 1 semester hour
• ENTR 4310 Entrepreneurial Finance 3 semester hours (FNCE 4410)
• ENTR 4320 Real Estate Finance, Investment, and Entrepreneurship 3 semester hours (FNCE 4420)
• ENTR 4340 International Entrepreneurship 3 semester hours (INBA 4840)
• ENTR 4370 Product and Business Design 3 semester hours
• ENTR 4381 Managing New Ventures 3 semester hours
• ENTR 4397 Internship 1 semester hour
• ENTR 4399 Independent Studies 1 TO 3 semester hours

All Entrepreneurship majors must complete the following required courses:
• ENTR 3310 Introduction to Entrepreneurship 3 semester hours
• ENTR 3350 New Venture Creation 3 semester hours
• ENTR 4310 Entrepreneurial Finance 3 semester hours or
• ENTR 4381 Managing New Ventures 3 semester hours

International Management/Entrepreneurship studies, select one:
• ENTR 4340 International Entrepreneurship 3 semester hours
• MGMT 4630 International Management 3 semester hours
• MGMT 4640 Cross-Cultural Leadership 3 semester hours
• MGMT 4672 Managing a Global Workforce 3 semester hours

Entrepreneurship Elective

Note:
A student who chooses ENTR 4310 as a required course can choose ENTR 4381 as his or her Entrepreneurship Elective; similarly, a student can choose ENTR 4381 as a required course and ENTR 4310 as an Entrepreneurship Elective.

Model 4-Year Plan—Bachelor of Business Administration—Entrepreneurship Major Curriculum
The following curriculum represents the order or sequence in which it is expected that students will take the various courses required for the B.B.A. (Entrepreneurship major) degree.

Freshman Year

Fall Semester

Total: 18-19 semester hours

Spring Semester
• ACCT 2120 Accounting Information for Decision Making 3 semester hours
• AIMS 2710 Management Information Systems 3 semester hours
• BADM 1040 Business Perspectives—Globalization 1 semester hour
• University Core 3-4 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours

Total: 16-19 semester hours

Junior Year

Fall Semester
• ENTR 3310 Introduction to Entrepreneurship 3 semester hours
• INBA 3810 International Business 3 semester hours
• MGMT 3610 Managing People and Organizations 3 semester hours
• MRKT 3510 Principles of Marketing 3 semester hours
• University Core 3-4 semester hours

Total: 14-16 semester hours
The Bachelor of Business Administration—Management Major at LMU will provide undergraduate students with the fundamental theories, problem-solving tools, and current real-world information and actual learning experience necessary to support their entry and ongoing career success as ethical and socially responsible leaders, managers, and administrators in various kinds of organizations. All Management Major students will demonstrate acceptable understanding and skills in:

1. Interpersonal/team effectiveness
2. Communications
3. Key processes of planning/goal setting, decision making, problem solving
4. Critical HR functional areas
5. Career management.

Upon completion of requirements for this major,

- Students should understand and be able to explain and evaluate the critical role and functions of management in organizations and apply principal concepts and models in the field of management within an organization;
- Students should understand and be able to describe and explain how the human resource function in an organization contributes to overall productivity through its component activities;
- Students should understand and be able to apply concepts of career planning and management both generally and to their own career.

Major Requirements

Lower Division Requirements:

- ACCT 2110 Financial Accounting 3 semester hours
- ACCT 2120 Accounting Information for Decision Making 3 semester hours
- AIMS 2710 Management Information Systems 3 semester hours
- BADM 1010 Business Perspectives—Business Institutions 1 semester hour
- BADM 1020 Business Perspectives—Introduction to Ethical Decision Models 1 semester hour
- BADM 1030 Business Perspectives—Information Technology in Organizations 1 semester hour
- BADM 1040 Business Perspectives—Globalization 1 semester hour
- BLAW 2210 Legal and Regulatory Environment 3 semester hours
- ECON 1050 Introductory Economics 4 semester hours or
- ECON 1100 Introductory Microeconomics 4 semester hours and
- ECON 1200 Introductory Macroeconomics 4 semester hours
- ECON 2300 Introductory Statistics 4 semester hours
- MATH 112 Mathematical Analysis for Business 3 semester hours

Upper Division Requirements:

- AIMS 3770 Production Operations Analysis 3 semester hours

Management, B.B.A.

Objectives

Management involves planning, organizing, leading, and controlling the activities necessary to successfully run an organization. In studying management, the student will focus on the practical skills, ethical issues, and management theory necessary to succeed in our diverse global economy. The Management Department offers two types of courses: general knowledge courses and specialized courses. General knowledge courses are required of all business majors. Elective courses are chosen by majors who wish to gain specialized instruction in specific areas of management.

Learning Outcomes

Spring Semester

- AIMS 3770 Production Operations Analysis 3 semester hours
- ENTR 3350 New Venture Creation 3 semester hours
- FNCE 3410 Fundamentals of Finance 3 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 15-16 semester hours

Fall Semester

- BADM 4950 Business and Social Responsibility in the Global Economy 3 semester hours

4. Critical HR functional areas
5. Career management.

Upon completion of requirements for this major,

- Students should understand and be able to explain and evaluate the critical role and functions of management in organizations and apply principal concepts and models in the field of management within an organization;
- Students should understand and be able to describe and explain how the human resource function in an organization contributes to overall productivity through its component activities;
- Students should understand and be able to apply concepts of career planning and management both generally and to their own career.

Major Requirements

Lower Division Requirements:

- ACCT 2110 Financial Accounting 3 semester hours
- ACCT 2120 Accounting Information for Decision Making 3 semester hours
- AIMS 2710 Management Information Systems 3 semester hours
- BADM 1010 Business Perspectives—Business Institutions 1 semester hour
- BADM 1020 Business Perspectives—Introduction to Ethical Decision Models 1 semester hour
- BADM 1030 Business Perspectives—Information Technology in Organizations 1 semester hour
- BADM 1040 Business Perspectives—Globalization 1 semester hour
- BLAW 2210 Legal and Regulatory Environment 3 semester hours
- ECON 1050 Introductory Economics 4 semester hours or
- ECON 1100 Introductory Microeconomics 4 semester hours and
- ECON 1200 Introductory Macroeconomics 4 semester hours
- ECON 2300 Introductory Statistics 4 semester hours
- MATH 112 Mathematical Analysis for Business II 3 semester hours

Upper Division Requirements:

- AIMS 3770 Production Operations Analysis 3 semester hours
• BADM 4950 Business and Social Responsibility in the Global Economy 3 semester hours
• BADM 4970 Strategic Management 3 semester hours
• FNCE 3410 Fundamentals of Finance 3 semester hours
• INBA 3810 International Business 3 semester hours
• MGMT 3610 Managing People and Organizations 3 semester hours
• MGMT 3651 Building Global Career Competence 3 semester hours (INBA 3851)
• MGMT 3670 Training and Development 3 semester hours
• MGMT 3680 Mentoring and Management 3 semester hours
• MGMT 3697 Internship 1 semester hour
• MGMT 4610 Leadership 3 semester hours
• MGMT 4620 Employment Law 3 semester hours
• MGMT 4630 International Management 3 semester hours (INBA 4830)
• MGMT 4640 Cross-Cultural Leadership 3 semester hours
• MGMT 4650 Compensation and Rewards 3 semester hours
• MGMT 4661 Effective Organizational Governance 3 semester hours
• MGMT 4670 Human Resources Practicum 3 semester hours
• MGMT 4671 Managing Career Success 3 semester hours
• MGMT 4672 Managing a Global Workforce 3 semester hours (INBA 4872)
• MGMT 4680 Employee Relations and Retention 3 semester hours
• MGMT 4690 Strategic Human Resource Management 3 semester hours
• MGMT 4698 Special Studies 1 TO 3 semester hours
• MGMT 4699 Independent Studies 1 TO 3 semester hours

Completion of Management Major
To complete the Management Major, students will complete all LMU and CBA core requirements, plus the required MGMT 3620 Management Skills course, one international management elective, and 3 advanced three-semester-hour management elective courses (5 courses overall). To fulfill the international elective requirement, students may choose from MGMT 4630 International Management, MGMT 4640 Cross-Cultural Leadership, MGMT 4672 Managing a Global Workforce, MGMT 3651 Building Global Career Competence, or INBA 4840 International Entrepreneurship. Students interested in building a special focus in international management should consider these international courses or any other international (INBA) advanced electives when selecting their required three advanced elective courses. Students interested in building a special focus in human resource management (HRM) should consider the following when selecting their required three advanced elective courses:
• MGMT 3670 Training and Development
• MGMT 3680 Mentoring and Management
• MGMT 4620 Employment Law
• MGMT 4650 Compensation and Rewards
• MGMT 4670 Human Resources Practicum
• MGMT 4680 Employee Relations and Retention
• MGMT 4690 Strategic Human Resource Management

Model 4-Year Plan—Bachelor of Business Administration—Management Major Curriculum
The following curriculum represents the order or sequence in which it is expected that students will take the various courses required for the B.B.A. (Management major) degree.

Freshman Year
Fall Semester
• BADM 1010 Business Perspectives—Business Institutions 1 semester hour
• ECON 1050 Introductory Economics 4 semester hours
• MATH 120 Precalculus Mathematics 3 semester hours
• FFYS 1000 First Year Seminar 3 OR 4 semester hours
• University Core 3-4 semester hours

Total: 14-16 semester hours

Spring Semester
• BADM 1020 Business Perspectives—Introduction to Ethical Decision Models 1 semester hour
• MATH 112 Mathematical Analysis for Business II 3 semester hours
• RHET 1000 Rhetorical Arts 3 OR 4 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours

Total: 13-16 semester hours

Sophomore Year
Fall Semester
• ACCT 2110 Financial Accounting 3 semester hours
• BADM 1030 Business Perspectives—Information Technology in Organizations 1 semester hour
• BLAW 2210 Legal and Regulatory Environment 3 semester hours
• ECON 2300 Introductory Statistics 4 semester hours
• PSYC 1000 General Psychology 4 semester hours

Total: 14-16 semester hours

For purposes of meeting the requirements for the B.B.A., Management major, degree and determination of academic probation, an overall cumulative grade point average of at least a C (2.0) must be obtained in all courses required in the major.

Note:
A cumulative GPA of C (2.0) must be achieved in the major requirements (all business, economics, and mathematics courses).
Spring Semester
- ACCT 2120 Accounting Information for Decision Making 3 semester hours
- AIMS 2710 Management Information Systems 3 semester hours
- BADM 1040 Business Perspectives—Globalization 1 semester hour
- University Core 3-4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 16-19 semester hours

Junior Year

Fall Semester
- FNCE 3410 Fundamentals of Finance 3 semester hours
- INBA 3810 International Business 3 semester hours
- MGMT 3610 Managing People and Organizations 3 semester hours
- MRKT 3510 Principles of Marketing 3 semester hours
- University Core 3-4 semester hours

Total: 15-16 semester hours

Spring Semester
- AIMS 3770 Production Operations Analysis 3 semester hours
- MGMT 3620 Management Skills 3 semester hours
- MGMT Elective 3 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 15-17 semester hours

Senior Year

Fall Semester
- BADM 4950 Business and Social Responsibility in the Global Economy 3 semester hours
- MGMT International 3 semester hours
- MGMT Elective 3 semester hours
- University Core 3-4 semester hours
- Elective 2 semester hours

Total: 14-15 semester hours

Spring Semester
- BADM 4970 Strategic Management 3 semester hours
- MGMT Elective 3 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 12-14 semester hours

International Business Concentration
To earn a Concentration in International Business, a CBA student must take three advanced International Business courses (9 semester hours) beyond the core and the courses taken to meet the requirements for his or her major. No double counting is permitted.

These three courses are:
- INBA 4830 International Management 3 semester hours
- INBA 4880 International Finance 3 semester hours
- MRKT 4597 Marketing Strategy in the Global Environment 3 semester hours

If one or more of the above required courses has been taken as a part of the student's major
The following courses may be substituted to fulfill the requirements of the concentration:
- INBA 4840 International Entrepreneurship 3 semester hours
- INBA 4850 International Business Law 3 semester hours
- INBA 4870 Multinationals and the Third World 3 semester hours
- INBA 4872 Managing a Global Workforce 3 semester hours
- INBA 4898 Special Studies 1 TO 3 semester hours

Note:
The student must, during his or her LMU program, have participated in an LMU-sponsored or an LMU-approved Study Abroad Program.

It is further recommended, though not a concentration requirement, that the student take sufficient courses to gain proficiency in a second language in addition to English.

Marketing and Business Law

Faculty
Chairperson: Mark Leach
Professors: Arthur Gross-Schaefer, Mark Leach, Gary P. Sibeck, David W. Stewart (President's Professor of Marketing and Law), Sijun Wang, Robert D. Winsor
Associate Professors: Mark Bandsuch, S.J., Myla Bui-Nguyen, Ralph L. Quiñones, Andrew Rohm
Assistant Professors: Mitchell Hamilton, Velitchka D. Kaltcheva, Julian Saint Clair
Clinical Professor: Matt Stefl

Marketing, B.B.A.

Objectives
The Bachelor of Business Administration—Marketing major focuses on activities that facilitate exchange between individuals and organizations. It prepares students for careers in marketing research, sales and sales management, marketing management, retailing, and advertising—all of which can serve as good career paths leading to top-level positions in general management in all types of organizations and industries.

Learning Outcomes
• Students should know the core concepts of customer value and marketing mix development within the broader frameworks of business and society.

• Students should understand the environmental, psychological, sociological, and cultural factors impacting businesses and consumers in making buying decisions and marketing mix development.

• Students should understand the impact that ethical and legal forces have on customers’ (both business customers and consumers) decision making and marketing mix development.

• Students should acquire analytical skills, both qualitative and quantitative, for solving programs and optimizing the decision processes for businesses and consumers.

• Students should acquire oral and written communication skills.

• Students should learn to work effectively in teams.

Major Requirements

Lower Division Requirements:

• ACCT 2110 Financial Accounting 3 semester hours
• ACCT 2120 Accounting Information for Decision Making 3 semester hours
• AIMS 2710 Management Information Systems 3 semester hours
• BADM 1010 Business Perspectives--Business Institutions 1 semester hour
• BADM 1020 Business Perspectives--Introduction to Ethical Decision Models 1 semester hour
• BADM 1030 Business Perspectives--Information Technology in Organizations 1 semester hour
• BADM 1040 Business Perspectives--Globalization 1 semester hour
• BLAW 2210 Legal and Regulatory Environment 3 semester hours
• ECON 1050 Introductory Economics 4 semester hours or ECON 1100 Introductory Microeconomics 4 semester hours and ECON 1200 Introductory Macroeconomics 4 semester hours
• ECON 2300 Introductory Statistics 4 semester hours
• MATH 112 Mathematical Analysis for Business II 3 semester hours

Upper Division Requirements:

• AIMS 3770 Production Operations Analysis 3 semester hours
• BADM 4950 Business and Social Responsibility in the Global Economy 3 semester hours
• BADM 4970 Strategic Management 3 semester hours
• FNCE 3410 Fundamentals of Finance 3 semester hours
• INBA 3810 International Business 3 semester hours
• MGMT 3610 Managing People and Organizations 3 semester hours
• MRKT 3510 Principles of Marketing 3 semester hours

Note:

A cumulative GPA of C (2.0) must be achieved in the major requirements (all business, economics, and mathematics courses).

For purposes of meeting the requirements for the B.B.A., Marketing major, degree and determination of academic probation, an overall cumulative grade point average of at least a C (2.0) must be obtained in all courses required in the major.

Core, Major, and Elective Marketing Courses:

• MRKT 3510 Principles of Marketing 3 semester hours
• MRKT 3520 Marketing Analysis 3 semester hours
• MRKT 3530 Buyer Behavior 3 semester hours
• MRKT 3570 Marketing Law 3 semester hours
• MRKT 3597 Internship 1 semester hour
• MRKT 4510 Advertising and Promotion Management 3 semester hours
• MRKT 4515 Managing Retail and Service Businesses 3 semester hours
• MRKT 4525 Competitive Strategy 3 semester hours
• MRKT 4530 Sports Marketing 3 semester hours
• MRKT 4540 Professional Selling 3 semester hours
• MRKT 4545 New Product Development 3 semester hours
• MRKT 4550 Brand Management 3 semester hours
• MRKT 4555 Business-to-Business Marketing 3 semester hours
• MRKT 4560 Supply Chain Management and Logistics 3 semester hours
• MRKT 4570 Pricing Goods and Services 3 semester hours
• MRKT 4580 Marketing and Society 3 semester hours
• MRKT 4597 Marketing Strategy in the Global Environment 3 semester hours
• MRKT 4598 Special Studies 1 TO 3 semester hours
• MRKT 4599 Independent Studies 1 TO 3 semester hours

Note:

Students in the Marketing major begin by completing the foundational marketing course, MRKT 3510 Principles of Marketing, which is a required core business class for all business and accounting majors. Students must then complete two further foundational courses, consisting of MRKT 3520 Marketing Analysis and MRKT 3530 Buyer Behavior. After this point, students will be required to complete three advanced marketing elective courses of their choice. Students will be permitted to enroll in the elective marketing courses after completing the foundational courses (MRKT 3510, MRKT 3520, MRKT 3530).

Alternatively, after completing MRKT 3510, Marketing students can apply for admittance into the M-School cohort at the end of their Sophomore year. Admittance is competitive and not guaranteed; however, if accepted into the M-School, students are required to complete the five M-School specific classes in order to meet the requirements of the Marketing major. Currently these classes are: MRKT 3521 The New World of Branding and Advertising (in lieu of MRKT 3520), MRKT 3531 Brand Planning and Strategy (in lieu of MRKT 3530), MRKT 4511 Cross-Platform Content Creation, MRKT 4521 Adaptive Media and Analytics, and MRKT 4531 Creative Brand Management.
Model 4-Year Plan—Bachelor of Business Administration—Marketing Major Curriculum

The following curriculum represents the order or sequence in which it is expected that students will take the various courses required for the B.B.A. (Marketing major) degree.

Freshman Year

Fall Semester
- BADM 1010 Business Perspectives—Business Institutions 1 semester hour
- ECON 1050 Introductory Economics 4 semester hours
- MATH 120 Pre calculus Mathematics 3 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- University Core 3-4 semester hours
Total: 14-16 semester hours

Spring Semester
- BADM 1020 Business Perspectives—Introduction to Ethical Decision Models 1 semester hour
- MATH 112 Mathematical Analysis for Business II 3 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours
Total: 13-16 semester hours

Sophomore Year

Fall Semester
- ACCT 2110 Financial Accounting 3 semester hours
- BADM 1030 Business Perspectives—Information Technology in Organizations 1 semester hour
- BLAW 2210 Legal and Regulatory Environment 3 semester hours
- ECON 2300 Introductory Statistics 4 semester hours
- PSYC 1000 General Psychology 4 semester hours
- University Core 3-4 semester hours
Total: 18-19 semester hours

Spring Semester
- ACCT 2120 Accounting Information for Decision Making 3 semester hours
- AIMS 2710 Management Information Systems 3 semester hours
- BADM 1040 Business Perspectives—Globalization 1 semester hour
- University Core 3-4 semester hours
- University Core 3-4 semester hours

- MRKT Elective 3 semester hours
- Elective 3-4 semester hours
- Elective 2 semester hours
Total: 14-15 semester hours

Spring Semester
- BADM 4970 Strategic Management 3 semester hours
- MRKT Elective 3 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours
Total: 12-14 semester hours

Business Law Concentration
To earn a concentration in Business Law, students are required to complete nine semester hours of advanced Business Law classes. No double counting will be allowed.

MBA Program

Associate Dean and Director of the MBA Program
Bob Pettit

Contact Information
Office Location: Conrad N. Hilton Center for Business, Room 233
Telephone: 310.338.2848
Fax: 310.338.2899
Introduction
The College of Business Administration offers the MBA degree designed for working professionals. There are six areas of emphasis/specialization in the MBA Program. The purpose, admission requirements, program requirements, and options are described in the pages that follow. The part-time MBA program (MBA) serves the educational requirements of working professionals who recognize the need to continue to build their careers. The Executive MBA (EMBA) is designed for the experienced business professional who aspires to executive-level responsibility.

In addition, two dual degree programs are available. Students may apply for separate admission to the Loyola Law School and earn the JD/MBA degree or apply to the Systems Engineering Leadership Program (SELP) and earn an MBA and an MS in Systems Engineering.

Mission Statement
The mission of the Loyola Marymount University MBA Program is to provide high quality graduate business education consistent with the Jesuit and Marymount traditions. The MBA Program fosters development of each student's potential to create value, handle risk, and manage change to serve both business and society. The result is the development of ethical leaders possessing the knowledge and skills to effectively manage organizations in a diverse and global economy.

To accomplish its mission, the MBA Program utilizes faculty who regularly extend the boundaries of their discipline and simultaneously demonstrate in the classroom their ability to translate theory into practice. Although teaching styles and techniques vary, all focus on the current issues and technologies that are forming and shaping the many environments of business (political, social, legal, and ethical). Classes range from those that emphasize computer applications to those that delve into ethical concepts and humanistic management. The MBA curriculum is one of breadth first and specialization second. To that end, the basis of the Program is broad and integrating. Areas of specialization are built on this base. By specializing, students are able to focus some of their studies in a single area of emphasis. Additionally, numerous opportunities exist to explore various aspects of global business. These include a full-fledged International MBA Program of studies and a unique overseas integrative experience. The high quality of the MBA Program is confirmed through its accreditation by the Association to Advance Collegiate Schools of Business.

Admission Requirements
1. Eligibility for Admission: Applicants for admission to the Program leading to the degree of Master of Business Administration must have a Bachelor's degree and an acceptable level of scholarship from a regionally accredited institution of higher learning. The degree may be in any academic discipline.
2. Application: Applicants should apply and pay the application fee online at http://constituency.lmu.edu/graduate/Pages/Welcome.aspx.
3. Transcripts: Two copies of sealed official transcripts must be sent to the Graduate Admissions Office. Transcripts from all institutions attended must be provided. All such transcripts become the property of Loyola Marymount University. All applicants with degrees earned outside the United States must have transcripts evaluated for equivalencies to U.S. degrees.
4. Graduate Management Admissions Test: All applicants must take the Graduate Management Admission Test (GMAT) or Graduate Record Examination (GRE). GMAT/GRE scores taken within 5 years are accepted.
5. International Students: All international students must demonstrate proficiency in the English language with one of the following: TOEFL or IELTS scores or undergraduate/graduate degree from U.S. institutions.
6. Application Evaluations: The MBA Office evaluates the potential candidacy of each applicant. Applications are evaluated only after the following components are received by the Graduate Admissions Office:
   a. Application form and personal statement (plus appropriate fees)
   b. Official transcripts for all previous collegiate work
   c. GMAT or GRE results
   d. TOEFL, PTEA, or IELTS (when applicable)
   e. Two letters of recommendation
   f. A current resume
   g. Two years work experience.
7. Entrance: Students may enter the program in the Fall only.
8. Attendance: Attendance in MBA classes is limited to individuals who have been admitted to the MBA Program and who are registered for the class.

Proficiency Prerequisites
All students admitted to the MBA Program must be proficient in spoken and written English composition, business mathematics, and computer applications. Successful completion of a college-level course in business math or intermediate algebra is required.

Successful completion of the Harvard Business Quantitative Methods online course is required before commencement of Fall term. (Price included in tuition fee).

Attendance and Residence
Students are expected to be continuously enrolled in the MBA Program. A Leave of Absence (LOA) may be granted for up to one year at the discretion of the MBA Program Director and the Office of the Registrar. If a student needs to request a Leave of Absence, the student must contact the MBA Office to initiate the process. Individuals who remain on leave for more than two years must formally reapply for admission. Readmission is based on the admission criteria and the curriculum that are in effect at the time of the resumption of classes.

Student Registration, Counseling, and CAPP Report
Registration must be completed each semester during the dates specified in the LMU Academic Calendar provided by the Office of the Registrar.

Newly-admitted students will receive course registration assistance during their Pre-Program Residential Program prior to the classes starting. In subsequent semesters, students are not required to obtain course approval for registration, unless on academic probation or have been admitted on a "controlled" status. Each student takes responsibility for following the curriculum plan outlined by the MBA Program exclusively. Enrolling in non-LMU MBA courses may result in credits not applying towards the MBA degree.

Students are encouraged to meet informally with faculty in their areas of interest for general and career guidance.

CAPP Report
The Office of the Registrar uses CAPP to certify students for graduation, and all areas in CAPP must show MET before the
A student should review his or her CAPP regularly to make sure that courses are listed in the correct areas. CAPP may be adjusted by the student to allow for course substitutions, waived requirements, or any other variance in the program of study. These adjustments are made through the MBA Office.

**MBA Program Policies**

**Responsibility and Academic Standing**
A student is responsible for knowing academic and administrative policies and regulations affecting their program of study and for abiding by all such policies and regulations during their period of enrollment at the University. Continued enrollment is subject to compliance with the academic and administrative policies and regulations. Failure to understand the policies and regulations does not relieve a student of his or her responsibility for adhering to the policies and regulations.

A student must maintain in each semester the stated minimum cumulative grade point average for each of the requirements in the degree program. The calculation of standing is based on all courses taken at LMU. Graduates must maintain a B average (3.0) in term, major, program, and cumulative GPA. The calculation is based upon courses taken in Fall, Spring, and Summer terms.

**Academic Probation and Disqualification**
Academic probation constitutes a serious warning to students that their academic performance is unsatisfactory and continued failure to improve this record may result in being disqualified from the University. Additionally, a student who does not make satisfactory progress in the course of study is subject to probation. Further, the Dean or Director may impose restrictions on students on probation regarding the program of study and their participation in scholarship or extracurricular activities at LMU.

**Conditions for Academic Probation**
Any MBA student who, in any semester, fails to earn a "B" (3.0) average or whose cumulative grade point average in the MBA Program falls below a "B" (3.0) will be placed on academic probation. Students on academic probation will be ineligible for scholarships and tuition remission.

**Conditions for Disqualification**
MBA program disqualification is based upon two consecutive semesters (Fall, Spring, or Summer) in which work of less than grade of B (3.0) average is earned or in which the student fails to meet conditions imposed by the Dean or other academic entity. Summer sessions are used to calculate if a graduate student is subject to disqualification.

A student can receive no more than two grades below a B- throughout their Program. Should the student earn a third grade below B-, the student will be given one opportunity to retake that course the following semester (provided the student does not also have two semesters on probation). The student may not enroll in other courses concurrently with the repeated course. If the student does not earn at least a B- or better when retaking the course, the student will be disqualified.

Disqualification terminates a student’s relationship with the University. A disqualified student may not register in any division or session of the University, and is denied all privileges of the University, including all organizations or activities in any way connected to the University.

**Academic Dishonesty**
The MBA Program abides by the LMU Honor Code in matters of academic honesty. Please refer to the Academic Degree Requirements and Policies section of the University Bulletin for more information.

**Change of Program or Emphasis/Specialization**
A student who wishes to change a program before completing a degree must submit a new application form to the Graduate Admission Office.

A student who wishes to transfer from one emphasis/specialization to another before completing a degree must request an approval from the MBA Office.

**Course Loads**
The first year of the program students will study as a cohort, taking 12 semester hours in the Fall and Spring terms. During the time-compressed Summer sessions, the recommended load is 3 semester hours, but in any case no more than 6 semester hours.

Any term thereafter, students are allowed to take six semester hours if part-time and 12 semester hours if full-time student. To complete the program in the suggested 24-month timeframe, students must be enrolled in both Summer sessions.

**Cross-Listed Courses**
A cross-listed course is one that carries credit in more than one department or program. Students may not enroll in more than one section of a cross-listed course and may receive credit in one department only.

**Repeating Courses**
Students may repeat a course previously taken at LMU in a subsequent term one time only, including any withdrawals; the prior occurrence is excluded from the cumulative grade point average but remains on the transcript. Please note that although the GPA for that term will change accordingly, the academic status of the previous term will not change.

A student who earns an F in a course or receives a third grade below a B- will be required to repeat that course. The student will only be allowed to enroll in the repeated course and will not be allowed to take additional courses in that semester. Students must earn a B or higher in the repeated course.

A student who receives an F in course must repeat that course before taking additional courses.

**Grade Appeals**
Please refer to the Academic Degree Requirements and Policies section of the University Bulletin for more information.

**Incomplete Grades**
"I" (Incomplete) indicates that the student has not completed the work for a given course. The student must remove the "I" in order to qualify for graduation. Students who wish to retake the course must pay regular tuition for the repeated course.

When a professor has granted an "I," it is the student’s responsibility to arrange a deferred grade. The professor submits a "Deferred Grade Form" with the final grade to the Office of the Registrar.

Any graduate student who in a given term receives a grade of I (Incomplete) for a course and who subsequently completes the course will receive a grade that is retroactive to the term when the
student first registered for the course with all the impact it entails on the student’s academic standing.

**Independent Study**
Independent Studies classes must be sponsored by a full-time faculty member and approved by the Associate Dean. Independent Studies can only be invoked twice during a student’s MBA program.

There are time constraints associated with an Independent Studies course. The approval process for Independent Studies must be completed during the semester prior to the semester during which the student expects to enroll in the Independent Studies course.

All questions about Independent Studies should be directed to the Faculty Advisor. The Faculty Advisor is the arbiter of the process facilitating Independent Studies.

**Academic Advising**
An Academic Advisor is available for all MBA students to assist in navigating through the Program curriculum.

 Advising is optional, unless a student is on controlled status or academic probation, in which case the student must be advised prior to registration. MBA Advisor Holds will be placed on the student’s record and not removed until the student has been advised.

**Jesuit Network**

**Jesuit Transfer Network**
Students from schools that are parties to the Multilateral Agreement may complete their degree requirements at another Agreement School, subject to the admission standards of the receiving school. Other conditions may apply as well.

LMU MBA students who have completed more than half of their degree requirements may take courses that apply towards their LMU degree requirements at another Jesuit-affiliated school and still receive their degree from LMU, assuming that they take the courses approved by the LMU MBA Program and earn at least a B in each course.

Those students who have completed less than half of their degree requirements at LMU may transfer to another Jesuit-affiliated school, assuming they meet the receiving school’s admission standards, and receive credit for some or all LMU coursework to apply towards the degree requirements at the receiving school. The receiving school determines the transfer credits they will accept.

LMU will only accept courses towards the degree with grades of B or better.

A student who transfers to LMU from another Jesuit MBA program is required to maintain the standards of graduate students at LMU and is governed by the guidelines established within the University Bulletin. For more information about the Jesuit Transfer Network, visit http://jesuitmba.org/.

Students who transfer in from other Jesuit MBA Programs but will be receiving their degree from their original school are considered Visiting Students (non-degree).

All participating institutions have the right to deny individual applicants. Each institution will employ the right to enforce its own university standards.

LMU prefers Jesuit MBA Network transfers for the Fall term but will consider alternatives.

**International Study Classes**

Students may take no more than one (1) MBA international study summer program class offered by another Jesuit institution.

**J.D./M.B.A. Dual Degree Program: Doctor of Jurisprudence and Master of Business Administration Degrees**
Only full-time law students and those applying to the full-time division of the Law School may apply for admission into the JD/MBA Program.

The JD/MBA Program is designed for the full-time student who wishes to combine his/her graduate studies in law and business administration. It requires an intensive full-time commitment and superior capability to handle the academic rigors of two equally intensive graduate programs.

All students enrolled in the JD/MBA Program are required to comply with the requirements of both the Law School and MBA Program. Please refer to the Loyola Law School Student Handbook and this University Bulletin for clarification on policies governing graduate students.

**JD/MBA Admissions**
Applicants to the JD/MBA Program must first apply and be accepted separately to both the Law School and the MBA Program. Applicants must successfully complete the first year of Law School before they are eligible to apply to the JD/MBA Program. Acceptance to both schools does not guarantee admission to the JD/MBA Program.

Applicants to the JD/MBA Program are due in the Law School Admissions Office by the first of July at the conclusion of the applicant’s first year at the Law School.

**Course of Study**
Students enrolled in the JD/MBA Program plan a specific course of study with the MBA Program and the Loyola Law School.

**Business Administration, M.B.A.**

**MBA Degree Program**
To qualify for the Master of Business Administration degree, the admitted student must satisfy the requirements of 17 courses (depending on which international option a student chooses). MBA course descriptions and prerequisites are listed in the University Bulletin. Course syllabi are available on the MBA Student Intranet page.

**MBA Course Categories**
Five broad divisions of courses exist in the MBA Program: Residentials, Workshops, the core, emphasis (or concentration) courses, and the international experience. Total semester hours requirement is 57 semester hours.

The completion of the program includes:
- 2 Residentials
- 11 Core Classes
- 7 Workshops
- 4 Emphasis (concentration) courses
- 1 International Experience

**Core Curriculum**
The core curriculum consists of two Residential Orientation weekends held before classes commence and 7 workshops held...
requirement. These specializations and their course designator advanced courses to fulfill the area of emphasis/specialization Finance as their area of emphasis/specialization, must take 4 MBAF advanced courses to fulfill the area of emphasis/specialization requirement. These specializations and their course designator prefixes are listed below:

- MBAC: Marketing
- MBAD: Information Technology
- MBAE: Human Resources and Organizational Behavior
- MBAF: Finance
- MBAG: International
- MBAH: Entrepreneurship

Core courses are described in the next section. They include the following:

- MBAA 6010 Managing People and Organizations 3 semester hours
- MBAA 6020 Financial and Managerial Accounting 3 semester hours
- MBAA 6030 Global Economic Structures and Systems 1.5 semester hours
- MBAA 6040 Managing Markets and Customer Relationships 3 semester hours
- MBAA 6050 Managing Operations 1.5 semester hours
- MBAA 6060 Strategic Management 3 semester hours
- MBAA 6070 Managing Financial Resources 3 semester hours
- MBAA 6080 Data, Models, and Decisions 3 semester hours
- MBAA 6090 Managing Information Systems 3 semester hours
- MBAA 6100 Managing International Business 3 semester hours
- Business and Society Requirement 3 semester hours

**Business and Society Requirement**

Please select one of the following courses:

- MBAA 601 The Legal and Ethical Environment of Business 3 semester hours
- MBAB 650 Environmental Strategy 3 semester hours
- MBAB 651 Ethical Issues in Business 3 semester hours
- MBAH 650 Social Entrepreneurship 3 semester hours

**Note:**

Several topics which are vital to the common body of knowledge in business are not directly referenced in the titles of the 11 core courses. These topics include the following: business ethics, social influences, political influences, computer applications, organizational theory, interpersonal communications, integrating analysis, and the international dimension of business. Because of their critical nature for emerging business leaders, many of these topics are included as major elements within each core course.

### Area of Emphasis/Specialization

Depth in a specialized field of knowledge is obtained by the selection of four courses within one of six designated areas of emphasis. For example, a student who plans on selecting MBAF: Finance as their area of emphasis/specialization, must take 4 MBAF advanced courses to fulfill the area of emphasis/specialization requirement. These specializations and their course designator prefixes are listed below:

- MBAC: Marketing
- MBAD: Information Technology
- MBAE: Human Resources and Organizational Behavior
- MBAF: Finance
- MBAG: International
- MBAH: Entrepreneurship

**International Experience**

The international experience is designed to draw together the knowledge gained in the MBA program into a combined focus. Two options are available:

**Option One:** Comparative Management Systems (CMS), MBAI 691

This integrative course requires prep activities in the fall and spring semesters prior to the three-week travel taken in the first Summer Session. Prior to departure, students participate in a corequisite advanced elective course, MBAI 690 International Regional Strategies: Cultural and Industrial, during which they perform area studies of the nations to be visited and participate in seminars conducted by area and industry specialists. The industries visited are held constant for each annual CMS Program. Students are grouped by business functional areas and meet with executives from those areas in each firm visited. Group papers and presentations comprise final outputs for the course.

**Option Two:** Bonn Program, "The European Union," MBAG 676

The program is designed so students can experience an in-depth immersion into the EU, beginning with establishing a baseline historical perspective of the ideas and events that led to its creation. Included are visits to major companies to examine their practices as they compete in EU and global marketplaces. Field trips to EU headquarters in Brussels and to the headquarters of the European Central Bank in Frankfurt to examine how policy makers at both the EU and the European Monetary Union (countries with the Euro) are influenced not only by economic and political factors but also in many ways by historical events and cultural traditions deeply imbedded in each EU member state. Each year the program is adapted to include the current critical issues facing the EU and the Eurozone.

**Dual-Degree Programs**

For information on the MBA dual-degree programs offered by LMU, please see:

**Introduction**

The LMU EMBA is designed for accomplished working professionals to build the core business competencies and insights required for executive leadership. The 20-month program offers:

- First rate faculty comprised of academic and industry leaders
- Rigorous curriculum that melds the latest research and industry best practices
- Small, collaborative class with successful, highly motivated peers
- Saturday-only classes that minimize work conflicts
- Professional and career development fully supported by executive coaching
- Conveniently-located campus in the heart of "Silicon Beach"
- Unique OnBoarding Program that prepares you to go back to school and get the most out of your EMBA.

The current program begins August 2016 and ends in May 2018.

Application Process
The Executive MBA program requires a Bachelor's degree with an acceptable level of scholarship from an accredited institution of higher learning and six or more years of increasing responsibility in professional, management, or entrepreneurial positions.

Admission to the Executive MBA program is individualized and based on a candidate's potential to pursue graduate study. Each candidate is evaluated on the cumulative evidence received including, but not limited to, work and management experience, career accomplishments, potential for advancement, letters of recommendation, personal interview, information provided in the application form, undergraduate and graduate (if any) record, and GMAT (if required). Selection is based on academic potential without regard to race, creed, color, gender, sexual orientation, national origin, age, or disability.

How to Apply
Application deadline is July 8. Applications received after the deadline will be considered if spaces are available.

- **Schedule your personal interview**
  Candidates for the Executive MBA must have an interview with a member of the admissions committee. If you are considering candidacy, you are encouraged to interview early in the admissions process to assess the fit between the program and your experience, expectations, and personal development needs, and to determine if you are required to take the Graduate Management Admission Test (GMAT).

- **Complete the application for admission**
  Please type or print clearly. Give your full legal name.

- **Include a $100 application fee (non-refundable)**
  Your check should be made out to Loyola Marymount University. If a check is written for you by someone else, please make sure your name appears on it. You may also pay online at https://lmutpg.lmu.edu/C20995_ustores/web/product_details.jsp?PRODUCTID=451&SINGLESTORE=true. Application fee is waived for active military members and veterans.

- **Send for official transcripts from all colleges and universities attended**
  Official records must be sent directly from the registrar of the issuing institution to EMBA Admissions. Transcripts submitted will not be returned, nor will copies be forwarded by LMU to other institutions.

- **Request two letters of recommendation**
  You should request these from persons with whom you have closely worked and who can evaluate your abilities, accomplishments, and potential. Where applicable, at least one letter should come from your supervisor. Recommenders should use one of the postage paid envelopes provided by EMBA Admissions to send their letters directly to EMBA Admissions.

- **Provide the official score of your Graduate Management Admission Test (GMAT), if required**

The Graduate Management Admission Test (GMAT) is required only if your prior academic work and professional experience does not show clear evidence of strong quantitative and analytical reasoning skills. A determination that the GMAT is required will be made after your personal interview and application screening. If the GMAT is required, your results should be sent to EMBA Admissions (ETS code 4403). The GMAT is a computer-adaptive test (CAT) that is available year-round at test centers throughout the world. Visit the MBA Explorer® website at http://www.mbaexplorer.com for quick answers to most of your questions and the latest GMAT information. If you have additional questions, contact an Educational Testing Service customer service representative at 609.921.9000. Telephone lines are open Monday through Friday, 8:00 a.m. to 8:00 p.m., EST.

- **Review and Notification**
  A formal notice will be sent to each candidate after the application and complete records are received, the interview conducted, and the admission committee has made its recommendation. If you are admitted, you will be expected to confirm your commitment with a non-refundable payment of $1,000. This pre-payment will be applied to tuition charges and will reserve one of the LMU EMBA positions for you.

Summary—The Application Essentials
**SCHEDULE INTERVIEW:** Early interview suggested
**SEND:** Application with $100 fee
**HAVE SENT:**
- Transcripts
- 2 Letters of Recommendation
- GMAT Score, if required

**SEND TO:**

The Executive MBA Curriculum
The Executive MBA employs a modular structure with the focus shifting from analysis and evaluation in the first half of the program to strategic application and execution in the second half of the program. The 20-month, 56-credit-hour program is presented in four modules. The learning process is accomplished through three levels of integration.

Knowledge Content: To enhance relevance of core business concepts to the workplace, knowledge content (finance, accounting, economics, statistics, marketing, leadership, performance management, and strategy) is presented by instructors with significant real-world experience in theme-based modules that closely approximate their application in real-world situations.

Managerial Competencies: Core managerial competencies (problem solving and decision making, communicating and interpersonal relations) are used to integrate and enhance the application of knowledge, experience, and learned concepts into the workplace.

Integrated Learning Environment: Relevance and enhanced retention are enabled through action-based assignments, illustrative real-world cases studies, integrated skill application projects, and on-scene domestic and international field trips.
The major components of the program are the Classroom Experience, Skills Application Projects, and off-campus Learning Experiences.

**Classroom Experience**
Classroom sessions are comprised of presentations by highly-qualified faculty and business leaders. Learning is facilitated through interaction between participants and faculty, exercises approximating real management issues, case studies, and exploring management concepts found in readings and text materials. Individual skill development is stressed, with the aim of equipping executives with strategies they can use to improve their own decision-making and leadership capabilities.

**Skill Application Projects**
Skill application projects provide important experiential learning by using business concepts learned in the classroom to solve real business problems. Each module or major curriculum focus uses a team project to facilitate the transference of knowledge into practical application. Projects are real business issues faced every day, such as a merger or acquisition, ethical decisions, opening new markets, major reorganization, or a functional business problem. Web-based group interaction and e-mail are used to facilitate completion of group assignments.

**Learning Experiences**
Learning experiences provide unique educational opportunities that augment classroom instruction. These are fully integrated into the curriculum and also provide experiential learning in the actual practice of management.

- **Executive Leadership Retreat**
  You begin the Executive MBA program with a four-day residential retreat where we help you set learning goals, form study teams, and engage in a variety of workshops and team-building exercises. We also include a workshop for our students and their spouses/significant others addressing the importance of achieving balance between family, work, and school.

- **Innovation, Entrepreneurialism, and Leadership Practicum**
  After completing Modules 1 and 2 in Year One, students will study innovation, entrepreneurialism, and leadership during a structured summer program. The innovation component will explore the key organizational factors that facilitate innovative process, including a domestic field trip to some of the nation’s most innovative companies. The entrepreneurialism component will examine the new venture start up process, identifying the elements critical for success. The leadership practicum will provide a forum for experiential learning and team building.

- **International Trip**
  Toward the end of the program, you will take a field trip to one or more major, non-U.S. business centers that will broaden your understanding of what it takes to manage in today’s global business environment. In recent years, we have traveled to South America, China, India, Southeast Asia, and Europe. Our students regularly cite the visit as a highlight of the program.

**Expectations for Executive MBA Students**
The Executive MBA is a cohort program where students proceed through a fixed curriculum as a group. Learning is facilitated through collaborative assignments where students work closely with each other, with faculty, and within study teams. A significant and critical part of the learning is achieved through open and honest dialog with fellow students and faculty.

Learning in the program depends heavily on how students interact with and work with other classmates. Students are expected to develop an awareness of self that requires a willingness to engage in self-discovery, to look at oneself objectively and honestly, and to respect the opinions and perspectives of fellow classmates, faculty, and administrators. Students agree to and accept the following guidelines:

- Fully engage and participate in class discussion
- Actively participate in regular team meetings and activities
- Fulfill commitments made to the team including homework and team projects
- Support other team members
- Actively work to create a high performance team
- Be open to feedback from faculty, team members, and class members
- Provide feedback to team members and class members
- Treat fellow students, faculty, and administrators with dignity, decency, and mutual respect

Failure to adhere to these guidelines may result in dismissal from the program.

**The EMBA Curriculum Sequence**
The EMBA is built and organized around key business challenges, with courses that integrate core business concepts and tools with real business situations to address these challenges. Credit hours for an individual course may vary from .5 to 4 semester hours, and some courses may not be offered for each class, or in the module indicated; however, total credit hours is 56 semester hours. The MBA degree is awarded by the College of Business Administration at the successful completion of the program.

The LMU EMBA program consists of 56 semester hours taught over four modules and a summer session between the first and second years. Each module approximates a normal semester. The curriculum is integrated, which means that key concepts are addressed across courses and across modules. The sequence moves from acquiring business knowledge, to applying knowledge in real-world settings at the organizational level, to using knowledge and skills for making strategic decisions and leading change at the firm level.

**Module 1: Leadership and Language of Business**
This module introduces fundamental leadership principles and to develop skills for assessing the impact of the global economy on the economic value of the firm. Courses aim at improving decision making by laying a solid foundation in leadership, quantitative and analytical skills.

The module includes:

- MBAP 601 Financial Accounting 1 TO 4 semester hours
- MBAP 604 Applied Business Economics 1 TO 4 semester hours
- MBAP 608 Managerial Finance 1 TO 4 semester hours
- MBAP 611 Corporate Expansion Analytics 1 TO 4 semester hours
- MBAP 623 Leadership Foundations 1 TO 4 semester hours
- MBAP 626 Executive Communications I 1 TO 4 semester hours
• MBAP 662 Ethics and Spirituality in the Workplace .5 TO 4 semester hours
• MBAP 664 NeuroLeadership .5 TO 4 semester hours

Note:
The coursework is applied in a real-world skill application project, MBAP 611 Corporate Expansion Analytics, which ties the coursework together and provides actual practice in using quantitative data to support a major financial decision.

Module 2: Building and Leading High Performance Organizations
The focus of this module is to enable executives to maximize human potential for building and leading high performance organizations. Courses expand learning through application of core concepts learned in the previous module. Students will develop an understanding of their own leadership and decision-making styles.

The module includes:
• MBAP 602 Managerial Accounting 1 TO 4 semester hours
• MBAP 603 Business Analytics 1 TO 4 semester hours
• MBAP 609 Finance, Valuation, and Capital Budgeting 1 TO 4 semester hours
• MBAP 622 Human Capital Management 1 TO 4 semester hours
• MBAP 627 Executive Communications II 1 TO 4 semester hours
• MBAP 662 Ethics and Spirituality in the Workplace .5 TO 4 semester hours

Summer: Innovation and Entrepreneurialism
The summer learning experience focuses on gaining an understanding of the leadership, organizational, and individual factors that facilitate innovation and entrepreneurialism. Classroom learning is supplemented with a domestic field trip that examines the management practices of leading companies.

The program includes:
• MBAP 612 Leadership Practicum 1 TO 4 semester hours
• MBAP 616 New Venture Start Up 1 TO 4 semester hours
• MBAP 629 Managing Innovation 1 TO 4 semester hours
• MBAP 652 Field Study: Innovation in Practice 1 TO 4 semester hours

Note:
By the end of the program, students will have gained insights into the organizational dynamics and capabilities required to foster innovation. The entrepreneurial perspectives gained are applicable to both start-ups or new ventures within large firms.

Module 3: Strategy in the Global Business Environment
This module expands learning and perspective beyond functional and internal topics to global approaches, presenting a variety of complex and interrelated issues confronting firms in today's global and uncertain business climate.

The module includes:
• MBAP 631 Strategic Management 1 TO 4 semester hours
• MBAP 632 Applied Macro Economics 1 TO 4 semester hours
• MBAP 633 Business in the International Environment 1 TO 4 semester hours
• MBAP 634 Applied Marketing and Marketing Strategy 1 TO 4 semester hours
• MBAP 662 Ethics and Spirituality in the Workplace .5 TO 4 semester hours
• MBAP 663 Professional Growth Planning .5 TO 4 semester hours

Note:
By the end of this module, students will have acquired both the knowledge and skills required of sophisticated managers. The focus to this point has been mastery of concepts and application of those concepts.

Module 4: Leadership and International Experience
This experience is the capstone application of previously learned knowledge and skills. The courses' focus is strategic assessment of opportunities and threats facing a firm; and then in light of this assessment developing strategic approaches that can lead to a competitive advantage for the firm. The major emphasis is on the leadership required to execute strategic direction with specific focus on change management.

The experience includes:
• MBAP 613 Business Opportunity Assessment 1 TO 4 semester hours
• MBAP 614 Strategic Opportunity Implementation 1 TO 4 semester hours
• MBAP 625 Management and the Technological Future 1 TO 4 semester hours
• MBAP 645 Demonstrating Leadership 1 TO 4 semester hours
• MBAP 646 International Negotiations .5 TO 4 semester hours
• MBAP 653 Field Study: Business in the International Environment 1 TO 4 semester hours
• MBAP 662 Ethics and Spirituality in the Workplace .5 TO 4 semester hours
• MBAP 663 Professional Growth Planning .5 TO 4 semester hours
College of Communication and Fine Arts

Administration
Dean: Bryant Keith Alexander
Associate Deans: Paul Humphreys, Judith Scalin
Assistant Dean: Elaine P. Walker

Mission of the College
Grounded in and sustained by a significant commitment to an excellent liberal education, the College of Communication and Fine Arts aims to promote the Mission of Loyola Marymount University in the following ways:

- Foster the encouragement of learning in all of our academic programs and endeavors;
- Contribute in a distinctive way to the education of the whole person;
- Create in our own community and in the larger community beyond LMU the individual and collective resources and orientations that will allow us to create a more compassionate and just world.

The College of Communication and Fine Arts creates an environment conducive to understanding the complex phenomena of art and art making as well as human communication in all its diverse forms. Driven by a passionate commitment to study, understand, and experience human creative expression requires that we assist students and our various publics in adopting a critical and discerning orientation to human artistic and communicative expression. We develop both the capacity for human artistic expression and the capacity for other forms of communication as life-enhancing opportunities to promote the common good and contribute to the full development of our students, faculty, staff, alumni, and those we serve beyond LMU.

Our undergraduate programs in Art and Art History, Communication Studies, Dance, Music, and Theatre Arts and our graduate program in Marital and Family Therapy (grounded in clinical art therapy) foster deep inquiry into the processes and artifacts of human expression and their capacity to shape life's experiences, meanings, and expectations. We are intrigued by the ways in which art and communication reveal human interiority in all its mysterious and complex diversity. Ultimately, our shared objective is to create and sustain a learning community composed of individuals, each more fully alive, more capable of experiencing life in all its complexity, in order to assist all to live more meaningful and productive lives. Our educational programs and personal interactions with students motivate them to continue learning throughout their lives. Our courses and programs are embedded in a learning community characterized by close contact between faculty, staff, and students that encourages students and their mentors to realize our individual and collective potential to make meaningful contributions to a world in need of our most discerning intelligence and our most creative and compassionate responses. In order to respond most effectively to a challenging and diverse world, the College develops its curricular and program initiatives to promote specific student learning outcomes, developing in them the capacity to make informed, capable, and compassionate contributions through their professional lives and their personal relationships.

College of Communication and Fine Arts Student Learning Outcomes
By engaging and fully participating in academic programs in the College of Communication and Fine Arts, our students should develop a critical understanding of:

- The history, theories, techniques, approaches, and orientations appropriate to their academic disciplines in the arts, communication studies, and marital and family therapy (clinical art therapy)
- The ways this body of knowledge and its distinctive understandings relate to and inform other ways of knowing and other forms of human expression in all its diversity
- The significant consequences and potentially transformative impact of our individual and collective capacity to create or to communicate something that would not exist were it not for our own expression.

By engaging and fully participating in academic programs in CFA, our students should be able to:

- Integrate and incorporate the knowledge of their disciplines into their own work in a creative and increasingly accomplished way
- Develop the capacity to be receptive to the critiques of others and to be deeply self-reflective about their own work
- Experience their work as central to their own personal development and accept their responsibility to other people and the world we share
- Offer discerning responses to the human expressions and created art works of others
- Collaborate with others in exploring how to create and communicate, bringing the interior world of our private selves into the public sphere in ways that engage and enlighten.

By engaging and fully participating in academic programs in CFA, our students should value:

- Imagination, intuition, and spirituality as an essential part of life
- The power of human creativity and human communication to transform our innermost private lives and our relationships in an increasingly diverse and complex public sphere
- The complexity and diversity of human experience reflected in an openness to respond to other people from varied backgrounds, cultures, and belief systems in a socially just and compassionate way
- The role that the arts and communication play in creating and re-creating cultures, meanings, and expectations that shape our lives in profound ways.

Application of General University Requirements
The University requirements for admission, graduation, and all general rules and regulations of the University as set forth in this Bulletin are applicable to and binding upon all students enrolled in the College of Communication and Fine Arts.

Teacher Preparation Program
The College of Communication and Fine Arts offers a subject matter preparation program in art education specially designed to meet the State of California subject matter requirements for a secondary credential. The Bachelor of Arts degree with an emphasis in Art Education is designed to allow completion of the California Preliminary Single Subject (Secondary) credential in four years. This program is offered in conjunction with the School of Education. All students interested in teaching art at a secondary level should contact Teresa I. Lenihan as soon as possible and should also contact the School of Education to arrange a time to attend an Undergraduate Information Session.
College Curriculum
The curriculum of each department in the College of Communication and Fine Arts incorporates required courses in general education, major sequences, and elective courses which complement and enhance the student's major field of concentration.

Total Program
120 semester hours are required for graduation with the following distribution:
1. A maximum of 36 upper division semester hours in any one department will be accepted toward the 120 semester hours requirement; and
2. At least 45 semester hours are required from upper division offerings.

Students should consult the Dean's Office for specific policies applicable to the College of Communication and Fine Arts.

Individualized Study Program
Admission to the Individualized Study Program in Communication and Fine Arts requires:
1. A B (3.0) grade point average.
2. The submission of an Individualized Study Program form delineating courses and signed by the student's advisor and the chairperson of the advisor's department.
3. The submission by the advisor of a complete curriculum from an accredited college or university.
4. The signature of the Dean of the College.

All subsequent changes in the Individualized Study Program require points 2, 3, and 4 above.

Students registering for an Individualized Study Program are advised that their diploma and transcript will read "Individualized Study" and not the specific major they elect within that program.

Art and Art History

Faculty
Chairpersons: Kirstin J. Noreen (Art History), Garland P. Kirkpatrick (Studio Arts)
Associate Professors: Saeri Cho Dobson, Han Dai-Yu, Garland P. Kirkpatrick, Dmitry Kmelntsky, Teresa I. Lenihan, Diane M. Meyer, Damon Willick
Assistant Professor: Melody N. Rodari

Mission
Within the framework of the University's mission, the Department of Art and Art History is committed to giving students educational opportunities combining creativity, professional, and scholarly study in the visual arts.

Objectives
The philosophy of the Department rests on the premise that its students should receive a broad education that combines creativity and scholarly study. Two majors are offered, Studio Arts and Art History. The foremost objective is to prepare students intellectually and professionally for a career in Studio Arts and Art History and/or graduate studies. Courses offered to undergraduate majors and non-majors stress the cultural value of the visual arts.

Degrees
Two majors are offered, Studio Arts and Art History.

Students may also complete a minor.

The Department is a fully accredited member of the National Association of Schools of Art and Design.

Semester Hours
For studio classes, a semester hour of credit, one unit, represents three hours of work each week. In lecture and seminar courses, an hour of credit represents one hour each week in class and two hours of work outside of class.

Art History, B.A.
The major in Art History is designed to increase the student's understanding of the meaning and purpose of visual arts. Utilizing an interdisciplinary approach, courses examine the historical development, formal expression, and societal role of visual culture, art, and architecture.

Goals for Art History Majors
Courses expose students to a broad understanding of world history through the visual arts, providing a full awareness of the historical, spiritual, and cultural contexts of the works of art. In addition, classes foster excellent research skills, critical thinking, and advanced writing in preparation for graduate studies or professional careers.

Objectives
The philosophy of the Department rests on the premise that its students should receive a broad education that combines creativity and scholarly study. Two majors are offered, Studio Arts and Art History. The foremost objective is to prepare students intellectually and professionally for a career in Studio Arts and Art History and/or graduate studies. Courses offered to undergraduate majors and non-majors stress the cultural value of the visual arts.

Student Learning Outcomes
Students majoring in Art History should be able to:

- Think critically and articulate clear ideas about visual culture, art, and architecture and their historical and contemporary significance.
- Formulate and articulate meaningful statements and documents on visual culture, art, and architecture using the necessary research and writing skills.

Students majoring in Art History should know:

- Methods for analyzing works of visual culture, art, and architecture within their appropriate historical, social, religious, and philosophical contexts.
- Historical contexts for diverse artistic traditions.
- The impact of diverse cultural contexts on the production and understanding of artistic traditions.

Students majoring in Art History are presented with the opportunity to value:

- The aesthetic, theoretical, and historical properties of works of visual culture, art, and architecture.
- The power of visual culture to communicate deep human ideas and emotions.

Major Requirements

Lower Division Requirements:
Upper Division Requirements:
A total of a minimum of 24 semester hours of upper division courses, including:
- At least 2 non-Western Art History classes (minimum of 3 semester hours per class) from the following listings: ARHS 33xx or ARHS 43xx
- At least 3 additional Art History classes (minimum of 3 semester hours per class). It is recommended that students select course work with an advisor to ensure geographic and chronological breadth of subject matter.
- ARHS 4800

Required:
A total number of 39 semester hours for the Art History major. To meet the total number of required semester hours, students may need to take additional upper division art history electives.

A minimum cumulative GPA of 2.0 (C) must be obtained in the major requirements.
A minimum cumulative GPA of 2.5 is required for changing a major into the department.

Highly Recommended:
One full year of college-level foreign language (French or German recommended if considering graduate school).

Art History Model Four-Year Plan

Freshman Year

Fall Semester
- ARHS 2000 Foundations of Western Art 4 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours
Total: 13-16 semester hours

Spring Semester
- ARHS 2002 Art and Society: Early Christian to Early Modern 4 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours
Total: 13-16 semester hours

Sophomore Year

Fall Semester
- ARHS 2004 Modernism 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours
Total: 13-16 semester hours

Junior Year

Fall Semester
- ARHS 4800 Junior/Senior Seminar in Art History 4 semester hours or
- ARHS Upper Division 4 semester hours
- ARHS Upper Division - Non-Western 4 semester hours
- University Core 3-4 semester hours
- Elective (Language Recommended) 4 semester hours
Total: 15-16 semester hours

Spring Semester
- ARHS Upper Division—Non-Western 4 semester hours
- Elective 3-4 semester hours
- Elective 3-4 semester hours
- Elective (Language Recommended) 4 semester hours
Total: 14-16 semester hours

Senior Year

Fall Semester
- ARHS 4800 Junior/Senior Seminar in Art History 4 semester hours or
- ARHS Upper Division 4 semester hours
- Elective 3-4 semester hours
- Elective 3-4 semester hours
- Elective 3-4 semester hours
Total: 13-16 semester hours

Spring Semester
- ARHS Upper Division 4 semester hours
- Elective 3-4 semester hours
- Elective 3-4 semester hours
- Elective 3-4 semester hours
Total: 13-16 semester hours

Note:
This schedule is typical. The sequence and choices of courses must be decided in consultation with an advisor.

Studio Arts, B.A.
Description and Goal
The B.A. in Studio Arts provides a broad conceptual and formal foundation in the fundamental principles of art design and technology within a liberal arts education.

Students develop visual and cultural literacies through: Individual artistic, creative, and theoretical exploration; Art-historical, exhibition-oriented, and curatorial endeavors; Interdisciplinary and entrepreneurial engagements; a social justice oriented lens.

Using the creative landscape of Los Angeles, the programs in studio arts provide a student-focused art and design education which prepares them for careers and/or graduate studies in the fine arts, graphic design, multimedia arts, and art education disciplines.

Students are required to declare their chosen emphasis during the first semester sophomore year. Entering transfer students are required to declare their chosen emphasis at the time of registration for classes.

The goal of all areas is to encourage individual creative exploration and to develop student understanding of artistic and cultural expression.

Objectives
The philosophy of the Department rests on the premise that its students should receive a broad education that combines creativity and scholarly study. Two majors are offered, Studio Arts and Art History. The foremost objective is to prepare students intellectually and professionally for a career in Studio Arts and Art History and/or graduate studies. Courses offered to undergraduate majors and non-majors stress the cultural value of the visual arts.

Student Learning Outcomes
Students majoring in Studio Arts (STAR) should know:

- The basic definitions, concepts, and techniques in visual arts
- How to discover their unique capabilities and personal artistic expression
- How to solve creative and aesthetic problems in the visual arts.

Students majoring in Studio Arts (STAR) should be able to:

- Represent a distinct sensibility
- Make artistic decisions based on an awareness of traditional and current art movements and technological advancements
- Expand their cultural and critical view of the history of art
- Critically analyze and assess artworks and concepts
- Prepare a portfolio needed to enter graduate studies or a professional career.

Students majoring in Studio Arts (STAR) are encouraged to value:

- The on-going learning and development of overall technical knowledge
- The abilities of others
- Expertise in the arts
- The awareness of art history within the larger human context
- The pursuit of new skills and insights for personal growth
- Service to others and the promotion of justice.

General Information
Students in Studio Arts (STAR) are expected to engage in studio work in addition to scheduled class time. Most studios are open to enrolled students outside of class time on a 24-hour basis. For studio classes, students should anticipate approximately three hours of outside of class studio work every week for each semester hour of course credit. In lecture and seminar courses, students should anticipate approximately one hour each week in class and two hours of work outside of class for each semester hour of course credit.

Art Education Emphasis (ARTE)
The Art Education Emphasis is designed to create reflective, informed, caring, and capable artists who are skilled in using interpersonal and creative tools for a career in education or other related careers. Students interested in teaching the visual arts in public secondary schools and earning a State of California Single Subject Teaching Credential in Art must fulfill all the requirements for the major in Studio Arts (STAR) with an Emphasis in Art Education (ARTE), the requirements for a minor in Secondary Education (SEED), and the requirements for a single subject credential in Art (SECR). With the help of their advisors, students can carefully design a schedule to complete this credential program during their four years at LMU. This art education program is offered in collaboration with the School of Education and is considered a waiver to the CSET in Art exam, a credential requirement that demonstrates subject matter competency in fine arts. Along with this undergraduate credential pathway, ARTE is also an excellent foundation for students interested in going on to graduate studies in education or art education, and related fields such as art therapy, museum education, social practice, and arts management.

Core Requirements
Consult with the Director of Art Education for Core recommendations. A student pursuing a teaching credential should take HIST 1300 Becoming America or any Explorations: Historical Analysis and Perspectives course that fulfills the Constitution requirement.

Lower Division Requirements

- ART 153 Drawing I 3 semester hours
- ART 160 Two-Dimensional Design 3 semester hours
- ART 255 Field Experience in Art 0 semester hours
- ART 257 Painting I 3 semester hours
- ART 260 Computer Graphics I 3 semester hours
- ART 275 Three-Dimensional Design 3 semester hours
- ARHS 2000 Foundations of Western Art 3 semester hours
- ARHS 2002 Art and Society: Early Christian to Early Modern 4 semester hours
- ART 154 Drawing II: Figure Drawing 3 semester hours or
- ART 278 Ceramics I 3 semester hours or
- ART 280 Photography I 3 semester hours or
- ART 285 Introduction to Printmaking 3 semester hours as the foundation for the Studio Arts Focus.*

Upper Division Requirements
29 semester hours of upper division courses:

- ART 355 Experiencing Art and Social Justice 3 semester hours
- ART 396 Design Praxis: Professional Practices in Design 3 semester hours or
- ART 397 Professional Practices in Fine Arts 3 semester hours
• ART 455 Methods in Teaching Secondary Art 3 semester hours
• ART 490 Senior Design Thesis 3 semester hours or
• ART 497 Senior Thesis in Fine Arts 3 semester hours
• 9 semester hours of Upper Division ART Electives *
• ARHS 4630 Contemporary Art 4 semester hours

A Non-Western Art History Course
Choose one class from:
• ARHS 3311 Pre-Columbian Art 4 semester hours
• ARHS 3331 Arts of Africa 4 semester hours
• ARHS 3341 Arts of Islam 4 semester hours
• ARHS 4301 Arts of India 4 semester hours
• ARHS 4303 Arts of China 4 semester hours
• ARHS 4307 Arts of Japan 4 semester hours
• ARHS 4998 Special Studies 1-4 semester hours (if a non-Western topic is to be studied)

Note:
*Studio Arts Focus Requirement:
Out of the 9 semester hours of upper division ART electives, 6 must be in the same Studio Arts Focus. Select both lower and upper division courses from within the same Studio Arts Focus. Courses must be selected under the advisement of the Director of Art Education.

Art Education Emphasis Model Four-Year Plan

Freshman Year

Fall Semester
• ART 153 Drawing I 3 semester hours
• ART 160 Two-Dimensional Design 3 semester hours
• ARHS 2000 Foundations of Western Art 4 semester hours
• FFYS 1000 First Year Seminar 3 OR 4 semester hours
• Elective 3-4 semester hours

Total: 16-18 semester hours

Spring Semester
• ART 154 Drawing II: Figure Drawing 3 semester hours
  (Studio Arts Focus Lower Division) or
• ART 278 Ceramics I 3 semester hours (Studio Arts Focus Lower Division) or
• ART 280 Photography I 3 semester hours (Studio Arts Focus Lower Division) or
• ART 285 Introduction to Printmaking 3 semester hours
  (Studio Arts Focus Lower Division)
• ART 275 Three-Dimensional Design 3 semester hours
• RHET 1000 Rhetorical Arts 3 OR 4 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours

Total: 16-19 semester hours

Sophomore Year

Fall Semester
• ART 257 Painting I 3 semester hours
• ARHS 2002 Art and Society: Early Christian to Early Modern 4 semester hours
• University Core 3-4 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours

Total: 16-19 semester hours

Spring Semester
• ART 255 Field Experience in Art 0 semester hours
• ART 260 Computer Graphics I 3 semester hours
• ART Upper Division - Intermediate Studio Arts Focus 3 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours
• Elective 3-4 semester hours

Total: 15-18 semester hours

Junior Year

Fall Semester
• ART 355 Experiencing Art and Social Justice 3 semester hours
• ART 396 Design Praxis: Professional Practices in Design 3 semester hours or
• ART 397 Professional Practices in Fine Arts 3 semester hours
• HIST 1300 Becoming America 4 semester hours or any other Explorations: Historical Analysis and Perspectives course that fulfills the Constitution requirement
• University Core 3-4 semester hours
• Elective 3-4 semester hours

Total: 16-18 semester hours

Spring Semester
• ARHS 4630 Contemporary Art 4 semester hours
• ART Upper Division Elective 3 semester hours
• University Core 3-4 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours

Total: 16-19 semester hours

Senior Year

Fall Semester
• ART 455 Methods in Teaching Secondary Art 3 semester hours

Total: 15-18 semester hours

162
The Art Education Emphasis is designed to create reflective, informed, caring, and capable artists who are skilled in using interpersonal and creative tools for teaching careers in California schools at the secondary level (grades 6-12). Students interested in earning a State of California Single Subject Teaching Credential in Art must fulfill all the requirements for the major in Studio Arts (STAR) with an Emphasis in Art Education (ARTE), the requirements for a minor in Secondary Education (SEED), and the requirements for a single subject credential in Art (SECR). With the help of their advisor, students can carefully design a schedule to complete the program during their four years at LMU. Students who seek graduation with an Art Education Emphasis and a teaching credential should ideally declare the Art Education Emphasis as a freshman.

This art education program is offered in collaboration with the School of Education and is considered a waiver to the CSET in Art exam, a credential requirement that demonstrates subject matter competency in fine arts.

The LMU Secondary Teacher Preparation Program in Art is approved by the California Commission on Teacher Credentialing. The Department of Art and Art History is a fully accredited member of the National Association of Schools of Art and Design.

Students should consult with the Director/Advisor of Secondary Teacher Preparation Program in Art, Professor Terry Lenihan (tlenihan@lmu.edu, 310.338.4409) to sign up for the program and to discuss their course of study.

Please contact the School of Education at soeinfo@lmu.edu for information about all available Secondary Teacher Preparation Programs (STPP). All students interested in teaching Art in middle schools or high schools should meet with their departmental advisors as soon as possible and must also attend a mandatory School of Education Undergraduate Information Session. Please call 310.338.7845 to obtain the next scheduled meeting time and to confirm attendance. The advisor for STPP students regarding the School of Education is Michael Cersosimo (Michael.Cersosimo@lmu.edu, 310.258.8806).

The Center for Undergraduate Teacher Preparation (CUTP) is also available to assist students interested in teaching careers in both secondary and elementary education. Please contact Dr. Annette Pijuan Hernandez, Senior Director and Associate Clinical Professor (Annette.Hernandez@lmu.edu, 310.258.8806). CUTP is located in UH 3346, 310.258.8806.

Major Requirements for a Major in Studio Arts (STAR) with an Emphasis in Art Education (ARTE)

Core Requirements
Consult with the Director of Art Education for Core recommendations. A student pursuing a teaching credential should take HIST 1300 Becoming America.

Lower Division Requirements
26 semester hours of lower division courses:

- ART 153 Drawing I 3 semester hours
- ART 160 Two-Dimensional Design 3 semester hours
- ART 255 Field Experience in Art 0 semester hours
- ART 257 Painting I 3 semester hours
- ART 260 Computer Graphics I 3 semester hours
- ART 275 Three-Dimensional Design 3 semester hours
- ARHS 2000 Foundations of Western Art 4 semester hours
- ARHS 2002 Art and Society: Early Christian to Early Modern 4 semester hours
- ART 154 Drawing II: Figure Drawing 3 semester hours or
- ART 278 Ceramics I 3 semester hours or
- ART 280 Photography I 3 semester hours or
- ART 285 Introduction to Printmaking 3 semester hours as the foundation for the Studio Arts Focus.

Upper Division Requirements
29 semester hours of upper division courses:

- ART 355 Experiencing Art and Social Justice 3 semester hours
- ART 396 Design Praxis: Professional Practices in Design 3 semester hours or
The following are requirements for the Secondary Teaching Credential (SECR) and a Minor in Secondary Education.

**Art Education Emphasis** students interested in earning a State of California Secondary Teaching Credential (SECR) and a Minor in Secondary Education:

- **Studio Arts Focus Requirement**
  - Out of the 9 semester hours of upper division ART electives, 6 must be in the same Studio Arts Focus. Select both lower and upper division courses from within the same Studio Arts focus. Courses must be selected under the advisement of the Director of Art Education.

Requirements for State of California Secondary Teaching Credential (SECR) and a Minor in Secondary Education (SEED)

Art Education Emphasis students interested in earning a State of California Secondary Teaching Credential declare a Minor in Secondary Education.

The following are requirements for the Secondary Teaching Credential (SECR):

- EDUR 400 Sociocultural Analysis of Education 3 semester hours **
- EDES 401 Applied Educational Psychology for the Childhood and Adolescent Years 3 semester hours **
- EDCE 412 Secondary Directed Teaching 9 TO 12 semester hours **
- EDES 414 Theories and Policies of Second Language Acquisition 3 semester hours
- EDES 425 Methods in English Language Development and Specially Designed Academic Instruction in English for Elementary Educators 3 semester hours
- EDES 403 Reading and Content Learning in Middle and Secondary Schools 3 semester hours
- EDSS 440 Introduction to the Culturally and Linguistically Diverse Student with Exceptional Needs 3 semester hours **
- EDSS 8000 Health Education 1 semester hours
- EDCE 461 Teaching Performance Assessment 1 0 semester hours
- EDCE 462 Teaching Performance Assessment 2 0 semester hours

- EDCE 463 Teaching Performance Assessment 3 0 semester hours
- EDCE 464 Teaching Performance Assessment 4 0 semester hours

Note:

**Prerequisite courses along with these additional requirements are necessary for applying to the School of Education to earn the State of California Teaching Credential:**

- Cumulative GPA of 3.0 or better
- CBEST original passing score report
- 20 hours of grade-level instruction (letter from ARTsmart Program Director)
- U.S. Constitution Requirement (HIST 1300 Becoming America)
- Fingerprint Clearance
- Tuberculosis (TB) Skin Test
- School of Education Application Form
- Statement of Intent
- Candidate Information Sheet
- Four Letters of Recommendation
- Technology Requirement (self-verification form)

See School of Education listing for additional information.

Art Education Emphasis with State of California Secondary Teaching Credential (SECR) and a Minor in Secondary Education (SEED) Model Four-Year Plan

**Freshman Year**

**Fall Semester**

- ART 153 Drawing I 3 semester hours
- ART 160 Two-Dimensional Design 3 semester hours
- ART 275 Three-Dimensional Design 3 semester hours
- ARHS 2000 Foundations of Western Art 4 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours

Total: 16-17 semester hours

**Spring Semester**

- ART 154 Drawing II: Figure Drawing 3 semester hours
- ART 278 Ceramics I 3 semester hours Studio Arts Focus Lower Division or
- ART 280 Photography I 3 semester hours Studio Arts Focus Lower Division or
- ART 285 Introduction to Printmaking 3 semester hours Studio Arts Focus Lower Division or
- ART 260 Computer Graphics I 3 semester hours
- ARHS 2002 Art and Society: Early Christian to Early Modern 4 semester hours
- ART 255 Field Experience in Art 0 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- University Core 3-4 semester hours

Total: 16-18 semester hours
Sophomore Year

Fall Semester
- ART 257 Painting I 3 semester hours
- EDUR 400 Sociocultural Analysis of Education 3 semester hours
- EDES 401 Applied Educational Psychology for the Childhood and Adolescent Years 3 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 15-17 semester hours

Spring Semester
- ART Upper Division—Intermediate Studio Arts Focus 3 semester hours
- ARHS 3341 Arts of Islam 4 semester hours or
- ARHS 4301 Arts of India 4 semester hours or
- ARHS 4303 Arts of China 4 semester hours or
- ARHS 4307 Arts of Japan 4 semester hours or
- Any non-Western ARHS 4998 Special Studies 1-4 semester hours (must take for 3 semester hours)
- EDES 414 Theories and Policies of Second Language Acquisition 3 semester hours
- EDSS 440 Introduction to the Culturally and Linguistically Diverse Student with Exceptional Needs 3 semester hours
- University Core 3-4 semester hours

Total: 16-17 semester hours

Junior Year

Fall Semester
- ART 355 Experiencing Art and Social Justice 3 semester hours
- ART 396 Design Praxis: Professional Practices in Design 3 semester hours or
- ART 397 Professional Practices in Fine Arts 3 semester hours
- EDES 8000 Health Education 1 semester hours
- HIST 1300 Becoming America 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 17-19 semester hours

Spring Semester
- ART Upper Division Elective 3 semester hours
- ARHS 4630 Contemporary Art 4 semester hours
- EDCE 461 Teaching Performance Assessment 1 0 semester hours
- EDES 403 Reading and Content Learning in Middle and Secondary Schools 3 semester hours
- University Core 3-4 semester hours

Total: 15-17 semester hours

Senior Year

Fall Semester
- ART 455 Methods in Teaching Secondary Art 3 semester hours
- ART Upper Division - Advanced Studio Arts Focus 3 semester hours
- EDCE 462 Teaching Performance Assessment 2 0 semester hours
- EDES 425 Methods in English Language Development and Specially Designed Academic Instruction in English for Elementary Educators 3 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 16-18 semester hours

Spring Semester
- ART 490 Senior Design Thesis 3 semester hours * or
- ART 497 Senior Thesis in Fine Arts 3 semester hours
- EDCE 412 Secondary Directed Teaching 9 TO 12 semester hours
- EDCE 463 Teaching Performance Assessment 3 0 semester hours
- EDCE 464 Teaching Performance Assessment 4 0 semester hours

Total: 12-15 semester hours

Note:
* Students following the Art Education Emphasis with a Studio Arts Focus in Design must complete all prerequisites prior to enrolling in ART 490.

This schedule is typical. The sequence and choices of courses must be decided in consultation with the Director of Art Education and advisors from the School of Education.

All students interested in art education are required to consult closely with the CFA Dean's office, the Director of Art Education, and the School of Education for the updated program requirements. Consultation is critical to ensure timely completion of the programs. Additionally, students should contact the School of Education to arrange a time to attend an Undergraduate Information Session.

Fine Arts Emphasis

Major Requirements

Fine Arts Emphasis majors choose a concentration in:
- Ceramics (FACR),
- Drawing/Painting (FADP),
- Photography (FAPH),
- Printmaking (FAPR),
- or Individualized Studies (FAIS)
then select both lower and upper division courses from within the same concentration.

Lower Division Requirements:
30 semester hours of lower division courses:
  • ART 153 Drawing I 3 semester hours
  • ART 160 Two-Dimensional Design 3 semester hours
  • ART 260 Computer Graphics I 3 semester hours
  • ART 275 Three-Dimensional Design 3 semester hours or
  • ART 276 Ceramic Sculpture 3 semester hours
  • ARHS 2000 Foundations of Western Art 4 semester hours
  • ARHS 2002 Art and Society: Early Christian to Early Modern 4 semester hours
  • ARHS 2004 Modernism 4 semester hours
And 6 semester hours from one of the concentrations listed below.

Ceramics:
  • ART 276 Ceramic Sculpture 3 semester hours
  • ART 278 Ceramics I 3 semester hours

Drawing/Painting:
  • ART 154 Drawing II: Figure Drawing 3 semester hours
  • ART 257 Painting I 3 semester hours

Photography:
  • ART 280 Photography I 3 semester hours
  • ART 285 Introduction to Printmaking 3 semester hours

Printmaking:
  • ART 154 Drawing II: Figure Drawing 3 semester hours
  • ART 285 Introduction to Printmaking 3 semester hours

Upper Division Requirements:
22 semester hours of upper division courses:
12 semester hours from one of the concentrations listed below

Ceramics:
  • ART 370 Beginning Wheel Throwing 3 semester hours
  • ART 372 Jewelry I 3 semester hours
  • ART 378 Drawing and Clay 3 semester hours
  • ART 478 Ceramics Workshop 3 semester hours

Drawing/Painting:
Choose from
  • ART 300 Figure Drawing Workshop 1 semester hours
  • ART 310 Drawing Workshop 1 semester hours
  • ART 315 Perspective Drawing Workshop 1 semester hours
  • ART 334 Animal Drawing 3 semester hours
  • ART 356 Painting II 3 semester hours
  • ART 358 Painting III 3 semester hours
  • ART 378 Drawing and Clay 3 semester hours
  • ART 398 Special Studies 1 TO 3 semester hours

  • ART 453 Drawing III: Formal Issues 3 semester hours
  • ART 454 Drawing IV: Figure Composition 3 semester hours

Recommended:
  • ART 385 Relief Printmaking 3 semester hours or
  • ART 386 Etching Printmaking 3 semester hours

Photography:
  • ART 380 Photography II 3 semester hours
  • ART 382 Digital Photography 3 semester hours
  • ART 480 Color Photography 3 semester hours
  • ARHS 3540 Social and Aesthetic History of Photography 3 semester hours

Recommended:
  • ART 387 Silkscreen Printmaking 3 semester hours
  • ART 398 Special Studies 1 TO 3 semester hours (with a Photography topic)

Printmaking:
  • ART 385 Relief Printmaking 3 semester hours
  • ART 386 Etching Printmaking 3 semester hours
  • ART 387 Silkscreen Printmaking 3 semester hours
  • ART 485 Advanced Printmaking 1 TO 3 semester hours

Recommended:
  • ART 368 Typography I 3 semester hours
  • ART 380 Photography II 3 semester hours or
  • ART 382 Digital Photography 3 semester hours

6 semester hours of ART electives
  • ART 397 Professional Practices in Fine Arts 3 semester hours
  • ART 497 Senior Thesis in Fine Arts 3 semester hours

And an upper division non-Western Art History
  • ARHS 3311 Pre-Columbian Art 4 semester hours
  • ARHS 3331 Arts of Africa 4 semester hours
  • ARHS 3341 Arts of Islam 4 semester hours
  • ARHS 4301 Arts of India 4 semester hours
  • ARHS 4303 Arts of China 4 semester hours
  • ARHS 4307 Arts of Japan 4 semester hours or
  • any non-Western ARHS 4998 course

Fine Arts Emphasis Model Four-Year Plan

Freshman Year

Fall Semester
  • ART 153 Drawing I 3 semester hours
  • ART 160 Two-Dimensional Design 3 semester hours
  • FFYS 1000 First Year Seminar 3 OR 4 semester hours
  • University Core 3-4 semester hours
  • University Core 3-4 semester hours
**Total: 15-18 semester hours**

**Spring Semester**
- ARHS 2000 Foundations of Western Art 4 semester hours
- ART 260 Computer Graphics I 3 semester hours or
- ART 275 Three-Dimensional Design 3 semester hours or
- ART 276 Ceramic Sculpture 3 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

**Total: 16-19 semester hours**

**Sophomore Year**

**Fall Semester**
- ARHS 2002 Art and Society: Early Christian to Early Modern 4 semester hours
- ART 260 Computer Graphics I 3 semester hours or
- ART 275 Three-Dimensional Design 3 semester hours or
- ART 276 Ceramic Sculpture 3 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

**Total: 16-18 semester hours**

**Spring Semester**
- ARHS 2004 Modernism 4 semester hours
- ART Concentration Lower Division 3 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours
- Elective 3-4 semester hours

**Total: 16-19 semester hours**

**Junior Year**

**Fall Semester**
- ARHS 3311 Pre-Columbian Art 4 semester hours or
- ARHS 3331 Arts of Africa 4 semester hours or
- ARHS 3341 Arts of Islam 4 semester hours or
- ARHS 4301 Arts of India 4 semester hours or
- ARHS 4303 Arts of China 4 semester hours or
- ARHS 4307 Arts of Japan 4 semester hours or
- ARHS 4998 Special Studies 1-4 semester hours (if a non-Western topic is to be studied)
- ART 397 Professional Practices in Fine Arts 3 semester hours
- ART Concentration Upper Division 3 semester hours
- University Core 3-4 semester hours

**Total: 15-18 semester hours**

**Spring Semester**
- ART Elective Upper Division 3 semester hours
- ART Concentration Upper Division for Ceramics, Drawing/Painting, Photography 3 semester hours or
- ART Elective Upper Division for Printmaking 3 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours
- Elective 3-4 semester hours

**Total: 15-18 semester hours**

**Senior Year**

**Fall Semester**
- ART Elective Upper Division 3 semester hours
- ART Concentration Upper Division for Ceramics, Drawing/Painting, Photography 3 semester hours or
- ART Elective Upper Division for Printmaking 3 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours
- Elective 3-4 semester hours

**Total: 15-18 semester hours**

**Spring Semester**
- ART 497 Senior Thesis in Fine Arts 3 semester hours (3 semester hours required)
- ART Concentration Upper Division for Drawing/Painting, Printmaking 3 semester hours or
- ART Elective Upper Division for Ceramics, Photography 3 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours
- Elective 3-4 semester hours

**Total: 15-18 semester hours**

**Note:**
This schedule is typical. The sequence and choices of courses must be decided in consultation with an advisor.

**Graphic Design Emphasis (GRPH)**
Designers shape the way we see and understand the world by giving form to the objects, communications, and environments that make up our everyday experiences.
Through typography, image making, and visual storytelling, designers visualize the issues that permeate our society, and pose innovative solutions with the potential to affect change on a local, national, and global scale. At LMU, Graphic Design is integral to the liberal arts experience. We cultivate difference-makers who identify and explore the most pressing problems of our world. We believe the greatest potential for graphic design goes far beyond its history of service to consumerism. The ubiquity of design and its potential to transform our world has never been greater. As electronic media rapidly evolves, so does Design's ability to influence the quality of our lives. LMU's graphic designers take a compassionate approach, promoting social justice and realizing societal change through social discourse and entrepreneurship.

Major Requirements

Lower Division Requirements:
25 semester hours of lower division courses:
- ART 153 Drawing I 3 semester hours
- ART 154 Drawing II: Figure Drawing 3 semester hours or
- ART 257 Painting I 3 semester hours
- ART 160 Two-Dimensional Design 3 semester hours
- ART 260 Computer Graphics I 3 semester hours
- ART 275 Three-Dimensional Design 3 semester hours or
- ART 276 Ceramic Sculpture 3 semester hours
- ART 280 Photography I 3 semester hours
- ARHS 2000 Foundations of Western Art 4 semester hours or
- ARHS 2002 Art and Society: Early Christian to Early Modern 4 semester hours or
- ARHS 2004 Modernism 4 semester hours
- ARHS 2510 Social Design 3 semester hours

Upper Division Requirements:
34 semester hours of upper division courses:
- ART 302 Design: Concept to Form 3 semester hours
- ART 303 Experimental Typography 3 semester hours
- ART 360 Graphic Design I 3 semester hours
- ART 368 Typography I 3 semester hours
- ART 460 Graphic Design II 3 semester hours
- ART 468 Typography II 3 semester hours
- ART 490 Senior Design Thesis 3 semester hours
- ARHS 3560 History of Design 3 semester hours
- and two courses from either A. Intensive Professional Track or B. Interdisciplinary Track (see below)

And one upper division non-Western Art History
- ARHS 3311 Pre-Columbian Art 4 semester hours
- ARHS 3331 Arts of Africa 4 semester hours
- ARHS 3341 Arts of Islam 4 semester hours
- ARHS 3351 Arts of Asia 4 semester hours
- ARHS 4301 Arts of India 4 semester hours
- ARHS 4303 Arts of China 4 semester hours
- ARHS 4307 Arts of Japan 4 semester hours
- ARHS 4998 Special Studies 1-4 semester hours (if a non-Western topic is to be studied)

a. Intensive Professional Track
This spectrum of studio electives is designed to broaden the outlook on graphic design as an aesthetic practice. The following courses should be selected in consultation with an advisor:
- ART 362 Creative Direction 3 semester hours
- ART 367 Online Computer Arts 3 semester hours
- ART 374 Motion Graphics 3 semester hours
- ART 395 Design Entrepreneurship 3 semester hours
- ART 396 Design Praxis: Professional Practices in Design 3 semester hours
- ART 495 Advanced Studio Studies 1 TO 3 semester hours

b. Interdisciplinary Track
This spectrum of studio electives is designed to broaden the outlook on graphic design as an aesthetic practice. The following courses should be selected in consultation with an advisor:
- ART 355 Experiencing Art and Social Justice 3 semester hours
- ART 366 Multimedia Narratives 3 semester hours
- ART 382 Digital Photography 3 semester hours
- ART 388 Screen Printing 3 semester hours
- ART 453 Drawing III: Formal Issues 3 semester hours
- ART 480 Color Photography 3 semester hours

Graphic Design Emphasis Model Four-Year Plan

Freshman Year

Fall Semester
- ART 153 Drawing I 3 semester hours
- ART 160 Two-Dimensional Design 3 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 15-18 semester hours

Spring Semester
- ART 154 Drawing II: Figure Drawing 3 semester hours or
- ART 257 Painting I 3 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 15-19 semester hours

Sophomore Year

• University Core 3-4 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours
• Elective 3-4 semester hours

Total: 15-19 semester hours

Spring Semester
• ART 490 Senior Design Thesis 3 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours
• Elective 3-4 semester hours
• Elective 3-4 semester hours

Total: 15-19 semester hours

Note:
This represents a typical schedule. Actual course sequence and selection must be planned in consultation with an advisor.

Multimedia Arts Emphasis (MTMA)

Students who elect a Multimedia emphasis are interested in a future of authoring and designing in a world of new media and emerging technologies. Courses are designed as dynamic portals into the areas of digital imaging and photography, interaction design and online experiences, motion graphics design, 3D scenarios, as well as audio-video production. The career outlook for multimedia arts students at Loyola Marymount University is very encouraging. The Multimedia Internship that students are required to take provides real-world experience with galleries, agencies, and production studios. Multimedia Arts students have the opportunity to hone in their creative and professional interests while having the flexibility of concentrating in the following areas: TEXT, IMAGE, SOUND, or MOTION.

Major Requirements

Lower Division Requirements:
22-24 semester hours of lower division courses:
• ART 160 Two-Dimensional Design 3 semester hours
• ART 182 Programming for Creative Applications 3 semester hours
• ART 260 Computer Graphics I 3 semester hours
• ARHS 2004 Modernism 4 semester hours
• ARHS 2540 Multimedia Art Survey 3 semester hours

Students choose a concentration in Text, Image, Sound, or Motion, then choose both lower and upper division courses from within that
same concentration. In consultation with an advisor, students may select an individualized option in Multimedia Arts Concentrations.

- PROD 230 Media Innovation: Small Format Video and the Web 3 semester hours
- PROD 250 Introduction to Television Production 3 semester hours

Upper Division Requirements:
37 semester hours of upper division courses:

Text:
- ART 303 Experimental Typography 3 semester hours
- ART 363 3D Digital Toolbox 3 semester hours
- ART 366 Multimedia Narratives 3 semester hours
- ART 367 Online Computer Arts 3 semester hours
- ART 374 Motion Graphics 3 semester hours
- ART 382 Digital Photography 3 semester hours
- ART 383 Advanced Multimedia 3 semester hours
- ART 494 Multimedia Internship 3 semester hours
- ARHS 3540 Social and Aesthetic History of Photography 3 semester hours or
- ARHS 3560 History of Design 3 semester hours or
- ARHS 4630 Contemporary Art 4 semester hours

Choose two courses from one of the following concentrations: Text, Image, Sound, or Motion below. In consultation with an advisor, students may select an Individualized option in Multimedia Arts concentrations.

Text:
- ARHS 3540 Social and Aesthetic History of Photography 3 semester hours
- ARHS 4640 Modern and Contemporary Art Criticism 4 semester hours
- ARHS 3560 History of Design 3 semester hours
- ART 360 Graphic Design I 3 semester hours
- ART 362 Creative Direction 3 semester hours
- ART 368 Typography I 3 semester hours
- ENGL 4411 Fiction Writing Workshop: Narrative and Style 4 semester hours
- ENGL 4412 Poetry Writing Workshop: Imagination 4 semester hours
- SCWR 320 Intermediate Screenwriting 3 semester hours
- THEA 400 Playwriting 3 semester hours

Image:
- ART 356 Painting II 3 semester hours
- ART 360 Graphic Design I 3 semester hours
- ART 362 Creative Direction 3 semester hours
- ART 368 Typography I 3 semester hours
- ART 380 Photography II 3 semester hours
- ART 453 Drawing III: Formal Issues 3 semester hours or
- ART 454 Drawing IV: Figure Composition 3 semester hours

Sound:
- MUSC 303 Introduction to World Music Cultures 3 semester hours
- MUSC 304 Topics in World Music Cultures 3 semester hours
- RECA 393 Movie Music 3 semester hours
- RECA 398 Special Studies 1 TO 3 semester hours
• RECA 468 Advanced Post-Production Sound 3 semester hours
• RECA 498 Special Studies 1 TO 3 semester hours
• THEA 312 Voice Development 3 semester hours
• THEA 361 Acting: Method and Technique 3 semester hours

Motion:
• ANIM 310 Intermediate Storyboard 3 semester hours
• ANIM 320 Mechanics of Animation 3 semester hours
• ANIM 330 Intermediate 3-D Computer Animation 3 semester hours
• ANIM 450 Advanced Interactive Animation 3 semester hours
• ANIM 352 Game Design 3 semester hours
• ANIM 360 Character Design 3 semester hours
• ANIM 370 Character Animation 3 semester hours
• ANIM 380 Visual Effects 3 semester hours
• DANC 282 I Am, Therefore I Dance 3 semester hours
• DANC 397 World Dance 0 TO 2 semester hours
• PROD 365 Cinematography 3 semester hours
• PROD 366 Post-Production 3 semester hours

Recommended Courses
It is also recommended that the student take additional courses in Animation, Studio Arts, Art History, Communication Arts, and Computer Science.

Multimedia Arts Emphasis Model Four-Year Plan

Freshman Year

Fall Semester
• ART 160 Two-Dimensional Design 3 semester hours
• ART 182 Programming for Creative Applications 3 semester hours
• FFYS 1000 First Year Seminar 3 OR 4 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours

Total: 15-18 semester hours

Spring Semester
• RHET 1000 Rhetorical Arts 3 OR 4 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours
• Elective 3-4 semester hours
• Elective 3-4 semester hours

Total: 15-20 semester hours

Sophomore Year

Fall Semester
• ART 260 Computer Graphics I 3 semester hours
• ARHS 2004 Modernism 4 semester hours

Total: 15-17 semester hours

Junior Year

Fall Semester
• ART 366 Multimedia Narratives 3 semester hours
• ARHS 3540 Social and Aesthetic History of Photography 3 semester hours or
• ARHS 3560 History of Design 3 semester hours or
• ARHS 4630 Contemporary Art 4 semester hours
• Concentration (Upper Division) 3 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours

Total: 15-18 semester hours

Senior Year

Fall Semester
• ART 303 Experimental Typography 3 semester hours
• ART 363 3D Digital Toolbox 3 semester hours
• University Core 3-4 semester hours
• University Core 3-4 semester hours

Total: 15-18 semester hours

Spring Semester
• ART 367 Online Computer Arts 3 semester hours
• ART 383 Advanced Multimedia 3 semester hours
• ART 494 Multimedia Internship 3 semester hours
• University Core 3-4 semester hours

Total: 16-18 semester hours

Spring Semester
• ARHS 2540 Multimedia Art Survey 3 semester hours
• Concentration (Lower Division) 3 semester hours
• University Core 3-4 semester hours
• University Core 3-4 semester hours

Total: 15-18 semester hours
• Elective 3-4 semester hours

Total: 15-17 semester hours

Note:
This schedule is typical. The sequence and choices of courses must be decided in consultation with an advisor.

Art History Minor

Minor Requirements (ARHS)
20 semester hours, including:
- ARHS 2000 Foundations of Western Art 4 semester hours
- ARHS 2002 Art and Society: Early Christian to Early Modern 4 semester hours
- ARHS 2004 Modernism 4 semester hours
- At least 2 upper division Art History courses selected under the direction of an advisor in the department.

Required:
A total number of 20 semester hours is required for the Art History minor. To meet the total number of required semester hours, students may need to take an additional upper division art history elective.

Recommended:
- ARHS 4800 Junior/Senior Seminar in Art History 4 semester hours
- Upper Division ARHS course in non-Western Art (ARHS 33xx or ARHS 43xx) 4 semester hours

Studio Arts Minor

Minor Requirements
18 semester hours:
- ART 153 Drawing I 3 semester hours or
- ART 160 Two-Dimensional Design 3 semester hours
- 15 semester hours of Studio Arts electives with at least 6 semester hours in upper division courses.

Communication Studies

Faculty
Chairperson: Michele L. Hammers
Professors: Bryant Keith Alexander, Abhik Roy, Dean Scheibel, Philip C. Wander (President's Professor)
Associate Professors: Paige Pettyjohn Edley, Michele L. Hammers, Patricia Oliver, Kyra L. Pearson, Nina Maria Reich, Craig O. Rich
Assistant Professors: Christopher J. Finlay, Jason Leigh Jarvis, Meng Li
Clinical Professors: Judy Battaglia, Kathleen Norris

Mission
The Communication Studies Department provides students from across the LMU community with the communication competencies necessary to pursue their personal, professional, and civic goals. Our faculty and students examine how messages and meanings are produced, interpreted, and consumed. In particular, our program rigorously engages the following:
- The production and evaluation of communication messages,
- The role of communication in shaping the performance of identity and community,
- The processes and technologies by which people relate to and collaborate with each other, and
- The importance of principled advocacy across our personal, professional and public lives.

Throughout all aspects of our program, we encourage self-reflection and critical engagement with disciplinary subject matter and contemporary social and political events at the local and global level. We encourage our students and faculty to nurture personal habits of lifelong learning and service.

In addition, our students and faculty produce scholarship that advances our knowledge of human communication, enhances the quality of public deliberation, and bridges the gap between our curriculum and real world experiences. To serve these goals, the Communication Studies Department creates an environment where students and faculty pursue scholarship, community engagement, and leadership in civic, corporate, and international arenas.

Finally, we develop students' professional competencies and enable them to maximize their post-graduation opportunities for career development. In seeing professional development as a shared responsibility, students are empowered to cultivate their communication skills outside of the classroom through engaged forms of learning and professional development.

Communication Studies, B.A.

Student Learning Outcomes
Upon completing the Communication Studies degree, students will be able to:

1. Demonstrate subject matter knowledge of the communication studies discipline, including:
   o The history of the discipline;
   o The nature of theory and its role in the study and practice of human communication; and
   o The foundational theoretical concepts from multiple sub-disciplines within the major.

2. Express ideas and relay information using conventions and forms appropriate to the intended audience.

3. Test or generate new knowledge using research methods appropriate to the communication studies discipline.

4. Articulate the relationship among disciplinary subject matter, research methodologies and one or more non-academic contexts.

5. Demonstrate the value of multiple theoretical, pedagogical, and socio-cultural perspectives.

6. Collaborate effectively and ethically in group problem-solving and decision-making situations.

7. Demonstrate and value respectful engagement with individual and group differences in interactions with all others.

8. Apply ethical standards to communication practices across multiple contexts.

9. Apply communication principles in service of justice for self, others, and society.
10. Innovate, justify, and enact solutions based on: inquiry, discernment, evidence, and analysis.
11. Demonstrate and value the pursuit of ethical actions through critical reason and reflection.
12. Demonstrate and value a self-reflexive approach to the study and practice of communication.

Potential Career Pathways
A degree in Communication Studies (CMST) from Loyola Marymount University provides students with the opportunity to develop essential skills—Writing, Oral Communication, Critical Thinking, and Teamwork—that are in high demand in today’s challenging and ever-changing world.

CMST students take a variety of courses that allow for both depth and breadth of study. We feature a rigorous Internship Practicum course for our juniors and seniors. CMST students often pursue minors in fields such as business, journalism, political science, or the arts to complement their CMST coursework.

With careful academic planning, CMST graduates are prepared for a variety of entry-level positions emphasizing both internal and external communication management across corporate, nonprofit, and/or public fields.

Below are a few of those fields:
- Campaign Strategy
- Corporate and Non-profit Communication
- Social Media Management
- Training and Development
- Development/Fundraising
- Human Resources
- Public Relations, Advertising, Sales, and Marketing

Our graduates often successfully pursue additional education, including advanced degrees, in a variety of academic fields. These fields include:
- Communication Studies and related fields
- Mediation/Conflict Resolution
- Media Studies
- Education
- Law
- Business

Major Requirements: (44 semester hours)
(CMST)

Lower Division Requirements:
(24 semester hours of lower division coursework)
- CMST 1600 Nature of Theory 4 semester hours
- CMST 1700 Nature of Inquiry 4 semester hours
- CMST 2800 Advanced Public Communication 4 semester hours

Three of the following five (3 of 5) courses:
- CMST 2100 Relational Communication 4 semester hours
- CMST 2200 Intercultural Communication 4 semester hours
- CMST 2300 Organizational Communication 4 semester hours
- CMST 2400 Contemporary Rhetorical Theory 4 semester hours
- CMST 2500 Media Studies 4 semester hours

Upper Division Requirements:
(20 semester hours of upper division coursework)

Four (4) advanced topics courses selected from among a list of approved 3000-level courses:
CMST 3100-3195, CMST 3200-3295, CMST 3300-3395, CMST 3400-3495, CMST 3500-3595, CMST 3600-3695, CMST 3700-3795, CMST 3800-3895. 4 semester hours each course

(Course offerings and topics will vary each semester)

One (1) Senior Capstone course from among a list of approved 4000-level courses:
CMST 4100-4195, CMST 4200-4295, CMST 4300-4395, CMST 4400-4495, CMST 4500-4595, CMST 4700-4795. 4 semester hours.

(Course offerings and topics will vary each semester.)

Note:
The department does offer additional courses that count as University Electives but do not satisfy CMST major requirements. Students should select courses carefully to ensure that all major requirements are being met.

Communication Studies Model Four-Year Plan

Freshman Year

Fall Semester
- CMST 1600 Nature of Theory 4 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours

- CMST 3XXX 4 semester hours (see Note 3) or
- CMST 4XXX 4 semester hours (see Note 4)
- University Core 3-4 semester hours or
- Upper Division Elective 3-4 semester hours
- University Core 3-4 semester hours or
- Upper Division Elective 3-4 semester hours
- University Core 3-4 semester hours or
- Upper Division Elective 3-4 semester hours

Total: 13-16 semester hours (see Note 1)

Notes
This is a sample schedule. The sequence of courses may vary slightly among students and students are expected to consult with their academic advisors each semester.

Note 1:
Students are required to take a total of 124 semester hours to complete their degree in Communication Studies. Because semester hours for courses may vary, students should work closely with their academic advisor to ensure that they take an average of 16 hours a semester across all semesters. In some semesters students may need to take an additional course or courses.

Note 2:
Students are required to take three (3) courses from the following list: CMST 2100, CMST 2200, CMST 2300, CMST 2400, or CMST 2500.

Note 3:
Students are required to take four (4) courses from the following list: CMST 3100-3195, CMST 3200-3295, CMST 3300-3395, CMST 3400-3495, CMST 3500-3595, CMST 3600-3695, CMST 3700-3795, CMST 3800-3895.

Note 4:
Students are required to select a Senior Capstone Course from the following list: CMST 4100-4195, CMST 4200-4295, CMST 4300-4395, CMST 4400-4495, CMST 4500-4595, CMST 4700-4795.

Interdisciplinary Applied Programs

Director
Dean Scheibel

Objectives
The philosophy of Interdisciplinary Applied Programs (IDAP) rests on the premise that students should receive a broad education that combines creativity and scholarly activity. IDAP deepens students' intellectual and professional preparation for careers.

IDAP provides for the acquisition of knowledge and skills that will allow students to explore potential careers in Public Relations and related fields. Historical and theoretical knowledge informs the acquisition of practical skills, which includes writing, speaking, analyzing, strategizing and planning, using a mix of traditional and social media. The knowledge and skills will allow students to ethically communicate to a variety of audiences and publics within interpersonal, group, organizational, regional, national, and global contexts. IDAP offers a sequence of courses and includes internships in the specific field of interest.
Marital and Family Therapy

Faculty
Chairperson: Debra Linesch
Professor: Debra Linesch
Assistant Professor: Einat Metzl
Associate Clinical Professor: Paige Asawa
Assistant Clinical Professor: Anthony Bodlovic
Practicum Coordinator: Kathleen Fogel-Richmond

Contact Information
Office Location: University Hall, Suite 2500
Telephone: 310.338.4562
Fax: 310.338.4518

Mission Statement
The Graduate Department of Marital and Family Therapy offers a graduate program leading to a Master of Arts in Marital and Family Therapy. In addition to State of California required curriculum in traditional marital and family therapy coursework, the program is augmented with art therapy coursework. The department provides its graduates with comprehensive training in both verbal and nonverbal modalities. The structure of the program begins with the foundational marital and family therapy coursework, teaching sound theoretical understandings as well as a variety of clinical strategies, including art therapy as a modality. Additional coursework focuses on the art therapy process providing graduates with training in clinical art therapy and giving them breadth and skill in a nonverbal modality.

The Department trains clinicians to work in facilities providing psychological therapeutic services such as: community mental health centers, family counseling agencies, psychiatric hospitals, general hospitals, therapeutic and public schools, residential treatment facilities, drug, alcohol and rehabilitation centers.

The Department provides two- and three-year programs of rigorous academic work combined with two clinical internships of approximately 840 hours and 420 hours of direct client contact.

Initiated at Immaculate Heart College in 1974, the Department moved to Loyola Marymount in 1980. It encourages well-trained, traditionally grounded marital and family therapists who can expertly utilize art therapy within their clinical work. This philosophy effectively facilitates the comprehensive successes of our graduates within the systems that deliver mental health services in our communities.

The curriculum is designed to meet all the academic requirements established by the State of California's Board of Behavioral Sciences for the M.F.T. license. The core curriculum and the additional training in art therapy allow the graduate to apply for registration with the American Art Therapy Association.

Admission Requirements
- A Bachelor's degree from an accredited institution with a GPA of 3.0 ("B") average or higher
- Prerequisites in Psychology and Studio Art
  1. A minimum of eighteen (18) semester hour credits (or twenty-seven [27] quarter-hour credits) of study in studio art which demonstrates proficiency and disciplined commitment in art making
  2. A minimum of twelve (12) semester hours credits (or [18] quarter-hour credits) of study in psychology, which must include developmental psychology and abnormal psychology
- Submit an application with a $50 application fee.
- Satisfactory score on the Miller Analogies Test (MAT)
- Autobiography with emphasis on personal life experiences rather than educational or occupational information
- Portfolio of art work
- Two (2) letters of recommendation
- Video interview which may be followed by a second interview on the LMU campus
- Personal interview
- A $250 deposit must accompany your letter of acceptance within 21 days of notification by the University of your admittance into the program. The deposit is applied toward tuition and is non-refundable.
- Admission is on a rolling basis

Marital and Family Therapy, M.A.

Student Learning Outcomes
Graduates of the Department of Marital and Family Therapy should know:
- A broad theoretical basis for the practice of art psychotherapy
- The complex societal culture in which they are engaging
- The legal and professional responsibilities of the licensed practicing psychotherapist.

Graduates of the Department of Marital and Family Therapy should be able to:
- Advance to professional engagement in the mental health community
- Describe individual and family dynamics according to the theory and concepts of the discipline of marriage and family therapy
- Delineate short-term and long-term psychotherapeutic goals and develop treatment plans
- Synthesize the art therapy modality with traditional theoretical approaches and use a variety of techniques and interventions to achieve systemic change
- Present case material in verbal and written form at a professional level
- Work with others from varied and diverse perspectives
- Engage in critical scholarly discourse in the field of art psychotherapy.

Graduates of the Department of Marital and Family Therapy are encouraged to value:
- An increasing commitment to change as part of the psychotherapeutic and artistic process
- The ongoing development of multicultural competencies
- Engagement with the community in the service of social justice.

Program Requirements
The Master of Arts degree will be granted upon satisfactory completion of a minimum of 60 semester hours. A total of eleven practicum semester hours are applied towards the required total semester hours of credit. The internship fulfills a minimum of up to 840 hours with 420 direct client contact hours. The internship includes a minimum of two hours a week of supervision. This is
provided by licensed psychotherapists who are approved by Loyola Marymount University.

Students enrolled in the full-time Master of Arts in Marital and Family Therapy program will complete the degree requirements in two years. A three-year day program is also available.

Students are required to maintain a "B" (3.0) grade point average in both classroom and internship tracks.

The Department takes seriously its role in the training of therapists. The personality as well as the intellectual capability of each student is carefully evaluated. In light of this, a student may be disqualified from the program for factors other than grades.

Students are required to receive personal psychotherapy during the first two semesters in the program.

Faculty members are practicing clinicians. The courses they teach are directly related to their work experience and area of expertise.

Course Work Sequence

First Semester (Fall)
- MFTH 600 Art Therapy Literature and Assessment 2 semester hours *
- MFTH 601 Art Therapy Explorations 2 semester hours *
- MFTH 602 Fundamentals of Marriage/Family Systems 2 semester hours
- MFTH 604 Child Psychotherapy: Theory and Practice 2 semester hours
- MFTH 609 Introduction to Mental Health Services 2 semester hours
- MFTH 615 Group Psychotherapy: Theory and Practice 2 semester hours
- MFTH 638 Psychopathology 2 semester hours
- MFTH 640 Psychological Tests 2 semester hours

Total: 16 semester hours

Second Semester (Spring)
- MFTH 606 Adolescent Psychotherapy: Theory and Practice 2 semester hours
- MFTH 608 Theories of Marriage and Family Therapy 2 semester hours
- MFTH 610 Adult Psychotherapy 2 semester hours
- MFTH 611 Drug and Alcohol Treatment 1 semester hours
- MFTH 612 Marriage and Family Psychotherapy: Issues and Applications 2 semester hours
- MFTH 617 Practicum/Supervision I 1 semester hours
- MFTH 618 Practicum/Supervision II 4 semester hours
- MFTH 619 Practicum/Supervision III 4 semester hours
- MFTH 621 Cultural Issues in Marital and Family Therapy 1 TO 3 semester hours
- MFTH 630 Marital and Family Therapy: Clinical Studies 2 TO 3 semester hours
- MFTH 691 Research Methodology 3 semester hours

Total: 13 semester hours

Third Semester (Fall)
- MFTH 613 Assessment and Intervention of Intimate Partner Violence 1 semester hours
- MFTH 615 Human Sexuality 1 semester hours
- MFTH 616 Human Sexuality 1 semester hours
- MFTH 690 Seminar: Professional Ethics 2 semester hours
- MFTH 696 Research/Clinical Paper 3 semester hours

Total: 60 semester hours

Fourth Semester (Spring)

- MFTH 610 Adult Psychotherapy 2 semester hours
- MFTH 611 Drug and Alcohol Treatment 1 semester hours
- MFTH 612 Marriage and Family Psychotherapy: Issues and Applications 2 semester hours
- MFTH 617 Practicum/Supervision I 1 semester hours
- MFTH 618 Practicum/Supervision II 4 semester hours
- MFTH 619 Practicum/Supervision III 4 semester hours
- MFTH 621 Cultural Issues in Marital and Family Therapy 1 TO 3 semester hours
- MFTH 630 Marital and Family Therapy: Clinical Studies 2 TO 3 semester hours
- MFTH 691 Research Methodology 3 semester hours

Total: 5 semester hours

Summer Study Abroad in Mexico

The Graduate Department of Marital and Family Therapy has established a summer Study Abroad program in San Miguel de Allende, Mexico. While obtaining a master’s degree at LMU, students are encouraged to attend the summer program at which they are able to fulfill degree requirements, broaden their appreciation for issues of culture and, specifically, the Mexican culture. Classes available are MFTH 620, MFTH 622, and MFTH 629. These summer units can be counted toward Fall classes MFTH 621 and MFTH 630.

Music

Faculty
Chairperson: Mark Saya
Professors: Mary C. Breden, Paul W. Humphreys, Mark Saya, Virginia Saya
Assistant Professor: Michael Miranda
Clinical Assistant Professors: Wojciech Kocyan, Martha Masters

Music, B.A.

Objectives
The purpose of the Department of Music is to provide quality music instruction both for students who wish to pursue music as a career and for students who wish to enrich their lives through non-career oriented study and performance. Students and faculty work together to foster aesthetic involvement and creative and scholarly inquiry that support a vital community of music learning. Instruction emphasizes a personal approach. Through the presentation of diverse musical programs, the department also sustains and enriches the cultural vitality of the University and its surrounding communities. The work of the department further supports the goals...
Music:
The following standards must be met by majors in the Department of
Retention in the Major

Admission to the Major and Minor

Students majoring in Music are presented with the opportunity to
Students majoring in Music should know:

Students majoring in Music are accredited by the National Association of Schools of Music.

Student Learning Outcomes
Students majoring in Music should be able to:

- Develop physical coordination and technical skills required for specific musical activities (conducting, singing, instrumental performance)
- Apply essential principles of music theory and form to the study and evaluation of musical scores (critical skills)
- Display familiarity with musical notation in performance and original composition (creative skills).

Students majoring in Music should know:

- The historical evolution of Western music as evidenced by style periods, performance practices, and representative composers and their works
- The varieties of music as a cultural phenomenon seen in its interrelationship with belief systems, life-ways, and language.

Students majoring in Music are presented with the opportunity to value:

- The power of music as an expression and reflection of human emotion and responsiveness
- The experience of aesthetic engagement that allows for deep identification with music
- The synthesis of perspectives—physical, technical, analytical, historical—that leads to a cultured musical sensibility and artistic performance.

Admission to the Major and Minor

An audition in an applied emphasis (guitar, drum set, piano, strings, voice) is required before admission to the major or minor. Audition requirements appropriate to each emphasis (instrumental or voice) are available on-line and from the administrative office (Burns 103) of the Department of Music.

Retention in the Major

The following standards must be met by majors in the Department of Music:

- A grade of B (3.0) or better in:
  - MUSC 181 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours
  - MUSC 280 Guitar, Percussion, Piano, Strings, Voice 1 semester hours
  - MUSC 281 Guitar, Percussion, Piano, Strings, Voice 1 semester hours

- A grade of C (2.0) or better in:
  - MUSC 122 Music Theory and Form II 3 semester hours in order to advance to

- MUSC 221 Music Theory and Form III 3 semester hours

Foreign Language Requirement

One semester of foreign language selected from the following:

- ITAL 1101 Italian 1 4 semester hours or
- GRMN 1101 German 1 4 semester hours or
- FREN 1101 French 1 4 semester hours

Note:
The language option selected may be taken for Credit/No Credit grading but requires the approval of the Chairperson and the applied emphasis instructor.

Concentration Requirements

12 Semester Hours/Upper Division Music

With the approval of the director of the Concentration, all music majors must declare and complete an upper division Concentration. It is possible to complete two Concentrations with the approval of an academic advisor and the department chairperson. In order to fulfill a double Concentration, the student must take all classes required in each of the selected Concentrations. Music courses fulfilling one Concentration may not be used to satisfy the requirements of a second Concentration.

Instrumental Studies (INIS)

Required Courses:
- MUSC 310 Instrumental Pedagogy 3 semester hours
- MUSC 344 Alexander Technique 2 semester hours
- MUSC 450 Senior Project/Recital 1 semester hours

Additional 6 semester hours selected from the following:
- MUSC 309 History/Literature of the Guitar 3 semester hours
- MUSC 380 Guitar, Percussion, Piano, Strings, Voice, Composition 1 semester hours
- MUSC 455 World Music Ensembles II 0 OR 1 semester hours (enroll in 1 semester hour; repeatable)
- MUSC 480 Guitar, Percussion, Piano, Strings, Voice, Composition 1 semester hours
- MUSC 490 Chamber Orchestra 0 OR 1 semester hours (enroll in 1 semester hour; repeatable)
- MUSC 492 Chamber Music Ensembles 0 OR 1 semester hours (Guitar, String, Chamber and/or Percussion; enroll in 1 semester hour; repeatable)

Vocal Studies (VOVS)

Required Courses:
- MUSC 341 Vocal Pedagogy 3 semester hours
- MUSC 344 Alexander Technique 2 semester hours
- MUSC 450 Senior Project/Recital 1 semester hours

Additional 6 semester hours selected from the following:
- MUSC 340 Diction for Singers I 1 semester hours
- MUSC 342 Diction for Singers II 1 semester hours
- MUSC 343 Opera Scenes/Workshop 1 TO 2 semester hours (repeatable)
- MUSC 380 Guitar, Percussion, Piano, Strings, Voice, Composition 1 semester hours
- MUSC 480 Guitar, Percussion, Piano, Strings, Voice, Composition 1 semester hours
- MUSC 491 Consort Singers 0 OR 1 semester hours (enroll in 1 semester hour; repeatable)
- MUSC 493 Women's Chorus 0 OR 1 semester hours (enroll in 1 semester hour; repeatable)

MUSC 495 Concert Choir 0 OR 1 semester hours (enroll in 1 semester hour; repeatable)

Theory/Composition (INTC or VOTC)

Required Courses:
- MUSC 319 Analytic Techniques 3 semester hours or
- MUSC 322 Modal Counterpoint 3 semester hours or
- MUSC 323 Tonal Counterpoint 3 semester hours
- MUSC 387 Music Composition I 1 semester hours
- MUSC 454 World Music Ensembles I 0 OR 1 semester hours (enroll in 1 semester hour)
- MUSC 496 Theory Placement Practicum 0 TO 2 semester hours (enroll in 2 semester hours)

Additional 5 semester hours selected from the following:
- MUSC 365 History of Jazz 3 semester hours
- MUSC 382 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours (repeatable)*
- MUSC 388 Music Composition II 1 semester hours
- MUSC 396 Sociology of Music 3 semester hours
- MUSC 455 World Music Ensembles II 0 OR 1 semester hours (enroll in 1 semester hour; repeatable)
- MUSC 487 Music Composition III 1 semester hours
- MUSC 488 Music Composition IV 1 semester hours
- MUSC 492 Chamber Music Ensembles 0 OR 1 semester hours (Percussion only; enroll in 1 semester hour; repeatable)

Note:
* Piano for non-pianists; choice of other instrument or voice for pianists.

Note:
A grade of B+ (3.3) or above in the four semesters of Music Theory & Form (MUSC 121, MUSC 122, MUSC 221, MUSC 222) is required to be considered for admission to the Theory/Composition Concentration.

Music History/Literature (INMH or VOMH)

Required Courses:
- MUSC 319 Analytic Techniques 3 semester hours or
- MUSC 322 Modal Counterpoint 3 semester hours or
- MUSC 323 Tonal Counterpoint 3 semester hours
- MUSC 412 Pre-Renaissance and Renaissance Music 3 semester hours or
- MUSC 413 Music of the Baroque 3 semester hours or
- MUSC 414 Music of the Classical Era 3 semester hours or
- MUSC 415 Music of the Romantic Age 3 semester hours or
- MUSC 416 Music of the Twentieth-Century Era 3 semester hours
- MUSC 497 Musicology Placement Practicum 0 OR 1 semester hours

Note:
** includes guitar, string, piano, and percussion ensembles

*** includes guitar, string, piano, and percussion ensembles

Note:
* must be taken concurrently
** must be taken concurrently
*** includes guitar, string, piano, and percussion ensembles

178
for admission to the World Music/Ethnomusicology Concentration.

A grade of B+ or above in MUSC 303 is required to be considered for admission to the World Music/Ethnomusicology Concentration.

Note:
A grade of A- (3.7) or above in MUSC 316, MUSC 317, and MUSC 318 is required to be considered for admission to the Music History/Literature Concentration.

World Music/Ethnomusicology (INWM or VOWM)

Required Courses:
- MUSC 304 Topics in World Music Cultures 3 semester hours
- MUSC 407 Research and Methods in Ethnomusicology 1 semester hours
- MUSC 454 World Music Ensembles I 0 OR 1 semester hours (enroll in 1 semester hour)
- MUSC 455 World Music Ensembles II 0 OR 1 semester hours (enroll in 1 semester hour)

Additional 6 semester hours selected from the following:
- MUSC 365 History of Jazz 3 semester hours
- MUSC 380 Guitar, Percussion, Piano, Strings, Voice, Composition 1 semester hours
- MUSC 381 Guitar, Percussion, Piano, Strings, Voice, Composition 1 semester hours
- MUSC 396 Sociology of Music 3 semester hours
- MUSC 455 World Music Ensembles II 0 OR 1 semester hours (enroll in 1 semester hour; repeatable)
- MUSC 480 Guitar, Percussion, Piano, Strings, Voice, Composition 1 semester hours
- MUSC 481 Guitar, Percussion, Piano, Strings, Voice, Composition 1 semester hours

Note:
A grade of B+ or above in MUSC 303 is required to be considered for admission to the World Music/Ethnomusicology Concentration.

Conducting (INCD or VOCD)

Required Courses:
- MUSC 328 Choral Methods I 2 semester hours or
- MUSC 330 Score Reading I 2 semester hours
- MUSC 332 Choral Conducting 2 semester hours * or
- MUSC 333 Instrumental Conducting 2 semester hours *
- MUSC 432 Advanced Choral Conducting 2 semester hours or
- MUSC 433 Advanced Instrumental Conducting 2 semester hours
- MUSC 445 Choral Practicum 1 semester hours or
- MUSC 446 Orchestral Techniques Practicum 1 semester hours

Additional 5 semester hours selected from the following:
- MUSC 307 Choral Literature 3 semester hours
- MUSC 308 Orchestral Literature 3 semester hours
- MUSC 331 Score Reading II 2 semester hours
- MUSC 380 Guitar, Percussion, Piano, Strings, Voice, Composition 1 semester hours
- MUSC 381 Guitar, Percussion, Piano, Strings, Voice, Composition 1 semester hours
- MUSC 480 Guitar, Percussion, Piano, Strings, Voice, Composition 1 semester hours
- MUSC 481 Guitar, Percussion, Piano, Strings, Voice, Composition 1 semester hours
- MUSC 490 Chamber Orchestra 0 OR 1 semester hours (enroll in 1 semester hour; repeatable)
- MUSC 491 Consort Singers 0 OR 1 semester hours (enroll in 1 semester hour; repeatable)
- MUSC 492 Chamber Music Ensembles 0 OR 1 semester hours (enroll in 1 semester hour; repeatable)
- MUSC 493 Women's Chorus 0 OR 1 semester hours (enroll in 1 semester hour; repeatable)
- MUSC 495 Concert Choir 0 OR 1 semester hours (enroll in 1 semester hour; repeatable)

Note:
* Students in this Concentration take one of these courses as a general music requirement and the other as a Concentration requirement.

Note:
A grade of A- (3.7) or above in MUSC 332 or MUSC 333 (when taken as a general music requirement) is required to be considered for admission to the Conducting Concentration.

Applied Music

Individual Instructions

Music Major/Minor

Individual instruction (Guitar, Percussion, Piano, Strings, and Voice)
Music majors are required to complete a minimum of four semesters, and Music minors two semesters, of individual instruction in the following emphasis areas:
Major: 4 semester hours
- MUSC 180 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours
- MUSC 181 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours
- MUSC 280 Guitar, Percussion, Piano, Strings, Voice 1 semester hours
- MUSC 281 Guitar, Percussion, Piano, Strings, Voice 1 semester hours
- MUSC 282 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours
- MUSC 380 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours
- MUSC 381 Guitar, Percussion, Piano, Strings, Voice 1 semester hours
- MUSC 480 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours
- MUSC 481 Guitar, Percussion, Piano, Strings, Voice, Composition 1 semester hours
- MUSC 482 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours
- MUSC 483 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours
- MUSC 485 World Music Ensembles I 0 OR 1 semester hours
- MUSC 486 World Music Ensembles II 0 OR 1 semester hours
- MUSC 487 Women’s Chorus 0 OR 1 semester hours
- MUSC 488 Concert Choir 0 OR 1 semester hours
- MUSC 489 World Music Ensembles 0 OR 1 semester hours
- MUSC 490 Chamber Orchestra 0 OR 1 semester hours
- MUSC 491 Consort Singers 0 OR 1 semester hours
- MUSC 492 Chamber Music Ensembles 0 OR 1 semester hours
- MUSC 493 Women’s Chorus 0 OR 1 semester hours
- MUSC 495 Concert Choir 0 OR 1 semester hours

Music Non-Major/Non-Minor

Individual instruction (Guitar, Percussion, Piano, Strings, Winds, and Voice)
Individual instruction is available in Guitar, Percussion, Piano, Strings, Winds, and Voice. Permission of professor required.

There is an applied music fee of $460.00 per semester for fourteen 30-minute weekly lessons. Applied music courses are repeatable for credit.

- MUSC 182 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours
- MUSC 282 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours
- MUSC 382 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours
- MUSC 482 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours

Class instruction (Voice, Guitar, Piano)
Class instruction is available in voice, guitar, and piano for students at the beginning level.

- MUSC 105 The Vocal Experience 3 semester hours
- MUSC 106 The Guitar Experience 3 semester hours
- MUSC 107 The Piano Experience 3 semester hours
All of these courses fulfill Explorations: Creative Experience in the University Core. MUSC 107 requires a $15 lab fee for keyboard/headset upkeep.

Ensembles

Music Major/Minor
Music majors are required to complete four semesters, and Music minors two semesters, of active participation in an ensemble appropriate to the area of individual instruction emphasis.

Music Non-Major/Non-Minor
Membership is open to all students and the University community on audition-after-enrollment basis.

- MUSC 454 World Music Ensembles I 0 OR 1 semester hours
- MUSC 455 World Music Ensembles II 0 OR 1 semester hours
- MUSC 490 Chamber Orchestra 0 OR 1 semester hours
- MUSC 491 Consort Singers 0 OR 1 semester hours
- MUSC 492 Chamber Music Ensembles 0 OR 1 semester hours
- MUSC 493 Women’s Chorus 0 OR 1 semester hours
- MUSC 495 Concert Choir 0 OR 1 semester hours

Note:
* Includes guitar, string, piano, and percussion ensembles. These classes are repeatable for credit.

Private applied lessons requirements
Each semester hour of earned credit in private applied lessons requires the following:
1. One 50-minute private lesson weekly (total 14)
2. Enrollment in MUSC 101 Studio Class
3. Minimum of one (1) Studio Class performance per semester
4. End of semester performance jury

Private applied lessons eligibility
Only students who have been officially accepted through audition and declared music majors or minors by the Department of Music may enroll in private applied lessons.

No applied music fee is required.
- MUSC 180 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours
- MUSC 181 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours
- MUSC 280 Guitar, Percussion, Piano, Strings, Voice 1 semester hours
- MUSC 281 Guitar, Percussion, Piano, Strings, Voice 1 semester hours
- MUSC 380 Guitar, Percussion, Piano, Strings, Voice, Composition 1 semester hours
- MUSC 381 Guitar, Percussion, Piano, Strings, Voice, Composition 1 semester hours
- MUSC 480 Guitar, Percussion, Piano, Strings, Voice, Composition 1 semester hours
- MUSC 481 Guitar, Percussion, Piano, Strings, Voice, Composition 1 semester hours
- MUSC 482 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours
- MUSC 483 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours
- MUSC 485 World Music Ensembles I 0 OR 1 semester hours
- MUSC 486 World Music Ensembles II 0 OR 1 semester hours
- MUSC 487 Women’s Chorus 0 OR 1 semester hours
- MUSC 488 Concert Choir 0 OR 1 semester hours
- MUSC 489 World Music Ensembles 0 OR 1 semester hours
- MUSC 490 Chamber Orchestra 0 OR 1 semester hours
- MUSC 491 Consort Singers 0 OR 1 semester hours
- MUSC 492 Chamber Music Ensembles 0 OR 1 semester hours
- MUSC 493 Women’s Chorus 0 OR 1 semester hours
- MUSC 495 Concert Choir 0 OR 1 semester hours

Practice room facilities
Practice room facilities (free of charge) are available to all applied music students enrolled for credit.

Applied music course repeatability
Applied music courses are repeatable for credit. Majors who wish to continue credit enrollment beyond minimum requirements may enroll in the subsequent offerings.
- MUSC 380 Guitar, Percussion, Piano, Strings, Voice, Composition 1 semester hours
- MUSC 381 Guitar, Percussion, Piano, Strings, Voice, Composition 1 semester hours

Note:
* Includes guitar, string, piano, and percussion ensembles. These classes are repeatable for credit.
Music Model Four-Year Plan

Freshman Year

Fall Semester
- MUSC 101 Studio Class 0 semester hours
- MUSC 121 Music Theory and Form I 3 semester hours
- MUSC 133 Aural Skills I 1 semester hours
- MUSC 180 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours
- MUSC Ensemble 1 semester hours
- FREN 1101 French 1 4 semester hours or GRMN 1101 German 1 4 semester hours or ITAL 1101 Italian 1 4 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- University Core 3-4 semester hours

Total: 16-18 semester hours

Spring Semester
- MUSC 101 Studio Class 0 semester hours
- MUSC 122 Music Theory and Form II 3 semester hours
- MUSC 134 Aural Skills II 1 semester hours
- MUSC 181 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours
- MUSC Ensemble 1 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 15-18 semester hours

Sophomore Year

Fall Semester
- MUSC 101 Studio Class 0 semester hours
- MUSC 221 Music Theory and Form III 3 semester hours
- MUSC 235 Instrumentation 2 semester hours
- MUSC 280 Guitar, Percussion, Piano, Strings, Voice 1 semester hours
- MUSC Ensemble 1 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 16-19 semester hours

Spring Semester
- MUSC 101 Studio Class 0 semester hours
- MUSC 222 Music Theory and Form IV 3 semester hours
- MUSC 281 Guitar, Percussion, Piano, Strings, Voice 1 semester hours
- MUSC 316 Music History: Antiquity to 1600 3 semester hours
- MUSC Ensemble 1 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 14-16 semester hours

Junior Year

Fall Semester
- MUSC 317 Music History: 1600-1820 3 semester hours
- MUSC 303 Introduction to World Music Cultures 3 semester hours
- MUSC 332 Choral Conducting 2 semester hours or MUSC 333 Instrumental Conducting 2 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours
- Upper Division Elective 2 semester hours

Total: 16-18 semester hours

Spring Semester
- MUSC 318 Music History: 1820 to Present 3 semester hours
- MUSC Upper Division Concentration 2 semester hours
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours
- Elective 3-4 semester hours

Total: 14-17 semester hours

Senior Year

Fall Semester
- MUSC Upper Division Concentration 4 semester hours
- University Core 3-4 semester hours
- Upper Division Elective Non-Music 3-4 semester hours
- Elective 3-4 semester hours
- Elective 2 semester hours

Total: 15-18 semester hours

Spring Semester
- MUSC Upper Division Elective 4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours
- Elective 3-4 semester hours
- Elective 2 semester hours

Total: 15-18 semester hours

Note:
Music Minor

Admission to the Major and Minor
An audition in an applied emphasis (guitar, drum set, piano, strings, voice) is required before admission to the major or minor. Audition requirements appropriate to each emphasis (instrumental or voice) are available on-line and from the administrative office (Burns 103) of the Department of Music.

Foreign Language Requirement
One semester of foreign language selected from the following:
- ITAL 1101 Italian 1 4 semester hours or
- GRMN 1101 German 1 4 semester hours or
- FREN 1101 French 1 4 semester hours

Note:
The language option selected may be taken for Credit/No Credit grading but requires the approval of the Chairperson and the applied emphasis instructor.

Music Minor Curriculum (MUSC)

21 Semester Hours (Plus Foreign Language Requirement)
- MUSC 101 Studio Class 0 semester hours (2 semesters)
- MUSC 121 Music Theory and Form I 3 semester hours *
- MUSC 122 Music Theory and Form II 3 semester hours **
- MUSC 133 Aural Skills I 1 semester hours *
- MUSC 134 Aural Skills II 1 semester hours **

Applied Music

Individual Instructions

Music Major/Minor

Individual instruction (Guitar, Percussion, Piano, Strings, and Voice)
Music majors are required to complete a minimum of four semesters, and Music minors two semesters, of individual instruction in the following emphasis areas:

Major: 4 semester hours
- MUSC 180 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours
- MUSC 181 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours
- MUSC 280 Guitar, Percussion, Piano, Strings, Voice 1 semester hours
- MUSC 281 Guitar, Percussion, Piano, Strings, Voice 1 semester hours

Minor: 2 semester hours
- MUSC 180 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours
- MUSC 181 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours

Private applied lessons requirements
Each semester hour of earned credit in private applied lessons requires the following:
1. One 50-minute private lesson weekly (total 14)
2. Enrollment in MUSC 101 Studio Class
3. Minimum of one (1) Studio Class performance per semester
4. End of semester performance jury

Private applied lessons eligibility
Only students who have been officially accepted through audition and declared music majors or minors by the Department of Music may enroll in private applied lessons.

No applied music fee is required.
- MUSC 180 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours
- MUSC 181 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours
- MUSC 280 Guitar, Percussion, Piano, Strings, Voice 1 semester hours
- MUSC 281 Guitar, Percussion, Piano, Strings, Voice 1 semester hours
- MUSC 380 Guitar, Percussion, Piano, Strings, Voice, Composition 1 semester hours
- MUSC 381 Guitar, Percussion, Piano, Strings, Voice, Composition 1 semester hours
- MUSC 480 Guitar, Percussion, Piano, Strings, Voice, Composition 1 semester hours
- MUSC 481 Guitar, Percussion, Piano, Strings, Voice, Composition 1 semester hours

Practice room facilities
Practice room facilities (free of charge) are available to all applied music students enrolled for credit.

Applied music course repeatability
Applied music courses are repeatable for credit. Majors who wish to continue credit enrollment beyond minimum requirements may enroll in the subsequent offerings.

- MUSC 380 Guitar, Percussion, Piano, Strings, Voice, Composition 1 semester hours
- MUSC 381 Guitar, Percussion, Piano, Strings, Voice, Composition 1 semester hours
- MUSC 480 Guitar, Percussion, Piano, Strings, Voice, Composition 1 semester hours
- MUSC 481 Guitar, Percussion, Piano, Strings, Voice, Composition 1 semester hours

Music Non-Major/Non-Minor

Individual instruction (Guitar, Percussion, Piano, Strings, Winds, and Voice)
Individual instruction is available in Guitar, Percussion, Piano, Strings, Winds, and Voice. Permission of professor required.

There is an applied music fee of $460.00 per semester for fourteen 30-minute weekly lessons. Applied music courses are repeatable for credit.

- MUSC 182 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours
- MUSC 282 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours
- MUSC 382 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours
- MUSC 482 Guitar, Percussion, Piano, Strings, Winds, Voice 1 semester hours

Class instruction (Voice, Guitar, Piano)
Class instruction is available in voice, guitar, and piano for students at the beginning level.

- MUSC 105 The Vocal Experience 3 semester hours
- MUSC 106 The Guitar Experience 3 semester hours
- MUSC 107 The Piano Experience 3 semester hours

All of these courses fulfill Explorations: Creative Experience in the University Core. MUSC 107 requires a $15 lab fee for keyboard/headset upkeep.

Ensembles

Music Major/Minor
Music majors are required to complete four semesters, and Music minors two semesters, of active participation in an ensemble appropriate to the area of individual instruction emphasis.

Music Non-Major/Non-Minor
Membership is open to all students and the University community on audition-after-enrollment basis.

- MUSC 454 World Music Ensembles I 0 OR 1 semester hours
- MUSC 455 World Music Ensembles II 0 OR 1 semester hours
- MUSC 490 Chamber Orchestra 0 OR 1 semester hours

- MUSC 491 Consort Singers 0 OR 1 semester hours
- MUSC 492 Chamber Music Ensembles 0 OR 1 semester hours *
- MUSC 493 Women’s Chorus 0 OR 1 semester hours
- MUSC 495 Concert Choir 0 OR 1 semester hours

Note:
* Includes guitar, string, piano, and percussion ensembles. These classes are repeatable for credit.

Theatre Arts and Dance

Dance

Faculty
Chairperson: Patrick Damon Rago
Professors: Scott T. Heinzerling, Patrick Damon Rago, Judith M. Scaline
Associate Professor: Teresa L. Heiland
Assistant Professor: Rosalyn Le Blanc Loo
Full-Time Instructor: Kristen Smiarowski

Mission
Framed by the Mission of Loyola Marymount University, the LMU Dance Program is committed to the inquiry and practice of dance as a creative, expressive art form that is integral to life.

The program believes that the study of dance engages the student as a whole person-body, mind, and spirit.

Guided by collaborative partnerships with teachers and scholars, opportunities to engage prominent dance artists, as well as participation within the diverse cultural and dance communities of Los Angeles and beyond, LMU Dance prepares students for a variety of career paths in dance and related areas of professional engagement.

The program provides a strong, unified learning community that works with deep intention, cooperation, and flexible engagement in performance, scholarship, choreography, and social action.

Housed in the Department of Theatre Arts and Dance, the Dance Program offers coursework for the dance major, the dance minor, and the general student population who wish to pursue dance as part of the core curriculum, as electives, and for the purposes of a liberal arts education.

Theatre Arts

Faculty
Chairperson: Kevin J. Wetmore, Jr.
Professors: Diane Benedict, Charles E. Erven, Beth Henley (Presidential Professor), Ron Marasco, Katharine M. Noon, Judith Royer, C.S.J., Kevin J. Wetmore, Jr.
Assistant Professors: Arnab Banerji, Leon Wiebers

Dance, B.A.

Student Learning Outcomes
DOING: Upon and after graduation, a Dance major will:

- Dance with an articulate, centered, expressive, and skilled body
• Perform modern dance, ballet, jazz, and world dance—at least two of these at the intermediate-advanced level
• Connect the work and play of the body with the life of the mind and the spirit
• Discern the difference between an uninformed, unconscious reaction and the spark of impulse that can be generated from informed intuition
• Use informed intuition and imagination to address issues in art and life
• Maintain health through a practice of integration of body, mind, and spirit and a balance between activity and stillness, work and rest
• Understand and communicate with people from diverse backgrounds using appropriate listening and observing skills along with appropriate oral, written, and dance-movement skills and sensibilities
• Interactively use knowledge of dance and dancing along with knowledge of the other arts, humanities, business, and the sciences to ask questions and solve life and art problems
• Employ media and technology to learn about dance, make dances, and navigate the world in many other ways
• Write cogently and speak thoughtfully about dance, dancers, and dancing
• Seek, lead, and participate in one’s community
• Seek solitary time for reflection and study.

KNOWING: Upon graduation, a Dance major will:

• Understand the critical importance of diversity in dance, dancers, and dancing as well as in the life of culture at large
• Recognize similarities and differences between and among diverse peoples and phenomena and acknowledge the potential opportunities and challenges therein
• Understand the workings of the physical and emotional body as described through the study of somatics, the sciences, and psychology
• Analyze the interactive stages of the creative process and employ critical analysis when uncovering questions and building "answers"
• Comprehend the process and craft of dance composition and understand aesthetic valuing in dance
• Know historical and cultural traditions in dance
• Know fundamental principles of teaching dance to others
• Understand and appreciate the role of music, theatre, and media-technology in the making and presentation of dance.

VALUING: Upon graduation, a Dance major will:

• Identify personal values as a center from which to depart and return as one is tested through life experience
• Respect life in its diverse expressions
• Acknowledge the power of, and seek continued development of, interactive and integrated physical-spiritual-emotional consciousness
• Appreciate the voices of intuition and imagination
• Tolerate chaos, confusion, and uncertainty long enough to arrive at invention and transformation when making art and live life in all its expression
• Know oneself in order to have the strength, freedom, and will to give to others
• Appreciate that knowledge is cognitive, emotional, and sensory
• Appreciate that knowledge is a critical companion to intuition
• Recognize how being "truthful," "heartful," and "mindful" ultimately leads to transformation and connection to one’s life purpose
• Appreciate the importance of working as a community of dancers, colleagues, work associates, friends, and family and understand that this kind of work does not replace the need for solitary reflection and creation
• Appreciate that inviting more people to the "table of dance" could augment physical health of American people and enhance intrapersonal and interpersonal compassion and empathy.

Dance Generalist Track (GENL)

Major Requirements

Lower Division Requirements:
A minimum of 20 semester hours:
• DANC 100 Orientation to Dance 0 TO 1 semester hours
• DANC 101 Principles of Movement 0 TO 1 semester hours
• DANC 160 Fundamentals of Dance Composition I: The Choreographic Process 3 semester hours (counts also as University Core)
• DANC 161 Fundamentals of Dance Composition II: Dance Improvisation 3 semester hours
• DANC 183 Stagecraft for Dancers 1 semester hours
• DANC 260 Laban Movement Analysis 3 semester hours
• DANC 262 Dance Styles and Forms 3 semester hours
• DANC 261 History of Dance Theatre 3 semester hours
• DANC 282 I Am, Therefore I Dance 3 semester hours (counts also as University Core)
• DANC 380 Music for Dance 3 semester hours
• DANC 388 Careers in Dance 3 semester hours
• DANC 389 Laban Movement Analysis 3 semester hours (counts also as University Core)
• DANC 390 Laban Movement Analysis 3 semester hours (counts also as University Core)
• DANC 459 Senior Thesis Preparation 0 semester hours
• DANC 461 Senior Thesis: Project 3 semester hours (minimum of C [2.0] grade)
• DANC 462 Mentorship: Senior Thesis 0 TO 1 semester hours
• DANC 480 Kinesiology for Dancers I 3 semester hours (counts also as core)
• DANC 481 Kinesiology for Dancers II 3 semester hours (counts also as core)

Upper Division Requirements:
A minimum of 23 semester hours:
• DANC 377 Dance Production 0 TO 1 semester hours
• DANC 378 Service Project 0 TO 1 semester hours
• DANC 380 Music for Dance 3 semester hours
• DANC 388 Careers in Dance 1 semester hours
• DANC 459 Senior Thesis Preparation 0 semester hours
• DANC 460 Dance Theory Criticism 3 semester hours
• DANC 461 Senior Thesis: Project 3 semester hours (minimum of C [2.0] grade)
• DANC 462 Mentorship: Senior Thesis 0 TO 1 semester hours
• DANC 480 Kinesiology for Dancers I 3 semester hours (counts also as core)
• DANC 481 Kinesiology for Dancers II 3 semester hours (counts also as core)
• DANC 484 Principles of Teaching Dance 3 semester hours

Note:
A minimum of a C (2.0) must be maintained in major coursework.
A minimum grade of C (2.0) must be earned in each Dance major technique course and DANC 461.

Dance Generalist Model Four-Year Plan

Freshman Year

Fall Semester
• DANC 100 Orientation to Dance 0 TO 1 semester hours
• DANC 101 Principles of Movement 0 TO 1 semester hours
• DANC 160 Fundamentals of Dance Composition I: The Choreographic Process 3 semester hours
• DANC Modern 0-1 semester hours
• DANC Ballet 0-1 semester hours
• DANC Jazz 0-1 semester hours
• FFYS 1000 First Year Seminar 3 OR 4 semester hours
• University Core 3-4 semester hours
Total: 15-19 semester hours

Spring Semester
• DANC 161 Fundamentals of Dance Composition II: Dance Improvisation 3 semester hours
• DANC 183 Stagecraft for Dancers 1 semester hours
• DANC Modern 0-1 semester hours
• DANC Ballet 0-1 semester hours
• DANC World Dance 0-2 semester hours
• RHET 1000 Rhetorical Arts 3 OR 4 semester hours
• University Core 3-4 semester hours
• University Core 3-4 semester hours
Total: 17-20 semester hours

Sophomore Year

Fall Semester
• DANC 260 Laban Movement Analysis 3 semester hours
• DANC Modern 0-1 semester hours
• DANC Ballet 0-1 semester hours
• DANC Jazz 0-1 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours
• Elective 3-4 semester hours
Total: 14-17 semester hours

Spring Semester
• DANC 262 Dance Styles and Forms 3 semester hours
• DANC 281 History of Dance Theatre 3 semester hours
• DANC Modern 0-1 semester hours
• DANC Ballet 0-1 semester hours
• Elective 3-4 semester hours
• Elective 3-4 semester hours
Total: 14-16 semester hours

Junior Year

Fall Semester
• DANC 282 I Am, Therefore I Dance 3 semester hours
• DANC 377 Dance Production 0 TO 1 semester hours
• DANC 388 Careers in Dance 1 semester hours
• DANC 480 Kinesiology for Dancers I 3 semester hours
• DANC Modern 0-1 semester hours
• DANC Ballet 0-1 semester hours
• DANC Jazz 0-1 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours
Total: 15-18 semester hours

Spring Semester
• DANC 481 Kinesiology for Dancers II 3 semester hours
• DANC 484 Principles of Teaching Dance 3 semester hours
• DANC Ballet 0-1 semester hour
• DANC Modern 0-1 semester hours
• DANC World Dance 0-2 semester hours
• Elective 3-4 semester hours
• Elective 3-4 semester hours
Total: 17-19 semester hours

Senior Year

Fall Semester
• DANC 380 Music for Dance 3 semester hours
• DANC 459 Senior Thesis Preparation 0 semester hours
• DANC 460 Dance Theory Criticism 3 semester hours
• DANC 462 Mentorship: Senior Thesis 0 TO 1 semester hours
• DANC Modern 0-1 semester hour
• DANC Ballet 0-1 semester hour
• DANC Jazz 0-1 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours
Total: 14-17 semester hours

Spring Semester
• DANC 378 Service Project 0 TO 1 semester hours
• DANC 461 Senior Thesis: Project 3 semester hours
• DANC 462 Mentorship: Senior Thesis 0 TO 1 semester hours
Students majoring in Theatre Arts should be able to:

- Strengthen their skills in observation, concentration, and imagination
- Effectively apply learned acting techniques to performance and/or creative works of their own
- Interpret dramatic texts and critique theatrical performance using appropriate critical language and analytical frameworks
- To integrate effective use of body and voice in communication in a theatrical space
- Read technical drawings, and apply a basic understanding of scenery, scenic materials, construction procedures, and standard theatrical lighting practices to theatre production
- Identify the basic elements of stage direction; analyze a play script from the point of view of the director; articulate and defend a production concept; develop actor-coaching skills; and identify elements of direction that communicate story, theme, and concept
- Positively contribute to the field of theatre performance, history, and production.

Students majoring in Theatre Arts are presented with the opportunity to value:

- Theatre as a live, human, creative, and spiritual experience, which has the power to transform and educate as well as entertain an audience
- Non-Western theatrical styles and genres
- The impact design and production have on the theatrical experience, and the relationships and contributions of all collaborators and theatrical personnel and how they contribute to the creation of theatre production across a broad spectrum of styles and genres
- Individual expression through exploration, analysis, and creation of dramatic writing
- First-hand European theatre tradition; Stanislavski and Epic theatre performance techniques; the history, geography, and culture of Germany and Russia, through our semester study abroad program, Bonn-Moscow-Berlin.

Students majoring in Theatre Arts should know:

- Basic theories, techniques, and process of dramatic writing and structure, and various approaches to translating original dramatic material from the page to the stage/screen
- Basic world theatre history and dramatic literature, including exemplary works and genres
- Basic performance and design genres, styles, and techniques
- Basic strategies of career development and audition/interview methods.

## Major Requirements (THEA)

### Lower Division Requirements:

24 semester hours:

- THEA 111 Introduction to Theatre Performance 0 OR 3 semester hours
- THEA 120 Stagecraft 3 semester hours
- THEA 220 Introduction to Basic Scene, Lighting, and Costume Design 3 semester hours
- THEA 240 Western Theatre History and Literature I 3 semester hours
- THEA 245 Western Theatre History and Literature II 3 semester hours
- THEA 250 Theatre Practicum: Crew 0 TO 3 semester hours
- 7 semester hours of lower division Theatre coursework planned in consultation with departmental advisor

Note:

A grade of C (2.0) or better must be earned in each course:

- THEA 111 Introduction to Theatre Performance 0 OR 3 semester hours
- THEA 120 Stagecraft 3 semester hours
- THEA 220 Introduction to Basic Scene, Lighting, and Costume Design 3 semester hours
- THEA 240 Western Theatre History and Literature I 3 semester hours
- THEA 245 Western Theatre History and Literature II 3 semester hours

- DANC Modern 0-1 semester hours
- DANC Ballet 0-1 semester hours
- Elective 3-4 semester hours
- Elective 3-4 semester hours

Total: 13-17 semester hours

Note:

*Variable semester hours for all technique classes are options only for Dance majors and minors. All other students must take these courses for 2 semester hours.*
• THEA 250 Theatre Practicum: Crew 0 TO 3 semester hours

Upper Division Requirements:
30 semester hours:
• THEA 370 Directing for the Theatre I 3 semester hours
• THEA 450 Theatre Practicum: Crew 0 TO 3 semester hours
• THEA 490 Senior Thesis Project 3 semester hours
• 12 semester hours of upper division Theatre electives

9 semester hours of Theatre history/literature/criticism courses from the THEA 330s, 340s, 430s, of which 3 semester hours must be chosen from:
• THEA 347 African Spirit in Drama 3 semester hours or
• THEA 348 Asian Spirit in Drama 3 semester hours or
• THEA 349 Hispanic Spirit in Drama 3 semester hours or
• THEA 430 Special Author/Genre Seminar 3 semester hours or
• THEA 435 Special Period Seminar 3 semester hours
• THEA 370 Directing for the Theatre I 3 semester hours
• THEA 450 Theatre Practicum: Crew 0 TO 3 semester hours
• THEA 490 Senior Thesis Project 3 semester hours
and 12 semester hours of upper division Theatre electives

Note:
A grade of C (2.0) or better must be earned in each course of the 9 semester hours of Theatre history, literature, and criticism.
• THEA 370 Directing for the Theatre I 3 semester hours
• THEA 450 Theatre Practicum: Crew 0 TO 3 semester hours
• THEA 490 Senior Thesis Project 3 semester hours

Theatre Arts Model Four-Year Plan

Freshman Year

Fall Semester
• THEA 111 Introduction to Theatre Performance 0 OR 3 semester hours
• THEA 120 Stagecraft 3 semester hours
• THEA 121 Stagecraft Lab 0 semester hours
• FFYS 1000 First Year Seminar 3 OR 4 semester hours
• University Core 3-4 semester hours
• University Core 3-4 semester hours
• Elective 1 semester hour

Total: 12-18 semester hours

Spring Semester
• THEA 220 Introduction to Basic Scene, Lighting, and Costume Design 3 semester hours
• THEA 250 Theatre Practicum: Crew 0 TO 3 semester hours
• RHET 1000 Rhetorical Arts 3 OR 4 semester hours
• University Core 3-4 semester hours

Total: 10-16 semester hours

Sophomore Year

Fall Semester
• THEA 240 Western Theatre History and Literature I 3 semester hours
• THEA Elective 3 semester hours
• University Core 3-4 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours

Total: 15-18 semester hours

Spring Semester
• THEA 245 Western Theatre History and Literature II 3 semester hours
• THEA Elective 3 semester hours
• University Core 3-4 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours

Total: 15-18 semester hours

Junior Year

Fall Semester
• THEA 370 Directing for the Theatre I 3 semester hours
• THEA 450 Theatre Practicum: Crew 0 TO 3 semester hours (3 semester hours required)
• THEA History/Literature/Criticism 3 semester hours
• THEA Elective 3 semester hours
• University Core 3-4 semester hours

Total: 15-18 semester hours

Spring Semester
• THEA History/Literature/Criticism 3 semester hours
• THEA Elective 3 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours
• Elective 3-4 semester hours

Total: 15-18 semester hours

Senior Year

Fall Semester
• THEA History/Literature/Criticism 3 semester hours
• THEA Elective 3 semester hours
• University Core 3-4 semester hours

Total: 15-18 semester hours
• Elective 3-4 semester hours
• Elective 3-4 semester hours

Total: 15-18 semester hours

Spring Semester
• THEA 490 Senior Thesis Project 3 semester hours
• THEA Elective 3 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours
• Elective 3-4 semester hours

Total: 15-18 semester hours

Note:
This schedule is typical. The sequence and choice of courses must be decided in consultation with an advisor.

Dance Minor

Minor Requirements
Dance minor (DANG)—20 semester hours:

One composition course
• DANC 160 Fundamentals of Dance Composition I: The Choreographic Process 3 semester hours

One pedagogy course selected from
• DANC 363 Multiple Ways of Knowing and Showing: Music and Dance 3 semester hours
• DANC 385 Movement Arts for Children 3 semester hours
• DANC 484 Principles of Teaching Dance 3 semester hours

6 semester hours of theory courses selected from
• DANC 183 Stagecraft for Dancers 1 semester hours
• DANC 260 Laban Movement Analysis 3 semester hours
• DANC 281 History of Dance Theatre 3 semester hours
• DANC 282 I Am, Therefore I Dance 3 semester hours
• DANC 382 Drumming for Dance 2 semester hours
• DANC 386 Dance in Los Angeles 1 semester hours
• DANC 387 Dance as Social Action 0 TO 3 semester hours
• DANC 480 Kinesiology for Dancers 1 semester hours
• DANC 487 Dance Media and Technology 3 semester hours
• Other courses in Dance as directed by advisor

At least 6 semester hours of dance technique
(ballet, modern, and/or jazz dance)

At least 2 semester hours of tap or world dance

Theatre Arts Minor

Minor Requirements (THEA)
18 semester hours divided into 6 semester hours of lower division work, 12 semester hours of upper division theatre offerings, and participation in departmentally-sponsored events.

Minor programs must be planned in consultation with a departmental advisor. A minimum grade of C (2.0) must be obtained in each course included in the minor program.
Frank R. Seaver College of Science and Engineering

Administration
Dean: S. W. Tina Choe
Associate Dean for Undergraduate Studies: Pippa Drennan
Associate Dean of Faculty/Staff Development and Student Success: Herbert A. Medina
Associate Dean for Graduate Studies and External Affairs: Nazmul Ula

College Mission Statement
The Frank R. Seaver College of Science and Engineering is dedicated to providing outstanding educational opportunities in science, engineering, and mathematics in a mentoring environment to an increasingly diverse student body. The College emphasizes development of the whole person through its focus on ethical behavior and service to society.

The Graduate Programs in the Frank R. Seaver College of Science and Engineering provide opportunities for working professionals to enhance their skills and knowledge through modern, professionally rigorous and conveniently administered curricula which balance theory and practice in the areas of engineering, engineering management and leadership, computer and environmental science and the teaching of mathematics to advance their careers, serve the needs of society and meet the challenges of an ever-changing, complex world.

College Goals
Particularly applicable to the College are these goals: (1) to develop in the student the understanding that education is a self-discipline, and to place a greater responsibility for learning on the individual, (2) to integrate ethics into the curriculum in order to develop personal and professional integrity, (3) to help the student to become cognizant of the changing needs of humankind while interpreting and implementing the ever-increasing body of knowledge, (4) to encourage the student to recognize the wide applicability of scientific, engineering, and mathematical methods and to become skillful in their use, (5) to prepare the student for a world of accelerating scientific and technological change, (6) to impress upon the student that education must be a continuous process throughout one's professional career, and (7) to enable the Loyola Marymount graduate, through theological and philosophical studies, to make absolute and genuinely intellectual decisions and commitments about truth as it exists in the world and about one's own nature as a human being.

Programs
The College offers degree programs in Applied Mathematics, Biochemistry, Biology, Chemistry, Civil Engineering, Computer Science, Electrical Engineering, Engineering Physics, Environmental Science, Health and Human Sciences, Individualized Studies, Mathematics, Mechanical Engineering, Physics, and Systems Engineering. Frank R. Seaver College of Science and Engineering faculty also teach the science, technology, and mathematics component of the University Core curriculum. Courses numbered from 260-279 are designed specifically to meet the University Core requirements in Explorations: Nature of Science, Technology, and Mathematics (ESTM) for students not majoring within the College. With the exception of MATH 101, other lower-division courses in the College may also satisfy University Core requirements, especially Foundations: Quantitative Reasoning (FQTR). Check with your Dean's office.

Application of General University Requirements
The University requirements for admission and graduation and all general rules and regulations of the University as set forth in this Bulletin are applicable to and binding upon all students enrolled in the Frank R. Seaver College of Science and Engineering.

Degrees Offered
Bachelor of Arts in:
- Biology
- Mathematics

Bachelor of Science in Engineering in:
- Civil Engineering
- Electrical Engineering
- Mechanical Engineering

Bachelor of Science in:
- Applied Mathematics
- Biochemistry
- Biology
- Chemistry
- Computer Science
- Engineering Physics
- Environmental Science
- Health and Human Sciences
- Individualized Studies
- Mathematics
- Physics

Master of Arts in Teaching in: Mathematics

Master of Science in Engineering in:
- Civil Engineering
- Electrical Engineering
- Mechanical Engineering

Master of Science in:
- Environmental Science
- Systems Engineering

Dual degrees of Master of Science in Systems Engineering (offered by the Frank R. Seaver College of Science and Engineering) and MBA (offered by the Hilton College of Business)

In addition, the Frank R. Seaver College of Science and Engineering offers graduate Certificate Programs in Lean Healthcare Systems, Program Leadership, Systems Engineering, and Mechanical Engineering.
Teacher Preparation Programs in Biology, Chemistry, and Mathematics
Program Directors: Blake Mellor (Mathematics) and Carolyn Viviano (Biology and Chemistry)

The Frank R. Seaver College of Science and Engineering offers state accredited subject matter preparation programs in mathematics, biology, and chemistry. These programs meet the State of California subject matter requirements for a secondary teaching credential; a student who has successfully completed one of our subject matter programs (refer to the Mathematics, Biology, or Chemistry section of the University Bulletin) will receive a waiver for the California Subject Examinations for Teachers (CSET).

All three programs were designed in collaboration with the School of Education to enable students to complete their subject matter requirements and their preliminary credential in four years; however, this does require summer coursework. Alternatively, students can choose to complete the subject matter program in four years and obtain their credential as a masters level graduate student (refer to the School of Education section of the University Bulletin). It is recommended that students entering one of the subject matter programs meet with the program director to discuss their options before making a decision. The College also offers courses in mathematics and science to support the multiple subject credential program for teaching elementary school (see the Liberal Studies section in the Liberal Arts part of the University Bulletin).

All students interested in teaching mathematics or science at the secondary level should inform their departmental advisors as soon as possible and should also contact the Center for Undergraduate Teacher Preparation (CUTP).

The Center for Student Success in Science and Engineering
The Center for Student Success (CSS) in the Frank R. Seaver College of Science and Engineering coordinates and provides opportunities aimed at enhancing undergraduate students' academic performance and career prospects. Located in Pereira 100, CSS offers students a central location to access information that is integral to a successful educational experience. The CSS collaborates with other divisions on campus to provide students with information regarding career development, study abroad, and service opportunities to enhance the student's academic, professional, and personal development. In addition, the CSS offers support to prepare for admission into health professional schools. These elements reinforce the shared mission of the University of encouragement of learning and the education of the whole person. For more information about the Center for Student Success, please contact the Associate Dean for Undergraduate Studies office at 310.338.2833 or CSS@lmu.edu.

Current Students Interested in Transferring to the Frank R. Seaver College of Science and Engineering (CSE)
Students who are currently enrolled in a major at LMU outside of CSE but are interested in transferring to the CSE are encouraged to apply as early as possible. Students must have completed a semester of calculus (MATH 122/131) and a semester of general chemistry (CHEM 110/114) with a minimum grade of C (2.0) in each class. Students interested in the Computer Science or Mathematics major do not need the chemistry requirement. Individual programs may have additional requirements; refer to the University Bulletin for details. A minimum cumulative GPA of 3.0 is preferred for admission to the college. The Associate Dean of CSE and the Department Chair will evaluate the application when the student has met the minimum requirements.

Attainment of minimum requirements may not always be sufficient to secure approval of transfer request.

Core Curriculum for Students in the Frank R. Seaver College of Science and Engineering
CSE students enrolled in B.A. or B.S. degrees within the Frank R. Seaver College of Science and Engineering will follow the core curriculum as described below.

Science and Mathematics majors are required to complete 32 semester hours of core courses to satisfy the University Core requirements. Engineering majors are required to complete 30 semester hours of Core.

1. CSE students must complete one course from each of the following core areas:

   - **Core Area**
     - First Year Seminar
     - Rhetorical Arts
     - Theological Inquiry
     - Philosophical Inquiry
     - Studies in American Diversity

   - **Foundations**
     - Faith and Reason
     - Ethics and Justice

   - **Integrations**
     - Interdisciplinary Connections

2. To fulfill the rest of the core semester hour requirements, students take a combination of courses in the categories listed below taking at least one course under Explorations.

   - **Core Area**
     - Historical Analysis and Perspective
     - Creative Experience

   - **Explorations**
     - Understanding Human Behavior

3. Flagged Course requirements (200 level or higher): 5 flags required
- Writing: 2 Flags
- Oral Skills: 1 Flag
- Information Literacy: 1 Flag
- Engaged Learning: 1 Flag

Flagged courses will typically be courses that satisfy other Core, major, or elective requirements, so they will be incorporated over the student's four years of study. Foundations courses carry no flags.

Quantitative Reasoning and Nature of Science, Technology, and Mathematics Core categories are met by the curriculum of the major in CSE. In addition, the Quantitative Reasoning Flag is met by the curriculum of the major in CSE.

Science, Engineering, and Mathematics
Science, Engineering, and Mathematics (SCEM) courses are offered by the Frank R. Seaver College of Science and Engineering.

General Engineering
A General Engineering curriculum is offered during the first three semesters in which all requirements are nearly identical regardless of major. This provides maximum flexibility since students can switch to any major at any time during their first three semesters without losing any time or credit. During this period, students can be
classified as "Undecided Engineering" or can opt for one of the engineering majors—civil, electrical, or mechanical engineering. The principles and concepts that students learn during the General Engineering curriculum provide the foundation necessary for more advanced study in all engineering disciplines.

The freshman engineering faculty advisors advise all engineering students during the first two semesters. Students must consult each semester with their freshman advisor and register for the appropriate courses listed under the General Engineering curriculum. Any variation from the recommended paradigm must be approved by the freshman advisor.

Unless unusual circumstances suggest otherwise, a commitment to a particular major should be made before the second semester of the sophomore year. Students will then be assigned to a faculty advisor within their major. The Office of the Registrar must be informed whenever a student changes or declares a major.

General Engineering Curriculum

Freshman Year

Fall Semester

- ENGR 100 Introduction to Engineering Analysis, Problem Solving, and Design 3 semester hours
- CHEM 111 General Chemistry I Lab 1 semester hour
- CHEM 114 General Chemistry for Engineers 3 semester hours
- MATH 131 Calculus I 4 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- University Core 3-4 semester hours

Total: 14-15 semester hours

Spring Semester

- ENGR 160 Algorithms and Applications 3 semester hours
- BIOL 114 Biology for Engineers 3 semester hours
- MATH 132 Calculus II 4 semester hours
- PHYS 101 Introduction to Mechanics 4 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours

Total: 17-18 semester hours

Sophomore Year

Fall Semester

- ENGR 200 Statics 3 semester hours
- ELEC 210 Electric Circuit Analysis 3 semester hours
- ELEC 213 Electric Circuit Analysis Lab 0 semester hours
- MATH 234 Calculus III 4 semester hours
- PHYS 201 Introduction to Electricity and Magnetism 4 semester hours
- University Core 3-4 semester hours

Total: 17-18 semester hours

Biology

Faculty

Chairperson: Carl R. Urbinati
Professors: Philippa M. Drennan, Martina G. Ramirez, Eric Strauss (Presidential Professor), John P. Waggoner III
Associate Professors: Wendy J. Binder, Victor Carmona, Kam D. Dahlquist, Michelle R. Lum, M. Catharine McElwain, Carl R. Urbinati, Carolyn Viviana, Heather E. Watts
Assistant Professors: Deepa Dabir, W. Wesley Dowd, Nancy Fujishige

The mission of the Biology Department is to promote an appreciation for and understanding of the science of biology in our students. The particular objectives of the Biology Department are to: (1) provide students with a broad background in the biological sciences; (2) enable students to master the essential concepts of biology; (3) develop students' ability to think critically about scientific information and solve scientific problems; (4) enable students to articulate ideas and present information in both written and oral forms in a clear, organized fashion; (5) encourage students to participate in original research; (6) promote interdisciplinary scholarship; (7) teach students the skills of both field and laboratory biology, and enable them to participate directly in the scientific discovery process; (8) facilitate students' independent exploration of career opportunities; and (9) participate in the University's effort to educate nonscience majors in the areas of science and technology.

Biology, B.A.

The B.A. in Biology degree is a general liberal arts and sciences program. The B.A. will allow for a double major with other liberal arts programs. Pre-professional students should select the program leading to the B.S. degree.

Major Requirements, Lower Division: for the B.A. in Biology

- BIOL 101 General Biology I 3 semester hours *
- BIOL 102 General Biology II 3 semester hours *
- BIOL 111 General Biology I Lab 2 semester hours *
- BIOL 112 General Biology II Lab 2 semester hours *
- BIOL 201 Cell Function 3 semester hours *
- BIOL 202 Genetics 3 semester hours *
- CHEM 110 General Chemistry I 3 semester hours *
- CHEM 111 General Chemistry I Lab 1 semester hour *
- CHEM 112 General Chemistry II 3 semester hours *
- CHEM 113 General Chemistry II Lab 1 semester hour *
- CHEM 220 Organic Chemistry I 3 semester hours
- 6 semester hours of mathematics to include MATH 122 *
- Plus 3.0 additional semester hours in science to be approved by the Department Chairperson

Note:

* A student must complete with a C (2.0) average the courses indicated with an asterisk, including a C (2.0) average in BIOL 101, BIOL 102, BIOL 111, BIOL 112, BIOL 201, and BIOL 202, prior to becoming eligible to take any upper division biology course.

Major Requirements, Upper Division: (both B.S. and B.A. in Biology)

27 (B.S.) or 24 (B.A.) upper division semester hours in Biology, to be selected from the groups listed below, and to include at least 4 laboratory courses.
(a) One course in Cell/Organism Function
To be selected from
- BIOL 351 General Physiology 3 semester hours
- BIOL 353 Plant Physiology 3 semester hours
- BIOL 356 Cell Biology 3 semester hours
- BIOL 357 Comparative Animal Physiology 3 semester hours
- BIOL 358 Hormones and Behavior 4 semester hours
- BIOL 450 Physiology of Disease 3 semester hours

(b) One course in Molecular Biology
To be selected from
- BIOL 330 Embryology and Development 4 semester hours
- BIOL 367 Biological Databases 3 semester hours
- BIOL 437 Plant Development 3 semester hours
- BIOL 439 Molecular Biology Applications 4 semester hours
- BIOL 440 Molecular Neurobiology 3 semester hours
- BIOL 443 Molecular Biology 3 semester hours
- BIOL 478 Molecular Biology of the Genome 4 semester hours
- BIOL 479 Molecular Mechanisms of Disease 3 semester hours

(c) One course in Organismal Diversity
To be selected from
- BIOL 311 Plant Interactions 3 semester hours
- BIOL 312 Field Botany 4 semester hours
- BIOL 314 Tropical Ecology 3 semester hours
- BIOL 315 World Vegetation Ecology 3 semester hours
- BIOL 333 Biology of Mammals 4 semester hours
- BIOL 334 Invertebrate Zoology 4 semester hours
- BIOL 335 Comparative Anatomy 4 semester hours
- BIOL 338 Animal Behavior 4 semester hours
- BIOL 361 General Microbiology 3 semester hours
- BIOL 422 Marine Biology 4 semester hours

(d) One course in Populations
To be selected from
- BIOL 315 World Vegetation Ecology 3 semester hours
- BIOL 316 Island Biology 3 semester hours
- BIOL 318 Principles of Ecology 4 semester hours
- BIOL 321 Urban Ecology 3 semester hours
- BIOL 328 Tropical Marine Ecology 3 semester hours
- BIOL 338 Animal Behavior 4 semester hours
- BIOL 422 Marine Biology 4 semester hours
- BIOL 474 Principles of Evolution 3 semester hours
- BIOL 475 Evolution 4 semester hours
- BIOL 477 Conservation Genetics 4 semester hours

Note:
BIOL 328, BIOL 338, or BIOL 422 can satisfy only (c) or (d).

(e) One 2 semester hour 500-level seminar or research course

(f) Additional upper division biology courses.

(g) The above requirements must also include

One plant biology course
To be selected from
- BIOL 311 Plant Interactions 3 semester hours
- BIOL 312 Field Botany 4 semester hours
- BIOL 314 Tropical Ecology 4 semester hours
- BIOL 318 Principles of Ecology 4 semester hours
- BIOL 322 Urban Ecology Lab 1 semester hour
- BIOL 328 Tropical Marine Ecology 3 semester hours
- BIOL 333 Biology of Mammals 4 semester hours
- BIOL 338 Animal Behavior 4 semester hours
- BIOL 380 Tropical Marine Ecology Laboratory 1 semester hour
- BIOL 422 Marine Biology 4 semester hours

And one field biology course
To be selected from
- BIOL 312 Field Botany 4 semester hours
- BIOL 314 Tropical Ecology 4 semester hours
- BIOL 318 Principles of Ecology 4 semester hours
- BIOL 322 Urban Ecology Lab 1 semester hour
- BIOL 328 Tropical Marine Ecology 3 semester hours
- BIOL 333 Biology of Mammals 4 semester hours
- BIOL 338 Animal Behavior 4 semester hours
- BIOL 422 Marine Biology 4 semester hours

Note:
BIOL 312 can satisfy only one of these two categories.

In addition to the 24 required semester hours
Upper division biology courses may be taken as electives. Students preparing for specific graduate careers should discuss appropriate courses with their advisors.

To graduate as a biology major, a student must accumulate a C (2.0) average in all major requirements.

B.A. Degree—Biology Curriculum (120 S.H.)*

Freshman Year

Fall Semester
- BIOL 101 General Biology I 3 semester hours
- BIOL 111 General Biology I Lab 2 semester hours
- CHEM 110 General Chemistry I 3 semester hours
- CHEM 111 General Chemistry I Lab 1 semester hour
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- MATH Mathematics 3 semester hours**

Total: 15-16 semester hours

Spring Semester
- BIOL 101 General Biology I 3 semester hours
Major Requirements, Lower Division: for the B.S. in Biology

- BIOL 101 General Biology I 3 semester hours
- BIOL 102 General Biology II 3 semester hours
- BIOL 111 General Biology I Lab 2 semester hours
- BIOL 112 General Biology II Lab 2 semester hours
- BIOL 201 Cell Function 3 semester hours
- BIOL 202 Genetics 3 semester hours
- CHEM 110 General Chemistry I 3 semester hours
- CHEM 111 General Chemistry I Lab 1 semester hour
- CHEM 112 General Chemistry II 3 semester hours
- CHEM 113 General Chemistry II Lab 1 semester hour
- CHEM 220 Organic Chemistry I 3 semester hours
- CHEM 221 Organic Chemistry I Lab 1 semester hour
- CHEM 222 Organic Chemistry II 3 semester hours
- CHEM 223 Organic Chemistry II Lab 1 semester hour
- MATH 122 Calculus for the Life Sciences I 3 semester hours
- MATH 123 Calculus for the Life Sciences II 3 semester hours
- PHYS 253 General Physics I 4 semester hours
- PHYS 254 General Physics II 4 semester hours
Note:
(MATH 131, MATH 132 may be substituted for MATH 122, MATH 123)

* A student must complete with a C (2.0) average the lower division requirements indicated by asterisks, including a C (2.0) average in BIOL 101, BIOL 102, BIOL 111, BIOL 112, BIOL 201, and BIOL 202, prior to becoming eligible to take any upper division biology course.

Major Requirements, Upper Division: (both B.S. and B.A. in Biology)
27 (B.S.) or 24 (B.A.) upper division semester hours in Biology, to be selected from the groups listed below, and to include at least 4 laboratory courses.

(a) One course in Cell/Organism Function
To be selected from
- BIOL 351 General Physiology 3 semester hours
- BIOL 353 Plant Physiology 3 semester hours
- BIOL 356 Cell Biology 3 semester hours
- BIOL 357 Comparative Animal Physiology 3 semester hours
- BIOL 358 Hormones and Behavior 4 semester hours
- BIOL 450 Physiology of Disease 3 semester hours

(b) One course in Molecular Biology
To be selected from
- BIOL 330 Embryology and Development 4 semester hours
- BIOL 367 Biological Databases 3 semester hours
- BIOL 437 Plant Development 3 semester hours
- BIOL 439 Molecular Biology Applications 4 semester hours
- BIOL 440 Molecular Neurobiology 3 semester hours
- BIOL 443 Molecular Biology 3 semester hours
- BIOL 478 Molecular Biology of the Genome 4 semester hours
- BIOL 479 Molecular Mechanisms of Disease 3 semester hours

(c) One course in Organismal Diversity
To be selected from
- BIOL 311 Plant Interactions 3 semester hours
- BIOL 312 Field Botany 4 semester hours
- BIOL 314 Tropical Ecology 4 semester hours
- BIOL 328 Tropical Marine Ecology 3 semester hours
- BIOL 333 Biology of Mammals 4 semester hours
- BIOL 334 Invertebrate Zoology 4 semester hours
- BIOL 335 Comparative Anatomy 4 semester hours
- BIOL 338 Animal Behavior 4 semester hours
- BIOL 361 General Microbiology 3 semester hours
- BIOL 422 Marine Biology 4 semester hours

(d) One course in Populations
To be selected from
- BIOL 315 World Vegetation Ecology 3 semester hours
- BIOL 316 Island Biology 3 semester hours

- BIOL 318 Principles of Ecology 4 semester hours
- BIOL 321 Urban Ecology 3 semester hours
- BIOL 328 Tropical Marine Ecology 3 semester hours
- BIOL 338 Animal Behavior 4 semester hours
- BIOL 422 Marine Biology 4 semester hours
- BIOL 474 Principles of Evolution 3 semester hours
- BIOL 475 Evolution 4 semester hours
- BIOL 477 Conservation Genetics 4 semester hours

Note:
BIOL 328, BIOL 338, or BIOL 422 can satisfy only (c) or (d).

(e) One 2 semester hour 500-level seminar or research course

(f) Additional upper division biology courses.

(g) The above requirements must also include

One plant biology course
To be selected from
- BIOL 311 Plant Interactions 3 semester hours
- BIOL 312 Field Botany 4 semester hours
- BIOL 315 World Vegetation Ecology 3 semester hours
- BIOL 353 Plant Physiology 3 semester hours
- BIOL 437 Plant Development 3 semester hours

And one field biology course
To be selected from
- BIOL 312 Field Botany 4 semester hours
- BIOL 314 Tropical Ecology 4 semester hours
- BIOL 318 Principles of Ecology 4 semester hours
- BIOL 322 Urban Ecology Lab 1 semester hour
- BIOL 328 Tropical Marine Ecology 3 semester hours
- BIOL 333 Biology of Mammals 4 semester hours
- BIOL 338 Animal Behavior 4 semester hours
- BIOL 380 Tropical Marine Ecology Laboratory 1 semester hour
- BIOL 422 Marine Biology 4 semester hours

Note:
BIOL 318 can satisfy only one of these two categories.

In addition to the 24 required semester hours
Upper division biology courses may be taken as electives. Students preparing for specific graduate careers should discuss appropriate courses with their advisors.

To graduate as a biology major, a student must accumulate a C (2.0) average in all major requirements.

B.S. Degree—Biology Curriculum
(124 S.H.)*

Freshman Year
Fall Semester
- BIOL 101 General Biology I 3 semester hours
- BIOL 111 General Biology I Lab 2 semester hours
- CHEM 110 General Chemistry I 3 semester hours
- CHEM 111 General Chemistry I Lab 1 semester hour
- MATH 122 Calculus for the Life Sciences I 3 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours

Total: 15-16 semester hours

Spring Semester
- BIOL 102 General Biology II 3 semester hours
- BIOL 112 General Biology II Lab 2 semester hours
- CHEM 112 General Chemistry II 3 semester hours
- CHEM 113 General Chemistry II Lab 1 semester hour
- MATH 123 Calculus for the Life Sciences II 3 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours

Total: 15-16 semester hours

Sophomore Year

Fall Semester
- BIOL 201 Cell Function 3 semester hours
- CHEM 220 Organic Chemistry I 3 semester hours
- CHEM 221 Organic Chemistry I Lab 1 semester hour
- University Core 3-4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 16-19 semester hours

Spring Semester
- BIOL 202 Genetics 3 semester hours
- CHEM 222 Organic Chemistry II 3 semester hours
- CHEM 223 Organic Chemistry II Lab 1 semester hour
- University Core 3-4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 16-19 semester hours

Junior Year

Fall Semester
- BIOL Upper Division 4 semester hours
- PHYS 253 General Physics I 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 17-20 semester hours

Spring Semester
- BIOL Upper Division 4 semester hours
- BIOL Upper Division 3 semester hours
- PHYS 254 General Physics II 4 semester hours
- University Core 3-4 semester hours

Total: 14-15 semester hours

Senior Year

Fall Semester
- BIOL Upper Division 4 semester hours
- BIOL Upper Division 3 semester hours
- BIOL Seminar or Research 2 semester hours
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours

Total: 15-17 semester hours

Spring Semester
- BIOL Upper Division 4 semester hours
- BIOL Upper Division 3 semester hours
- Upper Division Elective 3-4 semester hours
- Upper Division Elective 3-4 semester hours
- Upper Division Elective 3-4 semester hours

Total: 16-19 semester hours

* A minimum of 45 upper division hours are required to complete the degree

** The course sequence in Mathematics depends on the results of the Mathematics Placement Exam.

*** Students who have completed MATH 122 or 131 may begin the physics sequence in the Fall semester of either the sophomore or junior year.

The sequence of the University Core courses should be discussed with the student's advisor.

Biology Minor

Minor Requirements
- BIOL 101 General Biology I 3 semester hours
- BIOL 102 General Biology II 3 semester hours
- BIOL 111 General Biology I Lab 2 semester hours
- BIOL 112 General Biology II Lab 2 semester hours
- BIOL 201 Cell Function 3 semester hours
- BIOL 202 Genetics 3 semester hours
- CHEM 110 General Chemistry I 3 semester hours
- CHEM 112 General Chemistry II 3 semester hours
- Plus 7 semester hours in upper division BIOL courses

Note:
The upper division courses for the minor must be selected under the direction of the Chairperson of the Department.

An average grade of C (2.0) must be accumulated in all lower division requirements prior to taking upper division courses. An average grade of C (2.0) must also be accumulated in all upper division courses included in the minor.

Chemistry and Biochemistry

Faculty
Chairperson: James M. Landry
Professors: S. W. Tina Choe, Lambert A. Doezema, James M. Landry, James A. Roe
Associate Professors: Nicole C. Bouvier-Brown, Jeremy E.B. McCallum, David A. Moffet, Thomas J. Reilly
Assistant Professor: Emily A. Jarvis

The chemistry and biochemistry curricula provide students with a solid foundation necessary for careers in research, health professions, teaching, and industry. The flexibility of the programs gives students the opportunity to explore areas that build upon that foundation. Examples of these areas include forensics, environmental science, and materials science. In addition, students acquire skills in critical thinking and problem solving useful in other professions such as law and business.

Chemistry and biochemistry are empirical sciences. In addition to intellectual mastery of the disciplines, the major programs also develop practical experimental skills. The LMU student obtains "hands on" experience, both in traditional synthetic and analytic bench chemistry, as well as in major contemporary methods and techniques, enhanced by the department's collection of modern instrumentation.

Because of the complex and sensitive nature of the equipment and techniques of chemistry and biochemistry, continued participation in the programs is contingent on appropriate development of the ability to work maturely and responsibly in the laboratory.

Biochemistry, B.S.

Objectives
There are two tracks available in the biochemistry major, ACS-certified track and General track.

The Bachelor of Science degree program, approved by the Committee on Professional Training of the American Chemical Society (ACS), **ACS certified track in Biochemistry**, is designed to prepare the student not only for immediate entry into the profession of biochemistry at the Bachelor's level but also for graduate study toward advanced degrees.

The Bachelor of Science degree program, **General track in Biochemistry**, provides the student with a flexible program that builds upon a solid fundamental knowledge in chemistry and biochemistry. Students work with their advisors/chairperson to select upper division elective courses in emphasis areas like health sciences--which include but are not limited to medicine, pharmacy, dentistry, optometry--and areas such as forensics, environmental chemistry, education, etc.

Student learning outcomes for the biochemistry major:
1. Students understand essential concepts in chemistry and biochemistry.
2. Students exhibit competence in the chemistry/biochemistry laboratory.
3. Students demonstrate the ability to think critically in analyzing scientific information and problem solving.
4. Students will demonstrate effective written and oral communication skills.
5. Students are knowledgeable about career opportunities in the chemical sciences.
6. Students appreciate the value of science to society.

Major Requirements

Lower Division Requirements: ACS-certified track and General track

- **CHEM 110 General Chemistry I** 3 semester hours
- **CHEM 111 General Chemistry I Lab** 1 semester hour
- **CHEM 112 General Chemistry II** 3 semester hours
- **CHEM 113 General Chemistry II Lab** 1 semester hour
- **CHEM 220 Organic Chemistry I** 3 semester hours
- **CHEM 221 Organic Chemistry I Lab** 1 semester hour
- **CHEM 222 Organic Chemistry II** 3 semester hours
- **CHEM 223 Organic Chemistry II Lab** 1 semester hour
- **BIOL 101 General Biology I** 3 semester hours
- **BIOL 111 General Biology I Lab** 2 semester hours
- **BIOL 201 Cell Function** 3 semester hours
- **BIOL 202 Genetics** 3 semester hours
- **CHEM 190 World of Chemistry and Biochemistry** 1 semester hour
- **MATH 122 Calculus for the Life Sciences I** 3 semester hours
- **MATH 123 Calculus for the Life Sciences II** 3 semester hours
- **PHYS 253 General Physics I** 4 semester hours
- **PHYS 254 General Physics II** 4 semester hours

Note:
A grade of at least C (2.0) is required in each of the CHEM courses. With approval of the Chairperson, MATH 131 and MATH 132; PHYS 101 and PHYS 201 may be substituted, as a complete package, for MATH 122 and MATH 123; PHYS 253 and PHYS 254. An average of C (2.0) is required for the BIOL, MATH, and PHYS courses.

Upper Division Requirements: ACS-certified track

33 upper division semester hours of CHEM and CHEM/BIOL courses, including

- **CHEM 330 Inorganic Chemistry** 3 semester hours
- **CHEM 331 Inorganic Chemistry Lab** 1 semester hour
- **CHEM 340 Physical Chemistry** 3 semester hours
- **CHEM 341 Physical Chemistry Lab** 1 semester hour
- **CHEM 360 Analytical Chemistry and Lab** 4 semester hours
- **CHEM 370 Biochemistry** 3 semester hours
- **CHEM 371 Biochemistry Lab** 1 semester hour
- **CHEM 372 Advanced Biochemistry** 3 semester hours
- **CHEM 373 Advanced Biochemistry Lab** 1 semester hour
- **CHEM 390 Chemistry Seminar** 1 semester hour
- **CHEM 391 Chemistry Seminar** 1 semester hour
- **CHEM 490 Chemistry Seminar** 1 semester hour
At least one lecture course is required from:

- CHEM 342 Advanced Physical Chemistry 3 semester hours
- CHEM 420 Advanced Organic Chemistry 3 semester hours
- CHEM 430 Advanced Inorganic Chemistry 3 semester hours
- CHEM 460 Instrumental Analysis and Lab 4 semester hours

The remaining semester hours may be fulfilled with any upper division chemistry elective or upper division biology electives selected from:

- BIOL 330 Embryology and Development 4 semester hours
- BIOL 351 General Physiology 3 semester hours
- BIOL 353 Plant Physiology 3 semester hours
- BIOL 356 Cell Biology 3 semester hours
- BIOL 359 Cell Biology Laboratory 1 semester hour
- BIOL 361 General Microbiology 3 semester hours
- BIOL 367 Biological Databases 3 semester hours
- BIOL 368 Bioinformatics Laboratory 1 semester hour
- BIOL 437 Plant Development 3 semester hours
- BIOL 439 Molecular Biology Applications 4 semester hours
- BIOL 443 Molecular Biology 3 semester hours
- BIOL 445 Endocrinology 3 semester hours
- BIOL 449 Immunology 3 semester hours
- BIOL 478 Molecular Biology of the Genome 4 semester hours
- BIOL 479 Molecular Mechanisms of Disease 3 semester hours or
  - By consent of the Chairperson.

Upper Division Requirements: General track

32 upper division semester hours of CHEM and CHEM/BIOL courses, including

CHEM 340 Physical Chemistry 3 semester hours
- CHEM 341 Physical Chemistry Lab 1 semester hour
- CHEM 360 Analytical Chemistry and Lab 4 semester hours
- CHEM 370 Biochemistry 3 semester hours
- CHEM 371 Biochemistry Lab 1 semester hour
- CHEM 372 Advanced Biochemistry 3 semester hours
- CHEM 373 Advanced Biochemistry Lab 1 semester hour
- CHEM 390 Chemistry Seminar 1 semester hour
- CHEM 391 Chemistry Seminar 1 semester hour
- CHEM 490 Chemistry Seminar 1 semester hour
- CHEM 491 Chemistry Seminar 1 semester hour

The remaining semester hours may be fulfilled with any upper division chemistry elective or upper division biology electives selected from:

- BIOL 330 Embryology and Development 4 semester hours
- BIOL 351 General Physiology 3 semester hours
- BIOL 353 Plant Physiology 3 semester hours
- BIOL 356 Cell Biology 3 semester hours
- BIOL 359 Cell Biology Laboratory 1 semester hour
- BIOL 361 General Microbiology 3 semester hours
- BIOL 367 Biological Databases 3 semester hours
- BIOL 368 Bioinformatics Laboratory 1 semester hour
- BIOL 437 Plant Development 3 semester hours
- BIOL 439 Molecular Biology Applications 4 semester hours
- BIOL 443 Molecular Biology 3 semester hours
- BIOL 445 Endocrinology 3 semester hours
- BIOL 449 Immunology 3 semester hours
- BIOL 478 Molecular Biology of the Genome 4 semester hours
- BIOL 479 Molecular Mechanisms of Disease 3 semester hours or
  - By consent of the Chairperson.

Note:
Upper division elective courses must be approved by and developed in conjunction with your academic advisor/chairperson.

For both ACS-certified and General tracks:
Except for CHEM 390 and CHEM 490, an average grade of C (2.0) is required for courses included in the upper division requirements of the major. All upper division courses must be completed at LMU. Strongly recommended for those intending graduate study: CHEM 397/CHEM 497. A maximum of 12 semester hours of Chemistry/Biochemistry Internship and/or Directed Research (CHEM 393, CHEM 397, CHEM 493, CHEM 497) may be included toward the total baccalaureate requirement.

To be eligible for the Dean's list, students must have completed 14 semester hours at LMU for that semester.

Biochemistry Curriculum—ACS-Certified Track

Chemistry, B.S.

Objectives
There are two tracks available in the chemistry major, ACS-certified track and General track.

The Bachelor of Science degree program, approved by the Committee on Professional Training of the American Chemical Society (ACS), ACS-certified track in Chemistry, is designed to prepare the student not only for immediate entry into the profession of chemistry at the Bachelor's level but also for graduate study toward advanced degrees.

The Bachelor of Science degree program, General track in Chemistry, provides the student with a flexible program that builds upon a solid fundamental knowledge in chemistry. Students work with their advisors/chairperson to select upper division elective courses in emphasis areas like health sciences—which include but are not limited to medicine, pharmacy, dentistry, optometry—and areas such as forensics, environmental chemistry, education, etc.

Student learning outcomes for the chemistry major:
1. Students understand essential concepts in chemistry and biochemistry.
2. Students exhibit competence in the chemistry/biochemistry laboratory.
3. Students demonstrate the ability to think critically in analyzing scientific information and problem solving.
4. Students will demonstrate effective written and oral communication skills.
5. Students are knowledgeable about career opportunities in the chemical sciences.
6. Students appreciate the value of science to society.

Major Requirements
Lower Division Requirements: ACS-certified track and General track

- CHEM 110 General Chemistry I 3 semester hours
- CHEM 111 General Chemistry I Lab 1 semester hour
- CHEM 112 General Chemistry II 3 semester hours
- CHEM 113 General Chemistry II Lab 1 semester hour
- CHEM 190 World of Chemistry and Biochemistry 1 semester hour
- CHEM 220 Organic Chemistry I 3 semester hours
- CHEM 221 Organic Chemistry I Lab 1 semester hour
- CHEM 222 Organic Chemistry II 3 semester hours
- CHEM 223 Organic Chemistry II Lab 1 semester hour
- BIOL 101 General Biology I 3 semester hours
- BIOL 111 General Biology I Lab 1 semester hour
- MATH 122 Calculus for the Life Sciences I 3 semester hours
- MATH 123 Calculus for the Life Sciences II 4 semester hours
- PHYS 253 General Physics I 4 semester hours
- PHYS 254 General Physics II 4 semester hours

Note:
A grade of at least C (2.0) is required in each of the CHEM courses. With approval of the Chairperson, MATH 131 and MATH 132; PHYS 101 and PHYS 201 may be substituted, as a complete package, for MATH 122 and MATH 123; PHYS 253 and PHYS 254. An average of C (2.0) is required for the BIOL, MATH, and PHYS courses.

Upper Division Requirements: ACS-certified track

33 upper division semester hours of CHEM courses, including

- CHEM 330 Inorganic Chemistry 3 semester hours
- CHEM 331 Inorganic Chemistry Lab 1 semester hour
- CHEM 340 Physical Chemistry 3 semester hours
- CHEM 341 Physical Chemistry Lab 1 semester hour
- CHEM 360 Analytical Chemistry and Lab 4 semester hours
- CHEM 370 Biochemistry 3 semester hours
- CHEM 371 Biochemistry Lab 1 semester hour
- CHEM 390 Chemistry Seminar 1 semester hour
- CHEM 391 Chemistry Seminar 1 semester hour
- CHEM 490 Chemistry Seminar 1 semester hour
- CHEM 491 Chemistry Seminar 1 semester hour
- CHEM 430 Advanced Inorganic Chemistry 3 semester hours
- CHEM 460 Instrumental Analysis and Lab 4 semester hours

Note:
The remaining semester hours may be fulfilled with any upper division chemistry elective.

Upper Division Requirements: General track

31 upper division semester hours of CHEM and CHEM/Emphasis courses, including

- CHEM 340 Physical Chemistry 3 semester hours
- CHEM 341 Physical Chemistry Lab 1 semester hour
- CHEM 360 Analytical Chemistry and Lab 4 semester hours
- CHEM 370 Biochemistry 3 semester hours
- CHEM 371 Biochemistry Lab 1 semester hour
- CHEM 390 Chemistry Seminar 1 semester hour
- CHEM 391 Chemistry Seminar 1 semester hour
- CHEM 490 Chemistry Seminar 1 semester hour
- CHEM 491 Chemistry Seminar 1 semester hour

Note:
CHEM upper division electives and Emphasis upper division electives can be selected from any 300- and 400-level courses offered in the Chemistry and Biochemistry Department. The Emphasis courses can also be selected from other CSE departments. All upper division elective courses must be approved by and developed in conjunction with your academic advisor/chairperson. Example emphasis areas are: Chemical Education, Environmental Chemistry, Health Sciences (Medicine, Pharmacy, Dentistry, Optometry, etc.), and others.

For both ACS-certified and General tracks:
Except for CHEM 390 and CHEM 490, an average grade of C (2.0) is required for courses included in the upper division requirements of the major. All upper division courses must be completed at LMU. Strongly recommended for those intending graduate study: CHEM 397/CHEM 497. A maximum of 12 semester hours of Chemistry/Biochemistry Internship and/or Directed Research (CHEM 393, CHEM 397, CHEM 493, CHEM 497) may be included toward the 124-hour baccalaureate requirement.

To be eligible for the Dean’s list, students must have completed 14 semester hours at LMU for that semester.

**Biochemistry Minor**

**Minor Requirements: Biochemistry**
- BIOL 101 General Biology I 3 semester hours
- BIOL 111 General Biology I Lab 2 semester hours
- BIOL 201 Cell Function 3 semester hours
- BIOL 202 Genetics 3 semester hours
- CHEM 110 General Chemistry I 3 semester hours
- CHEM 111 General Chemistry I Lab 1 semester hour
- CHEM 112 General Chemistry II 3 semester hours
- CHEM 113 General Chemistry II Lab 1 semester hour
- CHEM 220 Organic Chemistry I 3 semester hours
- CHEM 221 Organic Chemistry I Lab 1 semester hour
- CHEM 222 Organic Chemistry II 3 semester hours
- CHEM 223 Organic Chemistry II Lab 1 semester hour
- CHEM 370 Biochemistry 3 semester hours
- CHEM 371 Biochemistry Lab 1 semester hour
- CHEM 372 Advanced Biochemistry 3 semester hours
- CHEM 373 Advanced Biochemistry Lab 1 semester hour
- CHEM 480 Medicinal Chemistry 3 semester hours
- Other advanced biochemical elective including one upper division laboratory course.

Note:
These must be selected under the direction of the Chairperson of the Department. CHEM 370 and other upper division courses used for the minor cannot also count toward the individual's major. A grade of C (2.0) must be obtained in each course included in the minor.

Chemistry Minor

Minor Requirements: Chemistry

- BIOL 101 General Biology I 3 semester hours
- BIOL 111 General Biology I Lab 2 semester hours
- CHEM 110 General Chemistry I 3 semester hours
- CHEM 111 General Chemistry I Lab 1 semester hour
- CHEM 112 General Chemistry II 3 semester hours
- CHEM 113 General Chemistry II Lab 1 semester hour
- CHEM 220 Organic Chemistry I 3 semester hours
- CHEM 221 Organic Chemistry I Lab 1 semester hour
- CHEM 222 Organic Chemistry II 3 semester hours
- CHEM 223 Organic Chemistry II Lab 1 semester hour
- A minimum of 7 upper division semester hours of CHEM courses including one upper division laboratory course.

Note:
These must be selected under the direction of the Chairperson of the Department. Upper division chemistry courses used for the minor cannot also count toward the individual's major.

A grade of C (2.0) must be obtained in each course included in the minor.

No chemistry minor is available in conjunction with a biochemistry major. It is suggested that the student interested in in-depth study of both subjects should major in chemistry and minor in biochemistry.

Civil Engineering and Environmental Science

Faculty
Chairperson: Michael E. Manoogian*
Associate Professors: Jeremy S. Pal, Jose A. Saez*
Adjunct Professors: Joseph Haworth*, Shelley Luce
Lecturers: Dennis Kasper*, Donald Kendall*
Graduate Program Director: Jeremy S. Pal
* Registered Professional Civil Engineer

Description
The civil engineer applies scientific and economic principles to plan, design, and oversee a wide variety of public and private projects which improve the quality of life, protect the environment, and facilitate economic growth. These projects include roads and highways, railroads, mass transit systems, airports, bridges, buildings, structures, harbors, flood control and drainage works, water supply, treatment and distribution systems, wastewater treatment and reuse systems, irrigation systems, pipelines, and power plants.

The civil engineering curriculum emphasizes practicality and design, supported by a strong background in scientific and mathematical concepts. The undergraduate program provides a broad background in all aspects of civil engineering, providing our graduates with the flexibility to practice in any of the specialties or to pursue an advanced degree. The program provides an opportunity to get hands-on experience with classes in surveying as well as laboratories in fluid mechanics, hydraulics, soil mechanics, mechanics of materials, structures, steel, and reinforced concrete design. Engineering design experiences are integrated throughout the curriculum beginning with the freshman engineering courses and extending through the last semester of the senior year. Design courses provide working experience with computer software used in the profession. Group and team projects prepare the student for real world engineering experiences.

The civil engineering student can select courses and electives that emphasize environmental engineering as described below.

Accreditation
The Civil Engineering program is accredited by the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology, 111 Market Place, Suite 1050, Baltimore, MD 21202-4012; telephone: 410.347.7700.

Mission
The mission of the Civil Engineering and Environmental Science is to provide opportunities for students to develop the skills and knowledge necessary to become productive professionals through a rigorous, student-centered curriculum that balances theory and practice, serving the needs of society by emphasizing sustainability and environmental justice and meets the challenges of an ever-changing, complex world through a dynamic engineering program, combined with a comprehensive liberal arts core.

Objectives
The Civil Engineering program has established the following program educational objectives that are consistent with the mission of the University and that describe the expected accomplishments of graduates during the first several years following graduation. Civil Engineering program graduates will:

1. Be productive in the civil engineering profession or other professional fields;
2. Uphold the code of ethics of the profession and be cognizant of social justice issues in the practice of civil engineering;
3. Further develop their professional and technical skills through graduate studies and continuing education;
4. Be involved with civil engineering professional organizations; and
5. Exhibit leadership in the practice of civil engineering.

To accomplish these program educational objectives, analysis and design courses in the fields of environmental, geotechnical, hydraulic, structural, and water resources engineering are offered in addition to preparatory courses in oral and written communications, mathematics, sciences, and basic mechanics. A broad base of theory and design is provided along with discussion of current issues and practices of the profession. Through class assignments, students will become proficient in the use of computers and pertinent software, spreadsheets, presentations, drawing, and geographical information system (GIS) programs. Integrated with these courses is the University core curriculum.

Program Outcomes
The Civil Engineering program has established the following program outcomes:

1. An ability to apply knowledge of mathematics, science, and engineering
2. An ability to design and conduct experiments, as well as to analyze and interpret data
3. An ability to design a system, component, or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability, and sustainability
4. An ability to function on multidisciplinary teams
5. An ability to identify, formulate, and solve engineering problems
6. An understanding of professional and ethical responsibility
7. An ability to communicate effectively
8. The broad education necessary to understand the impact of engineering solutions in a global, economic, environmental, and societal context
9. A recognition of the need for, and an ability to engage in lifelong learning
10. A knowledge of contemporary issues
11. An ability to use the techniques, skills, and modern engineering tools necessary for engineering practice.

Design in Civil Engineering
The civil engineering student participates in design projects throughout the curriculum both as an individual and as a member of a design team. The design experience varies in complexity as the student progresses through the program ending with the senior capstone design experience. Engineering design is the process of devising a system, component, or process to meet a specified need in an optimal manner. While the resulting design must stay within the appropriate specifications and constraints, consideration must also be given to economic, social, and environmental impacts and constructability. Accomplishing these varied goals requires creativity and involves considerable decision making. Many design projects are performed while part of a project team.

Civil Engineering, B.S.E.

Civil Engineering Curriculum
(131 S.H. Required)

Major Requirements
The program shown below is the recommended sequence for a major in civil engineering. A customized program is available in consultation with your faculty advisor, although it must meet minimum ABET-related standards. Students may focus in one or more areas of civil engineering by selecting a minimum of three electives in a particular area of concentration. Electives cannot count for any more than one area of concentration. Selected elective courses will be offered during each academic year.

A minimum of 32 semester hours of science and math, and 48 semester hours of engineering topics are required.

Lower Division Requirements:
- BIOL 114 Biology for Engineers 3 semester hours
- CHEM 11 General Chemistry I Lab 1 semester hour
- CHEM 114 General Chemistry for Engineers 3 semester hours
- CIVL 200 Mechanics of Materials 3 semester hours
- CIVL 210 Surveying and Mapping 3 semester hours
- CIVL 230 Particle Dynamics 2 semester hours
- CIVL 250 Thermal-Fluid Systems 3 semester hours
- ELEC 210 Electric Circuit Analysis 3 semester hours
- ELEC 213 Electric Circuit Analysis Lab 0 semester hours
- ENGR 100 Introduction to Engineering Analysis, Problem Solving, and Design 3 semester hours
- ENGR 160 Algorithms and Applications 3 semester hours
- ENGR 200 Statics 3 semester hours
- MATH 131 Calculus I 4 semester hours
- MATH 132 Calculus II 4 semester hours
- MATH 234 Calculus III 4 semester hours
- MATH 245 Ordinary Differential Equations 3 semester hours
- PHYS 101 Introduction to Mechanics 4 semester hours
- PHYS 201 Introduction to Electricity and Magnetism 4 semester hours
- PHYS 201 Introduction to Electricity and Magnetism 4 semester hours

Upper Division Requirements:
- CIVL 302 Seismic Design of Structures 3 semester hours
- CIVL 305 Structural Theory 3 semester hours
- CIVL 310 Fluid Mechanics I 3 semester hours
- CIVL 311 Fluid Mechanics Lab 1 semester hour
- CIVL 320 Introduction to Environmental Engineering 3 semester hours
- CIVL 395 Engineering Economics and Decision Theory 3 semester hours
- CIVL 400 Fundamentals of Water and Wastewater Treatment 3 semester hours
- CIVL 406 Water Resources Planning and Design 3 semester hours
- CIVL 410 Soil Mechanics 4 semester hours
- CIVL 411 Design of Foundations and Earth Structures 3 semester hours
- CIVL 460 Civil Engineering Design 4 semester hours
- MATH 360 Introduction to Probability and Statistics 3 semester hours or equivalent
- Science/Math elective
- Civil Engineering or Environmental Science electives

Freshman Year

Fall Semester
- ENGR 100 Introduction to Engineering Analysis, Problem Solving, and Design 3 semester hours
- CHEM 111 General Chemistry I Lab 1 semester hour
- CHEM 114 General Chemistry for Engineers 3 semester hours
- MATH 131 Calculus I 4 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours

Total: 14-15 semester hours

Spring Semester
- BIOL 114 Biology for Engineers 3 semester hours
- ENGR 160 Algorithms and Applications 3 semester hours
- MATH 132 Calculus II 4 semester hours
- PHYS 101 Introduction to Mechanics 4 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours

Total: 14-15 semester hours
Total: 17-18 semester hours

Sophomore Year

Fall Semester
- ELEC 210 Electric Circuit Analysis 3 semester hours
- ELEC 213 Electric Circuit Analysis Lab 0 semester hours
- ENGR 200 Statics 3 semester hours
- MATH 234 Calculus III 4 semester hours
- PHYS 201 Introduction to Electricity and Magnetism 4 semester hours
- University Core 3-4 semester hours

Total: 17-18 semester hours

Spring Semester
- CIVL 200 Mechanics of Materials 3 semester hours
- CIVL 210 Surveying and Mapping 3 semester hours
- CIVL 230 Particle Dynamics 2 semester hours
- CIVL 250 Thermal-Fluid Systems 3 semester hours
- MATH 245 Ordinary Differential Equations 3 semester hours
- University Core 3-4 semester hours

Total: 17-18 semester hours

Junior Year

Fall Semester
- CIVL 305 Structural Theory 3 semester hours
- CIVL 310 Fluid Mechanics I 3 semester hours
- CIVL 311 Fluid Mechanics Lab 1 semester hour
- CIVL 320 Introduction to Environmental Engineering 3 semester hours
- Science/Math Elective 3 semester hours
- University Core 3-4 semester hours

Total: 16-17 semester hours

Spring Semester
- CIVL 302 Seismic Design of Structures 3 semester hours

$\text{Total: 16-17 semester hours}$

Senior Year

Fall Semester
- CIVL 400 Fundamentals of Water and Wastewater Treatment 3 semester hours
- CIVL 410 Soil Mechanics 4 semester hours
- CIVL/ENVS Elective 3 semester hours
- CIVL/ENVS Elective 3 semester hours
- University Core 3-4 semester hours

Total: 15-16 semester hours

Spring Semester
- CIVL 411 Design of Foundations and Earth Structures 3 semester hours
- CIVL 460 Civil Engineering Design 4 semester hours
- CIVL/ENVS Elective 3 semester hours
- CIVL/ENVS Elective 3 semester hours
- University Core (if needed to complete Core requirements) 3-4 semester hours

Total: 13-17 semester hours

Total Required: 131 semester hour

University Core Requirement: Minimum of 30 semester hours

Note:
The proper sequence of the University Core/SCSE/CIVL/ENVS elective courses should be discussed with the student’s advisor.

Civil Engineering, M.S.E.

Objectives
The Civil Engineering and Environmental Science graduate program has established the following program educational objectives that are consistent with the mission of the University and that describe the expected accomplishments of graduates during the first several years following graduation. Civil Engineering and Environmental Science program graduates will:

- Be productive in their profession;
- Uphold the code of ethics of the profession and be cognizant of social justice issues in the practice of civil engineering and environmental science;
- Further develop their professional and technical skills through additional graduate studies and continuing education;
- Be involved with professional organizations in their field of interest; and
- Exhibit leadership in the practice of civil engineering and environmental science.

To accomplish these program educational objectives, analysis and design courses in the fields of water resources, hydraulics, environmental engineering and environmental science are offered with additional opportunities to broaden their education through courses in other departments, independent study and directed research resulting in a thesis. A broad base of theory and design is provided integrating current issues and professional practices.

Admission Requirements
All applicants must possess a bachelor of science (B.S.) degree or undergraduate engineering degree, which shall include:

- General Chemistry, 3 semester hours (1 course)
- Mathematics through one year of college calculus

Total all science: 12 semester hours or 4 courses, which could include biology, microbiology, chemistry, or physics.

The Department may require new applicants who lack an adequate background in mathematics, chemistry, or science to take additional courses prior to being admitted to or continuing in the program.

A completed application form and $50 application fee. Admission into the program is in strict conformity with the requirements for all graduate students. Upon review of the student's undergraduate and professional preparation, additional admission requirements may be set by the Civil Engineering Graduate Studies Committee of the Department.

Program Requirements
The LMU graduate program in civil engineering and environmental science offers four major fields of study: 1) M.S. in Engineering in Civil Engineering with an emphasis in Environmental Engineering, 2) M.S. in Engineering in Civil Engineering with an emphasis in Water Resources Engineering and Hydrology, 3) M.S. in Environmental Science, and 4) M.S. in Environmental Science with an emphasis in Urban Ecology.

The candidate for the Master of Science in Engineering degree in Civil Engineering or Master of Science in Environmental Science must satisfy the following requirements:

I. Complete with a 3.0 ("B") average a minimum of 30 semester hours which include core courses listed in item 1A below and elective courses listed in item 1B below. At least 18 semester hours must be at the 600 level. Students that have taken any of the core or elective courses below as part of his/her undergraduate degree at LMU will be required to take a different course as part of the M.S. program. (Equivalent courses at other institutions will be considered on a case by case basis.) Requirements for students on the Urban Ecology track are determined in consultation with the Director of the program.
A. Required core courses for each field of study

M.S. in Civil Engineering with emphasis in Environmental Engineering:
Required

- CIVL 504 Applied Fluid Mechanics 3 semester hours
  unless an equivalent course has been taken
- CIVL 600 Comprehensive Exam 0 semester hours
- ENVS 631 Principles of Water Quality Management 3 semester hours
- ENVS 633 Aquatic Chemistry 3 semester hours

Choose 5 from the following

- CIVL 603 Engineering Sustainability and LEED 3 semester hours
- CIVL 604 Climate Change, Impacts, and Sustainability 3 semester hours
- CIVL 610 Water and Wastewater Treatment Systems Design 3 semester hours
- CIVL 620 Computer and Environmental Analysis 3 semester hours
- CIVL 640 Physical and Chemistry Treatment Processes 3 semester hours
- CIVL 641 Biological Treatment Processes 3 semester hours
- ENVS 635 Chemical Fate and Transport 3 semester hours
- ENVS 644 Applied Microbiology 3 semester hours
- ENVS 645 Environmental Engineering and Science Laboratory 3 semester hours

M.S. in Civil Engineering with emphasis in Water Resources Engineering:
Required

- CIVL 504 Applied Fluid Mechanics 3 semester hours
  unless previously taken as part of another program
- CIVL 600 Comprehensive Exam 0 semester hours
- ENVS 631 Principles of Water Quality Management 3 semester hours

Choose 5 from the following

- CIVL 604 Climate Change, Impacts, and Sustainability 3 semester hours
- CIVL 607 Hydraulic Analysis and Design 3 semester hours
- CIVL 608 Groundwater Hydrology 3 semester hours
- CIVL 609 Open Channel Hydraulics 3 semester hours
- CIVL 620 Computer and Environmental Analysis 3 semester hours
- CIVL 634 Groundwater Management 3 semester hours
- CIVL 654 Surface Water Hydrology 3 semester hours
- ENVS 633 Aquatic Chemistry 3 semester hours
- ENVS 635 Chemical Fate and Transport 3 semester hours

M.S. in Environmental Science:
Required

- CIVL 504 Applied Fluid Mechanics 3 semester hours
- ENVS 631 Principles of Water Quality Management 3 semester hours
- ENVS 633 Aquatic Chemistry 3 semester hours
- CIVL 600 Comprehensive Exam 0 semester hours

B. Courses in other departments

Courses in other departments (maximum of 3 semester hours), independent studies (maximum of 3 semester hours), and thesis preparation (maximum of 6 semester hours) may be taken as additional electives with the consent of the Program Director and the other department.

C. The remaining semester hours would be elective courses from the list below, to bring the total semester hours to 30. Students in the Urban Ecology track of the M.S. in Environmental Science will need the approval of the Program Director and Associate Dean for Graduate Programs for any elective courses taken.

Graduate Courses (See sections 1A and 1B above for required core courses and elective courses in each field of study. A description of each course is provided in the Course Description section.)

- BIOL 521 Urban Ecology 3 semester hours
- CIVL 504 Applied Fluid Mechanics 3 semester hours
- CIVL 602 Membrane Treatment Systems 3 semester hours
- CIVL 603 Engineering Sustainability and LEED 3 semester hours
- CIVL 604 Climate Change, Impacts, and Sustainability 3 semester hours
- CIVL 605 Engineering Communications 3 semester hours
- CIVL 607 Hydraulic Analysis and Design 3 semester hours
Laboratory

ENVS 645 Environmental Engineering and Science
ENVS 644 Applied Microbiology

hours

ENVS 635 Chemical Fate and Transport
ENVS 633 Aquatic Chemistry

semester hours

ENVS 631 Principles of Water Quality Management
ENVS 632 Principles of Water Quality Management
ENVS 633 Aquatic Chemistry
ENVS 635 Chemical Fate and Transport

CIVL 649 Contaminated Site Remediation 3 semester hours
CIVL 650 Fundamentals of Environmental Health Risk Assessment 3 semester hours
CIVL 654 Surface Water Hydrology 3 semester hours
CIVL 656 Water Resources Systems Modeling 3 semester hours
CIVL 665 Economics of Water Resources 3 semester hours
CIVL 670 Contracts and Specifications 3 semester hours
CIVL 695 Master Thesis 3 semester hours (see Item 3 below)

CIVL 699 Independent Studies 1 TO 4 semester hours or
ENVS 699 Independent Studies 1 TO 4 semester hours (maximum of 3 semester hours)

ENVS 500 Geology 3 semester hours
ENVS 600 Ecology of Resilient Cities 3 semester hours
ENVS 601 Behavioral Ecology and Management of Urban Wildlife 3 semester hours
ENVS 602 Land Use, Legacies, and Transformation in Urban Ecosystems 3 semester hours
ENVS 603 Advanced Topics in Urban Ecology 3 semester hours
ENVS 615 Environmental Impact Reports 3 semester hours
ENVS 618 Applied Oceanography 3 semester hours
ENVS 625 Inland Waters 3 semester hours
ENVS 631 Principles of Water Quality Management 3 semester hours
ENVS 633 Aquatic Chemistry 3 semester hours
ENVS 635 Chemical Fate and Transport 3 semester hours
ENVS 644 Applied Microbiology 3 semester hours
ENVS 645 Environmental Engineering and Science Laboratory 3 semester hours

ENVS 650 Watershed Function and Protection 3 semester hours

II. Successfully complete

CIVL 600 Comprehensive Exam 0 semester hours for M.S. in Engineering or M.S. in Environmental Science (not applicable to the Urban Ecology Track)

III. Thesis Option.

With the consent of the Department, the student may elect a thesis, which may satisfy up to 6 semester hours of the elective requirements. The student may enroll for a maximum of 3 semester hours of Master’s Thesis in any semester or summer session for a maximum of 6 semester hours. Students electing this option must obtain a thesis advisor before Departmental consent will be considered. Formal requirements may be obtained from the Department.

Note:

In addition to the above requirements, the candidate of the Master of Science in Engineering degree in Civil Engineering (Environmental Engineering emphasis and Water Resources Engineering emphasis) must possess an undergraduate Engineering degree or pass the Fundamentals of Engineering examination given by the State of California prior to applying for graduation.

Environmental Science, M.S.

Admission Requirements

All applicants must possess a bachelor of science (B.S.) degree or undergraduate engineering degree, which shall include:

- General Chemistry, 3 semester hours (1 course)
- Mathematics through one year of college calculus

Total all science: 12 semester hours or 4 courses, which could include biology, microbiology, chemistry, or physics.

The Department may require new applicants who lack an adequate background in mathematics, chemistry, or science to take additional courses prior to being admitted to or continuing in the program.

A completed application form and $50 application fee. Admission into the program is in strict conformity with the requirements for all graduate students. Upon review of the student's undergraduate and professional preparation, additional admission requirements may be set by the Civil Engineering Graduate Studies Committee of the Department.

Program Requirements

The LMU graduate program in civil engineering and environmental science offers four major fields of study: 1) M.S. in Engineering in Civil Engineering with an emphasis in Environmental Engineering, 2) M.S. in Engineering in Civil Engineering with an emphasis in Water Resources Engineering and Hydrology, 3) M.S. in Environmental Science, and 4) M.S. in Environmental Science with an emphasis in Urban Ecology.

The candidate for the Master of Science in Engineering degree in Civil Engineering or Master of Science in Environmental Science must satisfy the following requirements:
I. Complete with a 3.0 ("B") average a minimum of 30 semester hours
which include core courses listed in item 1A below and elective courses listed in item 1B below. At least 18 semester hours must be at the 600 level. Students that have taken any of the core or elective courses below as part of his/her undergraduate degree at LMU will be required to take a different course as part of the M.S. program. (Equivalent courses at other institutions will be considered on a case by case basis.) Requirements for students on the Urban Ecology track are determined in consultation with the Director of the program.

A. Required core courses for each field of study

M.S. in Civil Engineering with emphasis in Environmental Engineering:

Required
- CIVL 504 Applied Fluid Mechanics 3 semester hours
- CIVL 600 Comprehensive Exam 0 semester hours
- ENVS 631 Principles of Water Quality Management 3 semester hours
- ENVS 633 Aquatic Chemistry 3 semester hours

Choose 5 from the following
- CIVL 603 Engineering Sustainability and LEED 3 semester hours
- CIVL 604 Climate Change, Impacts, and Sustainability 3 semester hours
- CIVL 610 Water and Wastewater Treatment Systems Design 3 semester hours
- CIVL 620 Computer and Environmental Analysis 3 semester hours
- CIVL 640 Physical and Chemistry Treatment Processes 3 semester hours
- CIVL 641 Biological Treatment Processes 3 semester hours
- ENVS 635 Chemical Fate and Transport 3 semester hours
- ENVS 644 Applied Microbiology 3 semester hours
- ENVS 645 Environmental Engineering and Science Laboratory 3 semester hours

M.S. in Civil Engineering with emphasis in Water Resources Engineering:

Required
- CIVL 504 Applied Fluid Mechanics 3 semester hours
- CIVL 600 Comprehensive Exam 0 semester hours
- ENVS 631 Principles of Water Quality Management 3 semester hours

Choose 5 from the following
- CIVL 604 Climate Change, Impacts, and Sustainability 3 semester hours
- CIVL 607 Hydraulic Analysis and Design 3 semester hours
- CIVL 608 Groundwater Hydrology 3 semester hours
- CIVL 609 Open Channel Hydraulics 3 semester hours
- CIVL 620 Computer and Environmental Analysis 3 semester hours
- CIVL 634 Groundwater Management 3 semester hours
- CIVL 654 Surface Water Hydrology 3 semester hours
- ENVS 633 Aquatic Chemistry 3 semester hours
- ENVS 635 Chemical Fate and Transport 3 semester hours

M.S. in Environmental Science:

Required
- CIVL 504 Applied Fluid Mechanics 3 semester hours
- ENVS 631 Principles of Water Quality Management 3 semester hours
- ENVS 633 Aquatic Chemistry 3 semester hours
- CIVL 600 Comprehensive Exam 0 semester hours

Choose 5 of the following
- CIVL 603 Engineering Sustainability and LEED 3 semester hours
- CIVL 604 Climate Change, Impacts, and Sustainability 3 semester hours
- CIVL 608 Groundwater Hydrology 3 semester hours
- CIVL 634 Groundwater Management 3 semester hours
- CIVL 640 Physical and Chemistry Treatment Processes 3 semester hours
- CIVL 641 Biological Treatment Processes 3 semester hours
- CIVL 654 Surface Water Hydrology 3 semester hours
- ENVS 635 Chemical Fate and Transport 3 semester hours
- ENVS 644 Applied Microbiology 3 semester hours
- ENVS 645 Environmental Engineering and Science Laboratory 3 semester hours

M.S. in Environmental Science with an emphasis on Urban Ecology:

- ENVS 600 Ecology of Resilient Cities 3 semester hours
- ENVS 601 Behavioral Ecology and Management of Urban Wildlife 3 semester hours
- ENVS 602 Land Use, Legacies, and Transformation in Urban Ecosystems 3 semester hours
- ENVS 603 Advanced Topics in Urban Ecology 3 semester hours

B. Courses in other departments
Courses in other departments (maximum of 3 semester hours), independent studies (maximum of 3 semester hours), and thesis preparation (maximum of 6 semester hours) may be taken as additional electives with the consent of the Program Director and the other department.

C. The remaining semester hours would be elective courses from the list below, to bring the total semester hours to 30. Students in the Urban Ecology track of the M.S. in Environmental Science will need the approval of the Program Director and Associate Dean for Graduate Programs for any elective courses taken.

Graduate Courses (See sections 1A and 1B above for required core courses and elective courses in each field of study. A description of each course is provided in the Course Description section.)
BIOL 521 Urban Ecology 3 semester hours
CIVL 504 Applied Fluid Mechanics 3 semester hours
CIVL 602 Membrane Treatment Systems 3 semester hours
CIVL 603 Engineering Sustainability and LEED 3 semester hours
CIVL 604 Climate Change, Impacts, and Sustainability 3 semester hours
CIVL 605 Engineering Communications 3 semester hours
CIVL 607 Hydraulic Analysis and Design 3 semester hours
CIVL 608 Groundwater Hydrology 3 semester hours
CIVL 609 Open Channel Hydraulics 3 semester hours
CIVL 610 Water and Wastewater Treatment Systems Design 3 semester hours
CIVL 612 Air Pollution Analysis 3 semester hours
CIVL 613 Solid Wastes Engineering 3 semester hours
CIVL 614 Industrial Waste Management 3 semester hours
CIVL 615 Theory and Design of Waste Outfall Systems 2 semester hours
CIVL 620 Computer and Environmental Analysis 3 semester hours
CIVL 634 Groundwater Management 3 semester hours
CIVL 635 Contaminant Transport Groundwater 3 semester hours
CIVL 640 Physical and Chemistry Treatment Processes 3 semester hours
CIVL 641 Biological Treatment Processes 3 semester hours
CIVL 648 Hazardous Substance Management 3 semester hours
CIVL 649 Contaminated Site Remediation 3 semester hours
CIVL 650 Fundamentals of Environmental Health Risk Assessment 3 semester hours
CIVL 654 Surface Water Hydrology 3 semester hours
CIVL 656 Water Resources Systems Modeling 3 semester hours
CIVL 665 Economics of Water Resources 3 semester hours
CIVL 670 Contracts and Specifications 3 semester hours
CIVL 695 Master Thesis 3 semester hours (see Item 3 below)
CIVL 699 Independent Studies 1 TO 4 semester hours or
ENVS 699 Independent Studies 1 TO 4 semester hours (maximum of 3 semester hours)
ENVS 500 Geology 3 semester hours
ENVS 600 Ecology of Resilient Cities 3 semester hours
ENVS 601 Behavioral Ecology and Management of Urban Wildlife 3 semester hours
ENVS 602 Land Use, Legacies, and Transformation in Urban Ecosystems 3 semester hours
ENVS 603 Advanced Topics in Urban Ecology 3 semester hours
ENVS 615 Environmental Impact Reports 3 semester hours

ENVS 618 Applied Oceanography 3 semester hours
ENVS 625 Inland Waters 3 semester hours
ENVS 631 Principles of Water Quality Management 3 semester hours
ENVS 633 Aquatic Chemistry 3 semester hours
ENVS 635 Chemical Fate and Transport 3 semester hours
ENVS 644 Applied Microbiology 3 semester hours
ENVS 645 Environmental Engineering and Science Laboratory 3 semester hours
ENVS 650 Watershed Function and Protection 3 semester hours

II. Successfully complete
- CIVL 600 Comprehensive Exam 0 semester hours for M.S. in Engineering or M.S. in Environmental Science (not applicable to the Urban Ecology Track)

III. Thesis Option.
With the consent of the Department, the student may elect a thesis, which may satisfy up to 6 semester hours of the elective requirements. The student may enroll for a maximum of 3 semester hours of Master’s Thesis in any semester or summer session for a maximum of 6 semester hours. Students electing this option must obtain a thesis advisor before Departmental consent will be considered. Formal requirements may be obtained from the Department.

Note:
In addition to the above requirements, the candidate of the Master of Science in Engineering degree in Civil Engineering (Environmental Engineering emphasis) must possess an undergraduate Engineering degree or pass the Fundamentals of Engineering examination given by the State of California prior to applying for graduation.

Electrical Engineering and Computer Science

Faculty
Chairperson: Raymond J. Toal
Professors: Philip M. Dorin, John A. Page, Raymond J. Toal, Nazmul Ula
Associate Professors: Stephanie E. August, John David N. Dionisio, Lei Huang, Barbara E. Marino, Jie Xu
Assistant Professor: Gustavo Vejarano
Lecturers: Cliff d’Autremont, David Hammers, Anil Kantak, Kirk Kohnen, Peter Pawlowski, Paul Rude

Graduate Program

Contact Information
Graduate Director: Gustavo Vejarano
Office Location: Doolan Hall, Room 108
Telephone: 310.338.5761
Fax: 310.338.2782

Mission Statement
The Master of Science program in Electrical Engineering is designed to provide theoretical knowledge as well as practical applications in the areas of communication systems, digital systems and computer
Through these programs, working engineers are given an opportunity to continue their education on a part-time basis.

Admission Requirements
Students seeking admission should have completed an undergraduate program in electrical engineering, computer science, or a closely related field. To be considered for admission, students must submit an application, $50 application fee, a statement of intent, and transcripts. Letters of recommendation and the Graduate Record Exam (GRE) are optional. Additional coursework may be recommended or required as a condition of admission.

Transfer Credit
Students may transfer up to six (6) semester hours for courses completed at another nationally accredited college or university. Credits to be transferred must be taken prior to admission. Course grade must be at least a "B," and course must not have been used to satisfy degree requirements at another college or university.

Program Requirements
During the first semester of attendance, the student should prepare a program of study with a faculty advisor. A degree candidate is required to complete, with an average grade of at least 3.0 ("B"), a program of study that must include thirty or more semester hours of graduate-level coursework and which may include additional prerequisite (undergraduate) courses, as deemed appropriate by the advisor in consultation with the department. Of the graduate-level coursework, at least fifteen semester hours are to be in 600-level courses. Students must achieve a grade of B (3.0) or better in all 500-level courses. Applicable courses generally include both CMSI and ELEC courses offered by this department, as well as appropriate courses from mathematics or other disciplines.

Electrical Engineering
A Master of Science in Engineering (M.S.E.) degree is offered in Electrical Engineering. Programs of study are composed of courses in the areas of VLSI design and communications. The program must include at least fifteen hours at the 600 level, including ELEC 601, plus the following courses:

- ELEC 584 Introduction to Microprocessors II
- ELEC 532 Probability and Random Processes
- ELEC 521 Introduction to Communication Systems

One or more of these required courses may be waived if the student demonstrates satisfactory completion of a similar course, or competence in the subject matter. Waived courses will be replaced by electives at the 500 or 600 level.

Computer Science, B.S.
The B.S. degree program in Computer Science consists of classroom and laboratory experiences in algorithms and data structures, software engineering and development, the theory of computation, operating systems, programming languages and translation, computer graphics and interaction design, distributed systems, network programming, and the organization and design of microprocessor-based computer systems.

The B.S. degree is awarded upon successful completion of the undergraduate major field curriculum. Department criteria for graduation include completion of all courses in the curriculum with a minimum grade point average of C (2.0) in the Upper Division Requirements listed below.

A minor field program in computer science is also offered, which emphasizes traditional topics such as programming and data structures. The course requirements are (1) CMSI 185, 186, 281, (2) 282 or 284, and (3) two upper division CMSI electives.

Objectives
The program educational objectives for graduates are: 1) preparation for professional practice; 2) preparation for advanced study; 3) promotion of the ideas of life-long learning; 4) development of self-fulfillment through professional activity; and 5) development of ethical values and personal responsibility.

The program educational objectives are met by providing a curriculum which follows contemporary guidelines for computer science. Mathematics and digital hardware courses are important components of the curriculum. In addition to these traditional technical courses, and in keeping with the Jesuit tradition of educating the whole person, the curriculum includes core requirements in the humanities, communications, social sciences, and the fine arts.

Opportunities for involvement in professional societies, student design competitions, public open source projects, research with faculty, and University co-curricular activities are plentiful and help to accomplish these objectives.

Computer Science Curriculum

Major Requirements

Lower Division Requirements:
- CMSI 185 Computer Programming 3 semester hours
- CMSI 186 Programming Lab 3 semester hours
- CMSI 281 Data Structures 3 semester hours
- CMSI 282 Algorithms 3 semester hours
- CMSI 284 Computer Systems Organization 3 semester hours
- ELEC 281 Logic Design 3 semester hours
- MATH 131 Calculus I 4 semester hours
- MATH 132 Calculus II 4 semester hours
- MATH 248 Introduction to Methods of Proof 3 semester hours

Upper Division Requirements:
- CMSI 370 Interaction Design 3 semester hours
- CMSI 371 Computer Graphics 3 semester hours
- CMSI 385 Introduction to Theory of Computation 3 semester hours
- CMSI 386 Programming Languages 3 semester hours
- CMSI 387 Operating Systems 3 semester hours
- CMSI 401 Software Engineering Lab 3 semester hours
- CMSI 402 Senior Project Lab 4 semester hours
- CMSI 486 Introduction to Database Systems 3 semester hours
- CMSI 488 Introduction to Database Systems 3 semester hours
- CMSI 488 Language Translation and Implementation 4 semester hours
- ELEC 385 Computer System Design 3 semester hours
- MATH 360 Introduction to Probability and Statistics 3 semester hours
- MATH 366 Discrete Methods 3 semester hours
- University Core
• A minimum of twenty-six (26) semester hours from the University Core, as follows:

  • **Seven (7) required core courses:** FFYS 1000 (3 OR 4 semester hours), RHET 1000 (3 OR 4 semester hours), Philosophical Inquiry (3-4 semester hours), Theological Inquiry (3-4 semester hours), American Diversity (3-4 semester hours), Faith and Reason (3-4 semester hours), and Ethics and Justice (3-4 semester hours).

  • If necessary, additional core courses to satisfy the 26-semester hour minimum, from: Historical Analysis (3-4 semester hours), and Interdisciplinary Connections (3-4 semester hours).

  • (Note that the required courses CMSI 370 and CMSI 371 are part of the University Core—Human Behavior and Creative Experience, respectively, so the effective number of core semester hours is 32.)

• Electives
  
  • Students must take a sufficient number of electives to reach the minimum requirement of 124 semester hours. These electives must contain:
    
    • One additional course (3 semester hours or more) in **upper division** Computer Science;
    
    • One course (3 semester hours) in a laboratory or natural science;
    
    • (Approximately) twenty-five (25) semester hours of free and unrestricted electives. Students are encouraged to use the electives to pursue a minor or second major.
    
    • Students will normally prepare a coherent program of electives and related core courses with a faculty adviser. The following tracks are recommended.
    
    • Business and Information Management
    
    • Satisfaction of social science requirements of the core with economics (ECON) courses, the CMSI elective requirement with Electronic Markets, and the following four courses in Applied Information Management Systems (AIMS) together with their prerequisites from Business:
      
      - AIMS 3720 Systems Analysis and Design 3 semester hours
      - AIMS 4740 Financial Modeling for Decision Support 3 semester hours
      - AIMS 4760 Analytics and Business Intelligence 3 semester hours
      - AIMS 4770 Information Technology Security 3 semester hours
    
    • Scientific Computing
    
    • Three (3) suitable science courses and two (2) suitable math courses, with the CMSI elective fulfilled with an interdisciplinary course such as CMSI 367 Biological Databases.
    
    • Games and Animation
    
    • CMSI 375 Game Design or an independent studies in game design or game programming (focusing on C++ or C#, Unreal or Unity engines),
    
    • Three (3) suitable Animation (ANIM) courses (plus prerequisites), and
    
    • One (1) Physics (PHYS) course, preferably PHYS 101 Introduction to Mechanics.
    
    • One or more of the lower division ANIM courses may be used to satisfy core curriculum requirements; the PHYS course can satisfy the science requirement.

• Mathematics
  
  • Five (5) or more courses selected from:
    
    - MATH 234 Calculus III 4 semester hours
    - MATH 245 Ordinary Differential Equations 3 semester hours
    - Abstract Algebra 3 OR 4 semester hours
    - MATH 321 Real Variables I 3 semester hours
    - MATH 322 Real Variables II 3 semester hours
    - MATH 355 Methods of Applied Mathematics 3 semester hours
    - MATH 357 Complex Variables 3 semester hours
    - MATH 471 Topology 3 semester hours
    - or any upper division mathematics course.
    
    • Cognitive Science
    
    • CMSI 485 Artificial Intelligence 3 semester hours
    
    • PSYC 2003 Brain and Behavior 4 semester hours (with appropriate PSYC prerequisites)
    
    • PSYC 3001 Cognition 4 semester hours (with appropriate PSYC prerequisites)
    
    • CMSI 485 can be used for the CMSI elective and one or more lower division PSYC prerequisites can be used for the Core Requirements. One or more courses in linguistics are recommended.

  • Note:
    
    • Students should consider one or more semester hours of CMSI 390 Internship or Practicum as a way to gain experience through an internship or a research practicum leading to publication.

**Sample Four-Year Plan for the B.S. Degree**

A typical course sequence for the completion of the B.S. degree is as follows:

**Freshman Year**

**Fall Semester**

- CMSI 185 Computer Programming 3 semester hours
- MATH 131 Calculus I 4 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- University Core 3-4 semester hours

Total: 13-15 semester hours

**Spring Semester**

- CMSI 186 Programming Lab 3 semester hours
- MATH 132 Calculus II 4 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- Elective 3-4 semester hours
- Elective 3-4 semester hours

Total: 16-19 semester hours

**Sophomore Year**

**Fall Semester**

- CMSI 281 Data Structures 3 semester hours
• MATH 248 Introduction to Methods of Proof 3 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours
• Elective 3-4 semester hours

Total: 15-18 semester hours

Spring Semester
• CMSI 282 Algorithms 3 semester hours
• CMSI 284 Computer Systems Organization 3 semester hours
• ELEC 281 Logic Design 3 semester hours
• MATH 366 Discrete Methods 3 semester hours
• University Core 3-4 semester hours

Total: 15-16 semester hours

Junior Year

Fall Semester
• CMSI 370 Interaction Design 3 semester hours
• CMSI 385 Introduction to Theory of Computation 3 semester hours
• CMSI 386 Programming Languages 3 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours

Total: 15-17 semester hours

Spring Semester
• CMSI 371 Computer Graphics 3 semester hours
• CMSI 387 Operating Systems 3 semester hours
• CMSI 488 Language Translation and Implementation 4 semester hours
• ELEC 385 Computer System Design 3 semester hours
• Elective 3-4 semester hours

Total: 16-17 semester hours

Senior Year

Fall Semester
• CMSI 401 Software Engineering Lab 3 semester hours
• CMSI 486 Introduction to Database Systems 3 semester hours
• MATH 360 Introduction to Probability and Statistics 3 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours

Total: 15-17 semester hours

Spring Semester
• CMSI 402 Senior Project Lab 4 semester hours
• Elective 3-4 semester hours

Total: 124 semester hours

The proper sequence of the University core courses should be discussed with the student's advisor.

Electrical Engineering, B.S.E.
The electrical engineering curriculum consists of classroom and laboratory experiences related to the following topics: engineering design, electrical and electronic circuits and models, control systems, communication systems, design of analog and digital systems, and organization and design of microprocessor-based computer systems.

The electrical engineering curriculum leads to the B.S.E. degree in Electrical Engineering. Department criteria for graduation include completion of all courses in one of the two emphases, electrical engineering or computer engineering, with a minimum grade point average of C (2.0) in the Upper Division Requirements.

A minor field program in electrical engineering is also supported. Course work includes 18 semester hours to be determined in consultation with the Department Chairperson. All minor field programs require the approval of the student’s major field faculty advisor and the Department Chairperson in the student’s major field.

Accreditation
The electrical engineering program is accredited by the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology, 111 Market Place, Suite 1050, Baltimore, MD 21202-4012; telephone: 410.347.7700.

Objectives
The electrical engineering program has established the following program educational objectives that are consistent with the mission of the University and the Frank R. Seaver College of Science and Engineering. The objectives describe the expected accomplishments of graduates during the first several years following graduation. The electrical engineering program graduates will:

1. Perform effectively as practicing engineers and/or successfully undertake graduate study in electrical engineering or related fields;
2. Meet the challenges of the future through continuing professional growth; and
3. Exhibit concern for service and justice through leadership within their profession, as well as the community as a whole.

These program educational objectives are met by providing a curriculum which has both breadth and depth. Engineering science and design, mathematics and basic sciences are significant components of the electrical engineering program. In addition to these traditional technical courses, and in keeping with the Jesuit tradition of educating the whole person, the curriculum includes core requirements in the humanities, communications, and the fine arts.

Opportunities for involvement in professional societies, student design competitions, and University co-curricular activities are plentiful and help to accomplish these objectives.
Design in Electrical Engineering
Design is interwoven throughout the electrical engineering curriculum, culminating in a formal senior design project course. Freshman and sophomore engineering courses provide an introduction to design. The two junior and first-semester senior laboratory courses extend this design experience to the integration of material from the upper division electrical engineering courses. Finally, the senior design project experience builds on the analytical and theoretical background developed throughout the curriculum as well as topics covered in the University's core curriculum.

Electrical Engineering Curriculum
(128 S.H.)

Major Requirements

Lower Division Requirements:
- BIOL 114 Biology for Engineers 3 semester hours
- CHEM 111 General Chemistry I Lab 1 semester hour
- CHEM 114 General Chemistry for Engineers 3 semester hours
- ELEC 210 Electric Circuit Analysis 3 semester hours
- ELEC 213 Electric Circuit Analysis Lab 0 semester hours
- ELEC 220 Electric Circuit Applications 3 semester hours
- ELEC 281 Logic Design 3 semester hours
- ENGR 100 Introduction to Engineering Analysis, Problem Solving, and Design 3 semester hours
- ENGR 160 Algorithms and Applications 3 semester hours
- ELEC 200 Statics 3 semester hours
- MATH 131 Calculus I 4 semester hours
- MATH 132 Calculus II 4 semester hours
- MATH 234 Calculus III 4 semester hours
- MATH 245 Ordinary Differential Equations 3 semester hours
- MATH 250 Linear Algebra 3 semester hours
- PHYS 101 Introduction to Mechanics 4 semester hours
- PHYS 201 Introduction to Electricity and Magnetism 4 semester hours

Upper Division Requirements:
- ELEC 301 Junior Lab I 3 semester hours
- ELEC 302 Junior Lab II 3 semester hours
- ELEC 353 Electronics I 3 semester hours
- ELEC 354 Electronics II 3 semester hours
- ELEC 361 Electromagnetics 3 semester hours
- ELEC 371 Linear Systems 3 semester hours
- ELEC 383 Introduction to Microprocessors 3 semester hours
- ELEC 400 Design Methodology 2 semester hours
- ELEC 401 Senior Lab I 3 semester hours
- ELEC 402 Senior Project 3 semester hours
- ELEC 423 Communications I 3 semester hours
- ELEC 424 Communications II 3 semester hours
- two courses selected from other offerings in Electrical Engineering:
- MATH 355 Methods of Applied Mathematics 3 semester hours

Electives
One course selected from other offerings in the Frank R. Seaver College of Science and Engineering with advisor approval.

Freshman Year

Fall Semester
- ENGR 100 Introduction to Engineering Analysis, Problem Solving, and Design 3 semester hours
- CHEM 111 General Chemistry I Lab 1 semester hour
- CHEM 114 General Chemistry for Engineers 3 semester hours
- MATH 131 Calculus I 4 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- University Core 3-4 semester hours

Total: 17-19 semester hours

Spring Semester
- ENGR 160 Algorithms and Applications 3 semester hours
- BIOL 114 Biology for Engineers 3 semester hours
- MATH 132 Calculus II 4 semester hours
- PHYS 101 Introduction to Mechanics 4 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours

Total: 17-18 semester hours

Sophomore Year

Fall Semester
- ELEC 210 Electric Circuit Analysis 3 semester hours
- ELEC 213 Electric Circuit Analysis Lab 0 semester hours
- ENGR 200 Statics 3 semester hours
- MATH 234 Calculus III 4 semester hours
- PHYS 201 Introduction to Electricity and Magnetism 4 semester hours

### Computer Engineering Emphasis within the Electrical Engineering Major

(128 S.H.)

#### Major Requirements

#### Lower Division Requirements:
- BIOL 114 Biology for Engineers 3 semester hours
- CHEM 111 General Chemistry I Lab 1 semester hour
- CHEM 114 General Chemistry for Engineers 3 semester hours
- CMSI 185 Computer Programming 3 semester hours
- CMSI 186 Programming Lab 3 semester hours
- CMSI 281 Data Structures 3 semester hours
- CMSI 284 Computer Systems Organization 3 semester hours
- ELEC 210 Electric Circuit Analysis 3 semester hours
- ELEC 213 Electric Circuit Analysis Lab 0 semester hours
- ELEC 220 Electric Circuit Applications 3 semester hours
- ELEC 281 Logic Design 3 semester hours
- ENGR 100 Introduction to Engineering Analysis, Problem Solving, and Design 3 semester hours
- ENGR 160 Algorithms and Applications 3 semester hours
- MATH 131 Calculus I 4 semester hours
- MATH 132 Calculus II 4 semester hours
- MATH 234 Calculus III 4 semester hours
- MATH 245 Ordinary Differential Equations 3 semester hours
- PHYS 100 Thinking in Science 3 semester hours
- PHYS 201 Introduction to Electricity and Magnetism 4 semester hours

#### Upper Division Requirements:
- ELEC 301 Junior Lab I 3 semester hours
- ELEC 302 Junior Lab II 3 semester hours
- ELEC 353 Electronics I 3 semester hours
- ELEC 354 Electronics II 3 semester hours
- ELEC 371 Linear Systems 3 semester hours
- ELEC 383 Introduction to Microprocessors 3 semester hours
- ELEC 400 Design Methodology 2 semester hours
- ELEC 401 Senior Lab I 3 semester hours
- ELEC 402 Senior Project 3 semester hours
- ELEC 423 Communications I 3 semester hours
- ELEC 424 Communications II 3 semester hours
- ELEC 584 Introduction to Microprocessors II 3 semester hours
- MATH 355 Methods of Applied Mathematics 3 semester hours

#### Electives

One course selected from other offerings in the Frank R. Seaver College of Science and Engineering with advisor approval.

### Freshman Year

#### Fall Semester
- ENGR 100 Introduction to Engineering Analysis, Problem Solving, and Design 3 semester hours
- CHEM 111 General Chemistry I Lab 1 semester hour
- CHEM 114 General Chemistry for Engineers 3 semester hours
- MATH 131 Calculus I 4 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- University Core 3-4 semester hours

Total: 17-19 semester hours

### Note:
The proper sequence of all courses should be discussed with the student's advisor.

Electrical Engineering, M.S.E.

**Program Requirements**

During the first semester of attendance, the student should prepare a program of study with a faculty advisor. A degree candidate is required to complete, with an average grade of at least 3.0 ("B"), a program of study that must include thirty or more semester hours of graduate-level coursework and which may include additional prerequisite (undergraduate) courses, as deemed appropriate by the advisor in consultation with the department. Of the graduate-level coursework, at least fifteen semester hours are to be in 600-level courses. Students must achieve a grade of B (3.0) or better in all 500-level courses. Applicable courses generally include both CMSI and ELEC courses offered by this department, as well as appropriate courses from mathematics or other disciplines.

Electrical Engineering

A Master of Science in Engineering (M.S.E.) degree is offered in Electrical Engineering. Programs of study are composed of courses in the areas of VLSI design and communications. The program must include at least fifteen hours at the 600 level, including ELEC 601, plus the following courses:

- • ELEC 584 Introduction to Microprocessors II
- • ELEC 532 Probability and Random Processes
- • ELEC 521 Introduction to Communication Systems

**Note:**

One or more of these required courses may be waived if the student demonstrates satisfactory completion of a similar course, or
computer science is also offered, which emphasizes traditional topics such as programming and data structures.

The course requirements are:

- CMSI 185 Computer Programming 3 semester hours
- CMSI 186 Programming Lab 3 semester hours
- CMSI 281 Data Structures 3 semester hours
- CMSI 282 Algorithms 3 semester hours or
- CMSI 284 Computer Systems Organization 3 semester hours
- Two upper division CMSI electives

**Electrical Engineering Minor**

**Minor Requirements**

Course work includes 18 semester hours to be determined in consultation with the Department Chairperson. All minor field programs require the approval of the student's major field faculty advisor and the Department Chairperson in the student's major field.

**Environmental Science**

**Interim Director**

Rachel G. Adams

**Faculty Affiliates**

**Environmental Science, B.S.**

**Objectives**

The objective of the Environmental Science major is to prepare students for a career in the field of environmental sciences. Students receiving this degree can either pursue graduate studies or enter the field of environmental science where jobs are available, for example, with private businesses, governmental agencies, and environmental non-profits and advocacy groups.

The Environmental Science major is a rigorous interdisciplinary program involving course work in biology, chemistry, physics, mathematics, and environmental science and engineering. The following is a list of learning outcomes for this degree program:

1. Students will be able to apply the scientific method to formulate and test hypotheses.
2. Students will be able to assess and evaluate effectively global environmental processes embedded in a social and ethical context.
3. Students will have proficiency in the following: Earth systems science, micro- and macroevolution, ecosystem services, and anthropogenic impacts on ecosystems.
4. Students will have proficiency in the fundamental concepts of the physical and life sciences.
5. Students will have basic field, laboratory, and analytic skills in a quantitative capacity.
6. Students will effectively communicate through written assignments and oral presentations.
7. Students will demonstrate critical thinking skills needed for assessing and solving problems relating to environmental issues and policies.

Laboratory courses are designed to maximize hands-on experience in collecting samples from various media, and using an array of equipment to characterize samples of soils, water, and air. Many of the environmental science courses include field trips to the adjacent Ballona Wetlands and Santa Monica Bay to demonstrate methods for collecting samples, and to study environmental conditions and resident biota. Internships with local environmental organizations and companies are an integral component of the program. The major requires that the student conduct a research project followed by presentation of results upon completion.

**Major Requirements**

**Lower Division Requirements:**

- BIOL 101 General Biology I 3 semester hours
- BIOL 102 General Biology II 3 semester hours
- BIOL 111 General Biology I Lab 2 semester hours
- BIOL 112 General Biology II Lab 2 semester hours
- BIOL 201 Cell Function 3 semester hours
- BIOL 202 Genetics 3 semester hours
- CHEM 110 General Chemistry I 3 semester hours
- CHEM 111 General Chemistry I Lab 1 semester hour
- CHEM 112 General Chemistry II 3 semester hours
- CHEM 113 General Chemistry II Lab 1 semester hour
- CHEM 220 Organic Chemistry I 3 semester hours
- CHEM 221 Organic Chemistry I Lab 1 semester hour
- ENVS 101 Introduction to Environmental Science 3 semester hours
- ENVS 250 Earth Science 3 semester hours
- EVST 1000 Introduction to Environmental Studies 4 semester hours
- MATH 122 Calculus for the Life Sciences I 3 semester hours
- MATH 123 Calculus for the Life Sciences II 3 semester hours
- MATH 204 Applied Statistics 3 semester hours
- PHYS 253 General Physics I 4 semester hours
- PHYS 254 General Physics II 4 semester hours

**Note:**

In order to be eligible to take an upper division science course, a student must have a C (2.0) average in the lower division science courses.

**Upper Division Requirements:**

33 upper division science hours which will include:

- BIOL 318 Principles of Ecology 4 semester hours
- BIOL 361 General Microbiology 3 semester hours
- BIOL 362 General Microbiology Laboratory 1 semester hour
- ENVS 357 Environmental Chemistry I 3 semester hours
- ENVS 358 Environmental Chemistry II 3 semester hours
- ENVS 359 Environmental Chemistry Lab 1 semester hour
- ENVS 491 Environmental Science Capstone I 2 semester hours
- ENVS 492 Environmental Science Capstone II 2 semester hours
- ENVS 493 Environmental Science Internship 1 TO 4 semester hours

One (1) applied Ecology elective (3 semester hours) selected from:
- BIOL 312 Field Botany 4 semester hours
- BIOL 314 Tropical Ecology 4 semester hours
- BIOL 315 World Vegetation Ecology 3 semester hours
- BIOL 316 Island Biology 3 semester hours
- BIOL 321 Urban Ecology 3 semester hours
- BIOL 322 Urban Ecology Lab 1 semester hour
- BIOL 422 Marine Biology 4 semester hours
- or by consent of director

In addition, 10 upper division science elective hours are required, to be selected from:
- ENVS 310 Oceanography 3 semester hours
- ENVS 356 Sustainable Practices 3 semester hours
- ENVS 420 Environmental Systems Lab 3 semester hours
- ENVS 504 Climate Change, Impacts, and Sustainability 3 semester hours
- ENVS 515 Environmental Impact Reports 3 semester hours
- ENVS 525 Inland Waters 3 semester hours
- ENVS 531 Principles of Water Quality Management 3 semester hours
- ENVS 533 Aquatic Chemistry 3 semester hours
- ENVS 550 Watershed Function and Protection 3 semester hours
- BIOL 311 Plant Interactions 3 semester hours
- BIOL 333 Biology of Mammals 4 semester hours
- BIOL 334 Invertebrate Zoology 4 semester hours
- BIOL 335 Comparative Anatomy 4 semester hours
- BIOL 474 Principles of Evolution 3 semester hours
- BIOL 477 Conservation Genetics 4 semester hours
- CHEM 354 Air Pollution: Atmospheric Chemistry 3 semester hours
- CHEM 356 Sustainable Practices 3 semester hours
- CHEM 460 Instrumental Analysis and Lab 4 semester hours
- CHEM 482 Toxicology 3 semester hours
- CHEM 560 Introduction to Modern Spectroscopy 3 semester hours
- CIVL 550 Fundamentals of Environmental Risk Management 2 semester hours
- HHSC 322 Public Health 3 semester hours
- or by consent of director.

Note:
A student must have a C (2.0) average in upper division science courses.

B.S. Degree in Environmental Science
(125 S.H.)

Freshman Year

Fall Semester
- BIOL 101 General Biology I 3 semester hours
- BIOL 111 General Biology I Lab 2 semester hours
- CHEM 110 General Chemistry I Lab 3 semester hours
- CHEM 111 General Chemistry I 3 semester hours
- ENVS 101 Introduction to Environmental Science 3 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours

Total: 15-16 semester hours

Spring Semester
- BIOL 112 General Biology II Lab 2 semester hours
- CHEM 112 General Chemistry II 3 semester hours
- CHEM 113 General Chemistry II Lab 1 semester hour
- MATH 122 Calculus for the Life Sciences I 3 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours

Total: 15-16 semester hours

Sophomore Year

Fall Semester
- BIOL 201 Cell Function 3 semester hours
- CHEM 220 Organic Chemistry I 3 semester hours
- CHEM 221 Organic Chemistry I Lab 1 semester hour
- EVST 1000 Introduction to Environmental Studies 4 semester hours
- MATH 123 Calculus for the Life Sciences II 3 semester hours
- University Core 3 OR 4 semester hours

Total: 17-18 semester hours

Spring Semester
- BIOL 202 Genetics 3 semester hours
- ENVS 250 Earth Science 3 semester hours
- CIVL 210 Surveying and Mapping 3 semester hours
- MATH 204 Applied Statistics 3 semester hours
- University Core 3 OR 4 semester hours

Total: 15-16 semester hours

Junior Year

Fall Semester
- BIOL 318 Principles of Ecology 4 semester hours
- ENVS 357 Environmental Chemistry I 3 semester hours
PHYS 253 General Physics I 4 semester hours
ENVS 493 Environmental Science Internship 1 TO 4 semester hours
University Core 3 OR 4 semester hours

Total: 16-17 semester hours

Spring Semester
- ENVS 358 Environmental Chemistry II 3 semester hours
- ENVS 359 Environmental Chemistry Lab 1 semester hour
- Upper Division Applied Ecology elective 3 semester hours*
- PHYS 254 General Physics II 4 semester hours
- Upper Division Elective 3 OR 4 semester hours

Total: 14-15 semester hours

Senior Year

Fall Semester
- BIOL 361 General Microbiology 3 semester hours
- BIOL 362 General Microbiology Laboratory 1 semester hour
- ENVS 491 Environmental Science Capstone I 2 semester hours
- Upper Division Science elective 3 semester hours**
- Upper Division Science elective 3 semester hours**
- University Core 3 OR 4 semester hours

Total: 15-16 semester hours

Spring Semester
- ENVS 492 Environmental Science Capstone II 2 semester hours
- Upper Division Science elective 4 semester hours**
- Upper Division Elective 3 OR 4 semester hours
- University Core 3 OR 4 semester hours

Total: 12-14 semester hours

Total: 119-128 semester hours

The proper sequence of the University Core courses should be discussed with the student's advisor. The course sequence in Mathematics depends on the results of the Mathematics Placement Exam.

Notes:
* Applied Ecology elective is selected from: BIOL 312, BIOL 314, BIOL 315, BIOL 316, BIOL 321, BIOL 322, BIOL 422, or by consent of director.
** Upper Division science electives are selected from: ENVS 310, ENVS 356, ENVS 420, ENVS 504, ENVS 515, ENVS 525, ENVS 531, ENVS 533, ENVS 550, BIOL 311, BIOL 333, BIOL 334, BIOL 335, BIOL 474, BIOL 477, CHEM 354, CHEM 356, CHEM 460, CHEM 482, CHEM 560, CIVL 550, HHSC 322, or by consent of director.

*** Dean's list requires a minimum of 15 semester hours.

Environmental Science Minor

Minor Requirements

21 semester hours:
- BIOL 101 General Biology I 3 semester hours
- BIOL 102 General Biology II 3 semester hours
- BIOL 111 General Biology I Lab 2 semester hours
- BIOL 112 General Biology II Lab 2 semester hours
- CHEM 110 General Chemistry I 3 semester hours
- CHEM 111 General Chemistry I Lab 1 semester hour
- CHEM 112 General Chemistry II 3 semester hours
- CHEM 113 General Chemistry II Lab 1 semester hour
- ENVS 101 Introduction to Environmental Science 3 semester hours
- ENVS 357 Environmental Chemistry I 3 semester hours
- ENVS 358 Environmental Chemistry II 3 semester hours
- BIOL 312 Field Botany 4 semester hours
- BIOL 314 Tropical Ecology 4 semester hours
- BIOL 315 World Vegetation Ecology 3 semester hours
- BIOL 316 Island Biology 3 semester hours
- BIOL 321 Urban Ecology 3 semester hours
- BIOL 422 Marine Biology 4 semester hours
- ENVS 101 Introduction to Environmental Science 3 semester hours

One Upper Division ENVS Laboratory course (1 semester hour)

Note:
Any substitution must be made with the consent of the Director of the Environmental Science program.

A grade of C (2.0) must be obtained in each course included in the minor.

Health and Human Sciences

Faculty
Chairperson: Hawley C. Almstedt
Associate Professors: Hawley C. Almstedt, Sarah L. Strand
Assistant Professors: William P. McCormack, Todd C. Shope, Heather P. Tarleton
Clinical Faculty: Stephanie Perez

Degree
The Department offers a Bachelor of Science in Health and Human Sciences.

Mission Statement
Within the context of LMU’s mission, the Department of HHSC strives to cultivate educated students in the subjects of HHSC with quality classroom preparation for graduate schools and professional careers as well as relevant clinical, practical and evidence-based experience in health related fields. Such fields include, but are not limited to: physical therapy, occupational therapy, physician assistant, nursing, public health, exercise science, and entry-level graduate programs in athletic training. The Department prepares students in a positive environment that encourages the development of the whole person.

Vision Statement
The vision of the Department of HHSC is to develop quality graduates in the area of health science and its related professions. Excellence in development of the health science student is based on academics, research, service, professional and practical experiences.

Health and Human Sciences, B.S.
The Health and Human Sciences major offers specialized programs to provide prerequisite training for graduate programs or careers in such fields as: physical therapy, occupational therapy, physician assistant, nursing, public health, exercise science, and entry-level graduate programs in athletic training.

Student Learning Outcomes
1. Students will demonstrate basic understanding and appreciation of the human body’s relationship to health and wellness through science, theory and application.
2. Students will demonstrate effective communication skills necessary to explain to others effectively and accurately about human health and wellness in a variety of organizational and institutional settings.
3. Students will demonstrate critical-thinking skills and the ability to access and critically evaluate relevant health information and resources.
4. Students will demonstrate the interpersonal skills required to work cooperatively with diverse individuals and groups on issues related to the human condition.
5. Students will demonstrate basic understanding and appreciation of cultural, philosophical and professional considerations related to health and wellness.
6. Students will demonstrate a world view that integrates spiritual and ethical values with their vocational calling.
7. Students will have clear career goals and demonstrate practical preparation for their career.

Current LMU Students Interested in Transferring to the Department of Health and Human Sciences
Students who are currently enrolled in another major at LMU, but are interested in changing their major to HHSC are encouraged to apply during their first year at LMU. Students are asked to state their interest in HHSC by completing an application available from the department chairperson. In addition, students will need to complete MATH 122 and CHEM 110 with a minimum grade of C (2.0) in each class and have a minimum cumulative GPA of 3.0. Attainment of minimum requirements may not always be sufficient to secure approval of transfer request. The evaluation process will take place during the Fall and Spring semesters with students being informed once the evaluation process has been completed.

Bachelor of Science (B.S.) in Health and Human Sciences

The Health and Human Sciences major offers specialized programs to provide prerequisite training for graduate programs or careers in such fields as: physical therapy, occupational therapy, physician assistant, nursing, public health, exercise science, and entry-level graduate programs in athletic training.

Major Requirements
In order to graduate, a student must have a C (2.0) average in the lower division science courses and a C (2.0) average in the upper division science courses.

Lower Division Requirements:
- BIOL 101 General Biology I 3 semester hours
- BIOL 111 General Biology I Lab 2 semester hours
- BIOL 201 Cell Function 3 semester hours
- CHEM 110 General Chemistry I 3 semester hours
- CHEM 111 General Chemistry I Lab 1 semester hour
- CHEM 112 General Chemistry II 3 semester hours
- CHEM 113 General Chemistry II Lab 1 semester hour
- MATH 122 Calculus for the Life Sciences I 3 semester hours
- MATH 204 Applied Statistics 3 semester hours
- HHSC 155 Human Anatomy and Physiology I 3 semester hours
- HHSC 156 Human Anatomy and Physiology II 3 semester hours
- HHSC 190 Medical Terminology and Seminar 3 semester hours
- HHSC 230 Nutrition 3 semester hours
- HHSC 255 Human Anatomy and Physiology II 3 semester hours
- HHSC 256 Human Anatomy and Physiology II Lab 1 semester hour
- PHYS 253 General Physics I 4 semester hours
- PHYS 254 General Physics II 4 semester hours
- PSYC 1000 General Psychology 4 semester hours

Upper Division Requirements:
A total of 31 of upper division semester hours are required: 27 semester hours of upper division HHSC and 4 semester hours of PSYC must be completed. Within the 27 semester hours of HHSC, students need to complete:
- A minimum of one 3-semester-hour course from each of the four categories listed below (Clinical; Health Management and Policy; Health and Wellness; Exercise Science)
- 3 laboratory courses (a combination of Upper and Lower Extremities count as lab equivalents)
- 1 semester hour of HHSC 495 Allied Health Internship and 2 semester hours of HHSC 497 Allied Health Internship II. A maximum of 6 semester hours of independent study coursework may count in the upper division major category. This includes any HHSC course between the numbers of 490 and 499.

Students are required to take PSYC 3032 or PSYC 3052, achieving a minimum of 31 semester hour total in the upper division major. A student must have a C (2.0) average in upper division science courses.
Clinical Courses
- HHSC 350 Exercise for Special Populations 3 semester hours
- HHSC 360 Upper Extremity Evaluation 3 semester hours
- HHSC 361 Lower Extremity Evaluation 3 semester hours
- HHSC 460 Therapeutic Modalities in Sports Medicine 3 semester hours
- HHSC 461 Therapeutic Rehabilitation in Sports Medicine 3 semester hours

Health Management and Policy Courses
- HHSC 322 Public Health 3 semester hours
- HHSC 412 Administration in Sports Medicine 3 semester hours
- HHSC 413 Medical Bioethics 3 semester hours
- HHSC 420 Chronic Disease and Injury Epidemiology 3 semester hours

Health and Wellness Courses
- HHSC 320 Obesity and Behavior 3 semester hours
- HHSC 342 Peer Health Education 3 semester hours
- HHSC 430 Advanced Nutrition 3 semester hours

Exercise Science Courses
- HHSC 375 Science Principles of Strength and Conditioning 3 semester hours
- HHSC 380 Kinesiology 3 semester hours
- HHSC 475 Exercise Physiology 3 semester hours
- HHSC 480 Biomechanics 3 semester hours

B.S. Degree in Health and Human Sciences
(122 S.H.)

Freshman Year
Fall Semester
- HHSC 190 Medical Terminology and Seminar 3 semester hours
- BIOL 101 General Biology I 3 semester hours
- BIOL 111 General Biology I Lab 2 semester hours
- CHEM 110 General Chemistry I 3 semester hours
- CHEM 111 General Chemistry I Lab 1 semester hour
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
Total: 15-16 semester hours

Spring Semester
- HHSC 155 Human Anatomy and Physiology I 3 semester hours
- HHSC 156 Human Anatomy and Physiology I Lab 1 semester hour
- HHSC 230 Nutrition 3 semester hours
- CHEM 112 General Chemistry II 3 semester hours
- CHEM 113 General Chemistry II Lab 1 semester hour
- MATH 122 Calculus for the Life Sciences I 3 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
Total: 17-18 semester hours

Sophomore Year
Fall Semester
- HHSC 255 Human Anatomy and Physiology II 3 semester hours
- HHSC 256 Human Anatomy and Physiology II Lab 1 semester hour
- PHYS 253 General Physics I 4 semester hours
- BIOL 201 Cell Function 3 semester hours
- University Core 3-4 semester hours
Total: 14-15 semester hours*

Spring Semester
- MATH 204 Applied Statistics 3 semester hours
- PHYS 254 General Physics II 4 semester hours
- PSYC 1000 General Psychology 4 semester hours
- University Core 3-4 semester hours
Total: 14-15 semester hours*

Junior Year
Fall Semester
- HHSC 300 level with Lab 4 semester hours
- HHSC 300 level 3 semester hours
- HHSC 495 Allied Health Internship 1 semester hour
- University Core 3-4 semester hours
- Elective 3-4 semester hours
Total: 14-16 semester hours*

Spring Semester
- HHSC 300 level with Lab 4 semester hours
- HHSC 300 level 3 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours
Total: 13-15 semester hours*

Senior Year
Fall Semester
- HHSC 497 Allied Health Internship II 1 TO 5 semester hours (enroll for 2 semester hours)
- HHSC 400 level with Lab 4 semester hours
- PSYC 3032 Psychological Disorders 4 semester hours or
- PSYC 3052 Lifespan Development 4 semester hours
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours
Total: 16-18 semester hours
the initial course is passed with a grade B or better. Admittance to the program is considered provisional until the student's mathematical background and teaching experience, if any, is also discussed with the student's advisor. The course sequence in Mathematics depends on the results of the Mathematics Placement Examination.

Assistant Professors: Christina Eubanks-Turner, Thomas Laurent, Yanping Ma  
Clinical Faculty: Natalie Rivetti-Ortiz

**Mathematics Graduate Program**

**Contact Information**
Graduate Director: Anna Bargagliotti  
Office Location: University Hall 2712  
Telephone: 310.338.4582  
Fax: 310.338.3768  
E-mail: Anna.Bargagliotti@lmu.edu

**Mission Statement**
The Master of Arts in Teaching Mathematics program provides an opportunity for secondary school teachers to broaden their background in mathematical science and to connect this knowledge with current education practice.

**Admission Requirements**
Students seeking admission to the Master of Arts in Teaching Mathematics program should have completed an undergraduate program in mathematics or a closely related field. The applicant must have been a mathematics major, mathematics minor, or had equivalent coursework. To be considered for admission, students must submit a Graduate Division application, a statement of intent, transcripts from all colleges/universities attended and the application fee. A letter of recommendation addressing the student's mathematical background and teaching experience, if any, is also required. Admittance to the program is considered provisional until the initial course is passed with a grade B or better.

**Program Requirements**
During the first semester of attendance, the student should prepare a program of study with a faculty adviser. A degree candidate is required to complete, with an average grade of at least 3.0 (“B”), a program of study that may include prerequisite undergraduate-level coursework, and that must include thirty or more semester hours of graduate-level coursework, as deemed appropriate by the adviser in consultation with the department. Of the graduate level coursework, at least fifteen semester hours are to be in Mathematics and fifteen in Education.

**Mathematics Undergraduate Program**

**Mathematics Placement Examination**
The purpose of this examination is to determine the level of preparation of the student and to place her/him in the appropriate mathematics course. Any student with three years of high school mathematics including two years of algebra and one year of geometry should be adequately prepared to take this examination. However, students may wish to review these areas.

All first-year students with majors in the Frank R. Seaver College of Science and Engineering or the College of Business Administration, or who are Economics majors or Liberal Studies majors, must take the mathematics placement examination.

All students transferring into the Frank R. Seaver College of Science and Engineering or the College of Business Administration, or who are Economics majors or Liberal Studies majors, must take the mathematics placement examination unless they have transferred a college algebra, precalculus, or higher level college mathematics class approved by the Mathematics Department before entering LMU.

Any student, no matter her/his major, who plans to take MATH 106, MATH 112, MATH 120, MATH 122, or MATH 131 and who has not transferred a college algebra or higher level college mathematics class is required first to take the mathematics placement examination. The mathematics placement examination may only be taken one time.

**Biomathematics**
Under the direction of an adviser, the student selects courses from the fields of biology, chemistry, computer science, and mathematics and obtains a Bachelor of Science degree through the Individualized Studies Program.

Any deviation from the above programs requires formal approval of the student's adviser and the Department Chairperson.

**Secondary Teacher Preparation Program in Mathematics**
For information on this program, see the Secondary Teacher Preparation Program section in this Bulletin.

**Applied Mathematics, B.S.**
This degree program is designed for students who want an interdisciplinary program that combines the study of applied and computational mathematics with a scientific area of specialization. This program can be tailored to meet the needs of students who expect to pursue a graduate degree in applied mathematics or science, expect to double-major or minor in a scientific field, or intend to work in a mathematics-related interdisciplinary field in industry.

**Objectives**
Mathematics, as an intellectual activity, is both an art and a powerful tool for problem solving and for understanding the physical universe. A mathematics major explores the different facets of the discipline through a broad spectrum of courses in applied, computational, and pure mathematics. In addition to exploring mathematics, a student majoring in mathematics takes classes from other fields (e.g., science and education) that help her/him prepare for her/his chosen career. The Department's programs allow a student to focus on different aspects of the discipline and lead to one of three undergraduate degrees:

- Bachelor of Arts with a major in Mathematics
- Bachelor of Science with a major in Mathematics
- Bachelor of Science with a major in Applied Mathematics

The Department offers minors in Pure Mathematics, Applied Mathematics, and Secondary Education Mathematics. These minors are designed for students majoring in another field (e.g., engineering, physics, business, economics, computer science, or liberal studies) who wish to develop an undergraduate background in mathematics that goes beyond the requirements of their degree program.

In addition to its major and minor degree programs, the Mathematics Department serves every department in LMU's four Colleges, the School of Film and Television, and the School of Education through the core curriculum and by providing students in other majors courses designed to serve the mathematical needs of their fields of study.

Learning Outcomes

1. Content Proficiency. In each of the following subject areas of mathematics:
   a. calculus and analysis,
   b. abstract and linear algebra,
   c. probability, combinatorics and statistics,
   d. elementary numerical methods;

   Students will be able to:
   - State and use basic definitions and theorems.
   - Solve basic problems.
   - Decide on useful approaches to more complicated problems.
   - Explain the central concepts of the subject.

2. Communication. Students will be able to communicate mathematics both orally and in writing. They will do so according to accepted standards in mathematics.

3. Tools. Students will employ a variety of tools such as the library, Internet, computers, and calculators to solve problems and do undergraduate research.

4. Independent Learners. Students will be able to independently investigate a mathematical topic.

5. Career and Professional Preparation. LMU mathematics graduates will be prepared to engage in mathematics-related professions or in a graduate school academic environment. This preparation will include significant pre-professional experiences.

General Major Requirements

Students must complete the corresponding Bachelor of Arts or Bachelor of Science University Core requirements as defined by the Frank R. Seaver College of Science and Engineering; students will choose the proper sequence of University Core courses in consultation with their advisor.

Mathematics majors and minors are not permitted to enroll in a mathematics course without a minimum grade of C (2.0) in that course's prerequisite. A minimum grade of C (2.0) is required in each course in the lower division major requirements. A minimum cumulative grade point average of C (2.0) is required in the upper division major requirements for graduation.

Lower Division Major Requirements

- MATH 131 Calculus I 4 semester hours
- MATH 132 Calculus II 4 semester hours
- MATH 190 Workshop in Mathematics I 2 semester hours
- MATH 191 Workshop in Mathematics II 2 semester hours
- MATH 234 Calculus III 4 semester hours
- MATH 245 Ordinary Differential Equations 3 semester hours
- MATH 248 Introduction to Methods of Proof 3 semester hours
- MATH 250 Linear Algebra 3 semester hours
- MATH 282 Elementary Computational Methods 3 semester hours

One science course chosen from

- BIOL 101 General Biology I 3 semester hours
- BIOL 102 General Biology II 3 semester hours
- CHEM 110 General Chemistry I 3 semester hours
- CHEM 112 General Chemistry II 3 semester hours
- CHEM 114 General Chemistry for Engineers 3 semester hours
- CMSI 185 Computer Programming 3 semester hours
- CMSI 281 Data Structures 3 semester hours
- PHYS 101 Introduction to Mechanics 4 semester hours
- PHYS 201 Introduction to Electricity and Magnetism 4 semester hours

Note:
The Bachelor of Science in Mathematics and the Bachelor of Science in Applied Mathematics degrees require an additional science course chosen from the courses listed above; a second CMSI or PHYS course may also be counted towards the Bachelor of Arts degree in Mathematics (please see upper division requirements below).

Upper Division Requirements (10 courses):

- MATH 321 Real Variables I 3 semester hours
- MATH 357 Complex Variables 3 semester hours
- MATH 331 Elements of Group Theory 3 semester hours
- MATH 360 Introduction to Probability and Statistics 3 semester hours
- MATH 497 Senior Thesis
- MATH 495 Mathematical Modeling 3 semester hours or
- MATH 497 Senior Thesis 3 semester hours
- Three additional 3 semester hour upper division MATH electives (excluding MATH 301 and MATH 302) chosen in consultation with his/her faculty advisor
- Two upper division courses in a scientific area of specialization chosen in consultation with her/his faculty advisor and approved by the Chairperson of the Mathematics Department.

Note:
Some areas of specialization require additional sophomore-level classes before upper division coursework can begin; the faculty advisor will discuss these details with the student.
Bachelor of Science in Applied Mathematics
Curriculum

Freshman Year
Fall Semester
- MATH 131 Calculus I 4 semester hours
- MATH 190 Workshop in Mathematics I 2 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- University Core 3-4 semester hours or
- Science Requirement 3-4 semester hours
- University Core 3-4 semester hours
Total: 15-18 semester hours

Spring Semester
- MATH 132 Calculus II 4 semester hours
- MATH 191 Workshop in Mathematics II 2 semester hours
- Science Requirement 3-4 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- University Core 3-4 semester hours
Total: 15-18 semester hours

Total: 15-18 semester hours

Sophomore Year
Fall Semester
- MATH 234 Calculus III 4 semester hours
- MATH 248 Introduction to Methods of Proof 3 semester hours
- Science Requirement 3-4 semester hours or
- University Core 3-4 semester hours
- University Core 3-4 semester hours
Total: 13-15 semester hours

Note:
Dean's list requires a minimum of 14 semester hours.

Note:
Upon successful completion of MATH 248, the student must make an appointment with her/his advisor to discuss which of the three major programs the student wishes to pursue. The student should then contact the Chairperson of the Mathematics Department to have an upper division advisor appropriate to that major assigned.

Spring Semester
- MATH 132 Calculus II 4 semester hours
- MATH 191 Workshop in Mathematics II 2 semester hours
- Science Requirement 3-4 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- University Core 3-4 semester hours
Total: 15-18 semester hours

Total: 15-18 semester hours

Junior Year
Fall Semester
- MATH 321 Real Variables I 3 semester hours
- MATH 360 Introduction to Probability and Statistics 3 semester hours *
- MATH 3xx Mathematics Elective 3 semester hours or
- Upper Division Science Requirement 3 semester hours **
- University Core 3-4 semester hours
- University Core 3-4 semester hours
Total: 15-17 semester hours

Spring Semester
- MATH 331 Elements of Group Theory 3 semester hours
- MATH 357 Complex Variables 3 semester hours *
- MATH 3xx Mathematics Elective 3 semester hours or
- Upper Division Science Requirement 3 semester hours **
- Elective 3-4 semester hours or
- University Core 3-4 semester hours
- Elective 3-4 semester hours
Total: 15-17 semester hours

Total: 15-17 semester hours

Senior Year
Fall Semester
- MATH 495 Mathematical Modeling 3 semester hours
- MATH 3xx Mathematics Elective 3 semester hours or
- Upper Division Science Requirement 3 semester hours **
- Elective 3-4 semester hours
- Elective 3-4 semester hours
- Elective 3-4 semester hours
Total: 15-18 semester hours

Spring Semester
- MATH 3xx Mathematics Elective 3 semester hours
- MATH 3xx Mathematics Elective 3 semester hours or
- Upper Division Science Requirement 3 semester hours **
- MATH 3xx Mathematics Elective 3 semester hours or
- Upper Division Science Requirement 3 semester hours **
- Elective 3-4 semester hours
- Elective 3-4 semester hours
Total: 15-17 semester hours

Total: 124/126 semester hours

* MATH 357 and MATH 360 are both required but can be taken in any order.
**Two upper division courses are required in a scientific area of specialization with faculty advisor and approved by the Chairperson of the Mathematics Department.**

**Mathematics, B.A.**
This major is designed for students who are interested in pursuing a career in teaching mathematics at the secondary (i.e., high school) level. With the help of her/his advisor, the student may design a schedule carefully so that s/he can complete the 2042 California Preliminary Single Subject (Secondary) Teaching Credential during her/his four years at LMU. For more details on the additional requirements for a Teaching Credential, and a sample four-year curriculum which includes both the requirement for the Bachelor of Arts in Mathematics and the Teaching Credential, see the Secondary Teacher Preparation Program section in this Bulletin.

**Objectives**
Mathematics, as an intellectual activity, is both an art and a powerful tool for problem solving and for understanding the physical universe. A mathematics major explores the different facets of the discipline through a broad spectrum of courses in applied, computational, and pure mathematics. In addition to exploring mathematics, a student majoring in mathematics takes classes from other fields (e.g., science and education) that help her/him prepare for her/his chosen career. The Department’s programs allow a student to focus on different aspects of the discipline and lead to one of three undergraduate degrees:
- Bachelor of Arts with a major in Mathematics
- Bachelor of Science with a major in Mathematics
- Bachelor of Science with a major in Applied Mathematics

The Department offers minors in Pure Mathematics, Applied Mathematics, and Secondary Education Mathematics. These minors are designed for students majoring in another field (e.g., engineering, physics, business, economics, computer science, or liberal studies) who wish to develop an undergraduate background in mathematics that goes beyond the requirements of their degree program.

In addition to its major and minor degree programs, the Mathematics Department serves every department in LMU’s four Colleges, the School of Film and Television, and the School of Education through the core curriculum and by providing students in other majors courses designed to serve the mathematical needs of their fields of study.

**Learning Outcomes**
1. Content Proficiency. In each of the following subject areas of mathematics:
   a. calculus and analysis,
   b. abstract and linear algebra,
   c. probability, combinatorics and statistics,
   d. elementary numerical methods;
   Students will be able to:
      i. State and use basic definitions and theorems.
      ii. Solve basic problems.
      iii. Decide on useful approaches to more complicated problems.
      iv. Explain the central concepts of the subject.
2. Communication. Students will be able to communicate mathematics both orally and in writing. They will do so according to accepted standards in mathematics.

3. Tools. Students will employ a variety of tools such as the library, Internet, computers, and calculators to solve problems and do undergraduate research.
4. Independent Learners. Students will be able to independently investigate a mathematical topic.
5. Career and Professional Preparation. LMU mathematics graduates will be prepared to engage in mathematics-related professions or in a graduate school academic environment. This preparation will include significant pre-professional experiences.

**General Major Requirements**
Students must complete the corresponding Bachelor of Arts or Bachelor of Science University Core requirements as defined by the Frank R. Seaver College of Science and Engineering; students will choose the proper sequence of University Core courses in consultation with their advisor.

Mathematics majors and minors are not permitted to enroll in a mathematics course without a minimum grade of C (2.0) in that course’s prerequisite. A minimum grade of C (2.0) is required in each course in the lower division major requirements. A minimum cumulative grade point average of C (2.0) is required in the upper division major requirements for graduation.

**Lower Division Major Requirements**
- MATH 131 Calculus I 4 semester hours
- MATH 132 Calculus II 4 semester hours
- MATH 190 Workshop in Mathematics I 2 semester hours
- MATH 191 Workshop in Mathematics II 2 semester hours
- MATH 234 Calculus III 4 semester hours
- MATH 245 Ordinary Differential Equations 3 semester hours
- MATH 248 Introduction to Methods of Proof 3 semester hours
- MATH 250 Linear Algebra 3 semester hours
- MATH 282 Elementary Computational Methods 3 semester hours

**One science course chosen from**
- BIOL 101 General Biology I 3 semester hours
- BIOL 102 General Biology II 3 semester hours
- CHEM 110 General Chemistry I 3 semester hours
- CHEM 112 General Chemistry II 3 semester hours
- CHEM 114 General Chemistry for Engineers 3 semester hours
- CMSI 185 Computer Programming 3 semester hours
- CMSI 281 Data Structures 3 semester hours
- PHYS 101 Introduction to Mechanics 4 semester hours
- PHYS 201 Introduction to Electricity and Magnetism 4 semester hours

**Upper Division Requirements (11 courses):**
Fall Semester
- MATH 321 Real Variables I 3 semester hours
- MATH 331 Elements of Group Theory 3 semester hours
- MATH 357 Complex Variables 3 semester hours
- MATH 360 Introduction to Probability and Statistics 3 semester hours
- MATH 490 History of Mathematics 3 semester hours
- MATH 493 Senior Seminar for Future Mathematics Educators 3 semester hours or
- MATH 497 Senior Thesis 3 semester hours
- MATH 550 Fundamental Concepts of Geometry 3 semester hours
- one additional 3 semester hour upper division MATH elective (excluding MATH 301, MATH 302) chosen in consultation with her/his advisor;
- EDES 488 Methods in Teaching Secondary Math 3 semester hours
- two 3 semester hour EDxx courses chosen from the list of requirements for the preliminary single subject secondary credential or one such EDxx course and one course from BIOL 101, BIOL 102, BIOL 201, BIOL 202; CHEM 114, CHEM 220; CMSI 185, CMSI 281, CMSI 282; or PHYS 101, PHYS 201.

Bachelor of Arts in Mathematics Curriculum
(124/126 S.H.)

Mathematics, B.S.
This degree program is designed for students who want a broad foundation in mathematics. By choosing appropriate mathematics electives in consultation with her/his faculty advisor, the student can emphasize in pure mathematics, applied and computational mathematics, or a combination of both. The degree can be tailored to meet the needs of students who expect to pursue a graduate degree in pure mathematics, expect to pursue a graduate degree in applied mathematics, or intend to work in a mathematics-related field in industry.

Objectives
Mathematics, as an intellectual activity, is both an art and a powerful tool for problem solving and for understanding the physical universe. A mathematics major explores the different facets of the discipline through a broad spectrum of courses in applied, computational, and pure mathematics. In addition to exploring mathematics, a student majoring in mathematics takes classes from other fields (e.g., science and education) that help her/him prepare for her/his chosen career. The Department's programs allow a student to focus on different aspects of the discipline and lead to one of three undergraduate degrees:
• Bachelor of Arts with a major in Mathematics
• Bachelor of Science with a major in Mathematics
• Bachelor of Science with a major in Applied Mathematics

The Department offers minors in Pure Mathematics, Applied Mathematics, and Secondary Education Mathematics. These minors are designed for students majoring in another field (e.g., engineering, physics, business, economics, computer science, or liberal studies) who wish to develop an undergraduate background in mathematics that goes beyond the requirements of their degree program.

In addition to its major and minor degree programs, the Mathematics Department serves every department in LMU's four Colleges, the School of Film and Television, and the School of Education through the core curriculum and by providing students in other majors courses designed to serve the mathematical needs of their fields of study.

Learning Outcomes

1. Content Proficiency. In each of the following subject areas of mathematics:
   a. calculus and analysis,
   b. abstract and linear algebra,
   c. probability, combinatorics and statistics,
   d. elementary numerical methods;
   Students will be able to:
   • State and use basic definitions and theorems.
   • Solve basic problems.
   • Decide on useful approaches to more complicated problems.
   • Explain the central concepts of the subject.

2. Communication. Students will be able to communicate mathematics both orally and in writing. They will do so according to accepted standards in mathematics.

3. Tools. Students will employ a variety of tools such as the library, Internet, computers, and calculators to solve problems and do undergraduate research.

4. Independent Learners. Students will be able to independently investigate a mathematical topic.

5. Career and Professional Preparation. LMU mathematics graduates will be prepared to engage in mathematics-related professions or in a graduate school academic environment. This preparation will include significant pre-professional experiences.

General Major Requirements
Students must complete the corresponding Bachelor of Arts or Bachelor of Science University Core requirements as defined by the Frank R. Seaver College of Science and Engineering; students will choose the proper sequence of University Core courses in consultation with their advisor.

Mathematics majors and minors are not permitted to enroll in a mathematics course without a minimum grade of C (2.0) in that course's prerequisite. A minimum grade of C (2.0) is required in each course in the lower division major requirements. A minimum cumulative grade point average of C (2.0) is required in the upper division major requirements for graduation.

Lower Division Major Requirements

• MATH 131 Calculus I 4 semester hours
• MATH 132 Calculus II 4 semester hours
• MATH 190 Workshop in Mathematics I 2 semester hours
• MATH 191 Workshop in Mathematics II 2 semester hours
• MATH 234 Calculus III 4 semester hours

- Elective 3-4 semester hours
- Elective 3-4 semester hours

Total: 15-17 semester hours

Senior Year
Admission Requirements

Students seeking admission to the Master of Arts in Teaching Mathematics program should have completed an undergraduate program in mathematics or a closely related field. The applicant must have completed a minimum of six upper division courses in Mathematics with a 3.0 ("B") average.

To be considered for admission, students must submit a Graduate Division application, the application fee, a statement of intent, and transcripts from all colleges/universities attended. A cumulative GPA of 3.0 as an undergraduate or a 3.0 GPA in at least 9 units of graduate level coursework is required. A letter of recommendation addressing the student's mathematical background and teaching experience, if any, is also required.

Program Requirements

During the first semester of attendance, the student should prepare a program of study with a faculty advisor. A degree candidate is required to complete, with an average grade of at least 3.0 ("B"), a program of study that may include prerequisite undergraduate-level coursework, and that must include thirty or more semester hours of graduate-level coursework, as deemed appropriate by the advisor in consultation with the department. Of the graduate level coursework, at least fifteen semester hours are to be in Mathematics and fifteen in Education.

Applied Mathematics Minor

Minor in Applied Mathematics Requirements

At least 24 semester hours including:

- MATH 131 Calculus I 4 semester hours
- MATH 132 Calculus II 4 semester hours
- MATH 234 Calculus III 4 semester hours
- MATH 245 Ordinary Differential Equations 3 semester hours
- MATH 250 Linear Algebra 3 semester hours or
- One additional 3-semester-hour upper division MATH course chosen in consultation with the applied mathematics minor advisor.

Choose one:

- MATH 355 Methods of Applied Mathematics 3 semester hours
- MATH 360 Introduction to Probability and Statistics 3 semester hours
- MATH 366 Discrete Methods 3 semester hours

Choose one:

- MATH 321 Real Variables I 3 semester hours (MATH 248 is a prerequisite for MATH 321, so the MATH 321 option requires 27 semester hours)
- MATH 357 Complex Variables 3 semester hours
- MATH 560 Advanced Topics in Probability and/or Statistics 3 semester hours
- MATH 562 Numerical Analysis 3 semester hours

Note:

A cumulative grade point average of C (2.0) or better is required in the courses included in the minor.

Pure Mathematics Minor

Minor in Pure Mathematics Requirements

At least 24 semester hours including:

- MATH 131 Calculus I 4 semester hours
- MATH 132 Calculus II 4 semester hours
- MATH 234 Calculus III 4 semester hours
- MATH 248 Introduction to Methods of Proof 3 semester hours
- MATH 250 Linear Algebra 3 semester hours or
- One additional 3-semester-hour upper division MATH course chosen in consultation with the pure mathematics minor advisor.
laboratories support the curriculum. These laboratory facilities capstone design project. Modern emphasis of the curriculum, and students work on various aspects of as well as for employment in industry. Engineering design is a major technologies. It is designed to prepare contemporary technology as well as the fundamentals for future these fields. The flexible and modern curriculum covers Engineering program provides a solid foundation for work in all of systems, structures, and proc.

Mechanical Engineering is very broad in scope and is pertinent to a variety of engineering activities and products, such as transportation vehicles, energy generation, machine mechanisms, manufacturing systems, structures, and processing plants. The Mechanical Engineering program provides a solid foundation for work in all of these fields. The flexible and modern curriculum covers contemporary technology as well as the fundamentals for future technologies. It is designed to prepare students for graduate school as well as for employment in industry. Engineering design is a major emphasis of the curriculum, and students work on various aspects of design projects throughout, culminating in a comprehensive capstone design project. Modern, well-equipped research laboratories support the curriculum. These laboratory facilities include computer-aided design and engineering, manufacturing, the materials science and materials processing, rapid prototyping, renewable energy, robotics, solid mechanics, thermal and fluid systems, and tribology.

Accreditation
The Mechanical Engineering program is accredited by the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology, 111 Market Place, Suite 1050, Baltimore, MD 21202-4012; telephone: 410.347.7700.

Mission
The mission of the Mechanical Engineering Department is to provide a high quality, practice-oriented, design-focused curriculum that prepares students for both leadership roles in industry and advanced graduate studies.

Educational Objectives
The Mechanical Engineering program has established the following program educational objectives that are consistent with the University’s mission and Department’s program outcomes. During the first 3-5 years after graduation, Mechanical Engineering graduates will:

1. Advance in their professional careers and pursue graduate studies and continuous learning in areas relevant to their long-term goals;
2. Demonstrate competency and leadership in professional activities such as research, experimental studies, and industrial projects;
3. Be capable of working effectively in cross-functional teams, communicating effectively, and participating in the practice of mechanical engineering design; and
4. Contribute to professional societies and demonstrate ethical conduct.

These program educational objectives are accomplished through the major requirements, the core curriculum, design competition experiences, internships, research opportunities, professional society involvement, and extracurricular activities.

Program Outcomes
The Mechanical Engineering program has established the following program outcomes:

1. an ability to apply knowledge of mathematics, science, and engineering
2. an ability to design and conduct experiments, as well as to analyze and interpret data
3. an ability to design a system, component, or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability, and sustainability
4. an ability to function on multidisciplinary teams
5. an ability to identify, formulate, and solve engineering problems
6. an understanding of professional and ethical responsibility
7. an ability to communicate effectively
8. the broad education necessary to understand the impact of engineering solutions in a global, economic, environmental, and societal context
9. a recognition of the need for, and an ability to engage in life-long learning
10. a knowledge of contemporary issues
11. an ability to use the techniques, skills, and modern engineering tools necessary for engineering practice.

Secondary Education Mathematics Minor

Minor in Secondary Education Mathematics

Requirements
At least 24 semester hours including:

- MATH 131 Calculus I 4 semester hours
- MATH 132 Calculus II 4 semester hours
- MATH 234 Calculus III 4 semester hours
- MATH 248 Introduction to Methods of Proof 3 semester hours
- MATH 360 Introduction to Probability and Statistics 3 semester hours
- MATH 490 History of Mathematics 3 semester hours
- MATH 550 Fundamental Concepts of Geometry 3 semester hours

Note:
A cumulative grade point average of C (2.0) or better is required in the courses included in the minor.

Mechanical Engineering

Faculty
Chairperson: Michael Manoogian
Graduate Program Director: Matthew T. Siniawski
Professors: Omar S. Es-Said, Michael Manoogian, Mel I. Mendelson, Rafiqul I. Noorani, Nader Saniei
Associate Professor: Matthew T. Siniawski
Assistant Professors: Pezhman Hassanpour, Emin Isakhanian
Lecturers: Chris Cobb, Vinay Goyal, Greg V. Meholic, James P. Nokes, Peter B. Pollack, Miroslav Sir, Hooman Rahimi-Zadeh

Description
Mechanical Engineering is very broad in scope and is pertinent to a variety of engineering activities and products, such as transportation vehicles, energy generation, machine mechanisms, manufacturing systems, structures, and processing plants. The Mechanical Engineering program provides a solid foundation for work in all of these fields. The flexible and modern curriculum covers contemporary technology as well as the fundamentals for future technologies. It is designed to prepare students for graduate school as well as for employment in industry. Engineering design is a major emphasis of the curriculum, and students work on various aspects of design projects throughout, culminating in a comprehensive capstone design project. Modern, well-equipped research laboratories support the curriculum. These laboratory facilities

Choose one:
- MATH 331 Elements of Group Theory 3 semester hours
- MATH 350 Advanced Linear Algebra 3 semester hours
- MATH 366 Discrete Methods 3 semester hours

Choose one:
- MATH 321 Real Variables I 3 semester hours
- MATH 357 Complex Variables 3 semester hours
- MATH 471 Topology 3 semester hours
- MATH 550 Fundamental Concepts of Geometry 3 semester hours

Note:
A minimum cumulative grade point average of C (2.0) is required in the courses included in the minor.
Mechanical Engineering Curriculum

Transfer Requirements
Students who are currently enrolled in another major at LMU, but are interested in changing their major to MECH must complete CHEM 111, CHEM 114; ENGR 200; MATH 131, MATH 132; and PHYS 101 with a minimum grade of C (2.0) in each course and an average of 2.3 before being considered. Final approval of the transfer request resides with the Chair of the Mechanical Engineering Department.

Major Requirements
(131 S.H.)

Lower Division Requirements:
- BIOL 114 Biology for Engineers 3 semester hours
- CHEM 111 General Chemistry I Lab 1 semester hour
- CHEM 114 General Chemistry for Engineers 3 semester hours
- ELEC 210 Electric Circuit Analysis 3 semester hours
- ELEC 213 Electric Circuit Analysis Lab 0 semester hours
- ENGR 100 Introduction to Engineering Analysis, Problem Solving, and Design 3 semester hours
- ENGR 160 Algorithms and Applications 3 semester hours
- MATH 131 Calculus I 4 semester hours
- MATH 132 Calculus II 4 semester hours
- MATH 234 Calculus III 4 semester hours
- MATH 245 Ordinary Differential Equations 3 semester hours
- MECH 211 Computer Aided Design 2 semester hours
- MECH 212 Mechanics of Materials 3 semester hours
- MECH 213 Dynamics 3 semester hours
- MECH 223 Thermodynamics 3 semester hours
- PHYS 101 Introduction to Mechanics 4 semester hours
- PHYS 201 Introduction to Electricity and Magnetism 4 semester hours

Upper Division Requirements:
- CIVL 395 Engineering Economics and Decision Theory 3 semester hours
- MATH 355 Methods of Applied Mathematics 3 semester hours
- MECH 302 Thermal Science and Energy Lab 2 semester hours
- MECH 303 Solid Mechanics and Materials Laboratory 2 semester hours
- MECH 310 Machine Design 3 semester hours
- MECH 312 Vibrations 3 semester hours
- MECH 313 Materials Science 3 semester hours
- MECH 321 Energy Systems 3 semester hours
- MECH 322 Fluid Mechanics 3 semester hours
- MECH 323 Heat Transfer 3 semester hours
- MECH 401 Design Capstone Project I 3 semester hours
- MECH 402 Design Capstone Project II 3 semester hours
- MECH 410 Design and Manufacturing Laboratory 2 semester hours
- MECH 412 Control Systems 3 semester hours
- and four additional 3 semester hours of 500-level MECH electives chosen in consultation with his or her advisor.

Freshman Year

Fall Semester
- CHEM 111 General Chemistry I Lab 1 semester hour
- CHEM 114 General Chemistry for Engineers 3 semester hours
- ENGR 100 Introduction to Engineering Analysis, Problem Solving, and Design 3 semester hours
- MATH 131 Calculus I 4 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours

Total: 14-15 semester hours

Spring Semester
- BIOL 114 Biology for Engineers 3 semester hours
- ENGR 160 Algorithms and Applications 3 semester hours
- MATH 132 Calculus II 4 semester hours
- PHYS 101 Introduction to Mechanics 4 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours

Total: 17-18 semester hours

Sophomore Year

Fall Semester
- ELEC 210 Electric Circuit Analysis 3 semester hours
- ELEC 213 Electric Circuit Analysis Lab 0 semester hours
- ENGR 200 Statics 3 semester hours
- MATH 234 Calculus III 4 semester hours
- PHYS 201 Introduction to Electricity and Magnetism 4 semester hours
- University Core 3-4 semester hours

Total: 17-18 semester hours

Spring Semester
- MATH 245 Ordinary Differential Equations 3 semester hours
- MECH 211 Computer Aided Design 2 semester hours
- MECH 212 Mechanics of Materials 3 semester hours
- MECH 213 Dynamics 3 semester hours
- MECH 223 Thermodynamics 3 semester hours
- University Core 3-4 semester hours

Total: 17-18 semester hours

Junior Year

Fall Semester
- MATH 355 Methods of Applied Mathematics 3 semester hours
- MECH 302 Thermal Science and Energy Lab 2 semester hours
- MECH 312 Vibrations 3 semester hours
- MECH 313 Materials Science 3 semester hours
- MECH 322 Fluid Mechanics 3 semester hours
- University Core 3-4 semester hours

Total: 17-18 semester hours
Graduate requirements for all graduate students set forth by the LMU Admission into the program is in strict conformity with the online at the Loyola Marymount University Graduate Division. 

A completed application form and $50 application fee (completed Mechanics, and Heat Transfer.

Those applicants who do not possess an engineering degree, in addition to items 1 and 2 above, should complete the following five courses with an average grade of B (3.0) or better. These are: Mechanics of Material, Dynamics, Thermodynamics, Fluid Mechanics, and Heat Transfer.

A completed application form and $50 application fee (completed online at the Loyola Marymount University Graduate Division). Admission into the program is in strict conformity with the requirements for all graduate students set forth by the LMU Graduate Division. Upon review of the student’s undergraduate and professional preparation, additional admission requirements may be set by the Mechanical Engineering Department. Students applying for the combined B.S./M.S. degrees must apply in the Fall semester of their senior year, indicating the “Combined B.S. and M.S.” on their application form.

Program Requirements

Requirements for Master of Science in Engineering Degree, major in Mechanical Engineering (30 semester hours)
The candidate for the Master of Science in Engineering degree in Mechanical Engineering must satisfy the following requirements:

1. Complete MECH 504, Engineering Mathematics

2. Complete 27 semester hours (9 courses) from MECH 500 and 600 level courses.

3. At least 12 semester hours must be at the 600 level. A maximum of one elective course in another engineering department may be taken with the consent of the Graduate Program Director. The Thesis Option (MECH 686) may be chosen to satisfy up to 6 semester hours of these elective course requirements (see below).

4. Maintain a minimum cumulative GPA of 3.0 (“B”) for all coursework

5. A maximum of four courses (12 semester hours) may be taken in any given semester

6. Thesis Option

With the consent of the Graduate Director, the student may elect a thesis. The thesis will satisfy 6 semester hours of the elective mechanical engineering course work requirements. The student may enroll for a maximum of 3 semester hours of Master’s Thesis in any given semester (MECH 686). The student electing the thesis option must obtain a thesis advisor before Graduate Director consent will be considered. Formal thesis requirements must be obtained from the Graduate Program Director.

Requirements for the Combined B.S./M.S. Degrees, major in Mechanical Engineering (30 semester hours)

Only LMU Seniors in Mechanical Engineering with a GPA of 3.0 or greater are eligible to apply for the combined degree program. The student must apply for admission before the end of the Fall semester of the senior year. The candidate for the Combined B.S./M.S. in Engineering degree in Mechanical Engineering must satisfy the following requirements:

1. Students may count one 500-level class from their undergraduate degree towards their masters degree.

2. In addition to the undergraduate B.S. degree requirements, an admitted student must enroll in one additional 500-level mechanical engineering course during the Spring semester of the senior year.

3. The student should take two 500- or 600-level course during Summer Session immediately following the senior year. At least three courses per semester are typically taken during the first year of the program.
5. Complete 3 semester hours of the research project course (MECH 685), typically during the fall semester. The student must obtain a project advisor before the Graduate Director will grant consent. Formal requirements must be obtained from the Graduate Program Director. The project normally takes two semesters to complete.
6. The student cannot enroll in the Thesis Option or retake any 500-level courses already completed from the undergraduate degree.

**Physics and Engineering Physics**

**Faculty**
Chairperson: Jeff Sanny
Professors: John B. Bulman, Vincent P. Coletta, Jonas R. Mureika, Jeff Sanny, Gabriele U. Varieschi
Associate Professor: Jeffrey A. Phillips
Adjunct Professor: James McCarthy
Clinical Assistant Professor: David Berube
The Physics department offers degrees in Physics and Engineering Physics.

**Engineering Physics, B.S.**

**Objectives**
The B.S. Engineering Physics degree provides extensive education in engineering as well as physics. The curriculum combines the strengths of a physics curriculum (with emphasis on understanding basic principles) and an engineering curriculum (with emphasis on applications). Graduates are especially well prepared for either graduate work in engineering or applied physics or for immediate employment by companies with an engineering research orientation. With the right electives, the curriculum provides excellent preparation for graduate work in biomedical engineering.

**Major Requirements**

**Lower Division Requirements:**
- CHEM 111 General Chemistry I Lab 1 semester hour
- CHEM 114 General Chemistry for Engineers 3 semester hours
- ELEC 210 Electric Circuit Analysis 3 semester hours
- ELEC 213 Electric Circuit Analysis Lab 0 semester hours
- ELEC 220 Electric Circuit Applications 3 semester hours
- ELEC 281 Logic Design 3 semester hours
- ENGR 100 Introduction to Engineering Analysis, Problem Solving, and Design 3 semester hours
- ENGR 160 Algorithms and Applications 3 semester hours
- MATH 131 Calculus I 4 semester hours
- MATH 132 Calculus II 4 semester hours
- MATH 234 Calculus III 4 semester hours
- MATH 245 Ordinary Differential Equations 3 semester hours
- MATH 250 Linear Algebra 3 semester hours
- PHYS 101 Introduction to Mechanics 4 semester hours
- PHYS 195 Waves and Light 3 semester hours
- PHYS 201 Introduction to Electricity and Magnetism 4 semester hours
- PHYS 206 Foundations of Modern Physics 4 semester hours
- PHYS 212 Intermediate Mechanics 3 semester hours

**Upper Division Requirements:**
- ELEC 301 Junior Lab I 3 semester hours
- ELEC 353 Electronics I 3 semester hours
- ELEC 354 Electronics II 3 semester hours
- MATH 355 Methods of Applied Mathematics 3 semester hours
- PHYS 301 Electromagnetic Fields 3 semester hours
- PHYS 302 Electromagnetic Waves 3 semester hours
- PHYS 321 Quantum Mechanics I 3 semester hours
- PHYS 322 Quantum Mechanics II 3 semester hours
- PHYS 411 Modern Physics Lab 3 semester hours

**Two upper division physics electives selected from the following:**
- PHYS 351 Space Physics 3 semester hours
- PHYS 361 Astrophysics 3 semester hours
- PHYS 371 Biophysics 3 semester hours
- PHYS 421 Condensed Matter Physics 3 semester hours
- PHYS 441 Modern Optics 3 semester hours
- PHYS 461 Elementary Particle Physics 3 semester hours
- PHYS 471 Introduction to Relativity and Cosmology 3 semester hours

**Seniors must complete:**
- PHYS 480 Capstone Experience 1 semester hour
- PHYS 481 Senior Thesis 1 semester hour

**Students must also take a two-course sequence in a technical area:**
Among the options are:
- ELEC 302 Junior Lab II 3 semester hours and
- ELEC 383 Introduction to Microprocessors 3 semester hours
- MECH 323 Heat Transfer 3 semester hours and
- PHYS 451 Thermodynamics and Statistical Mechanics 3 semester hours
- ELEC 371 Linear Systems 3 semester hours and
- ELEC 423 Communications I 3 semester hours

**Note:**
To graduate, a student must have at least a 2.0 (C) average in all upper division physics courses.

**Learning Outcomes**
Engineering Physics majors will know:
1. The concepts of classical physics
2. The theories of modern and contemporary physics
3. The concepts of engineering and applied physics

Engineering Physics majors will be able to:
1. Understand, apply, and adapt known physical models to real-world situations
2. Solve problems, which includes formulating a strategy, estimating a solution, applying appropriate techniques, and evaluating the result
3. Design systems, conduct experiments, and analyze data to address the needs of contemporary society
4. Employ computational methods to perform calculations and generate data that model physical systems
5. Communicate effectively their understanding of core engineering principles, the results of experiments, and their analysis of physical problems

Engineering Physics majors will value:
1. Ethical and unbiased actions as cornerstones to the scientific method
2. The impact of applied physics on society
3. The interplay between theory and applications

Engineering Physics Curriculum
(128-132 S.H.)

Freshman Year
Fall Semester
- PHYS 195 Waves and Light 3 semester hours
- CHEM 111 General Chemistry I Lab 1 semester hour
- CHEM 114 General Chemistry for Engineers 3 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- ENGR 100 Introduction to Engineering Analysis, Problem Solving, and Design 3 semester hours
- MATH 131 Calculus I 4 semester hours

Total: 17-18 semester hours

Spring Semester
- ENGR 160 Algorithms and Applications 3 semester hours
- MATH 132 Calculus II 4 semester hours
- PHYS 101 Introduction to Mechanics 4 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours

Total: 14-15 semester hours

Sophomore Year
Fall Semester
- PHYS 201 Introduction to Electricity and Magnetism 4 semester hours
- ELEC 210 Electric Circuit Analysis 3 semester hours
- ELEC 213 Electric Circuit Analysis Lab 0 semester hours
- MATH 234 Calculus III 4 semester hours
- MATH 245 Ordinary Differential Equations 3 semester hours
- University Core 3-4 semester hours

Total: 17-18 semester hours

Spring Semester
- PHYS 206 Foundations of Modern Physics 4 semester hours
- PHYS 212 Intermediate Mechanics 3 semester hours
- ELEC 220 Electric Circuit Applications 3 semester hours
- ELEC 281 Logic Design 3 semester hours
- MATH 250 Linear Algebra 3 semester hours

Total: 16 semester hours

Junior Year
Fall Semester
- PHYS 301 Electromagnetic Fields 3 semester hours or
- PHYS 321 Quantum Mechanics I 3 semester hours
- ELEC 353 Electronics I 3 semester hours
- MATH 355 Methods of Applied Mathematics 3 semester hours
- ELEC 301 Junior Lab I 3 semester hours
- University Core 3-4 semester hours

Total: 15-16 semester hours

Spring Semester
- PHYS 302 Electromagnetic Waves 3 semester hours or
- PHYS 322 Quantum Mechanics II 3 semester hours
- ELEC 354 Electronics II 3 semester hours
- Technical Sequence 3 semester hours or
- University Core 3-4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 15-18 semester hours

Senior Year
Fall Semester
- PHYS 301 Electromagnetic Fields 3 semester hours or
- PHYS 321 Quantum Mechanics I 3 semester hours
- PHYS 480 Capstone Experience 1 semester hour
- Upper Division Physics Elective 3 semester hours
- Technical Sequence 3 semester hours*
- PHYS 411 Modern Physics Lab 3 semester hours
- University Core 3-4 semester hours

Total: 16-17 semester hours

Spring Semester
- PHYS 302 Electromagnetic Waves 3 semester hours or
- PHYS 322 Quantum Mechanics II 3 semester hours
- PHYS 481 Senior Thesis 1 semester hour
- Upper Division Physics Elective 3 semester hours
- Technical Sequence 3 semester hours* or
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 13-15 semester hours

*A two-course sequence in a technical area is required.

Some recommended sequences are:
- ELEC 302 Junior Lab II 3 semester hours and
• ELEC 383 Introduction to Microprocessors 3 semester hours
  or
• MECH 322 Fluid Mechanics 3 semester hours and
• PHYS 451 Thermodynamics and Statistical Mechanics 3 semester hours
  or
• ELEC 371 Linear Systems 3 semester hours and
• ELEC 423 Communications I 3 semester hours

Total: 128-132 semester hours

Physics, B.S.

Objectives
The B.S. Physics degree provides a solid foundation in classical and modern physics. This program is well suited for the student who wishes to continue the study of physics at the graduate level, leading to a career in research and/or university teaching. With a proper choice of electives, the physics degree is also suitable for a variety of other careers requiring graduate education. Physics graduates can pursue advanced studies in fields such as optics, biophysics, geophysics and space science, nuclear engineering, business management, or law. Some physics majors choose electives that prepare them for medical school. Physics graduates can also select immediate employment in a number of areas, including high school teaching and various areas of industrial science and technology. Because of the flexibility of the physics major, with its numerous electives, it is possible to double major in physics and some other discipline. Examples of double degrees that can be completed in four years are physics and math, or physics and chemistry. Each of these double majors is very powerful, in that it develops the ability to solve problems that require a knowledge of two separate disciplines.

Major Requirements

Lower Division Requirements:
• CHEM 111 General Chemistry I Lab 1 semester hour
• CHEM 114 General Chemistry for Engineers 3 semester hours
• ENGR 160 Algorithms and Applications 3 semester hours
• MATH 131 Calculus I 4 semester hours
• MATH 132 Calculus II 4 semester hours
• MATH 234 Calculus III 4 semester hours
• MATH 245 Ordinary Differential Equations 3 semester hours
• MATH 250 Linear Algebra 3 semester hours
• PHYS 101 Introduction to Mechanics 4 semester hours
• PHYS 195 Waves and Light 3 semester hours
• PHYS 201 Introduction to Electricity and Magnetism 4 semester hours
• PHYS 206 Foundations of Modern Physics 4 semester hours
• PHYS 212 Intermediate Mechanics 3 semester hours

Note:
Each course in MATH and PHYS listed above must be passed with a grade of C (2.0) or better.

Upper Division Requirements:
• MATH 355 Methods of Applied Mathematics 3 semester hours
• PHYS 301 Electromagnetic Fields 3 semester hours
• PHYS 302 Electromagnetic Waves 3 semester hours
• PHYS 321 Quantum Mechanics I 3 semester hours
• PHYS 322 Quantum Mechanics II 3 semester hours
• PHYS 411 Modern Physics Lab 3 semester hours
• PHYS 451 Thermodynamics and Statistical Mechanics 3 semester hours

One from:
• MATH 350 Advanced Linear Algebra 3 semester hours
• MATH 357 Complex Variables 3 semester hours
• MATH 360 Introduction to Probability and Statistics 3 semester hours

Three upper division physics electives selected from the following:
• PHYS 351 Space Physics 3 semester hours
• PHYS 361 Astrophysics 3 semester hours
• PHYS 371 Biophysics 3 semester hours
• PHYS 421 Condensed Matter Physics 3 semester hours
• PHYS 441 Modern Optics 3 semester hours
• PHYS 461 Elementary Particle Physics 3 semester hours
• PHYS 471 Introduction to Relativity and Cosmology 3 semester hours

Seniors must complete:
• PHYS 480 Capstone Experience 1 semester hour
• PHYS 481 Senior Thesis 1 semester hour

Note:
To graduate, a student must have at least a 2.0 average in all upper division physics courses.

Learning Outcomes
Physics majors will know:
1. The concepts of classical physics
2. The theories of modern physics
3. The discoveries and questions of contemporary physics

Physics majors will be able to:
1. Form new inferences about the physical world by carrying out scientific investigations
2. Solve problems, which includes formulating a strategy, estimating a solution, applying appropriate techniques, and evaluating the result
3. Design and conduct experiments, and well as analyze and interpret the resulting data
4. Employ computational methods to perform calculations and model physical systems
5. Communicate effectively their understanding of core physical principles, the results of experiments, and their analysis of physical problems

Physics majors will value:
1. Ethical and unbiased actions as cornerstones to the scientific method
2. The impact of physics on society
3. The role of elegance and beauty in the scientific process

Physics Curriculum
(125-129 S.H.)
Freshman Year

Fall Semester
- PHYS 195 Waves and Light 3 semester hours
- CHEM 111 General Chemistry I Lab 1 semester hour
- CHEM 114 General Chemistry for Engineers 3 semester hours
- MATH 131 Calculus I 4 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours

Total: 14-15 semester hours

Spring Semester
- PHYS 101 Introduction to Mechanics 4 semester hours
- ENGR 160 Algorithms and Applications 3 semester hours
- MATH 132 Calculus II 4 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours

Total: 14-15 semester hours

Sophomore Year

Fall Semester
- PHYS 201 Introduction to Electricity and Magnetism 4 semester hours
- MATH 234 Calculus III 4 semester hours
- MATH 245 Ordinary Differential Equations 3 semester hours
- University Core 3-4 semester hours

Total: 14-15 semester hours

Spring Semester

- PHYS 480 Capstone Experience 1 semester hour
- Upper Division Physics Elective 3 semester hours
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours

Total: 16-18 semester hours

Spring Semester
- PHYS 302 Electromagnetic Waves 3 semester hours or
- PHYS 322 Quantum Mechanics II 3 semester hours
- Upper Division Physics Elective 3 semester hours or
- PHYS 451 Thermodynamics and Statistical Mechanics 3 semester hours
- PHYS 481 Senior Thesis 1 semester hour
- University Core 3-4 semester hours
- Upper Division Elective 3-4 semester hours
- Upper Division Elective 3-4 semester hours

Total: 16-19 semester hours

Total: 125-129 semester hours

Physics Minor

Minor Requirements
21 semester hours with at least 6 semester hours in upper division courses. These shall include:

either:
- PHYS 101 Introduction to Mechanics 4 semester hours
- PHYS 201 Introduction to Electricity and Magnetism 4 semester hours
- PHYS 206 Foundations of Modern Physics 4 semester hours

or:
The Systems Engineering program offers students the following MS programs to enable the realization of successful systems.

The mission of the Systems Engineering MS programs is to provide managers and leaders.

Mission Statement

The mission of the Systems Engineering MS programs is to provide working engineers and scientists with the skills and modern tools needed to manage complex, interdisciplinary technical and healthcare endeavors and systems engineering interdisciplinary teams to enable the realization of successful systems.

The Systems Engineering program offers students the following MS and Certificate programs:

1. **Systems Engineering MS program**.
2. **Healthcare Systems Engineering MS program** with two modalities:
   a. **4+1 HSE program** for LMU undergraduate science students (who earn their BS degree at LMU and the MS degree one year later)
   b. **A regular HSE MS program** for other students.
3. **Systems Engineering Leadership Program (SELP)** offering a dual degrees of MS in Systems Engineering and MBA to provide integrated systems engineering and business skills for becoming systems engineering managers and leaders.
4. **Systems Engineering MS program with a Technical Focus** in another science, engineering or computer science discipline providing multidisciplinary breadth. The student pursuing this option will take three Electives in another engineering graduate program offered by the Frank R. Seaver College of Science and Engineering at LMU. The student's prior education must provide suitable preparation for such studies. The course plan must be approved by both the Director of Systems Engineering and the Director of the Technical Focus program.

5. **Graduate Certificate in Lean Healthcare Systems** (limited to Healthcare professionals).
6. **Graduate Certificate in Program Leadership**
7. **Graduate Certificate in Systems Engineering**

**Admission and Graduation Requirements**

Both admission and graduation requirements are listed individually under the program names below. Please visit those pages.

Promising applicants who do not satisfy requirements will be considered for provisional admission based upon their performance on the GRA or GMAT test, or their classroom performance during their first year in the program.

**Schedule**

Most engineering courses are offered on the LMU Westchester campus and typically meet in the evenings (online courses are identified individually). Usually courses meet one evening per week for three hours except during the summer semesters when each course meets two evenings per week for 3.5 hours each.

The Systems Engineering MS program, the Systems Engineering with Technical Focus MS program, and regular Healthcare Systems Engineering MS program are designed to be completed in about two years by a working student taking two courses per semester, including some summer courses. With aggressive scheduling of courses, the Healthcare MS program can be completed in one year. The interested student should contact Dr. Oppenheim. The 4+1 Healthcare Systems Engineering MS program is designed to be completed in one year. The dual degree Systems Engineering Leadership Program is designed to be completed in about three years.

The Certificate programs can be completed within three consecutive semesters (but the Lean Healthcare Certificate can be completed faster upon special arrangements). The 4+1 HSE students apply by November 1 and are admitted during November. All other students can be admitted anytime during the academic year. The application deadlines for admission are April 15 for the Summer session, July 15 for the Fall semester, and November 1 for the Spring semester.

**GPA**

Students who receive a grade of less than "B" in any 500-level course or a grade of less than "C" in any 600-level course will not have the course count toward their degree. The overall minimum GPA required for graduation is 3.0 in the MS programs and 2.7 in the Certificate programs.

**Lean Healthcare Systems Certificate**

The three-course graduate certificate in Lean Healthcare Systems is a convenient advanced program for healthcare professionals (providers and nurses in hospitals, clinics and emergency departments, clinical laboratories, and administrators) desiring to acquire higher and practical knowledge of streamlining operations, eliminating waste and increasing value to patients, providers and the enterprise. The Certificate delivers modern and comprehensive practical education. No prior knowledge of Lean is required. The program is managed by the Systems Engineering faculty specializing in Healthcare Systems.
Admission Requirements

- Application to Graduate Admissions and a $50 application fee. To apply online, visit http://graduate.lmu.edu.
- B.S. or B.A. from an accredited university program
- Undergraduate transcript
- Two years’ work experience in healthcare environment
- Two letters of recommendation from employers (one current) or former professors.

Promising applicants who do not satisfy these requirements will be considered for conditional admission and, when so admitted, must demonstrate satisfactory performance during their first year in the program.

Graduation Requirements

Completion of the following three courses (9 semester hours):

- SELP 535 Lean Healthcare 3 semester hours
- SELP 635 Advanced Lean Management of Healthcare 3 semester hours
- SELP 696 Project in Healthcare 3 semester hours

The overall minimum GPA required for award of the Certificate is 2.7; the minimum grade in the 535 course is B, and the minimum grade in the 600-level courses is C.

Schedule

The SELP 535 course is offered in the Second Summer session, meeting twice a week for 3.5 hours. The times and days are decided jointly by the instructor and the students. The course may be offered in class or online, depending on the class preference. The online student may take the course while sitting at his/her computer at work or home.

SELP 696 is a Project course offered in the Fall and Spring semester. It involves one day per week for about 5 hours. During the first part of the course students and the instructor visit each student workplace and perform Gemba walks looking for wastes and opportunities to improve operations. The second part of the course involves 6-hr meetings either at LMU or at the place of work of the students developing the Lean improvements. All students work as a team benefitting from cross-learning.

The third course SELP 635 meets in the Fall semester one day per week for 3 hours. Other schedules for that course are possible, including online.

Program Leadership Certificate

The graduate Certificate in Program Leadership is a convenient advanced program for the engineers, systems engineers and individuals in program management desiring to acquire higher and practical knowledge of managing complex engineering programs. Upon completion of the certificate program, the student may re-enroll for the M.S. degree in Systems Engineering with Technical Focus in Program Leadership and have the courses completed for the certificate to be credited towards the M.S. degree.

Admission Requirements

- Application to Graduate Admissions and a $50 application fee. To apply online, visit http://graduate.lmu.edu.
- B.S. in engineering or B.A. in Program Management or equivalent degree (GPA of 3.0 or better) from an accredited university program
- Two years’ work experience
- Prerequisite knowledge of the fundamentals of Lean (equivalent to course SELP 530)

- Two original copies of the undergraduate transcript
- Resume
- Brief personal statement discussing how the graduate program fits the applicant’s career goals

Promising applicants who do not satisfy these requirements may be considered for conditional admission and, when so admitted, must demonstrate satisfactory performance during their first year in the program.

Note:

If the applicant’s GPA is below 3.0, also submit two letters of recommendation from past professors or current employer.

Graduation Requirements

Completion of three (3) following courses (9 semester hours):

- SELP 510 Project Management 3 semester hours
- SELP 610 Advanced Program Management 3 semester hours
- SELP 630 Advanced Lean Management of Engineering Programs 3 semester hours

If the enrolling student lacks the prerequisite knowledge of Lean (equivalent to course SELP 530 Lean Thinking), then this course should be taken prior to SELP 630. This course will not count towards the certificate credits but would count towards the subsequent M.S. degree credits, if chosen.

Note:

The overall minimum GPA required for award of the Certificate is 2.7. Students who receive a grade of less than “B” in any 500-level course or a grade of less than “C” in any 600-level course will not have the course count toward their Certificate. In order to transfer the course credits towards an M.S. degree, the GPA from the certificate must be a “B” (3.0).

Schedule

The student can complete the certificate program in one year taking one course per semester, including Summer Session II. Scheduling of the courses is the student’s responsibility.

Systems Engineering Certificate

The graduate certificate in Systems Engineering is a convenient program of the engineers desiring to acquire the fundamentals of Systems Engineering without the commitment to a full degree program. Upon completion of the certificate program the student may enroll for the M.S. degree in Systems Engineering and have the courses completed for the certificate credited towards the M.S. degree.

Admission Requirements

- Application to Graduate Admissions and a $50 application fee. To apply online, visit http://graduate.lmu.edu.
- B.S. or equivalent degree (GPA of 3.0* or better) from an accredited university program
- Two original copies of the undergraduate transcript
- Resume
- Brief personal statement discussing how the graduate program fits the applicant’s career goals

*If the applicant’s GPA is below 3.0, also submit two letters of recommendation from past professors or current employer.
Promising applicants who do not satisfy these requirements will be considered for conditional admission and, when so admitted, must demonstrate satisfactory performance during their first year in the program.

Graduation Requirements
Completion of the following three courses (9 semester hours):
- SELP 500 Systems Engineering 3 semester hours
- SELP 510 Project Management 3 semester hours
- SELP 530 Lean Thinking 3 semester hours

Note:
With the approval of the Program Director, other SELP courses may be substituted for one of the three above to meet the Certificate requirements.

Schedule
The student can complete the certificate program in three semesters or less taking one to two courses per semester. Scheduling of the courses is the student's responsibility.

M.B.A./M.S. Dual Degree: Systems Engineering Leadership Program
The mission of the Systems Engineering Leadership Program (SELP) is to educate working engineers and scientists in the engineering and business disciplines that will make them leaders of highly complex technical endeavors within their sponsoring organizations.

The SELP will confer two degrees upon its graduates: an MBA and an MS in Systems Engineering. Students may obtain either an MS in Systems Engineering or an MBA degree as a stand-alone by fulfilling the individual degree requirements. Taking the dual degree program saves the student several courses compared to the two programs taken separately.

Admissions
Both the MBA Program in the College of Business and the Systems Engineering Program in the Frank R. Seaver College of Science and Engineering must accept students applying to the SELP for admission.

The admissions process to both Colleges will be coordinated within the University. Prospective students need to submit only one application to the LMU Graduate Division. Submit the application to Graduate Admissions with a $50 application fee. To apply online, visit http://graduate.lmu.edu.

Course of Study
Students enrolled in the SELP Program are advised by the SELP Program Coordinator and can begin in any semester. The MBA portion of the program operates as a cohort that begins only in the Fall semester. The cohort requires each student to abide by the prescribed MBA curriculum for the first year which contains no electives. MBA electives can be taken in year two of the MBA program and may include SELP courses as needed to meet both degree requirements. It is recommended that incoming students take a full course load of SELP courses the first year of the dual-degree program, then begin the MBA cohort in year two, and select electives and additional SELP courses in year three.

In addition to the MBA Curriculum, SELP students will take a total of eight (8) Systems Engineering courses, of which four will be used to satisfy the emphasis/concentration requirement for the MBA degree.

Students will also be required to take MBAH 673/SELP 673 New Product Design and Development. Three (3) additional courses of the SELP program are part of the MBA coursework and apply to the M.S. in Systems Engineering.

Required College of Science and Engineering courses in Systems Engineering
- SELP 500 Systems Engineering 3 semester hours
- SELP 520 Engineering Ethics and Communications 3 semester hours
- SELP 530 Lean Thinking 3 semester hours
- SELP 550 Systems Architecting 3 semester hours
- SELP 600 Advanced Systems Engineering 3 semester hours
- SELP 630 Advanced Lean Management of Engineering Programs 3 semester hours
- SELP 640 Model Based Systems Engineering 3 semester hours
- SELP 695 Systems Engineering Integrative Project/Thesis 3 TO 6 semester hours

Note:
SELP Director has the discretion to substitute other SELP coursework based on availability and Frank R. Seaver College of Science and Engineering Dean's office approval.

Note:
Students who receive a grade of less than "B" in any 500-level course of a grade of less than "C" in any 600-level course will not have the course count toward their degree. The overall minimum GPA required for graduation is 3.0.

When the course requirements outlined above are completed, the student will be awarded both the MBA and the MS in Systems Engineering degrees.

Healthcare Systems Engineering, M.S.
The HSE Master's Programs offer two following modalities:
1. **4+1 HSE program** for LMU undergraduate science students who earn their BS degree at LMU and earn the MS degree one year later.
2. A **regular HSE MS** program for other students.

**4+1 HSE Program for LMU Undergraduate Science Students**

Admission Requirements
- Senior standing in Fall semester; apply by November 1 in the Senior year. Admissions decided during the month of November
- Application to Graduate Admissions and a $50 application fee. To apply online, visit http://graduate.lmu.edu
- Undergraduate GPA of at least 3.0 recommended. Lower GPA will be considered on a case-by-case basis
Admission Requirements

Baccalaureate Program Students

HSE Program for Outside and LMU Post-Baccalaureate Program Students

Graduation Requirements
The overall minimum GPA required for graduation is 3.0. Students who receive a grade of less than "B" in any 500-level course or a grade of less than "C" in any 600-level will not have the course count toward their degree.

One course (SELP 515) to be taken in the Senior year as an undergraduate elective (under the undergraduate tuition), plus 9 HSE courses.

Core Courses
- SELP 505 Systems Engineering for Healthcare 3 semester hours
- SELP 510 Project Management 3 semester hours
- SELP 515 Healthcare Delivery Systems 3 semester hours (taken as undergraduate elective in the Senior year under the undergraduate tuition)
- SELP 535 Lean Healthcare 3 semester hours
- SELP 635 Advanced Lean Management of Healthcare 3 semester hours
- SELP 668 Systems Engineering Modeling and Analysis 3 semester hours
- SELP 625 Patient Safety and Quality Systems 3 semester hours
- SELP 696 Project in Healthcare 3 semester hours

Elective Courses
Two courses to be selected from the following electives:
- SELP 540 Systems Thinking 3 semester hours
- SELP 665 Data Mining in Healthcare 3 semester hours *
- SELP 655 Medical Devices and Integrated Systems 3 semester hours *
- SELP 675 Healthcare Enterprise Informatics and Electronic Records 3 semester hours *
- SELP 699 Independent Studies 1 to 3 semester hours

Note:
* In any given year, between one and three of these elective courses will be offered depending on the number of students and their interests.

Schedule
- Take the first course SELP 515 Healthcare Delivery Systems in Senior Spring semester as an Elective, under the undergraduate tuition
- Graduate normally with the BS degree in May of the Senior year
- Follow with the SELP 535 Lean Healthcare course in Summer Session II
- Follow with four courses in the Fall semester and four in the Spring semester
- Graduate with MS degree in May.

The students who fail to follow the above schedule default to the regular HSE MS program described below.

HSE Program for Outside and LMU Post-Baccalaureate Program Students

Admission Requirements

- Application to Graduate Admissions and a $50 application fee. To apply online, visit http://graduate.lmu.edu
- Bachelor's degree from a U.S. accredited school
- GPA of at least 3.0 recommended. Lower GPA will be considered on a case-by-case basis
- Essay demonstrating passion for a healthcare career
- 3 letters of recommendation.

Graduation Requirements
The requirement for the MS in HSE is 30 semester hours (10 courses at three semester hours each). The overall minimum GPA required for graduation is 3.0. Students who receive a grade of less than "B" in any 500-level course or a grade of less than "C" in any 600-level course will not have the course count toward their degree.

Core Courses
- SELP 505 Systems Engineering for Healthcare 3 semester hours
- SELP 510 Project Management 3 semester hours
- SELP 515 Healthcare Delivery Systems 3 semester hours (required for students who lack healthcare work experience)
- SELP 535 Lean Healthcare 3 semester hours
- SELP 635 Advanced Lean Management of Healthcare 3 semester hours
- SELP 668 Systems Engineering Modeling and Analysis 3 semester hours
- SELP 625 Patient Safety and Quality Systems 3 semester hours
- SELP 696 Project in Healthcare 3 semester hours

Elective Courses
Three (3) courses to be selected from the following electives:
- SELP 540 Systems Thinking 3 semester hours
- SELP 665 Data Mining in Healthcare 3 semester hours *
- SELP 655 Medical Devices and Integrated Systems 3 semester hours *
- SELP 675 Healthcare Enterprise Informatics and Electronic Records 3 semester hours *
- SELP 699 Independent Studies 1 to 3 semester hours

Note:
* In any given year, between one and three of these elective courses will be offered depending on the number of students and their interests.

Note:
The students lacking healthcare work experience will need to include SELP 515 as one elective.

Schedule
- Application deadline: year round.
- If you have work experience in healthcare, you will enter the program in the Summer Session II with the course SELP 535 Lean Healthcare. If you have no healthcare work experience, you will enter the program in the Spring semester with SELP 515 Healthcare Delivery Systems, and follow with the SELP 535 Lean Healthcare in Summer Session II.
- Follow with the remaining 8 courses at your pace. The full-time load is two courses per each Fall and Spring semester.
The students with healthcare work experience may complete the HSE MS program in one year by following this aggressive schedule:

- Enter the program in the Summer Session II with the course SELP 535 Lean Healthcare.
- Follow with four courses in the Fall and four in the Spring semesters.
- End with an Elective course in the Summer Session I.

For More Information Contact:
Dr. Bo Oppenheim, boppenheim@lmu.edu, 310.338.2825
Dr. Elizabeth Yzquierdo, Elizabeth.Yzquierdo@lmu.edu, 310.338.2833

Systems Engineering, M.S.

Systems Engineering M.S.

Admission Requirements
All applicants must submit:

- Application to Graduate Admissions and a $50 application fee. To apply online, visit http://graduate.lmu.edu
- A transcript documenting the Bachelor's degree in engineering or science from an ABET accredited program with a GPA of 3.0 or better
- Three or more years of related work experience
- Resume
- Three letters of recommendation
- Essay discussing how the MS in SE fits into applicant's career development

Promising applicants who do not satisfy these requirements will be considered for conditional admission and, when so admitted, must demonstrate satisfactory performance during their first year in the program.

Graduation Requirements
The students will be expected to adhere to the LMU policies and procedures stated in this Bulletin and those established by each course instructor. The overall minimum GPA required for graduation is 3.0. Students who receive a grade of less than "B" in any 500-level course or a grade of less than "C" in any 600-level course will not have the course count toward their degree.

The requirement for the MS in Systems Engineering degree is 11 courses, as follows:

a. Core Requirements for the MS in SE degree:
- SELP 500 Systems Engineering 3 semester hours
- SELP 510 Project Management 3 semester hours
- SELP 520 Engineering Ethics and Communications 3 semester hours
- SELP 530 Lean Thinking 3 semester hours
- SELP 550 Systems Architecting 3 semester hours
- SELP 600 Advanced Systems Engineering 3 semester hours
- SELP 640 Model Based Systems Engineering 3 semester hours
- SELP 695 Systems Engineering Integrative Project/Thesis 3 TO 6 semester hours

b. plus three (3) Electives to be selected from the following courses:
- SELP 540 Systems Thinking 3 semester hours
- SELP 560 Integration of Hybrid Hardware and Software Systems 3 semester hours
- SELP 598 Special Studies 1 TO 3 semester hours
- SELP 610 Advanced Program Management 3 semester hours
- SELP 620 Quality 3 semester hours
- SELP 630 Advanced Lean Management of Engineering Programs 3 semester hours
- SELP 650 IT and Software Project Management for Systems Engineers 3 semester hours
- SELP 660 Cyber Security 3 semester hours
- SELP 668 Systems Engineering Modeling and Analysis 3 semester hours
- SELP 670 Spacecraft Design 3 semester hours
- SELP 673 New Product Design and Development 3 semester hours
- SELP 691 Systems Engineering Case Studies 3 semester hours
- SELP 692 Systems Engineering Seminar 3 semester hours
- SELP 699 Independent Studies 1 to 3 semester hours

Note:
With the approval of the SELP Program Director, other SELP courses may be submitted for the courses listed above.

Electives are scheduled only if a sufficient number of students sign up. With the approval of the academic advisor, the above curriculum can be adjusted to meet the student's individual educational needs.

Schedule
The student completing successfully two courses each Fall and Spring semester, and taking summer courses, can earn the MS degree in two years.

Scheduling of the courses is the student's responsibility. A student is expected to make reasonable progress toward the degrees to remain in good standing at the University. A full-time course load is considered to be two courses in each the Fall and Spring semesters.

Systems Engineering M.S. with Technical Focus in Civil Engineering (MS SE+CE) or Environmental Science (MS SE+ES)

The program is intended for those students who wish to learn the skills of Systems Engineering and apply them in either the Civil Engineering or Environmental Science field. This combined SE+CE or SE+ES program offers four tracks highly desired by the industry:

- Water Resources
- Air Quality and Industrial Track
- Water Resource Management Track
- Environmental Management Track

Admission Requirements
All applicants must submit:

- Application to Graduate Admissions and a $50 application fee. To apply online, visit http://graduate.lmu.edu
- A transcript documenting the Bachelor's degree in any engineering discipline from an ABET accredited program with a GPA of 3.0 or better
- Three or more years of related work experience
- Resume
- Three letters of recommendation
- Essay discussing how the MS SE+CE or MS SE+ES fits into applicant's career development
Promising applicants who do not satisfy these requirements will be considered for conditional admission and, when so admitted, must demonstrate satisfactory performance during their first year in the program.

Graduation Requirements
11 courses are required for graduation, as follows:

Required Systems Engineering courses:
- SELP 500 Systems Engineering 3 semester hours
- SELP 510 Project Management 3 semester hours
- SELP 520 Engineering Ethics and Communications 3 semester hours
- SELP 530 Lean Thinking 3 semester hours
- SELP 550 Systems Architecting 3 semester hours
- SELP 640 Model Based Systems Engineering 3 semester hours
- SELP 695 Systems Engineering Integrative Project/Thesis 3 TO 6 semester hours

Plus one (1) Systems Engineering Elective to be chosen from the following courses:
- SELP 540 Systems Thinking 3 semester hours
- SELP 560 Integration of Hybrid Hardware and Software Systems 3 semester hours
- SELP 598 Special Studies 1 TO 3 semester hours
- SELP 610 Advanced Program Management 3 semester hours
- SELP 620 Quality 3 semester hours
- SELP 630 Advanced Lean Management of Engineering Programs 3 semester hours
- SELP 650 IT and Software Project Management for Systems Engineers 3 semester hours
- SELP 660 Cyber Security 3 semester hours
- SELP 668 Systems Engineering Modeling and Analysis 3 semester hours
- SELP 670 Spacecraft Design 3 semester hours
- SELP 673 New Product Design and Development 3 semester hours
- SELP 691 Systems Engineering Case Studies 3 semester hours
- SELP 692 Systems Engineering Seminar 3 semester hours
- SELP 699 Independent Studies 1 to 3 semester hours

Plus three (3) courses from the Civil Engineering and Environmental Science program, as follows:

Required Courses for MS SE+CE in Water Resources Track
- CIVL 654 Surface Water Hydrology 3 semester hours
- CIVL 514 Groundwater Hydrology 3 semester hours
- CIVL 635 Contaminant Transport Groundwater 3 semester hours

Note:
The students who did not have an undergraduate fluid mechanics course must also take CIVL 504 Applied Fluid Mechanics, and this course must be taken prior to taking the three courses listed above. Typically most mechanical engineers have already had this course but science majors have not. This provides preparation for the Water Resource Sequence. Offered in summer.

Required Courses for MS SE+ES in Air Quality and Industrial Track
- CIVL 612 Air Pollution Analysis 3 semester hours
- CIVL 614 Industrial Waste Management 3 semester hours
- CIVL 648 Hazardous Substance Management 3 semester hours

Required Courses for MS SE+ES in Environmental Management Track
- ENVS 631 Principles of Water Quality Management 3 semester hours
- ENVS 650 Watershed Function and Protection 3 semester hours
- CIVL 634 Groundwater Management 3 semester hours

Required Courses for MS SE+ES in Environmental Management Track
- CIVL 612 Air Pollution Analysis 3 semester hours
- CIVL 650 Fundamentals of Environmental Health Risk Assessment 3 semester hours
- ENVS 615 Environmental Impact Reports 3 semester hours

Note:
The overall minimum GPA required for graduation is 3.0. Students who receive a grade of less than "B" in any 500-level course or a grade of less than "C" in any 600-level course will not have the course count toward their degree.

Schedule
The student completing successfully two courses each Fall and Spring semester, and taking summer courses will earn the MS degree in two years.

Scheduling of the courses is the student's responsibility. A student is expected to make reasonable progress toward the degrees to remain in good standing at the University. A full-time course load is considered to be two courses in Fall and Spring semesters.

Systems Engineering M.S. with Technical Focus in Computer Science (MS SE+CS) or in Electrical Engineering (MS SE+EE)
- M.S. in Systems Engineering with Technical Focus in Computer Science (MS SE+CS)
- M.S. in Systems Engineering with Technical Focus in Electrical Engineering (MS SE+EE)

This combined SE+CS or SE+EE program is intended for those students who wish to learn the skills of Systems Engineering and apply them in either a Computer Science or Electrical Engineering field. Students will advance their knowledge of computer science and engineering and at the same time gain knowledge of Systems Engineering. Such dual-field experts are highly desired by industry.

Admission Requirements
All applicants must submit:
- Application to Graduate Admissions and a $50 application fee. To apply online, visit http://graduate.lmu.edu
- A transcript documenting the Bachelor's degree in computer science or electrical engineering, respectively, from an ABET accredited program with a GPA of 3.0 or better
- Three or more years of related work experience
- Resume
Admission Requirements

Three letters of recommendation
Essay discussing how the MS SE+CS or MS SE+EE fits into applicant's career development

Promising applicants who do not satisfy these requirements may be considered for conditional admission and, when so admitted, must demonstrate satisfactory performance during their first year in the program.

Graduation Requirements

11 following courses are required for graduation:

Required Systems Engineering courses:
- SELP 500 Systems Engineering 3 semester hours
- SELP 510 Project Management 3 semester hours
- SELP 520 Engineering Ethics and Communications 3 semester hours
- SELP 530 Lean Thinking 3 semester hours
- SELP 550 Systems Architecting 3 semester hours
- SELP 640 Model Based Systems Engineering 3 semester hours

Required Courses for MS SE+CS
- SELP 650 IT and Software Project Management for Systems Engineers 3 semester hours
- SELP 660 Cyber Security 3 semester hours
- SELP 660 Integration of Hybrid Hardware and Software Systems 3 semester hours
- A Computer Science elective at the 500 or 600 level (3 semester hours)
- CMSI 601 Graduate Seminar 3 semester hours

Required Courses for MS SE+EE
- Four Electrical Engineering electives at the 500 or 600 level (3 semester hours each)
- ELEC 601 Graduate Seminar 3 semester hours

Note:
The CMSI and ELEC courses must be approved by the Advisor. The overall minimum GPA required for graduation is 3.0. Students who receive a grade of less than "B" in any 500-level course or a grade of less than "C" in any 600-level course will not have the course count toward their degree.

Schedule
The student completing successfully two courses each Fall and Spring semester, and taking summer courses will earn the MS degree in two years.

Scheduling of the courses is the student's responsibility. A student is expected to make reasonable progress toward the degrees to remain in good standing at the University. A full-time course load is considered to be two courses in the Fall and Spring semesters.

Systems Engineering M.S. with Technical Focus in Mechanical Engineering (MS SE+ME)
The MS SE+ME program offers a single, flexible track. The program is intended for those students who wish to learn the skills of systems engineering and apply them in various mechanical engineering fields.

Admission Requirements

All applicants must submit:
- Application to Graduate Admissions and a $50 application fee. To apply online, visit http://graduate.imu.edu
- A transcript documenting the Bachelor's degree in any engineering discipline from an ABET accredited program with a GPA of 3.0 or better
- Three of more years of related work experience
- Resume
- Three letters of recommendation
- Essay discussing how the MS SE+ME fits into applicant's career development

Promising applicants who do not satisfy these requirements may be considered for conditional admission and, when so admitted, must demonstrate satisfactory performance during their first year in the program.

Graduation Requirements

11 following courses are required:

Systems Engineering core courses:
- SELP 500 Systems Engineering 3 semester hours
- SELP 510 Project Management 3 semester hours
- SELP 520 Engineering Ethics and Communications 3 semester hours
- SELP 530 Lean Thinking 3 semester hours
- SELP 550 Systems Architecting 3 semester hours
- SELP 640 Model Based Systems Engineering 3 semester hours
- SELP 695 Systems Engineering Integrative Project/Thesis 3 TO 6 semester hours

Plus one (1) Systems Engineering Elective to be chosen from the following courses:
- SELP 540 Systems Thinking 3 semester hours
- SELP 560 Integration of Hybrid Hardware and Software Systems 3 semester hours
- SELP 598 Special Studies 1 TO 3 semester hours
- SELP 610 Advanced Program Management 3 semester hours
- SELP 620 Quality 3 semester hours
- SELP 630 Advanced Lean Management of Engineering Programs 3 semester hours
- SELP 650 IT and Software Project Management for Systems Engineers 3 semester hours
- SELP 660 Cyber Security 3 semester hours
- SELP 668 Systems Engineering Modeling and Analysis 3 semester hours
- SELP 670 Spacecraft Design 3 semester hours
- SELP 673 New Product Design and Development 3 semester hours
- SELP 691 Systems Engineering Case Studies 3 semester hours
- SELP 692 Systems Engineering Seminar 3 semester hours
- SELP 699 Independent Studies 1 to 3 semester hours

Note:
The overall minimum GPA required for graduation is 3.0. Students who receive a grade of less than "B" in any 500-level course or a
grade of less than "C" in any 600-level course will not have the
course count toward their degree.

Schedule
The student completing successfully two courses each Fall and
Spring semester, and taking summer courses will earn the MS
degree in two years.

Scheduling of the courses is the student's responsibility. A student is
expected to make reasonable progress toward the degrees to
remain in good standing at the University. A full-time course load is
considered to be two courses in the Fall and Spring semesters.

Systems Engineering M.S. with Technical Focus
in Ecology and Sustainability (MS SE+E/S)

Note:
This M.S. program is in development. The exact date of opening is
TBD. The program is intended for those students who wish to learn
the skills of Systems Engineering and apply them in the Ecology and
Sustainability field.

Admission Requirements
All applicants must submit:
- Application to Graduate Admissions and a $50 application
fee. To apply online, visit http://graduate.lmu.edu
- A transcript documenting the Bachelor's degree in any
engineering discipline from an ABET accredited program,
or accredited science degree, with a GPA of 3.0 or better
- Three or more years of related work experience
- Resume
- Three letters of recommendation
- Essay discussing how the MS SE+E/S fits into applicant's
career development

Promising applicants who do not satisfy these requirements may be
considered for conditional admission and, when so admitted, must
demonstrate satisfactory performance during their first year in the
program.

Graduation Requirements
11 following courses are required:

Systems Engineering core courses:
- SELP 500 Systems Engineering 3 semester hours
- SELP 510 Project Management 3 semester hours
- SELP 520 Engineering Ethics and Communications 3 semester hours
- SELP 530 Lean Thinking 3 semester hours
- SELP 550 Systems Architecting 3 semester hours
- SELP 640 Model Based Systems Engineering 3 semester hours
- SELP 695 Systems Engineering Integrative Project/Thesis
  3 TO 6 semester hours

Plus one (1) Systems Engineering Elective to be chosen
from the following courses:
- SELP 540 Systems Thinking 3 semester hours
- SELP 560 Integration of Hybrid Hardware and Software
  Systems 3 semester hours
- SELP 598 Special Studies 1 TO 3 semester hours
- SELP 610 Advanced Program Management 3 semester hours
- SELP 620 Quality 3 semester hours
- SELP 630 Advanced Lean Management of Engineering
  Programs 3 semester hours
- SELP 650 IT and Software Project Management for
  Systems Engineers 3 semester hours
- SELP 660 Cyber Security 3 semester hours
- SELP 668 Systems Engineering Modeling and Analysis 3
  semester hours
- SELP 670 Spacecraft Design 3 semester hours
- SELP 673 New Product Design and Development 3 semester hours
- SELP 691 Systems Engineering Case Studies 3 semester hours
- SELP 692 Systems Engineering Seminar 3 semester hours
- SELP 699 Independent Studies 1 TO 3 semester hours

Plus three (3) 500- or 600-level Ecology courses approved
by the Advisor.

Note:
The overall minimum GPA required for graduation is 3.0. Students
who receive a grade of less than "B" in any 500-level course or a
grade of less than "C" in any 600-level course will not have the
course count toward their degree.

Schedule
The student completing successfully two courses each Fall and
Spring semester, and taking summer courses will earn the M.S.
degree in two years.

Scheduling of the courses is the student's responsibility. A student is
expected to make reasonable progress toward the degrees to
remain in good standing at the University. A full-time course load is
considered to be two courses in the Fall and Spring semesters.
School of Education

Administration

Introduction
The School of Education offers graduate programs in the following areas of study: School Administration, Bilingual Education, Catholic Inclusive Education, Catholic School Administration, Reading Instruction, Early Childhood Education, Educational Studies, School Psychology, Elementary and Secondary Education, Counseling, and Special Education. The School of Education also offers a doctorate in Leadership for Social Justice.

The high quality of the education program is confirmed through its accreditation by the California Commission on Teacher Credentialing, the National Association of School Psychologists, the National Council for Accreditation of Teacher Education, and Western Association of Schools and Colleges.

Mission of the School of Education
In accordance with the Mission of Loyola Marymount University, the faculty, staff, and students of the School of Education understand and declare our purpose to be the encouragement of life-long learning and academic excellence, the education of the whole person, and the promotion of service and justice for all. We commit ourselves to serving public and private education by fostering excellence inspired by the Jesuit and Marymount traditions of Catholic education.

Goals of the School of Education
The faculty, staff, and students of the School of Education strive to work collaboratively in a student-centered environment to be professionals who act to:

- **Value and respect all individuals**
  We believe in the worth of each individual. We affirm the inherent dignity and value of each person as a child of God. Therefore, we believe that all individuals have the potential to be successful learners with unique characteristics and experiences that bring positive value and meaning to the learning experience.

- **Promote social justice**
  We recognize the existence of social inequity, marginalization, and the different faces of oppression, and we commit ourselves to work actively for the establishment of a just and equitable society. While it is important to understand critically the structures, practices, and discourses that cause and perpetuate injustice, we also aim to nurture transformative structures, practices, and discourses that actively promote greater equity. This commitment challenges us to think with a global perspective, to embrace the notion of a preferential option for the poor, and to act with a conviction of equity.

  - **Promote cultural responsiveness**
    We recognize diversity as a strength, and we commit ourselves personally and professionally to serve culturally and linguistically diverse populations. These populations include those who represent cultural diversity broadly defined, including race, ethnicity, socio-economic status, gender, religion, sexual orientation, ability, and age. Among other valuable theories and approaches, we utilize sociocultural and constructivist perspectives in teaching and learning. We value these and other perspectives that promote active participation in learning as well as meaningful and authentic instruction and assessment and emphasize students’ cultural and linguistic background experiences.

  - **Integrate theory and practice**
    We strive to unite theory and practice in a reciprocal relationship that mutually informs each other. We are a community of reflective practitioners, guided by critical inquiry and social responsibility. We actively engage in educational research, including faculty/student collaboration. We affirm the use of technology in education as authentic, meaningful, and accessible to all learners.

  - **Develop moral, intellectual, responsible, and caring leaders**
    We are committed to the preparation of educators who will be leaders in the field and who reflect high standards of ethics and values. We seek to be, and to encourage others to be, women and men who have the intellectual skills to critically evaluate educational issues, have the moral conviction to respond as agents of change, and exhibit an ethic of care in the service of others.

  - **Collaborate and share leadership across communities**
    We believe in the value of working collaboratively with the districts, schools, parents, and students of the communities we serve to successfully educate all learners. We recognize, support, and promote the gifts and talents of community members and encourage their participation in decision-making processes.

Candidate Outcomes and Proficiencies
The following four broad learning goals are intended to express the expectations for how all candidates will achieve the mission of the School of Education. Under each goal are corresponding candidate learning outcomes that express specific ways in which candidates should be able to demonstrate fulfillment of each goal.

**Unit Goal 1: Candidates will respect and value all individuals and communities.**

**Candidate Learning Outcomes**

**Diversity:** Candidates will know, value, and integrate the diversity of students and their communities

**Culture of high expectations:** Candidates will promote a culture of high expectations for all

**Inclusion:** Candidates will be able to use inclusive strategies and practices

**Community:** Candidates will be able to gather and use multiple resources to better understand and serve their community

**Unit Goal 2: Candidates will integrate theory and practice.**

**Candidate Learning Outcomes**
Knowledge: Candidates will be able to demonstrate knowledge of historical, philosophical, socio-political, economic, and legal influences on education

Critical Lens: Candidates will be able to use a critical lens to analyze and share content knowledge

Reflection: Candidates will be able to reflect on personal experience of self and others to inform practice

Disposition: Candidates will understand and model exemplary professional practices

Research: Candidates will be able to use multiple research methodologies

Pedagogical Technology: Candidates will be able to integrate content and pedagogical knowledge, academic skills, and technology in professional practice

Unit Goal 3: Candidates will advocate for access to a socially just education.

Candidate Learning Outcomes

Communication and Collaboration: Candidates will be able to effectively communicate and collaborate

Academic Excellence: Candidates will promote academic excellence in the field

Equity: Candidates will be able to use pedagogical skills to implement principles of equity and empowerment

Social Justice: Candidates will be able to understand and respond to issues related to the preferential option for the poor and marginalized groups

Technology: Candidates will be able to advocate for and critically use technology

Lifelong Learning: Candidates will demonstrate a commitment to ongoing professional development and involvement in professional organizations

Unit Goal 4: Candidates will lead in order to facilitate transformation.

Candidate Learning Outcomes

Ethics: Candidates will be able to practice effective, ethical, and moral leadership

Shared Vision: Candidates will be able to share and collaboratively construct an inclusive vision within professional learning communities

Performance Evaluation: Candidates will be able to seek, reflect upon, and respond to constructive feedback

Systemic Change: Candidates will understand and use the elements, processes, and technological advances that lead to systemic change

Assessment: Candidates will understand and promote equitable and effective assessment and evaluation systems

School of Education Academic Regulations

Graduate Admissions Policies

Applicants for graduate programs are encouraged to contact SOE Admissions for advice and assistance in meeting the admission requirements.

Categories of Admission

Categories of admission for the Credential, Master of Arts degrees, Education Specialist degree, and Doctoral degree programs are as follows:

Formal Admission: Formally admitted students are those who have completed the entire application process and have been accepted by a particular program with no conditions or provisions.

Provisional Admission: Provisionally admitted students are those who are missing one or more items for formal admission.

Controlled Admission: Students admitted on Controlled Admission are accepted through an exceptions process and are admitted under academic probation. Students admitted on Controlled Admissions are required to receive a minimum 3.0 GPA (B) in their first 6 semester hours of classes, and remain in good standing in their academic program. Students on Controlled Admission may take a maximum of 2 courses per semester, and are required to advance to Formal or Provisional status by the end of their first semester, or by the completion of their first 6 semester hours in the program.

Non-Degree Status: Applicants seeking admission to the School of Education under non-degree status are not guaranteed admission.

Exception Policy

Applicants who do not meet minimum admission requirements based on GPA (below 3.0 and above 2.7) or TOEFL/IELTS test scores will be asked to submit additional documentation for admission consideration through the exceptions process. Candidates accepted through the exceptions process will be admitted on controlled admission status as described above.

Graduate Transfer Credit

School of Education graduate students must submit transfer credit requests at the time of admission to their advisor/program director in order to receive credit toward a degree for graduate-level work taken at other regionally accredited colleges and universities. The request must be in writing and accompanied with a course syllabus and Bulletin description for each course they wish to transfer. All transferred course credit requested must have received a grade of at least 3.0 (B). Courses used to satisfy a degree requirement at another college or university cannot be used for transfer credit with the exception of core or prerequisite requirements. Students may request a transfer for up to 6 semester (9 quarter) hours of graduate units. Transfer coursework may not be more than five years old. Transfer credit requests received after admission will not be considered. The Office of the Registrar grants final approval of transfer credit.

Adding a Second LMU Master of Arts Degree

A student who has earned a Master of Arts degree from the School of Education may apply up to three applicable core courses from that degree toward a second Master of Arts degree with the approval of the program director. The student must successfully complete all other requirements for the second degree.

Advising

Orientation

New students are strongly encouraged to attend Student Orientation.

Academic Advising

Upon admission to the School of Education, students are assigned an academic advisor. The advisor will assist students with course sequencing, enrollment, and monitor their progress toward program completion. Students are advised to schedule a meeting with their academic advisor as soon as possible after admission and consult with their academic advisor regularly on program requirements and registration.

Professional Advising

Faculty are available to meet with students to discuss professional, career, academic, and educational issues. Students are encouraged to see their program director for professional advisement.

Technology

The School of Education emphasizes and supports the use of technology throughout its programs. To aid in the integration of technology, the School of Education maintains a computer lab as well as two computer eClassrooms in University Hall. The lab is
available for use by School of Education students and faculty only. Hours are posted at the lab and at the School of Education website (http://soe.lmu.edu). The eClassrooms are intended for whole class instruction and are available for reservation by faculty. There are several general use student computer labs in various locations on campus.

Basic Technology Skills
All SOE applicants must verify that they are capable of basic technology skills necessary for success in the School of Education.

Email Accounts
The School of Education will utilize students’ LMU email accounts to contact students. Students are responsible for all University communication sent to their LMU email accounts. Students must check this account regularly or forward it to a preferred account. Students should contact the Student Help Desk for information on email and network access accounts.

LiveText
LiveText is web-based software used by students to complete fieldwork and course assignments. All undergraduate, Masters, Education Specialist, credential, and certificate students enrolled in the School of Education are required to purchase and utilize LiveText. An ePortfolio fee is assessed to each student at the beginning of their first semester of enrollment. The fee covers a five-year subscription for LiveText.

Grading
Credit/No Credit (CR/NC)
A number of courses in the School of Education are offered on a Credit/No Credit basis. Credit indicates a graduate student has earned at least a “B” or an undergraduate student has earned at least a “C” in the course. Certain State-mandated credential courses must be taken for a grade. Instructors should be consulted for clarification.

Incomplete (I)
A grade of Incomplete “I” may be requested by the student to the instructor in extraordinary circumstances and when a candidate has completed a minimum of 80% of the course work. The instructor may not approve the request. Graduate students with more than two Incompletes will be blocked from registration.

In Progress (IP)
In Progress grades are given in fieldwork classes when the academic calendars of the PK-12 school and the University do not align. The In Progress grade indicates that the fieldwork is in progress at the time grades were submitted. An IP grade will be replaced by a grade of CR or NC.

Support for Candidates’ Development of Academic and Professional Standards
The School of Education is committed to the development of qualified educators to work in public, private, and Catholic schools. This commitment is made to the candidates, to the students with whom they will work, and to the general public we serve. The faculty strives to enhance each candidate’s ability to work effectively with students and families, and to be highly sought by schools and school districts. During the candidate’s course of study in the School of Education, the faculty will provide feedback and support to candidates in both their academic and professional development.

Academic Development
When a candidate is not able to meet the minimum academic expectations in a course, the instructor will conduct one-on-one meeting(s) with the candidate to develop a remediation plan. This plan may include, but is not limited to: referral to the program director; tutorials provided by the faculty; support from peers; or a referral to the University’s Academic Resource Center. If the candidate is not able to attain the minimum course grade needed for graduation, he/she may retake the course to attain a higher grade with approval from the program director.

All candidates are required to maintain a minimum semester and cumulative GPA of 3.0 during their course of study. Candidates will be placed on academic probation if they fail to meet the minimum GPA. The candidate will be required to meet with the program director, who will monitor the candidate’s progress. Students on academic probation must receive a “B” or better the following semester or be subject to disqualification from the University.

Professional (Non-Academic) Development
The School of Education, the California Commission on Teacher Credentialing and National Council for the Accreditation of Teacher Education have determined that non-academic qualities are necessary for educators to be successful. Non-academic factors include behaviors, dispositions, and attitudes that educators must positively develop and demonstrate. If a candidate fails to meet appropriate professional expectations in class or in field placements, the School of Education will assist with the student’s professional development.

Assistance with professional development will take the following steps:

- The instructor will consult with the student and complete a Concerns Form.
- The instructor and program director will work with the student to develop a remediation plan. Assistance may include: specific tutorials provided by any member of the faculty; a referral to LMU Student Psychological Services; or other referrals.
- The instructor, program director, and student will meet with the assistant dean if necessary.
- The program director will monitor the student’s progress in accordance with the developed remediation plan.

Students who cannot uphold academic or non-academic standards may be disqualified from their program. Students who are disqualified from one program in the School of Education are not eligible for any other program in the School.

Statement of Professional Dispositions
The National Council for Accreditation of Teacher Education (NCATE) requires the LMU School of Education to assess the professional dispositions of education credential and degree candidates. According to NCATE, professional dispositions are “The values, commitments, and professional ethics that influence behavior toward students, families, colleagues, and communities and affect student learning, motivation, and development as the educator’s own professional growth. Dispositions are guided by beliefs and attitudes related to values such as caring, fairness, honesty, responsibility, and social justice.” Throughout a candidate’s program, the faculty will assess the School of Education Unit and Program Professional Dispositions, and failure to meet professional expectations may result in a remediation process for the candidate. In extreme cases, failure to meet professional expectations could warrant dismissal from an education program. The School of Education holds four Unit Dispositions that shape the professional expectations for all candidates: “We strive to be, and to educate professionals to be, educators who: Respect and value all individuals and communities; Educate by integrating theory and practice; Advocate for access to a socially just education; and Lead in order to facilitate transformation.”

Comprehensive Assessment
All students completing a Master of Arts degree must successfully pass a Comprehensive Examination, a Culminating Experience, or successfully complete a thesis in their subject area.

Comprehensive Examination
Students are required to enroll in and receive credit for 6995, Comprehensive Examination, to complete the Master of Arts degree. There is a fee charged for this zero-semester-hour course.

The comprehensive examination is not just a quantitative or cumulative extension of the examination content of all required courses. Rather, it examines a candidate's ability to apply acquired knowledge and experiences to a set of practical problems within the candidate's field of specialization. The comprehensive examination can be written and/or oral. The various Master of Arts degrees have specific requirements as to what type of comprehensive examination is required. Students should consult their program director as to the type of comprehensive examination required.

Thesis
Select programs within the School of Education offer a thesis option in place of the comprehensive examination. The course requirement section of each program will indicate whether this option is available. Students in those programs who are interested in this option must meet the thesis guidelines as specified by their program director. In addition to meeting the thesis criteria and guidelines, students in the thesis option must complete EDLA 6950 Advanced Research Methods; EDLA 6951 Advanced Research Design; and EDCE 6955 Master's Thesis I. Continuing course enrollment in EDCE 6956 Master's Thesis II and EDCE 6957 Master's Thesis III may also be required.

Graduation
A commencement ceremony is held at the end of the Spring term for those candidates who wish to participate. Please consult the Registrar's website for more detailed information.

Application for Degree
Degrees are awarded at the end of the Spring, Fall, and Summer terms. Candidates must submit a formal application for degree to the Office of the Registrar. The deadlines to apply for degree are listed in the University calendar. The degree will not be posted to the candidate's transcript if an application for degree is not submitted. See the Registrar's website for more detailed information.

Requirements for Graduation
1. All requirements for the degree must be met prior to the degree date.
2. The date of the degree posted on the student's transcript and diploma is the one by which all graduation requirements, including the application for degree, have been completed.
3. A 3.0 cumulative GPA must be met prior to the degree date.
4. All incomplete work required for the degree must be completed prior to the degree date.

Failure to comply with these regulations will preclude the granting of a degree. Those who have applied for a degree and do not complete the requirements before the projected date of completion for which they applied are required to reapply in a later semester.

School of Education Academic Awards
The School of Education will name an Outstanding Student for each graduate and undergraduate program, with the exception of the Doctoral program. The recipient must be a student graduating in the current academic year. The candidates for these awards are nominated and voted upon by faculty in recognition of the graduate's academic, personal, and professional qualities that best exemplify the mission and goals of the School of Education.

Credential Application Process
The California Commission on Teacher Credentialing issues credentials upon the recommendation of the School of Education.

A credential application must be submitted to the School of Education Credential Office at the completion of the candidate's credential program requirements. Final transcripts that reflect completion of program requirements must be requested from the Office of the Registrar and submitted to the Credential Office. See the School of Education credential section of the website at http://soe.lmu.edu for detailed information on the credential application process.

Student Records and Materials
All materials submitted to the School of Education are property of the School of Education and will not be returned to the student. Students are advised to make copies of all materials submitted for their records.

Academic Programs
All programs offered in the School of Education are housed in one of the four academic departments listed below.

Educational Leadership

Programs

Certificate
- Charter/Small School Leadership
- Catholic School Administration

Credential
- The CA Preliminary Tier I Administrative Services Credential

Doctorate
- Educational Leadership for Social Justice, Ed.D.

Masters
- Catholic School Administration, M.A.
- Higher Education Administration, M.A.
- School Administration, M.A.

Educational Support Services

Programs

Education Specialist
- Educational Psychology, M.A./ School Psychology, Ed.S. and PPS

Masters
- Counseling, M.A.
- Guidance and Counseling, M.A.
- School Counseling, M.A.
Programs

Certificate
- Bilingual Certificate Program
- Cross-Cultural, Language and Academic Development (CLAD) California Teachers of English Learner (CTEL) certificate for eligible candidates (pending approval by the CTC)
- Reading Certificate

Credential
- Bilingual Authorization
- Elementary Education, M.A. with a Preliminary 2042 Multiple Subjects Credential
- Professional 2042 Clear Teaching Credential
- Reading and Language Arts Specialist Credential
- Secondary Education, M.A. with a Preliminary 2042 Single Subject Credential
- Special Education, M.A. with a Preliminary Education Specialist Credential: Mild/Moderate Disabilities

Masters
- Bilingual Elementary Education, M.A. with a Preliminary 2042 Multiple Subjects Credential
- Catholic Inclusion, M.A. (not admitting at this time)
- Early Childhood Education, M.A. (not admitting at this time)
- Educational Studies, M.A.
- Elementary Education, M.A.
- Reading Instruction, M.A.
- Secondary Education, M.A.
- Special Education, M.A.

Minor
- Elementary Education Minor
- Secondary Education Minor
- Special Education Minor

Specialized Programs in Urban Education

Programs

Masters/J.D. Dual Degree
- Urban Education, M.A. (with a Teaching Credential) and Doctor of Jurisprudence

Masters
- Urban Education, M.A.

Other Programs
- CAST—Los Angeles Catholic Archdiocesan School Teachers
- Intern/Practitioner Program
- MAST Transformational Leader (TL) Certificate
- PLACE Corps—Partners in Los Angeles Catholic Education
- Teach for America Partnership

School of Education Centers
In addition to the academic departments that house the programs identified above, the School of Education has developed several centers to further our commitment to, and work in, teaching, research, and community advocacy/support: Center for Catholic Education, Center for Equity for English Learners, Center for Math and Science Teaching, and Center for Undergraduate Teacher Preparation.

Center for Catholic Education

Contact Information
Executive Director: Robert Walsh, S.J.
Phone: 310.338.7303
Location: University Hall 1760

Catholic schools are an integral part of the educational systems of urban centers across the United States, serving as pillars for many communities, particularly in economically disadvantaged areas. In Los Angeles, more than 80,000 children and their families rely on these schools to provide the moral, spiritual and intellectual underpinnings that have enabled so many Catholic school graduates to become productive, socially conscious adults.

But these schools are facing significant challenges. Enrollment in Catholic schools has declined 12 percent nationally in the last decade. Many schools are struggling financially. Catholic school systems are in need of professional development for teachers and administrators, along with research into the most effective approaches to running the schools and educating increasingly diverse student bodies.

With the Center for Catholic Education, the LMU School of Education will be better positioned to assist the Archdiocese of Los Angeles, as well as Catholic school systems across the country, in ensuring that the rich tradition of Catholic education endures and grows. The CCE brings together a broad range of successful programs at SOE to advance PK-12 Catholic education by training school leaders and teachers, increasing awareness of Catholic schools’ impact on communities, and developing innovative ways to support Catholic schools. The Center for Catholic Education will serve as an anchor for Catholic schools in Los Angeles and nationally so that the rich tradition of Catholic education continues to shape morally and socially conscious men and women.

The Center for Catholic Education is committed to leadership development, teacher preparation, and research and outreach.

Center for Equity for English Learners

Contact Information
Executive Director: Magaly Lavadenz
Associate Director: Elvira G. Armas
Telephone: 310.338.2924
Center Location: University Hall 2600

The Center for Equity for English Learners (CEEL) was established in 2006, with support from Bank of America, for the purpose of improving educational outcomes of English Learners (ELs). The Center’s research and professional development agendas will inform leadership and instructional practices for the state’s 1.5 million English Learners and the nation’s 3.5 million English Learners. CEEL’s mission is to pursue equity and excellence in the education of English Learners by transforming schools and educational systems through CEEL’s research and professional development agendas. An integral component of this work is the development of advocacy-oriented leadership. Educators who utilize students’ cultural and language resources while developing students’ academic competencies have the potential to significantly transform schools and educational systems.

Center for Math and Science Teaching
The Center for Math and Science Teaching (CMAST) is dedicated to strengthening science, technology, engineering, mathematics (STEM) and STEM-related fields by transforming the teaching and learning of mathematics and science.

CMAST’s goals are:
- Creating a professional learning community comprised of faculty, teachers, administrators, parents, students, and community members dedicated to increasing student engagement and achievement in mathematics and science.
- Finding and sharing solutions that increase the number of students who pursue science, technology, engineering, mathematics, and science and mathematics teaching as careers.
- Building teacher retention by providing opportunities for shared leadership between transformational teacher leaders, administrators, and parents.
- Designing, strengthening, and sharing best practices in teaching and learning to improve teacher quality and college-readiness.

The Center provides a national model for middle schools, high schools, and universities to transform math and science education using measurable, data-driven results connected to student engagement and achievement. CMAST is currently implementing the Los Angeles Math and Science Residency (LAMS), a teacher residency program focused on training math and science teachers in urban schools. CMAST also partners with organizations and districts across the spectrum of public, charter, and Catholic schools.

Center for Undergraduate Teacher Preparation

Contact Information
Executive Director: Philip Molebash
Associate Director: Jelena Trifunovic
Program Director of Teacher Leadership in Mathematics: Michael Castiglione
Telephone: 310.338.3783
Center Location: University Hall 1300

The Center for Math and Science Teaching (CMAST) is dedicated to strengthening science, technology, engineering, mathematics (STEM) and STEM-related fields by transforming the teaching and learning of mathematics and science.

The Center provides a national model for middle schools, high schools, and universities to transform math and science education using measurable, data-driven results connected to student engagement and achievement. Center for Undergraduate Teacher Preparation

Contact Information
Senior Director: Annette Pijuan Hernandez
Assistant Director: Michael Cersosimo
Telephone: 310.258.8806
Center Location: University Hall 3346

Introduction
The Center for Undergraduate Teacher Preparation is a vibrant community that draws together all who are interested in education in ways that encourage them to be engaged learners, critical thinkers, and socially responsible citizens. The Center provides matriculation-to-graduation advising and other academic and professional support to undergraduate students preparing for careers in K-12 teaching. The Center also serves as a resource for faculty and staff who provide instruction and other services in LMU’s undergraduate teacher preparation programs. Undergraduate students completing a program supported by the Center will achieve both a major in their chosen discipline, as well as fulfill the requirements set forth by the California Commission on Teacher Credentialing for a preliminary teaching credential within their time at LMU.

Teacher Preparation Programs
The Center supports a number of undergraduate programs that integrate the major with teacher preparation requirements. These teacher preparation programs can lead to attaining a preliminary multiple subjects (elementary), single subject (secondary), or special education credential. A bilingual authorization is also attainable with the multiple or single subject credentials. These programs are directed by faculty and located in several departments throughout the university.*

Bellarmine College of Liberal Arts
Liberal Studies (Elementary Education)
English
Social Science (History and Political Science)
Spanish (Pending Approval)

College of Communication and Fine Arts
Art

College of Science and Engineering
Biology
Chemistry
Math

School of Education
Elementary Education (Preliminary Multiple Subjects Credential, K-5)
Secondary Education (Preliminary Single Subjects Credential, 6-12)
Bilingual Authorization (Added to the Preliminary Multiple or Single Subject Credentials)
Special Education (Education Specialist Credential: Mild/Moderate Disabilities, K-12)

* Although the programs above are integrated in design, an undergraduate student may major in other disciplines and still complete the requirements for a teaching credential. The Center works closely with these students and their major advisor to design an academic course of study that provides the opportunity to complete both the major and teacher preparation requirements.

Educational Leadership

Faculty
Chairperson: Elizabeth Reilly
Professors: Antonia Darder (Leavey Presidential Endowed Chair), Magaly Lavadenz, Shane P. Martin (Dean and Professor), Martha McCarthy (Presidential Professor), Mary K. McCullough (Associate Dean and Professor), Elizabeth Reilly, David Sapp
Associate Professors: Franca Dell'Olio, Margaret Kasimatis, Elizabeth Stoddard
Assistant Professor: Karen K. Huchting
Clinical Associate Professors: Jill Bickett, Anthony Sabatino, Manuel N. Ponce Jr.
Affiliated Faculty: Elvira Armas, Gisela O'Brien
Executive in Residence: Emilio Pack

Contact Information
Chairperson: Elizabeth Reilly
Doctoral Program Coordinator: Michaela Cooper
Location: University Hall, Suite 2300
Telephone: 310.258.8748
Fax: 310.338.1647

Introduction
The Department of Educational Leadership in the School of Education offers programs in Leadership and School Administration. Students may choose from credential and certificate programs, Master of Arts programs, and a doctorate in Educational Leadership for Social Justice.
Doctorate in Educational Leadership for Social Justice (Ed.D.)

Academic Program Director: Jill Bickett
Associate Academic Program Director: Karen K. Huchting

The Doctorate in Educational Leadership for Social Justice is an innovative 3-year program whose vision is a better and more socially just future for PK-12 schools and other educational and community settings. Our Ed.D. program is designed to provide experienced educators and community leaders with the tools, theories, and experiences needed to succeed in transforming educational settings into inclusive and equitable learning environments. Combining theory with practice, the curriculum provides candidates with a better understanding of the complex issues impacting education and student achievement, and prepares graduates as change agents.

Institute of School Leadership and Administration (ISLA)

Academic Program Director: Manuel N. Ponce, Jr.

The Institute of School Leadership and Administration (ISLA) offers degrees, credentials, and certificates specializing in empowering moral, ethical leaders who respect differences, value reflective practice, understand change facilitation, build learning communities, and work effectively in diverse settings.

The Institute of School Leadership and Administration (ISLA) offers the following degree, credentials, and specialized certificates:

- Master of Arts in School Administration
- CA Preliminary (Tier I) Administrative Services Credential
- CA Administrative Services Internship/Tier I
- Certificate in Charter/Small School Leadership

NOTE: The State of California requires a minimum of five years of full-time experience in an authorized area under a valid base credential, in addition to "Clear" credential (single and multiple subject teaching credentials only) to be eligible for the Preliminary (Tier I) Administrative Services Credential at the completion of the program.

Cohort model is followed in all degree, credential, and certificate areas. A grade of "B-" or higher is required for each course.

Technology Requirement—please be advised that most courses will require access to the internet and a personal computer.

Catholic School Leadership Academy (CSLA)

Academic Program Director: Anthony Sabatino

The Catholic School Leadership Academy (CSLA) offers programs specializing in Catholic school administration and leadership that focus on the competencies associated with multiple roles and responsibilities to sustain and grow a school's program. The integration of faith and professional practice is made relevant through practical experiences that will prepare candidates to grow as a Catholic school administrator and leader. Studies in CSLA focus on researching best practices in Catholic school administration, incorporating standards into planning, and seeking solutions to the challenges present in today's Catholic schools.

The CSLA offers the following programs:

- Master of Arts in Catholic School Administration
- Certificate in Catholic School Administration (Los Angeles campus and virtual online cohorts)

The cohort model is followed in both programs. Credit earned in the CCSA will be applied to the M.A. in CSA. A grade of B- or higher is required for each course.

Technology Requirement—be advised that all on campus courses will require access to the Internet and use of a personal computer. The CCSA virtual online cohort has specific technology requirements that are made available upon application to the program.

Higher Education Administration Program

Academic Program Director: Elizabeth Stoddard

The M.A. in Higher Education Administration program prepares students to be scholarly, reflective, and transformative educational leaders in a variety of higher education institutions. Students are prepared to serve as administrative leaders in all divisions and sectors of higher education. The Program is based on the Jesuit and Catholic philosophy of education.

The Higher Education Administration Program offers the following degree:

- Master of Arts in Higher Education Administration

The Program follows a Cohort model, although Individualized Education Plans are permitted in consultation with the Academic Program Director, in all degree areas. A grade of "B-" or higher is required for each course.

Technology Requirement—please be advised that most courses will require access to the internet and a personal computer.

Catholic School Administration Certificate

Program Description

Loyola Marymount University's Certificate in Catholic School Administration (CCSA) is an academic program of the Department of Educational Leadership. LMU and its CCSA program are committed to helping the next generation of Catholic school leaders to succeed in the dynamic and changing landscape of 21st century Catholic school education.

Catholic school leadership requires the competencies associated with multiple roles and responsibilities to sustain and grow the school's program. The cultivation of future Catholic school leaders who possess the knowledge, skills, and dispositions to meet these challenges is a moral imperative that Loyola Marymount University seeks to achieve through this Catholic school leadership preparation program.

The CCSA is a 10-semester-hour graduate program designed to provide a full year of content in mission-focused, organizational, and instructional leadership for those interested in moving into Catholic school administration. The overall objective of this certificate program is to educate and train prospective and novice Catholic school leaders in effective Catholic school administration and leadership. Candidates receive a rigorous curriculum that includes Catholic school history, mission, law, ethics, budget, finance, operations, marketing, fundraising, admissions, personnel management, curriculum, and instruction.

The four pillars of adult Catholic spirituality, technology, inclusion, and the development of a professional learning community provide the foundation for each of the four courses of the program. The integration of faith and professional practice is made relevant through practical experiences that will prepare candidates to grow
as a Catholic school leader. Studies in CCSA will focus on researching best practices in Catholic school administration, incorporating standards into planning, and seeking solutions to the many challenges present in today’s Catholic schools.

**Program Learning Outcomes**

**Students will possess the knowledge, skills, and dispositions to effectively:**

1. Integrate the faith and spirituality of the Catholic Church with the practice of professional education in all dimensions of Catholic school administration
2. Lead the mission, vision, and learning outcomes of a Catholic school in the 21st century as a minister of the educational mission of the Catholic Church
3. Lead the faculty, students, and parents in a spiritual community of faith formed in the teachings of the Catholic Church and the traditions of Ignatian spirituality
4. Lead the instructional program that embodies 21st century learning skills through a technology enhanced curriculum supported by a highly functioning professional learning community intent on continuous improvement for the benefit of academic excellence
5. Lead the operational dimensions of a Catholic school with respect to budget, finance, fundraising, marketing, facilities, public relations, enrollment management, and admissions
6. Establish and lead a school culture of assessment, accountability, and transparency in all dimensions of Catholic school administration
7. Use various forms of resources to explore Catholic school history, philosophy, and values to form a personal mission and vision for Catholic education that can be shared by a school community
8. Cultivate and or discover existing research data that can inform policy, educational practices, and operational decisions in the local context
9. Enhance previously developed skills in working collaboratively by participating in group activities designed to have practical application in building and leading a professional learning community in the Catholic school context
10. Form a Catholic school culture of inclusion
11. Lead as an advocate for social justice in all aspects of decision making, formed in the understanding of Catholic ethics and private school law
12. Utilize the National Standards and Benchmarks for Effective Catholic Elementary and Secondary Schools (NSBECS) as a tool for ongoing assessment of a Catholic school’s program and the development of plans for improvement.

**Admission Requirements**

1. The Graduate Division application, along with two official copies of transcripts from all colleges/universities attended
2. Writing prompt (see website for content) and résumé
3. Two completed reference forms (available from the School of Education, Admissions Coordinator or website)
4. Completed Technology Requirements form
5. Completed Catholic Schools Agreement (Archdiocese of Los Angeles only)
6. Interview with the Program Director and/or Faculty Lead
7. Cumulative undergraduate GPA of 3.0; or a 3.05 GPA in the last 60 semester hours of undergraduate coursework taken; or a 3.0 GPA in at least 9 semester hours of graduate level coursework is required
8. Signed Verification of Experience Form
9. TOEFL or IELTS (for applicants who completed high school in a non-English speaking country and do not hold a B.A./M.A. from the U.S.)
10. Transcript Evaluations (for applicants who completed undergraduate/graduate degree outside the U.S.)
11. Exceptions Committee Form and Statement (for applicants who do not meet the minimum GPA and/or TOEFL/IELTS requirements)
12. Currently employed in a Catholic elementary/secondary school.

**Admission Process**

When a candidate file is complete, all admission materials will be reviewed by Catholic School Leadership Academy (CSLA) Admissions panel for either recommendation for admission, or referral to the Department of Educational Leadership, or Exceptions Committee for admission consideration/recommendation.

**Course Requirements in the Following Sequence:**

- EDLA 6420 An Invitation to Lead 1 semester hour
- EDLA 6430 Mission-Focused Leadership in Catholic Education 3 semester hours
- EDLA 6431 Organizational Leadership in Catholic Education 3 semester hours
- EDLA 6432 Instructional Leadership in Catholic Education 3 semester hours

**Charter/Small School Leadership Certificate**

Students may apply for this certificate after completing the following:

**Admission Requirements**

1. The Graduate Division application, along with two official copies of transcripts from all colleges/universities attended
2. Writing prompt (see website for content) and résumé
3. Two completed reference forms (available from the School of Education, Admissions Coordinator or website)
4. Completed Technology Requirements form
5. Interview with the Program Director
6. Cumulative undergraduate GPA of 3.0; or a 3.05 GPA in the last 60 semester hours of undergraduate coursework taken; or a 3.0 GPA in at least 9 semester hours of graduate level coursework is required
7. A minimum of one year verified experience. For CA Preliminary (Tier I) Administrative Services Credential candidates, a completed "Verification of Experience" form, verifying five years of full-time experience under a valid base credential in an authorized area working in the schools, is required (please refer to admission requirements for the Administrative Services Credential program).

**Admission Process**

When a candidate file is complete, all admission materials will be reviewed by the Institute of School Leadership and Administration (ISLA) panel for either recommendation for admission, or referral to the Department of Educational Leadership, or Exceptions Committee for admission consideration/recommendation. An appointment with the Academic Program Director is required prior to scheduling courses.

**Successful completion of:**
The CA Preliminary Tier I Administrative Services Credential

Program Description
Candidate will acquire the skills, knowledge, and dispositions to serve as an Educational Leader in California. Candidates will participate in residency/fieldwork experiences designed to facilitate the application of theoretical concepts in practical setting. There will be a strong emphasis on cultural and linguistic diversity, special education, the successful development of English Language Learners, and the parent-school relationship.

The program of study will provide the candidate a purposeful, integrated preparation program for general and special education. It will address the individual needs of ALL children, with a strong emphasis on cultural and linguistic diversity, and the successful development of English Language Learners. Candidates must successfully participate in culminating presentations as evidence of knowledge and growth. An Administrative Services Internship (Tier I) is also available in collaboration with local districts.

Learning Outcomes
Candidate will acquire the skills, knowledge, and dispositions to serve as an Educational Leader in California. Candidates will participate in residency/fieldwork experiences designed to facilitate the application of theoretical concepts in practical setting. There will be a strong emphasis on cultural and linguistic diversity, special education, the successful development of English Language Learners, and the parent-school relationship.

Admission Requirements

The following are required for consideration of acceptance into the Preliminary Administrative Services Credential (Tier I) Program:

1. The Graduate Division application, along with two official copies of transcripts from all colleges/universities attended
2. Writing prompt (see website for content) and Résumé
3. Two completed reference forms from education administrators/personnel (forms available from Admissions Coordinator or on website)
4. Original teaching and/or service credential(s) submitted to the School of Education for verification
5. A minimum of three years verified full-time experience under a valid base credential in an authorized area working in the schools, in addition to a "Clear" credential (single and multiple subject teaching credentials only). A completed "Verification of Experience" form (available in the School of Education) which documents three years of experience working in the schools is required for completion of the CA Preliminary (Tier I) Administrative Services Credential
6. Verification of CBEST passage
7. Completed Technology Requirements form
8. Interview with the Program Director
9. Cumulative undergraduate GPA of 3.0; or a 3.05 GPA in the last 60 semester hours of coursework taken; or a 3.0 GPA in at least 9 semester hours of graduate level coursework is required
10. Currently employed in an elementary/secondary school setting or CMO/district.

Admissions Process
When a candidate file is complete, all admission materials will be reviewed by the Institute of School Leadership and Administration (ISLA) panel for either recommendation for admission, or referral to the Department of Educational Leadership, or Exceptions Committee for admission consideration/recommendation.

Course Requirements

- EDLA 6421 Vision of Learning for Diverse Students, Families, Staff, and Community and Residency/Fieldwork Component 4 semester hours
- EDLA 6423 Student Learning and Professional Growth for Diverse Students, Families, Staff, and Community and Residency/Fieldwork Component 4 semester hours
- EDLA 6429 Specializing in Charter Schools 3 semester hours

Comprehensive Assessment

- EDLA 6995 Comprehensive Examination 0 semester hours (to be taken by candidates in all ISLA programs simultaneously)

Educational Leadership for Social Justice, Ed.D.

Doctorate in Education

Academic Program Director: Jill Bickett
Associate Director: Karen H. Huchting
Telephone: 310.338.7449
Location: University Hall 2300

Ed.D. in Educational Leadership for Social Justice

The Ed.D. in Educational Leadership for Social Justice is an innovative three-year cohort program whose vision is a more socially just future for schools and other educational and community settings. The Ed.D. program provides experienced educators and community leaders with the tools, theories, and experiences needed to succeed in transforming educational settings into inclusive and equitable learning environments. Combining theory with practice, the curriculum provides candidates with a better understanding of the complex issues impacting education and student achievement, and prepares graduates as change agents.
Admission Requirements
The following are required for consideration of acceptance into the Ed.D. in Educational Leadership for Social Justice:

1. Application for Ed.D. program
2. Admission Test: GRE required
3. A two- to three-page Statement of Purpose following the format described in application materials
4. Earned master's degree from an accredited institution verified by official transcripts (2 copies)
5. GPA of 3.5 (4.0 scale) in master's coursework
6. 20 graduate-level semester units in a related field, which includes verified content in research methods and diversity
7. Current résumé
8. Three recommendation forms (at least one from a current employer and one from a professor in a completed master's level program)
9. Minimum of 2 years full-time experience in public, Catholic, or private schools or other education setting
10. Select applicants will be invited to participate in a group interview with the Doctoral Admissions Committee.

Applicants who have taken doctoral level coursework at another accredited university may request a transcript audit and admission to an individualized course of study leading to the Ed.D. in Educational Leadership for Social Justice. Candidates must meet the admission requirements. If accepted, candidates must complete the required tutorials, research seminars, and culminating experience.

Learning Outcomes
As educational leaders, Ed.D. graduates will be able to:

1. Identify and analyze the economic, political, legal, and sociocultural context of education;
2. Engage in inquiry and research to promote inclusive excellence in schools and/or society;
3. Articulate the ways in which theory and research influence the development of personal leadership praxis; and
4. Advocate for the transformation of educational and community settings into just and equitable learning environments.

Course Requirements
Candidates must complete all of the following courses:

- EDLA 7001 Leadership for Social Justice in Education 3 semester hours
- EDLA 7002 Moral and Ethical Leadership 3 semester hours
- EDLA 7004 Organizational Theory and Change 3 semester hours
- EDLA 7005 Educational Change and Innovation 3 semester hours
- EDLA 7020 Situated Inquiry in Education 3 semester hours
- EDLA 7021 Quantitative Research in Education 3 semester hours
- EDLA 7022 Qualitative Research in Education 3 semester hours
- EDLA 7023 Doctoral Colloquia 2 semester hours
- EDLA 7042 Management of Fiscal/Human Capital 3 semester hours
- EDLA 7043 Legal and Policy Issues in Education 3 semester hours
- EDLA 7045 Transformational Leadership for Student Achievement 3 semester hours
- EDLA 7049 Research Seminar 2 semester hours
- EDLA 7940 Preliminary Review Design 1 semester hour

Candidates select one of the following content specific courses:

- EDLA 7040 Context and Current Topics in Public Education 3 semester hours OR
- EDLA 7060 Context and Current Topics in Private Education 3 semester hours

Dissertation
Candidates complete at least 8 semester hours of dissertation coursework, including:

- EDLA 7950 Dissertation Proposal Design 2 semester hours
- EDLA 7951 Dissertation Seminar I 2 semester hours
- EDLA 7952 Dissertation Seminar II 2 semester hours
- EDLA 7953 Doctoral Seminar I 2 semester hours
- EDLA 7954 Doctoral Seminar II 2 semester hours *

Note:
*EDLA 7954 is only required if a candidate does not successfully defend his/her dissertation by the end of Spring semester of his/her third year. Candidates must register for EDLA 7954 each semester (except Summer Session II) until the dissertation is signed off by the chair.

Program Mission and Goals

Program Mission Statement
The doctorate in educational leadership for social justice prepares moral, ethical, and effective leaders to transform local and global educational and community settings and serve the needs of all learners.

Program Goals
The Ed.D. Program in Educational Leadership for Social Justice will:

1. Prepare leaders to critically engage complex issues impacting education and student achievement and to demonstrate commitment to social justice.
2. Offer a rigorous course of study that connects theories and practices to effective leadership that advances equity, democracy, and social justice.
3. Prepare candidates who are knowledgeable in research methodologies and able to design, implement, and evaluate policies, programs, and practices, which impact schools and communities.
4. Help meet existing and projected needs for moral ethical leaders throughout educational and community settings.

Catholic School Administration, M.A.

Program Description
Loyola Marymount University's Master of Arts Degree in Catholic School Administration (MA CSAD) is an academic program of the Department of Educational Leadership (EDLA) and the Catholic School Leadership Academy (CSLA). LMU and its program are committed to helping the next generation of Catholic school leaders to succeed in the dynamic and changing landscape of 21st century Catholic school education.
Catholic school leadership requires the competencies associated with multiple roles and responsibilities to sustain and grow the school's program. The cultivation of future Catholic school leaders who possess the knowledge, skills, and dispositions to meet these challenges is a moral imperative that Loyola Marymount University seeks to achieve through this Catholic school leadership preparation program.

The MA CSAD program designed to provide content in mission-focused, spiritual, organizational, and instructional leadership for those interested in moving into Catholic school administration. The overall objective of this program is to educate and train prospective and novice Catholic school leaders in effective Catholic school administration and leadership. Candidates receive a rigorous curriculum that includes Catholic school history, mission, law, adult spiritual formation, ethics, budget, finance, operations, marketing, fundraising, admissions, personnel management, curriculum design and evaluation, instructional assessment, and teacher performance evaluation.

The four pillars of adult Catholic spirituality, technology, inclusion, and the development of a professional learning community provide the foundation for each of the courses of the program. The integration of faith and professional practice is made relevant through practical experiences that will prepare candidates to grow as a Catholic school leader. Studies in MA CSAD will focus on researching best practices in Catholic school administration, incorporating National Standards and Benchmarks for Effective Catholic Elementary Schools (NSBECS) into planning and program assessment, and seeking solutions to the many challenges present in today's Catholic schools.

Program Learning Outcomes

Students will possess the knowledge, skills, and dispositions to effectively:

1. ... integrate the faith and spirituality of the Catholic Church with the practice of professional education in all dimensions of Catholic school administration.
2. ... lead the mission, vision, and learning outcomes of a Catholic school in the 21st century as a minister of the educational mission of the Catholic Church.
3. ... lead the faculty, students, and parents in a spiritual community of faith formed in the teachings of the Catholic Church and the traditions of Ignatian spirituality.
4. ... lead the instructional program that embodies 21st century learning skills through a technology enhanced curriculum supported by a highly functioning professional learning community intent on continuous improvement for the benefit of academic excellence.
5. ... lead the operational dimensions of a Catholic school with respect to budget, finance, fundraising, marketing, facilities, public relations, enrollment management, and admissions.
6. ... establish and lead a school culture of assessment, accountability, and transparency in all dimensions of Catholic school administration.
7. ... use various forms of resources to explore Catholic school history, philosophy, and values to form a personal mission and vision for Catholic education that can be shared by a school community.
8. ... cultivate and or discover existing research data that can inform policy, educational practices, and operational decisions in the local context.
9. ... enhance previously developed skills in working collaboratively by participating in group activities designed to have practical application in building and leading a professional learning community in the Catholic school context.
10. ... form a Catholic school culture of inclusion.
11. ... lead as an advocate for social justice in all aspects of decision making, formed in the understanding of Catholic ethics and private school law.
12. ... utilize the National Standards and Benchmarks for Effective Catholic Elementary and Secondary Schools (NSBECS) as a tool for ongoing assessment of a Catholic school's program and the development of plans for improvement.

Admission Requirements

1. The Graduate Division application, along with two official copies of transcripts from all colleges/universities attended
2. Writing prompt (see website for content) and Résumé
3. Two completed reference forms (available from the School of Education, Admissions Coordinator or website)
4. Completed Technology Requirements form
5. Completed Catholic Schools Agreement
6. Interview with the Program Director and/or Faculty Lead
7. Cumulative undergraduate GPA of 3.0; or a 3.5 GPA in the last 60 semester hours of undergraduate coursework taken; or a 3.0 GPA in at least 9 semester hours of graduate level coursework is required
8. Signed Verification of Experience Form
9. TOEFL or IELTS (for applicants who completed high school in a non-English speaking country and do not hold BA/MA from U.S.)
10. Transcript Evaluations (for applicants who completed undergraduate/graduate degree outside the U.S.)
11. Exceptions Committee Form and Statement (for applicants who do not meet the minimum GPA and/or TOEFL/IELTS requirements)
12. Currently employed in Catholic elementary/secondary school.

Course Requirements

- EDUR 6100 Anthropological Analysis of Cultural Diversity 3 semester hours
- EDLA 6105 Assessment and Research Methodology 3 semester hours
- EDLA 6420 An Invitation to Professional Growth and Residency (3 semester hours)
- EDLA 6422 Responding to Diversity: Access, Equity, and Educational Opportunity 3 semester hours
- EDLA 6998 Special Studies Student Learning and Professional Growth and Residency (3 semester hours)
- EDLA 6424 Organizational Management for Student Learning 3 semester hours
- EDLA 6998 Special Studies Transforming Organizations for Diverse Students, Families, Staff, and Community and Residency (3 semester hours)
- EDLA 6430 Mission-Focused Leadership in Catholic Education 3 semester hours
- EDLA 6431 Organizational Leadership in Catholic Education 3 semester hours
- EDLA 6432 Instructional Leadership in Catholic Education 3 semester hours

Comprehensive Assessment
Higher Education Administration, M.A.
The M.A. in Higher Education Administration prepares students to be scholarly, reflective, and transformative educational leaders in a variety of higher education institutions. The program emphasizes the vital contributions and nuances of serving in two and four year institutions, religiously affiliated institutions, and other private institutions. Students are prepared to serve as administrative leaders in all divisions and sectors of higher education. Through coursework, fieldwork, and advising grounded in the Catholic Intellectual Tradition and the Jesuit philosophy of education, we strive to graduate students of competence and conscience who are committed to a holistic understanding of student learning and development, administration as a vocation of service, and the creation of a more just world through education.

Program Learning Outcomes
- Students will be able to articulate the history and role of higher education in American society.
- Students will be able to describe organizational and governance structures typical to higher education institutions.
- Students will embed the principles and values of Jesuit education in their coursework and practice.
- Students will employ critical reflection skills when making decisions, analyzing data, and creating programs and policies.
- Students will articulate informed viewpoints on issues facing higher education.
- Students will approach issues and challenges from an ethical and just perspective.
- Students will acquire the ability to adapt to the changing dynamics of the field.
- Students will demonstrate basic administrative competencies such as planning, budgeting, assessment, and supervision.
- Students will understand, evaluate and adapt developmental, organizational, and leadership theories to their practice.
- Students will value and articulate the experiences of students, faculty, and staff from underrepresented groups.

Admission Requirements
The following are required for consideration of acceptance into the Master of Arts in Higher Education Administration program:

1. Earned bachelor's degree from an accredited institution.
2. The Graduate Division application, along with two official copies of transcripts from all colleges/universities attended.
3. A cumulative undergraduate GPA of 3.0. Candidates who do not meet this minimum GPA requirement may submit an appeal through the Exceptions process.
4. Written statement of intent (see website for prompt and content).
5. Resume or Curriculum Vitae.
6. Two letters of recommendation—one from a faculty member who is familiar with the academic ability of the candidate and one from a current or former supervisor familiar with the candidate's leadership ability and character.

When a candidate file is complete, all admission materials will be reviewed by the higher education program director and program faculty to determine admission status.

Course Requirements
An appointment with the Academic Program Director is required prior to scheduling courses. A grade of B- or higher is required for each course.

Electives (total of six semester hours required for the M.A.)
- EDUR 6100 Anthropological Analysis of Cultural Diversity 3 semester hours and/or:
- EDSS 6390 Lifespan Development 3 semester hours and/or:
- EDLA 6429 Specializing in Charter Schools 3 semester hours

Learning Outcomes
In accordance with the Mission and Goals of the School of Education, the Educational Support Services programs strive to:
1. Respect and value the diversity of individuals, families, and communities;
2. Promote Educational opportunities to ensure student success;
3. As agents of change, Advocate for universal access to a socially just education; and,
4. Lead and work collaboratively in order to facilitate transformation.

Counseling

Academic Program Director: Sheri A. Atwater

Introduction
The Counseling program is designed to prepare aspiring counselors for a variety of settings: K-12 public, private, and charter schools; colleges and universities; community mental health; and private non-profit organizations. The program offers three different Master of Arts degrees which include: Counseling with 2 specialization options for LPCC eligibility (60 semester hours), School Counseling with a PPS School Counseling Credential (48 semester hours), and Guidance and Counseling (37 semester hours).

School Psychology

Academic Program Director: Brian P. Leung

Introduction
The School Psychology program is designed to prepare graduates to work as school psychologists in elementary and secondary schools. All school psychologists employed by the public schools in California are required to hold the Pupil Personnel Services (PPS) credential in school psychology.

The LMU School Psychology program is a rigorous three-year cohort program consisting of 63 semester hours with courses during Fall, Spring, and Summer terms. Candidates will receive an M.A. in Educational Psychology after the successful completion of 54 semester hours (after the second year), and the Education
Specialist (Ed.S.) degree and PPS credential in School Psychology after the successful completion of 63 semester hours (third year).

Educational Psychology, M.A./School Psychology, Ed.S. and PPS

Master of Arts in Educational Psychology, Education Specialist in School Psychology, Combined with a PPS Credential-School Psychology

The LMU School Psychology program is approved by both California (CTCC) and national (NASP) accrediting agencies. Program content is informed by the School of Education Conceptual Framework, and social justice is a strong emphasis of the program. Almost all courses have service learning assignments in which candidates learn and serve in schools and in the greater community. Field placements in the schools are required during year two (practicum) and year three (internship). Passing the Praxis exam in School Psychology at the program cutoff score (138) is required for graduation, and passing the exam at the national cutoff score (147) will result in candidates becoming Nationally Certified School Psychologists (NCSP). After two years in the schools, program graduates will qualify to sit for the Licensed Educational Psychologist (LEP) exam administered by the California Board of Behavioral Sciences.

Candidates are expected to demonstrate strong proficiency on all course assignments and field activities. A final grade lower than B- will require the course to be retaken during the following year (candidates will be assigned to the next cohort). All School Psychology candidates must maintain a minimum B (3.0) or better average, or be placed on academic probation. A candidate on academic probation will be required to develop, with the Program Director, an academic remediation plan. Failure to raise the average GPA to a minimum B (3.0) or better the following semester may result in a delay to program completion, where the student may be assigned to the next cohort, or dismissal from the program altogether.

An undergraduate major or minor in Psychology, or major in a closely related field is required for admission. Applicants whose undergraduate major is other than psychology may apply but are required to have completed 18 selected undergraduate semester hours (6 courses) in psychology before beginning the program.

Psychology Prerequisites:

Introduction to Psychology
Learning and Motivational Theories
Developmental Psychology
Statistics or Experimental Psychology

Plus one course from the following areas:

Social Psychology
Abnormal Psychology
Personality Theory

This program admits as a cohort in Summer Session II only. The application deadline for admissions is February 15.

For additional information about the School Psychology program and admission information, please visit the SOE website or contact the School of Education at soeinfo@lmu.edu for an admission packet.

Admission Requirements

The items below should be submitted in one complete packet to the Graduate Division, unless otherwise noted:

1. A complete Graduate Division application, submitted online using the University’s application system.
2. Two copies of official transcripts from all colleges/universities attended. These should be included in your complete application packet to the Graduate Division.
3. Completion of the Graduate Record Examination (GRE). The requirement is waived for those who already possess a Master's degree from an accredited university.
4. Completed and signed Technology Requirement Form.
5. A Statement of Intent, attached to your online application. The prompts to address are included in the School Psychology application packet.
6. Three letters of recommendation. At least one of these should be from a practicing school psychologist, Director of Psychological Services, Director of Pupil Personnel Services, or licensed psychologist familiar with the role of a School Psychologist.
7. Certificate of Clearance (COC): Completion of fingerprint clearance (Live Scan) must occur prior to enrollment in classes. Instructions on how to complete this process are included in the School Psychology application packet.

After the complete application has been received, it will be reviewed by the School Psychology Admissions Committee to determine the applicant pool for the next step: a 1-hour group interview that will take place in early March. Participation in this group interview is mandatory for admission. Candidates selected for admission will be notified by no later than the end of March. A commitment to attend is expected by April 15, with a non-refundable commitment deposit that will be applied to candidate’s tuition.

After being admitted to the School Psychology program, candidates must fulfill several post-admission requirements.

Formal Admissions Requirements

1. Pass all 3 sections of the CBEST no later than the end of the first semester in the program.

The PPS credential in School Psychology is only available to those concurrently enrolled in the School Psychology M.A. and Ed.S. program, and passing the Comprehensive Examination (ETS Praxis II Series, School of Psychology).

Program Learning Goals and Outcomes

- Goal 1: To provide candidates with a high-quality training program consisting of a meaningful and relevant curriculum and structured field experiences informed by research and practice. **Outcome: Program graduates are school psychologists who practice with a scientist-practitioner mindset in all areas of service to students, teachers, and families.**

- Goal 2: To equip our candidates with comprehensive knowledge and skills to enable them to provide a full range of direct and indirect services to support student achievement as highly qualified school psychologists. **Outcome: Program graduates are versatile school psychologists able to provide a comprehensive range of services to schools.**

- Goal 3: To develop and train candidates to become highly qualified school psychologists who promote social justice, are responsive to the needs of the diverse populations in schools, and advocate for fair and equitable educational
Outcome: Program graduates are school psychologists who practice with culturally relevant and responsive practice to help close the achievement gap among various diverse student groups.

- Goal 4: To provide our candidates with high expectations and a high level of support, which includes attention to the development of all aspects of candidates to promote academic excellence and lifelong learning.

Outcome: Program graduates are school psychologists who are lifelong learners and are always mindful of service to others.

Course Requirements

- EDSS 6500 Foundations of Ethical, Professional, and Legal Practice in School Psychology 3 semester hours
- EDSS 6504 Statistics, Research Methods, and Program Evaluation 3 semester hours
- EDSS 6506 Seminar in Counseling and Interpersonal Relations 2 semester hours
- EDSS 6508 Student Diversity and Exceptionality 3 semester hours
- EDSS 6510 Seminar in Instruction and Learning 3 semester hours
- EDSS 6512 Group Counseling and Intervention with Children and Adolescents 3 semester hours
- EDSS 6514 Family, School, and Community Collaboration 3 semester hours

- EDSS 6534 Advanced Assessment and Positive Behavioral Intervention 3 semester hours
- EDSS 6536 Special Issues and Best Practices in School Psychological Services 3 semester hours
- EDSS 6538 Supervised Internship in School Psychology I 3 semester hours
- EDSS 6540 Supervised Internship in School Psychology II 3 semester hours
- EDSS 6995 Comprehensive Examination 0 semester hours

Counseling, M.A.

Learning Outcomes

Aligned with the School of Education’s Conceptual Framework, Mission Statement, and Goals, and the Department of Educational Support Services candidate goals, the Counseling Program’s goals are to prepare candidates that:

- Respond positively to issues of diversity;
- Educate to help insure the success of all;
- Advocate for all pupils to have access to counseling services; and,
- Lead and work collaboratively to help transform programs, practices, and institutions.

Master of Arts in Counseling

The Master of Arts in Counseling program prepares you to succeed as a counselor in diverse educational, community, private, and non-profit settings. This is a 60-semester-hour program designed for those who intend to pursue Licensed Professional Clinical Counselor (LPCC) certification. Graduates of the MA in Counseling Program are eligible to apply to the Board of Behavioral Sciences (BBS) for Professional Clinical Counselor Intern (PCCI) status. As a PCCI, you would then complete 3,000 hours of work and pass 2 national exams to receive LPCC status. There are 2 specialization options for LPCC eligibility:

- School Counseling: For candidates who desire to work in a K-12 school setting. You will gain experiences that include individual counseling, group and educational counseling, career and college counseling, teacher consultation, and prevention programming. The completion of this specialization will also result in eligibility to receive a Pupil Personnel Services Credential for the State of California. This program is approved by the State of California Commission on Teacher Credentialing and the National Council for the Accreditation of Teacher Education.

- Community Mental Health Counseling: For candidates who desire to work in community mental health settings or outpatient hospital settings. You will gain experiences offering mental health counseling to clients from a variety of age groups and presenting with a variety of clinical issues. Additional experiences may include group counseling, assessment, and family counseling.

Admission Requirements

1. Completion of the Graduate Division application form, submitted directly to the Graduate Admissions Office.
2. Two official copies of transcripts from all colleges/universities attended, sent directly to the Graduate Admissions Office.
3. Cumulative undergraduate GPA of 3.0; or a 3.05 GPA in the last 60 semester hours of undergraduate course work taken or a 3.0 GPA in at least 9 semester hours of graduate level coursework is required. An appeal may be filed through the Exceptions process.
4. International applicants must submit a minimum score of 100 for the Test of English as a Foreign Language (TOFEL) or a minimum score of 7 for the International English Language Testing System (IELTS) in order to be considered for admission.
5. A letter of application (intent) to the Academic Program Director in which the following questions are addressed:
   - Why the applicant wants to be a counselor;
The characteristics the applicant possesses that he or she thinks will make him/her an effective counselor;

- In what specific ways does the LMU Counseling Program help the applicant achieve his/her professional goals;
- the applicant's commitment towards preparing himself/herself to be an effective counselor (e.g., devote the required time to an internship; become active in related professional organizations); and
- a summary of experience with individuals from diverse backgrounds (e.g., culture, race, ethnicity, gender, sexual orientation, and social class).

6. Two letters of recommendation. Letters of recommendation should come from professors or instructors who can comment substantively on the applicant's academic ability and potential to do graduate level work. Letters of recommendation from friends, relatives, or co-workers are not acceptable. Forms may be accessed in the online application.

7. Certificate of Clearance (COC): Completion of fingerprint clearance (Live Scan) process through the Department of Justice (DOJ) and FBI must occur prior to enrollment in first semester classes. Fingerprint applications are available on the School of Education website.

8. Interview and approval by Academic Program Director or Assistant Director.

9. After steps 1-8 above have been completed, the candidate's file will be reviewed for provisional or controlled admission. Under these designations, candidates are able to enroll in their first semester of coursework.

10. Completion of the CBEST no later than the end of the first semester of enrollment. The CBEST is not required for those candidates pursuing the Master degree without the PPS credential.

11. Signed Candidate Disposition Forms from two faculty members in the School of Education with whom the candidate has had courses are required before a candidate is granted Forml Admission.

12. Ideally, the first two courses completed in the program are EDSS 6362 Counseling Theories and Techniques and EDSS 6391 Foundations of Counseling. It is best to take EDSS 6394 Helping Skills the next semester after completing EDSS 6362. Helping Skills is the first practice course that relates to the content learned in Theories. EDSS 6386 Practicum in Culturally Responsive Counseling is the second practice course and must be completed after the prerequisite course, Helping Skills. These courses cannot be taken concurrently.

13. Basic Computer Skills: All applicants must verify that they have basic computer skills that are necessary for success in the School of Education. Applicants may either verify their skills by signing a self-verification form provided by the School of Education or take EDUX 846, Basic Computer Skills of Educators, during their first year.

14. Prior to beginning fieldwork, candidates must verify 100 clock hours in a “practica” experience (e.g., shadowing a counselor, observing classroom instruction, attending school-based meetings, peer counseling, personal or group counseling experiences). Eighty of these hours are accumulated in the required course work.

15. Comprehensive Examination (CE): Candidates are required to enroll in and receive credit for EDSS 6995 Comprehensive Examination as a requirement for program completion. There is a fee charged for this zero-semester-hour course. The Comprehensive Examination examines a candidate's content learning and ability to apply acquired knowledge and experiences to a set of practical problems. PLEASE NOTE: All courses must be completed prior to taking the comprehensive exam, with the exception of Psychopharmacology, Addictions, Human Sexuality, Trauma, Community Psychology, Fieldwork I and Fieldwork II. You must inform the University of your intent to graduate in a specific term by submitting an online Application for Degree to the Office of the Registrar - whether or not you intend to participate in Commencement. Candidates may participate in commencement with 9 semester hours (including fieldwork) remaining to complete after the Spring semester. You must apply prior to the degree date in that term to qualify for graduation. Note that there is a difference between participating in Commencement and graduating from LMU. Although you may be eligible to participate in the ceremony, you are not considered to have graduated until you have fulfilled all degree requirements and your degree is posted on your transcript. The filing of the Application for Degree is only one of several degree requirements and does not guarantee a degree will be awarded. If degree requirements cannot be completed (including passing all sections of the Comprehensive Examination) the degree application is canceled, and you must submit a new application for a subsequent semester. If a candidate does not pass all sections of the Comprehensive Examination (CE), s/he will be required to retake the section(s) not passed during the next administration in the following semester of the CE. The candidate will receive an incomplete (I) and will need to reapply for degree. The candidate will be advised within 10 days of taking the CE, which section(s) will need to be retaken. There will not be a fee associated with retaking the CE provided all sections are passed within one year of sitting for the initial administration. If the sections which need to be retaken are not passed within the one year period, the candidate will be required to re-enroll in EDSS 6995 Comprehensive Examination and will be responsible for the fee.

Course Requirements

- EDSS 6362 Counseling Theories and Techniques 3 semester hours
- EDSS 6365 Research Methodology and Statistics 3 semester hours
- EDSS 6368 Career Counseling and Educational Planning 3 semester hours
- EDSS 6376 Crisis Counseling, Prevention, and Intervention 3 semester hours
- EDSS 6377 Multicultural Counseling 3 semester hours
- EDSS 6378 Group Counseling 3 semester hours
- EDSS 6379 Social, Emotional, and Behavioral Functioning 3 semester hours
- EDSS 6382 Ethical and Legal Issues 3 semester hours
- EDSS 6386 Practicum in Culturally Responsive Counseling 3 semester hours
- EDSS 6390 Lifespan Development 3 semester hours
- EDSS 6391 Foundations of Counseling 3 semester hours
- EDSS 6392 Psychopharmacology 3 semester hours
- EDSS 6393 Assessment, Appraisal, and Diagnosis 3 semester hours
- EDSS 6394 Helping Skills 3 semester hours
- EDSS 6395 Addictions Counseling: Foundations for Wellness 3 semester hours
EDSS 69XX Fieldwork in Specialization I:
- EDSS 6970 Fieldwork in School Counseling I 3 semester hours
- EDSS 6940 Fieldwork in Mental Health Counseling I 3 semester hours

EDSS 69XX Fieldwork in Specialization II:
- EDSS 6980 Fieldwork in School Counseling II 3 semester hours
- EDSS 6945 Fieldwork in Mental Health Counseling II 3 semester hours

Guidance and Counseling, M.A.

Learning Outcomes
Aligned with the School of Education’s Conceptual Framework, Mission Statement, and Goals, and the Department of Educational Support Services candidate goals, the Counseling Program’s goals are to prepare candidates that:
- Respond positively to issues of diversity;
- Educate to help insure the success of all;
- Advocate for all pupils to have access to counseling services; and,
- Lead and work collaboratively to help transform programs, practices, and institutions.

Master of Arts in Guidance and Counseling
The Master of Arts in Guidance and Counseling program is a 37-semester-hour program. It is designed for those who want a rigorous graduate Counseling program but are not planning to apply for either the LPCC licensure or for the California PPS credential. It is ideal for candidates interested in working in higher education settings (e.g., academic counselor). Should a candidate in this track later wish to pursue the MA Counseling degree with one of the specializations, most of the coursework taken in the MA in Guidance and Counseling program will apply.

Admission Requirements
The items listed below should be submitted directly to the School of Education, Office of the Dean, unless otherwise noted:
1. Completion of the Graduate Division application form, submitted directly to the Graduate Admissions Office.
2. Two official copies of transcripts from all colleges/universities attended, sent directly to the Graduate Admissions Office.
3. Cumulative undergraduate GPA of 3.0; or a 3.05 GPA in the last 60 semester hours of undergraduate course work taken or a 3.0 GPA in at least 9 semester hours of graduate level coursework is required. An appeal may be filed through the Exceptions process.
4. International applicants must submit a minimum score of 100 for the Test of English as a Foreign Language (TOFEL) or a minimum score of 7 for the International English Language Testing System (IELTS) in order to be considered for admission.
5. A letter of application (intent) to the Academic Program Director in which the following questions are addressed:
   - Why the applicant wants to be a counselor;
   - The characteristics the applicant possesses that he or she thinks will make him/her an effective counselor;
   - In what specific ways does the LMU Counseling Program help the applicant achieve his/her professional goals;
   - The applicant’s commitment towards preparing himself/herself to be an effective counselor (e.g., devote the required time to an internship; become active in related professional organizations); and
   - A summary of experience with individuals from diverse backgrounds (e.g., culture, race, ethnicity, gender, sexual orientation, and social class).
6. Two letters of recommendation. Letters of recommendation should come from professors or instructors who can comment substantively on the applicant’s academic ability and potential to do graduate level work. Letters of recommendation from friends, relatives, or co-workers are not acceptable. Forms may be accessed in the online application.
7. Certificate of Clearance (COC): Completion of fingerprint clearance (Live Scan) process through the Department of Justice (DOJ) and FBI must occur prior to enrollment in first semester classes. Fingerprint applications are available on the School of Education website.
8. Interview and approval by Academic Program Director or Assistant Director.

Master of Arts in School Counseling

The Master of Arts in School Counseling program is a 48-semester-hour combined degree/credential program. It is designed for candidates who plan to serve as School Counselors in a California K-12 public or private school setting. As a combined program, it incorporates the required courses and fieldwork experiences mandated by the California CTC for the Pupil Personnel Services (PPS) credential. As such, candidates in this program do not pursue other specializations. Graduates of this program are eligible to apply for the California PPS credential but not for the licensure as an LPCC.

The program leading to the School Counseling credential is approved by the State of California Commission on Teacher Credentialing and the National Council for the Accreditation of Teacher Education.

Admission Requirements

The items listed below should be submitted directly to the School of Education Office of the Dean, unless otherwise noted:

1. Completion of the Graduate Division application form, submitted directly to the Graduate Admissions Office.
2. Two official copies of transcripts from all colleges/universities attended, sent directly to the Graduate Admissions Office.
3. Cumulative undergraduate GPA of 3.0; or a 3.05 GPA in the last 60 semester hours of undergraduate course work taken or a 3.0 GPA in at least 9 semester hours of graduate level coursework is required. An appeal may be filed through the Exceptions process.

Introduction

The Department of Elementary and Secondary Education offers a variety of credential and graduate programs that emphasize the preparation of excellent teachers to educate the culturally and linguistically diverse populations in K-12 public or private schools. Accredited by the National Council for the Accreditation of Teacher Education and the California Commission on Teacher Credentialing, we provide professional preparation in research-based exemplary practices that include the requisite knowledge, skills, and dispositions required to ensure equity and excellence in education. As a result of our Masters and credential programs, graduates are highly regarded by their colleagues and leaders in the schools, districts, and communities in which they serve. Teacher preparation and professional development options in the Department promote and respond to the Jesuit and Marymount traditions and correspond to the core tenets of the School of Education's Conceptual Framework.

Learning Outcomes

In accordance with the Mission and Goals of the School of Education, the Elementary and Secondary Education programs strive to work collaboratively in a student-centered environment to be professionals who act to value and respect all individuals, promote social justice, promote cultural responsiveness, integrate theory and practice, develop moral, intellectual, responsible, and caring leaders and to collaborate and share leadership across communities.

Programs also strive to be, and to educate professionals to be, educators who: Respect and value all individuals and communities; Educate by integrating theory and practice; Advocate for access to a socially just education; and Lead in order to facilitate transformation.

For additional information, please refer to the School of Education Mission and Goal Statements.

Master of Arts Degrees in the School of Education

The Department of Elementary and Secondary Education offers the following programs:

- Elementary Education, M.A. with a Preliminary 2042 Multiple Subjects Credential
- Secondary Education, M.A. with a Preliminary 2042 Single Subject Credential
- Literacy and Language Arts, M.A. with a credential option (see Literacy option in Elementary or Secondary M.A.)
- Bilingual Education, M.A. with a Preliminary 2042 Multiple Subjects Credential and Bilingual Authorization, with a credential option
- Bilingual Education, M.A. with a Preliminary 2042 Secondary Credential and Bilingual Authorization, with a credential option
- Traditional Special Education, M.A. with the Preliminary Education Specialist: Mild/Moderate Disabilities credential
- Reading Instruction, M.A.: Reading and Language Arts Specialist Credential (Online option available)
- Educational Studies, M.A.

Credential Programs

- Preliminary California teaching credentials in:
  - Elementary Education (SB 2042 Multiple Subjects)
  - Secondary Education (SB 2042 Single Subject)
  - Elementary or Secondary Education with a Bilingual Authorization
  - Professional 2042 Clear Teaching Credential

Certificate Programs

- Bilingual Certificate Program
- CTEL Certificate
- Reading Certificate (online option also available)

If students are interested in the following programs, please see the appropriate School of Education link:

- Special Education: Special Education, M.A.
- University Intern Credential programs: Intern/Practitioner Program

Teaching credential requirements (listed with each program) are governed by the California Commission on Teacher Credentialing (CCTC) and are subject to change.

Students interested in pursuing credentials in Elementary or Secondary Education must attend an information session to begin the application process. Contact the School of Education Admissions Coordinator at 310.338.7845 or soeinfo@lmu.edu for information session dates and times.

Traditional Candidates (Credential Candidates Only)

Candidates following this path will complete all coursework before beginning their culminating experiences as student teachers. LMU will facilitate the candidate’s placement as student teachers. Placements must be completed in the subject or grade level that is authorized by the credential.

Intern/Practitioner Candidates

University Intern: A candidate following this path is employed full-time at a public school in a district that has a partnership with LMU. The candidate takes courses while teaching full-time. This employment status, along with additional supervision in the classroom provided through LMU, fulfills the fieldwork requirements of the credential. Candidates seek out their own employment as an intern unless the candidate is part of a cohort program where placement is facilitated through the program. The Intern must be employed to teach at least 60% in the area of the credential, and the
contract must state that the teacher is contracted to teach in the subject/grade in which the candidate is seeking a credential. It is necessary that the student hold a University Intern credential in order to be in the Intern program. Please see the program description if you are interested in the Intern/Practitioner Program.

Priority Application Deadlines for Master of Arts and/or Credential Programs
Fall semester—June 15
Spring semester—November 15
Summer session—March 15

- Students applying for admission to the School of Education are highly encouraged to submit their applications for admission and all supporting documents by the priority deadlines outlined above.
- Qualified applicants meeting this deadline will be given priority consideration for program admission.
- Contact the School of Education Admissions Coordinator at soeinfo@imu.edu for information session dates and times.

Bilingual Certificate Program
Academic Program Director: Liza Mastrippolito
Office Location: University Hall 2600

The Bilingual Certificate Program offers candidates the opportunity to add the Bilingual Authorization in Spanish or Mandarin to their existing California 2042 Multiple Subjects or Single Subject credential.

Candidates can obtain the Bilingual Authorization by completing three 3-semester-hour courses. Candidates must also pass the CSET LOTE Test III.

Courses for the Bilingual Authorization:
- EDES 5320 Chicano/Latino Cultures: An Interdisciplinary Perspective 3 semester hours
- EDES 5324 Bilingualism and Biliteracy 3 semester hours
- EDES 6320 Methodology for Primary Language Instruction in a Bilingual Setting 3 semester hours
- EDES 5324 Bilingualism and Biliteracy 3 semester hours
- EDES 5330 Chinese/American/American Chinese Cultures: An Interdisciplinary Perspective 3 semester hours
- EDES 6330 Methodology for Chinese Language Instruction in Bilingual Settings 3 semester hours

All Candidates must pass the CSET LOTE Test III in Spanish or Mandarin.

California Teachers of English Learner (CTEL) Certificate for Eligible Candidates
Academic Program Director: Liza Mastrippolito
Office Location: University Hall 2600

This 12-semester-hour certificate program is designed for credentialed educators who require CTC authorized to teach English Learners.

- EDUR 6100 Anthropological Analysis of Cultural Diversity 3 semester hours
- EDES 5003 Theories and Policies of Second Language Acquisition 3 semester hours
- EDES 5250 Methodology in English Language Development (ELD) and Specially Designed Academic Instruction in English (SDAIE) for Secondary Educators 3 semester hours
- EDES 6350 Linguistics and Reading 3 semester hours
- EDES 6995 Comprehensive Examination/CTEL Portfolio 0 semester hours (fee required)

Reading Certificate (online option also available)
Program Director: Candace Poindexter
Assistant Program Director: Liza Mastrippolito
Office Location: University Hall 2600

The Reading Certificate is an added authorization, which allows the holder to assess student reading and provide reading instruction in response to those assessments. Certificate holders are also authorized to develop, implement, and adapt the reading content curriculum and assist classroom teachers in these areas, at one or more school sites. This program may be taken concurrently with the Master of Arts, or as a stand-alone program. The Certificate Program is also offered online.
Admission Requirements
1. Graduate Division Application: Submitted directly to the Graduate Division Office.
2. Transcripts: Two copies of official transcripts from all colleges/universities attended. These should be sent directly to the Graduate Division Office.
3. Reading Certificate Program Application: Form may be obtained in the School of Education.
4. Statement of Intent
5. Two Letters of Recommendation: Forms may be obtained in the School of Education.
6. Interview with the Program Director/Assistant Director: Upon completing the interview, the candidate's application is submitted to the Associate Dean for review and recommendation. Once a recommendation is made, the candidate will receive written correspondence from the School of Education and Graduate Admissions explaining their admission status. The candidate is notified of their admission status approximately two weeks after completing their admission interview with the Program Director/Assistant Director.
7. GPA Requirement: Minimum cumulative undergraduate GPA of 3.0; or a 3.05 GPA in the last 60 semester units of undergraduate coursework taken; or a 3.0 GPA in at least 9 units of graduate level coursework is required.
8. Teaching Credential: Copy of current, valid teaching credential.
9. CBEST: Verification of CBEST passage.
10. Teaching Experience Verification: Verification of three years successful, full-time teaching experience in grades preschool through adult.

Program Goals
- Provide the candidates with the knowledge and skills to articulate and apply theoretical foundations in reading/language arts to current theory and research.
- Provide the candidates with the knowledge and skills to design and deliver appropriate instruction in reading/language arts for all students, including diverse learners, based upon assessment results.
- Provide the candidate with a variety of measures to assess and evaluate students' strengths, needs, and achievements in literacy.

Course Requirements
- EDES 6350 Linguistics and Reading 3 semester hours
- EDES 6351 Assessment in Reading Performance 3 semester hours
- EDES 6354 Reading Development and Instruction 3 semester hours
- EDES 6355 Introduction to Reading Difficulties 3 semester hours
- EDES 6356 Diagnosis and Intervention in Reading—Practicum I 3 semester hours

1. Interview with Director of Bilingual/Bicultural Education
2. Successful completion of the following courses:

Bilingual Authorization in Spanish
- EDES 418 Bilingualism and Biliteracy 3 semester hours
- EDES 416 Methodology for Primary Language Instruction in a Bilingual Setting 3 semester hours
- EDES 420 Chicano/Latino Cultures: An Interdisciplinary Perspective 3 semester hours

Bilingual Authorization in Mandarin
- EDES 418 Bilingualism and Biliteracy 3 semester hours
- EDES 430 Methodology for Chinese Language Instruction in Bilingual Settings 3 semester hours
- EDES 431 American/Chinese/Chinese American Cultures: An Interdisciplinary Perspective 3 semester hours

Elementary Education, M.A. with a Preliminary 2042 Multiple Subjects Credential
Academic Program Director: Irene Oliver
Assistant Program Director: Liza Mastrippolito
Office Location: University Hall 2600

Master of Arts in Elementary Education with a Preliminary 2042 Multiple Subjects Credential
The combined Multiple Subject Preliminary Credential and Master of Arts in Elementary Education program is designed for graduate students who are seeking teaching positions in grades K-5 or any self-contained classrooms in grades 6-8. A student successfully completing either program is eligible to receive a Master of Arts in Elementary Education as well as to apply for a California Preliminary Multiple Subject Credential.

Program Goals
1. Candidate will engage and support all students in learning.
2. Candidate will create and maintain effective environments for student learning.
3. Candidate will understand and organize subject matter for student learning.
4. Candidate will plan instruction and design learning experiences for all students.
5. Candidate will assess student learning.
6. Candidate will develop as a professional educator.

Provisional Admission Requirements for Master of Arts and/or Credential
Elementary Education requires the following for provisional admission:
1. Attendance at an Information Session (for credential candidates only):
   Please contact the School of Education Admissions Coordinator to attend an information session. Applicants will receive an information packet that includes:
   - Graduate Application
   - Candidate Information Sheet
   - Three Recommendation Forms
   - Technology Self-Verification Form
   - Fingerprint Clearance Form
   - Program Information

Bilingual Authorization
Academic Program Director: Liza Mastrippolito
Office Location: University Hall 2600

Students who demonstrate proficiency in Spanish or Mandarin may pursue the Bilingual Authorization in addition to the 2042 multiple subject credential.

Requirements:
2. Submission of Graduate Application and Application Fee
   Applicants will receive the complete application packet and instructions at the information session.

3. Candidate Information Sheet
   Applicants must submit the Candidate Information Sheet to the Graduate Division.

4. Statement of Intent
   Applicants must write a 3-5 page essay describing how their experiences, qualities, and goals reflect the School of Education's conceptual framework: REAL (Respect, Educate, Advocate, Lead). See website for additional information on REAL. The Statement of Intent should be included to the Graduate Division with the application and Candidate Information Sheet.

5. Letters of Recommendation
   Applicants must submit three letters of recommendation to the Graduate Division. At least one letter must verify the applicant's experience and familiarity with the elementary school age group. Letters cannot be written by family members or friends.

6. Grade Point Average (GPA) Requirement
   A cumulative undergraduate GPA of 3.0 or higher or a GPA of 3.05 or higher in the last 60 units of the applicant's undergraduate degree or a GPA of 3.0 or higher obtained in 9 units of graduate work. Students who do not meet this requirement may be asked to apply through the Exceptions appeal process.

7. Transcripts
   Applicants must submit two sets of official transcripts with their bachelor's degree posted. If applicants are in the process of completing the degree, they must submit official transcripts with the degree posted by the start of registration for the following semester. Candidates must submit two sets of official transcripts from each college/university attended.

8. Observation/Volunteer Hours Plan of Action
   All applicants must submit verification of 20 hours of experience working or observing work with culturally diverse youths in the age group they plan to teach.

9. Basic Skills Proficiency Requirements
   All Multiple (Elementary) Subjects applicants must meet the California Commission on Teacher Credentialing requirements for basic skills. An official passing score on the CBEST examination is required to demonstrate proficiency in basic skills. A passing score report must be submitted to the School of Education.

10. Subject Matter Competency Test (CSET) Plan of Action
    Candidates must demonstrate mastery of the required subject matter by passing the appropriate subject matter exam (CSET). Candidates will provide a Plan of Action written statement on when the CSET will be taken. Candidates must provide an original passing score report to the School of Education.

11. Certificate of Clearance (COC)
    Official results of the Certificate of Clearance must be received by the Credential Office prior to enrolling in teacher education courses. All fees associated with the fingerprint clearance application are the responsibility of the student.

12. Tuberculin Test
    Candidates must submit an official copy of their tuberculin skin test results, given within one year.

13. Technology Requirement
    Candidates may satisfy the technology requirement by either completing a self-verification form or verifying the completion of an approved 2042 course through another institution. Candidates must register for LiveText during the first prerequisite course. An e-Portfolio fee is assessed during the first semester of enrollment.

14. Interview with the Academic Program Director/Assistant Director
    Following the review of the complete application packet, the candidate will be contacted to schedule an admissions interview with the Academic Program Director/Assistant Director. Upon completing the interview, the candidate's application is submitted to the Assistant Dean for review and recommendation. Once a recommendation is made, candidates will receive written correspondence from the School of Education and Graduate Admissions explaining their admission status. Candidates are notified of their admission status approximately two weeks after completing their admission interview with the Academic Program Director/Assistant Director.

15. Admission Status
    Candidates are admitted on either Controlled or Provisional status to the appropriate Education Master of Arts and/or Credential Program.

16. Advisement
    Immediately upon being either Controlled or Provisionally admitted, the student must schedule an appointment for:

    Academic Advising: All candidates are required to meet with the Academic Advisor once a semester. Candidates are advised on appropriate course sequence and program information.

    Professional Advising: All candidates are recommended to meet with the Professional Advisor (Program Director/Assistant Director) once a semester. Candidates will discuss academic course progress, career plans and goals, dispositional issues and other issues related to the teaching profession.

Formal Admission Requirements for Master of Arts and/or Credential

Review by the Teacher Admission and Advisory Committee (TAAC): After the requirements for formal admission, outlined below, have been completed, the candidate will apply to the Teacher Admission and Advisory Committee (TAAC) for Formal Admission review. The Academic Advisor will facilitate the application process. It is the candidate's responsibility to ensure that all items have been completed and submitted, including the resolution of any Incomplete grades received in the prerequisite courses. Candidates will be notified of the Committee's decision in writing. All documents become property of the University and will not be released to any person or institution unless required by law.

1. Advising
   - Academic Advising: All candidates are required to meet with the Academic Advisor once a semester. Candidates are advised on appropriate course sequence and program information.
   - Professional Advising: All candidates are recommended to meet with the Professional Advisor (Program Director/Assistant Director) once a semester. Candidates will discuss academic course progress, career plans and goals, dispositional issues and other issues related to the teaching profession.

2. U.S. Constitution Requirement: Candidates may satisfy the U.S. Constitution requirement in one of the following ways:
   - Successfully completing a LMU course
   - Completing an equivalent course at another institution. The course must be approved by the School of Education Admissions Coordinator.
3. Prerequisite Courses: Candidates must complete the following four courses with a grade of "B" (3.0) or better:
   - EDUR 5000 Cultural Paradigms of Education
   - EDES 5001 Applied Educational Psychology for the Childhood and Adolescent Years
   - EDES 5003 Theories and Policies of Second Language Acquisition
   - EDSS 6001 Teaching Culturally/Linguistically Diverse Students with Exceptional Needs

4. Disposition Rubric: Candidates are expected to uphold both academic and non-academic standards embraced by the School of Education. Non-academic factors include behaviors, dispositions, and attitudes that educators must positively develop. The Disposition Rubric will be used to assess the professional dispositions of our candidates.

Requirements for Student Teaching

Review by the Teacher Advisory Review Committee (TARC):

After the requirements for student teaching, outlined below, have been completed the candidate will apply to TARC for review. Candidates must complete the application and Violation Affidavit with the Academic Advisor. The application will be submitted to the Teacher Advisory Review Committee (TARC) for review. It is the candidate’s responsibility to ensure that all items have been completed and submitted, including the resolution of any incomplete grades received in any courses. Candidates will be notified of the Committee’s decision in writing. All eligible candidates will be contacted for an interview with the Coordinator of Fieldwork.

1. Complete the following three courses with a grade of "B" (3.0) or better prior to enrolling in student teaching:
   - EDES 5200 Methodology in English Language Development (ELD) and Specially Designed Academic Instruction in English (SDAIE) for Elementary Educators 3 semester hours
   - EDES 6200 Elementary School Curriculum and Methods 3 semester hours
   - EDES 6202 Teaching Reading for Today's Learners 3 semester hours

2. CSET
   Candidates must submit official passing score report verifying 100% successful completion of all elements of the CSET to the Academic Advisor.

3. Teaching Performance Assessments (TPA) Task 1 and Task 2
   (fee based, 0 semester hours)
   - EDCE 5950 Teaching Performance Assessment Task 1, Subject Specific Pedagogy 0 semester hours
   - EDCE 5951 Teaching Performance Assessment Task 2, Subject Designing Instruction 0 semester hours

4. Health Education for Educators
   Candidates may satisfy the Health Education requirement in one of the following ways:
   - Successful completion of EDES 8000
   - Successful completion of a 2042 approved course through another institution. It is recommended that the candidate obtain approval from the School of Education Credential Office prior to taking class. Official transcripts must be submitted as evidence of course completion.

5. Professional Advising
   Candidates are recommended to schedule an appointment with the Program Director/Assistant Director once a semester.

6. Disposition Rubric Score
   Candidates are expected to uphold both academic and non-academic standards embraced by the School of Education. Non-academic factors include behaviors, dispositions, and attitudes that educators must positively develop. The Disposition Rubric will be used to assess the professional dispositions of our candidates.

Enrolling in Student Teaching

In order to be accepted and successfully complete student teaching, all students must comply with the policies and requirements set forth by the School of Education’s Clinical Education Department. All student teacher placements are made by the Clinical Education Department. Students will enroll in:
   - EDCE 5976 Elementary Directed Teaching 6 TO 9 semester hours
   - EDCE 5952 Teaching Performance Assessment Task 3, Assessing Learning 0 semester hours
   - EDCE 5953 Teaching Performance Assessment Task 4, Culminating Teaching Experience 0 semester hours

Note:
If you are in a Combined Master of Arts and Credential Program, only six (6) semester hours of graduate student teaching may be applied to the Master of Arts program.

Reading Instruction Competence Assessment (RICA)

After completing EDES 6202 Teaching Reading for Today’s Learners, candidates are eligible to take the RICA. Candidates must pass and submit an original score report of the RICA to the School of Education prior to applying for the credential.

Additional Coursework Required for the Master of Arts Degree

OPTION 1: Elementary Education

1. Choose one of the following courses and complete with a 3.0 or better:
   - EDUR 6100 Anthropological Analysis of Cultural Diversity 3 semester hours
   - EDES 6103 Curriculum and Instructional Leadership 3 semester hours
   - EDLA 6105 Assessment and Research Methodology 3 semester hours
   - EDSS 6390 Lifespan Development 3 semester hours

2. Complete
   - EDES 6995 Comprehensive Examination 0 semester hours in Elementary Education (fee required)

OPTION 2: Literacy and Language Arts
The Master of Arts in Literacy and Language Arts combined with the 2042 Preliminary Multiple Subjects or Single Subject Teaching Credential offers the opportunity for a graduate student to receive both a preliminary teaching credential and a Master of Arts degree. Candidates who initially applied for admission to the credential program only must add the Master of Arts degree prior to the pre-fieldwork assessment.

Program Requirements

1. All 2042 Preliminary Multiple Subjects Teaching Credential courses
   
2. Additional Required Coursework
   - EDES 6355 Introduction to Reading Difficulties 3 semester hours
   - EDES 6356 Diagnosis and Intervention in Reading—Practicum I 3 semester hours

3. Comprehensive Assessment
   - EDES 6995 Comprehensive Examination 0 semester hours in Literacy (fee required)

Exit Interview

The candidate must schedule an exit interview with the Program Director or Assistant Director. The exit interview must be completed prior to submitting an application for a credential and/or Master of Arts degree.

Application Process for the Preliminary Multiple Subject Credential

When all requirements have been completed successfully, candidates must complete the Credential Application through the School of Education to the Commission on Teacher Credentialing, State of California (additional fee required; see website for more information).

Application for Master of Arts Degree

Candidates must complete an application for a Master of Arts degree with the Office of the Registrar the semester prior to the completion of degree requirements. Please follow up with the Office of the Registrar for commencement participation.

Professional 2042 Clear Teaching Credential

A student has five years after obtaining the preliminary credential to complete the requirements for the professional clear credential. This Clear Credential is intended for Catholic and private school teachers who do not have access to a district induction program. For more information, see the section on the Professional 2042 Clear Teaching Credential.

Professional 2042 Clear Teaching Credential

Academic Program Director: Liza Mastrippolito
Office Location: University Hall 2600

The Professional 2042 Clear Credential Program is a one-year cohort program designed for candidates who hold a 2042 Preliminary Credential, are currently teaching full-time, and do not have access to a state approved induction program at their school sites. This program leads toward the Professional Clear 2042 Teaching Credential granted by the State of California Commission on Teacher Credentialing. The Professional 2042 Clear Credential Program coursework may be combined with graduate coursework to complete the following Master of Arts in Literacy degrees.

Application Deadline: Applications for the Professional 2042 Clear Credential Program are due June 15. Candidates will only be admitted to begin coursework during the Fall semester of each academic year.

Formal Admission Requirements

Documentation should be submitted to the Graduate Division:

1. Grade Point Average: The GPA requirement may be met in one of the following ways: an undergraduate cumulative GPA of 3.0 or higher or a GPA of 3.05 or higher in the last 60 units of the applicant's undergraduate degree or a GPA of 3.0 or higher obtained in 9 units of graduate coursework. Students who do not meet this requirement may be asked to appeal through the Exceptions process.

2. Verification of the Unavailability of a State of California Commission on Teacher Credentialing Approved Induction Program: This program is only available to candidates who do not have access to an approved induction program. Eligible applicants must submit a completed form signed by the school/district where they are employed, releasing them to participate in the Professional 2042 Clear Credential Program.

3. Valid California 2042 Preliminary Teaching Credential: Applicants must submit a copy of their valid California 2042 Preliminary Teaching Credential.

4. Graduate Division Application and Application Fee: Applicants must submit an application for admission, two recommendation forms, the Candidate Information Sheet and the application fee. The application fee is waived for LMU alumni.

5. Verification of Employment or Intent to Hire: Applicants must submit a completed form signed by their principal verifying employment for the duration of advanced coursework in the Professional 2042 Clear Credential Program.

6. Transcripts: If applicants have earned a Master of Arts degree, official transcripts must be submitted with the degree posted. For applicants that have earned units beyond a Bachelor's degree, official transcripts from any and all institutions where courses have been taken must be submitted. For applicants that have recently completed an academic program in the School of Education, this requirement may be waived.

7. Statement of Intent: Applicants must write a 3-5 page essay describing the way in which their experiences, qualities, and goals reflect the School of Education's motto—REAL (Respect, Educate, Advocate, Lead). For a complete explanation of REAL see the School of Education website, http://soe.lmu.edu. This requirement is waived for LMU alumni returning after an absence of less than one year.

8. Professional 2042 Clear Credential Program Contract: A contract committing applicants to complete the advanced coursework in one year may be submitted along with the application materials. Applicants signing the Professional 2042 Clear Credential contract are eligible for a grant applied towards tuition.

9. Additional Units Plan of Action Form: Applicants must complete this form to clarify how they will obtain the additional units beyond their Bachelor's degree required to clear their credential. Applicants must have a total of 30 units beyond their Bachelor's degree to clear their
When all requirements have been completed, candidates must submit the application to the Graduate Division, the candidate will be contacted to schedule an interview with the Director of the Professional 2042 Clear Credential Program.

Upon completing the interview, the candidate's application is submitted to the Associate Dean for review and recommendation. Once a recommendation is made, the candidate will receive written correspondence from the School of Education and Graduate Admissions explaining their admission status. The candidate is notified of their admission status approximately two weeks after completing their admission interview with the Academic Program Director.

**Professional 2042 Clear Credential Advanced Coursework**

After being formally admitted to the Professional 2042 Clear Credential Program, candidates will complete the following courses:

- EDES 6080 Advance Course 1: Special Populations, English Language Learners, Health, and Technology 3 semester hours (Offered Fall only)
- EDCE 6965 Action Research Fieldwork Support Course I 1 semester hour (Offered Fall only)
- EDES 6081 Advance Course 2: Special Populations, English Language Learners, Health, and Technology 3 semester hours (Offered Spring only)
- EDCE 6966 Action Research Fieldwork Support II 1 semester hour (Offered Spring only)

**Additional Semester Hours**

Once candidates finish the Professional 2042 Clear Credential Program they cannot clear their credential until the additional 22 graduate semester hours have been successfully completed and official transcripts are sent to the Credential Office in the School of Education.

**Master of Arts in Literacy Education**

In addition to the Professional 2042 Clear Credential coursework above, the following additional coursework will result in a Master of Arts in Literacy Education:

- EDES 6103 Curriculum and Instructional Leadership 3 semester hours
- EDES 6345 Literacy Fieldwork 1 TO 3 semester hours
- EDES 6350 Linguistics and Reading 3 semester hours
- EDES 6351 Assessment in Reading Performance 3 semester hours
- EDES 6352 Seminar: The Reading Professional 3 semester hours
- EDES 6354 Reading Development and Instruction 3 semester hours
- EDES 6355 Introduction to Reading Difficulties 3 semester hours
- EDES 6356 Diagnosis and Intervention in Reading—Practicum I 3 semester hours
- EDES 6995 Comprehensive Examination 0 semester hours

**Application for Clear Credential**

When all requirements have been completed, candidates must complete an application for a clear Professional Clear 2042 Teaching Credential (additional fee required, see website for more information).

**Secondary Education, M.A. with a Preliminary 2042 Single Subject Credential**

**Academic Program Director:** Irene Oliver

**Assistant Program Director:** Liza Mastrippolito

**Office Location:** University Hall 2600

**Master of Arts in Secondary Education with a Preliminary 2042 Single Subject Credential**

The combined Single Subject Preliminary Credential and Master of Arts in Secondary Education program is designed for graduate students who are seeking teaching positions in grades 9-12, or in 6-8 school settings that require teachers to teach in departments (Traditional Secondary Candidate) or students who are currently contracted to teach in grades 9-12, or in 6-8 school settings that require teachers to teach in departments (Intern/Practitioner Secondary Candidate). A student successfully completing this program will be eligible to receive a Master of Arts in Secondary Education as well as be able to apply for a California Preliminary Single Subject Credential.

The following Single Subject Preliminary credentials are offered through the School of Education:

- Art
- Biology
- Chemistry
- Earth Science
- English
- Mathematics
- Social Science
- Spanish (pending approval)

**Program Goals**

1. Candidate will engage and support all students in learning.
2. Candidate will create and maintain effective environments for student learning.
3. Candidate will understand and organize subject matter for student learning.
4. Candidate will plan instruction and design learning experiences for all students.
5. Candidate will assess student learning.
6. Candidate will develop as a professional educator.

**Provisional Admission Requirements for Master of Arts and/or Credential**

Secondary Education requires the following for provisional admission:

1. Attendance at an Information Session (for Credential Candidates Only) Please contact the School of Education Admission Coordinator to attend an information session. Applicants will receive an information packet that includes:
   - Graduate Application
   - Candidate Information Sheet
   - Three Recommendation Forms
   - Technology Self-Verification Form
   - Fingerprint Clearance Form
   - Program Information

2. Submission of Graduate Application and Application Fee Applicants may either submit the application to the Graduate Division or complete the online application.
3. Candidate Information Sheet
   Applicants must submit the Candidate Information Sheet to the Graduate Division.

4. Statement of Intent
   Applicants must write a 3 to 5 page essay describing how their experiences, qualities, and goals reflect the School of Education's conceptual framework: REAL (Respect, Educate, Advocate, Lead). For additional information on REAL, see http://soe.lmu.edu. The Statement of Intent should be submitted to the Graduate Division with the application and Candidate Information Sheet.

5. Letters of Recommendation
   Applicants must submit three letters of recommendation to the Graduate Division. At least one letter must verify the applicant's experience and familiarity with the secondary school age group. Letters cannot be written by family members or friends.

6. Grade Point Average (GPA) Requirement
   A cumulative undergraduate GPA of 3.0 or higher or a GPA of 2.85 or higher in the last 60 units of the applicant's undergraduate degree or a GPA of 3.0 or higher obtained in 9 units of graduate work. Students who do not meet this requirement may be recommended to the Exceptions Committee by the Academic Program Director.

7. Transcripts
   Applicants must submit to the Graduate Division two sets of official transcripts with their bachelor's degree posted. If applicants are in the process of completing their degree, they must submit official transcripts with the degree posted by the start of registration for the following semester. Candidates must submit two sets of official transcripts from each college/university attended.

8. Observation/Volunteer Hours Plan of Action
   All candidates must submit verification of 20 hours of experience working with or observing culturally diverse youths in the age group they plan to teach.

9. Basic Skills Proficiency Requirements
   All Single (Secondary) Subjects applicants must meet the California Commission on Teacher Credentialing requirements for basic skills. An official passing score on the CBEST examination is required to demonstrate proficiency in basic skills. A passing score report must be submitted to the School of Education.

10. Subject Matter Competency Test (CSET) Plan of Action
    Candidates must demonstrate mastery of the required subject matter by passing the appropriate subject matter exam (CSET). Candidates will provide a written Plan of Action stating when the CSET will be taken. Candidates must provide an original passing score report to the School of Education. Candidates may provide a letter verifying 100% completion of the subject matter coursework from a 2042 approved program.

11. Certificate of Clearance (COC)
    The application for fingerprint clearance (also known as Live Scan) should be completed online. Official results of the Certificate of Clearance must be received by the Credential Office prior to enrolling in education courses. All fees associated with the fingerprint clearance application must be included with the application to the Credential Office and are the responsibility of the student.

12. Tuberculin Test
    Candidates must submit an official copy of their tuberculin skin test results, given within one year.

13. Technology Requirement
    Candidates may satisfy the technology requirement by either completing a self-verification form or verifying the completion of an approved 2042 course through another institution. Candidates must register for LiveText during the first prerequisite course. The e-Portfolio fee is assessed during the first semester of enrollment.

14. Interview with the Program Director/Assistant Director
    Following the review of the complete application packet, the candidate will be contacted to schedule an admissions interview with the Academic Program Director/Assistant Director.
    Upon completing the interview, the candidate’s application is submitted to the Assistant Dean for review and recommendation. Once a recommendation is made, the candidate will receive written correspondence from the School of Education and Graduate Admissions explaining the admission status. Candidates are notified of their admission status approximately two weeks after completing their admission interview with the Academic Program Director/Assistant Director.

15. Admission Status
    Candidates are admitted on either Controlled or Provisional status to the appropriate Education Master of Arts and/or Credential Program.

16. Advisement
    Immediately upon being either Controlled or Provisionally admitted, the student must schedule an appointment with the Academic Advisor.

   Academic Advising: All candidates are expected to meet with the Academic Advisor once a semester. Candidates are advised on appropriate course sequence and program information.

   Professional Advising: All candidates are recommended to meet with the Professional Advisor (Program Director/Assistant Director) once a semester. Candidates will discuss academic course progress, career plans and goals, dispositional issues and other issues related to the teaching profession.

Formal Admission Requirements for Master of Arts and/or Credential

Review by the Teacher Admission and Advisory Committee (TAAC): After the requirements for formal admission, outlined below, have been completed, the candidate will apply to the Teacher Admission and Advisory Committee (TAAC) for Formal Admission review. The Academic Advisor will facilitate the application process. It is the candidate's responsibility to ensure that all items have been completed and submitted, including the resolution of any Incomplete grades received in the prerequisite courses. Candidates will be notified of the Committee’s decision in writing. All documents become property of the University and will not be released to any person or institution unless required by law.

1. Advising
   • Academic Advising: All candidates are required to meet with the Academic Advisor once a semester. Candidates are advised on appropriate course sequence and program information.
   • Professional Advising: All candidates are recommended to meet with the Professional Advisor (Program Director/Assistant Director) once a semester. Candidates will discuss academic course progress, career plans and goals, dispositional issues and other issues related to the teaching profession.

2. U.S. Constitution Requirement: Candidates may satisfy the U.S. Constitution requirement in one of the following ways:
   • Successfully completing a LMU course.
   • Completing an equivalent course at another institution. The course must be approved by the
School of Education Admissions Coordinator. Candidates must present a course syllabus and
course description;
- Passing the U.S. Constitution Exam online.

3. Prerequisite Courses: Candidates must complete the
following four courses with a grade of "B" (3.0) or better:
- EDUR 5000 Cultural Paradigms of Education 3
  semester hours
- EDES 5001 Applied Educational Psychology for the
  Childhood and Adolescent Years 3 semester hours
- EDES 5003 Theories and Policies of Second
  Language Acquisition 3 semester hours
- EDSS 6001 Teaching Culturally/Linguistically
  Diverse Students with Exceptional Needs 3 semester
  hours

4. Disposition Rubric: Candidates are expected to uphold
both academic and non-academic standards embraced by
the School of Education. Non-academic factors include
behaviors, dispositions, and attitudes that educators must
positively develop. The Disposition Rubric will be used to
assess the professional dispositions of our candidates.

Requirements for Student Teaching
Review by the Teacher Advisory Review Committee (TARC):
After the requirements for student teaching, outlined below, have
been completed the candidate will apply to TARC for review.
Candidates must complete the application and Violation Affidavit
with the Academic Advisor. The application will be submitted to
the Teacher Advisory Review Committee (TARC) for review. It is the
candidate's responsibility to ensure that all items have been
completed and submitted, including the resolution of any incomplete
grades received in any courses. Candidates will be notified of the
Committee's decision in writing. All eligible candidates will be
contacted for an interview with the Coordinator of Fieldwork.

1. Candidates need to complete the following with a
grade of "B" (3.0) or better prior to enrolling in student
teaching:
- EDES 5250 Methodology in English Language
  Development (ELD) and Specially Designed Academic
  Instruction in English (SDAIE) for Secondary Educators 3
  semester hours
- EDES 6203 Reading and Content Learning in Middle and
  Secondary Schools 3 semester hours

One of the following courses, depending upon the subject
emphasis of the credential:
- EDES 5251 Methods in Teaching Secondary Languages
  Other Than English 3 semester hours
- EDES 5252 Methods in Teaching Secondary Social
  Studies 3 semester hours
- EDES 5253 Methods in Teaching Secondary English 3
  semester hours
- EDES 5254 Methods in Teaching Secondary Science 3
  semester hours
- EDES 5255 Methods in Teaching Secondary Math 3
  semester hours
- EDES 5256 Methods in Teaching Secondary Art 3
  semester hours

2. CSET Subject Matter Competency:
Submit to the Academic Advisor either:
- Original score report verifying 100% successful
  completion of all elements of the CSET; or
- Letter verifying 100% completion of the subject matter
coursework from a 2042 approved program

3. Teaching Performance Assessment (TPA) Task 1
and Task 2 (fee based, 0 semester hours)
- EDCE 5950 Teaching Performance Assessment Task 1,
  Subject Specific Pedagogy 0 semester hours
- EDCE 5951 Teaching Performance Assessment Task 2,
  Subject Designing Instruction 0 semester hours

4. Health Education for Educators:
Candidates may satisfy the Health Education requirement in one of
the following ways:
- Successful completion of EDES 8000; or
- Successful completion of a 2042 approved course through
  another institution. It is recommended that the candidate
  obtain approval from the School of Education Credential
  Office prior to taking class. Official transcripts must be
  submitted as evidence of course completion.

5. Professional Advising:
Candidates are recommended to schedule an appointment with the
Program Director/Assistant Director once a semester.

6. Disposition Rubric:
Candidates are expected to uphold both academic and non-
academic standards embraced by the School of Education. Non-
academic factors include behaviors, dispositions, and attitudes that
educators must positively develop. The Disposition Rubric will be
used to assess the professional dispositions of our candidates.

Enrolling in Student Teaching
In order to be accepted and successfully complete student teaching,
all students must comply with the policies and requirements set forth
by the School of Education’s Clinical Education Department. All
student teacher placements will be made by the Clinical Education
Department. Students must enroll in:
- EDCE 5977 Secondary Directed Teaching 6 TO 9
  semester hours
- EDCE 5952 Teaching Performance Assessment Task 3,
  Assessing Learning 0 semester hours
- EDCE 5953 Teaching Performance Assessment Task 4,
  Culminating Teaching Experience 0 semester hours

Note:
If you are in a Combined Master of Arts and Credential Program,
only six (6) semester hours of graduate student teaching may
be applied to the Combined Master of Arts program.

Additional Coursework Required for the Master of
Arts Degree

OPTION 1: Secondary Education

1. Choose one of the following courses and complete with a
3.0 or better:
- EDUR 6100 Anthropological Analysis of Cultural Diversity
  3 semester hours

273
• EDES 6103 Curriculum and Instructional Leadership 3 semester hours
• EDLA 6105 Assessment and Research Methodology 3 semester hours
• EDSS 6390 Lifespan Development 3 semester hours

2. Complete
• EDES 6995 Comprehensive Examination 0 semester hours (fee required) Secondary Education

OPTION 2: Literacy and Language Arts
The Master of Arts in Literacy and Language Arts combined with the 2042 Preliminary Single Subject Teaching Credential offers the opportunity for a graduate student to receive both a preliminary teaching credential and a Master of Arts degree. Candidates who initially applied for admission to the credential program only must add the Master of Arts degree prior to the pre-fieldwork assessment.

Program Requirements:

1. All 2042 Preliminary Single Subject Teaching Credential courses

2. Additional Required Coursework
• EDES 6355 Introduction to Reading Difficulties 3 semester hours
• EDES 6356 Diagnosis and Intervention in Reading—Practicum I 3 semester hours

3. Comprehensive Assessment:
• EDES 6995 Comprehensive Examination 0 semester hours (fee required) Literacy

Exit Interview
The candidate must schedule an exit interview with the Program Director or Assistant Director. The exit interview must be completed prior to submitting an application for a credential and/or Master of Arts degree.

Application Process for the Preliminary Single Subject Credential
When all requirements have been completed successfully, candidates must complete a credential application through the School of Education to the Commission on Teacher Credentialing, State of California (additional fee required; see website for more information).

Application for Master of Arts Degree
Candidates must complete an application for a Master of Arts degree with the Office of the Registrar the semester prior to the completion of degree requirements. Please follow up with the Office of the Registrar for commencement participation.

Professional 2042 Clear Teaching Credential
A student has five years after obtaining the preliminary credential to complete the requirements for the professional clear credential. This Clear Credential is intended for Catholic and private school teachers who do not have access to a district induction program. For more information, see the following section on the Professional 2042 Clear Teaching Credential.

Undergraduate Teacher Preparation—Elementary Education
Senior Director: Annette Pijuan Hernandez
Assistant Director: Michael Cersosimo
Location: University Hall 3346

Introduction
The Department of Elementary and Secondary Education offers credential programs and minors in Education and is committed to preparing excellent teachers to educate the culturally and linguistically diverse populations in K-12 public or private schools. Accredited by the National Council for the Education of Teacher Education and the California Commission on Teacher Credentialing, we provide professional preparation in research-based exemplary practices that include the requisite knowledge, skills, and dispositions required to ensure equity and excellence in education. Graduates of our programs are highly regarded by their colleagues and leaders in the schools, districts, and communities in which they serve. Teacher preparation and professional development options in the Department promote and respond to the Jesuit and Marymount traditions and correspond to the core tenets of the School of Education’s Conceptual Framework.

Academic Programs
• Elementary Education
• Secondary Education
• Minor in Elementary and Secondary Education
• Bilingual Authorization
• Special Education

Credential Programs
• Preliminary California Teaching Credentials are offered in Elementary Education (SB 2042 Multiple Subjects) and Secondary Education (SB 2042 Single Subject)
• If you are interested in the following programs, please see the appropriate Department. For Elementary or Secondary Education with a Bilingual Emphasis, see the Bilingual section in this Department, and for Special Education, see the Department of Educational Support Services.

Teaching credential requirements (listed with each program) are governed by the California Commission on Teacher Credentialing (CCTC) and are subject to change. Students interested in pursuing credentials in Elementary or Secondary Education must attend an information session to begin the application process. Contact the School of Education Admissions Coordinator at soeinfo@lmu.edu for information session dates and times.

Initial Application Process for Elementary and Secondary Education Programs
Attend a mandatory information session to receive the following application materials:
• School of Education Application
• Subject matter Plan of Action
• Statement of Intent guidelines
• Technology Self-Verification form

A minimum GPA of 3.0 is required. Students who do not meet this requirement must schedule an appointment with the Academic Program Director to be considered for admission.

Preliminary California Teaching Credential
The 2042 Multiple Subject Preliminary Credential program is designed for students who are seeking teaching positions in grades K-5 or any self-contained classrooms in grades 6-8. A student
successfully completing this program is eligible to receive a minor in Elementary Education and to apply for a California Preliminary Multiple Subject Credential.

Requirements for Formal Admission

Review by the Teacher Admission and Advisory Committee (TAAC): After the requirements for formal admission, outlined below, have been completed and all application materials submitted, the candidate’s file will be presented to TAAC for review. It is the candidate’s responsibility to ensure that all items have been received. Candidates will be notified of the Committee’s decision in writing. All documents become the property of the University and will not be released to any person or institution. Prerequisite courses are only available to sophomores (30 semester hours earned) or higher. Interested first year students should contact the Academic Program Director. Plan to complete the fourth prerequisite prior to student teaching. All of the following requirements must be completed and submitted to the School of Education, University Hall 2100, prior to scheduling an interview with the Academic Program Director.

1. Complete three of the following four prerequisite courses and maintain a GPA of 2.8 or better:
   - EDUR 400 Sociocultural Analysis of Education
   - EDES 401 Applied Educational Psychology for the Childhood and Adolescent Years
   - EDES 414 Theories and Policies of Second Language Acquisition
   - EDSS 440 Introduction to the Culturally and Linguistically Diverse Student with Exceptional Needs

2. Teacher Education Application form
3. Statement of Intent
4. Candidate Information Sheet
5. Submit one set of official transcripts from all colleges and universities attended other than LMU
6. Three letters of recommendation
   - 1 letter from an LMU professor
   - 1 letter that speaks to your experience in working with children in the age group you plan to teach
   - 1 additional letter that can be a recommendation from either of the two above. Cannot be from a family member or friend.
7. Verification of 20 hours of experience working with culturally and linguistically diverse youth groups, ages 5-13
8. Fingerprint Clearance: The original Certificate of Clearance must be received back from the California Commission on Teacher Credentialing (CCTC) at the School of Education
9. Tuberculosis (TB) Skin Test results: Candidates must submit an official copy of their TB test results, given within one year.
10. California Basic Educational Skills Test (CBEST) original passing score report
11. U.S. Constitution Requirement—Satisfied by one of the following:
    - Successfully completing a LMU course;
    - Completing an equivalent course at another institution. The course must be approved by the School of Education Admissions Coordinator.
    - Candidates must present a course syllabus and description.
12. Subject Matter Plan of Action completion: Students must demonstrate mastery of the required subject matter by passing the Multiple Subject California Subject Matter Exam for Teachers (Multiple Subject CSET). Results of the CSET are valid for only five years.
13. Disposition Rubric: Candidates are expected to uphold both academic and non-academic standards embraced by the School of Education. Non-academic factors include behaviors, dispositions, and attitudes that educators must positively develop. The Disposition Rubric will be used to assess the professional dispositions of our candidates.
14. Technology Requirement
15. Interview with Academic Program Director/Assistant Director

Advising

Academic Advising: All candidates are required to meet with the Academic Advisor once a semester. Candidates are advised on appropriate course sequence and program information.

Professional Advising: All candidates are required to meet with the Professional Advisor (Program Director/Assistant Director) once a semester. Candidates will discuss academic course progress, career plans and goals, dispositional issues and other issues related to the teaching profession.

Requirements for Student Teaching

Review by the Teacher Advisory Review Committee (TARC): After the requirements for student teaching, outlined below, have been completed the candidate will apply to TARC for review. Applications will be submitted to the Academic Advisor. It is the candidate’s responsibility to ensure that all items have been completed and received. The candidate will be notified of the Committee’s decision in writing. All documents become the property of the University and will not be released to any person or institution.

All of the following are required once you have been formally admitted to the School of Education and must be fulfilled prior to enrollment in student teaching:

1. A "B" (3.0) grade point average must be maintained in all education coursework. A "D" (1.0) is not acceptable in any of the coursework in the sequence.

2. Fingerprint Clearance—
   A signed Violation Affidavit.

3. TB test results—
   Valid within one year prior to student teaching.

4. Health Education requirement (verified on transcripts), satisfied by one of the following:
   - Completing EDES 8000 1 semester hour; or
   - Completing a 2042 approved health education course through another institution.

5. Multiple Subject CSET original passing score report

6. Disposition Rubric:
   Candidates are expected to uphold both academic and non-academic standards embraced by the School of Education. Non-academic factors include behaviors, dispositions, and attitudes that educators must positively develop. The Disposition Rubric will be used to assess the professional dispositions of our candidates.

7. Complete the following methods courses
(maintaining a GPA of 3.0 or better)

- EDES 402 Teaching Reading in Today's Elementary Classrooms 3 semester hours
- EDES 425 Methods in English Language Development and Specially Designed Academic Instruction in English for Elementary Educators 3 semester hours
- EDES 434 Elementary Curriculum and Methods 3 semester hours

8. Teaching Performance Assessment (TPA) Task 1 and Task 2
(fee based, 0 semester hour courses)

- EDCE 461 Teaching Performance Assessment 1 0 semester hours Subject Specific Pedagogy
- EDCE 462 Teaching Performance Assessment 2 0 semester hours Designing Instruction

Enrolling in Student Teaching
In order to be accepted and successfully complete student teaching, all students must comply with the policies and requirements set forth by the School of Education. All student teacher placements will be made by Clinical Support Services.

1. Students must clear all Incompletes prior to student teaching
2. Students must schedule an appointment with the Academic Advisor
3. Students must complete the fieldwork application (available from the Academic Advisor) and schedule an interview with the Coordinator of Fieldwork
4. Enroll in EDCE 410 Elementary Directed Teaching (9-12 semester hours)
5. Enroll in EDCE 463 Teaching Performance Assessment 3 Assessing Learning
6. Enroll in EDCE 464 Teaching Performance Assessment 4 Culminating Teaching Experience

Reading Instruction Competence Assessment (RICA)
After completion of EDES 402, candidates are eligible to take the RICA exam. Candidates are required to take, pass, and submit an original passing score report to the School of Education prior to applying for the preliminary teaching credential.

Exit Interview
The candidate must schedule an exit interview with the Director or Assistant Director. The exit interview must be completed prior to submitting an application for a credential.

Application Process for the Preliminary Multiple Subject Credential
a. Successful completion of all the requirements outlined above
b. Students must submit an official transcript with the Bachelor's degree posted to the Credential Office in the School of Education.
c. Complete the Credential Application through the School of Education to the Commission on Teacher Credentialing, State of California (additional fee required; see website for more information).

Professional 2042 Clear Teaching Credential
A student has five years after obtaining the preliminary credential to complete the requirements for the professional clear credential. LMU offers a Clear Credential intended for Catholic and Private school teachers who do not have access to a district induction program. For more information, contact the Academic Program Director, Dr. Olga Grimalt, at 310.338.3778.

Bilingual Authorization
Students who demonstrate proficiency in Spanish or Mandarin may pursue the Bilingual Authorization in addition to the 2042 Single Subject credential.

Undergraduate Teacher Preparation—Secondary Education
Senior Director: Annette Pijuan Hernandez
Assistant Director: Michael Cersosimo
Location: University Hall 3346

Introduction
The Department of Elementary and Secondary Education offers credential programs and minors in Education and is committed to preparing excellent teachers to educate the culturally and linguistically diverse populations in K-12 public or private schools. Accredited by the National Council for the Education of Teacher Education and the California Commission on Teacher Credentialing, we provide professional preparation in research-based exemplary practices that include the requisite knowledge, skills, and dispositions required to ensure equity and excellence in education. Graduates of our programs are highly regarded by their colleagues and leaders in the schools, districts, and communities in which they serve. Teacher preparation and professional development options in the Department promote and respond to the Jesuit and Marymount traditions and correspond to the core tenets of the School of Education’s Conceptual Framework.

Academic Programs
- Elementary Education
- Secondary Education
- Minor in Elementary and Secondary Education
- Bilingual Authorization
- Special Education

Credential Programs
- Preliminary California Teaching Credentials are offered in Elementary Education (SB 2042 Multiple Subjects) and Secondary Education (SB 2042 Single Subject)
- If you are interested in the following programs, please see the appropriate Department. For Elementary or Secondary Education with a Bilingual Emphasis, see the Bilingual section in this Department, and for Special Education, see the Department of Educational Support Services.
- Teaching credential requirements (listed with each program) are governed by the California Commission on Teacher Credentialing (CCTC) and are subject to change.
- Students interested in pursuing credentials in Elementary or Secondary Education must attend an information session to begin the application process. Contact the School of Education Admissions Coordinator at soeinfo@lmu.edu for information session dates and times.

Initial Application Process for Elementary and Secondary Education Programs
1. Attend a mandatory information session to receive the following application materials:
• School of Education Application
• Subject matter Plan of Action
• Statement of Intent guidelines
• Technology Self-Verification form

2. A minimum GPA of 3.0 is required. Students who do not meet this requirement must schedule an appointment with the Academic Program Director to be considered for admission.

Preliminary California Teaching Credential

The 2042 Single Subject Preliminary Credential program is designed for students who are seeking teaching positions in grades 9-12, or in 6-8 school settings that require teachers to teach in departments. A student successfully completing this program is eligible to receive a minor in Secondary Education as well as to apply for a California Preliminary Single Subject Credential.

The following Single Subject Preliminary Credentials are offered through the School of Education:

- Art*
- Biology*
- Chemistry*
- Earth Science*
- English*
- Mathematics*
- Social Science*
- Spanish (pending approval)

* Content area with an LMU undergraduate approved program by the California Commission on Teacher Credentialing (CCTC). However, students can major in any content area and still be eligible to receive a Single Subject Preliminary Credential.

Requirements for Formal Admission

Review by the Teacher Admission and Advisory Committee (TAAC): After the requirements for formal admission, outlined below, have been completed and all application materials submitted, the candidate's file will be presented to TAAC for review. It is the candidate's responsibility to ensure that all items have been received. Candidates will be notified of the Committee's decision in writing. All documents become the property of the University and will not be released to any person or institution.

All of the following requirements must be completed and submitted to the School of Education, University Hall 2100, prior to scheduling an interview with the Academic Program Director.

1. Complete three of the following four prerequisite courses and maintain a GPA of 3.0 or better:
   - EDUR 400 Sociocultural Analysis of Education
   - EDES 401 Applied Educational Psychology for the Childhood and Adolescent Years
   - EDES 414 Theories and Policies of Second Language Acquisition
   - EDSS 440 Introduction to the Culturally and Linguistically Diverse Student with Exceptional Needs

   Prerequisite courses are only available to sophomores (30 semester hours earned) or higher. Interested first year students should contact the Academic Program Director. Plan to complete the fourth prerequisite prior to student teaching.

2. Teacher Education Application form
3. Statement of Intent
4. Candidate Information Sheet

5. Submit one set of official transcripts from all colleges and universities attended other than LMU
6. Three letters of recommendation
   - 1 letter from an LMU professor
   - 1 letter that speaks to your experience in working with children in the age group you plan to teach
   - 1 additional letter that can be a recommendation from either of the two above. Cannot be from a family member or friend.
7. Verification of 20 hours of experience working with culturally and linguistically diverse youth groups, ages 4-13, or Plan of Action of Completion of 20 hours prior to student teaching
8. Certificate of Clearance (COC): The original Certificate of Clearance must be received back from the California Commission on Teacher Credentialing (CCTC) at the School of Education.
9. Tuberculosis (TB) Skin Test results: Candidates must submit an official copy of their TB test results, given within one year.
10. California Basic Educational Skills Test (CBEST) original passing score report
11. U.S. Constitution Requirement—Satisfied by one of the following:
   - Successfully completing a LMU course;
   - Completing an equivalent course at another institution. The course must be approved by the School of Education Admissions Coordinator. Candidates must present a course syllabus and course description.
12. Subject Matter Plan of Action completion
13. Students must demonstrate mastery of the required subject matter by passing the Single Subject California Subject Matter Exam for Teachers (Single Subject CSET); or
   Students must complete an LMU Undergraduate Approved Subject Matter Waiver Program (Art [approval pending], Biology, Chemistry, English, Mathematics, Physical Education (Dance), Social Science and Spanish [approval pending])
   Results of the CSET are valid for only five years.
14. Disposition Rubric: Candidates are expected to uphold both academic and non-academic standards embraced by the School of Education. Non-academic factors include behaviors, dispositions, and attitudes that educators must positively develop. The Disposition Rubric will be used to assess the professional dispositions of our candidates.
15. Technology Requirement
16. Interview with Academic Program Director

Requirements for Student Teaching

Review by the Teacher Advisory Review Committee (TARC): After the requirements for student teaching, outlined below, have been completed the candidate will apply to TARC for review. Applications will be submitted to the Academic Advisor. It is the candidate's responsibility to ensure that all items have been completed and received. The candidate will be notified of the Committee's decision in writing. All documents become the property of the University and will not be released to any person or institution.

All of the following are required once you have been formally admitted to the School of Education and must be fulfilled prior to enrollment in student teaching:

1. A "B" (3.0) grade point average must be maintained in all education coursework. A "D" (1.0) is not acceptable in any of the coursework in the sequence.
2. Fingerprint Clearance—A signed Violation Affidavit.
3. TB test results—Valid within one year prior to student teaching.
4. Health Education requirement (verified on transcripts), satisfied by one of the following:
   - Completing EDES 8000 1 semester hour or
   - Completing a 2042 approved health education course through another institution.
5. Single Subject CSET in credential content area (original passing score report) or official letter confirming the completion and approval of an LMU Undergraduate Subject Matter Waiver Program. See your Major Advisor for further information.
6. Disposition Rubric: Candidates are expected to uphold both academic and non-academic standards embraced by the School of Education. Non-academic factors include behaviors, dispositions, and attitudes that educators must positively develop. The Disposition Rubric will be used to assess the professional dispositions of our candidates.
7. Complete the following methods courses (maintaining a GPA of 3.0 or better):
   - EDES 403 Reading and Content Learning in Middle and Secondary Schools
   - EDES 426 Methods in English Language Development and Specially Designed Academic Instruction in English for Secondary Educators

And one of the following courses, depending on the credential content area:
   - ART 455 Methods in Teaching Secondary Art
   - EDES 484 Methods in Teaching Secondary Languages Other Than English
   - EDES 485 Methods in Teaching Secondary Social Studies
   - EDES 486 Methods in Teaching Secondary English
   - EDES 487 Methods in Teaching Secondary Science
   - EDES 488 Methods in Teaching Secondary Math
8. Teaching Performance Assessment (TPA) Task 1 and Task 2 (fee based, 0 semester hour courses)
   - EDCE 461 Teaching Performance Assessment 1
   - Task 1 Subject Specific Pedagogy (in content area)
   - EDCE 462 Teaching Performance Assessment 2
   - Task 2 Designing Instruction

Enrolling in Student Teaching
In order to be accepted and successfully complete student teaching, all students must comply with the policies and requirements set forth by the School of Education’s Clinical Education Department. All student teacher placements will be made by the Clinical Support Services.
1. Students must clear all Incompletes prior to student teaching
2. Students must schedule an appointment with the Academic Advisor
3. Students must complete the fieldwork application (available from the Academic Advisor) and schedule an interview with the Fieldwork Coordinator.
4. Enroll in EDCE 412 Secondary Directed Teaching 9-12 semester hours.
5. Enroll in EDCE 463 Teaching Performance Assessment 3 Assessing Learning 0 semester hours (fee required).
6. Enroll in EDCE 464 Teaching Performance Assessment 4 Cumulating Teaching Experience 0 semester hours (fee required).

Application Process for the Preliminary Single Subject Credential
1. Successful completion of all of the requirements outlined above.
2. Students must submit an official transcript with the degree posted to the Credential Office in the School of Education.
3. Complete the Credential application through the School of Education to the Commission on Teacher Credentialing, State of California (additional fee required; see website for more information).

Professional 2042 Clear Teaching Credential
A student has five years after obtaining the preliminary credential to complete the requirements for the professional clear credential. LMU offers a 2042 Professional Clear Credential Program intended for Catholic and private school teachers who do not have access to a district induction program. For more information, contact the Academic Program Director, Dr. Olga Grimalt, at 310.338.3778.

Bilingual Authorization
Students who demonstrate proficiency in Spanish or Mandarin may pursue the Bilingual Authorization in addition to the 2042 Single Subject credential.

Undergraduate Teacher Preparation—Combined Program Requirements: Education Specialist Credential: Mild/Moderate Disabilities with the 2042 Multiple Subject/Elementary Emphasis
The 2042 Multiple Subject/Secondary Teaching Credential can be pursued concurrently with the Education Specialist Credential: Mild/Moderate Disabilities. In addition to the previously listed program sequence for the Education Specialist Credential, the following are required.

Professional Coursework
Students in the combined program will have both a general education and special education teaching placement during their student teaching.

Elementary Emphasis
- EDES 401 Applied Educational Psychology for the Childhood and Adolescent Years 3 semester hours
- EDCE 410 Elementary Directed Teaching 9 TO 12 semester hours
- EDCE 456 Directed Teaching with Culturally and Linguistically Diverse Students with Mild/Moderate Disabilities 6 semester hours
- EDCE 459 Student Teaching Seminar 3 semester hours

Secondary Emphasis
- EDES 401 Applied Educational Psychology for the Childhood and Adolescent Years 3 semester hours
- EDCE 412 Secondary Directed Teaching 9 TO 12 semester hours
- EDCE 456 Directed Teaching with Culturally and Linguistically Diverse Students with Mild/Moderate Disabilities 6 semester hours
- EDCE 459 Student Teaching Seminar 3 semester hours

Bilingual Education, M.A. with a Preliminary 2042 Multiple Subjects Credential and Bilingual Authorization
The Master of Arts program emphasizes the preparation of highly qualified elementary school teachers to conduct quality bilingual and intercultural education for a variety of student populations. This combined program fulfills all the requirements for the Master of Arts in Bilingual Education degree and the 2042 Multiple Subjects Preliminary Teaching Credential with a Bilingual Authorization in Spanish or Mandarin.

Candidates following this path will complete all coursework before beginning their culminating experience as student teachers. Candidates must successfully pass all components of the CBEST for formal admission in the 2042 credential. The School of Education will facilitate candidates’ placement as student teachers. Placements must be completed in the subject or grade level that is authorized by the credential.

Program Goals

1. Bilingual Education candidates will study the philosophical, theoretical, legal, and legislative foundations of bilingual education.
2. Bilingual Education candidates will plan, implement, and assess standards-based language and content instruction in the primary language.
3. Bilingual Education candidates apply research in regards to bilingual and biliteracy development.
4. Bilingual Education candidates will demonstrate knowledge of the traditions, status, and communication patterns of the culture of emphasis as experienced in the country or countries of origin and the United States.

Admission Requirements

In addition to meeting all of the application requirements for Graduate admission, all students must demonstrate minimum language competency in Spanish or Mandarin prior to starting the Bilingual Authorization program. Bilingual Authorization candidates can meet this language requirement by providing an official transcript showing completion of a Spanish major or minor, passing an approved language examination, transcript showing extensive schooling in a Spanish/Chinese speaking country, or appropriate Peace Corps experience in a Spanish- or Chinese-speaking country.

1. **Attendance at an Information Session (for Credential Candidates Only)**
   Please contact the School of Education Admissions Coordinator to attend an information session. Applicants will receive an information packet that includes:
   - Graduate Application
   - Candidate Information Sheet
   - Three Recommendation Forms
   - Technology Self-Verification Form
   - Fingerprint Clearance Form
   - Program information

2. **Submission of Graduate Application and Application Fee**
   Applicants may either submit the application to the Graduate Division or complete the online application.

3. **Candidate Information Sheet**
   Applicants must submit the Candidate Information Sheet to the Graduate Division.

4. **Statement of Intent**
   Applicants must write a 3- to 5-page essay describing how their experiences, qualities, and goals reflect the School of Education’s conceptual framework: REAL (Respect, Educate, Advocate, Lead). See website for additional information on REAL. The Statement of Intent should be submitted to the Graduate Division with the application and Candidate Information Sheet.

5. **Letters of Recommendation**
   Applicants must submit three letters of recommendation to the Graduate Division. At least one letter must verify the applicant’s experience and familiarity with the elementary school age group. Letters cannot be written by family members or friends.

6. **Grade Point Average (GPA) Requirement**
   A cumulative undergraduate GPA of 3.0 or higher or a GPA of 3.05 or higher in the last 60 units of the applicant’s undergraduate degree or a GPA of 3.0 or higher obtained in 9 units of graduate work. Students who do not meet this requirement may be asked to appeal through the Exceptions process.

7. **Transcripts**
   Applicants must submit, to the Graduate Division, two sets of official transcripts with their bachelor’s degree posted. If applicants are in the process of completing their degree, they must submit official transcripts with their degree posted by the start of registration for the following semester. Candidates must submit two sets of official transcripts from each college/university attended.

8. **Observation/Volunteer Hours Plan of Action**
   Candidates must submit verification of 20 hours of experience working with or observing culturally diverse youths in the age group they plan to teach.

9. **Basic Skills Proficiency Requirements**
   All Single (Secondary) Subject applicants must meet the California Commission on Teacher Credentialing requirements for basic skills. An official passing score on the CBEST examination to demonstrate proficiency in basic skills. A passing score report must be submitted to the School of Education.

10. **Subject Matter Competency Test (CSET) Plan of Action**
    Candidates must demonstrate mastery of the required subject matter by passing the appropriate subject matter exam (CSET). Candidates will provide a Plan of Action, written statement, on when the CSET will be taken. Candidates must provide an original passing score report to the School of Education. Secondary Candidates may provide a letter verifying 100% completion of the subject matter coursework from a 2042 approved program.

11. **Certificate of Clearance (COC):** Official results of the Certificate of Clearance must be received by the Credential Office prior to enrolling in teacher education courses. All fees associated with the fingerprint clearance application are the responsibility of the student.

12. **U.S. Constitution Requirement:** Candidates may satisfy the U.S. Constitution requirement in one of the following ways:
    - Successfully completing a LMU course;
    - Completing an equivalent course at another institution. The course must be approved by the School of Education Admissions Coordinator. Candidates must present a course syllabus and course description.
    - Passing the U.S. Constitution Exam online.

13. **Tuberculin Test:** Candidates must submit an official copy of their tuberculin skin test results, given within one year.

14. **Technology Requirement:** Candidates may satisfy the technology requirement by either completing a self-verification form or verifying the completion of an approved 2042 course through another institution.
Candidates must register for ePortfolio during the first prerequisite course. The fee is assessed during the first semester of enrollment.

15. Interview: The candidate will be asked to schedule a personal interview with the Director/Assistant Director of the academic program to which the candidate is applying. The interview will not be scheduled until all letters of recommendation have been received.

Course Requirements
Candidates following this path will complete all coursework before beginning their culminating experience as student teachers. Candidates must successfully pass all components of the CBEST for formal admission in the 2042 credential. The School of Education will facilitate candidate's placement as student teachers. Placements must be completed in the subject or grade level that is authorized by the credential.

Prerequisite Coursework
Candidates will complete these courses with a grade of "B" (3.0) or better prior to enrolling in student teaching. Candidates following this path will complete all coursework before beginning their culminating experience as student teachers. Prerequisite course must be completed in the subject or grade level that is authorized by the credential.

Student Teaching Requirements

1. Complete the following three courses with a grade of "B" (3.0) or better prior to enrolling in student teaching:

Methods Coursework:
- EDES 5200 Methodology in English Language Development (ELD) and Specially Designed Academic Instruction in English (SDAIE) for Elementary Educators 3 semester hours
- EDES 6200 Elementary School Curriculum and Methods 3 semester hours
- EDES 6202 Teaching Reading for Today's Learners 3 semester hours

Bilingual Authorization—Spanish or Mandarin:

Bilingual Authorization—Spanish
- EDES 5320 Chicano/Latino Cultures: An Interdisciplinary Perspective 3 semester hours
- EDES 5324 Bilingualism and Biliteracy 3 semester hours
- EDES 6320 Methodology for Primary Language Instruction in a Bilingual Setting 3 semester hours

Bilingual Authorization—Mandarin
- EDES 5324 Bilingualism and Biliteracy 3 semester hours
- EDES 5330 Chinese/American/American Chinese Cultures: An Interdisciplinary Perspective 3 semester hours

- EDES 6330 Methodology for Chinese Language Instruction in Bilingual Settings 3 semester hours

2. Teaching Performance Assessments:
Tasks 1 and 2 (0 semester hours, fee required):
- EDCE 5950 Teaching Performance Assessment Task 1, Subject Specific Pedagogy 0 semester hours
- EDCE 5951 Teaching Performance Assessment Task 2, Subject Designing Instruction 0 semester hours

3. Health Education for Educators:
Candidates may satisfy the Health Education requirement in one of the following ways:
- Successful completion of EDES 8000.
- Successful completion of a 2042 approved course through another institution. It is recommended that the candidate obtain approval from the School of Education Credential Office prior to taking class. Official transcripts must be submitted as evidence of course completion.

4. Professional Advising:
Schedule an appointment with the Bilingual/Bicultural Program Director.

5. CSET Score Report:
Original score report verifying 100% successful completion of all sections of the Multiple Subjects CSET.

6. Disposition Rubric:
Candidates are expected to uphold both academic and non-academic standards embraced by the School of Education. Non-academic factors include behaviors, dispositions, and attitudes that educators must positively develop. The Disposition Rubric will be used to assess the professional dispositions of our candidates.

7. The following coursework fulfills the requirement of the Master of Arts Degree:
- EDES 5320 Chicano/Latino Cultures: An Interdisciplinary Perspective 3 semester hours
- EDES 5324 Bilingualism and Biliteracy 3 semester hours
- EDES 6320 Methodology for Primary Language Instruction in a Bilingual Setting 3 semester hours
- EDES 5330 Chinese/American/American Chinese Cultures: An Interdisciplinary Perspective 3 semester hours
- EDES 6330 Methodology for Chinese Language Instruction in Bilingual Settings 3 semester hours

8. Fieldwork Application:
Candidates must complete the fieldwork application and violation affidavit with the Academic Advisor.

9. CSET, LOTE, Test 3:
Bilingual Authorization candidates must pass Test 3 (Spanish or Mandarin language) of the Bilingual Authorization exam prior to enrolling in student teaching. Candidates who are completing or have completed a degree with a Spanish or Chinese major are exempt from this requirement.
Culminating Fieldwork Requirements

1. Student Teaching:
   - EDCE 5976 Elementary Directed Teaching 6 TO 9 semester hours (9 semester hours required)

2. TPA Tasks 3 and 4:
   - EDCE 5952 Teaching Performance Assessment Task 3, Assessing Learning 0 semester hours
   - EDCE 5953 Teaching Performance Assessment Task 4, Culminating Teaching Experience 0 semester hours

3. Complete:
   - EDES 6995 Comprehensive Examination 0 semester hours in Bilingual Elementary Education (fee required)

Exit Interview
The candidate must schedule an exit interview with the Bilingual Education Program Director. The exit interview must be completed prior to submitting an application for a credential and Master of Arts degree.

Reading Instruction Competence Assessment (RICA)
After completing EDES 6202 Teaching Reading for Today’s Learners, candidates are required to take, pass, and submit an original score report for the RICA to the School of Education prior to the completion of their student teaching.

Application for Credential
When all requirements have been completed, candidates must complete an application for a preliminary teaching credential (additional fee required, see SOE website for more information).

Application for Master of Arts Degree
Candidates must complete an application for a Master of Arts degree with the Office of the Registrar the semester prior to the completion of degree requirements.

Program Goals
1. Bilingual Education candidates will study the philosophical, theoretical, legal and legislative foundations of bilingual education.
2. Bilingual Education candidates will plan, implement and assess standards-based language and content instruction in the primary language.
3. Bilingual Education candidates apply research in regards to bilingual and biliteracy development.
4. Bilingual Education candidates will demonstrate knowledge of the traditions, status and communication patterns of the culture of emphasis as experienced in the country or countries of origin and the United States.

Admission Requirements
In addition to meeting all of the application requirements for Graduate admission all students must demonstrate minimum language competency in Spanish or Mandarin prior to starting the Bilingual Authorization program. Bilingual Authorization candidates can meet this language requirement by providing an official transcript showing completion of a Spanish major or minor, passing an approved language examination, transcript showing extensive schooling in a Spanish/Chinese speaking country, or appropriate Peace Corps experience in a Spanish- or Chinese-speaking country.

1. Attendance at an Information Session (for Credential Candidates Only)
   Please contact the School of Education Admissions Coordinator to attend an information session. Applicants will receive an information packet that includes:
   - Graduate Application
   - Candidate Information Sheet
   - Three Recommendation Forms
   - Technology Self-Verification Form
   - Fingerprint Clearance Form
   - Program information

2. Submission of Graduate Application and Application Fee
   Applicants may either submit the application to the Graduate Division or complete the online application.

3. Candidate Information Sheet
   Applicants must submit the Candidate Information Sheet to the Graduate Division.

4. Statement of Intent
   Applicants must write a 3- to 5-page essay describing how their experiences, qualities, and goals reflect the School of Education's conceptual framework: REAL (Respect, Educate, Advocate, Lead). See website for additional information on REAL. The Statement of Intent should be submitted to the Graduate Division with the application and Candidate Information Sheet.

5. Letters of Recommendation
   Applicants must submit three letters of recommendation to the Graduate Division. At least one letter must verify the applicant's experience and familiarity with the elementary school age group. Letters cannot be written by family members or friends.

6. Grade Point Average (GPA) Requirement
   A cumulative undergraduate GPA of 3.0 or higher or a GPA of 3.05 or higher in the last 60 units of the applicant's undergraduate degree or a GPA of 3.0 or higher obtained in 9 units of graduate work. Students who do not meet this requirement may be asked to appeal through the Exceptions process.

7. Transcripts
   Applicants must submit, to the Graduate Division, two sets of official transcripts with their bachelor's degree posted. If
applicants are in the process of completing their degree, they must submit official transcripts with their degree posted by the start of registration for the following semester. Candidates must submit two sets of official transcripts from each college/university attended.

8. **Observation/Volunteer Hours Plan of Action**
Candidates must submit verification of 20 hours of experience working with or observing culturally diverse youths in the age group they plan to teach.

9. **Basic Skills Proficiency Requirements**
All Single (Secondary) Subject applicants must meet the California Commission on Teacher Credentialing requirements for basic skills. An official passing score on the CBEST examination to demonstrate proficiency in basic skills. A passing score report must be submitted to the School of Education.

10. **Subject Matter Competency Test (CSET) Plan of Action**
Candidates must demonstrate mastery of the required subject matter by passing the appropriate subject matter exam (CSET). Candidates will provide a Plan of Action, written statement, on when the CSET will be taken.
Candidates must provide an original passing score report to the School of Education.
Secondary Candidates may provide a letter verifying 100% completion of the subject matter coursework from a 2042 approved program.

11. **Certificate of Clearance (COC):** Official results of the Certificate of Clearance must be received by the Credential Office prior to enrolling in teacher education courses. All fees associated with the fingerprint clearance application are the responsibility of the student.

12. **U.S. Constitution Requirement:** Candidates may satisfy the U.S. Constitution requirement in one of the following ways:
   - Successfully completing a LMU course;
   - Completing an equivalent course at another institution. The course must be approved by the School of Education Admissions Coordinator. Candidates must present a course syllabus and course description.
   - Passing the U.S. Constitution Exam online.

13. **Tuberculin Test:** Candidates must submit an official copy of their tuberculin skin test results, given within one year.

14. **Technology Requirement:** Candidates may satisfy the technology requirement by either completing a self-verification form or verifying the completion of an approved 2042 course through another institution. Candidates must register for ePortfolio during the first prerequisite course. The fee is assessed during the first semester of enrollment.

15. **Interview:** The candidate will be asked to schedule a personal interview with the Director/Assistant Director of the academic program to which the candidate is applying. The interview will not be scheduled until all letters of recommendation have been received.

**Course Requirements**

Candidates following this path will complete all coursework before beginning their culminating experience as student teachers.

Candidates must successfully pass all components of the CBEST for formal admission in the 2042 credential. The School of Education will facilitate candidates’ placement as student teachers. Placements must be completed in the subject or grade level that is authorized by the credential.

**Prerequisite Coursework**
Candidates will complete these courses with a grade of "B" (3.0) or better prior to enrolling in EDCE 5976, TPA 3, and TPA 4:

- EDUR 5000 Cultural Paradigms of Education 3 semester hours
- EDES 5001 Applied Educational Psychology for the Childhood and Adolescent Years 3 semester hours
- EDES 5003 Theories and Policies of Second Language Acquisition 3 semester hours
- EDSS 6001 Teaching Culturally/Linguistically Diverse Students with Exceptional Needs 3 semester hours

**Student Teaching Requirements**

1. Complete the following three courses with a grade of "B" (3.0) or better prior to enrolling in student teaching:

**Methods Coursework:**

- EDES 5250 Methodology in English Language Development (ELD) and Specially Designed Academic Instruction in English (SDAIE) for Secondary Educators 3 semester hours
- EDES 6200 Elementary School Curriculum and Methods 3 semester hours
- EDES 6203 Reading and Content Learning in Middle and Secondary Schools 3 semester hours

**Bilingual Authorization—Spanish or Mandarin:**

**Bilingual Authorization—Spanish**

- EDES 5320 Chicano/Latino Cultures: An Interdisciplinary Perspective 3 semester hours
- EDES 5324 Bilingualism and Biliteracy 3 semester hours
- EDES 6320 Methodology for Primary Language Instruction in a Bilingual Setting 3 semester hours

**Bilingual Authorization—Mandarin**

- EDES 5324 Bilingualism and Biliteracy 3 semester hours
- EDES 5330 Chinese/American/American Chinese Cultures: An Interdisciplinary Perspective 3 semester hours
- EDES 6330 Methodology for Chinese Language Instruction in Bilingual Settings 3 semester hours

2. **Teaching Performance Assessments:**

Tasks 1 and 2 (0 semester hours, fee required):
- EDCE 5950 Teaching Performance Assessment Task 1, Subject Specific Pedagogy 0 semester hours
- EDCE 5951 Teaching Performance Assessment Task 2, Subject Designing Instruction 0 semester hours

3. **Health Education for Educators:**
Candidates may satisfy the Health Education requirement in one of the following ways:

- Successful completion of EDES 8000.
- Successful completion of a 2042 approved course through another institution. It is recommended that the candidate obtain approval from the School of Education Credential Office prior to taking class. Official transcripts must be submitted as evidence of course completion.
4. Professional Advising:
Schedule an appointment with the Bilingual/Bicultural Program Director.

5. CSET Score Report:
Original score report verifying 100% successful completion of all sections of the CSET.

6. Disposition Rubric:
Candidates are expected to uphold both academic and non-academic standards embraced by the School of Education. Non-academic factors include behaviors, dispositions, and attitudes that educators must positively develop. The Disposition Rubric will be used to assess the professional dispositions of our candidates.

7. The following coursework fulfills the requirement of the Master of Arts Degree:
- EDES 5320 Chicano/Latino Cultures: An Interdisciplinary Perspective 3 semester hours
- EDES 5324 Bilingualism and Biliteracy 3 semester hours
- EDES 6320 Methodology for Primary Language Instruction in a Bilingual Setting 3 semester hours or
- EDES 5324 Bilingualism and Biliteracy 3 semester hours
- EDES 5330 Chinese/American/American Culture: An Interdisciplinary Perspective 3 semester hours
- EDES 6330 Methodology for Chinese Language Instruction in Bilingual Settings 3 semester hours

8. Fieldwork Application:
Candidates must complete the fieldwork application and violation affidavit with the Academic Advisor.

9. CSET, LOTE, Test 3:
Bilingual Authorization candidates must pass Test 3 (Spanish or Mandarin) of the Bilingual Authorization exam prior to enrolling in student teaching. Candidates who are completing or have completed a degree with a Spanish or Chinese major are exempt from this requirement.

Culminating Fieldwork Requirements

1. Student Teaching:
   - EDCE 5977 Secondary Directed Teaching 6 TO 9 semester hours (9 semester hours required)

2. TPA Tasks 3 and 4:
   - EDCE 5952 Teaching Performance Assessment Task 3, Assessing Learning 0 semester hours
   - EDCE 5953 Teaching Performance Assessment Task 4, Culminating Teaching Experience 0 semester hours

3. Complete:
   - EDES 6995 Comprehensive Examination 0 semester hours (fee required)

Exit Interview
The candidate must schedule an exit interview with the Bilingual Education Program Director. The exit interview must be completed prior to submitting an application for a credential and Master of Arts degree.

Application for Credential
When all requirements have been completed, candidates must complete an application for a preliminary teaching credential (additional fee required, see SOE website for more information).

Application for Master of Arts Degree
Candidates must complete an application for a Master of Arts degree with the Office of the Registrar the semester prior to the completion of degree requirements.

Catholic Inclusive Education, M.A. (Not admitting at this time)
The Master of Arts in Catholic Inclusive Education is designed to prepare teachers and administrators in Catholic schools to become leaders in supporting students with exceptional emphasis on inclusion within the Catholic school context. Some courses may be transferred depending upon the needs of the student.

Admission Requirements
The following are required for consideration of admission into the Master of Arts in Catholic Inclusive Education program:

1. The Graduate Division application and letter of intent, submitted directly to the Graduate Division Office
2. Special Education Program application form
3. Transcripts: Two sets of official transcripts from all colleges/universities attended. All transcripts should be sent directly to the Graduate Division Office. A Bachelor's degree and a cumulative undergraduate GPA of 2.8; or a 2.85 GPA in the last 60 semester hours of undergraduate coursework taken; or a 3.0 GPA in at least 9 semester hours of graduate level coursework is required.
4. Letter of recommendation from the candidate’s principal or supervisor
5. Interview with the Director/Assistant Director of the Program

Course Requirements

- EDES 6103 Curriculum and Instructional Leadership 3 semester hours
- EDSS 6105 Assessment and Research Methodology 3 semester hours
- EDSS 6101 Psychology and Education of Culturally/Linguistically Diverse Students with Exceptional Students 3 semester hours
- EDSS 6106 Human Development and Learning 3 semester hours
- EDSS 6300 Creating Effective Classrooms 3 semester hours
- EDSS 6304 Policies and Issues in Education for Diverse Learners with Disabilities 3 semester hours
- EDSS 6821 Informal Assessment and Program Development in Catholic Schools 3 semester hours
- EDSS 6822 Creating Successful Inclusion Programs 3 semester hours
- EDSS 6823 Advanced Practicum in Catholic Inclusive Education 3 semester hours
- EDSS 6995 Comprehensive Examination 0 semester hours
- EDUR 6100 Anthropological Analysis of Cultural Diversity 3 semester hours
The following thesis option with approval of the 

Program Director  
- EDLA 6950 Advanced Research Methods 3 semester hours  
- EDLA 6951 Advanced Research Design 1 semester hour  
- EDSS 6956 Master's Thesis II 1 semester hour  
- EDSS 6957 Master's Thesis III 1 semester hour  
- EDSS 6995 Comprehensive Examination 0 semester hours

Educational Studies, M.A.  
Program Director: Candace Poindexter  
Assistant Program Director: Liza Mastrippolito  
Office Location: University Hall 2600

This program provides experiences which are tailored to meet the general teaching and curriculum needs of teachers and other professionals. The teaching credential is not required. The candidate for this degree selects coursework centered on his/her goals and objectives. This program allows a maximum flexibility in selecting a course of study for a Master's degree.

Admission Requirements  
Application to the Master of Arts in the Educational Studies program requires the completion and submission the following:

1. Graduate Division Application: Submitted directly to the Graduate Division Office.
2. Transcripts: Two copies of official transcripts from all colleges/universities attended. These should be sent directly to the Graduate Division Office.
3. GPA Requirement: A minimum cumulative undergraduate GPA of 3.0; or a 3.05 GPA in the last 60 semester units of undergraduate coursework taken; or a 3.0 GPA in at least 9 units of graduate level coursework is required.
4. Statement of Intent
5. Educational Studies Program Application: Available in the School of Education.
6. Two Letters of Recommendation: Forms may be obtained in the School of Education.
7. Interview with the Program Director/Assistant Director: Upon completing the interview, the candidate's application is submitted to the Associate Dean for review and recommendation. Once a recommendation is made, the candidate will receive written correspondence from the School of Education and Graduate Admissions explaining their admission status. Candidates are notified of their admission status approximately two weeks after completing their admission interview with the Academic Program Director/Assistant Director.

Program Goals
1. Candidates will develop an understanding of the interdisciplinary nature of education.
2. Candidates will develop and improve the critical thinking skills needed to apply the knowledge and skills learned throughout the program.
3. Candidates will acquire and develop the knowledge, skills and perspectives to examine and act upon the ethical and social justice dimensions of schooling.
4. Candidates will utilize educational research skills to investigate educational issues and challenges.

Program Requirements

Four Core Courses
- EDUR 6100 Anthropological Analysis of Cultural Diversity 3 semester hours  
- EDES 6103 Curriculum and Instructional Leadership 3 semester hours  
- EDLA 6105 Assessment and Research Methodology 3 semester hours  
- EDSS 6390 Lifespan Development 3 semester hours

Electives:
Student selects six additional 5000/6000 level Education classes with approval of Program Director (depending on student's goals), two of which may be in another discipline. At least 18 semester hours of coursework in the total program must be at the 6000 level.

Comprehensive Assessment
- EDSS 6995 Comprehensive Examination 0 semester hours (fee required)

Reading Instruction, M.A./Reading and Language Arts Specialist Credential (Online option available)

Program Director: Candace Poindexter  
Assistant Program Director: Liza Mastrippolito  
Office Location: University Hall 2600

This Master of Arts program offers an area of specialization in reading instruction. It is a carefully planned sequence of thirty-three semester hours designed to prepare the candidate with professional competencies and skills to more effectively teach and promote literacy skills at the elementary and secondary school levels. This degree is offered as a traditional program or as an online program.

LMU's Online Master of Arts in Reading Instruction program is designed for the working professional, giving you the convenience of studying and learning during hours that work for you. The program can be completed in only 2 years by taking the full course load of two classes in the Fall semester, two classes in the Spring semester and one class in the Summer.

If the candidate currently holds a teaching credential, the same coursework can also be applied toward a Reading and Language Arts Specialist Credential. The Reading Specialist Credential allows credential candidates to work as a Reading Specialist in schools and to act in a leadership role in materials selection, program development, and professional development at the school, district, and county levels.

Admission Requirements
Application to the Reading Instruction Master of Arts degree program is accomplished by completing and submitting the following to the School of Education (unless otherwise noted):

1. Graduate Division Application: Submitted directly to the Graduate Division Office.
2. Transcripts: Two copies of official transcripts from all colleges/universities attended, sent directly to the Graduate Division Office.
3. GPA Requirement: Minimum cumulative undergraduate GPA of 3.0; or a 3.05 GPA in the last 60 semester units of undergraduate coursework taken; or a 3.0 GPA in at least 9 units of graduate level coursework is required.
4. Reading Instruction Program Application: Form may be obtained in the School of Education.
5. Statement of Intent
6. Two Letters of Recommendation: Forms may be obtained in the School of Education or online at http://soe.lmu.edu.
7. **Interview with the Program Director/Assistant Director**: Upon completing the interview, the candidate's application is submitted to the Assistant Dean for review and recommendation. Once a recommendation is made, the candidate will receive written correspondence from the School of Education and Graduate Admissions explaining their admission status. The candidate is notified of their admission status approximately 2 weeks after completing their admission interview with the Academic Program Director/Assistant Director.

Once the above have been completed, the candidate’s file will be submitted to the Assistant Dean for review. The Assistant Dean may accept, defer, or deny admission.

**Program Goals**
- Provide candidates with literacy leadership experiences at the school site or district level.
- Provide candidates with the knowledge and skills to integrate technology into reading/language arts instruction.
- Provide candidates with the skills to communicate information to parents and other professionals in the education community.

**Program Requirements**
- EDLA 6105 Assessment and Research Methodology 3 semester hours
- EDES 6350 Linguistics and Reading 3 semester hours
- EDES 6351 Assessment in Reading Performance 3 semester hours
- EDES 6352 Seminar: The Reading Professional 3 semester hours
- EDES 6353 Technology and Reading 3 semester hours
- EDES 6354 Reading Development and Instruction 3 semester hours
- EDES 6355 Introduction to Reading Difficulties 3 semester hours
- EDES 6356 Diagnosis and Intervention in Reading—Practicum I 3 semester hours
- EDES 6357 Diagnosis and Intervention in Reading—Practicum II 3 semester hours
- EDES 6358 Research and Trends in Reading Education 3 semester hours
- EDES 6359 Field Experience—The Reading Professional 3 semester hours

**Comprehensive Assessment**
- EDES 6995 Comprehensive Examination 0 semester hours (fee required) Literacy

**Special Education, M.A.**
**Academic Program Director:** Nanette S. Fritschmann
**Assistant Director:** Catherine Foote

**Introduction**
The Special Education program prepares candidates from a variety of academic backgrounds to work with students with exceptional needs. Candidates may pursue graduate work in the following areas:
- Master of Arts in Special Education with the Preliminary Education Specialist: Mild/Moderate Disabilities credential (36 semester hours): Traditional Pathway
- Preliminary Education Specialist: Mild/Moderate Disabilities Credential (24 semester hours): Intern Pathway
- Optional Additional Coursework Required for Master of Arts in Special Education
- Certificate in Catholic Inclusive Education (not admitting at this time)
- Master of Arts in Catholic Inclusive Education (not admitting at this time)

**Learning Outcomes**

**Student Learning Outcome 1: Professional Disposition**
The candidate engages collaboratively in all environments, demonstrates intellectual and academic curiosity, and is a reflective practitioner embracing life-long learning.

**Student Learning Outcome 2: Professional Disposition**
The candidate exhibits knowledge of ethical standards and demonstrates professional practices related to the provision of services to individuals with special needs and their families.

**Student Learning Outcome 3: Positive Behavior Support**
The candidate demonstrates the ability to establish and maintain a safe educational environment through the use of positive behavior support plans and the implementation of appropriate behavioral interventions based on functional analysis assessments.

**Student Learning Outcome 4: Assessment**
The candidate demonstrates knowledge of non-biased evidence based principles of assessment through the administration of formal/informal assessments to evaluate the needs and achievements of general and special education students.

**Student Learning Outcome 5: Assessment**
The candidate demonstrates the ability to use formal/informal assessment data to make appropriate academic/behavioral/instructional decisions and for the purpose of making ongoing program improvement.

**Student Learning Outcome 6: Instruction**
Candidates will align appropriate content with CA content standards and Common Core State Standards (CCSS) into lesson design and delivery that clearly delineates evidence-based differentiated instructional practices for students with special needs in inclusive settings.

**Student Learning Outcome 7: Instruction**
The candidate demonstrates the ability to plan and execute engaging and developmentally appropriate culturally and linguistically sensitive instruction that employs higher order thinking skills and a variety of evidence based teaching methods and instructional strategies.

**Master of Arts in Special Education, Combined with an Education Specialist Credential: Mild/Moderate Disabilities Program Elementary or Secondary Emphasis**

**Admission Requirements**

**Provisional Admission Requirements for Master of Arts in Special Education and/or Credential**

1. **Attendance at an Information Session (for credential candidates only):** Contact the Admissions Coordinator at 310.338.7845 or soeinfo@lmu.edu to attend an information session. Applicants will receive an information
packet that includes: Graduate Application; Candidate Information Sheet; two Recommendation Forms; Technology Self-Verification Form; Fingerprint information; program information

2. Submission of Graduate Application and Application Fee: Applicants may either submit the application to the Graduate Division or complete the online application.

3. Candidate Information Sheet: Applicants must submit the Candidate Information Sheet to the Graduate Division.

4. Statement of Intent: Applicants must write a 3- to 5-page essay describing how their experiences, qualities, and goals reflect the School of Education's motto - REAL (Respect, Educate, Advocate, Lead). See website for additional information on REAL at http://soe.lmu.edu. The Statement of Intent should be submitted to the Graduate Division.

5. Letters of Recommendation: Applicants must submit two letters of recommendation to the Graduate Division. At least one letter must verify the applicant's experience and familiarity with the age group appropriate to the candidate's interest.

6. Grade Point Average (GPA) Requirement: A cumulative undergraduate GPA of 3.0 or higher or a GPA of 3.05 or higher in the last 60 semester hours of the applicant's undergraduate degree or a GPA of 3.0 or higher obtained in 9 semester hours of graduate work. Students who do not meet this requirement will be asked to file an appeal through the Exceptions process.

7. Transcripts: Applicants must submit to the Graduate Division two sets of official transcripts with their bachelor's degree posted. If applicants are in the process of completing the degree, they must submit official transcripts with their degree posted by the start of registration for the following semester. Candidates must submit two sets of official transcripts from each college/university attended.

8. Observation/Volunteer Hours Plan of Action: Candidates must complete at least 20 hours of experience working with culturally diverse youths in the required age level for the program (elementary, 5-12 years of age; secondary, 13-19 years of age).

9. Basic Skills Proficiency Requirements: All Multiple (Elementary) Subjects and Single (Secondary) Subject applicants must meet the California Commission on Teacher Credentialing requirements for basic skills by obtaining a passing score on the CBEST examination.

10. Subject Matter Competency Test (CSET) Plan of Action: Candidates must demonstrate mastery of the required subject matter by passing the appropriate subject matter exam (CSET). Candidates will provide a Plan of Action, and CSET Exam registration confirmation, upon notification of acceptance. Candidates must provide an original passing score report to the School of Education.

11. Certificate of Clearance (COC): Information about fingerprint clearance (also known as Live Scan) is included in the Admissions information packet. Official results of the Certificate of Clearance must be received by the Credential Office prior to enrolling in education courses. All fees associated with fingerprint clearance are the responsibility of the student.

12. Tuberculin Test: Candidates must submit an official copy of their tuberculin skin test results, given within one year.

13. Technology Requirement: Candidates may satisfy the technology requirement by either completing a self-verification form or verifying the completion of an approved course through another institution. Candidates must register for LiveText during the first education course. The e-Portfolio fee is assessed during the first semester of enrollment.

14. Interview with the Academic Program Director/Assistant Director: Following the submission of all requirements to the Graduate Division, the candidate will be contacted to schedule an admissions interview with the Program Director or Assistant Director.

15. Admission Status: Following the interview, the candidate's application will be reviewed by the Assistant Dean. Candidates are admitted on either Controlled or Provisional Admission to the appropriate Master of Arts and/or Credential Program.

16. Advisement:
   - Academic Advising: Immediately upon admission, the student must schedule an appointment with the Academic Advisor. The Academic Advisor advises candidates on appropriate course sequence and program information. All candidates are required to meet with the Academic Advisor once a semester.
   - Professional Advising: All candidates are required to meet with the Professional Advisor (Program Director or Assistant Director) once a semester. Candidates will discuss academic course progress, career plans and goals, dispositional issues, and other issues related to the teaching profession.

Formal Admission Requirements for Master of Arts in Special Education and/or Credential

Review by Committee by end of fall semester (credential requirement)

1. U.S. Constitution Requirement: Candidates may satisfy the U.S. Constitution requirement in one of the following ways:
   - Taking one of the following LMU courses: HIST 1300 upon approval or POLS 1200;
   - Completing an equivalent course at another institution. The course must be approved by the School of Education Admissions Coordinator. Candidates must present a course syllabus and course description;
   - Passing the U.S. Constitution Exam online at usconstitutionexam.com

2. CSET: Candidates must submit official passing score report to the Academic Advisor. Students who have not taken the CSET, must submit their CSET registration as proof of their intent to take the CSET.

3. Disposition Form: Signed Candidate Disposition Forms two faculty members in the School of Education with whom the candidate has had courses are required before a candidate is granted Formal Admission.

Benchmark (2.3) Review Committee: After all the steps outlined above have been completed, the candidates’ file will be submitted to the Benchmark (2.3) Review Committee for review. It is the candidates' responsibility to ensure that all items have been completed, including the resolution of any incomplete grades received in any courses. Candidates will be notified of the committee's decision in writing.

Field Experiences

Students in the Education Specialist: Mild/Moderate Credential program choose one of three routes to the credential/Master of Arts Degree.

Note: During the program, if a traditional candidate changes to the intern track as a full-time teacher, the candidate must meet all the
requirements of the intern candidate as state below, including two semesters of fieldwork, beginning when the candidate is issued an intern credential.

Traditional Candidates
Candidates following this path will complete all coursework before beginning their field experiences as student teachers. LMU will facilitate the candidates’ placement as student teachers. All prerequisite requirements apply to the candidate choosing the traditional route.

University Intern Candidates
A candidate following this path is employed full-time at a public school in a district that has a partnership with LMU. The candidate takes courses while teaching full-time. This employment status, along with the required seminars and additional supervision in the classroom provided through LMU, fulfills the field requirements of the credential. Candidates seek out their own employment as Interns unless the candidates are in a cohort program where placement is facilitated through the program (e.g., Teach for America). Interns must be employed to teach at least 60% in the area of the credential, and the contract must state that the teacher is contracted to teach in the area in which the candidate is seeking a credential.

It is necessary that the student complete the program pre-service requirement and hold a University Intern credential in order to be enrolled in the Intern program. University Intern credentials are issued for new placements at the beginning of the fall semester only. Candidates must submit a Verification of Employment form, signed by the School District that holds a partnership agreement with Loyola Marymount University.

Teacher Practitioner Candidates
The teacher practitioner candidate is employed full-time at a non-public school. The candidate takes courses while teaching full-time. This employment status, along with additional supervision in the classroom provided through LMU, fulfills the requirements of the credential. The candidate seeks out his/her own employment as a teacher practitioner. The teacher practitioner must be employed at least 60% in the area of the credential. The teacher practitioner must fulfill all the field requirements listed including the program pre-service requirements.

Culminating Program Requirements

Application for Credential
When all requirements have been completed, candidates must complete an application for a preliminary teaching credential (fee required, see SOE website for more information).

Intern/Practitioner Credential Requirements
Eligibility for the Intern Credential is determined by the following guidelines set by the California Commission on Teacher Credential (CCTC).

Reading Instruction Competence Assessment (RICA)
After the fall semester candidates are required to take, pass and submit an original score report of the RICA to the Special Education program advisor.

Application for Master of Arts Degree (Optional for Interns, Additional Coursework Required)

Candidate must complete an application for a Master of Arts degree with the Office of the Registrar the semester prior to the completion of degree requirements.

Course Sequence

Traditional Candidate Course Requirements
Complete the following courses with a grade of "B" (3.0) or better prior to enrolling in student teaching (EDCE 5978):

- EDSS 6600 Evidence-Based Assessment Practices to Promote Student Learning 3 semester hours
- EDSS 6601 Language and Literacy in Culturally and Linguistically Diverse K-8 Environments 3 semester hours or
- EDSS 6602 Language and Literacy in Culturally and Linguistically Secondary Settings 3 semester hours
- EDSS 6603 Creating and Maintaining Effective Environments in Support of Student Learning 3 semester hours
- EDSS 6604 Elementary Instructional Design/Methods (Math, STEM, Social Studies) 3 semester hours or
- EDSS 6605 Secondary Instructional Design/Methods (Math, STEM, Social Studies) 3 semester hours
- EDSS 6606 Developing Collaborative Partnerships for Inclusive Schooling 3 semester hours
- EDSS 6607 Developing as a Professional Educator 2 semester hours
- EDSS 6608 Research Methods in Special Education 3 semester hours
- EDSS 6609 Advanced Inclusionary Practices for Students with High Incidence Disabilities 3 semester hours
- EDSS 6610 Special Topics in Special Education 3 semester hours
- EDSS 6611 Master's Professional Project 3 semester hours
- EDSS 6612 Master's Thesis 3 semester hours
- EDSE 8000 Health Education 1 semester hour (online)
- EDCE 5978 Directed Teaching with Students with Mild/Moderate Disabilities 6 semester hours

Intern/Practitioners Candidate Course Requirements

Pre-Service Courses:
Once an applicant is accepted to the Special Education Program, there are several "pre-service" content requirements mandated by the CA Commission of Teacher Credentialing (CCTC) that must be successfully completed by all intern candidates prior to the start of the core intern program, which begins in the fall semester. These pre-service requirements will be met by completing online modules through the Kern County Office of Education (KCOE) and will be separate from any tuition monies upon admission and enrollment in fall courses. The modules will be accessible through an agreement with KCOE and were developed in collaboration with the CCTC to fill a need for intern program pre-service content accessibility within the state. The KCOE special education modules are prerequisite, pre-service hours that must be completed prior to starting as an official teacher of record in a special education placement, and must be completed prior to enrolling in fall semester courses.

The following courses must be completed with a grade of "%B" (3.0) or better:
• EDSS 6600 Evidence-Based Assessment Practices to Promote Student Learning 3 semester hours
• EDSS 6601 Language and Literacy in Culturally and Linguistically Diverse K-8 Environments 3 semester hours or
• EDSS 6602 Language and Literacy in Culturally and Linguistically Secondary Settings 3 semester hours
• EDSS 6603 Creating and Maintaining Effective Environments in Support of Student Learning 3 semester hours
• EDSS 6604 Elementary Instructional Design/Methods (Math, STEM, Social Studies) 3 semester hours or
• EDSS 6605 Secondary Instructional Design/Methods (Math, STEM, Social Studies) 3 semester hours
• EDSS 6606 Developing Collaborative Partnerships for Inclusive Schooling 3 semester hours
• EDSS 6607 Developing as a Professional Educator 2 semester hours
• EDES 8000 Health Education 1 semester hour (online)

Optional Additional Coursework Required for the Master's Degree
• EDSS 6608 Research Methods in Special Education 3 semester hours (MA only)
• EDSS 6609 Advanced Inclusionary Practices for Students with High Incidence Disabilities 3 semester hours
• EDSS 6610 Special Topics in Special Education 3 semester hours
• EDSS 6611 Master's Professional Project 3 semester hours
• EDSS 6612 Master's Thesis 3 semester hours (optional)

Admission Requirements
LMU undergraduate students who wish to earn a minor in Elementary Education must do the following in order to apply to the School of Education:

1. Attend an Information Session.
   Contact the Center for Undergraduate Teacher Preparation for information at 310.258.8806.

2. Take the required School of Education prerequisite courses:
   • EDES 401 Applied Educational Psychology for the Childhood and Adolescent Years 3 semester hours
   • EDES 414 Theories and Policies of Second Language Acquisition 3 semester hours
   • EDSS 440 Introduction to the Culturally and Linguistically Diverse Student with Exceptional Needs 3 semester hours
   • EDES 440 Sociocultural Analysis of Education 3 semester hours
   All 4 prerequisite courses must be completed as part of your School of Education program.
   • You can only apply to the School of Education after you have completed 3 of the 4 classes, or during the term in which you will complete your 3rd class.
   • You can begin taking these prerequisite courses in the first semester of your sophomore year.
   • You must maintain a minimum cumulative 2.8 GPA, and maintain a “B” average in your Education courses as you progress through the program.

3. Application
   Submit your complete application packet to:
   School of Education Admissions Coordinator
   University Hall, Suite 2100

   The following forms and materials are required:
   • Minor in Elementary and Secondary Education Application Form
   • CTC Certificate of Clearance (fingerprint clearance, done via LiveScan)
   • Signed Technology Requirement Form
   • Tuberculosis Skin Test results (done within the last 12 months).

   Application deadlines are: June 15 (Fall), November 15 (Spring), March 15 (Summer).

4. Academic Advising
   Once admitted, you are required to meet with Teacher Education Academic Advisor, Mike Cerisimso (Michael.Cerisimso@lmu.edu), to discuss course registration and program requirements.

5. LiveText
   Purchase LiveText. This is required software for all SOE students and should be purchased as soon as you are admitted. For information and detailed help in purchasing and setting up your account, contact livetexthelp@lmu.edu.

Additional Coursework
In addition to the 4 prerequisite courses, the following 2 courses must also be taken:
   • EDES 402 Teaching Reading in Today's Elementary Classrooms 3 semester hours
The following forms and materials are required:

- EDES 434 Elementary Curriculum and Methods 3 semester hours
- Tuberculosis Skin Test results (done within the last 12 months)

Application deadlines are: June 15 (Fall), November 15 (Spring), March 15 (Summer).

4. Academic Advising
Once you are admitted, you are required to meet with Teacher Education Academic Advisor, Mike Cersosimo (Michael.Cersosimo@lmu.edu), to discuss course registration and program requirements.

5. LiveText
Purchase LiveText. This is required software for all SOE students and should be purchased as soon as you are admitted. For information and detailed help in purchasing and setting up your account, contact livetexthelp@lmu.edu.

Additional Coursework
In addition to the 4 prerequisite courses, the following 2 courses must also be taken:

- EDES 403 Reading and Content Learning in Middle and Secondary Schools 3 semester hours
- EDES 426 Methods in English Language Development and Specially Designed Academic Instruction in English for Secondary Educators 3 semester hours
- Or 1 of the following subject-specific methodology courses (in addition to EDES 402 or EDES 425):
  - ART 455 Methods in Teaching Secondary Art 3 semester hours
  - EDES 485 Methods in Teaching Secondary Social Studies 3 semester hours
  - EDES 486 Methods in Teaching Secondary English 3 semester hours
  - EDES 487 Methods in Teaching Secondary Science 3 semester hours

Total: 18 Semester Hours

Secondary Education Minor
Education minors are offered in Elementary Education and Secondary Education. Students may declare a minor in Education so that their Education coursework is acknowledged on their official transcript. Students pursuing a minor must complete 18 semester hours in Education coursework.

In order to maximize enrollment in Education courses within the undergraduate program, students are strongly encouraged to declare the Education minor early in their career. The education minor is not applicable to Liberal Studies majors (Multiple Subject Credential).

Completion of an Education minor does not equal completion of the requirements for a teaching credential. Students may complete the Education minor without completing all of the requirements for a teaching credential.

Admission Requirements
LMU undergraduate students who wish to earn a Minor in Secondary Education must do the following in order to apply to the School of Education:

1. Attend an Information Session
Contact the Center for Undergraduate Teacher Preparation for information at 310.258.8806.

2. Take the required School of Education prerequisite courses:
   - EDES 401 Applied Educational Psychology for the Childhood and Adolescent Years 3 semester hours
   - EDES 414 Theories and Policies of Second Language Acquisition 3 semester hours
   - EDSS 440 Introduction to the Culturally and Linguistically Diverse Student with Exceptional Needs 3 semester hours
   - EDUR 400 Sociocultural Analysis of Education 3 semester hours
   All 4 prerequisite courses must be completed as part of your School of Education program.
   - You can only apply to the School of Education after you have completed 3 of the 4 classes, or during the term in which you will complete your 3rd class
   - You can begin taking these prerequisite courses in the first semester of your sophomore year.
   - You must maintain a minimum cumulative 2.8 GPA, and maintain a "B" average in your Education courses as you progress through the program.

3. Application
Submit your complete application packet to:
   School of Education Admissions Coordinator
   University Hall, Suite 2100

The following forms and materials are required:

- Minor in Elementary and Secondary Education Application Form
- CTC Certificate of Clearance (fingerprint clearance, done via LiveScan)
- Signed Technology Requirement Form

Total: 18 Semester Hours

Special Education Minor

(18 semester hours)

- EDSS 427 Creating Effective Classrooms in Diverse Settings 3 semester hours
- EDSS 436 Creating Collaborative Partnerships 3 semester hours
- EDSS 444 Observation and Participation in General and Special Education Programs 3 semester hours
- EDSS 453 Introduction to the Study of Disability and Special Education 3 semester hours
- EDSS 454 Major Issues and Foundations of Special Education 2 semester hours
- EDSS 455 Development of IEPs for Students with Exceptional Needs 1 semester hour
- EDSS 498 Special Studies 3 semester hours

Specialized Programs in Urban Education

Faculty
Chairperson: Edmundo Edward F. Litton
Professors: Marta Baltodano, Yvette Lapayese, Edmundo Edward F. Litton, Shane P. Martin, Marta Sanchez
Admission Requirements
Each specialized program cohort in Urban Education has special admission requirements in addition to the requirements listed in this section. Additional admission requirements for these specialized program cohorts are communicated to applicants during the admission process.

1. Graduate Application and Fee
2. Statement of Intent: Applicants must write a 3- to 5-page essay describing how their experience and professional goals are compatible with the Mission and Goals of the School of Education at Loyola Marymount University.
4. Grade Point Average Requirement: This requirement is met in one of three ways:
   a. A cumulative undergraduate degree GPA of 3.0 or higher
   b. A GPA of 3.0 or higher in the last 60 units of the applicant's undergraduate degree
   c. A GPA of 3.0 or higher obtained in 9 semester hours of graduate work

Applicants who do not meet the GPA requirement will need to file an appeal through the Exceptions Admission process.

5. Transcripts: Applicants must submit two sets of official transcripts in sealed envelopes with their application. The transcript for the undergraduate degree must show that the undergraduate degree has been conferred. Applicants who have attended more than one college or university must submit transcripts from all colleges or universities attended.

6. Basic Skills Proficiency Requirement: All credential applicants must meet the California Commission on Teacher Credentialing basic skills requirement. An official passing score on one of the following examinations is required to demonstrate proficiency in basic skills:
   a. The California Basic Skills Examination Test (CBEST)
   b. CSET Multiple Subjects plus Writing Section (for multiple subjects only)
7. Subject Matter Competency: All credential applicants must meet the California Commission on Teacher Credentialing subject matter requirement. This requirement can be met in the following ways:
   a. Passing score on the appropriate examination in the California Subject Examination for Teachers (CSET)
   b. Completion of an approved subject matter program (for single subject candidates only).
8. Certificate of Clearance: Candidates must be able to successfully apply for a Certificate of Clearance with the California Commission on Teacher Credentialing prior to teaching full time.
9. Technology Requirement: Candidates must satisfy the technology requirement through self-verification of basic technology skills or by completion of on approved course.
10. Interview: Candidates will be asked to schedule an interview with the appropriate program personnel.
11. Verification of Employment: Applicants must document employment as a full time teacher using the appropriate form provided by the Department.

MAST Teacher Leader (TL) Certificate

Introduction
In the CMAST TL Certificate, TLs learn how to demonstrate effective teaching practices, coach their colleagues, and teach their colleagues in Professional Learning Seminars centered around teaching the CCSS and NGSS through Mathematics Learning by Design (MAST MLD) and Engineering Science Inquiry (ESI) at their respective sites and within their organizations. Throughout each course of the certificate, TLs take on more responsibility in leading their colleagues, through a gradual release of responsibility from CMAST faculty to the TL.

CMAST institutionalizes a combination of university classes, professional development seminars, in-class demonstrations, and virtual learning components to train TLs how to analyze student and teacher data, teach students and adults, share leadership with administrators, design STEM curriculum, and collaborate with faculty and community members to create and sustain the MAST MLD and ESI System.

Eligibility
Teacher leaders who meet the following minimum program criteria are invited to apply:

1. For Secondary teaching: possess an undergraduate degree with at least a 3.0 GPA in a STEM or STEM-related field. For Elementary teaching: possess an undergraduate degree with at least a 3.4 GPA and at least 12 units in math and/or science preferred
2. Possess a minimum of three years classroom teaching experience with demonstrated student achievement
3. Possess current Clear California Multiple Subjects or Secondary Teaching Credential in Mathematics or Science for grades 7-12 or current Clear California Multiple Subject Teaching Credential
4. Must be currently teaching
5. Desire to lead a new generation of effective teachers, commit to utilizing action research to improve practice, and dedicate their energy to uplifting schools that serve children from diverse economic, racial, linguistic, and cultural backgrounds
6. Demonstrate commitment to ongoing professional learning and openness to feedback and critical conversations that transform mathematics or science practices
7. Be a transformative teacher and coach for adult learners: able to establish effective relationships with colleagues, committed to leading courageous conversations with colleagues, able to design and implement effective instruction to increase colleagues’ learning, and model and facilitate data-informed decision-making keeping students at the core.

Course Requirements
- EDUR 5580 Teaching Mathematics and Science in Urban Schools 3 semester hours
- EDUR 5581 Mentorship in Math and Science Education 3 semester hours
- EDUR 5582 Collaboration in Math and Science Education 3 semester hours

Master's Option
After successful completion of the MAST TL Certificate, candidates have the option of applying their 12 semester hours towards a Master's in Urban Education (Curriculum, Teaching, and Learning). 19 semester hours of additional coursework required.

J.D./M.A. Dual Degree: Doctor of Jurisprudence and Master of Arts in Urban Education (with a Teaching Credential) Degrees

Contact Information
Co-Director (School of Education): Edmundo F. Litton
Co-Director (Loyola Law School): Sean Scott

The purpose of the Dual JD/MA Program is to prepare candidates to become educational advocates in various educational settings. The dual degree, will also create opportunities for graduates to advocate for educational equity in non-education settings such as in public policy arenas or courtrooms. Key features of the program will allow candidates to obtain a teaching credential, Master of Arts in Urban Education and a Law degree in 4 1/2 years. The program will also allow a candidate to remain in the classroom beyond the two-year TFA commitment because the JD/MA program is designed for candidates who are working full time. JD/MA Dual Degree graduates can join the workforce in either the education or legal sectors. Moreover, the degree can be used in varied legal disciplines that serve the academic arena.

The goals of the dual degree leading to a Master of Arts in Urban Education and a Doctor of Jurisprudence degree support the goals of the School of Education and Loyola Law School to work collaboratively in a student-centered environment striving to develop professionals who:
- Understand how the law can work in conjunction with other social institutions to challenge structural inequality and promote educational equity.

Admission Requirements
Candidates to the dual degree program must be admitted separately to the School of Education Urban Education program and Loyola Law School. Once admitted to both Schools, a candidate submits an application for the dual degree program. Candidates can submit an application for the dual degree program up to March of the first year of the program or while completing the Year 1 courses in the School of Education for the teaching credential.

Please consult the section for admission to the MA in Urban Education for admission requirements for the School of Education.

Admission requirements for Loyola Law School can be found at http://www.lls.edu/admissions/jdadmissions/.

Program Requirements
Students are expected to maintain a minimum 3.0 GPA throughout their LMU programs as well as meet all SOE and LLS policy guidelines for successful progress and completion of their program and degree. LMU/TFA Partnership students take their coursework over a period of two years. Exceptions to the recommended sequence must be approved by the Program Directors, Department Chairs, and Credential Director.

Sample Course Requirements

Year 1: School of Education (Credential Classes, total of 17 semester hours)

Summer (4 semester hours)
- EDUR 5010 Theories of Teaching, Learning, and Assessment 2 semester hours
- EDSS 5002 Survey of Second Language Acquisition Theories 2 semester hours

Fall Semester (6 semester hours)
- EDUR 5014 Multiple Subjects in Curriculum and Instruction 3 semester hours or
- EDES 525X Content Area Methodology 3 semester hours
- EDUR 6998 Special Studies 1 TO 3 semester hours taken as Literacy 2 semester hours
- EDCE 5970 Fieldwork 1 1 semester hour

Spring Semester (7 semester hours)
- EDUR 5012 Culture and Language Learning in Urban Education 3 semester hours
- EDUR 5016 Teaching Students with Special Needs in Urban Education 3 semester hours
- EDCE 5971 Fieldwork 2 1 semester hour

Year 2: Law School (Total of 19 units)

Summer (0 units)

Fall Semester (10 units)
- 1L01 Property 5 units
- 1K01 Torts 5 units
Spring Semester (9 units)
- 1B01 Contracts 5 units
- 1J02 Legal Research and Writing 4 units

Year 3: Law School and School of Education (Total of 28 units/semester hours)

Summer (6 units/semester hours)
- EDLA 6427 Advocacy from a Legal Perspective 3 semester hours
- 4C11 Principles of Social Justice 3 units

Fall Semester (11 units)
- 1J01 Civil Procedure 5 units
- 2C03 Constitutional Law 4 units
- 4I63 Intelligence, Testing, and the Law 2 units

Spring Semester (11 units)
- 4J16 Remedies 4 units
- 1D01 Criminal Law 4 units
- 4I09 Race, Gender, and the Law 3 units

Year 4: Law School and School of Education (Total of 25 units/semester hours)

Summer (6 units/semester hours)
- EDUR 5018 Research in Urban Education 3 semester hours
- 4B02 Law of Sales: Domestic and International 3 units

Fall Semester (11 units)
- 2J04 Ethical Lawyering 3 units
- 2J03 Evidence 4 units
- 4D07 Criminal Procedure 4 units

Spring Semester (11 units)
- 4H12 Law and Literature 4 units
- 4I25 Family Law 2 units
- 4I53 Special Education and Disability Rights Law 2 units
- 4I24 Employment Law 3 units

Year 5: Law School and School of Education (Total of 12 units/semester hours)

Summer (1 semester hour)
- EDUR 5020 Research Project in Urban Education 1 semester hour

Fall Semester (11 units)
- 4L07 Trusts and Wills 4 units
- 4A03 Business Associations 4 units
- 4I65 Law and Sexuality 3 units

Note: In the joint program, the MA in Urban Education is modified so that 6 units of coursework come from Loyola Law School. In the traditional MA in Urban Education, in addition to the Education courses listed above, the candidates would have also completed:
- EDLA 6428 Business of Education
- EDLA 6429 Specializing in Charter Schools

The following classes in the Loyola Law program will be used to substitute for the two Education classes listed above. The law classes were selected because they meet the learning outcomes of the MA in Urban Education:
- 4I09 Race, Gender, and the Law
- 4I53 Special Education and Disability Rights Law
- 4I24 Employment Law

Urban Education, M.A.
All LMU|TFA Partnership students in Multiple Subjects or Single Subject teaching assignments (General Education) that are successfully progressing in their teaching credential program requirements are eligible to apply for admission into the Master of Arts in Urban Education degree program. Both the traditional and Early Completion Option program pathways are designed to help meet the program requirements for the Master of Arts in Urban Education degree so that LMU|TFA Partnership students can complete their two-year teaching commitment with TFA and graduate with a credential and Master of Arts degree from LMU. Coursework taken in the teaching credential program, with the exception of Fieldwork and TPAs, can be transferred to the Master of Arts degree program. Candidates may transfer up to 15 semester hours of coursework from their first year and complete the remaining units (a minimum of 16, depending on their program pathway) in their second year. During their MA program coursework, students work alongside a faculty advisor to complete a comprehensive research project of their own design. This culminating research project offers students an opportunity to develop research skills in addition to addressing an issue of interest in urban education. Students must select one of the four concentrations offered under this degree and complete four courses in their concentration. All students must take the required research methods course in which they begin their project and a culminating 1-semester-hour course in which they finalize it. In addition, students are expected to fully participate in the Urban Education Symposium held in the spring semester. Attendance at the Symposium is required.

Admission Requirements
Admission into the Master of Arts in Urban Education degree program is contingent on admission into the LMU|TFA Partnership program and successful progression in the teacher credential program coursework. Students must also complete an internal admission application.

Required Coursework
All students in this degree program must take the following course in order to begin their culminating research project:
- EDUR 5018 Research in Urban Education 3 semester hours

Students must also take the following course in order to complete their research project:
- EDUR 5020 Research Project in Urban Education 1 semester hour

Note: In addition to these courses, students must select a concentration and take the four courses (3 semester hours each) listed under each concentration. Students completing the Early Completion Option program pathway must take an additional elective course (3
semester hours), to be selected under advisement and approval from the Program Director. Exceptions to the recommended sequence must be approved by the Program Director and Department Chair.

Master of Arts in Urban Education Concentrations

Digital Learning:
This concentration explores the role of technology in teaching and learning in urban schools. It is designed for candidates who would like to explore the role of technology in teaching and learning. Candidates develop skills to integrate technology into teaching, question the role of technology in promoting equity in society, and learn how to use technology to work with students with special needs.

In addition to EDUR 5018 and EDUR 6995 or EDUR 5020, candidates in this concentration take the following courses:
- EDUR 6324 Technology in Multilingual Settings 3 semester hours
- EDUR 6327 Learning and Teaching with Technology 3 semester hours
- EDUR 6328 Survey of Digital Technologies for Urban Education 3 semester hours

Educational Policy and Administration
Candidates in this concentration learn about administrative practices that promote effective teaching and learning in urban education. Candidates also study federal and state policies in education. Candidates who wish to become leaders in Catholic schools can be offered in discussion with the Program Director. This concentration is offered in collaboration with the Administration Program in the Department of Educational Leadership and has developed in response to Teach for America’s request and data, which shows that many TFA alumni become administrators in charter schools. The courses in this concentration also allow candidates to have a deeper understanding of American education and this knowledge can help candidates become advocates for social justice even if they are working in non-education fields.

In addition to EDUR 5018 and EDUR 6995 or EDUR 5020, candidates in this concentration take the following courses:
- EDUR 6102 The Context of Schooling 3 semester hours
- EDLA 6427 Advocacy from a Legal Perspective 3 semester hours
- EDLA 6428 Business of Education 3 semester hours
- EDLA 6429 Specializing in Charter Schools 3 semester hours or
- EDLA 6840 Spirituality and Leadership in Catholic School Teaching 3 semester hours

Language and Culture
The Language and Culture concentration is offered in collaboration with the Bilingual/Bicultural Programs within the Department of Elementary and Secondary Education. Candidates in this concentration have the option of studying for a bilingual authorization (in Spanish or Mandarin) for their Preliminary credential.

In addition to EDUR 5018 and EDUR 6995 or EDUR 5020, candidates in this concentration take the following courses:
- EDES 5324 Bilingualism and Biliteracy 3 semester hours
- EDUR 6100 Anthropological Analysis of Cultural Diversity 3 semester hours or
- EDES 6350 Linguistics and Reading 3 semester hours

Plus two of the following, according to their language specialization:

Spanish Specialization
- EDES 5320 Chicano/Latino Cultures: An Interdisciplinary Perspective 3 semester hours
- EDES 6320 Methodology for Primary Language Instruction in a Bilingual Setting 3 semester hours

Mandarin Specialization
- EDES 5330 Chinese/American/American Chinese Cultures: An Interdisciplinary Perspective 3 semester hours
- EDES 6330 Methodology for Chinese Language Instruction in a Bilingual Setting 3 semester hours

Literacy:
The Literacy concentration is designed for candidates interested in studying literacy practices effective in urban settings. This concentration is offered in collaboration with the Literacy Program in the Department of Elementary and Secondary Education.

In addition to EDUR 5018 and EDUR 6995 or EDUR 5020, candidates in this concentration take the following courses:
- EDES 6350 Linguistics and Reading 3 semester hours
- EDES 6355 Introduction to Reading Difficulties 3 semester hours
- EDES 6356 Diagnosis and Intervention in Reading—Practicum 1 3 semester hours
- EDES 6103 Curriculum and Instructional Leadership 3 semester hours

Other Programs

CMAST Teacher Leader (TL) Certificate

Introduction
In the CMAST TL Certificate, TLs learn how to demonstrate effective teaching practices, coach their colleagues, and teach their colleagues in Professional Learning Seminars centered around teaching the CCSS through MAST at their respective sites and within their organizations. Throughout each course of the certificate, TLs take on more responsibility in leading their colleagues, through a gradual release of responsibility from CMAST faculty to the TL.

CMAST institutionalizes a combination of university classes, professional development seminars, in-class demonstrations, and virtual learning components to train TLs how to analyze student and teacher data, teach students and adults, share leadership with administrators, design STEM curriculum, and collaborate with faculty and community members to create and sustain the MAST System.

Eligibility
Teacher leaders who meet the following minimum program criteria are invited to apply:

- EDES 5324 Bilingualism and Biliteracy 3 semester hours
- EDUR 6100 Anthropological Analysis of Cultural Diversity 3 semester hours or
- EDES 6350 Linguistics and Reading 3 semester hours

Plus two of the following, according to their language specialization:

Spanish Specialization
- EDES 5320 Chicano/Latino Cultures: An Interdisciplinary Perspective 3 semester hours
- EDES 6320 Methodology for Primary Language Instruction in a Bilingual Setting 3 semester hours

Mandarin Specialization
- EDES 5330 Chinese/American/American Chinese Cultures: An Interdisciplinary Perspective 3 semester hours
- EDES 6330 Methodology for Chinese Language Instruction in a Bilingual Setting 3 semester hours

Literacy:
The Literacy concentration is designed for candidates interested in studying literacy practices effective in urban settings. This concentration is offered in collaboration with the Literacy Program in the Department of Elementary and Secondary Education.

In addition to EDUR 5018 and EDUR 6995 or EDUR 5020, candidates in this concentration take the following courses:
- EDES 6350 Linguistics and Reading 3 semester hours
- EDES 6355 Introduction to Reading Difficulties 3 semester hours
- EDES 6356 Diagnosis and Intervention in Reading—Practicum 1 3 semester hours
- EDES 6103 Curriculum and Instructional Leadership 3 semester hours

CMAST Teacher Leader (TL) Certificate

Introduction
In the CMAST TL Certificate, TLs learn how to demonstrate effective teaching practices, coach their colleagues, and teach their colleagues in Professional Learning Seminars centered around teaching the CCSS through MAST at their respective sites and within their organizations. Throughout each course of the certificate, TLs take on more responsibility in leading their colleagues, through a gradual release of responsibility from CMAST faculty to the TL.

CMAST institutionalizes a combination of university classes, professional development seminars, in-class demonstrations, and virtual learning components to train TLs how to analyze student and teacher data, teach students and adults, share leadership with administrators, design STEM curriculum, and collaborate with faculty and community members to create and sustain the MAST System.

Eligibility
Teacher leaders who meet the following minimum program criteria are invited to apply:
1. For Secondary teaching: possess an undergraduate degree with at least a 3.0 GPA in a STEM or STEM-related field. For Elementary teaching: possess an undergraduate degree with at least a 3.4 GPA and at least 12 units in math and/or science preferred
2. Possess a minimum of three years classroom teaching experience with demonstrated student achievement
3. Possess current Clear California Multiple Subjects or Secondary Teaching Credential in Mathematics or Science for grades 7-12 or current Clear California Multiple Subject Teaching Credential
4. Must be currently teaching
5. Desire to lead a new generation of effective teachers, commit to utilizing action research to improve practice, and dedicate their energy to uplifting schools that serve children from diverse economic, racial, linguistic, and cultural backgrounds
6. Demonstrate commitment to ongoing professional learning and openness to feedback and critical conversations that transform mathematics or science practices
7. Be a transformative teacher and coach for adult learners: able to establish effective relationships with colleagues, committed to leading courageous conversations with colleagues, able to design and implement effective instruction to increase colleagues’ learning, and model and facilitate data-informed decision-making keeping students at the core

**Course Requirements**

- EDUR 5580 Teaching Mathematics and Science in Urban Schools 3 semester hours
- EDUR 5581 Mentorship in Math and Science Education 3 semester hours
- EDUR 5582 Collaboration in Math and Science Education 3 semester hours
- EDUR 5583 Mentorship in Math and Science Education

**Master's Option**

After successful completion of the MAST TL Certificate, candidates have the option of applying their 12 semester hours towards a Master's in Urban Education (Curriculum, Teaching, and Learning). 19 semester hours of additional coursework required.

**CMAST—Center for Math and Science Teaching**

**Contact Information**

**Director:** Phillip Molebash  
**Location:** University Hall 2600

**Introduction**

CMAST is dedicated to strengthening science, technology, engineering, mathematics (STEM) and STEM-related fields by transforming the teaching and learning of mathematics and science.

Loyola Marymount University's Center for Math and Science Teaching (CMAST) provides a national model for middle schools, high schools, and universities to transform math and science education using measurable, data-driven results connected to student engagement and achievement. CMAST is currently implementing the Los Angeles Math and Science Residency (LAMS), a teacher residency program focused on training math and science teachers in urban schools. CMAST also partners with organizations and districts across the spectrum of public, charter, and Catholic schools.

CMAST’s goals are:

- Creating a professional learning community comprised of faculty, teachers, administrators, parents, students, and community members dedicated to increasing student engagement and achievement in mathematics and science
- Finding and sharing solutions that increase the number of students who pursue science, technology, engineering, mathematics, and science and mathematics teaching as careers
- Building teacher retention by providing opportunities for shared leadership between transformational teacher leaders, administrators, and parents
- Designing, strengthening, and sharing best practices in teaching and learning to improve teacher quality and college-readiness

**Intern/Practitioner Program**

**Contact Information**

**Director:** Edmundo Edward F. Litton  
**Telephone:** 310.338.1768 (Public School Teachers) or 310.338.5719 (Private/Catholic School Teachers)  
**Location:** University Hall 1300 (Public School Teachers) or University Hall 1760 (Private/Catholic School Teachers)

**Master of Arts (with a Preliminary 2042 Multiple Subjects Credential)**

The combined Multiple Subject Preliminary Credential and Master of Arts in Elementary Education program is designed for graduate students who are currently contracted to teach in grades K-5 or any self-contained classroom in grades 6-8 in either public or private schools. A student successfully completing the program is eligible to receive a Master of Arts in Elementary Education as well as be able to apply for a California Preliminary Multiple Subject Credential. Application and admissions procedures vary based on the selected cohort program.

**Intern Credential Requirements**

Eligibility for the Intern Credential is determined by the following guidelines set forth by the California Commission on Teacher Credentialing (CCTC):

1. Original approved Basic Skills Proficiency examination score report with passing score
2. Original CSET score report with passing score
3. Verification the U.S. Constitution requirement has been met
4. Undergraduate degree posted on official transcripts
5. Verification of employment
6. Two-year academic program
7. Certificate of Clearance (fingerprint application and fee)
8. Application for credential and fee

Once candidates have satisfied the above guidelines, an application for the intern credential is available through the Program Director or Department Chair. Please schedule an appointment with the Program Director of Department Chair. The California Commission on Teacher Credentialing (CCTC) is responsible for the awarding of the University Intern Credential.

**Intern Candidate:** A candidate following this path is employed full-time at a public school in a district that has a partnership with LMU.
The candidate takes courses while teaching full-time. This employment status, along with additional supervision in the classroom provided through LMU, fulfills the field requirements of the credential. Candidates seek out their own employment as Interns unless the candidates are in a cohort program where placement is facilitated through the program (e.g., Teach for America). The Intern must be employed to teach at least 60% in the area of the credential, and the contract must state that the teacher is contracted to teach in the subject/grade in which the candidate is seeking a credential. It is necessary that the student hold a University Intern credential in order to be enrolled in the Intern program.

Teacher Practitioner Candidate: Teacher practitioner candidates are employed full-time at a private or Catholic school. The candidates take courses while teaching full-time. This employment status, along with additional supervision in the classroom provided through LMU, fulfills the requirements of the credential. There is an additional requirement of 60 observation hours in a public school setting required to meet the credential requirements (see Program Director for details). Candidates seek out their own employment as a Teacher Practitioner unless the candidate is part of a cohort program (e.g., Partners in Los Angeles Catholic Education—PLACE; Los Angeles) where placement is facilitated through the cohort program. The teacher practitioner must be employed to teach at least 60% in the subject/grade of the credential.

Provisional Admission Requirements
All requirements must be met to be eligible for an admissions interview. All application requirements must be met.
1. Verification of Employment: Candidates must submit a signed Verification of Employment form. The candidate must be employed by a School District that holds a partnership agreement with Loyola Marymount University.
2. CSET: Must submit official passing score report to the Academic Advisor (Intern Candidates only)
3. Interview with the Program Director: Upon submission of all application requirements, applicant will be contacted for an interview.

Formal Admission Requirements
1. Program Advising: All candidates must meet with the Program Director to complete a course sequence and receive program information.
2. Prerequisite Courses: Candidates must complete the following courses with a grade of "B" (3.0) or better:
   - EDCE 5970 Fieldwork 1 1 semester hour
   - EDSS 5002 Survey of Second Language Acquisition Theories 2 semester hours
   - EDCE 5971 Fieldwork 2 1 semester hour
   - EDES 6200 Elementary School Curriculum and Methods 3 semester hours
   - EDUR 6960 Introduction to Teaching and Learning 3 semester hours

   Candidates must complete two of the following two courses with a grade of "B" (3.0) or better:
   - EDUR 5000 Cultural Paradigms of Education 3 semester hours
   - EDES 5001 Applied Educational Psychology for the Childhood and Adolescent Years 3 semester hours
   - EDES 5003 Theories and Policies of Second Language Acquisition 3 semester hours
   - EDSS 6001 Teaching Culturally/Linguistically Diverse Students with Exceptional Needs 3 semester hours

3. Disposition Rubric Score: Candidate chooses a professor of one of the four pre-requisite courses to complete the Disposition Rubric and submits the score to the Academic Advisor.
4. Professional Advising: Candidate schedules an appointment with the Academic Program Director/Assistant Director.

Teacher Admission and Advisory Committee (TAAC) Review
After the requirements for provisional and formal admission have been completed, the candidate's file will be submitted to TAAC for review. It is the candidate's responsibility to ensure that all items have been completed, including the resolution of any incomplete grades received in the prerequisite courses. Candidates will be notified of the committee's decision in writing.

Note: All documents become property of the University and will not be released to any person or institute unless required by law.

Program Requirements
1. Candidates will need to complete the following prior to enrolling in EDUR 6961, TPA 3, and TPA 4:
   Complete the remaining courses below with a grade of "B" (3.0) or better:
   - EDUR 5000 Cultural Paradigms of Education 3 semester hours
   - EDES 5001 Applied Educational Psychology for the Childhood and Adolescent Years 3 semester hours
   - EDES 5003 Theories and Policies of Second Language Acquisition 3 semester hours
   - EDSS 6001 Teaching Culturally/Linguistically Diverse Students with Exceptional Needs 3 semester hours

   Complete both of the following courses with a grade of "B" (3.0) or better:
   - EDES 5200 Methodology in English Language Development (ELD) and Specially Designed Academic Instruction in English (SDAIE) for Elementary Educators 3 semester hours
   - EDES 6201 Foundations of Elementary Literacy Instruction 3 semester hours

2. Teaching Performance Assessments: Tasks 1 and 2 (two zero-semester-hour courses with associated fees):
   - EDCE 5950 Teaching Performance Assessment Task 1, Subject Specific Pedagogy 0 semester hours
   - EDCE 5951 Teaching Performance Assessment Task 2, Subject Designing Instruction 0 semester hours

3. Health Education for Educators: Candidates may satisfy the Health Education requirement in one of the following ways:
   - Successful completion of EDES 8000
   - Successful completion of a 2042 approved course through another institution. It is recommended that the candidate obtain approval from the School of Education Credential Office prior to taking class. Official transcripts must be submitted as evidence of course completion.

4. Professional Advising: Schedule an appointment with the Program Director.
5. CSET Score Report: Original score report verifying 100% successful completion of all elements of the CSET.
6. Disposition Rubric Score: The professor for EDES 6201 will submit a score to the Program Director.
7. **Fieldwork Application**: Candidates must complete the fieldwork application and violation affidavit with the Academic Advisor. They must then schedule an interview with the Coordinator of Clinical Education.

8. **Verification of Employment**: Candidates must submit a signed verification of employment form prior to enrollment into EDUR 6961.

9. **Teacher Advisory Review Committee (TARC)**: After all the steps outlined above have been completed, the candidate's file will be submitted to the Teacher Advisory Review Committee (TARC) for review. It is the candidate's responsibility to ensure that all items have been completed, including the resolution of any Incomplete grades received in any courses. Candidates will be notified of the committee's decision in writing.

**Culminating Fieldwork Requirements**

1. EDUR 6961 Fieldwork Supervision: Portfolio and Assessment of Teaching 3 semester hours
2. TPA Tasks 3 and 4: Two zero-semester-hour courses with associated fees:
   - EDCE 5952 Teaching Performance Assessment Task 3, Assessing Learning 0 semester hours
   - EDCE 5953 Teaching Performance Assessment Task 4, Culuminating Teaching Experience 0 semester hours

**Additional Coursework Required for the Master of Arts Degree**

**OPTION 1: Elementary Education**
Choose one of the following courses and complete with a 3.0 or better:

- EDUR 6100 Anthropological Analysis of Cultural Diversity 3 semester hours
- EDES 6103 Curriculum and Instructional Leadership 3 semester hours
- EDLA 6105 Assessment and Research Methodology 3 semester hours
- EDSS 6106 Human Development and Learning 3 semester hours

Complete EDUR 6995 Comprehensive Examination in Elementary Education: Fee required.

**OPTION 2: Literacy and Language Arts**
The Master of Arts in Literacy and Language Arts combined with the 2042 Preliminary Multiple Subjects or Single Subject Teaching Credential offers the opportunity for a graduate student to receive both a preliminary teaching credential and a Master of Arts degree. Candidates who initially applied for admission to the credential program only must add the Master of Arts degree prior to the pre-fieldwork assessment.

**Program Requirements**

1. All 2042 Preliminary Multiple Subjects Teaching Credential courses
2. Additional Required Coursework
   - EDES 6355 Introduction to Reading Difficulties 3 semester hours
   - EDES 6356 Diagnosis and Intervention in Reading--Practicum 1 semester hours
3. Comprehensive Assessment: Candidates meet with the program director to discuss their timeline and enrollment in either the comprehensive exam or the thesis project series.
   - EDES 6995 Comprehensive Examination 0 semester hours (fee required) Literacy or
   - Thesis Option (See program director for detailed course sequence)

**Exit Interview**
The candidate must schedule an exit interview with the Academic Program Director. The exit interview must be completed prior to submitting an application for a credential and Master of Arts degree.

**Application for Credential**
When all requirements have been completed, candidates must complete an application for a preliminary teaching credential (additional fee required, see SOE website for more information).

**Reading Instruction Competence Assessment (RICA)**
After completing EDES 6201 Foundations of Elementary Literacy Instruction, candidates are required to take, pass, and submit an original score report of the RICA to the School of Education prior to the completion of their student teaching.

**Application for Master of Arts Degree**
When all requirements have been completed, candidates must complete an application for a Master's degree with the Office of the Registrar.

**Clear 2042 Multiple Subjects Credential**
Candidates have five years after obtaining their preliminary credential in which to complete the requirements for a professional clear credential. LMU offers an approved Professional 2042 Clear Credential Program for those teachers who do not have access to an induction program at their school site. See Professional 2042 Clear Teaching Credential in the Department of Elementary and Secondary Education in this Bulletin for more information.

**Master of Arts (without Credential)**
This program is designed for practitioners who do not successfully pass the CSET prior to EDUR 6961 Fieldwork Supervision: Portfolio and Assessment of Teaching. Instead, candidates must complete all of the requirements detailed above for Provisional Admission, Formal Admission and Student Teaching requirements. Culminating Fieldwork Experience and Additional Coursework Required for the Master of Arts Degree are replaced with the following:

**OPTION 1: Elementary Education**

1. Choose two of the following courses and complete with a B (3.0) or better:
   - EDUR 6100 Anthropological Analysis of Cultural Diversity 3 semester hours
   - EDES 6103 Curriculum and Instructional Leadership 3 semester hours
   - EDLA 6105 Assessment and Research Methodology 3 semester hours
   - EDSS 6106 Human Development and Learning 3 semester hours

Students in specialized cohort programs may take an Education elective selected by the Program Director or Department Chair.

2. Complete EDES 6995 Comprehensive Examination 0 semester hours in Elementary Education: Fee required
OPTION 2: Literacy and Language Arts

Program Requirements
1. All 2042 Preliminary Single Subject Teaching Credential courses
2. Additional Required Coursework
   - EDES 6355 Introduction to Reading Difficulties 3 semester hours
   - EDES 6356 Diagnosis and Intervention in Reading—Practicum I 3 semester hours
3. Comprehensive Assessment: Candidates meet with the program director to discuss their timeline and enrollment in either the comprehensive exam or the thesis project series.
   - EDES 6995 Comprehensive Examination 0 semester hours (fee required) Literacy or
   - Thesis Option (See Program Director for detailed course sequence).

If the candidate successfully passes all sections of the CSET within 5 years, the candidate can complete the credential by completing an exit interview with the Program Director and submitting an application for a credential.

Exit Interview
The candidate must schedule an exit interview with the Program Director/Assistant Director. The exit interview must be completed prior to submitting an application for a credential and Master of Arts degree.

Application for Credential
When all requirements have been completed, candidates must complete an application for a preliminary teaching credential (additional fee required, see SOE website for more information).

Application for Master of Art Degree
Candidates must complete an application for a Master of Arts degree with the Office of the Registrar the semester prior to the completion of degree requirements.

Master of Arts (with a Preliminary 2042 Single Subject Credential)
The combined Single Subject Preliminary Credential and Master of Arts in Secondary Education program is designed for graduate students who are seeking teaching positions in grades 9-12, or in 6-8 school settings that require teachers to teach in departments (Traditional Secondary Candidate) or students who are currently contracted to teach in grades 9-12, or in 6-8 school settings that require teachers to teach in departments (Intern/Practitioner Secondary Candidate). A student successfully completing this program will be eligible to receive a Master of Arts in Secondary Education as well as be able to apply for a California Preliminary Single Subject Credential.

The following Single Subject Preliminary credentials are offered through the School of Education:
- Art
- Biology
- Chemistry
- Earth Science
- English
- Mathematics
- Social Science
- Spanish

Intern/Practitioner Candidates
Intern Candidate: A candidate following this path is employed full-time at a public school in a district that has a partnership with LMU. The candidate takes courses while teaching full-time. This employment status, along with additional coaching in the classroom provided through LMU, fulfills the field requirements of the credential. Candidates seek out their own employment as interns unless the candidates are in a cohort program where placement is facilitated through the program (e.g., Teach for America). The intern must be employed to teach at least 60% in the area of the credential, and the contract must state that the teacher is contracted to teach in the subject/grade in which the candidate is seeking a credential.

It is necessary that the student hold a University intern credential in order to be enrolled in the intern program.

University Intern Credential Requirements
Eligibility for the University Intern Credential is determined by the following guidelines set forth by the California Commission on Teacher Credentialing (CCTC):
1. Original CBEST score report with passing score
2. Original CSET score report with passing score
3. Verification the U.S. Constitution requirement has been met
4. Undergraduate degree posted on official transcripts
5. Verification of employment
6. Two-year academic program completion plan
7. Certificate of Clearance (fingerprint application and fee)
8. Application for credential and fee

Once candidates have satisfied the above guidelines, an application for the intern credential is available through the Program Director or Department Chair. The California Commission on Teacher Credentialing (CCTC) is responsible for the awarding of the University Intern Credential.

Teacher Practitioner Candidates: Teacher practitioner candidates are employed full-time at a private or Catholic school. The candidates take courses while teaching full-time. This employment status, along with additional supervision in the classroom provided through LMU, fulfills the requirements of the credential. There is an additional requirement of 60 observation hours in a public school setting required to meet the credential requirements (see Academic Program Advisor for details). Candidates seek out their own employment as a Teacher Practitioner unless the candidate is enrolled in a cohort program (e.g., PLACE) where placement is facilitated through the cohort program. The teacher practitioner must be employed to teach at least 60% in the subject/grade of the credential.

Provisional Admission Requirements
1. Verification of Employment: Candidates must submit a signed Verification of Employment form. The candidate must be employed by a School District that holds a partnership agreement with Loyola Marymount University.
2. Subject Matter Competency (for Intern Candidates only): Candidates must demonstrate mastery of the required subject matter by either passing the appropriate California Subject Exam Test (CSET) OR by completing a 2042 approved subject matter program. Either option needs to be completed and verified prior to enrollment in EDUR 6961 Fieldwork Supervision: Portfolio and Assessment of Teaching and TPA 3 and TPA 4.
   - CSET Option: Candidates will provide a written statement documenting when the CSET will be taken. Candidates must provide an original passing
score report to the School of Education prior to enrollment in EDUR 6961 Fieldwork Supervision: Portfolio and Assessment of Teaching and TPA 3 and TPA 4.

- 2042 Approved Subject Matter Program: Candidates must complete a 2042 approved Subject Matter Program. Candidates must provide a written statement on when the subject matter coursework will be completed. Candidates will provide a letter verifying 100% completion of the subject matter requirement prior to enrollment in EDUR 6961 Fieldwork Supervision: Portfolio and Assessment of Teaching and TPA 3 and TPA 4.

3. Interview with the Elementary/Secondary Academic Program Director/Assistant Director: Upon submission of all application requirements, applicant will be contacted for an interview.

4. Advisement: Immediately upon being provisionally admitted, the student must schedule an appointment with the Program Director or Department Chair.

Formal Admission Requirements

1. Academic Advising: All candidates must meet with the Program Director to complete a course sequence.

2. Prerequisite Courses: Candidates must complete the following courses with a grade of "B" (3.0) or better:
   - EDSS 5002 Survey of Second Language Acquisition Theories 3 semester hours
   - EDCE 5970 Fieldwork 1 3 semester hours
   - EDCE 5971 Fieldwork 2 3 semester hours
   - EDUR 6980 Introduction to Teaching and Learning 3 semester hours

   Candidates must complete two of the following four courses with a grade of "B" (3.0) or better:
   - EDUR 5000 Cultural Paradigms of Education 3 semester hours
   - EDES 5001 Applied Educational Psychology for the Childhood and Adolescent Years 3 semester hours
   - EDES 5003 Theories and Policies of Second Language Acquisition 3 semester hours
   - EDSS 6001 Teaching Culturally/Linguistically Diverse Students with Exceptional Needs 3 semester hours

   Candidates must complete one of the following courses, depending on subject emphasis of the credential:
   - EDES 5251 Methods in Teaching Secondary Languages Other Than English 3 semester hours
   - EDES 5252 Methods in Teaching Secondary Social Studies 3 semester hours
   - EDES 5253 Methods in Teaching Secondary English 3 semester hours
   - EDES 5254 Methods in Teaching Secondary Science 3 semester hours
   - EDES 5255 Methods in Teaching Secondary Math 3 semester hours
   - EDES 5256 Methods in Teaching Secondary Art 3 semester hours

3. Disposition Rubric Score: Candidate chooses a professor of one of the four prerequisite courses to complete the Disposition Rubric and submits the score to the Program Advisor.

4. Professional Advising: Candidate schedules an appointment with Academic Program Director/Assistant Director.

5. Teacher Admission and Advisory Committee (TAAC) Review: After the requirements for provisional and formal admission have been completed, the candidate's file will be submitted to TAAC for review. It is the candidate's responsibility to ensure that all items have been completed, including the resolution of any incomplete grades received in the prerequisite courses. Candidates will be notified of the committee's decision in writing.

Note: All documents become property of the University and will not be released to any person or institution unless required by law.

Program Requirements

1. Candidates will need to complete the remaining courses with a grade of "B" (3.0) or better prior to enrolling in EDUR 6961, TPA 3, and TPA 4:
   - EDUR 5000 Cultural Paradigms of Education 3 semester hours
   - EDES 5001 Applied Educational Psychology for the Childhood and Adolescent Years 3 semester hours
   - EDES 5003 Theories and Policies of Second Language Acquisition 3 semester hours
   - EDSS 6001 Teaching Culturally/Linguistically Diverse Students with Exceptional Needs 3 semester hours

   Complete both of the following courses with a grade of "B" (3.0) or better:
   - EDES 5250 Methodology in English Language Development (ELD) and Specially Designed Academic Instruction in English (SDAIE) for Secondary Educators 3 semester hours
   - EDSS 6250 Improvement of Literacy in the Single Subject Classroom 3 semester hours

2. Teaching Performance Assessments: Tasks 1 and 2 (two zero-semester-hour courses with associated fees):
   - EDCE 5950 Teaching Performance Assessment Task 1, Subject Specific Pedagogy 0 semester hours
   - EDCE 5951 Teaching Performance Assessment Task 2, Subject Designing Instruction 0 semester hours

3. Health Education for Educators: Candidates may satisfy the Health Education requirement in one of the following ways:
   - successful completion of EDES 8000
   - successful completion of a 2042 approved course through another institution. It is recommended that the candidate obtain approval from the School of Education Credential Office prior to taking class.
   - Official transcripts must be submitted as evidence of course completion.
   - original score report verifying 100% successful completion of all elements of the CSET, OR
   - letter verifying 100% completion of the subject matter coursework from a 2042 approved program.

4. Disposition Rubric Score: The professor for EDES 6250 will submit a score to the Program Director.

5. Fieldwork Application: Candidates must complete the fieldwork application and violation affidavit with the Academic Advisor. They must then schedule an interview with the Coordinator of Clinical Education.

6. Teacher Advisory Review Committee (TARC): After all the steps outlined above have been completed, the candidate's file will be submitted to the Teacher Advisory Review Committee (TARC) for review. It is the candidate's responsibility to ensure that all items have been completed, including the resolution of any incomplete grades received in any courses. Candidates will be notified of the committee's decision in writing.

Culminating Fieldwork Requirements
1. Enroll in Fieldwork: EDUR 6961 Fieldwork Supervision: Portfolio and Assessment of Teaching 3 semester hours
2. Enroll in TPA Tasks 3 and 4: Two zero-semester-hour courses with associated fees:
   EDCE 5952 Teaching Performance Assessment Task 3, Assessing Learning 0 semester hours
   EDCE 5953 Teaching Performance Assessment Task 4, Culminating Teaching Experience 0 semester hours

Additional Coursework Required for the Master’s Degree

OPTION 1: Secondary Education
1. Choose one of the following courses and complete with a grade of “B” (3.0) or better:
   EDUR 6100 Anthropological Analysis of Cultural Diversity 3 semester hours
   EDES 6103 Curriculum and Instructional Leadership 3 semester hours
   EDLA 6105 Assessment and Research Methodology 3 semester hours
   EDSS 6106 Human Development and Learning 3 semester hours
2. Complete EDES 6995 Comprehensive Examination (fee required).

OPTION 2: Literacy and Language Arts
The Master of Arts in Literacy and Language Arts combined with the 2042 Preliminary Multiple Subjects or Single Subject Teaching Credential offers the opportunity for a graduate student to receive both a preliminary teaching credential and a Master of Arts degree. Candidates who initially applied for admission to the credential program only must add the Master of Arts degree prior to the pre-fieldwork assessment.

Program Requirements
1. All 2042 Preliminary Single Subject Teaching Credential courses
2. Additional Required Coursework
   EDES 6355 Introduction to Reading Difficulties 3 semester hours
   EDES 6343 Diagnosis and Intervention in Reading Practicum I 3 semester hours
3. Comprehensive Assessment: Candidates meet with the program director to discuss their timeline and enrollment in either the comprehensive exam or the thesis project series.
   EDES 6995 Comprehensive Examination: Literacy (fee required)
   or
   Thesis Option (See program director for detailed course sequence)

Exit Interview
The candidate must schedule an exit interview with the Program Director/Assistant Director. The exit interview must be completed prior to submitting an application for a credential and Master of Arts degree.

Application for Credential
When all requirements have been completed, candidates must complete an application for a preliminary teaching credential (additional fee required, see SOE website for more information).

Application for Master of Arts Degree
Candidates must complete an application for a Master of Arts degree with the Office of the Registrar the semester prior to the completion of degree requirements.

2042 Single Subject Credential Only
This program is designed for intern/practitioner candidates who are only interested in seeking a credential. Candidates must complete all of the requirements detailed above for Provisional Admission, Formal Admission, Culminating Fieldwork Experience, Exit Interview, and Application for Master’s Degree.

Clear 2042 Single Subject Credential
Candidates have five years after obtaining their preliminary credential in which to complete the requirements for a professional clear credential. LMU offers an approved Professional 2042 Clear Credential Program for those teachers who do not have access to an induction program at their school site. See Professional 2042 Clear Teaching Credential in this Bulletin for more information.

Master of Arts (without Credential)
This program is designed for practitioners who do not successfully pass the CSET prior to enrollment in EDUR 6961 Fieldwork Supervision: Portfolio and Assessment of Teaching. Instead, candidates must complete all of the requirements detailed above for Provisional Admission, Formal Admission, and Program Requirements.

OPTION 1: Secondary Education
1. Choose two of the following courses and complete with a grade of “B” (3.0) or better:
   EDUR 6100 Anthropological Analysis of Cultural Diversity 3 semester hours
   EDES 6103 Curriculum and Instructional Leadership 3 semester hours
   EDLA 6105 Assessment and Research Methodology 3 semester hours
   EDSS 6106 Human Development and Learning 3 semester hours
2. Complete EDES 6995 Comprehensive Examination in Secondary Education (fee required).

OPTION 2: Literacy and Language Arts
The Master of Arts in Literacy and Language Arts combined with the 2042 Preliminary Multiple Subjects or Single Subject Teaching Credential offers the opportunity for a graduate student to receive both a preliminary teaching credential and a Master of Arts degree. Candidates who initially applied for admission to the credential program only must add the Master of Arts degree prior to the pre-fieldwork assessment.

Program Requirements
1. All 2042 Preliminary Single Subject Teaching Credential courses.
2. Additional Required Coursework
   EDES 6342 Diagnosing and Developing Literacy Skills 3 semester hours
   EDES 6343 Practicum in Diagnosing and Developing Literacy Skills 3 semester hours
3. Comprehensive Assessment: Candidates meet with the program director to discuss their timeline and enrollment in either the comprehensive exam or the thesis project series.
   EDES 6995 Comprehensive Examination: Literacy (fee required)
   or

Course Requirements for the LMU|LA CAST Program

Introduction
The LMU|LA CAST program is offered in the School of Education through a partnership with the Department of Catholic Schools of the Archdiocese of Los Angeles. Candidates in the program are able to complete a Master of Arts Degree and a State of California Preliminary Teaching Credential. The LMU|LA CAST program is an important professional development opportunity for educators employed in Catholic Schools within the Archdiocese of Los Angeles. Some of the unique features of the program include:

- Saturday classes
- Classes are taught in a hybrid format (traditional classes combined with on-line classes)
- Substantial scholarships are offered
- Candidates have the opportunity to collaborate with other Catholic school teachers
- Candidates are required to infuse technology in teaching and learning

Admission Requirements
To be eligible for the LMU|LA CAST program, candidates must meet the following requirements:

1. All the admission requirements outlined in the sections for teaching credentials in Multiple and Single subjects for University Interns and Teacher Practitioners
2. Candidates must be a full-time teacher or administrator in a Catholic school in the Archdiocese of Los Angeles. Administrators (e.g., Vice Principal, Principal) must be able to teach at least part-time while enrolled in the LMU|LA CAST program. Teacher aides or pre-school teachers are not eligible for the LMU|LA CAST program.
3. Candidates must attend information sessions held in the fall (for Spring admission) and in the spring (for Fall admission). Information on these sessions is given to principals of Catholic schools and is also available from the School of Education.
4. All candidates complete the program as a cohort and must be able to commit to the two-year program. Candidates must sign a contract agreeing to program conditions prior to starting the LMU|LA CAST program.
5. Candidates are required to use Apple technology. Requirements change by year and are shared at the information sessions.

Multiple and Single Subject Candidates
- EDUR 5000 Cultural Paradigms of Education 3 semester hours
- EDES 5001 Applied Educational Psychology for the Childhood and Adolescent Years 3 semester hours
- EDES 5003 Theories and Policies of Second Language Acquisition 3 semester hours
- EDSS 6001 Teaching Culturally/Linguistically Diverse Students with Exceptional Needs 3 semester hours
- EDUR 6961 Fieldwork Supervision: Portfolio and Assessment of Teaching 3 semester hours
- ECDE 5970 Fieldwork 1 1 semester hour
- ECDE 5971 Fieldwork 2 1 semester hour
- EDES 8000 Health Education 1 semester hour
- EDUR 6995 Comprehensive Examination 0 semester hours

Note:
Completion of the Teaching Performance Assessment (TPAs) is required.

Two School of Education electives are selected by the Director. Candidates who do not take EDUR 6961 must take an additional elective.

Multiple Subjects Candidates Only
- EDES 5200 Methodology in English Language Development (ELD) and Specially Designed Academic Instruction in English (SDAIE) for Elementary Educators 3 semester hours
- EDES 6200 Elementary School Curriculum and Methods 3 semester hours
- EDES 6202 Teaching Reading for Today's Learners 3 semester hours

Single Subject Candidates Only
- EDES 5250 Methodology in English Language Development (ELD) and Specially Designed Academic Instruction in English (SDAIE) for Secondary Educators 3 semester hours
- EDES 6203 Reading and Content Learning in Middle and Secondary Schools 3 semester hours

One of the following:
- EDES 5251 Methods in Teaching Secondary Languages Other Than English 3 semester hours
- EDES 5252 Methods in Teaching Secondary Social Studies 3 semester hours
- EDES 5253 Methods in Teaching Secondary English 3 semester hours
- EDES 5254 Methods in Teaching Secondary Science 3 semester hours
- EDES 5255 Methods in Teaching Secondary Math 3 semester hours
- EDES 5256 Methods in Teaching Secondary Art 3 semester hours

LMU|Teach for America Partnership

Contact Information
Director: Edmundo F. Litton
Program Coordinator, Los Angeles: Natasha D’Costa
Telephone: 310.338.1768
**Location:** University Hall 1300  
**Assistant Director, Northern California:** Jody Moody  
**Program Coordinator, Northern California:** Stephanie Serventi  
**Telephone:** 415.305.9361

This comprehensive two-year program combines coursework for the Master of Arts in Urban Education with a preliminary teaching credential while participating in Teach for America in Los Angeles, San Francisco Bay Area, or California Capital Valley (Sacramento and Stockton areas). The Bilingual Cross-Cultural Academic and Language Development or BCLAD teaching credential (Spanish or Mandarin emphasis) can be added to the credential if a candidate meets the requirements of this program. Applicants who already hold a CA teaching credential may be eligible to pursue a distinct Master of Arts program, depending on interest, application, and transcript evaluation.

**Introduction**  
The School of Education is committed to social justice and therefore maintains a strong focus on serving underrepresented and under-resourced school communities. In order to advocate for education for these school communities and their students, the School of Education has partnered with Teach for America (TFA), the national corps of outstanding graduates of all academic majors who commit to teach in public schools and become lifelong leaders in the effort to expand educational opportunities for all children. As the preferred university partner in Los Angeles since 2000, the LMU|TFA Partnership expanded to the San Francisco Bay Area in 2010. The LMU School of Education is currently the exclusive university partner with Teach for America in California, serving both the Los Angeles and San Francisco Bay regions (San Jose, San Francisco, Oakland) and the California Capital Valley (Sacramento and Stockton). Since expanding to the Northern California regions, the School of Education now has approved regional centers in Northern California. The program information outlined below is based on the program offerings in Los Angeles and are available/applicable to LMU|TFA Partnership students in the Northern California regions.

The LMU|TFA Partnership program requires that candidates work full-time in a public school district while they complete requirements for a California 2042 Preliminary Teaching Credential that aligns with their teaching assignment, and a Master of Arts degree. Once candidates are admitted into the LMU|TFA Partnership program, they will have the opportunity to choose a credential and/or Master of Arts degree program that supports their teaching assignment. All LMU|TFA students pursue a California SB2042 Preliminary Teaching Credential (either Multiple Subjects for K-5 teachers or Single Subject for grade 6-12) or a California Mild/Moderate Preliminary Education Specialist Teaching Credential. Candidates with an interest in bilingual education can also take additional courses to earn their bilingual authorization. Participants in the LMU|TFA program may be eligible for an Americorps educational award through their TFA membership. Participants are also eligible for an LMU SOE tuition grant that is contingent on full participation in all related grant program requirements and completion of their two-year commitment to TFA and LMU program.

The LMU|TFA program pathways include Elementary Education (Multiple Subjects), Secondary Education (Single Subject: Math, Science, English, Foreign Language, Social Studies), and Special Education. For specific information about the Special Education intern program pathway, please refer to the Special Education program section.

**Admission Requirements**  
Admission into the LMU|TFA Partnership is limited to candidates who have been admitted to, and matriculate with, Teach for America in the Los Angeles or Northern California regions. Students interested in participating in these programs must begin their application process with Teach for America directly and be assigned to one of these regions in order to apply for the LMU|TFA Partnership program. Admission into this program is contingent upon the availability of space as well as the candidate meeting all LMU School of Education admission requirements and deadlines for their program pathway. Candidates must complete all admission requirements outlined in either the Multiple Subjects or Single Subject credential program as described in respective sections. Once students are confirmed TFA Los Angeles or TFA Northern California corps members, they will receive admissions application instructions from their respective LMU program office. LMU|TFA Partnership students are admitted under Provisional or Controlled Admission. Please see the School of Education Academic Regulations for information on the admission categories.

**Program Requirements**  
LMU|TFA Partnership students admitted to a program are required to attend all LMU Orientation events as well as any additional requirements for their specific program pathway. Orientation events include recruitment webinars, in-person presentations about their program, sessions on registration, program and disposition expectations, credential requirements and processes, and financial responsibilities. Eligible students are also required to participate in all institutional scholarships/grants. Students are expected to maintain a minimum 3.0 GPA throughout their LMU programs as well as meet all SOE policy guidelines for successful progress and completion of their program and degree.

LMU|TFA Partnership students take their coursework over a period of two years. Exceptions to the recommended sequence must be approved by the Program Director, Department Chair, and Credential Director. The Partnership is comprehensive and includes all the coursework and field experience required to obtain a preliminary teaching credential and Master of Arts degree.

**Course Requirements for the Teach for America Program**

**Credential Coursework**  
The following information is for LMU|TFA Partnership students holding teaching assignments in General Education, K-12, settings only. Course requirements for Special Education and Early Childhood Education LMU|TFA Partnership students can be found in those respective sections in the Bulletin.

**Multiple Subjects Credential**
- EDSS 5002 Survey of Second Language Acquisition Theories 2 semester hours
- EDUR 5004 Elementary School Literacy and Language Development 2 semester hours
- EDUR 5010 Theories of Teaching, Learning, and Assessment 2 semester hours
- EDUR 5012 Culture and Language Learning in Urban Education 3 semester hours
- EDUR 5014 Multiple Subjects in Curriculum and Instruction 3 semester hours
- EDUR 5016 Teaching Students with Special Needs in Urban Education 3 semester hours
- EDCE 5970 Fieldwork 1 1 semester hour
- EDCE 5971 Fieldwork 2 1 semester hour

**Single Subject Credential**
Multiple Subjects Credential

From continuing on this program track, and successfully pass each TPA on the first attempt exempts the student not able to re-take TPA the first time they take it. ECO students are must take and successfully pass each Teaching Performance Assessment task (TPA) the first time they take it. In order to remain on the ECO program track, students must take the Required ECO Entrance Exam before they can be accepted into this program track. This program track is a total of 12 semester hours and provides candidates the option to complete their credential and continue on with the Master of Arts degree in Urban Education.

And one of the following:

- EDSS 5002 Survey of Second Language Acquisition Theories 2 semester hours
- EDUR 5005 Literacy in the Content Areas 2 semester hours
- EDUR 5010 Theories of Teaching, Learning, and Assessment 2 semester hours
- EDUR 5012 Culture and Language Learning in Urban Education 3 semester hours
- EDUR 5016 Teaching Students with Special Needs in Urban Education 3 semester hours
- EDCE 5970 Fieldwork 1 1 semester hour
- EDCE 5971 Fieldwork 2 1 semester hour

Note:
One or two additional semesters of Fieldwork Experience coursework may be required for individual students on the Multiple Subjects or Single Subject traditional program pathway depending on their program and credential progress.

In addition to the required coursework, candidates for the teaching credential must also pass all tasks of the Teaching Performance Assessment (TPA Tasks 1-4) and complete a program exit presentation before they can be recommended for their credential and continue on with the Master of Arts degree in Urban Education.

Early Completion Option

The Early Completion Option (ECO) program pathway is available only to LMU|TFA Partnership students who have successfully passed the Assessment of Professional Knowledge Exam (in addition to all other required credentialing exams) prior to enrollment and hold confirmed teaching assignments in Multiple Subjects (K-5) or Single Subject Math, English, Science, Spanish, or Social Studies (6-12) only.

Students who opt into this program track must take and pass the required ECO Entrance Exam before they can be accepted into this program track. This program track is a total of 12 semester hours and provides candidates the option to complete their credential program requirements on an earlier timeline than traditional track students. In order to remain on the ECO program track, students must take and successfully pass each Teaching Performance Assessment task (TPA) the first time they take it. ECO students are not able to re-take TPAs on this program track. Failure to successfully pass each TPA on the first attempt exempts the student from continuing on this program track, and the student will need to enroll in the traditional program track appropriate for their teaching assignment and meet all program and course requirements for that track.

Multiple Subjects Credential—Early Completion Option

Single Subject Credential—Early Completion Option

- EDSS 5002 Survey of Second Language Acquisition Theories 2 semester hours
- EDUR 5005 Literacy in the Content Areas 2 semester hours
- EDUR 5016 Teaching Students with Special Needs in Urban Education 3 semester hours
- EDUR 6961 Fieldwork Supervision: Portfolio and Assessment of Teaching 3 semester hours
- EDCE 5970 Fieldwork 1 1 semester hour
- EDCE 5971 Fieldwork 2 1 semester hour

And one of the following:

- EDSS 5051 Methods in Teaching Secondary Languages Other Than English 3 semester hours
- EDSS 5252 Methods in Teaching Secondary Social Studies 3 semester hours
- EDSS 5253 Methods in Teaching Secondary English 3 semester hours
- EDSS 5254 Methods in Teaching Secondary Science 3 semester hours
- EDSS 5255 Methods in Teaching Secondary Math 3 semester hours
- EDSS 5256 Methods in Teaching Secondary Art 3 semester hours

Note:
In addition to the required coursework, candidates for the teaching credential must also pass all tasks of the Teaching Performance Assessment for the program on their first attempt and complete a program exit presentation before they can be recommended for their credential and continue on with the Master of Arts degree in Urban Education.

PLACE Corps—Partners in Los Angeles Catholic Education

Contact Information
Director: Diana Murphy
Associate Director: Edgar Alonso
Telephone: 310.338.3774
Location: University Hall 1300

Introduction
This comprehensive two-year program combines coursework for the Master of Arts in Elementary Education or Master of Arts in Secondary Education with a State of California 2042 Preliminary Teaching Credential while participating in a Catholic teacher service corps. A Master of Arts in Reading Instruction, Special Education, or Guidance and Counseling may be available to applicants who have
Admission to the PLACE Corps requires the following:

The PLACE Corps is a nationally recognized teaching service corps in partnership with the Archdiocese of Los Angeles and the University Consortium for Catholic Education (UCCE). The PLACE Corps is built upon three pillars: spirituality, community, and professional development. This University program incorporates full-time teaching in an under-resourced Los Angeles Archdiocesan elementary or high school with an academic program through the School of Education.

The ideal candidate for the PLACE Corps is an enthusiastic recent college graduate who has an appreciation for Catholic education and wishes to “give something back.” The PLACE Corps member, serving as a role model in Catholic schools, will be instrumental in maintaining the traditions of Catholic education in Los Angeles.

The ideal candidate has an ardent desire to work with young people. There are no prerequisite courses, other than a Bachelor’s degree in any field. PLACE Corps recruits nationally. Interested students in the local area should attend an information meeting in the fall and subsequent application distribution meeting.

PLACE Corps members work under contract as teachers for the Archdiocese of Los Angeles. Acceptance into the program is contingent upon the availability and offer of a compatible teaching position in an Archdiocesan PLACE Corps partner school. A portion of the Corps member’s salary will contribute toward housing and other member expenses.

Participants of this service corps may be eligible for the AmeriCorps Education Award and an LMU grant which contribute toward tuition.

Those admitted to the new cohort are required to attend the Orientation Weekend in April. The orientation includes such topics as program expectations, the academic program, housing, and program funding. Incorporated into the weekend is an opportunity for the PLACErs to meet their principals. Contracts for employment will be offered by the Archdiocese through the individual school.

**Application Deadline:** The PLACE Corps application has two components, an online and paper application. The deadline for the online application is January 17. The deadline for the paper application is January 31. The full-time commitment begins the subsequent summer.

**Admission Requirements**
The PLACE Corps admits an average of 25 members per cohort. Admission to the PLACE Corps requires the following:

1. Candidates must complete all admission requirements outlined in either the Multiple Subject or Single Subjects credential program as described in respective sections. Please refer to the Teacher Practitioner/Intern sections of Elementary or Secondary Education in this bulletin for more details.
2. Graduate Division application, PLACE Corps application, statement of intent, three letters of recommendation, signed letter of commitment, and a Judicial Affairs clearance.
3. Interview with PLACE Corps Candidate Selection Committee.
4. Observation Hours: All candidates must present acceptable evidence of having completed at least 20 hours of observation in a culturally and linguistically diverse setting within the age range they are planning to teach. It is beneficial to the candidate to do so within a public school setting as these 20 hours may be applied towards the 60 hours of public school observations required for credential requirements for teachers in private and parochial schools. Any remaining hours of public school observations still required may be completed during the first summer of PLACE Corps participation.

**Program Requirements**
PLACE Corps members will begin their two-year commitment with participation in a program summer retreat designed to support and inspire members. Participants are invited to become actively involved in ongoing spiritual aspects of the program while fully engaged in an intentional community to which they are assigned.

In addition to specific program requirements, PLACErs must satisfy all contractual obligations of the school to which they are assigned. In the Fall, while living in community, PLACE Corps members will begin their teaching, along with taking two classes (generally one night per week) each semester.

For the most part, over the two-year period, PLACE Corps members will be enrolled in courses as a cohort. If a PLACEr has an academic background which includes prior education courses, the PLACE Corps staff will work with the PLACEr in making appropriate adjustments to his/her respective course of study. Any exception to the recommended sequence must be approved by both the PLACE Corps director and coordinator. PLACErs must take only their prescribed courses and may not take any additional coursework concurrently.

The sequence of academic coursework will be outlined at the Orientation Weekend in April. The PLACE Corps academic program is comprehensive and includes all the coursework and field experience required to obtain a State of California 2042 Preliminary Teaching Credential and Master of Arts degree.

**Course Requirements for the PLACE Program**

**Multiple and Single Subject Candidates**

- EDUR 5000 Cultural Paradigms of Education 3 semester hours
- EDES 5001 Applied Educational Psychology for the Childhood and Adolescent Years 3 semester hours
- EDES 5003 Theories and Policies of Second Language Acquisition 3 semester hours
- EDSS 6001 Teaching Culturally/Linguistically Diverse Students with Exceptional Needs 3 semester hours
- EDUR 6960 Introduction to Teaching and Learning 3 semester hours
- EDUR 6961 Fieldwork Supervision: Portfolio and Assessment of Teaching 3 semester hours
- EDCE 5970 Fieldwork 1 1 semester hour
- EDCE 5971 Fieldwork 2 1 semester hour
- EDCE 5972 Fieldwork 3 1 semester hour
- EDES 8000 Health Education 1 semester hour
- EDLA 6840 Spirituality and Leadership in Catholic School Teaching 3 semester hours
- EDUR 6995 Comprehensive Examination 0 semester hours

**Multiple Subjects Candidates Only**

- EDES 5200 Methodology in English Language Development (ELD) and Specially Designed Academic Instruction in English (SDAIE) for Elementary Educators 3 semester hours
- EDES 6200 Elementary School Curriculum and Methods 3 semester hours
Single Subject Candidates Only

- EDES 5250 Methodology in English Language Development (ELD) and Specially Designed Academic Instruction in English (SDAIE) for Secondary Educators 3 semester hours
- EDES 6202 Teaching Reading for Today’s Learners 3 semester hours

One of the following:

- EDES 5251 Methods in Teaching Secondary Languages Other Than English 3 semester hours
- EDES 5252 Methods in Teaching Secondary Social Studies 3 semester hours
- EDES 5253 Methods in Teaching Secondary English 3 semester hours
- EDES 5254 Methods in Teaching Secondary Science 3 semester hours
- EDES 5255 Methods in Teaching Secondary Math 3 semester hours
- EDES 5256 Methods in Teaching Secondary Art 3 semester hours

Note:
Candidates in the PLACE program may also have the option of completing the degree requirements for the Master of Arts degree in Reading Instruction, Special Education, or Guidance and Counseling. More information can be obtained from the PLACE Corps staff.

Center for Undergraduate Teacher Preparation

Mathematics Bachelor of Arts with Major in Mathematics Secondary Teacher Preparation Program

This major is designed for students who are interested in pursuing a career in teaching mathematics at the secondary (i.e., middle or high school) level. With the help of her/his advisor, the student may design a schedule carefully so that s/he can complete the degree and 2042 California Preliminary Single Subject (Secondary) Teaching Credential during her/his four years at LMU.

Included in the program, students complete University and College core requirements. Additionally, students complete eight upper division math core. The required upper division math courses are: MATH 321, MATH 331, MATH 357, MATH 360, MATH 490, MATH 493 or MATH 497, MATH 550, and one additional 3 semester hour upper division MATH elective (excluding MATH 301 or MATH 302) chosen in consultation with her/his advisor.

In addition, the Bachelor of Arts requires students to complete EDES 488 and two three semester EDxx courses chosen from the list of requirements for the preliminary single subject secondary credential program. Those doing both the Bachelor of Arts and the credential will have to complete the other requirements for the credential program.

Four-Year Plan for Mathematics Major, Secondary Teacher Preparation Program, including the Preliminary Single Subject Credential

Freshman Year

Fall Semester

- MATH 131 Calculus I 4 semester hours
- MATH 190 Workshop in Mathematics I 2 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 15-18 semester hours

Spring Semester

- MATH 132 Calculus II 4 semester hours
- MATH 191 Workshop in Mathematics II 2 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- Science Requirement 3-4 semester hours
- University Core 3-4 semester hours

Science Requirement—choose one of the following:

- PHYS 101 Introduction to Mechanics 4 semester hours or
- PHYS 201 Introduction to Electricity and Magnetism 4 semester hours or
- CMSI 185 Computer Programming 3 semester hours or
- CMSI 281 Data Structures 3 semester hours

Total: 15-18 semester hours

Sophomore Year

Fall Semester

- MATH 234 Calculus III 4 semester hours
- MATH 248 Introduction to Methods of Proof 3 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 13-15 semester hours

Spring Semester

- EDES 414 Theories and Policies of Second Language Acquisition 3 semester hours
- EDUR 400 Sociocultural Analysis of Education 3 semester hours
- MATH 245 Ordinary Differential Equations 3 semester hours
- MATH 250 Linear Algebra 3 semester hours
- MATH 282 Elementary Computational Methods 3 semester hours
- MATH 293 Mathematics Teaching Field Experience 0 semester hours **

Total: 15 semester hours

Junior Year

Fall Semester

- EDCE 461 Teaching Performance Assessment 1 0 semester hours
- EDES 425 Methods in English Language Development and Specially Designed Academic Instruction in English for Elementary Educators 3 semester hours
- MATH 321 Real Variables I 3 semester hours
- MATH 360 Introduction to Probability and Statistics 3 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 15-17 semester hours

Spring Semester
- EDES 401 Applied Educational Psychology for the Childhood and Adolescent Years 3 semester hours
- EDSS 440 Introduction to the Culturally and Linguistically Diverse Student with Exceptional Needs 3 semester hours
- MATH 331 Elements of Group Theory 3 semester hours
- MATH 490 History of Mathematics 3 semester hours
- MATH 3xx Mathematics Upper Division Elective (excludes MATH 301 or MATH 302) 3 semester hours
- Elective 3-4 semester hours

Total: 18-19 semester hours

Senior Year

Fall Semester
- EDCE 462 Teaching Performance Assessment 2 0 semester hours
- EDES 488 Methods in Teaching Secondary Math 3 semester hours
- EDES 8000 Health Education 1 semester hour
- MATH 357 Complex Variables 3 semester hours
- MATH 493 Senior Seminar for Future Mathematics Educators 3 semester hours
- MATH 550 Fundamental Concepts of Geometry 3 semester hours
- University Core 3-4 semester hours

Total: 16-17 semester hours

Spring Semester
- EDCE 412 Secondary Directed Teaching 9 TO 12 semester hours
- EDCE 463 Teaching Performance Assessment 3 0 semester hours
- EDCE 464 Teaching Performance Assessment 4 0 semester hours
- EDES 403 Reading and Content Learning in Middle and Secondary Schools 3 semester hours

Total: 12-15 semester hours

Note:
* HIST 1300 Becoming America satisfies both the U.S. Constitution requirement for the preliminary teaching credential and 3 semester hours of the history core requirement. POLS 1200 satisfies both the U.S. Constitution requirement for the preliminary teaching credential and 3 semester hours of the understanding human behavior core requirement.
** This class is required for the student who wishes to get a secondary teaching credential.
*** For the student who is working on the teaching credential, these semester hours can be used for secondary directed teaching (EDCE 412).

This four-year plan serves only as a general model. Students should meet with their advisors at least once a semester to discuss progress in the program and plans for future semesters.
School of Film and Television

Administration
Dean: Stephen Ulijak
Associate Dean for Academic Affairs: Abigail Kaun
Associate Dean of Operations and Business Services: Roger D. Stewart

Objectives
The LMU School of Film and Television is committed to preparing students for their creative and professional lives. Through their course work, creative projects, and internships, students will learn the art and craft of communicating ideas through images and sound and writing for the screen. They will also gain an appreciation for the history of these art forms and develop their ability to critically analyze these works. We aim for that delicate balance between theory, technology and the creative impulse - where the balance is always heavily weighted toward the creative and human.

It is important for artists to be aware and considerate of diverse views, yet have the freedom to discover their individual voices and the courage to express their own points of view. As faculty, our most important work is to help our students find those creative voices and express them, because we believe that art is of utmost importance to the human race. We strive to create an atmosphere in which lasting and useful original works are fashioned-by the students and by the faculty and staff. We encourage our students to address a wide audience, to appreciate the contributions of all who labor to tell a story, and to work as part of a community of artists to find new ways to tell new stories.

True to the Loyola Marymount tradition, we also seek to remind students of the ethical and social responsibilities that go with the power of these media, and we encourage them to have a reflective mind and generous spirit as they seek to create works that inform, enlighten, and entertain.

Graduate Program

Degrees Offered
The School of Film and Television offers three Master of Fine Arts (M.F.A.) degrees:
- Film and Television Production (PROD)
- Writing for the Screen (WSCR)
- Writing and Producing for Television (WPTV)

Specific degree requirements are listed under each individual program.

Mission Statement
The Master of Fine Arts degrees offered by the School of Film and Television at Loyola Marymount University are based on a professional academic program and designed to foster original and creative work in film and television production and writing. The emphasis is on understanding and mastering visual storytelling in an atmosphere which allows students to explore and express their ideas with ever increasing creative and technical skills.

Admission Requirements
All applicants must have a Bachelor’s degree from an accredited university. The department welcomes applicants who have received degrees in unrelated fields. There are only a limited number of openings in the graduate School of Film and Television programs, and applications are reviewed and accepted ONLY for the Fall semester each year.

Applicants must submit all materials to the Graduate Division by January 15. These materials include: application, $50 application fee, detailed personal statement, all transcripts, GRE scores (optional if undergraduate GPA is greater than a 3.0), two letters of recommendation, and supplemental materials including any creative work in written and/or multimedia formats that illustrate a particular talent or expertise that the applicant would like to highlight for the selection committee. PROD applicants must submit creative samples (see the SFTV website for specific requirements). Applicants to WSCR or WPTV programs must submit a writing sample (see the SFTV website for specific requirements).

A non-refundable $250 deposit must accompany your letter of acceptance within 15 days of notification by the University of your admittance into the program. The deposit is applied toward tuition. Letters are mailed out on a rolling basis. June 15 is the deadline to register for Fall classes. IMPORTANT: Any applicant who does NOT register by this date will forfeit his or her spot, and it will be offered to another student.

Graduate Prerequisites
Students will also be required to take a specified number of graduate prerequisites. Graduate students are on a provisional status until their graduate prerequisites are successfully completed. These prerequisites are required and may not be waived.

Thesis
Each of the three majors comes to fruition in the graduate thesis project for production students, and a portfolio for writing students. Thesis projects take a minimum of one year to complete, usually spanning the final year of graduate work towards the Master of Fine Arts degree. Students do not have the option of the traditional Master’s research thesis.

Undergraduate Program

Degrees Offered
The School of Film and Television offers the following four degrees:
- Bachelor of Arts in Animation
- Bachelor of Arts in Film and Television Production
- Bachelor of Arts in Recording Arts
- Bachelor of Arts in Screenwriting

Degree requirements are listed under each individual program.

Change of Program/Major
There is a formal application procedure for students who wish to be accepted into the School of Film and Television or who wish to transfer from one SFTV program to another. This procedure is explained in the SFTV Application Form available from the School. Applications are due on the last working day of February for admission to the following Fall semester and on the last working day of September for admission to the following Spring semester.

Application of General University Requirements
The University requirements for admission, graduation, and all general rules and regulations of the University as set forth in this Bulletin are applicable to and binding upon all students enrolled in the School of Film and Television.

School Curriculum
The curriculum of the School of Film and Television incorporates required courses in university core, major sequences, and elective courses which complement and enhance the student's major field of concentration.

**Recommendations**

Students are encouraged to enrich their program of study with selected electives from the following areas.

**Business**

Students are encouraged to take a course in the issues of business. Consult the Bulletin listings.

**Computer Skills**

Students are expected to become proficient in computer skills. Courses or workshops may be taken to help students develop existing skills.

**Foreign Language**

Students are encouraged to study foreign languages to the intermediate level. LMU offers Chinese, Filipino, French, German, Greek (Modern and Classical), Italian, Japanese, Latin, and Spanish on a regular basis.

**International/Global Studies**

Students are encouraged to select elective courses that deal with international and/or global issues. Consult the Bulletin listings.

**Study Abroad**

A semester of international study abroad is also recommended. Consult the Study Abroad office.

**Total Program**

120 semester hours are required for graduation with the following distribution:

1. a maximum of 36 upper division semester hours in any one department will be accepted toward the 120 semester hours requirement; and
2. at least 45 semester hours are required from upper division offerings.

Students should consult the Dean's Office for specific policies applicable to the School of Film and Television.

**European Satellite Program**

Students in the School of Film and Television have the opportunity to participate in an intensive production study abroad experience in Bonn, Germany. The program focuses on documentary film production and European media and culture. Courses are taught by both LMU faculty and German instructors. The program's structure includes three-week workshops and immersive, hands-on production training. Cultural opportunities while overseas include film festivals (depending on the season), exhibitions, theater performances, tours of film and television studios, and a trip to Berlin. Participating students will earn 13-15 semester hours of credit, including the production sequence, and will produce a 10-minute documentary that can be distributed or exhibited at festivals or through other channels. The Bonn program includes additional requirements.

The FITS Europe study abroad program partners LMU's School of Film and Television. For more details on the program, please visit LMU's Study Abroad Office and FITS Europe.

**Faculty**

Chairperson: Tom Klein
Associate Professors: Rob Burchfield, José García-Moreno, Adriana Jaroszewicz, Tom Klein

**Animation, B.A.**

**Objectives**

The Animation program offers students a classical approach to this complex and multifaceted medium based on foundational principles that inform a wider proficiency in modern techniques. The program represents a broadband approach to animation education within a liberal arts framework. There is coursework in character animation/design, 2D/3D, storyboarding, visual development, film production, interactive/games, visual effects, and alternative/hybrid forms of the medium in small classroom settings.

In four years at LMU, Animation majors move from traditional animation techniques during the first year to the theory and practice of digital filmmaking during the sophomore year, including an introduction to 3D and interactivity. The third year is devoted to individualized study of animation for film production or game design. During the senior year, students develop, animate and direct a thesis film or game as their capstone project, culminating their emphasis of study.

**Animation Student Learning Outcomes**

Students will:

- Develop a unique personal artistic vision.
- Be ethical and humanistic animation storytellers grounded in Ignatian principles of diversity and social justice.
- Engage in new emerging industries or platforms, whether in the studio system or as independent developers and artists.
- Learn to evolve and innovate within an ever-changing world of technological change.
- Collaborate and contribute to the workflows with a team production process.

**Animation Model Four-Year Plan**

- Normal course load is 15 semester hours or 5 courses per semester.
- Consult your advisor regarding proper course sequencing and course selection for the major.
• Suggested sequence, but students often take courses in a modified order.
• All students must complete six flags to graduate. Each student is responsible for ensuring she/he fulfills all graduation requirements.

Animation Minor

Minor Requirements

The School of Film and Television offers a minor in Animation to all LMU students.

The minor is 18 semester hours consisting of:

- ANIM 100 History of Animation 3 semester hours
- ANIM 110 Visual Story Development 3 semester hours
- ANIM 120 Beginning Animation Workshop 3 semester hours
- Three elective courses (nine semester hours) chosen from 300 and 400 level Animation courses under the direction of the Chairperson.

Film and Television Arts and Enterprises
Courses offered in Film and Television Arts and Enterprises are designed to supplement the student's major program with studies that encompass all areas of entertainment arts and enterprises.

Film, Television, and Media Studies

Faculty
Interim Director: Richard P. Hadley
Professor: Lawrence Wenner (Von der Ahe Chair in Communications and Ethics)
Associate Professors: Susan Torrey Barber, Patrick J. Connolly, S.J., Richard P. Hadley, Jr., Carla Marcantonio, Susan Scheibler

Film, Television, and Media Studies Minor

Objectives
Film, Television, and Media Studies is an academic interdisciplinary program that provides students the opportunity to understand the many ways that filmmakers have used the media as a means of personal expression as well as a tool for understanding the world. Through their Film and TV courses, students gain the tools that allow them to critically examine the ways in which their own perceptions have been shaped and influenced by media texts. FTVS classes are academically rigorous, depending on analytic as well as critical tools that are informed by reading in media and cultural history. The program is an integral part of the School of Film and Television, providing the theoretical, historical, and cultural frameworks within which SFTV students apply their practical skills, whether they are directing, producing, filming, editing, writing, and/or recording sound for movies.

Film, Television, and Media Studies students gain an appreciation of the basic elements of film and/or television language and acquire the tools that will enable them to be more thoughtful consumers as well as producers of media texts. Through a careful study of film history, students will understand and appreciate the development of cinematic and televisual media within their historical and cultural contexts. Courses focusing on national cinemas open up and deepen their understanding of other cultures, national histories, and religious viewpoints. Courses that focus on ethical and political issues encourage students to think about the ways that media can be used to create a more just world. In all FTVS classes, students explore the many ways that media texts reflect, shape, and question cultural values, attitudes, and beliefs, including but not limited to representations of race, ethnicity, gender, sexuality, class, and nationality.

Film, Television, and Media Studies Student Learning Outcomes
Students minoring in Film, Television, and Media Studies will:

- Know and demonstrate an understanding of the narrative and stylistic elements of film or TV language
- Apply an understanding of film/TV language through a critical analysis of specific texts
- Know and demonstrate knowledge of film history, including key movements and important filmmakers
- Know and demonstrate understanding of at least one film/TV genre or auteur and one national cinema or international TV
- Value diverse approaches to film and TV production.

FTVS Minor Requirements

The School of Film and Television offers a minor in Film, Television, and Media Studies to all LMU students.

The minor is 18 semester hours consisting of:

One Foundational Course

- FTVS 210 Art of the Cinema 3 semester hours or
- FTVS 212 Art of Television 3 semester hours

One History Course

- FTVS 313 History of American Film 3 semester hours or
- FTVS 314 History of International Film 3 semester hours

One Genre/Authors Course

- FTVS 315 History of the Documentary 3 semester hours or
- FTVS 412 Film Authors 3 semester hours or
- FTVS 430 The Western Film 3 semester hours or
- FTVS 431 Film Melodrama 3 semester hours or
- FTVS 432 The Musical Film 3 semester hours or
- FTVS 433 The Horror Film 3 semester hours or
- FTVS 434 Film Comedy 3 semester hours or
- FTVS 435 Film Noir 3 semester hours or
- FTVS 436 Science Fiction Film 3 semester hours or
- FTVS 439 Special Topics: Film Genre 3 semester hours or
- FTVS 440 TV Sitcoms 3 semester hours or
- FTVS 441 TV Crime Shows 3 semester hours or
- FTVS 442 TV Westerns 3 semester hours or
- FTVS 443 Soap Operas 3 semester hours or
- FTVS 444 Reality TV 3 semester hours or
- FTVS 445 Science Fiction TV 3 semester hours or
- FTVS 446 Japanese Anime 3 semester hours or
- FTVS 447 African American Images on TV 3 semester hours

One National Film/International TV

- FTVS 420 European Cinema 3 semester hours or
- FTVS 421 Asian Cinema 3 semester hours or
- FTVS 422 African Cinema 3 semester hours or
- FTVS 423 Latin American Cinema 3 semester hours or
- FTVS 425 International TV 3 semester hours or
- FTVS 429 Special Topics: National Cinema 3 semester hours

Two (six semester hours) upper division elective courses

- FTVS 300- and FTVS 400-level

Film and Television Studies

Film and Television Studies courses (FTVS) are offered by the School of Film and Television.

Film and Television Production

Faculty
Chairperson: Charles Swanson  
Professors: Glenn Gebhard, Donald Zirpolo  
Associate Professors: Mikael R. Kreuzriegler, Sylvia Morales, Vanessa Newell, Rev. Luis Proença, Gregory Ruzzin, Charles Swanson  
Assistant Professors: Shane Acker, Kennedy Wheatley

Film and Television Production, B.A.

Film and Television Production Student Learning Outcomes

Upon completing the program, students majoring in Film and Television Production will know:
- The techniques of visual storytelling
- The processes of producing, directing, screenwriting, cinematography, editing, sound recording and design, and set design
- The current technologies involved in the creation of film or TV production
- Strategies for future dissemination of their work

Upon completing the program, student majoring in Film and Television Production will value:
- A wide variety of cinematic forms of expression
- The importance of film history
- The diversity and contributions of fellow students
- Collaboration and teamwork in the production process
- Individual expression through cinematic and other forms

Upon completing the program, student majoring in Film and Television Production will be able to:
- Clearly communicate story, theme, and concept in their works
- Create and treat content in innovative and imaginative ways
- Apply learned techniques of film and television production to creative works of their own
- Create or contribute to technically accomplished and aesthetically engaging films
- Give constructive feedback, and implement revision of their own creative work based on feedback received
- Balance creative and organizational skills
- Practice teamwork

Film and Television Production Model Four-Year Plan

Normal course load is 15 semester hours or 5 courses per semester.
Consult your advisor regarding proper course sequencing and course selection for the major.
Suggested sequence, but students often take courses in a modified order.
All students must complete six flags to graduate. Each student is responsible for ensuring she/he fulfills all graduation requirements.

Freshman Year

Fall Semester
- FTVS 200 Survey of Mass Media 3 semester hours

Total: 15-17 semester hours

Spring Semester
- SCWR 220 Beginning Screenwriting 3 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours

Total: 15-19 semester hours

Sophomore Year

Fall Semester
- PROD 200 Introduction to Film Production 3 semester hours
- RECA 250 Sound Design 3 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 12-14 semester hours

Spring Semester
- PROD 250 Introduction to Television Production 3 semester hours
- PROD 365 Cinematography 3 semester hours
- PROD 379 Fundamentals of Directing 3 semester hours
- FTVS 313 History of American Film 3 semester hours or
- FTVS 314 History of International Film 3 semester hours
- University Core 3-4 semester hours

Total: 15-16 semester hours

Junior Year

Fall Semester
- PROD 326 Documentary Pre-Production 3 semester hours or
- SCWR 327 Writing for Narrative Production 3 semester hours
- PROD 366 Post-Production 3 semester hours
- FTVS Upper Division Elective 3 semester hours
- University Core 3-4 semester hours
- University Core 3-4 semester hours

Total: 15-17 semester hours
Television Production major combines the best of both traditional distinctions between film and television. The Film and Television Production Process has created new ways of working that transcend the technology of the past and present, and that strengthen the narrative relationships between art and technique, and how both serve each other.

Digital landscape, new forms of media empower a single person to be both a worldwide broadcaster and a very selective receiver. Digital technologies have created new ways of working that transcend the traditional distinctions between film and television. The Film and Television Production major combines the best of both of these fields.

Upon completing the program, students majoring in Film and Television Production will be able to:

- Clearly communicate story, theme, and concept in their works
- Apply learned techniques of film and television production to creative works of their own
- Give constructive feedback, and implement revision of their own creative work based on feedback received
- Balance creative and organizational skills
- Practice teamwork, while developing leadership skills
- Create and treat content in innovative and imaginative ways

These projects may be entirely from the imagination, or they may document the real world. These finished works are produced and owned by the students, and many are distributed and celebrated far beyond the confines of our campus, through the exciting world of festivals, theatrical, television, and other channels of local, national, and international exhibition.

Film and Television Production Student Learning Outcomes

Upon completing the program, students majoring in Film and Television Production will know:

- The basic techniques of visual storytelling
- The processes of producing, directing, screenwriting, cinematography, editing, sound recording and design, and set design
- The current technologies involved in the creation of film production
- Strategies for future dissemination of their work

Upon completing the program, students majoring in Film and Television Production will value:

- A wide variety of cinematic forms of expression in traditional as well as emerging technologies
- The importance of film history and theory
- Create technically accomplished and aesthetically engaging films
- Collaboration and teamwork in the filmmaking process
- Individual expression through cinematic forms

Students admitted to this rigorous major become quickly immersed in the art of storytelling for the screen. They encounter and study great works of world cinema, both past and present, and ponder the ramifications of the emerging media of the future. They receive expert hands-on training in writing the screenplay, directing actors, cinematography, sound recording and design, and editing. In the process, each student learns about the challenging relationship between art and technique, and how both serve each other.

Students learn the practical aspects of mounting a production: budgeting, location scouting, casting, set design and construction, post production, and the importance of safety in all aspects of what they do. Complete premier state of the art equipment and technology are available 24/7-all in service of story. Through teamwork, students learn an appreciation for all of the artists who labor to serve the story, and the camaraderie that comes from working as part of a crew engaged in a large, collaborative creative enterprise.

**Objectives**

The School of Film and Television's major in Film and Television Production is designed to enable students to express their ideas on the screen—whether that screen is in a theater, at home, or held in one’s hand. Beyond the existing television and theatrical feature landscape, new forms of media empower a single person to be both a worldwide broadcaster and a very selective receiver. Digital technologies have created new ways of working that transcend the traditional distinctions between film and television. The Film and Television Production major combines the best of both of these fields.

**Film and Television Production, M.F.A.**

**Spring Semester**

- PROD 300 Intermediate Narrative Film Production 3 semester hours or
- PROD 350 Intermediate Documentary Production 3 semester hours or
- RECA 367 Production Sound 3 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours
- Elective 3-4 semester hours

Total: 15-18 semester hours

**Senior Year**

**Fall Semester**

- PROD 400 Advanced Narrative Film Production 3 semester hours or
- PROD 450 Advanced Documentary Production 3 semester hours or
- PROD 460 Directed Study in Production 3 semester hours
- PROD 466 Advanced Editing 3 semester hours or
- PROD 469 Advanced Cinematography 3 semester hours or
- PROD 476 Post-Production Effects 3 semester hours or
- PROD 479 Advanced Directing 3 semester hours or
- PROD 480 Advanced Production Technique Seminar 1 TO 3 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours
- Elective 3-4 semester hours

Total: 15-18 semester hours

**Spring Semester**

- University Core 3-4 semester hours
- University Core 3-4 semester hours
- Elective 3-4 semester hours
- Elective 3-4 semester hours

Total: 12-16 semester hours
M.F.A. in Film and Television Production

Requirements

First Semester Requirements  12 semester hours

Program Requirements  39 semester hours

Thesis Requirements  9 semester hours

Overall Total  60 semester hours

M.F.A. in Film and Television Production

Guidelines

- Proper sequencing of major requirements is indicated by prerequisites of individual courses and as noted in the outline below. Please consult assigned academic advisor.

- First semester courses (PROD 500, PROD 565, PROD 566, and SCWR 501) must be completed with a grade of B or better. Failure to do so will lead to disqualification from the program. Students who receive a grade lower than a B may not continue until they repeat the course when it is next offered. A course may be repeated only once. If a passing grade of B is received, the student may continue in the program.

- Prior to registration for the Thesis Project (PROD 650), the student must come before the Thesis Committee to advance to candidacy based upon the work completed towards this goal. Once advanced to candidacy, the student must take PROD 650 (with the instructor of record) and PROD 670 (with the instructor of record) until the project is completed and signed off by the Thesis Committee and the Dean in order to successfully complete the requirements for the M.F.A. degree. All course requirements must be taken for a letter grade. Students who receive a grade lower than the passing grade of B must repeat the course. A course may be repeated only once. A grade of F will subject the student to disqualification from the program. Please refer to the University Bulletin for information regarding appeal and readmission after disqualification.

- The Thesis Committee form adopted by the School must be obtained from the SFTV Graduate Office and signed by all committee members in order for the student to be advanced to candidacy.

- Students must screen a master copy of the Thesis Project for approval. Upon approval, the master copy must be submitted to the thesis committee to complete the requirements. All Thesis productions are required to have a full card at the end of the credits that reads: This production was done in partial fulfillment of degree requirements at Loyola Marymount University.

First Year

Fall Semester

- PROD 500 Fundamentals of Production 3 semester hours
  *must earn B or better

- PROD 565 Cinematography 3 semester hours

Spring Semester

- PROD 550 Intermediate Production 3 semester hours
  *must earn B or better

- SCWR 530 Intermediate Writing for Narrative Production 3 semester hours

Second Year

Fall Semester

- PROD 600 Advanced Production 6 semester hours

- RECA 567 Seminar in Sound 3 semester hours

Spring Semester

- FTVS 513 Seminar in American Film 3 semester hours

- PROD 626 Pre-Production for Documentary Thesis 3 semester hours or

- SCWR 620 Writing for Narrative Production Thesis 3 semester hours

Third Year

Fall Semester

- FTVS 514 Seminar in International Film 3 semester hours

- PROD 650 Thesis Project: Production 3 semester hours

Spring Semester

- PROD 670 Thesis Project: Post-Production 3 semester hours

Any Semester

- FTVA 688 Intern Practicum 0 TO 3 semester hours

- FTVS Electives—Film, Television and Media Studies: Select one course (or three semester hours) from FTVS 500 or 600 level.

- PROD Electives—Advanced Production Techniques: Select three courses (or nine semester hours) from PROD 666, PROD 669, PROD 680, PROD 685, PROD 690, or RECA 568. If choosing PROD 685, three total semester hours are required. Other courses by permission only.
Recording Arts

Faculty
Chairperson: Mladen Milicevic
Professors: Mladen Milicevic, Rodger Pardee
Associate Professor: Kurt Daugherty

Recording Arts, B.A.

Objectives
Recording Arts students explore the theoretical and practical elements of sound recording, reproduction, and design—the fundamentals crucial to successful work in all media that tap into the creative power of sound.

Given the enormous influence of these media, it is vital that these studies are given perspective by courses in LMU's Liberal Arts core curriculum. Recording Arts students are also required to take one music class that deals with the fundamentals of music theory. In upper division courses, students study the science of sound behavior, reproduction, and modification. They learn audio techniques that apply to both film/television sound and music recording.

The SFTV sound stages, studios, and audio workstations are the laboratories where students put their knowledge and creativity to work and build a portfolio. Each Recording Arts student gains experience with film and television sound production and produces an advanced recording arts senior project. Creative collaboration is key to success in this field.

Recording Arts Student Learning Outcomes
Recording Arts students will understand:
- The physical and psychoacoustic properties of sound
- The techniques of making, editing, and processing sound recordings
- The aesthetic contribution of sound to media.

Recording Arts students will be able to:
- Make technically competent recordings of music as well as production and post-production sound for film and television media
- Effectively edit and process sound for those media
- Create technically competent and aesthetically pleasing mixes for those media.

Recording Arts students will value:
- The transformative power of challenging and meaningful art
- The collaborative and rigorous nature of working in sound for music, film, and television
- The cultural impact and significance of this media—past, present, and future.

Recording Arts Model Four-Year Plan
- Normal course load is 15 semester hours or 5 courses per semester.
- Consult your advisor regarding proper course sequencing and course selection for the major.
- Suggested sequence, but students often take courses in a modified order.
- All students must complete six flags to graduate. Each student is responsible for ensuring she/he fulfills all graduation requirements.

Freshman Year

Fall Semester
- FTVS 200 Survey of Mass Media 3 semester hours
- FTVS 210 Art of the Cinema 3 semester hours or
- FTVS 212 Art of Television 3 semester hours
- MUSC 104 Fundamentals of Music 3 semester hours
- FFYS 1000 First Year Seminar 3 OR 4 semester hours

Total: 12-13 semester hours

Spring Semester
- RECA 220 Fundamentals of Sound 3 semester hours
- MUSC 107 The Piano Experience 3 semester hours
  * may test out per RECA chair
- PROD 200 Introduction to Film Production 3 semester hours
- RHET 1000 Rhetorical Arts 3 OR 4 semester hours
- University Core 3-4 semester hours

Total: 15-16 semester hours

Sophomore Year

Writing and Producing for Television, M.F.A.

Objectives
- Students will prepare for specific careers in film, television, and new and emerging media through a highly professional and challenging graduate curriculum.
- Students will demonstrate the application of the theoretical, aesthetic, and practical elements of film, television, and emerging new media, story development, and script writing at a professional level suitable for pursuing a career in academia and/or the entertainment industry.

Learning Outcomes
- Students will demonstrate, through a portfolio of long- and short-form teleplays, mastery of story development, character development, storytelling structure, and cinematic style.
- Students will demonstrate the ability to pitch stories and scripts to producers, managers, agents, studios, cable outlets, and networks.
- Students will demonstrate proficiency in producing and executing a television production by creating a short reel that is reflective of a larger project.
- Students will value diverse stories that explore social justice issues and ethical and humanistic themes.
- Students will develop entrepreneurial skills by creating relationships with outside organizations through internships, mentorships, and designated courses and workshops.
- Students will demonstrate the fundamental business skills required for working effectively with producers, managers, agents, and the Writers Guild of America.
- Students will learn to analyze the influences of film, television, and emerging media on our culture, and vice versa.

M.F.A. Writing and Producing for Television

The goal of the M.F.A. program in Writing and Producing for Television is to train hyphenates--writer-producers--who will become the creative leaders of television programming. Progressing from the core courses, the television writing student must complete a portfolio, which consists of a "spec" teleplay (either comedy or drama), two original television pilots (one-hour and half-hour), and...
write and produce a short digital project that is representative of a larger work. Students can also take writing electives such as transmedia, video-game writing, or playwriting. Proper sequencing of major requirements is indicated by prerequisites of individual courses and as noted in the outline below. Please consult assigned academic advisor.

Students must maintain a "B" (3.0) average to remain in good academic standing. Students who fall below a B average will be placed on academic probation and will have one semester to bring their grade average up to a B.

At the end of the first and third semesters, students are required to attend a MFA Performance Review with the department faculty to discuss his/her overall cumulative progress in the program. Letters will be sent to each student following this meeting to say he/she is either performing in an exceptional way, a satisfactory way, or an unsatisfactory way. In the last case the student will be placed on academic probation. Academic probation will require another meeting at the end of the following semester. If the student does not meet the required standards, he/she will be dismissed from the program.

M.F.A. in Writing and Producing for Television Requirements

Major Requirements 45 semester hours
Thesis Requirements 6 semester hours
Overall Total 51 semester hour

First Year

Fall Semester

- SCWR 511 Introduction to Television Producing 3 semester hours *must earn B or better
- SCWR 550 Elements of Television Writing 3 semester hours *must earn B or better
- FTVS 511 Television History 3 semester hours *must earn B or better

Spring Semester

- SCWR 660 Writing Episodic Drama 3 semester hours or
- SCWR 670 Writing Episodic Comedy 3 semester hours
- SCWR 554 The TV Writers Room 3 semester hours
- SCWR 551 Seminar in Feature Writing 3 semester hours

Second Year

Fall Semester

- SCWR 661 Writing the Drama Pilot 3 semester hours
- SCWR 671 Writing the Comedy Pilot 3 semester hours

Spring Semester

- SCWR 675 Rewriting the Television Pilot: Comedy and Drama 3 semester hours
- SCWR 611 Television Planning, Budgeting, and Scheduling 3 semester hours
- SCWR Elective Writing
  *Must select any one course (three semester hours) from SCWR 500 or 600 level.

Third Year

Fall Semester

- SCWR 680 Television Producing 3 semester hours
- SCWR 685 Entertainment Business Affairs 3 semester hours
- SCWR Elective Writing
  *Must select any one course (three semester hours) from SCWR 500 or 600 level.

Spring Semester

- SCWR 681 Television Post-Production 3 semester hours
- SCWR 682 Television Portfolio Workshop 3 semester hours

Writing for the Screen, M.F.A.

Objectives

- Students will prepare for specific careers in film, television, and new and emerging media through a highly professional and challenging graduate curriculum.
- Students will demonstrate the application of the theoretical, aesthetic, and practical elements of film, television, and emerging new media, story development, and script writing at a professional level suitable for pursuing a career in academia and/or the entertainment industry.

Learning Outcomes

- Students will demonstrate, through a portfolio of screenplays and teleplays, mastery of story development, character development, storytelling structure, and cinematic style.
- Students will demonstrate the ability to pitch stories and scripts to producers, managers, agents, studios, cable outlets, and networks.
- Students will demonstrate proficiency in writing for screens of all sizes. Students will value diverse stories that explore social justice issues and ethical and humanistic themes.
- Students will develop entrepreneurial skills by creating relationships with outside organizations through internships, mentorships, and designated courses and workshops.
Students will demonstrate the fundamental business skills required for working effectively with producers, managers, agents, and the Writers Guild of America.

Students will demonstrate proficiency in analyzing the influences of film, television, and emerging media on our culture, and vice versa.

M.F.A. Writing for the Screen

The goal of the MFA program in Writing for the Screen is to train students for a career in screenwriting—to develop mastery in writing for screens of all sizes. Using long-form storytelling as a basis for teaching screenwriting, students will progress from the elements class to the creation of a portfolio of work, which will include three feature length screenplays, one episodic teleplay, and at least one original pilot for television. Students can also take writing electives such as transmedia, video-game writing, or playwriting. Proper sequencing of major requirements is indicated by prerequisites of individual courses and as noted in the outline below. Please consult an academic advisor.

Students must maintain a "B" (3.0) average to remain in good academic standing. Students who fall below a "B" average will be placed on academic probation and will have one semester to bring their grade average up to a "B."

At the end of the first and third semesters, students are required to attend an MFA Performance Review with the department faculty to discuss his/her overall cumulative progress in the program. Letters will be sent to each student following this meeting to say he/she is either performing in an exceptional way, a satisfactory way, or an unsatisfactory way. In the last case the student will be placed on academic probation. Academic probation will require another meeting at the end of the following semester. If the student does not meet the required standards, he/she will be dismissed from the program.

M.F.A. in Writing for the Screen Requirements

Major Requirement 45 semester hours

Thesis Requirements 6 semester hours

Overall Total 51 semester hour

First Year

Fall Semester

- SCWR 510 Producing and Directing for Feature Film Screenwriters 3 semester hours
  *must earn B or better

- SCWR 540 Elements of Feature Film Screenwriting 3 semester hours
  *must earn B or better

- FTVS Elective Film, Television, and Media Studies:
  *Must select any one course (three semester hours) from FTVS 500 or 600 level.
  *must earn B or better

Spring Semester

Second Year

Fall Semester

- SCWR 671 Writing the Comedy Pilot 3 semester hours or
- SCWR Elective
  *Must select any one course (three semester hours) from SCWR 500 or 600 level.
  *FTVS, PROD courses by permission of Graduate Director

Spring Semester

- SCWR 641 Feature Film Adaptation 3 semester hours
- SCWR 651 Rewriting Advanced Screenwriting Project 3 semester hours
- SCWR 661 Writing the Drama Pilot 3 semester hours or
- SCWR 671 Writing the Comedy Pilot 3 semester hours or
- SCWR Elective
  *Must select any one course (three semester hours) from SCWR 500 or 600 level.

Third Year

Fall Semester

- SCWR 685 Entertainment Business Affairs 3 semester hours
- SCWR 690 Thesis Screenplay Project 3 semester hours
- SCWR 661 Writing the Drama Pilot 3 semester hours or
- SCWR 671 Writing the Comedy Pilot 3 semester hours or
- SCWR Elective
  *Must select any one course (three semester hours) from SCWR 500 or 600 level.

Spring Semester

- SCWR 691 Rewriting Thesis Screenplay Project 3 semester hours
- SCWR 692 Feature Film Portfolio Workshop 3 semester hours

Screenwriting Minor
Minor Requirements

The School of Film and Television offers a minor in Screenwriting.

The minor is 18 semester hours consisting of:

- FTVS 210 Art of the Cinema 3 semester hours or
- FTVS 212 Art of Television 3 semester hours

- SCWR 220 Beginning Screenwriting 3 semester hours
- SCWR 320 Intermediate Screenwriting 3 semester hours
- SCWR 321 Rewriting the Feature 3 semester hours

Two elective courses (six semester hours) chosen from:

- SCWR 325 Writing the TV Situation Comedy 3 semester hours
- SCWR 426 Writing One-Hour Episodic TV 3 semester hours
- SCWR 428 Adaptation: One Medium to Another 3 semester hours

Other courses by permission of Chairperson.
Aerospace Studies

All University Colleges and Schools

Faculty
Laning Davis, Ian Fryman, Joe Gordon (Department Chairperson), Won In

General Military Course
The first two years of Aerospace Studies (AERO 100, AERO 200) are designated the General Military Course (GMC) for students enrolled in Air Force Reserve Officer Training Corps (AFROTC). There are no prerequisites for these courses, and all University students may participate. These courses focus on developing individual communication skills, basic leadership traits, understanding the environment of the Air Force officer, and comprehending the historical development of the United States Air Force in the national security structure. AERO 100 and AERO 200 may be taken concurrently to allow late entry into the program by second-semester freshmen and sophomores.

Professional Officer Course
The last two years of AFROTC (AERO 300, AERO 400) are designated the Professional Officer Course (POC) for students enrolled in AFROTC. They are designed to prepare cadets for duty as officers in the United States Air Force and provide students with a working knowledge of advanced leadership and management theories and applications, as well as an understanding of the United States national security processes. The POC includes academics, interaction with military and national security professionals, and the practice of leadership and management in a large group environment.

Special Notes
Aerospace Studies academic courses are open to all students who wish to take these classes as electives, whether they are cadets or not. Courses may or may not count toward graduation, depending upon the student's major. Students should consult their Dean and Department Chairperson for allowable courses. Leadership laboratories are mandatory for members of the cadet wing. Students that are not members of the cadet wing cannot enroll in the leadership laboratory courses.

Air Force Reserve Officer Training Corps Program
The AFROTC program at Loyola Marymount University is conducted by active duty Air Force Officers assigned to the Department of Aerospace Studies. The program is designed to prepare qualified men and women for careers as commissioned officers in the United States Air Force. Textbooks, uniforms, and all other equipment used in this program are furnished by the Air Force at no expense to the student.

Air Force ROTC offers three- and four-year scholarships. Additionally, Loyola Marymount University supplements some Air Force ROTC scholarships with room and board.

A nominal four-year program consists of two years of the General Military Course, followed by two years of the Professional Officer Course. Admission into the Professional Officer Course is limited to those students who successfully pass required written, oral, and physical examinations. During the summer between the sophomore and junior year, cadets are required to attend four weeks of field training at Maxwell Air Force Base, Alabama, to familiarize them with Air Force life. The Air Force furnishes all uniforms, equipment, and transportation. Students also receive pay and allowances authorized by current directives at the time of field training attendance. After successfully completing field training, qualified cadets enter the Professional Officer Course and receive $350-400 per month, tax-free, during the final two years of AFROTC. For information on scholarships, please go to www.afrotc.com.

AFROTC offers students expanded access to management theories and practice, exposure to industry and military leaders, and opportunities to better comprehend international political and security environments. While most training takes place on the LMU campus, it includes extensive interaction with students from other local universities and colleges who participate in the program. In addition to a commission upon graduation, cadets may apply for careers as pilots, navigators, space and missile operators, business administrators, engineers, health professionals, intelligence, officers, and many other specialties.
Secondary Teacher Preparation

Introduction
The Loyola Marymount University Center for Undergraduate Teacher Preparation exists to provide matriculation-to-graduation advising and other academic and professional support to undergraduates preparing for careers in K-12 teaching. The Center also serves as a resource for faculty and staff who provide instruction and other services in LMU’s subject-matter teacher preparation programs.

In carrying out its work, the Center for Undergraduate Teacher Preparation is informed by the Mission and Goals of Loyola Marymount University, which emphasize the encouragement of learning, the education of the whole person, the service of faith, and the promotion of justice. For the encouragement of learning, the Center facilitates academically challenging teacher preparation programs where the faculty model effective pedagogy. The Center contributes to the education of the whole person through a vision of the educational process as the simultaneous formation of intellect, moral character, the senses and the imagination. The Center’s role in the service of faith includes training future Catholic educators as well as cultivating respect in all our future teachers for the rich diversity of faith traditions in our multicultural society. To promote justice, the Center educates our future teachers to be agents of positive social change for all members of global society.

All LMU undergraduates who foresee a career in K-12 teaching, whether enrolling in a formal teacher preparation program or not, are encouraged to contact the Center for Undergraduate Teacher Preparation for support throughout their time at LMU.

Secondary Teacher Preparation in Art
The Art Education Emphasis is designed to create reflective, informed, caring, and capable artists who are skilled in using interpersonal and creative tools for teaching careers in California schools at the secondary level (grades 6-12). Students interested in earning a State of California Single Subject Teaching Credential in Art must fulfill all the requirements for the major in Studio Arts (STAR) with an Emphasis in Art Education (ARTE), the requirements for a minor in Secondary Education (SEED), and the requirements for a single subject credential in Art (SECR). With the help of their advisor, students can carefully design a schedule to complete the program during their four years at LMU. Students who seek graduation with an Art Education Emphasis and a teaching credential should ideally declare the Art Education Emphasis as a freshman.

The LMU Secondary Teacher Preparation Program in Art is approved by the California Commission on Teacher Credentialing. The Department of Art and Art History is a fully accredited member of the National Association of Schools of Art and Design. Students should consult with the Director/Advisor of Secondary Teacher Preparation Program in Art, Professor Terry Lenihan (tlenihan@lmu.edu 310.338.4409) to sign up for the program and to discuss their course of study.

Please contact the School of Education at soeinfo@lmu.edu for information about all available Secondary Teacher Preparation Programs (STPP). All students interested in teaching Art in middle schools or high schools should meet with their departmental advisors as soon as possible and must also attend a mandatory School of Education Undergraduate Information Session. Please call 310.338.7845 to obtain the next scheduled meeting time and to confirm attendance. The advisor for STPP students regarding the School of Education is Michael Cersosimo (Michael.Cersosimo@lmu.edu, 310.258.8806).

The Center for Undergraduate Teacher Preparation (CUTP) is also available to assist students interested in teaching careers in both secondary and elementary education. Please contact Dr. Annette Pijuan Hernandez, Senior Director and Associate Clinical Professor (Annette.Hernandez@lmu.edu, 310.338.8806). CUTP is located in UH 3346, 310.258.8806.

Major Requirements for a Major in Studio Arts (STAR) with an Emphasis in Art Education (ARTE)

Core Requirements
Consult with the Director of Art Education for Core recommendations. A student pursuing a teaching credential should take HIST 1300 Becoming America.

Lower Division Requirements
24 semester hours of lower division courses:

- ART 153 Drawing I 3 semester hours
- ART 160 Two-Dimensional Design 3 semester hours
- ART 255 Field Experience in Art 0 semester hours
- ART 257 Painting I 3 semester hours
- ART 260 Computer Graphics 1 3 semester hours
- ART 275 Three-Dimensional Design 3 semester hours
- ARHS 2000 Foundations of Western Art 4 semester hours
- ARHS 2002 Art and Society: Early Christian to Early Modern 4 semester hours
- ART 154 Drawing II: Figure Drawing 3 semester hours or
- ART 278 Ceramics I 3 semester hours or
- ART 280 Photography I 3 semester hours or
- ART 285 Introduction to Printmaking 3 semester hours as the foundation for the Studio Arts Focus.

Upper Division Requirements
27 semester hours of upper division courses:

- ART 355 Experiencing Art and Social Justice 3 semester hours
- ART 396 Design Praxis: Professional Practices in Design 3 semester hours or
- ART 397 Professional Practices in Fine Arts 3 semester hours
- ART 455 Methods in Teaching Secondary Art 3 semester hours
- ART 490 Senior Design Thesis 3 semester hours or
- ART 497 Senior Thesis in Fine Arts 3 semester hours (must take for 3 semester hours)
- 9 semester hours of upper division ART electives
- ARHS 4630 Contemporary Art 4 semester hours
A non-Western Art History course or any non-Western course:

- ARHS 3311 Pre-Columbian Art 4 semester hours
- ARHS 3331 Arts of Africa 4 semester hours
- ARHS 3341 Arts of Islam 4 semester hours
- ARHS 4301 Arts of India 4 semester hours
- ARHS 4303 Arts of China 4 semester hours
- ARHS 4307 Arts of Japan 4 semester hours
- ARHS 4998 Special Studies 1-4 semester hours

Note:

*Studio Arts Focus Requirement*

Out of the 9 semester hours of upper division ART electives, 6 must be in the same Studio Arts Focus. Select both lower and upper division courses from within the same Studio Arts Focus. Courses must be selected under the advisement of the Director of Art Education.

Secondary Teacher Preparation Program for English

*This program is currently being updated. Please contact the Center for Undergraduate Teacher Preparation for more details.*

Please contact the Center for Undergraduate Teacher Preparation for information about all available Secondary Teacher Preparation Programs. All students interested in teaching English in middle schools or high schools should meet with their departmental advisors as soon as possible and must also attend a mandatory School of Education Undergraduate Information Session. Please call 310.338.7845 to obtain the next scheduled meeting time and to confirm attendance.

Students interested in completing the coursework for the Secondary Teacher Preparation Program for English must fulfill all of the requirements for the major in English and must also fulfill special course requirements specified by the State of California. These requirements are set forth in detail below and in a brochure available from Prof. Linda Bannister (lbannist@lmu.edu, University Hall 3875, x82854).

The LMU Secondary Teacher Preparation Program for English is approved by the California Commission on Teacher Credentialing.

Checklist for Students: Secondary Teacher Preparation Program in English at LMU

Pre-Major/Lower Division Requirements (12 semester hours)

- ENGL 2201 Genres: Poetry 4 semester hours
- ENGL 2200 Genres: Drama 4 semester hours or
- ENGL 2202 Genres: Fiction 4 semester hours
- ENGL 2203 Histories: British Literature I 4 semester hours
- ENGL 2204 Histories: British Literature II 4 semester hours

Upper Division (30 semester hours)

- ENGL 3321 Shakespeare: The Major Plays 4 semester hours or
- ENGL 3322 Studies in Shakespeare 4 semester hours
- ENGL 3346 Children's Literature 4 semester hours (3 semester hours included in University Core to fulfill OLD Core "American Cultures" or NEW Core "Studies in American Diversity" Requirement.)
- ENGL Pre-1800 Literature (3 semester hours)
- ENGL Post-1800 Literature (3 semester hours)
- ENGL Comp. or Cultural Lit (3 semester hours)
- ENGL 3375 StreetRead 4 semester hours (preliminary field exp.) or
- ENGL 3376 StreetWrite 4 semester hours (preliminary field exp.)
- ENGL 5569 Linguistics 4 semester hours
- ENGL 5574 Rhetoric and Media 4 semester hours
- ENGL 5565 Theory of Teaching Writing and Literature 4 semester hours

Electives:

6 semester hours of 2 Electives, two electives of extended study in one of the domains. Two courses taken from one of the domains: 1) creative performance, 2) literary analysis, 3) rhetoric/composition, or 4) language and linguistics.

University Core Integral to Teacher Preparation Program (12 semester hours)

Includes ENGL 3346 Children's Literature (3 semester hours)

Includes ENGL 3371 American Literature I or ENGL 3372 American Literature II (3 semester hours)

Includes Communications Core (3 semester hours) and Creative Arts Core (3 semester hours) selected from the following:

Communications Core (3 semester hours)

* At least one course from the following Communication Studies courses (**also counts as University Core):*

- CMST 2800 Advanced Public Communication 4 semester hours **
- CMST 2100 Relational Communication 4 semester hours
- CMST 2200 Intercultural Communication 4 semester hours

Creative Arts Core (3 semester hours)

* At least one course from the following Theatre Arts courses (**also counts as University Core):*

- THEA 110 Beginning Acting 3 semester hours (designed for the non-major) **
- THEA 120 Stagecraft 3 semester hours (with THEA 121 Stagecraft Lab) **
- THEA 251 Theatre Practicum: Performance 0 TO 3 semester hours **
- THEA 451 Theatre Practicum: Performance 0 TO 3 semester hours **
Professional Course Work (30 semester hours)

- EDUR 400 Sociocultural Analysis of Education 3 semester hours
- EDES 401 Applied Educational Psychology for the Childhood and Adolescent Years 3 semester hours
- EDES 403 Reading and Content Learning in Middle and Secondary Schools 3 semester hours
- EDCE 412 Secondary Directed Teaching 9 TO 12 semester hours
- EDES 414 Theories and Policies of Second Language Acquisition 3 semester hours
- EDES 425 Methods in English Language Development and Specially Designed Academic Instruction in English for Elementary Educators 3 semester hours
- EDSS 440 Introduction to the Culturally and Linguistically Diverse Student with Exceptional Needs 3 semester hours
- EDES 486 Methods in Teaching Secondary English 3 semester hours

Total Semester Hours:
12+30+12+30+36 additional semester hours of University Core=120 semester hours

Explanation of Coursework Required

Candidates must complete major requirements and liberal arts core requirements that address the four domains of competence. The courses listed above under pre-major, lower division (12 semester hours), and upper division (30 semester hours) will demonstrate competence in the Four Domains.

Candidates complete coursework in the Four Domains of Competence, including:

- The literature and textual analysis requirement by taking a minimum of ten literature courses (these ten courses are included in those listed above)
- The language, linguistics, and literacy requirements by taking ENGL 5569 Linguistics; and EDES 414 Theories and Policies of Second Language Acquisition
- The rhetoric and composition requirement by taking ENGL 5574 Rhetoric and Media; and ENGL 5565 Theory of Teaching Writing and Literature
- The communications, speech, media, and creative performance requirement by taking one communications course (CMST 2800 Advanced Public Communication); one theatre course (THEA 110 Beginning Acting; THEA 120 Stagecraft/THEA 121 Stagecraft Lab; THEA 251 Theatre Practicum: Performance; or THEA 451 Theatre Practicum: Performance); and one media course (ENGL 5574 Rhetoric and Media).

Candidates must also complete extended studies in one of the domains. This extended study consists of 6 semester hours or 2 electives in the selected domain. Students may not choose one course from one domain and one course from another. They must select their two elective courses from within one domain. Students can specialize in every genre and/or period and can select from a wide range of theory and writing courses, both creative and professional.

1. Domain Course Listings:
2. Literature and Language Analysis
3. Language, Linguistics, Literacy

4. Composition and Rhetoric
5. Communications, Speech, Media, and Performance

Advising Assistance: STPP in English

A Message from the School of Education: Please contact the School of Education at soeinfo@lmu.edu for information about all available Secondary Teacher Preparation Programs. All students interested in teaching English in middle schools or high schools should meet with their departmental advisor (Dr. Linda Bannister) as soon as possible and must also attend a mandatory School of Education Undergraduate Information Session. Please call 310.338.7845 option #2 to obtain the next scheduled meeting time and to confirm attendance. The advisor for STPP students regarding the School of Education is Terri Taylor, taylor@lmu.edu, x87755.

The Center for Undergraduate Teacher Preparation (CUTP) is also available to assist students interested in teaching careers in both secondary and elementary education. Please contact Megan Edgecumbe, Program Coordinator and Academic Advisor, megan.edgecumbe@lmu.edu 310.338.1748 or Dr. Bernadette M. Musetti, Senior Director and Associate Professor of Liberal Studies, 310.338.4402, bmusetti@lmu.edu, UH 3407. The Center for Undergraduate Teacher Preparation (CUTP) has a library of information and advice for teachers and also sponsors several informational programs every year. CUTP is located in UH 3404, 310.338.1748.

Students interested in completing the coursework for the Secondary Teacher Preparation Program in English must fulfill all of the requirements for the major in English and must also fulfill special course requirements specified by the State of California. These requirements are set forth in detail in the "Secondary Teacher Preparation Program in English" section of the University Bulletin under English Department.

Students should consult with the Director/Advisor for the Secondary Teacher Preparation Program in English, Dr. Linda Bannister (lbannist@lmu.edu), UH 3875, x87755 to sign up for the program and to discuss their course of study, especially their English course.

Undergraduate-Level Coursework Plan for the Secondary Teacher Preparation Program for English

The Secondary Teacher Preparation Program for English is designed for students who anticipate teaching English in grades 6-8 or 9-12. Because of the rigorous standards set by the State of California for teacher credentialing, the Program at LMU is very specific in terms of the coursework you will be taking. With careful planning, however, it is possible to complete an English major, the University’s Core Curriculum requirements, the Secondary Teacher Preparation Program for English, and the School of Education’s required courses in four years (eight semesters).

Four-Year Plan for the English Major (120 Semester Hours)

Freshman Year

Fall Semester
- FFYS 1000 First Year Seminar 3 OR 4 semester hours
• MATH 102 or higher
• University Core 3-4 semester hours
• University Core 3-4 semester hours
• Elective 3-4 semester hours

Total: 15-19 semester hours

Spring Semester
• RHET 1000 Rhetorical Arts 3 OR 4 semester hours
• HIST 1998 Special Studies 1 TO 4 semester hours
• THEA 110/120/121/251/451 3 semester hours
• University Core 3-4 semester hours
• Social Science Lower Division Core 4 semester hours

Total: 17-19 semester hours

Sophomore Year

Fall Semester
• ENGL 2201 Genres: Poetry 4 semester hours
• ENGL 2203 Histories: British Literature I 4 semester hours
• EDUR 400 Sociocultural Analysis of Education 3 semester hours
• EDES 401 Applied Educational Psychology for the Childhood and Adolescent Years 3 semester hours
• University Core 3-4 semester hours

Total: 17-18 semester hours

Spring Semester
• ENGL 2200 Genres: Drama 4 semester hours or
• ENGL 2202 Genres: Fiction 4 semester hours
• ENGL 2204 Histories: British Literature II 4 semester hours
• EDES 414 Theories and Policies of Second Language Acquisition 3 semester hours
• EDSS 440 Introduction to the Culturally and Linguistically Diverse Student with Exceptional Needs 3 semester hours
• University Core 3-4 semester hours

Total: 17-18 semester hours

Junior Year

Fall Semester
• ENGL 3321 Shakespeare: The Major Plays 4 semester hours or
• ENGL 3322 Studies in Shakespeare 4 semester hours
• ENGL 3346 Children's Literature 4 semester hours
• ENGL 3371 American Literature I 4 semester hours or
• ENGL 3372 American Literature II 4 semester hours
• ENGL Pre-1800 Literature 4 semester hours
• EDES 425 Methods in English Language Development and Specially Designed Academic Instruction in English for Elementary Educators 3 semester hours

Total: 19 semester hours

Spring Semester
• ENGL 3375 StreetRead 4 semester hours or
• ENGL 3376 StreetWrite 4 semester hours
• ENGL 5569 Linguistics 4 semester hours
• ENGL Post-1800 Amer/Engl 4 semester hours
• EDES 486 Methods in Teaching Secondary English 3 semester hours
• University Core 3-4 semester hours

Total: 22-23 semester hours

Senior Year

Fall Semester
• ENGL 5565 Theory of Teaching Writing and Literature 4 semester hours
• ENGL 5574 Rhetoric and Media 4 semester hours
• ENGL Upper Division (choose same Domain) 4 semester hours
• ENGL Upper Division (choose same Domain) 4 semester hours
• University Core 3-4 semester hours

Total: 19-20 semester hours

Spring Semester
• EDCE 412 Secondary Directed Teaching 9 TO 12 semester hours
• EDES 403 Reading and Content Learning in Middle and Secondary Schools 3 semester hours

Total: 12-15 semester hours

Note:
This four-year plan is only a model. Course offerings vary from semester to semester. In every semester the students must meet with his or her advisor in order to decide how best to continue one's education.

Secondary Teacher Preparation Program in Social Science (History)

The LMU Secondary Teacher Preparation Program in Social Science is designed for students who are seeking history and social science teaching positions in grades 6-8 or 9-12 in school settings that are departmentalized.

This program includes courses both in the Bellarmine College of Liberal Arts and the School of Education, and it leads towards the
Secondary Teacher Preparation Program in Social Science (History) Major Requirements:

History Major Requirements:

Lower Division History Requirements:

Four (4) courses (16 semester hours) distributed as follows:

- One (1) World Regions (Middle East, Asia, Latin America, or Africa) HIST course 4 semester hours
- One (1) European HIST course 4 semester hours
- One (1) United States HIST course 4 semester hours
- HIST 2000 What Is History? 4 semester hours

Upper Division History Requirements:

Six (6) courses (24 semester hours), distributed as follows:

- HIST 4412 History of California 4 semester hours
- One (1) World Regions (Middle East, Asia, Latin America, or Africa) HIST course 4 semester hours
- One (1) European HIST course 4 semester hours
- One (1) United States HIST course 4 semester hours
- One (1) additional upper-division HIST course 4 semester hours
- One (1) 5000-level HIST seminar 4 semester hours

Social Science Course Requirements:

Five (5) courses (20 semester hours), distributed as follows:

- ECON 1050 Introductory Economics 4 semester hours
- GEOG 1000 Human Geography 4 semester hours or GEOG 2000 World Geography 4 semester hours
- THST 1080 Comparative Theology 4 semester hours or THST 1500 World Religions of Los Angeles 4 semester hours
- POLS 1200 U.S. Politics 4 semester hours
- POLS 1400 Comparative Politics 4 semester hours or POLS 1600 International Relations 4 semester hours

Education Requirements:

30 or 33 semester hours, distributed as follows:

- EDUR 400 Sociocultural Analysis of Education 3 semester hours
- EDES 401 Applied Educational Psychology for the Childhood and Adolescent Years 3 semester hours
- EDES 414 Theories and Policies of Second Language Acquisition 3 semester hours
- EDSS 440 Introduction to the Culturally and Linguistically Diverse Student with Exceptional Needs 3 semester hours
- EDES 426 Methods in English Language Development and Specially Designed Academic Instruction in English for Secondary Educators 3 semester hours
- EDES 403 Reading and Content Learning in Middle and Secondary Schools 3 semester hours
- EDES 485 Methods in Teaching Secondary Social Studies 3 semester hours
- EDCE 412 Secondary Directed Teaching 9 TO 12 semester hours

Note:

Courses marked * cannot be taken prior to formal acceptance into the School of Education.

School of Education Teacher Performance Assessment (TPA) Coursework for the Secondary-Level Teaching Credential:

- EDCE 461 Teaching Performance Assessment 1 0 semester hours
- EDCE 462 Teaching Performance Assessment 2 0 semester hours
- EDCE 463 Teaching Performance Assessment 3 0 semester hours
- EDCE 464 Teaching Performance Assessment 4 0 semester hours
- EDES 8000 Health Education 1 semester hour

Total STPP in Social Sciences: 30-33 semester hours

Additional Units of either University Core or Electives: 124 semester hours

Four-Year Plan for the History Major Doing the Secondary Teacher Preparation Program

By following the model below, a student will complete most lower-division University Core requirements by the end of the sophomore year as well as all lower-division HIST major prerequisites. Note that University Core areas are suggested to provide a distribution of various disciplines every semester. Please be flexible implementing these suggestions, given your own interests and course availability. In four years, this plan meets all common LMU graduation requirements.

Freshman Year

Fall Semester

- FFYS 1000 First Year Seminar 3 OR 4 semester hours
- HIST Lower Division 4 semester hours
- THST 1080 Comparative Theology 4 semester hours or THST 1500 World Religions of Los Angeles 4 semester hours
• POLS 1200 U.S. Politics 4 semester hours
Total: 15-16 semester hours

Spring Semester
• RHET 1000 Rhetorical Arts 3 OR 4 semester hours
• HIST Lower Division 4 semester hours
• University Core 3-4 semester hours
• University Core 3-4 semester hours
Total: 13-16 semester hours

Sophomore Year

Fall Semester
• HIST Lower Division 4 semester hours
• GEOG 1000 Human Geography 4 semester hours or GEOG 2000 World Geography 4 semester hours
• University Core 3-4 semester hours
• EDUR 400 Sociocultural Analysis of Education 3 semester hours

Total: 14-15 semester hours

Spring Semester
• HIST 2000 What Is History? 4 semester hours
• HIST Upper Division 4 semester hours
• University Core 3-4 semester hours
• EDES 401 Applied Educational Psychology for the Childhood and Adolescent Years 3 semester hours

Total: 14-15 semester hours

Junior Year

Fall Semester
• HIST Upper Division 4 semester hours
• University Core 3-4 semester hours
• POLS 1400 Comparative Politics 4 semester hours or POLS 1600 International Relations 4 semester hours
• EDES 414 Theories and Policies of Second Language Acquisition 3 semester hours
• EDSS 440 Introduction to the Culturally and Linguistically Diverse Student with Exceptional Needs 3 semester hours

Total: 17-18 semester hours

Spring Semester
• HIST Upper Division 4 semester hours
• HIST 4412 History of California 4 semester hours
• ECON 1050 Introductory Economics 4 semester hours

• University Core 3-4 semester hours
Total: 15-16 semester hours

Senior Year

Fall Semester
• HIST Upper Division 4 semester hours
• EDES 426 Methods in English Language Development and Specially Designed Academic Instruction in English for Secondary Educators 3 semester hours
• EDES 403 Reading and Content Learning in Middle and Secondary Schools 3 semester hours
• EDES 485 Methods in Teaching Secondary Social Studies 3 semester hours
• University Core 3-4 semester hours
Total: 16-17 semester hours

Spring Semester
• HIST Seminar (HIST 5000-5899) 4 semester hours
• EDCE 412 Secondary Directed Teaching 9 TO 12 semester hours

Total: 13-16 semester hours

Note:
Every semester, students in the LMU Secondary Teacher Preparation Program (STPP) in Social Science should meet with his or her History Department advisor, the director of the STPP in Social Science, and the advisor in the LMU Center for Undergraduate Teacher Preparation (CUTP).

Contact Dr. Lance Blakesley at lblakesl@lmu.edu, University Hall 4127, 310.338.7377. Also, contact the Center for Undergraduate Teacher Preparation (CUTP) at cutp@lmu.edu, University Hall 3346, 310.258.8806.

Secondary Teacher Preparation Program in Social Science (Political Science)

The LMU Secondary Teacher Preparation Program in Social Science is designed for students who are seeking history and social science teaching positions in grades 6-8 or 9-12 in school settings that are departmentalized.

This program includes courses both in the Bellarmine College of Liberal Arts and the School of Education, and it leads towards the 2042 Preliminary Single-Subject Teaching Credential granted by the State of California Commission on Teacher Credentialing.

Students are able to complete the LMU Secondary Teacher Preparation Program in Social Science at the same time that they complete a B.A. degree with a major either in History or Political Science. The LMU Secondary Teacher Preparation Program in Social Science has been approved by the California Commission on Teacher Credentialing.
Secondary Teacher Preparation Program in Social Science (Political Science) Major Requirements:

Political Science Major Requirements:

Lower Division Political Science Requirements:

Four (4) courses (16 semester hours) distributed as follows:

- POLS 1200 U.S. Politics 4 semester hours
- POLS 1400 Comparative Politics 4 semester hours or
- POLS 1600 International Relations 4 semester hours
- POLS 2000 Foundations of Political Theory 4 semester hours
- POLS 2100 Empirical Approaches 4 semester hours

Upper Division Political Science Requirements:

Six (6) courses (24 semester hours) distributed as follows:

- One (1) United States Politics course 4 semester hours
- One (1) Comparative Politics course 4 semester hours
- One (1) International Relations course 4 semester hours
- Two (2) additional POLS upper-division courses 8 semester hours
- One (1) 5000-level POLS seminar 4 semester hours

History Course Requirements:

Lower Division History Requirements:

Three (3) courses (12 semester hours) distributed as follows:

- One (1) World Regions (Middle East, Asia, Latin America, or Africa) HIST course 4 semester hours
- One (1) European HIST course 4 semester hours
- One (1) United States HIST course 4 semester hours

Upper Division History Requirements:

Five (5) courses (20 semester hours) distributed as follows:

- HIST 4412 History of California 4 semester hours
- One (1) World Regions (Middle East, Asia, Latin America, or Africa) HIST course 4 semester hours
- One (1) European HIST course 4 semester hours
- One (1) United States HIST course 4 semester hours
- One (1) additional upper-division HIST course 4 semester hours

Social Science Course Requirements:

Three (3) courses (12 semester hours) distributed as follows:

- ECON 1050 Introductory Economics 4 semester hours
- GEOG 1000 Human Geography 4 semester hours or
- GEOG 2000 World Geography 4 semester hours

- THST 1080 Comparative Theology 4 semester hours
- THST 1500 World Religions of Los Angeles 4 semester hours

Education Requirements:

30 or 33 semester hours, distributed as follows:

- EDUR 400 Sociocultural Analysis of Education 3 semester hours
- EDES 401 Applied Educational Psychology for the Childhood and Adolescent Years 3 semester hours
- EDES 414 Theories and Policies of Second Language Acquisition 3 semester hours
- EDSS 440 Introduction to the Culturally and Linguistically Diverse Student with Exceptional Needs 3 semester hours
- EDES 426 Methods in English Language Development and Specially Designed Academic Instruction in English for Secondary Educators 3 semester hours *
- EDES 403 Reading and Content Learning in Middle and Secondary Schools 3 semester hours *
- EDES 485 Methods in Teaching Secondary Social Studies 3 semester hours *
- EDES 412 Secondary Directed Teaching 9 TO 12 semester hours *

Note:

Courses marked * cannot be taken prior to formal acceptance into the School of Education.

School of Education Teacher Performance Assessment (TPA) Coursework for the Secondary-Level Teaching Credential:

- EDCE 461 Teaching Performance Assessment 1 0 semester hours
- EDCE 462 Teaching Performance Assessment 2 0 semester hours
- EDCE 463 Teaching Performance Assessment 3 0 semester hours
- EDCE 464 Teaching Performance Assessment 4 0 semester hours
- EDES 8000 Health Education 1 semester hour

Total STPP in Social Sciences: 117-120 semester hours

Note:

Because it would be very difficult for a student with a Political Science Major to complete all of the POLS, additional STPP, and University Core course requirements in 8 undergraduate semesters, students should plan to either complete some of the required courses during a 9th undergraduate semester, during summer sessions, or by completing graduate-level education courses in a School of Education program.

Contact Dr. Lance Blakesley at lblakesl@lmu.edu, University Hall 4127, 310.338.7377. Also, contact the Center for Undergraduate Teacher Preparation (CUTP) at cutp@lmu.edu, University Hall 3346, 310.258.8806.
Other Programs

Teacher Preparation Programs in Biology, Chemistry, and Mathematics

The Frank R. Seaver College of Science and Engineering offers subject matter preparation programs in mathematics and in science specifically designed to meet State of California subject matter requirements for a secondary teaching credential. Both the Bachelor of Arts degree in Mathematics (see the Mathematics section) and the Bachelor of Science degree in Natural Science (see the Natural Science section) are designed to allow completion of the California Preliminary Single Subject (Secondary) credential in four years, although this may require some summer coursework. These programs are offered in conjunction with the Center for Undergraduate Teacher Preparation and the School of Education. The College also offers courses in mathematics and science to support the multiple subject credential program for teaching elementary school (see the Liberal Studies section in the Bellarmine College of Liberal Arts part of the University Bulletin).

All students interested in teaching mathematics or science at the secondary level should inform their departmental advisors as soon as possible and should also contact the Center for Undergraduate Teacher Preparation and the School of Education to arrange a time to attend an Undergraduate Information Session.
Accounting (ACCT)

ACCT 2110 Financial Accounting
3 semester hours
This is the first course in a two-accounting-course sequence that is required for all business majors. This course introduces the student to 1) the role of accounting in business and society, 2) the basic concepts and techniques of financial accounting and 3) the use of financial statements for decision-making purposes. Topics covered include analyzing and recording business transactions; preparing of accounting records for business organizations; accounting valuations of financial resources; and the preparation, interpretation, and analysis of financial statements.
Prerequisites: MATH 112 or MATH 120 or MATH 131, all with a minimum grade of C (2.0).

ACCT 2120 Accounting Information for Decision Making
3 semester hours
This course involves study of managerial accounting, in which economic information (both qualitative and quantitative) is used to make strategic business decisions. This course is the second of two introductory accounting courses (business core prerequisite: ACCT 2110 Financial Accounting) required for all business majors and as a prerequisite to all other accounting courses. Managerial accounting information is used to make decisions that guide the organization through planning, organizing, directing, and controlling activities. Strategic decision making requires a future orientation to the information, with relevant and flexible data. This course draws heavily from economics, finance, management, and marketing.
Prerequisites: ACCT 2110; BADM 1030; MATH 112 or MATH 131, all with a minimum grade of C (2.0).
University Core fulfilled: Flag: Information Literacy.

ACCT 3110 Intermediate Accounting I
4 semester hours
This course begins the in-depth study of financial accounting and reporting. Topics covered include the environment of the standard setting process for financial reporting, the conceptual framework, basic financial accounting concepts, accounting cycle procedures, financial statement preparation and financial disclosures, basic ratio analysis, revenue recognition, present value applications, and accounting standards and procedures for cash, notes and accounts receivable, and inventories. Uses and limitations of the balance sheets, income statements, and statements of cash flows are studied. Researching accounting issues through the use of the FASB's Codification database is integrated throughout the course.
Prerequisites: BADM 1030 and ACCT 2120, both with a minimum grade of C (2.0).

ACCT 3120 Intermediate Accounting II
4 semester hours
This course continues the in-depth study of financial accounting and reporting introduced in ACCT 3110. The conceptual and procedural aspects of some of the complex and controversial topics in financial accounting are studied from both the U.S. and an international accounting perspective. Topics include the accounting for property, plant, and equipment, intangible assets, investments, long-term debt, leases, deferred income taxes, contingent liabilities, pensions and other post-retirement benefits, and several issues relating to stockholders' equity. Coverage of these topics includes an historical perspective, current practice, awareness of limitations in current practice, and possible future directions. Researching accounting issues through the use of the FASB's Codification database is integrated throughout the course.
Prerequisite: ACCT 3110 with a minimum grade of C (2.0).

ACCT 3130 Cost Management
4 semester hours
This course continues the process of analyzing economic events within the framework of accounting information systems and the use of information in the management decision-making process.
Students are expected to analyze and evaluate business operations and activities. The topics will include those of the traditional product costing methods as well as cost management topics. Advanced topics of decision making structure, together with the measurement of performance, and the new competitive environment are covered during the last part of the semester. This course draws heavily from other disciplines, especially the fields of management and economics.
Prerequisite: ACCT 2120 with a minimum grade of C (2.0).

ACCT 3140 Accounting Information Systems
4 semester hours
This course introduces students to the fundamentals of accounting information systems including enterprise systems, transaction processing, database design and management concepts, system documentation techniques, business processes, risk assessments, and internal controls. Various computer applications are used to provide hands-on experience of accounting information collection, processing, and reporting to reinforce financial and managerial accounting concepts within the context of accounting information systems.
Accounting majors only, except by permission of instructor.
Prerequisites: ACCT 2120 and BADM 1030, both with a minimum grade of C (2.0).

ACCT 3197 Internship
1 semester hour
The objective of this one-semester-hour course is to help students achieve a worthwhile learning experience relevant to their major program of study. The internship, conducted with an off-campus organization, will help the student gain insights relative to his/her strengths and weaknesses in the job environment.
Prerequisite: ACCT 3110 with a minimum grade of C (2.0).

ACCT 4110 Advanced Accounting
4 semester hours
This course completes the undergraduate study of financial accounting and reporting. An emphasis is placed on consolidated financial statements. Additional topics covered include foreign currency transactions, translation of the financial statements of foreign entities, and governmental accounting for local and state governments. International financial reporting standards are integrated into the course content as applicable.
Accounting majors only, except by permission of instructor.
Prerequisites: ACCT 3120 with a minimum grade of C (2.0) and ACCT 3140.

ACCT 4120 Income Tax Accounting
4 semester hours
This is a comprehensive study of federal tax laws and administration with emphasis on the taxation of individuals. In addition, application of the components of the federal income tax formulas for partnerships, corporations, and other business entities will be examined.
Accounting majors/minors only, except by permission of instructor and approval of Associate Dean.
Prerequisite: ACCT 3110 with a minimum grade of C (2.0).

ACCT 4150 Accounting Ethics, Professionalism, and the Public Interest
4 semester hours
This course examines the role of accountants and the accounting
profession in society. Students learn about the history, legal, and ethical responsibilities of the accounting profession. Major ethical theories are introduced and analyzed before applying them to ethical and justice issues that arise in accounting and business practice. Students are encouraged to adopt the objectivity, integrity, and ethical standards necessary to serve society as an accounting professional.

Accounting majors only, except by permission of instructor.
Prerequisites: ACCT 3110 and BADM 1020, both with a minimum grade of C (2.0).
University Core fulfilled: Integrations: Ethics and Justice.

ACCT 4160 Auditing
4 semester hours
This course covers the Audit Profession and the responsibilities of the Auditor, Ethics and the role of other audit professions. It also covers the tools and techniques for conducting an audit, sampling techniques and their application, the areas to be audited and the reporting requirements after an audit is completed. Discussions are also conducted on the requirements for audits of public companies under Sarbanes-Oxley (2002), the use of technology and its impact on the audit process, and the role of regulatory bodies in maintaining the accountability of the accounting profession. Accounting majors only, except by permission of instructor and approval of Associate Dean.
Prerequisites: ACCT 3120, ACCT 3140, and ECON 2300, with a minimum grade of C (2.0); ACCT 3130.

ACCT 4180 Fraud Examination
3 semester hours
An introductory course designed for business managers and those beginning careers in accounting and auditing. The course stresses the nature of fraud, its litigation, approaches to detecting and preventing fraud, fraud inquiry methods, and reports issued by fraud examiners. Specific topics covered include: financial statement fraud, asset conversion frauds, computer frauds, and bankruptcy frauds. The course advocates a more careful and skeptical view of financial transactions and information.
Prerequisite: ACCT 3110.

ACCT 4198 Special Studies
1 TO 3 semester hours

ACCT 4199 Independent Studies
1 TO 3 semester hours

ACCT 5110 Advanced Accounting Topics
4 semester hours
A graduate study of financial accounting and reporting. Advanced Accounting includes comprehensive coverage of the accounting and reporting for investment activities of businesses. Specific areas covered include: the equity method of accounting for investments; business combinations; the reporting of consolidated financial statements; the recording of foreign currency transactions and hedging risk; the translation of foreign financial statements; the integration of applicable International Financial Reporting Standards with USGAAP; and an introduction to accounting and reporting the activities of state and local governmental units. Individual student research into related advanced accounting areas is expected. Graduate standing required.

ACCT 5198 Special Studies
1 TO 3 semester hours

3 semester hours
This course covers the following topics: the financial accounting standard setting process in the U.S. and internationally; accounting theory and practice; introduction to academic papers in financial accounting; and other corporate financial reporting. An individual student research project is expected. Graduate standing required.

ACCT 6112 Accounting and Finance Concepts for Strategic Planning
3 semester hours
Through the lens of the Chief Financial Officer, this course aims to highlight common mistakes in strategic planning and prepare students to convincingly document critical assumptions, incorporating global trends, ethics, and real world risk management. Key concepts that help to evaluate initial funding, cash flows, and return on investment in formats used in banks and boardrooms are examined.
Graduate standing required.

ACCT 6114 The CFO Perspective
3 semester hours
The roles and responsibilities of the Chief Financial Officer (CFO) in multiples industries and contexts are examined in depth to understand the relationships among the financial, operational, and strategic issues of the firm. Multiple perspectives on the role of the CFO are explored.
Graduate standing required.

ACCT 6120 Taxes and Business Strategy
3 semester hours
The purpose of this course is to provide a framework for understanding how taxes affect business decisions. The framework considers contracting parties, federal taxes, and relevant costs. The course will include topics such as tax planning for investments and compensation; tax planning for mergers, acquisitions, and divestitures; and domestic and international tax planning for various legal entities.
Graduate standing required.

ACCT 6130 Accounting Information, Analysis, and Evaluation
3 semester hours
This course involves the analysis and evaluation of the accounting systems, profitability measures, and costs. Quantitative and statistical methods and techniques are used in data analysis to help formulate and implement strategies that create value for stakeholders. Students are introduced to measurement theory and hypothesis testing, statistical operational control, and competitive pricing strategies as well as forecasting sales and profits. Ethical dimensions of business decisions are examined as accounting data are used to understand and communicate performance trends, responsibility reports, and design rewards system in relation to organizational goals.
Graduate standing required.

ACCT 6150 Accounting Ethics, Professionalism, and the Public Interest
3 semester hours
Accountants play an important role in society. Their role is examined in this course through an in-depth study of accounting ethics, professionalism, and the public interest. Students learn about and analyze the history of the profession; the legal and ethical responsibilities of the profession; important legislation that has impacted the profession and the practice of accounting, particularly auditing; and the current environment in which accountants and auditors work. The course also exposes students to moral reasoning and ethical decision making and encourages students to adopt the objectivity, integrity, and ethical standards necessary to serve society as an accounting professional.
Graduate standing required.

ACCT 6160 Advanced Auditing
3 semester hours
This course examines advanced topics in financial statement auditing, such as influence of capital market intermediaries, auditor litigation, due diligence of issues and clients, detecting errors and fraud, analytical procedures, impairment reviews, going-concern
assessment, integrating substantive audit procedures with COSO, Sarbanes-Oxley prescribed reviews of internal controls over financial reporting, risk detection and assessment/quantification, and hands-on computer assisted audit tools and techniques (CAATTs). Graduate standing required.

**ACCT 6170 Professional Accounting Research**  
3 semester hours  
This course provides an in-depth examination of the professional accounting and auditing research process and the communication of research results. This includes issue identification, location and evaluation of authority using online and electronic accounting, auditing, and tax research databases, developing conclusions and recommendations, and communication of results. Graduate Accounting majors only.

**ACCT 6180 Fraud Examination**  
3 semester hours  
The course stresses the nature of fraud, its litigation, approaches to detecting and preventing fraud, fraud inquiry methods, and reports issued by fraud examiners. Specific topics covered include: financial statement fraud, asset conversion frauds, computer frauds, and bankruptcy frauds. The course advocates a more careful and skeptical view of financial transactions and information. Graduate standing required.

**ACCT 6197 Internship Experience**  
1 TO 3 semester hours  
The objective of this course is to help students achieve a worthwhile learning experience relevant to their major program of study. The internship, conducted with an off-campus organization, will help the student gain insights relative to his/her strengths and weaknesses in the job environment.

**ACCT 6198 Special Studies**  
1 TO 3 semester hours

**ACCT 6199 Independent Studies**  
1 TO 3 semester hours

**Aerospace Studies (AERO)**

**AERO 100 Foundation of the USAF I**  
1 semester hour  
A survey course designed to introduce students to the United States Air Force and Air Force Reserve Officers Training Corps. Featured topics include: mission and organization of the Air Force, officer/civilian professionalism, military customs and courtesies, officer career field opportunities, group leadership experiences, and an introduction to communication skills.

**AERO 101 Foundation of the USAF II**  
1 semester hour  
A survey course designed to introduce students to the United States Air Force and Air Force Reserve Officers Training Corps. Featured topics include: mission and organization of the Air Force, officer/civilian professionalism, military customs and courtesies, officer career field opportunities, group leadership experiences, and an introduction to communication skills.

**AERO 102 Laboratory I**  
0 semester hours  
Students are exposed to leadership experiences by learning basic military drill and ceremonies, participating in physical fitness activities, and participating in challenging group activities. (Taken concurrently with AERO 100, mandatory for cadets, not offered to students not pursuing an AFROTC commission.)

**AERO 103 Laboratory II**  
0 semester hours  
Students are exposed to leadership experiences by learning basic military drill and ceremonies, participating in physical fitness activities, and participating in challenging group activities. (Taken concurrently with AERO 101, mandatory for cadets, not offered to students not pursuing an AFROTC commission.)

**AERO 200 The Evolution USAF Air and Space Power I**  
1 semester hour  
A course designed to examine general aspects of air and space power through a historical perspective. Featured topics include: a study of Air Force history and heritage, significant Air Force leaders and their contributions, and key service issues, ethics, and values. Students give oral and written presentations and participate in group leadership exercises.

**AERO 201 The Evolution of USAF Air and Space Power II**  
1 semester hour  
A course designed to examine general aspects of air and space power through a historical perspective. Featured topics include: a study of Air Force history and heritage, significant Air Force leaders and their contributions, and key service issues, ethics, and values. Students give oral and written presentations and participate in group leadership exercises.

**AERO 202 Laboratory III**  
0 semester hours  
Students are exposed to leadership experience by directing others in basic military drill and ceremonies, participating in physical fitness activities, and participating in challenging group activities. (Taken concurrently with AERO 200, mandatory for cadets, not offered to students not pursuing an AFROTC commission.)

**AERO 203 Laboratory IV**  
0 semester hours  
Students are exposed to leadership experience by directing others in basic military drill and ceremonies, participating in physical fitness activities, and participating in challenging group activities. (Taken concurrently with AERO 201, mandatory for cadets, not offered to students not pursuing an AFROTC commission.)

**AERO 300 Air Force Leadership Studies I**  
3 semester hours  
A study of leadership and quality management fundamentals, professional knowledge, Air Force doctrine, leadership ethics, and advanced communication skills. Case studies are used to examine Air Force leadership and management situations by demonstrating and exercising practical application of the concept being studied.

**AERO 301 Air Force Leadership Studies II**  
3 semester hours  
A study of leadership and quality management fundamentals, professional knowledge, Air Force doctrine, leadership ethics, and advanced communication skills. Case studies are used to examine Air Force leadership and management situations by demonstrating and exercising practical application of the concept being studied. Corequisite: AERO 303.

**AERO 302 Laboratory V**
AFAM 1211 Introduction to African American Studies
4 semester hours
An introductory course designed to give an overview of African American Studies in order to familiarize the student with the history, culture, aspirations, and contemporary issues of the African American experience.

AFAM 1998 Special Studies
1 TO 4 semester hours

AFAM 1999 Independent Studies
1 TO 4 semester hours

AFAM 2221 Black Cultural Arts
4 semester hours
A study of the Black Aesthetic as expressed in cultural productions such as music, dance, theatre, film, television, painting, sculpture, and literature along with the intersection of the cultural politics of race in American society.

AFAM 2223 Social Science Research Methods
4 semester hours
An introduction to the application and interpretation of statistical analysis to produce knowledge about race and ethnicity with a special emphasis on African Americans.
University Core fulfilled: Foundations: Quantitative Reasoning.

AFAM 2261 Gospel Choir I
1 semester hour
Students participating in LMU Gospel Choir enroll in this course.

AFAM 2262 Gospel Choir II
1 semester hour
Students participating in LMU Gospel Choir enroll in this course. Prerequisite: AFAM 2261.

AFAM 2263 Gospel Choir III
1 semester hour
Students participating in LMU Gospel Choir enroll in this course. Prerequisite: AFAM 2262.

AFAM 2264 Gospel Choir IV
1 semester hour
Students participating in LMU Gospel Choir enroll in this course. Prerequisite: AFAM 2263.

AFAM 2623 Comics, Race, and Representation
4 semester hours
Comic books are considered one of only two original American art forms (jazz is the other), and American culture is thoroughly imbued with their influence and iconography. This course explores perspectives and debates concerning the way comic books have presented, engaged, promoted, and rejected notions related to race, particularly Black racial formations, in America.

AFAM 2998 Special Studies
1 TO 4 semester hours

AFAM 2999 Independent Studies
1 TO 4 semester hours

AFAM 3112 African American Religious Traditions
4 semester hours
This course examines the history of the African American church (broadly defined) as well as its important role in social activism.
University Core fulfilled: Integrations: Interdisciplinary Connections.

AFAM 3211 African American History

African American Studies (AFAM)
332

An analysis of the historical forces which shaped the African American experience in America from past to present. University Core fulfilled: Explorations: Historical Analysis and Perspectives; Flag: Engaged Learning.

AFAM 3231 The African American Religious Tradition
4 semester hours
An examination of the history and practices of the African American church and the role it has played in the development of African American identity, culture, and social activism.

AFAM 3241 Africana Philosophy
4 semester hours
An exploration of themes and movements in Africana philosophy with special emphasis on the critique of exclusively Eurocentric philosophical paradigms.

AFAM 3308 Major Themes in African American History
4 semester hours
Explores the major historical themes in African American History such as Slavery and Freedom, The Harlem Renaissance, Civil Rights and Black Power, and African Americans at the Turn of the 21st Century.
University Core fulfilled: Flag: Engaged Learning.
Corequisite: AFAM 3309.

AFAM 3309 Engaged Learning Lab
0 semester hours
This course is a zero-semester-hour lab that is required for AFAM 3308.
Credit/No Credit grading.
Corequisite: AFAM 3308.

AFAM 3432 Black Families
4 semester hours
This course traces the development of family theory, meanings, representation, and formation from the period of slavery up to recent times. The course engages long-standing and current debates about black families in the research scholarship across disciplines and in the society at large.
University Core fulfilled: Flag: Engaged Learning.

AFAM 3621 African American Literature
4 semester hours
A study of the major themes in selected works of African American literature; examination of their social, historical, cultural, and contemporary significance.

AFAM 3623 American Cinema and Black Representation
4 semester hours
In the post-Civil Rights era, African Americans are a part of American culture in ways that reflect not only a high degree of visibility but also extraordinary popularity. American cinema is a significant visual medium that has delivered various representations of Black people, racial progress, and notions of racial pathology (whether real or fictional). This course examines how American cinema has defined the issue of race in American society.

AFAM 3643 Sociology of the Black Community
4 semester hours
A survey of the effects of long-standing discrimination and deprivation upon family structure, occupational patterns, health and educational conditions, motivation, and personal as well as group identity. An analysis of the Black power concept and its influence upon the growing community control of the ghetto.
University Core fulfilled: Flag: Engaged Learning.

AFAM 3998 Special Studies
1 TO 4 semester hours

AFAM 3999 Independent Studies
1 TO 4 semester hours

AFAM 4241 Race, Gender, and the Law
4 semester hours
This course will explore the ways in which the American legal system has contributed to the shaping of race and gender in American culture.

AFAM 4422 Hip Hop Culture
4 semester hours
This course will explore how and why hip hop has become a global phenomenon, examining themes within hip hop culture with a primary focus on race, gender, class, sexuality, and youth politics of hip hop.

AFAM 4433 Black Culture and Identities
4 semester hours
This course focuses on a critical interrogation of notions of blackness and authenticity in racial identification. The course examines constructions and (mis)representations of blackness, mixed race, as well as trans-national expressions of culture, resistance, and self-expression in the construction of family and identities.

AFAM 4631 Black Los Angeles
4 semester hours
This course reviews the social, economic, political, environmental, and spatial characteristics of Los Angeles. Students will be introduced to various theories and methods of examining urbanization, racial segregation, and economic development in order to develop a critical understanding of the contemporary circumstances of Blacks in Los Angeles.

AFAM 4641 Capstone Project
4 semester hours
Designed as a capstone experience for African American Studies majors and minors. In the seminar format, students will be challenged to integrate knowledge, skills gained in course work, and life experiences into a meaningful project that meets the challenge of academic excellence and social responsibility.
Senior standing required.

AFAM 4642 Sex, Race, and Violence
4 semester hours
This course examines the issues of sex, race, and violence and their implications for the individual, the family, and the community. Emphasis is placed on the role of socialization and the myths that impact societal attitudes about sex and violence. Students have an opportunity to identify and to explore factors that influence the manifestation of physical violence (including dating violence, child abuse, and domestic violence), and sexual violence (including date rape, stranger rape, and marital rape) across the dimensions of race, ethnicity, and gender.

AFAM 4644 African American Social Thought
AFAM 4998 Special Studies
1 TO 4 semester hours

AFAM 4999 Independent Studies
1 TO 4 semester hours

AFAM 5998 Special Studies
1 TO 4 semester hours

AFAM 5999 Independent Studies
1 TO 4 semester hours

Applied Information Management Systems (AIMS)

AIMS 2710 Management Information Systems
3 semester hours
This course is designed to introduce students to the key concepts in MIS (Management Information Systems) and to enhance understanding of the issues that business organizations face when developing and managing information systems. The course will examine the fundamental principles associated with IT development and management and the increasing impact of information technology in business organizations. The field is in a state of flux, so the course will also examine emerging technologies and IT trends. By completing the course, students should be better equipped to make IT decisions, participate in IT projects, and to communicate more knowledgeably with IT experts. Must be taken in residence at LMU
Prerequisite: BADM 1030 with a grade of C (2.0) or higher.

AIMS 3710 Database Management Systems
3 semester hours
This course is intended for the student who wishes to become more proficient at developing and managing database applications. It is designed to provide an introduction to the conceptual foundations underlying database management systems, with an emphasis on its applications in business and organizations. The course begins with an introduction to the fundamental principles of database design—from data modeling to the actual implementation of a business application. Particular emphasis will be placed on the careful planning and analysis of business needs, which will lead to the appropriate development of an Entity-Relationship Model. Using these principles, each student will design and implement a database application using Access. This part of the course will employ lectures describing database theory, as well as hands-on tutorials demonstrating database concepts using Access. The second part of the course will further investigate the relational model, which is the basis for the most popular DBMS products on the marketplace today (i.e., Oracle, SQL Server, MS Access, Sybase). Topics to be studied include relational algebra, Structured Query Language (SQL), and maintaining data integrity in a relational design. In addition, important managerial concerns will be covered including database administration and the management of multi-user databases. No prior knowledge of database management systems is required, although a strong aptitude for computer-related work is helpful.
Prerequisites: ACCT 3140 or AIMS 2710; BADM 1030 with a grade of C (2.0) or better; or consent of instructor and approval of Associate Dean.

AIMS 3720 Systems Analysis and Design
3 semester hours
The course covers fundamental concepts in OO programming using the Java language. Objects represent entities in the real world with properties whose values define their states, and with methods that describe the operations that can be performed on the objects. Objects can interact with each other by sending and receiving messages among themselves. In Java, the objects are represented as program modules, which encapsulate some portion of the objects’ characteristics and operations or behavior. The course will tackle basic concepts dealing with object-oriented problem-solving and software development. Students will learn problem-solving skills and apply them to real-world program design and construction in the Java language.
Prerequisites: ACCT 3140 or AIMS 2710; BADM 1030 with a grade of C (2.0) or better; or consent of instructor and approval of Associate Dean.

AIMS 3730 Programming for Business Applications
3 semester hours
This course is an introduction to programming with an emphasis on its business application capability. Students will learn the basic techniques of programming from concepts to code. The objectives of this course are: making students comfortable with fundamental programming terminology and concepts, including data type, input/output, control statements methods, arrays, strings and files; giving students hands-on practical experience with modeling and problem solving; and illustrating to students how such models are translated into working business applications.
Prerequisites: ACCT 3140 or AIMS 2710; BADM 1030 with a grade of C (2.0) or better; or consent of instructor and approval of Associate Dean.

AIMS 3770 Production Operations Analysis
3 semester hours
This course will introduce students to decision making and model building in the management of operations which create products and/or services. The principles of Operations Management apply throughout the world to all productive enterprises. It doesn’t matter if a good or a service is being produced, efficient production methods require the effective application of the concepts, tools, and techniques that are covered in this course. Hands-on learning is an important feature of the course. For each topic, a case analysis requires the use of Excel and/or other specialized operations management software to reinforce the underlying theoretical details.
Prerequisites: ECON 1050 or ECON 1100, ECON 2300; MATH 112 or MATH 131, all with a minimum grade of C (2.0) or higher and ACCT 3140 or AIMS 2710.

AIMS 3797 Internship
1 semester hour
The objective of this one-semester-hour course is to help students achieve a worthwhile learning experience relevant to their major program of study. The internship, conducted with an off-campus organization, will help the student gain insights relative to his/her strengths and weaknesses in the job environment.

AIMS 4720 Object-Oriented Programming
3 semester hours
The course covers fundamental concepts in OO programming using the Java language. Objects represent entities in the real world with properties whose values define their states, and with methods that describe the operations that can be performed on the objects. Objects can interact with each other by sending and receiving messages among themselves. In Java, the objects are represented as program modules, which encapsulate some portion of the objects'
The emphasis is on the business use of information security and applying them to real-world program design and construction in the Java language.

Prerequisites: ACCT 3140 or AIMS 2710; BADM 1030 with a grade of C (2.0) or better; or consent of instructor and approval of Associate Dean.

AIMS 4730 Business Data Communications
3 semester hours
An introduction to the use of data communications and other automation systems in the business environment, including the study of local and wide area networks, voice and electronic mail, video conferencing, and other automation tools in support of management.
Prerequisite: ACCT 3140 or AIMS 2710 or consent of instructor and approval by Associate Dean.

AIMS 4740 Financial Modeling for Decision Support
3 semester hours
This course introduces spreadsheet modeling skills and advanced quantitative analysis tools to support financial decision-making. Hands-on experience in the development of spreadsheet forecasting, simulation and optimization models for applications in valuations, cash budgeting, and financial planning and portfolio management will be provided.
(See FNCE 4440.)
Prerequisites: AIMS 3770 and FNCE 3410.

AIMS 4750 Web-based Development
3 semester hours
This course will introduce students to Web-based Development using various web design and development software as well as programming languages. The emphasis is on the business use of the web and its integration with business strategy and activities along with developing skills in creating effective websites. The course will teach the students the basics of web development and will introduce them to Mobile Web and Mobile Application development. Students will also learn about the current developments taking place in this area.
Prerequisite: ACCT 3140 or AIMS 2710.

AIMS 4760 Analytics and Business Intelligence
3 semester hours
Current management practices place an increasing dependence on the use of information to manage a business-business intelligence tools and systems play a critical role in this regard. To help managerial decision makers do their job effectively, it is necessary to understand the decision making process, the nature of data/information used in the decision making process and the role of information technology (in particular, business intelligence technologies) in that process. The course focuses on data mining, data warehousing and aspects of knowledge management along future directions and development of business intelligence tools in the context of business networks and collaborative online environments.
Prerequisite: ACCT 3140 or AIMS 2710.

AIMS 4770 Information Technology Security
3 semester hours
This course will introduce students to Information Technology Security in the corporate setting through various hands-on practice/experiments as well as Harvard Business School cases. The emphasis is on the business use of information security knowledge and its integration with business strategy and process along with developing skills in measuring information security, identifying security vulnerabilities, managing security risks, monitoring and preventing potential security breaches, and creating secured business practice procedures. The course will teach the students the basics of Information Technology Security and will introduce them to theory and technology of wireless network security, e-commerce security, securing online advertising as well as business continuity and disaster recovery.
Prerequisite: ACCT 3140 or AIMS 2710.

AIMS 4797 Capstone Project
3 semester hours
This course will enable students to practice team-oriented problem-solving skills in the context of undertaking and completing a complex IT project, and to demonstrate their knowledge and understanding of IT concepts and techniques in tackling analysis, design, and implementation of solutions to complex IT problems. The course will enable students to acquire and demonstrate their understanding, use, and proficiency in project management skills related to tackling IT projects, and to practice their written and oral communication skills in the write-up and presentation of their projects.
Consent of instructor required.

AIMS 4798 Special Studies
1 TO 3 semester hours

AIMS 4799 Independent Studies
1 TO 3 semester hours
Requires approval of the Associate Dean.

Animation (ANIM)

ANIM 100 History of Animation
3 semester hours
A survey of the historical developments, styles, techniques, theory, and criticism of animation as an art form. History and use of creative arts used in animation to form effective communication in film and video.

ANIM 101 Discovering Animation
3 semester hours
An integration of various creative arts used in animation, including analysis of visual language, to complete a survey course of this selected topic.
University Core fulfilled: Explorations: Creative Experience.

ANIM 110 Visual Story Development
3 semester hours
Introduction to visual techniques: color theory, design composition, and storyboarding.

ANIM 120 Beginning Animation Workshop
3 semester hours
An introduction to animation process: organization and integration of various creative arts used in animation; possibilities in style, media, technique, and equipment.
Lab fee.

ANIM 198 Special Studies
1 TO 3 semester hours

ANIM 199 Independent Studies
0 TO 3 semester hours

ANIM 220 Intermediate Animation Workshop
3 semester hours
Intermediate workshop in the art of traditional animated film production. Topics of study include digital sound production, motion and articulation strategies, camera and post-production techniques. Lab fee.
Prerequisite: ANIM 120.
Corequisite: ANIM 260.

ANIM 230 Introduction to 3-D Computer Animation
3 semester hours
Introduction to three-dimensional digital film production. Topics of study include: modeling techniques, image processing and manipulation strategies, motion and articulation solutions, digital production techniques, texture, lighting and rendering methods, compression technology, and systems for computer-created animation.
Lab fee.
Prerequisite: ANIM 220.

ANIM 231 Introduction to 2-D Computer Animation
3 semester hours
Introduction to two-dimensional digital film production. Topics of study include: image processing and manipulation, motion and articulation strategies, digital production techniques, rendering, and compression techniques.
Prerequisite: ANIM 220.

ANIM 250 Introduction to Interactive Animation
3 semester hours
This course will cover nonlinear storytelling for animators and filmmakers. An emphasis will be placed on interactive scripting to create user involvement in the unfolding narrative.
Lab fee.

ANIM 260 Digital Toolbox
3 semester hours
Introduction to principles and practices of digital imaging as applicable to film and video.
Lab fee.
Prerequisite: ANIM 120.
Corequisite: ANIM 220.

ANIM 298 Special Studies
1 TO 3 semester hours

ANIM 299 Independent Studies
0 TO 3 semester hours

ANIM 310 Intermediate Storyboard
3 semester hours
An introduction to professional storyboarding for animation. Students will create storyboards from scripts and from non-scripted ideas; apply storyboarding logic to pre-written scripts and to their own creative ideas; and identify and correct such technical problems as crossing the line, hook-up issues, jump cuts, shot redundancy, and poor composition.
Prerequisites: ANIM 110 and ANIM 220.

ANIM 320 Mechanics of Animation
3 semester hours
Workshop in the art of animated film production.
Prerequisite: ANIM 220.

ANIM 330 Intermediate 3-D Computer Animation
3 semester hours
Further practical study in computer animation including: modeling; advanced articulation methods, techniques, and solutions; lighting; texture mapping; compositing; and rendering solutions.
Prerequisite: ANIM 230.

ANIM 331 Intermediate 2-D Computer Animation
3 semester hours
Two-dimensional digital film production. Topics of study include: image processing and manipulation, motion and articulation strategies, digital production techniques, rendering, and compression techniques.
Prerequisite: ANIM 231.

ANIM 332 Programming 3-D Animation Tools
3 semester hours
Building technical skills for animators: how to automate animated graphics, write tools and customize user interfaces using Python scripting.
Prerequisite: ANIM 230 or by instructor's approval.
University Core fulfilled: Integrations: Interdisciplinary Connections; Flags: Information Literacy, Quantitative Reasoning.

ANIM 350 Intermediate Interactive Animation
3 semester hours
Introduction to creative and technical aspects of interactive animation technology.
Prerequisite: ANIM 250.

ANIM 352 Game Design
3 semester hours
The iterative process of game design will allow students to develop prototypes of their original games and storylines. Important topics include design issues, balanced play, theming, game theory, intellectual property, and play testing.

ANIM 360 Character Design
3 semester hours
An introduction to the principles of classical character design.
Prerequisite: ANIM 220.

ANIM 370 Character Animation
3 semester hours
An introduction to the principles of classical character animation, creating the illusion of life and believability.
Prerequisite: ANIM 220.

ANIM 371 3D Character Animation
3 semester hours
An introduction to the principles of 3D character animation. Creation of illusion of life and believability.
Prerequisites: ANIM 230 and ANIM 260.

ANIM 380 Visual Effects
3 semester hours
Concepts and approaches to production work in cinematic visual effects. A combination of digital and traditional methods will be discussed, with a concentration on exercises using computer
graphics to illustrate these techniques. Prerequisites: ANIM 220, ANIM 230, and ANIM 260.

**ANIM 398 Special Studies**  
1 TO 3 semester hours

**ANIM 399 Independent Studies**  
0 TO 3 semester hours

**ANIM 410 Advanced Storyboard**  
3 semester hours  
Advanced research and practice in creating and planning animated film and video. Professional experience in storyboard production. Prerequisite: ANIM 310.

**ANIM 420 Experimental Animation**  
3 semester hours  
Workshop in the art of animated film production. Lab fee.

**ANIM 443 History and Analysis of Video Games**  
3 semester hours  
This course will cover genre studies and relevant topics in the development of the past, present, and future of the videogame industry.

**ANIM 450 Advanced Interactive Animation**  
3 semester hours  
Production and design using interactive animation technology. Prerequisite: ANIM 250.

**ANIM 490 Animation Internship**  
3 semester hours  

**ANIM 495 Senior Thesis Project/Pre-Production**  
3 semester hours  
Practical experience in animation pre-production. This course centers on the animation thesis project. Development, direction, production of a sophisticated, well-produced film or project. Students are free to determine style, format, and genre of project. The student must provide a professional copy of all senior thesis-level projects to the School of Film and Television in partial fulfillment of degree requirements.

**ANIM 496 Senior Thesis Project/Production**  
3 semester hours  
Continuation of practical experience in animation production. Completion of animation thesis project. The student must provide a professional copy of all senior thesis-level projects to the School of Film and Television in partial fulfillment of degree requirements. Prerequisite: ANIM 495.

**ANIM 498 Special Studies**  
1 TO 3 semester hours

**ANIM 499 Independent Studies**  
0 TO 3 semester hours

Asian Pacific American Studies (APAM)

**APAM 1117 Introduction to Asian Pacific American Studies: A Comparative and Global Perspective**  
4 semester hours  
An introductory course which surveys the cultures and histories of Asian Pacific Americans in the United States. Interaction among various Asian Pacific American communities also will be discussed. University Core fulfilled: Foundations: Studies in American Diversity.

**APAM 1118 United States and the Pacific World**  
4 semester hours  
This class surveys the ways in which U.S. interchanges with Asia and the Pacific Islands have transformed cultural, political, ideological, and socioeconomic developments on both sides of the Pacific from the earliest contact to the twenty-first century within global and comparative frameworks. University Core fulfilled: Explorations: Historical Analysis and Perspectives.

**APAM 1998 Special Studies**  
1 TO 4 semester hours

**APAM 1999 Independent Studies**  
1 TO 4 semester hours

**APAM 2371 Asian Pacific American Literature**  
4 semester hours  

**APAM 2417 Contemporary Issues of Asian Pacific Americans**  
4 semester hours  
Topical studies of timely and pertinent contemporary interest involving Asian Pacific Americans in the United States. University Core fulfilled: Explorations: Understanding Human Behavior; Flag: Engaged Learning.

**APAM 2998 Special Studies**  
1 TO 4 semester hours

**APAM 2999 Independent Studies**  
1 TO 4 semester hours

**APAM 3998 Special Studies**  
1 TO 4 semester hours

**APAM 3999 Independent Studies**  
1 TO 4 semester hours

**APAM 4178 Asians in America: From the "Yellow Peril" to the "Model Minority"**  
4 semester hours  
This class traces the many-faceted histories of Asian Americans and Pacific Islanders from cross-cultural and transitional perspectives, beginning with the earliest immigration to the present era.

**APAM 4188 Imagining Asian Pacific America**  
4 semester hours  
Using interdisciplinary approaches and cross-cultural perspectives, this class explores the ways in which certain Asian Americans and
Pacific Islanders have been portrayed and, in turn, have portrayed themselves in the visual culture throughout historical time and place.

**APAM 4235 Asian Pacific American Women’s Experience**
4 semester hours
An interdisciplinary and comparative examination of the histories and experiences of Asian Pacific American women. Topics include social and economic inequality, literary and cultural representation as well as political and community activism.

**APAM 4327 Asian American Psychology**
4 semester hours
Coverage of major psychological issues relevant to Asian American personality, identity, and mental health, including acculturation, the creation of stereotypes, and intergenerational conflict.

**APAM 4335 Asian Pacific American Politics and Social Movements**
4 semester hours
Examines Asian American political participation from legal challenges and labor organizing to social protests and electoral politics. Explores Asian Pacific American politics and social movements in light of dramatic changes in domestic and international contexts of the past half a century.

**APAM 4337 Asian Pacific Americans and the American Law**
4 semester hours
An examination of constitutional, immigration, and civil rights laws and their impact on the Asian Pacific American experience. Discussions may include analysis of historical court cases and legislation pertaining to citizenship, exclusion, and World War II internment as well as the study of contemporary legal issues in Asian Pacific American communities.

**APAM 4350 Immigration and Los Angeles**
4 semester hours
An interdisciplinary and comparative examination of the historical role of immigration and migration in shaping the Los Angeles region as well as the social, political, economic, and cultural impact of immigration in contemporary Los Angeles. University Core fulfilled: Integrations: Interdisciplinary Connections; Flag: Writing.

**APAM 4450 Specific Ethnic Focus Seminars**
4 semester hours
An in-depth examination of the experience of a single Asian Pacific American subgroup. Populations covered will vary.

**APAM 4451 Multiracial Americans in the American Imagination**
4 semester hours
This course engages in an interdisciplinary examination of the identity development of persons of mixed race ancestry in the United States through which students derive a critical understanding of race, ethnicity, and culture, while developing a deeper appreciation for ethnic, class, gender, generational, and racial diversity. University Core fulfilled: Integrations: Interdisciplinary Connections.

**APAM 4453 Filipino American Experience**
4 semester hours
Comprehensive introduction to the Filipino American experience. Historical analysis of U.S. colonialism and the experiences of Filipino Americans as "American Nationals.” Review of contemporary issues such as immigration patterns, community formation, and family dynamics. In-depth study of Filipino American communities in Los Angeles and Southern California.

**APAM 4457 Vietnamese American Experience**
4 semester hours
Comprehensive introduction to the Vietnamese American experience. Review of Southeast Asian politics during the Cold War with emphasis on U.S. policies in Vietnam. Review of contemporary issues in the Vietnamese American community, including economic integration, political mobilization, and community and family dynamics. In-depth study of the social and cultural lives of Vietnamese Americans in Los Angeles and California.

**APAM 4459 Pacific Islander American Experience**
4 semester hours
Comprehensive study of the Pacific Islander American experience, including the histories and cultures of Pacific Islanders and contemporary issues facing the Pacific Islander American communities.

**APAM 4998 Special Studies**
1 TO 4 semester hours

**APAM 4999 Independent Studies**
1 TO 4 semester hours

**APAM 5000 Senior Thesis**
4 semester hours
This course will provide APAM minors with the opportunity to work on an individualized research project under the direction of a faculty member.

**Art History (ARHS)**

**ARHS 2000 Foundations of Western Art**
4 semester hours
An introductory survey of the visual arts from the Prehistoric through the late Roman period. University Core fulfilled: Explorations: Historical Analysis and Perspectives; Flag: Information Literacy.

**ARHS 2002 Art and Society: Early Christian to Early Modern**
4 semester hours
An introductory survey of the history of the visual arts in Western Europe from the fourth century through the early nineteenth century. University Core fulfilled: Explorations: Historical Analysis and Perspectives; Flag: Information Literacy.

**ARHS 2004 Modernism**
4 semester hours
An introductory survey of the historical development and global implications of modern art, modernism, and modernity from the nineteenth to the mid-twentieth centuries. University Core fulfilled: Explorations: Historical Analysis and Perspectives.

**ARHS 2510 Social Design**
3 semester hours
A critical and historical examination of the role of design in the communication of social and political issues. Focus is on the role of the designer as an agent for social change. Research, discussion, and project-based presentations.
Prerequisite: ART 160 or concurrent enrollment in ART 260.
ARHS 2540 Multimedia Art Survey
3 semester hours
A critical and historical examination of multimedia arts through research, discussions, and presentations.
University Core fulfilled: Flag: Writing.

ARHS 2999 Independent Studies
1 TO 4 semester hours
Individual independent studies may fulfill the non-Western Art History requirement.
Consent of instructor required.

ARHS 3100 Arts of Ancient Egypt
4 semester hours
A survey of the art and architecture of ancient Egypt from the Pre-dynastic through the Greco-Roman period.

ARHS 3102 Arts of Ancient Greece
4 semester hours
A survey of Greek art from the Bronze Age through the Hellenistic period.
University Core fulfilled: Explorations: Historical Analysis and Perspectives.

ARHS 3104 Arts of Ancient Rome
4 semester hours
A survey of Roman art from the Etruscan period through the decline of the Empire.
University Core fulfilled: Explorations: Historical Analysis and Perspectives.

ARHS 3200 Medieval Art
4 semester hours
A survey of the major developments in the arts from the rise of Christianity in the Roman Empire in the second and third centuries until the end of the Gothic period in the fourteenth century.
University Core fulfilled: Integrations: Faith and Reason; Flag: Information Literacy.

ARHS 3311 Pre-Columbian Art
4 semester hours
A survey of Pre-Columbian art and architecture from c. 1200 BCE to the fifteenth century CE.

ARHS 3321 Latin American Art
4 semester hours
A survey of the art, architecture, and visual culture of Latin America from the colonial period through the present.

ARHS 3331 Arts of Africa
4 semester hours
A survey of the arts of Africa from 1000 BCE through the twenty-first century.

ARHS 3341 Arts of Islam
4 semester hours
A survey of the art and architecture of Islam from Arabia through Spain, from the birth of Islam in the seventh century to the present.

ARHS 3351 Arts of Asia
4 semester hours
A survey of the art and architecture of East, South, and Southeast Asia.
University Core fulfilled: Integrations: Interdisciplinary Connections.

ARHS 3540 Social and Aesthetic History of Photography
3 semester hours
This interdisciplinary course will explore photography’s role in both the continuum of art history and modern visual culture but will also consider a wide range of other disciplines that have used photography as a tool of influence or research. Students will approach various bodies of photographic work from both an art historical and social science perspective.
University Core fulfilled: Integrations: Interdisciplinary Connections.

ARHS 3560 History of Design
3 semester hours
An analysis of design history from the Industrial Revolution to the present, with emphasis on creative innovation and progress as rooted in artistic, cultural, and political contexts.
Prerequisite: ART 160.

ARHS 3999 Independent Studies
1 TO 4 semester hours
Individual independent studies may fulfill the non-Western Art History requirement.
Consent of instructor required.

ARHS 4198 Special Studies
4 semester hours
Selected topics in Ancient art history. Individual sections may have a University Core affiliation.

ARHS 4240 Italian Renaissance Art
4 semester hours
An exploration of the art and architecture in Italy from the late thirteenth through the mid-sixteenth century. The course will examine a variety of primary and secondary sources to explore the nature of Italian Renaissance visual culture within its historical context.
University Core fulfilled: Explorations: Historical Analysis and Perspectives; Flag: Writing.

ARHS 4250 Northern Renaissance Art
4 semester hours
An exploration of the ways that art and architecture reflect the political, cultural, social, and religious forces that shaped society in northern Europe from c. 1380 through the late sixteenth century.
University Core fulfilled: Integrations: Interdisciplinary Connections; Flag: Writing.

ARHS 4260 Baroque Art
4 semester hours
An exploration of selected topics in the art and architecture of seventeenth-century Italy, France, Flanders, Holland, and Spain.
University Core fulfilled: Integrations: Faith and Reason.

ARHS 4298 Special Studies
4 semester hours
Selected topics in Early Christian, Medieval, Renaissance, or Baroque art history. Individual sections may have a University Core affiliation.

ARHS 4301 Arts of India
4 semester hours
An exploration of the art and architecture of India from the Indus Valley Civilization to contemporary times.
ARHS 4303 Arts of China
4 semester hours
An exploration of the arts and architecture of China from the Neolithic period to contemporary times.

ARHS 4305 Arts of Southeast Asia
4 semester hours
An exploration of the art and architecture of the Southeast Asian region.
University Core fulfilled: Integrations: Interdisciplinary Connections.

ARHS 4307 Arts of Japan
4 semester hours
An exploration of the arts and architecture of Japan from the Neolithic period to contemporary times.

ARHS 4398 Special Studies
4 semester hours
Selected topics in non-Western art history. Individual sections may have a University Core affiliation.

ARHS 4614 American Art
4 semester hours
A survey of American art from the Colonial period to ca. 1900.

ARHS 4616 Nineteenth-Century European Art
4 semester hours
An exploration of the development of European art and architecture of the long nineteenth century.

ARHS 4630 Contemporary Art
4 semester hours
An exploration of post-World War II art, with an emphasis on the development of postmodernism from 1945 to the early twenty-first century.
University Core fulfilled: Integrations: Interdisciplinary Connections.

ARHS 4640 Modern and Contemporary Art Criticism
4 semester hours
An exploration of the art criticism and theory of the twentieth and twenty-first centuries.

ARHS 4698 Special Studies
4 semester hours
Selected topics in modern and contemporary art history. Individual sections may have a University Core affiliation.

ARHS 4710 Museum/Gallery Internship
4 semester hours
A directed internship in museum or gallery education, curatorial work, registration, public relations, or installation design. Individual placements are made on the basis of the student's academic background and professional goals. Research paper required. Majors only with senior standing. Consent of instructor required.

ARHS 4730 LA Now
4 semester hours
An exploration of Los Angeles' modern and contemporary art history through lectures, field trips, and class visits by practicing artists, critics, curators, and arts professionals.
Recommended: ARHS 2004 or ARHS 4630.

ARHS 4750 Art History Study Abroad
3 TO 4 semester hours
Site-specific art history course that is taught through Study Abroad. Topics vary dependent on location. Individual sections may have a University Core affiliation.

ARHS 4751 Art History Study Abroad
3 TO 4 semester hours
Site-specific art history course that is taught through Study Abroad and fulfills the non-Western requirement. Topics vary dependent on location. Individual sections may have a University Core affiliation.

ARHS 4752 Study in Florence: The Italian Renaissance
4 semester hours
Study of Florence: The Italian Renaissance art and architecture in Florence and Tuscany.

ARHS 4754 Christian Faith and Visual Culture in Rome
4 semester hours
Combining the disciplinary approaches of theology, history, and art history, this course examines the religious and visual traditions of Late Antiquity and medieval Rome. The course, taught on-site in Rome during an accelerated summer course, provides a direct engagement with culture, art, society, and faith.

ARHS 4796 Museum Studies
4 semester hours
Selected topics in museum studies.

ARHS 4800 Junior/Senior Seminar in Art History
4 semester hours
An examination of the historiography and methodology of the discipline of art history, with a special emphasis on student research and writing.
Consent of instructor required.
University Core fulfilled: Flag: Writing.

ART 150 Introduction to Studio Arts
3 semester hours
Open to non-Studio Arts majors only. Exploration of the materials, techniques, and inspiration of the artist in the media of drawing, painting, printmaking, sculpture, and two- and three-dimensional design.
University Core fulfilled: Explorations: Creative Experience.
ART 153 Drawing I  
3 semester hours  
An introduction to drawing and the development of visual awareness. Experimentation and exploration of technique developed through a variety of subject matter. Varied media, including pencil, charcoal, ink and conte.  

ART 154 Drawing II: Figure Drawing  
3 semester hours  
Development of technique and principles used in Drawing I, ART 153, with emphasis placed on working from the figure and anatomy. Prerequisite: ART 153.

ART 160 Two-Dimensional Design  
3 semester hours  
An examination of the basic elements of two-dimensional design. Course emphasizes visual literacy as well as the conceptual and problem-solving processes used in creating and composing graphic form.

ART 182 Programming for Creative Applications  
3 semester hours  
Emphasis on programming as an art form and as a tool for creative applications. Introduction to computer programming within the context of art and design. Concepts and skills taught enhance student ability to excel in future courses about Internet, animation, interactive media, and game design. Weekly exercises balance concept and techniques to reveal potential of computer as medium and tool. Lecture, lab, workshop.  
University Core fulfilled: Flag: Quantitative Reasoning.

ART 250 Visual Arts for the Elementary Educator  
3 semester hours  
Designed to develop the visual arts for the Liberal Studies student, both personally and professionally. Projects will emphasize a personal exploration of media, techniques, art history, and art fundamentals, as well as the role of the teacher in nurturing artistic expression and aesthetic. Students will compile course material into a teaching research portfolio. Participation in the ARTsmart service-learning program is required and is incorporated into class hours. Liberal Studies majors only.  
University Core fulfilled: Explorations: Creative Experience; Flag: Engaged Learning.

ART 252 Principles of Color  
3 semester hours  
A practical exploration of the additive and subtractive principles of color theory as related to fine art and graphic design. Emphasis placed on color mixing, hue, value, intensity, proportion and visual perception. In depth class discussion reinforce the relationship between theory and practice.

ART 255 Field Experience in Art  
0 semester hours  
Designed for students interested in secondary art education. Explores practical applications of teaching through planned observation, reflection, and group discussions appropriate for future secondary art teachers. Twenty (20) hours of field observation in a secondary public school art classroom is required. Art Education Emphasis majors only. Consent of the Director of Secondary Teacher Preparation of Art required.

ART 257 Painting I  
3 semester hours  
Study of basic theoretical methods and techniques as applied to both representation and abstraction. Acrylic paints will be utilized. Prerequisite: ART 153, ART 160, or consent of instructor.

ART 260 Computer Graphics I  
3 semester hours  
Introduction to principles and practices of electronic imaging as they apply to graphics, art, and design. Recommended: ART 160.

ART 275 Three-Dimensional Design  
3 semester hours  
Examination of the basic elements of three-dimensional design emphasizing the conceptual process and utilizing various media. Prerequisite: ART 160 or consent of instructor.

ART 276 Ceramic Sculpture  
3 semester hours  
Examination of ceramics as a sculptural medium. Students will explore technical and conceptual processes of ceramics. While clay is the focus, other materials will be utilized.

ART 278 Ceramics I  
3 semester hours  
Basic techniques of hand building and throwing on the potter's wheel integrated with aesthetic exploration through various projects. University Core fulfilled: Explorations: Creative Experience.

ART 280 Photography I  
3 semester hours  
This course focuses on black and white photography as a medium of personal and artistic expression. Students learn effective camera techniques, darkroom printing skills, and basic digital imaging. University Core fulfilled: Flag: Quantitative Reasoning.

ART 281 Photography and Time  
3 semester hours  
This photography course for non-majors will serve as an introduction to black and white photography and will cover camera functions, film processing and darkroom printing, and basic digital imaging. The course will be structured thematically around photography's relationship to time. University Core fulfilled: Explorations: Creative Experience; Flags: Information Literacy, Quantitative Reasoning.

ART 285 Introduction to Printmaking  
3 semester hours  
Introduction to the basic printmaking and transfer processes, using monoprinting, linocuts, woodcuts, drypoints, water etchings, and collagraphs. Both black and white and multicolor images will be produced. Recommended: ART 151, ART 153, and ART 160.

ART 290 Multimedia Survey  
3 semester hours  
Critical and historical examination of multimedia arts through research, discussions, and presentations.
ART 298 Special Studies
1 TO 3 semester hours

ART 299 Independent Studies
1 TO 3 semester hours

ART 300 Figure Drawing Workshop
1 semester hour
A studio workshop for art and animation majors with emphasis placed on working from the figure and anatomy. Independent reading, research and production goals are devised for each student. As students repeat course study, the course requires increased learning and skill development as an extension of work in figure drawing. Each semester an online portfolio is required. May be repeated for degree credit for further development up to six times. Prerequisites: ART 153 and ART 154, or consent of instructor.

ART 302 Design: Concept to Form
3 semester hours
Design as a visual problem-solving process is explored. Emphasis is placed on the creative processes of design and the visual presentation of design research, the design concept, and the final design. Prerequisites: ART 160 and ART 260.

ART 303 Experimental Typography
3 semester hours
The conceptual aspects of typography as both image and form are explored in print, environmental, and time-based media. Storytelling using typography is emphasized. Prerequisite: ART 368 or consent of instructor or Studio Arts major, Multimedia Arts Emphasis.

ART 304 Image Making
3 semester hours
The creation of original imagery is explored using a combination of digital and analog drawing, collage and montage methods. The communicative potential of the image is emphasized through the interplay of context, connotation, and denotation. Prerequisites: ART 160 and ART 260. Recommended: ART 368.

ART 305 ARTsmart Community Service Program
0 semester hours
ARTsmart is the community service program of the Department of Art and Art History. The mission of ARTsmart is to provide underserved youth an education in the visual arts. LMU Art and Art History students work in teams to develop and teach lessons that incorporate formal art issues, art history, visual culture, social justice issues, and standards-based education to students in a neighboring K-8 school. Students from a variety of art disciplines are encouraged to volunteer.

ART 310 Drawing Workshop
1 semester hour
A studio workshop for art and animation majors with emphasis placed on advanced drawing concepts and techniques. Independent reading, research, and production goals are devised for each student related to continually changing topics and issues relevant to drawing. As students repeat course study, the course requires increased learning and skill development as an extension of work in drawing. May be repeated for degree credit for further development up to six times. Prerequisites: ART 153 and ART 154, or consent of instructor.

ART 315 Perspective Drawing Workshop
1 semester hour
A studio workshop for art and animation majors with emphasis placed on understanding geometry, perspective, and problem-solving in two-dimensional and three-dimensional space. As students repeat course study, the course requires increased learning and skill development as an extension of work in drawing. Repeatable up to two times. STAR/ANIM majors/minors only. Prerequisite: ART 153.

ART 333 Visualizing Literature
3 semester hours
Visualizing Literature is a visual arts course framed around a single work of literature. Each semester the text will change in collaboration with the LMU Department of Archives and Special Collections. The visual projects created in the course will interact with, integrate, and respond to the text and will ultimately be displayed in the greater library as an extension of and response to library special exhibits. University Core fulfilled: Explorations: Creative Experience; Flag: Information Literacy.

ART 334 Animal Drawing
3 semester hours
This is a studio course with emphasis placed on working from animals and comparative anatomy. On-site drawing of animals on campus and with field trips to the Los Angeles Zoo, the Museum of Natural History, and the Page Museum. Emphasis will be on the construction of the subjects from within, rather than just outward appearances. Basics will include anatomy, proportion, and analysis of movement. May be repeated 2 times for degree credit. ANIM/STAR/ARHS majors/minors only.

ART 350 Visual Thinking
3 semester hours
This course promotes concept development and creative thinking. Visual problem solving and projects will be based on a concern for how each person examines and explores, ultimately interprets and recreates the world around them. University Core fulfilled: Explorations: Creative Experience.

ART 351 Perspective Drawing Workshop
1 semester hour
A studio workshop for art and animation majors with emphasis placed on understanding geometry, perspective, and problem-solving in two-dimensional and three-dimensional space. As students repeat course study, the course requires increased learning and skill development as an extension of work in drawing. Repeatable up to two times. STAR/ANIM majors/minors only. Prerequisite: ART 153.

ART 352 Principles of Color
3 semester hours
A practical exploration of the additive and subtractive principles of color theory as related to fine art and graphic design. Emphasis placed on color mixing, hue, value, intensity, proportion and visual perception. In depth class discussion reinforce the relationship between theory and practice.

ART 355 Experiencing Art and Social Justice
3 semester hours
This course is divided into two components: studio arts and service learning. In the studio component, students will create art to explore the relationship between art and social justice. Studio projects include mixed media sculpture, painting, and installation. The students participate in the ARTsmart service-learning program, developing and teaching lessons that emphasize the use of art to incite social change. ARTsmart service time is incorporated into the class hours. University Core fulfilled: Flag: Engaged Learning.
ART 356 Painting II
3 semester hours
A continuation of theoretical methods and techniques used in Painting I, ART 257. Emphasis is on color, materials, and individual concept development. A variety of media will be utilized. Prerequisites: ART 153, ART 160, and ART 257, or consent of instructor.

ART 358 Painting III
3 semester hours
A continuation of Painting II, ART 356. Emphasis is on color, materials, and individual concept development. May be repeated for degree credit with consent of instructor. Prerequisite: ART 356 or consent of instructor.

ART 359 Mural Painting
3 semester hours
Emphasis on student collaboration in the process and execution of large-scale paintings and public mural projects.

ART 360 Graphic Design I
3 semester hours
An introduction to the basic principles of visual design as they are applied to communication problems involving a message and an audience. Students develop conceptual and problem solving skills to create graphic form for a range of content. Prerequisites: ART 160, ART 260, and ART 368. Recommended: ARHS 360.

ART 362 Creative Direction
3 semester hours
The application of design principles and advertising concepts in the development of conceptual campaigns involving a message and an audience. Prerequisites: ART 302, ART 360, and ART 368.

ART 363 3D Digital Toolbox
3 semester hours
Introduction to concepts and methods for the development of three-dimensional virtual objects, environments and motion scenarios. Course projects include output to multiple formats such as 3D and photographic printing. Prerequisites: ART 160 and ART 260.

ART 365 Illustration
3 semester hours
The integration of illustration practices, design principles, and conceptual problem-solving procedures in the creation of illustrations for editorial designs, book jackets, and advertising art. Illustrations are conceived of by conventional means. Junior standing required. Prerequisites: ART 153, ART 160, and ART 260.

ART 366 Multimedia Narratives
3 semester hours
Exploration of narrative concepts across linear, nonlinear, and interactive multimedia forms with a focus on the integration of elements of sound, image, text, and motion. Prerequisite: ART 260.

ART 367 Online Computer Arts
3 semester hours
An emphasis on a working expertise in graphics, art, design, and aesthetics as they apply to interactive web authoring. This course will also utilize interactive linkages to a larger virtual arts community. Prerequisites: ART 160 and ART 260.

ART 368 Typography I
3 semester hours
An introduction to the fundamentals of typography. Emphasis is on developing typographic literacy in terms of history, type classification, nomenclature, letterform anatomy, hierarchy, visual structure, as well as how type works as a compositional element in textual communication. Prerequisites: ART 160 and ART 260.

ART 369 Information Design
3 semester hours
Information Design as a visual problem-solving process is explored. Information aesthetics and visualization methods are used to conceive and give form to a range of content. The course emphasizes how the mediums of print, screen, and social media shape the message. Prerequisites: ART 160, ART 260, and ART 368. Recommended: ARHS 3560.

ART 370 Beginning Wheel Throwing
3 semester hours
Introduction to throwing, glazing, and firing at several temperature levels with the aim of developing skills to enhance the student's artistic voice in the contemporary clay context.

ART 371 Advanced Wheel Throwing
1 TO 3 semester hours
Advanced work with wheel thrown forms with the aim of developing a thematic body of creative work in clay. May be repeated once for degree credit by completing coursework at an advanced level. Prerequisite: ART 370.

ART 372 Jewelry I
3 semester hours
A basic jewelry course with an emphasis on creative design and various techniques including fabrication, soldering, forging, wax working, and casting. Also includes bezel stone setting.

ART 373 Jewelry II
3 semester hours
Advanced jewelry making with an emphasis on creative design and exploration of various techniques such as fabrication, casting, rolling mill texturing, hydraulic press forming, enameling processes, and the setting of faceted stones. Also an introduction to larger scale, sculptural design. Prerequisite: ART 372.

ART 374 Motion Graphics
3 semester hours
Exploration of the creative possibilities of motion graphic design as both an experimental and applied communication medium. This course covers the technical, aesthetic, and practical considerations of planning, developing, and producing motion graphics. Prerequisite: ART 260.

ART 375 Figure Sculpture
3 semester hours
Modeling of the human figure with an emphasis on anatomy, leading to the extension of the figure as image.
ART 376 Sculpture Workshop
3 semester hours
Advanced exploration of sculptural problems, techniques, and concepts using a variety of materials. May be repeated for degree credit with consent of instructor. Prerequisite: ART 275 or consent of instructor.

ART 378 Drawing and Clay
3 semester hours
Emphasis on the surface treatment of ceramic work incorporating drawing, painting, and printmaking techniques. May be repeated once for degree credit by completing coursework at an advanced level.

ART 379 Special Topics in Photography
3 semester hours
This advanced studio course focuses on a particular theme each semester. Students create a portfolio of photographic work and examine related critical issues and texts related to the theme. Topics change every semester, and the class can be repeated for credit. Past themes have included: Photography and Bookmaking, Documentary Photography, Fashion Photography, Food Photography and Sustainability, Experimental Photography, Narrative Photography, Portraiture Workshop, and others.

ART 380 Photography II
3 semester hours
Exploration of advanced concepts of photography as applied to the development of personal expression. Students learn medium format photography, studio lighting, digital imaging, and advanced black and white darkroom techniques. Prerequisite: ART 280.

ART 381 Imagining Los Angeles
3 semester hours
This course looks at the various ways in which Los Angeles has been portrayed in the visual arts, film, literature, advertising, and new media from the late 19th Century to the present, while taking into account the cultural, social, historical, and physical dynamics of the city. Students will create photography-based creative projects and will develop related technical skills. University Core fulfilled: Explorations: Creative Experience.

ART 382 Digital Photography
3 semester hours
An emphasis on a working expertise in digital imaging, technologies utilizing Adobe Photoshop for image creation, manipulation, with input and output to various media. Prerequisite: ART 260 or consent of instructor. Recommended: ART 280.

ART 383 Advanced Multimedia
3 semester hours
Advanced investigation in one or more areas of multimedia production based upon research, mentorship, and practical experience that culminates in a final project for exhibition. Prerequisites: ART 260 and ART 366 or ART 367.

ART 385 Relief Printmaking
3 semester hours
Exploration of relief printmaking, photo-etching, and monotype processes. Graphic image making will be pursued through multiprints. Personal visual development, technical skill, and conceptual development will be emphasized. Recommended: ART 151 or ART 285, or consent of instructor.

ART 386 Etching Printmaking
3 semester hours
Process using etching, aquatint, and other incising techniques on metal plates. Emphasis on black and white images with an introduction to multicolor printing. May be repeated once for degree credit for further development. Recommended: ART 151, ART 280, and ART 285.

ART 387 Silkscreen Printmaking
3 semester hours
Introduction to the use of serigraphy to create posters and fine art prints. Handcut, handpainted, and photographic techniques will be used. The emphasis is on the development of personal expression in the creation of multicolor prints. May be repeated once for degree credit for further development. Recommended: ART 160 and ART 280.

ART 388 Screen Printing
3 semester hours
Introduction to the use of silkscreening to communicate a message. Basic screening techniques will be used, including using hand-cut, photographic, and computer-generated images. Water-based textile and plastisol inks will be used. Emphasis will be on producing multicolor prints on T-shirts and posters. May be repeated once for degree credit for further development. Recommended: ART 160, ART 260, and ART 280.

ART 389 Lithography Printmaking
3 semester hours
Process using drawing and painting methods that include traditional, photographic, and experimental approaches on stones and plates, covering dry and wet drawing material to develop an image. Additive and reductive, black and white, and color overprinted methods will be explored. May be repeated for degree credit with consent of instructor. Recommended: ART 151, ART 154, ART 285.

ART 390 Design Entrepreneurship
3 semester hours
This course emphasizes the role of the designer in the community by raising public awareness and engaging social responsibility through participatory design, civic engagement, and service learning. This project-based course enables students to explore the design process and its power to affect societal change through social entrepreneurship. This class serves marginalized segments of society through empathetic and innovative design solutions. Emphasis is placed on collaborative processes and sustainable business strategies using design thinking to benefit communities in need. Students discuss the entire process as it relates to design practice, social justice, and business ethics. Students explore and analyze social problems and create innovative ways to solve them. This course includes minimum 20 hours of fieldwork experience to enhance student learning: 10 hours of research end users through volunteer work—getting to know the community and understanding their problems—and an additional 10 hours interacting with end users: focus groups, interviews, testing prototypes, and getting feedback. Where applicable, the instructor will assist in partnering student teams with non-profit community organizations. University Core fulfilled: Integrations: Interdisciplinary Connections; Flags: Engaged Learning, Oral Skills. Consent of instructor required. ART 302 recommended for Studio Arts majors.

ART 396 Design Praxis: Professional Practices in Design
ART 397 Professional Practices in Fine Arts
3 semester hours
Examination of the current state of the studio arts and various career options through research, discussions, and guest speakers. Includes development and presentation of a professional portfolio and resume.
Prerequisites: Art major or consent of instructor; Junior standing required.
University Core fulfilled: Flag: Oral Skills.

ART 398 Special Studies
1 TO 3 semester hours

ART 399 Independent Studies
1 TO 3 semester hours

ART 447 Art in L.A.
3 semester hours
Internationally-recognized practicing artists, designers, critics, and curators from Los Angeles talk about their work, ideas, practices, and processes. Students will learn to write a proposal and complete an ambitious work for exhibition.
May be repeated 2 times for degree credit.
CFA/SFTV majors/minors only.
University Core fulfilled: Flag: Engaged Learning.

ART 450 Arts Education Approaches for Social and Emotional Learning
3 semester hours
This interdisciplinary course is designed to benefit any student pursuing a career in public service (education, art therapy, social work, art, community activism). Students in this course will learn how to connect theories relevant to multidisciplinary arts education, expressive arts therapy/psychology, and special education in order to create optimal social and emotional learning environments for individuals and communities with special needs and/or diverse abilities.
University Core fulfilled: Integrations: Interdisciplinary Connections.

ART 453 Drawing III: Formal Issues
3 semester hours
This course explores traditional and contemporary issues in drawing. Using a variety of media, content, space, color, value, and form are examined.
May be repeated for degree credit for further development.
Prerequisite: ART 153 or consent of instructor.

ART 454 Drawing IV: Figure Composition
3 semester hours
This course promotes concept development and psychological possibilities inherent in the human form. Using a variety of media, it explores anatomical structure and imaginative composition.
May be repeated for degree credit for further development.
Prerequisites: ART 153 and ART 154, or consent of instructor.

ART 455 Methods in Teaching Secondary Art
3 semester hours
This methodology seminar is designed to provide opportunities for prospective secondary art educators to critically examine the theoretical, historical, psychological, sociological, and practical applications of art education. Projects will involve the development, implementation, and assessment of a successful and socially responsible art education curriculum. Students will compile course material into a professional teaching resource portfolio.
Prerequisite: ART 255.
Art Education Emphasis majors only.
Junior standing required.

ART 460 Graphic Design II
3 semester hours
Graphic Design II builds on the fundamental design principles introduced in ART 360, Graphic Design I. Portfolio-oriented projects cover the gamut of print to electronic media.
Prerequisites: ART 302, ART 303, ART 360, ART 368, and ART 369.
Recommended: ARHS 360 and ART 468.

ART 468 Typography II
3 semester hours
Typography II extends the fundamental concepts introduced in ART 368, Typography I. Projects emphasize the application of typographic principles to multiple levels of text in both print and electronic media.
Prerequisite: ART 368.
Recommended: ART 369 and ARHS 360.

ART 478 Ceramics Workshop
3 semester hours
Design problems with ceramic materials incorporating wheel-thrown and hand building techniques. Development of a personal style in addition to advanced firing techniques.
May be repeated once for degree credit by completing coursework at an advanced level.

ART 480 Color Photography
3 semester hours
Focus on the use of color in photography and imaging. Students learn large format photography and digital imaging skills including scanning, printing, Photoshop, and Lightroom. Students develop a personal project.
Prerequisite: ART 280.

ART 481 Photographing Los Angeles
3 semester hours
This interdisciplinary course looks at the various ways in which Los Angeles has been portrayed in the visual arts, film, literature, advertising, and new media from the late 19th century to the present while taking into account the cultural, historical, and physical dynamics of the city. Students will respond to the course material through the creation of various photographic projects and will learn camera function, digital imaging, and printing. Students will also engage in critical readings, complete written papers, and visit various sites throughout the city related to course content.
University Core fulfilled: Integrations: Interdisciplinary Connections; Flag: Engaged Learning.

ART 485 Advanced Printmaking
1 TO 3 semester hours
Continuation and more advanced work in relief, etching, or silkscreen techniques.
May be repeated once for degree credit by completing coursework at an advanced level. 
Prerequisite: ART 385 or ART 386 or ART 387.

ART 490 Senior Design Thesis
3 semester hours
The senior thesis in design provides the opportunity to explore design as a liberal arts activity through focused study around the design disciplines, or the application of design to a specific subject matter. Students independently address topic areas within a creative project resulting in a body of work (aside from the professional portfolio). The topic(s) should address one or more of the following issues: the societal impact of design; design as a process for innovation; the historic and contemporary contexts of design; design as an experiential medium.
Senior standing required.
Prerequisites: ART 302, ART 303, ART 360, ART 368, ART 369, and ART 460 or ART 468; ARHS 360.

ART 494 Multimedia Internship
3 semester hours
Professional experience in multimedia. 
May be repeated for degree credit for further development. 
Studio Arts majors only.
Consent of instructor required.
University Core fulfilled: Flag: Engaged Learning.

ART 495 Advanced Studio Studies
1 TO 3 semester hours
Pre-professional directed study in studio art. 
May be repeated for degree credit three times for further advanced development. 
Permission of instructor and Department Chairperson required.

ART 497 Senior Thesis in Fine Arts
3 semester hours
This course continues for Fine Arts Emphasis students the professional development experience of ART 397 Professional Practices in Fine Arts. The curriculum includes all aspects of exhibition design, promotion, and artwork presentation. 
Required for Fine Arts emphasis and Art Education majors. 
Studio Arts majors, Fine Arts and Art Education Emphasis only. 
Prerequisite: ART 397 or consent of instructor.

ART 498 Special Studies
1 TO 3 semester hours

ART 499 Independent Studies
1 TO 3 semester hours
Senior standing required.

Asian and Pacific Studies (ASPA)

ASPA 2100 Asian Civilizations
4 semester hours
A study of Asian civilizations though history, literature, art, philosophy, and film. Topics to be covered will emphasize the intellectual, cultural, social, and political factors which shaped the civilizations of Asia and the Pacific.
University Core fulfilled: Foundations: Studies in American Diversity; 
Flag: Oral Skills.

ASPA 2998 Special Studies
1 TO 4 semester hours

ASPA 2999 Independent Studies
1 TO 4 semester hours

ASPA 3000 Masterpieces of East Asian Literature
4 semester hours
This course introduces canonical works in the literary traditions of China, Japan, and Korea, spanning from antiquity through the early 19th century. It explores various ways of interpreting masterworks through such lenses as philosophy, spirituality, religion, aesthetics, psychoanalysis, gender and sexuality, memory and identity. It also examines the socio-historical contexts that established these works' cultural significance, the commentaries and adaptations they generated, and the cultural interactions and reverberations within Asia and beyond.
University Core fulfilled: Flag: Information Literacy.

ASPA 3300 Arts of Asia
3 semester hours
(See ARHS 3351.)

ASPA 3400 Politics of Asia
4 semester hours
This course deals with the politics of East Asia, emphasizing China, South Korea, and Japan. In particular, the concept of democratization is examined by looking at the political institutions, history, culture, ideologies, and economies of these countries.

ASPA 3500 Economic and Political Issues in Contemporary Asia
4 semester hours
This course focuses on contemporary economic and political issues in Asian countries such as China, India, and Japan. China surpassed Japan as the second largest economy in February 2011. India has also grown fast, and many in the West look to it as a counterweight to China, in politics as well as in economics. The first part of the course focuses on the recent growth and development of China. Topics include: the socialist era; market transition; growth and structural change; population growth; labor and human capital; rural and urban economies; similarities and contrasts between the rise of the U.S. and the rise of China; impact of China on the world economy and financial system. The second part of the course will compare China with India and Japan.
University Core fulfilled: Integrations: Interdisciplinary Connections; 
Flag: Writing.

ASPA 3600 Introduction to Asian Media
4 semester hours
An introductory course to the media and politics of the Asia-Pacific region. This survey seeks to connect leading aspects and themes of the history, politics, economics, and culture of specific leading countries to their media systems. Course materials include historical perspectives as well as contemporary journalism, including New Media technology developments and their impact on politics. Media systems will be analyzed and categorized in the social-science tradition.

ASPA 3800 Buddhism
4 semester hours
(See THST 3282.)

ASPA 3850 Meditative Gaze: Dao and Film
3 semester hours
This course brings two distinctive disciplines, philosophy and film theory together into a coherent discourse. The focus of the class is on the philosophical question most often posed as the mind-body
ASPA 3860 Introduction to Asian Literature
4 semester hours
An introductory course in Asian literature from China, Japan, and India. Various literary genres such as poetry, fiction, diary, biographies, and drama and their relation to Asian literary tradition will be examined.

ASPA 3870 China's Women and One Child Family
4 semester hours
Course traces the development of Chinese female roles from the traditional to the modern periods. Footbinding, infanticides, and the three obediences gave way to Communism, which provided women freedom and recognition for their contribution. Is the One Child Policy a relief to women? University Core fulfilled: Integrations: Interdisciplinary Connections.

ASPA 3880 Imperial China
4 semester hours
(See HIST 4810.)

ASPA 3890 Contemporary Chinese Cinema
4 semester hours
This course provides an introduction to contemporary Chinese cinema. It focuses not only on the "poetics of cinema" (cinematic language, styles, and aesthetics) but also on the "politics of cinema" that emphasize contemporary Chinese cinema's engaging dialogue with Chinese history and its critical intervention into key socio-political issues facing post-Mao China. It concerns itself with such issues relating to history and memory, modernity, and nationhood; family, gender, and sexuality; urbanization, migration, and transnational formations; and Hong Kong and Taiwan identities. University Core fulfilled: Integrations: Interdisciplinary Connections.

ASPA 3960 Hong Kong Cinema
4 semester hours
This course critically explores one of the world's most popular, dynamic, and innovative cinemas: Hong Kong cinema. Situating Hong Kong cinema in historical, artistic, and transnational contexts, this course examines major developments in Hong Kong cinema running from the war-time cinema, the rise of martial arts movies and their influx into the United States, the international breakthrough of the "New Wave," Hong Kong filmmaking before and after the 1997 handover to China, to Hollywood remakes of Hong Kong films in recent years. The class will focus on issues relating to filmic nationalism, transnational film production and consumption; migration, identity, and community formation; nostalgia, memory, and post-colonialism; and family, gender, and sexuality.

ASPA 3970 Popular Culture in East Asia
4 semester hours
This course will explore the role of popular culture in the social production of meaning and creation of identity. The site of study will be popular culture in East Asia (China, Japan, and Korea) and "East Asian" popular culture abroad. It aims to impart to students the theoretical and analytical tools necessary to conduct in-depth interdisciplinary research on the mechanisms, implications, and functions of popular culture. By exploring myriad forms of popular culture—popular literature, film, manga, television, music, posters, fashion, material culture, etc.—that span modern Asian history from the early 20th century to today, students will gain a critical understanding of culture, politics, and history of the East Asian region. University Core fulfilled: Integrations: Interdisciplinary Connections.

ASPA 3998 Special Studies
1 TO 4 semester hours

ASPA 3999 Independent Studies
1 TO 4 semester hours

ASPA 4600 Women in Asia
4 semester hours
This course employs interdisciplinary methods to examine the problems and issues confronting women in Asia (primarily China, Japan, and Korea) from ancient times to the contemporary era. We will integrate the research methods of gender studies, history, literature, philosophy, media, and cultural gender studies, and investigate how Asian womanhood is constructed, institutionalized, appropriated, reinvited, and reinterpreted in different socio-historical discourses. We will interrogate the underlying mechanisms that tend to perpetuate Asian women's marginality and subordination. At the same time, we will pay particular attention to new perspectives on women's roles in current scholarship and look into women's ongoing negotiation with their gender identity and their struggles for power and agency. University Core fulfilled: Integrations: Interdisciplinary Connections.

ASPA 4820 Daoism: Theory and Practice
4 semester hours
An introduction to Daoism, its classical texts, and its enduring practices. Special emphasis will be on the examinations of Daoist philosophical concepts and persistent issues that arise in the development of Daoist spiritual tradition. A central aim of the course is to understand the Chinese ways of thinking, values, and the way of life.

ASPA 4830 Advanced Asian Media
4 semester hours
This is a sequel to ASPA 3600, but the introductory course is not a prerequisite. This survey course of media systems in the Asia Pacific emphasizes compare-and-contrast methodology. An additional education tool is the University website, ASIA MEDIA (http://asiamedia.lmu.edu), where students discover the origins of the media presentations, develop rigorous analytic tools, and critique that epistemology. This course is sometimes taught in conjunction with an Internet-linked class at the United Arab Emirates University in Al Ain, UAE.

ASPA 4860 Topics in Asian Literature
4 semester hours
The subject matter of this course will vary from semester to semester.

ASPA 4870 Asian Mythology
4 semester hours
This class will examine mythology and folktales from various Asian traditions: China, Japan, Korea, and India. The reading materials will be examined through psychological, philosophical, and cultural approaches. The topics for discussion include creation myths, heaven and hell, the mythic hero, metamorphosis, and immortality. Junior or senior standing required. University Core fulfilled: Integrations: Interdisciplinary Connections.

ASPA 4880 Modern Asian Fiction
4 semester hours
This course examines twentieth-century Chinese and Japanese fiction through the study of novels, short stories, novellas, biographies, diaries, and film. The class will also study major literary trends and movements.

ASPA 4900 Asian Women Writers
4 semester hours
This is a cross-cultural study of Asian women writers through the readings of poetry, short stories, autobiographies, diaries, and novels. Most readings are derived from contemporary female writers from China, Japan, Korea, Hong Kong, Taiwan, and the United States.

ASPA 4998 Special Studies
1 TO 4 semester hours

ASPA 4999 Independent Studies
1 TO 4 semester hours

ASPA 5000 Senior Integrating Seminar
4 semester hours
This requirement enables the students to integrate their work in Asian and Pacific Studies. The actual content of the course will depend on the student's chosen focus. Students write a senior thesis under the guidance of a faculty member. The thesis, while focused on a particular topic, is intended to be interdisciplinary.

Business Administration (BADM)

BADM 1010 Business Perspectives—Business Institutions
1 semester hour
This course covers the Choice and Decision Making framework within the context of a free market economy. Students will be exposed to the role of managers in organizations and the basic agency theory. Students will learn the underlying structure of decision making and concepts of incentive and reward systems. Students will be introduced to the business institutions and the career opportunities in each segment of the free market economy. An overview of economic and business crises in recent history and the role of government in dealing with market failure will be briefly explored.

The objectives of this course are:
To provide business students with a world view of business organizations in a free society;
To provide a general understanding of the role of management in business, not-for-profit, and governmental organizations;
To explain the role of competition, risk, and information in the free market setting;
Discuss the interaction of regulation and businesses in a market economy;
To understand the individual choice process and role of the individual in a free society.

Required for ALL majors in the College of Business Administration.

BADM 1020 Business Perspectives—Introduction to Ethical Decision Models
1 semester hour
This course covers two general topics that will be modified slightly based on individual faculty perspectives and style. The first part of the course deals with a variety of legal, social, and institutional dimensions of the environment in which business is conducted. This will include:

The relationship between business and the society natural environment in which it operates;
The relationship between business and the values of the society; the legal and business context in which we find "ethics" in today's workplace-corporate ethics programs, the Federal Sentencing Guidelines for Organizations, Sarbanes-Oxley, and other business regulations;
The relationship between business, society, and Jesuit values.

The second part of the course aims to help students learn how to work with two different approaches to ethical reasoning:
A "values" approach (which echoes the "virtue ethics" approach taken by most corporate ethics programs), and
An approach that connects with the methodology students will be exposed to in their ethics requirement (a secular approach based on an analysis of both the consequence of actions and the intrinsic merit of the actions themselves).

The objective of this course is introducing our students to the centrality of ethics in our mission, and importance of ethical standards in the business leaders' decision process.

Required for ALL majors in the College of Business Administration.

BADM 1030 Business Perspectives—Information Technology in Organizations
1 semester hour
This course provides an introduction to information technology and computing with emphasis to its applications in business and organizations.

The course will be devoted to problem-solving and acquiring personal productivity software skills essential for effective and efficient use of IT in business and organizations. Emphasis is on use of the computer in problem-solving, and will be hands-on in a laboratory setting. The course is designed to cover the following:

Application software use to solve problems: Problem-solving/analytical skills—mental processing/logical thinking stage, procedure development, e.g., uses of control structures and flowcharting techniques in developing business procedures, etc. Use of spreadsheet, e.g., Excel, in modeling and data analysis; spreadsheet calculations—use of Excel and user-defined functions, what-if type analysis; use of graphs—creating and editing charts, and printing worksheets, etc.

Information Technology use for knowledge workers: Use of knowledge work productivity software, e.g., Excel; what is knowledge work and knowledge workers—analysis of individual knowledge work tasks/activities of, for example, managers, accountants, financial analysts, lawyers, etc.; knowledge workers and information management; collaboration among knowledge workers—analysis of work activities and information requirements or management, etc.; data organization, access and management of internal organizational data and external data—role of IT, e.g., Internet and WWW in knowledge worker productivity.

The Internet and WWW: Operation and functional uses; IP addresses, datagrams, domain names, TCP/IP; and the World Wide Web, use of URLs, browsers, and search engines—for information searches, etc.

The objectives of this course are:
To introduce students to the important concepts and terminology fundamental to an understanding and appreciation of information technology and its uses in business and organizations.
To establish a firm foundation and proficiency in problem-solving skills in computing using flowcharting techniques,
acquiring personal productivity skills in the use of application software packages, in particular, Excel for spreadsheet modeling and analysis, and the use of the Internet and the WWW for communication, information searches, and collaboration with other workers in an organizational setting.

Required of ALL majors in the College of Business Administration. Prerequisite: BADM 1010 with a minimum grade of C (2.0).

BADM 1040 Business Perspectives—Globalization
1 semester hour
This course is designed to provide freshman or sophomore students with knowledge of the critical aspects of globalization, key trends in the global economy, and build an appropriate educational plan at the early stage of their college years.

The objectives of this course are:

To introduce students to the driving forces behind globalization and evaluate how globalization has affected the U.S. economy.

To discuss our main trading partners and investors along with the key trends in international trade and foreign direct investment. Additionally, the course addresses the key players and their roles in the global economy.

Through an in-depth analysis of these issues, students are expected to learn:

Required for ALL majors in the College of Business Administration. Prerequisite: BADM 1020 with a minimum grade of C (2.0).

BADM 3010 Analytical Concepts and Methods for Business
3 semester hours
The course is meant as an introductory basis for students seeking a minor in Business Administration. Topics will include fractions, decimals vs. percentages, Excel spreadsheets vs. calculators, future and present value, interest rates, compounding, credit terms in personal finance, probabilities, weights, mean or expected value, statistics, variance, standard deviation, sample vs. population statistics, correlation and covariance, and linear estimations.

Required for ALL Business Administration minors.

BADM 3020 Economic Environment, Marketing, and Business Law Concepts
3 semester hours
This is a basic course in economics, marketing, and business law which will give the Business Administration minor student an introduction to the three subjects. After taking this course, the student will be prepared to take more advanced courses in the various subjects covered.

Required for ALL Business Administration minors.

BADM 3030 Key Concepts of Accounting and Finance
3 semester hours
This course provides a timely and relevant introduction to key accounting and finance concepts. With a focus on strategic techniques for decision making in the corporate environment, it aims to provide students with a general, real-world understanding of financial statements, budgeting, financial analysis, managerial accounting, valuation, financial markets, investments, risk, ethics, and how firms raise capital.

Required for ALL Business Administration minors. Prerequisite: BADM 3010.

BADM 3040 Management and Society: Issues in Strategic and Ethical Management
3 semester hours
Management and Society is an introductory course which covers the role of business in our society and the principles of management and organizational behavior. Basic concepts such as the role of management (focused on planning, organizing, leading, and controlling) and theories of organizations will be explored while considering the impact on and involvement of stakeholders, the importance of ethics, influence of business-government relations, issues in corporate governance, and the significance of long-term sustainability.

Required for ALL Business Administration minors. Prerequisite: BADM 3020.

BADM 4950 Business and Social Responsibility in the Global Economy
3 semester hours
This is an applied course that focuses on the interactions of business, government, and societal institutions. Particular attention is directed to such topics as economic systems, stakeholder management, political and legislative process, sustainability, and corporate governance. Themes of ethics, social responsibility, and leadership will be emphasized. There are two specific goals: 1) The student grasps the broad issues of corporate social responsibility and 2) The student develops decision making skills needed to lead a corporation to productive solutions.

Must be taken in residence at LMU. Senior standing required. Required for ALL majors in the College of Business Administration. Prerequisites: BADM 1010, BADM 1020, BADM 1030, BADM 1040, all with a letter grade of C (2.0) or higher; BLAW 2210; MGMT 3610; one course from PHIL 3100-3150.

University Core fulfilled: Integrations: Ethics and Justice; Flag: Oral Skills.

BADM 4970 Strategic Management
3 semester hours
This is an applied course that develops strategic thinking skills to enable managers to position the business to achieve and sustain superior competitive performance. This course addresses issues of both strategy design and implementation in the complex global economic environment. The course requires students to draw upon and integrate knowledge and skills developed throughout their business education.

Must be taken in residence at LMU. Senior standing required. Required for ALL majors in the College of Business Administration. Prerequisites: AIMS 3770; FNCE 3410; MGMT 3610; MRKT 3510.

BADM 4998 Special Studies
1 to 3 semester hours

BADM 4999 Independent Studies
1 to 3 semester hours
Requires approval of the Associate Dean.

Bioethics (BIOE)

BIOE 6000 Introduction to Bioethics
3 semester hours
Bioethics represents a complex intellectual phenomenon in the canon of newly emerging disciplines. Although an established academic field, it still struggles to find a formal and coherent methodology for the analysis of ethical problems triggered by
advances in medicine and the life sciences. The course introduces students to the historical, theoretical, and thematic dimensions of bioethics. More specifically, the course looks at historical contributions of theologians and philosophers to bioethics; it addresses the theoretical challenges of bioethics as an interdisciplinary field, with an emphasis on dominant theories in bioethics; and, finally, it touches upon the main topics of bioethics, including medical experimentation, assisted reproductive technologies, genetics, transplantation, assisted suicide, and euthanasia.

**BIOE 6100 Bioethics at the Beginning of Life**

3 semester hours
The course looks at bioethical questions that concern the beginnings of life. Topics include the ethics of abortion, maternal fetal conflicts, ethical problems in perinatology and neonatology, as well as the ethical judgment on the entire field of assisted reproductive medicine—from in vitro fertilization, to surrogate motherhood, gamete storage techniques, and pre-implantation genetic diagnosis. There is also an additional component to this class that offers students with an opportunity for engaged learning. Students will be exposed to decision-making in the clinical setting of obstetrics and neonatology departments at various hospitals.

**BIOE 6200 Law and Bioethics**

3 semester hours
The law contributes to public bioethics discourse on a variety of issues, from abortion to assisted suicide and euthanasia, to questions of access to health care. This course looks at the intersection of law and bioethics, relative especially to the study of important legal cases and court decisions. Examples include Roe v. Wade and Planned Parenthood v. Casey for abortion, Quinlan, Cruzan, and Schiavo for end of life issues, etc. Students will be exposed to the ethical reasoning of important legal cases and their jurisprudential developments, thus showing how landmark legal cases have shaped bioethical discourse.

**BIOE 6300 Bioethics at the End of Life**

3 semester hours
The increasing medicalization of the dying process poses new ethical problems to health care professionals and patients alike. This course looks at the bioethical problems that concern the end of life. Topics include ethical criteria for withholding and withdrawing treatments, palliative care, proxy decision making for incompetent patients, as well as the controversial questions, newly emerging in both the clinical realm and the law, of assisted suicide and euthanasia. This class will entail a clinical component as well. Students will be exposed to decision-making in the clinical setting of the Intensive Care Unit at various hospitals or in nursing homes.

**BIOE 6400 Clinical Bioethics**

3 semester hours
This class focuses on "clinical" bioethics, that is, the ethics of decision making at the bedside, exposing students to the practical mechanisms presiding over such decisions in today's health care facilities, such as ethics committees, clinical consultations, clinical rounds, etc. In addition to being introduced to some methods and content of clinical bioethics, this class offers students a first exposure to the institutional mechanism mentioned above, together with the opportunity to interact with those who do bioethics in a clinical setting.

**BIOE 6500 Elective Topics in Bioethics**

3 semester hours
This course analyzes specific topics in bioethics, such as public policy and bioethics, global bioethics, feminist bioethics, the relation between bioethics and environmental sensibility, history of medicine, sociology of medicine, etc. These courses are taught by faculty of the Bioethics Institute and introduce students to the interdisciplinary dimensions of bioethical questions.

**BIOE 6600 Foundations of Theological Ethics**

3 semester hours
This course introduces students to the foundations of theological ethics. After a historical introduction dealing with different models of ethical thinking, the course looks at the following: biblical roots of Christian morality; the mediation of faith and moral reason, with special reference to the relation of philosophical and theological ethics; the debate on normative theories; and the integration of virtue ethics, fundamental moral option, and action theory. Applications to contemporary issues in the field of bioethics exemplify the meaning and function of different foundational frameworks and the relation between theory and practice in theological ethics.

**BIOE 6700 Foundations of Philosophical Ethics**

3 semester hours
This course introduces students to the theories and problems of moral philosophy, comprising both a historical and a systematic component. Main versions of ethics will be studied, including natural law and virtue ethics, deontological and consequentialist theories. Students will understand the function and importance of ethical frameworks for the articulation of bioethical problems.

**BIOE 6999 Independent Studies**

1 TO 3 semester hours

**Biology (BIOL)**

**BIOL 101 General Biology I**

3 semester hours
Unifying principles of biology; introduction to cell structure and function, genetics, control systems, tissues, organs, and organ systems.
Frank R. Seaver College of Science and Engineering majors only. Lecture, 3 hours.

**BIOL 102 General Biology II**

3 semester hours
An introduction to the mechanism of evolution; major patterns of biotic evolution; and the principles of ecology.
Frank R. Seaver College of Science and Engineering majors only. Lecture, 3 hours.
Prerequisites: BIOL 101 and BIOL 111.

**BIOL 111 General Biology I Lab**

2 semester hours
A survey of the three domains.
Frank R. Seaver College of Science and Engineering majors only. Lecture, 1 hour; Laboratory, 4 hours.
Prerequisite: BIOL 101 or concurrent enrollment.

**BIOL 112 General Biology II Lab**

2 semester hours
An experimental approach to biology with emphasis on design, execution, and analysis to answer biological questions.
Frank R. Seaver College of Science and Engineering majors only. Lecture, 1 hour; Laboratory 4 hours.
Prerequisite: BIOL 101 or BIOL 102, or concurrent enrollment.
BIOL 114 Biology for Engineers
3 semester hours
This course addresses fundamental concepts and language of biology. Topics include cell biology, genetics, organ systems, ecosystems, organisms, and engineering applications. Frank R. Seaver College of Science and Engineering majors only. Lecture, 3 hours.

BIOL 194 Introduction to Research
0 TO 4 semester hours
An introduction to scientific research methodology: information gathering, data analysis, laboratory research practice in a faculty laboratory.

BIOL 198 Special Studies
1 TO 4 semester hours

BIOL 199 Independent Studies
1 TO 4 semester hours

BIOL 201 Cell Function
3 semester hours
Cellular and sub-cellular structures and functions including: DNA and RNA structure and function; protein synthesis and structure; enzyme function; metabolic pathways; membrane function. Prerequisites: BIOL 101, CHEM 112, or concurrent enrollment.

BIOL 202 Genetics
3 semester hours

BIOL 260 Human Biology
3 semester hours
The discussion of general biological principles with a human emphasis. Topics include: cells; heredity and reproduction; animal behavior; organ systems; drugs; disease; ecology; and evolution. Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.

BIOL 263 Natural History of Southern California
3 semester hours
Introduction to the geography, climate, plant communities, and common animals of Southern California; animals will be covered in regard to behavior, taxonomy, and ecology. Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.

BIOL 264 The Marine Environment
3 semester hours
An introduction to marine biology, including its history, different communities and the animals and plants that occur in marine ecosystems, and their economic importance. Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.

BIOL 266 Sacred and Medicinal Plant Use
3 semester hours
The sacred and medicinal use of plants and hallucinogenic fungi by traditional and modern cultures, including the biological basis for their use. Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher. University Core fulfilled: Explorations: Nature of Science, Technology, and Mathematics.

BIOL 271 Human Reproduction and Development
3 semester hours
The biological aspects of human reproduction, including the basic reproductive system, genetics, fetal development, nutrition, pregnancy, birth, and neonatal development. Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher. University Core fulfilled: Explorations: Nature of Science, Technology, and Mathematics.

BIOL 272 Human Drug Use
3 semester hours
The physiological, psychological, and social effects of the use of alcohol, tobacco, and other therapeutic and recreational drugs. Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.

BIOL 275 Human Genetics
3 semester hours
Basic Mendelian genetics and the application to individual risk assessments. Population genetics and the implications of artificial selection. Modern molecular genetics and medical applications. Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.

BIOL 277 Plants and Society
3 semester hours
An introduction to the natural evolution of plant species and the associated cultural evolution of man’s relationship to plants. A multidisciplinary approach to studying the relationship between plants and people. An exploration of plants as sources of food and medicine, commercial products, and the role of plants in preserving and restoring the environment. Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.

BIOL 278 Tropical Marine Ecology
3 semester hours
Field studies of the tropical marine habitats in Isla Roatan, Honduras. This includes the examination of the ecology and biology of coral reefs, mangroves, seagrass beds, and intertidal communities. Summer only—Study Abroad Program. Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher. Open water SCUBA certification highly recommended. University Core fulfilled: Explorations: Nature of Science, Technology, and Mathematics.

BIOL 294 Independent Research
0 TO 4 semester hours

BIOL 295 Biology Internship
1 TO 2 semester hours
Work experience involving research, industry-, or community-based projects. May be taken only once for credit. Credit/No Credit grading only.

BIOL 298 Special Studies
1 TO 4 semester hours
BIOL 299 Independent Studies
1 TO 4 semester hours

BIOL 311 Plant Interactions
3 semester hours
Study of various ways in which plants interact with other organisms, such as herbivores, pathogens, symbiotic bacteria and fungi, and the outcomes of that interplay. Examination of the physiological, biochemical, and genetic bases of these interactions and how understanding the chemical and molecular communication that takes place has implications for improvement of agriculture and human health.
Prerequisites: BIOL 112, BIOL 201, BIOL 202; CHEM 220.

BIOL 312 Field Botany
4 semester hours
The identification, distribution, evolution, and ecological relationships of the native plants of Southern California.
Lecture, 3 hours; Laboratory 4 hours; 4 weekend field trips.
Prerequisites: BIOL 102, BIOL 111, BIOL 112; CHEM 110, CHEM 112; MATH 122 or MATH 131.
University Core fulfilled: Flag: Engaged Learning.

BIOL 314 Tropical Ecology
4 semester hours
An introduction to Neotropical biodiversity, natural history and conservation, as well as an examination of the diversity of tropical species interactions in an international field setting.
Travel embedded course - lab travels to Costa Rica during Spring break.
Prerequisites: BIOL 102, BIOL 111, BIOL 112; CHEM 221; MATH 122 or MATH 131.

BIOL 315 World Vegetation Ecology
3 semester hours
Characteristics and distribution of the major vegetation types of the world, emphasizing environmental conditions, plant adaptations and ecosystem processes.
Prerequisites: BIOL 102, BIOL 111; CHEM 110, CHEM 112.

BIOL 316 Island Biology
3 semester hours
Island biogeography and evolution, dispersal, adaptive radiation, gigantism/dwarfism, flightlessness, reproductive biology, endemism, and relictualism.
Lecture, 3 hours.
Prerequisites: BIOL 101 and BIOL 102.

BIOL 318 Principles of Ecology
4 semester hours
An exploration of the interactions between organisms and their biotic and abiotic environment across population, community, and ecosystem levels.
Lecture, 3 hours; Laboratory, 4 hours; weekend field trips.
Prerequisites: BIOL 101, BIOL 102, BIOL 111, BIOL 112; CHEM 221; MATH 122 or MATH 131.

BIOL 321 Urban Ecology
3 semester hours
An analysis of the dynamic and integrated nature of urbanized landscapes. Using active inquiry and the original literature, the course will engage the current theories and practice of the research being conducted on the patterns and process of urban ecosystems-ranging from biodiversity and trophic dynamics, to public health and environmental justice.
Prerequisites: BIOL 101, BIOL 102 or equivalent.

BIOL 322 Urban Ecology Lab
1 semester hour
An inquiry-based investigation into the biophysical and human social dimensions of a local urban ecosystem, with a focus on group project development. At least one Saturday trip.
Prerequisites: BIOL 112 and BIOL 321, or concurrent enrollment.

BIOL 328 Tropical Marine Ecology
3 semester hours
Field studies of the tropical marine habitats on Isla Roatán, Honduras. This includes the examination of physical, chemical, and ecological aspects as applied to coral reefs, mangroves, seagrass beds, and intertidal communities.
Summer only—Study Abroad Program.
Prerequisites: BIOL 101, BIOL 102, BIOL 111, BIOL 112; CHEM 110, CHEM 112. Open water SCUBA certification highly recommended.
University Core fulfilled: Explorations: Nature of Science, Technology, and Mathematics; Flag: Engaged Learning.

BIOL 329 Marine Ecology of Baja, California
3 semester hours
Field studies of subtropical, intertidal and subtidal habitats along the coasts of Baja, California peninsula.
Emphasis on community structure.
Summer only. Entire course held at the LMU Baja, California Biological Station.
Prerequisites: BIOL 101, BIOL 102, BIOL 111, BIOL 112; CHEM 110, CHEM 112.

BIOL 330 Embryology and Development
4 semester hours
The development of chordates with emphasis on experimental embryology and underlying molecular mechanisms.
Lecture, 3 hours; Laboratory, 4 hours.
Prerequisites: BIOL 112, BIOL 202; CHEM 222, CHEM 223.

BIOL 333 Biology of Mammals
4 semester hours
Examination of physical, physiological, and ecological characteristics of mammals, including taxonomic relationships, feeding and reproductive strategies, and local and world distribution of mammalian orders and families.
Lecture, 3 hours; Laboratory, 4 hours; Weekend field trips. For majors only.
Prerequisites: BIOL 102, BIOL 112; CHEM 110, CHEM 112.
University Core fulfilled: Flags: Engaged Learning, Writing.

BIOL 334 Invertebrate Zoology
4 semester hours
A study of the anatomy, physiology, behavior, and ecology of invertebrates and the evolutionary relationships within and among the invertebrate phyla.
Lecture, 3 hours; Laboratory, 4 hours.
Prerequisites: BIOL 101, BIOL 102, BIOL 111, BIOL 112; CHEM 110, CHEM 112.

BIOL 335 Comparative Anatomy
4 semester hours
A comparative study of the vertebrate structures and their significance in terms of their evolution and function.
Lecture, 3 hours; Laboratory, 4 hours.
Prerequisites: BIOL 101, BIOL 102, BIOL 111, BIOL 112; CHEM 110, CHEM 112.

BIOL 338 Animal Behavior
4 semester hours
Study of the evolutionary aspects of behavioral ecology including foraging strategies, social competition, communication, sexual selection, mating systems, cooperation, and social organization. Lecture, 3 hours; Laboratory, 4 hours.
Prerequisites: BIOL 101, BIOL 102, BIOL 111, BIOL 112.

BIOL 351 General Physiology
3 semester hours
Introduction to physiological principles and concepts with emphasis on organ systems.
Prerequisite: BIOL 201.

BIOL 352 General Physiology Lab
1 semester hour
Laboratory experiments in general physiology.
Lecture, 3 hours; Data analysis, 1 hour.
Prerequisites: BIOL 112 and BIOL 351 or BIOL 356 or BIOL 357, or concurrent enrollment.
University Core fulfilled: Flag: Quantitative Reasoning; Writing.

BIOL 353 Plant Physiology
3 semester hours
Introduction to plant function, including photosynthesis, mineral nutrition, water relations, metabolism, and growth processes.
Prerequisites: BIOL 201; CHEM 220, CHEM 221; MATH 122 or MATH 131.

BIOL 354 Plant Physiology Laboratory
1 semester hour
Laboratory experiments in plant physiology.
Lecture, 4 hours.
Prerequisites: BIOL 112 and BIOL 353 or concurrent enrollment.
University Core fulfilled: Flag: Writing.

BIOL 356 Cell Biology
3 semester hours
A detailed study of subcellular organelles, including their origin, function, and regulation within the cell.
Prerequisites: BIOL 202; CHEM 222, CHEM 223.

BIOL 357 Comparative Animal Physiology
3 semester hours
Environmental and evolutionary influences on functioning of animals, focusing on mechanisms and strategies utilized by animals to cope with challenges imposed by their biotic and abiotic surroundings.
Prerequisites: BIOL 101, BIOL 102, BIOL 111, BIOL 112, BIOL 201, BIOL 202; CHEM 110, CHEM 112, CHEM 220, CHEM 221.

BIOL 358 Hormones and Behavior
4 semester hours
Study of the interaction of hormones and behavior in vertebrates. Topics include organizational and activational effects of hormones, sex differences in behavior, reproductive behavior, parental behavior, social behavior, and stress.
Lecture, 3 hours; Laboratory 4 hours.
Prerequisites: BIOL 101, BIOL 112, BIOL 201; CHEM 220, CHEM 221.
University Core fulfilled: Flag: Engaged Learning.

BIOL 359 Cell Biology Laboratory
1 semester hour
Laboratory experiments in cell biology.
Lecture, 4 hours.
Prerequisites: BIOL 112 and BIOL 201; CHEM 220.

BIOL 361 General Microbiology
3 semester hours
Properties and ecology of viruses, bacteria and protists; principles of genetics and physiology of bacteria; pathogenesis of bacteria and viruses; microbes as tools for molecular biology.
Prerequisites: BIOL 202 and CHEM 220.

BIOL 362 General Microbiology Laboratory
1 semester hour
Laboratory experiments in general microbiology.
Lecture, 4 hours.
Prerequisites: BIOL 112 and BIOL 361 or concurrent enrollment.

BIOL 363 Advanced Genetics
3 semester hours
Topics in genetics including both meiotic and mitotic recombination, quantitative genetics, gene structure, genetic control, and gene therapy.
Lecture, 3 hours.
Prerequisites: BIOL 202; CHEM 222, CHEM 223.

BIOL 364 Genetics Laboratory
1 semester hour
Laboratory experiments in genetics.
Lecture, 4 hours.
Prerequisites: BIOL 112, BIOL 202; CHEM 110, CHEM 112.

BIOL 365 Tropical Marine Ecology Laboratory
1 semester hour
Requires consent of instructor.

</table>
Survey of the major topics in conservation genetics. Basic models of population genetics and topics relevant to conservation genetics, such as population structure, inbreeding, genetic load, genetic variation, reserve design, and the ethical, moral, and political aspects of species conservation.

Lecture, 3 hours; Laboratory, 4 hours.
Prerequisites: BIOL 101, BIOL 102, BIOL 112, BIOL 202.

**BIOL 478 Molecular Biology of the Genome**
4 semester hours
Advances in understanding cellular processes, gene expression, and the structure and function of macromolecules due to The Human Genome Project and associated new high-throughput technologies. Use of systems biology perspectives and bioinformatics tools to answer biological questions. May include: functional genomics, sequence alignment and phylogeny, comparative genomics, and biological pathways and networks.

Lecture, 2 hours; Laboratory, 6 hours.
Prerequisites: BIOL 112, BIOL 202, CHEM 220.

**BIOL 479 Molecular Mechanisms of Disease**
3 semester hours
Analysis of the molecular mechanisms which underlie the pathology of genetic and infectious diseases. Particular attention paid to molecular mechanisms of disease treatment and experimental analysis in the field of human molecular genetics.

Prerequisites: BIOL 202, CHEM 220, CHEM 222.

**BIOL 490 Biological Teaching**
1 TO 2 semester hours
Guided teaching of undergraduate laboratories. May be repeated for credit.
Requires consent of instructor.

**BIOL 494 Independent Research**
0 TO 4 semester hours
Independent research in a faculty laboratory.

**BIOL 498 Special Studies**
1 TO 4 semester hours

**BIOL 499 Independent Studies**
1 TO 4 semester hours

**BIOL 515 Ecology of Mutualisms**
2 semester hours
Characterization of conditional interspecific interactions and investigations into the variability of outcomes as mediated by seasonality, chemistry, novel habitats, and morphology.

Requires consent of instructor.
Prerequisites: BIOL 102, BIOL 111, BIOL 112; CHEM 113; MATH 122 or MATH 131.

**BIOL 521 Urban Ecology**
3 semester hours
An analysis of the dynamic and integrated nature of urbanized landscapes. Using active inquiry and the original literature, the course will engage the current theories and practice of the research being conducted on the patterns and process of urban ecosystem - ranging from biodiversity and trophic dynamics, to public health and environmental justice.

Lecture, 3 hours.
Prerequisites: Enrollment in Urban Ecology Track or consent of instructor and program director.

**BIOL 522 Marine Biology Research**
2 semester hours
An introduction to marine biology research techniques and basic marine ecosystems.
Requires consent of instructor.

**BIOL 528 Invertebrate Conservation Research**
2 semester hours
Participation in research on topics in invertebrate conservation biology. Research may include ecological and/or genetic approaches and methodologies.
Requires consent of instructor.

**BIOL 531 Developmental Genetics Research**
2 semester hours
Investigation through original literature and laboratory experience of the ways in which genes direct development.
Requires consent of instructor.
Prerequisite: BIOL 394, BIOL 494, or BIOL 594.

**BIOL 532 Drosophila Genetics Research**
2 semester hours
An introduction to the use of drosophila as a research tool in classical and molecular genetics.
Requires consent of instructor.
Prerequisite: CHEM 220.

**BIOL 536 Functional Morphology Research**
1 TO 2 semester hours
Participation in original research investigating the functional aspect of morphology and development in carnivorous mammals.
Requires consent of instructor.

**BIOL 537 Vertebrate Paleo Research**
1 TO 2 semester hours
Participation in original research investigating functional, evolutionary and ecological aspects of vertebrate paleontology in mammals and birds.
Requires consent of instructor.

**BIOL 551 Behavior and Physiology Research**
1 TO 2 semester hours
Participation in original laboratory and/or field research on social birds or mammals, addressing questions at the interfaces of behavior, physiology and ecology.
Requires consent of instructor.

**BIOL 561 Bioinformatics and Genomics**
2 semester hours
Investigation of the systems-level properties of biological pathways and networks. Research may include bioinformatics and/or functional genomics techniques.
Requires consent of instructor.

**BIOL 562 Microbiology Research**
2 semester hours
Participation in research investigating the role of microbes in the environment using culture based and molecular techniques.
Requires consent of instructor.

**BIOL 563 Molecular Genetics Research**
BIOL 571 Conservation Biology Seminar
2 semester hours
A survey of topics relating to the conservation of animals and plants, including extinction, genetic aspects, demography, insularization, threats to biodiversity, economics and politics, religious and ethical perspectives, and practical applications.
Requires consent of instructor.

BIOL 585 Advanced Topics in Gene Expression
2 semester hours
An in-depth exposure to topics in gene expression through analysis of data from primary research literature.
Requires consent of instructor.
Prerequisites: BIOL 201 and BIOL 202.

BIOL 586 Molecular Cell Biology Research
2 semester hours
Independent laboratory research examining questions pertaining to gene expression, including ribosome biogenesis and mRNA transport/localization, utilizing techniques of molecular and cellular biology, biochemistry, and genetics.
Requires consent of instructor.

BIOL 587 Molecular Mechanisms in Development Seminar
2 semester hours
An exploration of current research utilizing molecular/genetic techniques to study developmental biology.
Requires consent of instructor.

BIOL 584 Advanced Topics in Gene Expression
2 semester hours
Laboratory work in gene mapping and gene isolation.
Requires consent of instructor.

BIOL 585 Issues in Biotechnology Seminar
2 semester hours
An interdisciplinary seminar series bringing together faculty from different disciplines to present and discuss topics in biotechnology. Examples include sustainable agriculture, advances in medicine and biotechnology, legal and ethical considerations and biotechnology, the environment and biotechnology, the manipulation of biological machinery (proteins), the fusion of engineering and biotechnology (nanotechnology), the business of biotechnology.
Requires consent of instructor.

BIOL 586 Molecular Cell Biology Research
2 semester hours
Participation in research investigating the association between microbes and plants.
Requires consent of instructor.

BIOL 569 Ethnobotany Seminar
2 semester hours
An introduction to the mutual relationships between plants and traditional peoples with an emphasis on phyto medicines and sustainability.
Requires consent of instructor.

BIOL 570 Plant Developmental Biology Research
2 semester hours
Laboratory work in molecular and genetic analysis of plant development.
Requires consent of instructor.

BIOL 584 Advanced Topics in Gene Expression
2 semester hours
Participation in laboratory and/or field research on the ecophysiological response of plants to environmental extremes.
Requires consent of instructor.

BIOL 587 Molecular Mechanisms in Development Seminar
2 semester hours
Independent laboratory research examining questions pertaining to gene expression, including ribosome biogenesis and mRNA transport/localization, utilizing techniques of molecular and cell biology, biochemistry, and genetics.
Requires consent of instructor.

BIOL 594 Independent Research
0 TO 4 semester hours
Independent research in a faculty laboratory. Results must be presented formally.

BIOL 598 Special Studies
1 TO 3 semester hours
Requires consent of instructor.

BIOL 599 Independent Studies
1 TO 3 semester hours

Business Law (BLAW)

BLAW 2210 Legal and Regulatory Environment
3 semester hours
A survey course on the general concepts found in Business Law. The student will be exposed to legal, ethics, and regulatory terminology, concepts, and reasoning found when working within the business and government environment.
Prerequisites: BADM 1010 and BADM 1020, both with a minimum grade of C (2.0).

BLAW 3210 Business Law Applications and Cases
3 semester hours
The course offers a detailed study of the nature of contracts and their applications in business organizations, personal property, real property, and commercial transactions. A focus will be placed on interpreting the law through existing case studies.
Prerequisite: BLAW 2210.

BLAW 3270 Marketing Law
3 semester hours
To acquaint students with fundamental concepts, principles, and rules of marketing law that concern marketers and consumers in day-to-day activities, in private business relationships, and in their relationship with government. The course will focus on various legal constraints, problems and ramifications which should be recognized and addressed by marketers when making pricing, product, promotion, and distribution decisions.
(See MRKT 3570.)
Prerequisites: BLAW 2210 and MRKT 3510.

BLAW 4210 Entertainment Law
3 semester hours
Law as it applies to the entertainment (motion picture, sound, television) industry, with particular focus on contracts and agency.
Prerequisite: BLAW 2210.

BLAW 4220 Employment Law
3 semester hours
This course provides a broad overview of federal and state employment laws, administrative agency regulations, and judicial decisions that govern the management of human resources. It provides a framework for the analysis and implementation of procedures that impact the employer-employee relationship in the workplace. Topics include the rules for proper advertising, screening, interviewing, and hiring of applicants; an analysis of the procedures that shape the training, promotion, discipline, and...
termination of employees; grievance handling, anti-discrimination laws, employee rights, health and safety regulations leaves of absence, harassment prevention, regulatory compliance, and administrative adjudication of claims.
(See MGMT 4620.)
Prerequisite: BLAW 2210.

BLAW 4230 Sports Law
3 semester hours
Sports Law is a practical course that focuses on the nature, formation, and application of traditional legal concepts in relation to sports as a business and social entity. This upper division elective provides a comprehensive introduction to the different dimensions of the legal environment and their influence on the business of sports.
Prerequisite: BLAW 2210.

BLAW 4240 Real Estate Law
3 semester hours
A study of the legal aspects involved in real estate ventures. This course will explore the nature of property and land transactions, management based on current law code, and existing case law. This course provides an excellent legal foundation for students with an interest in future property ownership.
Prerequisite: BLAW 2210.

BLAW 4250 International Business Law
3 semester hours
This course provides an excellent legal foundation for the international operation of businesses. Students will address balancing the legal interests of domestic and international parties and will explore the applicable legal guidelines and case history.
(See INBA 4850.)
Prerequisites: BLAW 2210 and INBA 3810.

Chemistry (CHEM)

CHEM 110 General Chemistry I
3 semester hours
Atomic theory; chemical nomenclature; chemical equations and reactions; stoichiometry; properties of gases, solids, and liquids; electronic structure of atoms and periodic properties of the elements; covalent bonding and molecular geometry. Lecture, 3 hours. University Core fulfilled: Explorations: Nature of Science, Technology, and Mathematics.

CHEM 111 General Chemistry I Lab
CHEM 111 General Chemistry I
3 semester hours
Atomic theory; stoichiometry; properties of gases, liquids, and solids; electronic structure and periodic table; covalent bonding; kinetics and equilibrium; acid-base, precipitation, and reduction-oxidation reactions; basic thermodynamics.
Lecture, 3 hours.
Prerequisite: CHEM 110. Engineering majors only.

CHEM 112 General Chemistry II
3 semester hours
Solutions, chemical kinetics, thermodynamics, acids and bases, equilibria, electrochemistry, nuclear reactions, and selected additional topics.
Lecture, 3 hours.
Prerequisite: CHEM 110.

CHEM 113 General Chemistry II Lab
1 semester hour
Chemical kinetics, equilibrium, complex ions, solubility, visible spectrophotometry, inorganic synthesis, crystallization, inorganic qualitative analysis.
Lecture and laboratory, 4 hours.
Prerequisites: CHEM 111; CHEM 112 or concurrent enrollment.

CHEM 114 General Chemistry for Engineers
3 semester hours
Atomic theory; stoichiometry; properties of gases, liquids, and solids; electronic structure and periodic table; covalent bonding; kinetics and equilibrium; acid-base, precipitation, and reduction-oxidation reactions; basic thermodynamics.
Lecture, 3 hours.
Checmistry majors only.

CHEM 190 World of Chemistry and Biochemistry
1 semester hour
Introduction to the Chemistry and Biochemistry programs, faculty, staff, and the facilities. Students will have the opportunity to learn about the various research programs in the department. Students will also be introduced to various chemistry and biochemistry careers.
Seminar, 2 hours.
Credit/No Credit grading only.

CHEM 198 Special Studies
0 TO 3 semester hours

CHEM 199 Independent Studies
0 TO 3 semester hours

CHEM 220 Organic Chemistry I
3 semester hours
Introduction to the fundamentals of organic chemistry: chemical properties, synthesis and nomenclature of alkanes, alkynes, cycloalkanes, aromatic hydrocarbons, and alkyl halides.
Lecture, 3 hours.
Prerequisites: CHEM 110 and CHEM 112.
University Core fulfilled: Explorations: Nature of Science, Technology, and Mathematics.

CHEM 221 Organic Chemistry I Lab
1 semester hour
Introduction to the fundamental lab techniques used in organic chemistry.
Lecture and laboratory, 4 hours.
Prerequisites: CHEM 111, CHEM 113, CHEM 220 or concurrent enrollment.

CHEM 222 Organic Chemistry II
3 semester hours
Introduction to the chemistry of alcohols, ethers, carbonyl compounds, amines, and carbohydrates.
Lecture, 3 hours.
Prerequisite: CHEM 220.

CHEM 223 Organic Chemistry II Lab
1 semester hour
Laboratory experience in synthesis and analysis of organic compounds.
Lecture and laboratory, 4 hours.
Prerequisites: CHEM 221; CHEM 222 or concurrent enrollment.

CHEM 250 Earth Systems
3 semester hours
An introductory exploration of how the Earth works. Focus is placed on connecting the Earth systems—the solid Earth, atmosphere, oceans, and biosphere—through the cycling of chemical elements and energy. The course will also discuss significant anthropogenic impacts to the natural Earth system.
Lecture, 3 hours.
Prerequisites: CHEM 110 and CHEM 112.
University Core fulfilled: Flag: Information Literacy.

CHEM 261 The Science in Science Fiction
3 semester hours
The physics, chemistry, and biology found in science fiction literature and examined for accuracy and probability. Topics include the physics of space and space habitats, the chemistry and biology of life arising under non-earthlike conditions, and the ecology of imagined worlds. "Engineering" new worlds on the basis of sound scientific theory will be expected. Understanding of physical implications of simple algebraic expressions is required.
Lecture, 3 hours.
Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.
University Core fulfilled: Explorations: Nature of Science, Technology, and Mathematics.

CHEM 262 The Chemical Environment
3 semester hours
The important chemical processes of the world in which we live; air, water, agriculture, food additives, household chemicals, cosmetics, chemotherapy, sports, toxic waste management.
Lecture, 3 hours.
Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.

CHEM 270 Frontiers of Science
3 semester hours
Study of the methods of inquiry used across the disciplines in science. Development of scientific literacy through discussion of important public issues such as energy, medicine, the environment, and climate change.
University Core fulfilled: Explorations: Nature of Science, Technology, and Mathematics.

CHEM 281 The Science of CSI: An Introduction to Forensic Science
3 semester hours
This course gives students an introduction to the forensic sciences and an appreciation for the activities of a real forensic laboratory. This course utilizes lecture and inquiry based laboratory activities and experiments to introduce basic scientific concepts and develop
problem solving and critical thinking skills in a chemical and biological context. Topics will include basic chemistry, biology, and analytical techniques; crime scene analysis; arson investigation; and fingerprint, drug, blood, and DNA analyses. No prior science background is required.

Lecture, 3 hours.
University Core fulfilled: Explorations: Nature of Science, Technology, and Mathematics.

CHEM 290 Chemistry Seminar
1 semester hour
Regular attendance by second-year students at the Departmental Seminar Program.
May be taken twice.
Credit/No Credit grading only.

CHEM 298 Special Studies
1 TO 3 semester hours

CHEM 299 Independent Studies
1 TO 3 semester hours

CHEM 330 Inorganic Chemistry
3 semester hours
Lecture, 3 hours.
Prerequisite: CHEM 222.

CHEM 331 Inorganic Chemistry Lab
1 semester hour
Lecture and laboratory, 4 hours.
Prerequisites: CHEM 222 and CHEM 223.

CHEM 340 Physical Chemistry
3 semester hours
The objective of this course is to introduce the student to the principles of physical chemistry, both to satisfy a requirement of the major and to serve as preparation to enrollment in subsequent in-depth courses in selective topics in physical chemistry. Topics include: properties of gases, chemical thermodynamics, chemical equilibria, colligative properties, electrochemistry, chemical kinetics, quantum mechanics, atomic and molecular spectroscopy.
Lecture, 3 hours.
Prerequisites: CHEM 222 and CHEM 223; MATH 123 or MATH 132; PHYS 201 or PHYS 254.
University Core fulfilled: Flag: Quantitative Reasoning.

CHEM 341 Physical Chemistry Lab
1 semester hour
Physical measurements, calorimetry, physical equilibria, phase behavior, chemical equilibria, kinetics, colligative properties, atomic and molecular spectroscopy.
Lecture and laboratory, 4 hours.
Prerequisite: CHEM 340 or concurrent enrollment.
University Core fulfilled: Flag: Quantitative Reasoning; Writing.

CHEM 342 Advanced Physical Chemistry
3 semester hours
Chemical kinetics, quantum mechanics, atomic and molecular spectroscopy, statistical mechanics.
Lecture, 3 hours.
Prerequisites: CHEM 340 and CHEM 341.

CHEM 343 Advanced Physical Chemistry Lab
1 semester hour
Kinetics, colligative properties, atomic and molecular spectroscopy.
Lecture and laboratory, 4 hours.
Prerequisites: CHEM 340, CHEM 341; CHEM 342 or concurrent enrollment.

CHEM 346 Physical Biochemistry
3 semester hours
Chemical and enzyme kinetics, solutions of macromolecules, chemical equilibria, transport processes, sedimentation, transport in electric fields, physical methods in biochemistry, scattering, molecular modeling.
Lecture, 3 hours.
Prerequisites: CHEM 340 and CHEM 341.
Corequisite: CHEM 347.

CHEM 347 Physical Biochemistry Lab
1 semester hour
Kinetics, colligative properties, macromolecular solution properties, atomic and molecular spectroscopy as applies to biochemical systems.
Lecture and laboratory, 4 hours.
Prerequisites: CHEM 340 and CHEM 341.
Corequisite: CHEM 346.

CHEM 352 Environmental Chemistry
3 semester hours
A study of chemical processes in the environment: topics include stratospheric ozone depletion, the greenhouse effect, air pollution, sources of energy, water chemistry, water purification, sewage treatment, and pesticides.
Lecture, 3 hours.
Prerequisites: CHEM 110 and CHEM 112.

CHEM 353 Environmental Chemistry Lab
1 semester hour
Analysis to determine pollutants found in air, water, soil systems; emphasis on the use of instrumental methods and techniques.
Laboratory, 4 hours.
Prerequisites: CHEM 110, CHEM 111, CHEM 112, CHEM 113.
Corequisite: CHEM 352.

CHEM 354 Air Pollution: Atmospheric Chemistry
3 semester hours
Introduction to air pollution and the chemistry of the Earth’s atmosphere. The fundamental natural processes controlling trace gas and aerosol concentrations in the atmosphere will be explored as well as how anthropogenic activity has affected those processes at local, regional, and global scales.
Lecture, 3 hours.
Prerequisites: CHEM 110 and CHEM 112.
University Core fulfilled: Flag: Information Literacy.

CHEM 356 Sustainable Practices
3 semester hours
Discussion of the history of water and energy use in society; analysis of pollution resulting from use of non-renewable energy
sources and recent advances in production of renewable and sustainable energy practices; and pollution of water with sustainable practices to provide clean freshwater and appropriate wastewater management.

Prerequisite: CHEM 112 or ENVS 101 or consent of instructor.

**CHEM 360 Analytical Chemistry and Lab**

*4 semester hours*

Theory of chemical analyses, statistical analyses in chemistry, and an introduction to spectroscopy. Lab includes quantitative analyses by gravimetric, titrimetric, and spectroscopic methods.

Lecture and laboratory, 8 hours.

Prerequisites: CHEM 112 and CHEM 113.

University Core fulfilled: Flag: Quantitative Reasoning.

**CHEM 370 Biochemistry**

*3 semester hours*

Macromolecular structure and function, enzymology, bioenergetics and kinetics, biotechnology, major metabolic pathways.

Lecture, 3 hours.

Prerequisites: CHEM 222 and CHEM 223.

University Core fulfilled: Integrations: Interdisciplinary Connections.

**CHEM 371 Biochemistry Lab**

*1 semester hour*

Techniques of protein purification, enzyme assay, and kinetics.

Lecture and laboratory, 4 hours.

Prerequisite: CHEM 370 or concurrent enrollment.

University Core fulfilled: Flag: Engaged Learning; Writing.

**CHEM 372 Advanced Biochemistry**

*3 semester hours*

Metabolic regulation; macromolecular structure, function and synthesis membrane transport; DNA and RNA metabolism and control; biochemistry of vitamins and other nutrients; protein biosynthesis.

Lecture, 3 hours.

Prerequisite: CHEM 370.

**CHEM 373 Advanced Biochemistry Lab**

*1 semester hour*

Techniques in lipid and carbohydrate analysis; enzyme regulation; enzymes as diagnostic tools, restriction enzymes.

Lecture and laboratory, 4 hours.

Prerequisites: CHEM 370, CHEM 371; and CHEM 372 or concurrent enrollment.

**CHEM 376 Biochemistry I**

*3 semester hours*

Macromolecular structure and function; enzymology; bioenergetics and kinetics; biotechnology; major metabolic pathways.

Lecture, 3 hours.

Prerequisites: CHEM 222 and CHEM 223.

**CHEM 380 Forensic Chemistry**

*3 semester hours*

An introduction to the forensic sciences with an emphasis on chemistry. This course gives students an appreciation for the activities of a real forensic laboratory. Topics covered include basic analytical techniques, arson investigation, and fingerprint, drug, blood, and DNA analyses.

Lecture, 3 hours.

Prerequisites: CHEM 222, CHEM 223, and CHEM 360 or consent of instructor.

**CHEM 382 Wine Chemistry**

*3 semester hours*

Addresses the major chemical topics associated with wine production, chemical analysis of wine and wine faults. Provides an overview of wine-making and the wine industry through a combination of lecture, lab and field trips.

Minimum age of 21 required for full participation.

Lecture, 3 hours.

Prerequisite: CHEM 222.

**CHEM 390 Chemistry Seminar**

*1 semester hour*

Regular attendance at Departmental Seminar Program.

Credit/No Credit grading only.

**CHEM 391 Chemistry Seminar**

*1 semester hour*

Regular attendance at Departmental Seminar Program and presentation of a seminar.

**CHEM 393 Chemistry/Biochemistry Internship**

*1 TO 3 semester hours*

Research/Development work conducted in a professional chemical setting in a local government or industrial laboratory. Work includes both theory and laboratory practice on a project designed cooperatively by the laboratory's supervisory staff and LMU faculty. The project is jointly supervised by on-site staff and LMU faculty. May be repeated for credit up to 6 semester hours.

Credit/No Credit grading only.

**CHEM 397 Directed Research**

*1 TO 3 semester hours*

May be repeated for credit up to 6 semester hours.

Consent of instructor required.

**CHEM 398 Special Studies**

*0 TO 3 semester hours*

**CHEM 399 Independent Studies**

*0 TO 3 semester hours*

**CHEM 420 Advanced Organic Chemistry**

*3 semester hours*

Modern synthetic reactions, mechanisms and study of organic synthesis.

Lecture, 3 hours.

Prerequisites: CHEM 220 and CHEM 222.

**CHEM 421 Advanced Organic Chemistry Lab**

*1 semester hour*

Laboratory techniques for multi-step synthesis and spectroscopic analysis of organic compounds.

Lecture and laboratory, 4 hours.

Prerequisites: CHEM 222 and CHEM 223.

University Core fulfilled: Flag: Writing.

**CHEM 430 Advanced Inorganic Chemistry**

*3 semester hours*

Lecture, 3 hours.

Prerequisites: CHEM 330 and CHEM 331 or concurrent enrollment.
CHEM 434 Bioinorganic Chemistry
3 semester hours
The study of the function and structure of metal ions in biology; the properties and spectroscopy of metal ions; metalloproteins; the interaction between metal ions and DNA or RNA; introduction of metal ions into biological systems as probes and as drugs.
Lecture, 3 hours.
Prerequisite: CHEM 370 or CHEM 376, or by consent of instructor.

CHEM 460 Instrumental Analysis and Lab
4 semester hours
Theory and practice of analytical methods including infrared spectroscopy, atomic spectroscopy, nuclear magnetic resonance spectroscopy, mass spectrometry, and gas and liquid chromatography.
Lecture and laboratory, 7 hours.
Prerequisite: CHEM 360.
University Core fulfilled: Flag: Writing.

CHEM 474 Food Chemistry
3 semester hours
The chemistry involved in food preparation and development. Examples include flavorings, food additives, what happens when it is cooked, then eaten; nutritional aspects of foods, food supplements, preservation, food fads.
Lecture, 3 hours.
Prerequisite: CHEM 370.

CHEM 476 Advanced Topics in Biochemistry and Biotechnology
3 semester hours
Recent advances in biochemistry and biotechnology are discussed and analyzed. Typical topics discussed include protein phage display, genome sequencing technologies, gene synthesis and mutagenesis, protein design and engineering. Students will also read and discuss recent publications from leaders in the fields of biochemistry and biotechnology.
Lecture, 3 hours.
Prerequisite: CHEM 370.

CHEM 480 Medicinal Chemistry
3 semester hours
Chemical principles involved in design and formulation of drugs; their absorption, distribution, and elimination; and their interaction at possible active sites. Mechanism of action of specific groups of drugs are discussed.
Lecture, 3 hours.
Prerequisite: CHEM 370 or consent of director.

CHEM 482 Toxicology
3 semester hours
An introduction to the principles of toxicology, emphasizing cellular mechanisms, e.g., cell signaling, mutagenesis, and/or carcinogenesis. Topics will also include dose-response, toxicokinetics, risk assessment, effects of toxicants on the environment, and approaches that can decrease the amounts of toxicants in the environment.
Prerequisite: CHEM 370 or consent of instructor.

CHEM 490 Chemistry Seminar
1 semester hour
Regular attendance at Departmental Seminar Program.
Credit/No Credit grading only.

CHEM 491 Chemistry Seminar
1 semester hour
Regular attendance at Departmental Seminar Program and presentation of a seminar.

CHEM 493 Chemistry/Biochemistry Internship
1 TO 3 semester hours
Research/Development work conducted in a professional chemical setting in a local government or industrial laboratory. Work includes both theory and laboratory practice on a project designed cooperatively by the laboratory's supervisory staff and LMU faculty. The project is jointly supervised by on-site staff and LMU faculty. May be repeated for credit up to 6 semester hours.

CHEM 495 Chemistry Teaching
0 TO 1 semester hour
Guided teaching of the undergraduate laboratories. May be repeated for credit up to 8 semester hours.
Credit/No Credit grading only.
Approval of Department Chairperson required.

CHEM 497 Directed Research
1 TO 3 semester hours
A written report is required.
May be repeated for credit up to 6 semester hours.
Consent of instructor required.

CHEM 498 Special Studies
1 TO 3 semester hours

CHEM 499 Independent Studies
0 TO 4 semester hours

CHEM 560 Introduction to Modern Spectroscopy
3 semester hours
Theory, instrumentation principles, methods for data collection, results interpretation, and contemporary applications of modern spectroscopic methods including Gas Chromatography-Mass Spectrometry (GC-MS), Liquid Chromatography-Mass Spectrometry (LC-MS), Inductively Coupled Plasma-Mass Spectrometry (ICP-MS), and Nuclear Magnetic Resonance Spectroscopy (NMR). The course will include hands-on use of instrumentation in the laboratory setting.
Prerequisite: CHEM 360 or consent of instructor.

Chinese (CHIN)

CHIN 1101 Chinese 1
4 semester hours
This course is designed for students who have little or no knowledge of Mandarin Chinese. Students will be introduced to fundamentals of the language and will develop communicative skills and learn to read and write in spoken style.
This course requires participation in a weekly one-hour integrated drill session.

CHIN 1102 Chinese 2
4 semester hours
This course is a continuation of CHIN 1101. Students will continue learning the fundamentals of Mandarin Chinese. The four aspects of language skills—listening, speaking, reading, and writing in spoken style Chinese—are equally emphasized.
This course requires participation in a weekly one-hour integrated drill session.
Prerequisite: CHIN 1101 or by LMU Placement Exam.

CHEM 499 Independent Studies
CHIN 2103 Chinese 3
4 semester hours
Builds upon the fundamentals of Mandarin Chinese studied in CHIN 1101 and CHIN 1102. Students will continue to develop the four aspects of their language skills: listening, speaking, reading, and writing. Students are expected to write short paragraphs and conduct oral presentations. This course requires participation in a weekly one-hour integrated drill session.
Prerequisite: CHIN 1102 or by LMU Placement Exam.

CHIN 3606 Chinese 5
4 semester hours
This course will help students continue to develop their four skills of listening, speaking, reading, and writing, with a focus on oral skills. Many of the grammatical constructions introduced in first and second year Chinese will be repeated in this course with increasing sophistication in terms of style and usage. Students are required to comprehend and produce paragraph-level Chinese. Rigorous practice of spoken and written style Chinese in complex communicative activities will be conducted. Students will also do intensive reading of expository writings on a variety of cultural topics.
Prerequisite: CHIN 2104 or by LMU Placement Exam. University Core fulfilled: Flag: Oral Skills.

CHIN 4208 Selected Topics in Contemporary Chinese Society
4 semester hours
This course intends to help students develop knowledge and perspectives about contemporary Chinese society. Students will be exposed to different aspects of Chinese culture and their relationship with the Chinese language in the process of China's social and cultural transformation. This class will be taught in both Chinese and English.
Prerequisite: CHIN 3606 or consent of instructor. University Core fulfilled: Integrations: Interdisciplinary Connections; Flag: Engaged Learning.

CHIN 4309 Modern China through Film
4 semester hours
By introducing well-known films produced in the twentieth century by filmmakers from Mainland China, Taiwan, and Hong Kong, this seminar explores the immense panorama of contemporary Chinese society from different perspectives. Key issues include gender, identity, youth, family, education, and modernity. The class will be taught in Chinese entirely.
Prerequisite: CHIN 3606 or consent of instructor.

CHST 1116 Introduction to Chicana/o-Latina/o Studies
4 semester hours
An interdisciplinary overview of Chicana/o Studies to familiarize students with historical and contemporary issues in Chicana/o and
Latina/o communities.

CHST 1126 Chicana/o Cultural Production
4 semester hours
Examines contemporary Chicana/o cultural production, including performance, film, and art. Comparisons are made to other ethnic groups and cross-cultural production.

CHST 1998 Special Studies
1 TO 4 semester hours

CHST 1999 Independent Studies
1 TO 4 semester hours

CHST 2206 Introduction to Chicana/o, Latina/o Literature
4 semester hours
An overview of a range of genre, themes, and concepts created by Chicana/o and other U.S. Latina/o writers.

CHST 2998 Special Studies
1 TO 4 semester hours

CHST 2999 Independent Studies
1 TO 4 semester hours

CHST 3302 Chicanas and Latinas in the U.S.
4 semester hours
Analysis of the historical, social, and cultural characteristics that shape the roles of Chicanas and Latinas in the U.S.

CHST 3308 Contemporary Urban Issues
4 semester hours
Using service learning in Los Angeles, the course helps students understand how the lives of Chicanas/os and Latinas/os are shaped by politics, economics, culture, history, and access to nation-state institutions.
University Core fulfilled: Integrations: Interdisciplinary Connections; Flag: Engaged Learning.
Corequisite: CHST 3309.

CHST 3309 Engaged Learning Lab
0 semester hours
This course is a zero-semester-hour lab that is required for CHST 3308.
Credit/No Credit grading.
Corequisite: CHST 3308.

CHST 3310 Guadalupe, Queen of the Américas
4 semester hours
The course investigates the Virgin of Guadalupe's religious, cultural, and artistic significance among Mexicans and Mexican Americans in the United States. It uses interdisciplinary methods to examine Latino theology, the faith-practices and devotions to Guadalupe, and contemporary visual arts.
University Core fulfilled: Integrations: Faith and Reason; Flag: Writing.

CHST 3320 Racial and Ethnic Politics
4 semester hours
Comparative analysis of racial and ethnic groups within the United States political system. A focus on the effect of political institutions on minority groups at federal, state, and local levels. Examines the experience of minority groups to illuminate political process in the U.S.

CHST 3332 Chicana/o-Latina/o Literature
4 semester hours
Examines Chicana/o-Latina/o literature, its criticism as well as its various artistic genres, introducing students to its aesthetic and social values. (See ENGL 3350.)
University Core fulfilled: Integrations: Interdisciplinary Connections.

CHST 3354 Prison Literature
4 semester hours
(See ENGL 3354.)

CHST 3360 Chicana/o History
4 semester hours
An analytical survey of Native America, Mexican America, and the recent past with a focus on race, ethnicity, sexuality, gender, and class.
University Core fulfilled: Explorations: Historical Analysis and Perspectives; Flag: Writing.

CHST 3367 History of Los Angeles
4 semester hours
(See HIST 4410.)

CHST 3998 Special Studies
1 TO 4 semester hours

CHST 3999 Independent Studies
1 TO 4 semester hours

CHST 4310 Chicana/o Politics
4 semester hours
(See POLS 4310.)

CHST 4350 Immigration and Los Angeles
4 semester hours
(See APAM 4350.)

CHST 4380 The Politics of California
1 TO 4 semester hours
(See POLS 4380.)

CHST 4390 The Politics of Los Angeles
4 semester hours
(See POLS 4390.)

CHST 4404 Latina Feminist Theory
4 semester hours
Focuses on current writings by Chicana feminists and connects this material to African American and Asian American feminist theory. The course traces the development of Chicana feminism and its concern with the interlocking conditions of gender, race, sexuality, and class.
University Core fulfilled: Flag: Writing.

CHST 4406 Chicana/o Consciousness
4 semester hours
(See ENGL 3353.)

CHST 4407 Mexican Presence in Los Angeles Art since 1945
4 semester hours
A historical and social investigation of Chicana/o art and the politics of identity. The course includes options for curating a virtual art gallery, field trips, and other creative assignments.
University Core fulfilled: Integrations: Interdisciplinary Connections; Flag: Writing.

CHST 4460 The Chicana/o Southwest
4 semester hours
An examination of the historical and contemporary issues shaping this important region of the U.S. Attention to indigenous communities, women, and current political issues.

CHST 4465 Chicana/os-Latina/os in Film and Mass Media
4 semester hours
An examination of film and other forms of mass media, focusing on issues of representation as well as production. Subject matter addresses both Chicano cinema and Mexican/Latin American cinema.

CHST 4998 Special Studies
1 TO 4 semester hours

CHST 4999 Independent Studies
1 TO 4 semester hours

CHST 5000 Capstone Seminar
4 semester hours
A senior seminar required of majors and minors. Students conduct original, independent research and present the work before an audience.
University Core fulfilled: Flags: Oral Skills, Writing.

Civil Engineering (CIVL)

CIVL 200 Mechanics of Materials
3 semester hours
Development of relationships between loads applied to an elastic body to stresses and deformations produced in the body, the relation between stresses and strains, approaches for finding necessary dimensions of a member with respect to material capabilities and design constraints.
Lecture, 3 hours.
Prerequisite: ENGR 200.

CIVL 210 Surveying and Mapping
3 semester hours
Study of basic surveying instruments and related computations for topographic surveys, horizontal and vertical curves, and the design of highways. The course will include computer aided design and geographic information systems (applications of AutoCAD to civil engineering design and fundamentals of GIS using ArcView).
Lecture, 2 hours; Laboratory, 4 hours.
Sophomore standing required.
University Core fulfilled: Flag: Information Literacy.

CIVL 230 Particle Dynamics
2 semester hours
Kinetics and kinematics of particles. Application of Newton's laws, principles of work and energy, impulse and momentum.
Lecture, 2 hours.
Prerequisite: ENGR 200.

CIVL 250 Thermal-Fluid Systems
3 semester hours
Fluid statics including pressure in a static fluid, differential manometers, hydrostatic forces on plane and curved surfaces, buoyancy and stability, Bernoulli's Equation and applications, fundamental of classic thermodynamics, properties of pure substances, work and heat, energy balances for closed and open systems, cycles, second law, entropy, irreversible processes, isentropic processes, power and refrigeration cycles, steam turbines.
Prerequisite: ENGR 200.

CIVL 302 Seismic Design of Structures
3 semester hours
Free and forced vibration of discrete single and multiple degree of freedom systems, continuous systems, design for earthquake loading, application of the Uniform Building Code to the seismic design of structures.
Lecture, 3 hours.
University Core fulfilled: Flag: Quantitative Reasoning.
Prerequisite: CIVL 200.

CIVL 305 Structural Theory
3 semester hours
Introduction to the International Building Code. Analysis of determinate and indeterminate deformable structures using classical methods and an introduction to computer methods of analysis.
Lecture, 3 hours.
Prerequisite: CIVL 200.

CIVL 310 Fluid Mechanics I
3 semester hours
Properties of fluids, fluid statics, kinematics, energy, hydrodynamics, momentum and dynamic forces, steady flow of compressible and incompressible fluids.
Lecture, 3 hours.
Prerequisite: CIVL 250.

CIVL 311 Fluid Mechanics Lab
1 semester hour
A companion laboratory of CIVL 310.
Laboratory, 3 hours.
Corequisite: CIVL 310.

CIVL 310 Introduction to Environmental Engineering
3 semester hours
Introduction to elements of water treatment, water pollution control, solid and hazardous waste disposal, and air pollution control. The interrelationships of the movement of pollutants between the land, air, and water media are discussed.
Lecture, 3 hours.
University Core fulfilled: Explorations: Nature of Science, Technology, and Mathematics (Civil Engineering majors only).
Prerequisites: BIOL 114, CHEM 114 and MATH 123 or MATH 132.

CIVL 340 Analytical Methods in Civil Engineering I
3 semester hours
Introduction to probability and statistics with an emphasis on techniques and applications useful in engineering.
Lecture, 3 hours.
Prerequisite: MATH 132.

CIVL 395 Engineering Economics and Decision Theory
3 semester hours
The economic evaluation of engineering alternatives. Topics include:
time value of money relationships, nominal and effective interest rates, present worth method, annual worth method, rate of return and incremental analysis, depreciation and income taxes, replacement analysis and benefit/cost analysis.
Lecture, 3 hours.
University Core fulfilled: Explorations: Understanding Human Behavior.
Prerequisite: MATH 132.

CIVL 400 Fundamentals of Water and Wastewater Treatment
3 semester hours
Fundamentals of water and wastewater treatment systems; water and wastewater characteristics, analysis and design and conventional water treatment systems and physical, chemical, and biological processes for wastewater treatment.
Lecture, 3 hours.
University Core fulfilled: Flag: Oral Skills.
Prerequisites: CIVL 310 and CIVL 320.

CIVL 406 Water Resources Planning and Design
3 semester hours
Flood control hydrology including rainfall, unit hydrographs, flood frequency analysis and flood routing. Development of surface and groundwater supplies, reservoir yield and operation, determination of water requirements, analysis of water supply and distribution systems.
Lecture, 3 hours.
University Core fulfilled: Flag: Information Literacy.
Prerequisite: CIVL 410.

CIVL 410 Soil Mechanics
4 semester hours
Physical and mechanical properties of soil, consolidation, settlement of structures, shear strength, analysis of earth pressures, bearing capacity, slope stability, flow through porous media, and open-ended design problems.
Lecture, 3 hours; Laboratory, 3 hours.
University Core fulfilled: Flag: Writing.
Prerequisites: CIVL 200 and CIVL 310.

CIVL 411 Design of Foundations and Earth Structures
3 semester hours
Design methods for foundations and earth structures. Design of footings and piles including stability and settlement, slopes, and retaining structures.
Lecture, 3 hours.
Prerequisite: CIVL 410.

CIVL 415 Reinforced Concrete Design
4 semester hours
Theory and design of reinforced concrete columns, beams, retaining walls, footings and slabs. Application to design projects.
Lecture, 3 hours; Laboratory, 3 hours.
Prerequisite: CIVL 200.

CIVL 460 Civil Engineering Design
4 semester hours
An integrated senior design experience which utilizes knowledge from the civil engineering curriculum. In addition to the technical aspects, the designs consider costs, sustainability economics, and environmental factors. Class lectures include discussion of the design process, environmental impact, engineering and professional ethics, the engineering profession, professional practice issues, the role of the engineer in the construction process, and procurement of engineering work. Student project reports and presentations are required.
Lecture, 2 hours; Design Laboratory, 4 hours.
Senior standing required.
University Core fulfilled: Flag: Engaged Learning; Flag: Writing.
Prerequisites: CIVL 210, CIVL 395, CIVL 400, CIVL 406, CIVL 410.

CIVL 498 Special Studies
1 TO 4 semester hours

CIVL 499 Independent Studies
1 TO 4 semester hours

CIVL 503 Engineering Sustainability and LEED
3 semester hours
Introduction to the role of engineers in sustainability with focus on the modern engineer's role on design. Topics include environmental impacts, sustainable construction, recycled water and desalination, renewable energy, and management and conservation techniques. Additionally, the course prepares students in Leadership in Energy and Environmental Design (LEED) with the overall goal for them to receive LEED Green Associate credentials.
Lecture, 3 hours.
Senior standing or permission of instructor required.

CIVL 504 Applied Fluid Mechanics
3 semester hours
Fundamentals of fluid mechanics, and review of the underlying mathematical principles, viscosity, fluid statics, conservation of mass, energy equation, momentum principle, fluid flow in pipes, hydraulic machinery.
Open to science majors interested in a Master's degree in Environmental Science.
Lecture, 3 hours.
Requires consent of instructor.

CIVL 510 Open Channel Hydraulics
3 semester hours
Study of steady uniform and non-uniform flow in open channels; design of channels, transitions, confluences, culverts, and other hydraulic structures.
Lecture, 3 hours.
Prerequisite: CIVL 310.

CIVL 511 Hydraulic Analysis and Design
3 semester hours
Design and analysis of hydraulic structures and pump stations; rainfall-runoff models; determination of reservoir storage; unsteady flow and water hammer; flood routing techniques; sediment transport.
Lecture, 3 hours.
Prerequisite: CIVL 310 or CIVL 504.

CIVL 512 Air Pollution Analysis
3 semester hours
Detailed analysis of emission sources, emission calculation methods, and air pollution controls. The dispersion of air pollutants in the atmosphere (fates and lifetimes, dispersion modeling methods). In-depth techniques of conducting risk assessments due to exposure to air pollutants.
Lecture, 3 hours.

CIVL 513 Solid Wastes Engineering
3 semester hours
An application of current technology in the collection, control,
disposal, and recovery of value from solid wastes. Lecture, 3 hours.

CIVL 514 Groundwater Hydrology
3 semester hours
Theory of the movement and occurrence of water in a porous medium; steady and unsteady flow in confined and unconfined aquifers; Darcy's law; equilibrium and non-equilibrium hydraulics of wells; computer applications. Lecture, 3 hours. Prerequisite: CIVL 310 or CIVL 504.

CIVL 515 Industrial Waste Management
3 semester hours
Principles and methods of treatment and disposal of industrial wastes that may adversely affect the environment, including general characterization of wastes from industries of major significance and typical treatment processes involved. Regulatory constraints. Lecture, 3 hours. Prerequisites: CIVL 400 and ENVS 510.

CIVL 520 Computers and Environmental Analysis
3 semester hours
Applications of digital simulations in the analysis of problems in the environment, water quality modeling, numerical methods, statistical analysis, and use of a large scale application program.

CIVL 531 Principles of Water Quality Management
3 semester hours
Review of the basic parameters used to describe water quality. Fundamentals of aquatic interaction in natural systems and fate of pollutants in the natural environments. Basic water and wastewater treatment systems. Prerequisites: Introductory calculus, basic physics, and chemistry.

CIVL 534 Groundwater Management
3 semester hours
Management of groundwater basins for optimum yield, quality, and environmental considerations; artificial recharge; methods of exploration; groundwater models; water rights; and conjunctive use of surface and groundwater.

CIVL 548 Hazardous Substances Management
3 semester hours
The study of regulation and management strategies for environmental programs (hazardous substances) including hazardous waste, asbestos, underground tanks, air pollution, and the California Environmental Quality Act. Lecture, 3 hours.

CIVL 549 Hazardous Waste Remediation
3 semester hours
This course provides an overview of the regulatory framework, site assessment and sampling techniques, and remediation technologies for hazardous waste sites. Emphasis is placed on cost-effective remediation technologies, regulatory agency coordination, and new emerging technologies for hazardous waste site clean-up projects. Lecture, 3 hours.

CIVL 550 Fundamentals of Environmental Risk Management
2 semester hours
The fundamental technical aspects and non-technical policy aspects of environmental health risk assessments. Basics of environmental chemistry partitioning fate and transport of pollutants in the atmosphere and water; human exposure scenarios, fundamentals of toxicology and epidemiology. Lecture, 3 hours.

CIVL 554 Surface Water Hydrology
3 semester hours

CIVL 559 Structural Steel Design
3 semester hours
Theory and design of steel structures, component members, and connections using codes and specifications. Design projects. Lecture, 3 hours. Prerequisite: CIVL 200.

CIVL 598 Special Studies
1 TO 4 semester hours

CIVL 599 Independent Studies
1 TO 4 semester hours

CIVL 600 Comprehensive Exam
0 semester hours
Students must register for this class but only after they have completed all of their course requirements (30 semester hours) or will have completed all of their course requirements at the end of the semester in which they plan to take the comprehensive examination.

CIVL 602 Membrane Treatment Systems
3 semester hours
Characteristics, application, and selection of membranes for treatment, including reverse osmosis, microfiltration, ultrafiltration and other technologies. Membrane design, process and operation of surface water, groundwater, seawater, wastewater, recycled water and industrial water. Lecture, 3 hours. Prerequisites: ENVS 531 or ENVS 631 and ENVS 633.

CIVL 603 Engineering Sustainability and LEED
3 semester hours
Introduction to the role of engineers in sustainability with focus on the modern engineer's role on design. Topics include environmental impacts, sustainable construction, recycled water and desalination, renewable energy, and management and conservation techniques. Additionally, the course prepares students in Leadership in Energy and Environmental Design (LEED) with the overall goal for them to receive LEED Green Associate credentials. Lecture, 3 hours.

CIVL 604 Climate Change, Impacts, and Sustainability
3 semester hours
Overview of Earth's climate system and exploration of the science, impacts, and politics of global climate change. Specific topics include the greenhouse effect; El Niño; atmospheric and oceanic circulations; observations and projections; impacts on water resources and agriculture; politics; alternative energy; sustainability; and mitigation. Special emphasis is placed on California and the western United States. Lecture, 3 hours.

CIVL 605 Engineering Communications
3 semester hours
Written and verbal communication in the engineering profession. Students for whom English is a second language may not enroll in this class until their second year at LMU.
CIVL 607 Hydralic Analysis and Design

3 semester hours
Design and analysis of hydraulic structures and pump stations; rainfall-runoff models; determination of reservoir storage; unsteady flow and water hammer; flood routing techniques; sediment transport.
Lecture, 3 hours.
Prerequisite: CIVL 310 or CIVL 504.

CIVL 608 Groundwater Hydrology

3 semester hours
Theory of the movement and occurrence of water in a porous medium; steady and unsteady flow in confined and unconfined aquifers; Darcy’s law; equilibrium and non-equilibrium hydraulics of wells; computer applications.
Lecture, 3 hours.
Prerequisite: CIVL 504 or equivalent.

CIVL 609 Open Channel Hydraulics

3 semester hours
Study of steady uniform and non-uniform flow in open channels; design of channels, transitions, confluences, culverts, and other hydraulic structures.
Lecture, 3 hours.
Prerequisite: CIVL 504 or equivalent.

CIVL 610 Water and Wastewater Treatment Systems Design

3 semester hours
Integration of unit processes and operations and functional engineering design of water treatment systems.
Prerequisite: CIVL 640.

CIVL 611 Air Pollution Analysis

3 semester hours
Detailed analysis of emission sources, emission calculation methods, and air pollution controls. The dispersion of air pollutants in the atmosphere (fates and lifetimes, dispersion modeling methods). In-depth techniques of conducting risk assessments due to exposure to air pollutants.

CIVL 613 Solid Wastes Engineering

3 semester hours
An application of current technology in the collection, control, disposal, and recovery of value from solid wastes.
Lecture, 3 hours.

CIVL 614 Industrial Waste Management

3 semester hours
Principles and methods of treatment and disposal of industrial wastes that may adversely affect the environment, including general characterization of wastes from industries of major significance and typical treatment processes involved. Regulatory constraints.
Prerequisites: ENVS 610 and ENVS 631.

CIVL 615 Theory and Design of Waste Outfall Systems

2 semester hours
The theory of turbulent mixing as applied to the design of submarine waste and thermal outfall systems; a review of the regulations and their impact on the design of outfall systems.
Prerequisites: CIVL 504 or equivalent; ENVS 610 and ENVS 631.

CIVL 620 Computer and Environmental Analysis

3 semester hours
Applications of digital simulations in the analysis of problems in the environment, water quality modeling, numerical methods, statistical analysis, and use of a large scale application program.

CIVL 634 Groundwater Management

3 semester hours
Management of groundwater basins for optimum yield, quality, and environmental considerations; artificial recharge; methods of exploration; groundwater models; water rights; and conjunctive use of surface and groundwater.

CIVL 635 Contaminant Transport Groundwater

3 semester hours
Processes affecting the transport and fate of inorganic and organic contaminants in groundwater. Emphasis is placed on processes involving phase equilibrium, mass transfer, dissolution, etc. Review of flow and contaminant transport models, remediation technologies, and practical/regulatory considerations.
Prerequisites: CIVL 514, ENVS 610, and ENVS 631.

CIVL 640 Physical and Chemistry Treatment Processes

3 semester hours
Theory and practice of the physical and chemical treatment processes to treat water and wastewater including flow equalization, preliminary treatment, grit removal, primary sedimentation, filtration, flotation, adsorption, ion exchange and membrane separation, air stripping, precipitation, chemical oxidation and disinfection.
Prerequisites: CIVL 310 or CIVL 504 or equivalent; ENVS 631 and ENVS 633.

CIVL 641 Biological Treatment Processes

3 semester hours
Theory and practice of biological treatment of wastewater and wastewater residuals including activated sludge, biotower and fixed film systems, oxygen transfer, secondary clarification, nutrient removal, aerobic and anaerobic digestion, composting, oxidation ponds, and wetlands.
Prerequisites: CIVL 310 or CIVL 504 or equivalent; ENVS 631, ENVS 633, and ENVS 644.

CIVL 648 Hazardous Substance Management

3 semester hours
The study of regulation and management strategies for environmental programs (hazardous substances) including hazardous waste, asbestos, underground tanks, air pollution, and the California Environment Quality Act.

CIVL 649 Contaminated Site Remediation

3 semester hours
An overview of the regulatory framework, site assessment and sampling techniques, and remediation technologies for contaminated sites. Emphasis is placed on cost-effective remediation technologies, regulatory agency coordination, and new and emerging technologies for site clean-up projects.

CIVL 650 Fundamentals of Environmental Health Risk Assessment

3 semester hours
The fundamental technical aspects and non-technical policy aspects of environmental health risk assessments. Basics of environmental chemistry; partitioning, fate and transport of pollutants in the atmosphere and water; human exposure scenarios, fundamentals of toxicology and epidemiology.
CIVL 654 Surface Water Hydrology
3 semester hours
Study of the elements of the hydrologic cycle, rainfall, streamflow, infiltration, evapotranspiration, snowmelt, hydrographs, probability, river and reservoir routing, runoff determination using the rational method and hydrograph methods.

CIVL 656 Water Resources Systems Modeling
3 semester hours
Analyze and implement current simulation models in water resources. Topics may include: hydrologic and watershed models; reservoir operation models; surface water and groundwater quality models; computer applications.
Permission of instructor required.

CIVL 655 Economics of Water Resources
3 semester hours
Fundamentals of microeconomics; analysis of demand; production; theory of costs; welfare economics; benefit-cost analysis; applications in water resources management and environmental engineering.

CIVL 670 Contracts and Specifications
3 semester hours
Discussion of the design and construction process, contract documents and specifications, contract changes, claims and disputes, property issues, selection of the design professional and professional service contracts.

CIVL 695 Master Thesis
3 semester hours

CIVL 698 Special Studies
1 TO 4 semester hours

CIVL 699 Independent Studies
1 TO 4 semester hours

CIVL 694 Surface Water Hydrology
4 semester hours
A continuation of the grammar and syntax of CLAR 1110, with a focus on more complex sentences; translation of more elaborate prose and poetry passages.
Prerequisite: CLAR 1110 or equivalent.

CLAR 1125 Elementary Latin II
4 semester hours
A continuation of Latin grammar from CLAR 1115; translation of prose passages adapted from Classical authors.
Prerequisite: CLAR 1115 or equivalent.

CLAR 1130 Biblical Hebrew
4 semester hours
This is a one-semester “crash course” intended to enable the student to acquire the basics of Biblical Hebrew adequate to understand references in scholarly literature and to begin to read simpler Biblical texts with the use of a dictionary.

CLAR 1135 Readings in Classical Hebrew
4 semester hours
Selected readings in both prose and poetry.
Prerequisite: CLAR 1130 or equivalent.

CLAR 1998 Special Studies
1 TO 4 semester hours

CLAR 1999 Independent Studies
1 TO 4 semester hours

CLAR 2200 Epic Poetry
4 semester hours
A reading and analysis of Homer's Iliad and Odyssey, and Vergil's Aeneid (in translation).

CLAR 2210 Greek Tragedy in Performance
4 semester hours
A study of the plays of Aeschylus, Sophocles, and Euripides (in translation), with an emphasis on production.
University Core fulfilled: Explorations: Creative Experience: Flags: Oral Skills, Writing.

CLAR 2220 Greek Comedy in Performance
4 semester hours
A study of the plays of Aristophanes and Menander (in translation), with an emphasis on production.

CLAR 2230 Ancient Historians
4 semester hours
A study of the great historians from ancient Greece, Rome, and China (in translation), with an emphasis on ancient historiographical traditions.
University Core fulfilled: Explorations: Historical Analysis and Perspectives.

CLAR 2240 Ancient Greece
4 semester hours
A survey of Hellenic civilization from its origins in the Bronze Age until the Hellenistic period, encompassing the study of archaeology, history, literature, religion, philosophy, and the fine arts.

CLAR 2250 Ancient Rome

Classics and Archaeology (CLAR)

CLAR 1110 Elementary Greek I
4 semester hours
A basic introduction to Greek grammar and syntax, including noun declension and verb conjugation; translation of simple prose passages.

CLAR 1111 Greek and Latin for Medicine I
1 semester hour
A study of medical terminology derived from Greek and Latin roots.

CLAR 1112 Greek and Latin for Medicine II
1 semester hour
Further study of medical terminology derived from Greek and Latin roots.
Prerequisite: CLAR 1111.

CLAR 1115 Elementary Latin I
4 semester hours
A complete overview of Latin grammar, with an emphasis on morphology and syntax.
University Core fulfilled: Flag: Oral Skills.
A survey of Roman civilization from its origins in the Iron Age to the collapse of the empire, encompassing the study of archaeology, history, literature, religion, philosophy, and the fine arts.

**CLAR 2340 Archaeological Methods and Techniques**  
*4 semester hours*  
Modern archaeological methodology, theory, and interpretation.  
University Core fulfilled: Explorations: Understanding Human Behavior; Flag: Information Literacy.

**CLAR 2350 Egyptian Hieroglyphics**  
*4 semester hours*  
A study of the Middle Egyptian language, its literature, and the hieroglyphic writing system.

**CLAR 2355 Introduction to Near Eastern Languages**  
*4 semester hours*  
A survey of the major ancient languages of the Near East: Hebrew, Classical Arabic, Babylonian, Egyptian, and others, with short texts in those languages.  
University Core fulfilled: Flag: Information Literacy.

**CLAR 2360 Ancient Near East**  
*4 semester hours*  
Study of the Near Eastern background of classical civilizations from the Neolithic to Alexander the Great.  
University Core fulfilled: Explorations: Historical Analysis and Perspectives; Flag: Information Literacy.

**CLAR 2365 Introduction to Near Eastern Literatures**  
*4 semester hours*  
A survey of the major literary output of ancient Egypt, Babylonia, Ugarit, and other ancient Levantine cultures (in translation).  
University Core fulfilled: Flag: Information Literacy.

**CLAR 2998 Special Studies**  
*1 TO 4 semester hours*

**CLAR 2999 Independent Studies**  
*1 TO 4 semester hours*

**CLAR 3110 Greek Poetry**  
*4 semester hours*  
A reading and analysis of selected Ancient Greek epic, lyric, and dramatic texts in the original.  
Prerequisite: CLAR 1120 or equivalent.  
This course may be repeated for credit.

**CLAR 3115 Latin Poetry**  
*4 semester hours*  
A reading and analysis of selected Latin epic, lyric, dramatic, and satiric texts in the original.  
Prerequisite: CLAR 1125 or equivalent.  
This course may be repeated for credit.

**CLAR 3120 Greek Prose**  
*4 semester hours*  
A reading and analysis of selected Ancient Greek historical, rhetorical, philosophical, and religious texts in the original.  
Prerequisite: CLAR 1120 or equivalent.  
This course may be repeated for credit.

**CLAR 3125 Latin Prose**  
*4 semester hours*  
A reading and analysis of selected Latin historical, rhetorical, philosophical, epistolary, and religious texts in the original.  
Prerequisite: CLAR 1125 or equivalent.  
This course may be repeated for credit.

**CLAR 3130 Biblical Hebrew**  
*4 semester hours*  
A concentrated course in Hebrew, with attention paid to its historical development and to comparative phonetics and morphology.

**CLAR 3210 Classical and Near Eastern Myths**  
*4 semester hours*  
Study of the basic myths and myth patterns of the Greeks, Romans, and Near Eastern cultures, and their mythological heritage in Western literature and art.

**CLAR 3220 Greek and Roman Religions**  
*4 semester hours*  
Study of the religious practices and beliefs of the Greeks and Romans from the archaic period to the triumph of Christianity.

**CLAR 3230 Arts of Greece**  
*3 semester hours*  
A survey of the significant monuments of art and architecture of ancient Greece, from the Bronze Age to the Hellenistic Period, with an emphasis on form and function in their historical context.  
University Core fulfilled: Explorations: Historical Analysis and Perspectives.

**CLAR 3240 Arts of Rome**  
*3 semester hours*  
A survey of the significant monuments of art and architecture of ancient Rome, from the Etruscan period to the Age of Constantine, with an emphasis on form and function in the cultural context.  
University Core fulfilled: Explorations: Historical Analysis and Perspectives.

**CLAR 3330 Introduction to Near Eastern Religions**  
*4 semester hours*  
A study of the religions, rituals, and pantheons of ancient Near Eastern societies.

**CLAR 3340 Religions of Mesopotamia**  
*4 semester hours*  
A study of the major religious pantheons, rituals, myths, and popular practices in ancient Iraq.

**CLAR 3345 Babylonian Cuneiform**  
*4 semester hours*  
An introduction to the language and writing system of Ancient Mesopotamia.

**CLAR 3350 Ancient Egyptian Religion**  
*4 semester hours*  
A survey of origins and aspects of the various pantheons, rituals, creation themes, and other features of the religion of the Egyptian Middle Kingdom.

**CLAR 3360 Aegean Art and Archaeology**  
*4 semester hours*  
A study of the art and archaeology of the pre-classical Aegean world, from the Neolithic to the end of the Bronze Age.
CLAR 3370 Egyptian Art and Archaeology
4 semester hours
A study of Egyptian art and archaeology from the Neolithic to the Roman period.
University Core fulfilled: Explorations: Historical Analysis and Perspectives; Flag: Information Literacy.

CLAR 3380 Classical Numismatics
4 semester hours
Hands-on study of the coinages of ancient Greece, Rome, and the Eastern Mediterranean, with emphasis on archaeology, art history, and monetary origins. Students will use the large collections and library of the Archaeology Center.
University Core fulfilled: Flag: Information Literacy.

CLAR 3390 Archaeology of the Levant
4 semester hours
Study of the Levantine civilizations and societies from the Neolithic period to the mid-first millennium BC, with hands-on classes utilizing artifacts from LMU's archaeological collection.

CLAR 3998 Special Studies
1 TO 4 semester hours

CLAR 3999 Independent Studies
1 TO 4 semester hours

CLAR 4210 Axial Age
4 semester hours
A study of the philosophy and culture of Eurasia from the 8th to the 4th centuries BCE, with special emphasis on the great teachers of the age from China, India, Persia, Israel, and Greece.
University Core fulfilled: Integrations: Interdisciplinary Connections.

CLAR 4220 Classical Hellenism, Race, Ethnicity
4 semester hours
An interdisciplinary study of Greek ethnicity, and the legacy of Greek culture for the ancient and modern Greeks in the homeland and the diaspora, as well as for the ancient Romans and modern Europeans.
University Core fulfilled: Integrations: Interdisciplinary Connections; Flats: Writing, Oral Skills.

CLAR 4230 Ancient World on Film
4 semester hours
A study of the uses of Greco-Roman myth and history in cinema. The course introduces students to the comparative study of literature and film across different cultures, languages, and genres.
University Core fulfilled: Integrations: Interdisciplinary Connections; Flats: Writing.

CLAR 4240 Greek Cinema
4 semester hours
A study of some of the greatest Greek films in their modern political and social setting, with an emphasis on contemporary cultural identity and its roots in the western tradition.
University Core fulfilled: Integrations: Interdisciplinary Connections; Flats: Oral Skills, Writing.

CLAR 4250 Anne Carson: Classic Iconoclast
4 semester hours
An interdisciplinary study of the works of Anne Carson and her interaction with the Classical tradition.

CLAR 4260 From Greece to Gotham: Archaeology of the Heroes
3 semester hours
An examination of how societies define and portray heroes in art and literature, beginning in the ancient Greek world and continuing through the modern era, and how heroes promote cultural values and mores.
University Core fulfilled: Integrations: Interdisciplinary Connections; Flats: Engaged Learning.

CLAR 4320 Palaces of the Near East
4 semester hours
A study of the palaces across the Ancient Near East as architectural and political emblems of powers, from the first urban development to the conquest of Alexander the Great.

CLAR 4330 Cultures in Contact: Late Bronze Age
4 semester hours
A study of the interconnections of the Ancient Mediterranean and Near Eastern civilizations, through trade, diplomacy, war, and technological transfers.
University Core fulfilled: Integrations: Interdisciplinary Connections; Flats: Writing.

CLAR 4340 Archaeology of the Phoenicians
4 semester hours
A study of the Phoenicians and of their settlements and customs in the Ancient Mediterranean.

CLAR 4350 Archaeology and the Bible
4 semester hours
Study of selections of the Bible, combining historical criticism and exegesis with the relevant archaeology.
University Core fulfilled: Integrations: Faith and Reason; Flats: Writing.

CLAR 4370 Archaeology Lab
4 semester hours
Special projects using the archaeological collections of the Archaeology Center and its library.
University Core fulfilled: Flag: Information Literacy.

CLAR 4371 Archaeology Lab: Ancient Textiles: From Fiber Production to Social Identity
4 semester hours
Special projects in the study of the techniques and materials used in ancient textile production in Egypt and the Ancient Near East, employing materials from LMU's Archaeological Center collections.
University Core fulfilled: Integrations: Interdisciplinary Connections; Flats: Information Literacy, Writing.

CLAR 4372 Archaeology Lab: Chalcolithic Culture of the Levant
4 semester hours
A hands-on study of the artifacts and archaeological context of the pre-Bronze Age cultures of the Levant, using materials from the Archaeology Center collections.

CLAR 4380 Archaeology Field Experience
1 TO 4 semester hours
Active participation, usually of three-weeks duration, in an archaeological excavation or survey at selected Near Eastern,
Computer Science (CMSI)

CMSI 161 Computing in Popular Culture
3 semester hours
Common stereotypes and assumptions about computing, as reflected in art, entertainment, and conventional wisdom-and the truths and fallacies behind them. Deeper study of particularly seminal popular representations of computing concepts. Critical study of the depiction of computing in film (e.g., 2001: A Space Odyssey, The Matrix, War Games), literature (e.g., Neuromancer; I, Robot, The Soul of a New Machine, The Hitchhiker's Guide to the Galaxy), and mixed media (e.g., "Spock's Brain," Max Headroom, and Univac's 1952 presidential election forecast). Lecture, 3 hours.

CMSI 182 Introduction to Computer Science
3 semester hours
History of computer science and its relationship to other fields. The benefits of computational thinking in daily life. Numerous examples connecting computing and computing technology to human activities, such as sporting events, elections, politics, and health care. Coursework includes writing small-scale computer programs. Lecture, 3 hours.

CMSI 185 Computer Programming
3 semester hours
Introduction to algorithms and computer programming using Java, JavaScript, or Python. Lecture, 3 hours.

CMSI 186 Programming Lab
3 semester hours
Apprenticeship-styled workshop in Java or JavaScript programming, loosely structured around the notion of algorithm paradigms, treating one medium-sized application every two weeks in a laboratory setting. Typical projects include discrete simulation, randomized estimation, maze solving, dynamic programming, large-number arithmetic, and numerical methods. For majors and minors only. Prerequisite: A grade of C (2.0) or better in CMSI 185 or consent of instructor.

CMSI 261 Language, Thought, and Computation
3 semester hours
A study of the philosophical and epistemological roots of computer science, covering language, thought, logic, cognition, computation, the Church-Turing thesis, computer programming, and artificial intelligence. Mathematical models of knowledge, learning, consciousness, and self-awareness. Structural and statistical foundations of human language. Holism, reductionism, Zen, and dualism. Lecture, 3 hours. Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.

CMSI 264 Cryptography through the Ages
3 semester hours
Descriptions of mathematical systems that have been used for enciphering and deciphering information and a study of the context in which these systems arose. Lecture, 3 hours. Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.

CMSI 266 Electronic Markets
3 semester hours
Study of the convergence of markets, fair division, and dispute resolution with modern information technologies. Topics include: utility theory; formal definitions for fairness; algorithms for proportional, strong, and envy-free division; complexity of cake-cutting algorithms; unequal shares; indivisible goods; impossibility theorems; auctions and elections; electronic markets vs. electronic commerce; parimutuel wagering and modern wagering websites; efficient market hypothesis; introduction to price theory; prediction markets and IEM (Iowa Electronic Markets); securities exchanges and NASDAQ; online auction markets and eBay; architecture and implementation; scalability and security; legal issues; future directions. Lecture, 3 hours. Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.

CMSI 281 Data Structures
3 semester hours
Introduction to data types, information structures, and algorithms. Topics include: collection classes and interfaces for sets, lists, stacks, queues, and dictionaries; implementation techniques such as arrays, linked lists, and efficient tree structures; introduction to computational complexity; elementary sorting; hashing. Lecture, 3 hours. Prerequisite: A grade of C (2.0) or better in CMSI 185.

CMSI 282 Algorithms
3 semester hours
Algorithm paradigms, with an emphasis on combinatorial search. Topics include: generating combinatorial objects; greedy methods, dynamic programming; randomized algorithms; modern heuristics such as genetic programs and simulated annealing; advanced sorts and order statistics; cake-cutting and fair division; graph algorithms; computational geometry. Lecture, 3 hours. Prerequisite: CMSI 281.

CMSI 284 Computer Systems Organization
3 semester hours
An introduction to the basic organization of computer systems. Digital representation of textual and numeric information. Machine instructions and instruction formats, assemblers and assembly languages, linking and loading, process execution, interrupt and device-handling, and file management. System-level programming in C and assembly language. Lecture, 3 hours.

CMSI 298 Special Studies
1 TO 3 semester hours

CMSI 299 Independent Studies
1 TO 3 semester hours

CMSI 332 Programming 3-D Animation Tools
Building technical skills for animators: how to automate animated graphics, write tools and customize user interfaces using Python scripting.

**CMSI 355 Networks**  
*3 semester hours*  
A detailed study of the design and use of internetworking technologies in modern digital communication systems. Topics include: routing and control protocols, signaling, multicasting, OSI model, sockets, IPv4, IPv6, UDP, TCP, ARP, ICMP, IGMP, Mobile IP, DNS SMTP, FTP, VoIP, and HTTP.  
Lecture, 3 hours.  
Prerequisite: CMSI 284.

**CMSI 367 Biological Databases**  
*3 semester hours*  
The representation, storage, and transformation of biological data. Topics include the central dogma of molecular biology, the genetic code, the Human Genome Project, sequence databases, formats and conversion, searching and regular expressions, XML, and relational databases in biology. Students build and potentially release an open source gene database for a new species at the end of the course.  
Lecture, 3 hours.

**CMSI 370 Interaction Design**  
*3 semester hours*  
Introduction to interaction design and human-computer interaction, with equal emphasis on learning how to design and evaluate interaction architectures, and learning how to use existing frameworks to implement such architectures. Topics include: interaction guidelines, principles, and theories; usability engineering; the model-view-controller (MVC) paradigm; and current frameworks such as HTML5, GLUT, and Cocoa.  
Lecture, 3 hours.  
Prerequisite: CMSI 281.

**CMSI 371 Computer Graphics**  
*3 semester hours*  
Introduction to interactive computer graphics. Topics include the design and use of three-dimensional graphics engines and APIs, animation, physics and computer games, modeling, computational geometry, shading, ray tracing, and fractal geometry.  
Lecture, 3 hours.  
Prerequisite: CMSI 281.

**CMSI 375 Game Design**  
*3 semester hours*  
The art and science of games, hosted by a machine or otherwise. Goals, rules, game balance, and other fundamentals are introduced, as well as implementation issues such as modeling, physics, animation, networking, and performance. Coverage of existing gaming platforms and languages is provided as needed. Concepts are applied in an appropriately scaled, team-implemented game project.  
Lecture, 3 hours.

**CMSI 377 Introduction to Virtual Worlds**  
*3 semester hours*  
An introduction to the history of, and the technological and social aspects surrounding, virtual worlds. Topics include building and scripting objects, and the interaction between avatars, avatar customization, and computer science concepts underlying virtual worlds.  
Lecture, 3 hours.

**CMSI 385 Introduction to Theory of Computation**  
*3 semester hours*  
Introduction to the formal theory of computation. Topics include: finite automata and regular sets; context-free grammars and pushdown automata; Turing machines and computability; intractability.  
Lecture, 3 hours.  
Prerequisites: CMSI 281 and MATH 248.

**CMSI 386 Programming Languages**  
*3 semester hours*  
A comparative study of the rationale, concepts, design, and features of several major programming languages. Topics include the role of bindings, control flow, types, subroutines, modules, objects, and concurrency. Major attention is given to C, Java, ML, Perl, and JavaScript.  
Lecture, 3 hours.  
Prerequisite: CMSI 284.

**CMSI 387 Operating Systems**  
*3 semester hours*  
Concepts in the design of operating systems, including: processes, process management, mutual exclusion, synchronization and message-passing; primary memory management, multiprogramming, paged allocation and paging policies; resource and I/O management; file systems, and security.  
Lecture, 3 hours.  
Prerequisite: CMSI 284.

**CMSI 390 Internship or Practicum**  
*1 TO 2 semester hours*  
Credit awarded for 1) preparing supporting documentation for actual internships taken, or 2) participating in an individual or group directed research project resulting in a project or paper that is presented at a conference or University-sanctioned event. May be repeated for credit.

**CMSI 398 Special Studies**  
*1 TO 3 semester hours*  

**CMSI 399 Independent Studies**  
*1 TO 3 semester hours*  

**CMSI 401 Software Engineering Lab**  
*3 semester hours*  
Design and implementation of large programs in a group setting, including use of the Unified Modeling Language (UML) for specifying, visualizing, and documenting models.  
Lecture and Laboratory, 3 hours.  
Consent of instructor required.

**CMSI 402 Senior Project Lab**  
*4 semester hours*  
Analysis, design, implementation, and presentation of a large-scale, individual project, demonstrating mastery of the computer science curriculum.  
Lecture and Laboratory, 4 hours.  
Consent of instructor required.

**CMSI 475 Computational Complexity**
3 semester hours
Introduction to the study of computational complexity, including efficient algorithms for matrix multiplication and fast Fourier transforms, the classes P and NP, approximation algorithms, randomized algorithms and RP, parallel algorithms and NC.
Lecture, 3 hours.
Prerequisites: CMSI 282 and CMSI 385.

CMSI 485 Artificial Intelligence
3 semester hours
Introduction to the fundamental concepts needed to attain human-level intelligence in computer systems. Topics include agent architectures, problem-solving methods, heuristic search, game playing, knowledge representation, symbolic reasoning, computational models of virtual humans, and machine learning.
Lecture, 3 hours.
Prerequisites: CMSI 385 and CMSI 386.

CMSI 486 Introduction to Database Systems
3 semester hours
Theory and design of database systems, with emphasis on relational and object-oriented models. Topics include database system structure, semantic data modeling, relational databases, object oriented extensions, formal query languages, integrity and security, physical design of databases, indexing and hashing, and query processing and optimization. Transaction processing, concurrency, and crash recovery are introduced.
Lecture, 3 hours.
Prerequisite: CMSI 386.

CMSI 488 Language Translation and Implementation
4 semester hours
Introduction to the theory and design of translators and interpreters for high-level computer programming languages. Topics include programming language specification, scanner construction, parser construction, intermediate representations, virtual machines, code generation, and optimization. Comparisons between computer and natural language translations are also covered.
Lecture, 3 hours.
Prerequisites: CMSI 385 and CMSI 386.

CMSI 498 Special Studies
1 TO 4 semester hours

CMSI 499 Independent Studies
1 TO 4 semester hours

CMSI 586 Database Design and Database Systems I
3 semester hours
Fundamentals concepts in the field of database technology. Topics include hierarchical, network, object, object-relational, relational, and XML models; database system structure; semantic data modeling; relational database systems; relational query languages; practical database design methodology; mapping of DB tables to UML class diagrams; DB requirements analysis and traceability; introduction to functional dependencies and normalization through 3NF.
Course is designed to meet the needs of Systems Engineering students.
Not available for credit to students who have completed CMSI 486.

CMSI 598 Special Studies
1 TO 4 semester hours

CMSI 599 Independent Studies
1 TO 4 semester hours

CMSI 601 Graduate Seminar
3 semester hours
Project-based seminar in which students will be required to select, research, write about, and discuss some aspect of a broad area of current interest to computer scientists and electrical engineers (e.g., computer networks, digital communication). Successful completion of coursework and the endorsement of the faculty advisor required. (The seminar can be taken during the final semester of coursework subject to the approval of the faculty advisor.)
Note: Students unable to complete the CMSI 601 project within one semester may request an "in process" grade and complete the project the subsequent term. Students wishing to change their project after the first semester of enrollment in CMSI 601 will need to re-enroll in the course. Students who are unable to complete the CMSI 601 project after two semesters can petition for a continuation of the "in process" grade. If the petition is not granted, re-enrollment in CMSI 601 will be necessary.

CMSI 641 Software Engineering
3 semester hours
Design and development issues of large-scale software systems which are reliable and easily maintainable. Course project covers each step of the development process from the initial needs analysis and requirement specification through design and implementation. Topics include tradeoffs between agile and traditional approaches, impact of legacy systems, architectural representation issues, testing, project risk management, and emerging trends in software engineering such as model-driven engineering and aspect-oriented software development.
Lecture, 3 hours.

CMSI 644 Advanced Modeling of Software Systems
3 semester hours
Study of model-driven engineering and its ability to alleviate platform complexity and effectively express domain concepts. Topics include techniques for designing, implementing, and maintaining robust software systems; the Unified Modeling Language (UML) and entity relationship modeling (ERD); automation of change evolution in models; and definition of standards that enable tools and models to work together.
Lecture, 3 hours.

CMSI 670 Topics in Interaction Design
3 semester hours
Interaction design and human-computer interaction, with equal emphasis on learning how to design and evaluate interaction architectures and learning how to survey and analyze current literature on the subject to implement such architectures. Topics include: interaction guidelines, principles, and theories; usability engineering; the model-view-controller (MVC) paradigm; and current research in the field.
Lecture, 3 hours.

CMSI 677 Artificial Intelligence
3 semester hours
Study of the fundamental concepts needed to attain human-level intelligence in computer systems. Topics include: agent architectures, problem-solving methods, heuristic search, game playing, knowledge representation frames, inheritance and common-sense reasoning, neural networks, genetic algorithms, conceptual clustering, and current research in the field.
Lecture, 3 hours.
Prerequisites: CMSI 385 and CMSI 386 or consent of the instructor.

**CMST 678 Multi-agent Systems and Distributed Artificial Intelligence**

*3 semester hours*

Study of the development of multi-agent systems for distributed artificial intelligence. Topics include intelligent agents, multi-agent systems, agent societies, problem solving, search, decision-making, and learning algorithms in the distributed Artificial domain, industrial and practical applications of distributed artificial intelligence techniques to real-world problems.

Lecture, 3 hours.

**CMSI 682 Knowledge-Based Systems**

*3 semester hours*

Detailed study of design and implementation of knowledge-based systems. Topics include: logic and theorem proving; deduction systems; reaction systems; forward and backward chaining; knowledge acquisition; and explanatory interfaces.

Lecture, 3 hours.

**CMSI 686 Database Design and Database Systems II**

*3 semester hours*

Advanced concepts in the field of database technology. Course begins with a review of database system structure, semantic data modeling, relational databases, and object-oriented extensions. Additional topics include relational algebra and formal query languages; integrity, functional dependencies, normalization, security, physical design of databases, indexing and hashing, query processing and optimization, transaction processing, concurrency, crash recovery, and current research in the field.

Lecture, 3 hours.

Prerequisite: CMSI 486 or CMSI 586, or consent of the instructor.

**CMSI 689 Computer Networks**

*3 semester hours*

Concepts in and design of large-scale distributed networks and local area networks, including topologies, standards and protocols. (See ELEC 687.)

**CMSI 698 Special Studies**

*1 TO 3 semester hours*

**CMSI 699 Independent Studies**

*0 TO 3 semester hours*

**Communication Studies (CMST)**

**CMST 1600 Nature of Theory**

*4 semester hours*

This course introduces students to the field of communication studies. Students will study the field's disciplinary history, the nature of theory, and foundational concepts from multiple subfields within the discipline.

Must be completed with a grade of C (2.0) or better.

Majors only.

**CMST 1700 Nature of Inquiry**

*4 semester hours*

This course overviews the research process, with an emphasis on the foundational skills necessary to conduct original research, including: generating research questions; developing scholarly arguments; locating, retrieving, and evaluating sources; and actual data collection methods. Students will also be introduced to basic aspects of writing for the discipline, as well as expectations for scholarly ethics and proper citation of sources.

Must be completed with a grade of C (2.0) or better.

Majors only.

Prerequisite: CMST 1600.

**CMST 2100 Relational Communication**

*4 semester hours*

This course is designed to introduce the students to interpersonal and small group communication theories, processes, and skills. The course challenges students to examine their own communication behaviors and focus on their strengths and weaknesses as a way to develop and apply new communication skills and proficiencies. The course includes a variety of oral and written presentations at both the individual and group levels.

Must be completed with a grade of C (2.0) or better.

Majors only.

Prerequisites: CMST 1600 and CMST 1700.

University Core fulfilled: Flag: Quantitative Reasoning.

**CMST 2200 Intercultural Communication**

*4 semester hours*

A study of the principles and theories of human communications related to cross-cultural encounters. This course emphasizes understanding the relationship between persons and culture and for improving communication between persons from different cultural backgrounds.

Must be completed with a grade of C (2.0) or better.

Majors only.

Prerequisites: CMST 1600 and CMST 1700.

**CMST 2300 Organizational Communication**

*4 semester hours*

This course is designed to introduce the students to the field of organizational communication and the relationship between organization and communication. The course is designed to allow students to examine a range of organizational communication perspectives, theories, issues, and constructs. At the same time, students are encouraged to explore the ways these perspectives shape, expand, and limit our understanding of communication and organizing. Significantly, the course encourages critical and analytical thinking by using the course content as a basis for critique.

Must be completed with a grade of C (2.0) or better.

Majors only.

Prerequisites: CMST 1600 and CMST 1700.

University Core fulfilled: Flag: Quantitative Reasoning.

**CMST 2400 Contemporary Rhetorical Theory**

*4 semester hours*

This course provides a survey of major rhetorical themes and theories, including classical, symbolic, argumentation, critical, feminist, and non-Western approaches to rhetoric. Students will explore the relationship between rhetorical theory and practice, the contributions of rhetorical theory to the social world, and the potential for rhetorical studies to inform issues of democratic governance, marginalized groups, social justice, and technology in society.

Must be completed with a grade of C (2.0) or better.

Majors only.

Prerequisites: CMST 1600 and CMST 1700.

**CMST 2500 Media Studies**
4 semester hours
This course introduces students to three key areas in the field of media and communication: 1) media industries, circulation and the political economy of media; 2) the legacy of British Cultural Studies in exploring identity, resistance, and the active audience; 3) media effects, including quantitative audience reception studies and ethnographic approaches to audience analysis. Students will be encouraged to directly engage with the political, social, cultural, and economic influence of evolving technologies and mediums in our digitally mediated global environments.
Must be completed with a grade of C (2.0) or better.
Majors only.
Prerequisites: CMST 1600 and CMST 1700.
University Core fulfilled: Flag: Quantitative Reasoning.

CMST 2800 Advanced Public Communication
4 semester hours
This course provides advanced training in argumentation skills, including logical reasoning, the use of evidence, and effective organization of content. Students will conduct topical research and prepare oral and written arguments.
Must be completed with a grade of C (2.0) or better.
Majors only.
Prerequisites: CMST 1600 and CMST 2800.

CMST 2998 Special Studies
1 TO 4 semester hours

CMST 2999 Independent Studies
1 TO 4 semester hours

CMST 3110 Gender Communication
4 semester hours
This course provides an examination of the communication styles of males and females in a variety of settings. Course surveys gender similarities and differences in verbal and nonverbal communication with an emphasis on how males and females perceive the world and how these perceptions affect the human communication process.
Majors only.
Prerequisites: CMST 1600, CMST 1700, and CMST 2800.

CMST 3120 Family Communication
4 semester hours
This course examines aspects of interpersonal and relational communication within the context of the family system. Topics include family identity and the creation of shared family meanings, family intimacy, family roles, family power dynamics, managing family conflict and family stress, and intergenerational family relationships are investigated through the lens of the family communication system.
Majors only.
Prerequisites: CMST 1600, CMST 1700, CMST 2100, and CMST 2800.

CMST 3130 ProSocial Communication
4 semester hours
This course will identify pro-social behavior and communication, contrast it with anti-social norms, and focus on the values inherent in the caring, sharing, and ways of building relationships and communities with an emphasis on the possibilities for both individual and collective growth and well-being. Emphasis will be on the understanding of both individual and group behaviors that promote effective and cooperative pro-social communication.
Majors only.

Prerequisites: CMST 1600, CMST 1700, CMST 2100, and CMST 2800.

CMST 3140 Spiritualism and Loving Relationships
4 semester hours
In this course, students will learn the complicated dimensions of communication in loving relationships from a spiritual perspective. Exploring the nature of communication in any kind of loving relationship from a spiritual perspective, whether with parents and children, between siblings, or between romantic partners, will help bring about spiritual enrichment and transformation in our relationships with our family, friends, and lovers. The aim of this course is to explore ways to become better communicators by being grounded in spiritualism.
Majors only.
Prerequisites: CMST 1600, CMST 1700, and CMST 2800.

CMST 3150 Persuasion
4 semester hours
This course will provide an overview of basic social-scientific theories of persuasion. Then, the course examines how these social-scientific approaches differ from and complement other approaches to understanding the practice of persuasion.
Majors only.
Prerequisites: CMST 1600, CMST 1700, and CMST 2800.

CMST 3160 Performance Culture and Sexualties
4 semester hours
This course will examine the many ways in which performance exists and operates in our culture with a focus on personal narrative, ethnographic fieldwork and literature. In addition, there will be a focus on deconstructing sex, gender, and sexuality as rich sites of theoretical interpretation and performative interaction.
Majors only.
Prerequisites: CMST 1600, CMST 1700, and CMST 2800.

CMST 3170 Mindful Living, Mindful Communication
4 semester hours
Current technology allows us to connect with just about anybody with a touch of the finger; however, we often find ourselves unable to engage in genuine, one-on-one communication, which can be characterized as being "mindful." On the one hand, technology has made us more efficient and productive, but, on the other hand, we find our attention to be scattered and our lives marked by stress and complications. Specifically, in this course there are two overarching goals: 1) students will learn to cultivate mindfulness to become more in tune with what they see, touch, hear, feel, and think, and 2) they will learn how to communicate mindfully by showing respect, compassion, and loving kindness in their relationships.
Majors only.
Prerequisites: CMST 1600, CMST 1700, and CMST 2800.

CMST 3180 Leadership and Interpersonal Communication
4 semester hours
In this course we will explore a wide range of human behavior as it relates to leadership development and communication with an emphasis on global communication issues. Students will learn about leadership, strengthen leadership skills, and learn to value their potential for leadership. This course will integrate theory and practice to build leadership competencies required in today's global workplace. This course is largely experiential and guided by the principle that leadership is a skill that can be developed and refined.
Majors only.
Prerequisites: CMST 1600, CMST 1700, CMST 2100, and either CMST 2100 or CMST 2300.
CMST 3190 Advanced Topics in Interpersonal Communication
4 semester hours
Seminar addressing selected, advanced topics in interpersonal communication.
Majors only.
Prerequisites: CMST 1600, CMST 1700, CMST 2100, and CMST 2800.

CMST 3290 Advanced Topics in Intercultural Communication
4 semester hours
Seminar addressing selected, advanced topics in intercultural communication.
Majors only.
Prerequisites: CMST 1600, CMST 1700, CMST 2200, and CMST 2800.

CMST 3310 Media and Marketing Communication
4 semester hours
This course provides a comprehensive introduction to integrated marketing communications, media selection, and campaign execution. Students will learn the elements of a successful strategic communications plan by evaluating advertising, public relations, and marketing silos and their impact on motivating target audiences. In this course, students will learn to evaluate audience demographics and apply appropriate communication channels and messages based upon audience needs and the business realities of marketing campaigns. A key course objective is to gain an understanding of how to propose and implement an integrated marketing communications plan from the viewpoints of advertising agencies, businesses, and nonprofit entities.
Majors only.
Prerequisites: CMST 1600, CMST 1700, and CMST 2800.

CMST 3320 Sexuality and Organizational Communication
4 semester hours
This course develops and facilitates learners' critical knowledge of the intersections between sexualities, organizations, and communication. Over the course of the semester, we will build a queer understanding of sexuality and organizational communication that is guided by the question, "what would it mean to embody a sexual ethics of organizing?" Building upon theoretical approaches to organizational communication, this course lays an anti-foundational understanding of sexuality, or rather we will come to know sexualities as strange, plural achievements that are lived and embodied within a contested terrain of history, culture, power, and labor.
Majors only.
Prerequisites: CMST 1600, CMST 1700, CMST 2300, and CMST 2800.

CMST 3330 Corporate Ethics and Social Responsibility
4 semester hours
Students in this course will review and exhibit comprehension of theories and practical application of corporate ethics and corporate social responsibility (CSR).
Majors only.
Prerequisites: CMST 1600, CMST 1700, CMST 2300, and CMST 2800.

CMST 3340 Communication and Work Life Balance
4 semester hours
This course examines the paradox of work-life balance in the lives of workers who are parents, adult caregivers of aging parents, spouses, significant others, and friends who juggle work and their personal lives. With the boundaries between work and home becoming more and more permeable, work and personal relationships and responsibilities become more complex. In this course we examine the discourses of work-life management in regards to everyday practices as well as organizational policies—the relational level and the organizational level.
Majors only.
Prerequisites: CMST 1600, CMST 1700, and CMST 2800.

CMST 3350 Nonprofit Communication Campaigns
4 semester hours
This class is a Community Based Learning (CBL) course and requires completion of volunteer hours with a nonprofit organization. Students will work in teams to design and write communication campaign items for a nonprofit organization.
Majors only.
Prerequisites: CMST 1600, CMST 1700, CMST 2300, and CMST 2800.
University Core fulfilled: Flag: Engaged Learning.

CMST 3370 Gender and the Workplace
4 semester hours
This class will explore basic theories and principles of communication and gender in organizational contexts through lecture, class discussions, case studies, assigned readings, films, and written assignments. Students will develop an understanding of gender issues at work and how we construct gendered stereotypes, policies, and values.
Majors only.
Prerequisites: CMST 1600, CMST 1700, CMST 2300, and CMST 2800.

CMST 3380 Communication and Consulting
4 semester hours
In this course, students will actively explore the roles and responsibilities of consultants alongside two experienced teachers who will provide feedback and support for these focused experiments. Students will be introduced to common elements of consulting interventions and will apply these elements in case studies that will be engaged first as an entire class and later in small groups of students who have assigned individual responsibilities in managing the cases on which they are working.
Majors only.
Prerequisites: CMST 1600, CMST 1700, CMST 2300, and CMST 2800.

CMST 3390 Advanced Topics in Organizational Communication
4 semester hours
Seminar addressing selected, advanced topics in organizational communication.
Majors only.
Prerequisites: CMST 1600, CMST 1700, CMST 2300, and CMST 2800.

CMST 3410 Political Communication
4 semester hours
The act of deliberation is the act of reflecting carefully on a matter weighing the strengths and weaknesses of alternative solutions to a problem. It aims to arrive at a decision or judgment based not only on facts and data but also on values, emotions, and other less technical considerations. This course takes a unique approach to the field of political communication by viewing key concepts and research through the lens of deliberative democracy theory. This course focuses on how communication is central to democratic self-governance primarily because of its potential to facilitate public deliberation.
CMST 3420 Rhetoric of Women
4 semester hours
This course provides the opportunity to explore and analyze rhetorical texts created by women in a variety of contexts and for a range of purposes. The overall goal of the course is to examine the ways in which women develop and use rhetoric to function in, challenge, and change the world. Various texts including writing, speaking, visual and performing arts, as well as media forms will be used to understand rhetorical situations, concerns, and goals of women. Students will gain an understanding of feminist perspectives on communication as a foundation for critically questioning, evaluating, and re-envisioning the nature of communication in our socially constructed world. In this course, gender is viewed as a lens, platform, and position that significantly affects and can radically transform our personal, local, and global lives. Particular attention will be given to the ways in which gender and gender issues intersect with race, class, and sexuality. Majors only.
Prerequisites: CMST 1600, CMST 1700, and CMST 2800.

CMST 3430 Culture, Crime, and Punishment
4 semester hours
This course examines cultural constructions of crime and punishment. Although the course focuses primarily on the U.S. criminal justice system, we will attend to the prison industrial complex's global reach. Consequently, the course gives students the opportunity to examine one of the most pressing social issues of our time. We will focus our study of cultural constructions of crime and punishment in three different rhetorical cultures: public discourse, prisoners' discourse, and prison activism discourse. These three arenas map onto the three units of the course: 1) Crime and Punishment in the Cultural Imagination; 2) Crime and Punishment in the Prisoners' Imagination, and 3) From Criminal Justice to Transformative Justice.
Majors only.
Prerequisites: CMST 1600, CMST 1700, CMST 2800, and either CMST 2400 or CMST 2500.
University Core fulfilled: Integrations: Interdisciplinary Connections.

CMST 3440 Media Criticism
4 semester hours
Seminar emphasizing the critical analysis of contemporary media texts.
Majors only.
Prerequisites: CMST 1600, CMST 1700, CMST 2800, and either CMST 2400 or CMST 2500.

CMST 3450 Rhetoric of Social Movements
4 semester hours
The purpose of this course is to facilitate a critical and practical awareness of rhetoric's relationship to social change. As such, this class is both theoretical and practical. This class will analyze individual and group rhetorical strategies and tactics, and consider the utility of these strategies in relation to groups that are attempting to create social change.
Majors only.
Prerequisites: CMST 1600, CMST 1700, and CMST 2400.

CMST 3455 Public Advocacy and Activism
4 semester hours
This course will fuse theory and practice through the lenses of public policy and activism/advocacy. Students will refine their persuasive speaking/writing skills, put theory into practice via hands-on fieldwork, hone leadership/motivational abilities, be inspired by the rich history of student-led activism and resistance, research and develop communication strategies for (re)framing of issues, and empower themselves to work for a better tomorrow for all.
Majors only.
Prerequisites: CMST 1600, CMST 1700, and CMST 2800.

CMST 3460 Gender, Sexuality, and the Media
4 semester hours
This course explores ways in which mass media help form, reproduce, and challenge our understanding of gender and sexuality. As a culture saturated with media institutions, we cannot remain untouched by their reach, and consequently, their ideas about what it means to be masculine, feminine, transgendered, racially marked, heterosexual, bisexual, lesbian, gay, queer, or sexually fluid. The course explores how gender and sexuality become normalized through mass media, and what makes possible the disruption of certain constructions of gender or sexuality.
Majors only.
Prerequisites: CMST 1600, CMST 1700, CMST 2500, and CMST 2800.

CMST 3470 Primetime Crime
4 semester hours
This course is a media criticism course focused on the genre of television crime programs. It explores various sub-genres including the detective story, forensic scientists show, the cop show, and the mafia story. It also explores the transnational circulation of this genre in American, European, and Australian contexts. As we explore this genre historically from early radio programs to digital platforms like Netflix, we will consider changes in the television landscape that impact both our TV consumption and the place of crime stories in our lives.
Majors only.
Prerequisites: CMST 1600, CMST 1700, CMST 2500, and CMST 2800.

CMST 3480 Visual Communication
4 semester hours
This course helps students cultivate visual literacy in order to better navigate a world of increasing visuality. By adopting a rhetorical perspective toward visual communication, the course examines images designed to persuade and constitute audiences. In the process we will explore the role of visual communication in shaping public opinion, cultural values, and laws.
Majors only.
Prerequisites: CMST 1600, CMST 1700, CMST 2400, and CMST 2800.

CMST 3490 Advanced Topics in Rhetoric
4 semester hours
Seminar addressing selected, advanced topics in rhetorical studies.
Majors only.
Prerequisites: CMST 1600, CMST 1700, CMST 2400, and CMST 2800.

CMST 3510 Wires and Empires
4 semester hours
In this course, students will first be introduced to key international communications theories and will then be asked to consider whether the introduction of Web 2.0, inexpensive mobile technology, and other recent digital media advances are reinforcing or disrupting existing patterns of globalization.
CMST 3520 Digital Self
4 semester hours
Our central question in this course will be: what's the nature of online identity? In this class, we'll explore that question through examining: theoretical approaches to self and society, arguments for and against technological determinism, technology's contested impact on civic engagement and community, and the profound influence of digital marketing and digital marketing research tools on consumers-as-brands.
Majors only.
Prerequisites: CMST 1600, CMST 1700, and CMST 2800.

CMST 3530 Digital Rhetoric
4 semester hours
This course focuses on analyzing how technologies alter audience, author, text, rhetorical strategies, message, and channels of communication. Students will become better versed in criticism and consumption of digital texts and media.
Majors only.
Prerequisites: CMST 1600, CMST 1700, CMST 2800, and either CMST 2400 or CMST 2500.

CMST 3540 Environmental Communication
4 semester hours
Seminar focusing on issues of environmental conservation and justice from a communication studies perspective.
Majors only.
Prerequisites: CMST 1600, CMST 1700, CMST 2800, and either CMST 2400 or CMST 2500.

CMST 3590 Advanced Topics in Media Studies
4 semester hours
Seminar addressing selected, advanced topics in media studies.
Majors only.
Prerequisites: CMST 1600, CMST 1700, CMST 2500, and CMST 2800.

CMST 3630 For the Love of the Game
4 semester hours
This class will explore the intersections of sport, gender, and culture. The class will focus on legislation (such as Title IX) as well as the rules, norms, rites, and rituals that surround sports in our society.
Majors only.
Prerequisites: CMST 1600, CMST 1700, and CMST 2800.

CMST 3660 Making Social Worlds
4 semester hours
How one acts during "critical moments" can change the world. This course is designed to help you apply everything that you have learned and will learn about human communication. A particular focus of this course will be on the Coordinated Management of Meaning (CMM). We will explore how this theory can be used to improve communication in a wide variety of contexts, from interpersonal relationships, to workplace communication, to public dialogue and political discourse.
Majors only.
Prerequisites: CMST 1600, CMST 1700, CMST 2800, and either CMST 2100 or CMST 2300.

CMST 3670 Communication Theory and Popular Culture
4 semester hours
In this course students investigate how different cultural forms communicate ideas about the world and about ourselves. We will begin by grounding ourselves in communication and rhetorical theory so that we have lenses through which to analyze texts. We will then discover what makes something popular culture; how various forms of pop culture shape and represent "reality" and social life; why we consume popular culture in the way that we do; and how we will create, "play with," and participate in, a popular culture event ourselves.
Majors only.
Prerequisites: CMST 1600, CMST 1700, and CMST 2800.

CMST 3710 Community Based Learning
4 semester hours
Traditionally, community-based learning and service are distinct from courses of political action and social change. This course focuses on how hands-on community-based learning experiences and skills can act as a vehicle for just social change. Consequently, after the completion of this course, students will have garnered an understanding of the significant relationship between community-based learning, non-profit organizations, and social change.
Students will gain hands-on experience in helping organizations create change from a social justice perspective. In so doing, students will gain Communication Studies theoretical and practical knowledge in the non-profit sector from community-based learning and social change perspectives.
Majors only.
Prerequisites: CMST 1600, CMST 1700, and CMST 2800.
Consent of instructor required.

CMST 3810 Advanced Forensics
4 semester hours
This is an advanced course in argumentation and debate in which students apply communication concepts, theories, and research methods to address "real world" issues and problems in concrete contexts. In this course, successful students will be expected to analyze and adapt their messages based on specific audiences and contexts, capitalizing on their understanding of the complex and dynamic relationships between communicators, their messages, and their audiences in contexts which are challenging and time-bound. Students will be engaged in study of contemporary social, political, economic, and cultural issues.
Majors only.
Prerequisite: CMST 2800.
Consent of instructor required.

CMST 3820 Communication Practicum
4 semester hours
Communication Practicum is a CMST application class that provides students with an opportunity to gain practical experience in a communication-related field in preparation for obtaining a position after graduation. This course provides an opportunity for directed experiences in applying the principles and skills of communication theory while performing specific tasks in the workplace. Students will be able to continue to explore and develop career interests and talents while participating in the internship setting, experience networking, and learn transferable workplace skills.
University Core fulfilled: Flags: Engaged Learning, Oral Skills.
Majors only.
Junior or senior standing required.
Prerequisites: CMST 1600, CMST 1700, and CMST 2800.

CMST 3830 Communication and Legal Practice
4 semester hours
This course brings the legal trial to the classroom, providing
students an opportunity to incorporate an array of communication principles and skills with the experience of trial practice. Majors only. Prerequisites: CMST 1600, CMST 1700, and CMST 2800.

CMST 3840 Mediation and Communication 4 semester hours
Mediation is a process that depends on a great deal of communication savvy; whether you are participating as the mediator, a lawyer, or as a client, understanding the communication principles that are at work in the give-and-take of mediation can help you achieve more satisfying results. In this class we will focus on principles of negotiation, based on a communicative understanding of conflict, persuasion, and situation analysis. Majors only. Prerequisites: CMST 1600, CMST 1700, and CMST 2800.

CMST 3860 Entertainment Management and Communication 4 semester hours
This course focuses on the traditional organizational "models" in order to describe various structures and the functions of typical executives/managers within their organizations and within the industry. In addition, the course examines digital media and how these media intersect with traditional models. Majors only. Prerequisites: CMST 1600, CMST 1700, and CMST 2800.

CMST 3998 Special Studies 1 TO 4 semester hours
CMST 3999 Independent Studies 1 TO 4 semester hours

CMST 4150 Relational Communication Capstone 4 semester hours
This capstone course examines advanced relational communication theories and their application to various contexts. Requires substantial original research. Must be completed with a grade of C (2.0) or better. Majors only. Prerequisites: CMST 2100 and one course within the CMST 3100-3195 range.

CMST 4250 Intercultural Communication Capstone 4 semester hours
This capstone course examines advanced intercultural communication theories and their application to various contexts. Requires substantial original research. Must be completed with a grade of C (2.0) or better. Majors only. Prerequisites: CMST 2200 and one course in the CMST 3200-3195 range.

CMST 4350 Organizational Communication Capstone 4 semester hours
This capstone course examines advanced organizational communication theories and their application in various contexts. Requires substantial original research. Must be completed with a grade of C (2.0) or better. Majors only. Prerequisites: CMST 2300 and one course in the CMST 3300-3395 range.

CMST 4450 Rhetoric Capstone 4 semester hours
This capstone course examines various ways rhetorical theories may be applied to discourse in order to highlight methods of rhetorical criticism. Requires substantial original textual analysis. Must be completed with a grade of C (2.0) or better. Majors only. Prerequisites: CMST 2400 and one course in the CMST 3400-3495 range. University Core fulfilled: Flag: Writing.

CMST 4500 Media Studies Capstone 4 semester hours
This capstone course examines advanced media studies theories and their application to various contexts. Requires substantial original research. Must be completed with a grade of C (2.0) or better. Majors only. Prerequisites: CMST 2500 and one course in the CMST 3500-3595 range.

CMST 4750 Qualitative Methods Capstone 4 semester hours
This capstone requires students to use advanced qualitative research methods and appropriate communication theories to examine a human communication phenomenon within a particular social context. Must be completed with a grade of C (2.0) or better. Majors only. Prerequisites: CMST 2100, CMST 2200, or CMST 2300, and one course in the CMST 3100-3195, CMST 3200-3295, or CMST 3300-3395 range.

Dance (DANC)

DANC 100 Orientation to Dance 0 TO 1 semester hour
An introduction to the discipline of Dance for Dance major students. This course addresses: student life at LMU, important programs offered throughout the campus, important offices and individuals on campus, health and wellness, careers, performance and choreographic opportunities, community service, off-campus community resources, and other important issues facing the Dance major. Lab fee. Majors only. May be repeated for degree credit up to 2 times.

DANC 101 Principles of Movement 0 TO 1 semester hour
Orientation to use of breath, alignment, and basic principles of motion. Exploration of the body-mind connection. Majors only.

DANC 102 Modern Dance I 0 TO 2 semester hours
Fundamental movement techniques and the manipulation of time, force, and space are explored through participation in improvisation and structured skill activity, as well as basic relaxation and body awareness experiences. Introduction to jazz dance forms. May be repeated for degree credit up to 2 times.

DANC 120 Ballet I 0 TO 2 semester hours
Barre and center work for alignment, strength, flexibility, and
coordination. Introduction to ballet terminology, aesthetics, and study of fundamentals of style and history. May be repeated for degree credit up to 2 times.

DANC 142 Jazz Dance I
0 TO 2 semester hours
An introduction to the art of jazz dance. Emphasis on fundamental alignment and rhythmic skills as well as styling. Study of the aesthetics of entertainment. May be repeated for degree credit up to 2 times.

DANC 144 Tap Dance I
0 TO 2 semester hours
An introduction to tap dance and its history. Focus on specific skills in tap dance involving vocabulary, keeping time, music theory, and rhythm. May be repeated for degree credit up to 2 times.

DANC 160 Fundamentals of Dance Composition I: The Choreographic Process
3 semester hours
Principles of the choreographic process in relation to movement invention, choreographic devices, choreographic craft, presentation, feedback, and reflection. Groundwork in aesthetics and compositional theory. Dance majors and minors only. Offered in the Fall semester. University Core fulfilled: Explorations: Creative Experience.

DANC 161 Fundamentals of Dance Composition II: Dance Improvisation
3 semester hours
Continuation of DANC 160 with an emphasis on dance improvisation as a choreographic practice and in performance. Dance majors and minors only. Offered in the Spring semester.

DANC 163 Introduction to Choreography
3 semester hours
An introduction to dance composition for the non-major. Exploration of space, time, and energy through movement, sound, and text. University Core fulfilled: Explorations: Creative Experience.

DANC 183 Stagecraft for Dancers
1 semester hour
Introduction to basic principles of lighting, costuming, and production management. Offered in the Spring semester.

DANC 198 Special Studies
1 TO 3 semester hours

DANC 199 Independent Studies
1 TO 3 semester hours

DANC 202 Modern Dance II
0 TO 2 semester hours
Continuation of DANC 102. Increased emphasis on energy, range, and expression. More complex rhythmic patterns and movement designs are explored. Introduction to performance technique. Continuation of study of historical and aesthetic principles. May be repeated for degree credit up to 4 times. Audition: First class meeting.

DANC 220 Ballet II
0 TO 2 semester hours
Learning to execute the vocabulary of ballet movement with technical accuracy. Beginning combinations across the floor. Continuation of study of history and aesthetics of the ballet style. May be repeated for degree credit up to 4 times. Audition: First class meeting.

DANC 242 Jazz Dance II
0 TO 2 semester hours
Body rhythms, their initiation, pulse, and flow are explored in conjunction with sound through the principle of syncopation. Study of the aesthetics of entertainment and ethnology. May be repeated for degree credit up to 4 times. Audition: First class meeting.

DANC 244 Tap Dance II
0 TO 2 semester hours
Continuation of DANC 144. Increased focus on musicality. May be repeated for degree credit up to 6 times. Audition: First class meeting.

DANC 248 Musical Theatre Dance I
0 TO 2 semester hours
Study of the fundamental dance and performance skills associated with musical theatre dance. May be repeated for degree credit up to 8 times.

DANC 260 Laban Movement Analysis
3 semester hours
Study of Rudolf Laban's method of systematic description of qualitative change in movement. Application in choreography, in teaching and in learning movement. Dance majors and Dance minors only.

DANC 281 History of Dance Theatre
3 semester hours
A study of dance development as an art form from earliest origins, through medieval religious pageantry, Renaissance court dances, 18th century stage dance, and culminating with dance in the 19th and 20th centuries. Evolution of ballet and modern dance forms in Europe and America. Offered in the Spring semester. University Core fulfilled: Flag: Information Literacy; Flag: Writing.

DANC 298 Special Studies
1 TO 3 semester hours
DANC 299 Independent Studies
1 TO 3 semester hours

DANC 302 Modern Dance III
0 TO 2 semester hours
May be repeated for degree credit up to 6 times.
Audition: First class meeting.

DANC 305 Modern Dance Coaching
0 TO 1 semester hour
One-on-one coaching with modern dance instructor. Focused work on technique and performance.
Majors only.
May be repeated for degree credit up to 8 times.

DANC 320 Ballet III
0 TO 2 semester hours
Continuation of DANC 220. Variations from the repertory of classic ballet. Familiarity with the music, scenarios, and staging of several traditional ballets. Dance films and study of current research on dance criticism.
May be repeated for degree credit up to 6 times.
Audition: First class meeting.

DANC 323 Intermediate/Advanced Ballet
0 TO 2 semester hours
Continuation of DANC 220 and DANC 320. Augmented work in ballet technique and performance.
May be repeated for degree credit up to 8 times.
Audition: First class meeting.

DANC 324 Ballet Coaching
0 TO 1 semester hour
One-on-one coaching with ballet dance instructor. Focused work on technique and performance.
Majors only.
May be repeated for degree credit up to 8 times.

DANC 342 Jazz Dance III
0 TO 2 semester hours
Continuation of DANC 242. Focus on styling and performance. Theoretical study of selected jazz dance artists and the impact of film and video on jazz dance.
May be repeated for degree credit up to 6 times.
Audition: First class meeting.

DANC 344 Tap Dance III
0 TO 2 semester hours
A continuation of DANC 244. Focus on developing better skills, exploring rhythms, and mastering ability to keep time and phrase rhythms.
May be repeated for degree credit up to 6 times.
Audition: First class meeting.

DANC 345 Jazz Dance IV
0 TO 2 semester hours
Continuation of DANC 342. Emphasis on study of jazz dance, hip hop, funk, and other dance styles used in commercial/media dance.
May be repeated for degree credit up to 8 times.
Audition: First class meeting. Intermediate ballet skills requisite.

DANC 346 Intermediate/Advanced Jazz Dance
0 TO 1 semester hour
Continuation of DANC 345. Augmented work in jazz technique and performance skills.
Corequisite: DANC 349.
Majors only.
May be repeated for degree credit up to 8 times.
Audition: First class meeting.

DANC 347 Intermediate Hip Hop
0 TO 2 semester hours
Study of hip hop as a cultural dance form.
May be repeated for degree credit up to 4 times.

DANC 348 Musical Theatre Dance II
0 TO 2 semester hours
Continuation of DANC 248. Practice of the dance technique and performance skills associated with musical theatre. Study of music, costuming, and acting dimensions of musical theatre dance.
Majors only.
May be repeated for degree credit up to 8 times.
Audition: First class meeting.

DANC 349 Jazz Dance Coaching
0 TO 1 semester hour
One-on-one coaching with jazz dance instructor. Focused work on technique and performance.
Corequisite: DANC 346.
Majors only.
May be repeated for degree credit up to 8 times.
Audition: First class meeting.

DANC 353 Dance Conditioning
0 TO 2 semester hours
Laboratory course using specialized training modalities selected from Pilates, Feldendrais, and other physical systems.
May be repeated for degree credit up to 6 times.

DANC 354 Dance Conditioning
0 TO 2 semester hours
Laboratory course using specialized training modalities selected from Pilates, Feldendrais, and other physical systems.
May be repeated for degree credit up to 6 times.

DANC 360 Advanced Choreography
3 semester hours
Dance composition with focus on the craft elements of development, variation, thematic, and non-thematic subject matter. Strategies for building a dance from study to completed work.
Prerequisite: DANC 262.

DANC 363 Multiple Ways of Knowing and Showing: Music and Dance
3 semester hours
This course will introduce students to fundamental principles and concepts in Music and Dance. Students will study the elements of Music and Dance and engage in creative expression. They will investigate each art form as a discrete discipline, and they will investigate how these art forms integrate with each other as well as with other subjects in the pre-K-12 curriculum (e.g., reading, mathematics, sciences, and social studies). The course emphasizes learning using multiple intelligences (Musical Intelligence, Bodily-Kinesthetic Intelligence, Existential Intelligence, and Social-Interpersonal/Intrapersonal Intelligences, along with Verbal-Linguistic, Mathematical, and Visual-Spatial Intelligence). Students will focus on these intelligences as discrete and diverse ways of knowing and expressing facts, concepts, and feelings. They will also practice integration of these intelligences experiencing the possibilities of the potential synergy when these intelligences work in concert with each other.
Open to sophomores, juniors, and seniors only.
DANC 364 Multiple Ways of Knowing and Showing: Laboratory
1 semester hour
Practicum for DANC 363.

DANC 371 Martial Arts
0 TO 2 semester hours
Study of Tae Kwan Do, Aikido, Tai Chi Chuan, or other selected martial arts forms.
May be repeated for degree credit as long as subject changes.

DANC 373 Yoga for Ballet
0 TO 2 semester hours
The study of asana, pranayama, and philosophical dimensions of yoga which inform and support the study of ballet.
Majors only.
May be repeated for degree credit up to 8 times.

DANC 374 Yoga I
0 TO 2 semester hours
Theory and practice of yoga through exercise, meditation, and selected readings.

DANC 375 Yoga II
0 TO 2 semester hours
Continuation of yoga practice begun in Yoga I.
Prerequisite: DANC 374.

DANC 376 Yoga for Dancers
0 TO 2 semester hours
Yoga practice particularly designed for those pursuing in-depth dance technique training.
Majors only.
May be repeated for degree credit up to 6 times.

DANC 377 Dance Production
0 TO 1 semester hour
Serving as crew member or 30 hours of Dance Production work in the areas of lighting, publicity, costuming, staging, and/or related fields.
May be repeated for degree credit up to 8 times.

DANC 378 Service Project
0 TO 1 semester hour
Completion of a service project on campus or in the community.

DANC 379 Dance Tour Group
0 TO 3 semester hours
Performance Groups who choreograph, produce, perform, and teach on campus and select K-12 schools, dance studios, community centers, and/or other venues off campus.
May be repeated for degree credit up to 4 times.

DANC 380 Music for Dance
3 semester hours
Study of the elements of music theory and history which are common to dance and music.

DANC 382 Drumming for Dance
2 semester hours
African drumming techniques used in Dance for dancers and musicians.

DANC 384 Creative Dances for Children
3 semester hours
Creative dance experience designed to prepare the elementary school teacher to offer dance instruction.
Meets Liberal Studies Credential requirements.

DANC 385 Movement Arts for Children
3 semester hours
Movement Arts experience ("new games," dance, sport) and study of the child's physical and motor development. Designed as pre-service Elementary School teacher training.
Meets Liberal Studies Credential requirements.

DANC 386 Dance in Los Angeles
1 semester hour
Attendance at and analysis of concert dance and venues in the greater Los Angeles area.

DANC 387 Dance as Social Action
0 TO 3 semester hours
Theoretical and artistic exploration of Dance as a cultural phenomenon and its role in social change.
May be repeated for degree credit up to 2 times.
University Core fulfilled: Flag: Engaged Learning.

DANC 388 Careers in Dance
1 semester hour
Practical and theoretical study of dance-related careers.

DANC 394 Dunham Technique
0 TO 2 semester hours
A study of the dance technique of Katherine Dunham.
May be repeated for degree credit up to 6 times.
Audition: First class meeting.

DANC 397 World Dance
0 TO 2 semester hours
Intensive study of select world cultures from Africa, Asia, the Pacific, and Europe with particular attention to historical and cultural perspective.
May be repeated for degree credit as long as selected culture differs.

DANC 398 Special Studies
1 TO 3 semester hours

DANC 399 Independent Studies
1 TO 3 semester hours

DANC 402 Modern Dance IV
0 TO 2 semester hours
Continuation of DANC 302. Study focuses on subtlety in energy, range, and expression, along with concentration of style, rhythmic patterns, and movement design. Dance films and study of current research on dance criticism.
May be repeated for degree credit up to 8 times.
Audition: First class meeting.

DANC 403 Friday Dance Workshop
0 TO 1 semester hour
In-depth exploration of dance technique and partnering.
May be repeated for degree credit up to 8 times.
Audition: First class meeting.
DANC 404 Modern Dance V  
0 TO 2 semester hours  
Continuation of DANC 402. Study focuses on increasing subtlety in energy, range, and expression, along with concentration on style, rhythmic patterns, and movement designs. Focus on style and professional work.  
May be repeated for degree credit up to 6 times.

DANC 420 Ballet IV  
0 TO 2 semester hours  
Continuation of DANC 320.  
May be repeated for degree credit up to 8 times.  
Audition: First class meeting.

DANC 421 Pointe and Variations  
0 TO 2 semester hours  
Study of pointe work in ballet and reconstruction of variations from ballets of different periods.  
May be repeated for degree credit up to 4 times.  
Audition: First class meeting.

DANC 423 Ballet V  
0 TO 2 semester hours  
Continuation of DANC 420.  
May be repeated for degree credit up to 8 times.  
Audition: First class meeting.

DANC 424 Ballet VI  
0 TO 2 semester hours  
Continuation of DANC 423.  
May be repeated for degree credit up to 8 times.  
Audition: First class meeting.

DANC 425 Ballet Repertory  
0 TO 2 semester hours  
Apply ballet technique and principles of style to the learning of historical and/or contemporary ballet works.  
May be repeated for degree credit up to 8 times.

DANC 440 Jazz Dance IV-V  
0 TO 2 semester hours  
Continuation of DANC 345. Emphasis on study of jazz dance, hip hop, funk, and other dance styles used in commercial/media dance.

DANC 444 Tap Dance IV  
0 TO 2 semester hours  
A continuation of DANC 344. Focus on developing better skills, exploring rhythms, and mastering ability to keep time and phrase rhythms.  
May be repeated for degree credit up to 6 times.  
Audition: First class meeting.

DANC 445 Jazz Dance V  
0 TO 2 semester hours  
Continuation of DANC 345. Emphasis on study of jazz dance, hip hop, funk, and other dance styles used in commercial/media dance.  
May be repeated for degree credit up to 8 times.  
By audition only.

DANC 446 Jazz Dance VI  
0 TO 2 semester hours  
Continuation of DANC 445. Pre-professional emphasis including auditioning and career planning.  
May be repeated for degree credit up to 8 times.  
By audition only.

DANC 459 Senior Thesis Preparation  
0 semester hours  
Organization of the senior thesis project, preparation of the senior thesis essay, and career bridge building.  
Majors only.  
Senior standing required.

DANC 460 Dance Theory Criticism  
3 semester hours  
Formal seminar in philosophy of art and aesthetic criticism.  
Senior standing required.  
Majors only.

DANC 461 Senior Thesis: Project  
3 semester hours  
Preparation and presentation of performance or research thesis.  
Senior standing required.  
Majors only.  
Repeatable up to 6 semester hours for degree credit.  
University Core fulfilled: Flag: Writing.

DANC 462 Mentorship: Senior Thesis  
0 TO 1 semester hour  
One-on-one guidance on the development and presentation of the Senior Thesis Project.  
May be repeated for degree credit up to 2 times.

DANC 479 Rehearsal and Performance  
0 TO 3 semester hours  
Format varies by semester. Auditioning, rehearsing, performing, and/or producing in the Dance Department main stage productions.  
May be repeated for degree credit up to 8 times.

DANC 480 Kinesiology for Dancers I  
3 semester hours  
Understanding of the human body as it experiences movement. Analysis of the physics, anatomy, physiology, and psychology of movement behavior.  
Offered in the Fall semester.  
University Core fulfilled: Explorations: Nature of Science, Technology, and Mathematics.

DANC 481 Kinesiology for Dancers II  
3 semester hours  
Continuation of DANC 480. Prerequisite: DANC 480 or HHSC 150 or consent of Dance director.  
Offered in the Spring semester.  
Lab fee.  
University Core fulfilled: Integrations: Interdisciplinary Connections.

DANC 484 Principles of Teaching Dance  
3 semester hours  
Theory and practice of effective dance instruction, including methods, lesson plans, and practice teaching of high school students and adults.  
University Core fulfilled: Flag: Oral Skills.

DANC 485 Internships
1 TO 3 semester hours
Work experience in teaching, health care, or business. May be repeated for degree credit up to 2 times.

DANC 487 Dance Media and Technology
3 semester hours
Use of computer technology and other media in the making and performance of dance.

DANC 489 Performance Techniques Workshop
0 TO 3 semester hours
An in-depth exploration of performance techniques in ballet, modern dance, jazz dance, and other selected dance genre. May be repeated for degree credit up to 4 times (maximum 12 semester hours).

DANC 498 Special Studies
1 TO 3 semester hours

DANC 499 Independent Studies
1 TO 3 semester hours

Economics (ECON)

ECON 1050 Introductory Economics
4 semester hours
Accelerated introduction to both microeconomics and macroeconomics. Supply and demand, elasticity, and theories of production, cost, competition, monopoly, and other market structures. Aggregate supply, aggregate demand and Keynesian Cross analysis, and discussion of GDP, national income, inflation, and unemployment. This course substitutes for ECON 1100 and ECON 1200 wherever one or both are stated as prerequisites. University Core fulfilled: Explorations: Understanding Human Behavior.

ECON 1100 Introductory Microeconomics
4 semester hours
Analysis of behavior of individual economic agents including consumers and firms. Supply and demand, elasticity, theory of production, and cost. Pricing and output decisions under competition, monopoly, and other market forms.

ECON 1200 Introductory Macroeconomics
4 semester hours
Analysis of inflation, unemployment, and gross national product. Money and banking, Keynesian and Monetarist economics, government policy toward money supply, spending, the national debt, and exchange rates.

ECON 1998 Special Studies
1 TO 4 semester hours

ECON 1999 Independent Studies
1 TO 4 semester hours

ECON 2300 Introductory Statistics
4 semester hours
An introduction to the modern methods of analyzing sample data. Topics include descriptive statistics, probability theory, binomial and normal distributions, estimation, hypothesis testing, and simple regression analysis. Recommended: MATH 112 or MATH 131 or concurrent enrollment.

ECON 2350 Accelerated Introductory Statistics
4 semester hours
Accelerated introduction to statistics with applications to economics. Topics include descriptive statistics, probability theory, binomial and normal distributions, estimation, hypothesis testing, and regression analysis. This course also involves exercises in applying theoretical concepts to real world empirical problems, e.g., for policy analysis. This course can be taken in lieu of ECON 2300 and substitutes for ECON 2300 wherever it is stated as a prerequisite. Recommended: MATH 112 or MATH 131 or concurrent enrollment.

ECON 2998 Special Studies
1 TO 4 semester hours

ECON 2999 Independent Studies
1 TO 4 semester hours

ECON 3100 Intermediate Microeconomics
4 semester hours
Microeconomic theory applied to the private sector. Indifference curves, utility theory, Slutsky equation, individual and market demand, technology, cost minimization, cost curves, consumer and producer surplus, efficiency, perfect competition, monopoly, price discrimination, classical oligopoly theory, game theory including Nash equilibrium, resource markets. Prerequisites: A grade of at least B- in ECON 1050 and a grade of at least B- in MATH 112 or of at least C in MATH 131.

ECON 3200 Intermediate Macroeconomics
4 semester hours
Macroeconomic analysis: The determination of national income and output and their components, employment, the price level (and inflation), interest rates, and long-term economic growth. An introduction to business cycle theory, monetary theory, balance of payments, and exchange rates. A study of economic policies to achieve goals and the limits of such policies. Prerequisites: A grade of at least B- in ECON 1050 and a grade of at least B- in MATH 112 or of at least C in MATH 131.

ECON 3220 Money and Banking
4 semester hours
The role of monetary matters in the economy. The organization, operation, and impact of money, banks and nonbank financial intermediaries, and financial markets in the economy. The impact of these on the determination of interest rates, the price level, and economic activity. The role of central bank and regulatory agency policies in financial markets and the economy. Prerequisite: ECON 1050.

ECON 3300 Econometrics
4 semester hours
Analysis of the linear regression model and its practical applications in economics, finance, marketing, and other areas of business. Material covered will be the two variable model, hypothesis testing, forecasting, functional forms of regression models, regression using dummy explanatory variables, multiple regression, autocorrelation, heteroscedasticity and multicollinearity. Emphasis is placed on the application of the techniques covered in the course to the solution of real world problems. Prerequisites: ECON 1050 and ECON 2300.

ECON 3340 Forecasting Methods
4 semester hours
Analysis of a wide range of forecasting methods, including regression, smoothing, and arima models.
ECON 3380 Economic Geography
4 semester hours
Using geographical information systems to test spatial economics and classical locational theories, we explore economic activity and worldwide patterns of trade. Prerequisite: ECON 1050.

ECON 3400 U.S. Economic History
4 semester hours
Historical study of the economic growth and institutional development of the U.S. economy from the colonial era to the twentieth century. Topics may include: the economic ramifications of the American Revolution and the Constitution, the economics of slavery, industrialization, and the origins of the Great Depression. Prerequisite: ECON 1050.

ECON 3420 History of Economic Thought
4 semester hours
An analysis of the evolution of moral, political, and economic ideas and theories and their influence on the development of economic society. Prerequisite: ECON 1050.

ECON 3560 Urban Economics
4 semester hours
A survey of the policy and theoretical issues that are raised when economic analysis is applied in an urban setting. Topics include urbanization and urban growth housing markets, location decisions of households and firms, transportation, urban labor markets, the local public sector, and discrimination. Prerequisite: ECON 1050.

ECON 3600 Financial Economics
3 semester hours
Practical application of financial theory in both a certain and uncertain environment. Focus on capital budgeting, financial structure, cost of capital, and dividend policy. Prerequisite: ECON 1050.

ECON 3620 Managerial Economics
4 semester hours
Provides a solid foundation of economic understanding for use in managerial decision making. It focuses on optimization techniques in the solution of managerial problems. Prerequisite: ECON 1050.

ECON 3640 Multinational Corporation
4 semester hours
The economic power and impact; the expansion of multinational business, international movement of management techniques, labor, resources, and technology. Prerequisite: ECON 1050.

ECON 3660 Personal Finance
4 semester hours
This course is a comprehensive coverage of consumer finance. Topics are consumer credit, consumer spending, and investing for the short run and the long run. Housing and real estate investing, personal financial planning, and various investment vehicles such as equity, fixed rate of return instruments, annuities, and insurance, as well as the fundamentals of tax planning are addressed. The emphasis is on evaluating choices and understanding the consequences of decisions in terms of opportunity costs. Prerequisite: ECON 1050.

ECON 3690 Chinese Economic and Business System
4 semester hours
This course aims to provide an introduction to Chinese economic and business system as well as the major strategic and operational issues facing multinational corporations in doing business in China. Taught only in Beijing, China.

ECON 3700 International Trade
4 semester hours
Analysis of classical and modern theories of international trade and their relation to internal and external equilibria. Income and monetary factors, commercial policies affecting international trade. Resource movements, regional economic integration. Prerequisite: ECON 1050.

ECON 3720 International Finance Theory
4 semester hours
Introduction to foreign exchange markets and the determination of exchange rates. Understanding balance of payments accounts, enacting policies to affect the current account, and examining balance of payments crises. Overview of international policy coordination and the international monetary system. Application of theory to current international issues. Prerequisite: ECON 1050.

ECON 3740 Economic Development of Minority Communities
4 semester hours
Historical study of minority groups in the American economy. Emphasis upon institutions, ideas, and individuals. Prerequisite: ECON 1050.

ECON 3998 Special Studies
1 TO 4 semester hours

ECON 3999 Independent Studies
0 TO 4 semester hours

ECON 4100 Intermediate Microeconomics II
4 semester hours
Microeconomic theory applied to the public sector. General equilibrium theory for exchange and production economies, First Theorem of Welfare Economics, public goods, Samuelson condition, externalities and policy remedies, information theory and social insurance, intertemporal choice, uncertainty, cost-benefit analysis, welfare economics and income redistribution. Prerequisite: ECON 3100 with a grade of at least C-.

ECON 4120 Economics and Ethics
4 semester hours
Economics and Ethics examines the roles and effects of ethics on economic analysis, behavior, and institutions. These issues arise, for example, in matters of charity, labor markets, and taxation. This course treats both descriptive and prescriptive theories as well as evidence on ethics from behavioral and experimental economics. It covers standard philosophical theories and connects them to empirical evidence and real world decision-making. Prerequisite: ECON 3100 with a grade of at least C-.

ECON 4140 Game Theory
4 semester hours
Game Theory is the study of strategic interaction. This course will focus on analyzing these interactions and predicting equilibrium outcomes. Topics to be covered include utility theory, rationality, simultaneous and sequential move games, Nash equilibrium, backward induction, repeated games, and games of incomplete information.
Prerequisite: ECON 3100 with a grade of at least C-.

ECON 4160 Environmental Economics
4 semester hours
Environmental Economics deals with the use of society's scarce environmental resources. Economic theory and analysis are applied to various environmental issues, including pollution, sustainable development, clean air, and quality of life.
Prerequisite: ECON 3100 with a grade of at least C-.
University Core fulfilled: Integrations: Interdisciplinary Connections.

ECON 4340 Experimental and Behavioral Economics
3 semester hours
Experimental methods of research in economics. Basic experimental concepts, induced value theory, individual decisions, game theory, market experiments, auctions, bargaining, public choice.
Prerequisite: ECON 3100 and ECON 3300, both with a grade of at least C-.

ECON 4500 Industrial Organization
4 semester hours
Analysis of firm behavior. Classical models of perfect competition, monopoly and oligopoly. Game theory including dominant strategy, Nash and subgame perfect equilibrium. Price discrimination, antitrust policy and regulation.
Prerequisite: ECON 3100 with a grade of at least C-.

ECON 4520 Political Economy
4 semester hours
The elections, institutions, and actors that determine important policy outcomes. The inefficient outcomes arise and the lessons that can be learned from those failures of voters and institutions. Half the class will focus on the United States, and the other half will consider these issues in a comparative perspective.
Prerequisite: ECON 3100 with a grade of at least C-.

ECON 4540 Labor Economics
4 semester hours
Modern theories of market and non-market behavior relating to issues of labor and the determination of wages, salaries, and perquisites. Empirical evidence and public policy considerations are always relevant. Topics may include: education, poverty, discrimination, internal job ladders and management systems, collective bargaining, and unemployment.
Prerequisites: ECON 3100 and ECON 3300, both with a grade of at least C-.

ECON 4560 Law and Economics
4 semester hours
This course will explore the field of law and economics. We will use standard microeconomic tools to examine torts, contracts, and property law, as well as the theory and empirical evidence on criminal behavior.
Prerequisites: ECON 3100 and ECON 3300, both with a grade of at least C-.

ECON 4580 Health Economics
4 semester hours
Access to quality health care remains an important public health problem for a significant part of the population. This course examines the theoretical and empirical analyses of major topics in health care economics, such as the production of health, demand for medical care and health insurance, the physician-firm, the hospital market, and government provided health care.
Prerequisite: ECON 3100 with a grade of at least C-.

ECON 4740 Economic Development
4 semester hours
This course is about global poverty, with a focus on the market failures that often characterize countries in the developing world and the solutions that countries have adopted to deal with these failures. We will explore how missing or incomplete markets for land, insurance, and credit give rise to the institutions that we see in developing countries, particularly in rural areas. Evidence about important policy debates, such as the role of industrialized countries in the development process, will be discussed in detail.
Prerequisite: ECON 3100 with a grade of at least C-.

ECON 4900 Senior Assessment
0 semester hours
Assessment of student learning outcomes in the field of economics. Includes a written comprehensive examination, a senior exit interview, and possible additional Department evaluation. ECON 4900 is required of all economics majors who will have completed 100 hours or more by the end of the Spring semester.
Credit/No Credit grading only.
Economics majors only.
Prerequisite: Registered to complete 100 hours or more by the end of the semester in which it is taken.

ECON 4999 Independent Studies
1 TO 4 semester hours

ECON 5300 Mathematics for Economics
4 semester hours
Absolutely necessary for those continuing to graduate school and required for those pursuing the B.S. degree in economics. Review of fundamental mathematical concepts and logic. Treatment of linear algebra, univariate and multivariate calculus, real analysis, and unconstrained and constrained optimization. Applications of mathematical techniques to typical problems in microeconomics and macroeconomics.
Offered only in the Fall semester.
Prerequisites: ECON 3100 with a grade of at least C- and MATH 131 (or equivalent) with a grade of at least C. Recommended: MATH 132 (or equivalent).

ECON 5320 Advanced Econometrics
4 semester hours
This branch of economics uses mathematical and statistical tools to analyze economic phenomena. Mathematical formulation, establishment of hypotheses, model construction, data collection, and statistical estimation and inference. Required for the B.S. degree in Economics.
Offered only in the Spring semester.
Prerequisite: ECON 5300 (or MATH 250).

ECON 5998 Special Studies
1 TO 4 semester hours
EDCON 5999 Independent Studies  
1 TO 4 semester hours

Clinical Education (EDCE)

EDCE 410 Elementary Directed Teaching  
9 TO 12 semester hours  
Full-time supervised teaching in two culturally diverse public elementary schools; seminar sessions held throughout the semester, which include instruction in art, music, and physical education.  
Credit/No Credit grading.  
Admission by special approval.

EDCE 412 Secondary Directed Teaching  
9 TO 12 semester hours  
Full-time supervised teaching in one culturally diverse public middle and/or high school; seminar sessions held throughout the semester support the student in successfully completing his or her teaching.  
Credit/No Credit grading.  
Special approval required.

EDCE 456 Directed Teaching with Culturally and Linguistically Diverse Students with Mild/Moderate Disabilities  
6 semester hours  
Actual teaching experience with culturally and linguistically diverse students with mild/moderate disabilities. Must have completed prerequisite and professional coursework in Special Education and be approved by the Coordinator of Fieldwork the semester prior to enrolling.  
Credit/No Credit grading.  
Special approval required.  
Corequisite: EDCE 459.

EDCE 459 Student Teaching Seminar  
3 semester hours  
Students take this course in conjunction with EDCE 456 Directed Teaching with Culturally and Linguistically Diverse Students with Mild/Moderate Disabilities.  
Credit/No Credit grading.  
Special approval required.  
Corequisite: EDCE 456.

EDCE 461 Teaching Performance Assessment 1  
0 semester hours  
Students enrolled in the course will complete Task 1 of the Teaching Performance Assessment.  
Fee required.  
Special approval required.

EDCE 462 Teaching Performance Assessment 2  
0 semester hours  
Students enrolled in the course will complete Task 2 of the Teaching Performance Assessment.  
Fee required.  
Special approval required.

EDCE 463 Teaching Performance Assessment 3  
0 semester hours  
Students enrolled in the course will complete Task 3 of the Teaching Performance Assessment.  
Fee required.  
Prerequisites: EDCE 461 and EDCE 462.  
Concurrent enrollment with EDCE 410 or EDCE 412 required.

EDCE 464 Teaching Performance Assessment 4  
0 semester hours  
Students enrolled in the course will complete Task 4 of the Teaching Performance Assessment.  
Fee required.  
Prerequisites: EDCE 461 and EDCE 462.  
Concurrent enrollment with EDCE 410 or EDCE 412 required.

EDCE 498 Special Studies  
1 TO 3 semester hours

EDCE 499 Independent Studies  
1 TO 3 semester hours

EDCE 5950 Teaching Performance Assessment Task 1, Subject Specific Pedagogy  
0 semester hours  
Students enrolled in this course will complete Task 1 of the Teaching Performance Assessment.  
Fee required.  
Credit/No Credit grading.  
Special approval required.

EDCE 5951 Teaching Performance Assessment Task 2, Subject Designing Instruction  
0 semester hours  
Students enrolled in this course will complete Task 2 of the Teaching Performance Assessment.  
Fee required.  
Credit/No Credit grading.  
Special approval required.

EDCE 5952 Teaching Performance Assessment Task 3, Assessing Learning  
0 semester hours  
Students enrolled in this course will complete Task 3 of the Teaching Performance Assessment.  
Fee required.  
Credit/No Credit grading.  
Special approval required.  
Prerequisites: EDCE 5950 and EDCE 5951.

EDCE 5953 Teaching Performance Assessment Task 4, Culminating Teaching Experience  
0 semester hours  
Students enrolled in this course will complete Task 4 of the Teaching Performance Assessment.  
Fee required.  
Credit/No Credit grading.  
Special approval required.  
Prerequisites: EDCE 5950, EDCE 5951, and EDCE 5952.

EDCE 5961 Early Childhood Fieldwork 1  
1 semester hour

EDCE 5962 Early Childhood Fieldwork 2  
1 semester hour

EDCE 5963 Early Childhood Fieldwork 3  
1 semester hour

EDCE 5970 Fieldwork 1  
1 semester hour  
This course is designed to enhance the field experiences of teacher
practitioners/interns through reflective experiences, supervised teaching, and collaboration between the candidates, university personnel, and the mentor teacher. The course is designed around the needs of the candidates. Credit/No Credit grading. Interns and Teacher Practitioners only. Special approval required.

EDCE 5971 Fieldwork 2
1 semester hour
This course is a continuation of Fieldwork 1. Credit/No Credit grading. Interns and Teacher Practitioners only. Special approval required. Prerequisite: EDCE 5970.

EDCE 5972 Fieldwork 3
1 semester hour
This course is a continuation of Fieldwork 2. Credit/No Credit grading. Interns and Teacher Practitioners only. Special approval required. Prerequisites: EDCE 5970 and EDCE 5971.

EDCE 5973 Fieldwork 4
1 semester hour
This course is a continuation of Fieldwork 3. Credit/No Credit grading. Interns and Teacher Practitioners only. Special approval required. Prerequisites: EDCE 5970, EDCE 5971, and EDCE 5972.

EDCE 5974 Fieldwork Support
1 TO 3 semester hours
This course is offered as additional fieldwork support. Credit/No Credit grading. Interns and Teacher Practitioners only. Special approval required. Prerequisite: EDCE 5970 or EDCE 5971 or EDCE 5972 or EDCE 5973.

EDCE 5976 Elementary Directed Teaching
6 TO 9 semester hours
Full-time supervised teaching in two culturally diverse public elementary schools. Supervision by master teacher and university supervisor while working with individuals, small groups, and the entire class. Development of classroom management and teaching strategies that foster academic achievement in all content areas for all students. Attendance at weekly seminar is required. Credit/No Credit grading. Special approval required.

EDCE 5977 Secondary Directed Teaching
6 TO 9 semester hours
Full-time supervised teaching in one culturally diverse public middle or high school. Supervision by master teacher and university supervisor while working with individuals, small groups, and the entire class. Development of classroom management and teaching strategies that foster academic achievement in all content areas for all students. Attendance at weekly seminar is required. Credit/No Credit grading. Special approval required.

EDCE 5978 Directed Teaching with Students with Mild/Moderate Disabilities
6 semester hours
Teaching experience with culturally and linguistically diverse students with Mild/Moderate disabilities. Seminar required. Lab fee required. Credit/No Credit grading. Special approval required.

EDCE 5981 Special Education Clinical Supervision I
2 TO 3 semester hours
This course, offered in a seminar format, is designed to enhance the field experiences of teacher practitioners/interns through reflective discussions that revolve around events in content classes and field experiences, supervised teaching, and collaboration between the candidates, University personnel, and the mentor teacher. This course is designed around the needs of the candidates and meets on a monthly basis. Candidate may request lower unit count (2 semester hours) only if candidate has a prior earned and valid teaching credential. Credit/No Credit grading. Interns and Teacher Practitioners only. Special approval required. Prerequisite: EDCE 5981.

EDCE 5982 Special Education Clinical Supervision II
2 TO 3 semester hours
Candidate may request lower unit count (2 semester hours) only if candidate has a prior earned and valid teaching credential. This is a continuation of EDCE 5981. Credit/No Credit grading. Interns and Teacher Practitioners only. Special approval required. Prerequisite: EDCE 5981.

EDCE 5983 Special Education Fieldwork and Seminar 3
1 semester hour
This course is a continuation of EDCE 5982. Credit/No Credit grading. Interns and Teacher Practitioners only. Special approval required. Prerequisites: EDCE 5981 and EDCE 5982.

EDCE 5984 Special Education Fieldwork and Seminar 4
2 semester hours
This course is a continuation of EDCE 5983, offered in a seminar format, and is designed to enhance the field experiences of teacher practitioners/interns through reflective discussions that evolve around events in content classes and field experiences, supervised teaching, and collaboration between the candidates, University personnel, and the mentor teacher. This course is designed around the needs of the candidates and meets on a weekly basis. Credit/No Credit grading. Interns and Teacher Practitioners only. Special approval required. Prerequisites: EDCE 5981, EDCE 5982, and EDCE 5983.

EDCE 5998 Special Studies
1 TO 3 semester hours

EDCE 5999 Independent Studies
1 TO 3 semester hours

EDCE 6955 Master's Thesis I
1 semester hour
This course is intended for students working on a master's thesis. The committee chair provides ongoing support for the master's
thesis.
Credit/No Credit grading.

EDCE 6956 Master's Thesis II
1 semester hour
A continuation of Master's Thesis I for students who have not completed their master's thesis.
Credit/No Credit grading.
Special approval required.

EDCE 6957 Master's Thesis III
1 semester hour
A continuation of Master's Thesis II for students who have not completed their master's thesis.
Credit/No Credit grading.
Special approval required.

EDCE 6965 Action Research Fieldwork Support Course I
1 semester hour
This is a field experience course that supports a group of Professional 2042 Clear candidates within the following framework: the candidate will meet weekly with a University Support Provider who will guide the candidate through the individual induction plan process. This process includes individual assessment, observations, conversations, portfolio development and support in the areas designated by the individual induction plan. A small group will meet four times during the semester with the University Support Provider. These meetings are in addition to any feedback sessions that are held between the University Support Provider and candidate. The fifth year University Support Providers will be in contact with the professors who teach the integrated advanced course work to support the collaboration model. Candidates are required to demonstrate competency in the area of the California Standards for the Teacher Profession (CSTP) related to the integrated courses they are currently attending. In order for candidates to receive credit in this course, they must demonstrate competency in the CSTPs and Professional 2042 Clear standards through a portfolio presentation.
Credit/No Credit.

EDCE 6966 Action Research Fieldwork Support II
1 semester hour
This is the continuation of EDCE 6965, a course that supports a group of Professional 2042 Clear candidates within the following framework: the candidate will meet weekly with a University Support Provider who will guide the candidate through the individual induction plan process. This process includes individual assessment, observations, conversations, portfolio development and support in the areas designated by the individual induction plan. A small group will meet four times during the semester with the University Support Provider. These meetings are in addition to any feedback sessions that are held between the University Support Provider and candidate. The fifth year University Support Providers will be in contact with the professors who teach the integrated advanced course work to support the collaboration model. Candidates are required to demonstrate competency in the area of the California Standards for the Teacher Profession (CSTP) related to the integrated courses they are currently attending. In order for candidates to receive credit in this course, they must demonstrate competency in the CSTPs and Professional 2042 Clear standards through a portfolio presentation.
Credit/No Credit grading.
Prerequisite: EDCE 6965.

EDCE 6995 Comprehensive Examination

EDCE 6998 Special Studies
1 TO 3 semester hours

EDCE 6999 Independent Studies
1 TO 3 semester hours

Elementary and Secondary Education (EDES)

EDES 401 Applied Educational Psychology for the Childhood and Adolescent Years
3 semester hours
A study of the learning environment, the evaluation of learning, and the teaching/learning process. An analysis of the physical, intellectual, emotional, cultural, and ethnic factors affecting development, learning, and behavior. This course is a prerequisite for acceptance into the Multiple and Single Subject Credential Program. Emphasis is placed on implications for teaching and learning in the primary, elementary, middle, and senior high schools. Fieldwork is required.
Sophomore or higher standing required.

EDES 402 Teaching Reading in Today's Elementary Classrooms
3 semester hours
This course is designed to provide opportunities for prospective teachers to develop their understanding and ability to teach reading to all students in the elementary grades. Particular emphasis will be placed on strategies which will accommodate culturally and linguistically diverse learners. Consideration is given to the procedures, skills development, organizations, systems of instruction and instructional materials utilized in the development of an effective, balanced and integrated approach to reading instruction in the elementary school that supports literacy development.

EDES 403 Reading and Content Learning in Middle and Secondary Schools
3 semester hours
This course is designed to provide opportunities for prospective teachers to develop understanding of the nature of the reading process in grades 7-12. Emphasis is placed on the role of subject-matter teachers in the overall school reading program. Provides training in a variety of instructional methodologies including strategies designed for culturally and linguistically diverse learners. Special approval required.

EDES 405 Infancy
3 semester hours
This course focuses on the first three years of life. It is designed to provide a broad overview of prenatal, infant, and toddler development. Students will advance their understanding of empirical research, application of theory, and analysis. Specifically, theoretical frameworks and contemporary research that have advanced knowledge of infant and toddler development (prenatal to 3 years of age) will be examined and analyzed. Students will be able to
demonstrate knowledge of developmental milestones as they are manifested by infants and toddlers as well as be introduced to specific disorders and delays associated with early childhood development. Students will explore the environmental influences on development such as parenting, poverty, second language acquisition, disability, and policy. Field experience will be required.

EDES 406 Early Childhood
3 semester hours
This course focuses on theoretical frameworks and contemporary research that have advanced knowledge of the preschool period (ages 2-8 years) will be examined and analyzed. Students will be able to demonstrate knowledge of developmental milestones exhibited by preschoolers. Students will explore the environmental influences on development such as peer relationships, early childhood education experiences, parenting, socialization, poverty, second language acquisition, disability, prejudice, and policy. Research findings and methods will be utilized to study the transition to formal education and literacy development. Field experience will be required.

EDES 407 Child, Family, and Community
3 semester hours
Students will analyze and interpret current social, cultural, institutional, and psychological factors that influence parents and children including: support systems, family structures, lifestyles, communication, attachment, personality, divorce, single parenting, socioeconomic status, prejudice and discrimination, public policies, physical and mental illness/disability, maltreatment, educational settings, and the media. Core developmental theories and related research findings will be analyzed and explored as they apply to today's world.

EDES 408 Early Childhood Education Programs and Curriculum
3 semester hours
Students will examine the history of early childhood education as well as contemporary program design and philosophy. An analysis of the impact of public policy in the United States on the ECE field will demonstrate the links between government and the family. Students will gain an understanding of implementing philosophy through environmental space planning, program policies, and curriculum design. Developmentally appropriate practice will be analyzed across all groups of children including those with special needs and second language learners. Students will be able to identify multicultural and anti-bias curriculum as well as advance their cultural competence. Field experience will be required.

EDES 414 Theories and Policies of Second Language Acquisition
3 semester hours
Course content includes theoretical perspectives in first and second language learning, language teaching methodologies, assessment, identification, and program placement for English Language learners. Historical, political, legal, and social factors related to second language acquisition are addressed, including the history of bilingual education models; and the role of parents and paraprofessionals in English language development. Sophomore or higher standing is required. University Core fulfilled: Flags: Information Literacy, Writing.

EDES 416 Methodology for Primary Language Instruction in a Bilingual Setting
3 semester hours
Consideration is given to current trends and social issues affecting bilingual programs including program characteristics, instructional approaches, and selection and use of primary language materials. Specific emphasis is placed on literacy/biliteracy in the primary language, with an integrated approach to content area instruction. Fluency and literacy in Spanish is required. This course is required for the Bilingual Authorization. Special approval required. Prerequisite: EDES 414.

EDES 418 Bilingualism and Biliteracy
3 semester hours
This course focuses on the assessment and implications of the continuum of biliteracy development through analysis of case studies. Research on the complexity of factors that impact biliteracy development for preschool through adolescence students will be discussed. Fluency and literacy in Spanish is required. This course is a requirement of the Bilingual Authorization. Special approval required. Prerequisite: EDES 414.

EDES 420 Chicano/Latino Cultures: An Interdisciplinary Perspective
3 semester hours
This course presents a cultural analysis of the diversity within Chicano/Latino groups, particularly as represented in educational settings. Historical, political, and social issues will be addressed, including communicative styles, dialectical differences, and cross-cultural interactions between cultural and linguistic groups. This class is conducted bilingually in Spanish and English. This course is a requirement of the Bilingual Authorization. Special approval required.

EDES 425 Methods in English Language Development and Specially Designed Academic Instruction in English for Elementary Educators
3 semester hours
The goals of this course include providing students with opportunities to acquire knowledge, skills, and abilities to deliver comprehensible instruction to English Language Learners (ELLs), ELLs with an Individualized Education Plan (IEP), Individualized Services Plan (ISP), or Section 504 plan in elementary classroom settings. Students will learn how to implement an instructional program that facilitates English language acquisition and development, including receptive and productive language skills, and that logically progresses to the grade level reading/language arts program for English speakers. Additionally, students will acquire and demonstrate the ability to utilize assessment information to diagnose students’ language abilities and develop lessons promoting students’ access and achievement in relation to state-adopted academic standards. This practical course requires the classroom implementation of various activities throughout the semester. Fieldwork hours are required. Special approval required.

EDES 426 Methods in English Language Development and Specially Designed Academic Instruction in English for Secondary Educators
3 semester hours
The goals of this course include providing students with opportunities to acquire knowledge, skills, and abilities to deliver comprehensible instruction to English Language Learners (ELLs), ELLs with an Individualized Education Plan (IEP), Individualized Services Plan (ISP), or Section 504 plan in secondary classroom settings. Students will learn how to implement an instructional program that facilitates English language acquisition and development, including receptive and productive language skills, and that logically progresses to the grade level reading/language
create positive learning environments, effective discipline, and teachers to observe, develop, and practice a variety of methods to promote students' access and achievement in relation to state-adopted academic standards. This practical course requires the classroom implementation of various activities throughout the semester. Fieldwork hours are required. Special approval required.

EDES 430 Methodology for Chinese Language Instruction in Bilingual Settings
3 semester hours
Consideration is given to current trends and social issues affecting bilingual programs including program characteristics, instructional approaches, and selection and use of primary language materials. Specific emphasis is placed on literacy/biliteracy in the primary language, with an integrated approach to content and instruction. Fluency and literacy in Mandarin Chinese is required. Special approval required.

EDES 431 American/Chinese/Chinese American Cultures: An Interdisciplinary Perspective
3 semester hours
This course presents a cultural analysis of the diversity within Chinese/American/Chinese American groups, particularly as represented in educational setting. Historical, political, and social issues will be addressed, including communicative styles, dialectical differences, and cross-cultural interactions between cultural and linguistic groups. Special approval required.

EDES 434 Elementary Curriculum and Methods
3 semester hours
Designed to provide opportunities for prospective teachers to develop professional knowledge and competence for teaching history/social science, mathematics, and science in kindergarten and grades 1 through 12, this course will deal with purpose, content, procedures and organization, and instruction in those curriculum areas as prescribed by the California State adopted frameworks and academic content standards. This course focuses on instructional methods and classroom management for the elementary classroom. Students should acquire skills in classroom discipline, creation of lesson plans, utilizing a variety of instructional and evaluation methods, and classroom teaching. Course shall include all state-mandated content areas including culturally and linguistically diverse teaching techniques/methods for history/social science, mathematics, and science. A fieldwork component will be required. Special approval required.

EDES 436 Methodology for Chinese Language Instruction in Bilingual Settings
3 semester hours
Consideration is given to current trends and social issues affecting bilingual programs including program characteristics, instructional approaches, and selection and use of primary language materials. Specific emphasis is placed on literacy/biliteracy in the primary language, with an integrated approach to content and instruction. Fluency and literacy in Mandarin Chinese is required. Special approval required.

EDES 434 Elementary Curriculum and Methods
3 semester hours
This course prepares candidates to teach mathematics using a balanced approach, including computational and procedural skills, conceptual understanding, and problem solving/inquiry, outlined in the California Mathematics Framework, National Common Core State Standards (CCSS), Mathematical Practice Standards (MP), and Smarter Balanced Assessment Consortium (SBAC). Methods for long- and short-range planning, unit plan design, and creation of authentic assessments are woven together to support teachers in creating effective learning environments for their students. A field experience component will be required. Special approval required.

EDES 438 Methods in Teaching Secondary Math
3 semester hours
This course prepares candidates to teach mathematics using a balanced approach, including computational and procedural skills, conceptual understanding, and problem solving/inquiry, outlined in the California Mathematics Framework, National Common Core State Standards (CCSS), Mathematical Practice Standards (MP), and Smarter Balanced Assessment Consortium (SBAC). Methods for long- and short-range planning, unit plan design, and creation of authentic assessments are woven together to support teachers in creating effective learning environments for their students. A field experience component will be required. Special approval required.

EDES 498 Special Studies
1 TO 3 semester hours
EDES 499 Independent Studies
1 TO 3 semester hours
EDES 5001 Applied Educational Psychology for the Childhood and Adolescent Years
3 semester hours
A study of the learning environment, the evaluation of learning and the teaching/learning process. An analysis of the physical, intellectual, emotional, cultural, and ethnic factors affecting development, learning, and behavior. This course is a prerequisite for acceptance into the Multiple Subject Credential Program. Emphasis is placed on implications for teaching and learning in the
primary and elementary grades. Fieldwork is required.
Special approval required.

EDES 5003 Theories and Policies of Second Language Acquisition
3 semester hours
Course content includes theoretical perspectives in first and second language acquisition, language teaching methodologies, assessment, identification, and program placement for English Language Learners. Historical, political, legal, and social factors related to second language acquisition are addressed, including the history of bilingual education; federal, state, and local legislation; bilingual education models; and the role of parents and paraprofessionals in English language development and instructional programs for linguistic minorities. Fieldwork is required. Special approval required.

EDES 5200 Methodology in English Language Development (ELD) and Specially Designed Academic Instruction in English (SDAIE) for Elementary Educators
3 semester hours
Goals of this course include providing students with opportunities to acquire knowledge, skills, and abilities to deliver comprehensible instruction to English Language Learners (ELLs), ELLs with an Individualized Education Plan (IEP), Individualized Services Plan (ISP) or Section 504 plan in all elementary classroom settings. Students will learn how to implement an instructional program that facilitates English language acquisition and development, including receptive and productive language skills, and that logically progresses to the grade level reading/language arts program for English speakers. Additionally, students will acquire and demonstrate the ability to utilize assessment information to diagnose students' language abilities and develop lessons promoting students' access and achievement in relation to state-adopted academic standards. This practical course requires the classroom implementation of various activities throughout the semester. Fieldwork hours are required. Special approval required. Prerequisite: EDES 5003.

EDES 5250 Methodology in English Language Development (ELD) and Specially Designed Academic Instruction in English (SDAIE) for Secondary Educators
3 semester hours
Goals of this course include providing students with opportunities to acquire knowledge, skills, and abilities to deliver comprehensible instruction to English Language Learners (ELLs), ELLs with an Individualized Education Plan (IEP), Individualized Services Plan (ISP) or Section 504 plan in all secondary classroom settings. Students will learn how to implement an instructional program that facilitates English language acquisition and development, including receptive and productive language skills, and that logically progresses to the grade level reading/language arts program for English speakers. Additionally, students will acquire and demonstrate the ability to utilize assessment information to diagnose students' language abilities and develop lessons promoting students' access and achievement in relation to state-adopted academic standards. This practical course requires the classroom implementation of various activities throughout the semester. Fieldwork hours are required. Special approval required. Prerequisite: EDES 5003.

EDES 5251 Methods in Teaching Secondary Languages Other Than English
3 semester hours
This class will address the communicative approach to language instruction. Major themes include: proficiency-based instruction; the competency-based classroom/curriculum; critical issues in the reception and the production stages of second language acquisition; strategies to support and achieve these goals. Special approval required.

EDES 5252 Methods in Teaching Secondary Social Studies
3 semester hours
This course is designed to provide opportunities for prospective teachers to observe, develop, and practice a variety of methods to create positive learning environments, effective discipline, and traditional and alternative assessments. Emphasis is placed on strategies to include and challenge students with widely ranging linguistic and academic abilities, diverse learning styles, and varying cultural backgrounds. Methods and content are closely tied to the California State Framework for grades 6-12. A fieldwork component will be required. Special approval required.

EDES 5253 Methods in Teaching Secondary English
3 semester hours
This course addresses the concerns and needs of future English teachers. Major areas covered include developing a multicultural curriculum for all students, creating lesson plans, examining meaning, making strategies for reading, instructing the writing process, teaching grammar in context, looking at methods of authentic classroom assessment, and building classroom portfolios. Methods and content are closely tied to the California Common Core State Standards for grades 6-12. A field experience component will be required. Special approval required.

EDES 5254 Methods in Teaching Secondary Science
3 semester hours
This course prepares secondary science teaching candidates to teach science using an inquiry approach as described in the National Science Education Standards (National Research Council, 1996, 2000) by integrating the three dimensions of A Framework for K-12 Science Education: Practices, Crosscutting Concepts, and Core Ideas (National Research Council, 2012), in an effort to meet the student's performance expectations outlined in The Next Generation Science Standards (NGSS) (National Research Council, 2013). Methods for long- and short-range planning, unit plan design, and creation of authentic assessments are woven together to support teachers in creating effective learning environments for their students. A fieldwork component will be required. Special approval required. 

EDES 5255 Methods in Teaching Secondary Math
3 semester hours
This course prepares candidates to teach mathematics using a balanced approach, including computational and procedural skills, conceptual understanding, and problem solving/inquiry, outlined in the California Mathematics Framework, National Common Core State Standards (CCSS), Mathematical Practice Standards (MP), and Smarter Balanced Assessment Consortium (SBAC). Methods for long- and short-range planning, unit plan design, and creation of authentic assessments are woven in to support teachers in creating effective learning environments for their students. A fieldwork component will be required. Special approval required.

EDES 5256 Methods in Teaching Secondary Art
EDES 5300 Developmental Theories
3 semester hours
Students will critically analyze core theories regarding the historical and philosophical roots of developmental science. Students will also evaluate contemporary theories of child development. Students will connect research findings and empirical methods with theory and practice.
Special approval required.

EDES 5401 Infancy
3 semester hours
This course focuses on the first three years of life. It is designed to provide a broad overview of prenatal, infant, and toddler development. Students will advance their understanding of empirical research, application of theory, and analysis. Specifically, theoretical frameworks and contemporary research that have advanced knowledge of infant and toddler development (prenatal to 3 years of age) will be examined and analyzed. Students will be able to demonstrate knowledge of developmental milestones as they are manifested by infants and toddlers as well as be introduced to specific disorders and delays associated with early childhood development. Students will explore the environmental influences on development such as parenting, poverty, second language acquisition, disability, and policy. Field experience will be required. Special approval required.

EDES 5402 Early Childhood
3 semester hours
This course focuses on theoretical frameworks and contemporary research that have advanced knowledge of the preschool period (ages 2-8 years) will be examined and analyzed. Students will be able to demonstrate knowledge of developmental milestones exhibited by preschoolers. Students will explore the environmental influences on development such as peer relationships, early childhood education experiences, parenting, socialization, poverty, second language acquisition, disability, prejudice, and policy. Research findings and methods will be utilized to study the transition to formal education and literacy development. Field experience will be required. Special approval required.

EDES 5403 Cognition and Language
3 semester hours
Students will analyze core cognitive theories in-depth, including an understanding of how these theories developed and related historical and contemporary research findings. Students will also examine core theoretical issues related to language and demonstrate knowledge of how the components of language are learned. Students will also be introduced to specific disorders and delays associated with cognition and language and gain knowledge in the identification and treatment for children with special needs. Additionally, students will examine the development of bilingual children and the needs of second language learners in education. Special approval required.

EDES 5404 Child, Family, and Community
3 semester hours
Students will analyze and interpret current social, cultural, institutional, and psychological factors that influence parents and children including: support systems, family structures, lifestyles, communication, attachment, personality, divorce, single parenting, socioeconomic status, prejudice and discrimination, public policies, physical and mental illness/disability, maltreatment, educational settings, and the media. Core developmental theories and related research findings will be analyzed and explored as they apply to today’s world. Special approval required.

EDES 5405 Early Childhood Education Programs and Curriculum
3 semester hours
Students will examine the history of early childhood education as well as contemporary program design and philosophy. An analysis of the impact of public policy in the United States on the ECE field will demonstrate the links between government and the family. Students will gain an understanding of implementing philosophy through environmental space planning, program policies, and curriculum design. Developmentally appropriate practice will be analyzed across all groups of children including those with special needs and second language learners. Students will be able to identify multicultural and anti-bias curriculum as well as advance
their cultural competence. Field experience will be required. Special approval required.

EDES 5406 Social and Emotional Development
3 semester hours
Core theories of social and emotional development will be critically analyzed and applied in the contemporary world as well as recent research findings. Students will demonstrate knowledge in core components of social development including self-concept, identity, temperament, personality behavior, peer relationships, parent-child relationships, socialization, social competence, and environmental influences such as childcare, schools, communities, culture, and the media. Students will demonstrate knowledge in core components of emotional development including attachment, identification of feelings, emotional regulation, risk and resiliency. Field experience will be required. Special approval required.

EDES 5407 Research Methods and Early Childhood Assessment
3 semester hours
Students will gain knowledge in planning and conducting research as well as further advance their written communication skills. Students will critically evaluate published research. Students will use and apply various observation techniques such as narrative records, running records, time sampling, and event sampling to the understanding of child behavior and developmental processes. Students will demonstrate data analysis skills. Students will gain knowledge in the assessment of both typical and atypical development. Students will explore issues of professional ethics related to working with parents and teachers when special needs in children are identified and require intervention. Field experience will be required. Special approval required.

EDES 5408 Early Childhood Education Program Administration
3 semester hours
The focus of this course is to provide an overview of the knowledge and skills necessary to develop and administer an early care and education facility. Instruction will examine the management, supervision, and leadership of early childhood programs that serve children from infancy through age eight within the framework of planning, implementing, and evaluating programs of various sponsorship and purpose. Topics of special consideration will include: leadership and staff management, enrollment and public relations, program philosophy and curriculum, ethics, physical facilities, finance and budget, family and community relations, government/state licensing regulations, program evaluation and accreditation systems, environmental space planning, health and safety issues, in addition to other relevant administrative topics. Moreover, this course covers the history and goals of early childhood education, including laws governing early childhood centers and illustrating how historical and contemporary societal pressures influence early care and education programs with a focus on administrative issues. Fieldwork experience will be required. Special approval required.

EDES 5964 Leadership and Clinical Practice
2 semester hours
This course is designed to enhance the field experience of teacher practitioners/interns through reflective discussions that evolve around events in content classes and field experiences, supervised teaching, and collaboration between the candidates and university personnel. The course is customized around the early childhood interests of the candidates.

EDES 5998 Special Studies
1 TO 3 semester hours

EDES 5999 Independent Studies
1 TO 3 semester hours

EDES 6080 Advance Course 1: Special Populations, English Language Learners, Health, and Technology
3 semester hours
This course integrates the advanced study of technology with the study of teaching English Learners and Special Needs students. The course will address pedagogy and equity for all students by advancing the study of, and methods for, delivering appropriate educational services to students with exceptional needs, and the study of teaching English learners which build upon, extend, and deepen candidates’ subject matter and pedagogic knowledge based on their preliminary credential programs and the California Standards for the Teaching Profession (CSTP). Candidates will address the areas of information literacy, the digital divide, and using technology to create lifelong learners. Health and safety issues, student wellness and resiliency, as well as classroom emergency response plans, are all addressed in the coursework to help candidates maximize learning and maintain well-managed classrooms. Special approval required.

EDES 6081 Advance Course 2: Special Populations, English Language Learners, Health, and Technology
3 semester hours
This course integrates the advanced study of technology with the teaching of English Learners and Special Needs students. The course will address pedagogy and equity for all students by advancing the study of, and methods for, delivering appropriate educational services to student with exceptional needs, and the study of teaching English learners which build upon, extend, and deepen candidates’ subject matter and pedagogic knowledge based on their preliminary credential programs and the California Standards for the Teaching Profession (CSTP). Candidates will address the areas of information literacy, the digital divide, and using technology to create lifelong learners. Health and safety issues, student wellness and resiliency, as well as classroom emergency response plans, are all addressed in the coursework to help candidates maximize learning and maintain well-managed classrooms. Special approval required.

EDES 6103 Curriculum and Instructional Leadership
3 semester hours
What should students learn and experience in the classroom? Who decides the content and how it should be taught? How will we know that all students have mastered it? From antiquity to the present, human beings have clashed over these fundamental yet highly charged questions regarding the nature of curriculum. Drawing on theory and practice, past and present, this course explores answers to the above questions and looks at the direction of today’s education policies and practices, especially with regard to curriculum standards, accountability, and student assessment under No Child Left Behind. Special approval required.

EDES 6200 Elementary School Curriculum and Methods
This course focuses on instructional methods for mathematics, science, and social studies for the culturally diverse elementary classroom. Students will acquire skills in the creation of lesson plans utilizing a variety of instructional and evaluation methods, and classroom teaching. Course will include all state mandated content areas. A field experience component will be required.

Special approval required.

EDES 6202 Teaching Reading for Today's Learners
3 semester hours
This course considers linguistic, physiological, psychological, and cultural concerns which address the literacy needs of all students, including English Language Learners and students with disabilities. Course content includes evidence-based approaches to language arts/literacy instruction, assessment, differentiated instruction, Response to Intervention (RTI), literacy needs of ELLs and students with mild-moderate disabilities, as well as methods, processes, and techniques for teaching literacy skills in grades K-12. Fieldwork is required.
This course prepares candidates for the RICA.
Special approval required.

EDES 6203 Reading and Content Learning in Middle and Secondary Schools
3 semester hours
This course is designed to provide opportunities for those seeking a secondary credential to develop an understanding of the nature of reading and how it impacts content area learning. Emphasis is placed on the role of subject-matter teachers in the overall school reading program. The course provides training in a variety of instructional methodologies including strategies designed for culturally and linguistically diverse students. Fieldwork is required.
Special approval required.

EDES 6320 Methodology for Primary Language Instruction in a Bilingual Setting
3 semester hours
Consideration is given to current trends and social issues affecting bilingual programs including program characteristics, instructional approaches, and selection and use of primary language materials. Specific emphasis is placed on literacy/biliteracy in the primary language, with an integrated approach to content and instruction. Fluency and literacy in Spanish is required.
Special approval required.
Prerequisite: EDES 5003.

EDES 6330 Methodology for Chinese Language Instruction in Bilingual Settings
3 semester hours
Consideration is given to current trends and social issues affecting bilingual programs including program characteristics, instructional approaches, and selection and use of primary language materials. Specific emphasis is placed on literacy/biliteracy in the primary language, with an integrated approach to content and instruction. Fluency and literacy in Mandarin Chinese is required.
Special approval required.
Prerequisite: EDES 5003.

EDES 6345 Literacy Fieldwork
1 TO 3 semester hours
Supervised fieldwork experiences will focus on the direct application of classroom knowledge and training. Candidates will demonstrate their knowledge and skills in the area of literacy and will include reflective discussions focusing on the lessons observed.

EDES 6350 Linguistics and Reading
3 semester hours
This course provides opportunities to study teaching as a linguistic process for creating and maintaining classroom culture. The course emphasizes a holistic exploration of the influences of language interactions (examining language attitudes and practices through discourse analysis), language structure (phonology and phonetics, morphology and syntax), language assessment, and language/literacy development as foundations for first and second language and literacy acquisition.
Special approval required.

EDES 6351 Assessment in Reading Performance
3 semester hours
Principles of assessment, evaluation, and prognostic procedures in reading. Use of effective formal and informal assessments and evaluation instruments for all students. Communication of assessments results to stakeholders; alignment of assessment with instructional programs.
Special approval required.

EDES 6352 Seminar: The Reading Professional
3 semester hours
This course is designed to help students gain research skills and knowledge about literacy contexts, theories, practices, and the ways in which the social and cultural dimensions of literacy influence, and are influenced by, educational policies. Students will evaluate historical, educational, and social research to prepare for a final PowerPoint presentation.
Special approval required.

EDES 6353 Technology and Reading
3 semester hours
This course is designed to explore the impact that technology has on reading instruction. Through individual and group projects, using a variety of media, topics cover children and adolescent literature, current research, emerging trends, and practical classroom applications. Inquiry into topics such as: educational technology policies, both notationally and locally, the digital divide, gender and ethnic bias, evaluation and appropriate use of educational technologies and assistive technologies.
Special approval required.

EDES 6354 Reading Development and Instruction
3 semester hours
This graduate course considers linguistic, physiological, psychological, and cultural concerns which address the literacy needs of all learners, which include differentiated instruction, Response to Intervention (RTI), and literacy techniques for English Language Learners. Approaches, methods, processes, and techniques for teaching literacy skills in grades P-12 are discussed. This course meets the requirements for the Master's degree in Reading Instruction and is a required course for the Reading and Literacy Added Authorization.
Special approval required.

EDES 6355 Introduction to Reading Difficulties
3 semester hours
This course is a study of the detection and diagnosis of literacy difficulties of elementary, middle, and high school students. It includes an introduction and examination of methods and materials best suited for correcting reading deficiencies as well as techniques...
for promoting better reading, writing, and study habits. Special approval required. Prerequisite: EDES 6202 or EDES 6354. Corequisite: EDES 6356.

EDES 6356 Diagnosis and Intervention in Reading—Practicum I 3 semester hours
This practicum includes an in-depth study of prescriptive teaching techniques. Students learn to assess and plan intervention strategies to help develop literacy skills in children who are struggling with the reading process. Included among the techniques are: specific skill and psychological tests, screening tests of vision and hearing, as well as interpreting and writing case studies. Special approval required. Prerequisite: EDES 6202 or EDES 6354. Corequisite: EDES 6355.

EDES 6357 Diagnosis and Intervention in Reading—Practicum II 3 semester hours
This course includes methods for diagnosing and providing appropriate and innovative intervention approaches for meeting the needs of students with severe reading difficulties. Candidates will gain knowledge and experience, practice skills acquired in course work, and demonstrate competency in leadership skills. Special approval required. Prerequisite: ESES 6355 or EDES 6356.

EDES 6358 Research and Trends in Reading Education 3 semester hours
In this course, candidates will engage in a critical analysis of literacy research that examines current models of the reading process and their influence on the curriculum, as well as instructional and assessment issues in reading language arts. Emphasis will be placed on the understanding of how students from a variety of socio-cultural and linguistic backgrounds learn to read. Special approval required. Prerequisite: EDES 6355 or EDES 6356.

EDES 6359 Field Experience—The Reading Professional 3 semester hours
The purpose of the fieldwork component for the Reading Specialist Credential is two-fold. First, it provides experience in the teaching of reading in grades P-12. Second, it provides opportunities for candidates to experience a leadership position in a school and/or school district. Special approval required. Prerequisites: EDES 6357 and EDES 6358.

EDES 6950 Comprehensive Examination 0 semester hours
The Comprehensive Examination is usually taken during, or immediately following, the last semester of coursework completion. It may be written and/or oral examination. Candidates should register for the specific section required for their program. Fee required. Credit/No Credit. Special approval required.

EDES 6998 Special Studies 1 TO 3 semester hours
EDES 6999 Independent Studies 1 TO 3 semester hours

EDES 8000 Health Education 1 semester hour
This course will introduce health concepts, skills, and behaviors important for today's students to make informed choices. Candidates will be able to gather, interpret, evaluate, and use health information and topics in their future activities as teachers. The course consists of four modules: 1) overview of the California health framework and consumer and community health resources; 2) personal health with a focus on nutrition and tobacco, drugs, and alcohol use; 3) health choices that impact communicable and chronic diseases; and 4) the role of environmental health with a focus on injury prevention and safety. Fee required. Credit/No Credit grading.

Educational Leadership (EDLA)

EDLA 489 Leadership Seminar I 1 semester hour
This course is designed to develop student leaders' understanding of the basic concepts of personal and group leadership development. Participants will define an issue facing student leaders and identify a theoretical framework to address the issue. The class integrates readings, written reflection, in-class exercises, and a group project. Permission of instructor and concurrent leadership position in a student organization required.

EDLA 490 Leadership Seminar II 1 semester hour
This course develops student leaders' understanding of the basic concepts of personal and group leadership development. Participants will create an implementation plan and develop an evaluation process. The class integrates readings, written reflection, in-class exercises, and a group project. Permission of instructor and concurrent leadership position in a student organization required.

EDLA 491 Leadership Seminar III 1 semester hour
A capstone leadership experience for advanced student leaders, this class combines readings, in-class activities, and experiential involvement as a peer educator with research and creation of a comprehensive leadership portfolio. Permission of instructor and concurrent leadership position in a student organization required. Prerequisite: EDLA 489 or EDLA 490.

EDLA 498 Special Studies 1 TO 3 semester hours
EDLA 499 Independent Studies 1 TO 3 semester hours

EDLA 6105 Assessment and Research Methodology 3 semester hours
Essential descriptive statistics; basic concepts of psychological and educational assessment. Overview of individual and group tests and inventories; test construction and evaluation; alternative assessment; and comprehensive testing programs. Preparation in designing and implementing a research study and competence in reviewing and using the professional literature.
EDLA 6420 An Invitation to Lead
1 semester hour
Administration candidates will participate in opportunities to establish rapport and community among LMU faculty and their Administration Leadership cohort: Charter, Public non-Charter and Catholic. This course will detail the Administration Leadership Programs, with a focus on the candidates’ call to leadership, their school vision, their attributes as a leader, and how “residency/fieldwork experience” will bridge the gap between theory and practice. There will be strong emphasis on cultural and linguistic diversity.

EDLA 6421 Vision of Learning for Diverse Students, Families, Staff, and Community and Residency/Fieldwork Component
4 semester hours
This course focuses on educators as leaders and change facilitators. Governmental, political, financial, legal, and historical perspectives of education in the United States will be studied. Leadership theory, effective communication, effective group facilitation, community relations, will be analyzed. Methods to articulate a vision consistent with well-developed educational philosophy will be explored. Candidates will participate in residency/fieldwork experiences designed to facilitate the application of theoretical concepts in practical setting. There will be a strong emphasis on cultural and linguistic diversity, special education and the successful development of English Language Learners, and the parent-school relationship. Grade of B- or higher required.
ISLA only.

EDLA 6422 Responding to Diversity: Access, Equity, and Educational Opportunity
3 semester hours
This course provides candidates with a variety of opportunities to examine their own biases related to student diversity, explore ways in which to uncover the biases of others within the school community, and guide all stakeholders through collaborative dialog about important issues related to their own diverse school community. Administration candidates will develop a repertoire of strategies used to guide all stakeholders in defining standards that promote a culture of high expectations for all students. The course will challenge candidates to design and facilitate professional development opportunities for both parents and teachers. This course specifically addresses access, equity, and educational opportunity issues as they relate to the schooling process for historically underserved and disenfranchised students. The major themes covered in the course are: the role of schooling in a democratic society, socio-cultural perspectives of the schooling process, biculturalism and critical pedagogy, and institutional agents and supportive schools. Grade of B- or higher required.
ISLA only.

EDLA 6423 Student Learning and Professional Growth for Diverse Students, Families, Staff, and Community and Residency/Fieldwork Component
4 semester hours
This course assists candidates to understand the role that learning, leadership, leading for learning, and learning leaders play in the practice of being a reflective practitioner. Candidates will learn how to lead learning both directly and indirectly in their organization. This class provides candidates with a variety of opportunities to consider teaching the challenge of driving instruction through curriculum and professional teaching standards, observations, evaluations and interventions, accountability systems, professional development and data-driven decision making. Candidates will participate in residency/fieldwork experiences designed to facilitate the application of theoretical concepts in a practical setting. There will be a strong emphasis on cultural and linguistic diversity, special education and the successful development of English Language Learners, and the parent-school relationship. Grade of B- or higher required.
ISLA only.

EDLA 6424 Organizational Management for Student Learning
3 semester hours
A survey of strategies for creating a school culture in which children with disabilities are included, based on a variety of frames, including political, economic, and legal, to serve students, families, staff, and community. Candidates will participate in residency/fieldwork experiences designed to facilitate the application of theoretical concepts in a practical setting. There will be a strong emphasis on cultural and linguistic diversity, special education and the successful development of English Language Learners, and the parent-school relationship.

EDLA 6425 Transforming Organizations for Diverse Students, Families, Staff, and Community and Residency/Fieldwork Component
4 semester hours
Administrative candidates study how to plan, organize, implement, manage, facilitate, and evaluate the daily operations of schools. This management approach stresses systems models, needs assessment, management plans, administering contracts, technology use, management information systems, decision making processes, problem solving, decentralization, and accountability in a diverse cultural setting. Candidates will participate in residency/fieldwork experiences designed to facilitate the application of theoretical concepts in a practical setting. There will be a strong emphasis on cultural and linguistic diversity, special education and the successful development of English Language Learners, and the parent-school relationship. Grade of B- or higher required.
ISLA only.

EDLA 6426 Instructional Technology for School Leaders
2 semester hours
This graduate-level course is intended to provide candidates with the core foundational skills to lead a school with appropriate and effective instructional and administrative technologies. The dynamic nature of technology development and innovation requires strategies to ensure service populations are informed and skilled. The course will examine the theoretical educational models and how they impact instructional technology as well as technology research and decision making, planning for the future, classroom integration, assessment and analytics, professional development, communication, administrative technology, leadership, and school-wide technology adoption.
ISLA only.

EDLA 6427 Advocacy from a Legal Perspective
3 semester hours
This hands-on leadership course examines the school leaders, as advocate, as his/her comprehensive duty to ensure school/district compliance with CA Education Code and local, state, and federal mandates so to make certain success for ALL students. Important legal and ethical issues will be explored via a case study approach; enhancing the candidate’s analytical and problem-solving skills. The course will represent a microcosm of the opportunities, challenges and issues which school leaders encounter. Additional focus will be placed on compliance with special education and disability rights law, with an emphasis on cultural competency, English language
learners, and non-traditional learning environments, i.e., charter schools. Candidates will participate in residency/fieldwork experiences designed to facilitate the application of theoretical concepts in a practical setting. There will be a strong emphasis on cultural and linguistic diversity, special education and the successful development of English Language Learners, and the parent-school relationship. Grade of B- or higher required.

EDLA 6428 Business of Education
3 semester hours
This course focuses on providing education leaders with knowledge of concepts and current practices in the management of business functions in schools. Course will emphasize practical issues related to budgeting and finance, operations, and human resource development. Candidates will learn to filter business management decisions and practices through the lens of learning and achieving equity for students. Candidates will participate in residency/fieldwork experiences designed to facilitate the application of theoretical concepts in a practical setting. There will be a strong emphasis on cultural and linguistic diversity, special education and the successful development of English Language Learners, and the parent-school relationship. Grade of B- or higher required.

EDLA 6429 Specializing in Charter Schools
3 semester hours
This course will provide an overview of management for running effective charter schools. Course will emphasize the unique aspects of charters as public schools that possess a substantial amount of autonomy in exchange for high levels of public accountability. Candidates will learn how effective practices in budgeting and finance, operations, human resource development, facilities management, governance, and fundraising contribute to high levels of student achievement in charter schools.

EDLA 6430 Mission-Focused Leadership in Catholic Education
3 semester hours
This course will provide new and aspiring administrators with the historical roots of Catholic education as it relates to the mission of the Church in a contemporary context. It will further examine the practices of Religious Education and Catholic Identity that promote mature faith in adults as well as children within and beyond the Catholic school setting. This course will present an analysis of the theological, philosophical, historical, and sociological aspects of American Catholic education, with a focus on policy implications for the contemporary context of the Catholic Church. Topics to be discussed include fostering a Christian climate in the school community, principled-based leadership, catechetical leadership, the role of discipleship, lifelong faith development, and service activities that empower people to become leaders in social justice.

EDLA 6431 Organizational Leadership in Catholic Education
3 semester hours
This course is designed to give new and aspiring administrators theory and research in Catholic school leadership, management, organizations, change facilitation, and decision making within the context of the Catholic Church and its educational institutions. Candidates will be able to plan, organize, implement, manage, facilitate and evaluate the daily operation of Catholic schools in ways that achieve organizational goals and lead to the safe, productive operation of schools. This course will specifically focus upon the role and responsibilities associated with governance, strategic planning, human resource administration, school finance, accounting, public relations, marketing, development, admissions, and educational law as it pertains to Catholic schools.

EDLA 6432 Instructional Leadership in Catholic Education
3 semester hours
This course will provide the new and aspiring administrator with the necessary knowledge and skills for curriculum development, instruction, and assessment in Catholic elementary and secondary schools. Candidates will articulate a vision for student learning consistent with a well-developed Catholic school philosophy and explore ways to lead individuals and groups toward the accomplishment of common goals and objectives in a collaborative environment. This course will focus on the evaluation and use of technological resources available to the globalized learning community of the present and future.

EDLA 6710 Leadership in Higher Education I
3 semester hours
This course serves as an introduction to the Higher Education Program as well as higher education leadership. The course details the Higher Education Program with a focus on the students’ call to leadership, their vision of higher education, and their attributes as a leader. Students will be introduced to the habit of reflection and begin to learn the skills of becoming reflective practitioners who will serve as transformative leaders. Students will also be introduced to services and skills necessary for successful graduate-level academic work such as the library, academic resources, APA writing style, and graduate-level writing style. Throughout the course, students will participate in opportunities to establish rapport and community among their cohort, LMU faculty, and various external partners. Grade of B (3.0) or higher required. Admission into the Higher Education Administration Program required.

EDLA 6711 Foundations of Higher Education
3 semester hours
This course provides an overview of the history of higher education and its relationship to American society. There is interplay between academic institutions and the political and institutional structures at all levels. These relationships are analyzed in both historical and critical frameworks. Various elements of the academia will be considered such as: academic freedom, student life, equity and accessibility, etc. Students will gain an understanding of the purposes and missions of American higher education, as well as the importance of key historical issues and landmark events. Grade of B (3.0) or higher required.

EDLA 6712 Organization and Administration in Higher Education
3 semester hours
Students will be introduced to the basic organizational structures of higher education institutions, and the role of major functional areas within these institutions. This course will provide students with practical and theoretical understandings of educational organizations to examine how they are organized and governed, while also studying features of various elements in structures and processes that are essential to the functioning of a university such as culture, authority, technology, power, environment, decision loci, and strategic planning. Grade of B (3.0) or higher required.

EDLA 6713 Theories of Student Development
3 semester hours
Theories of Student Development will provide an intensive introduction to the theoretical and research literature on the American college student in order to inform practice and inquiry in higher education administration. A holistic and in-depth analysis of various student development theories (i.e., cognitive, ecological,
psychological, spiritual, post-modern, non-traditional) will be covered throughout the course. The impact of college on student development and learning will be highlighted. Grade of B (3.0) or higher required.

EDLA 6714 Leadership in Catholic Higher Education
2 semester hours
This course will provide students with an understanding of the role of faith based colleges and universities in American higher education, along with the various philosophical tenets and values that guide their educational mission. Students will also examine how these tenets and values impact the practice of leadership at Catholic and other based institutions. Grade of B (3.0) or higher required.

EDLA 6715 Community College Leadership
2 semester hours
This course will provide an overview of the historical development and role of community colleges in American higher education. Students will gain an understanding of leadership issues distinctive of community college leadership while also exploring the student experience at community colleges. Grade of B (3.0) or higher required.

EDLA 6720 Fieldwork in Higher Education
3 semester hours
This experiential course integrates the theory to practice model by providing students the opportunity to integrate course material into an actual higher education setting and situation. Students will engage in an intensive fieldwork experience in a functional area of a post-secondary institution, and receive supervision and mentoring by an on-site supervisor. In collaboration with their on-site supervisor, students will be required to identify a major need in their respective placement site and create a project/plan that will address the issue that will comprise a portion of their final comprehensive project. Throughout the semester students will also participate in a seminar to reflect and critically assess their fieldwork experience. They will also work with their peers and the seminar faculty leader on their project. Credit/No Credit grading. Prerequisites: EDLA 6710, EDLA 6711, and EDLA 6712, all with a grade of B (3.0) of higher.

EDLA 6721 Higher Education Law and Public Policy
3 semester hours
This course assists students in becoming knowledgeable about fundamentals of law that directly and indirectly influence the teaching, learning, and administrative environments of higher education institutions in both the public and private sectors. The policy issues which surround the application of law in college and university settings will also be considered. Grade of B (3.0) or higher required.

EDLA 6722 Resource Management in Higher Education
3 semester hours
This course will introduce students to issues, practices, and policies involved with the management of various resources within institutions of higher education. The course will cover areas such as: strategic planning; budget creation and management; program planning, implementation, and evaluation, etc. Students will also gain the appropriate knowledge and skills needed for hiring, supervising, and evaluating employees. The course material will prepare students to supervise a program or functional administrative area. Grade of B (3.0) or better required.

EDLA 6723 Leadership in Higher Education II
3 semester hours
This is the final course for students in the higher education leadership program providing students the opportunity to synthesize their academic coursework and field experience through critical reflection and analysis, while also instilling and providing them skills to serve as reflective practitioners. Students will explore the importance of reflecting upon higher education issues through the use of moral reasoning in the context of social justice. The course will highlight the responsibility higher education leaders have to integrate reason and values into their daily actions. A portion of this course will also provide students with interviewing skills and the refinement of their final comprehensive project. Grade of B (3.0) or higher required. Prerequisites: EDLA 6710, EDLA 6711, EDLA 6712, EDLA 6713, EDLA 6714, EDLA 6715, EDLA 6720, EDLA 6721, all with a grade of B (3.0) or higher. Corequisites: EDLA 6722 and EDLA 6995.

EDLA 6840 Spirituality and Leadership in Catholic School Teaching
3 semester hours
This course will engage students to view their role as spiritual leaders who participate in creating a culture of renewal in U.S. Catholic elementary and high schools. Throughout the course students will deepen their understanding of their vocation as Catholic school teachers, while critically reflecting and analyzing the spiritual and faith practices of their respective schools. Students will be introduced to basic foundations of Catholicism, new paradigms for religious education, and contemporary issues in the Church. They will explore the spirituality of K-12 students, ecclesiological issues flowing from Vatican II, evangelization, and social justice issues in Catholic education. PLACE only.

EDLA 6950 Advanced Research Methods
3 semester hours
An advanced research methods course focusing on: the nature of educational research, statistical methods, qualitative methods, and survey design. Special approval required. Prerequisite: EDLA 6105.

EDLA 6951 Advanced Research Design
1 semester hour
An advanced research design institute intended for students accepted into the master's thesis option. The course will focus on: framing the research question, choosing appropriate methodology, reviewing the literature, reliability and validity, and writing the master's thesis proposal. Acceptance in Master's Thesis Option required. Prerequisite: EDLA 6950.

EDLA 6995 Comprehensive Examination
0 semester hours
The Comprehensive Examination is usually taken during, or immediately following, the last semester of coursework completion. It may be a written and/or oral examination. Candidates should register for the specific section required for their program. Fee required. Credit/No Credit grading. Special approval required.
EDLA 7002 Moral and Ethical Leadership  
3 semester hours  
This course examines ethics in education, moral development theory, and leadership theory. Emphasis will be placed on the role of the individual in the development of principles and practices of just and caring leadership. Critical inquiry into the responsibility of leaders for the protection and promotion of democratic schooling and global citizenship is highlighted.

EDLA 7004 Organizational Theory and Change  
3 semester hours  
This course will focus on organizational theory and culture, systemic change, and supervision of programs and personnel. The role of the leader as an agent for transformative change, an informed implementer of technology to reduce the digital divide, and facilitator for community collaboration is examined.

EDLA 7005 Educational Change and Innovation  
3 semester hours  
This course provides an in-depth examination of educational policy making processes, through the lens of education reform movements and the political nature of these issues, utilizing a historical and ideological approach. The course will focus on the history and analysis of national, state, and local policies, processes, standards, and reform movements applied to general and special education. An additional focus of the course will be the analysis of the equity and adequacy issues governing school finance.

EDLA 7020 Situated Inquiry in Education  
3 semester hours  
This introductory course provides educational leaders with an integrated methodological approach to practitioner research through school and classroom-based research. A survey of qualitative and quantitative methods will be the basis for situated inquiry in which candidates are introduced to field-based, problem-solving research, survey research methodology, program evaluation research, and technology. Candidates will improve skills in the development of research instruments and tools for data collection.

EDLA 7021 Quantitative Research in Education  
3 semester hours  
This advanced quantitative research course focuses on a variety of quantitative research designs and statistical methods for examining data from diverse educational settings, including survey construction and implementation, correlation and prediction research, and causal-comparative design. This will cover univariate and multivariate methods utilizing desktop statistical software. Prerequisite: EDLA 6105 or equivalent.

EDLA 7022 Qualitative Research in Education  
3 semester hours  
This advanced research course focuses on a variety of qualitative research methods and designs for diverse educational settings, including ethnography, observations, interviews, and case studies. The research will be focused through the lens of social justice.

EDLA 7023 Doctoral Colloquia  
2 semester hours  
The doctoral colloquia are designed to support doctoral candidates in completing research, analyzing data, further developing leadership skills, and investigating career opportunities. Special topics will address these issues. Credit/No Credit grading.

EDLA 7024 Research Seminar  
1 TO 3 semester hours  
This seminar explores the historical, philosophical, and structural issues in public education. The seminar will include a discussion and analysis of the current issues defining and challenging public P-12 education.

EDLA 7025 Educational Administration  
3 semester hours  
Candidates examine legal frameworks of national, state, and local government and educational entities. The focus of the course will be on the political and sociological forces affecting general education programs, services for students with exceptional needs, and other categorical programs. Course topics include laws affecting education and the application of legal principles to current policies and practices.

EDLA 7026 Educational Change and Innovation  
3 semester hours  
This course examines various approaches to conceptualizing, interpreting, and making operational social justice. The course will review the historical development of the concept of social justice in an interdisciplinary manner. Particular attention will be given to: critically competing ethical and religious theories of justice; sociological factors of schools as institutions of injustice and cultures that can promote an ethos to further justice; the relationships of the ethical theory of justice of educational institutions; and the examination of pedagogy for social justice. The goal of the course is to bring together ethics, sociology of education, and concrete pedagogy.

EDLA 7027 Situated Inquiry in Education  
3 semester hours  
Candidates will improve skills in the development of research instruments and tools for data collection.

EDLA 7028 Qualitative Research in Education  
3 semester hours  
This advanced quantitative research course focuses on a variety of qualitative research designs and statistical methods for examining data from diverse educational settings, including survey construction and implementation, correlation and prediction research, and causal-comparative design. This will cover univariate and multivariate methods utilizing desktop statistical software. Prerequisite: EDLA 6105 or equivalent.

EDLA 7029 Doctoral Colloquia  
2 semester hours  
The doctoral colloquia are designed to support doctoral candidates in completing research, analyzing data, further developing leadership skills, and investigating career opportunities. Special topics will address these issues. Credit/No Credit grading.

EDLA 7031 Educational Administration  
3 semester hours  
Candidates examine legal frameworks of national, state, and local government and educational entities. The focus of the course will be on the political and sociological forces affecting general education programs, services for students with exceptional needs, and other categorical programs. Course topics include laws affecting education and the application of legal principles to current policies and practices.

EDLA 7032 Situated Inquiry in Education  
3 semester hours  
Candidates will improve skills in the development of research instruments and tools for data collection.

EDLA 7033 Qualitative Research in Education  
3 semester hours  
This advanced quantitative research course focuses on a variety of qualitative research designs and statistical methods for examining data from diverse educational settings, including survey construction and implementation, correlation and prediction research, and causal-comparative design. This will cover univariate and multivariate methods utilizing desktop statistical software. Prerequisite: EDLA 6105 or equivalent.

EDLA 7034 Doctoral Colloquia  
2 semester hours  
The doctoral colloquia are designed to support doctoral candidates in completing research, analyzing data, further developing leadership skills, and investigating career opportunities. Special topics will address these issues. Credit/No Credit grading.

EDLA 7035 Educational Administration  
3 semester hours  
Candidates examine legal frameworks of national, state, and local government and educational entities. The focus of the course will be on the political and sociological forces affecting general education programs, services for students with exceptional needs, and other categorical programs. Course topics include laws affecting education and the application of legal principles to current policies and practices.

EDLA 7036 Situated Inquiry in Education  
3 semester hours  
Candidates will improve skills in the development of research instruments and tools for data collection.

EDLA 7037 Qualitative Research in Education  
3 semester hours  
This advanced quantitative research course focuses on a variety of qualitative research designs and statistical methods for examining data from diverse educational settings, including survey construction and implementation, correlation and prediction research, and causal-comparative design. This will cover univariate and multivariate methods utilizing desktop statistical software. Prerequisite: EDLA 6105 or equivalent.

EDLA 7038 Doctoral Colloquia  
2 semester hours  
The doctoral colloquia are designed to support doctoral candidates in completing research, analyzing data, further developing leadership skills, and investigating career opportunities. Special topics will address these issues. Credit/No Credit grading.

EDLA 7039 Educational Administration  
3 semester hours  
Candidates examine legal frameworks of national, state, and local government and educational entities. The focus of the course will be on the political and sociological forces affecting general education programs, services for students with exceptional needs, and other categorical programs. Course topics include laws affecting education and the application of legal principles to current policies and practices.

EDLA 7040 Situated Inquiry in Education  
3 semester hours  
Candidates will improve skills in the development of research instruments and tools for data collection.

EDLA 7041 Qualitative Research in Education  
3 semester hours  
This advanced quantitative research course focuses on a variety of qualitative research designs and statistical methods for examining data from diverse educational settings, including survey construction and implementation, correlation and prediction research, and causal-comparative design. This will cover univariate and multivariate methods utilizing desktop statistical software. Prerequisite: EDLA 6105 or equivalent.

EDLA 7042 Doctoral Colloquia  
2 semester hours  
The doctoral colloquia are designed to support doctoral candidates in completing research, analyzing data, further developing leadership skills, and investigating career opportunities. Special topics will address these issues. Credit/No Credit grading.

EDLA 7043 Educational Administration  
3 semester hours  
Candidates examine legal frameworks of national, state, and local government and educational entities. The focus of the course will be on the political and sociological forces affecting general education programs, services for students with exceptional needs, and other categorical programs. Course topics include laws affecting education and the application of legal principles to current policies and practices.

EDLA 7044 Situated Inquiry in Education  
3 semester hours  
Candidates will improve skills in the development of research instruments and tools for data collection.

EDLA 7045 Qualitative Research in Education  
3 semester hours  
This advanced quantitative research course focuses on a variety of qualitative research designs and statistical methods for examining data from diverse educational settings, including survey construction and implementation, correlation and prediction research, and causal-comparative design. This will cover univariate and multivariate methods utilizing desktop statistical software. Prerequisite: EDLA 6105 or equivalent.

EDLA 7046 Doctoral Colloquia  
2 semester hours  
The doctoral colloquia are designed to support doctoral candidates in completing research, analyzing data, further developing leadership skills, and investigating career opportunities. Special topics will address these issues. Credit/No Credit grading.
EDLA 7060 Context and Current Topics in Private Education
3 semester hours
This seminar explores the historical, philosophical, structural, and theological issues in Catholic, private, and charter schools, as well as non-public schools serving students with exceptional needs. The seminar will include a discussion and analysis of the current issues defining and challenging Private K-12 education and the influence of Catholic social teaching in these topics.

EDLA 7940 Preliminary Review Design
1 semester hour
This course is designed to assist candidates as they engage in thoughtful consideration of an area in educational leadership for social justice that is of interest to them. The culmination of this course is the Preliminary Review. Students must successfully complete the Preliminary Review process in order to continue in the doctoral program. Credit/No Credit grading.

EDLA 7950 Dissertation Proposal Design
2 semester hours
A seminar designed to assist candidates in the development and design of the dissertation proposal. Prior to beginning the research phase of the dissertation, candidates will be required to submit a proposal to the Institutional Review Board (IRB) for approval. Institutional Review Board approval required. Credit/No Credit grading.

EDLA 7951 Dissertation Seminar I
2 semester hours
Seminar designed to support doctoral candidates in development research design, conducting literature research, and collecting data. Credit/No Credit grading.

EDLA 7952 Dissertation Seminar II
2 semester hours
Seminar designed to support doctoral candidates in completing research and analyzing data. Credit/No Credit grading.

EDLA 7953 Doctoral Seminar I
2 semester hours
Candidates will enroll in 2 semester hours each semester leading to completion and acceptance of dissertation. Credit/No Credit grading.

EDLA 7954 Doctoral Seminar II
2 semester hours
Candidates will enroll in 2 semester hours each semester until completion and acceptance of dissertation. Credit/No Credit grading.

EDLA 7955 Doctoral Seminar III
2 semester hours
Candidates will enroll in 2 semester hours each semester until completion and acceptance of dissertation. Credit/No Credit grading.

EDLA 7990 Advancement to Candidacy
0 semester hours

EDLA 7998 Special Studies
1 TO 3 semester hours

EDLA 7999 Independent Studies
1 to 3 semester hours

Educational Support Services (EDSS)

EDSS 427 Creating Effective Classrooms in Diverse Settings
3 semester hours
This course is designed to prepare candidates to be able to demonstrate knowledge and skills in managing environments for diverse learners that are safe and effective and that facilitate positive self-esteem and self-advocacy. In addition, the candidate will be prepared to demonstrate knowledge of behavioral management strategies, varying communication styles that impact learning and laws, and regulations for promoting behavior that is positive and self-regulatory.

EDSS 436 Creating Collaborative Partnerships
3 semester hours
This course is designed to prepare candidates to be able to collaborate and communicate effectively with individuals with disabilities and their parents, other family members and primary care givers, school administrators, general and special education teachers, specialists, paraprofessionals, and community agency and related service personnel. The candidate will learn how to work in partnership to be able to design, implement, and evaluate integrated services that reflect transitional stages across life span for all learners.

EDSS 440 Introduction to the Culturally and Linguistically Diverse Student with Exceptional Needs
3 semester hours
General survey of exceptionalities affecting normal child development. Causation, diagnosis, treatment, programs, and resources are included. Implications of recent legislation for the disabled will be emphasized.

EDSS 443 Informal Assessment and Individual Education Program (IEP) Development for Students with Exceptional Needs
3 semester hours
A survey of strategies for assessing and teaching FEP and LEP students in all areas of exceptionality.

EDSS 444 Observation and Participation in General and Special Education Programs
3 semester hours
Direct contact experience observing and working with FEP and LEP students in all areas of exceptionality. A minimum of 100 clock hours must be spent with three exceptionalities. Credit/No Credit grading.

EDSS 445 Special Education: Advocacy and the Law
3 semester hours
This course examines federal and California special education law with particular emphasis on the Individuals with Disabilities Education Improvement Act (IDEA 2004) and the Rehabilitation Act of 1973. The first half of the course will involve reading of material that will give a legal and practical background to the specifics of the law, its purpose, and how it is implemented by school districts. This background will serve as a foundation for the students to effectively advocate (with proper supervision) for their clients during the clinical portion of the class. The overall goal of the course is to give students insight into how to work with families and school personnel and how to ultimately avoid the pitfalls of noncompliance. The
second half of the course will be a supervised clinical experience where students will handle a special education case. This will include: interviewing potential clients, analysis of facts, and advocacy at an IEP. Depending on the facts of the case, students may also file a state complaint and prepare a case for mediation and/or for due process hearing.

EDSS 452 Psychological and Educational Assessment
3 semester hours
Basic concepts of psychological testing, measurement, and evaluation applicable to the rationale, construction, evaluation, use, and interpretation of tests, rating scales, etc.; essential statistics. Practice required. Senior class standing required.

EDSS 453 Introduction to the Study of Disability and Special Education
3 semester hours
This course introduces students to the field of disability studies and special education. The difference between the two fields are carefully examined, discussed and explored. The course introduces key components and theories underlying disability studies and foundational components of the special education system. The course explores disability through a historical, social, linguistic, cultural, economic, and political context. This course also explores how disability is portrayed in society and reviews traditional stereotypes emerging from the disability rights movement. In regards to Special Education, this course will emphasize current laws and procedures pertaining to the appropriate education for children with disabilities and review major relevant issues affecting the field of special education including inclusion, advocacy, collaborating with diverse families and educational professionals, and transition processes.

EDSS 454 Major Issues and Foundations of Special Education
2 semester hours
Candidates will receive an overview of the characteristics of diverse learners with high incidence disabilities with a view towards developing an understanding of these characteristics as they impact learning, behavior, and socialization. The course will also emphasize current laws and procedures regarding the appropriate education of these students and review major issues including Universal Design for Learning (UDL), inclusion, advocacy, assistive technology, Response to Intervention (RTI), early intervention, collaborating with diverse families and educational professionals and transition planning. Prerequisite: EDSS 440 or EDSS 453.

EDSS 455 Development of IEPs for Students with Exceptional Needs
1 semester hour
This course will provide essential information regarding the development of Individualized Education Programs (IEPs) for students with exceptional needs. Candidates will learn the general components of an IEP and how to develop student present level of performance (PLOP) and goals. Prerequisite: EDSS 440 or EDSS 453.

EDSS 475 Teaching and Assessing Students with Mild/Moderate Disabilities
3 semester hours
Principles and techniques for diagnosing learning and behavioral strengths and weaknesses in children and youth with specific learning disability, mental retardation, other health impairments, or serious emotional disturbance. Additional emphasis is placed on effective techniques and methods in working with culturally and linguistically diverse youth. Development of teaching strategies, goals, and objectives suitable for direct intervention, implementation of individual instructional programs, and evaluation of program approaches and effectiveness.

EDSS 476 Policies and Issues in Education for Diverse Learners with Disabilities
3 semester hours
Survey of current issues and trends in the psychology and education of students with learning handicaps, e.g. theoretical instructional systems, use of research findings in program implementation, counseling, career guidance, and program evaluation with emphasis on history and practices of bilingual education, including organizational models and instructional strategies.

EDSS 492 Behavior and Classroom Management Techniques for Teachers
3 semester hours
Explores current, alternative approaches to classroom discipline, management, and organization. Focuses on how teacher behavior, the learning task, and the classroom environment affect student behavior.

EDSS 498 Special Studies
3 semester hours

EDSS 499 Independent Studies
1 TO 3 semester hours

EDSS 5002 Survey of Second Language Acquisition Theories
2 semester hours
Course content includes theoretical perspectives in first and second language learning, language teaching methodologies, assessment, identification, and program placement for Limited English Proficient students with and without disabilities. Historical, political, legal, and social factors related to second language acquisition are addressed, including the history of bilingual education; federal, state, and local legislation; bilingual education models; and the role of parents and paraprofessionals in English language development.

EDSS 5300 Introduction to Teaching and Learning in General and Special Education
2 semester hours
This course will provide initial instruction in the essential themes, concepts, and skills related to the duties of a special educator before the candidate assumes intern/teaching responsibilities. Admission to program required.

EDSS 5301 Managing Learning Environments
2 semester hours
This course is designed to prepare candidates to be able to demonstrate knowledge and skills in managing environments for diverse learners that are safe and effective for students. Admission to program required.

EDSS 5998 Special Studies
3 semester hours

EDSS 5999 Independent Studies
1 TO 3 semester hours

EDSS 6001 Teaching Culturally/Linguistically Diverse Students with Exceptional Needs
An overview of the problems confronting educators of students with exceptional needs with a view to developing an understanding of the psychological and educational implications for instruction and program planning. An overview of major exceptionality and implications of recent legislation for the disabled (“mainstreaming”) will be emphasized. This course meets the requirements for the 2042 credential.

**EDSS 6101 Psychology and Education of Culturally/Linguistically Diverse Students with Exceptional Students**

**3 semester hours**

An overview of the problems confronting educators of students with exceptional needs, with a view to developing an understanding of the psychological and educational implications for instruction and program planning. An overview of major exceptionality and implications of recent legislation for the disabled (“mainstreaming”) will be emphasized.

**EDSS 6104 Leadership for Instruction, Learning, and Achievement**

**3 semester hours**

Designed for school management and institutional trainers to afford understanding of individualization of instruction, evaluation and assessment of instructional practices, skill in design and implementation of instructional sequences, and elements of effective instruction for all students.

**EDSS 6106 Human Development and Learning**

**3 semester hours**

The study of major psychological theories and their application to the understanding of human behavior and the processes of learning. Appraisal of human biological, psychological, and social development from infancy through adolescence. Emphasis is placed on the impact of culture and diversity on child and adolescent development.

**EDSS 6251 Secondary School Curriculum and Methods for Math and Science**

**3 semester hours**

Objectives, methods, materials, and problems involved in teaching math and science in the secondary schools. Explores methods of long and short range planning, course overviews, unit plans and lesson planning. Presents alternative strategies of instruction and methods of diagnosing needs and evaluating learning. Current approaches to classroom discipline, management, and organization are studied.

**EDSS 6300 Creating Effective Classrooms**

**3 semester hours**

This course is designed to prepare candidates to be able to demonstrate knowledge and skills in managing environments for diverse learners that are safe and effective and that facilitate positive self-esteem and self-advocacy. In addition, the candidate will be prepared to demonstrate knowledge of behavior management strategies, varying communication styles that impact learning and laws and regulations for promoting behavior that is positive and self-regulatory.

**EDSS 6301 Creating Collaborative Partnerships**

**3 semester hours**

This course is designed to prepare candidates to be able to collaborate and communicate effectively with individuals with disabilities and their parents, other family members, and primary care givers, school administrators, general and special education teachers, specialists, paraprofessionals, and community agency and related service personnel. The candidate will learn how to work in partnership to be able to design, implement, and evaluate integrated services that reflect transitional stages across life span for all learners.

**EDSS 6302 Assessment of Students with Exceptional Needs**

**3 semester hours**

This course surveys a variety of evidence-based strategies for assessing Fluent English Proficient (FEP) and English Language Learner (ELL) students with mild/moderate disabilities. Course content includes principles and techniques for assessing learning, developing appropriate IEP goals and instructional recommendations based on individual needs. Both formal and informal methods of assessment are reviewed, including Curriculum Based Assessment. Includes lecture and practicum.

**EDSS 6303 Teaching and Assessing Students with Mild/Moderate Disabilities**

**3 semester hours**

Principles and techniques for diagnosing learning and behavioral strengths and weaknesses in children and youth with learning disability, mental retardation, other health impairments or serious disturbance. Additional emphasis is placed on effective techniques and methods in working with culturally and linguistically diverse youth, development of teaching strategies, goals, and objectives suitable for direct intervention, implementation of individual instructional programs, and evaluation of program approaches and effectiveness.

**EDSS 6304 Policies and Issues in Education for Diverse Learners with Disabilities**

**3 semester hours**

Survey of current issues and trends in the psychology and education of students with learning handicaps, e.g. "mainstreaming" theoretical instructional systems, use of research findings in programs implementation, counseling, career guidance, and program evaluation, with emphasis on history and practices of bilingual education including organizational models and instructional strategies.

**EDSS 6310 Professional Induction Planning Seminar**

**0 semester hours**

Candidates for the Professional Level II Education Specialist credential are required to take this course at the beginning of their Level II program. During this individualized seminar, the candidate develops a Professional Induction Plan with an assigned district support provider and a college advisor. Special approval required.

**EDSS 6311 Advanced Issues in Assessment and Instruction of Students with Special Needs**

**3 semester hours**

In this advanced course, candidates acquire knowledge and skills to appropriately assess and instruct students with Mild/Moderate disabilities. Course content includes selecting and administering a variety of formal and informal assessment procedures in order to be able to teach, adapt and integrate curriculum appropriate to the educational needs of students. Special approval required.

**EDSS 6312 Consultation and Collaboration for Students with Special Needs**
This graduate course is designed to develop an understanding of Single Subject Classrooms. EDSS 6319 Literacy Instruction for Special Needs Students in students with emotional disturbance, this course focuses on characteristics and learning needs of addition, this course focuses on characteristics and learning needs of for promoting behavior that is positive and self-esteem, and communication styles that impact learning, and laws and regulations knowledge of behavior analysis and management, and positive learning environments. Collaborative work with other professionals and community agencies is emphasized in the development of comprehensive support programs for these students. Special approval required.

EDSS 6313 Supportive Environments for Students with Behavioral and Emotional Needs
3 semester hours
In this advanced course, candidates develop systems for academic and social skills instruction for students with complex behavioral and emotional needs including attention disorders, depression and suicidal behavior, psychotic behavior anxiety and related disorders, and delinquency of substance abuse. Course content includes advanced study of behavioral supports, social skills instruction, crisis management, and positive learning environments. Collaborative work with other professionals and community agencies is emphasized in the development of comprehensive support programs for these students.

EDSS 6314 Professional Educator Evaluation Seminar
1 semester hour
This seminar is the culminating experience for the Professional Education Specialist credential program. Students reevaluate their professional competency to assess and teach culturally diverse students with learning and behavior problems. They compile a Professional Educator Portfolio, which includes artifacts documenting their professional competence and a plan for their continuing professional growth. The district support provider and the college advisor continue to support the student in this process.

EDSS 6317 Research and Leadership in Special Education
2 semester hours
This seminar-style course will assist candidates to further develop and implement research skills in Special Education. Candidates will review seminal and current research. The course will also review research related to implementing change and effective practices for diverse populations with disabilities in the schools. This course will require active online and in-class assignments, discussions and participated. The course is designed to be directed by candidate's work in the schools with students, colleagues and families.

EDSS 6318 Supporting Behavior and Social Skills for Students with Exceptional Needs
3 semester hours
This course is designed to prepare candidates to demonstrate knowledge and skills in managing environments for diverse learners that are safe and effective and that facilitate positive self-esteem and self-advocacy. The candidates will be prepared to demonstrate knowledge of behavior analysis and management strategies, varying communication styles that impact learning, and laws and regulations for promoting behavior that is positive and self-regulatory. In addition, this course focuses on characteristic and learning needs of students with emotional disturbance and autism.

EDSS 6319 Literacy Instruction for Special Needs Students in Single Subject Classrooms
3 semester hours
This graduate course is designed to develop and understanding of the nature of literacy and how it impacts the content area literacy needs of all students, including English Language Learners and students with disabilities. Course content includes evidence-based approaches to language arts/literacy instruction, assessment, differentiated instruction, Response to Intervention (RTI), literacy needs of ELLs and students with disabilities, as well as methods, processes, and techniques for teaching content area literacy skills in grades 6-12.

EDSS 6320 Development of IEPs for Students with Exceptional Needs
1 semester hour
This training course is designed to provide candidates with essential information regarding the development of Individualized Education Programs for students with disabilities. Candidates will learn the general components of an IEP, and how to develop current student functioning levels and goals.

EDSS 6325 Foundation of Special Education
2 semester hours
This course will provide an overview of the characteristics of diverse students with high incidence disabilities with a view towards developing an understanding of the psychological and educational implications of these exceptionalities. This course will also emphasize current laws and procedures regarding the appropriate education of these students and review major relevant issues affecting the field of special education including Universal Design for Learning, inclusion, advocacy, assistive technology, Response to Intervention/early intervention, collaborating with diverse families and educational professionals and transition planning. Fieldwork required.

EDSS 6362 Counseling Theories and Techniques
3 semester hours
A survey of major theoretical orientations to the practice of counseling. An overview of basic counseling skills with particular emphasis on communication skills applicable to the counseling relationship. Candidates are introduced to experiences that will give them a greater understanding of self and others. Required prior to formal admission to the Counseling program.

EDSS 6365 Research Methodology and Statistics
3 semester hours
An introduction to data gathering methods and models of assessment statistics to guide program direction and evidence-based educational decision making. Overview of different types of tests and inventories, their construction and evaluation. Candidates will also learn how to design and collect different types of data to determine the impact of their counseling interventions. Preparation in explaining educational assessment data and results data to different stakeholders. Basic descriptive statistics, research designs and methods will also be examined to develop skill in a critical approach to examining the research literature in counseling as well as the importance of conducting counseling research.

EDSS 6366 Principles, Organization, and Administration of Pupil Personnel and Human Services
3 semester hours
This course emphasizes contemporary trends in school counseling, including application of the ASCA National Model. The role of the school counselor as a leader and change agent and best practices will be examined. Information pertaining to the practice of school counseling and guidelines for the development, implementation, coordination, and evaluation of pupil personnel services in elementary, middle, and high school will be provided. Facilitating
collaborative partnerships with school-based personnel and community resources, including referral processes for students and families, will be addressed. Field assignment required.

**EDSS 6368 Career Counseling and Educational Planning**  
*3 semester hours*  
An overview of career development theories as they relate to the whole person will be examined, including effectively addressing the needs of specific populations (e.g., women, ethnic minorities, students with special needs, and economically disadvantaged students). Assessment and counseling techniques and related tools to be used within career counseling and educational planning will be explored. This course will also emphasize contemporary trends in educational and career guidance applied to educational and career planning within the K-12 and higher education settings. Field assignment and lab fee required.

**EDSS 6372 Consultation and Collaboration in Schools**  
*3 semester hours*  
This course is designed to support learning and application of knowledge and skill in collaborative consultation with school personnel and families on academic, social, and behavioral factors that impact student achievement and related outcomes. Candidates will also learn and apply concepts related to systemic consultation, with an emphasis on prevention and early intervention. The counselor's leadership role in identifying, organizing, and developing prevention and intervention services is emphasized. Field assignment required.

**EDSS 6376 Crisis Counseling, Prevention, and Intervention**  
*3 semester hours*  
This graduate level course is designed to support learning and application of knowledge and skill in 1) counseling; 2) prevention and early intervention in events such as violence, suicide, pregnancy, and others that may lead to individual crises; 3) quality indicators of school and community-based crisis teams. Prerequisite: EDSS 6362.

**EDSS 6377 Multicultural Counseling**  
*3 semester hours*  
Students examine the spectrum of beliefs, values, and behaviors that comprise cultural diversity and on developing strategies that facilitate the counseling process. Prerequisites: EDSS 6362 and EDSS 6391.

**EDSS 6378 Group Counseling**  
*3 semester hours*  
Theories, techniques, and development of human communication processes, both verbal and non-verbal, in group situations. Experience in group participation is provided. Use of communication skills applicable to counseling. Credit/No Credit grading. Prerequisites: EDSS 6362 and EDSS 6391.

**EDSS 6379 Social, Emotional, and Behavioral Functioning**  
*3 semester hours*  
Candidates will become familiar with the spectrum of emotional and behavioral disorders and symptomatology. In this course candidates will learn both DSM-IV-TR diagnostic criteria and educational code criteria that apply to emotional and behavioral problems. Other areas covered in this course include: promoting health and wellness and evidence-based treatments. Prerequisites: EDSS 6362 and EDSS 6390.

**EDSS 6382 Ethical and Legal Issues**  
*3 semester hours*  
This course examines ethics, laws, regulations, and best practices for pupil personnel counseling professionals. Critical issues relevant to child abuse and partner abuse will be addressed. Procedures for resolving ethical and legal dilemmas will be emphasized.

**EDSS 6384 Practicum in School Psychology**  
*3 semester hours*  
On-site supervised field work experiences and on-campus demonstrations, practicum and seminars designed to develop the student's competence in performance of School Psychologist functions and working knowledge and beginning competencies of the School Psychologist. Experiences focus upon the direct application of classroom knowledge and training. Enrollment limited to students accepted and enrolled in the School Psychology Credential Program. (Application for fingerprint clearance must be submitted at least two semesters prior to enrolling in this course). Credit/No Credit grading. Special approval required.

**EDSS 6386 Practicum in Culturally Responsive Counseling**  
*3 semester hours*  
Through the use of videotaped sessions with volunteer clients, advanced candidates under the supervision of licensed professionals observe and critique their counseling skills with individuals and groups. This class involves peer evaluation and discussion. Cross-cultural counseling experiences are emphasized. Credit/No Credit grading. Special approval required.

**EDSS 6390 Lifespan Development**  
*3 semester hours*  
The study of major psychological theories and their application to the understanding of human behavior. Appraisal of human biological, psychological, and social lifespan development from infancy through death. Emphasis is placed on the impact of culture and diversity on lifespan development.

**EDSS 6391 Foundations of Counseling**  
*3 semester hours*  
The objectives of this course are for master's students in counseling to gain core foundational knowledge of the counseling field and facilitate the development of a professional counselor identity. The core foundations include the history of counseling, multicultural issues, career and vocational counseling, counseling, process and outcome, ethics, prevention, health promotion, and social justice. In addition, a review of the practice of counseling and program specializations will be offered.

**EDSS 6392 Psychopharmacology**  
*3 semester hours*  
The primary objective of this course is to offer a survey of psychopharmacology for the professional counselor. Biological and psychological effects of psychotropic medications will be discussed along with indications and contraindications for psychopharmacological interventions and the relative efficacy of psychopharmacology treatments in comparison to counseling and psychotherapeutic interventions will be addressed.

**EDSS 6393 Assessment, Appraisal, and Diagnosis**  
*3 semester hours*  
The objectives of this course include developing a broad understanding of assessment issues and procedures. These issues and procedures include 1) the history of assessment, 2) legal and ethical issues, 3) cultural diversity, 4) the scientist/practitioner...
EDSS 6394 Helping Skills
3 semester hours
The objectives of this course are for graduate students in counseling and education to 1) develop proficiency in beginning counseling skills, 2) prepare for counseling fieldwork experiences, and 3) begin to develop an understanding of the counselor's role in facilitating or inhibiting client change. Multicultural experiences are emphasized. Prerequisite: EDSS 6362.

EDSS 6395 Addictions Counseling: Foundations for Wellness
3 semester hours
This graduate course is intended to provide graduate Counseling students with core foundational knowledge of addictions counseling including substance abuse, co-occurring disorders, and addiction (e.g., gambling, sex, food, pornography). Major approaches to identification, evaluation, treatment, and prevention of substance abuse and addiction will be explored. Topical consideration will also be given to legal and medical aspects of substance use and addictions, populations at risk, the role of support persons, support systems, and community resources. Addictions and addictions counseling within the contexts of culture, race, ethnicity, gender, and social class will be examined. Prerequisites: EDSS 6362 and EDSS 6391.

EDSS 6396 Human Sexuality
3 semester hours
This graduate level course explores historical and contemporary theories and best practices relative to sexuality across the lifespan. The biological, physiological, psychological, and sociocultural factors that influence human sexual responses will be addressed, advanced counseling and psychotherapeutic techniques relative to assessment and treatment will be introduced, and the contemporary socio-political environment relative to certain populations (e.g., LGBTQ, physically challenged, etc.) and the media (e.g., visual, auditory, and written) that frame the expression of sexuality will be discussed. Prerequisites: EDSS 6362 and EDSS 6391.

EDSS 6397 Trauma Counseling: Theories and Interventions
3 semester hours
This graduate level course is intended to provide graduate Counseling students with core foundational knowledge of and best practices relative to responding to traumas, catastrophes, and disasters. Specific foci will target theories and models for understanding intrapersonal, interpersonal, and community responses to natural and man-made disasters, war, and genocide. Violence in the community, in the workplace, and in schools will be addressed as will violence across the lifespan, within the context of multiculturalism, and within the context of national and international parameters. The trauma of loss and vulnerability will also be explored. Finally, ways of managing challenges, concerns, and issues relative to counselor self-care, first responders, and ethical practices will be discussed. Prerequisites: EDSS 6362 and EDSS 6391.

EDSS 6400 Community Psychology: Theories and Practice
3 semester hours
This graduate level course provides an overview of community psychology theoretical models. Candidates will be exposed to evidence-based approaches to prevention and promotion of social-emotional competencies and resilience across the lifespan within a variety of contexts. This course will offer a community-based learning opportunity emphasizing social justice and health promotion, particularly in underprivileged and/or underserved populations. Prerequisites: EDSS 6362 and EDSS 6391.

EDSS 6500 Foundations of Ethical, Professional, and Legal Practice in School Psychology
3 semester hours
This course provides a comprehensive study of the field of School Psychology. Content includes historical antecedents and contemporary educational, legal, and system issues which frame the multiple roles, service models, and methods of the practice of school psychologists. State and national standards that govern the training of school psychologists are highlighted. Field assignments required. School Psychology Program only.

EDSS 6502 Determinants of Child and Adolescent Learning and Development
3 semester hours
This course introduces candidates to knowledge base regarding major contributors to student learning and development. Educational context and social influences on behaviors are reviewed. Advanced analysis and application of major psychological theories and biological basis will help candidates understand typical and atypical child and adolescent development. Evidence-based individual, school, family, and community interventions are explored.

EDSS 6504 Statistics, Research Methods, and Program Evaluation
3 semester hours
This graduate level course emphasizes the development of knowledge and skills with regard to interpreting and applying essential descriptive statistics, research methodologies, and basic concepts of psychological and education assessment. The course content consists of an overview of individual and group tests and inventories; test construction and evaluation; alternative assessment; progress monitoring; program evaluation; and comprehensive testing programs. School Psychology Program only.

EDSS 6506 Seminar in Counseling and Interpersonal Relations
2 semester hours
This course provides an overview of major counseling theories, and provides candidates with basic counseling skills with general and special education students. Candidates will learn general and specific techniques appropriate for use in school settings. Issues related to interpersonal relationships, culturally competent counseling, law and ethics, and evaluation of counseling effectiveness will be addressed.

EDSS 6508 Student Diversity and Exceptionality
3 semester hours
This course provides an overview of the characteristics of student diversity and exceptionality, including but not limited to individual differences, ability/disability, race, culture, language, socioeconomic status, and gender and the impact on educational access. Candidates learn about the importance of culturally competent practice, with an emphasis on strength-based approaches, evidence-based educational/intervention strategies, and collaboration with diverse families. Field assignments required.

EDSS 6510 Seminar in Instruction and Learning
EDSS 6512 Group Counseling and Intervention with Children and Adolescents
3 semester hours
This course focuses on the application of group counseling theories to support positive mental health development in children and adolescents. Topics include different types of group counseling, including psychoeducational and social skills groups in the school setting. Issues related to culturally competent group counseling and law and ethics will be addressed. Field assignments required.

EDSS 6513 Advanced Counseling Seminar I
2 semester hours
This course is the first of a two-semester didactic and counseling supervision experience for school psychology candidates completing their second year practicum. Candidates will learn more in-depth techniques to provide mental health interventions and support the development of social and life skills for children and adolescents, including cognitive behavioral therapy, social emotional learning, and solution-focused counseling. Emphasis will be placed on collaborating with families and developing interventions at the individual, small group, classroom, and school levels to promote positive mental health. Methods of evaluating impact and outcomes will be addressed. Field assignments required.

School Psychology Program only.

EDSS 6514 Family, School, and Community Collaboration
3 semester hours
This course emphasizes the principles and research related to collaborating effectively with diverse families and community partners to positively impact student learning, health, and mental health. Using experiential and ethnographic approaches, candidates learn historical and contemporary perspectives on family systems, strengths, needs, and culture. Candidates also learn evidence-based strategies to design, implement, and evaluate culturally-responsive services to promote family-school-community partnerships. Themes covered may include: inequality in educational policies and practices, overrepresentation of minorities in special education, assessment/intervention bias, immigration and second language learners, and working with non-majority culture and SES groups. Field assignments required.

EDSS 6515 Advanced Counseling Seminar II
2 semester hours
This course is the second of a two-semester didactic and counseling supervision experience for school psychology candidates completing their second year practicum. Candidates learn more in depth techniques provide mental health interventions and support the development of social and life skills for children and adolescents, including cognitive behavioral therapy, social emotional learning, and solution-focused counseling. Emphasis is placed on collaborating with families and developing interventions at the individual, small group, classroom, and school levels to promote positive mental health. Methods of evaluating impact and outcomes are addressed. Field assignments required.

School Psychology Program only.

EDSS 6516 Seminar in Motivation and Achievement
2 semester hours
This course focuses on psychological theories, concepts, and research related to developing intervention to improve student outcomes, individually and school-wide. Special emphasis is placed on motivational theories and application, school engagement, family influences, and socio-cultural factors on learning.

EDSS 6518 Assessment and Intervention for Cognitive and Learning Problems I
3 semester hours
This is the first of a two-semester course focusing on psychoeducational assessment, intervention, and data-based decision making. Content includes psychological theory and psychometrics as related to achievement, motivation, school climate, family influences, retention, assessment of learning environments, and socio-cultural impact on learning. Legal and ethical issues related to testing culturally and linguistically diverse students are emphasized, along with proper administration, scoring, interpretation of results, and integration of data from multiple sources. (Course fee required.)

EDSS 6520 Prevention, Intervention, and Consultation
3 semester hours
This course provides knowledge and application related to effective decision making and problem solving for school psychologists through consultation and collaboration. Content includes the study of methods of collaborative consultation and communication with individuals, families, groups, and systems. Field assignments required.

EDSS 6522 Assessment and Intervention for Cognitive and Learning Problems II
3 semester hours
This is the second of a two-semester course focusing on psychoeducational assessment, intervention, and data-based decision making. Content includes psychological theory and psychometrics as related to achievement, motivation, school climate, family influences, retention, assessment of learning environments, and socio-cultural impact on learning. Legal and ethical issues related to testing culturally and linguistically diverse students are emphasized, along with proper administration, scoring, interpretation of results, and integration of data from multiple sources. (Course fee required.)

EDSS 6524 Practicum in School Psychology I
2 semester hours
This course is the first of a full year (two-semester) field experience with concurrent University seminar for second-year candidates in the School Psychology program. Candidates gain knowledge and experience, practice skills acquired in course work, and demonstrate beginning competency in a wide range of skills and services typically performed by a school psychologist.

School Psychology Program only.

EDSS 6525 Practicum in School Psychology II
2 semester hours
This course is the second of a full year (two-semester) field experience with concurrent University seminar for second-year candidates in the School Psychology program. Candidates continue to gain knowledge and experience, practice skills acquired in course work, and demonstrate more advanced competency in a wide range of skills and services typically performed by a school psychologist, in preparation for internship the following year.

School Psychology Program only.
EDSS 6526 Social Responsibility, Violence Prevention, and Crisis Intervention in Schools  
3 semester hours  
This course focuses on preventive and responsive services to promote resilience and reduce risk in student populations. Candidates learn about the development, implementation, and evaluation of systemic and individual strategies to address issues such as violence, pregnancy, bullying, and suicide. Candidates also learn about best practices in school-based crisis teams, including prevention, preparation, response, and recovery. The importance of collaborating with families and community agencies to ensure safe and violence-free schools is highlighted.

EDSS 6528 Social, Emotional, and Behavioral Assessment  
3 semester hours  
This course teaches candidates to administer and interpret assessments of students' social and emotional functioning in school. Students use assessment results, in conjunction with other data sources to write comprehensive psychoeducational reports with concise conceptualization of how a student's social and emotional issues impact his/her school functioning. (Course fee required.)

EDSS 6530 Treatment of Emotional and Behavioral Disorders in Children and Adolescents  
3 semester hours  
This course focuses on biological, cultural, developmental, and social influences on emotional and behavioral disorders common in children and adolescents, including autism, ADHD, conduct disorder, mood disorders, eating disorders, substance abuse, and emotional disturbance. Evidence-based academic and mental health interventions are addressed, and contemporary related issues impacting student development are highlighted, such as psychopharmacology, obesity, online/gaming addiction, cyberbullying, and sexuality/gender identity. Field assignments required.

EDSS 6532 Seminar in School Systems and Psychological Services  
3 semester hours  
This course emphasizes the breadth of school psychology roles, functions, and settings of practice, in preparation for internship. Candidates expand their knowledge of school systems, including general education, special education, and other educational and allied services. Principles and research related to organizational development and systems theory within school settings are included, with a key focus on school-wide, empirically-supported practices and interventions that enhance learning and social-emotional development and promote safe, supportive, and effective learning environments.

EDSS 6534 Advanced Assessment and Positive Behavioral Intervention  
3 semester hours  
This course focuses on understanding, assessing, and developing effective interventions to support student behavior at the individual, classroom, and school-wide levels. Candidates learn to conduct Functional Behavioral Assessments, focusing on antecedents, consequences, and functions of behaviors that impede learning and socialization, and they use the data collected to develop and evaluate positive behavior support plans. Candidates also learn about classroom management appropriate to students' developmental level and effective classroom and school-wide programming to promote pro-social behaviors and increase school engagement. Field assignments required.

EDSS 6536 Special Issues and Best Practices in School Psychological Services  
3 semester hours  
This course reviews advanced issues and practices in the delivery of psychological services in school settings. Content includes serving students with low-incidence disabilities, the use of assistive technology, and assessment and intervention with culturally and linguistically diverse students. As part of this course, a leadership module provides candidates with knowledge about leadership in order to effect change in their practice. Field assignments required.

EDSS 6538 Supervised Internship in School Psychology I  
3 semester hours  
This seminar is the final level of supervision for school psychology interns. Under the supervision of both field-based and university-based psychologists, candidates refine their practice and delivery of psychoeducational services in the school setting with the P-12 student population. School Psychology Program only.

EDSS 6540 Supervised Internship in School Psychology II  
3 semester hours  
This seminar is a continuation from previous semester designed to support school psychology interns. Support in preparation for graduation and entry into the profession of school psychology is emphasized. School Psychology Program only.

EDSS 6600 Evidence-Based Assessment Practices to Promote Student Learning  
3 semester hours  
This course will focus on evidence-based assessment practices of students with exceptional needs. It will build candidate competency in determining student progress towards content standards; use of instructional strategies and techniques to support learning; and how to use, interpret, understand, and communicate informal/formal assessment results. Special Education Program only.

EDSS 6601 Language and Literacy in Culturally and Linguistically Diverse K-8 Environments  
3 semester hours  
This course will address critical areas of instructional decision making while focusing on evidence-based language and literacy instruction that builds upon the cultural and linguistic backgrounds of students with learner variability in K-8 environments. Special Education Program only.

EDSS 6602 Language and Literacy in Culturally and Linguistically Secondary Settings  
3 semester hours  
This course will address critical areas of instructional decision making while focusing on evidence-based language and literacy instruction that builds upon the cultural and linguistic backgrounds of students with learner variability in secondary school environments.

EDSS 6603 Creating and Maintaining Effective Environments in Support of Student Learning  
3 semester hours  
This course is designed to prepare candidates to be able to demonstrate knowledge and skills in creating and maintaining environments for diverse learners that are safe and effective and that also facilitate positive self-esteem and self-advocacy and maximize instructional time. In addition, the candidate will be prepared to demonstrate knowledge of behavior analysis and...
management strategies, varying communication styles that impact learning, and laws and regulations for promoting behavior that is positive and self-regulatory. Special Education Program only.

EDSS 6604 Elementary Instructional Design/Methods (Math, STEM, Social Studies)
3 semester hours
This course is designed to provide a foundation for candidates to effectively plan, implement, and evaluate instructional programs in Math, STEM, and Social Studies that are informed by CA K-12 content standards and frameworks, with focus on assessment and ELD/SDAIE strategies in elementary settings that are responsive to the needs of diverse populations and environments. Special Education Program only.

EDSS 6605 Secondary Instructional Design/Methods (Math, STEM, Social Studies)
3 semester hours
This course is designed to provide a foundation for candidates to effectively plan, implement, and evaluate instructional programs in Math, STEM, and Social Studies that are informed by CA K-12 content standards and frameworks, with focus on assessment and ELD/SDAIE strategies in secondary settings that are responsive to the needs of diverse populations and environments. Special Education Program only.

EDSS 6606 Developing Collaborative Partnerships for Inclusive Schooling
3 semester hours
This course is designed to prepare candidates to be able to collaborate and communicate effectively with individuals with disabilities and their parents, other family members and primary care givers, school administrators, general and special education teachers, specialists, paraprofessionals, and community agency and related service personnel to promote partnerships and inclusive practices, including co-planning/co-teaching with general educators. The candidate will learn how to work in partnership and be able to design, implement, and evaluate integrated services that reflect transitional stages across life span for all learners. Special Education Program only.

EDSS 6607 Developing as a Professional Educator
2 semester hours
This course is designed to provide critical content related to professional, legal, and ethical obligations as an educator of students with exceptionalities. Candidates will use reflection and feedback to formulate and prioritize goals for increasing their subject matter knowledge and teaching effectiveness. They develop appropriate plans for professional growth in subject matter knowledge and pedagogy. This course will be offered online. Special Education Program only.

EDSS 6608 Research Methods in Special Education
3 semester hours
This course will provide candidates with knowledge and skills in the interpretation and application of evidence-based practices and research methodology in special education. Topics include methods for conducting survey research, experimental and quasi-experimental research, and qualitative research. Emphasizes analyses of specific issues in special education. Special Education Program only.

EDSS 6609 Advanced Inclusionary Practices for Students with High Incidence Disabilities
3 semester hours
This course will examine advanced evidence-based strategies for accommodating and adapting instruction for exceptional learners with high incidence disabilities who may be culturally and/or linguistically diverse. Special Education Program only.

EDSS 6610 Special Topics in Special Education
3 semester hours
This course will explore current issues related to characteristics, educational methods, and curricula, and questions, problems, concerns, and movements connected to the education of children and youth with learning disabilities, emotional/behavioral disorders, and autism spectrum disorders. Special Education Program only.

EDSS 6611 Master's Professional Project
3 semester hours
This course supports an applied research project resulting in a paper that involves original collection or treatment of data and/or results. The Professional Project involves original research and exemplifies a contribution to scholarship. The final Professional Project is a paper of scholarly quality and should address a current area of inquiry. Special Education Program only.

EDSS 6612 Master's Thesis
3 semester hours
This course supports an original research project resulting in a substantive paper that involves original collection or treatment of data and/or results. The Thesis involves original research and exemplifies an original contribution to scholarship. The final MA Thesis is a paper of scholarly quality and should address a current area of inquiry related to the field. The Thesis is optional for program completion, and in addition to, the MA Professional Project. It is designed for candidates who are interested in pursuing advanced training and/or doctoral level programs. Special Education Program only.

EDSS 6820 Education of Students with Exceptional Needs in Catholic Schools
3 semester hours
An overview of the problems confronting educators in Catholic schools regarding students with exceptional needs, with a view to developing an understanding of the educational implications for instruction and program planning. An overview of major exceptionalities and implications of recent legislation will be emphasized.

EDSS 6821 Informal Assessment and Program Development in Catholic Schools
3 semester hours
A survey of strategies for assessing and teaching students with exceptional needs in Catholic schools. Course content includes principles and techniques for assessing learning and behavioral patterns, development of individual learning programs, development and implementation of instructional strategies based on individual needs, and designing and using pupil performance criteria to evaluate pupil learning and behavior. Includes lecture and practicum.

EDSS 6822 Creating Successful Inclusion Programs
3 semester hours
This course will stimulate discussion and decision making about the mission of individual Catholic schools in providing an appropriate
EDSS 6823 Advanced Practicum in Catholic Inclusive Education
3 semester hours
This course is a practicum during which candidates will support staff at practicum sites in the identification, assessment, and intervention of learning differences. Candidates must participate as case managers and engage in trainings for assessment and intervention instruments.

EDSS 6940 Fieldwork in Mental Health Counseling I
3 semester hours
Work in this area will be developed around supervised on-site fieldwork experiences and seminar sessions on campus. Supervised fieldwork experiences will focus upon the direct application of classroom knowledge and training. Enrollment limited to advanced candidates. An application for fingerprint clearance must be submitted at least two semesters prior to enrolling in this course and a minimum of nine courses in the counseling sequence completed. Credit/No Credit grading. Special approval required.

EDSS 6942 Fieldwork in Multicultural and Social Justice Counseling I
3 semester hours
Work in this area will be developed around supervised on-site fieldwork experiences and seminar sessions on campus. Supervised fieldwork experiences will focus upon the direct application of classroom knowledge and training. Enrollment limited to advanced candidates. An application for fingerprint clearance must be submitted at least two semesters prior to enrolling in this course and a minimum of nine courses in the counseling sequence completed. Credit/No Credit grading. Special approval required.

EDSS 6943 Fieldwork in Doctoral Preparatory Counseling I
3 semester hours
Work in this area will be developed around supervised on-site fieldwork experiences and seminar sessions on campus. Supervised fieldwork experiences will focus upon the direct application of classroom knowledge and training. Enrollment limited to advanced candidates. An application for fingerprint clearance must be submitted at least two semesters prior to enrolling in this course and a minimum of nine courses in the counseling sequence completed. Credit/No Credit grading. Special approval required.

EDSS 6945 Fieldwork in Mental Health Counseling II
3 semester hours
Work in this area will be developed around supervised on-site fieldwork experiences and seminar sessions on campus. Supervised fieldwork experiences will focus upon the direct application of classroom knowledge and training. Enrollment limited to advanced candidates. An application for fingerprint clearance must be submitted at least two semesters prior to enrolling in this course and a minimum of nine courses in the counseling sequence completed. Credit/No Credit grading. Special approval required.

EDSS 6947 Fieldwork in Multicultural and Social Justice Counseling II
3 semester hours
Work in this area will be developed around supervised on-site fieldwork experiences and seminar sessions on campus. Supervised fieldwork experiences will focus upon the direct application of classroom knowledge and training. Enrollment limited to advanced candidates. An application for fingerprint clearance must be submitted at least two semesters prior to enrolling in this course and a minimum of nine courses in the counseling sequence completed. Credit/No Credit grading. Special approval required.

EDSS 6955 Master's Thesis I
1 semester hour
This course is intended for students working on a master's thesis. The committee chair provides ongoing support for the master's thesis. Credit/No Credit grading.

EDSS 6956 Master's Thesis II
1 semester hour
A continuation of Master's Thesis I for students who have not completed their master's thesis. Credit/No Credit grading. Special approval required.

EDSS 6957 Master's Thesis III
1 semester hour
A continuation of Master's Thesis II for students who have not completed their master's thesis. Credit/No Credit grading. Special approval required.

EDSS 6970 Fieldwork in School Counseling I
3 semester hours
Work in this area will be developed around supervised on-site fieldwork experiences and seminar sessions on campus. Supervised fieldwork experiences will focus upon the direct application of classroom knowledge and training. Enrollment limited to advanced candidates. An application for fingerprint clearance must be submitted at least two semesters prior to enrolling in this course; the CBEST must have been passed, and a minimum of nine courses in the counseling sequence completed. Credit/No Credit grading. Special approval required.

EDSS 6972 Individualized Site-Based Experience
1 semester hour
One hundred hours of community-based experience working with targeted populations are required for all candidates in the GCNS program. The experience will be designed to facilitate the application of classroom knowledge in various community settings. The chosen experience should be tailored to each candidate's background and future plans and should also be clearly related to the field of...
guidance and counseling. A proposal for this experience should be submitted to the Director of Field Work for approval. Site-based mentors need to be identified and approved.
Credit/No Credit grading.
Consent of Coordinator required.

EDUR 6980 Fieldwork in School Counseling II
3 semester hours
Work in this area will be developed around supervised on-site fieldwork experiences and seminar sessions on campus. Supervised fieldwork experiences will focus upon the direct application of classroom knowledge and training. Enrollment limited to advanced candidates. An application for fingerprint clearance must be submitted at least two semesters prior to enrolling in this course; the CBEST must have been passed, and a minimum of nine courses in the counseling sequence completed.
Credit/No Credit grading.
Special approval required.

EDUR 6984 Internship Fieldwork Supervision
1 semester hour
A continuation of EDUR 6980, Fieldwork Specialization.

EDUR 6990 Fieldwork in School Counseling III
3 semester hours
A continuation of EDUR 6970, Fieldwork in School Counseling I. Prior to enrollment, candidate must have completed EDUR 6980, Fieldwork Specialization. Concurrent enrollment in EDUR 6970, EDUR 6980, and 6990 is not permitted.
Credit/No Credit grading.
Special approval required.

EDUR 6995 Comprehensive Examination
0 semester hours
The Comprehensive Examination is usually taken during, or immediately following, the last semester of coursework completion. It may be a written and/or oral examination. Candidates should register for the specific section required for their program. Fee required.
Credit/No Credit grading.
Special approval required.

EDUR 6998 Special Studies
1 TO 3 semester hours

EDUR 6999 Independent Studies
1 TO 3 semester hours

Specialized Programs in Urban Education (EDUR)

EDUR 400 Sociocultural Analysis of Education
3 semester hours
A study of the sociological and anthropological analysis of contemporary education with emphases on historical and cultural contexts, culturally sensitive pedagogy, cultural and ethnic diversity, social/cultural issues, equity, access to the core curriculum, and demographic trends in schools and society. Emphasis is placed upon the preparation of professionals for the teaching profession and their awareness of social, psychological, and cultural forces shaping society today so that they are prepared to work with all learners. This course is designed for undergraduates in the traditional and/or blended teacher preparation program.
Sophomore or higher standing required.

University Core fulfilled: Integrations: Ethics and Justice; Flags: Engaged Learning, Oral Skills.

EDUR 498 Special Studies
1 TO 3 semester hours

EDUR 499 Independent Studies
1 TO 3 semester hours

EDUR 5000 Cultural Paradigms of Education
3 semester hours
A study of the sociological and anthropological analysis of contemporary education with emphases on cultural contexts, culturally sensitive pedagogy, cultural and ethnic diversity, social/cultural issues, and demographic trends in schools and society. Emphasis is placed upon the preparation of professionals for the teaching profession and their awareness of social, psychological, and cultural forces shaping society today. Fieldwork is required.

EDUR 5004 Elementary School Literacy and Language Development
2 semester hours
The theoretical basis of literacy and approaches, methods, and techniques for teaching literacy skills in diverse urban school settings, will be explored. Training is provided in a variety of instructional methodologies including strategies designed for culturally and linguistically diverse students, ELD, and SDAIE. The course will provide students with opportunities to acquire knowledge, skills, and the ability to deliver comprehensible instruction to English Learners and to develop lessons promoting students’ access and achievement in relation to state adopted academic content standards. Strategies are grounded in theories of language acquisition and the state standards for English Language Arts.

EDUR 5005 Literacy in the Content Areas
2 semester hours
This course is designed to develop an understanding of the nature of literacy and how it impacts content area learning. Training is provided in a variety of instructional methodologies including strategies designed for culturally and linguistically diverse students, ELD and SDAIE. The course will provide students with opportunities to acquire knowledge, skills, and the ability to deliver comprehensible instruction to English Learners and to develop lessons promoting students access and achievement in relation to state adopted academic content standards. Strategies are grounded in theories of language acquisition.

EDUR 5010 Theories of Teaching, Learning, and Assessment
2 semester hours
Candidates will be exposed to current theories of teaching, learning, and assessment. Special attention will be given to the practical application of the theories in urban PK-12 school settings.

EDUR 5012 Culture and Language Learning in Urban Education
3 semester hours
Sociological and anthropological analysis of the role that language and culture play in urban education. Second language acquisition will be explored in depth.

EDUR 5014 Multiple Subjects in Curriculum and Instruction
3 semester hours
This course covers curriculum and instruction in a multiple subjects classroom. Content includes unit and lesson design in Math,
Science, Social Science. Culturally and linguistically diverse student needs will be emphasized.

EDUR 5016 Teaching Students with Special Needs in Urban Education
3 semester hours
This class will focus on the education of special needs students in urban K-12 classrooms.

EDUR 5018 Research in Urban Education
3 semester hours
This is the capstone course in the Urban Education program. Students will be expected to complete a research project focusing in urban education.

EDUR 5020 Research Project in Urban Education
1 semester hour
This course is a continuation of EDUR 5018 (Research in Urban Education). Candidates focus on collecting and analyzing findings of the research project started in EDUR 5018. In addition to regular class meetings, candidates are expected to meet individually with a faculty advisor to refine and revise the final research project. A final research paper, approved by a faculty committee, is required for the course.
Prerequisite: EDUR 5018.

EDUR 5501 Practicum: Educational Practices in Action in Secondary Math and Science Classrooms
3 semester hours
Candidates learn how to model professional behavior that addresses job responsibilities and the expectations of mathematics or science secondary teachers working in a multilingual, multicultural, and economically diverse community.

EDUR 5503 Practicum: Differentiated Education in Action in Secondary Math and Science Urban Education
3 semester hours
Candidates learn how to consistently strategically apply math or science teaching practices that involve students as active participants in the assessment process where both become advocates for student learning and achievement needs. Consent of Coordinator required.

EDUR 5505 Research-Supported Math/Science Practices in Urban Education
3 semester hours
This course helps candidates design and implement a mathematical or scientific learning environment that builds on the strengths that students bring to the teaching/learning process and reverses the achievement gap between subgroups within a school. Consent of Coordinator required.

EDUR 5580 Teaching Mathematics and Science in Urban Schools
3 semester hours
Candidates learn how to implement instruction that reverses the achievement gap and improve student engagement and achievement in mathematics or science by engaging students in a learning culture that values mathematical and scientific thinking.

EDUR 5581 Mentorship in Math and Science Education
3 semester hours
This course is designed to build authentic and trusting relationships that value a teacher's paradigm within the context of expected exceptional practice aligned with effective students learning. The use of data to create and move through disequilibrium to strengthen student learning of math or science will be discussed.

EDUR 5582 Collaboration in Math and Science Education
3 semester hours
Candidates learn how to design, plan, and implement a learning environment based on cooperative planning, constant collaboration, close unity, unrestrained communication, and sincere sharing. Candidates learn how to collaborate on learning, risk-taking, innovation, and change within the context of interdependence. Consent of Coordinator required.

EDUR 5998 Special Studies
1 TO 3 semester hours

EDUR 5999 Independent Studies
1 TO 3 semester hours

EDUR 6100 Anthropological Analysis of Cultural Diversity
3 semester hours
An in-depth study of cultural diversity using methods from educational sociology and anthropology. The course will examine the major theoretical models advocating responses to cultural diversity and their practical implications for education. Themes/issues covered: contemporary demographics, genetic and cultural deficit theory, cultural mismatch theory, cultural ecological theory, sociocultural theory (neo-Vygotskian) and culturally responsive instruction, multicultural education and intercultural communication, critical pedagogy, and qualitative evaluation.

EDUR 6102 The Context of Schooling
3 semester hours
This course focuses on the governmental, political, financial, legal, and historical perspectives of education in the United States. Students are given opportunities to integrate course topics and relate policy initiatives to the welfare of all students in responsible and ethical ways. School governance and management of human and fiscal resources in culturally diverse settings are stressed.

EDUR 6252 Secondary School Curriculum and Methods for Language Arts and Social Studies
3 semester hours
Objectives, methods, materials, and problems involved in teaching language arts and social studies in the secondary schools. Explores methods of long and short range planning, course overviews, unit plans and lesson planning. Presents alternative strategies of instruction and methods of diagnosing needs and evaluating learning. Current approaches to classroom discipline, management, and organization are studied.

EDUR 6324 Technology in Multilingual Settings
3 semester hours
Offered as an elective, this course emphasizes the use of instructional technologies with multilingual population. Of particular emphasis is the bridging of the Digital Divide, access and equity in technology with diverse populations, and uses of instructional technology within dual language contexts.

EDUR 6327 Learning and Teaching with Technology
3 semester hours
In this course, constructivism will be explored as a foundation for teaching and learning with technology. The course will explore how
technology can be used to promote the notion that students construct knowledge rather than just receive knowledge passively.

**EDUR 6328 Survey of Digital Technologies for Urban Education**
3 semester hours
This course explores how different technologies can be used to promote equity in teaching and learning in urban schools. As technology evolves, candidates study how new forms of technology, beyond the personal computer, can be used for teaching and learning. Candidates will create projects using these new technologies.

**EDUR 6329 Assistive Technology**
3 semester hours
Students with special needs benefit the most from the use of technology for teaching and learning. In this course, candidates learn the principles of university design for learning, review federal and state laws regarding the education of students with special needs, and the use of appropriate technology to promote high standards for all students.

**EDUR 6955 Master's Thesis I**
1 semester hour
This course is intended for students working on a Master's thesis. The committee chair provides ongoing support for the Master's thesis. Credit/No Credit grading.

**EDUR 6956 Master's Thesis II**
1 semester hour
A continuation of Master's Thesis I for students who have not completed their Master's thesis. Credit/No Credit grading. Special approval required.

**EDUR 6957 Master's Thesis III**
1 semester hour
A continuation of Master's Thesis II for students who have not completed their Master's thesis. Credit/No Credit grading. Special approval required.

**EDUR 6960 Introduction to Teaching and Learning**
3 semester hours
This course is for candidates who are employed as full-time teachers either in a private/parochial school or with an emergency permit or intern credential in a public school. This prerequisite should be one of the first courses in the combined Masters/teaching credential program sequence. Seminars focus on analysis of effective classroom practices and problem solving. Initial on-site assessment will be made by a university supervisor as to professional competency in all phases of the multiple or single subject credential program. Areas for professional growth and development are identified and addressed individually through portfolio assessment. Candidates must submit a school-site supervisor/mentor contract agreement. Additionally, for private/parochial school teachers, this course requires 30 hours of public school observation/participation and a comprehensive journal. Application for fingerprint clearance must be submitted by private/parochial teachers immediately upon enrollment in this course. Special approval required.

**EDUR 6961 Fieldwork Supervision: Portfolio and Assessment of Teaching**
3 semester hours
This course is for candidates who are employed as full-time teachers either in a private/parochial school or with an emergency permit or intern credential in a public school. This should be the last course in the combined Masters/teaching credential program sequence. Supervised field experience, portfolio assessment of personal growth, development, problem solving and documentation of teaching competencies will be completed during this course. Candidates must submit a school site supervisor/mentor contract agreement. Additionally, for private/parochial school teachers, this course requires 30 hours of public school observation/participation and a comprehensive journal. The EDUR 6960/6961 course sequence meets the California State requirement of student teaching for multiple and single subject credential candidates. Only one other course may be taken during the semester of fieldwork supervision. Special approval required. Prerequisites: EDUR 6960, all professional education courses in program sequence, including Health Education (EDES 8000), formal documentation of completed subject matter competency, and passage of all appropriate examinations.

**EDUR 6963 Seminar in Advanced Teaching Methodologies**
3 semester hours
Candidates build on the material that was learned in the methodology course for the teaching credential program. In this course, candidates are presented with more strategies that promote high standards for all students. The theories behind these strategies are also discussed.

**EDUR 6968 Action Research in Urban Education**
3 semester hours
In this course, candidates will learn how to use self-reflection to improve their practice as urban classroom teachers. Using real classroom experiences, candidates will learn how to systematically and collaboratively identify a problem, collect data, and evaluate solutions. Emphasis is placed on journal writing, observation skills, and methods for sharing the action research project. Case studies will be examined, and candidates will create an action research project in an urban education setting.

**EDUR 6995 Comprehensive Examination**
0 semester hours
The Comprehensive Examination is usually taken during, or immediately following, the last semester of coursework completion. It may be a written and/or oral examination. Candidates should register for the specific section required for their program. Fee required. Credit/No Credit grading. Special approval required.

**EDUR 6998 Special Studies**
1 TO 3 semester hours

**EDUR 6999 Independent Studies**
0 TO 3 semester hours

**Electrical Engineering (ELEC)**

**ELEC 210 Electric Circuit Analysis**
3 semester hours
Introduction to the principles of electric circuit analysis, DC, AC, transient and steady-state response of electric circuits; electric power.
ELEC 213 Electric Circuit Analysis Lab
0 semester hours
Laboratory experiments on electric circuits. This is a companion laboratory course to the electric circuit analysis course. Corequisite: ELEC 210. Prerequisite: MATH 131.

ELEC 220 Electric Circuit Applications
3 semester hours
Laplace transform applications, network functions, frequency response, analog filters, two-port networks, three phase power, magnetic circuits. Lecture, 3 hours. Prerequisites: ELEC 210; MATH 245 or concurrent enrollment.

ELEC 260 Introduction to Electricity and Applications
3 semester hours
Presentation of a brief history of electricity and electrical devices. Introduction to basic concepts of circuit and system analysis, electronic instruments, devices and modern electric equipment. Demonstrations of concepts and devices are included. Lecture, 3 hours. Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.

ELEC 281 Logic Design
3 semester hours
Introduction to computer systems, number systems. Boolean algebra, combinational and sequential logic design, minimization and analysis techniques. Concepts of programmable logic devices. Lecture, 3 hours.

ELEC 298 Special Studies
0 TO 3 semester hours

ELEC 299 Independent Studies
1 TO 3 semester hours

ELEC 301 Junior Lab I
3 semester hours
Introduction to the use of contemporary lab equipment and techniques of measurement and experimentation; introduction to technical report writing; class is used to provide a laboratory experience related to junior level courses. Laboratory, 3 hours; Lecture, 1 hour. Prerequisites: ELEC 220, ELEC 281, and concurrent enrollment in ELEC 353 or permission of the instructor.

ELEC 302 Junior Lab II
3 semester hours
Continuation of ELEC 301 with emphasis on design; introduction to use of CAD tools and FPGA based system design. Laboratory, 4 hours. Prerequisites: ELEC 301 and ELEC 383; concurrent enrollment in ELEC 354.

ELEC 353 Electronics I
3 semester hours
Fundamentals of semiconductor devices and the physics of their operation. Applications of semiconductor devices in electronic circuits and device modeling. Introduction to CAD tools. Design of single stage amplifiers. Lecture, 3 hours. Prerequisite: ELEC 220.

ELEC 354 Electronics II
3 semester hours
Introduction to engineering design methods utilized in the synthesis of contemporary analog electronic circuits including extensive use of CAD tools. Topics include multitransistor circuits, large signal limitations, feedback techniques, amplifier frequency response, stability and oscillation. Lecture, 3 hours. Prerequisite: ELEC 353.

ELEC 361 Electromagnetics
3 semester hours
Introduction to Maxwell's equations, wave propagation, transmission line theory, and the solution of static and time varying field problems. Lecture, 3 hours. Prerequisites: MATH 355 and PHYS 201.

ELEC 371 Linear Systems
3 semester hours
Time and frequency domain analysis of continuous and discrete-time signals and systems. Signal characterization, Laplace transform, Z-transform, Fourier series, Fourier transform, discrete Fourier transform, State variable analysis. Applications to differential and difference equations. Lecture, 3 hours. Prerequisite: ELEC 220.

ELEC 383 Introduction to Microprocessors
3 semester hours
Basic concepts in design and organization of microprocessors and microcomputers. Assembly language programming design for incorporating peripheral devices in solving application designs. Not open to CMSI majors. Lecture, 3 hours. Prerequisite: ELEC 281.

ELEC 385 Computer System Design
3 semester hours

ELEC 398 Special Studies
1 TO 4 semester hours

ELEC 399 Independent Studies
1 TO 4 semester hours

ELEC 400 Design Methodology
2 semester hours
An introduction to systems engineering, including a study of design methodology and development of professional project-oriented skills such as communication, team management, creative problem solving, interpersonal management, and leadership skills. Lecture, 2 hours. Corequisite: ELEC 401.
ELEC 401 Senior Lab I
3 semester hours
Course is intended to provide a laboratory experience related to other senior level courses: emphasis is on design, technical report writing, and oral presentation.
Laboratory, 4 hours.
Prerequisites: ELEC 302, ELEC 354, and ELEC 383.
Corequisite: ELEC 400.

ELEC 402 Senior Project
3 semester hours
A study of design methodology and development of professional project-oriented skills including communication, team management, creative problem solving, interpersonal management, and leadership skills. Team project activities are used to apply project-oriented skills to solution of design problems. Periodic design reports and design reviews are presented to, and critiqued by the faculty and the design team.
Lecture, 1 hour; Laboratory, 3 hours.
Prerequisites: ELEC 400 and ELEC 401.

ELEC 423 Communications I
3 semester hours
Review of topics in Signals and Systems, Fourier transform and frequency-domain analysis. Introduction to the principles of operation of typical analog and digital communication systems. Extensive discussion on modulation and demodulation.
Lecture, 3 hours.
Prerequisite: ELEC 371.

ELEC 424 Communications II
3 semester hours
Fundamentals of probability, random variables, and random processes. Performance analysis of typical communication systems. Introduction to information theory and coding theory.
Lecture, 3 hours.
Prerequisite: ELEC 423.

ELEC 453 Digital Integrated Electronics
3 semester hours
Extensive coverage of digital integrated circuit design, including TTL, NMOS, CMOS and BiCMOS digital logic circuits, Read Only Memory (ROM), and Random Access Memory (RAM).
Lecture, 3 hours.
Prerequisites: ELEC 281 and ELEC 354.

ELEC 462 Microwave and Optical Communications
3 semester hours
Applications of electromagnetic theory. Topics include transmission lines, waveguides, impedance transformations and matching, passive devices, scatter parameters and their applications in circuits, antennas and wave propagation, fiber optics and other communication links.
Lecture, 2 hours; Laboratory, 3 hours.
Prerequisite: ELEC 361.

ELEC 472 Control Systems
3 semester hours
Analysis and design of feedback systems using root locus, Bode, Nyquist, and state variable techniques; introduction to discrete feedback control system analysis.
Lecture, 3 hours.
Prerequisite: ELEC 371.

ELEC 481 Introduction to Computer Networks
3 semester hours
This course provides a basic introduction to computer networking. The topics covered include: types and uses of computer networks, data transmission, protocols and protocol layering, packets, message transactions, layered architecture, and a client-server introduction.
Lecture, 3 hours.
Senior standing and permission of instructor required.

ELEC 498 Special Studies
1 TO 4 semester hours

ELEC 499 Independent Studies
1 TO 4 semester hours

ELEC 521 Introduction to Communication Systems
3 semester hours
The concepts of signal formulation, modulation, transmission and reception, and demodulation of signals in noise will be discussed. Prerequisites: ELEC 423 and ELEC 532, or equivalents.

ELEC 525 Digital Signal Processing
3 semester hours
The representation, analysis, and processing of discrete signals are discussed. Topics include sampling, quantization, Z-transform of signal, discrete Fourier and fast Fourier transforms, analysis and design of digital filters, and spectral estimation of random digital signals.
Prerequisite: ELEC 371.

ELEC 532 Probability and Random Processes
3 semester hours
Studies of probability, random variables, stochastic processes, correlation, power spectral density, and linear mean-square estimation with emphasis on their application to electrical engineering are included.
Senior or graduate standing required.

ELEC 552 Semiconductor Device Physics
3 semester hours
In-depth coverage of semiconductor device physics, including: principle of quantum mechanics, carrier transport phenomena in semiconductor materials, P-N junctions, metal-semiconductor and semiconductor heterojunctions, and MOS transistors.
Prerequisite: ELEC 353 or equivalent.

ELEC 561 IC Fabrication Processes
3 semester hours
Overview of processes in manufacture of integrated circuits. Topics include: single crystal growth, oxide growth, photolithographic processes, ion implantation and impurity diffusion, metal deposition, and passivation and packaging of chips. Use is made of Unix workstations for modeling and simulation.
Prerequisite: ELEC 353 or equivalent.

ELEC 562 Digital System Design with VHDL
3 semester hours
Computer aided design of digital VLSI (Very Large Scale Integrated) systems using Very High Speed Integrated Circuits (VHSIC) Hardware Description Language (VHDL).
Prerequisites: ELEC 281 and ELEC 383, or equivalents.

ELEC 563 ASIC Design
Topics include programmable logic devices and gate array architectures, programmability of PLDs and gate arrays, field programmable gate arrays (FPGAs) and applications of FPGAs in digital system design. Course includes laboratory experiments and extensive use of Computer Aided Design tools. Prerequisites: ELEC 383 and ELEC 562, or permission of instructor.

**ELEC 567 Introduction to Digital VLSI Design**

3 semester hours

Custom and semi-custom design of VLSI circuits using standard cells, design methodologies of advanced complementary metal-oxide-semiconductor (CMOS) circuits, and simulation of designed circuits will be emphasized. At the end of the semester, circuits designed by the students will be sent for fabrication through MOSIS and later tested by the students for functionality. Prerequisite: ELEC 383 or permission of instructor.

**ELEC 583 Finite State Machines**

3 semester hours

An introduction to the theory and design of finite state automata and sequential machines. Prerequisite: ELEC 281 or equivalent.

**ELEC 584 Introduction to Microprocessors II**

3 semester hours

Design and applications of 32-bit microprocessors. Topics include: basic concepts, software, architecture, programming, interfacing, and system design. Prerequisite: ELEC 383 or equivalent.

**ELEC 585 Computer Organization and Architecture**

3 semester hours

System structure of minicomputers and mainframe computers. Structured memory based systems; parallel and multiunit processors; introduction to input/output processing. Prerequisite: ELEC 385 or equivalent.

**ELEC 598 Special Studies**

1 TO 4 semester hours

**ELEC 599 Independent Studies**

1 TO 4 semester hours

**ELEC 601 Graduate Seminar**

3 semester hours

Project-based seminar in which students will be required to select, research, write about, and discuss some aspect of a broad area of current interest to computer scientists and electrical engineers (e.g. computer networks, digital communication). Prerequisites: Successful completion of coursework and the endorsement of the faculty advisor. (The seminar can be taken during the final semester of coursework subject to the approval of the faculty advisor.)

**ELEC 621 Information Theory and Coding**

3 semester hours

The concepts of information measures and channel capacity are introduced. The applications of Shannon theory to evaluate the effectiveness of practical communication links is developed. Error correction coding and its application in reliable communications are emphasized in this class. Prerequisite: ELEC 532.

**ELEC 624 Digital Communication Theory**

3 semester hours

This course provides the foundation of digital communication theory. Topics include representation of bandpass signals, frequency and phase shift keying, M-ary signal, detection in additive Gaussian noise channel, intersymbol interference, and efficient signaling with coding. Prerequisites: ELEC 521 and ELEC 532.

**ELEC 626 Satellite Communication Systems**

3 semester hours

This course provides an introduction to the practical and theoretical analysis of the performance of satellite communications links. Topics in link design, satellite orbit dynamics, antenna gain and coverage, frequency and time division multiple access, component and subsystem nonlinearity, signal format, and error correction coding will be discussed. Prerequisites: ELEC 521 and ELEC 532.

**ELEC 627 Phase-Lock Techniques for Communication and Control**

3 semester hours

Phase-lock loop concepts, stability, noise response, acquisition, frequency response and topics of applications in coherent communications such as PLL costas loop, byte synchronization will be discussed. Prerequisite: ELEC 532.

**ELEC 628 Spread Spectrum Systems**

3 semester hours

The system performance and signal design of spread communication systems will be discussed. Topics addressed are frequency hopping and direct sequence systems and their performance in jamming and CDMA environments. Prerequisites: ELEC 521, ELEC 532, and ELEC 624 are recommended.

**ELEC 631 Numerical Methods in Engineering**

3 semester hours

A course in numerical techniques of computing. Numerical techniques; errors in computing; generation of functions; roots of polynomials, integration techniques; solution of simultaneous linear equations; ordinary differential equations; partial differential equations.

**ELEC 632 Optimization Technique in Signal Processing**

3 semester hours

An introduction to the theory, analysis, and design of optimal signal processing systems in both discrete and continuous time. Topics include spectral factorization, least-mean-square theory and estimation algorithms, linear signal estimation, Wiener and Kalman filtering, linear prediction, spectral estimation, and matched filtering. Access to computer with MATLAB, Fortran, Pascal, or other high level language compiler for assignments is required. Prerequisite: ELEC 532.

**ELEC 637 Optical Communication Systems**

3 semester hours

This course presents the analytical basis for fiber optic and laser communication systems. Prerequisites: ELEC 521 and ELEC 532.

**ELEC 651 Communication Electronics**

3 semester hours

Theory and design aspects of analog electronic circuits as applied to
the generation, amplification, detection, transmission, and modulation of electrical signals will be discussed. Prerequisite: Undergraduate electronics course.

ELEC 662 Analog VLSI Design
3 semester hours
Topics in computer-aided design of analog VLSI systems. Topics include: custom and semi-custom design, design methodologies, and simulation of designed circuits. Circuits designed will be fabricated for testing by student. Prerequisites: ELEC 354 and ELEC 383 or equivalent.

ELEC 663 Digital VLSI Design
3 semester hours
Topics in computer-aided design of digital VLSI systems. Topics include: Custom and semi-custom design, design methodologies of advanced CMOS circuits, and simulation of designed circuits. Circuits designed will be fabricated for testing by student. Prerequisites: ELEC 354 and ELEC 383 or equivalent.

ELEC 670 Radar Engineering
3 semester hours
Radar fundamentals will be covered including radar applications, frequency allocation, radar space-time coordinates, target and clutter scattering, radar range performance and signal/target detection and location. Also waveform and non-coherent/coherent signal processing design and analysis will be treated for targets embedded in various types of clutter. The course will also address simple antenna and transmitter/receiver design and performance. A sample radar system design problem will be accomplished.

ELEC 682 Arithmetic Processors
3 semester hours
Concepts of number systems, digital numbers algorithms; logic and organization of digital arithmetic processors; conventional arithmetic; algorithm acceleration; floating-point and significance arithmetics; redundant, signed-digit, residue number systems; error detection in digital arithmetic. Prerequisite: ELEC 585 or equivalent.

ELEC 685 Diagnostic Design and Fault-Tolerant Computers
3 semester hours
Theories and techniques for testing digital circuits and systems, design techniques for fault-tolerant digital systems, test generation for combinational and sequence circuits, self-checking and self-testing circuits, gate-level simulation on a fault-model. Prerequisites: ELEC 584 and ELEC 585.

ELEC 686 Microprocessor Applications
3 semester hours
Applications of microprocessors and microprocessor control in the design of digital and hybrid systems, including digital computer systems. Prerequisite: ELEC 584 or equivalent.

ELEC 687 Computer Networks
3 semester hours
Concepts in and design of large-scale distributed networks and local area networks, including topologies, standards, and protocols.

ELEC 688 Advanced Computer Architecture
3 semester hours
Design and implementation of reduced instruction set computer architectures. Topics include pipelining, parameter passing, register windows compiling techniques, and comparison with CISC architectures. Prerequisite: ELEC 585.

ELEC 689 Advanced Topics in Computer Design
3 semester hours
Selected topics from microprogramming, performance measurement, and chip-slice architectures.

ELEC 695 Master's Thesis I
3 semester hours
Graduate students electing the thesis option must obtain a thesis advisor before departmental consent will be considered and comply with the Frank R. Seaver College of Science and Engineering Master's Thesis Requirements. Credit/No Credit grading. Prerequisite: ELEC 601 or concurrent enrollment.

ELEC 696 Master's Thesis II
3 semester hours
Students could choose to continue with further research and/or development of their Thesis project for a second semester after successfully finishing ELEC 695. Consents of the Department and the advisor are required. Credit/No Credit grading. Prerequisite: ELEC 695.

ELEC 697 Master's Thesis III
3 semester hours
Students could choose to continue with further research and/or development of their Thesis project for a third semester after successfully finishing ELEC 695 and ELEC 696. Consents of the Department and the advisor are required. Credit/No Credit grading. Prerequisites: ELEC 695 and ELEC 696.

ELEC 698 Special Studies
1 TO 3 semester hours

ELEC 699 Independent Studies
1 TO 3 semester hours

English (ENGL)

ENGL 1100 English for Academic Purposes
4 semester hours
A course designed to give students essential skills in writing and reading.

ENGL 1115 University Writing Lab
1 semester hour
A program of individualized tutorial instruction designed to improve writing skills in course work across the curriculum. Emphasis is placed on clarity and style. Credit/No Credit grading. This course may be repeated twice for degree credit.

ENGL 1116 Practicum in Tutoring Writing and Liberal Arts
1 semester hour
Credit/No Credit grading.

ENGL 1998 Special Studies
1 TO 4 semester hours
ENGL 1999 Independent Studies
1 TO 4 semester hours

ENGL 2200 Genres: Drama
4 semester hours
An intensive study of drama through critical and/or creative engagement with the genre.
Open to English majors and minors and Screenwriting majors.
University Core fulfilled: Flag: Writing.

ENGL 2201 Genres: Poetry
4 semester hours
An intensive study of poetry through critical and/or creative engagement with the genre.
Open to English majors and minors and Screenwriting majors.
University Core fulfilled: Flag: Writing.

ENGL 2202 Genres: Fiction
4 semester hours
An intensive study of fiction through critical and/or creative engagement with the genre.
Open to English majors and minors and Screenwriting majors.
University Core fulfilled: Flag: Writing.

ENGL 2203 Histories: British Literature I
4 semester hours
Critical analysis of British literature from the Anglo Saxons to the end of the eighteenth century using literary historical methods, terms, and concepts.
Open to English majors and minors and Screenwriting majors.

ENGL 2204 Histories: British Literature II
4 semester hours
Critical analysis of British literature from Romanticism through the Moderns using literary historical methods, terms, and concepts.
Open to English majors and minors and Screenwriting majors.

ENGL 2205 Creative Writing for Non-Majors
4 semester hours
A genre-based writing workshop (fiction, poetry, and drama).
Not open to English majors and minors.
University Core fulfilled: Explorations: Creative Experience; Flag: Writing.

ENGL 2206 Language of Journalism
4 semester hours
A course in journalistic fundamentals and an introduction to reading, analyzing, and writing news across platforms.
Required of all English minors in Journalism.
University Core fulfilled: Flag: Writing.

ENGL 2207 Introduction to Poetry
4 semester hours
A course designed to develop an appreciation of poetry through critical analysis and creative writing.
Not open to English majors and minors.
University Core fulfilled: Explorations: Creative Experience; Flag: Writing.

ENGL 2208 Introduction to Fiction
4 semester hours
A course designed to develop an appreciation of fiction through critical analysis and creative writing.
Not open to English majors and minors.

ENGL 2209 Introduction to Drama
4 semester hours
A course designed to develop an appreciation of drama through critical analysis and creative writing.
Not open to English majors and minors.
University Core fulfilled: Explorations: Creative Experience; Flag: Writing.

ENGL 2222 Creativity through Constraints
4 semester hours
A study of creative and critical texts on constraint-based writing and workshop in writing texts under constraints.
Not open to English majors and minors.
University Core fulfilled: Explorations: Creative Experience; Flag: Writing.

ENGL 2296 Special Studies in Genres
4 semester hours

ENGL 2297 Special Studies in Histories
4 semester hours

ENGL 2996 Special Studies
1 TO 4 semester hours

ENGL 2998 Special Studies
1 TO 4 semester hours

ENGL 2999 Independent Studies
1 TO 4 semester hours

ENGL 3301 Writing for Journalism: Workshop
4 semester hours
An intermediate level writing class and an introduction to journalism. Covers the basic components of both features and news stories, interview strategies, and legal and ethical concerns.
Fulfills Creative/Artistry requirement.

ENGL 3302 Writing the Article: Workshop
4 semester hours
Techniques of writing and marketing the magazine article.
Fulfills Creative/Artistry requirement.

ENGL 3303 Reviewing the Arts
4 semester hours
A course in writing reviews. Topics may include art, books, film, music, theatre, TV, or video games. Class may involve field trips to theatre, film, or other performances or exhibits.
Fulfills Creative/Artistry requirement.

ENGL 3304 Writing for Advertising
4 semester hours
Writing strategies for advertising.
Fulfills Creative/Artistry requirement.

ENGL 3305 Advanced Composition for Credential Candidates
4 semester hours
A review of the principles of exposition and grammar, principally for candidates for the Elementary and Secondary credentials. Junior or senior standing required.
Fulfills Critical/Theoretical or Creative/Artistry requirement.
University Core fulfilled: Flag: Writing.
ENGL 3316 Modern Drama
4 semester hours
International and American drama from 1870-1963. Fulfills Comparative or Critical/Theoretical requirement. Junior or senior standing required.

ENGL 3320 Shakespeare’s World, the World’s Shakespeare
4 semester hours
A seminar exploring Shakespearean poetry and drama in historical and cultural contexts, and cultural productions writing back to the Shakespearean canon from marginalized and/or globalized perspectives. Fulfills Author(s) and Comparative requirements. Prerequisite: ENGL 2203.

ENGL 3321 Shakespeare: The Major Plays
4 semester hours
A survey course of Shakespeare’s “major plays.” It is a course that intends to cover all the dramatic genres Shakespeare wrote in and at the same time highlight those works which are considered Shakespeare’s most important. Fulfills Author(s) or Critical/Theoretical requirement. Junior or senior standing or permission of the Chairperson required.

ENGL 3322 Studies in Shakespeare
4 semester hours
An in-depth study of Shakespeare’s writings. This course is repeatable for degree credit up to two times provided new course material (literature) is covered and a new subtitle has been designated. Fulfills Author(s) or Critical/Theoretical requirement. Junior or senior standing or permission of the Chairperson required.

ENGL 3323 Shakespeare and Politics
4 semester hours
An exploration of the politics of drama and the workings of power and authority in Shakespeare’s plays. Fulfills Author(s) and Critical/Theoretical requirement. Junior or senior standing or permission of the Chairperson required.

ENGL 3324 Jack Kerouac and the Beats
4 semester hours
An examination of the major Beat writers with a concentration on Jack Kerouac and his novels about his peers. Fulfills Author(s) requirement. Junior or senior standing required.

ENGL 3325 Contemporary Poetry
4 semester hours
British and American poetry from Wallace Stevens to the present. Fulfills Critical/Theoretical requirement. Junior or senior standing required.

ENGL 3326 Contemporary Drama
4 semester hours
International and American drama from 1964 to the present. Fulfills Critical/Theoretical requirement. Junior or senior standing required.

ENGL 3327 Experiments in Genre in 17th Century English Drama
4 semester hours
A study of dramatic forms in 17th c. England, including tragicomedy and closet drama, and their political implications during a period of social, religious, and political change. Fulfills Critical/Theoretical requirement. Junior or senior standing required.

ENGL 3328 Oscar Wilde
4 semester hours
Considers the literary career of Oscar Wilde in its various contexts in order to discern the importance of Wilde’s work in the literary canon. Junior or senior standing required. Fulfills Author(s) or Critical/Theoretical requirement. University Core fulfilled: Flag: Information Literacy.

ENGL 3332 The Short Story
4 semester hours
A study of the short story as a literary form; close reading of representative short stories by American, British, and continental writers. Fulfills Critical/Theoretical requirement. Junior or senior standing required.

ENGL 3333 Early American Short Story
4 semester hours
A study of precursors to short stories in early America by Native Americans and Mexican Americans, and a survey of short stories from the nineteenth century to the early twentieth century; close reading of representative short stories and study of the short story as a genre. Fulfills Comparative or Critical/Theoretical requirement. Junior or senior standing required.

ENGL 3338 Detecting the Divine
4 semester hours
A study of how the mystery genre in literature provides a paradigm for investigating the mystery of the divine more generally. Fulfills Comparative or Critical/Theoretical requirement. Junior or senior standing required.

ENGL 3339 Rhetoric, Literature, and Religion
4 semester hours
A course exploring the rhetoric of literary and religious texts. Fulfills Critical/Theoretical requirement. Junior or senior standing required.

ENGL 3341 Studies in World Literature
4 semester hours
A study of literature(s) written outside the United States and Britain. Fulfills Comparative or Critical/Theoretical requirement. Junior or senior standing required.

ENGL 3342 Images of Women in Nineteenth-Century England
4 semester hours
Study of how the women’s rights movement influenced images of women in 19th-century English literature. Fulfills Comparative or Critical/Theoretical requirement. Junior or senior standing required. University Core fulfilled: Flag: Information Literacy.

ENGL 3343 Twentieth-Century Women’s Writing
4 semester hours
A study of literary and critical texts written by women in the 20th century. Fulfills Critical/Theoretical requirement. Junior or senior standing required.
ENGL 3344 African American Literature
4 semester hours
(See AFAM 3621.)
Fulfills Comparative or Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 3345 Studies in Multi-Ethnic Literature
4 semester hours
The comparative study of literatures within the American experience. This course is repeatable for degree credit up to two times provided new course material (literature) is covered and a new subtitle has been designated.
Fulfills Comparative or Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 3346 Children's Literature
4 semester hours
A study of children's literature and the critical discussions it raises across literary and educational studies.
Open to Liberal Studies majors who are juniors or seniors.

ENGL 3347 Fairy Tales
4 semester hours
A comparative survey of the literary fairy tale tradition through diverse critical and theoretical approaches: folkloricist, structuralist, psychoanalytical, sociological, new historicist, feminist, and gender studies.
Fulfills Comparative or Critical/Theoretical requirement.
Junior or senior standing required.
Open to English majors only.

ENGL 3348 Caribbean Literature
4 semester hours
A study of Anglophone Caribbean literature that examines, from a postcolonial perspective, a number of aesthetic matters (e.g., West Indian coming of age novels vs. the European Bildungsroman) and social issues (e.g., the use of patois vs. "standard" English in Caribbean poetry).
Fulfills Comparative or Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 3349 Longing and Belonging: The Literatures of Israel
4 semester hours
This course investigates modern representations in literature and film of longing for and belonging in the land of Israel.
Fulfills Comparative or Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 3350 Chicana/o-Latina/o Literature
4 semester hours
Examines Chicana/o-Latina/o literature, its criticism as well as its various artistic genres, introducing students to its aesthetic and social value/s (see CHST 3332).
Fulfills Comparative or Critical/Theoretical requirement.
Junior or senior standing required.
University Core fulfilled: Integrations: Interdisciplinary Connections.

ENGL 3351 Classical Mythology
4 semester hours
Study of the basic myths and myth patterns of the Greeks and Romans, and the mythological heritage in Western Literature (see CLAR 3210).
Fulfills Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 3352 Portraits of the Artist
4 semester hours
Fictional, poetic, and dramatic portraits of the developing artist.
Fulfills Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 3353 Chicana/o Consciousness
4 semester hours
Surveys through literary analysis and critical theory a Chicana/o form of awareness, with particular attention to the intersection in Latina/o intellectual history of the aesthetic, the ethical, and the political (see CHST 4406).
Fulfills Comparative or Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 3354 Prison Literature
4 semester hours
Surveys literature written by political prisoners to examine its artistry as well as its attempt to intervene in a culture of incarceration.
Fulfills Comparative or Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 3355 Chicana/o Literature
4 semester hours
Surveys through Chicana/o-Latina/o literature, its criticism as well as its various artistic genres, introducing students to its aesthetic and social value/s.
Fulfills Comparative or Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 3356 Portraits of the Artist
4 semester hours
Fictional, poetic, and dramatic portraits of the developing artist.
Fulfills Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 3357 African American Literature
4 semester hours
A survey of American literature from colonial times to 1865.
Fulfills Critical/Theoretical requirement.
Junior or senior standing or permission of the Chairperson required.
University Core fulfilled: Integrations: Interdisciplinary Connections.

ENGL 3358 American Literature II
4 semester hours
A survey of American literature from 1865 to the present.
Fulfills Critical/Theoretical requirement.
Junior or senior standing or permission of the Chairperson required.
University Core fulfilled: Integrations: Interdisciplinary Connections.

ENGL 3359 RoadRead
4 semester hours
This multi-genre course explores the literature of Los Angeles and California. Involves field trips. Lab fee.
Fulfills Critical/Theoretical requirement.
Open to English majors and minors who are juniors or seniors.
Prerequisites: ENGL 2201 and either ENGL 2200 or ENGL 2202.

ENGL 3360 RoadWrite
This course is repeatable for degree credit up to two times provided new course material is covered and a new subtitle has been designated. Fulfills Creative/Artistry requirement. Junior or senior standing required.

**ENGL 4405 Literary Non-Fiction Workshop**

4 semester hours
An advanced course in non-fiction prose, with practice in both creating and analyzing non-fiction. Fulfills Creative/Artistry requirement. Junior or senior standing required.

**ENGL 4406 Journalism: Interview: Workshop**

4 semester hours
A course in interview strategies for journalists. Fulfills Creative/Artistry requirement. Junior or senior standing required.

**ENGL 4408 Journalism: Editing Workshop**

4 semester hours
A course in editing techniques for journalists. Fulfills Creative/Artistry requirement. Junior or senior standing required.

**ENGL 4409 Reporter in the Story**

4 semester hours
Students bridge memoir and reportage to produce works of first-person long-form journalism, examining the ethical implications and creative possibilities of the writer as a character in a reported story. Fulfills Creative/Artistry requirement. Junior or senior standing required.

**ENGL 4411 Fiction Writing Workshop: Narrative and Style**

4 semester hours
Exercises, experiments, and creative construction in classic narrative fiction styles. Fulfills Creative/Artistry requirement. Junior or senior standing required. Prerequisite: ENGL 2202.

**ENGL 4412 Poetry Writing Workshop: Imagination**

4 semester hours
Writing poetry with an emphasis on image and the lyric imagination. Fulfills Creative/Artistry requirement. Junior or senior standing required. Prerequisite: ENGL 2201.

**ENGL 4413 Play Writing Workshop: One-Acts**

4 semester hours
Writing monologues, ten-minute, and one-act scripts for the stage. Fulfills Creative/Artistry requirement. Junior or senior standing required. Prerequisite: ENGL 2200.

**ENGL 4421 Fiction Writing Workshop: Dialogue and Scene**

4 semester hours
Exercises in literary dialogue, scene setting, and scene execution. Fulfills Creative/Artistry requirement. Junior or senior standing required. Prerequisite: ENGL 2202.

**ENGL 4422 Poetry Writing Workshop: Forms**

4 semester hours
Writing poetry in traditional and non-traditional forms.
ENGL 4472 Broadcast Journalism
4 semester hours
A course focused on the craft of researching and writing a feature story for radio and multimedia broadcast.
Fulfills Creative/Artistry requirement.
Junior or senior standing required.

ENGL 4471 Sports Journalism
4 semester hours
A course covering all aspects of sports reporting, writing, and editing.
Fulfills Creative/Artistry requirement.
Junior or senior standing required.

ENGL 4472 Broadcast Journalism
4 semester hours
A course focused on the craft of researching and writing a feature story for radio and multimedia broadcast.
Fulfills Creative/Artistry requirement.
Junior or senior standing required.
ENGL 4473 Mobile Media Journalism  
4 semester hours  
Students will study digital storytelling theory before collaborating to produce their own magazine for mobile devices.  
Fulfills Creative/Artistry requirement.  
Junior or senior standing required.

ENGL 4481 Time in 20th/21st Century Fiction and Film  
4 semester hours  
A writing and theory course that explores the shift from modernist to postmodernist ideas of time.  
Fulfills Creative/Artistry or Critical/Theoretical requirement.  
Junior or senior standing required.

ENGL 4998 Special Studies  
1 TO 4 semester hours  
Junior or senior standing required.

ENGL 4999 Independent Studies  
1 TO 4 semester hours  
Junior or senior standing required.

ENGL 5502 The Arthurian Romance  
4 semester hours  
A study of Arthurian legend from Geoffrey of Monmouth to Sir Thomas Malory.  
Fulfills Critical/Theoretical requirement.  
Junior or senior standing required.

ENGL 5503 English Literature of the Middle Ages  
4 semester hours  
English literature, from the Normans to the Tudors.  
Fulfills Critical/Theoretical requirement.  
Junior or senior standing required.

ENGL 5504 Chaucer  
4 semester hours  
The works of Chaucer, particularly The Canterbury Tales.  
Fulfills Author(s) requirement.  
Junior or senior standing required.

ENGL 5507 The Idea of the Vernacular  
4 semester hours  
Using a variety of modern and medieval theoretical models the course interrogates the rise of English as a literary medium in the fourteenth and fifteenth centuries, when writing in English was edgy and sometimes dangerous, by examining manuscripts and early printed books as the physical manifestations of this radicalizing literary culture.  
Fulfills Critical/Theoretical and Author(s) requirements.  
Junior or senior standing required.

ENGL 5513 Milton  
4 semester hours  
The poetry and selected prose of John Milton.  
Fulfills Author(s) requirement.  
Junior or senior standing required.

ENGL 5521 British Literature: 1660-1800  
4 semester hours  
Fulfills Critical/Theoretical requirement.  
Junior or senior standing required.

ENGL 5522 Eighteenth-Century English Novel  
4 semester hours  
The development of the English novel in its first century.  
Fulfills Critical/Theoretical requirement.  
Junior or senior standing required.

ENGL 5530 Studies in Romanticism  
4 semester hours  
Explore the key works, concepts, genres, and writers associated with Romanticism.  
This course is repeatable for degree credit up to two times provided new course material is covered and a new subtitle has been designated.  
Fulfills Critical/Theoretical requirement.  
Junior or senior standing required.

ENGL 5532 The Nineteenth-Century English Novel  
4 semester hours  
The development of the English novel from Austen to Hardy.  
Fulfills Critical/Theoretical requirement.  
Junior or senior standing required.

ENGL 5533 Victorian Literature  
4 semester hours  
Explores the key works, concepts, genres, and writers associated with Victorianism.  
This course is repeatable for degree credit up to two times provided new course material is covered and a new subtitle has been designated.  
Fulfills Critical/Theoretical requirement.  
Junior or senior standing required.  
University Core fulfilled: Flag: Information Literacy.

ENGL 5534 Literature of the Holocaust  
4 semester hours  
A study of the literature of the Holocaust including fiction, poetry, drama, and film.  
Fulfills Comparative or Critical/Theoretical requirement.  
Junior or senior standing required.  
University Core fulfilled: Flag: Engaged Learning.

ENGL 5541 British Fiction: 1900-1950  
4 semester hours  
A study of British novels and short fiction from 1900 to 1950.  
Fulfills Critical/Theoretical requirement.  
Junior or senior standing required.

ENGL 5542 British Literature: 1950 to the Present  
4 semester hours  
A study of British novels, short fiction, and poems from 1950 to the present.  
Fulfills Critical/Theoretical requirement.  
Junior or senior standing required.

ENGL 5543 British Poetry: 1900-1950  
4 semester hours  
A study of the poetry of Yeats, Eliot, Auden, Thomas, and other modernists.  
Fulfills Critical/Theoretical requirement.  
Junior or senior standing required.
ENGL 5544 Modern Irish Literature
4 semester hours
A survey of Irish literature from 1900 to World War II.
Fulfills Comparative or Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 5545 Contemporary Irish Literature
4 semester hours
A study of Irish literature from the end of World War II to the present.
Fulfills Comparative or Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 5546 Irish Renaissance
4 semester hours
A study of the period from the 1890s through the 1920s in Ireland focusing on the effort of Irish writers (and others) to preserve the rich legacy of Irish culture and carry it forward into the modern age.
Fulfills Comparative requirement.
Junior or senior standing required.

ENGL 5547 Irish Short Story
4 semester hours
A study of the short story in Ireland during the twentieth century.
Fulfills Comparative or Critical/Theoretical requirement.
University Core fulfilled: Flag: Writing.

ENGL 5548 Irish Women Writers
4 semester hours
This course will examine women's issues in Ireland from 1800 to the present, from the perspective of Irish women novelists, playwrights, and poets.
Fulfills Comparative or Critical/Theoretical requirement.
Junior or senior standing required.
University Core fulfilled: Flag: Information Literacy.

ENGL 5549 The Dark Stuff: Horror in Irish Literature
4 semester hours
The Dark Stuff will explore the rich traditions of the Gothic and the literary ghost story in Irish literature.
Fulfills Comparative or Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 5550 American Fiction Since 1950
4 semester hours
A study of American novels and short fiction from 1950 to the present.
Fulfills Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 5551 Nineteenth-Century American Women Writers
4 semester hours
A study of American women writers; close reading of representative texts from different genres by a range of diverse writers.
Fulfills Comparative or Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 5552 American Renaissance
4 semester hours
The study of American Transcendentalists and other writers from the American Renaissance period of the 19th century.
Fulfills Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 5553 American Realism and Naturalism
4 semester hours
The study of such representative American fiction writers as Twain, James, and Crane.
Fulfills Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 5554 Modern American Fiction
4 semester hours
The study of such representative novelists as Hemingway, Faulkner, Anderson, and Fitzgerald.
Fulfills Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 5555 Caribbean Literature
4 semester hours
The study of representative writers from the English-speaking Caribbean, such as George Lamming, Jean Rhys, Sam Salvon, and Jamaica Kincaid.
Fulfills Comparative or Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 5556 Nineteenth-Century American Women Writers
4 semester hours
A study of American women writers; close reading of representative texts from different genres by a range of diverse writers.
Fulfills Comparative or Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 5557 Nineteenth-Century American Women Writers
4 semester hours
A study of American women writers; close reading of representative texts from different genres by a range of diverse writers.
Fulfills Comparative or Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 5558 Nineteenth-Century American Women Writers
4 semester hours
A study of American women writers; close reading of representative texts from different genres by a range of diverse writers.
Fulfills Comparative or Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 5559 Survey of Literary Criticism
4 semester hours
The principles and practice of literary criticism from the Ancient Greeks to World War II.
Fulfills Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 5560 Power: American Literature, Theory, Society
4 semester hours
Examines language, literature, and power in American culture and society through postcolonial, feminist, and cultural studies.
Fulfills Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 5561 Contemporary Rhetorical Theory
4 semester hours
Textual analysis and production based on contemporary rhetorical theory.
Fulfills Creative/Artistry or Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 5562 Creative Writing Seminar
4 semester hours
An intensive writing class in fiction, poetry, drama, creative non-fiction, or some combination of these genres. This course is repeatable for degree credit up to two times, provided new course material is covered and a new subtitle has been designated.
Fulfills Creative/Artistry requirement.
Junior or senior standing required.
Prerequisite: One 4400-level creative writing course in the appropriate genre.

ENGL 5563 Theory of Teaching Writing and Literature
4 semester hours
A course for current and future teachers of composition designed to facilitate the application of theory to pedagogy.
Fulfills Creative/Artistry or Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 5566 Metaphor: Theory and Practice
4 semester hours
A course investigating metaphor theoretically and in the students' own writing.
Fulfills Creative/Artistry or Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 5567 Style in Writing
4 semester hours
A course investigating metaphor theoretically and in the students' own writing.
Fulfills Creative/Artistry or Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 5568 A Course About Nothing
4 semester hours
Examines the paradoxical signifier "nothing" across disciplines including cosmology, theology, philosophy, art, and literature.
Fulfills Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 5569 Linguistics
4 semester hours
An introduction to issues in linguistics, such as phonology, morphology, syntax, and sociolinguistics.
Fulfills Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 5571 Writing the Novella: Workshop
4 semester hours
Practice in writing extended narrative forms.
Fulfills Creative/Artistry requirement.
Junior or senior standing required.
Prerequisite: ENGL 4411, ENGL 4421, or ENGL 4431.

ENGL 5573 Writing Literary Dialogue
4 semester hours
A series of exercises and scenarios accentuating the rhythm, lyricism, and implicit movement of character-driven dialogue.
Fulfills Creative/Artistry requirement.
Junior or senior standing required.

ENGL 5574 Rhetoric and Media
4 semester hours
A study of persuasion and rhetorical strategies used by the media.
Fulfills Creative/Artistry or Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 5575 The Art of Rhetoric
4 semester hours
A survey of rhetoric from the classical to the modern period.
Fulfills Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 5582 Poetry of Witness
4 semester hours
A writing workshop in poetry involving the study of international political poems, or poems of witness.

Fulfills Comparative and Creative/Artistry requirements.
Junior or senior standing required.

ENGL 5583 Poetry of Night
4 semester hours
The poetry of silence, night, and dream: a sampling of deeply interior and surreal works feeds the generation of a body of related poems, via intensive reading, writing, and workshop.
Fulfills Creative/Artistry requirement.
Junior or senior standing required.

ENGL 5584 The Black Aesthetic
4 semester hours
Study of theories of African American aesthetics.
Fulfills Critical/Theoretical requirement.
Junior or senior standing required.

ENGL 5590 The Feminist Critique: Journalism, the Arts, and Gender
4 semester hours
A study of arts criticism by women writers.
Fulfills Creative/Artistry requirement.
Junior or senior standing required.

ENGL 5591 Literary Journalism
4 semester hours
Examines the tradition of literary journalism, the telling of true stories through fictional techniques, with emphasis on helping students produce a publishable body of work in this genre.
Fulfills Creative/Artistry requirement.
Junior or senior standing required.

ENGL 5592 Pazz and Jop: Music Criticism
4 semester hours
By studying the works of critics throughout pop music history, students will learn to think critically about musical terms and genres and express their observations and opinions in various forms.
Fulfills Creative/Artistry requirement.
Junior or senior standing required.

ENGL 5595 Capstone Seminar
4 semester hours
A seminar in which students are supervised in developing a portfolio of work in their area of specialization.
Fulfills Specialization course requirement.
Senior standing required.

ENGL 5602 The Arthurian Romance
3 semester hours
A study of Arthurian legend from Geoffrey of Monmouth to Sir Thomas Malory.
M.A. candidate standing required.

ENGL 5603 English Literature of the Middle Ages
3 semester hours
English literature, from the Normans to the Tudors.
M.A. candidate standing required.

ENGL 5604 Chaucer
3 semester hours
The works of Chaucer, particularly *The Canterbury Tales*.
M.A. candidate standing required.

ENGL 5607 The Idea of the Vernacular
Using a variety of modern and medieval theoretical models, the course interrogates the rise of English as a literary medium in the fourteenth and fifteenth centuries, when writing in English was edgy and sometimes dangerous, by examining manuscripts and early printed books as the physical manifestations of this radicalizing literary culture. M.A. candidate standing required.

**ENGL 5613 Milton**  
3 semester hours  
The poetry and selected prose of John Milton.  
M.A. candidate standing required.

**ENGL 5621 British Literature: 1660-1800**  
3 semester hours  
M.A. candidate standing required.

**ENGL 5622 Eighteenth-Century English Novel**  
3 semester hours  
The development of the English novel in its first century.  
M.A. candidate standing required.

**ENGL 5630 Studies in Romanticism**  
3 semester hours  
Explore the key works, concepts, genres, and writers associated with Romanticism.  
This course is repeatable for degree credit up to two times provided new course material is covered and a new subtitle has been designated.  
M.A. candidate standing required.

**ENGL 5632 The Nineteenth-Century English Novel**  
3 semester hours  
The development of the English novel from Austen to Hardy.  
M.A. candidate standing required.

**ENGL 5633 Victorian Literature**  
3 semester hours  
Explores the key works, concepts, genres, and writers associated with Victorianism.  
This course is repeatable for degree credit up to two times provided new course material is covered and a new subtitle has been designated.  
M.A. candidate standing required.

**ENGL 5634 Literature of the Holocaust**  
3 semester hours  
A study of the literature of the Holocaust including fiction, poetry, drama, and film.  
M.A. candidate standing required.

**ENGL 5641 British Fiction: 1900-1950**  
3 semester hours  
A study of British novels and short fiction from 1900 to 1950.  
M.A. candidate standing required.

**ENGL 5642 British Literature: 1950 to the Present**  
3 semester hours  
A study of British novels, short fiction, and poems from 1950 to the present.  
M.A. candidate standing required.

**ENGL 5643 British Poetry: 1900-1950**  
3 semester hours  
A study of the poetry of Yeats, Eliot, Auden, Thomas, and other modernists.  
M.A. candidate standing required.

**ENGL 5644 Modern Irish Literature**  
3 semester hours  
A survey of Irish literature from 1900 to World War II.  
M.A. candidate standing required.

**ENGL 5645 Contemporary Irish Literature**  
3 semester hours  
A study of Irish literature from the end of World War II to the present.  
M.A. candidate standing required.

**ENGL 5646 Irish Renaissance**  
3 semester hours  
A study of the period from the 1890s through the 1920s in Ireland focusing on the effort of Irish writers (and others) to preserve the rich legacy of Irish culture and carry it forward into the modern age.  
M.A. candidate standing required.

**ENGL 5647 Irish Short Story**  
3 semester hours  
A study of the short story in Ireland during the twentieth century.  
M.A. candidate standing required.

**ENGL 5648 Irish Women Writers**  
3 semester hours  
This course will examine women's issues in Ireland from 1800 to the present, from the perspective of Irish women novelists, playwrights, and poets.  
M.A. candidate standing required.

**ENGL 5649 The Dark Stuff: Horror in Irish Literature**  
3 semester hours  
The Dark Stuff will explore the rich traditions of the Gothic and the literary ghost story in Irish literature.  
M.A. candidate standing required.

**ENGL 5652 American Renaissance**  
3 semester hours  
The study of American Transcendentalists and other writers from the American Renaissance period of the 19th century.  
M.A. candidate standing required.

**ENGL 5653 American Realism and Naturalism**  
3 semester hours  
The study of such representative American fiction writers as Twain, James, and Crane.  
M.A. candidate standing required.

**ENGL 5654 Modern American Fiction**  
3 semester hours  
The study of such representative novelists as Hemingway, Faulkner, Anderson, and Fitzgerald.  
M.A. candidate standing required.

**ENGL 5655 American Fiction Since 1950**  
3 semester hours  
A study of American novels and short fiction from 1950 to the present.  
M.A. candidate standing required.
ENGL 5656 Modern American Poetry  
3 semester hours  
The study of representative American poets from Whitman to the mid-twentieth century.  
M.A. candidate standing required.

ENGL 5657 Nineteenth-Century American Women Writers  
3 semester hours  
A study of American women writers; close reading of representative texts from different genres by a range of diverse writers.  
M.A. candidate standing required.

ENGL 5658 Caribbean Literature  
3 semester hours  
The study of representative writers from the English-speaking Caribbean, such as George Lamming, Jean Rhys, Sam Salvon, and Jamaica Kincaid.  
M.A. candidate standing required.

ENGL 5659 Survey of Literary Criticism  
3 semester hours  
The principles and practice of literary criticism from the Ancient Greeks to World War II.  
M.A. candidate standing required.

ENGL 5660 Power: American Literature, Theory, Society  
3 semester hours  
Examines language, literature, and power in American culture and society through postcolonial, feminist, and cultural studies.  
M.A. candidate standing.

ENGL 5662 Contemporary Rhetorical Theory  
3 semester hours  
Textual analysis and production based on contemporary rhetorical theory.  
M.A. candidate standing required.

ENGL 5663 Creative Writing Seminar  
3 semester hours  
An intensive writing class in fiction, poetry, drama, creative non-fiction, or some combination of these genres.  
This course is repeatable for degree credit up to two times, provided new course material is covered and a new subtitle has been designated.  
M.A. candidate standing required.

ENGL 5665 Theory of Teaching Writing and Literature  
3 semester hours  
A course for current and future teachers of composition designed to facilitate the application of theory to pedagogy.  
M.A. candidate standing required.

ENGL 5666 Metaphor: Theory and Practice  
3 semester hours  
A course investigating metaphor theoretically and in the students' own writing.  
M.A. candidate standing required.

ENGL 5667 Style in Writing  
3 semester hours  
An examination of prose styles and theories of style to help students develop their own writing styles.  
M.A. candidate standing required.

ENGL 5669 Linguistics  
3 semester hours  
An introduction to issues in linguistics, such as phonology, morphology, syntax, and sociolinguistics.  
M.A. candidate standing required.

ENGL 5671 Writing the Novella: Workshop  
3 semester hours  
Practice in writing extended narrative forms.  
M.A. candidate standing required.

ENGL 5673 Writing Literary Dialogue  
3 semester hours  
A series of exercises and scenarios accentuating the rhythm, lyricism, and implicit movement of character-driven dialogue.  
M.A. candidate standing required.

ENGL 5674 Rhetoric and Media  
3 semester hours  
A study of persuasion and rhetorical strategies used by the media.  
M.A. candidate standing required.

ENGL 5675 The Art of Rhetoric  
3 semester hours  
A survey of rhetoric from the classical to the modern period.  
M.A. candidate standing required.

ENGL 5682 Poetry of Witness  
3 semester hours  
A writing workshop in poetry involving the study of international political poems, or poems of witness.  
M.A. candidate standing required.

ENGL 5683 Poetry of Night  
3 semester hours  
The poetry of silence, night, and dream: a sampling of deeply interior and surreal works feeds the generation of a body of related poems, via intensive reading, writing, and workshop.  
M.A. candidate standing required.

ENGL 5684 The Black Aesthetic  
3 semester hours  
Study of theories of African American aesthetics.  
M.A. candidate standing required.

ENGL 5690 The Feminist Critique: Journalism, the Arts, and Gender  
3 semester hours  
A study of arts criticism by women writers.  
M.A. candidate standing required.

ENGL 5691 Literary Journalism  
3 semester hours  
Examines the tradition of literary journalism, the telling of true stories through fictional techniques, with emphasis on helping students produce a publishable body of work in this genre.  
M.A. candidate standing required.

ENGL 5692 Pazz and Jop: Music Criticism  
3 semester hours  
By studying the works of critics throughout pop music history, students will learn to think critically about musical terms and genres and express their observations and opinions in various forms.  
M.A. candidate standing required.
ENGL 5998 Special Studies
1 TO 4 semester hours
Junior, senior, or M.A. candidate standing required.

ENGL 5999 Independent Studies
1 TO 4 semester hours
Junior, senior, or M.A. candidate standing required.

ENGL 6600 Critical Methodology
3 semester hours
Prolegomena to Graduate Studies in English (must be completed in the first semester).

ENGL 6601 Seminar in a Literary Period
3 semester hours
Intensive study of a formative era in the history of English Literatures.

ENGL 6602 Seminar in a Genre
3 semester hours
Exploration of one of the types or categories into which literary works are conventionally grouped.

ENGL 6603 Seminar in a Major Writer
3 semester hours
Intensive study of an influential writer.

ENGL 6604 Seminar Literary Theory
3 semester hours
Exploration of theoretical approaches to literature and its production.

ENGL 6605 Contemporary Critical Theory
3 semester hours
Exploration of theoretical approaches to art, thought, and culture (must be completed in the first year).

ENGL 6606 Seminar in Rhetoric
3 semester hours
Intensive study of the arts of persuasion.

ENGL 6607 Seminar in Composition Theory
3 semester hours
Exploration of theoretical approaches to the disciplines of Rhetoric and Composition.

ENGL 6608 Reading and Writing the Other
3 semester hours
A hybrid reading and writing seminar that explores otherness and difference as an aesthetic, political, theoretical, and subjective experience.

ENGL 6610 Seminar in Creative Writing
3 semester hours
Intensive practicum in Creative Writing.

ENGL 6694 Capstone Portfolio
0 semester hours
The capstone portfolio is a culminating project that requires students to work under the supervision of an advisor to create a critical or creative portfolio that highlights his/her research or creative interests.

ENGL 6998 Special Studies
1 TO 3 semester hours

ENGL 6999 Independent Studies
0 TO 3 semester hours

Engineering (ENGR)

ENGR 100 Introduction to Engineering Analysis, Problem Solving, and Design
3 semester hours
This course is designed to introduce basic concepts relevant to engineering and to promote interest in the profession. The course seeks to establish a solid foundation of technical, creative, teamwork, and communication skills for engineers through effective problem solving, analysis, and design techniques. Practical computer applications are integrated as tools to solve engineering problems through the use of spreadsheets and other software. The course introduces the use of manual and computer graphics in engineering design. Students are also exposed to the different engineering disciplines through a variety of speakers active in the profession.
Lecture, 3 hours.
Corequisite: MATH 120.

ENGR 160 Algorithms and Applications
3 semester hours
The development of algorithms for the computer solution of engineering problems and the implementation of the algorithms using MATLAB.
Lecture, 3 hours.

ENGR 198 Special Studies
1 TO 3 semester hours

ENGR 199 Independent Studies
1 TO 3 semester hours

ENGR 200 Statics
3 semester hours
Resultants of force systems, free-body diagrams, equations of equilibrium and their applications, analysis of trusses, centroids and moments of inertia, shear and moment diagrams.
Lecture, 3 hours.
Prerequisites: MATH 132 or concurrent enrollment, PHYS 101.

ENGR 278 The Science of the Automobile
3 semester hours
An introduction to today's automotive technology, and the science that supports it, using a systems approach to automotive design. Automotive design, function, and features are discussed, along with the manufacturing process involved in automotive construction and the effect of globalization on the automotive industry.
Lecture, 3 hours.
Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.

ENGR 298 Special Studies
1 TO 3 semester hours

ENGR 299 Independent Studies
1 TO 3 semester hours
### ENGR 300 Fundamentals of Engineering (FE) Exam
0 semester hours

### ENGR 398 Special Studies
1 TO 3 semester hours

### ENGR 399 Independent Studies
1 TO 3 semester hours

### ENGR 400 Senior Seminar
0 semester hours
Presentations emphasizing ethics; economics; societal, political, and global issues; lifelong learning; and contemporary engineering issues. Lecture, 1 hour. Senior standing required.

### ENGR 498 Special Studies
1 TO 3 semester hours

### ENGR 499 Independent Studies
1 TO 3 semester hours

### Entrepreneurship (ENTR)

#### ENTR 3310 Introduction to Entrepreneurship
3 semester hours
This course is designed to introduce students to entrepreneurship as an integral part of our economy at the local, regional, national, and global level. Students will learn about the processes involved in taking entrepreneurial ideas from conception to new venture launch, with emphasis placed on the creativity, critical thinking skills, and flexibility essential to recognizing business opportunities and assessing those opportunities' feasibility in uncertain, dynamic markets. At a more detailed level, students will be exposed (through readings and experiential exercises) to issues of creativity and innovation, feasibility analysis, "proof of concept" development, and new venture leadership. Junior standing required. Prerequisites: BADM 1010, BADM 1020, all with a minimum grade of C (2.0).

#### ENTR 3330 Social Entrepreneurship
3 semester hours
In this course, students are introduced to the field of social entrepreneurship—the process of using an entrepreneurial mindset and business skills to create innovative approaches to societal problems. We explore the social entrepreneurship landscape and examine the latest innovations in business models, legal forms, financing alternatives, and management strategies. Students are expected to identify their passions and work on relevant business ideas or field projects that will equip them with hands-on experience. Junior standing required. Prerequisites: BADM 1010 and BADM 1020, both with a minimum grade of C (2.0), and ENTR 3310.

#### ENTR 3350 New Venture Creation
3 semester hours
This course is designed to provide students with a hands-on opportunity to learn how a new venture opportunity is developed. In the process of completing a business plan, students will 1) learn to think critically about business concepts, and 2) complete primary and secondary research about fundamental strategic, operational, financial, marketing, and HR issues. Prerequisite: ENTR 3310.

#### ENTR 3380 Small Business Management
3 semester hours
This integrative course allows students to combine skills learned in all business disciplines. The focus is on the identification and analysis of operating problems confronting the small business manager. Junior standing required. Prerequisites: BADM 1010 and BADM 1020, both with a minimum grade of C (2.0), and ENTR 3310.

#### ENTR 3397 Internship
1 semester hour
The objective of this one-semester-hour course is to help students achieve a worthwhile learning experience relevant to their major program of study. The internship, conducted with an off-campus organization, will help the student gain insights relative to his/her strengths and weaknesses in the job environment.

#### ENTR 3398 Special Studies
1 TO 3 semester hours

#### ENTR 3399 Independent Studies
1 TO 3 semester hours

#### ENTR 4310 Entrepreneurial Finance
3 semester hours
In this course, students are introduced to the financial aspects of small businesses and entrepreneurial ventures. The key topics include evaluating new business ideas and ventures, reading and understanding financial statements of rapidly growing companies, and developing financing strategies. We also discuss various debt and equity alternatives of financing, the different valuation techniques, and key tactics and approaches to negotiating term sheets. (See FNCE 4410.) Prerequisites: ENTR 3310 and FNCE 3410.

#### ENTR 4320 Real Estate Finance, Investment, and Entrepreneurship
3 semester hours
This course introduces students to gathering relevant data (both primary and secondary data) to build financial models for analyzing, interpreting, and making decisions on evaluation of alternative real estate investment opportunities with alternative financial structures. Hands-on entrepreneurial learning makes use of cases, gathering primary data, financial modeling, and estimating the most an investor should pay for a specific property. More specifically, this course includes determining a property's "investment value," financing strategy, risk analysis, taxation, market area supply and demand analysis by property type (e.g., single-family homes, apartments, office, retail, warehouses, and other industrial properties), alternative investment ownership (e.g., sole proprietorships, REITs, Limited Partnerships, LLCs, etc.), as well as evaluating alternative financing instruments in both primary and secondary markets. (See FNCE 4420.) Prerequisites: ENTR 3310 and FNCE 3410.

#### ENTR 4340 International Entrepreneurship
3 semester hours
This course focuses on developing knowledge and skills in three key
components of international entrepreneurship: initiating entrepreneurial ventures, managing international business transactions, and dealing with multicultural business environments. The course includes a feasibility study of an international small business venture start up, case study, and experiential learning. (See INBA 4840.)

Prerequisites: BADM 1040 with a grade of C (2.0) or better, ENTR 3310, and INBA 3810.

ENTR 4370 Product and Business Design
3 semester hours
This course, a joint venture between LMU and OTIS College of Design, provides an overview of the key concepts, frameworks, and issues in product design and development. Students are expected to learn to work effectively in an interdisciplinary team to construct a business concept, design a new product, and complete a prototype. Prerequisite: ENTR 3310.

ENTR 4381 Managing New Ventures
3 semester hours
This course is designed to provide students with theoretical and practical knowledge about new and young businesses. Print and live cases will be used to facilitate in-depth exploration of the typical start-up, operating, and growth challenges facing entrepreneurial companies. Guest speakers (founders of or investors in new ventures) will share their entrepreneurial journeys. Students will participate in a team project where they meet with the founder(s) of a local entrepreneurial venture, identify key challenges facing that venture, and develop an in-depth plan to address those challenges. Prerequisite: ENTR 3310.

ENTR 4398 Special Studies
1 TO 3 semester hours

ENTR 4399 Independent Studies
1 TO 3 semester hours
Requires approval of the Associate Dean.

Environmental Science (ENVS)

ENVS 101 Introduction to Environmental Science
3 semester hours
Introduction to the study of environmental science. Examination of issues and problems associated with the environment including examples from air, water, and soil pollution and some remediation strategies. Lecture, 3 hours.
University Core fulfilled: Explorations: Nature of Science, Technology, and Mathematics.

ENVS 250 Earth Science
3 semester hours
An introductory exploration of how the Earth works. Focus is placed on connecting the Earth systems-the solid Earth, atmosphere, oceans, and biosphere-through the cycling of chemical elements and energy. The course will also discuss significant anthropogenic impacts to the natural Earth system. Lecture, 3 hours.
Prerequisites: CHEM 110 and CHEM 112.

ENVS 263 Surfin' Science
3 semester hours
Various basic principles of oceanography, meteorology, and marine biology are explored as applied to the art of surfing. Topics include the genesis, propagation, and dynamics of waves; marine weather systems and surf prediction; marine organisms; and marine pollution issues of concern to surfers.
Lecture, 3 hours.
Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.
University Core fulfilled: Explorations: Nature of Science, Technology, and Mathematics.

ENVS 275 The Automobile and the Environment
3 semester hours
The study of geologic processes in mineral formation, world-wide distribution, and commercial value to human societies.
Lecture, 3 hours.
Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.

ENVS 276 Atmospheric Science
3 semester hours
The study of general phenomena of weather; including storms, atmospheric disturbances, and possible effects of pollution. This course involves weather forecasting using real-time meteorological data.
Lecture, 3 hours.
Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.

ENVS 279 Principles of Environmental Sustainability
3 semester hours
This course explores the reality that the most difficult and enduring challenges are not merely technical but also social and institutional. An introduction to the basic science behind key environmental issues is provided along with tools for analyzing the social and institutional underpinnings of environmental conflict, and strategies to move towards sustainability.
Lecture, 3 hours.
Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.

ENVS 300 Engineering Geology
3 semester hours
Atmospheric, aqueous, and igneous agencies; river and marine deposits, glaciers, earth movements, volcanoes, earthquakes. Emphasis placed on factors affecting engineering projects; field trips.
Lecture, 3 hours.

ENVS 301 Environmental Science
3 semester hours
Study of environmental science problems stressing an interdisciplinary approach. Analysis of problem and formulation of remediation strategies considering appropriate principles from biology, chemistry, physics, earth science, and engineering.
Lecture, 3 hours.
Prerequisites: BIOL 101, BIOL 102; CHEM 110, CHEM 112; or ENVS 101.

ENVS 302 Environmental Science Lab I
1 semester hour
Use of standard tests in environmental science to determine chemical and biological species of interest in air, water, and soil systems.
Laboratory, 4 hours.
Prerequisites: MATH 104; ENVS 301 or concurrent enrollment.
ENVS 310 Oceanography
3 semester hours
The basic concepts of physical and biological oceanography will be presented.
Lecture, 3 hours.
Prerequisites: BIOL 101, BIOL 102, BIOL 111, BIOL 112; CHEM 110, CHEM 111, CHEM 112, CHEM 113.

ENVS 330 Environmental Chemistry
3 semester hours
A study of environmental chemistry. Topics include stratospheric chemistry, the chemistry of ground-level air and air pollution, toxic organic chemicals, the chemistry of natural waters, soil chemistry and heavy metals, energy production and the environment.
Lecture, 3 hours.
Prerequisites: CHEM 112 and CHEM 113.

ENVS 332 Environmental Science Lab II
1 semester hour
Use of standard methods of analysis to determine pollutants found in air, water, and soil systems. Emphasis will be on the use of instrumental methods and techniques.
Laboratory, 4 hours.
Prerequisites: BIOL 101, BIOL 102; CHEM 110, CHEM 112; MATH 104.

ENVS 356 Sustainable Practices
3 semester hours
(See CHEM 356.)

ENVS 357 Environmental Chemistry I
3 semester hours

ENVS 358 Environmental Chemistry II
3 semester hours

ENVS 359 Environmental Chemistry Lab
1 semester hour

ENVS 398 Special Studies
1 TO 3 semester hours

ENVS 399 Independent Studies
1 TO 4 semester hours

ENVS 401 Senior Seminar/Project
3 semester hours
Research work on a project within the field of environmental science including presentation of a seminar over work.
Consent of instructor required.

ENVS 420 Environmental Systems Lab
3 semester hours
Chemical and microbiological tests and demonstrations for environmental systems.
Laboratory, 3 hours.
Prerequisite: CIVL 320 or ENVS 301.

ENVS 490 Environmental Science Teaching
0 TO 2 semester hours
Guided teaching of undergraduate laboratories.
May be repeated for credit.
Consent of instructor required.

ENVS 491 Environmental Science Capstone I
2 semester hours
Work on a research project within the field of Environmental Science. Focus will be on conducting a literature review, developing an experimental procedure, and collection of data for the project.
Majors only or consent of Director required.

ENVS 492 Environmental Science Capstone II
2 semester hours
Work on a research project within the field of environmental science. Focus will be on determining results and discussion of results, preparation for presentation, and write up of paper for submission for the project.
Majors only or consent of Director required.
Prerequisite: ENVS 491.

ENVS 493 Environmental Science Internship
1 TO 4 semester hours
Work experience in the field of environmental science in a research, industry, or municipal setting.

ENVS 498 Special Studies
1 TO 4 semester hours

ENVS 499 Independent Studies
1 TO 4 semester hours

ENVS 500 Geology
3 semester hours
Atmospheric, aqueous, and igneous agencies; river and marine deposits, glacier, earth movement, volcanoes, earthquakes. Emphasis placed on factors affecting engineering projects; field trips.

ENVS 504 Climate Change, Impacts, and Sustainability
3 semester hours
Overview of Earth’s climate system and exploration of the science, impacts, and politics of global climate change. Specific topics include the greenhouse effects; El Niño; atmospheric and oceanic circulation; observations and projections; impacts on water resources and agriculture; politics; alternative energy; sustainability; and mitigation. Special emphasis is placed on California and the western United States.

ENVS 510 Chemistry for Environmental Engineers and Scientists
3 semester hours
Review of inorganic chemistry with emphasis on gas laws, chemical equilibrium, oxidation-reduction, thermodynamics, and chemical kinetics. An introduction to organic chemistry is presented.
Lecture, 3 hours.
Prerequisite: CHEM 114 or equivalent.

ENVS 513 Solid Waste Engineering
2 semester hours
An application of current technology in the control, disposal, and recovery of value from solid wastes.
Lecture, 3 hours.

ENVS 515 Environmental Impact Reports
3 semester hours
An engineering perspective of managing projects through the California Environmental Quality Act (CEQA) process.
Lecture, 3 hours.
ENVS 518 Applied Oceanography
3 semester hours
A study of the physical, chemical, and biological characteristics of the oceans which must be considered in the design of wastewater outfalls, marine structures, etc. Lecture, 3 hours.

ENVS 525 Inland Waters
3 semester hours
The structure of and movement of water in lakes, rivers, and estuaries; cyclical and progressive changes of the physical, chemical, and biological composition of aquatic systems are discussed along with an explanation of lake remediation techniques. Lecture, 3 hours.
Prerequisites: ENVS 510 or ENVS 610 and ENVS 544 or ENVS 644.

ENVS 531 Principles of Water Quality Management
3 semester hours
Review of the basic parameters used to describe water quality. Fundamentals of aquatic interaction in natural systems and fate of pollutants in the natural environments. Basic water and wastewater treatment systems. Prerequisites: Introductory calculus, basic physics, and chemistry.

ENVS 533 Aquatic Chemistry
3 semester hours
Equilibrium chemistry concepts including gas- and solid-liquid equilibria applied to aquatic systems. Emphasis on calculation methods for solving for chemical speciation in natural and treated aquatic systems. Lecture, 3 hours. Senior standing required.
CHEM, CIVL, or ENVS majors only.

ENVS 544 Applied Microbiology
3 semester hours
Emphasis on physical and biochemical aspects of bacterial metabolism and behavior as applied to environmental engineering; kinetics and energetics of microbial growth. Lecture, 3 hours.
Prerequisites: CIVL 400 and ENVS 510.

ENVS 550 Watershed Function and Protection
3 semester hours
Discussion of watershed structure, function, pollution, management and protection. Topics include ecosystem services provided by various types of watersheds, impacts from various pollutants and poor land uses, and mitigation measures through various regulatory measures and best management practices (BMPs). Several weekend field trips are required, and a class project will be assigned involving some aspect of watershed protection strategy. Junior or senior standing required.

ENVS 593 Environmental Science Internship Workshop
1 TO 4 semester hours
Advanced work experience in the field of environmental science in a research, industry, or municipal setting.

ENVS 598 Special Studies
1 TO 4 semester hours

ENVS 599 Independent Studies
1 TO 4 semester hours

ENVS 600 Ecology of Resilient Cities
3 semester hours
An investigation into the biophysical and social ecology of urban environments. Considering human legacies of land use and land cover change, the course explores the core elements of sustainable urban communities. Lecture, 3 hours.
Enrollment in Urban Ecology Track or consent of instructor and program director required.

ENVS 601 Behavioral Ecology and Management of Urban Wildlife
3 semester hours
An examination of how wildlife populations interact with the urban environments and the humans that populate them. This course has a strong focus on data and methodology and considers the role of urban habitats as sources and sinks for native and invasive species. Lecture, 3 hours.
Enrollment in Urban Ecology Track or consent of instructor and program director required.

ENVS 602 Land Use, Legacies, and Transformation in Urban Ecosystems
3 semester hours
Enrollment in Urban Ecology Track or consent of instructor and program director required.

ENVS 603 Advanced Topics in Urban Ecology
3 semester hours
Taught as a seminar, this course provides a forum for investigating cutting edge ideas in urban ecosystem function and change. Taught from the original literature, and with the help of visiting scholars, the themes of the course will vary from year to year.

ENVS 604 Climate Change, Impact, and Sustainability
3 semester hours
Overview of Earth's climate system and exploration of the science, impacts, and politics of global climate change. Specific topics include the greenhouse effect; El Nino; atmospheric and oceanic circulations; observations and projections; impacts on water resources and agriculture; politics; alternative energy; sustainability; and mitigation. Special emphasis is placed on California and the western United States.

ENVS 610 Chemistry for Environmental Engineers and Scientists
3 semester hours
Review of inorganic chemistry with emphasis on gas laws, chemical equilibrium, oxidation-reduction, thermodynamics, and chemical kinetics. An introduction to organic chemistry is presented. Prerequisite: Undergraduate chemistry.

ENVS 613 Solid Wastes Engineering
3 semester hours
Application of current technology to municipal solid waste collection, separation and recovery, haul and transport, and municipal landfill design including gas collection and handling.

ENVS 615 Environmental Impact Reports
3 semester hours
An engineering perspective of managing water and wastewater projects through the California Environment Quality Act (CEQA) process.
ENVS 618 Applied Oceanography
3 semester hours
A study of the physical, chemical, and biological characteristics of the oceans which must be considered in the design of wastewater outfalls, marine structures, etc. Adequate mathematics/science background required.

ENVS 625 Inland Waters
3 semester hours
The structure and movement of water in lakes, rivers, and estuaries; cyclical and progressive changes of the physical, chemical, and biological composition of aquatic systems are discussed along with an explanation of lake remediation techniques. Prerequisites: ENVS 510 or ENVS 610 and ENVS 644.

ENVS 631 Principles of Water Quality Management
3 semester hours
Review of the basic parameters used to describe water quality. Fundamentals of aquatic interaction in natural systems and fate of pollutants in the natural environments. Basic water and wastewater treatment systems. Graduate standing in Frank R. Seaver College of Science and Engineering degree program required.

ENVS 633 Aquatic Chemistry
3 semester hours
Equilibrium chemistry concepts including gas- and solid-liquid equilibria applied to aquatic systems. Emphasis on calculation methods for solving for chemical speciation in natural and treated aquatic systems. Graduate standing in Frank R. Seaver College of Science and Engineering degree program required.

ENVS 635 Chemical Fate and Transport
3 semester hours
Introduction to physical, chemical, and biological processes governing the movement and fate of chemicals in surface water and the subsurface. Practical quantitative problems solved based on chemical transport and reactions in the environment. Prerequisite: ENVS 610 or permission of the instructor.

ENVS 644 Applied Microbiology
3 semester hours
Emphasis on physical and biochemical aspects of bacterial metabolism and behavior as applied to environmental engineering; kinetics and energetics of microbial growth. Prerequisites: ENVS 510 or ENVS 610 and ENVS 531 or ENVS 631.

ENVS 645 Environmental Engineering and Science Laboratory
3 semester hours
The application of standard tests to determine the chemical and biological quality characteristics in wastewater, water, and aquatic systems. Prerequisites: ENVS 531 or ENVS 631, ENVS 533 or ENVS 633, and ENVS 544 or ENVS 644.

ENVS 650 Watershed Function and Protection
3 semester hours
Discussion of watershed structure, function, pollution, management and protection. Topics include ecosystem services provided by various types of watersheds, impacts from various pollutants and poor land uses, and mitigation measures through various regulatory measures and best management practices (BMPs). Several weekend field trips are required, and a class project will be assigned involving some aspect of watershed protection strategy.

ENVS 695 Master Thesis
3 semester hours

ENVS 698 Special Studies
1 TO 4 semester hours

ENVS 699 Independent Studies
1 TO 4 semester hours

European Studies (EURO)

EURO 1181 European Language and Culture I
4 semester hours
Introduction to a specific European language. Designed for complete beginners. No placement test necessary upon on-site arrival. Only available to LMU Study Abroad Program students. Repeatable up to four times, as long as each is a different language (FREN, GRMN, ITAL, SPAN).

EURO 1182 European Language and Culture II
4 semester hours
Designed for false beginners - i.e., students who either took a language a long time ago and do not remember it, or students who were exposed to the language, but not in a formal way - in a specific European language. Students will take a placement test upon on-site arrival to be assigned to the appropriate level. Only available to LMU Study Abroad Program students. Repeatable up to four times, as long as each is a different language (FREN, GRMN, ITAL, SPAN).

EURO 1998 Special Studies
1 TO 4 semester hours

EURO 1999 Independent Studies
1 TO 4 semester hours

EURO 2283 European Language and Culture III
4 semester hours
Designed for students with intermediate proficiency in a specific European language. Students will take a placement test upon on-site arrival to be assigned to the appropriate level. Only available to LMU Study Abroad Program students. Repeatable up to four times, as long as each is a different language (FREN, GRMN, ITAL, SPAN).

EURO 2284 European Language Culture IV
4 semester hours
Designed for students with intermediate to advanced proficiency in a specific European language. Students will take a placement test upon on-site arrival to be assigned to the appropriate level. Only available to LMU Study Abroad Program students. Repeatable up to four times, as long as each is a different language (FREN, GRMN, ITAL, SPAN).

EURO 2998 Special Studies
1 TO 4 semester hours

EURO 2999 Independent Studies
1 TO 4 semester hours
EURO 3020 Late Antique and Medieval Western Christianity  
4 semester hours  
(See THST 3020.)

EURO 3021 The History of Christianity from the Middle Ages to the Present  
4 semester hours  
(See THST 3021.)

EURO 3210 Classical and Near Eastern Myths  
4 semester hours  
(See CLAR 3210.)

EURO 3221 Greek Orthodox Tradition  
4 semester hours  
(See THST 3221.)

EURO 3252 Orthodox Christian Spirituality  
4 semester hours  
(See THST 3252.)

EURO 3303 Art and Architecture of Ancient Greece  
3 semester hours  
(See ARHS 3102 and CLAR 3230.)

EURO 3304 Arts of Ancient Rome  
3 semester hours  
(See ARHS 3104 and CLAR 3240.)

EVST 4001 Environmental Studies Capstone Seminar  
4 semester hours  
A capstone seminar in which student groups will bring to bear the multidisciplinary and interdisciplinary perspectives they have
developed in the minor by analyzing a local Environmental Impact Report (EIR).
EVST seniors or by consent of Director.
University Core fulfilled: Flag: Engaged Learning.

**EVST 4998 Special Studies**
1 TO 4 semester hours

**EVST 4999 Independent Studies**
1 TO 4 semester hours

**Filipino (FLPN)**

**FLPN 1101 Filipino 1**
4 semester hours
This course is designed for students who have little or no knowledge of the language. Students will learn how to construct the basic sentence patterns in Filipino/Tagalog, and to use the actor focus verbs UM, MAG, MA and the object focus verb -IN as well as the different sets of pronouns and their proper use: nominative, dative, and genitive.

**FLPN 1102 Filipino 2**
4 semester hours
This course is a continuation of Filipino 1. The course will also cover the Object Focus Verbs -IN, I-, -AN, and the ablative focus verbs MAK- and MAKAPAG- and the causative verb MAGPA-. There will be extensive role play and multimedia materials to assist students in learning the language.

**FLPN 2103 Filipino 3**
4 semester hours
This course is designed to strengthen listening, speaking, reading, and writing skills and to improve communicative competence by teaching the social rules along with the linguistic rules. Students will be introduced to more complex sentence structures and the other verb focuses: locative, instrumental, and directional.

**FLPN 2104 Filipino 4**
4 semester hours
This course is a continuation of Filipino 3. Students will have extensive practice in narration (pagasalaysay): description of people, places, objects, feelings (pagalarawan); defining and explaining a procedure (paglabalad); and argumentation (pangangatwiran). More complex grammatical structures and readings will be used to further the students' proficiency in the language.

**First Year Seminar (FFYS)**

**FFYS 1000 First Year Seminar**
3 OR 4 semester hours
The Core experience begins with a First Year Seminar (FYS) that introduces students to the spirit of academic excellence and intellectual rigor at LMU. Aimed at improving students' written and oral communication skills, the FYS invites students to engage critically and reflectively with scholarly discourse in a variety of formats: written, oral, and visual. The topic for each section of FYS is chosen and developed by its instructor within one of seven broad themes including 1) Faith and Reason, 2) Ethics and Justice, 3) Virtue and Justice, 4) Culture, Art, and Society, 5) Power and Privilege, 6) Globalization, and 7) Science, Nature, and Society.

**Finance (FNCE)**

**FNCE 3400 Fundamentals of Corporate Finance**
4 semester hours
This course introduces students to fundamental financial decisions made by various types of organizations. The principal objective of the course is for students to develop an understanding of the basic tools of financial analysis. The topics of valuation by discounting, long-term investment decisions, short-term financial planning, and risk and required return will be emphasized. Students will analyze financial problems of business enterprises and investment issues related to maximizing shareholder value.
Prerequisites: ACCT 2110, ACCT 2120 (either completed or taking concurrently); ECON 1050 (or ECON 1100 and ECON 1200), ECON 2300; MATH 112, MATH 120, all with a minimum grade of C (2.0).

**FNCE 3410 Fundamentals of Finance**
3 semester hours
Topics include structure and financial problems of business enterprises; methods and instruments available for promoting, financing, recapitalizing, and reorganizing business enterprises; and social control of security issues and exchanges. In addition, time value of money, risk and return trade-offs, security valuation, and working capital management will be studied.
Prerequisites: ACCT 2120; BADM 1010, BADM 1020; ECON 1050 (or ECON 1100 and ECON 1200), ECON 2300; MATH 112 or MATH 131, all with a minimum grade of C (2.0).

**FNCE 3420 Investments**
3 semester hours
The course will examine the sources and demand for investment capital, investment policy, and procedures for the analysis of security evaluation. Students will become competent in stock and bond valuation, capital asset pricing, options, portfolio computation, performance evaluation, and foreign exchange. Students will become familiar with investment statistics, primary and secondary markets, tax consequences, retirement planning, market efficiency, macroeconomics, and financial statement analysis.
Prerequisites: ACCT 2110, ACCT 2120, both with a grade of C (2.0) or better; FNCE 3410.

**FNCE 3430 Financial Policy**
3 semester hours
This course focuses on corporate finance decision making using finance cases to analyze financial policies and problems of business enterprises as well as investment issues related to maximizing corporate value. Students will develop advanced skills in corporate value/shareholder wealth maximization including learning tools and concepts employed in analyzing and managing financial risk. Students obtain hands-on experience in the conduct of financial policy analysis through completion of a mergers and acquisitions project. Skills learned are especially applicable to employment in firms in all industries including investment banking.
Prerequisite: FNCE 3410.

**FNCE 3440 Mergers and Acquisitions**
3 semester hours
This course will introduce students to the merger and acquisition process and alternative restructuring strategies including business alliances, divestitures, spin-offs, split-offs, carve-outs, and bankruptcy. The student will learn to develop acquisition plans as part of an investment banking team charged with implementing a firm's business strategy. The team will be responsible for valuing the target firm, negotiating and structuring the deal, and for resolving common tax, payment, accounting, and legal issues arising during
transactions.
Prerequisite: FNCE 3410.

FNCE 3456 Entertainment Finance
3 semester hours
The overarching theme of this course is to study the different financial structures and challenges in each entertainment segment. Entertainment companies use a vast array of techniques to raise capital, budget their capital, and return cash to shareholders and other stakeholders, many of which will be explored. Students will also be exposed to the underlying business model of each segment to understand the financial and operational constraints under which these firms operate. The ultimate goal of the course is to prepare students for their first job in entertainment finance.
Prerequisite: FNCE 3400 or FNCE 3410.

FNCE 3477 Valuation and Financial Modeling
4 semester hours
This course will cover the theory and practice of financial statements analysis and valuation. Students will learn how to use theory and data to solve challenging business problems with incomplete information. Students will become comfortable with using financial modeling as a tool to help them perform financial analysis and make decisions.
Prerequisite: FNCE 3400 or FNCE 3410.

FNCE 3497 Internship
1 semester hour
The objective of this one-semester-hour course is to help students achieve a worthwhile learning experience relevant to their major program of study. The internship, conducted with an off-campus organization, will help the student gain insights relative to his/her strengths and weaknesses in the job environment.

FNCE 4410 Entrepreneurial Finance
3 semester hours
In this course, students are introduced to the financial aspects of small businesses and entrepreneurial ventures. The key topics include evaluating new business ideas and ventures, reading and understanding financial statements of rapidly growing companies, and developing financing strategies. We also discuss various debt and equity alternatives of financing, the different valuation techniques, and key tactics and approaches to negotiating term sheets.
(See ENTR 4310.)
Prerequisite: FNCE 3410.

FNCE 4420 Real Estate Finance, Investment, and Entrepreneurship
3 semester hours
This course introduces students to gathering relevant data (both primary and secondary data) to build financial models for analyzing, interpreting, and making decisions on evaluation of alternative real estate investment opportunities with alternative financial structures. Hands-on entrepreneurial learning makes use of cases, gathering primary data, financial modeling, and estimating the most an investor should pay for a specific property. More specifically, this course includes determining a property’s “investment value,” financing strategy, risk analysis, taxation, market area supply and demand analysis by property type (e.g., single-family homes, apartments, office, retail, warehouses, and other industrial properties), alternative investment ownership (e.g., sole proprietorships, REITs, Limited Partnerships, LLCs, etc.), as well as evaluating alternative financing instruments in both primary and secondary markets.

Prerequisite: FNCE 3410.

FNCE 4430 Capital Markets
3 semester hours
This course studies the history and need for different financial markets and institutions. The course introduces students to the basics of financial markets and institutions. The key topics include the role of financial markets and institutions, the structure of the financial system, the history and role of the Federal Reserve, and the structure of various financial markets (equity, money, bond, mortgage). The financial institutions component studies the role that different institutions play within each financial market. A recurring theme throughout the course is the concept of information asymmetry, which we will apply to understand salient features of the financial landscape.
Prerequisite: FNCE 3410.

FNCE 4440 Financial Modeling for Decision Support
3 semester hours
This course introduces spreadsheet modeling, programming skills, and advanced quantitative analysis tools to support financial decision-making. Hands-on experience in the development of financial forecasting, simulation, and optimization models for applications in valuation, cash budgeting, and portfolio structuring will be provided.
(See AIMS 4740.)
Prerequisites: AIMS 3770 and FNCE 3410.

FNCE 4470 Multinationals and the Third World
3 semester hours
This course examines business activity by multinationals corporations in Third World countries focusing on conventional theory and practices of multinational enterprise, user-friendly shareholder wealth maximization, multinational finance, and corporate ethics. Issues of analysis include technology transfer, institutional arrangements, entry strategy and entry options, host country bargaining power, shareholder wealth maximization, workplace protection, financing decisions, direct foreign investment, and business ethics.
(See INBA 4870.)
Prerequisites: BADM 1040 with a grade of C (2.0) or better, FNCE 3410, and INBA 3810.

FNCE 4480 International Finance
3 semester hours
This course introduces students to international business finance and the workings of international financial markets. The principal objective of the course is for students to develop an understanding of the basic tools of financial decision making in an international environment. Key topics of study include exchange rate determination, relationships between inflation, interest rates, and exchange rates, risk management, multinational capital budgeting, and international portfolio theory.
(See INBA 4880.)
Prerequisites: BADM 1040 with a grade of C (2.0) or better, FNCE 3410, INBA 3810.

FNCE 4491 Student Investment Fund: Security Analysis
3 semester hours
This course is Part I of the Student Investment Fund (SIF) Program. In this one-year program, the students gain hands-on experience in managing the Student Investment Fund by learning the theory and practice of securities investment and portfolio management within an academic context, enhanced by the frequent interaction with
individuals and institutions engaged in the money management industry. While the focus of Part I is stock valuation using absolute and relative valuation models, this course will also familiarize the students with topics covered in a typical investment course such as financial markets and financial instruments as well as investment concepts and theory, including risk and return, diversification, Capital Asset Pricing Model, etc.

Prerequisite: FNCE 3410.

FNCE 4492 Student Investment Fund: Portfolio Management
3 semester hours
This course is Part II of the Student Investment Fund (SIF) Program. In this one-year three-course program, the students gain hands-on experience in managing the Student Investment Fund by learning the theory and practice of securities investment and portfolio management within an academic context, enhanced by the frequent interaction with individuals and institutions engaged in the money management industry. While the students continue to apply what they have learned in Part I of the program to stock analysis and investment, the main focus of this part of the program is the application of portfolio theory to portfolio formation and performance measurement. The course culminates with the production and presentation of the SIF Annual Report at the end of the semester. Additionally, the students will also learn investment topics that are not covered in Part I, including analysis and management of bonds and an overview of derivative securities.

Prerequisite: FNCE 4491.

FNCE 4493 Student Investment Fund: Investment Research Lab
3 semester hours
This course is Part III of the Student Investment Fund (SIF) Program. In this one-year program, the students gain hands-on experience in managing the Student Investment Fund by learning the theory and practice of securities investment and portfolio management within an academic context, enhanced by the frequent interaction with individuals and institutions engaged in the money management industry. The focus of this course is experiential learning via the application of the theories covered in both Parts I and II of the program to the analysis and investments of stocks and management of the SIF portfolio, utilizing the databases and software available.

Prerequisite: FNCE 4491.

FNCE 4498 Special Studies
1 TO 3 semester hours

FNCE 4499 Independent Studies
1 TO 3 semester hours
Requires approval of the Associate Dean.

Foreign Literature in English Translation (FNLT)

FNLT 1500 World Literature
4 semester hours
A study of selected texts from international literature.

FNLT 1998 Special Studies
1 TO 4 semester hours

FNLT 1999 Independent Studies
1 TO 4 semester hours

FNLT 2998 Special Studies
1 TO 4 semester hours

FNLT 2999 Independent Studies
1 TO 4 semester hours

FNLT 3500 Introduction to Modern Greek Literature
4 semester hours
(See MDGK 3341.)

FNLT 3998 Special Studies
1 TO 4 semester hours

FNLT 3999 Independent Studies
1 TO 4 semester hours

FNLT 4200 Comparative Cultures
4 semester hours
Interdisciplinary and comparative approaches in the study of cultures. Students study the process through which different nations or communities understand and express their cultural identities and diversities. They examine the ways in which cultural identities become politically dominant at different historical moments, and how, more generally, cultures contaminate and influence each other. Junior or senior standing required.

University Core fulfilled: Integrations: Interdisciplinary Connections (for specific content courses); Flags: Writing, Oral Skills.

FNLT 4331 Paris through Film
4 semester hours
An examination of filmic narratives about/in Paris by representative international directors from the 1950s up to the present through a study of filmic themes, genres, trends, movements, and gender issues. Students analyze how selected filmic narratives in/about Paris manage to represent “Frenchness” in the global context. Class discussions are in English; however, students do all small group discussions, written work, and exams in French. This class is only offered in the LMU Summer Study Abroad Program in Paris, France.

Prerequisite: One (1) FREN 3000-level course other than FREN 3104, or by consent of instructor.

University Core fulfilled: Flag: Engaged Learning.

FNLT 4998 Special Studies
1 TO 4 semester hours

FNLT 4999 Independent Studies
1 TO 4 semester hours

French (FREN)

FREN 1101 French 1
4 semester hours
A course intended for students who have not taken French before. Based on a communicative approach, the course emphasizes reading, writing, and oral proficiency in basic French. Materials covered include an introduction to all articles, pronouns, regular and irregular verbs in past and present tenses and in indicative and imperative modes, adjectives, prepositions, and basic vocabulary.

FREN 1102 French 2
4 semester hours
A continuation of FREN 1101. New materials covered include an introduction to pronominal verbs, verbs in the future tense and in the subjunctive and conditional modes, adjectives, pronouns, adverbs,
and many idiomatic vocabulary and verbal expressions. Prerequisite: FREN 1101 or by LMU Placement Exam.

FREN 1998 Special Studies
1 TO 4 semester hours

FREN 1999 Independent Studies
1 TO 4 semester hours

FREN 2103 French 3
4 semester hours
After reviewing FREN 1101 and FREN 1102, an introduction to more complex linguistic patterns presented in a French/ Francophone cultural and comparative context. Includes practice in speaking, listening, reading, and writing through discussion of short texts, written exercises and short compositions, and work with multimedia resources. Prerequisite: FREN 1102 or LMU Placement Exam. University Core fulfilled: Flag: Oral Skills.

FREN 2998 Special Studies
1 TO 4 semester hours

FREN 2999 Independent Studies
1 TO 4 semester hours

FREN 3104 Mastery of French
4 semester hours
Developing complex linguistic patterns introduced in FREN 2103. Includes more practice in speaking, listening, reading, and writing through discussion of various texts and multimedia resources, written exercises, and longer compositions. Students are also initiated to French literature, drama, and poetry through the apprenticeship of French pronunciation. Prerequisite: FREN 2103 or by LMU Placement Exam or consent of instructor. University Core fulfilled: Flag: Oral Skills.

FREN 3240 History of Ideas
4 semester hours
A survey of literary themes and of the evolution of the social, political, and philosophical ideas in France, expressed in a variety of forms through the works of major writers, from the inception of French literature to the present. Prerequisite: FREN 3104 or by LMU Placement Exam or consent of instructor. University Core fulfilled: Integrations: Interdisciplinary Connections.

FREN 3450 Stylistics and Translation
4 semester hours
A study of different modes of writing and of the major grammatical, stylistic, and vocabulary challenges when translating from English into French and vice versa. Practice with a broad range of literary, professional, and journalistic texts. Prerequisite: FREN 3104 or by LMU Placement Exam or consent of instructor. University Core fulfilled: Flag: Engaged Learning.

FREN 3850 Writing Workshop in French
4 semester hours
A course designed to improve written expository prose in French. Practice of various forms of writing, such as extensive, intensive, and team writing, through the approach of global simulations. Prerequisite: FREN 3104 or by LMU Placement Exam or consent of instructor. University Core fulfilled: Explorations: Creative Experience; Flag: Writing.

FREN 3998 Special Studies
1 TO 4 semester hours
Prerequisite: FREN 3104 or by LMU Placement Exam or consent of instructor.

FREN 3999 Independent Studies
1 TO 4 semester hours
Prerequisite: FREN 3104 or by LMU Placement Exam or consent of instructor.

FREN 4231 Identity Crisis in Contemporary France
4 semester hours
An analysis of France's identity crisis in light of recent debates on twentieth-century French history and national identity. The troubled legacies of key events in modern French history, such as the Great War and its destructive effects on postwar French society; Vichy and French participation in the Holocaust; the Algerian War and decolonization; and the crimes of Communism worldwide are examined through the debates and controversies they have generated in France since the 1990s. Prerequisite: One (1) FREN 3000-level course other than FREN 3104, or consent of instructor.

FREN 4232 Philosophy and Aesthetics of Labor in France
4 semester hours
This course explores the individual and social dimension of labor through its representation in literature from Rousseau's Social Contract to the present. Along with the concept of work the following factors are examined: the ethical structure, power dynamics, and the symbolic construction of a place and a presence in the world, which gives meaning to individual and community existence. Prerequisite: One (1) FREN 3000-level course other than FREN 3104, or consent of instructor.

FREN 4233 Culture of Laughter
4 semester hours
From the Middle Ages to the present, the course explores the different comic forms of humor and tries to understand what makes French people laugh. To what degree is the comic used to mask something else? The course explores the expected and unexpected context in which humor can be used. Prerequisite: One (1) FREN 3000-level course other than FREN 3104, or consent of instructor.

FREN 4250 Workshop in Professional French
4 semester hours
A course designed for students who wish to reinforce and perfect their knowledge of French while being introduced to relevant, daily communication in the professional world. Topics vary by professional fields, such as French for business, tourism, the sciences, the legal field, administration, fashion, or catering and gastronomy. Students practice common oral and written professional interaction in the selected field through functional simulations. May be repeated as specific content changes. Prerequisite: One (1) FREN 3000-level course other than FREN 3104, or consent of instructor.

FREN 4330 Fictions of Culture, Film, and Other Media
4 semester hours
A course designed to introduce students to French culture through
films and other media. May be repeated as specific content changes.
Prerequisite: One (1) FREN 3000-level course other than FREN 3104, or consent of instructor.
University Core fulfilled: Flag: Engaged Learning.

FREN 4331 Paris through Film
4 semester hours
An examination of filmic narratives about/in Paris by representative international directors from the 1950s up to the present day through a study of filmic themes, genres, trends, movements, and gender issues. Students analyze how selected filmic narratives in/about Paris manage to represent "Frenchness" in the global context.
The class discussions are in English; however, students do all small group discussions, written work, and exams in French. This class is only offered in the LMU Summer Study Abroad Program in Paris, France. Prerequisite: One (1) FREN 3000-level course other than FREN 3104, or consent of instructor.
University Core fulfilled: Flag: Engaged Learning.

FREN 4332 Francophone Film
4 semester hours
A study of representative films from the French-speaking world outside of France. May be repeated as specific content changes.
Prerequisite: One (1) FREN 3000-level course other than FREN 3104, or consent of instructor.

FREN 4530 Women in French
4 semester hours
An examination of the topics and/or issues raised in women's texts in French. May be repeated as specific content changes.
Prerequisite: One (1) FREN 3000-level course other than FREN 3104, or consent of instructor.

FREN 4531 Science Fiction and Fantasy Scenarios
4 semester hours
This course explores visions of the future by representative science fiction and fantasy texts in French, from the founding father of science fiction, Jules Verne, to contemporary French/francophone authors and filmmakers. May be repeated as specific content changes.
Prerequisite: One (1) FREN 3000-level course other than FREN 3104, or consent of instructor.

FREN 4532 Francophone Literature
4 semester hours
A study of representative writers from the French speaking world outside of France. May be repeated as specific content changes.
Prerequisite: One (1) FREN 3000-level course other than FREN 3104, or consent of instructor.

FREN 4551 Theater Workshop in French
4 semester hours
A course designed to offer an original combination of linguistic and dramatic training in French. Students are introduced to acting techniques and discover the richness of the French dramatic repertoire. They perform their work in the course: a collection of selected scenes from classical and modern French theater. May be repeated as specific content changes.
Prerequisite: One (1) FREN 3000-level course other than FREN 3104, or consent of instructor.

University Core fulfilled: Integrations: Interdisciplinary Connections; Flag: Oral Skills.

FREN 4990 Senior Capstone Project
2 semester hours
Exit portfolio (for majors only). Credit/No Credit grading. Seniors only.

FREN 4998 Special Studies
1 TO 4 semester hours
Prerequisite: One (1) FREN 3000-level course other than FREN 3104, or consent of instructor.

FREN 4999 Independent Studies
1 TO 4 semester hours
Prerequisite: One (1) FREN 3000-level course other than FREN 3104, or consent of instructor.

Film and Television Studies (FTVS)

FTVS 200 Survey of Mass Media
3 semester hours
Examination of the structure, function, and effects of the mass media.

FTVS 210 Art of the Cinema
3 semester hours
An introduction to the elements of film language and aesthetics as well as an examination of film as a powerful cultural artifact. Screenings, readings, and lecture/discussion. Lab fee.

FTVS 212 Art of Television
3 semester hours
An introduction to the aesthetic and cultural elements of television. Screenings, readings, and lecture/discussion. Lab fee.

FTVS 313 History of American Film
3 semester hours
A critical and historical survey of American film. Screenings, lectures, and discussions. Lab fee.

FTVS 314 History of International Film
3 semester hours
A critical and historical survey of the documentary film and video. Screenings, lectures, and discussions. Lab fee.

FTVS 315 History of the Documentary
3 semester hours
A critical and historical survey of the documentary film and video. Screenings, lectures, and discussions. Lab fee.

1 TO 4 semester hours

FTVS 399 Independent Studies
0 TO 3 semester hours

FTVS 410 Motion Picture Analysis
3 semester hours
Critical analysis of representative current movies joined, whenever possible, by class encounters with the filmmakers themselves. Lab fee. Prerequisite: FTVS 210 or FTVS 212.

FTVS 412 Film Authors
3 semester hours
An in-depth study of films of a specific film author (director, writer, etc.). Screenings, lectures, and discussions. Lab fee. May be repeated only when a different author is studied.

FTVS 416 Jewish Images in Film and Television
3 semester hours
Examination of the ways that Jewish people, their culture, and faith have been represented and have represented themselves in film and TV. Screenings, lecture, discussion. Lab fee.

FTVS 417 History of Broadcasting
3 semester hours
An introduction to the history and structures of the broadcasting industry. Screenings, readings, lecture/discussion. Lab fee.

FTVS 418 Close Textual Analysis
3 semester hours
An in-depth analysis of various film and TV texts. Lab fee.

FTVS 419 Special Topics: Theory
3 semester hours
The examination and application of specific theoretical topics (e.g., feminism, post-modernism, modernism, race and ethnic studies, post-colonial studies, etc.) to film and TV texts. Screenings, readings, lectures/discussion. Lab fee.

FTVS 420 European Cinema
3 semester hours
A critical and historical survey of European cinema. Screenings, readings, lecture/discussion. Lab fee.
FTVS 421 Asian Cinema
3 semester hours
A critical and historical survey of Asian cinema. Screenings, readings, lecture/discussion.
Lab fee.

FTVS 422 African Cinema
3 semester hours
A critical and historical survey of African cinema. Screenings, readings, lecture/discussion.
Lab fee.

FTVS 423 Latin American Cinema
3 semester hours
A critical and historical survey of Latin American cinema. Screenings, readings, lecture/discussion.
Lab fee.

FTVS 425 International TV
3 semester hours
A critical and historical survey of international TV. Screenings, readings, lecture/discussion.
Lab fee.

FTVS 429 Special Topics: National Cinema
3 semester hours
An in-depth study of the films of one nation. Screenings, readings, lecture/discussion.
Lab fee.

FTVS 430 The Western Film
3 semester hours
A critical and historical survey of the Western film. Screenings, readings, lecture/discussion.
Lab fee.

FTVS 431 Film Melodrama
3 semester hours
A critical and historical survey of film melodrama as a specific genre or approach to genre. Screenings, readings, lecture/discussion.
Lab fee.

FTVS 432 The Musical Film
3 semester hours
A critical and historical survey of musical film. Screenings, readings, lecture/discussion.
Lab fee.

FTVS 433 The Horror Film
3 semester hours
A critical and historical survey of the horror film. Screenings, readings, lecture/discussion.
Lab fee.

FTVS 434 Film Comedy
3 semester hours
A critical and historical survey of the film comedy. Screenings, readings, lecture/discussion.
Lab fee.

FTVS 435 Film Noir
3 semester hours
A critical and historical survey of film noir. Screenings, readings, lecture/discussion.
Lab fee.

FTVS 436 Science Fiction Film
3 semester hours
A critical and historical survey of science fiction film. Screenings, readings, lecture/discussion.
Lab fee.

FTVS 439 Special Topics: Film Genre
3 semester hours
An in-depth study of a specific film genre, other than those regularly offered (e.g., suspense thriller). Screenings, readings, lecture/discussion.
Lab fee.

FTVS 440 TV Sitcoms
3 semester hours
A critical and historical survey of TV sitcoms. Screenings, readings, lecture/discussion.
Lab fee.

FTVS 441 TV Crime Shows
3 semester hours
A critical and historical survey of TV crime shows. Screenings, readings, lecture/discussion.
Lab fee.

FTVS 442 TV Westerns
3 semester hours
A critical and historical survey of TV Westerns. Screenings, readings, lecture/discussion.
Lab fee.

FTVS 443 Soap Operas
3 semester hours
A critical and historical survey of TV soap operas. Screenings, readings, lecture/discussion.
Lab fee.

FTVS 444 Reality TV
3 semester hours
A critical and historical survey of reality TV. Screenings, readings, lecture/discussion.
Lab fee.

FTVS 445 Science Fiction TV
3 semester hours
A critical and historical survey of science fiction TV. Screenings, readings, lecture/discussion.
Lab fee.
University Core fulfilled: Flag: Writing.

FTVS 446 Japanese Anime
3 semester hours
A critical and historical survey of Japanese anime. Screenings, readings, lecture/discussion.
Lab fee.

FTVS 447 African American Images on TV
3 semester hours
A critical and historical survey of African American images on TV. Screenings, readings, lecture/discussion.
Lab fee.
FTVS 449 Special Topics: TV Genre
3 semester hours
An in-depth study of a specific TV genre not regularly offered (e.g., news, docudrama, etc.). Screenings, readings, lecture/discussion. Lab fee.

FTVS 473 Women in Film
3 semester hours
A critical and historical survey of representations of women in film as well as an examination of works of woman directors in an international context. Screenings, readings, lecture/discussion. Lab fee.

FTVS 498 Special Studies
1 TO 4 semester hours

FTVS 499 Independent Studies
0 TO 3 semester hours

FTVS 511 Television History
3 semester hours
This seminar traces the history of television from the last days of radio, through the Golden Age of TV, to today's cable and Internet. Graduate SFTV majors only.

FTVS 512 Seminar in Television Genres
3 semester hours
The role of television as a popular art is explored through theoretical understandings of television genres including drama, situation comedy, news talk shows, sports, children's shows, daytime serials, one-hour dramas, etc. Lab fee.

FTVS 513 Seminar in American Film
3 semester hours
An examination of the history and development of American film from the silent era to the present. Screenings, lectures, and discussions. Lab fee.

FTVS 514 Seminar in International Film
3 semester hours
An examination of the history and development of international film from the silent era to the present. Screenings, lectures, and discussions. Lab fee.

FTVS 515 Seminar on the Documentary
3 semester hours
Advanced critical and analytical study of the evolution of documentary film/television. Screenings, lectures, and discussions. Lab fee.

FTVS 517 Seminar in TV Programming
3 semester hours
Advanced critical and analytical study of broadcast programming in the United States and abroad. Screenings, lectures, and discussions. Lab Fee.

FTVS 518 Analysis of Video Games
3 semester hours
An examination of the history, development, aesthetics, and power of video games, including their relationship to other media texts, including movies and television. Screenings, lectures, and discussions. Lab fee.

FTVS 598 Special Studies
1 TO 4 semester hours

FTVS 599 Independent Studies
0 TO 3 semester hours

FTVS 610 Film/TV Topical Seminar
3 semester hours
Seminar in current issues in cinema and television; focus changes per offering. Lab fee.

FTVS 611 Seminar in Film Genre
3 semester hours
Advanced study in a film genre. Screenings, film, and lectures. Lab fee.

FTVS 612 Seminar in Film Authors
3 semester hours
Advanced study of films of specific filmmakers. Screenings, lectures, and discussions. Lab fee.

FTVS 613 Seminar in National Film
3 semester hours
Advanced study of films of a specific nationality. Screenings, lectures, and discussion. Lab fee.

FTVS 614 Seminar in Television and Video
3 semester hours
Topical seminar focusing on critical analysis of topical media genres. Screenings, lectures, and discussions. Lab fee.

FTVS 698 Special Studies
1 TO 3 semester hours

FTVS 699 Independent Studies
0 TO 3 semester hours

Geography (GEOG)

GEOG 1000 Human Geography
4 semester hours
An introduction to general world patterns of major cultural elements and processes and their influence on relationships between human societies and their environment. Cultural and environmental differences between developed and less developed nations and their regional implications in the modern world are emphasized.

GEOG 1998 Special Studies
1 TO 4 semester hours

GEOG 1999 Independent Studies
1 TO 4 semester hours

GEOG 2000 World Geography
An introduction to the world’s major geographic realms with an analysis of their cultural, demographic, and political characteristics; their varying levels of economic development and global integration; and their diverse physical settings, especially as they relate to an understanding of contemporary global issues and environmental problems.

GEOG 2998 Special Studies
1 TO 4 semester hours

GEOG 2999 Independent Studies
1 TO 4 semester hours

GEOG 3010 Metropolitan Los Angeles
4 semester hours
(See URBN 3010.)

GEOG 3060 Modern Mexico
4 semester hours
A survey of the distinctive social, cultural, economic, and political elements of modern Mexico. The environmental and historical basis of the country’s recent development is examined.

GEOG 3998 Special Studies
1 TO 4 semester hours

GEOG 3999 Independent Studies
1 TO 4 semester hours

German (GRMN)

GRMN 1101 German 1
4 semester hours
A course intended for students with little or no prior knowledge of German. Based on the communicative approach, the course emphasizes oral proficiency in basic German as well as reading and writing. The following topics are covered: an introduction to the nominative and accusative cases with their corresponding articles and pronouns, regular and irregular verbs in the present and present perfect tense, word order, basic vocabulary, and the development of cross-cultural awareness.

GRMN 1102 German 2
4 semester hours
A continuation of GRMN 1101. Apart from the continued emphasis on oral competence, cross-cultural awareness, as well as reading and writing, new grammar topics are covered including an introduction to the dative case with its corresponding articles and pronouns, prepositions carrying the accusative and/or dative case, the past tense, relative clauses, adjective endings, and subjunctive and passive voice.
Prerequisite: GRMN 1101 or by LMU Placement Exam.

GRMN 1998 Special Studies
1 TO 4 semester hours

GRMN 1999 Independent Studies
1 TO 4 semester hours

GRMN 2103 German 3
4 semester hours
The first part of an intermediate course designed to review elementary grammar, and to develop further oral competence, with a strong emphasis on cultural competence, reading, and writing. Texts that emphasize culture provide the springboard for the promotion of vocabulary acquisition, comprehension, and the active use of oral and written German.
Prerequisite: GRMN 1102 or by LMU Placement Exam.
University Core fulfilled: Flag: Oral Skills.

GRMN 2104 German 4
4 semester hours
The second part of an intermediate course designed to review elementary grammar, and to develop further oral competence, with a stronger emphasis on cultural competence, reading, and writing. Texts that emphasize culture provide the springboard for the promotion of vocabulary acquisition, comprehension, and the active use of oral and written German.
Prerequisite: GRMN 2103 or by LMU Placement Exam.
University Core fulfilled: Flag: Oral Skills.

GRMN 2603 Conversational German 3
1 TO 3 semester hours
A course designed to promote oral and aural proficiency and practical competence in intermediate German.
Prerequisite: GRMN 2103 or concurrent enrollment or by LMU Placement Exam.

GRMN 2998 Special Studies
1 TO 4 semester hours

GRMN 2999 Independent Studies
1 TO 4 semester hours

GRMN 3105 Mastery of German
4 semester hours
A finishing course emphasizing oral proficiency, as well as more advanced grammar aspects, reading, and writing.
Prerequisite: GRMN 2104 or by LMU Placement Exam.
University Core fulfilled: Flags: Oral Skills, Writing.

GRMN 3230 German Culture and Civilization
4 semester hours
A survey of key aspects of German history, society, politics, and arts from the time of the Germanic tribes more than 2,000 years ago to present-day Germany.
Prerequisite: GRMN 2104 or by LMU Placement Exam.

GRMN 3231 The Germans: Great Moments Past and Present
4 semester hours
A seminar on decisive moments in German history from 800 to 2007 having to do with particular historical events, persons, inventions, discoveries, and more.
Prerequisite: GRMN 2104 or by LMU Placement Exam.

GRMN 3340 German Cinema
4 semester hours
A seminar on the historical development of German cinema from German Expressionism to the present.
Prerequisite: GRMN 2104 or by LMU Placement Exam.
GRMN 3520 Survey of German Literature: From Beginning to Present  
4 semester hours  
An introduction to German literature from its beginning to the 20th century by means of representative texts in all genres.  
Prerequisite: GRMN 2104 or by LMU Placement Exam.

GRMN 3716 Business German  
4 semester hours  
An advanced German course introducing the specialized language of everyday business dealings.  
Prerequisite: GRMN 2104 or by LMU Placement Exam.

GRMN 3998 Special Studies  
1 TO 4 semester hours

GRMN 3999 Independent Studies  
1 TO 4 semester hours

GRMN 4551 German Drama  
4 semester hours  
An introduction to representative German plays since the 19th century. It includes classics from Büchner to Brecht and beyond.  
Prerequisite: GRMN 2104 or by LMU Placement Exam.

GRMN 4552 German Folklore  
4 semester hours  
An introduction to the fairy tales of the Brothers Grimm and the multi-faceted fairy tale research.  
Prerequisite: GRMN 2104 or by LMU Placement Exam.

GRMN 4553 The German Novella  
4 semester hours  
A close reading of representative German novellas since the 19th century. It primarily covers novellas in the Romantic and Realist tradition.  
Prerequisite: GRMN 2104 or by LMU Placement Exam.

GRMN 4760 Internship Portfolio  
1 semester hour  
Professional German language skills are demonstrated by means of a portfolio which is compiled based on an internship in LMU's New Europe Program in Bonn, Germany.  
Prerequisite: GRMN 2104 or by LMU Placement Exam.

GRMN 4998 Special Studies  
1 TO 4 semester hours

GRMN 4999 Independent Studies  
1 TO 4 semester hours

Health and Human Sciences (HHSC)

HHSC 150 Human Anatomy and Physiology  
3 semester hours  
The development, structure, and function of the human body with emphasis on integration and homeostasis.  
Lecture, 3 hours.  
University Core fulfilled: Explorations: Nature of Science, Technology, and Mathematics.

HHSC 156 Human Anatomy and Physiology I Lab  
1 semester hour  
Companion lab course to HHSC 155.  
Laboratory, 4 hours.  
Corequisite: HHSC 155.

HHSC 160 Principles of Athletic Training  
3 semester hours  
Provides knowledge in prevention, care and treatment practices relating to activities and the physical conditioning of the physically active. Serves as an introduction to pathology, signs and symptoms recognition, and management procedures of common injuries.  
Lecture, 3 hours.

HHSC 170 Personal Health  
3 semester hours  
This course will introduce students to the basics of human health, including physical and psychological well-being, spiritual health, environmental health, nutrition, and exercise. Other health topics will be included. An activity component is required.  
Lecture, 3 hours.  
University Core fulfilled: Explorations: Nature of Science, Technology, and Mathematics.

HHSC 190 Medical Terminology and Seminar  
3 semester hours  
Introduction to medical terminology. Exploration of areas of study and career opportunities within health careers.  
HHSC and ATTR majors only.  
Lecture and online, 3 hours.

HHSC 230 Nutrition  
3 semester hours  
The study of nutrients and their functions, recommended nutrient intakes, and dietary adequacy while focusing on how to apply this knowledge personally. Emphasis on nutritional roles in health status and chronic disease. Exploration of how behavior change plays a role in nutrition and a healthy lifestyle.  
Lecture, 3 hours.  
University Core fulfilled: Explorations: Nature of Science, Technology, and Mathematics.

HHSC 255 Human Anatomy and Physiology II  
3 semester hours  
Continuation of comprehensive coverage of anatomy and physiology for the pre-health professions major. Topics include blood, cardiovascular, lymphatic, immune, respiratory, digestive, urinary, and reproductive systems.  
Lecture, 3 hours.  
Prerequisite: HHSC 155.  
Corequisite: HHSC 256.

HHSC 256 Human Anatomy and Physiology II Lab  
1 semester hour  
Companion lab course to HHSC 255.  
Laboratory, 4 hours.  
Corequisite: HHSC 255.
HHSC 278 Science, Nutrition, and Health
3 semester hours
The study of nutrients and their functions, recommended nutrient intakes, and dietary adequacy while focusing on how to apply this knowledge personally. Emphasis on nutritional roles in health status and chronic disease. Exploration of how behavior change plays a role in nutrition and a healthy lifestyle. Non-HHSC majors only.
University Core fulfilled: Explorations: Nature of Science, Technology, and Mathematics.

HHSC 301 Athletic Training Practicum I
1 semester hour
Supervised experience in an athletic training environment. Additional study required with an emphasis on taping/bracing and athletic injury management. The affiliated clinical rotation occurs in the LMU Athletic Training Room.
Formal acceptance in the ATEP required.
Prerequisite: HHSC 160.

HHSC 302 Athletic Training Practicum II
2 semester hours
Supervised experience in an athletic training environment. Additional study required with an emphasis on upper extremity evaluation. The affiliated clinical rotation occurs at any of the following sites: LMU, local high school, or junior college athletic training facility.
Formal acceptance into the ATEP required.
Prerequisites: HHSC 301 and HHSC 361.

HHSC 303 Athletic Training Practicum III
2 semester hours
Supervised experience in an athletic training environment. Additional study required, with an emphasis on lower extremity evaluation. The affiliated clinical rotation occurs at any of the following sites: LMU, local high school, or junior college athletic training facility.
Formal acceptance into the ATEP required.
Prerequisites: HHSC 302 and HHSC 361.

HHSC 304 Athletic Training Practicum IV
2 semester hours
Supervised experience in an athletic training environment. Additional study required, with an emphasis on therapeutic modalities. The affiliated clinical rotation occurs at a local physical therapy clinic.
Formal acceptance into the ATEP required.
Prerequisites: HHSC 303 and HHSC 460.

HHSC 310 Test and Measurements
3 semester hours
Study of measurement techniques and instruments, descriptive and inferential statistics and evaluation procedures in human performance. Assessment of cognitive, physical, and motor domains through test construction, administration, and interpretation are the central content areas of the course. An original research proposal including statistical design is required.
Lecture, 3 hours.

HHSC 311 Test and Measurement Lab
1 semester hour

HHSC 320 Obesity and Behavior
3 semester hours
This course will examine how body composition, endocrinology, and obesity-related tissue inflammation relate to chronic disease. Special emphasis on the burden of chronic disease in medically underserved communities, as well as disparities in nutritional options and opportunities for physical activity. This course will integrate a service-learning component in disease prevention and health promotion to foster culturally and environmentally appropriate application of theory in public health.
Prerequisites: BIOL 101; HHSC 230 or HHSC 278.

HHSC 321 Obesity and Behavior Lab
1 semester hour
Companion lab course to HHSC 320. Laboratory and fieldwork experiences to provide training in characterizing the burden of obesity-related diseases within a target population. Special emphasis on body composition and biomarkers.
Corequisite: HHSC 320.

HHSC 322 Public Health
3 semester hours
This course will emphasize the role of built, social, and political environments as determinants of public health in geographic communities and among communities of workers. Provides an overview of population dynamics (growth/decline, distribution, fertility, morbidity, migration, maternal and child health). Includes occupational and community-level assessment of medical risks, pollution, sanitation, disability, injury, and death. Will also address primary occupational hazards and the potential for direct and indirect impact on the health of surrounding communities.

HHSC 330 Medical Nutrition Therapy
3 semester hours
This course requires application of nutritional principles for use in preventing or treating various pathological conditions. Common dysfunction of the cardiovascular, respiratory, renal, gastrointestinal, endocrine systems and more will be covered in relationship to dietary prevention and intervention using the Nutrition Care Process. Lecture, 3 hours.
Prerequisites: HHSC 255, HHSC 256, and HHSC 230 or HHSC 278.

HHSC 331 Medical Nutrition Therapy Laboratory
1 semester hour
Methods of nutritional assessment will be learned while utilizing the Nutrition Care Process for developing diagnoses. Students will conduct biochemical tests commonly used by dietitians to evaluate nutritional status. This course requires hands-on application of nutritional principles for use in preventing or treating various medical conditions. Pathologies of the cardiovascular, hematological, endocrine systems and more will be covered in relationship to dietary assessment and status.
Prerequisites: HHSC 255, HHSC 256, and HHSC 230 or HHSC 278. Corequisite: HHSC 330.

HHSC 334 Sports Medicine Teaching Workshop
3 semester hours
The course focuses on taking the knowledge that students have gained in their major and implementing it in a community-based learning setting at Westchester Enriches Sciences Magnet High School.

HHSC 335 Global Nutrition
3 semester hours
Nutritional science will be covered in relation to global perspectives, culture, religion, and environmental issues. Physiological explanation to under nutrition and strategies to overcome them will be examined. Nutrition-related chronic diseases in various nations will be investigated. Discussion will include the influence of culture and religion on dietary practices and nutrient intake. Study will include topics of world hunger, food safety, genetically modified
foods, and organic/sustainable farming practices. The agricultural approach to farming and its influence on the environment, our food supply, and ultimately our health will be studied.  
Prerequisite: HHSC 230 or HHSC 278.  
Corequisite: HHSC 336.  
Majors only.

HHSC 336 Nutrition Service Learning Lab  
1 semester hour  
Advanced analysis of nutritional science topics including food safety, accessibility to healthy food, diet analysis, and food quality, especially in its relationship to health and chronic disease. Matters of hunger and poverty will be discussed in this community-based learning course which requires organized service, guided reflection, and critical analysis.

HHSC 342 Peer Health Education  
3 semester hours  
This course is designed to challenge and expand the students’ beliefs and perceptions about health and wellness through active discussion and exercises in introspection. Students will receive current information on the most pressing and relevant issues related to the college population including general wellness, public health issues (current and future), nutrition/exercise, sexual health and identity, body image/eating disorders, stress management, sexual assault, and substance abuse (alcohol and drugs). Students will research and present on a health related topic to enhance their presentation and communication skills. Lecture, 3 hours.

HHSC 344 Global and Community Health  
3 semester hours  
This course will address all different kinds of health issues in the local community and around the globe. Global and Community Health will address issues on LMU’s campus, in Los Angeles, in the United States, and in other regions of the world. These aspects of health include physical, intellectual, social, spiritual, and emotional. The primary topics will be health promotion, disease prevention, health systems, consumer health issues, communicable diseases, and chronic health problems. Each of these issues will be addressed from the perspective of each of the communities previously stated. Critical thinking will be a major component of this course, and ethical and environmental considerations will also be addressed. The topics will be timely and applicable to current health concerns around the globe. There will also be a focus on health promotion and how best to address the health concerns in the variety of communities discussed.

HHSC 350 Exercise for Special Populations  
3 semester hours  
This course is designed for the future allied health professionals who would like to further their knowledge in the area of appropriate physical activity management for individuals with disabilities and chronic diseases. The course will cover, but is not limited to, the following topics: ADA and CA public school law, disability etiquette, etiology, epidemiology and pathophysiology of various chronic diseases and disabilities, role of physical activity in lives of persons with disabilities/chronic diseases. The course will include a community based learning component.

HHSC 360 Upper Extremity Evaluation  
3 semester hours  
In-depth instruction on anatomy and functional abilities of the upper extremity. Emphasis on the assessment techniques for recognizing and evaluating athletic-related injuries. Additional concentration on the cervical region and postural issues of the spine will be addressed. Lecture, 3 hours.  
Prerequisites: HHSC 255 and HHSC 256 or concurrent enrollment.

HHSC 361 Lower Extremity Evaluation  
3 semester hours  
In-depth instruction on anatomy and functional abilities of the lower extremity. Emphasis on the assessment techniques for recognizing and evaluating athletic-related injuries. Additional concentration on the thoracic, lumbar, and sacral regions of the spine and gait analysis will be addressed. Lecture, 3 hours.  
Prerequisites: HHSC 255 and HHSC 256 or concurrent enrollment; HHSC 360.

HHSC 375 Science Principles of Strength and Conditioning  
3 semester hours  
Scientific Principles of Strength and Conditioning is intended to introduce the science and physiology behind strength training and conditioning. Oftentimes the strength and conditioning issues are misunderstood due to common popular myths. Sound scientific principles will be used to dispel such ideas. A variety of strength training and conditioning topics will be covered in order to prepare a student who is interested in becoming a Certified Strength and Conditioning Specialist (CSCS) or a Certified Personal Trainer (CPT) through the National Strength and Conditioning Association (NSCA). Lecture, 3 hours.  
Prerequisites: HHSC 255 and HHSC 256.

HHSC 376 Strength Physiology Assessment Laboratory  
1 semester hour  
This course is meant to provide students with experiences in exercise technique, assessment, and instruction methodology. Students will gain the requisite applied skills and experiences necessary to become recognized by the National Strength and Conditioning Association (NSCA) as a Certified Strength and Conditioning Specialist (CSCS). Corequisite: HHSC 375.

HHSC 380 Kinesiology  
3 semester hours  
Study of the human body in motion. Topics include the application of principles of mechanics to anatomical systems; neuromuscular basis of movement; analysis of skills used in exercise science and by the physically active. Lecture, 3 hours.  
Prerequisites: HHSC 255 and HHSC 256.

HHSC 381 Kinesiology Lab  
1 semester hour  
Study of the human body in motion. Topics include the application of principles of mechanics to anatomical systems; neuromuscular basis of movement; analysis of skills used in exercise science and by the physically active. Prerequisites: HHSC 255 and HHSC 256. Corequisite: HHSC 380.

HHSC 385 Motor Development  
3 semester hours  
A study of motor, physical, and neuromuscular development from prenatal periods to mature age. Lecture, 3 hours.
HHSC 398 Special Studies  
1 TO 4 semester hours

HHSC 401 Athletic Training Internship I  
2 semester hours
Supervised experience in an athletic training environment. Additional study required, with an emphasis on therapeutic rehabilitation. The affiliated clinical rotation occurs at any of the following sites: LMU, local high school, college, or junior college athletic training facility. Formal acceptance into the ATEP required. Prerequisites: HHSC 304 and HHSC 461.

HHSC 402 Athletic Training Internship II  
2 semester hours
Supervised experience in an athletic training environment. Additional study required, with an emphasis on pharmacology and general medical conditions. The affiliated clinical rotation occurs at any of the following sites: LMU, local high school, or junior college athletic training facility. Formal acceptance into the ATEP required. Prerequisite: HHSC 401.

HHSC 403 Senior Seminar in Athletic Training  
1 semester hour
Preparation for the National Athletic Trainers' Association Board of Certification Exam. Attention will be focused on a review of the NATA Athletic Training Educational Competencies. Pharmacological issues as they pertain to athletic performance will be addressed. Prerequisite: HHSC 401. Corequisite: HHSC 402.

HHSC 412 Administration in Sports Medicine  
3 semester hours
Addresses organization and administration of athletic training programs both in athletic training rooms and clinical sites. Areas such as building a facility, legal issues, staffing, budgeting, insurance, computer use, record keeping, emergency care planning, and public relations will be discussed. Lecture, 3 hours.

HHSC 413 Medical Bioethics  
3 semester hours
Bioethics is a field of study directed to the interdisciplinary ethical analysis of the moral dimensions of health professional practice; this includes an analysis of moral character and vision, judgment, decision making, clinical practices, health policies, etc. Toward this end, the goals of this course are: 1) to introduce the wide range of ethical issues in health care; 2) to familiarize students with the bioethical literature that addresses these issues; 3) to develop the basic skills of analysis, interpretation, moral communication, and argument used in bioethics, especially as it affects nurses and physicians, functioning separately and jointly; and 4) to facilitate the application of these habits of thought that integrate bioethics into the intellectual and moral life of physicians and nurses. Lecture, 3 hours.

HHSC 420 Chronic Disease and Injury Epidemiology  
3 semester hours
Epidemiology is the study of health, illness, and associated factors as the population level. Overview of the history of the discipline, association and causality, and exploration of cross-sectional and case-control research will be completed in order to understand the epidemiological basis for preventative medicine. Emphasis on study design, data and specimen collection, and data analysis. Lecture, 3 Hours

HHSC 421 Chronic Disease and Injury Epidemiology Lab  
1 semester hour
Companion lab course to HHSC 420. This course will provide computer-based instruction in how to manage and analyze epidemiological and public health data. Corequisite: HHSC 420.

HHSC 430 Advanced Nutrition  
3 semester hours
Chemical and physiological studies of carbohydrate, protein, and lipid metabolism. Application to the normal nutrition of human beings with special focus on optimal health, disease prevention, and athletic performance. Special focus on commonly problematic vitamin and minerals and critical analysis of current "hot topics" in nutrition media and research. Evaluation and interpretation of nutritional research methodology of recent peer-reviewed publications. Prerequisite: HHSC 230 or HHSC 278.

HHSC 434 Pathology  
3 semester hours
This course is intended to introduce students to general medical topics and skills that relate to areas of study, including athletic training, physical therapy, occupational therapy, and other healthcare professions. Topics covered in this course include clinical decision-making, major diseases of the body systems and differential diagnosis. Medical management will also be discussed for various conditions and illnesses, allowing for athletic trainers/healthcare providers to gain awareness into their role into the treatment/management of the systemic disease and recognize how the treatment may impact participation in physical activity. Lecture, 3 hours. Prerequisites: HHSC 255 and HHSC 256.

HHSC 440 Medical Microbiology  
3 semester hours
An overview of the biology of microorganisms, including protists, fungi, bacteria, and viruses with special emphasis on the ecology and features of disease-causing microorganisms; control of microorganism and antibiotics; development and function of the Immune System; Vaccination, Autoimmune diseases, and Hypersensitivities; principals of infectious disease and epidemiology; the pathogenesis and clinical features of a number of infectious diseases, including emerging, re-emerging, tropical and common infectious diseases will be covered. Lecture, 3 hours. Prerequisite of BIOL 201. Corequisite: HHSC 441.

HHSC 441 Medical Microbiology Laboratory  
1 semester hour
Basic techniques for the handling and culture of bacteria; sterile technique, sample collection, and isolation of bacteria; staining and microscopy, characterization and identification of unknown bacteria; quantitation of bacteria and evaluation of antimicrobial agents; diagnostic testing. Corequisite: HHSC 440.

HHSC 460 Therapeutic Modalities in Sports Medicine  
3 semester hours
Provides information regarding the physics and physiological effects of athletic training modalities. Gain understanding of the inflammatory process and pain management in relation to athletic...
injuries. Includes the physiological reactions, contraindications, and indications to such modalities as heat, cold, electricity, ultrasound, water, and massage. Instruction on proper use and application of specific modalities.
Lecture, 3 hours.
Prerequisites: HHSC 255 and HHSC 256.
Corequisite: HHSC 466.

HHSC 461 Therapeutic Rehabilitation in Sports Medicine
3 semester hours
Instruction on how to design, implement, and supervise rehabilitation programs for sports-related injuries and conditions. Theoretical and clinical bases for the use of therapeutic exercises, basic biomechanics, indications, contraindications, and proper application of exercises in therapeutic rehabilitation.
Lecture, 3 hours.
Prerequisites: HHSC 255, HHSC 256, and HHSC 360.

HHSC 466 Therapeutic Modalities in Sports Medicine Lab
1 semester hour
This is the laboratory component to accompany HHSC 460 Therapeutic Modalities in Sports Medicine. This class will focus on the practical aspect of modalities. These modalities include: heat and cold, ultrasound, electrotherapy, laser, and compression, among others.
Corequisite: HHSC 460.

HHSC 475 Exercise Physiology
3 semester hours
In-depth exploration of the acute and chronic changes to physiology that occur with exercise. Focus on the cardiovascular, respiratory, muscular, and endocrinology systems including the study of metabolism and fuel sources.
Lecture, 3 hours.
Prerequisites: HHSC 255 and HHSC 256.
Corequisite: HHSC 476.

HHSC 476 Exercise Physiology Lab
1 semester hour
Measurement of the physiological mechanisms responsible for adaptations to acute and chronic exercise. Develop fitness assessment techniques and their applications to health and exercise performance. Gain hands-on experience with equipment/instrumentation.
Laboratory, 3 hours.
Corequisite: HHSC 475.
University Core fulfilled: Flag: Writing.

HHSC 480 Biomechanics
3 semester hours
An analytical approach to the mechanics of human motion. Kinetics and kinematics of human movement as it pertains to bone, joint cartilage, and connective tissue will be discussed. Consideration towards the forces at major points of the human body and their relations to musculoskeletal injuries.
Lecture, 3 hours.
Prerequisite: HHSC 155.

HHSC 481 Biomechanics Laboratory
1 semester hour
An analytical approach to the mechanics of human motion. Kinetics and kinematics of human movement as it pertains to bone, joint cartilage, and connective tissue will be discussed. Consideration towards the forces at major points of the human body and their relations to musculoskeletal injuries.
Laboratory, 1 hour.
Corequisite: HHSC 480.

HHSC 485 Motor Learning
3 semester hours
A study of factors involved in the learning and performance of motor skills.
Lecture, 3 hours.

HHSC 490 Health and Human Sciences Teaching
0 TO 1 semester hour
Guided teaching of undergraduate laboratories.
May be repeated for credit.
Consent of instructor required.
Credit/No Credit grading.

HHSC 495 Allied Health Internship
1 semester hour
Clinical, hands-on, and/or observational experience for 60 hours in an allied health setting such as: hospital, clinic, or health facility. Guided instruction on professional development and graduate school preparation. Prior approval from instructor is required.
University Core fulfilled: Flag: Engaged Learning.

HHSC 497 Allied Health Internship II
1 TO 5 semester hours
Clinical, hands-on, and/or observational experience for 60 hours per semester hour of academic credit in an allied health setting such as: hospital, clinic, or health facility. Prior approval from instructor is required. This course taken for Credit/No Credit only.
Prerequisite: HHSC 495 or concurrent enrollment.

HHSC 498 Special Studies
1 TO 4 semester hours

HHSC 499 Independent Studies
1 TO 4 semester hours

History (HIST)

HIST 1010 Premodern World History
4 semester hours
A course in global history from roughly 3500/3000 BCE to the "age of exploration" in the fifteenth century, focusing on dynamics of cultural contact in the ancient and medieval periods.
University Core fulfilled: Explorations: Historical Analysis and Perspectives.

HIST 1050 Modern World History
4 semester hours
A course in global history from the "age of exploration" in the fifteenth century to the present, with a variety of encounters and exchanges, which transformed the cultures and societies of all those involved.
University Core fulfilled: Historical Analysis and Perspectives.

HIST 1110 Founders of the West
4 semester hours
Examines the origins of Mediterranean societies and cultures, exploring shared contacts and links, from the end of the Bronze Age to the end of Antiquity, 1000 BC-AD 600.
University Core fulfilled: Historical Analysis and Perspectives.
HIST 1120 Heirs of Rome: Europe, Byzantium, and Islam in the Early Middle Ages
4 semester hours
This course will survey the major developments in European history during the Early Middle Ages, including the divide between the West and the East, the Islamic conquests, and the Byzantine Empire. Students will study the political, social, economic, and cultural developments of these three civilizations over the course of the period.
University Core fulfilled: Historical Analysis and Perspectives.

HIST 1130 Crisis and Expansion: Europe and the World, 1200-1648
4 semester hours
This course will examine the major developments in European history during the period from 1200 to 1648, including the Crusades, the Black Death, and the rise of the Ottoman Empire. Students will study the political, economic, social, and cultural developments of Europe during this period.
University Core fulfilled: Historical Analysis and Perspectives.

HIST 1200 European Empires, Exploration, and Exchange since 1500
4 semester hours
This course will survey the major developments in European history during the period from 1500 to the present, focusing on the impact of the opening of the Americas, the Industrial Revolution, and the rise of modern states. Students will study the political, economic, social, and cultural developments of Europe during this period.
University Core fulfilled: Historical Analysis and Perspectives.

HIST 1201 Power, Privilege, and Agency in Modern Europe
4 semester hours
This course will examine the political, social, economic, and cultural developments in Europe during the period from 1500 to the present, focusing on the role of power, privilege, and agency in shaping history. Students will study the political, economic, social, and cultural developments of Europe during this period.
University Core fulfilled: Historical Analysis and Perspectives.

HIST 1202 The Individual, the State, and Civil Society in Modern Europe
4 semester hours
This course will examine the political, social, economic, and cultural developments in Europe during the period from 1500 to the present, focusing on the role of the state and civil society in shaping history. Students will study the political, economic, social, and cultural developments of Europe during this period.
University Core fulfilled: Historical Analysis and Perspectives.

HIST 1203 Religion, Society, and the Search for Meaning in Modern Europe
4 semester hours
This course will examine the political, social, economic, and cultural developments in Europe during the period from 1500 to the present, focusing on the role of religion in shaping history. Students will study the political, economic, social, and cultural developments of Europe during this period.
University Core fulfilled: Historical Analysis and Perspectives.

HIST 1204 Revolutions in the Making of Modern Europe
4 semester hours
This course will examine the political, social, economic, and cultural developments in Europe during the period from 1500 to the present, focusing on the role of revolutions in shaping history. Students will study the political, economic, social, and cultural developments of Europe during this period.
University Core fulfilled: Historical Analysis and Perspectives.
present through an examination of the evolving relationship between the state and the subject/citizen and the question of identity. University Core fulfilled: Explorations: Historical Analysis and Perspective.

HIST 1510 Minorities and Women in the Modern Middle East
4 semester hours
This course explores the history of the Middle East from 1453 to the present through an examination of the twin impact of Islam and the West on the lives of minorities (ethnic and religious) as well as the status of women. University Core fulfilled: Explorations: Historical Analysis and Perspectives.

HIST 1520 The Social Lives of Commodities in the Modern Middle East
4 semester hours
This course explores the history of the Middle East from 1453 to the present by focusing on a number of commodities (such as tulips, silk, and oil) to chart regional and global socio-economic and cultural connections as well as change over time. University Core fulfilled: Explorations: Historical Analysis and Perspectives.

HIST 1600 African States and Societies since 1800
4 semester hours
This course addresses the political, social, and cultural history of Africa since 1800. Among the questions it explores are changing systems of governance, shifting borders and identities, and dynamics of colonialism, the diversity of African societies and cultures, and their resilience in the face of historical changes. University Core fulfilled: Explorations: Historical Analysis and Perspectives.

HIST 1700 Early Latin America
4 semester hours
An introduction to indigenous, African, and Iberian backgrounds. Examines colonial societies through social, economic, and political institutions with attention to the contributions of Indians, Africans, and Europeans to the creation of Latin America's diverse societies. University Core fulfilled: Explorations: Historical Analysis and Perspectives.

HIST 1750 Modern Latin America
4 semester hours
Surveys the nations of Latin America from their independence until the present. Emphasizes the process of nation-building, governance, socioeconomic integration, and coping with modernization. University Core fulfilled: Explorations: Historical Analysis and Perspectives.

HIST 1800 Modern Asia: China, Japan, and Korea since 1600
4 semester hours
This course introduces the history of East Asia from 1600 to the present. It explores the political, socio-economic, and cultural history of China, Japan, and Korea and focuses on empire-building, economic expansion, nationalism, socialism, decolonization, and popular culture. University Core fulfilled: Explorations: Historical Analysis and Perspectives.

HIST 1998 Special Studies
1 TO 4 semester hours

HIST 1999 Independent Studies
1 TO 4 semester hours

HIST 2000 What Is History?
4 semester hours
An introduction to history as an intellectual discipline, focusing on the study and writing of history, including historiography and historical methods. Organized around the study of a particular historical issue or episode, this is an intensive course on how historians approach problems. University Core fulfilled: Flags: Information Literacy, Writing.

HIST 2300 Red, White, and Black: Race in Colonial America
4 semester hours
A social and cultural history of North America from the pre-Columbian period to the American Revolution with a focus on the roots of American race relations. The course will address the impact of competing cultures as they developed and collided during 200 years of conflict. University Core fulfilled: Foundations: Studies in American Diversity.

HIST 2900 Internship
4 semester hours
A course for those students who wish to earn academic credit for an unpaid internship.

HIST 2998 Special Studies
1 TO 4 semester hours

HIST 2999 Independent Studies
1 TO 4 semester hours

HIST 3124 Pagans and Saints: Christian Missionaries to 1650
4 semester hours
Studies the interactions between Christian missionaries and non-Christian peoples from the Roman period to the seventeenth century. Topics include the spread of Christianity to Ireland, Germanic Europe, and the Mongols, as well as missionary encounters with China, Japan, and the New World. A principal focus will be on the methods used by preachers to spread their message and the ways native cultures helped shape Christianity.

HIST 3252 Crime Stories: Morality, Deviance, and Popular Culture in Modern Britain
4 semester hours
This course examines the history of the 1860s, the 1930s, and the 1960s through British detective fiction. Considering how and why such radical transformation took place, students examine how fictional narratives relate to contemporary ideas about morality and deviance, helping to undermine, reimagine, or reinforce existing power structures. University Core fulfilled: Integrations: Interdisciplinary Connections.

HIST 3272 Culture and Politics of Weimar Germany
4 semester hours
This course explores the paradoxes of Weimar "modernity" from an interdisciplinary perspective, integrating an analysis of cultural developments with an analysis of political and social developments. University Core fulfilled: Integrations: Interdisciplinary Connections; Flags: Oral Skills, Writing.

HIST 3452 US Environmental History
4 semester hours
Present essential concepts, concerns, and methods of
environmental history - the study of the relationships between humans and their physical environments - in the context of United States history. Topics include American Indians and the environment, European colonization and settlement, urbanization and industrialization, conservation and environmentalism, environmental racism and social justice, and contemporary environmental issues in historical perspective.

University Core fulfilled: Integrations: Interdisciplinary Connections.

HIST 3600 Conflict and Genocide in Africa
4 semester hours
This course will cover the causes, dynamics, and consequences of conflict in Africa. It will examine some of the conflicts that have become genocidal, debate the characteristics of war that make one conflict a genocide and another a just war. The course delves into conflict analysis and resolution debates; the international humanitarian, legal, and diplomatic responses, including a reflection on the emergence of the term “genocide”; the global politics and commerce that fanned conflicts in Africa; the search for peace and stability in post-cold war Africa; and the place of Africa in the global "war on terrorism."

HIST 3702 Latin America: Women, Gender, and Sexuality
4 semester hours
A historical exploration of the place of women and men within the social systems of pre-Columbian, early, and modern Latin America. The course explores the gendered dimensions of the economy, politics, and culture in indigenous, Spanish, and contemporary societies.

University Core fulfilled: Integrations: Interdisciplinary Connections; Flag: Writing.

HIST 3704 Latin American Revolutions in Film
4 semester hours
Film and the history of two of Latin America's most infamous revolutionary movements: The Mexican Revolution of 1910 and the Cuban Revolution of 1959. This course examines these movements in the context of 19th- through 20th-century Latin America, specifically in conversation with the region's struggles with independence, political stability, economic development, migrations, and urbanization. The course also examines the legacies of revolution in the contemporary Latin American landscape, specifically analyzing ongoing struggles with economic development, democratic stability, migrations, uprisings, and drug wars.

HIST 3860 Popular Culture in East Asia
4 semester hours
An examination of the history of modern East Asia through the prism of its popular cultures with a focus on audio, visual, and literary representations from that region in relation to decolonization, nation-building, democracy, identity-formation, and globalization.

University Core fulfilled: Integrations: Interdisciplinary Connections.

HIST 3998 Special Studies
1 TO 4 semester hours

HIST 3999 Independent Studies
1 TO 4 semester hours

HIST 4010 Pirates and Piracy
4 semester hours
The history of maritime piracy from its ancient maritime roots to present. The course will include coverage of ocean basin histories, maritime labor, society and culture, especially in the Atlantic, Indian, and Pacific Oceans, with a special focus on the "Golden Age" in the Atlantic/Caribbean during the 17th and 18th centuries.

HIST 4101 Ancient Greece
4 semester hours
Explores the origins of the Greeks from Homeric times to the death of Philip of Macedon. Topics include the developments of political forms, including democracy, and most notably, drama and philosophy against the background of war and conflict.

HIST 4102 Alexander and the Hellenistic World
4 semester hours
Examines the career and impact of Alexander the Great, particularly as seen in the expansion of Greek culture across the Mediterranean world and to the East as far as India. Topics include the Hellenization on non-Greeks, Jews, and Romans in particular, and the further development of philosophy and learning.

HIST 4105 Ancient Rome
4 semester hours
Studies the origins of the city of Rome with the Etruscans and its transformation into that of Romans, and how the Romans expanded through Italy and conquered the Mediterranean world, ca. 800 BC-AD 44. Topics include the issue of Romanization, political development, the idea of empire, and the assimilation of Greek culture.

HIST 4106 Imperial Rome
4 semester hours
Explores the world of Imperial Rome from Britain to Mesopotamia, from the reign of Augustus to the end of classical antiquity, ca. 27 BC-AD 600. Topics include Romanization and the imperial system, the origins, survival, and victory of Christianity, and Rome's struggles with Persians and Germans.

HIST 4120 History of the Byzantine Empire
4 semester hours
A study of the eastern Roman Empire to its fall in 1453. Topics include the Byzantine recovery, the Slavic and Moslem invasions, and the Crusades.

HIST 4122 The Rise of Medieval Europe
4 semester hours
Traces the emergence of a coherent European civilization from the collapse of Roman power in the fifth century to the rise of new forms of Latin Christian unity in the eighth through eleventh centuries.

HIST 4126 Medieval Spain: Land of Three Faiths
4 semester hours
This upper division course will cover eight centuries of Spanish history, from the founding of Muslim al-Andalus (711 CE) to the Christian conquest of Granada (1492 CE). A dominant theme of this course will be the shifting dynamics of power and interconfessional relations of Spain's Jewish, Muslim, and Christian inhabitants.

HIST 4132 The Viking World
4 semester hours
Explores Viking society from the late eighth to the early eleventh century, including the reasons for the Scandinavian invasions of early-medieval Europe, the course and consequences of Viking activity in the British Isles and France, the wider settlement of the Norse from Russian to Greenland and North America, and the Christianization of the Viking world.
HIST 4134 The Crusades  
4 semester hours  
A study of the Crusades (ca. 1050 to 1300), including the roots of Christian and Islamic ideas of Holy War, the preaching and conduct of the Crusades, the creation and fall of the Crusader States, interfaith relations in the time of the Crusades, the use of Holy War in Spain and the Baltic, and the long-term significance of the Crusades.

HIST 4142 The Transformation of Medieval Europe  
4 semester hours  
Examines the fragmentation of the medieval forms of European unity from the twelfth through sixteenth centuries. Topics include political and social change, questions of authority, and religious strife.

HIST 4200 Early Modern Europe  
4 semester hours  
A study of the political, intellectual, social, economic, and cultural developments in Europe from the Renaissance through the Enlightenment.

HIST 4205 Europe in the Long Nineteenth Century  
4 semester hours  
A study of the political, social, economic, intellectual, and cultural developments in Europe during the "long nineteenth century," from the French Revolution to the Great War.

HIST 4206 20th-Century Europe  
4 semester hours  
A study of the political, social, economic, intellectual, and cultural developments in Europe from the Great War through the end of the twentieth century.

HIST 4215 European Imperialism  
4 semester hours  
A study of the "new imperialism" in Africa and Asia in the nineteenth and twentieth centuries, including the origins and dynamics of European imperialism, the structures of colonial rule, the effects on the colonized and their responses, and decolonization. University Core fulfilled: Flags: Information Literacy, Writing.

HIST 4225 Gender in European History  
4 semester hours  
A study of European history using gender as the primary category of analysis. The course examines how ideas about gender, the roles that men and women play in society, and notions about femininity and masculinity have structured European societies and the effects of that gendering.

HIST 4230 The City in European History  
4 semester hours  
From the Renaissance city-state to burgeoning industrial cities of the nineteenth century to socialist urban agglomerations of the twentieth century, this course explores the political, economic, and social fabric of European cities.

HIST 4250 Modern Britain and the British Empire  
4 semester hours  
A study of how Britain became the world's first industrial nation, came to rule over a quarter of the world's population, became a democracy, lost an empire, and joined the European Union.

HIST 4251 Victorians to Moderns  
4 semester hours  
Covers the enormous changes in society and technology, art and science, gender and religion from Victoria's reign through the First World War and the Great Depression in Britain and the British Empire.

HIST 4255 Modern Ireland  
4 semester hours  
Covers key events of Ireland's struggle for independence, incorporating debates about the uses of history and memory, the formation of national identity, and the politics of nostalgia.

HIST 4260 The French Revolution  
4 semester hours  
An inquiry into the causes of the fall of the French monarchy, the creation of a civic order, a new political culture, and the impact of war and terror on French society.

HIST 4271 Modern Germany  
4 semester hours  
A study of the history of Germany from the establishment of the German nation-state to the present, including the two world wars, the Weimar Republic, Nazism and the Holocaust, the two Germanies of the Cold War period, and German unification.

HIST 4272 20th-Century Eastern Europe  
4 semester hours  
A study of the political, social, economic, and cultural developments in the states between Germany and Russia from the collapse of the Habsburg, German, and Ottoman Empires after World War I to the Balkan Wars at the end of the twentieth century.

HIST 4273 Nazi Germany  
4 semester hours  
An examination of the history of Nazi Germany, including the National Socialism as an ideology, the Nazi seizure of power, the power structures of the Third Reich, German society and culture under Nazism, and the Holocaust.

HIST 4280 The Rise of Russia, 900-1825  
4 semester hours  
A study of the origins of the Russian Empire from the arrival of the Vikings to the emergence of Russia as a Great Power. Topics include autocracy, serfdom, religious revolts, imperial expansion, and competitive emulation of the West.

HIST 4281 Modern Russia, 1825-1991  
4 semester hours  
Traces the revolutionary challenges to the Romanov dynasty, attempts to modernize the multi-national empire, the revolution and civil war, and the interplay between communism and nationalism in the history of the Soviet Union.

HIST 4282 Ethnicity and Empire in Russia  
4 semester hours  
During the Cold War, scholars overlooked the ethnic diversity of the Soviet Union and focused simply on the Russians. This course takes the experience of multiple ethnic groups—Ukrainians, Jews, Tatars—into consideration and examines the history of Russia as the history of a multi-ethnic state.

HIST 4290 Modern Greece  
4 semester hours  
An examination of the crises and challenges that have shaped
modern Greek society, the transformations that have taken place, and the culture and literature it produced.

**HIST 4300 Colonial America**  
*4 semester hours*  
A study of the origin and growth of the English colonies from 1607 with a focus on the development of colonial economic, social, and intellectual life.

**HIST 4301 Revolutionary America**  
*4 semester hours*  
An examination of the origins, course, and results of the American Revolution.

**HIST 4302 Jacksonian America**  
*4 semester hours*  
A study of the United States during the first half of the nineteenth century, focusing on the social, cultural, economic, and political developments of the era.

**HIST 4303 The Civil War**  
*4 semester hours*  
A history of the Civil War era that covers the causes, fighting, and consequences of the war.

**HIST 4304 Nineteenth-Century America**  
*4 semester hours*  
A social and cultural history of nineteenth-century America. Covers such topics as industrialization, urbanization, religion, literature, westward migration, immigration, class formation, gender, and race.

**HIST 4305 Victorian America**  
*4 semester hours*  
An examination of American culture and society in the second half of the nineteenth century, focusing on such diverse topics as family, sexuality, popular culture, urbanization, immigration, class conflict, race relations, and America's place in the world.

**HIST 4400 Rise of Modern America**  
*4 semester hours*  
An examination of American culture and society in the early twentieth century, focusing on such topics as race, class, gender, consumerism, reform movements, and America's place in the world.

**HIST 4401 Recent America**  
*4 semester hours*  
The course examines U.S. history from the New Deal to the present and focuses on the dialectical relationship between the United States and the world. Themes include U.S. involvement in international economic, military, and ideological conflicts; the study of various modern racial, gender, and economic social movements; national political debates; and post-WWII consumer and popular cultures.

**HIST 4402 The Politics and Culture of the Cold War, 1917-1989**  
*4 semester hours*  
Beginning with the Russian Revolution of 1917 and ending with the fall of the Berlin Wall in 1989, the class will use a wide variety of sources to analyze the impact of the Cold War on American domestic policies and foreign relations, as well as cultural and social developments.

**HIST 4403 Consensus and Conflict: America in the 1950s and 1960s**  
*4 semester hours*  
This class focuses on two pivotal decades in twentieth-century American history by addressing topics such as changing gender and racial identities, the Counterculture, the Civil Rights Movement, and international politics.

**HIST 4410 History of Los Angeles**  
*4 semester hours*  
The history of Greater Los Angeles from the eighteenth century to the present, focusing on migration, economic development, race and ethnic relations, and the city's relationship to the rest of the world.

**HIST 4411 The American West**  
*4 semester hours*  
The history of the American West from the seventeenth century to the present, focusing on settlement, Native American experience, economic development, environment, and the West in popular culture.

**HIST 4412 History of California**  
*4 semester hours*  
The history of California from the eighteenth century to the present, focusing on migration, economic development, race and ethnic relations, and the relationship of the state to the rest of the world.

**HIST 4423 Asians in America: From the “Yellow Peril” to the "Model Minority"**  
*4 semester hours*  
This class traces the many-faceted histories of Asian Americans and Pacific Islanders from cross-cultural and transnational perspectives, beginning with the earliest immigration to the present era.

**HIST 4425 Chicana/o History**  
*4 semester hours*  
(See CHST 3360.)

**HIST 4427 Immigrant America**  
*4 semester hours*  
The history of immigration to the United States from the colonial period to the present, focusing on immigrant experiences, transnational ties, immigration law, and citizenship, as well as the ways that race, class gender, religion, and sexuality shaped Immigrant America.

**HIST 4430 Women in American History**  
*4 semester hours*  
An exploration of women's experience in American history from the colonial period to the present, with emphasis on such variables as class, race/ethnicity, and region, as well as the impact of changing gender roles on American society, culture, and politics.

**HIST 4431 History of Childhood and the Family**  
*4 semester hours*  
A history of childhood and the family from the colonial era to the present. Examines the diverse experiences of children and families in North America, with special attention to gender, race, class, and regional issues. Also explores how notions of childhood and the family changed over time.

**HIST 4432 American Reform Movements**  
*4 semester hours*  
An examination of the major movements for reform of American society, with emphasis on abolitionism, Women's Rights, Progressivism, and Civil Rights.
HIST 4433 Health and Disease in American Culture
4 semester hours
The history of health, disease, and medicine in the American social and cultural context, from the colonial period to the present. University Core fulfilled: Flag: Information Literacy.

HIST 4440 Imagining Asian Pacific America
4 semester hours
Using interdisciplinary approaches and cross-cultural perspectives, the class explores the ways in which certain Asian Americans and Pacific Islanders have been portrayed and, in turn, have portrayed themselves throughout historical time and space.

HIST 4441 Hollywood and History
4 semester hours
An examination of the motion picture industry and the relationship of films to United States society from the early twentieth century to the present. University Core fulfilled: Integrations: Interdisciplinary Connections.

HIST 4451 The History of Food in America
4 semester hours
Using interdisciplinary methodologies, this upper-division course will explore the ways in which food has the power to both shape and reflect cultural, socioeconomic, religious, and political realities within a transnational context.

HIST 4453 The Invention of Communities
4 semester hours
This class examines a multitude of socioeconomic, political, ideological, and cultural conditions that have caused the formation as well as the disintegration of communal bonds in 19th- and 20th-century United States.

HIST 4460 20th Century U.S. Sports History
4 semester hours
The course examines the development and history of spectator sport in the twentieth-century United States. Topics for examination include sports and American social, gender, national, and racial identities; the evolution of leisure and consumer culture in the U.S.; and U.S. participation in international sports.

HIST 4510 Star, Cross, and Crescent
4 semester hours
This course examines the status of Jews and Christians in the Middle East from the rise of Islam to the present, focusing on the local as well as international factors that affected their status over time. The course also considers the history of other marginalized groups such as slave-soldiers, gypsies, and eunuchs.

HIST 4520 The Ottoman Empire
4 semester hours
This course examines the history of the Ottoman Empire from the 13th century to the end of WWI. It focuses on Ottoman political, legal, and social institutions and practices as they evolved over time.

HIST 4540 The Palestine/Israel Conflict
4 semester hours
This course examines the history of the Palestine/Israel conflict from its beginnings in the late 19th century to the present.

HIST 4600 African Kingdoms
4 semester hours
A study of significant kingdoms of Black Africa exploring the major themes of the period.

HIST 4610 A Quest for the Nile's Source
4 semester hours
A study of the quest for the source of the Nile River and the interaction of African, European, and Asian peoples in the area.

HIST 4620 South Africa
4 semester hours
The history of South Africa during the last two centuries with emphasis on political rivalries, apartheid, and economic development.

HIST 4640 Colonial Africa, 1860-1980
4 semester hours
A study of the inception and development of European rule over various parts of Africa by European imperialists of the 19th and 20th centuries, leading to an examination of the processes by which African countries gained their independence in the second half of the 20th century.

HIST 4700 Early Mexico
4 semester hours
The major social, political, and economic trends and events in Mexico from the Independence movement to the present. The course examines mass movements; leadership; popular culture; globalization; violence, gender, and drugs; and the political and cultural impact of changing domestic and international policies.

HIST 4800 Asian Empires
4 semester hours
An examination of the Qing Empire (1644-1911) and the Japanese Empire (1910-1945). Paying close attention to the process of empire-building and imperial administration, the course will evaluate the impact of these empires in East Asia, especially in relation to notions of resistance, cooption, and cooperation.

HIST 4810 Imperial China
4 semester hours
This course explores the origins of Chinese civilization and culture and the growth of the Chinese Imperial state from earliest times to the early 19th century to the present.

HIST 4820 Modern China
4 semester hours
This is a course on modern Chinese history from the mid-nineteenth century to the present. Major themes examined are the collapse of the traditional Chinese world order, the failure of the republican revolution of 1911, the birth of Chinese nationalism, Mao Zedong's Chinese communism, and Deng Xiaoping's strategy for modernization.

HIST 4830 Women in East Asian History
4 semester hours
An exploration of the ways in which specific institutional arrangements, political settlements, and economic changes informed the organization of family and lineages, inheritance practices, work, and thus shaped the lives of women.

HIST 4840 Modern Japan
4 semester hours
This course examines the history of Japanese experiences on
modernity, focusing on the diversity, unevenness, and conflicts that are often elided by assertions of Japanese homogeneity.

HIST 4900 Internship
1 TO 4 semester hours
A course for those students who wish to earn academic credit for an unpaid internship.

HIST 4998 Special Studies
1 TO 4 semester hours

HIST 4999 Independent Studies
1 TO 4 semester hours

HIST 5000 Seminar in World History
4 semester hours
A seminar on a topic in world history, in which students will explore the historical literature around a given topic and then produce a work of original research.

HIST 5100 Seminar in Ancient History
4 semester hours
A seminar on a topic in ancient history, in which students will explore the historical literature around a given topic and then produce a work of original research.

HIST 5110 Seminar in Medieval History
4 semester hours
A seminar on a topic in medieval European history, in which students will explore the historical literature around a given topic and then produce a work of original research.

HIST 5115 Seminar in Early-Modern European History
4 semester hours
A seminar on a topic in medieval European history, in which students will explore the historical literature around a given topic and then produce a work of original research.

HIST 5200 Seminar in Modern European History
4 semester hours
A seminar on a topic in modern European history, in which students will explore the historical literature around a given topic and then produce a work of original research.

HIST 5400 Seminar in American History
4 semester hours
A seminar on a topic in American history, in which students will explore the historical literature around a given topic and then produce a work of original research.

HIST 5500 Seminar in Middle Eastern History
4 semester hours
A seminar on a topic in Middle Eastern history, in which students will explore the historical literature around a given topic and then produce a work of original research.

HIST 5600 Seminar in African History
4 semester hours
A seminar on a topic in African history, in which students will explore the historical literature around a given topic and then produce a work of original research.

HIST 5700 Seminar in Latin American History
4 semester hours
A seminar on a topic in Latin American history, in which students will explore the historical literature around a given topic and then produce a work of original research.

HIST 5800 Seminar in Asian History
4 semester hours
A seminar on a topic in Asian history, in which students will explore the historical literature around a given topic and then produce a work of original research.

HIST 5850 Seminar: Achilles in Vietnam
4 semester hours
A comparative study of the impact of war on the societies of ancient Greece, modern America, and Vietnam. Topics include the psychology and biology of violence, the shaping of literature and culture by violence, and the human toll of war.

HIST 5900 Senior Thesis
4 semester hours
A course for students who wish to pursue an intensive research project under faculty direction, culminating in a thesis based on primary source research.

HMNT 4991 Nineteenth-Century Global Travelers
4 semester hours
Exploring colonial expansion during the nineteenth century, this course examines the impact imperial endeavors had on literary and visual production. We'll look at how encounters with other peoples and nations shaped British identity and indigenous populations within the contact zone. In addition to engaging with postcolonial theories, this course is also interested in how new technologies, such as lithography and photography, rendered distant people and worlds legible to British subjects; how guidebooks helped form the new identity of the tourist; and how women played a role within Britain's expanding empire. During the semester, we'll not only read and interpret novels, poems, travel writing, photography, and early films but also investigate the culture of world fairs (exhibitions that brought "exotic" spaces to the metropole), national museums, and the emergent field of ethnography. While the course will explore nineteenth-century visual cultures, its focus will be on British literature from Coleridge's "Kubla Khan" and Flora Tristan's Peregrinations of a Pariah to Dickens's Little Dorritt and Gilbert and
Sullivan's *The Mikado*.
Junior or senior standing, or consent of instructor required.

**HMNT 4993 Literature, Photography, and the Uncanny**
*4 semester hours*
This course explores the intimate connection between writing and photography, looking at the ways in which writers mobilize photography in different literary forms from the short story to detective fiction. If today we understand the photograph as a privileged source of evidence, our selection of texts challenges the comfortable maxim that "seeing is believing." Pairing texts on photographic practice and theories of photography such as Henry Fox Talbot's *The Pencil of Nature* with fiction that draws on the emergent technology of photography such as George Eliot's *The Lifted Veil*, we'll investigate how literature borrows from the language of photography in complex ways—not simply as a shorthand for presenting the "real" but as a means of questioning representation and documentation itself. Through historical and theoretical approaches to photography and fiction, we'll focus on texts from the 1830s to 1930s, examining different methods of approaching the word-image divide. We'll also look at twenty-first century deployments of photography in the book, concentrating on W.G. Sebald's *The Rings of Saturn*. What do these hybrid books tell us about writing and photography? Junior or senior standing, or consent of instructor required.

**HMNT 4997 Capstone Project**
*2 semester hours*
The capstone project consists of a seminar leading to the production of a portfolio that enables students to integrate and reflect on the insights achieved through their interdisciplinary coursework and to demonstrate that they have met the objectives of the Humanities curriculum. Credit/No Credit grading. Senior standing required.

**HMNT 4998 Special Studies**

**HMNT 4999 Independent Studies**
*1 TO 4 semester hours*

**Honors (HNRS)**

**HNRS 1000 Honors Colloquium: Introduction to Honors**
*1 semester hour*
An orientation to the pursuit of academic excellence at LMU and to the opportunities and expectations students will encounter in the University Honors Program.

**HNRS 1100 Honors Philosophical Inquiry**
*3 OR 4 semester hours*
An introduction to the various modes of philosophical inquiry and to the great philosophical questions that are central to a humanistic education in the Catholic intellectual tradition, taught in small, seminar-style course sections.

**HNRS 1110 On Human Dignity**
*3 OR 4 semester hours*
An examination of what it means to be human as reflected in and fashioned by significant philosophical works, both classical and contemporary.

**HNRS 1200 Honors Theological Inquiry**
*3 OR 4 semester hours*
A historical, literary, and social exploration of theological images of creation and the divine.

**HNRS 1810 On the Sublime**
*3 OR 4 semester hours*
A First-Year Honors seminar that presents students to the "Great Ideas" and the overarching themes of the intellectual tradition.

**HNRS 1998 Special Studies**
*1 TO 4 semester hours*

**HNRS 1999 Independent Studies**
*1 TO 4 semester hours*

**HNRS 2000 Honors Colloquium: Research and Exhibition**
*1 semester hour*
An orientation to the practice of research (and creative activity), including the formulation by the student of a problem worthy of in-depth study and the public exhibition of the student's work.

**HNRS 2100 Honors Historical Analysis and Perspectives**
*3 OR 4 semester hours*
An exploration of both the unfamiliar past and the processes by which the world of the present was created, taught in smaller, seminar-style course sections.

**HNRS 2110 Republic to Prince**
*3 OR 4 semester hours*
A study of history and the construction of civilizations from the ancient to early modern periods.

**HNRS 2120 Age of Leviathan**
*3 OR 4 semester hours*
A historical presentation of the major concepts, ideologies, and movements that have dominated the path to contemporary globalization.

**HNRS 2200 Honors Nature of Science, Technology, and Mathematics**
*3 OR 4 semester hours*
An exploration of the methods of inquiry used in science, engineering, and/or mathematics, taught in smaller, seminar-style course sections.

**HNRS 2210 On Motion and Mechanics**
*3 OR 4 semester hours*
An experiential course employing scientific, mathematical, and engineering methods to study the world around us and solve technical problems.

**HNRS 2220 On the Nature of Things**
*3 OR 4 semester hours*
An examination of the history, philosophy, and nature of scientific discovery, theory, and practice.

**HNRS 2300 Honors Literary Analysis**
*3 OR 4 semester hours*
An exploration of the study of multiple literary forms such as poetry, plays, fiction, literary non-fiction, and films, introducing students to the formal and technical features of literary texts as well as their connections to historical, social, philosophical, theological, and scientific issues, taught in smaller, seminar-style course sections.
HNRS 2998 Special Studies  
1 TO 4 semester hours

HNRS 2999 Independent Studies  
1 TO 4 semester hours

HNRS 3000 Honors Colloquium: Post-Baccalaureate Success  
1 semester hour
An orientation to the opportunities that await students beyond LMU (including national and international scholarship, service, and career opportunities) and preparation for pursuing them effectively.

HNRS 3100 Honors Ethics and Justice  
3 OR 4 semester hours
An investigation of major philosophical, theological, and spiritual traditions of ethics and their application to concrete contexts of practice and choice, taught in smaller, seminar-style course sections.

HNRS 3110 Beyond Good and Evil  
3 OR 4 semester hours
An exploration of moral problems through the study of ethics, considering select issues in social justice, science and technology, business and society, medicine and bioethics, or media and responsibility.

HNRS 3998 Special Studies  
1 TO 4 semester hours

HNRS 3999 Independent Studies  
1 TO 4 semester hours

HNRS 4000 Honors Colloquium: Portfolio  
0 semester hours
Completion of a portfolio demonstrating satisfactory fulfillment of the requirements for University Honors, including the submission of the final Honors undergraduate thesis or capstone project and documented attempt at disseminating this work at the Undergraduate Research Symposium or an external disciplinary conference. 
Credit/No Credit grading.

HNRS 4100 Honors Thesis  
3 TO 4 semester hours
The preparation, research, and publication of the Honors Thesis. Required of any Honors student not pursuing a thesis/capstone/senior project in their major.

HNRS 4998 Special Studies  
1 TO 4 semester hours

HNRS 4999 Independent Studies  
0 TO 4 semester hours

IDAP 199 Independent Studies  
1 TO 3 semester hours

IDAP 201 Intermediate Media Production  
3 semester hours

IDAP 298 Special Studies  
1 TO 3 semester hours

IDAP 299 Independent Studies  
1 TO 3 semester hours

IDAP 300 Principles of Public Relations  
3 semester hours
An introductory course that overviews strategies, concepts, theories, practices, and history of public relations.

IDAP 301 Advanced Media Production  
3 semester hours

IDAP 310 Writing for Public Relations  
3 semester hours
This course provides an overview of how effective public relations writing can help organizations to communicate, influence opinion and create change. The course will emphasize the importance of understanding an organization, its goals and objectives, target audience and culture to strategically and effectively communicate through writing. Prerequisite: IDAP 300 with a grade of B (3.0) or higher.

IDAP 320 Broadcast Writing  
3 semester hours
An introductory course to teach the basic skills of broadcast writing. Primary emphasis on television news and secondary emphasis on radio news. Techniques taught will also emphasize writing for allied fields such as public relations, advertising, and technical production.

IDAP 330 Broadcast News Production  
3 semester hours
An introduction to news gathering, writing, and production for radio and television. Course covers the use of basic broadcast journalism tools, such as cameras, microphones, and conversational writing.

IDAP 340 Video Production for Public Relations  
3 semester hours
An introductory course that overviews the conceptual and technical skills of video production within a public relations context. Emphasis is placed on the planning, scripting, and production processes.

IDAP 350 Radio Drama Production  
3 semester hours
Working as an ensemble, students will write, act, direct, and produce live on tape weekly performances for broadcast on KXLU-FM. 
Lab fee.

IDAP 360 Workshop in Media Production  
3 semester hours

IDAP 370 Public Relations Strategies  
3 semester hours
This course explores the conceptual and strategic foundations of
public relations and marketing. The course examines how to effectively communicate with consumers, create preference for products, and change consumer behavior. Prerequisite: Grade of B (3.0) or higher in IDAP 300.

**IDAP 380 Public Relations Internship**
3 semester hours
This course is for students who have secured a public relations internship with a public relations company or work in a public relations capacity in a company. Minimum of 80 hours.

**IDAP 390 KXLU Workshop**
1 semester hour
Hands-on study of radio broadcasting. The areas to be mastered are proper station operations, voice, writing, delivery, and simple production.

**IDAP 391 KXLU Practicum**
1 semester hour
A concentrated study of the management process associated with the day-to-day operation of KXLU-FM, recommended for radio station directors and others.

**IDAP 398 Special Studies**
1 TO 3 semester hours

**IDAP 399 Independent Studies**
1 TO 3 semester hours

**IDAP 400 Introduction to Social Media**
3 semester hours
This course explores the origins of social media and how it shapes our interactions with brands, people, and governments. Students will create and maintain a student blog ("The Social Lion"), which showcases their personal analysis and observations on specific media topics occurring in real-time. Students will also create a social media campaign.

**IDAP 401 Seminar in Media Projects**
3 semester hours

**IDAP 410 Advertising Principles and Strategies**
3 semester hours
This course provides students with an understanding of how to most effectively present a message regarding a product or service to an existing or potential customer. The course will examine the functions of advertising and focus on the major mediums, including broadcast, print, outdoor, direct mail, promotions, and public relations.

**IDAP 420 Events Management**
3 semester hours
This course is designed to provide students with the organizational and leadership skills needed to plan and execute a special event. Through lecture, discussion, group projects, individual assignments, guest speakers, and a final event produced by the class, students will gain experience in managing events from concept to completion.

**International Business Studies (INBA)**

**INBA 3810 International Business**
3 semester hours
This course introduces students to international business environments, concepts, and practices. In order to understand complex issues related to global economy, students will learn about national and regional differences in political, economic, and socio-cultural systems. To acquire skills and knowledge necessary for managing international business operations, students will study international trade and investment theories and policies, foreign exchange mechanisms and markets, as well as global strategies in manufacturing, marketing, and human resources management. Prerequisites: ECON 105 or ECON 110 and ECON 1200 and BADM 1040, all with a letter grade of C (2.0).

**INBA 3851 Building Global Career Competence**
3 semester hours
This course combines experiential learning during study abroad with conceptual learning assignments to build critical global career competencies. The course involves relevant and challenging international consulting work experience, exposure to the working and cultural environments of an international setting, building skills for international adjustment and successful management of international assignments, networking and building potentially valuable international professional, and developing insights for future career planning within a global context. Prerequisite: MGMT 3610.

**INBA 4830 International Management**
3 semester hours
Different economic, political, and socio-cultural environments around the world challenge managers with opportunities and risks. The goal of this course is to help students achieve a general understanding of the international business environment and evaluate the agenda facing managers operating in international business contexts. Students will learn how national economies are intertwined as never before, competition is increasingly global, and firms have become international in their sales, production, investment, financing, and sourcing. (See MGMT 4630.) Prerequisites: BADM 1040 with a grade of C (2.0) or better, INBA 3810, MGMT 3610.

**INBA 4840 International Entrepreneurship**
3 semester hours
This course focuses on developing knowledge and skills in three key components of international entrepreneurship: initiating entrepreneurial ventures, managing international business transactions, and dealing with multicultural business environments. The course includes a feasibility study of an international small business venture start up, case study, and experiential learning. (See ENTR 4340.) Prerequisites: BADM 1040 with a grade of C (2.0) or better and INBA 3810.

**INBA 4850 International Business Law**
3 semester hours
This course provides an excellent legal foundation for the international operation of businesses. Students will address balancing the legal interests of domestic and international parties and will explore the applicable legal guidelines and case history. (See BLAW 4250.) Prerequisites: BLAW 2210 and INBA 3810.
INBA 4870 Multinationals and the Third World
3 semester hours
This course examines business activity by multinationals corporations in Third World countries focusing on conventional theory and practices of multinational enterprise, user-friendly shareholder wealth maximization, multinational finance, and corporate ethics. Issues of analysis include technology transfer, institutional arrangements, entry strategy and entry options, host country bargaining power, shareholder wealth maximization, workplace protection, financing decisions, direct foreign investment, and business ethics. (See FNCE 4470.)
Prerequisites: BADM 1040 with a grade of C (2.0) or better, FNCE 3410, INBA 3810.

INBA 4872 Managing a Global Workforce
3 semester hours
This course helps students recognize important human resource management (IHRM) issues underlying current international and global business conditions, as well as understand key IHRM challenges and practices (e.g., cross-cultural management, managing international assignments, global talent management) relevant to effective strategic management and business development in important countries and regions of the global economy. In addition, personal competencies and international issues are examined that are relevant to students' own future careers within the global workforce. (See MGMT 4672.)
Prerequisites: BADM 1040 with a grade of C (2.0) or better, INBA 3810, MGMT 3610.

INBA 4880 International Finance
3 semester hours
This course introduces students to international business finance and the workings of international financial markets. The principal objective of the course is for students to develop an understanding of the basic tools of financial decision making in an international environment. Key topics of study include exchange rate determination, relationships between inflation, interest rates, and exchange rates, risk management, multinational capital budgeting, and international portfolio theory. (See FNCE 4480.)
Prerequisites: BADM 1040 with a grade of C (2.0) or better, FNCE 3410, INBA 3810.

IRST 3300 Modern Irish Literature
4 semester hours
A study of Irish literature from 1900 to World War II.

IRST 3302 (Un)/Civil (W)rites: Contemporary African American, Northern Irish, and Native American Literature
4 semester hours
A comparative study of three different bodies of literature produced in response to the Civil Rights Movement and its aftermath.

IRST 3303 Contemporary Irish Literature
4 semester hours
A study of Irish literature from the end of World War II to the present.

IRST 3304 The Irish Renaissance
4 semester hours
A study of the period from the 1890s through the 1920s in Ireland focusing on the effort of Irish writers and others to preserve the rich legacy of Irish culture and carry it forward into the modern age.

IRST 3305 Irish Short Story
4 semester hours
In this course we will examine the rich and varied achievements in the genre of the short story by a wide range of modern and contemporary Irish writers.

IRST 3309 Ireland in Fiction and Film
4 semester hours
An examination of the diverse images of Ireland offered by various writers and directors. Usually taught in Dublin, Ireland.

IRST 3310 Modern Ireland
4 semester hours
(See HIST 4255.)

IRST 3312 Modern Britain and the British Empire
4 semester hours
(See HIST 4250.)

IRST 3317 Victorians to Moderns
4 semester hours
(See HIST 4251.)

IRST 3330 Irish Drama
4 semester hours
A study of Irish drama from Yeats to Beckett and beyond. Usually taught in Dublin, Ireland.

IRST 3350 World Dance: Ireland
2 semester hours
(See DANC 397.)

IRST 3998 Special Studies
1 TO 4 semester hours

IRST 3999 Independent Studies
1 TO 4 semester hours
3 semester hours
(See FTVS 429.)

IRST 4448 Irish Women Writers
4 semester hours
(See ENGL 5548.)

IRST 4449 The Dark Stuff: Horror in Irish Literature
4 semester hours
(See ENGL 5549.)

IRST 4998 Special Studies
1 TO 4 semester hours

IRST 4999 Independent Studies
1 TO 4 semester hours

Italian (ITAL)

ITAL 1101 Italian 1
4 semester hours
An introduction to Italian language and culture with emphasis on communicative skills, this course is designed for students who have little or no knowledge of Italian. Students will acquire the four basic language skills - listening, speaking, reading, and writing - in classes that are taught exclusively in Italian. Materials covered include an introduction to articles, pronouns, adjectives, prepositions, regular and irregular verbs in past and present tense indicative, and basic vocabulary on selected topics. Students are also introduced to the basic geography of Italy and to aspects of everyday Italian culture.

ITAL 1102 Italian 2
4 semester hours
Emphasizing communicative and linguistic skills, this course is a continuation of ITAL 1101. The principal goal of the curriculum is to develop the four basic language skills - listening, speaking, reading, and writing - in classes that are taught exclusively in Italian. New grammatical material introduced includes direct and indirect object pronouns, imperfect and future tenses, and the use of negative expressions. Students increase their vocabulary through further study of Italian culture past and present. Prerequisite: ITAL 1101 or equivalent.

ITAL 1602 Conversational Italian 2
4 semester hours
Prerequisite: ITAL 1102 or concurrent enrollment.

ITAL 1998 Special Studies
1 TO 4 semester hours

ITAL 1999 Independent Studies
1 TO 4 semester hours

ITAL 2103 Italian 3
4 semester hours
Emphasizing communicative and linguistic skills, this course is a continuation of ITAL 1102. The goal of the curriculum is to develop the four basic language skills - listening, speaking, reading, and writing - at the appropriate level of proficiency in classes that are taught exclusively in Italian. Increased emphasis is placed on writing assignments, working with multimedia materials in Italian, and reading selected texts written for native speakers of Italian. Prerequisite: ITAL 2103 or equivalent. University Core fulfilled: Flag: Oral Skills.

ITAL 2104 Italian 4
4 semester hours
Emphasizing communicative and linguistic skills, this course reviews the material studied in ITAL 1101, ITAL 1102, and ITAL 2103. The goal of the curriculum is to develop the four basic language skills - listening, speaking, reading, and writing - at the appropriate level of proficiency in classes that are taught exclusively in Italian. Increased emphasis is placed on writing assignments, working with multimedia materials in Italian, and reading selected texts written for native speakers of Italian. Prerequisite: ITAL 2103 or equivalent. University Core fulfilled: Flag: Oral Skills.

ITAL 2603 Conversational Italian 3
4 semester hours
Prerequisite: ITAL 2103 (may be taken concurrently).

ITAL 2998 Special Studies
1 TO 4 semester hours

ITAL 2999 Independent Studies
1 TO 4 semester hours

ITAL 3250 Contemporary Italian Culture
4 semester hours
An examination of the diverse forms of cultural expression in contemporary Italy, including literature, cinema, theatre, music, feminist writing, and political critique. Prerequisite: ITAL 2104 or equivalent.

ITAL 3533 The Italian Novella
4 semester hours
A survey of the short story form from the fourteenth century to the present. Prerequisite: ITAL 2104 or equivalent.

ITAL 3534 Italian Literature of the 20th and 21st Century
4 semester hours
A survey of poetry, drama, and prose from Pirandello to Calvino and beyond. Prerequisite: ITAL 2104 or equivalent.

ITAL 3580 Italian Women Writers
4 semester hours
Survey of representative works by Italian women writers from various historical periods, with particular focus on the modern and contemporary period. Prerequisite: ITAL 2104 or equivalent.

ITAL 3821 Stylistics and Composition
4 semester hours
An introduction to reading, writing, and editing texts in Italian. Students develop skills in writing clear and correct Italian and provide critical commentary on selected topics using the techniques of formal composition. Prerequisite: ITAL 2104 or equivalent.

ITAL 3998 Special Studies
1 TO 4 semester hours
ITAL 3999 Independent Studies  
1 TO 4 semester hours

ITAL 4351 Italian Cinema  
4 semester hours
An examination of the historical development of Italian cinema from Neorealism to the present. Students familiarize themselves with the history of Italian national cinema, while developing skills in the close analysis of film.

ITAL 4998 Special Studies  
1 TO 4 semester hours

ITAL 4999 Independent Studies  
1 TO 4 semester hours

Japanese (JAPN)

JAPN 1101 Japanese 1  
4 semester hours
An introduction to the fundamentals of Japanese, emphasizing listening and speaking skills. Students learn to ask and answer simple questions in the present and past tense. Introduces reading and writing of Hiragana and approximately 30 Kanji along with essentials of Japanese culture and custom. Fall semester only.

JAPN 1102 Japanese 2  
4 semester hours
A continuation of JAPN 1101. Introduction of Katakana and approximately 60 new Kanji. Useful grammatical patterns emphasizing the use of adjectives and verb conjugations. Practical patterns such as polite commands, permissions, prohibitions, and progressive forms are studied. Students continue to learn fundamentals of Japanese culture and lifestyle. Spring semester only.  
Prerequisite: JAPN 1101 or equivalent, or consent of instructor.

JAPN 1998 Special Studies  
1 TO 4 semester hours

JAPN 1999 Independent Studies  
1 TO 4 semester hours

JAPN 2103 Japanese 3  
4 semester hours
A course designed to improve oral proficiency as well as reading and writing skills in Hiragana, Katakana, and Kanji. More complex grammatical patterns such as giving advice and expressing one's desires. Approximately 60 new Kanji are introduced, and students write short essays on selected topics. Increased knowledge and understanding of Japanese culture and customs. Fall semester only.  
Prerequisite: JAPN 1102 or equivalent, or consent of instructor.  
University Core fulfilled: Oral Skills.

JAPN 2104 Japanese 4  
4 semester hours
A continuation of JAPN 2103. A course designed to enable students to express their ideas effectively through the use of more complex patterns such as advanced relative clauses, giving and receiving verbs, and volitional forms. Sixty new Kanji are practiced, and students write short essays on selected topics. Increased knowledge and understanding of Japanese culture and customs. Spring semester only.  
Prerequisite: JAPN 2103 or equivalent, or consent of instructor.  
University Core fulfilled: Flags: Oral Skills, Writing.

JAPN 2998 Special Studies  
1 TO 4 semester hours

JAPN 2999 Independent Studies  
1 TO 4 semester hours

JAPN 3105 Japanese 5  
4 semester hours
This course concentrates on further perfecting the student's four communicative skills. It focuses on building more advanced vocabulary, idiomatic expressions, and grammatical patterns. Informal and formal language, especially different levels of Keigo (polite speech), along with selected topics of Japanese culture and customs, are introduced. The student learns approximately 60 Kanji and writes short essays (800 characters) on culturally intriguing topics. Fall semester only.  
Prerequisite: JAPN 2104 or equivalent, or consent of instructor.  
University Core fulfilled: Flags: Oral Skills, Writing.

JAPN 3106 Japanese 6  
4 semester hours
This course is designed to help students further develop fluency in speaking, reading, and writing at an advanced-intermediate level. Discussions and compositions (800 characters) are based on selected, more increasingly complex topics. The student learns passive, causative, and causative-passive sentences thoroughly along with 45 Kanji. More advanced knowledge and understanding of Japanese culture, history, art, and socio-economics. Spring semester only.  
Prerequisite: JAPN 3105 or equivalent, or consent of instructor.  
University Core fulfilled: Flags: Oral Skills, Writing.

JAPN 3998 Special Studies  
1 TO 4 semester hours

JAPN 3999 Independent Studies  
1 TO 4 semester hours

JAPN 4998 Special Studies  
1 TO 4 semester hours

JAPN 4999 Independent Studies  
1 TO 4 semester hours

Jewish Studies (JWST)

JWST 1000 Introduction to the Hebrew Bible  
4 semester hours
(See THST 1000.)

JWST 1998 Special Studies  
1 TO 4 semester hours

JWST 1999 Independent Studies  
1 TO 4 semester hours
**JWST 2998 Special Studies**  
1 TO 4 semester hours

**JWST 2999 Independent Studies**  
1 TO 4 semester hours

**JWST 3000 Modern Jewish History**  
4 semester hours  
An examination of the political, economic, social, intellectual, and cultural history of Jews around the world since the nineteenth century. Main topics include: antisemitism, the origins and history of Zionism, the Holocaust, the founding of Israel, Jewish-Christian relations, Jewish migrations, and the diversity of Jewish experiences around the world.  
University Core fulfilled: Explorations: Historical Analysis and Perspectives.

**JWST 3500 Modern Israel**  
4 semester hours  
This course examines the rise of Jewish nationalism, Theodore Herzl, and the rise of political Zionism. We will discuss Zionism after Herzl, the Balfour Declaration, the seeds of Arab-Jewish confrontation, Palestine in World War II, postwar Palestine, the war of independence, and the growth of the Israeli republic. Other topics include Israel's search for peace and security, economic and social growth, the Six-Day War, the Yom Kippur War, the Likud era, peace with Egypt, and Israel's involvement in Lebanon, Gaza, and its relationship with Iran. Israeli society is quite heterogeneous, and the many peoples of Israel will be examined from the perspective of nationality and ethnicity as well as from the perspective of religion, gender, and economic status.

**JWST 3510 The Zionist Idea**  
4 semester hours  
Students will investigate the beginning of the modern chapter of Jewish history in the granting of full citizenship to the Jews in France as a result of the Revolution of 1789, through to its contemporary political success in the 1948 creation of the state of Israel.  
University Core fulfilled: Explorations: Historical Analysis and Perspectives.

**JWST 3750 Judaism: Religion, History, and Culture (Ancient through Modern)**  
4 semester hours  
(See THST 3100.)

**JWST 3998 Special Studies**  
1 TO 4 semester hours

**JWST 3999 Independent Studies**  
1 TO 4 semester hours

**JWST 4160 Jewish Image in Film and Television**  
3 semester hours  
(See FTVS 416.)  
Junior standing required.

**JWST 4340 Literature of the Holocaust**  
4 semester hours  
(See ENGL 5534.)

**JWST 4350 The History and Psychology of the Holocaust and Genocide: Perspectives on Power**  
4 semester hours  
This course examines how historians and psychologists explain the phenomenon of genocide in the modern world.  
University Core fulfilled: Integrations: Interdisciplinary Connections.

**JWST 4400 Interreligious Experience and Engagement**  
4 semester hours  
This seminar focuses on interreligious engagement and experience, exploring the diversity of faith traditions at LMU, in Los Angeles, and throughout the nation and world, by deliberate encounters with the Other. It will challenge students to reflect on fundamental questions of faith and identity within communities. It will examine the theory and practice of interreligious engagement, including: Bilateral (e.g., Catholic-Jewish) and trilateral (e.g., Christian-Jewish-Muslim) seminars and conferences of scholars and clergy; Multi-faith religious celebrations and worship services; Joint social action and social justice programs; Conflict resolution projects; Coalitions based on shared values. The readings, discussions, and site visits will provide theoretical and theological foundations for consideration of pluralism and other inclusive approaches to our interreligious context. Readings and class discussions will educate students about the beliefs, practices, and communities of diverse religious groups. Students will develop leadership strategies to establish, sustain, and advance interreligious engagements.

**JWST 4900 Capstone Project**  
4 semester hours  
The course includes a substantial service component or an internship.

**JWST 4998 Special Studies**

**LBST 4900 Capstone: Education and Global Issues**  
4 semester hours  
In this course students examine global issues in the context of education and educational institutions. Students will address critical questions such as: What does it mean to be an aware and responsible local and global citizen and how can education promote such? How can education become a more powerful vehicle for
promoting greater peace, justice, and equity in our world? Throughout the course each student does in-depth research on a topic of relevance and interest and produces and presents a thesis paper at the end of the course. Theses may relate, for example, to issues such as global conflict, economic integration, governance, technology, security and privacy, biodiversity/environmental awareness/climate change, or resource management, as well as the ways in which these issues overlap and are interrelated. The focus is on how our educational institutions prepare students to understand, critically evaluate, and act on these and other complex issues both in the immediate, local context, as well as in the larger global context of an increasingly interconnected world, where disparities of many types continue to grow. Approval of Program Director required.

1 TO 4 semester hours

**LBST 4999 Independent Studies**
1 TO 4 semester hours

### Liberal Arts (LIBA)

**LIBA 1001 Strategies for Graduate/Professional School Admission I**
1 semester hour
The aim of the course is to equip students with skills and strategies for applying to graduate and professional degree programs. The course will introduce students to strategies, co-curricular options, and scholarly activities that can strengthen their candidacy and application profiles. ACE program only.
Offered Fall semester.
Credit/No Credit grading.

**LIBA 1002 Strategies for Graduate/Professional School Admission II**
1 semester hour
The aim of the course is to equip students with skills and strategies to strengthen their candidacy for admission to graduate and professional school. Students will complete written assignments and exercises that will strengthen their knowledge about the graduate application process and familiarize them with resources that can aid them in the process. ACE program only.
Offered Spring semester.
Credit/No Credit grading.
Prerequisite: LIBA 1001.

**LIBA 1003 Strategies for Graduate and Professional School Admission III**
1 semester hour
The course is designed to help guide students through the graduate and professional school application process, including writing a personal statement, discussing potential funding sources, and how to obtain letters of recommendation. ACE program only.
Credit/No Credit grading.
Prerequisites: LIBA 1001 and LIBA 1002.

**LIBA 1011 Academic Skills for Psychology I**
1 semester hour
Learning strategies and techniques for success in the Psychology major.

**LIBA 1012 Academic Skills for Psychology II**
1 semester hour
A continuation of LIBA 1011. Credit/F grading.
Freshman PSYC majors only.
Offered Spring semester.
Prerequisite: LIBA 1011.

**LIBA 1044 Academic Skills for Student Athletes**
1 semester hour
This course covers academic skills for a successful university experience, including time management, library research processes, note taking, reading for meaning, avoiding plagiarism, and using MS Office applications. The course is tailored for student athletes. Credit/F grading.

**LIBA 1070 Orientation to Learning I**
1 semester hour
This course provides information on making a successful transition to college, including campus resources, study skills, academic and career planning. Credit/F grading.
Offered Fall semester.

**LIBA 1071 Orientation to Learning II**
1 semester hour
Continuation of LIBA 1070. Credit/F grading.
Offered Spring semester.

**LIBA 1081 Exploring Wellness I**
1 semester hour
Introduction to wellness, including physical, psychological, nutritional, financial, and environmental and the skills and campus resources that contribute to academic success. Healthy Living Learning Community only. Credit/F grading.
Offered Fall semester.

**LIBA 1082 Exploring Wellness II**
1 semester hour
A continuation of LIBA 1081. Healthy Living Learning Community only. Credit/F grading.
Offered Fall semester.

**LIBA 1998 Special Studies**
1 TO 4 semester hours

**LIBA 1999 Independent Studies**
1 TO 4 semester hours

**LIBA 2050 Strategy of Career Development**
2 semester hours
This course utilizes the popular models of career theory and traditional personality assessments to help students identify interests, skills, and values and describe how they relate to a career choice. The decision-making model is utilized to synthesize personal information and research is conducted on employment trends. By
the end of the course, students will be familiarized with the job search process including resume writing, interviewing skills, and job search strategies. Credit/No Credit grading.

LIBA 2051 Career Development Internship
1 semester hour
Engage in a mentoring/training type relationship with an employer in a career field of interest. Internships are established through the office of Career Development Services to aid in career decision-making, to make contacts with employers, and to evaluate employment opportunities firsthand. This course may be repeated 3 times. Credit/No Credit grading.

LIBA 2091 Intercultural Practicum I
1 semester hour
This course will teach students advanced human relations skills and provide them the occasion for integrating intercultural theory and practice in an increasingly diverse society. Credit/No Credit grading.

LIBA 2092 Intercultural Practicum II
2 semester hours
This course will teach students advanced skills in cross-cultural conflict management, intercultural leadership, strategies for organizational change in multiethnic settings, institutionalizing social change, and preparing personal action plans. Completion of LIBA 2091 and LIBA 2092 earns the Certificate for Intercultural Competence. Credit/No Credit grading. Prerequisite: LIBA 2091.

LIBA 2998 Special Studies
1 TO 4 semester hours

LIBA 2999 Independent Studies
1 TO 4 semester hours

LIBA 3000 Internship
0 semester hours
This course provides a supervised internship either on or off campus. Credit/No Credit grading.

LIBA 3001 SURP Seminar
3 semester hours
Students engage in hands-on research with a designated faculty mentor on their pre-approved Summer Undergraduate Research Program (SURP) project. The SURP program includes 20 hours of research per week, participation in SURP workshops, and other SURP activities as designated each summer. This seminar is only for students participating in the Summer Undergraduate Research Program in Summer Session I.

LIBA 3051 Career Development Internship
1 semester hour
Engage in a mentoring/training type relationship with an employer in a career field of interest. Internships are established through the office of Career Development Services to aid in career decision-making, to make contacts with employers, and to evaluate employment opportunities firsthand. This course may be repeated 3 times. Credit/No Credit grading.

LIBA 3998 Special Studies
1 TO 4 semester hours

LIBA 3999 Independent Studies
1 TO 4 semester hours

LIBA 4095 Seminar in College Teaching
4 semester hours
Seminar for students serving as teaching assistants in undergraduate courses. Topics include college teaching techniques, problems, and ethical considerations. Consent of instructor required. Senior standing required.

LIBA 4998 Special Studies
1 TO 4 semester hours

LIBA 4999 Independent Studies
1 TO 4 semester hours

Mathematics (MATH)

MATH 101 Algebra
3 semester hours
Polynomials, rational expressions, exponents, radicals, equations in one and two variables, the quadratic formula, functions and graphs.

MATH 102 Quantitative Skills for the Modern World
3 semester hours
Quantitative and analytic skills used to understand personal and social issues faced in everyday life. Topics include problem solving, computer spreadsheets, probability and statistics, and the mathematics of finance. Corequisite: MATH 103. University Core fulfilled: Foundations: Quantitative Reasoning.

MATH 103 Quantitative Skills for the Modern World Lab
0 semester hours
Concurrent laboratory for MATH 102. Corequisite: MATH 102.

MATH 104 Elementary Statistics
3 semester hours

MATH 106 Mathematics for Elementary Teachers I
3 semester hours
Foundations of arithmetic from an advanced standpoint: sets, numeration systems, the structure of number systems, and problem solving strategies. For Liberal Studies majors only, or by consent of instructor. Prerequisite: MATH 101 with a minimum grade of C (2.0) or Mathemetic Placement Examination. University Core fulfilled: Foundations: Quantitative Reasoning; Explorations: Nature of Science, Technology, and Mathematics.

MATH 111 Mathematical Analysis for Business I
3 semester hours
Systems of equations and inequalities, exponential and logarithmic functions, math of finance, linear programming.
MATH 191 Workshop in Mathematics I
2 semester hours
Study skills, analytical and problem solving skills, technical writing, recent fields of study and advances in mathematics, mathematical career opportunities.

MATH 190 Workshop in Mathematics II
2 semester hours
A continuation of MATH 190.

MATH 198 Special Studies
1 TO 4 semester hours

MATH 199 Independent Studies
1 TO 4 semester hours

MATH 204 Applied Statistics
3 semester hours
This course provides an introduction to statistics emphasizing data analysis and applications to life sciences. Topics include: descriptive statistics, elementary probability, various discrete and continuous distributions, confidence intervals and hypothesis tests for means and proportions, correlation and linear regression, as well as analysis of variance. This course will also include the use of computer programs to analyze data sets. University Core fulfilled: Flag: Quantitative Reasoning. Prerequisite: MATH 122 or MATH 131.

MATH 207 Mathematics for Elementary Teachers II
3 semester hours
Geometry, metric system, and introduction to probability and statistics. For Liberal Studies majors only, or by consent of instructor. Prerequisite: MATH 106. University Core fulfilled: Foundations: Quantitative Reasoning; Explorations: Nature of Science, Technology, and Mathematics.

MATH 234 Calculus III
4 semester hours
Partial derivatives, multiple integrals, three-dimensional space, vectors in two- and three- dimensional space, line integrals, Green's theorem. Prerequisite: MATH 132 or equivalent. University Core fulfilled: Flag: Quantitative Reasoning.

MATH 245 Ordinary Differential Equations
3 semester hours
Differential equations as mathematical models, analytical, qualitative, and numerical approaches to differential equations and systems of differential equations, and Laplace transform techniques. Prerequisite: MATH 132 or equivalent. University Core fulfilled: Flag: Quantitative Reasoning.

MATH 248 Introduction to Methods of Proof
3 semester hours
Number theory, sets, functions, equivalence relations, cardinality, methods of proof, induction, contradiction, contraposition. Student portfolios will be collected. Prerequisite: MATH 132 or equivalent. University Core fulfilled: Flag: Quantitative Reasoning.

MATH 250 Linear Algebra
3 semester hours
MATH 261 Mathematics: Contributions by Women
3 semester hours
A study of the biographies and mathematics of women mathematicians from the 1st through the 20th centuries. Topics include prime numbers, conic sections, cycloid curve, functions, sequences, series, polyhedra, and group theory.
Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.

MATH 264 Cryptography through the Ages
3 semester hours
A study of mathematical systems used for enciphering and deciphering information and the context in which these systems arose.
Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.

MATH 282 Elementary Computational Methods
3 semester hours
Computer solutions of applied mathematical problems using a procedural programming language and a computer algebra system. Nonlinear equations, differentiation, integration.
Prerequisites: MATH 245 and MATH 250 or concurrent enrollment or consent of instructor.

MATH 293 Mathematics Teaching Field Experience
0 semester hours
Planned observation, instruction or tutoring experiences appropriate for future secondary or middle school mathematics teachers; related professional reading and reflections.

MATH 298 Special Studies
1 TO 4 semester hours

MATH 299 Independent Studies
1 TO 4 semester hours

MATH 301 Mathematical Ideas for Future Teachers I
3 semester hours
A selection of topics from number theory, algebra, game theory, probability, and statistics of interest to future teachers. The emphasis is on deepening students' understanding of the methods and philosophy of mathematics. Students will actively engage in exploring mathematics through student investigations and presentations.
Prerequisites: MATH 107 and MATH 112 or MATH 120 or MATH 122 or MATH 131.

MATH 302 Mathematical Ideas for Future Teachers II
3 semester hours
A selection of topics from geometry and topology of interest to future teachers. The emphasis is on deepening students' understanding of the methods and philosophy of mathematics. Students will actively engage in exploring mathematics through student investigations and presentations.
Prerequisites: MATH 107 and MATH 112 or MATH 120 or MATH 122 or MATH 131.

MATH 321 Real Variables I
3 semester hours
The real number system, least upper bound, sequences, Cauchy sequences, functions, limits of functions, continuity, derivatives, and Riemann integration.
Prerequisite: MATH 248.

MATH 322 Real Variables II
3 semester hours
Infinite series, uniform convergence, power series, and improper integrals.
Prerequisite: MATH 321.

MATH 331 Elements of Group Theory
3 semester hours
Group theory. Binary operations, subgroups, cyclic groups, factor groups, isomorphism, homomorphism, and Cayley's theorem.
Prerequisite: MATH 248.

MATH 332 Elements of the Theory of Rings and Fields
3 semester hours
Rings, integral domains, fields, ideals, factor rings, polynomial rings, and unique factorization domains.
Prerequisite: MATH 331.

MATH 350 Advanced Linear Algebra
3 semester hours
Vector spaces over an arbitrary field, dual spaces, Cayley-Hamilton theorem, invariant subspaces, canonical forms for matrices, inner product spaces over C, the spectral theorem.
Prerequisites: MATH 248 and MATH 250.

MATH 355 Methods of Applied Mathematics
3 semester hours
Series solutions and special functions. Orthogonal functions and Fourier series, partial differential equations and boundary value problems.
Prerequisites: MATH 234 and MATH 245.

MATH 356 Introduction to Probability and Statistics
3 semester hours
Descriptive statistics, probability, discrete and continuous random variables, limit theorems, sampling distributions, estimations of parameters, nonparametric methods, hypothesis testing, linear regression.
Prerequisite: MATH 123 or MATH 132.
University Core fulfilled: Explorations: Nature of Science, Technology, and Mathematics.

MATH 360 Introduction to Probability and Statistics
3 semester hours
Descriptive statistics, probability, discrete and continuous random variables, limit theorems, sampling distributions, estimations of parameters, nonparametric methods, hypothesis testing, linear regression.
Prerequisite: MATH 123 or MATH 132.
University Core fulfilled: Explorations: Nature of Science, Technology, and Mathematics.

MATH 366 Discrete Methods
3 semester hours
An introduction to graph theory; trees; coloring; Eulerian circuits. Combinatorics; permutations and combinations; recurrence relations.
Prerequisite: MATH 248.

MATH 388 Survey of Biomathematics
3 semester hours
Introduction to the application of mathematical tools and techniques in biology. Application areas range from gene regulatory networks to physiological systems to ecology and environment biology. Mathematical methods include deterministic and probabilistic approaches to modeling dynamical systems, development, analysis, and simulation of model equations, and problems of fitting models to...
issues in secondary mathematics education will be investigated. Mathematics courses, and by provid
connections between these problems and upper division generalizations of typical high school problems, by making explicit standpoint by developing and exploring extensions and
Topics in high sch
MATH 493 Senior Seminar for Future Mathematics Educators
3 semester hours
Topics in high school mathematics are examined from an advanced standpoint by developing and exploring extensions and generalizations of typical high school problems, by making explicit connections between these problems and upper division mathematics courses, and by providing historical context. Current issues in secondary mathematics education will be investigated.

MATH 393 Mathematics Internship
1 TO 3 semester hours
Internship conducted in an industrial, business, government, or educational setting involving applied mathematical work or teaching. This will involve a research project (or paper) coordinated jointly with an on-site supervisor and a Department faculty member. Enrollment is subject to available opportunities and approval of the Department Chairperson.

MATH 397 Putnam Competition Preparation
0 TO 1 semester hour
A study of problem-solving techniques and skills to prepare students to participate in the William Lowell Putnam Mathematical Competition, a prestigious national exam. The course may be repeated for credit. Grading is Credit/No Credit. The course may not be used to satisfy any of the requirements of the mathematics major or minor. Consent of instructor required.

MATH 398 Special Studies
1 TO 4 semester hours

MATH 399 Independent Studies
1 TO 4 semester hours

MATH 471 Topology
3 semester hours
An introduction to metric and topological spaces; continuity and homeomorphism; separation properties; connectivity and compactness; examples and applications. Prerequisite: MATH 321.

MATH 473 Differential Geometry
3 semester hours
Curves, parametrizations, and arc length; surfaces, differential functions, and the first fundamental form (area); the Gauss map; isometries, Gauss’ Theorema Egregium, geodesics, and the Gauss-Bonnet theorem. Prerequisites: MATH 234 and MATH 250.

MATH 490 History of Mathematics
3 semester hours
The development of mathematics from historical and cultural viewpoints including both European and non-European roots of mathematics as well as contributions by women. Prerequisite: MATH 248.

MATH 491 Senior Mathematics Seminar
3 semester hours
Topics in mathematics chosen by the instructor. Written and oral presentations are required. University Core fulfilled: Flag: Oral Skills; Writing.

MATH 493 Senior Seminar for Future Mathematics Educators
3 semester hours
Topics in high school mathematics are examined from an advanced standpoint by developing and exploring extensions and generalizations of typical high school problems, by making explicit connections between these problems and upper division mathematics courses, and by providing historical context. Current issues in secondary mathematics education will be investigated.

MATH 495 Mathematical Modeling
3 semester hours
Introduction to various modeling techniques, design and implementation of algorithms, organization and presentation of results, introduction to problem solving using computer algebra systems. Written and oral presentations are required. Senior standing or consent on instructor required. University Core fulfilled: Flag: Writing.

MATH 497 Senior Thesis
3 semester hours
This course is intended to provide the student with an opportunity to complete a substantive research project under the guidance of a faculty member. The student will prepare a written report and an oral presentation on the project at the end of the semester. Senior standing and the consent of both the Chairperson and a faculty thesis advisor required. University Core fulfilled: Flag: Oral Skills; Writing.

MATH 498 Special Studies
1 TO 3 semester hours

MATH 499 Independent Studies
1 TO 3 semester hours

MATH 511 Mathematics and Gender Equality
3 semester hours
Historical and current gender issues in mathematics examined through 1) the lives and mathematical work of women mathematicians from the 4th to the 21st centuries and 2) equity issues in K-12 mathematics education and math-related careers. Mathematical topics include prime numbers, conic sections, functions, sequences and series, polyhedra and group theory. Prerequisites: MATH 107 and MATH 112 or MATH 120 or MATH 122 or MATH 131 or consent of instructor.

MATH 550 Fundamental Concepts of Geometry
3 semester hours
Euclidean and non-Euclidean planar geometries, axiomatic systems, synthetic and analytic representations, relationships with algebra, and selected topics and applications. Prerequisites: MATH 248 and MATH 250.

MATH 560 Advanced Topics in Probability and/or Statistics
3 semester hours
Material to be covered will be determined by the instructor. Consult with the instructor for the specific topics in probability and statistics that will be covered in any given semester. Prerequisites: MATH 234 and MATH 360.

MATH 561 Computational Methods in Linear Algebra
3 semester hours
Numerical solutions of linear systems of equations, Gauss elimination and iterative methods, eigenvalues and eigenvectors. Prerequisites: CMSI 185 or ENGR 160 or MATH 282, and MATH 250 or consent of instructor.

MATH 562 Numerical Analysis
3 semester hours
Numerical solutions of non-linear equations, interpolation, numerical
differentiation, integration, and solution of differential equations. Prerequisites: CMSI 185 or ENGR 160 or MATH 282, and MATH 245 or consent of instructor.

**MATH 590 History of Mathematics for Secondary Teachers**  
*3 semester hours*  
The development of mathematics from historical and cultural viewpoints, including both European and non-European roots of mathematics as well as contributions by women. Course content will be connected to the secondary classroom. Prerequisite: MATH 248.

**MATH 593 Seminar for Mathematics Educators**  
*3 semester hours*  
Topics in high school mathematics are examined from an advanced standpoint by developing and exploring extensions and generalizations of typical high school problems, by making explicit connections between these problems and upper division mathematics courses, and by providing historical context. Current issues in secondary mathematics education will be investigated. Written and oral presentations are required. Consent of instructor required.

**MATH 598 Special Studies**  
*1 TO 3 semester hours*  

**MATH 599 Independent Studies**  
*1 TO 3 semester hours*  

**MATH 695 MAT Final Project**  
*0 semester hours*  
The student will prepare and submit a proposal for a substantive project to the MAT Director, who will submit it to the Education Liaison Committee, complete the proposal as approved by the Education Liaison Committee under the guidance of a faculty member, prepare a written report, and give an oral presentation on the project.

**MBA Core (MBAA)**

**MBAA 601 The Legal and Ethical Environment of Business**  
*3 semester hours*  
The factors present in the external environments of business relative to business law and political entities that must be dealt with by business managers. Interrelated ethical considerations will be explored along with such topics as agency, contracts, business organizations, property, the court system, and business interfaces with local, state and federal governments.

**MBAA 602 Financial and Managerial Accounting**  
*3 semester hours*  
The nature, techniques, and uses of accounting from a manager's perspective. Topics include accounting methodology, corporate financial statements and disclosures, alternative accounting measurement techniques, interpreting quality of earnings, strategic planning, and operational decision making.

**MBAA 603 Business Statistics**  
*3 semester hours*  
The use of basic statistics, probability concepts, sampling distributions, hypothesis tests, correlation/regression analysis and analysis of variance for making rational business decisions under conditions of risk and uncertainty. Applications of the computer and standard software packages as management tools are used to simplify and facilitate this process.

**MBAA 604 Business Economics**  
*3 semester hours*  
Macro and micro economic theories are studied and applied to business situations to facilitate decision-making relevant to the domestic and international marketplaces.

**MBAA 605 Management and Organizational Behavior**  
*3 semester hours*  
The study of management as it relates to individual, small group and total organizational systems. Topics covered include management principles, international management, leadership, motivation, and interpersonal communication. The course also includes a focus on ethical issues and the social responsibilities of the manager in a complete global environment.

**MBAA 606 Marketing Management**  
*3 semester hours*  
This course is concerned with the role of marketing in a market economy and within modern organizations. Emphasis will be placed upon marketing concepts and activities which comprise successful marketing practices. The student will be introduced to decision-making tools in such areas as product development and positioning, pricing strategy, supply chain management, and integrated marketing communications. Prerequisite: MBAA 604.

**MBAA 607 Operation Analysis and Decision Support Systems**  
*3 semester hours*  
A decision-making approach involving computer applications. Topics include linear programming, forecasting project management, simulation, queuing theory, and decision trees. Prerequisite: MBAA 603.

**MBAA 608 Financial Management**  
*3 semester hours*  
An examination of methods and instruments useful to financial managers of business enterprises for making investment, dividend, and financial decisions and in managing working capital. Prerequisites: MBAA 602, MBAA 603, and MBAA 604.

**MBAA 609 Management Information Systems**  
*3 semester hours*  
An overview of planning, analysis and design, implementation, and operation and control of information technology for business environments. Primary emphasis is placed on the role of the manager in a computer-based information system environment. Prerequisite: MBAA 605.

**MBAA 6010 Managing People and Organizations**  
*3 semester hours*  
This course presents insight from a variety of academic disciplines, including management, psychology, sociology, and economics, to understand the processes through which people work together in organizations. Focus on topics such as leadership, motivation, decision-making, communication, organizational culture, and performance management.

**MBAA 6020 Financial and Managerial Accounting**  
*3 semester hours*  
This course surveys the basic concepts of the accounting discipline, encompassing principles, current practices, and trends, and the
activities involved in understanding and interpretation of accounting systems from a manager's perspective. Emphasis is placed on developing an interface with other areas of business.

**MBAA 6030 Global Economic Structures and Systems**  
*1.5 semester hours*  
This course adopts a thematic approach to applying economic concepts to solving contemporary real-world business problems. These problems are analyzed from the perspective of an entrepreneur, a business manager, and an economic policy maker. Specific themes include understanding economic terminology, issues and methods; identifying determinants of supply and demand; understanding the economics of the firm, characterizing alternative market structures, measuring aggregate demand and supply, and understanding the implications of various government economic policies.

**MBAA 6040 Managing Markets and Customer Relationships**  
*3 semester hours*  
An applied, case-based course which covers the essential principles of marketing as a vital component of a business operation, emphasizing marketing’s strategic bases and the real-world utilization of both traditional and innovative techniques to influence both the trade and the consumer in making a purchase decision. The primary foci of the course will be upon the effects of uncontrollable factors in the environment and the controllable variables essential to marketing success including market analysis, product decisions, pricing, distribution, and promotion.

**MBAA 6050 Managing Operations**  
*1.5 semester hours*  

**MBAA 6060 Strategic Management**  
*3 semester hours*  
An applied course which develops strategic thinking skills to enable managers to position the business to achieve and sustain superior competitive performance. Addresses issues of both strategy design and implementation in the complex global economic environment. The course requires students to draw upon and integrate knowledge and skills developed throughout their business education.

**MBAA 6070 Managing Financial Resources**  
*3 semester hours*  
The course covers the methods and instruments useful to financial managers of business enterprises for making investment, payout, and financing decisions, and in managing working capital.

**MBAA 6080 Data, Models, and Decisions**  
*3 semester hours*  
The course introduces students to the process of understanding, displaying, visualizing, and transforming data into insight in order to help managerial decision makers make better, more informed, data-driven decisions. The course provides a basic introduction to descriptive analytics, including visualization, predictive analytics, and preliminary exposure to some aspects of prescriptive analytics. The approach taken by the course is very practical and applied: hands-on learning is the central focus of the course. For each topic, a case/problem analysis will require the use of Excel and other specialized analytics and decision-making software.

**MBAA 6090 Managing Information Systems**  
*3 semester hours*  
This course is designed to introduce the MBA student to key IT concepts and to enhance understanding of the issues that business executives face when developing and managing information systems. By completing the course, the student will be better equipped to make IT-related decisions, to participate in IT projects, and to knowledgeably communicate with IT experts.

**MBAA 6100 Managing International Business**  
*3 semester hours*  
This course broadens MBA students' perspective and helps them develop in-depth understanding of international business theories and practices. Students will learn about complex issues in different political, legal, economic, monetary, and socio-cultural systems and how they influence business operations. Students will study the key theories, government policies, and current trends of international traded and foreign direct investment. Students will also examine various market entry modes, strategy choices, as well as organization and management approaches. Through this course, students will acquire skills and knowledge necessary for evaluating international opportunities and challenges and for managing international expansion and operations.  
Prerequisites: First-year MBA core courses.

**Management/Organizational Behavior (MBAB)**

**MBAB 613 Performance Management**  
*3 semester hours*  
Key principles, methods and techniques are presented for enhancing employee productivity through performance problem analysis, work design, coaching, training and skill development, performance appraisal system design and implementation, employee correction and discipline, interpersonal communication skills, team development and management, empowerment, and other formal and informal performance management systems. Includes Human Resource performance management issues and methods appropriate for the small and medium-sized enterprise. Critical legal aspects of performance management are also covered. Also listed as MBBE 613 and MBAB 613.  
Prerequisite: MBAA 605 or MBAA 6010.

**MBAB 614 Advanced Communication for Managers**  
*3 semester hours*  
This is a practical course focused on the sharpening of interpersonal communication skills that lead to successfully managing others. Topics will include theory and skills for strengthening one's interpersonal communication abilities, leading groups, presenting ideas, and the effective use of power in the workplace.  
Prerequisite: MBAA 605 or MBAA 6010.

**MBAB 621 Managing in the Multicultural Workplace**  
*3 semester hours*  
Drawn to areas of economic traction, the immigrant populations participate in fueling the economic growth, creating a diverse workplace with a multicultural workforce in the process. Business issues relating to these demographic realities superficially in the Los Angeles area, such as immigration and settlement patterns, workforce and market participation, and the process of assimilation will be analyzed. Intercultural communication, prejudice as a management concern, operational challenges and strategic questions will be defined and explored. Also listed as MBAE 621.  
Prerequisite: MBAA 605 or MBAA 6010.

**MBAB 622 Management Consulting**
MBAB 651 Ethical Issues in Business

This course introduces students to the two dominant philosophical traditions used in analyzing ethical issues in business: 1) evaluating the amount and type of benefits and/or harm that will result from an action, and 2) evaluating the intrinsic character of an action. After getting comfortable with the basic theory, students apply these approaches to numerous ethical dilemmas in business. In this respect, the course is about learning a new way of evaluating problems and making decisions. This course also discusses: the issue of the relationship between the moral character of our actions and the health of the human personality, and the claim that men and women may perceive and resolve ethical dilemmas differently.

Prerequisite: MBAA 605 or MBAA 6010.

MBAB 680 Advanced Topics in Managerial Policy and Strategy

3 semester hours

Case histories are documented, reviewed, analyzed, and interpreted from the perspective of the functional specialist operating as part of the strategic management team. Concepts comprising the course will be applicable to both large and small enterprises. The student will develop skill in identifying and focusing on the key issues which must be addressed from an overall strategic perspective.

Prerequisite: MBAA 605 or MBAA 6010.

MBAB 685 Power, Politics, and Negotiations in Organizations

3 semester hours

A study of organizational politics and power applications within the organization. The focus is on the positive practical understanding and application of power within organizations. Inter- and intra-organizational negotiation techniques are also explored from theoretical and practical standpoints. Also listed as MBAE 685.

Prerequisite: MBAA 605 or MBAA 6010.

MBAB 698 Special Studies

1 TO 3 semester hours

Prerequisite: As designated by the MBA Office.

MBAB 699 Independent Studies

1 TO 3 semester hours

Prerequisites: MBAA 601, MBAA 602, MBAA 603, MBAA 604, MBAA 605, MBAA 606, MBAA 607, MBAA 608, MBAA 609.

Marketing Management (MBAC)

MBAC 611 Seminar in Business and Capitalism

3 semester hours

Business and Capitalism is an historical analysis of systems of economic and political thought, examined from the perspective of the practice of business. In particular, the roles of capitalism, socialism, and numerous other economic systems will be explored in detail, as well as the manners by which the parameters of business and commerce are shaped and constrained within each of these systems. Students will be encouraged to examine and refine their own values and beliefs as they relate to these systems, and to their own future careers in business. This course is also listed as MBAI 611.

Prerequisites: MBAA 606 or MBAA 6040.

MBAC 612 Strategic Marketing Analysis and Implementation

3 semester hours

This course is a case-based extension of marketing management, focusing on cutting-edge issues faced by marketers. Students will enter actual organizations to develop cases based upon current
Prerequisite: MBAA 606 or MBAA 6040.

**MBAC 613 Consumer Behavior**
3 semester hours
This course is designed to refocus the student on the consumer as the object of marketing efforts. Social science concepts, drawn from such fields as psychology, sociology, anthropology, and economics, are used to examine influences on consumer choices, as well as to study the consumer decision process itself. Emphasis will be placed on how marketers use this knowledge to develop effective marketing programs.
Prerequisite: MBAA 606 or MBAA 6040.

**MBAC 614 Marketing Research**
3 semester hours
This course is concerned with the application of both qualitative research methodology to resolve marketing questions. Students will study the role of marketing research within the organization's planning and strategic efforts, and will be involved in the design, execution, analysis, and implementation of a comprehensive research project.
Prerequisite: MBAA 606 or MBAA 6040.

**MBAC 615 Sales Force Strategy**
3 semester hours
The objective of this course is to gain an understanding of the role of the sales force in achieving of the firm's marketing objectives. Material will develop an understanding of sales and sales management issues, including hiring, firing, training, motivating, compensating, and evaluating sales personnel. Therefore, students will develop decision-making skills and analytic capabilities around the development and management of both the sales function and salespeople.
Prerequisite: MBAA 606 or MBAA 6040.

**MBAC 616 Customer Relationship Management Strategy**
3 semester hours
Customer relationship management (CRM) is an emerging business strategy paradigm that focuses on the systematic development of ongoing, collaborative customer relationships as a key source of sustainable competitive advantage. CRM represents a fundamental change in approach from traditional marketing; the goals shift from market share to share of customer. Operating under the assumption that competitive advantage is often gained through building customer equity, this course introduces the theory and practical implementation of customer relationship management strategies using marketing databases.
Prerequisite: MBAA 606 or MBAA 6040.

**MBAC 620 Global Marketing Strategy**
3 semester hours
Concepts, principles, processes, and implications relevant to gaining competitive advantage in the global marketplace are examined. Topics include analysis of the company environment, identification of the company's competitive strategy, assessment of segments and identifying target markets, entry and expansion into the global marketplace, development of global positioning and marketing strategies, and standardization and adaptation strategies. Also listed under MBAG 620.
Prerequisite: MBAA 606 or MBAA 6040.

**MBAC 621 Pricing Strategy**
3 semester hours
The focus of this course is on the function of price as a driver of profit. Particular attention is given to the roles of customers, costs, and competitors as key concerns when developing pricing strategies. All aspects of pricing within the marketing and business environment are examined including theories and models of pricing strategy and common pricing techniques used in contemporary business practice. Theoretical elements from psychology, economics, accounting, and finance are addressed.
Prerequisite: MBAA 606 or MBAA 6040.

**MBAC 625 Competitive Marketing Strategy**
3 semester hours
This course analyzes strategic marketing management functions that are common in progressive and successful companies both from a conceptual and analytical perspective, and critically examines the types of decisions that are made by these companies to develop an in-depth understanding of the elements of marketing strategy.
Prerequisite: MBAA 606 or MBAA 6040.

**MBAC 630 Business Intelligence Tools and Systems**
3 semester hours
The course described the role and application of Business Intelligence in the context of organizational strategy, decision making, and operations. It discusses managerial decision making processes along with the scope and applications of various technical tools that can support those processes. Students taking the course will be introduced to the concepts of Data Warehouses, Business Analytics, and Visualization tools and their roles in delivering Business Intelligence to decision makers. It also delves into the issues of data quality and integration, availability, and organization information and other challenges faced by organizations in implementing BI solutions. Students are exposed to the current industry standard BI software and a number of hands-on exercises as well as projects are used to provide the students with first-hand experience in using BI tools for decision making. Also listed as MBAD 630.
Prerequisites: MBAA 603, MBAA 606 or MBAA 6040, and MBAA 609 or MBAA 6090, and working knowledge of Excel.

**MBAC 635 Information Technology Security**
3 semester hours
After 9/11 and the fall of Enron - the 7th largest corporation in America - information technology security has become one of the fastest growing areas in the business world. The need to know how to protect corporate information from attacks both from terrorists and business insiders are enormous. The main objective of this course is to provide students an exposure to the complex information security management issues in the US today. This course offers business professionals a unique blend of technical knowledge and managerial training to investigate digital threats, study corporate security needs, modeling potential risk, and explore possible strategies that management can adapt to protect valuable corporate assets. Also listed as MBAD 635 and MBAJ 635.
Prerequisites: MBAA 602 and MBAA 609.

**MBAC 640 Advanced Competitive Thinking**
3 semester hours
Building upon the foundation in the MBA Core, this course addresses advanced concepts in the logic and process of competition in business. A number of unique models, theories, metaphors, and historical examples are utilized to gain insights regarding the processes and outcomes of competition.
Prerequisite: MBAA 606 or MBAA 6040.
MBAC 647 International Marketing  
**3 semester hours**  
This course will examine marketing management and planning factors and techniques required for success in a global environment. Students will develop an appreciation for the external forces which shape the international marketer's decisions and will study strategic decision-making used by international firms as they enter and adapt to new cultures and nations. Also listed as MBAG 647.  
Prerequisite: MBAA 606 or MBAA 6040.

MBAC 660 Marketing Strategy  
**3 semester hours**  
Includes an emphasis on development and implementation of marketing strategy and marketing planning. This course is designed to provide the student with advanced theoretical and practical approaches of those methodologies that lead toward survival and growth in the marketing and competitive environments. Marketing strategy concepts are reviewed in detail.  
Prerequisite: MBAA 606 or MBAA 6040.

MBAC 662 Product and Brand Management  
**3 semester hours**  
This class addresses important decisions faced by an organization. The objectives will be to increase an understanding of the important issues in planning and to provide the appropriate theories, models, and other tools to make better branding decisions. Emphasis is placed on understanding psychological principles at the consumer level that will improve managerial decision making with respect to brands.  
Prerequisites: MBAA 6040 or MBAA 6060.

MBAC 663 Business-to-Business Marketing  
**3 semester hours**  
Although firms marketing products and services to other organizations, rather than to final consumers, account for a majority of our economy, marketing was slow to acknowledge the importance of such exchanges. This course focuses on the analysis of issues emerging when the buyer is an organization. Topics include relationship marketing, organizational buying behavior, and marketing of technology.  
Prerequisite: MBAA 606 or MBAA 6040.

MBAC 664 Advertising and Promotional Strategy  
**3 semester hours**  
The field of Integrated Marketing Communications (IMC) is a recognition of the need for firms to coordinate their various promotional activities and expenditures to achieve overall objectives. This course will cover advertising, public relations, sales promotions, and direct marketing theory and technique and their interrelationships. Students will develop a promotional strategy for an organization using complementary elements of each of these tools.  
Prerequisite: MBAA 606 or MBAA 6040.

MBAC 680 eBusiness: Strategy, Operations, and Infrastructure  
**3 semester hours**  
Using a practitioner's approach combined with the exposure to necessary knowledge of eBusiness management, strategy, technology, and operations, this course examines how to build a successful eBusiness including a functional eBusiness website. The focus is primarily on the knowledge needed to build a consumer centric eBusiness (B2C). Also listed as MBAD 680 and MBAH 680.  
Prerequisites: MBAA 606 or MBAA 6040; MBAA 609 or MBAA 6090.

MBAC 685 Sales Force Strategies  
**3 semester hours**  
Linkages in the management of the sales function, personal selling activities, and the marketing area are examined to gain an understanding of the role of the sales force in achieving the firm's revenue objectives. Sales practices are examined through the analysis of numerous sales management issues including hiring, firing, training, motivating, compensating, and evaluating sales personnel.  
Prerequisite: MBAA 606 or MBAA 6040.

MBAC 698 Special Studies  
**1 TO 3 semester hours**  
Prerequisite: as designated by the MBA Office.

MBAC 699 Independent Studies  
**1 TO 3 semester hours**  
Prerequisites: MBAA 601, MBAA 602, MBAA 603, MBAA 604, MBAA 605, MBAA 606, MBAA 607, MBAA 608, MBAA 609.

Information and Decision Sciences (MBAD)  

MBAD 612 Management Support Systems  
**3 semester hours**  
An in-depth study of the foundations and applications of computer-based tools that support the functions and activities of managers. It includes, but is not limited to, components on decision support systems, executive support systems, and expert systems. Integrates hands-on experience in the development of applications with theoretical structure of decision making.  
Prerequisite: MBAA 609 or MBAA 6090.

MBAD 613 Database Management Systems  
**3 semester hours**  
An in-depth analysis of the strategies employed in the development of generalized database management systems. Explores data and file structures, the network, hierarchical and relational models, and methods of structured design. Students will be expected to participate in the development of a small database.  
Prerequisite: MBAA 609 or MBAA 6090.

MBAD 617 Optimization and Financial Engineering  
**3 semester hours**  
This course introduces advanced optimization modeling techniques that support financial decision-making. Provides hands-on experience in the development of spreadsheet optimization models for applications in cash budgeting, portfolio management, short-term financial planning, capital budgeting, and project management.  
Prerequisites: MBAA 607 or MBAA 6050 and MBAA 608 or MBAA 6070.

MBAD 619 Risk Analysis and Financial Modeling  
**3 semester hours**  
This course introduces advanced quantitative model building skills for financial risk analysis. Provides hands-on experience in the development of spreadsheet simulation and forecasting models for applications in valuation, capital budgeting, mergers and acquisitions, option pricing, and portfolio management. Also listed as MBAF 619.  
Prerequisites: MBAA 607 or MBAA 6050 and MBAA 608 or MBAA 6070.

MBAD 630 Business Intelligence Tools and Systems  
**3 semester hours**  
The course described the role and application of Business
Intelligence in the context of organizational strategy, decision making, and operations. It discusses managerial decision making processes along with the scope and applications of various technical tools that can support those processes. Students taking the course will be introduced to the concepts of Data Warehouses, Business Analytics, and Visualization tools and their roles in delivering Business Intelligence to decision makers. It also delves into the issues of data quality and integration, availability, and organization information and other challenges faced by organizations in implementing BI solutions. Students are exposed to the current industry standard BI software and a number of hands-on exercises as well as projects are used to provide the students with first-hand experience in using BI tools for decision making. Also listed as MBAD 630.
Prerequisites: HB Stats Online, MBAA 603, MBAA 606 or MBAA 6040, MBAA 609 or MBAA 6090, and working knowledge of Excel.

MBAD 635 Information Technology Security
3 semester hours
After 9/11 and the fall of Enron - the 7th largest corporation in America - information technology security has become one of the fastest growing areas in the business world. The need to know how to protect corporate information from attacks both from terrorists and business insiders are enormous. The main objective of this course is to provide students an exposure to the complex information security management issues in the US today. This course offers business professionals a unique blend of technical knowledge and managerial training to investigate digital threats, study corporate security needs, modeling potential risk, and explore possible strategies that management can adapt to protect valuable corporate assets. Also listed as MBAD 635 and MBAJ 635.
Prerequisites: MBAA 602 or MBAA 6020 and MBAA 609 or MBAA 6090.

MBAD 680 eBusiness: Strategy, Operations, and Infrastructure
3 semester hours
Using a practitioner’s approach combined with the exposure to necessary knowledge of eBusiness management, strategy, technology, and operations, this course examines how to build a successful eBusiness including a functional eBusiness website. The focus is primarily on the knowledge needed to build a consumer-centric eBusiness (B2C). Also listed as MBAC 680 and MBAH 680.
Prerequisites: MBAA 606 or MBAA 6040; MBAA 609 or MBAA 6090.

MBAD 698 Special Studies
1 TO 3 semester hours
Prerequisite: As designated by the MBA Office.

MBAD 699 Independent Studies
1 TO 3 semester hours
Prerequisites: MBAA 601, MBAA 602, MBAA 603, MBAA 604, MBAA 605, MBAA 606, MBAA 607, MBAA 608, and MBAA 609; or MBAA 6010, MBAA 6020, MBAA 6030, MBAA 6040, MBAA 6050, MBAA 6060, MBAA 6070, MBAA 6080, and MBAA 6090.

Human Resources Management (MBAE)

MBAE 611 Human Resource Management and Career Development
3 semester hours
This course provides a broad overview to fill critical information and skill needs of all managers for effectively managing an organization's human resources. Key topics include human resource planning, staffing, training, performance evaluation, compensation, health and safety, labor law, and equal employment guidelines. An important emphasis is on effective career planning in organizations, both for managers themselves and their subordinates.
Prerequisite: MBAA 605 or MBAA 6010.

MBAE 613 Performance Management
3 semester hours
Key principles, methods and techniques are presented for enhancing employee productivity through performance problem analysis, work design, coaching, training and skill development, performance appraisal system design and implementation, employee correction and discipline, interpersonal communications skills, team development and management, empowerment and other formal and informal performance management systems. Includes Human Resource performance management issues and methods appropriate for the small- and medium-sized enterprise. Critical legal aspects of performance management are also covered.
Also listed as MBAB 613 and MBAH 613.
Prerequisite: MBAA 605 or MBAA 6010.

MBAE 621 Managing in the Multicultural Workplace
3 semester hours
Drawn to areas of economic traction, the immigrant populations participate in fueling economic growth, creating a diverse workplace with a multicultural workforce in the process. Business issues relating to these demographic realities, superficially in the Los Angeles area, such as immigration and settlement patterns, workforce and market participation, and the process of assimilation will be analyzed. Intercultural communication, prejudice as a management concern, operational challenges and strategic questions will be defined and explored. Also listed as MBAB 621.
Prerequisite: MBAA 605 or MBAA 6010.

MBAE 630 Strategic Human Resource Management
3 semester hours
This course examines important HRM topics that are closely involved in the successful formulation and implementation of strategy within organizations for achieving competitive advantage, including strategic human resource planning and staffing, organizational culture and leadership, communication, compensation and reward systems, managing organization change and development, and building learning organizations.
Prerequisite: MBAA 605 or MBAA 6010.

MBAE 636 Managing Organizational Change and Development
3 semester hours
This course will focus on an investigation of the emerging field of Organization Development (OD), including its major theories, basic concepts and primary intervention/change strategies. This course will focus on assessing the health/effectiveness of an organizational system and how planning an intervention/change strategy will increase the effectiveness of the organization. Also listed as MBAB 636.
Prerequisite: MBAA 605 or MBAA 6010.

MBAE 637 International Management of Human Resources
3 semester hours
This course examines key issues and problems involved in managing human resources on a global scale. In addition to comparative analysis of traditional HRM areas such as staffing, training, performance appraisal, and compensation, special topics include expatriate preparation, repatriation, and managing an international and culturally diverse workforce. Also listed as MBAB 637 and MBAG 637.
Prerequisite: MBAA 605 or MBAA 6010.

473
MAE 685 Power, Politics, and Negotiation in Organizations
3 semester hours
A study of organizational politics and power applications within the organization. The focus is on a positive practical understanding and application of power within organizations. Inter- and intra-organizational negotiation techniques are also explored from theoretical and practical standpoints. Also listed as MBAE 685. Prerequisite: MBAA 605 or MBAA 6010.

MAE 698 Special Studies
1 TO 3 semester hours
Prerequisite: As designated by the MBA Office.

MAE 699 Independent Studies
1 TO 3 semester hours
Prerequisites: MBAA 601, MBAA 602, MBAA 603, MBAA 604, MBAA 605, MBAA 606, MBAA 607, MBAA 608, and MBAA 609; or MBAA 6010, MBAA 6020, MBAA 6030, MBAA 6040, MBAA 6050, MBAA 6060, MBAA 6070, MBAA 6080, and MBAA 6090.

Financial Decision Systems (MAAF)

MAF 611 Financial Markets
3 semester hours
This course introduces students to the various financial markets. Emphasis is on the history and development of each market as well as changes in the markets over recent years. The impact of factors such as technology, regulation, political and global environments on the operations of these markets will be discussed. Prerequisite: MBAA 608 or MBAA 6070.

MAF 614 Accounting and Finance Concepts for Strategic Planning
3 semester hours
Through the lens of a Chief Financial Officer, this course aims to highlight common mistakes in strategic planning and prepare students to convincingly document critical financial assumptions, incorporating global trends, ethics, and real world risk management. Key concepts that help to evaluate initial funding, cash flows, and return on investment in formats used in banks and boardrooms are examined. This course is also listed as MAF 614. Prerequisites: MBA 608 or MBAA 6070.

MAF 619 Risk Analysis and Financial Modeling
3 semester hours
This course introduces advanced quantitative model building skills for financial risk analysis. Provides hands-on experience in the development of spreadsheet simulation and forecasting models for applications in valuation, capital budgeting, mergers and acquisitions, option pricing, and portfolio management. Also listed as MBAD 619. Prerequisites: MBAA 607 or MBAA 6050, and MBAA 608 or MBAA 6070.

MAF 620 Entrepreneurial Finance
3 semester hours
Financing issues and options from the vantage points both of the entrepreneur and the investor are examined to develop an appreciation of the critical role financing plays in new venture creation and the successful growth of emerging companies. The course addresses the evaluation of the potential (market and financial) of new (small, high growth) ventures from the perspective of both investor and entrepreneur. The source of value in new and growing companies (e.g., technology, team, etc.) and the financing options for companies of various types and stages are addressed as well as the development of plans for raising needed capital. Also listed as MBAH 620. Prerequisite: MBAA 608 or MBAA 6070.

MAF 623 Investments
3 semester hours
Presents portfolio theory and security analysis. Describes the market for each security and available investment strategies. Presented from a personal investor perspective. Prerequisite: MBAA 608 or MBAA 6070.

MAF 624 Mergers and Acquisitions
3 semester hours
A capstone MBA entrepreneurial experience that looks at mergers, acquisitions, long-term capital investments, levered buyouts, and divestitures. Major management decisions attempting to exploit economic and market opportunities are investigated in regard to their impact upon shareholder wealth. Also listed as MBAH 624. Prerequisite: MBAA 608 or MBAA 6070.

MAF 625 Real Estate Investments and Entrepreneurship
3 semester hours
An entrepreneurial approach to real estate investment built around financial modeling, market area supply and demand analysis, risk analysis, mortgage alternatives, and taxation impacts. Merits of real property investment options and strategies are presented in a "real world" context. Also listed as MBA 625. Prerequisite: MBAA 608 or MBAA 6070.

MAF 628 The CFO Perspective
3 semester hours
The roles and responsibilities of the Chief Financial Officer (CFO) in multiples industries and contexts are examined in depth to understand the relationships among the financial, operational, and strategic issues of the firm. Multiple perspectives on the role of the CFO are explored. Prerequisites: MBA 602 and MBA 608 or MBAA 6020 and MBAA 6070.

MAF 648 International Finance
3 semester hours
This course introduces students to international business finance and the workings of international financial markets. The principal objective of the course is for students to develop an understanding of the basic tools of financial decision-making in an international environment. Key topics of study include exchange rate determination; relationships between inflation, interest rates, and exchange rates; risk management; multinational capital budgeting; and international portfolio theory. Also listed as MBAG 648. Prerequisite: MBA 608 or MBAA 6070.

MAF 698 Special Studies
1 TO 3 semester hours
Prerequisite: As designated by the MBA Office.

MAF 699 Independent Studies
1 TO 3 semester hours
Prerequisites: MBAA 601, MBAA 602, MBAA 603, MBAA 604, MBAA 605, MBAA 606, MBAA 607, MBAA 608, and MBAA 609; or MBAA 6010, MBAA 6020, MBAA 6030, MBAA 6040, MBAA 6050, MBAA 6060, MBAA 6070, MBAA 6080, and MBAA 6090.

International Business Systems (MBAG)

MAF 624 Mergers and Acquisitions
3 semester hours
A capstone MBA entrepreneurial experience that looks at mergers, acquisitions, long-term capital investments, levered buyouts, and divestitures. Major management decisions attempting to exploit economic and market opportunities are investigated in regard to their impact upon shareholder wealth. Also listed as MBAH 624. Prerequisite: MBAA 608 or MBAA 6070.

MAF 625 Real Estate Investments and Entrepreneurship
3 semester hours
An entrepreneurial approach to real estate investment built around financial modeling, market area supply and demand analysis, risk analysis, mortgage alternatives, and taxation impacts. Merits of real property investment options and strategies are presented in a "real world" context. Also listed as MBA 625. Prerequisite: MBAA 608 or MBAA 6070.

MAF 628 The CFO Perspective
3 semester hours
The roles and responsibilities of the Chief Financial Officer (CFO) in multiples industries and contexts are examined in depth to understand the relationships among the financial, operational, and strategic issues of the firm. Multiple perspectives on the role of the CFO are explored. Prerequisites: MBA 602 and MBA 608 or MBAA 6020 and MBAA 6070.

MAF 648 International Finance
3 semester hours
This course introduces students to international business finance and the workings of international financial markets. The principal objective of the course is for students to develop an understanding of the basic tools of financial decision-making in an international environment. Key topics of study include exchange rate determination; relationships between inflation, interest rates, and exchange rates; risk management; multinational capital budgeting; and international portfolio theory. Also listed as MBAG 648. Prerequisite: MBA 608 or MBAA 6070.

MAF 698 Special Studies
1 TO 3 semester hours
Prerequisite: As designated by the MBA Office.

MAF 699 Independent Studies
1 TO 3 semester hours
Prerequisites: MBAA 601, MBAA 602, MBAA 603, MBAA 604, MBAA 605, MBAA 606, MBAA 607, MBAA 608, and MBAA 609; or MBAA 6010, MBAA 6020, MBAA 6030, MBAA 6040, MBAA 6050, MBAA 6060, MBAA 6070, MBAA 6080, and MBAA 6090.
MBAG 620 Global Marketing Strategy
3 semester hours
Concepts, principles, processes, and implications relevant to gaining competitive advantage in the global marketplace are examined. Topics include analysis of the company environment, identification of the company's competitive strategy, assessment of segments and identifying target markets, entry and expansion into the global marketplace, development of global positioning and marketing strategies, and standardization and adaptation strategies. Also listed as MBAC 620.
Prerequisite: MBAA 606 or MBAA 6040, and MBAA 6100.

MBAG 637 International Management of Human Resources
3 semester hours
This course examines key issues and problems involved in managing human resources on a global scale. In addition to comparative analysis of traditional HRM areas such as staffing, training, performance appraisal, and compensation, special topics include repatriation, and managing an international and culturally diverse workforce. Also listed as MBAB 637 and MBAE 637.
Prerequisite: MBAA 605 or MBAA 6010, and MBAA 6100.

MBAG 640 International Strategic Management
3 semester hours
The formulation and implementation of business and corporate strategies for worldwide operations in the increasing global economy, as opposed to those of purely domestic firms or firms marginally involved in international activities, is examined. The most recently developed approaches and concepts are discussed and applied through the use of extensive international case studies and current readings. Also listed as MBAB 640.
Prerequisite: MBAA 605 and MBAA 6100.

MBAG 641 International Management
3 semester hours
Differences in political, economic, and socio-cultural environments around the world challenge managers with opportunities and risks. The primary objective of the course is to help the students achieve understanding of the international business environment and evaluate the agenda facing managers operating in international business contexts. Also listed as MBAB 641.
Prerequisite: MBAA 605 and MBAA 6100.

MBAG 646 International Entrepreneurship
3 semester hours
This course focuses on international small business venture initiation process and seeks to develop your knowledge and skills in three key components of international entrepreneurship: initiating entrepreneurial venture, managing basic international business transactions, and dealing in multicultural business environments. Also listed as MBAH 646.
Prerequisites: MBAA 605 or MBAA 6010, MBAA 606 or MBAA 6040, and MBAA 608 or MBAA 6070, and MBAA 6100.

MBAG 647 International Marketing
3 semester hours
This course will examine marketing management and planning factors and techniques required for success in a global environment. Students will develop an appreciation for the external forces which shape the international marketer's decisions and will study strategic decision-making used by international firms as they enter and adapt to new cultures and nations. Also listed as MBAC 647.
Prerequisite: MBAA 606 or MBAA 6040, and MBAA 6100.

MBAG 648 International Finance
3 semester hours
This course introduces students to international business finance and the workings of international financial markets. The principal objective of the course is for students to develop an understanding of the basic tools of financial decision-making in an international environment. Key topics of study include exchange rate determination; relationships between inflation, interest rates, and exchange rates; risk management; multinational capital budgeting; and international portfolio theory. Also listed as MBAF 648.
Prerequisite: MBAA 608 or MBAA 6070, and MBAA 6100.

MBAG 676 The European Union
3 semester hours
This course will examine the European Union as both a major part of the global marketplace and an institutional policymaking body whose decisions impact both the marketplace and the practice of management. Political, economic, cultural, and historical impacts on EU policy formulation and on doing business there are highlighted and contrasted with other regions where appropriate. Corporate briefings highlighting current issues facing various companies are included. Finally, the course addresses the major EU issues of the day.
Prerequisite: MBAA 6100 and MBAA 606.

MBAG 698 Special Studies
1 TO 3 semester hours
Prerequisite: As designated by the MBA Office.

MBAG 699 Independent Studies
1 TO 3 semester hours
Prerequisites: MBAA 601, MBAA 602, MBAA 603, MBAA 604, MBAA 605, MBAA 606, MBAA 607, MBAA 608, MBAA 609.

Entrepreneurial Organizations (MBAH)

MBAH 611 Entrepreneurship
3 semester hours
Sources of entrepreneurs and entrepreneurial opportunities are explored. Steps in starting a new venture, preparation of a business plan for this venture.
Prerequisites: MBAA 605 or MBAA 6010, MBAA 606 or MBAA 6040, MBAA 608 or MBAA 6070.

MBAH 613 Performance Management
3 semester hours
Key principles, methods, and techniques are presented for enhancing employee productivity through performance problem analysis, work design, coaching, training and skill development, performance appraisal system design and implementation, employee correction and discipline, interpersonal communication skills, team development and management, empowerment, and other formal and informal performance management systems. Includes Human Resource performance management issues and methods appropriate for the small- and medium-sized enterprise. Critical legal aspects of performance management are also covered.
Also listed as MBAB 613 and MBAE 613.
Prerequisite: MBAA 605 or MBAE 6010.

MBAH 617 Small Business Management and Law
3 semester hours
This course focuses on the structure of law as it applies generally to syndications, franchises and business opportunities; legal representation benefits to business opportunities; insurance and risk
management, worker's compensation, health benefits; legal analytical skills to achieve business goals; and, the interface of business opportunities, government and regulatory agencies, wage and hour laws, architectural requirements, E.E.O.C. and disability compliance rules. Prerequisites: MBAA 601, and MBAA 605 or MBAA 6010.

MBAH 618 Entrepreneurial and Small Business Marketing
3 semester hours
Traditional marketing approaches often assume large budget, well-organized management structures, available information and power in the marketplace. Small and entrepreneurial business now constitutes a critical sector of the global economy, and the unique needs of such enterprises must be addressed. This course examines how marketers in emergent firms may challenge major competitors through the use of niche strategies, guerrilla techniques, and general creativity. Prerequisite: MBAA 606 or MBAA 6040.

MBAH 619 Business Incubation
3 semester hours
In this course, students will develop first-hand experience in starting, planning, running, and growing one or more new (or relatively new) venture(s). Each startup will set clear (though often fluid) goals and milestones and will work diligently to achieve them by the end of the course. The course will include a limited number of lectures, team discussions, and individual coaching by the instructor and other advisors. Prerequisite: MBAA 605 or MBAA 6010.

MBAH 620 Entrepreneurial Finance
3 semester hours
Financing issues and options from the vantage points both of the entrepreneur and the investor are examined to develop an appreciation of the critical role financing plays in new venture creation and the successful growth of emerging companies. The course addresses the evaluation of the potential (market and financial) of new (small, high growth) ventures from the perspective of both investor and entrepreneur. The source of value in new and growing companies (e.g., technology, team, etc.) and the financing options for companies of various types and stages are addressed as well as the development of plans for raising needed capital. Also listed as MBAF 620. Prerequisite: MBAA 608 or MBAA 6070.

MBAH 622 Management Consulting
3 semester hours
This course examines the process of consulting to management, which involves providing expert knowledge, resources, and skills to assist managerial decision-making and enhance organizational performance. This course considers various different models within the professional consulting services industry to assist students in considering possible options for future career planning. Students working in teams also gain direct experience with an actual client organization in the full cycle of a consulting project, from project formulation and engagement through implementation and evaluation. Also listed as MBAB 622. Prerequisite: MBAH 605 or MBAH 6010.

MBAH 624 Mergers and Acquisitions
3 semester hours
A capstone MBA entrepreneurial experience that looks at mergers, acquisitions, long-term capital investments, levered buyouts, and divestitures. Major management decisions attempting to exploit economic and market opportunities are investigated in regard to their impact upon shareholder wealth. Also listed as MBAF 624. Prerequisite: MBAH 608 or MBAH 6070.

MBAH 625 Real Estate Investments and Entrepreneurships
3 semester hours
An entrepreneurial approach to real estate investment built around financial modeling, market area supply and demand analysis, risk analysis, mortgage alternatives, and taxation impacts. Merits of real property investment options and strategies are presented in a "real world" context. Also listed as MBAF 625. Prerequisite: MBAH 608 or MBAH 6070.

MBAH 630 Strategies for Technology Ventures
3 semester hours
This course explores emerging trends and opportunities arising from innovations in science and technology and examines strategies that ventures utilize to exploit them. This course is designed to be approachable for all graduate students regardless of backgrounds and will be highly relevant for those interested in careers in management, marketing, and financing of technology. Through a collection of case studies, lectures, guest speakers, and projects that cover high-growth ventures, the student will gain an understanding of the basic opportunities and challenges around some of the most promising technologies. The purpose of the course is to offer the student the tools necessary to successfully identify a true business opportunity and to start, grow, and maintain a technology enterprise.

MBAH 646 International Entrepreneurship
3 semester hours
This course focuses on international small business venture initiation process and seeks to develop your knowledge and skills in three key components of international entrepreneurship: initiating entrepreneurial venture, managing basic international business transactions, and dealing in multicultural business environments. Also listed as MBAG 646. Prerequisites: MBAH 605 or MBAH 6010, MBAH 606 or MBAH 6040, and MBAH 608 or MBAH 6070.

MBAH 650 Social Entrepreneurship
3 semester hours
This course is an introduction to the field of social entrepreneurship - the process of using an entrepreneurial mindset and business skills to create innovative approaches to addressing societal problems. Various concepts and examples of social entrepreneurship (both not-for-profit and for-profit models) are examined through theoretical discussion and case studies. Students will explore their own solutions to a social problem of their choice. This course satisfies the Business and Society requirement. Prerequisite: MBAH 605 or MBAH 6010.

MBAH 673 New Product Design and Development
3 semester hours
This course is a team-taught course (professors from Engineering and MBA) that is cross-listed with MECH 651/SELP 673. The course includes both individual projects and assignments and a team project to create a new product, develop a prototype, and then develop a business plan for bringing the product to market. Each team will involve engineers and MBA students. In the past, the course has created outstanding results, including projects that are actually being taken to market. Teams have competed in international New Venture Competitions representing LMU. Prerequisites: MBAH 605 or MBAH 6040, and MBAH 608 or MBAH 6070.
MBAH 680 eBusiness: Strategy, Operations, and Infrastructure  
3 semester hours  
Using a practitioner's approach combined with the exposure to necessary knowledge of eBusiness management, strategy, technology, and operations, this course examines how to build a successful eBusiness including a functional eBusiness website. The focus is primarily on the knowledge needed to build a consumer centric eBusiness (B2C). Also listed as MBAC 680 and MBAD 680. Prerequisites: MBA 606 or MBA 6040; MBAA 609 or MBAA 6090.

MBAH 698 Special Studies  
1 TO 3 semester hours  
Prerequisite: As designated by the MBA Office.

MBAH 699 Independent Studies  
1 TO 3 semester hours  
Prerequisites: MBA 601, MBA 602, MBA 603, MBA 604, MBA 605, MBA 606, MBA 607, MBA 608, MBA 609.

Integrative Experience (MBAI)

MBAI 610 Management Strategy  
3 semester hours  
This course deals with the strategic direction of the firm. Tools for the in-depth analysis of industries and competition and techniques for the analysis and creation of competitive advantage are presented. Issues of both formulation and implementation of strategy within the firm are explored. This course seeks to develop the capability to understand and evaluate a firm's strategic situation in depth, and to advance viable approaches to addressing the key issues facing it. Prerequisites: MBA 601, MBA 602, MBA 603, MBA 604, MBA 605, MBA 606, MBA 607, MBA 608, MBA 609.

MBAI 611 Seminar in Business and Capitalism  
3 semester hours  
Business and Capitalism is an historical analysis of systems of economic and political thought, examined from the perspective of the practice of business. In particular, the roles of capitalism, socialism, and numerous other economic systems will be explored in detail, as well as the manners by which the parameters of business and commerce are shaped and constrained within each of these systems. Students will be encouraged to examine and refine their own values and beliefs as they relate to these systems, and to their own future careers in business. MBA students only. This course is also listed as MBAC 611. Prerequisites: MBA601-609 or MBA 610-6090.

MBAI 688 CMS Preparation—Fall  
0 semester hours  
This noncredit class is required for CMS activities and mandatory for those planning to participate in the CMS class departing in May. Students will register for this class as they would for any Fall semester course. No tuition is paid at the time of registration, but rather a CMS travel deposit is required. The class will meet one Saturday per month. The schedule will be posted outside the MBA Office.

MBAI 689 CMS Preparation—Spring  
0 semester hours  
This noncredit class is equivalent to MBAI 688, but takes place in the Spring. Students will pay the remaining travel costs required for the CMS trip to be determined by the MBA Office. The balance will be due upon registration. Prerequisite: MBAI 688.

MBAI 690 International Regional Strategies: Cultural and Industrial  
3 semester hours  
Class sessions held over each month emphasize tools of analysis and comparison, international strategy, regional studies and the industry that has been selected for the year's focus. Individual papers are written on cultural aspects of the international region to be visited and on the group process to date. Group papers are written on the industry, and group presentations are given on visits to representative local firms visited by each group. Prerequisites: Completion of the core plus MBAI 688 and MBAI 689.

MBAI 691 Comparative Management Systems (CMS)  
3 semester hours  
The CMS course commences immediately at the conclusion of MBAI 690. Students continue with the same groups to visit business firms in a number of different countries. Their preparation in the previous course provides them a significant degree of industry and cultural awareness. The duration of the trip is about three weeks. En route, the student groups conduct pre-arranged visits to firms in the designated industry and meet with executives who manage their group's functional area. After each visit, the groups make informal presentations to the rest of the class integrating information gleaned from the visit with that from previous visits. Additional visits with relevant government and industry organizations are included for overall learning enrichment. At the conclusion of the course, each student submits a final analysis of his/her group. Sub groups write papers on topics of interest and present them to their peers in an academic conference. Although students may have only one integrative course sequence in their MBA program, it is possible for students to participate a second time in the CMS experience on a directed study elective (MBAG 698) basis. Prerequisite: MBAI 690.

MBAI 692 Integrative Project  
3 semester hours  
This course provides an opportunity for the student to integrate three fields of study in solving on-the-job problems or by doing primary research. An intensive original research study within one field may also be acceptable. Admission requires approval of the Integrative Project Coordinator. The student works independently with the Integrative Project Coordinator in completing the project. Each project is an effort that is unique to the student and his/her field of study and provides a definite state of the art advancement. Prerequisite: MBAI 610 or MBAI 690.

MBAI 697 Internship Experience  
0 semester hours  
This zero-semester-hour Credit/No Credit course will assist students in attaining practical experience relevant to the student's area of emphasis. Course is repeatable.

MBAI 698 Special Studies  
0 TO 3 semester hours  
MBAI 699 Independent Studies  
0 TO 3 semester hours  
Accounting Decision Systems (MBAI)
MBAJ 614 Accounting and Finance Concepts for Strategic Planning
3 semester hours
Through the lens of a Chief Financial Officer, this course aims to highlight common mistakes in strategic planning and prepare students to convincingly document critical financial assumptions, incorporating global trends, ethics, and real world risk management. Key concepts that help to evaluate initial funding, cash flows, and return on investment in formats used in banks and boardrooms are examined. This course is also listed as MBAF 614.
Prerequisites: MBAA 602 and MBAA 608; or MBAA 6020 and MBAA 6070.

MBAJ 618 Fraud Examination
3 semester hours
An introductory course designed for business managers and those beginning careers in accounting and auditing. The course stresses the nature of fraud, its litigation, approaches to detecting and preventing fraud, fraud inquiry methods, and reports issued by fraud examiners. Specific topics covered include: financial statement fraud, asset conversion frauds, computer frauds, and bankruptcy frauds. The course advocates a more careful and skeptical view of financial transactions and information. Prerequisite: MBAA 602 or MBAA 6020.

MBAJ 635 Information Technology Security
3 semester hours
After 9/11 and the fall of Enron - the 7th largest corporation in America - information technology security has become one of the fastest growing areas in the business world. The need to know how to protect corporate information from attacks both from terrorists and business insiders is enormous. The main objective of this course is to provide students an exposure to the complex information security management issues in the US today. This course offers business professionals a unique blend of technical knowledge and managerial training to investigate digital threats, study corporate security needs, modeling potential risk, and explore possible strategies that management can adapt to protect valuable corporate assets. Also listed as MBAC 635 and MBAD 635.
Prerequisites: MBAA 635 and MBAA 609.

MBAJ 698 Special Studies
1 TO 3 semester hours
Prerequisite: As designated by the MBA Office.

MBAJ 699 Independent Studies
1 TO 3 semester hours
Prerequisites: MBAA 601, MBAA 602, MBAA 603, MBAA 604, MBAA 605, MBAA 606, MBAA 607, MBAA 608, MBAA 609.

Executive MBA Program (MBAP)

MBAP 601 Financial Accounting
1 TO 4 semester hours
This course introduces the role of accounting in business and society, the basic concepts and techniques of financial accounting, and use of financial statements for decision-making purposes.

MBAP 602 Managerial Accounting
1 TO 4 semester hours
This course presents the nature, techniques, and uses of accounting from a manager's perspective. Topics include interpreting quality of earnings, alternative accounting measurement techniques, and operational decision making.

MBAP 603 Business Analytics
1 TO 4 semester hours
Covers data analysis through descriptive statistics techniques, an introduction to quantifying uncertainty through the use of probabilities and decision trees, and an introduction to basic regression analysis tools for business forecasting.

MBAP 604 Applied Business Economics
1 TO 4 semester hours
This course applies economic concepts and tools to solve contemporary, real-world business problems. Includes economic terminology, issues and methods, determinants of supply and demand, elasticity concepts, understanding the economics of the firm, and characteristics of alternative market structures.

MBAP 608 Managerial Finance
1 TO 4 semester hours
Financial planning and analysis for businesses. Emphasizes long-term investment, securities and business valuation, risk vs. return analysis, long-term and short-term financing alternatives, and working capital management.

MBAP 609 Finance, Valuation, and Capital Budgeting
1 TO 4 semester hours
This course reviews and builds on the finance materials covered in MBAP 608. Advanced applications include capital budgeting expanded to include real options, valuation using market multiples, and agency cost framework for understanding financing choices made by corporations.

MBAP 611 Corporate Expansion Analytics
1 TO 4 semester hours
This real-world skill application project ties the course work together and provides actual practice in using quantitative data to support a major financial decision.

MBAP 612 Leadership Practicum
1 TO 4 semester hours
This course provides a forum for applying and strengthening leadership and team building skills. Through classroom and experiential learning activities, students will gain insight into their own leadership style and use it more effectively.

MBAP 613 Business Opportunity Assessment
1 TO 4 semester hours
This skill application project involves the identification and evaluation of an international business opportunity. A major report and presentation integrate module concepts into a supportable recommendation for board-level decision.

MBAP 614 Strategic Opportunity Implementation
1 TO 4 semester hours
This skill application project is a comprehensive implementation plan for the business opportunity identified and evaluated in the Module 3 skill application project.

MBAP 615 Field Consulting Project
1 TO 4 semester hours
In this course, student teams conduct an in-depth study of an actual business, usually a small disadvantaged or non-profit enterprise. Acting as consultants to the enterprise, students apply concepts learned in the classroom to actual business situations, and their recommendations and solutions carry real consequences. Students gain a framework for managing a consulting project and practice the
art of quickly turning complex information into effective oral and written presentations.

**MBAP 616 New Venture Start Up**
1 TO 4 semester hours
This course introduces entrepreneurship as an integral part of our economy at the local, regional, national and global levels. Students will gain knowledge and skills that will enable successful entrepreneurial careers in both small and large organizations, and students will learn the application steps in starting a new venture and preparing a business plan for this venture.

**MBAP 622 Human Capital Management**
1 TO 4 semester hours
Introduces students to key human capital management concepts and tools for managing individual and organizational performance. Includes human capital and organizational performance; HR strategy development and planning; HR "best practices"; establishing, evaluating, and rewarding performance; high performance management practices; recruitment/retention of superior staff; knowledge management; and work design.

**MBAP 623 Leadership Foundations**
1 TO 4 semester hours
Addresses what it means to be a leader in the 21st century. Focuses on three areas related to leadership: the key framework that defines a leader; the key issues a leader encounters in daily work, such as managing people, professional growth planning, and providing feedback and coaching; and the context within which the leader operates, including organizational change, climate and culture, and organizational power and politics.

**MBAP 624 The Manager as Decision Maker**
1 TO 4 semester hours
Integrates two different but related decision-making theories: prescriptive (normative) theory and behavioral theory. On the prescriptive side, typical decision-making problems are investigated from problem statement through to solution analysis. On the behavioral side, decision making is investigated from the perspective of how the decision maker is influenced by non-quantitative information.

**MBAP 625 Management and the Technological Future**
1 TO 4 semester hours
Technology and its evolution and change are a major influence on managing the modern business. This course examines frameworks for thinking about technology in business, the role and influence of technology across the business value chain, and the assessment of impacts of technology for the future of the firm.

**MBAP 626 Executive Communications I**
1 TO 4 semester hours
This course includes basic elements of corporate communication strategy with an emphasis on writing, presenting, and listening.

**MBAP 627 Executive Communications II**
1 TO 4 semester hours
Emphasizes developing and delivering effective presentations.

**MBAP 628 Business Research Skills**
1 TO 4 semester hours
The course introduces students to business research methods and their application to optimizing strategic decisions. Students will complete a "hands-on" industry analysis project. As part of the project, students will learn how to plan and manage the execution of business research projects; how to identify, evaluate, and analyze publicly available data sources; and how to conduct data collection in the field (interviews with policy makers and business executives). Special attention will be placed on the development of students’ teamwork skills. The project will conclude with a presentation and a research project.

**MBAP 629 Managing Innovation**
1 TO 4 semester hours
This course introduces students to the innovation process within organizations. It examines the leadership, management, organizational, and cultural factors that either facilitate or inhibit innovation in organizations, whether it be in systems for new product development, services, operations, management, or administration. Students will research leading companies to identify and understand factors critical for their ability to sustain innovation. Upon completion of the course, students will gain an understanding of how innovation can contribute to a firm’s strategy for sustaining competitive advantage.

**MBAP 631 Strategic Management**
1 TO 4 semester hours
The first of two courses on Strategic Management. Addresses macro-level issues and how they impact the long-term direction of the firm. External forces (globalization, economic trends, technology trends, political and legal environment, and market trends) are analyzed and evaluated to determine strategies that will lead to and sustain a competitive advantage for the firm.

**MBAP 632 Applied Macro Economics**
1 TO 4 semester hours
Explores how aggregate production and spending interact within free markets in the context of the global economy, including understanding how government policies, including monetary, fiscal, and regulatory policies, help shape the environment in which companies compete.

**MBAP 633 Business in the International Environment**
1 TO 4 semester hours
Helps students understand the intricacy of the global political economy by understanding the issues involving international trade and investment for multinational corporations.

**MBAP 634 Applied Marketing and Marketing Strategy**
1 TO 4 semester hours
The first of two marketing courses, where students come to understand how marketing translates the goals of the business into strategies and activities that create a sustainable competitive advantage. The goal is to reach a clear understanding of the elements used to create a marketing plan.

**MBAP 635 Legal Environment of Business**
1 TO 4 semester hours
An introduction to business law in the United States, with emphasis on the court system and on contracts, which are basic to all business activities.

**MBAP 641 Executing Strategy in the Global Environment**
1 TO 4 semester hours
This course focuses on the leader's role in setting, implementing, and controlling strategy. Students learn how to integrate and incorporate the leadership skills, competencies, and functional disciplines needed to strategically lead an enterprise in a responsible and ethical manner.
MBAP 642 Deal Making
1 TO 4 semester hours
How to select an appropriate market-entry strategy from a range of reasonable alternatives. If the appropriate strategy requires a business combination of some type, students learn how and when to use the appropriate tools and skills to successfully complete various types of transactions, including mergers, acquisitions, joint ventures, and business alliances.

MBAP 643 Strategic Marketing
1 TO 4 semester hours
This course builds upon the marketing concepts and processes explored in Module 3 (MBAP 634). Continues the transition already begun in Module 3 that addressed understanding the marketing environment (marketing mix and product strategies) to developing specific implementation strategies and tactics.

MBAP 644 Corporate Governance
1 TO 4 semester hours
Helps students understand the role of corporate governance in protecting the interests of corporate stakeholders. Governance often refers to the formulation and administration of policies designed to protect such interests. Traditionally, corporate governance has been defined as a system that allocates duties and authority among a company's shareholders, board of directors, and managers. More recently, the definition has been expanded to include stakeholders other than shareholders such as employees, customers, suppliers, regulators, and communities.

MBAP 645 Demonstrating Leadership
1 TO 4 semester hours
This course provides the perspective of senior managers and what and what they must do to successfully lead a firm in the 21st century. The course work emphasizes alignment of strategy into action, change management, ethical decisions, and the role of the CEO as figurehead of the firm. Leadership concepts are compared across different industry and organizational settings. A major objective of the course is to "tie together" the leadership threads in the program by integrating leadership concepts learned with one's own personal leadership development experiences.

MBAP 646 International Negotiations
.5 TO 4 semester hours
In this course students learn how to negotiate effectively in cross-cultural contexts that impact business. Students are exposed to negotiation processes and will have opportunities of applying theoretical knowledge in negotiation simulations.

MBAP 651 Introduction to Executive Leadership
1 TO 4 semester hours
The program begins with a four-day residential retreat where students set learning goals, form study teams, and engage in a variety of workshops and team-building exercises. A workshop specifically designed for students and their spouses/significant others addresses the importance of achieving balance between family, work, and school, and introduces the Spouse/Partner Support Program.

MBAP 652 Field Study: Innovation in Practice
1 TO 4 semester hours
This course supplements the Managing Innovation course (MBAP 629). The main component of the course is a domestic field trip to leading companies to study how their leadership, management, organizational, and cultural factors contribute to sustaining innovation in their respective organizations.

MBAP 653 Field Study: Business in the International Environment
1 TO 4 semester hours
This course supplements the Strategic Opportunity Implementation course (MBAP 614). Students draw on the international field trip's lectures, site visits, presentations, and cultural experiences to gain insights and key "lessons learned" regarding the unique issues, challenges, and potential benefits of conducting business in an international setting. The course includes identifying and assessing major trends (e.g., economic, political, cultural) impacting a U.S. firm seeking to conduct business in a foreign setting and applying the insights gained from their international field trip experience to their own respective individual work environments.

MBAP 661 Team Performance and Group Dynamics
1 TO 4 semester hours
Helps student study teams perform more effectively in skill application projects, and teaches students about teams and team building so they can use teams more effectively as executives. Includes determinants of team success, developing a team mission and operation guidelines, and monitoring team performance.

MBAP 662 Ethics and Spirituality in the Workplace
.5 TO 4 semester hours
Effective business leadership requires a commitment to personal leadership development and formation in order to fully realize one's personal goals and maximize the value of the organization and the contribution it makes to stakeholders and society at large. This approach defines valuation in its broadest sense and links one's development as a principle-based leader to how an organization identifies and implements core values within the enterprise. Credit/No Credit grading.

MBAP 663 Professional Growth Planning
.5 TO 4 semester hours
Provides the tools, guidance, and professional support for developing a well thought-out plan for professional growth. It effectively lets students apply the tools of analysis used in business to develop a professional growth plan.

MBAP 664 NeuroLeadership
.5 TO 4 semester hours
This course is based on the most recent neuroscientific research that identifies components that reduce work-related stress, improve speaking and listening skills, enhance interpersonal and teamwork cooperation, and promote rapid problem solving with minimal conflict. Students will explore the dynamics of inner values and how they affect clarity, intention, and purpose at work and home. Students will be guided through an experiential training process that changes the way they neurologically process listening and speech to improve communication between individuals, groups, and teams.

MBAP 698 Special Studies
1 TO 4 semester hours

MBAP 699 Independent Studies
1 TO 4 semester hours

MBA Residential and Workshops (MBAW)

MBAW 6300 Residential Orientation; Managing Your MBA Career
5.5 semester hours
A five-day intensive residential introduction to the MBA program, the
perspective of general managers, and the role of business in society. Builds an understanding of teamwork and leadership.

**MBAW 6301 Management Leadership Workshop: Communicating Your Ideas in Writing**

*.5 semester hours*

Focuses on writing effectively in a business environment, including the analysis of complex ideas, effective argumentation, and skills required to write clear, grammatically correct, and well-structured communications.

Credit/No Credit grading.

**MBAW 6302 Management Leadership Workshop: Communicating Your Ideas Verbally**

*.5 semester hours*

Focuses on building the skills necessary for effective verbal presentations, including awareness of the audience, preparation, structure, and content of the presentation and techniques for more effective and efficient communication.

Credit/No Credit grading.

**MBAW 6303 Management Leadership Workshop: Making Ethical Decisions**

*.5 semester hours*

Focuses on the relationship between business and society with a specific focus on developing an understanding and appreciation of the ethical issues that arise in management decision-making and the impact of the actions of businesses on stakeholders and the larger society.

Credit/No Credit grading.

**MBAW 6304 Management Leadership Workshop: Critical Analysis and Creative Thinking**

*.5 semester hours*

Focuses on tools and methods for the analysis of problems and approaches for generating creative solutions, with emphasis on the construction, presentation, and critical evaluation of clear, concise, and well-reasoned arguments.

Credit/No Credit grading.

**MBAW 6305 Management Leadership Workshop: Managing and Developing Talent**

*.5 semester hours*

Focuses on tools and skills required for attracting, developing, and retaining people in organizations with a specific focus on active listening and interviewing skills. Students will practice both interviewing and being interviewed.

Credit/No Credit grading.

**MBAW 6306 Management Leadership Workshop: Becoming a Strategic Leader**

*.5 semester hours*

Focuses on building skills for thinking, acting, and influencing others in ways that promote organizational success, including self-assessment of leadership style, strengths, and areas for improvement.

Credit/No Credit grading.

**MBAW 6307 Management Leadership Workshop: Planning Your Future**

*.5 semester hours*

Focuses on career decision making and navigating in the contemporary workplace with an emphasis on how individuals may better understand how to define and communicate their individual professional identity and value to employers across diverse fields and industries that represent a best career fit.

Credit/No Credit grading.

**Modern Greek Studies (MDGK)**

**MDGK 1101 Elementary Modern Greek I**

*4 semester hours*

This is an introductory course for students with little or no knowledge of the language. Based on a communicative approach, it covers the fundamentals of grammar, syntax, and vocabulary and emphasizes reading, writing, and conversation skills.

**MDGK 1102 Elementary Modern Greek II**

*4 semester hours*

A continuation of MDGK 1101, the course expands on the grammar, syntax, reading, and conversation skills taught in MDGK 1101. Emphasis is on reading, writing, and conversation skills. Cultural notes expand the understanding of Modern Greek life and culture.

**MDGK 1180 Growing Up American**

*4 semester hours*

The course examines the intersections of ethnicity, race, gender, and socio-economic class in the context of contemporary American identity politics. Attention is paid to the Greek-American identity. University Core fulfilled: Foundations: Studies in American Diversity.

**MDGK 1998 Special Studies**

*1 TO 4 semester hours*

**MDGK 1999 Independent Studies**

*1 TO 4 semester hours*

**MDGK 2203 Intermediate Modern Greek I**

*4 semester hours*

The course builds on the curriculum taught in MDGK 1102. Students engage in the finer points of Greek grammar and syntax and enrich their vocabulary further. Emphasis is given to reading, writing, listening, and conversational skills. Additional multimedia materials develop the students' proficiency skills in all areas and expand their understanding of Modern Greek language and culture.

**MDGK 2204 Intermediate Modern Greek II**

*4 semester hours*

The course builds on the curriculum taught in MDGK 2203 and aims at furthering proficiency through reading, writing, and discussion of a variety of written sources and multimedia materials. Students refine their understanding of grammar and syntax. The reading and discussion of short literary selections and texts written for native speakers enrich vocabulary and give students the opportunity for longer writing assignments and oral presentations.

**MDGK 2998 Special Studies**

*1 TO 4 semester hours*

**MDGK 2999 Independent Studies**

*1 TO 4 semester hours*

**MDGK 3321 Advanced Modern Greek**

*4 semester hours*

This course aims at refining the students' knowledge of grammar and syntax and developing further their vocabulary and comprehension skills. Multimedia materials and longer literary selections help students develop their listening, reading, and writing
skills as emphasis is now on more complex writing assignments. Students are asked to give formal class presentations. The class is taught exclusively in Greek. A reasonable command of Modern Greek is a prerequisite.

MDGK 3325 Advanced Modern Greek Conversation
4 semester hours
A variety of texts (literary and non-literary) and multimedia sources serve as the basis for advanced discussion and composition. Formal presentations are required. Students familiarize themselves with additional aspects of Greek culture, life, politics, and history. The class is taught exclusively in Greek. A reasonable command of Modern Greek is a prerequisite.

MDGK 3341 Introduction to Modern Greek Literature (in Translation)
4 semester hours
An examination of the connections between literature and the formation of a Modern Greek national and cultural identity against the background of Greek history and myth. This course may be repeated for credit.

MDGK 3342 Ancient Landscapes: Modern Voices
4 semester hours
While fully immersed in a 4-week study abroad program in Greece, students study contemporary issues: the position and role of Greece in a European/global political and historical context, globalization and modernization, the connection between past heritage and contemporary culture, diverse forms of cultural and artistic expression, etc. The class discussions are complemented by visits to museums, archaeological sites, performances and other relevant field trips. This course is offered only in the summer. University Core fulfilled: Integrations: Interdisciplinary Connections; Flag: Writing.

MDGK 3343 Angels and Demons: Women and Literary Stereotypes
4 semester hours
The course examines the social issue of women's position and representation in modern patriarchal society (late 19th century to the present) through the interdisciplinary lenses of Greek and World literature and Women's Studies. University Core fulfilled: Integrations: Interdisciplinary Connections; Flags: Engaged Learning, Writing.

MDGK 3344 Cities of the Dead: English and Modern Greek Modernism
4 semester hours
A comparative study of Modern Greek and English Modernism and their use of classical myths. Texts from Eliot, Joyce, Seferis, Elytis, Kazantzikis, and others will be used for study and discussion.

MDGK 3346 Out of Control: Women, Madness, and the Cultural Imagination
4 semester hours
A cross-cultural interdisciplinary exploration of social, cultural, and literary representations of female madness from antiquity to the present. University Core fulfilled: Integrations: Interdisciplinary Connections; Flags: Engaged Learning, Writing.

MDGK 3355 Greek Orthodox Tradition
4 semester hours
This course approaches the study of the Greek Orthodox Church and its traditions from the theological, historical, cultural, literary, and artistic perspectives. Following an interdisciplinary approach, students examine the historical, social, and cultural forces operative on issues of faith. University Core fulfilled: Integrations: Faith and Reason.

MDGK 3352 Orthodox Christian Spirituality
4 semester hours
This course will introduce students to the rich spiritual tradition of Eastern Orthodox Christianity. Following an interdisciplinary approach, the course will explore the interrelationship of theological and spiritual concepts and how they relate to sociological and psychological development of individuals and communities. University Core fulfilled: Integrations: Faith and Reason.

MDGK 3354 Greek Cinema
4 semester hours
A historical and critical survey of contemporary Greek cinema as an alternative narrative discourse that comments on contemporary political, social, and cultural circumstances. University Core fulfilled: Integrations: Interdisciplinary Connections; Flag: Writing, Oral Skills.

MDGK 3998 Special Studies
1 TO 4 semester hours

MDGK 3999 Independent Studies
1 TO 4 semester hours

MDLG 3400 Linguistics
4 semester hours
Students examine major linguistic disciplines, such as phonology, phonetics, morphology, syntax, and language acquisition and variation. Languages from different linguistic families will be analyzed and compared. This class presents activities for raising linguistic awareness. Prerequisite: 2000-level in two languages or consent of instructor. University Core fulfilled: Explorations: Understanding Human Behavior.

MDLG 3998 Special Studies
1 to 4 semester hours

MDLG 3999 Independent Studies

Modern Languages (MDLG)
MDLG 4400 Applied Linguistics  
4 semester hours  
Topics include language acquisition, language socialization, language policy and planning, bilingualism and multilingualism, translation and intercultural communication. Students will design a research project on child/adult second language acquisition in a psycholinguistic or a socio-cultural framework. Prerequisite: MDLG 3400 or consent of instructor.

MDLG 4990 Senior Capstone Project  
1 semester hour  
Exit research project (for majors only). Consent of instructor required. Credit/No Credit grading.

MDLG 4998 Special Studies  
1 to 4 semester hours

MDLG 4999 Independent Studies  
1 to 4 semester hours

Mechanical Engineering (MECH)

MECH 211 Computer Aided Design  
2 semester hours  
Introduction to computer-aided design techniques and applications to design and manufacturing problems. Topics include: computer graphics for geometric design, design of curves and shapes, numerical methods for CAD and optimization. Practice and use of solid modeling software package. Lecture/Laboratory, 2 hours.

MECH 212 Mechanics of Materials  
3 semester hours  
This course will focus on the fundamental analysis of stresses, strains, and deflections of loaded members. Students will learn to analyze members undergoing axial, torsion, and bending loads. Students will be introduced to the simple design of members for failure prevention through component sizing and material selection. Lecture, 3 hours. Prerequisite: ENGR 200.

MECH 213 Dynamics  
3 semester hours  
Introduction to Newtonian vector mechanics; Planar and three-dimensional kinematics and kinetics of particles and rigid bodies; rectilinear and curvilinear motion of a particle; rigid body motion; application of principle of work and energy, and principle of impulse and momentum. Lecture, 3 hours. Prerequisite: ENGR 200. Corequisite: MATH 234.

MECH 223 Thermodynamics  
3 semester hours  
The fundamental concepts of classical thermodynamics including properties, work and heat; first and second laws; entropy; irreversible processes; and thermodynamic analysis of power cycles and refrigeration cycles. Lecture, 3 hours. Prerequisites: MATH 132 and PHYS 101.

MECH 260 Nanotechnology  
3 semester hours  
An introduction to the nanotechnology language, relationship between the macroscopic, microscopic, and nanoscopic worlds, and exploring the social and ethical implications. Applications will be covered in biology, medicine, computers, and electronics. Lecture, 3 hours. For non-majors only. Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.

MECH 261 Biotechnology  
3 semester hours  
An introduction to the integration of nanotechnology and molecular biology to solve industrial, economic, and medical problems. Such topics will include biological processes, DNA sequencing, recombinant DNA, genes, RNA, proteins, engineering bacteria, cloning, diagnostics, and drug delivery. The social and ethical implications will be covered. Lecture, 3 hours. For non-majors only. Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.

MECH 262 Information Technology  
3 semester hours  
An introduction to communication systems and data processing. Such topics will include the electromagnetic spectrum, analog/digital transmission, Internet, computers, telephones, cell phones, radio, television, micro/nanoelectronics, the history of modern information technology, and the social/ethical consequences. Lecture, 3 hours. For non-majors only. Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.

MECH 270 Materials  
3 semester hours  
Introduction to the chemistry and physics of different materials. Types of materials (metals, ceramics, polymers, and composites) and the relation between their structure and properties. Selection of materials in different applications. Lecture, 3 hours. For non-majors only. Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.

MECH 277 Systems of Energy Conversions  
3 semester hours  
Introduction to the engineering disciplines and the fundamentals of energy conversions for non-engineering majors. Topics will include: introduction to different engineering disciplines, defining important parameters used in engineering, engineering components, engineering systems, energy conversion devices and demonstration of engineering laboratories and equipment. Lecture, 3 hours. For non-majors only. Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.

MECH 298 Special Studies  
1 TO 3 semester hours

MECH 302 Thermal Science and Energy Lab
MECH 223 Fluid Mechanics
Prerequisite: MECH 223.
Lecture, 3 hours.
impacts of energy consumption and economic considerations.
Additional topics will include the environmental entropy and exergy. The fundamentals on conventional and
Review of energy equation and principles of thermodynamics; energy conversion. Additional topics will include the environmental
renewable energy resources including the
3 MECH 321 Energy Systems
3 semester hours
Review of energy equation and principles of thermodynamics; entropy and exergy. The fundamentals on conventional and
renewable energy resources including the basics of conventional energy conversion. Additional topics will include the environmental
impacts of energy consumption and economic considerations.
Lecture, 3 hours.
Prerequisite: MECH 223.
MECH 322 Fluid Mechanics
3 semester hours
Properties of fluids; fluid statics and dynamics; energy equation; momentum equation; differential and integral approach; drag and lift
analysis; turbulent and laminar flow.
Lecture, 3 hours.
Prerequisites: MATH 234 and MATH 245.
MECH 323 Heat Transfer
3 semester hours
Fundamentals of heat transfer mechanisms: conduction, convection, and radiation; steady-state and transient conduction; forced and free
convection; heat exchangers; radiation between surfaces.
Lecture, 3 hours.
Prerequisites: ENGR 160, MATH 245, and MECH 223.
MECH 398 Special Studies
1 TO 3 semester hours
May not be taken as a required course.
MECH 399 Independent Studies
1 TO 3 semester hours
Senior standing required.
University Core fulfilled: Flags: Engaged Learning, Oral Skills.
Prerequisite: MECH 310.
MECH 401 Design Capstone Project I
3 semester hours
Preliminary phases of the capstone project; industrial-sponsored and student design competition team projects; defining the project
requirements, developing and refining a design concept, incorporating design standards, and validating the design performance through analysis and testing; formal and informal project reviews and reports; guest lectures by industry experts.
Lecture/Laboratory, 3 hours.
Senior standing required.
University Core fulfilled: Flags: Engaged Learning, Oral Skills.
Prerequisite: MECH 310.
MECH 402 Design Capstone Project II
3 semester hours
Introduction to common methods and technologies used in product design and development; design for manufacturing (DFM)
guidelines; rapid prototyping and CNC machining; a comprehensive design and manufacturing project; technical reports.
Lecture/Laboratory, 3 hours.
Senior standing required.
University Core fulfilled: Flag: Writing.
Prerequisite: MECH 401.
MECH 410 Design and Manufacturing Laboratory
2 semester hours
Laboratory applications of vibrations and data acquisition; elasticity, buckling, material testing, computer-aided manufacturing such as
NC machining, rapid prototyping, and robotics; tribology; alternative energy technologies such as solar panels and fuel cells.
Lecture/Laboratory, 2 hours.
University Core fulfilled: Flag: Writing.
Prerequisite: MECH 310.
MECH 412 Control Systems
3 semester hours
Introduction to basic engineering techniques for modeling and controlling of dynamic systems, including mechanical, fluid, thermal, and electrical systems; analysis of transient and steady-state response; application of root-locus and frequency response methods in control system design; PID controllers.
Lecture, 3 hours.
Prerequisites: MATH 245 and MECH 312.

MECH 423 Thermal Systems
3 semester hours
Selected topics from thermodynamics, fluid mechanics, and heat transfer to include: review of fundamental concepts; boundary layer theory; isentropic flow through nozzles; shock waves; exergy analysis; gas mixtures; heat exchangers and design.
Lecture, 3 hours.
Prerequisites: MECH 223, MECH 322, MECH 323.

MECH 493 Mechanical Engineering Internship
1 TO 3 semester hours
Engineering analysis, testing, design, and/or production work conducted by the student in an industrial setting. The work will be supervised jointly by an engineer with the industrial firm and by an LMU mechanical engineering faculty member. The project must be pre-approved by the Department.

MECH 498 Special Studies
1 TO 3 semester hours

MECH 499 Independent Studies
1 TO 3 semester hours
May not be taken as a required course.

MECH 504 Engineering Mathematics
3 semester hours
Lecture, 3 hours.
Senior or graduate standing required.

MECH 512 Advanced Mechanics of Materials
3 semester hours
Application of principles of materials engineering to selection of materials for optimized engineering design, case studies in failure analysis, and process optimization.
Lecture, 3 hours.
Senior or graduate standing required.

MECH 513 Metallurgical and Materials Engineering
3 semester hours
Advanced topics in the relationship of the microstructure and processing of metallic, ceramic, and polymeric materials and their relation to the properties required in engineering design. Phase transformations in ferrous and non-ferrous materials.
Lecture, 3 hours.
Senior or graduate standing required.
Prerequisite: MECH 313.

MECH 514 Modern Methods in Materials Science
3 semester hours
Modern methods of understanding and characterizing the structures of current industrial materials. A range of topics will be discussed, such as electron microscopy, atomic force microscopy, quantitative stereology, quantum mechanics, band structure of solids, diffusion processing, semiconductor devices, microelectromechanical systems (MEMS), mechanical defects in solids (point, line, and planar), quantitative methods in metals, ceramics, and composites.
Lecture/Laboratory, 3 hours.
Senior or graduate standing required.
Prerequisite: MECH 313.

MECH 515 Composites
3 semester hours
Forms and properties of resins, fibers and composites; material and structural design and analysis; manufacturing, machining and assembly; quality assurance and testing; metal and ceramic based materials; information resources.
Lecture, 3 hours.
Senior or graduate standing required.

MECH 516 Finite Elements Methods
3 semester hours
Lecture, 3 hours.
Senior or graduate standing required.

MECH 517 Fracture Mechanics
3 semester hours
Introduction to concepts of fracture mechanics of engineering
MECH 520 Computational Fluid Dynamics
3 semester hours
In-depth study of applied computational methods for solving problems involving fluid and heat transport. Course will include both commercially available codes as well as self-generated solving routines. Topics include: numerical solutions to PDEs, steady flow solutions, unsteady flow solutions, flows involving heat transfer.

Lecture, 3 hours.
Senior or graduate standing required.
Prerequisite: CIVL 310 or MECH 322.

MECH 521 Alternative Energy Systems
3 semester hours
A detailed study of alternative energy technologies including: solar thermal, solar photovoltaic, wind, fuel cells, and geothermal systems will be covered. In-depth analysis of the technical aspects of these systems will be covered while considering economic and environmental constraints. Energy storage and grid integration will also be considered.

Lecture, 3 hours.
Senior or graduate standing required.

MECH 527 Finite Elements Methods
3 semester hours
Introduction to finite element methods, theory, and applications. Derivations of single elements, matrix application meshing loads, and computer exercises and applications of design.

MECH 530 Urban Vehicle Design
3 semester hours
Computer aided design (CAD), analysis, fabrication, and testing of urban vehicle components and systems. Design of new vehicle components and subsystems in order to improve fuel efficiency through weight reduction, improved vehicle aerodynamics, and decreased rolling resistance.

Lecture/Laboratory, 3 hours.
Senior or graduate standing required.

MECH 531 Design of Tribological Systems
3 semester hours
Design of systems involving components that undergo surface contact and relative motion. Analytical, computational methods, and experimental techniques used to understand the friction, wear, and lubrication of such systems. Conventional methods used to investigate surface friction and wear and how to minimize their effects.

Lecture/Laboratory, 3 hours.
Senior or graduate standing required.

MECH 532 Robotics
3 semester hours
This is a fundamental interdisciplinary robotics course containing both introductory as well as more advanced concepts. The course presents a broad overview of technology, kinematics and control, vision systems, robot languages and programming, applications, economics and social issues. A FANUC CERT LR Mate 200i robot will be used for lecture and class projects.

Lecture/Laboratory, 3 hours.
Senior or graduate standing required.

MECH 538 Structural Dynamics
3 semester hours
Beam vibration; boundary conditions; modes; approximate & exact solutions; general matrix formulations and interrelationships; decoupling by transformation to modal coordinates; free and forced response; experimental approaches; modal truncation; mode acceleration method; component mode synthesis; formulation of large-order system responses (time and frequency domain); load transform matrices; introduction to finite elements.

Lecture, 3 hours.
Senior or graduate standing required.

MECH 540 Structural Dynamics
3 semester hours
Beam vibration; boundary conditions; modes; approximate & exact solutions; general matrix formulations and interrelationships; decoupling by transformation to modal coordinates; free and forced response; experimental approaches; modal truncation; mode acceleration method; component mode synthesis; formulation of large-order system responses (time and frequency domain); load transform matrices; introduction to finite elements.

MECH 542 Turbomachinery
3 semester hours
Compressor, pump, fan selection and applied theory.

Lecture, 3 hours.
Senior or graduate standing required.

MECH 543 Propulsion
3 semester hours
This course combines fundamental fluid mechanical and thermodynamic concepts to characterize the components, operation, and performance of internal combustion propulsion devices for aircraft and space vehicles. A practical approach to understanding these devices is also given, supplementing and enhancing the analytical application. The fundamentals of alternative, advanced air breathing and space propulsion concepts are also introduced.

Lecture, 3 hours.
Senior or graduate standing required.

MECH 551 Sustainable Design
3 semester hours
This course focuses on design for the environment (DFE) principles and methods to create sustainable products. The major themes include: design for environmental processing and manufacturing; design for environmental packaging; and design for disposal and reuse. Includes life cycle assessment (LCA) software tools, case studies, and design projects.

Lecture, 3 hours.
Senior or graduate standing required.

MECH 560 Turbomachinery
3 semester hours
Analysis and design of compressors, pumps, and fans.

MECH 598 Special Studies
1 TO 3 semester hours

MECH 599 Independent Studies
1 TO 3 semester hours
Senior or graduate standing required.
May not be taken as a required course.

MECH 611 Advanced Elements of Design
Fundamentals of designing machine, sheet metal, and plastic parts and deciding which type of part should be used for a given application. Design of subsystems and assemblies using the rules of datum features, design intent, and geometric dimensioning and tolerancing. Design for manufacturing, assembly, serviceability, and the environment. Hands-on design projects.

Lecture/Laboratory, 3 hours.
Graduate standing required.

MECH 612 Rapid Prototyping
3 semester hours
The course provides students with an opportunity to conceive, design, and implement a product using rapid prototyping technologies and computer-aided tools. Topics such as principles of rapid prototyping, rapid prototyping materials, reverse engineering, rapid tooling, medical applications, industry perspectives, and current research and developments will be introduced to students through lecture and laboratory works. Two rapid prototyping machines (FDM 1650 and Z Corporation’s Z510) will be used for lecture and class projects.

Lecture/Laboratory, 3 hours.
Graduate standing required.

MECH 613 Advanced Mechanics of Materials
3 semester hours
Combined loading, curved bars, energy methods, buckling and elastic stability; inelastic and plastic deformations; and use of computational finite element analysis (FEA) software.

Lecture, 3 hours.
Graduate standing required.

MECH 614 Modern Methods in Materials Science
3 semester hours
Modern methods of understanding and characterizing the structures of current industrial materials. A range of topics will be discussed, such as electron microscopy, atomic force microscopy, quantitative stereology, quantum mechanics, band structure of solids, diffusion processing, semiconductor devices, microelectromechanical systems (MEMS), mechanical defects in solids (point, line, and planar), quantitative methods in metals, ceramics, and composites.

Lecture/Laboratory, 3 hours.
Graduate standing required.
Prerequisite: MECH 313 or equivalent.

MECH 615 Composites
3 semester hours
Forms and properties of resins, fibers and composites; material and structural design and analysis; manufacturing, machining and assembly; quality assurance and testing; metal and ceramic based materials; information resources.

Lecture, 3 hours.
Graduate standing required.

MECH 616 Finite Elements Methods
3 semester hours

Lecture, 3 hours.
Graduate standing required.

MECH 617 Fracture Mechanics
3 semester hours
Introduction to concepts of fracture mechanics of engineering materials. These include stress analysis of cracks, fracture toughness, transition temperature, micro-structural aspects, and fatigue crack propagation behavior.

Lecture, 3 hours.
Graduate standing required.

MECH 620 Nanotechnology Engineering Topics
3 semester hours
Exploration of technical topics in nanotechnology to prepare the students to better understand engineering research in nanotechnology. Topics such as nanophysics, quantum mechanics, nanofluidics, nano heat transfer, nano materials and tools of nanotechnology will be covered. Applications in engineering and bioengineering will be emphasized.

Lecture, 3 hours.
Graduate standing required.

MECH 621 Solar Thermal Energy Systems
3 semester hours
In-depth study of solar thermal energy systems. Flat plate collectors, concentrating collectors, hybrid PV/thermal collectors, solar powered heating and cooling.

Lecture, 3 hours.
Graduate standing required.
Prerequisite: MECH 323 or equivalent.

MECH 622 Computational Fluid Dynamics
3 semester hours
In-depth study of applied computational methods for solving problems involving fluid and heat transport. Course will include both commercially available codes as well as self-generated solving routines. Topics include: numerical solutions to PDEs, steady flow solutions, unsteady flow solutions, flows involving heat transfer.

Lecture, 3 hours.
Graduate standing required.
Prerequisite: CIVL 310 or MECH 322.

MECH 623 Advanced Thermodynamics
3 semester hours

Lecture, 3 hours.
Graduate standing required.

MECH 624 Alternative Energy Systems
3 semester hours
A detailed study of alternative energy technologies including: solar thermal, solar photovoltaic, wind, fuel cells, and geothermal systems will be covered. In-depth analysis of the technical aspects of these systems will be covered while considering economic and environmental constraints. Energy storage and grid integration will also be considered.

Lecture, 3 hours.
Graduate standing required.
MECH 631 Elasticity
3 semester hours
Analysis of stress and strain, stress tensor, Mohr's circles for stress and strain, Hooke's law and stress-strain diagrams, equations of equilibrium and compatibility, two-dimensional plane problems in elasticity. Airy stress functions, failure criteria, stresses in thin-walled cylinders and spheres, stress concentration factors, stresses in thick-walled cylinders and disks, energy methods. A brief introduction to the mathematics of vector calculus and indicial notation.
Lecture, 3 hours.
Graduate standing required.

MECH 632 Design of Tribological Systems
3 semester hours
Design of systems involving components that undergo surface contact and relative motion. Analytical, computational methods, and experimental techniques used to understand the friction, wear, and lubrication of such systems. Conventional methods used to investigate surface friction and wear and how to minimize their effects.
Lecture/Laboratory, 3 hours.
Graduate standing required.

MECH 633 Electronic Properties Materials
3 semester hours
Theory, properties, and device applications of materials from the point of view of their dielectric, electrical, optical, and magnetic behavior.
Lecture, 3 hours.
Graduate standing required.

MECH 634 Fatigue
3 semester hours
A study of metal fatigue in engineering describing macro/micro aspects, stress life approach, cycling deformation and strain-life approach, as well as the applications of linear elastic fracture mechanics approach to fatigue crack growth.
Lecture, 3 hours.
Graduate standing required.

MECH 635 Structural Dynamics
3 semester hours
Beam vibration; boundary conditions; modes; approximate and exact solutions; general matrix formulations and interrelationships; decoupling by transformation to modal coordinates; free and forced response; experimental approaches; modal truncation; mode acceleration method; component mode synthesis; formulation of large-order system responses (time and frequency domain); load transform matrices; introduction to finite elements.
Lecture, 3 hours.
Graduate standing required.

MECH 638 Random Vibrations
3 semester hours
Classification and description of random data (stationarity, ergodicity, cross-correlation, cross spectra); stationary random process theory (one or two variables, Gaussian distribution, correlation, spectral density); linear input-output relations (single and multiple inputs, ordinary, multiple and partial coherence); statistical error in random data analysis; bias; digital signal processing (FFT, spectra, coherence, aliasing, windowing, averaging); nonstationary data; specifications for testing for structural and equipment survival.
Lecture, 3 hours.
Graduate standing required.

MECH 642 Turbomachinery
3 semester hours
Compressor, pump, fan selection and applied theory.
Lecture, 3 hours.
Graduate standing required.

MECH 643 Advanced Heat Transfer
3 semester hours
Review of the modes of heat transfer and conservation principles. Topics include: two- and three-dimensional conduction; numerical methods; differential equations of laminar boundary layers; momentum transfer and heat transfer for laminar flow inside tubes; momentum transfer and heat transfer for external boundary layers; differential equations of turbulent boundary layers; experimental techniques.
Lecture, 3 hours.
Graduate standing required.

MECH 644 Propulsion
3 semester hours
This course combines fundamental fluid mechanical and thermodynamic concepts to characterize the components, operation, and performance of internal combustion propulsion devices for aircraft and space vehicles. A practical approach to understanding these devices is also given, supplementing and enhancing the analytical application. The fundamentals of alternative, advanced air breathing and space propulsion concepts are also introduced.
Lecture, 3 hours.
Graduate standing required.

MECH 651 New Product Design and Development
3 semester hours
Student-conceived and/or corporate-sponsored team projects leading to a final prototype and business plan of a new product. Concept generation, team dynamics, customer needs analysis, product function, risk, decision theory, prototyping, manufacturing planning, specifications, quality function deployment, and cost analysis. Cross-listed with the considerations when developing the design and business plan. Final oral presentation in front of a panel of industry experts in engineering and business.
Lecture/Laboratory, 3 hours.
Graduate standing required.

MECH 655 Master's Thesis
3 semester hours
The student electing the thesis option must obtain a thesis advisor before Departmental consent will be considered. The student must enroll in the thesis course during two semesters. Formal requirements may be obtained from the Program Director.
Graduate standing and consent of the Department and thesis advisor required.
Credit/No Credit grading.
Marital and Family Therapy (MFTH)

MFTH 600 Art Therapy Literature and Assessment
2 semester hours
This course reviews the art therapy literature and explores the integration of this modality in the current delivery of mental health services, focusing on cultural issues, marital and family theory, and recovery-oriented care.

MFTH 601 Art Therapy Explorations
2 semester hours
This course provides opportunity for the exploration of art materials in support of the students’ sensitivity, flexibility, and personal presence as art psychotherapists.

MFTH 602 Fundamentals of Marriage/Family Systems
2 semester hours
This course provides an introduction to the systems theory as a foundation to therapeutic intervention in marital and family therapy. The groundwork provides the conceptual view for the exploration of theoretical perspectives in the family therapy literature. A variety of family structures including traditional and non-traditional forms are studied as well as their clinical implications for the marital and family therapist.

MFTH 604 Child Psychotherapy: Theory and Practice
2 semester hours
This course critically reviews child development theories, introduces models of psychotherapy with children, and discusses issues of culture in preparing for work with children. It includes an in-depth community-based learning project that facilitates increased awareness of the impact of poverty on the lives of children.

MFTH 606 Adolescent Psychotherapy: Theory and Practice
2 semester hours
Continuation of MFTH 604. Within a family context, this course coordinates normal adolescent development, psychopathology, and techniques of psychotherapy. It includes an in-depth community-based learning project that facilitates increased awareness of adolescents marginalized by poverty and incarceration.

MFTH 608 Theories of Marriage and Family Therapy
2 semester hours
Within a conceptual framework of systems theory in marital and family treatment, major theories are surveyed including psychodynamic, structural, strategic, communications, experiential, and post-modern. To demonstrate these theories, videotape of live supervision of cases is utilized where possible. Verbal and nonverbal treatment approaches are explored.
Corequisite: MFTH 680.

MFTH 609 Introduction to Mental Health Services
2 semester hours
This course introduces the network of mental health services in Los Angeles County and principles of mental health recovery-oriented care, including case management, treatment plans, referral procedures, communication and coordination skills, documentation and the systems of care for the severely mentally ill and victims of abuse. It explores the social and psychological implications of socioeconomic position; the impact of poverty, culture, sexual orientation, gender, age, language, and immigration status on the delivery of mental health services; and the consumer’s recovery. Additionally, it identifies professional responsibilities and mandated reporting requirements and introduces consumer and family member perspectives on the experience of mental illness, treatment, and recovery.

MFTH 610 Adult Psychotherapy
2 semester hours
Normal adult development and theories of dysfunction are presented. Family, marital, individual, and group treatment strategies are addressed exploring both verbal and nonverbal treatment interventions. Emphasis is placed on the differential approach between psychiatric hospital, day treatment, and outpatient settings.

MFTH 611 Drug and Alcohol Treatment
1 semester hour
This course helps students to recognize, assess, and treat substance abuse and addiction. It respects the complexity of the subject matter’s physiological, sociological, psychological, economic, political, and international facets.

MFTH 612 Marriage and Family Psychotherapy: Issues and Applications
2 semester hours
This course reviews various models of psychotherapy through didactic and experiential methods. It includes effective approaches to communications as well as resolution of problematic issues of the treatment process. Considerations of culture, socioeconomics, and stress are addressed and effective practice strategies are emphasized.

MFTH 613 Assessment and Intervention of Intimate Partner Violence
1 semester hour
This course reviews the phenomenon of domestic violence, looking at distinguishing criteria, types, prevalence, lethality, the theory of dynamics and its causes, risk factors, patterns, escalation, and cultural factors. It supports students’ abilities to recognize and assess the signs and patterns of domestic violence.

MFTH 615 Group Psychotherapy: Theory and Practice
2 semester hours
This course reviews the theory and practice of group psychotherapy. It emphasizes the link between cultural diversity, group process and group outcomes. Particular attention in paid to the utilization of groups in work with the severely mentally ill, children and adolescents as well as mental health consumers and their family members.

MFTH 616 Human Sexuality
1 semester hour
This course explores human sexuality from a bio-psychosocial perspective, including effects of physiology, genetics, environmental, individual, and relationship problems on sexuality and to know how to therapeutically address these problems. It emphasizes understanding the ways in which sexual problems may appear in social populations.

MFTH 617 Practicum/Supervision I
3 semester hours
The main objective of this course is supervised application of marital and family theory and psychotherapeutic techniques, including the application of art therapy, in field placement. Students will have opportunities to work with consumers in the community mental health system and demonstrate a beginning understanding of systemic dynamics, applied art therapy interventions, and marital and family therapy theory applications. Practicum sites have been
specifically selected so students will encounter racial, cultural, linguistic, ethnic, and socioeconomic diversity. 16 hours a week for 15 weeks.

**MFTH 618 Practicum/Supervision II**
4 semester hours
Refer to MFTH 617, Practicum/Supervision I. Requires a minimum of 20 hours per week for 15 weeks.

**MFTH 619 Practicum/Supervision III**
4 semester hours
See MFTH 618.

**MFTH 620 Multiculturalism and Art Therapy in Mexico - Part I**
1 semester hour
An exploration of cultural issues including art-based processes in support of expanding multicultural clinical competencies.

**MFTH 621 Cultural Issues in Marital and Family Therapy**
1 TO 3 semester hours
Multicultural values in psychotherapy and counseling are explored. Cultural factors are examined in the therapeutic process. Enrollment for 1 semester hour is contingent upon completion of MFTH 620 and MFTH 622; enrollment for 2 semester hours is contingent upon completion of MFTH 620.

**MFTH 622 Multiculturalism and Art Therapy in Mexico - Part II**
1 semester hour
Culturally relevant fieldwork.

**MFTH 629 Family Art Therapy in Mexico**
1 semester hour
An integrated exploration of family art therapy within the context of family therapy theory. Experiential learning is facilitated through the art process.

**MFTH 630 Marital and Family Therapy: Clinical Studies**
2 TO 3 semester hours
Advanced studies in marriage and family therapy including the exploration of a range of verbal and nonverbal treatment interventions and strategies from a variety of theoretical viewpoints. The class develops an understanding of the experiences of clients and family members of clients who are consumers of mental health services.

**MFTH 638 Psychopathology**
2 semester hours
Psychopathology as stated in DSM-IV is reviewed. The biological, psychological, social, and cultural factors involved in etiology are discussed and explored in terms of the treatment/clinical interventions.

**MFTH 639 Psychopharmacology**
2 semester hours
This course offers an overview of the neuroscience and pharmacological treatment of psychiatric disorders. It helps the student acquire necessary vocabulary, knowledge, and skills for effective collaboration with the mental health treatment team.

**MFTH 640 Psychological Tests**
2 semester hours
Review of formal and informal psychological tests used for assessment, including issues of reliability, validity, and item content. Projective drawings and structured clinical interviews are covered.

Multicultural considerations in testing are integrated in all discussions.

**MFTH 641 Aging and Long-Term Care**
1 semester hour
This course strives to address the specific treatment needs and goals of the aging client. Topics include: distinguishing “normal” aging changes in intellectual, cognitive, and memory functioning from those which are a consequence of disease; introduction to the bio-psychosocial model of assessment and psychotherapeutic treatment of older adults; and issues involved when working with the elderly and their families when they confront long-term care. The opportunity to challenge assumptions regarding one's own aging and a look at issues which may impact future life plans will be provided.

**MFTH 642 Trauma Theory and Treatment**
2 semester hours
This course introduces key definitions and constructs related to trauma. It introduces theories and intervention models and overviews neurological sequences associated with trauma.

**MFTH 680 Marriage and Family Therapy Observation**
2 semester hours
The observation component of MFTH 608, Theories of Marriage and Family Therapy. Corequisite: MFTH 608.

**MFTH 689 Introduction to Research**
1 semester hour
An introduction to research design, ethics, and philosophy from a variety of research paradigms and approaches. Credit/No Credit grading.

**MFTH 690 Seminar: Professional Ethics**
2 semester hours
Overview of issues in law and ethics for marriage and family therapists and clinical art therapists, such as licensure, values, legal and ethical responsibilities, malpractice, and confidentiality. Also discussed is the development of professional identity.

**MFTH 691 Research Methodology**
3 semester hours
An overview of research design, ethics, and philosophy from a variety of research paradigms and approaches. Critical study of the relevant literature and the development of an in-depth proposal for a research/clinical project or paper to be carried out in the following semester.

**MFTH 696 Research/Clinical Paper**
3 semester hours
The student carries out a research project and writes a research report under the direction of a faculty member. Consent of instructor required.

**MFTH 698 Special Studies**

Management (MGMT)

MGMT 3610 Managing People and Organizations
3 semester hours
This course provides future leaders and managers with a basic understanding of theories and principles of Organizational Behavior (OB) and their practical applications in critical human resources management (HRM) responsibilities for the effective management of employees, teams, and organizations. Included are key and socially responsible management practices in planning, organizing, and controlling for achieving organizational goals and objectives, as well as in creating a high quality work environment for attracting, developing, and retaining human talent. Must be taken in residence at LMU. Prerequisite: BADM 1010 and BADM 1020 with a minimum grade of C (2.0). University Core fulfilled: Flag: Engaged Learning.

MGMT 3620 Management Skills
3 semester hours
This course provides an opportunity to develop key managerial skills at the personal, interpersonal, group, and organizational levels for promoting effective workforce development and ongoing organizational success. An emphasis will be upon applied, experiential learning in critical performance areas related to communication skills, work design, self-awareness and career development, thinking style and creative problem-solving, emotional intelligence, team effectiveness, employee training, coaching and performance management, and organization performance problem diagnosis. Prerequisite: MGMT 3610.

MGMT 3630 Social Network Analysis for Managers
3 semester hours
This course explores managing performance through understanding mechanisms of coordination and control. We will consider how managers and organizations can benefit from the coordination of both individual network contacts and organization level contacts such as strategic partnerships. We will analyze social organizations through network methods. We will cover topics including Trust and Reputation, Organizational Roles, Team Work, Organization Change, Virtual Network, and Diffusion. Prerequisite: MGMT 3610.

MGMT 3651 Building Global Career Competence
3 semester hours
This course combines experiential learning during study abroad with conceptual learning assignments to build critical global career competencies. The course involves relevant and challenging international consulting work experience, exposure to the working and cultural environments of an international setting, building skills for international adjustment and successful management of international assignments, networking and building potentially valuable international professional, and developing insights for future career planning within a global context. Prerequisite: MGMT 3610.

MGMT 3670 Training and Development
3 semester hours
The effective management of diversity in the workplace provides several benefits to our society, economy, and nation. The reality is that issues around diversity have been controversial. Due to the changing of demographics, increasing global business, and technological innovations, the composition of the workforce of today and in the future will be much more diverse, and the business challenges and opportunities will be unique. The goal of diversity in the workplace and inclusion is that new faces, differing points of view, life experiences, and cultural values will be seen as attributes that help our social, economic, and government organizations achieve their goals and objectives. Prerequisite: MGMT 3610.

MGMT 3680 Mentoring and Management
3 semester hours
This course will help students increase professional skills by connecting them with a mentor. Students will be asked to formulate specific developmental goals that the mentor can provide with assistance in reaching. A broad overview to careers theory in general, and mentoring theories and practices in particular, will be provided. In addition to structured mentoring learning experiences, students will also have the opportunity to develop important workplace skills in planning, organizing, and managing a project. In some cases, mentors may involve protegés in projects related to their profession that will enable students to gain valuable hands-on experience. There may also be some projects available with non-profits and the First Year program on campus through collaboration with the Center for Service and Action for students and mentors to work on together. In this way, the class will embody the LMU mission of men and women in service for others. The first part of the class will be structured around addressing three basic questions: 1) Who am I? 2) What do I want (goals)? and 3) What is my plan for getting what I want and how will I give back? Students will answer each of these three questions by completing standardized assessments, undertaking a rigorous self-reflection, setting developmental goals, enhancing career-related skills, and by completing a professional development project. Prerequisite: MGMT 3610.

MGMT 3697 Internship
1 semester hour
This one-semester-hour course helps students achieve a worthwhile learning experience relevant to their career interest. The internship, conducted with an off-campus organization, and associated reflective assignments, will help students gain insights for enhancing previous classroom learning and for future career planning.

MGMT 4610 Leadership
3 semester hours
This course focuses on the role of leadership and leaders in organizations. Main topics include sources and uses of power, leadership traits, leadership styles and behaviors, contingency theories, team leadership, leadership development. Lectures, discussions, case studies, videos, and experiential exercises will be part of the course. Prerequisite: MGMT 3610.

MGMT 4620 Employment Law
3 semester hours
This course provides a broad overview of federal and state employment laws, administrative agency regulations, and judicial decisions that govern the management of human resources. It provides a framework for the analysis and implementation of procedures that impact the employer-employee relationship in the workplace. Topics include the rules for proper advertising, screening, interviewing, and hiring of applicants; an analysis of the procedures that shape the training, promotion, discipline, and termination of employees; grievance handling, anti-discrimination laws, employee rights, health and safety regulations, leaves of absence, harassment prevention, regulatory compliance, and administrative adjudication of claims.
MGMT 4630 International Management
3 semester hours
Different economic, political, and socio-cultural environments around the world challenge managers with opportunities and risks. The goal of this course is to help students achieve a general understanding of the international business environment and evaluate the agenda facing managers operating in international business contexts. Students will learn how national economies are intertwined as never before, competition is increasingly global, and firms have become international in their sales, production, investment, financing, and sourcing.
(See INBA 4830.)
Prerequisites: BADM 1040 with a grade of C (2.0) or better, INBA 3810, MGMT 3610.

MGMT 4640 Cross-Cultural Leadership
3 semester hours
This course examines what constitutes "effective" leadership across cultures, including how to be an inclusive leader and how to lead culturally diverse groups. Students gain insights about leadership in particular cultures based on their research and/or personal experiences. The goal is to prepare students for leadership assignments outside their native countries and in cross-cultural teams.
Prerequisites: INBA 3810 and MGMT 3610.

MGMT 4650 Compensation and Rewards
3 semester hours
This advanced management elective deals with such topics as wage and salary administration, benefits administration (U.S. and international), performance management, governmental and legal issues, and budgeting and administration. The course presents practical tools, methods, and a systems perspective to help students understand the role of compensation (base pay and total compensation) in human resource management. Knowledge and skill development from this course is important for future HR professionals and general managers alike. Additionally, this course examines various theories, strategies, and actual practices of employee total compensation (including employee benefits and nonfinancial rewards). A central question throughout will be about what types and forms of compensation practices best motivate and stimulate performance and commitment in the workplace.
Prerequisite: MGMT 3610.

MGMT 4661 Effective Organizational Governance
3 semester hours
This course will explore board of director and top management team responsibilities and activities related to effective organizational governance. All students will participate as part of a team in a Community-based Learning project - a semester-long experience exploring course concepts in a community-based organizational environment while providing a value-added contribution to that organization.
Prerequisite: MGMT 3610.

MGMT 4670 Human Resources Practicum
3 semester hours
Key responsibilities and competencies of human resource professionals are examined. This course provides information and professional development opportunities, including networking and other relevant field assignments to help facilitate student entry into a successful career in human resources.
Prerequisite: MGMT 3610.

MGMT 4671 Managing Career Success
3 semester hours
It is increasingly clear that career planning and ongoing career management activities are essential to career success. Career management activities in organizations are clearly linked to employee retention and key productivity measures. To help generate experience-based insights for future career preparation and planning, this course involves a personally relevant off-campus internship or meaningful work experience of a minimum of 100 hours, regular journal recording of ongoing observations and insights, informational interviews of professional in the field, a minimum of 10 different self-assessment exercises, and an off-campus networking assignment. Course learning culminates in the completion of a final in-depth individual report that describes insights and specific short- and long-term plans for future career management.
Prerequisite: MGMT 3610.

MGMT 4672 Managing a Global Workforce
3 semester hours
This course helps students recognize important human resource management (IHRM) issues underlying current international and global business conditions, as well as understand key IHRM challenges and practices (e.g., cross-cultural management, managing international assignments, global talent management) relevant to effective strategic management and business development in important countries and regions of the global economy. In addition, personal competencies and international issues are examined that are relevant to students' own future careers within the global workforce.
(See INBA 4872.)
Prerequisites: BADM 1040 with a grade of C (2.0) or better, INBA 3810, MGMT 3610.

MGMT 4680 Employee Relations and Retention
3 semester hours
Employee relations and retention are critical to the bottom line success of organizations. Employee Relations is the functional area of human resource management whose primary focus is to develop and maintain effective working relationships with employees within union and non-union environments. Whether one is an employee, manager, or human resource professional, it is critical to be familiar with the fundamental laws, policies, programs, and skills related to developing oneself and the organization’s human capital.
Prerequisite: MGMT 3610.

MGMT 4690 Strategic Human Resource Management
3 semester hours
In this course students learn from lectures, cases, and assigned readings about how the various areas of the human resource function (e.g., HR planning, staffing, training, performance management, compensation, employee relations) contribute to an organization’s productivity and competitive advantage. A major emphasis is placed on how the human resource function supports effective organization strategy formulation and implementation, as the central role of all managers as HR practitioners in their daily workforce interactions and challenges.
Prerequisite: MGMT 3610.

MGMT 4698 Special Studies
1 TO 3 semester hours
Marketing (MRKT)

MRKT 3510 Principles of Marketing
3 semester hours
This course covers the essential principles of marketing as a vital component of a business operation, emphasizing marketing’s strategic bases and the real-world utilization of both traditional and innovative techniques to influence both the trade and the consumer in making a purchase decision. We will focus on the effects of uncontrollable factors in the environment. In addition, basic controllable variables essential to marketing success will be examined, including marketing analysis, product decisions, pricing, distribution, and promotion. We will explore how marketing guides business strategy, discovers and creates demand for products, and influences product development.
Prerequisites: BADM 1010 and ECON 1050 or ECON 1100, all with a grade of C (2.0) or better.

MRKT 3520 Marketing Analysis
3 semester hours
The course will introduce students to the basic tools and concepts used for acquiring and evaluating market information. Both qualitative and quantitative approaches to analyzing consumer attitudes and behaviors will be examined, and methods for understanding trends in the marketing environment will be discussed.
Prerequisite: MRKT 3510.

MRKT 3521 The New World of Branding and Advertising
3 semester hours
This course will immerse students in the fast-changing world of the advertising and branding industry through on-campus and off-campus exposure to industry professionals and real-life branding and advertising challenges. Throughout the course, students will work with and learn from professionals in the thriving creative and tech community. Course emphasis is on developing students’ skills in creativity, collaboration, critical thinking, and communication. Content covered in the sessions includes advertising agency structure, the creative process, brand planning, media planning and strategy, the user experience, online and social media, presentation skills, and content creation.
Prerequisite: MRKT 3510.

MRKT 3530 Buyer Behavior
3 semester hours
This course is designed to refocus the student on the buyer as the object of marketing programs. Social science concepts (from psychology, sociology, anthropology, and economics) are used to examine influences on buyer behavior, as well as to study the buyer decision process itself. Emphasis will be put on how marketers use this knowledge to develop their overall strategies.
Prerequisite: MRKT 3510.

MRKT 3531 Brand Planning and Strategy
3 semester hours
Think about your favorite companies and their brands. What is it about them that makes them connect with you? That’s what this course is all about - learning about the brand planning and strategy process. This course offers a comprehensive look at where strategic planning takes place within the overall advertising process. In doing so, it will focus on the 4Cs of strategic planning: the Company, Competition, Consumers, and (product or service) Category. It will also examine ways to develop effective campaign strategy, including knowing the product inside and out, knowing your brand’s DNA, understanding your target audience, and generating insights. In addition, the course covers important branding and consumer behavior fundamentals central to the success of account strategy.
Prerequisite: MRKT 3510.

MRKT 3570 Marketing Law
3 semester hours
To acquaint students with fundamental concepts, principles, and rules of marketing law that concern marketers and consumers in day-to-day activities, in private business relationships, and in their relationship with government. The course will focus on various legal constraints, problems and ramifications which should be recognized and addressed by marketers when making pricing, product, promotion, and distribution decisions.
(See BLAW 3270.)
Prerequisites: BLAW 2210 and MRKT 3510.

MRKT 3597 Internship
1 semester hour
The objective of this one-semester-hour course is to help students achieve a worthwhile learning experience relevant to their major program of study. The internship, conducted with an off-campus organization, will help the student gain insights relative to his/her strengths and weaknesses in the job environment.

MRKT 3598 Special Studies
1 TO 3 semester hours

MRKT 4510 Advertising and Promotion Management
3 semester hours
This course is designed to introduce students to the field of advertising and promotion in an applied fashion. The emphasis in this course will be on the role of advertising and other promotional mix elements in the integrated marketing communications program (IMC) of an organization. The development of an integrated marketing communications program requires an understanding of the overall marketing process, how companies organize for advertising and other promotional functions, customer behavior, communications theory, and how to set goals, objectives, and budgets. Attention will be given to the various IMC tools used in contemporary marketing including advertising, direct marketing, Internet and interactive marketing, sales promotion, publicity and public relations, and personal selling. We will examine the process by which integrated marketing communications programs are planned, developed, and executed as well as the various factors and considerations that influence this process. We will also discuss the environment in which advertising and promotion takes place and the various regulatory, social, and economic factors that affect an organization’s IMC program.
Prerequisites: MRKT 3510, MRKT 3520, MRKT 3530.

MRKT 4511 Cross-Platform Content Creation
3 semester hours
Cross-platform content creation is the process by which marketing content is created to tell a brand’s story (branded content) across the myriad digital, social, and traditional media. That’s what this course is all about - immersing students in content creation and the distribution of that content across multiple forms of media (branded content) across platform content creation is the process by which marketing

493
content-based narratives and storytelling. The course examines ways to develop effective marketing and branded content through the lens of storytelling. The semester project involves the creation of content across different media platforms (cross-platform content) to tell a specific organization's story.

Prerequisite: MRKT 3510.

**MRKT 4515 Managing Retail and Service Businesses**

*3 semester hours*

The U.S. economy is now dominated by the retail and services sectors. Moreover, understanding and strategically managing customer service is now becoming a critical determinant of business success or failure. Yet, most business school courses have traditionally focused on the manufacturing sector of the economy. This is a potential problem, because the management and marketing of service or retail businesses involve methods, strategies, and analytical tools that are distinct from those used in other areas of business. At the same time, the successful marketing of services and the delivery of excellent service are critical elements in the achievement of customer satisfaction and thus the long-term success for virtually all organizations. The purpose of this course is to provide students with an understanding and appreciation of retail and services marketing as separate and distinct areas of marketing thought and practice, their critical roles in contemporary competitive markets, and the tools and strategies necessary for managing successful enterprises in these areas. This course is especially designed for those students who anticipate working in retail or service businesses, or who wish to better understand how these forms of businesses are managed. The course will discuss an overarching philosophy that stresses the importance of the integration of the marketing, human resources, and operations functions within the service and retail systems.

Prerequisite: MRKT 3510.

**MRKT 4521 Adaptive Media and Analytics**

*3 semester hours*

Because of the rapid growth and influence of advertising technology and online/social media, to remain relevant, brands must create, monitor, and adjust their message and media not by the month but by the day, the hour, even the fraction of a second. To effectively reach and engage individuals, brands need to be agile and adapt in real time to how consumers react and respond to advertising content. This course will provide students the perspectives and tools to develop paid search (search engine optimization, or SEO) and paid social strategies that are effective, cost-efficient, adaptive, and measurable. Through this course, students will learn how analytics (monitoring, measuring, and interpreting online and social data) helps companies, brands, and organizations to better evaluate advertising and marketing performance.

Prerequisite: MRKT 3510.

**MRKT 4525 Competitive Strategy**

*3 semester hours*

This course provides an in-depth analysis of competition and competitive strategy in the context of business from both theoretical and applied perspectives. Whereas numerous business classes discuss competitive environments, this course focuses exclusively on theories and strategies that can be used to achieve and enhance competitive advantage in the business marketplace. Competitive models, strategic metaphors, and concepts from game theory are explored in detail. Most importantly, the notions of competitive evolution and interdependence are emphasized and extensively explored. These concepts are then illustrated as they are commonly applied in the business world to enhance an enterprise's market position. Additionally, the great dangers of applying "cookbook strategies" or off-the-shelf solutions to competitive situations are explained and illustrated.

Prerequisites: MRKT 3510, MRKT 3520, MRKT 3530.

**MRKT 4530 Sports Marketing**

*3 semester hours*

This course will introduce students to the unique nature of sport marketing at both the professional and amateur levels. The course will cover the unique aspects of sport marketing and how marketing concepts such as strategic planning and segmentation apply to sport marketing. Students will be introduced to the interrelationship of integrated marketing communications and sport and develop an understanding of sport as industry and the fan as consumer.

Prerequisite: MRKT 3510.

**MRKT 4531 Creative Brand Management**

*3 semester hours*

Creative brand management lies at the intersection of three things: 1) creative and innovative problem solving, 2) deep insights with respect to culture, trends, and technology, and 3) developing and managing brands that have deep conviction (e.g., BMW), confidence (e.g., Uber), and great founder DNA that are purpose-driven (e.g., TOMS). In this course, students will develop a tolerance and ability to thrive in the face of ambiguity; learn to survive and thrive in times of change; learn to leverage timeless approaches to creatively managing brands and solving problems; develop foundational tools to build and grow relevant, purpose-driving brands; and cultivate their own personal brands.

Prerequisite: MRKT 3510.

**MRKT 4535 Public Policy and Marketing**

*3 semester hours*

This course is designed to explore the interaction between marketing strategies/processes and governmental policies designed to manage the economy and promote public and consumer welfare. Topics covered will include the roles of various governmental agencies (such as the FDA, the CPSC, and the EPA) and the roles of private actions such as boycotts and consumer activism in influencing business decisions and practices. The course will often take an historical approach, examining the advancement of U.S. public policy toward business as societal values and economic conditions have evolved in this country. Specific topics addressed include consumer rights and protection, environmental sustainability, vulnerable consumers, regulatory failures and regulatory capture, trade-offs among various stakeholders, ethical dilemmas, and the marketing of potentially harmful or controversial products such as firearms, tobacco, and alcohol.

Prerequisite: MRKT 3510.

**MRKT 4540 Professional Selling**

*3 semester hours*

An examination of the sales function, encompassing the broad range of methods that sales professionals may employ to build marketing relationships. Steps in the selling process will be explored, including techniques for engaging customers, identifying needs, handling objections, negotiating, requesting orders, and developing and maintaining long term relationships. A particular emphasis will be placed on the role of technology in contemporary sales activities.

Prerequisite: MRKT 3510.

**MRKT 4545 New Product Development**

*3 semester hours*

The development of new products represents one of the most promising avenues by which firms can exploit to maintain and expand their market position in today's dynamic markets. The
course provides a practical introduction to the process of designing and marketing new products and it covers the major phases of product development and launch. All of the critical steps in the new product development process will be discussed in detail, including: opportunity identification and analysis, concept development and testing, product design and pre-market testing and forecasting, and the management and control of the product launch. The particular focus of this class is upon the marketing function. Thus, the class will concentrate on market measurement, the use of that information to develop the benefit targets for the new product, and the ultimate development of marketing mixes (product, price, place, promotion) that will improve the chances for success. As such, the class will provide techniques to interface the marketing function with the functions of R&D, design engineering, and manufacturing, but it is beyond the scope of the course to emphasize these functions per se. The course will be relevant to students who expect to work directly in brand or product management as well as those whose interests are in general management and consulting. Prerequisites: MRKT 3510, MRKT 3520, MRKT 3530.

MRKT 4555 Business-to-Business Marketing
3 semester hours
In the business market, the customers are organizations (e.g., businesses, governments, and institutions), and these customers represent a huge market opportunity. While we think of companies like Procter & Gamble, Sony, or Ford as sellers, they are also organizational buyers that annually purchase enormous quantities of raw materials and manufactured component parts; they purchase supplies and business services regularly to support operations, and they make large investments in building, equipment, and information technology. It's important to know that building and maintaining a close relationship with an organizational buyer require careful attention to details, meeting promises, and swiftly responding to changing demands. Prerequisite: MRKT 3510.

MRKT 4560 Supply Chain Management and Logistics
3 semester hours
This course takes a look at the front-end functions of marketing planning, logistical planning, business relationships, networking, and the marketing benefits of business collaboration inherent in the dynamic channels of distribution used in a global business environment. Prerequisites: MRKT 3510, MRKT 3520, MRKT 3530.

MRKT 4565 The Psychology of Selling and Consuming
3 semester hours
As a field of social science, psychology embodies a diverse array of theoretical "schools of thought," which vary significantly in their fundamental explanations for human thought and behavior. From a business perspective, these contrasting explanations have widely different (and often contradictory) implications for how marketing strategies should best be crafted and implemented. This course examines consumer thought and action from six different explanatory perspectives, including cognitive psychology, social psychology, classical behaviorism, radical behaviorism, motivational/psychoanalytic psychology, and humanistic/gestalt psychology. Then, the different implications of each interpretation for marketing and advertising strategy are explored and discussed. Prerequisite: MRKT 3510.

MRKT 4570 Pricing Goods and Services
3 semester hours
The focus of this course is upon the function of price as a driver of profit. Particular attention will be given to the roles of customers, costs, and competitors ask key concerns when developing pricing strategies. All aspects of pricing within the marketing and business environment will be examined, including theories and models of pricing strategy, and common pricing techniques used in contemporary business practice. Prerequisites: ACCT 2110, ACCT 2120, both with a grade of C (2.0) or better; MRKT 3510, MRKT 3520, MRKT 3530.

MRKT 4580 Marketing and Society
3 semester hours
This course examines the roles individuals play in society and the economy through the acts of shopping, consuming, discussing, displaying, and disposing of goods and services. In addition, the processes by which organizations conceptualize, reinforce, and exploit these roles in the marketing of goods and services will be examined. Prerequisite: MRKT 3510.

MRKT 4597 Marketing Strategy in the Global Environment
3 semester hours
This is the capstone course for students completing the marketing major. This course provides a comprehensive framework for the development of competitive marketing strategies that achieve organizational objectives and build competitive advantage. It teaches students the fundamentals of strategic analysis and strategy development within the context of the global business environment. The course emphasizes the major analytical, ethical, and strategic frameworks of marketing, as specifically implemented within the complex contemporary conditions of global business relationships and activities. The course incorporates experiential learning, case studies, and a simulation project. Must be taken in residence at LMU with senior standing. College of Business Administration students only. Prerequisites: BADM 1040 with a grade of C (2.0) or better; MRKT 3510, MRKT 3520, MRKT 3530.

MRKT 4598 Special Studies
1 TO 3 semester hours
MRKT 4599 Independent Studies
1 TO 3 semester hours
Requires approval of the Associate Dean.

Music (MUSC)

MUSC 101 Studio Class
0 semester hours
Recital class for music majors and minors enrolled in applied lessons, including composition lessons. May be repeated for degree credit.

MUSC 102 Enjoyment of Music
3 semester hours
An overview of the evolution of Western Art music from the era of Gregorian Chant to modern times. Focus is on style periods and the
contributions of the great composers. Concert attendance required. Non-majors and non-minors only.

MUSC 104 Fundamentals of Music
3 semester hours
Practical study of the rudiments of music—notation, rhythm, keys, scales, and terminology, with the object of attaining and applying a basic musical literacy. Concert attendance required. Non-majors and non-minors only.
Lab fee.
University Core fulfilled: Explorations: Creative Experience.

MUSC 105 The Vocal Experience
3 semester hours
Exploration of the basic techniques of singing with emphasis on the expressive elements inherent in simple vocal literature; study of fundamental musical elements—rhythm, melody, key structures, notation—leading to successful sight singing. Concert attendance required. Non-majors and non-minors only.
Lab fee.
University Core fulfilled: Explorations: Creative Experience.

MUSC 106 The Guitar Experience
3 semester hours
Exploration of the basic technique of performing on the guitar including 1) learning to read music, 2) chords and styles of accompaniment, and 3) the preparation of solo pieces. Concert attendance required. Non-majors and non-minors only.
Lab fee.
University Core fulfilled: Explorations: Creative Experience.

MUSC 107 The Piano Experience
3 semester hours
Exploration of the basic techniques of performing piano literature; study of fundamental musical elements—rhythm, melody, key structures, notation, and reading music.
Lab fee.
University Core fulfilled: Explorations: Creative Experience.

MUSC 121 Music Theory and Form I
3 semester hours
Introduction to the fundamentals of functional tonal harmony, basic musical terminology and notation, figured bass, and diatonic harmonic progression and voice leading.
Corequisite: MUSC 133.

MUSC 122 Music Theory and Form II
3 semester hours
Continuation of MUSC 121, introducing cadences, non-chord tones, 7th chords, chromatic harmony and voice leading (secondary chords), and various types of modulation. Also includes an introduction to formal analysis through the study of period and other phrase structures. 
Prerequisite: MUSC 121.
Corequisite: MUSC 134.

MUSC 133 Aural Skills I
1 semester hour
Developing of the aural skills of sight singing, audiation and pitch discrimination leading to the ability to take musical dictation from simple to intermediate levels involving melody, rhythm and meter, chords in root position, and cadential harmony. Includes Computer Assisted Instruction (CAI). 
Corequisite: MUSC 121.

MUSC 134 Aural Skills II
1 semester hour
Continuation of MUSC 133, further developing the ability to take musical dictation from intermediate to advanced levels involving tonal, modal, and atonal melody, rhythm and meter, all chord types including inversions, and functional harmonic progression. 
Continuation of CAI. 
Prerequisite: MUSC 133.
Corequisite: MUSC 122.

MUSC 180 Guitar, Percussion, Piano, Strings, Winds, Voice
1 semester hour
First semester of private applied lessons in the major/minor.
Corequisite: MUSC 101.

MUSC 181 Guitar, Percussion, Piano, Strings, Winds, Voice
1 semester hour
Second semester of private applied lessons in the major/minor.
Prerequisite: MUSC 180.
Corequisite: MUSC 101.

MUSC 182 Guitar, Percussion, Piano, Strings, Winds, Voice
1 semester hour
First year of private applied lessons for non-majors, non-minors (repeatable credit). 
Applied music fee. 
Permission of instructor required.

MUSC 196 Global Popular Music and American Diversity
3 semester hours
Scholarly texts, interactive lectures, and guided musical analysis explore connections between global popular music and American diversity including issues of race and ethnicity, social class, sexuality and gender, aesthetics, ideology, and history. The course engages theories and methods drawn from ethnomusicology, multicultural studies, and popular music studies. 

MUSC 180 Guitar, Percussion, Piano, Strings, Winds, Voice
1 semester hour
First semester of private applied lessons in the major/minor.
Corequisite: MUSC 101.

MUSC 181 Guitar, Percussion, Piano, Strings, Winds, Voice
1 semester hour
Second semester of private applied lessons in the major/minor.
Prerequisite: MUSC 180.
Corequisite: MUSC 101.

MUSC 182 Guitar, Percussion, Piano, Strings, Winds, Voice
1 semester hour
First year of private applied lessons for non-majors, non-minors (repeatable credit). 
Applied music fee. 
Permission of instructor required.

MUSC 196 Global Popular Music and American Diversity
3 semester hours
Scholarly texts, interactive lectures, and guided musical analysis explore connections between global popular music and American diversity including issues of race and ethnicity, social class, sexuality and gender, aesthetics, ideology, and history. The course engages theories and methods drawn from ethnomusicology, multicultural studies, and popular music studies. 

MUSC 180 Guitar, Percussion, Piano, Strings, Winds, Voice
1 semester hour
First semester of private applied lessons in the major/minor.
Corequisite: MUSC 101.

MUSC 181 Guitar, Percussion, Piano, Strings, Winds, Voice
1 semester hour
Second semester of private applied lessons in the major/minor.
Prerequisite: MUSC 180.
Corequisite: MUSC 101.

MUSC 182 Guitar, Percussion, Piano, Strings, Winds, Voice
1 semester hour
First year of private applied lessons for non-majors, non-minors (repeatable credit). 
Applied music fee. 
Permission of instructor required.

MUSC 196 Global Popular Music and American Diversity
3 semester hours
Scholarly texts, interactive lectures, and guided musical analysis explore connections between global popular music and American diversity including issues of race and ethnicity, social class, sexuality and gender, aesthetics, ideology, and history. The course engages theories and methods drawn from ethnomusicology, multicultural studies, and popular music studies. 

MUSC 180 Guitar, Percussion, Piano, Strings, Winds, Voice
1 semester hour
First semester of private applied lessons in the major/minor.
Corequisite: MUSC 101.

MUSC 181 Guitar, Percussion, Piano, Strings, Winds, Voice
1 semester hour
Second semester of private applied lessons in the major/minor.
Prerequisite: MUSC 180.
Corequisite: MUSC 101.

MUSC 182 Guitar, Percussion, Piano, Strings, Winds, Voice
1 semester hour
First year of private applied lessons for non-majors, non-minors (repeatable credit). 
Applied music fee. 
Permission of instructor required.

MUSC 196 Global Popular Music and American Diversity
3 semester hours
Scholarly texts, interactive lectures, and guided musical analysis explore connections between global popular music and American diversity including issues of race and ethnicity, social class, sexuality and gender, aesthetics, ideology, and history. The course engages theories and methods drawn from ethnomusicology, multicultural studies, and popular music studies. 
families of instruments, including the study of instrumental ranges, transpositions, and techniques. The articulative, dynamic, and timbral characteristics of each instrument are also explored. To these ends the course utilizes live demonstrations, music notation software, and short orchestration projects.
Prerequisite: MUSC 122.

MUSC 280 Guitar, Percussion, Piano, Strings, Voice
1 semester hour
Third semester of private applied lessons in the major.
Prerequisite: MUSC 181.
Corequisite: MUSC 101.

MUSC 281 Guitar, Percussion, Piano, Strings, Voice
1 semester hour
Fourth semester of private applied lessons in the major.
Prerequisite: MUSC 280.
Corequisite: MUSC 101.

MUSC 282 Guitar, Percussion, Piano, Strings, Winds, Voice
1 semester hour
Second year of private applied lessons for non-majors (repeatable credit).
Applied music fee.
Permission of instructor required.

MUSC 303 Introduction to World Music Cultures
3 semester hours
An introductory-level survey of art, traditional, and regional popular music, chosen from the Near East, South Asia, Indonesia, and East Asia. Class lectures and discussion focus upon readings and guided listening. Some in-class performance.

MUSC 304 Topics in World Music Cultures
3 semester hours
An intermediate-level survey of art, traditional, and regional popular music, chosen from Africa, the Americas, and Oceania. Class lectures and discussion emphasize coherences between music and culture. Some musical analysis.
Prerequisite: MUSC 303.

MUSC 307 Choral Literature
3 semester hours
An exploration of 17th through 21st century choral literature with an emphasis on principal composers and performance practice through the study of scores, comparative listening to recordings, and reading material.
Prerequisite: MUSC 332.

MUSC 308 Orchestral Literature
3 semester hours
An exploration of 18th through 21st century orchestral literature with an emphasis on principal composers and performance practice through the study of scores, reading material, and comparative listening to recordings. Developments in orchestration, style, and form, as well as socio-historical contexts are also considered.
Prerequisite: MUSC 333.

MUSC 309 History/Literature of the Guitar
3 semester hours
The development of the guitar and related plucked instruments from the Renaissance to the present; a survey of notational systems, techniques, historical styles, and the representative works for the lute, vihuela, five-course guitar, and six-string guitar.
Prerequisite: MUSC 281.

MUSC 310 Instrumental Pedagogy
3 semester hours
Research, concepts, and methodology common to the teaching of instruments.
Prerequisite: MUSC 222.

MUSC 316 Music History: Antiquity to 1600
3 semester hours
A historical survey of Western music traditions from antiquity through the Renaissance (1600). Includes methodology and procedures which are fundamental to scholarly research and inquiry in musicology.
Prerequisite: MUSC 221.
University Core Fulfilled: Flag: Writing.

MUSC 317 Music History: 1600-1820
3 semester hours
A continuation of the historical survey of Western music traditions from the Baroque Era (1600) through the Classic Era (1820). Includes methodology and procedures which are fundamental to scholarly research and inquiry in musicology.
Prerequisites: MUSC 221 and MUSC 316.
University Core Fulfilled: Flag: Oral Skills.

MUSC 318 Music History: 1820 to Present
3 semester hours
A continuation of the historical survey of Western music traditions from the beginnings of Romanticism through the milieu of twentieth-century music, concluding with current practices and trends. Includes methodology and procedures which are fundamental to scholarly research and inquiry in musicology.
Prerequisites: MUSC 221 and MUSC 317.

MUSC 319 Analytic Techniques
3 semester hours
The study of concerto and variation forms, tonal pairing and other 19th century developments, and an introduction to linear-graphic analysis and set theory.
Prerequisite: MUSC 221.
University Core fulfilled: Flag: Quantitative Reasoning.

MUSC 322 Modal Counterpoint
3 semester hours
Introduction to the style of sixteenth-century counterpoint, as exemplified by the vocal works of Palestrina. Topics covered include species counterpoint, the setting of Latin texts, and techniques of mass composition.
Prerequisite: MUSC 221.

MUSC 323 Tonal Counterpoint
3 semester hours
Introduction to the style of eighteenth-century counterpoint, as exemplified by the instrumental works of J.S. Bach. Techniques and procedures covered include species counterpoint, canon, invention, and fugue.
Prerequisite: MUSC 221.

MUSC 328 Choral Methods I
2 semester hours
Practical aspects of choral techniques ranging from the audition through the working rehearsal with emphasis on development of
choral tone, phrasing, articulation, dynamics, blend, and balance, as well as selection of repertoire.
Prerequisites: MUSC 281 (Voice), MUSC 332, and MUSC 491, MUSC 493, or MUSC 495.
Corequisite: MUSC 491, MUSC 493, or MUSC 495.

MUSC 330 Score Reading I
2 semester hours
Score reading preparation of concert and transposed musical scores involving two through six parts including the use of multiple clefs.
Prerequisite: MUSC 333.

MUSC 331 Score Reading II
2 semester hours
Score reading preparation of concert and transposed scores involving seven or more diverse instrumentations including the use of multiple clefs.
Prerequisite: MUSC 330.

MUSC 332 Choral Conducting
2 semester hours
Basic conducting skills, technical and expressive uses of the conducting gesture, methods of verbal and non-verbal communication appropriate to a choral ensemble.

MUSC 333 Instrumental Conducting
2 semester hours
Basic conducting skills, technical and expressive uses of the conducting gesture, and methods of communication appropriate to an instrumental ensemble.
Prerequisite: MUSC 235.

MUSC 340 Diction for Singers I
1 semester hour
Development and refinement of enunciation and performing skills in English, Italian, and Latin. An extensive working knowledge of the International Phonetic Alphabet will be acquired.
Major or minor required.

MUSC 341 Vocal Pedagogy
3 semester hours
Study of the physiology and acoustics of the voice and its application to singing and to the teaching of singing.
Major or minor required.

MUSC 342 Diction for Singers II
1 semester hour
Continuation of MUSC 340; emphasis on German and French.
Prerequisite: MUSC 340.

MUSC 343 Opera Scenes/Workshop
1 TO 2 semester hours
Preparation of scenes from major operas in either staged or concert versions, and study of the complete works to aid singers in establishing context and characterization. For repeated credit, students will develop new stylistic understanding by undertaking musical and/or theatrical challenges not addressed in previous roles.
May be repeated for degree credit (maximum 12 semester hours).

MUSC 344 Alexander Technique
2 semester hours
Basic skills of coordinated movement appropriate to stage work for vocalists and instrumentalists. Exploration of the elements of poise, postural habits, and style based on principles developed by F.M. Alexander.
Major or minor required.
May be repeated for degree credit (maximum 4 semester hours).

MUSC 354 World Music Practicum I
0 TO 1 semester hour
Practice of techniques and aural skills that are integral to Indonesian music. In the course of multiple semesters, students will expand their knowledge of repertoires and range of performance skills.
Corequisite: MUSC 454.
May be repeated for degree credit (maximum 4 semester hours).

MUSC 355 World Music Practicum II
0 TO 1 semester hour
Practice of techniques and aural skills that are integral to Indonesian and West African music. In the course of multiple semesters, students will expand their knowledge of repertoires and range of performance skills.
Corequisite: MUSC 455.
May be repeated for degree credit (maximum 4 semester hours).

MUSC 365 History of Jazz
3 semester hours
A survey of the origins and major style periods of jazz from the antebellum era to the present. Listening assignments emphasize the ways in which specific musical features reflect currents of history and culture.

MUSC 366 History of Rock
3 semester hours
Evolution of rock and roll from its African-American origins to the present.

MUSC 367 History of Popular Music
3 semester hours
Survey of the musical and cultural history of the diverse styles and artists associated with popular music. Exploration will range from rock to blues to hip hop to heavy metal to country. The course will consider the social, political, and cultural themes that influence and are influenced by music.

MUSC 380 Guitar, Percussion, Piano, Strings, Voice, Composition
1 semester hour
Fifth semester of private applied lessons in the major.
Prerequisites: MUSC 222 and MUSC 281.
Corequisite: MUSC 101.

MUSC 381 Guitar, Percussion, Piano, Strings, Voice, Composition
1 semester hour
Sixth semester of private applied lessons in the major.
Prerequisites: MUSC 222 and MUSC 380.
Corequisite: MUSC 101.

MUSC 382 Guitar, Percussion, Piano, Strings, Winds, Voice
1 semester hour
Third year of private applied lessons for non-majors (repeatable credit).
Applied music fee.
Permission of instructor required.

MUSC 387 Music Composition I
1 semester hour
The composition of original instrumental and vocal works for solo
performers and small ensembles employing structures such as
binary, ternary, and song forms.
Prerequisite: MUSC 222.

MUSC 388 Music Composition II
1 semester hour
Continuation of MUSC 387.
Prerequisite: MUSC 387.

MUSC 396 Sociology of Music
3 semester hours
Analysis of rock 'n' roll, jazz, pop, European classical music, and
global musics through the lens of sociology to examine how musical
genres reflect and influence social thought and behavior by
reinforcing and/or challenging constructions of race and ethnicity,
class, and gender and sexuality.
University Core fulfilled: Integrations: Interdisciplinary Connections.

MUSC 398 Special Studies
1 TO 3 semester hours

MUSC 399 Independent Studies
1 TO 3 semester hours

*MUSC 398 and 399 may not be designated to stand in lieu of a
course in the Music curriculum, except by permission of the
Chairperson.

MUSC 407 Research and Methods in Ethnomusicology
1 semester hour
A survey of the essential literature of ethnomusicology; introduction
to field methods, transcription, and analysis.
Prerequisites: MUSC 303 and MUSC 304 with grades for these
courses averaging B+ (3.3) or higher.

MUSC 412 Pre-Renaissance and Renaissance Music
3 semester hours
The study of the major musical figures and their representative
works from the chants of the early Christian church to the Baroque
Era.
Prerequisites: MUSC 316, MUSC 317, and MUSC 318.

MUSC 413 Music of the Baroque
3 semester hours
Composers, music, and practices from 1600 to 1750 with emphasis
on historical development culminating in the works of G.F. Handel
and J.S. Bach.
Prerequisites: MUSC 316, MUSC 317, and MUSC 318.

MUSC 414 Music of the Classical Era
3 semester hours
Composers, music, and practices from 1750 to 1827 with emphasis
on historical developments of musical trends through the works of
Gluck, Haydn, Mozart, Beethoven, and Schubert.
Prerequisites: MUSC 316, MUSC 317 and MUSC 318.

MUSC 415 Music of the Romantic Age
3 semester hours
Composers, music, and musical developments from the death of
Beethoven through the end of the nineteenth century.
Prerequisites: MUSC 316, MUSC 317, and MUSC 318.

MUSC 416 Music of the Twentieth-Century Era
3 semester hours
Composers, music, trends, and musical arts-related developments
from the close of the nineteenth century through contemporary
practices.
Prerequisites: MUSC 316, MUSC 317, and MUSC 318.

MUSC 428 Choral Methods II
1 semester hour
Continuation of MUSC 328.
Prerequisite: MUSC 328.

MUSC 432 Advanced Choral Conducting
2 semester hours
Application of concepts and fundamentals experienced in MUSC
332, development and application of interpretive conducting skills
through study of choral works representing the major style periods.
Prerequisite: MUSC 332.

MUSC 433 Advanced Instrumental Conducting
2 semester hours
Application of concepts and fundamentals experienced in MUSC
333, development and application of interpretive conducting skills
through major orchestral works.
Prerequisite: MUSC 333.

MUSC 435 Instrumental Conducting Practicum
2 semester hours
Preparation and application of conducting skills with a departmental
instrumental ensemble resulting in a recital performance
appearance as a student conductor.
Prerequisite: MUSC 433.

MUSC 445 Choral Practicum
1 semester hour
In-depth study of choral rehearsal practices resulting in a senior
project or conducting recital.
Prerequisite: MUSC 432.

MUSC 446 Orchestral Techniques Practicum
1 semester hour
In-depth study of orchestral rehearsal practices resulting in a senior
project or conducting recital.
Prerequisite: MUSC 433.

MUSC 450 Senior Project/Recital
1 semester hour
Preparation and presentation of a solo performance in a student
recital format.
Permission of Applied instructor, advisor, and Chairperson required.

MUSC 454 World Music Ensembles I
0 OR 1 semester hour
Practice and performance of music for Balinese gamelan. Repertoire
includes both new and traditional compositions. In the course of
multiple semesters, students will expand their knowledge of
repertoires and range of performance skills.
Audition after enrollment.
Corequisite: MUSC 354.
May be repeated for degree credit (maximum 4 semester hours).

MUSC 455 World Music Ensembles II
0 OR 1 semester hour
Practice and performance of music for Balinese gamelan and
Ghanaian (West African) ensemble drumming. Repertoire includes both new and traditional compositions. In the course of multiple semesters, students will expand their knowledge of repertoires and performance skills.

Audition after enrollment.
Corequisite: MUSC 355.
May be repeated for degree credit (maximum 4 semester hours).

MUSC 480 Guitar, Percussion, Piano, Strings, Voice, Composition
1 semester hour
Seventh semester of private applied lessons in the major.
Prerequisites: MUSC 222 and MUSC 381.
Corequisite: MUSC 101.

MUSC 481 Guitar, Percussion, Piano, Strings, Voice, Composition
1 semester hour
Eighth semester of private applied lessons in the major.
Prerequisites: MUSC 222 and MUSC 480.
Corequisite: MUSC 101.

MUSC 482 Guitar, Percussion, Piano, Strings, Winds, Voice
1 semester hour
Fourth year of private applied lessons for non-majors (repeatable credit).
Applied music fee.
Permission of instructor required.

MUSC 487 Music Composition III
1 semester hour
The composition of original instrumental and vocal works for large ensembles employing extended structures such as sonata, rondo, variation, and concerto forms.
Prerequisite: MUSC 388.

MUSC 488 Music Composition IV
1 semester hour
Continuation of MUSC 487.
Prerequisite: MUSC 487.

MUSC 489 Chamber Orchestra Practicum
0 TO 1 semester hour
Chamber orchestra sectional rehearsals for high strings/low strings focusing on techniques of bowing, strokes and articulation, fingering, and intonation.
Corequisite: MUSC 490.
Credit/No Credit grading.
May be repeated for degree credit (maximum 8 semester hours).

MUSC 490 Chamber Orchestra
0 OR 1 semester hour
Offers students and members of the community instruction in orchestral music through the study and performance of quality literature representing a variety of style periods and musical genre. Over the course of multiple semesters, students will develop increased ensemble skills, technical proficiency, and stylistic understanding.
Audition after enrollment.
Corequisite: MUSC 489.
May be repeated for degree credit (maximum 8 semester hours).

MUSC 491 Consort Singers
0 OR 1 semester hour
Smaller, more advanced choral ensemble provides an opportunity for students to perform challenging choral literature from a wide range of composers and styles. Previous choral experience is required. Through the study and performance of new and different repertoire, students who repeat the course over multiple semesters will develop increased ensemble skills, vocal proficiency, and stylistic understanding.
Audition after enrollment.
May be repeated for degree credit (maximum 8 semester hours).

MUSC 492 Chamber Music Ensembles
0 OR 1 semester hour
To gain an understanding of and to develop the skills necessary for small ensemble playing (includes guitar, string, piano, and percussion ensembles). Over the course of multiple semesters, students will develop increased ensemble skills, technical proficiency, and stylistic understanding.
Audition after enrollment; permission of instructor required (piano ensembles).
May be repeated for degree credit (maximum 8 semester hours.)

MUSC 493 Women's Chorus
0 OR 1 semester hour
The ensemble explores and performs choral repertoire drawn from a variety of styles but written specifically for treble voices. Through the study and performance of new and different repertoire, students who repeat the course over multiple semesters will develop increased ensemble skills, vocal proficiency, and stylistic understanding.
Audition after enrollment.
May be repeated for degree credit (maximum 8 semester hours).

MUSC 494 Men's Chorus
0 OR 1 semester hour
The ensemble explores and performs choral repertoire for male voices.
Audition after enrollment.
May be repeated for degree credit.

MUSC 495 Concert Choir
0 OR 1 semester hour
The large choral ensemble offers students and members of the community instruction in choral music with an emphasis on vocal development during the study and performance of quality literature representing a variety of style periods and music genres. Through the study and performance of new and different repertoire, students who repeat the course over multiple semesters will develop increased ensemble skills, vocal proficiency, and stylistic understanding.
Audition after enrollment.
May be repeated for degree credit (maximum 8 semester hours).

MUSC 496 Theory Placement Practicum
0 TO 2 semester hours
Review of selected topics from Music Theory and Form I-IV and techniques of preparation for theory placement examinations required by music graduate schools.
Credit/No Credit grading.

MUSC 497 Musicology Placement Practicum
0 OR 1 semester hour
Techniques of preparation for musicology placement examinations required for entrance into music graduate school programs.

MUSC 498 Special Studies
MUSC 499 Independent Studies
1 TO 3 semester hours

*MUSC 498 and 499 may not be designated to stand in lieu of course content addressed by another course in the music curriculum, except by permission of the Chairperson.

Philosophy (PHIL)

PHIL 1800 Philosophical Inquiry
4 semester hours
An introductory exploration of central questions and interpretations of human existence, with special emphasis on theory of knowledge and theory of reality, carried on in light of the Catholic intellectual tradition.
University Core fulfilled: Foundations: Philosophical Inquiry.

PHIL 1998 Special Studies
1 TO 4 semester hours

PHIL 1999 Independent Studies
1 TO 4 semester hours

PHIL 2010 Symbolic Logic
4 semester hours
An introduction to the techniques of modern mathematical logic, including proofs relying on the logic of truth-functions and quantifiers and their application to arguments in English. No mathematical training presupposed. Required for Philosophy majors.
University Core fulfilled: Flag: Quantitative Reasoning.

PHIL 2350 Philosophy and Film
4 semester hours
An examination of the philosophical use of the film medium and an examination of particular philosophical ideas portrayed in films.

PHIL 2910 Philosophy Proseminar
4 semester hours
An introduction to philosophic research and dialogue through the examination of a philosophic issue or thinker in a seminar setting. Open to freshman and sophomore majors.

PHIL 2998 Special Studies
1 TO 4 semester hours

PHIL 2999 Independent Studies
1 TO 4 semester hours

PHIL 3010 Advanced Symbolic Logic
4 semester hours
Continuation of symbolic logic techniques, with emphasis on modal and multi-value logics; metalogical considerations of syntax, semantics, and proofs; and questions/issues of philosophical logic and the philosophy of logic.
Prerequisite: PHIL 2010.

PHIL 3100 The Good Life
4 semester hours
A study of the questions which a person must ask, and the answers one must consider, in forming an intelligent philosophy of moral choice, carried on in the light of the Catholic intellectual tradition.
University Core fulfilled: Integrations: Ethics and Justice.

PHIL 3105 Ethics of Love and Marriage
4 semester hours
A careful study of the ethical dimensions of friendship, love, marriage, and commitment.
University Core fulfilled: Integrations: Ethics and Justice.

PHIL 3110 Environmental Ethics
4 semester hours
The study of moral and ethical issues as they relate to the environment and nonhuman nature. Specific topics and foci vary from semester to semester.
University Core fulfilled: Integrations: Ethics and Justice.

PHIL 3115 Ethics for Engineering and Science
4 semester hours
A study of the ethical issues that arise in the fields of science and engineering, focusing on examples such as the Challenger disaster and the decisions that led up to it. Restricted to majors in the Frank R. Seaver College of Science and Engineering.
University Core fulfilled: Integrations: Ethics and Justice.

PHIL 3120 Business Ethics
4 semester hours
A study of the ethical issues that arise in the field of business.
University Core fulfilled: Integrations: Ethics and Justice.

PHIL 3125 Media Ethics
4 semester hours
An exploration of the ethical challenges of professionals working in the media and communications industries, providing strategies for students to assess ethical dilemmas in business and creative decisions in film, television, popular music, news, public relations, and advertising professions.
University Core fulfilled: Integrations: Ethics and Justice.

PHIL 3130 Ethics for Service Organization Members
4 semester hours
An introduction to central approaches to moral philosophy and an exploration of the moral justification for the value of service, addressing social justice issues that arise in students' service placements. The course is only open to current members of LMU's service organizations.
University Core fulfilled: Integrations: Ethics and Justice; Flag: Engaged Learning.

PHIL 3135 Bioethics
4 semester hours
A careful study of the ethical issues that arise in the field of medicine, such as abortion, euthanasia, physician-assisted suicide, and distribution of medical resources and care.

PHIL 3140 Ethics and Education
4 semester hours
A look at the ethical and justice-related issues posed by the institutions of public and private education in modern democracies, with special focus on education in America.

PHIL 3145 Topics in Applied Ethics
PHIL 3150 Contemporary Moral Problems
4 semester hours
A study from the perspective of ethical theory of selected moral problems of contemporary interest and significance.

PHIL 3160 Political Philosophy
4 semester hours
A philosophical analysis of the purposes and functions of the political state, including an analysis of the limits of political authority. Course content may vary from historical surveys (of, for example, Hobbes, Locke, Hume, Rousseau, Mill) to in-depth treatments of specific schools of political theory. University Core fulfilled: Integrations: Ethics and Justice.

PHIL 3165 Philosophy of Law
4 semester hours
A philosophical analysis of the rule of law and the operation of contemporary legal systems. Topics will include the nature of law and legal obligations, the relation between law and morality, and the criteria for ascribing both civil and criminal (legal) liability.

PHIL 3170 Feminist Philosophy
4 semester hours
A survey of the political, epistemological, and metaphysical questions raised for philosophy as traditionally conceived by the claim that sex and/or gender should play a significant role in its self-understanding.

PHIL 3180 Philosophy and Literature
4 semester hours
An investigation of the philosophical use of literature and an examination of philosophical ideas portrayed in a variety of literary works, which may include plays, novels, autobiographies, and short stories. University Core fulfilled: Integrations: Ethics and Justice.

PHIL 3185 Partial History of Western Philosophy
4 semester hours
A study of 17th century Rationalism and 18th century Empiricism, including Descartes, Spinoza, Leibniz, Locke, Berkeley, and Hume. Part of the history sequence for majors.

PHIL 3190 Intellectual History of the Western World
4 semester hours
A study of the fundamental issues associated with the human relationship to the natural world. Specific topics will vary from semester to semester.

PHIL 3200 Philosophy of Science
4 semester hours
A study of the nature of science, with special attention to the history of science, contemporary scientific developments, and scientific method.

PHIL 3210 Philosophy of Biology
4 semester hours
A critical examination of central philosophical issues and controversies in the life sciences.

PHIL 3220 Environmental Philosophy
4 semester hours
A study of the fundamental issues associated with the human relationship to the natural world. Specific topics will vary from semester to semester.

PHIL 3230 Aesthetics in Catholic Tradition
4 semester hours
A survey of aesthetic theories from the Catholic tradition, their application to religious and non-religious works of art, and a consideration of the role of the arts and imagination in Catholic intellectual life and spirituality.

PHIL 3240 Philosophy and the Arts
4 semester hours
A study of the meaning of art and what it can tell us about human beings, the nature of artistic intuition, and the creative process.

PHIL 3250 Philosophy and Literature
4 semester hours
A study of cultural forms as carriers of meaning and value. Topics may vary from year to year and could include analysis of cultural modes of expression, their interpretation and their origins, cultural pluralism, cultural relativism, and the notion of the transcultural.

PHIL 3260 Philosophy of Religion
4 semester hours
A philosophical investigation of the issues surrounding religion and religious beliefs. Possible topics will include: religious language, problem of evil, immortality, theism, and atheism. University Core fulfilled: Integrations: Faith and Reason.

PHIL 3270 Philosophy of God
4 semester hours
An exploration of the debate regarding concepts of God and the arguments for and against God's existence. This course examines the contributions of both classical and contemporary schools of thought to the debate.

PHIL 3280 Philosophy and Christianity
4 semester hours
An exploration of central philosophical issues that arise in Christian life - understood as pilgrimage. What is happiness? How does one integrate the immanent and the transcendent? How does Christian praxis relate to the political sphere? University Core fulfilled: Integrations: Faith and Reason.

PHIL 3290 Ancient Philosophy
4 semester hours
A study of pre-Socratic thought, Plato, and Aristotle. Part of the history sequence for majors.

PHIL 3300 Aesthetics
4 semester hours
A philosophical analysis of beauty. Course content may vary from historical surveys to in-depth treatments of specific schools of aesthetic theory.

PHIL 3310 Aesthetics in Catholic Tradition
4 semester hours
A survey of aesthetic theories from the Catholic tradition, their application to religious and non-religious works of art, and a consideration of the role of the arts and imagination in Catholic intellectual life and spirituality.

PHIL 3320 Philosophy and the Arts
4 semester hours
A study of the meaning of art and what it can tell us about human beings, the nature of artistic intuition, and the creative process.

PHIL 3330 Philosophy and Literature
4 semester hours
A study of cultural forms as carriers of meaning and value. Topics may vary from year to year and could include analysis of cultural modes of expression, their interpretation and their origins, cultural pluralism, cultural relativism, and the notion of the transcultural.

PHIL 3340 Philosophy and Culture
4 semester hours
A study of cultural forms as carriers of meaning and value. Topics may vary from year to year and could include analysis of cultural modes of expression, their interpretation and their origins, cultural pluralism, cultural relativism, and the notion of the transcultural.

PHIL 3350 Partial History of Western Philosophy
4 semester hours
A study of 17th century Rationalism and 18th century Empiricism, including Descartes, Spinoza, Leibniz, Locke, Berkeley, and Hume. Part of the history sequence for majors.

PHIL 3360 Modern Philosophy I
4 semester hours
A study of 17th century Rationalism and 18th century Empiricism, including Descartes, Spinoza, Leibniz, Locke, Berkeley, and Hume. Part of the history sequence for majors.
PHIL 3540 Modern Philosophy II
4 semester hours
A study of Kant and post-Kantian developments, including 19th century German Idealism. Part of the history sequence for majors.

PHIL 3565 Chinese Philosophy
4 semester hours
An introduction to Chinese Philosophy, its subject matter and methodologies, with special attention to the six philosophical schools and some fundamental philosophical concepts and persistent issues that arise in the development of the Chinese philosophical tradition.

PHIL 3610 The Analytic Tradition
4 semester hours
An examination of some of the most influential philosophers whose work constitutes the Anglo-American tradition of the 20th century, including Frege, Russell, G.E. Moore, Wittgenstein, the Logical Positivists, the Ordinary Language Philosophers, and several contemporary post-analytic philosophers.

PHIL 3640 Existentialism
4 semester hours

PHIL 3998 Special Studies
1 TO 4 semester hours

PHIL 3999 Independent Studies
1 TO 4 semester hours

PHIL 4175 Images of Women in Philosophy
4 semester hours
An exploration of the understanding of women and human nature in the various philosophical traditions.

PHIL 4355 Meditative Gaze: Dao and Film
3 semester hours
This course brings two distinctive disciplines, philosophy and film theory together into a coherent discourse. The focus of the class is on the philosophical question most often posed as the mind-body problem and the various ways that media texts have addressed and articulated this issue, specifically through the adoption of a meditative gaze as a philosophically charged stylistic approach. University Core fulfilled: Integrations: Interdisciplinary Connections; Flag: Writing.

PHIL 4430 Personalism
4 semester hours
An exploration of the nature of personhood and its implications for building a just society. Major personalist thinkers and critics—including Maritain, Mounier, Wojtyla, Weil, and Bellah—may provide a context for analysis.

PHIL 4515 Philosophy in Late Antiquity
4 semester hours
A study of major philosophical currents after Aristotle, including Neo-Platonism, Stoicism and early Christian reactions to Greek philosophy.

PHIL 4620 Pragmatism
4 semester hours
A study of 19th and 20th century pragmatism, including the philosophies of Charles Sanders Peirce, William James, and John Dewey.

PHIL 4630 Phenomenology
4 semester hours
An introduction to major themes in Husserlian phenomenology. This course will focus on such topics as intentionality, the natural and transcendental attitudes, categorial intuition, temporality, and intersubjectivity. It will draw out the classical character of phenomenology and yet show how the method responds to and overcomes particular problems of modernity.

PHIL 4635 Phenomenology of the Self
4 semester hours
An introduction to the phenomenological treatment of subjectivity and intersubjectivity, focusing on various aspects of Husserlian egology and the use of language, especially the first-person pronoun.

PHIL 4650 Postmodernism
4 semester hours
A study of 20th and/or 21st century responses to modern and/or Enlightenment philosophy. Can also include postmodern philosophical theology and philosophy of religion.

PHIL 4660 Hermeneutics
4 semester hours
A study of philosophical accounts of interpretation and the role it plays in understanding. The course may approach the field through emphasis on a particular figure (e.g., Martin Heidegger, Hans-Georg Gadamer, or Paul Ricoeur) or through a particular theme or topic (e.g., narrative identity, religion, or politics).

PHIL 4670 Spanish Philosophy
4 semester hours
An exploration of Spanish (Iberian) philosophical figures and themes, including one or more of the following thinkers: Seneca, Averroes, Maimonides, Llull, Ibn Al'Arabi, Vives, St. Teresa of Jesus, St. John of the Cross, Suarez, Unamuno, Ortega y Gasset, Zubiri, Mora, Marías, and/or Trias.

PHIL 4680 Topics in Chinese Philosophy
4 semester hours
An advanced study of patterns of philosophical thinking in Chinese intellectual tradition. The topics will focus in depth on a particular theory, problem, or text. May be repeated twice for degree credit.

PHIL 4700 Major Thinkers
4 semester hours
Concentrated study of a single, major philosopher. Repeatable for degree credit.

PHIL 4704 Plato
4 semester hours
Close study of the thought of Plato.

PHIL 4706 Aristotle
4 semester hours
Close study of the thought of Aristotle.

PHIL 4720 Aquinas
PHIL 4738 Kant
4 semester hours
Close study of the thought of Immanuel Kant.

PHIL 4742 Hegel
4 semester hours
Close study of the thought of G. W. F. Hegel.

PHIL 4746 Kierkegaard
4 semester hours
Close study of the thought of Soren Kierkegaard.

PHIL 4756 Heidegger
4 semester hours
Close study of the thought of Martin Heidegger.

PHIL 4762 Wittgenstein
4 semester hours
Close study of the thought of Ludwig Wittgenstein.

PHIL 4810 Metaphysics
4 semester hours
An introduction to classical and contemporary metaphysics, the
general theory of being. Topics often include analogy, essence and
existence, matter and form, potency and act, causality, and the
transcendentals.

PHIL 4820 Epistemology
4 semester hours
An introduction to the principal problems of epistemology as they
appear in both classical and contemporary theories.

PHIL 4830 Philosophy of Mind
4 semester hours
An exploration of the nature of mind. Topics may vary and may
include consciousness, experience, the self, the historical discovery
of mind, and consideration of psychological theories of mental
operations. Alternative theories will be critically examined.

PHIL 4920 Special Topics
4 semester hours
A seminar course which aims to expose students to the current
research and special philosophical interests of departmental faculty.
Topics vary from semester to semester.

PHIL 4990 Senior Assessment
0 semester hours
Assessment of student learning outcomes in the field of philosophy.
Includes completion of survey instruments, senior exit interview, or
other forms of end-of-program evaluation.
Credit/No Credit grading only.
Senior Philosophy majors only.
Prerequisites: All required courses for the major in Philosophy
completed or currently in progress.

PHIL 4995 Ethics Minor Assessment
0 semester hours
Assessment of student learning outcomes for the Ethics minor
program. Includes completion of survey instruments, senior exit
interview, and other forms of program evaluation.

PHIL 4998 Special Studies
1 TO 4 semester hours

PHIL 4999 Independent Studies
1 TO 4 semester hours

PHIL 5910 Senior Project
4 semester hours
A research and writing project completed under the guidance and
direction of a faculty supervisor.

PHIL 5998 Special Studies
1 TO 4 semester hours

PHIL 5999 Independent Studies
1 TO 4 semester hours

PHIL 6100 Ethics
3 semester hours
A survey of major ethical theories including those of Aristotle, Kant,
and Mill.

PHIL 6110 Practical Wisdom
3 semester hours
A study of Aristotle's notion of phronesis as understood by medieval
thinkers.

PHIL 6150 Social and Political Philosophy
3 semester hours
A study of the interrelation of the person and community, focusing
on such questions as: Is the human person, at the deepest level, a
whole rather than a part? How can we best evaluate contractarian,
utilitarian, and natural law views of the common good? Does liberal
individualism do justice to either the person or the common good?

PHIL 6180 Virtue Ethics
3 semester hours
A study of contemporary reappropriations of Aristotle by such
authors as MacIntyre, Anscombe, Geach, and Porter.

PHIL 6200 Philosophy of Science
3 semester hours
A detailed philosophical examination of some aspect of natural
science. Topics might include science and pseudoscience, scientific
explanation, theoretic confirmation, laws of nature, scientific
revolutions, scientific realism, and social constructivism.

PHIL 6400 Topics in Philosophy and Religion
3 semester hours
A study of selected topics in the philosophy of religion, such as God,
faith, and reason, including an examination of both historical and
contemporary discussions of these topics.

PHIL 6410 Divine Foreknowledge and Human Free Will
3 semester hours
A study of medieval reflection on the foreknowledge question from
Augustine's De Ordine to Ockham's Divine Foreknowledge and
PHIL 6420 Divine and Human Willing  
3 semester hours  
A study of the nature and role of the will, both human and divine, in Duns Scotus and William of Ockham.

PHIL 6530 Early Modern Philosophy  
3 semester hours  
A study of selected thinkers and themes in 17th and 18th century European philosophy, focusing on the major works of seminal philosophers such as Descartes, Spinoza, Malebranche, Pascal, Locke, Leibniz, Berkeley, and Hume. Topics may include reality, knowledge, perception, reason, causation, identity, substance, mind, and God.

PHIL 6565 Classics of Chinese Philosophy  
3 semester hours  
A study of the classic texts of the Confucian and Daoist traditions, including the Analects, Mencius, Doctrine of the Mean, The Great Learning, Daodejing, Zhuangzi, and The Art of War.

PHIL 6590 American Philosophy  
3 semester hours  
A study of issues and movements in American Philosophy, such as Transcendentalism, Pragmatism, and Neo-Pragmatism.

PHIL 6630 Topics in Phenomenology  
3 semester hours  
The study of one or more topics in phenomenology, drawing from the works of such thinkers as Husserl, Scheler, Stein, Heidegger, Sartre, and Merleau-Ponty. May be repeated for degree credit.

PHIL 6640 Topics in Continental Philosophy  
3 semester hours  
A study of prominent themes in the continental tradition of philosophy. Topics vary each semester and may include figures from the 19th, 20th, and 21st centuries. May be repeated for degree credit.

PHIL 6650 Contemporary French Philosophy  
3 semester hours  
A study focusing on twentieth and/or twenty-first century figures in French philosophy. This seminar may be devoted to one or more of the following figures: Bergson, Marcel, Ricoeur, Levinas, Foucault, Derrida, Marion, Nancy, or other similar thinkers.

PHIL 6660 Hermeneutics  
3 semester hours  
A consideration of the philosophical questions raised by the interpretation of historically and culturally distant texts, artifacts, and experiences. Course may focus on one or more exponents of philosophical hermeneutics (e.g., Heidegger, Gadamer, Ricoeur, et al.) or on a particular issue (e.g., history, art, narrative, etc.).

PHIL 6670 Critical Theory  
3 semester hours  
A look at contemporary "critical theorists," scholars who - inspired by Kant, Hegel, Marx, and Freud - share two apparently incompatible convictions: first, that philosophy must acknowledge the historical, economic, political, psychological, and sociological factors that constrain and distort our thinking; and second, that this discipline of radical self-criticism can lead to insight, change, and growth.

PHIL 6704 Plato  
3 semester hours  
An exploration of selected dialogues, informed by a study of the various interpretations of the dialogues from Aristotle to the present.

PHIL 6706 Aristotle  
3 semester hours  
A close study of Aristotelian texts. Aristotle's psychology, metaphysics, or ethics and politics may be emphasized in a given semester.

PHIL 6710 Plotinus  
3 semester hours  
A study of a wide range of Plotinus' works, aimed at articulating his understanding of the fundamental structures of reality, of thought, and of human life in relation to their transcendent source. The main emphasis will be on metaphysical and gnoseological themes, but the ethical, aesthetic, and spiritual dimensions of Plotinus' thought will also be considered.

PHIL 6712 Augustine  
3 semester hours  
A study of central philosophical topics in Augustine's thought, focusing primarily but not exclusively on the earlier phases of his work. Issues to be thematized include truth, beauty, unity and number, interiority, divine illumination, eternity and time, and the problem of evil.

PHIL 6720 Aquinas  
3 semester hours  
An exploration of major themes in the thought of the 13th-century Dominican Thomas Aquinas through seminal works such as the Summa Theologica and the Summa contra Gentiles.

PHIL 6722 Duns Scotus  
3 semester hours  
An exploration of major themes in the thought of Duns Scotus.

PHIL 6728 Pascal  
3 semester hours  
A close reading of the Pensées and selected shorter works with special attention to their relevance for contemporary debates in philosophy of religion over the nature of faith, the ethics of belief, and religious pluralism.

PHIL 6736 Hume  
3 semester hours  
A study of selected themes in the philosophy of David Hume.

PHIL 6738 Kant  
3 semester hours  
An in-depth study of selections from the three critiques and other writings, with attention to the relevant secondary literature.

PHIL 6742 Hegel  
3 semester hours  
A close reading of Hegel's Phenomenology of Spirit with the aid of the major commentators.

PHIL 6746 Kierkegaard
PHIL 6752 Husserl
3 semester hours
A study of the phenomenological method of Husserl through readings from one or more of his texts.

PHIL 6756 Heidegger
3 semester hours
A study of major themes in Heidegger's philosophy, beginning with Being and Time and including other major texts from the later periods of his thought.

PHIL 6762 Wittgenstein
3 semester hours
A close study of the Philosophical Investigations along with the Tractatus and On Certainty. Topics include the nature of mind, language, and the relation between language and the world in the philosophy of Wittgenstein.

PHIL 6770 Lonergan
3 semester hours
A study of Lonergan's cognitional theory, epistemology, metaphysics, and ethics, in Insight and later works.

PHIL 6810 Metaphysics
3 semester hours
A study of major metaphysical theories including those of Plato, Aristotle, and Aquinas.

PHIL 6820 Epistemology
3 semester hours
A study of the philosophical dimensions of the cognitive life. It explores questions about the nature and sources of knowledge—and even its very possibility. Such questions lead to further considerations about, for example, skepticism and the problem of epistemic regress; the foundationalism vs. coherentism and internalism vs. externalism debates; the classical debates between rationalism and empiricism and, too, realism and idealism. The course might also investigate fresh developments in virtue epistemology, social epistemology, and feminist epistemology.

PHIL 6830 Philosophy of Mind
3 semester hours
An examination of the nature of mind and its relation to the physical world. Topics might include consciousness, subjectivity, the self, personal identity, neuroscience, cognitive psychology, artificial intelligence, and cognitive ethology.

PHIL 6840 Personalist Metaphysics
3 semester hours
An exploration of the thesis that the personal self is the most dynamic dimension of reality, contrasting both classical metaphysics and phenomenological realism with a range of reductionist accounts of the person. Particular points of contact include economism, scientism, and individualism.

PHIL 6990 Teacher Orientation and Practicum
0 semester hours
Credit/No Credit grading.

PHIL 6995 Oral Examinations
0 semester hours
Credit/No Credit grading.

PHIL 6998 Special Studies
1 TO 3 semester hours

PHIL 6999 Independent Studies
1 TO 3 semester hours

Physics (PHYS)

PHYS 100 Thinking in Science
3 semester hours
Enhancement of scientific reasoning. Topics include: identify and control of variables, deductive and inductive reasoning, proportional reasoning, analysis of scientific data, and problem solving. Lecture, 2 hours; Laboratory, 2 hours.

PHYS 101 Introduction to Mechanics
4 semester hours
Vectors, Newton's laws of motion, work and energy, impulse and momentum, rotation, angular momentum, static equilibrium, harmonic motion. May include a brief introduction to quantum mechanics. Laboratory experiments pertaining to mechanics. Measurement, estimation, and uncertainty. Projectile motion, Newton's laws, friction, torque. Lecture, 3 hours; Laboratory, 2 hours. Prerequisite: MATH 131 or concurrent enrollment.

PHYS 195 Waves and Light
3 semester hours
An interactive and experimental introduction to geometric optics with emphasis on applications to the modern world. Topics include: ray-tracing, reflection, refraction, thin lenses, polarization, interference, diffraction, thin films, wave-particle duality of light. Lecture, 2 hours; Laboratory, 2 hours. Frank R. Seaver College of Science and Engineering students only.

PHYS 198 Special Studies
1 TO 4 semester hours

PHYS 199 Independent Studies
1 TO 4 semester hours

PHYS 201 Introduction to Electricity and Magnetism
4 semester hours

PHYS 206 Foundations of Modern Physics
4 semester hours
An introduction to special relativity (SR), quantum mechanics (QM), and statistical thermodynamics (ST). Selected topics include (SR) frames of reference, Minkowski diagrams and space time structure, causality, Lorentz transformations, four-vectors and Lorentz invariants, relativistic conservation laws. (QM) failures of classical
theory, wave-particle duality, models of the hydrogen atom, emission spectra, the Heisenberg uncertainty principle, wave functions and probability, the Schrodinger equation. (ST) Statistical interpretation of entropy, the Laws of Thermodynamics. Lecture, 3 hours; Laboratory, 2 hours. Prerequisites: PHYS 201 or PHYS 254; MATH 245 or concurrent enrollment. University Core fulfilled: Flag: Quantitative Reasoning.

PHYS 212 Intermediate Mechanics  
3 semester hours  
Kinematics and dynamics of single and multiparticle systems. Rigid bodies. Accelerating coordinate systems. Non-inertial coordinate systems. Small vibrations. Central force fields. Introduction to Lagrangian and Hamiltonian mechanics. Lecture, 3 hours. Prerequisite: PHYS 101; MATH 245 or concurrent enrollment.

PHYS 253 General Physics I  
4 semester hours  
Vectors. Kinematics. Newton's laws of motion, energy, momentum, rotational motion, and harmonic motion. Fluid mechanics. Heat and thermodynamics. Laboratory experiments pertaining to mechanics, thermodynamics, and fluid mechanics. Lecture, 3 hours; Laboratory, 2 hours. Prerequisite: MATH 112 or MATH 122 or MATH 131 or concurrent enrollment. University Core fulfilled: Flag: Quantitative Reasoning.

NOTE: THE PHYS 253-PHYS 254 series is suitable for biology and chemistry majors and others desiring a college-level experience in physics. This series is not acceptable for credit in the physics or engineering programs.

PHYS 254 General Physics II  
4 semester hours  

PHYS 271 Astronomy  
3 semester hours  
Understanding the universe. Topics include: history of astronomy, solar system, stars, galaxies, evolution of the universe. Lecture, 3 hours. Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher. University Core fulfilled: Explorations: Nature of Science, Technology, and Mathematics; Flag: Quantitative Reasoning.

PHYS 274 Weapons of Mass Destruction  
3 semester hours  
Scientific principles underlying nuclear weaponry, including basic atomic theory, fission, and fusion; quantifying effects of nuclear explosions; exploring the history, development, and use of nuclear weapons, including potential nuclear terrorism scenarios; social, political, and ethical ramifications of the nuclear arms race and the Cold War. Lecture, 3 hours. Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher. University Core fulfilled: Integrations: Interdisciplinary Connections.

PHYS 278 Great Ideas in Physics  
3 semester hours  
Principles of physics with an emphasis on conceptual understanding. Physics as a human activity. Lecture, 3 hours. Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher. University Core fulfilled: Explorations: Nature of Science, Technology, and Mathematics.

PHYS 298 Special Studies  
1 TO 4 semester hours

PHYS 299 Independent Studies  
1 TO 4 semester hours

PHYS 301 Electromagnetic Fields  
3 semester hours  

PHYS 302 Electromagnetic Waves  
3 semester hours  

PHYS 304 Thermodynamics and Fluid Mechanics  
3 semester hours  
Thermodynamical basic equations. The laws of thermodynamics. The laws of fluid mechanics. Lecture, 3 hours.

PHYS 308 Electromagnetic Fields  
3 semester hours  

PHYS 311 Quantum Mechanics I  
3 semester hours  
Schrödinger equation and its solutions; potential wells, steps, and tunneling; the quantum harmonic oscillator; theory of angular momentum; spin; the hydrogen atom. Lecture, 3 hours. Prerequisites: PHYS 206; MATH 245 or concurrent enrollment.

PHYS 312 Quantum Mechanics II  
3 semester hours  
Perturbation theory, scattering theory; the variational principle, the WKB approximation; topics in nuclear physics; selected applications of quantum theory to contemporary issues in physics. Lecture, 3 hours. Prerequisite: PHYS 321.

PHYS 351 Space Physics  
3 semester hours  

PHYS 361 Astrophysics  
3 semester hours  
Orbital mechanics, the solar system, electromagnetic radiation and matter, stellar properties, Milky Way Galaxy, cosmology. Lecture, 3 hours.
Prerequisites: PHYS 101, PHYS 201, and PHYS 206; or PHYS 253 and PHYS 254; MATH 123 or MATH 132.

PHYS 371 Biophysics
3 semester hours
Application of physical laws to biological structure and function: biomechanics, circulatory system, hearing and vision, radiation. Lecture, 3 hours. Prerequisite: PHYS 201 or PHYS 254.

PHYS 398 Special Studies
1 TO 4 semester hours

PHYS 399 Independent Studies
1 TO 4 semester hours

PHYS 411 Modern Physics Lab
3 semester hours
Experiments in modern physics and optics. Emphasis is placed on instrumentation, data acquisition, programming applications, theoretical interpretations, statistical analysis, and communication of results through written and oral reports. Lecture, 1 hour; Laboratory, 4 hours. Prerequisites: PHYS 206 and PHYS 301 or PHYS 321 or concurrent enrollment.

PHYS 421 Condensed Matter Physics
3 semester hours
Crystal structure, elastic properties of solids. Free electron Fermi gas. Energy band structure. Semiconductors, superconductivity. Topics in soft condensed matter. Lecture, 3 hours. Prerequisite: PHYS 301 or PHYS 321 or concurrent enrollment.

PHYS 441 Modern Optics
3 semester hours
Review of electromagnetic theory. Applied geometrical optics. Fourier analysis, polarization, interference and diffraction, coherence theory, lasers, and holography. Lecture, 3 hours. Prerequisite: PHYS 206 or concurrent enrollment.

PHYS 451 Thermodynamics and Statistical Mechanics
3 semester hours

PHYS 461 Elementary Particle Physics
3 semester hours

PHYS 471 Introduction to Relativity and Cosmology
3 semester hours

PHYS 480 Capstone Experience
1 semester hour
Preparation for life after graduation, including graduate school, work in industry, and teaching. Colloquia, journal reading, and seminars on topics in contemporary physics, scientific/proposal writing, and presentation skills. Enrollment is limited to Physics/Engineering Physics seniors only. University Core fulfilled: Flag: Information Literacy.

PHYS 481 Senior Thesis
1 semester hour
Independent research with a faculty member in his/her area of expertise; students must complete a written thesis and oral presentation. Enrollment is limited to Physics/Engineering Physics seniors only. Credit/No Credit grading. University Core fulfilled: Flag: Oral Skills; Flag: Writing.

PHYS 490 Physics Teaching
1 TO 2 semester hours
Guided teaching of introductory physics. May be repeated for credit. Requires consent of instructor.

PHYS 493 Physics/Engineering Physics Internship
1 TO 3 semester hours
Research/development work conducted in a local government or industrial laboratory. The project may be theoretical or experimental and is jointly supervised by on-site staff and LMU faculty.

PHYS 498 Special Studies
1 TO 4 semester hours

PHYS 499 Independent Studies
0 TO 4 semester hours

Political Science (POLS)

POLS 1200 U.S. Politics
4 semester hours

POLS 1400 Comparative Politics
4 semester hours
Analyzes political institutions and policies in democratic and authoritarian countries. Combines conceptual understanding with case studies from Europe, Africa, Asia, and Latin America. University Core fulfilled: Explorations: Understanding Human Behavior.

POLS 1600 International Relations
This course provides an introduction to the field of international relations, with an emphasis on state and non-state behavior in explaining international cooperation and conflict. University Core fulfilled: Explorations: Understanding Human Behavior.

**POLS 1810 Political Science Learning Community I**
1 semester hour
This course introduces students to the opportunities of the Political Science Department and the University and helps them to reflect critically and creatively on the beginning of their college experience through a series of workshops and individual exercises.

**POLS 1820 Political Science Learning Community II**
1 semester hour
A continuation of POLS 1810, this course introduces students to the opportunities of the Political Science Department and the University and helps them to reflect critically and creatively on the beginning of their college experience through a series of workshops and individual exercises.

**POLS 1998 Special Studies**
1 TO 4 semester hours

**POLS 1999 Independent Studies**
1 TO 4 semester hours

**POLS 2000 Foundations of Political Theory**
4 semester hours
Introduction to the major concepts and theories that lay the foundation for contemporary governments. Writing intensive. Students should complete this class in their sophomore year. Prerequisite: POLS 1200, POLS 1400, or POLS 1600. University Core fulfilled: Flag: Writing.

**POLS 2001 Foundations of International Political Theory**
Introduction to the major concepts and theories that lay the foundation for contemporary international politics. Writing intensive. Students should complete this class in their sophomore year. Prerequisite: POLS 1200, POLS 1400, or POLS 1600. University Core fulfilled: Flag: Writing.

**POLS 2100 Empirical Approaches**
4 semester hours
This course introduces the assumptions of the scientific approach in the study of politics, the process of concept formation, and research design. Includes data analysis laboratory sessions. Students should complete this class in their sophomore year. Prerequisite: POLS 1200, POLS 1400, or POLS 1600. University Core fulfilled: Flag: Quantitative Reasoning.

**POLS 2998 Special Studies**
1 TO 4 semester hours

**POLS 2999 Independent Studies**
1 TO 4 semester hours

**POLS 3010 Classical and Christian Political Theory**
4 semester hours
A survey of Western political thought from ancient Greece through the Renaissance. Prerequisite: POLS 2000.

University Core fulfilled: Integrations: Ethics and Justice; Flags: Information Literacy, Oral Skills.

**POLS 3020 Modern Political Theory**
4 semester hours

**POLS 3030 Contemporary Political Theory**
4 semester hours

**POLS 3040 American Political Thought**
4 semester hours
A study of the origin and development of liberal democracy from Hobbes and Locke to contemporary American thinkers and groups. Prerequisite: POLS 2000.

**POLS 3050 Critical Race Theory**
4 semester hours
This course takes up the question of race and politics through the lens of critical theory, legal theory, and political philosophies of race and difference. Prerequisite: POLS 2000 or AFAM 1211 or CHST 1116. University Core fulfilled: Integrations: Interdisciplinary Connections; Flags: Information Literacy, Writing.

**POLS 3060 Marx and Marxism**
4 semester hours
An examination of the Marxist contribution to socio-political thought from Marx to the current era. Prerequisite: POLS 2000.

**POLS 3210 Congressional Politics**
4 semester hours
A study of the workings of the U.S. Congress with an emphasis on the legislative process. Course is primarily conducted as a simulation of either the House or Senate. University Core fulfilled: Flags: Engaged Learning, Oral Skills.

**POLS 3220 Presidency**
4 semester hours
A study of the powers, process, and problems of the modern United States presidency.

**POLS 3230 Courts, Law, and Society**
4 semester hours
A study of how America’s courts really work, focusing on the role of judges, juries, and attorneys.

**POLS 3240 Media and Politics**
4 semester hours
An examination of the broad array of news and information sources in the U.S. A particular focus on media trends and how information dissemination affects democratic principles.

**POLS 3250 Campaigns and Elections**
4 semester hours
An examination of the electoral process in the United States covering political participation, campaigns, and institutional arrangements at all levels of government.

POLS 3310 Racial and Ethnic Politics
4 semester hours
Comparative analysis of racial and ethnic groups within the United States political system. A focus on the effect of political institutions on minority groups at federal, state, and local levels. Examines the experience of minority groups to illuminate political process in the U.S. University Core fulfilled: Integrations: Interdisciplinary Connections.

POLS 3320 Social Movements
4 semester hours
An analysis of the current issues and controversies facing several civil rights movements.

POLS 3330 Immigration Politics and Policy
4 semester hours
This course focuses on the historical and contemporary politics of immigration. The course will cover issues ranging from root causes of international migration, to the various social, cultural, and political consequences of immigration in the United States. University Core fulfilled: Foundations: Studies in American Diversity.

POLS 3340 Urban Politics
4 semester hours
Analysis of political institutions and processes in urban areas of the U.S., including policy-making processes, power structures, urban problems, and intergovernmental relations.

POLS 3350 Elderly and the Law
4 semester hours
A study of the intersection of aging issues with the legal system including advance directives, guardianships, wills and trusts, assisted living arrangements, health care benefits, age discrimination in employment, long term care, and elder abuse. University Core fulfilled: Flag: Engaged Learning.

POLS 3360 Politics of Development
4 semester hours
An analysis of the problems and prospects for political, economic, and social development in Africa south of the Sahara. University Core fulfilled: Integrations: Interdisciplinary Connections; Flag: Writing.

POLS 3370 Political Dynamics of East Asia: Greater China, Japan, and the Koreas
4 semester hours
Northeast Asia is one of the most economically dynamic and politically fraught regions in the world. This course introduces students to the political systems of the region focusing on China, Japan, and the Koreas, and Taiwan. Prerequisite: POLS 1400. University Core fulfilled: Integrations: Interdisciplinary Connections.

POLS 3380 Political Institutions
4 semester hours
Institutions, the evolving nature of Japanese society, and the domestic and international challenges facing the nation.

POLS 3390 Politics of Japan
4 semester hours
An overview and analysis of the major patterns and problems in political development and life in Japan. University Core fulfilled: Integrations: Interdisciplinary Connections; Flag: Engaged Learning.

POLS 3395 International Security
4 semester hours
A study of the patterns of formal institution building and informal regime definition that underlie and define the development of cooperative relationships among the nations of the world.

POLS 3397 International Cooperation
4 semester hours
A survey of challenges to security and peace in modern international relations, such as war, the nuclear peril, terrorism, revolution, ecological dangers, economic pressures, and sociodemographic crises. Prerequisite: POLS 1600. University Core fulfilled: Flag: Engaged Learning.

POLS 3400 Politics of Latin America
4 semester hours
An analysis of the political institutions and processes in Latin America. Emphasizes current political and economic challenges to democratic consolidation in the region. Prerequisite: POLS 2100.

POLS 3410 Politics of Africa
4 semester hours
A comparative study of political systems of the United States and Great Britain.

POLS 3420 Political Dynamics of East Asia: Greater China, Japan, and the Koreas
4 semester hours
Northeast Asia is one of the most economically dynamic and politically fraught regions in the world. This course introduces students to the political systems of the region focusing on China, Japan, and the Koreas, and Taiwan. Prerequisite: POLS 1400. University Core fulfilled: Integrations: Interdisciplinary Connections.

POLS 3425 Japanese Society and Politics
4 semester hours
This course delves into Japan's modern transformations focusing particularly on the period since World War II to understand the origins and development of Japan's political and economic
POLS 3640 Politics of the European Union  
4 semester hours  
An analysis of the political structures and processes of the U.K., France, Germany, Italy, Spain, and other European nations.

POLS 3650 United States Foreign Policy  
4 semester hours  
Analysis of recent United States foreign policy with a focus on the policy making and implementation process.

POLS 3800 Internship  
1 TO 4 semester hours  
The academic component of a supervised internship in an appropriate agency in Los Angeles or Sacramento.  
In addition to the internship itself, the student must meet regularly with a faculty member selected prior to the start of the internship and write a research paper.  
University Core fulfilled: Flag: Engaged Learning.

POLS 3810 Washington, D.C. Politics  
4 semester hours  
A part of The Washington Center academic internship program, this course is a comprehensive reflective examination and evaluation (in portfolio format) of the student’s academic and internship experience.

POLS 3820 British House of Commons Internship  
1 TO 8 semester hours  
The academic component of a supervised internship in the British House of Commons (offered as part of the Hansard Fellowship).  
Credit/No Credit grading.

POLS 3830 Politics and Film  
4 semester hours  
An exploration of political themes as presented in movies.

POLS 3900 Special Studies in Political Theory  
1 TO 4 semester hours

POLS 3920 Special Studies in U.S. Politics  
1 TO 4 semester hours

POLS 3940 Special Studies in Comparative Politics  
1 TO 4 semester hours

POLS 3960 Special Studies in International Politics  
1 TO 4 semester hours

POLS 3998 Special Studies  
1 TO 4 semester hours

POLS 3999 Independent Studies  
0 TO 4 semester hours

POLS 4010 Ethics, Politics, and Policy  
4 semester hours  
An examination of the ethical dimensions of political action and public policy. The course combines theoretical analyses and case studies.  
Prerequisite: POLS 2000.  
University Core fulfilled: Integrations: Ethics and Justice.

POLS 4020 Ethics of War  
4 semester hours  
An examination of the ethical dimensions of military and political action, with special attention to just war theory and its applicability to today’s world. The course combines theoretical analyses and case studies.  
Prerequisite: POLS 2000.

POLS 4030 Punishment and Mercy  
4 semester hours  
This course explores theoretical and practical challenges to reconciling effective and just social punishment with the virtue of mercy.  
Prerequisite: POLS 2000.  
University Core fulfilled: Integrations: Ethics and Justice; Flags: Information Literacy, Oral Skills.

POLS 4040 Political Rhetoric  
4 semester hours  
An examination of how rhetoric shapes political life and social goals. This course analyzes how the structure and content of arguments helps to create political narrative and guide political action.  
University Core fulfilled: Flag: Oral Skills.

POLS 4100 Advanced Empirical Methods  
4 semester hours  
This course introduces advanced techniques in the empirical study of politics.  
Students who intend to employ advanced methods in their senior thesis should plan to take this class their junior year.  
Prerequisite: POLS 2100.

POLS 4210 United States Constitutional Law: Case Method I  
4 semester hours  
Judicial, executive, and legislative power; individual rights.

POLS 4220 United States Constitutional Law: Case Method II  
4 semester hours  
Freedom of Speech and Equal Protection.

POLS 4250 Public Policy Analysis  
4 semester hours  
An examination of the processes by which public policy is formulated, implemented, and evaluated. Emphasis will be placed on policy planning and evaluation competencies.

POLS 4300 Political Psychology  
4 semester hours  
A study of the relationship between selected psychological and social-psychological characteristics of individuals and political behavior.

POLS 4310 Chicana/o Politics  
4 semester hours  
A study of the social and political development of the Chicano community in the United States.

POLS 4330 Women and Politics
POLS 4360 Public Opinion and American Culture
4 semester hours
An examination of public opinion and political participation in terms of their development, trends, measurement, and influencing factors.

POLS 4370 Interest Groups and Advocacy
4 semester hours
An examination of the role of groups and advocacy organizations in the U.S. Central assignment of the course will be a founding of an interest group.

POLS 4380 Politics of California
1 TO 4 semester hours
An examination of the structure and dynamics of California government and politics.

POLS 4390 Politics of Los Angeles
4 semester hours
A study of the structure and dynamics of county, city, and special district governments in the Los Angeles metropolitan area.

POLS 4440 Politics of the Middle East through Film
4 semester hours
This course surveys the history, economics, and politics of the Middle East and North Africa through film. It examines salient cultural, economic, and political issues in the region through film. The course examines explanations from various disciplines and compares these with empirical evidence to make informed arguments about contemporary and historical social and political issues in the Middle East and North Africa.
University Core fulfilled: Integrations: Interdisciplinary Connections.

POLS 4450 Slavery, Abolition, and Modern Slavery
4 semester hours
The first part of this course examines historical slavery and global abolition. The second part of the course concentrates on modern slavery and its eradication.
University Core fulfilled: Integrations: Interdisciplinary Connections.

POLS 4650 The Politics of the Global Economy
4 semester hours
This course looks at how politics has shaped the modern global economy and how these global forces are re-shaping the relationship between states, markets, and society.
Prerequisite: POLS 1600.
University Core fulfilled: Integrations: Interdisciplinary Connections.

POLS 4700 International Law
4 semester hours
Focus on some of the major doctrines of international law and the processes of making and implementing law in the contemporary international system.

POLS 4720 Global Human Rights
4 semester hours
This course introduces students to human rights issues around the world, with particular attention paid to international actors, such as the United Nations, that seek progress in this arena.

POLS 4750 Foreign Policy Analysis
4 semester hours
This course will focus on the foreign policy of states, with particular attention to decision making and policy planning models.

POLS 4800 Political Leadership
4 semester hours
A study of the sources and uses, limits and possibilities of leadership in the political arena. The course focuses on leadership and followership in political systems across cultures and systems but focuses on the United States.

POLS 4900 Special Studies in Political Theory
1 TO 4 semester hours

POLS 4920 Special Studies in U.S. Politics
1 TO 4 semester hours

POLS 4940 Special Studies in Comparative Politics
1 TO 4 semester hours

POLS 4960 Special Studies in International Politics
1 TO 4 semester hours

POLS 4998 Special Studies
1 TO 4 semester hours

POLS 4999 Independent Studies
1 TO 4 semester hours

POLS 5010 Political Ethics
4 semester hours
This seminar examines how ethical principles can be applied to the realities of political action and public life.
Prerequisite: POLS 2000.
University Core fulfilled: Integrations: Ethics and Justice.

POLS 5020 Christianity in Modern Political Thought
4 semester hours
This seminar examines how differing interpretations of Christian theology influenced the development of modern political thought.
Prerequisite: POLS 2000.
University Core fulfilled: Flag: Information Literacy.

POLS 5030 Detention and Incarceration
4 semester hours
A seminar examining the theory and practice of punishment in the form of detention and incarceration, and how these contribute to defining contemporary understandings of individual agency and of the modern democratic state.
Prerequisite: POLS 2000.

POLS 5040 Education Policy
4 semester hours
A seminar examining selected dimensions of education policy in the United States.
Prerequisite: POLS 2100.
University Core fulfilled: Flag: Writing.

POLS 5260 Education Policy
4 semester hours
A seminar examining selected dimensions of education policy in the United States.
Prerequisite: POLS 2100.
University Core fulfilled: Flag: Writing.

POLS 5320 New Social Movements
4 semester hours
The course analyzes sociopolitical movements across western cultures from the student movements, anti-war protests, and women's movements of the 1960s and 70s to contemporary social
movements.
Prerequisite: POLS 2100.

**POLS 5350 The Law and Presidential Power**

*4 semester hours*

A seminar examining the ways and extent to which the Constitution and statutes empower and enchain the American President.
Prerequisite: POLS 2100.
University Core fulfilled: Flag: Oral Skills.

**POLS 5360 Women and the Law**

*4 semester hours*

This course focuses on the evolution and current situation of how women and their related issues fare in the legal system, including domestic violence, child custody, reproductive rights, marriage and divorce, domestic partnerships, education, employment, sexual harassment, prostitution and pornography.
Political Science majors only.

**POLS 5420 Rivalry and Cooperation in East Asia**

*4 semester hours*

What does the future hold for East Asia? This course explores this question by looking at a confluence of trends: the rise of China which is reviving regional tensions, unresolved historical tensions, growing economic interdependence, and the role of the U.S. in the region.
Prerequisites: POLS 1400 or POLS 1600; POLS 2100.

**POLS 5600 Theories of International Relations**

*4 semester hours*

This course critically examines important debates and topics in international relations. It surveys prevailing theories and empirical research in the field.
University Core fulfilled: Flags: Oral Skills, Writing.
Prerequisites: POLS 1600 and POLS 2100.

**POLS 5710 International Affairs and Social Justice**

*4 semester hours*

This course is designed to expose students to issues in international affairs in terms of ethics and social justice.
University Core fulfilled: Integrations: Ethics and Justice.
Prerequisites: POLS 1600 and POLS 2100.

**POLS 5720 Comparative Human Rights**

*4 semester hours*

Examines the tension between human rights and national sovereignty and analyzes how international norms are changing the domestic protection of human rights. Explores how human rights are defined and derived, surveys the historical development of human rights law, and studies enforcement mechanisms and international tribunals.
Junior and senior Political Science majors only.
University Core fulfilled: Integrations: Ethics and Justice; Flag: Writing.

**POLS 5800 Honors Seminar**

*4 semester hours*

A particularly challenging senior seminar for students contemplating graduate work. Also provides preparation for writing a senior thesis.
Prerequisites: POLS 2000, POLS 2100, and consent of instructor.
University Core fulfilled: Flag: Writing.

**POLS 5810 Honors Thesis**

*4 semester hours*

This is an opportunity for Honors-Eligible students to complete a substantive research project to qualify for Departmental Honors.
Prerequisite: POLS 5800.

**POLS 5820 Senior Thesis**

*4 semester hours*

The senior thesis provides the opportunity for students to complete a substantive research project to culminate their study of Political Science.
Senior standing required.
Prerequisites: POLS 2100 and consent of department chairperson.
Also, the student must obtain the written approval of the faculty supervisor the semester prior to writing the thesis.

**POLS 5850 Politics in Shakespeare**

*4 semester hours*

Examines political ideas and themes in the plays of William Shakespeare.
University Core fulfilled: Flag: Information Literacy.

**POLS 5900 Special Studies in Political Thought**

*1 TO 4 semester hours*

Senior standing required.
Prerequisite: POLS 2000.
University Core fulfilled: Integrations: Interdisciplinary Connections.

**POLS 5920 Special Studies in U.S. Politics**

*1 TO 4 semester hours*

Senior standing required.
Prerequisites: POLS 1200 and POLS 2100.

**POLS 5940 Special Studies in Comparative Politics**

*1 TO 4 semester hours*

Senior standing required.
Prerequisites: POLS 1400 and POLS 2100.

**POLS 5960 Special Studies in International Politics**

*1 TO 4 semester hours*

Senior standing required.
Prerequisites: POLS 1600 and POLS 2100.

**POLS 5998 Special Studies**

*1 TO 4 semester hours*

**POLS 5999 Independent Studies**

*1 TO 4 semester hours*

Film and Television Production (PROD)

**PROD 101 Introduction to Screen Production**

*3 semester hours*

This is an intensive introductory course that provides an overview of the film production process and the basics of digital film production. The focus of the course is on the process of collaborative content creation and will consist of lectures, practical labs, and production.

**PROD 180 Pre-Production**

*3 semester hours*

This course is intended to expose students to the complete process of pre-production through a basic understanding of all departments and their roles. The students will learn procedures of Production regarding equipment, safety, and production rules and regulations.
The course provides an overview of location scouting, production design, and pre-visualization.
Lab fee.
Majors only.

**PROD 198 Special Studies**  
0 TO 3 semester hours

**PROD 199 Independent Studies**  
0 TO 3 semester hours

**PROD 200 Introduction to Film Production**  
3 semester hours
An introduction to the aesthetic and practical problems of communicating visually through motion pictures. Each student is required to produce several movies.
Lab fee.
Majors only.
A grade of B (3.0) or higher is required.
Prerequisites: FTVS 210 or FTVS 212; PROD 101.

**PROD 201 Introduction to Film Production Lab**  
0 semester hours
Training in the technical aspects of beginning film production: camera, sound, and lighting.

**PROD 230 Media Innovation: Small Format Video and the Web**  
3 semester hours
Media Innovation is a creative, technical, and critical exploration of the practice of using small-form capture devices (cell phone, digital still camera, etc.) to create media for display on the web and other evolutionary viewing platforms. Each student is required to produce and edit a series of videos for posting on their own videoblog.

**PROD 240 Images of Faith and Justice**  
3 semester hours
This course offers students the opportunity to explore faith and justice issues. The course includes a component of Community-Based Learning (CBL).

**PROD 250 Introduction to Television Production**  
3 semester hours
An introduction to the aesthetic and practical problems of communications in the multi-camera television studio.
Lecture and Laboratory, 6 hours.
Lab fee.
Insurance fee.
Majors only.
A grade of B (3.0) or higher is required.
Prerequisites: FTVS 210 or FTVS 212; PROD 101.

**PROD 298 Special Studies**  
1 TO 3 semester hours

**PROD 299 Independent Studies**  
0 TO 3 semester hours

**PROD 300 Intermediate Narrative Film Production**  
3 semester hours
Practicum in the production of films from initial concept through post-production. Lectures on professional production procedures are linked to personal experience on an actual film project. Project maximum length, 10 minutes.
Lab fee.

**PROD 326 Documentary Pre-Production**  
3 semester hours
This course surveys the theory and practice of writing for the documentary and other forms of non-fiction media in television and film.
Majors only.
Prerequisites: PROD 200 and SCWR 220.

**PROD 350 Intermediate Documentary Production**  
3 semester hours
Planning, producing, and editing a documentary or experimental video production on actual locations.
Lecture and Laboratory, 4 hours.
Lab fee.
Insurance fee.
Majors only.
A grade of C (2.0) or higher is required.
Prerequisites: PROD 200, PROD 250, PROD 326, PROD 365, and PROD 366; RECA 250.
Corequisite: RECA 367.
PROD 365, PROD 366, and/or PROD 379 may be taken concurrently with PROD 350 with permission of chair.

**PROD 356 Cinematography**  
3 semester hours
An introduction to 16 mm motion picture cameras, film stocks, lighting, and grip equipment. Location and studio procedures for both sync and non-sync situations.
Lecture and Lab, 5 hours.
Lab fee.
Insurance fee.
Majors only.
A grade of C (2.0) or higher is required.
Prerequisite: PROD 200.

**PROD 366 Post-Production**  
3 semester hours
Post-production theory and practice as applied to film.
Lab fee. A one-time substantial fee for editing supplies to be used in this and subsequent film production courses is required. An additional lab fee for this class is also required.
Insurance fee.
Majors only.
A grade of C (2.0) or higher is required.
Prerequisite: PROD 200.

**PROD 368 Production Planning**  
3 semester hours
Pre-production theory and practice as applied to film/television. Special emphasis on the latest production facilities and their use.
Majors only.
A grade of C (2.0) or higher is required.
Prerequisite: PROD 200.

**PROD 379 Fundamentals of Directing**  
3 semester hours
Survey of pre-production preparation for directors, including script analysis, casting, visualization, and working with actors.
Lab fee.
Insurance fee.
Majors only.
A grade of C (2.0) or higher is required.
Prerequisite: PROD 200.

PROD 398 Special Studies
1 TO 3 semester hours

PROD 399 Independent Studies
0 TO 3 semester hours

PROD 400 Advanced Narrative Film Production
3 semester hours
Preparation of the shooting script, casting, scheduling, budgeting, art design, pre-visualization, and other preparation prior to principal photography.
Practical experience in motion picture production on a paraprofessional level including writing, directing, and editing a film.
Sync sound project, maximum length 15 minutes.
Note: Insurance required for off-campus use of equipment. The student must provide a professional copy of all senior thesis-level projects to the School of Film and Television in partial fulfillment of degree requirements.
Lab fee.
Majors only.
Seniors only.
Prerequisites: PROD 300 or PROD 350; RECA 367.

PROD 410 Film/TV Topical Seminar
3 semester hours

PROD 450 Advanced Documentary Production
3 semester hours
Writing the thesis (documentary) project and preparing the script for production.
Practical experience in motion picture production on a paraprofessional level including writing, directing, and editing a documentary or experimental piece. Project maximum length 15 minutes.
Note: Insurance required for off-campus use of equipment. The student must provide a professional copy of all senior thesis-level projects to the School of Film and Television in partial fulfillment of degree requirements.
Lab fee.
Majors only.
Seniors only.
Offered Spring semester only.
Prerequisites: PROD 300 or PROD 350, PROD 379; RECA 367.

PROD 460 Directed Study in Production
3 semester hours
This class will fulfill your thesis requirement in lieu of PROD 400 or PROD 450. The course is an intensive investigation in one or more areas of production based upon a mentorship, interviews, practical experience in production, and a final research paper and presentation. It is an alternative form for the student to gain in-depth knowledge of the professional practices within the entertainment industry.
The student must provide a professional copy of all senior thesis-level projects to the School of Film and Television in partial fulfillment of degree requirements.
Seniors only.
Majors only.
Prerequisites: PROD 300 or PROD 350 and RECA 367.

PROD 466 Advanced Editing
3 semester hours
Further studies in aesthetics and the techniques of editing for film and/or TV.
Lab fee.
Insurance fee.
Majors only.
Seniors only.
Prerequisites: PROD 300 or PROD 350; RECA 367.

PROD 467 Post-Production Sound
3 semester hours
Advanced sound theory with actual experience in sound re-recording for both film and television.
Prerequisite: RECA 367.

PROD 469 Advanced Cinematography
3 semester hours
Further studies in the techniques of camera and lighting for film and video.
Lab fee.
Insurance fee.
Majors only.
Seniors only.
Prerequisites: PROD 300 or PROD 350; RECA 367.

PROD 476 Post-Production Effects
3 semester hours
This course addresses the process of communication through typographic animation and visual effects. Emphasis is placed on creating emotional expression and identity through composites of video, text, and special effects.
Lab fee.
Insurance fee.
Majors only.
Seniors only.
Prerequisites: PROD 300 or PROD 350; RECA 367.

PROD 479 Advanced Directing
3 semester hours
This course provides a supportive and open workshop environment in which advanced level Film and TV students explore two of the film's director's most essential tasks - script analysis and directing actors.
Majors only.
Seniors only.
Prerequisites: PROD 300 or PROD 350; RECA 367.

PROD 480 Advanced Production Technique Seminar
1 TO 3 semester hours
Seminar/workshop course in special advanced techniques in production and post-production topics.
School of Film and Television students only.
Juniors and seniors only.
May be repeated for degree credit up to three times.

PROD 495 Post-Finishing the Film
3 semester hours
This course covers the major concepts and techniques used in creating visual and audio compositing effects in post-production for a completed work that is ready for distribution, festivals, and duplication.
Prerequisite: PROD 400 or PROD 450.

PROD 498 Special Studies
1 TO 3 semester hours

PROD 499 Independent Studies
0 TO 3 semester hours

PROD 500 Fundamentals of Production
3 semester hours
Introduction to the aesthetic and practical problems of communicating visually through motion pictures. Involves group projects.
Corequisites: PROD 565, PROD 566; SCWR 501.

PROD 530 Intermediate Documentary Pre-Production
3 semester hours
Research and development of a documentary idea to be produced in the advanced documentary course.
Prerequisite: PROD 500.

PROD 550 Intermediate Production
3 semester hours
Practicum in production of fictional student projects from initial concept through post-production. Advanced production and post-production theory and practice as applied to film and television. Involves individual and/or group projects.
A grade of B (3.0) or better is required.
Prerequisite: PROD 500.

PROD 565 Cinematography
3 semester hours
An introduction to 16mm motion picture cameras, digital cameras, film stocks, lighting, and grip equipment. Location and studio procedures for both sync and non-sync situations.
Lecture and Laboratory, 5 hours.
Lab fee.
Insurance fee.
Majors only.
Corequisites: PROD 500, PROD 566; SCWR 501.

PROD 566 Post-Production
3 semester hours
Post-production theory and practice as applied to film and television.
Majors only.
Corequisites: PROD 500, PROD 565; SCWR 501.

PROD 598 Special Studies
1 TO 3 semester hours

PROD 599 Independent Studies
0 TO 3 semester hours

PROD 600 Advanced Production
6 semester hours
Further practical experience in fiction and non-fiction production and post-production, including the producing, directing, and editing of a film or documentary project.
Note: Insurance is required for equipment.
Prerequisites: PROD 530 or SCWR 530; PROD 550.

PROD 626 Pre-Production for Documentary Thesis
3 semester hours
Research and development of a non-fiction idea for the thesis film.
Majors only.
Prerequisite: PROD 600.

PROD 650 Thesis Project: Production
3 semester hours
Pre-production and production of a major fiction or documentary project.
Consent of Graduate Committee required.
Prerequisites: PROD 600; PROD 626 or SCWR 620.

PROD 666 Advanced Editing
3 semester hours
Further studies in the theory, aesthetics, and techniques of editing for film and/or television.
Lab fee
Insurance fee.
Prerequisite: PROD 550.

PROD 668 Production Planning
3 semester hours
In-depth study of production planning with an emphasis on budgeting and scheduling for the intermediate and advanced projects.

PROD 669 Advanced Cinematography
3 semester hours
Further studies in the techniques of camera and lighting for film and video.
Graduate majors only.
Prerequisites: PROD 550 and PROD 565.

PROD 670 Thesis Project: Post-Production
3 semester hours
Editing and completion of the thesis project.
Consent of Graduate Committee required.
Prerequisite: PROD 650.

PROD 671 Thesis Project: Post-Finishing the Film
1 TO 3 semester hours
Registration is required until Thesis Project is completed.
Prerequisite: PROD 670.

PROD 680 Seminar in Directing
3 semester hours
Directorial analysis of and practical experience in the special problems of directing actors for the camera. Can emphasize film, TV, or the different problems involved in each medium.
Lab fee
Insurance fee.
Prerequisite: PROD 550.

PROD 685 Advanced Production Technique Seminar
1 TO 3 semester hours
Seminar/workshop course in special advanced techniques in production and post-production topics.
Lab fee.
Insurance fee.
Majors only.
May be repeated for degree credit up to three times.
Prerequisite: PROD 550.

PROD 690 Post-Production Effects
3 semester hours
This course addresses the process of communication through typographic animation and visual effects. Emphasis is placed on creating emotional expression and identity through composites of video, text, and special effects.
Lab fee.
Insurance fee.
Graduate majors only.
Prerequisite: PROD 500.

**PROD 698 Special Studies**
1 TO 3 semester hours

**PROD 699 Independent Studies**
0 TO 3 semester hours

**Psychology (PSYC)**

**PSYC 1000 General Psychology**
4 semester hours
Introduction to psychology: historical origins; methods of investigation; topics such as sensation, perception, learning, cognition, motivation, and emotion; fields such as physiological, development, personality, social, abnormal, testing, applied psychology, and psychotherapy.
University Core fulfilled: Explorations: Understanding Human Behavior.

**PSYC 1998 Special Studies**
1 TO 4 semester hours

**PSYC 1999 Independent Studies**
1 TO 4 semester hours

**PSYC 2001 Statistical Methods for Psychology**
4 semester hours
Statistical concepts and methods related to psychological testing and research, including measures of central tendency, variability, hypothesis testing, analysis of variance, correlation, regression, non-parametric tests, and use of statistical software programs.
University Core fulfilled: Foundations: Quantitative Reasoning.
Prerequisite: Grade of C (2.0) or higher in PSYC 1000.

**PSYC 2002 Research Methods**
4 semester hours
Introduces the basic principles of common psychology research methods and designs. Provides students with fundamental background for planning, conducting, and critiquing research in psychology. Emphasizes scientific writing, including APA style, and data interpretation using descriptive and inferential statistics. Topics include: hypothesis testing, searching scientific literature, variables and measurement, reliability and validity, and ethics in the conduct of empirical research.
Prerequisites: Grade of C (2.0) or higher in PSYC 1000 and PSYC 2001.
University Core fulfilled: Flags: Information Literacy, Quantitative Reasoning.

**PSYC 2003 Brain and Behavior**
4 semester hours
Biological basis of behavior, structure and function of the sensory and effector mechanisms, neural and endocrine systems and their underlying physiological substrates.
Prerequisite: Grade of C (2.0) or higher in PSYC 1000.

**PSYC 2998 Special Studies**
1 TO 4 semester hours
Prerequisite: Grade of C (2.0) or higher in PSYC 1000.

**PSYC 2999 Independent Studies**
1 TO 4 semester hours
Prerequisite: Grade of C (2.0) or higher in PSYC 1000.

**PSYC 3001 Cognition**
4 semester hours
Contemporary theories and research regarding cognitive processes: perception, pattern recognition, attention, memory, representation of knowledge, mental imagery, psycholinguistics, concept formation, problem-solving, and reasoning. Explores the application of these theories to study skills, education, neuropsychology, psychopathology, cognitive development, intelligence, and computer models of cognition.
Open to Psychology majors and minors only.
Junior or senior standing required.
Prerequisites: Grade of C (2.0) or higher in PSYC 1000, PSYC 2001, PSYC 2002, and PSYC 2003.

**PSYC 3002 Social Psychology**
4 semester hours
Contemporary theories and empirical research related to person perception, affiliation, interpersonal attraction, group structure and dynamics, social influence, attitude change, aggression, prosocial behavior, and prejudice.
Open to Psychology majors and minors only.
Junior or senior standing required.
Prerequisites: Grade of C (2.0) or higher in PSYC 1000, PSYC 2001, PSYC 2002, and PSYC 2003.

**PSYC 3010 Psychology of Sex Differences**
4 semester hours
Explores sex and sex differences from a biosocial or evolutionary psychology perspective. Examines evolution of sexual reproduction, the two sexes, sexually dimorphic morphology, behavior, and emotion. Identifies and examines different reproductive strategies employed by males and females (including nonhuman species) and resulting conflicts of interests between the sexes. Particular focus given to sex differences in sexuality, courtship, jealousy, mating systems, and parenting.
Junior or senior standing required.
Prerequisite: Grade of C (2.0) or higher in PSYC 1000.

**PSYC 3019 African and Black Psychology**
4 semester hours
A biopsychosocial/spiritual review of topics in psychology from an Africentric perspective. A survey course examining and contrasting basic theories, research, and concepts in African psychology and Black psychology. Selected features of the discipline of western psychology are critiqued from an African-centered perspective.
Junior or senior standing required.
Prerequisite: Grade of C (2.0) or higher in PSYC 1000.

**PSYC 3032 Psychological Disorders**
4 semester hours
An introduction to the biological, psychological, and social determinants of psychopathology and maladaptive behaviors. Focus on the causes, diagnosis, and treatment of these disorders. This course is designed for students not majoring in Psychology.
Not open to majors in Psychology.
Junior or senior standing required.
Prerequisite: Grade of C (2.0) or higher in PSYC 1000.

**PSYC 3045 Psychology on Film**
4 semester hours
An investigation of principles and theories of psychology through the
PSYC 4035 Principles of Behavioral Neuroscience
4 semester hours
Explores the scientific investigation and advancement of theory pertaining to processes underlying the biological basis of human behavior. This course will examine pertinent topics within the fields of psychology, biology, chemistry, neuropharmacology, biochemistry, and the clinical sciences (e.g., neurology and neuropsychiatry) to provide a comprehensive introduction to behavioral neuroscience.
Junior or senior standing required.
Prerequisite: Grade of C (2.0) or higher in PSYC 1000.
University Core fulfilled: Explorations: Nature of Science, Technology, and Mathematics; Flags: Information Literacy, Oral Skills.

PSYC 4034 Personality
4 semester hours
A survey of the major contemporary theories of personality and relevant research and applications related to each theory.
Open to Psychology majors and minors only.
Junior or senior standing required.
Prerequisites: Grade of C (2.0) or higher in PSYC 1000, PSYC 2001, PSYC 2002, and PSYC 2003.

PSYC 4038 Abnormal Psychology
4 semester hours
Causes, diagnosis, and treatment of various mental disorders: schizophrenia, mood disorders, anxiety disorders, personality disorders, childhood disorders, sexual dysfunctions, and other conditions covered in DSM V.
Open to Psychology majors and minors only.
Junior or senior standing required.
Prerequisites: Grade of C (2.0) or higher in PSYC 1000, PSYC 2001, PSYC 2002, and PSYC 2003.

PSYC 4041 Psychology Practicum
4 semester hours
The Community Practicum course is designed to provide students the opportunity to integrate their psychology coursework into a culminating practical experience. As part of the course, students will complete supervised hours in an instructional or community-based internship or formal research setting. Additionally, students will participate in weekly didactic seminar meetings that will include reflective supervision with the instructor and opportunities to connect the practicum experience with the curriculum and biopsychological nature of the discipline of psychology.
Open to Psychology majors and minors only.
Junior or senior standing required.
Prerequisites: Grade of C (2.0) or higher in PSYC 1000, PSYC 2001, PSYC 2002, and PSYC 2003.
University Core fulfilled: Flag: Engaged Learning.

PSYC 4045 Advanced Research Methods
4 semester hours
Building on lower division statistics and research methods Psychology requirements, this course further investigates research designs and statistical analyses psychologists use to understand, predict, and influence human behavior. Students will conduct an empirical research study in a topical area of psychology and present results in APA-style written, oral, and/or poster presentations. Highly recommended for students considering graduate study in psychology.
Consent of instructor required.
Open to Psychology majors and minors only.
Junior or senior standing required.
Prerequisites: Grade of C (2.0) or higher in PSYC 1000, PSYC 2001, PSYC 2002, and PSYC 2003.
University Core fulfilled: Flags: Engaged Learning, Oral Skills.

PSYC 4052 Evolutionary Psychology
4 semester hours
Examination of the biosocial development of adaptive behavioral strategies for various classes of behavior including altruism, intergenerational conflict, courtship, parenting, territoriality, sibling rivalry, aggression.
Open to Psychology majors and minors only.
Junior or senior standing required.
Prerequisites: Grade of C (2.0) or higher in PSYC 1000, PSYC 2001, PSYC 2002, and PSYC 2003.
Prerequisites: Grade of C (2.0) or higher in each: PSYC 3001, PSYC 2001, PSYC 2002, and PSYC 2003.

PSYC 4090 Teaching Internship
1 TO 4 semester hours
Guided teaching of undergraduate course(s). May be repeated for credit.
Consent of instructor required.
Open to Psychology majors and minors only.
Junior or senior standing required.
Prerequisites: Grade of C (2.0) or higher in PSYC 1000, PSYC 2001, PSYC 2002, and PSYC 2003.

PSYC 4097 Research Assistantship
1 TO 4 semester hours
This course is for students who are research assistants (RAs) in faculty research. It provides an engaging, in-depth opportunity to learn the ethics, methods, and principles of psychological research. It is designed to flexibly accommodate a student either over several semesters (taking 1-2 semester hours in any combination one semester at a time up to a maximum of 4 semester hours) or in one semester (for the full 4 semester hours). A formal agreement between the student and faculty member shall define the academic expectations and workload and incorporate specific requirements for a writing assignment related to the research on which the student works that will serve as a formal basis for the grade.
Open to Psychology majors and minors only.
Junior or senior standing required.
Prerequisites: Grade of C (2.0) or higher in PSYC 1000, PSYC 2001, PSYC 2002, and PSYC 2003.
Consent of a full-time faculty member who agrees to serve as the student’s supervisor, mentor, and evaluator required.
University Core fulfilled: Flag: Engaged Learning.

PSYC 4100 Capstone Seminar
4 semester hours
Seminar focuses on a faculty-selected topic to be investigated using the biopsychological perspective. The topic of this seminar is selected by the faculty member from within his or her area of expertise. Students are expected to broadly review and integrate their learning in psychology across the curriculum. This course fulfills the capstone requirement.
Senior Psychology majors only.
Prerequisites: All required courses for the major completed or currently in progress.
University Core fulfilled: Flag: Engaged Learning.

PSYC 4101 Community-Based Service Learning, Integration, and Psychology
4 semester hours
This seminar is a continuation of PSYC 4100, Capstone Seminar. Part of a year-long sequence, this course seeks to enliven the three pillars of the LMU Mission by integrating Ignatian spirituality and discernment with the biopsychosocial model in psychology. Students conceive and effect 30 hours of an organized service project and engage in guided reflection and critical analysis. The primary goal of this seminar is to inspire students to integrate academic learning and community-based experiences that are intentionally and deeply interrelated.
Senior Psychology majors only.
Prerequisites: Grade of C (2.0) or higher in each: PSYC 3001, PSYC 3002, and PSYC 4100 (Capstone 1: Psychology, Integration, and Mission).
Consent of instructor required.
University Core fulfilled: Flag: Engaged Learning.

PSYC 4195 Senior Assessment
0 semester hours
Assessment of student learning outcomes in the field of psychology. Includes written examination or some other form of written assessment, completion of survey instruments, senior exit interview, or other forms of end-of-program evaluation. PSYC 4195 is offered two times a year (Spring and Fall).
Credit/No Credit grading only.
Senior Psychology majors only in their final semester.
Prerequisites: All required courses for the major completed or currently in progress.

PSYC 4196 Honors in Psychology
0 TO 4 semester hours
This is an opportunity for Honors-eligible students to complete a substantive research project to quality for Departmental Honors. Senior Psychology majors only.
Prerequisites: Grade of C (2.0) or higher in PSYC 1000, PSYC 2001, PSYC 2002, PSYC 2003, and consent of department chairperson. Also, the student must obtain the written approval of the faculty supervisor the semester prior to starting Honors in Psychology.

PSYC 4998 Special Studies
1 TO 4 semester hours
Consent of instructor required.
Open to Psychology majors and minors only.
Junior or senior standing required.
Prerequisites: Grade of C (2.0) or higher in PSYC 1000, PSYC 2001, PSYC 2002, and PSYC 2003.

PSYC 4999 Independent Studies
1 TO 4 semester hours
Consent of instructor required.
Open to Psychology majors and minors only.
Junior or senior standing required.
Prerequisites: Grade of C (2.0) or higher in PSYC 1000, PSYC 2001, PSYC 2002, and PSYC 2003.

Recording Arts (RECA)

RECA 220 Fundamentals of Sound
3 semester hours
The behavior of sound in various environments and techniques of modifying sound.
RECA majors only.
A grade of B (3.0) or better is required.

RECA 250 Sound Design
3 semester hours
An introduction to the aesthetic, pragmatic, and technical issues of motion picture sound recording, editing, and mixing.
PROD and RECA majors only.
Prerequisite: FTVS 200, FTVS 210, or FTVS 212.
A grade of B (3.0) or better is required for RECA majors.

RECA 258 Digital Sound Editing
3 semester hours
Introduction to sound effects and dialog editing using random
access digital sound and picture.
RECA majors only.
Prerequisite: RECA 250 with a grade of C (2.0) or better.

RECA 293 How Music Rocks and Rolls
3 semester hours
Study of psychological and neuroscientistic basis of human music preferences by looking at most relevant research on human brain and music, as well as the theories that were developed based on that research. Ultimately, searching for the answers of why certain songs become huge music hits.
University Core fulfilled: Explorations: Understanding Human Behavior.

RECA 298 Special Studies
1 TO 3 semester hours

RECA 299 Independent Studies
0 TO 3 semester hours

RECA 322 Recording Technology
3 semester hours
The electronic theories of sound recording and reproduction.
RECA majors only.
Prerequisites: RECA 220 with a grade of B (3.0) or better, RECA 250 with a grade of B (3.0) or better, and RECA 258.
Corequisite: RECA 353.

RECA 353 Production Sound Techniques
3 semester hours
Production sound theory and practice, with actual experience in recording, producing sound, and introduction to initial post-production procedures for film and TV.
RECA majors only.
Prerequisites: RECA 220 with a grade of B (3.0) or better, RECA 250 with a grade of B (3.0) or better, and RECA 258.
Corequisite: RECA 322.

RECA 358 Post-Production Sound
3 semester hours
Advanced applications in film and television sound post-production: ADR, Foley, dialog and sound effects editing, and mixing.
RECA majors only.
Prerequisites: RECA 220 with a grade of B (3.0) or better, RECA 250 with a grade of B (3.0) or better, RECA 258, RECA 322, and RECA 353.
Corequisites: RECA 361 and RECA 362.

RECA 361 Live and Studio Recording
3 semester hours
The theory and practice of live and studio recording with no overdubs.
Live sound reinforcement practice of an outdoor concert session.
Lecture and Laboratory, 6 hours.
RECA majors only.
Prerequisites: RECA 220 with a grade of B (3.0) or better, RECA 250 with a grade of B (3.0) or better, RECA 258, RECA 322, and RECA 353; MUSC 104 and MUSC 107.
Corequisites: RECA 358 and RECA 362.

RECA 362 Audio Software Applications
3 semester hours
In-depth study of audio software applications. Plugins and standalone software usage.
RECA majors only.
Prerequisites: RECA 220 with a grade of B (3.0) or better, RECA 250 with a grade of B (3.0) or better, RECA 258, RECA 322, and RECA 353; MUSC 104 and MUSC 107.

RECA 367 Production Sound
3 semester hours
Production sound theory and practice, with actual experience in recording, producing sound, and introduction to initial post-production procedures for film and TV.
PROD majors only.
Prerequisites: PROD 200 and RECA 250.

RECA 393 Movie Music
3 semester hours
By watching and listening to film soundtracks, as presented through more than 200 film clips, students perform extensive visual and audio analysis of how music contributes to narrative cinematic arts.
Students will be connecting visual and audio structural elements of film as they are related to important psychological principles such as humans having bias toward predictability, especially when it comes to musical expectations. Combined interdisciplinary concepts of psychology, music, and film are used to achieve the learning outcomes.
University Core fulfilled: Integrations: Interdisciplinary Connections.

RECA 394 Music Supervision
3 semester hours
Defining the role of the music supervisor in drawing on the combined resources of the film and television communities to marry music and moving images, this course is for anyone interested in the business and art of film and television music. Lectures and discussion with guest speakers (music supervisors, composers, filmmakers, producers, music licensing representatives, and executives) present the principles and procedures of music supervision.

RECA 395 Video Game Sound
3 semester hours
Developing basic skills and understanding of modern video game engines. Sound/music design and implementation through using “Unity 3D” game engine will build a practical foundational knowledge of sound design and programming.

RECA 397 Recording Arts Internship
1 TO 3 semester hours

RECA 398 Special Studies
1 TO 3 semester hours

RECA 399 Independent Studies
0 TO 3 semester hours

RECA 461 Multi-Track Studio Recording
3 semester hours
Music production and sound engineering using multi-track studio recording techniques.
Lecture and Laboratory, 6 hours.
RECA majors only.
Prerequisites: RECA 220 with a grade of B (3.0) or better, RECA 250 with a grade of B (3.0) or better, RECA 258, RECA 322, RECA 353, RECA 358, RECA 361; MUSC 104 and MUSC 107.

RECA 464 Advanced Audio
3 semester hours
Supervised and advanced projects in audio applications.
RECA majors only.
Prerequisites: RECA 220 with a grade of B (3.0) or better, RECA 250 with a grade of B (3.0) or better, RECA 258, RECA 322, RECA 353, RECA 358, RECA 361, RECA 362, and RECA 461; MUSC 104 and MUSC 107.
Corequisite: RECA 470.

RECA 468 Advanced Post-Production Sound
3 semester hours
Further studies in sound and practical experience in post-production sound.
Prerequisite: RECA 358 or RECA 367.

RECA 470 Senior Recording Arts Project
3 semester hours
Supervised project in multi-track recording and production or film production and post-production sound. The student will author a portfolio containing all the work completed as a partial fulfillment of RECA degree requirements.
RECA majors only.
Prerequisites: RECA 220 with a grade of B (3.0) or better, RECA 250 with a grade of B (3.0) or better, RECA 258, RECA 322, RECA 353, RECA 358, RECA 361, RECA 362, RECA 461; MUSC 104 and MUSC 107.
Corequisite: RECA 464.

RECA 493 Contemporary Issues: Recording Arts
3 semester hours
Further studies in sound recording theory and practice.
RECA majors only.
Prerequisite: RECA 461.

RECA 497 Recording Arts Internship
1 TO 3 semester hours

RECA 498 Special Studies
1 TO 3 semester hours

RECA 499 Independent Studies
0 TO 3 semester hours

RECA 500 Sound for Production
3 semester hours
An introduction to the aesthetic, pragmatic, and technical issues of motion picture sound recording, editing, and mixing.
PROD graduate students only.
Prerequisite: PROD 500.

RECA 567 Seminar in Sound
3 semester hours
Production sound theory and practice, with actual experience in recording, producing sound, and advanced post-production procedures for TV and film; ADR, Foley, dialog and sound effects editing, and mixing.
Graduate PROD majors only.
Prerequisite: PROD 500.

RECA 568 Advanced Post-Production Sound
3 semester hours
Further studies in sound and practical experience in post-production sound.

PROD and RECA majors only.
Prerequisites: RECA 500 and RECA 567.

RECA 593 Movie Music
3 semester hours
By watching and listening to film soundtracks, as presented through more than 200 film clips, students perform extensive visual and audio analysis of how music contributes to narrative cinematic arts. Students will be connecting visual and audio structural elements of film as they are related to important psychological principles such as humans having bias toward predictability, especially when it comes to musical expectations. Combined interdisciplinary concepts of psychology, music, and film are used to achieve the learning outcomes.
University Core fulfilled: Integrations: Interdisciplinary Connections.

RECA 597 Recording Arts Internship
1 TO 3 semester hours

RECA 598 Special Studies
0 TO 3 semester hours

RECA 599 Independent Studies
0 TO 3 semester hours

Rhetorical Arts (RHET)

RHET 1000 Rhetorical Arts
3 OR 4 semester hours
This course teaches an integrated set of skills, competencies, and knowledge that enables students to engage in public debate with persuasive force and stylistic excellence. It emphasizes such rhetorical concepts as invention, arrangement, claims with supporting evidence, exigency and audience. Emerging out of Renaissance humanism, Jesuit rhetoric (or Eloquenta Perfecta) developed the classical ideal of the good person writing and speaking well for the public good and promotes the teaching of eloquence combined with erudition and moral discernment. Developing this tradition in light of modern composition study and communication theory, the Rhetorical Arts course complements the other Foundation courses with topics such as ethics and communication, virtue and authority, knowledge and social obligation. The objectives of the Rhetorical Arts course are to foster critical thinking, moral reflection, and articulate expression. Ultimately, the Rhetorical Arts course furthers the development of essential skills in written and oral communication and information literacy, as well as providing opportunities for active engagement with essential components of the Jesuit and Marymount educational traditions. More specifically, students will:

- have written and oral communication skills that enable them to express and interpret ideas - both their own and those of others - in clear language.
- understand the rhetorical tradition and apply this knowledge in different contexts.
- refine foundational skills in critical thinking obtained in the FYS.
- distinguish between types of information resources and how these resources meet the needs of different levels of scholarship and different academic disciplines.
- identify, reflect upon, integrate, and apply different arguments to form independent judgments.
- conceptualize an effective research strategy, and then collect, interpret, evaluate and cite evidence in written and oral communication.
Science, Engineering, and Mathematics (SCEM)

SCEM 190 Exploring the Natural Sciences
1 semester hour
Introduction to the areas of study and career opportunities within the natural sciences.
Frank R. Seaver College of Science and Engineering majors only.

SCEM 198 Special Studies
0 TO 3 semester hours

SCEM 199 Independent Studies
0 TO 3 semester hours

SCEM 265 Women in Science and Mathematics: Breaking the Stereotype
3 semester hours
A study of the work of prominent women scientists and mathematicians. The course will also examine their lives and how they succeeded in traditionally male disciplines.
Lecture, 3 hours.
Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.

SCEM 267 The Science and Life of Galileo
3 semester hours
A study of the scientific works of Galileo and how they influenced changes in our worldview during the 17th century.
Lecture, 3 hours.
Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.

SCEM 270 Experimenting in Science I
4 semester hours
Combination lecture and laboratory designed to acquaint student with how science is done. Emphasis on active learning strategies such as performing experiments, demonstrations, group discussions. The study of general science principles, such as those typically introduced in K-8 education, in the areas of physical and earth science.
Lecture, 3 hours; Laboratory, 2 hours.
Liberal Studies majors only.
Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.
University Core fulfilled: Explorations: Nature of Science, Technology, and Mathematics.

SCEM 271 Experimenting in Science II
4 semester hours
Combination lecture and laboratory course designed to acquaint student with how science is done. Emphasis on active learning strategies such as performing experiments, demonstrations, group discussions. The study of general science principles, such as those typically introduced in K-8 education, in the areas of earth science and life science.
Lecture, 3 hours; Laboratory, 2 hours.
Liberal Studies majors only.
Prerequisite: MATH 101 or higher, or placement into MATH 106 or higher.

SCEM 298 Special Studies
1 TO 3 semester hours

SCEM 320 Science, Theology, and the Future
522
3 semester hours
A look at scientific discoveries, advances, and knowledge will be presented. The implications of the findings in science on theological questions and our worldview will be explored.
Lecture, 3 hours.
Prerequisites: BIOL 101, BIOL 102, BIOL 111, BIOL 112; CHEM 110, CHEM 111, CHEM 112, CHEM 113.

SCEM 370 Workshop Biology: Life Works I
3 semester hours
The course discusses science pedagogy and allows students to experience working with science content as teachers, before they enter the classroom. Students will complete at least twenty hours of observation in high school classrooms and will be teaching lessons that they can develop.
Lecture, 3 hours.
Corequisite: SCEM 371.

SCEM 371 Workshop Biology: Life Works I Laboratory
1 semester hour
The laboratory companion course for SCEM 370.
Laboratory, 3 hours.
Corequisite: SCEM 370.

SCEM 372 Workshop Biology: Life Works II
3 semester hours
This is a community-based learning course that is project-based; students will create high school science curricula in collaboration with education staff at a local environmental non-profit and teachers from an area high school. Students background and interests, and the particular needs of the non-profit’s education program and high school teachers, will play a significant role in defining each project.
Lecture, 3 hours.
Prerequisites: SCEM 370 and SCEM 371.
Corequisite: SCEM 373.

SCEM 373 Workshop Biology: Life Works II Laboratory
1 semester hour
The laboratory companion course for SCEM 372.
Laboratory, 3 hours.
Corequisite: SCEM 372.

SCEM 376 Workshop Chemistry: The Elements Nature I
3 semester hours
The course discusses science pedagogy and allows students to experience working with science content as teachers, before they enter the classroom. Students will complete at least 20 hours of observation in high school classrooms and will be teaching lessons that they develop.
Lecture, 3 hours.
Corequisite: SCEM 377.

SCEM 377 Workshop Chemistry: The Elements Nature I Laboratory
1 semester hour
The laboratory companion course for SCEM 376.
Laboratory, 3 hours.
Corequisite: SCEM 376.

SCEM 378 Workshop Chemistry: The Elements Nature II
3 semester hours
This is a community-based learning course that is project-based; students will create high school science curricula in collaboration with education staff at a local environmental non-profit and teachers from an area high school. Student background and interests, and
the particular needs of the non-profit's education program and high school teachers, will play a significant role in defining each project. Lecture, 3 hours.
Prerequisite: SCEM 376 and SCEM 377.
Corequisite: SCEM 379.

SCEM 379 Workshop Chemistry: The Elements of Nature II Laboratory
1 semester hour
The laboratory companion course for SCEM 378. Laboratory, 3 hours.
Corequisite: SCEM 379.

SCEM 490 STEM Teaching
1 semester hour
This course is the registration component for Teaching Assistants. Permission of instructor required.

SCEM 491 Science Education Internship
1 TO 4 semester hours
Work on a project in science education either in the elementary school or secondary school setting or at another appropriate location.

SCEM 591 Science Education Internship
1 TO 4 semester hours
Work on a project in science education either in the elementary school of secondary school setting or at another appropriate location.

Screenwriting (SCWR)

SCWR 120 Storytelling for the Screen
3 semester hours
The elements of story telling as applied to the screen includes an examination of ethics and learning screenwriting basics by writing a short film script.

SCWR 220 Beginning Screenwriting
3 semester hours
Practicum in the basics of screenwriting; idea, outline, plot, characterization, etc. Analysis of scripts. Lab fee.
Prerequisite: SCWR 120 completed with a grade of B (3.0) or better.
University Core fulfilled: Flag: Writing.

SCWR 230 Write a Movie, Change the World
3 semester hours
Students will learn how to write social issue based, short screenplays.
Prerequisite: SCWR 120.

SCWR 298 Special Studies
1 TO 3 semester hours

SCWR 299 Independent Studies
0 TO 3 semester hours

SCWR 320 Intermediate Screenwriting
3 semester hours
Practical experience in writing feature film scripts with analysis of plot, character development, and structure. Lab fee.

SCWR 321 Rewriting the Feature
3 semester hours
Practical experience in completing or rewriting a feature-length screenplay. May be repeated once. Majors/minors only.
Prerequisite: SCWR 320.

SCWR 322 Genre Screenwriting
3 semester hours
Elements of writing popular film genres. Prerequisite: SCWR 320.

SCWR 325 Writing the TV Situation Comedy
3 semester hours
Practical experience in writing in various comic forms with emphasis on television situation comedy. Majors/minors only.
Prerequisite: SCWR 220.
University Core fulfilled: Explorations: Creative Experience; Flag: Oral Skills; Flag: Writing.

SCWR 327 Writing for Narrative Production
3 semester hours
Elements of screenwriting as applied to short films intended for production. Prerequisite: SCWR 220.
University Core fulfilled: Flag: Writing.

SCWR 329 Directing for Screenwriters
3 semester hours
An in-depth workshop/lecture demonstration on production and post-production processes and aesthetics of film and video. May require a lab fee. Majors/minors only.
Prerequisites: PROD 200 or PROD 250 and SCWR 220.

SCWR 398 Special Studies
1 TO 3 semester hours

SCWR 399 Independent Studies
0 TO 3 semester hours

SCWR 420 Senior Writing Project
3 semester hours
Specially directed projects in writing for film, television, or other media from initial concept through finished form. The student must provide a professional copy of all senior thesis-level projects to the school of film and television in partial fulfillment of degree requirements. Lab fee.
Prerequisites: SCWR 320 and SCWR 321.

SCWR 421 Rewriting the Senior Writing Project
3 semester hours
Practical experience revising the senior project draft. Majors/minors only. Prerequisite: SCWR 420.

SCWR 426 Writing One-Hour Episodic TV
SCWR 428 Adaptation: One Medium to Another
3 semester hours
Practical experience in translating books (novels and/or non-fiction) into film scripts.
Prerequisite: SCWR 320.

SCWR 490 Entertainment Internship
0 semester hours
This course offers a supervised internship within the entertainment industry administered through the Entertainment Internship Program.
May be repeated three times.
Credit/No Credit grading.

SCWR 491 Entertainment Career Internship
1 TO 3 semester hours
This course offers a supervised internship within the entertainment industry administered by the Entertainment Internship Program. It provides the necessary resources and tools for students to maximize their career seeking skills within the entertainment industry through internship advisement, resume and cover letter support, and reflection on the internship experience.
May be repeated three times for degree credit.
Credit/No Credit grading.

SCWR 498 Special Studies
1 TO 3 semester hours

SCWR 499 Independent Studies
0 TO 3 semester hours

SCWR 501 Writing for Production
3 semester hours
Elements of screenwriting as applied to short films intended for production.
Corequisites: PROD 500, PROD 565, PROD 566.

SCWR 502 Adaptation
3 semester hours
Broad survey of the wide range of adaptation concepts, practices, and processes.

SCWR 510 Producing and Directing for Feature Film Screenwriters
3 semester hours
Practical experience in the television development process; includes taking an idea to script and the directing, producing, and post-producing of a short, in-studio multi-camera video project.

SCWR 511 Introduction to Television Producing
3 semester hours
Course centers on understanding the craft of storytelling and character development as probably the most important task at hand when mounting a production and properly servicing the script for the writer, executive producer, and studio. Making wise choices in the areas of camera, lighting, and special effects to non-linear post-production, etc.

SCWR 530 Intermediate Writing for Narrative Production
3 semester hours
Intermediate screenwriting techniques as applied to short films intended for production
Prerequisite: SCWR 501.

SCWR 540 Elements of Feature Film Screenwriting
3 semester hours
Elements of feature film screenwriting related to idea, character, story and structure development, scene and sequence construction, and elements of genres.

SCWR 541 Intermediate Feature Project
3 semester hours
Practical experience writing a first draft feature film screenplay; includes analysis of character development, plot, and story structure.

SCWR 550 Elements of Television Writing
3 semester hours
Elements of dramatic writing include emphasis on the television art form and the practical aspects of writing television genres.

SCWR 552 Writing for the Internet
3 semester hours
Practical experience writing for Internet television shows.

SCWR 553 Writing for Reality Television
3 semester hours
Practical experience in writing for reality television.

SCWR 554 The TV Writers Room
3 semester hours
Students gain practical experience pitching and working in the writers rooms of drama and comedy television series.
Prerequisites: SCWR 511 and SCWR 550.

SCWR 555 Seminar in Feature Writing
3 semester hours
WPTV majors only.
Prerequisites: SCWR 511 and SCWR 550.

SCWR 560 Writing the Feature for Directors
3 semester hours
Practical experience writing a first draft feature length screenplay.
Film and Television Production graduate majors only.
Prerequisite: SCWR 501.

SCWR 598 Special Studies
1 TO 3 semester hours

SCWR 599 Independent Studies
0 TO 3 semester hours

SCWR 602 Seminar in Critical Writing in the Arts
3 semester hours
An intensive investigation of the aims of the contemporary cinema through screenings and encounters with working filmmakers, joined with practical experience in the composition of professional level film criticism.

SCWR 611 Television Planning, Budgeting, and Scheduling
3 semester hours
Practical experience as a producer managing the planning, budgeting, and scheduling of the episodic television art form.

SCWR 620 Writing for Narrative Production Thesis
3 semester hours
Writing the thesis narrative project and preparing the script for production.
Prerequisite: SCWR 530.

SCWR 635 Advanced Motion Picture Script Analysis
3 semester hours
Analysis of feature films from the screenwriter's point of view and an in-depth study of each story's dramaturgical elements. This study will deepen the understanding of these principles and techniques for the student's own creative work.

SCWR 640 Rewriting Intermediate Feature Project
3 semester hours
Practical experience rewriting the feature film screenplay. Corequisite: SCWR 650. Prerequisites: SCWR 540 and SCWR 541.

SCWR 641 Feature Film Adaptation
3 semester hours
Broad survey of the wide range of adaptation concepts, practices, and processes. Prerequisites: SCWR 541 and SCWR 640.

SCWR 650 Advanced Screenwriting Project
3 semester hours
Practical experience writing a feature-length screenplay. Corequisite: SCWR 640.

SCWR 651 Rewriting Advanced Screenwriting Project
3 semester hours
Practical experience rewriting the feature film screenplay. Prerequisite: SCWR 650.

SCWR 660 Writing Episodic Drama
3 semester hours
Practical experience writing a "spec" episode of a current one-hour drama. Prerequisites: SCWR 510 or SCWR 511; SCWR 540 or SCWR 550.

SCWR 661 Writing the Drama Pilot
3 semester hours
Practical experience creating an original one-hour drama series and writing the pilot teleplay. Prerequisite: SCWR 660 or SCWR 670. Repeatable for credit.

SCWR 670 Writing Episodic Comedy
3 semester hours
Practical experience writing an "spec" episode of a current half-hour situation comedy. Prerequisites: SCWR 510 or SCWR 511; SCWR 540 or SCWR 550.

SCWR 671 Writing the Comedy Pilot
3 semester hours
Practical experience creating an original half-hour situation comedy series and writing the pilot teleplay. Prerequisite: SCWR 660 or SCWR 670. Repeatable for credit.

SCWR 675 Rewriting the Television Pilot: Comedy and Drama
3 semester hours
Rewriting original pilot projects.

SCWR 680 Television Producing
3 semester hours
A "real life" experience writing and producing a television series; includes adapting the original pilot and pre-producing a short presentation. Prerequisites: SCWR 611; SCWR 670 or SCWR 671.

SCWR 681 Television Post-Production
3 semester hours
A "real life" experience writing and producing a television series; includes producing and post-producing pilot presentation and a final professional presentation to an audience and faculty committee. Prerequisite: SCWR 680.

SCWR 682 Television Portfolio Workshop
3 semester hours
Develop new or continue to work on previously written material to raise the quality of portfolio to industry standards; includes preparing marketing materials for projects. Prerequisite: SCWR 680.

SCWR 685 Entertainment Business Affairs
3 semester hours
Classroom lectures, guest speakers, panel discussions from entertainment industry business affairs professionals in the field of artist management, development, financing, and distribution. Prerequisites: SCWR 650 and SCWR 651 (Feature Film Screenwriting) or SCWR 670 and SCWR 671 (Writing and Producing for Television).

SCWR 689 Acting for Television
3 semester hours
This course focuses on understanding the acting process. Writers learn how actors work in order to collaborate and create dialogue for them. The class also covers elements such as casting and production.

SCWR 690 Thesis Screenplay Project
3 semester hours
Practical experience writing a feature-length screenplay.

SCWR 691 Rewriting Thesis Screenplay Project
3 semester hours
Practical experience rewriting a feature film screenplay. Prerequisite: SCWR 690.

SCWR 692 Feature Film Portfolio Workshop
3 semester hours
Develop new or continue to work on previously written material to raise the quality of portfolio to industry standard; includes preparing marketing materials for projects. Prerequisites: SCWR 685 and SCWR 690.

SCWR 696 Television Mentoring
3 semester hours
Shadowing professionals and working in some phase of the television industry.

SCWR 697 Feature Film Mentoring
Systems Engineering Leadership (SELP)

SELP 500 Systems Engineering
3 semester hours
Fundamentals of modern Systems Engineering throughout the program lifecycle; focus on mission success, system, and system-of-systems; broad integrative adoptable and flexible thinking; initiation of a SE activity, feasibility studies, mission engineering, pre-proposal and proposal activities; risk in performance, cost, schedule and deployment aspects of a project; requirement definition and development, system design, interface and configuration control, and verification/validation; introduction to critical aspects of the DoD, NASA, and INCOSE guides on SE; class projects in Integrated Product Development Teams. All students receive 20% of the grade for taking the INCOSE Associate Systems Engineering Professional (ASEP) Certification Examination.

SELP 505 Systems Engineering for Healthcare
3 semester hours
Fundamentals of modern Systems Engineering focused on Healthcare applications. Focus on project success, broad integrative adoptable and flexible thinking. Initiation of a SE activity: capture of goals, regulations, and constraints; stakeholders; and team development. Fundamentals of systems architecting. Feasibility studies and trade studies, capture of interfaces and top level requirements; requirement development, baseline management, interface and configuration control, verification/validation. Risk management. Life cycle activities. Class project. Enrollment limited to Health Systems Engineering students.

SELP 510 Project Management
3 semester hours

SELP 515 Healthcare Delivery Systems
3 semester hours

This course is available only to Healthcare Systems Engineering students.

SELP 520 Engineering Ethics and Communications
3 semester hours
Ethical implications of engineers' work, both domestic and international. Introduction to ethical reasoning, liability, obligations and rights of engineers and managers, case studies, and current global issues. Constructive critique and guidance on written and oral presentations.

SELP 530 Lean Thinking
3 semester hours
History of Lean, Lean fundamentals: Principles, value and waste. Lean Manufacturing with detailed coverage of JIT Tools; Kaizen, Gemba, Hoshin Kanpy. Lean in different domains: Supply Chain, Office, Accounting, Labor relations. NUMMI Case Study; matrix organization optimization; Theory of constraints and critical chain.

SELP 535 Lean Healthcare
3 semester hours
The U.S. healthcare system is in a crisis. While costs continue to rise to unsustainable levels, the average quality of care lags that of other industrialized nations. The professionals delivering health care are overworked and frustrated. Lean has been extraordinarily effective in increasing the efficiency of manufacturing processes. However, health care is not a simple manufacturing-like operation—it is a highly complex enterprise, with many stakeholders, very complex processes, non-standardized patients and medical problems, and great variability in processes and demand. These factors challenge the application of "traditional" lean techniques derived from manufacturing. This class will bridge the gap between traditional lean practices and the needs of healthcare enterprises. The class will begin with a review of basic lean concepts, with examples of how they can be applied to healthcare processes. Next, issues that complicate the application of lean to complex, high variability processes (such as many healthcare processes) will be covered, including handling variation, people and corporate culture issues, and the modifications required to make lean tools effective. Finally, implementation and sustainment issues will be covered. The class will mix traditional lecture-based instruction with a variety of active learning exercises, including a day-long clinic simulation exercise. Online course delivered by WebEx (3 hours per week plus homework). This course may be offered in class or online.

SELP 540 Systems Thinking
3 semester hours
Systems Thinking is a course in which both students and faculty of two LMU Colleges work together: the Bellarmine College of Liberal Arts (seniors and Honors) and the Frank R. Seaver College of Science and Engineering (the Systems Engineering graduate program). We look at complex systems that combine both technological and societal aspects of our civilization, seeking to understand how things influence one another within a large context, and how we can influence them for common good. The concepts of common good and public interest are discussed and serve as the ethical baseline for the discourse. Students work in teams addressing the big questions of our time such as: healthcare, energy and transportation, public health, K-12 education, end-of-life health management, defense and homeland security, and others. After five lectures on introductory topics and methodology, students will study approximately four such complex systems during the semester. At least two systems are healthcare related. Engineering and liberal arts students will complement each other's thinking. The work includes intensive interactive in-class brainstorming and simple
modeling, as well as homework research and presentations of results. Note: we welcome students who are not solely ideological, open to seek optimum solutions to the societal challenges in which the free market is not interested in participating, or fails to deliver.

SELP 550 Systems Architecting
3 semester hours
This course will enable students to create, develop, and integrate complex system architectures. Specific goals include 1) improve the student’s understanding of the role of system architects and their relationship to systems engineering and integration, 2) applying the system architecture concepts to define an enterprise baseline, 3) creating an architectural blueprint for transforming the enterprise, 4) identifying capability gaps as well as redundancies, and 5) facilitating effective systems integration. Course objectives will be met through lectures, discussions, readings, in-class team exercises, and applied case studies. Prerequisite: SELP 500.

SELP 560 Integration of Hybrid Hardware and Software Systems
3 semester hours
Increasingly, today's complex systems have significant software and hardware elements. This course provides systems engineers with the basic foundation of concepts, methods, and practical intuitions necessary to understand and manage the integration of hardware and software in a large system. Life cycle models. Overview of management processes and approaches important for success. Examples of tools and methods for real-world hybrid systems. Legacy systems, commercial-off-the-shelf (COTS) components, and business process integration. Lectures, classroom group discussion based on assigned readings and case studies. No programming experience required.

SELP 598 Special Studies
1 TO 3 semester hours

SELP 599 Independent Studies
1 TO 3 semester hours

SELP 600 Advanced Systems Engineering
3 semester hours
Application and management and monitoring of the SE process and logistics; leadership of integrated teams; management for uncertainty, decision making, risk and opportunity; design for "ilities" (e.g., manufacturability, testability, sustainability, maintainability, etc.); technology management and assessment; identifying options and bounding the trade space; software systems management; verification process; different roles of testing; modeling techniques and SE tools; design. Prerequisite: SELP 500.

SELP 610 Advanced Program Management
3 semester hours
This course will be conducted in three segments: individual leadership (one's own motivations and leadership style, drive, risk, fear, power, passion, and attitude), project leadership (manager's role in leading a project and strategies for successful execution), and company leadership (elements of a successful business and the role of management). Each student will develop a case study of a significant program or development effort using the elements discussed in the class. Prerequisite: SELP 510.

SELP 620 Quality

3 semester hours
History and philosophy of quality; quality as complement to lean; quality versus features; continuous improvement: PDCA cycle, bottom-up suggestions, Kaizen, Six Sigma, Theory of Constraints, benchmarking, brainstorming, re-engineering, strategic plan; Deming's profound knowledge and 14 points; Quantitative Methods: charts, Design of Experiments (optimization of processes, robustness, full factorials, fractional factorials, folding, Plackett-Burnham, introduction to nonlinear designs), Statistical Process Control; Quality systems: ISO 9001:2000, CMMI, Malcolm Baldrige Award. Project. Note: the DOE portion is offered time permitting.

SELP 625 Patient Safety and Quality Systems
3 semester hours

SELP 630 Advanced Lean Management of Engineering Programs
3 semester hours
The course introduces the latest knowledge in the fields of Lean Product Development, Lean Programs Management, LPDF Method, Lean Systems Engineering, and Lean Final Engineering, including the Lean Enablers for Systems Engineering (honored with the INCOSE Best Product Award and with the Shingo Prize Award for Best Publication and Research) and Lean Enablers for Managing Engineering Programs, a set of 326 practices for PD and SE, awarded with another Shingo Prize. Project. Prerequisite: SELP 530 (waived for students of the Certificate in Program Leadership).

SELP 635 Advanced Lean Management of Healthcare
3 semester hours
Review of Lean basics: Principles; Value, Waste; Selected JIT/TPS tools; NUMMI Labor-Management Relations Case Study. Lean Project Management (LPDF Method) and Lean Office. Leaning Emergency Departments, Clinical Laboratories, Clinics, Operating Rooms, Hospital Bed and Patient Management, Supply Chain. Addressing specific healthcare activity of interest to the students. Selected Lean Enablers for Managing Engineering Programs that apply to Healthcare. Project. Course evaluations. This course is available only to the students of Lean Healthcare Certificate and Healthcare Systems Engineering. Prerequisite: SELP 535.

SELP 640 Model Based Systems Engineering
3 semester hours
This course is an introduction to Model Based Systems Engineering (MBSE) with an additional focus area on the Object Management Group's standard system modeling language (SysML). Topics include the history of and influences on MBSE; the role of Ontologies and Meta Models in MBSE; model usage for requirements analysis, specialty engineering, systems architecting, functional analysis, trade space analysis, performance analysis and costing; MBSE in the context of Model Based Engineering (MBE) across disciplines (Systems, Software, Mechanical, Electrical, etc.); and examples of MBSE including System of Systems, Mission Analysis, Operational/Business analysis, and platform-specific system trades space analysis. The SysML focus area will concentrate on development of SysML and physics-based model examples using modeling tool suites to facilitate understanding of
the four pillars of SysML: Structure, Behavior, Requirements, and Parametrics, and translate those models into practical solutions. Students will learn to plan the use of MBSE processes and methods in the Systems Engineering lifecycle; leverage the systems architecture context for systems models and specify the boundary conditions for subsequent analytic and simulation studies; select the appropriate level of granularity for modeling various systems engineering trades; use standards-based tools to create, update, and deploy system models; and conduct engineering trade study analyses based on system Quality Attributes.

Prerequisites: SELP 500 and SELP 550.

**SELP 650 IT and Software Project Management for Systems Engineers**  
*3 semester hours*  
The principles and techniques to manage projects, programs, or organizations that incorporate IT and computing infrastructure as a critical component. The life cycle of IT projects within the context of a complex organization—from development or procurement of a new solution to successful deployment and integration into business processes. In-depth coverage of both traditional life cycle models, and modern methods such as Agile and Lean software development. Deploying software developed in-house or by procuring commercial software presents significant challenges in terms of adoption by the people in the organization, classified into "machine/machine," "man/machine," or "man/man" categories. Phases of an IT project lifecycle, with emphasis on the impacted business processes, and the impact of those changes on people, the organization, and the bottom line. Key success factors and risks. The student will be taught how to apply systems engineering principles in tackling IT or software project management. Project planning, getting stakeholder buy-in, project life-cycle phases, creating budgets, schedules, identifying potential adoption problems, identifying training needs, and utilizing proven management methods to propel the IT or software related project forward to success. Case studies. Undergraduate degree in Computer Science required.

**SELP 655 Medical Devices and Integrated Systems**  
*3 semester hours*  
The medical device development process should follow system engineering principles, but some tailoring and translation is needed to understand their application outside of the more traditional defense and aerospace fields. This course will provide the student an understanding of the regulated medical device development process, and how systems engineering is applied in this domain. Topics include design and development planning, design inputs, design outputs, design reviews, verification, validation, design transfer, design change control, design history files, human factors, and risk management. Each of these is covered in detail to provide and understanding of systems engineering in the medical domain. Of note, this domain does not include formal RFP processes applied in government contracting. General principles for applying systems engineering in commercial development applications will be covered and contrasted with the more traditional approaches. Prerequisite: SELP 505.

**SELP 660 Cyber Security**  
*3 semester hours*  
Systems engineering approach to cybersecurity in modern, highly networked organizations in either the private or public sector. NIST’s formal framework of terms, concepts, and methods to understand the area of cybersecurity. Studies of realistic threat models and vulnerability assessments. Comprehensive coverage of technical foundations for extant technologies and tools available at different levels (host-based or network-based) to provide cybersecurity—anti-virus software, malware detection, intrusion detection/prevention, firewalls, denial of service attack mitigation, encryption, network monitoring, automatic audit tools, to name just a few. Complications in cybersecurity introduced by emerging trends such as mobile devices and cloud computing. As advocated by most security professionals, this course views the problem of devising cybersecurity solutions as a specific kind of risk management problem. Students are taught how to devise the optimal combination of management procedures and controls along with key technologies to address the relevant sets of cybersecurity threats and vulnerabilities for the organization. We will also cover related organizational concerns such as creating a disaster recovery and business continuity plan that can be used to minimize the impact of potential disruptions, including those related to security. The role of cybersecurity as part of the larger domain of Information Assurance and regulatory compliance issues for different types of organizations. "Best practices" frameworks for security such as OWASP Top 10 and Security Technical Implementation GuideS (STIGS) and resources available from institutions such as CERT, NIST, and SANS. Case studies. From the real world to ground the concepts taught in real-world situations. Undergraduate degree in Computer Science required.

**SELP 665 Data Mining in Healthcare**  
*3 semester hours*  
Electronic access to huge databases of patients provides new extraordinary potential for improving clinical diagnosis and treatments, including genomics, studies of genetic, lifestyle, environmental, clinical and other factors. The course explores the opportunities for healthcare analytics and clinical treatment developments. The course will cover the research lifecycle from formulation of clinical questions, to big data access and extraction, extraction, statistical analysis, evidence formulation, and clinical implementation methods. Statistical topics will include clustering, extrapolation, scaling, dimensionality, supervised and unsupervised learning, decision trees, handling uncertainty, Bayesian methods, Hidden Markov models, model selection, validation, data visualization, support vector machines, and so forth. The role of Healthcare Systems Engineers in such projects will be explored. Prerequisite: Undergraduate-level Statistics.

**SELP 668 Systems Engineering Modeling and Analysis**  
*3 semester hours*  
This course emphasizes the development of analytic modeling skills and the effective applications of operations research methods in policy, management, and planning settings. A set of widely used models including linear programming, decision analysis, queuing, and forecasting is introduced. We explore how to effectively use these models, as well as their strengths and limitations in different problem and organizational contexts. The goal of this course is to teach systems engineers, policy makers, and managers to gain analytical skills and apply them to complex problems. To this end, students will learn: 1) to structure problems so they can be effectively addressed, 2) to formulate models that are useful in different decision situations, 3) to use spreadsheet software to solve these models, and 4) to effectively present quantitative analysis to clients. Prerequisite: SELP 500.

**SELP 670 Spacecraft Design**  
*3 semester hours*  
Fundamental knowledge of spacecraft design: configuration, design and inter-dependencies of subsystems, launch vehicle, and trade-offs between performance, cost, and reliability. Students will be exposed to a wide range of considerations including design,
manufacture, test and operation, cost, performance, manufacturability. At the end of this course, the student will have a fundamental understanding of the factors influencing spacecraft design and will be able to evaluate the impact of trade-offs between subsystem requirements on the performance and cost at the system level. The course will be fast-paced and include both individual and team projects.

Prerequisites: SELP 500

SELP 673 New Product Design and Development
3 semester hours
Principles of design; problem recognition and formulation. Business background for design: marketing and entrepreneurship. Synthesis (creativity, group dynamics, etc.); analysis and iteration; specifications; cost analysis; scheduling; probability; reliability; optimization; decision theory.

SELP 675 Healthcare Enterprise Informatics and Electronic Records
3 semester hours
Principles and requirements for IT in healthcare applications, including patient electronic medical records, population health records, computerized medical billing, healthcare data organization, collection, storage, retrieval, and security. Systems engineering approach to healthcare software development. Identification of stakeholders, requirements, verifications, validation and training needs.

SELP 691 Systems Engineering Case Studies
3 semester hours
Case studies to examine notable successes and failures in major technology-driven government, commercial and defense programs where systems engineering played a significant role. Lessons learned and ethics. Students perform intensive reading of the cases and present them using the Harvard Law School model.

Prerequisite: SELP 500.

SELP 692 Systems Engineering Seminar
3 semester hours
12-14 invited prominent experts present guest lectures with significant systems engineering component. Students write memos after each lecture and are instructed on perfect text formulation and English. Student project on a selected topic of systems engineering.

Prerequisite: SELP 500.

SELP 695 Systems Engineering Integrative Project/Thesis
3 TO 6 semester hours
Capstone course in which each student working individually applies and demonstrates the mastery of the systems engineering process to a complex technical and/or social endeavor. The deliverables include a formal project proposal with a rationale for the selected project, problem statement and solution goals, list of deliverables, timeline and methodology. The project must be carried out by the student in the semester of the registration. Once approved, the student executes the project in own time, submitting weekly progress reports by email (briefly describing the work completed and the work planned for next week), and meets with the Advisor at least once a month. The final deliverables include a PowerPoint presentation of 30-50 slides and its verbal presentation of 45 minutes in front of a review committee, and a written report of 30-50 pages. The deliverables must include a problem statement, solution goals, literature review, top level (and possibly lower level) requirements, architcting views, trade studies on the relevant issues, requirements verification plan, validation plan, risk management, and a description of the ethical issues involved.

 Optionally (highly desired but not mandatory): lean, project management, modeling/simulations, MBSE, quality. Both the PowerPoint and written report must be submitted in perfect English (a TA is available to help with the language).

Prerequisites: All SELP Core Courses, plus MBAI 610 for the dual degree students.

SELP 696 Project in Healthcare
3 semester hours
This course is intended to "teach by doing." Using the knowledge from SELP 535, students perform comprehensive Lean improvements in their areas of work. The students as a team, together with the instructor, begin with Gemba walks and waste walks through their work areas, then perform in-class detailed Value Stream Maps of the Current and Future States, identifying and eliminating wastes, implementing the Lean process, and analyzing the results. Individual projects with intensive team cooperation. Comprehensive final presentations. Students are expected to be familiar with Visio software or equivalent for drawing Value Stream maps. 4-6 hours per week of contact time.

This course is available only to the healthcare students.

Prerequisite: SELP 535.

SELP 698 Special Studies
1 TO 3 semester hours

SELP 699 Independent Studies
1 to 3 semester hours

Sociology (SOCL)

SOCL 1000 Principles of Sociology
4 semester hours
Development of the perspectives, concepts, and methodologies needed for objective, analytical thinking about human interaction. Relationships explored in terms of the development of the self through interaction, basic types of social organization, collective behavior, types of institutions, and aspects of the total social system such as social change and population phenomena.

University Core fulfilled: Explorations: Understanding Human Behavior.

SOCL 1998 Special Studies
1 TO 4 semester hours

SOCL 1999 Independent Studies
1 TO 4 semester hours

SOCL 2000 Qualitative Research Methods
4 semester hours
An introduction to research design and qualitative methodologies in the social sciences, with special emphases placed on conceptualization and operationalization processes and data collection strategies. Qualitative research methods such as interviews, focus groups, content analysis, and ethnography will be covered in the course.

University Core fulfilled: Flag: Information Literacy.

SOCL 2100 Quantitative Research Methods
4 semester hours
An introduction to basic inferential and descriptive statistics commonly used in the social sciences. Among the topics covered are: table construction; central tendency; variation; probability, sampling distributions, and the normal curve; hypothesis testing; and
measures of association.
University Core fulfilled: Foundations: Quantitative Reasoning.

SOCL 2998 Special Studies
1 TO 4 semester hours

SOCL 2999 Independent Studies
1 TO 4 semester hours

SOCL 3000 Sociological Theory
4 semester hours
This course will introduce students to a selection of important classical and contemporary theorists and theoretical perspectives that have contributed to the development of 20th and 21st century sociology.

SOCL 3100 Metropolitan Los Angeles
4 semester hours
An overview of the social, economic, political, environmental, and spatial characteristics and dynamics of Metropolitan Los Angeles in the context of contemporary urbanization in the United States.

SOCL 3110 Sociology of Sport
4 semester hours
An examination of the social nature of sport in society. Topics may include the interrelation of sport and culture, sport and the socialization process, deviance and violence in sport, sport and race, the status of women in sport, and the political and economic ramifications of sport.
University Core fulfilled: Flag: Writing.

SOCL 3120 Social Organization
4 semester hours
The study of large-scale, highly structured groups, such as athletic teams, local school systems, colleges and universities, hospitals, businesses, and governmental agencies.

SOCL 3130 Sociology of Law
4 semester hours
A survey of the important theoretical and research traditions and recent empirical developments in sociology of law. A variety of law-related topics will be covered, including law and social structure, the economy and culture, law and inequality, law and social control, courts and alternative dispute resolution, and the legal profession.

SOCL 3140 Sociology of Popular Culture
4 semester hours
The study of the artifacts of everyday life—newspapers, films, sports, music and such—as important sources of sociological knowledge.

SOCL 3141 Media: The Empire of Illusion
4 semester hours
An examination of the social role of the media in our lives and our society. Topics include: culture, race, class, and gender, as well as alternative media and the political struggles over social change and the media system.

SOCL 3150 Sociology of Health and Illness
4 semester hours
Development of the field of medical sociology, with emphasis on changing patterns in the health care and delivery systems, doctor-patient relationships, and health care.

SOCL 3160 Sociology of Marriage and Families
4 semester hours
A study of marriage and family as social institutions, including normative aspects, socialization activities, value orientations, family structures and behavior, and societal influences on families.

SOCL 3200 Deviant Behavior
4 semester hours
A social interactionist approach to the study of deviant behavior; an examination of the process whereby society defines and labels an act as deviant, trends in deviance theory, deviant careers, and the mechanisms involved in confronting the label.

SOCL 3210 Gender and Society
4 semester hours
An examination of processes resulting in socio-cultural sex role differences and the cultural consequences relating to opportunity, power, and prestige in society. An attempt to understand the effects of social organization and change on the status of women and men.

SOCL 3211 Men and Masculinities
4 semester hours
An exploration of masculinity through critical examination of men, women, gender, politics, identity, and social change from a social scientific perspective. Topics include: gender socialization, the diversity of masculinities, race and ethnicity, class, age, sexuality, and men's social movements.

SOCL 3221 Race and Ethnic Relations
4 semester hours
An examination of the interaction between ethnic and racial minorities and the majority group in the light of current sociological theories of social conflict and social change.
University Core fulfilled: Flag: Oral Skills.

SOCL 3222 Sociology of the Black Community
4 semester hours
A survey of the effects of long-standing discrimination and deprivation upon family structure, occupational patterns, health and education conditions, motivation, and personal as well as group identity. An analysis of the black power concept and its influence upon the concept of Afrocentrism and the focus on community control.

SOCL 3231 Social Stratification
4 semester hours
An examination of the historical roots and contemporary patterns of social and economic inequality in the United States. Distribution of income and wealth, social mobility, life chances, education, and race and ethnicity will be discussed.

SOCL 3232 Community
4 semester hours
This course examines a wide range of American community studies, ranging from the 1920s to the present. Primary attention is directed toward an understanding of the scope of change in community structure and process in industrial society.
University Core fulfilled: Flag: Quantitative Reasoning.

SOCL 3233 Political Sociology
4 semester hours
An analysis of the relationship between forms of social organization and the exercise of power in society. Among the subjects considered are: types of political regimes, cross-cultural patterns of
This course examines how culture and society influence our feelings, yet also leave us with the ability to change how we feel, individually and collectively.

SOCL 3240 Sociology of Aging
4 semester hours
A general introduction to the study of physiological, psychological, and sociological aspects of aging. The focus is on the individual in society throughout the adult phase of the lifespan. University Core fulfilled: Flag: Engaged Learning.

SOCL 3250 Health and Social Justice
4 semester hours
This course examines how social, political, and economic conditions shape the distribution of health and disease among different populations in the United States and elsewhere. Using a social justice framework, it explores how social inequalities, prejudice, and discrimination contribute to inequalities in health and disease.

SOCL 3260 Human Trafficking
4 semester hours
Human trafficking—the trade in people and their parts within and across borders—is a problem that has captured the attention of academics, activists, government officials, and the general public over the last 25 years. This course focuses primarily on labor and sex trafficking in local, regional, and global contexts. We review and critically assess diverse sociological and social science scholarship on human trafficking with an emphasis on the structural significance of political, economic, and cultural conditions that contribute to trafficking: gender, racial/ethnic and class dynamics, and the development of anti-trafficking efforts.

SOCL 3290 Social Inequalities
4 semester hours
This course addresses how power, prestige, and wealth is distributed in society and focuses primarily on the U.S., but also uses global examples. The course examines theories that explain the causes of social inequality and addresses the consequences of social inequality, how it affects a person's life chances, and how and why it persists. Special attention will be paid to race/ethnicity, gender, and class in the different topics covered.

SOCL 3300 Urban Sociology
4 semester hours
An examination of the basic historical processes which have shaped cities, including spatial differentiation. Topics may include the formation of community, metropolitan deconcentration, urban poverty, housing segregation, and third world urbanization.

SOCL 3310 Demography and Population Analysis
4 semester hours
An analysis of major international population trends, problems of overpopulation, and population control, with an introduction to the methods and techniques of demographic and ecological analysis.

SOCL 3320 Social Psychology
4 semester hours
The interrelationships between individual behavior and the larger social order. Language and communication, the self, interaction and interactional strategy, aggression, perception and attribution theory, prejudice and discrimination, and collective behavior.

SOCL 3321 Sociology of Emotions
4 semester hours
This course examines how culture and society influence our feelings.

SOCL 3340 Social Movements
4 semester hours
Social Movements examines the role of people-driven social change throughout the globe. We examine how and why social movements emerge, such as the Civil Rights and Feminist Movements, as well as what makes them successful.

SOCL 3341 Politics, Faith, and Civic Engagement
4 semester hours
The broad objective of this class is to introduce students to studying religion and its impact in the social world, including politics, social policy, community services, and social movements. We will examine the relationship between religion and society, taking into consideration both how religion is shaped by society and how religion shapes society, with an emphasis on religion in the U.S. Additionally, we will look at emerging religiously based social movement and political action. University Core fulfilled: Integrations: Interdisciplinary Connections; Flag: Engaged Learning.

SOCL 3350 The Life Course
4 semester hours
This course explores theories and experiences of the Life Course, a perspective that focuses on developmental trajectories and transitions throughout one's life. Additionally, the course addresses the concepts of social contexts, linked lives, structure, and agency for individuals and groups.

SOCL 3351 Sociology of Adolescents
4 semester hours
An examination of the adolescent society with particular focus on the high school. Topics to be discussed: peer socializations, cliques and crowd formations, lifestyles, fads and fashions, and changing patterns and relations resulting from globalization.

SOCL 3360 Environment and Society
4 semester hours
Using sociological theories and concepts, this course examines the relationships between human societies and physical environments. Topics covered include: the meaning and significance of "nature," environmental policies, and environmental social movements.

SOCL 3370 Sociology of Globalization
4 semester hours
Examines major approaches to and continuing debates about globalization, including the implications for people in their everyday lives. Topics address economic, political, and cultural dimensions of globalization and may include transnational capitalism and corporations; global inequality; migration and the new global labor market; transnational social movements and global civil society; and globalization and culture, including ethnicity and gender. University Core fulfilled: Integrations: Interdisciplinary Connections; Flag: Writing.

SOCL 3371 Gender and Global Migration
4 semester hours
Studies the globe's migrants and how their movements shape gender in their everyday lives, families, and workplaces - as well as ours - and in the global economy. University Core fulfilled: Flag: Oral Skills.
SOCL 3372 Sociology of U.S. Immigration
4 semester hours
An investigation into current and historical immigration trends as they encompass the economy, education, language, identity, politics, and culture. There is a particular focus on globalization and Los Angeles as an immigration center.
University Core fulfilled: Flag: Oral Skills.

SOCL 3373 Immigration and Los Angeles
4 semester hours
(See APAM 4350.)

SOCL 3390 Work and Economic Justice
4 semester hours
Explores the social dynamics of work and occupations in terms of culture, ideology, race, class, and gender. Topics will include the day-to-day experiences of the workplace, the politics of the economic system, and the social changes related to globalization and the international economy.

SOCL 3998 Special Studies
1 TO 4 semester hours

SOCL 3999 Independent Studies
1 TO 4 semester hours

SOCL 4100 Criminal Justice
4 semester hours
An introduction to the system of criminal justice in contemporary America with a focus on how criminal behavior is processed by the system's agencies: police, courts, and correctional institutions. Legal concerns such as the rights of the accused and due process will also be discussed in terms of their application in each of these areas.
University Core fulfilled: Flag: Oral Skills.

SOCL 4101 Criminal Law
4 semester hours
This course examines the criminal law in the U.S. from a sociological perspective, as a set of "social control" processes by which norms are transmitted and enforced. Topics include how the law defines crime and particular forms of crime, drug abuse, and alcohol-related crime, and various legal defenses available to the accused.

SOCL 4103 Social Psychology and the Law
4 semester hours
This course will examine the law the legal process through the use of concepts, methods, and research from sociology, psychology, and social psychology. The course will address such topics as: criminal profiling, the analysis of eyewitness identification and line-up procedures, pretrial publicity, the social psychology of criminal trials, expert forensic testimony, criminal sentencing and the death penalty, the insanity defense, social and psychological "syndrome defenses," child abuse victims and witnesses, juvenile offenders, legal restrictions on the practice of psychology/psychiatry, and civil commitment law and procedures.
University Core fulfilled: Integrations: Interdisciplinary Connections.

SOCL 4110 Religion, Culture, and Society
4 semester hours
The study of religion as an expression of culture, its diverse subcultural characteristics as a social institution, and the interrelationships of religion and other social institutions.

SOCL 4120 Science, Technology, and Society
4 semester hours
This course examines science and technology as products of social, political, and historical processes. It challenges students to think critically about how we define science and the impacts of science and technology on social life. Students will be introduced to central ideas in the field of science and technology studies.

SOCL 4202 Crime and Delinquency
4 semester hours
An introduction to the nature and dynamics of criminal and delinquent behavior from a sociological viewpoint. Topics to be covered: the nature of crime and the criminal law, the measurement of crime, major theories - both historical and contemporary, and patterns of criminal and delinquent behavior.

SOCL 4500 Internship
4 semester hours
Students complete a supervised internship in an appropriate agency including social services, law, education, health services, and other relevant fields. Approval of instructor required.

SOCL 4900 Sociology Seminar
4 semester hours
Designed as a senior seminar for sociology majors. Stress will be on organization and integration of sociology studies, bringing together in a meaningful way sociological facts, understandings, and knowledge. Students must have 90 semester hours completed at time of registration. Senior majors only.
Prerequisites: SOCL 2000 and SOCL 3000.
University Core fulfilled: Flag: Writing.

Spanish (SPAN)

SPAN 1101 Spanish 1
4 semester hours
The course emphasizes reading, writing, aural, and oral proficiency in basic Spanish, and reflects the diversity within Hispanic cultures. Instruction includes talking about oneself and others; using correct gender and number agreement; describing daily routines; expressing actions in progress; expressing likes and dislikes; avoiding redundancies; and talking, narrating, and describing in the present and past. Coursework includes oral and written exercises, cultural activities, and brief compositions.
Prerequisite: LMU Placement Exam.

SPAN 1998 Special Studies
1 TO 4 semester hours

SPAN 1999 Independent Studies
1 TO 4 semester hours

SPAN 2102 Spanish 2
After a review of SPAN 1101 material, topics include describing and narrating in the present and the past; expressing past intentions and knowledge; discussing the past with present relevance; giving direct commands and advice; and suggesting, persuading, and expressing feeling and opinions about future, present, and past actions. Coursework includes the discussion of short texts, oral exercises, and medium-length compositions. Prerequisite: SPAN 1101 or by LMU Placement Exam. University Core fulfilled: Flag: Oral Skills.

**SPAN 2103 Spanish 3**
4 semester hours
The objective of the class is to strengthen the student's communicative skills in Spanish while developing an awareness and appreciation of Hispanic cultures. By means of an integrated skills approach, this course develops receptive and productive skills simultaneously. This entails communicating in both spoken and written form, and being able to understand the content of a Spanish text, written or spoken, or a non-technical nature. Prerequisite: SPAN 2102 or by LMU Placement Exam. University Core fulfilled: Flag: Oral Skills.

**SPAN 2113 Spanish 3 for Latino Students**
4 semester hours
This course, specially designed for students with a cultural Latino/Hispanic background, is the equivalent of SPAN 2103. It strengthens the students' communicative skills in Spanish while developing an appreciation and deeper knowledge of their cultural background. Students are trained to present oral and written reports in formal Spanish and to narrate and describe in paragraphs of connected discourse. Prerequisite: SPAN 2102, or by LMU Placement Exam, or by consent of instructor. University Core fulfilled: Flag: Oral Skills.

**SPAN 2603 Conversational Spanish**
1 TO 4 semester hours
A course designed for intermediate students of Spanish to learn and practice communicative strategies, increase their vocabulary, and become acquainted with Spanish, Latin American, and U.S. Latino cultures. Oral presentations are required. Credit/No Credit only. Prerequisite: SPAN 1101 or consent of instructor. University Core fulfilled: Flag: Oral Skills.

**SPAN 2804 Stylistics and Composition**
4 semester hours
This course is an introduction to writing and editing in Spanish. It highlights writing as a process by guiding students through the different stages required to produce college-level compositions incorporating the development of listening, reading, and speaking skills. It also promotes editing of a student's paper through a collaborative and informational learning environment, which includes peer editing of written drafts in addition to the instructor's feedback. Specific grammatical exercises are designed to focus on and improve clarity and effectiveness in written Spanish. The course also includes the development of the spoken formal register through oral presentation. Prerequisite: SPAN 2103 or SPAN 2113, or by LMU Placement Exam. University Core fulfilled: Flags: Oral Skills, Writing.

**SPAN 2998 Special Studies**
1 TO 4 semester hours

**SPAN 2999 Independent Studies**
1 TO 4 semester hours

**SPAN 3410 Spanish Linguistics 1: Sounds and Words**
4 semester hours
A study of the Spanish sound system, word formation, and vocabulary. The course provides theoretical tools to analyze Spanish at the phonological and morphological levels. It also includes an exploration of sounds and word use in different varieties of Spanish. Prerequisite: SPAN 2804 or consent of instructor. University Core fulfilled: Explorations: Understanding Human Behavior.

**SPAN 3431 Spanish Linguistics 2: Structure and Variation**
4 semester hours
A study of Spanish language structure, variation, historical change, and the linguistic effects of language contact. Course reading and activities include discussions of research in syntax, sociolinguistics, and historical linguistics. Prerequisite: SPAN 3410 or consent of instructor. University Core fulfilled: Integrations: Interdisciplinary Connections; Flag: Oral Skills.

**SPAN 3510 Introduction to Hispanic Literatures**
4 semester hours
A study of theoretical terminology and concepts essential for structural and conceptual analysis of literary works written in Spanish through oral and written exercises. Students are also introduced to literary periods and genres from Spanish and Spanish American authors. Prerequisite: SPAN 2804. University Core fulfilled: Flags: Oral Skills, Writing.

**SPAN 3521 Survey of Latin American Literature**
4 semester hours
General survey of texts written by a representative body of Latin American authors from the pre-Columbian period to the present. Prerequisite: SPAN 3510 or consent of instructor. University Core fulfilled: Flag: Information Literacy.

**SPAN 3541 Survey of Peninsular Spanish Literature**
4 semester hours
Interdisciplinary analysis of representative Peninsular Spanish literary texts from the Middle Ages to the present in their historical and cultural contexts. Prerequisite: SPAN 3510 or consent of instructor. University Core fulfilled: Integrations: Interdisciplinary Connections; Flags: Oral Skills, Writing.

**SPAN 3998 Special Studies**
1 TO 4 semester hours

**SPAN 3999 Independent Studies**
1 TO 4 semester hours

**SPAN 4252 Hispanic Cultural Studies**
4 semester hours
General survey that may include Iberian, U.S. Latino, and/or pre-Columbian civilizations and the literature of Meso- and South America; the impact of the Encounter with Europe; the Conquest; the Colonial Period; the Independence Era; and modern literary, socio-historical, economic, and political events that have shaped present-day Spanish American cultures.
Topics covered are linguistic variation, diglossia, historical
the Spanish language and its role as a minority language in the U.S.
issues underlying the complexity of Spanish in the U.S. Students will
phenomena, as well as socio-political and ideological research
issues underlying the complexity of Spanish in the U.S. Students will
be working with a variety of linguistic topics related to the analysis of
the Spanish language and its role as a minority language in the U.S.
Topics covered are linguistic variation, diglossia, historical

SPAN 4362 Latin American Cinema
4 semester hours
Introduction to elements of film language and aesthetics, field of
Latin American Film Studies, and film as Latin American cultural
artifact. Course examines how films have responded to issues
inherent in or challenged by institutional, political, economic, and
socio-cultural pressures in Latin America during the Colonial Period,
19th, and 20th centuries. Critical focus is on discourses of gender,
class, politics, and race in representative visual works by and about
Latin Americans and U.S. Latinos. Selected screenings, readings,
and lecture/discussions.
Prerequisites: SPAN 3510 and SPAN 3521.

SPAN 4388 Spanish Cinema
4 semester hours
This course analyzes trends and issues in Spanish film after Franco
such as gender, sexuality, and social values within particular social,
cultural, and historical contexts.
Prerequisite: SPAN 3510 or consent of instructor.

SPAN 4472 Spanish Language Acquisition
4 semester hours
A study of the acquisition of Spanish as first and second language
from a linguistic and psycholinguistic perspective. This course
provides hands-on experience on the design of a research project
on child and/or adult language acquisition of Spanish.
Prerequisite: SPAN 3410 or consent of instructor.
University Core fulfilled: Flag: Oral Skills.

SPAN 4473 The Sounds of Spanish: Theory and Practice
4 semester hours
Study and practice of the sound system of Spanish. This course
provides opportunities to explore the organization of the basic
sounds in Spanish and discuss the differences between English and
Spanish. Students will further develop their pronunciation abilities in
Spanish through a lab component, where they will practice phonetic
transcription and pronunciation.
Prerequisite: SPAN 3410 or consent of instructor.

SPAN 4474 Spanish of the Americas
4 semester hours
The course will begin with a review of changes in modern Spanish in
the Americas. It will provide a general introduction to the history and
structure of the varieties of Spanish spoken in the New World.
Topics to be treated will include the Peninsular origins of New World
Spanish, the influence of American languages on Spanish, the
features which characterize the different varieties of "New World"
Spanish (including U.S. Spanish), and the grammatical and lexical
features which distinguish European Spanish from that spoken in
the Americas.
Prerequisite: SPAN 3410 or consent of instructor.

SPAN 4475 Spanish of the United States
4 semester hours
This course aims to raise awareness of linguistic contact
phenomena, as well as socio-political and ideological research
issues underlying the complexity of Spanish in the U.S. Students will
be working with a variety of linguistic topics related to the analysis of
the Spanish language and its role as a minority language in the U.S.
Topics covered are linguistic variation, diglossia, historical
perspectives, attitudes towards language, and language planning.
Prerequisite: SPAN 3410 or consent of instructor.

SPAN 4489 Selected Topics in Spanish Linguistics
4 semester hours
Topics in the different subfields of Spanish linguistics and/or social
studies. May be repeated for degree credit when content varies.
Prerequisite: SPAN 3410 or consent of instructor.

SPAN 4563 Latin American Drama
4 semester hours
An introduction to and comparison of representative works written by
Latin American dramatists from a variety of historical periods,
national origins, and literary and cultural movements.
Specific course content depends on the instructor.
Prerequisite: SPAN 3510 or consent of instructor.

SPAN 4564 Latin American Novel
4 semester hours
A comparative study of representative narratives written by Latin
American, U.S. Latino/a, and/or other diasporic Spanish-speaking
authors during the 19th, 20th, and 21st centuries.
Specific course content depends on the instructor.
Prerequisite: SPAN 3510 or consent of instructor.

SPAN 4565 Latin American Poetry
4 semester hours
Survey and comparative study of Spanish language poetry of the
Americas from a variety of historical periods, national origins, and
cultural and literary movements.
Specific course content depends on the instructor.
Prerequisite: SPAN 3510 or consent of instructor.
University Core fulfilled: Flag: Engaged Learning.

SPAN 4566 Latin American Short Story
4 semester hours
A comparative and literary study of the short story as well as
representative works written by Latin American and/or Latino/a
authors from a variety of historical periods, national origins, and
literary and cultural movements.
Specific course content depends on the instructor.
Prerequisite: SPAN 3510 or consent of instructor.

SPAN 4567 Latin American Women Writers
4 semester hours
Survey and comparative study of representative works by Latin
American and/or Latina women writers from a variety of historical
d/periods, national origins, and literary and cultural movements.
Specific course content depends on the instructor.
Prerequisite: SPAN 3510 or consent of instructor.

SPAN 4582 Early Modern Spanish Drama and Poetry
4 semester hours
The course analyzes poetic and dramatic works of the early modern
period in Spain studied within their historical and cultural contexts. It
will pay particular attention to their relevance for modern and
contemporary literature.
Prerequisite: SPAN 3510 or consent of instructor.

SPAN 4583 Early Modern Spanish Narrative
4 semester hours
The course analyzes narrative texts of the early modern period in
Spain studied within their historical and cultural contexts. It will pay
particular attention to their relevance for modern and contemporary literature. 
Prerequisite: SPAN 3510 or consent of instructor.

SPAN 4584 Miguel de Cervantes and Don Quixote  
4 semester hours  
This course analyzes different texts by Miguel de Cervantes from an interdisciplinary perspective, though it will focus on his masterpiece, Don Quixote. 
Prerequisite: SPAN 3510 or consent of instructor.

SPAN 4585 Spanish Literature of the 19th Century  
4 semester hours  
Interdisciplinary analysis of representative literary works and authors of the Spanish 19th century in their historical and cultural contexts through a particular theme and from different perspectives. 
Prerequisite: SPAN 3510 or consent of instructor.

SPAN 4586 Spanish Literature of the 20th-21st Centuries  
4 semester hours  
Interdisciplinary analysis of representative literary works and authors from the Spanish 20th-21st centuries in their historical and cultural contexts through a particular theme and from different perspectives. 
Prerequisite: SPAN 3510 or consent of instructor. 
University Core fulfilled: Integrations: Interdisciplinary Connections; Flags: Information Literacy, Writing.

SPAN 4587 Federico García Lorca and His World  
4 semester hours  
The course is an in-depth interdisciplinary study of the works and person of Spanish author Federico García Lorca in its socio-historical, artistic, and cultural contexts. 
Prerequisite: SPAN 3510 or consent of instructor.

SPAN 4588 Selected Topics in Spanish Studies  
4 semester hours  
Topics in Peninsular Spanish literature and culture. May be repeated for degree credit when content varies. 
Prerequisite: SPAN 3510 or consent of instructor.

SPAN 4990 Senior Capstone Project  
1 semester hour  
Exit portfolio (for majors only). 
Credit/No Credit grading.

SPAN 4998 Special Studies  
1 TO 4 semester hours

SPAN 4999 Independent Studies  
1 TO 4 semester hours

Theatre Arts (THEA)

THEA 110 Beginning Acting  
3 semester hours  
An introduction to the interpretation of drama through the art of the actor. 
Lab fee. 
Non-majors and Theatre Arts minors only. 
University Core fulfilled: Explorations: Creative Experience.

THEA 111 Introduction to Theatre Performance  
0 OR 3 semester hours  
An introduction to the study of acting with a foundation in realism and physical actions. Emphasis is placed on a variety of critical and creative theories, and techniques to cultivate imagination, focus, and embodied creativity, self-awareness, vocal and physical range, and script analysis. Suitable for beginners and students with some performance experience. 
Lab fee. 
Theatre Arts majors only. 
University Core fulfilled: Explorations: Creative Experience.

THEA 120 Stagecraft  
3 semester hours  
An introduction to basic organization, vocabulary, materials, and techniques of the construction of scenery, the reading/execution of basic graphic documents, operation of equipment, and the creative process for performance. This class includes a basic overview of how theatres function, the relationship of designers to the process, and the connections between scenery and other craft areas like costumes, lighting, and sound. A lab fee provides practical application of techniques and methods. 
Corequisite: THEA 121.

THEA 121 Stagecraft Lab  
0 semester hours  
An application of basic modern theatrical practices in a lab format through hands-on experience in a scene shop. Course work correlates with instruction in THEA 120. 
Corequisite: THEA 120. 
Credit/No Credit grading.

THEA 124 Costume Craft  
3 semester hours  
An introduction to the basic organization, vocabulary, materials, and techniques of the construction, the operation of equipment, and creative process of costumes for performance. This course includes a basic overview of how theatres function, the relationship of designers to the process, and the connections between costumes and other craft areas like scenery, lighting, sound, and makeup. A lab fee provides practical application of techniques and methods.

THEA 126 Lighting and Sound Craft  
3 semester hours  
An introduction to the basic organization, vocabulary, materials, and techniques of lighting/sound, including the reading/execution of basic graphic documents, operation of equipment relating to light/sound craft, and the creative process for performance. This course includes a basic overview of how theatres function, the relationship of designers to the process, and the connections between lighting/sound and other craft areas like costumes and scenery. A lab fee provides practical application of techniques and methods.

THEA 210 Scene Study and Presentation
THEA 220 Introduction to Basic Scene, Lighting, and Costume Design
3 semester hours
An introduction to the basic elements of production design and its interrelation to the idea of the play. Course will examine the script and explore the development of a concept and its application in the design disciplines. Conceptual and technical drawings are produced, emphasizing clear and concise communication.
Lab fee.
University Core fulfilled: Explorations: Creative Experience.

THEA 223 Lighting Design I
3 semester hours
An introductory course which explores stage lighting design as a medium and art form focusing on its aesthetic contribution to productions of different genres, styles, and/or periods of theatre and dance. Combining the development of practical skills and imagination, this course emphasizes the application of lighting design elements and principles, research, process, and script analysis in developing lighting designs. An initial exposure to lighting technology, equipment, and safety is included. Projects require mastery of basic techniques necessary to convert visual and conceptual ideas into various presentable graphic forms. Students are assessed on their development and integration of concepts and principles into their critical and creative work, share their work with peers, and critically review productions.
Lab fee.
University Core fulfilled: Explorations: Creative Experience.

THEA 224 Scene Design I
3 semester hours
An introductory course in designing scenery for the stage. Combining the development of practical skills and imagination, this course explores the basics such as ground plan formation, research, script analysis, color, basic rendering and/or drafting, and model making techniques. Projects require mastery of basic techniques necessary to convert visual and conceptual ideas into various presentable graphic forms. Students will be assessed on their development and integration of concepts and principles into their critical and creative work, share their work with peers, and critically review productions.
Lab fee.
University Core fulfilled: Explorations: Creative Experience.

THEA 225 Basic Stage Make-up
2 semester hours
An introduction to the art and application of stage make-up required of working actors and performers. Recommended for acting students and cast members.
Lab fee.

THEA 227 Costume Design I
3 semester hours
An introductory course in designing costumes for the stage which explores the aesthetic and practical contributions of costume design to productions of different genres, styles, and/or periods in theatre. Combining the development of practical skills and imagination, this course emphasizes the application of design elements and principles, research, process, silhouette, fabric choice, and script analysis in developing costume designs for both individual characters and overall ensemble. Projects require mastery of basic techniques necessary to convert visual and conceptual ideas into various presentable graphic forms. Craftsmanship is stressed in the execution of projects. Students will be assessed on their development and integration of concepts and principles into their critical and creative work, share their work with peers, and be required to critically review productions.
Lab fee.

THEA 230 Costume History and Fashion
3 semester hours
Focusing on selected/representative eras, this course explores the evolution of costume (clothing) forms as a cultural expression of Western fashion from early civilizations through contemporary times. Costumes are studies as primary artifacts and as representative signs of socio/political/economic/aesthetic forces to reveal aspects of the daily lives of human beings living in historic eras other than and including that of the students themselves. Design elements are explored. Comparing and contrasting historical costume modes with their own allows students to reflect on the origin and effect of their own fashion/costume choices. The course examines how costume and fashion reveal both the power of conformity—even as rebellion—and the compelling drive to differentiate class, gender, and self in human societies. The course seeks to connect the emergence of specific silhouettes and modes of clothing to the methods of manufacture, trade, and social/cultural conditions of each particular era. The significance of the role of the Fashion Designer in our era is explored. Students participate in special "dress up" days to experience directly how historic forms contributed to specific identities in times other than their own. They design and present an imagined fashion collection to be worn ten years into the future in a runway show as the final exam.

THEA 240 Western Theatre History and Literature I
3 semester hours
The history of world theatre from its origins to the seventeenth century A.D. The theatre is viewed as a prism of social concerns, anxieties, and aspirations, in particular historical settings: Antiquity: Ancient Greece, Rome, and India; the Middle Ages in Europe and Asia; and Renaissance Europe and seventeenth-century Asia. Offered in the Fall semester.
University Core fulfilled: Explorations: Historical Analysis and Perspectives; Flag: Writing.

THEA 245 Western Theatre History and Literature II
3 semester hours
The history of world theatre from the eighteenth century to the present. The theatre and other performing arts traditions are viewed as a prism of social concerns, anxieties, and aspirations, in particular, historical settings: The Age of Enlightenment; the American, French, and Industrial Revolutions; the late nineteenth century and early twentieth century; the period of the World Wars, the world-wide Great Depression, and the Cold War; the end of colonialism, the rise of the Third World, and the flourishing of diversity. Offered in the Spring semester.
University Core fulfilled: Explorations: Historical Analysis and Perspectives; Flag: Writing.

THEA 247 Diversity in American Drama
THEA 249 Theatre and/as Theology
3 semester hours
This course explores theatre and drama as forms of theology, specifically Catholic theology, by considering the presence of theological meanings in plays from the medieval period to the present, as well as examining theologies that use drama and theatre as a metaphor for understanding the divine, creation, and the relationship between humanity and God.
University Core fulfilled: Foundations: Theological Inquiry.

THEA 250 Theatre Practicum: Crew
0 TO 3 semester hours
This course provides mentored hands-on experience in technical theatre through participation in construction or running crew for Theatre Arts departmental productions. May be repeated for up to 9 semester hours with a maximum of 2 semester hours in any given technical area. Theatre Arts majors/minors only.

THEA 251 Theatre Practicum: Performance
0 TO 3 semester hours
The application of actor training methods and techniques to departmental theatrical productions. May be repeated for credit up to 9 semester hours.
Audition required.

THEA 253 Playwrights Center Stage
0 TO 3 semester hours
An introduction to new play development, theory, and practice, designed for writers, actors, and technical/production managers. The course focuses on the development of new scripts through the interaction between actors and writers with the possibility of staged readings and/or workshop productions. May be repeated for credit up to 6 semester hours.
Lab fee.
Consent of instructor or Chairperson required.

THEA 266 Introduction to Camera Acting
3 semester hours
An introduction to the basics of acting for the camera. Exercises and scenes will be taped. Students will also learn basic camcorder, microphone, and lighting usage.
Lab fee.
Prerequisite: THEA 111 or equivalent experience.

THEA 298 Special Studies
1 TO 3 semester hours

THEA 299 Independent Studies
1 TO 3 semester hours

THEA 300 Theatre in Los Angeles
3 semester hours
Theatre-going and appreciation designed for the potential audience member through first-hand meetings with theatre artists and attendance at Los Angeles productions.
Lab fee.
May be repeated up to 6 semester hours.

THEA 301 Intermediate Scene Study
3 semester hours
A continuation of THEA 210, this course continues toward the development of the integration of acting skills in scene and text analysis, accessing emotional life, voice, movement, interpretation, and character development for performance. This course is a deeper and more rigorous exploration of the acting process. Theatre Arts majors/minors only.
Prerequisite: THEA 210.

THEA 312 Voice Development
3 semester hours
A course designed to free the natural voice, to develop a full vocal range, and to practice techniques towards compelling and articulate vocal expression, communication, and embodied rhetoric.

THEA 313 Reader's Theatre
1 TO 3 semester hours
This course develops the techniques for reading literature through the exploration of vocal flexibility and expression, textual interpretation and analysis, and the development of character through skillful and informed vocal choices. May be repeated for credit up to 9 semester hours.

THEA 315 Alexander Technique
3 semester hours
A course open to all majors designed to improve the relationship and use of the body, voice, and breath. Through application of the Alexander Technique, interfering habitual blocks of tension and personality are transformed for greater command over the physical and emotional instrument. Movement ease and coordination as well as improved posture are achieved through informed choices.

THEA 316 Improv for the Actor
3 semester hours
An introduction to basic improvisational techniques for use on stage or to develop character. Students learn a variety of games, techniques, and skills. May be repeated once for credit.

THEA 317 Dialects for the Stage
3 semester hours
This course teaches students how to perform a variety of dialects, such as British, Russian, German, New York, and American Southern, among others, for the purposes of stage performance.

THEA 318 Stage Combat
3 semester hours
Students study the methods and techniques of safe fight choreography for the stage. Topics include unarmed combat, sword fighting, and, when possible, safe firearms for the stage.

THEA 319 Tai Chi and Alexander Technique
3 semester hours
Students engage in the practice of both Tai Chi Chuan and Alexander Technique in order to gain greater command of the physical and emotional instrument and to remove blocks to performance.

THEA 320 Theatre in Los Angeles
3 semester hours
This course examines the theory and practice of costume, scenic, and lighting design. Rooted in a scenographic approach, the core of this course is a series of theoretical projects using all of the design...
areas to develop a point of view toward the production incorporating the manipulation of space and the body to interpret the text. Techniques such as drawing, drafting, model building, storyboards, and painting will be employed to communicate design ideas. May be repeated only when a different topic is offered. Prerequisite: THEA 220 or permission of instructor.

THEA 329 Theatre Crafts Workshop
3 semester hours
The study of specific techniques related to design for performance, such as but not limited to: Figure Drawing, Hand Drafting, Costume Construction, Millinery and Costume Crafts, Stage Management, Technical Direction, Scenic Painting. May be repeated only when a different technique is offered.

THEA 331 Classical Spirit in Drama
3 semester hours
The course examines the influence of Classicism in historical and social discourse through changing interpretations in multiple language cultures and eras. This is achieved by analysis of texts, examination of the social and historical conditions reflected in the texts, as well as the study of performances and interpretations in the twentieth and twenty-first centuries. University Core fulfilled: Flag: Writing.

THEA 336 Romantic Spirit in Drama
3 semester hours
The course examines the influence of Romanticism in historical and social discourse through changing interpretations in multiple language cultures and eras. This is achieved through analysis of texts, examination of the social and historical conditions reflected in the texts, as well as a study of performances and interpretations in the nineteenth, twentieth, and twenty-first centuries. University Core fulfilled: Flag: Writing.

THEA 339 Theories of Acting and Directing
3 semester hours
This course surveys the history of the theories about acting and directing, from Aristotle through the present.

THEA 341 Realistic Spirit in Drama
3 semester hours
An exploration of the realistic drama throughout major periods.

THEA 343 Shakespeare: Stage and Screen
3 semester hours
The course examines the influence of Shakespeare in historical and social discourse in multiple language cultures and eras. This is achieved by analysis of texts, examination of the social and historical conditions reflected in the text, as well as a study of performances and interpretations for the last three-and-a-half centuries. University Core fulfilled: Flag: Writing.

THEA 344 Catholic Spirit in Drama
3 semester hours
An exploration of the relationship between the Roman Catholic Church and drama throughout major periods, including contemporary explorations of faith through theatre.

THEA 345 Jewish Spirit in Drama
3 semester hours
An exploration of the representations of Judaism and Jews in theatre and drama, as well as the dramatization of the Jewish experience. Particular attention is paid to Yiddish Theatre, Holocaust drama, and Jewish American drama, including American adaptation of Yiddish classics.

THEA 346 Avant-Garde Spirit in Drama
3 semester hours
The course examines the influence and impact of the Avant-garde in historical and social discourse through changing interpretations in multiple language cultures and eras. This is achieved by analysis of texts, examination of the social and historical conditions reflected in the texts, as well as a study of performances and interpretations in the twentieth and twenty-first centuries. University Core fulfilled: Flag: Writing.

THEA 347 African Spirit in Drama
3 semester hours
An exploration of African theatre and theatre of the African diaspora in the United States, the Caribbean and elsewhere.

THEA 348 Asian Spirit in Drama
3 semester hours
An exploration of the Asian drama throughout major periods.

THEA 349 Hispanic Spirit in Drama
3 semester hours
An exploration of theatre of the Spanish language in the Western Hemisphere and in Europe, as well as theatre of the Latin traditions in the United States.

THEA 351 Theatre Practicum: Performance
3 semester hours
The application of actor training methods and techniques to departmental productions. May be repeated for credit up to 9 semester hours. Lab fee. Audition required. Consent of instructor required.

THEA 361 Acting: Method and Technique
3 semester hours
A hands-on exploration of varied approaches toward actor training and the development of individual approaches toward working with a text in preparation for performance. Lab fee. Theatre Arts majors/minors only. Consent of instructor required. Prerequisites: THEA 110 or THEA 111, THEA 210.

THEA 366 Acting for the Camera
3 semester hours
This course builds on basic camera acting knowledge and experience through various filmed exercises and scenes. Lab fee. Theatre Arts majors/minors only. Consent of Co-Chairperson and instructor required. Prerequisite: THEA 266.

THEA 369 Stage Management
3 semester hours
An advanced course in the skills, duties, and practices of Production Stage Managers in the contemporary theatre. All phases of production are examined from both theoretical and real world models including those from educational, regional, and Broadway
theatres. A practical experience in stage managing is also incorporated.

THEA 370 Directing for the Theatre I
3 semester hours
This course examines and practices basic elements of stage direction. Students will explore script analysis from a director's point of view, develop and practice effective communication with actors and designers, and learn to identify elements of direction that communicate story, theme, and concept. Theatre Arts majors/minors only. Prerequisites: THEA 111 and THEA 120.

THEA 371 One Act Play Production
3 semester hours
This course examines and practices the elements of producing and directing one act plays, including selection of material, performing and directing short dramas, culminating in a student-directed one act festival at the end of the semester. Theatre Arts majors/minors only. May be repeated for degree credit up to 9 semester hours as long as course content is different. Prerequisite: THEA 111.

THEA 376 Student-Directed Plays
3 semester hours
Students direct and act in fully-produced workshop productions of plays. This collaborative class creates and performs a bill of shows tailored to student's passions, aptitudes, and interests.

THEA 381 Voices of Justice
3 semester hours
An oral histories writing and performance course which includes meeting and interviewing members of advocacy agencies associated with various social justice issues. Students will select from such topics as: homelessness, human trafficking, immigration, restorative justice, among others, in various semesters. Working in project teams, students will interview agency staff/clients, transcribe, and dramatize the original research, culminating in a presentation of the stories as dramatized narratives. May be repeated for credit up to 6 semester hours. University Core fulfilled: Integrations: Interdisciplinary Connections; Flags: Engaged Learning, Writing.

THEA 398 Special Studies
1 TO 3 semester hours

THEA 399 Independent Studies
1 TO 3 semester hours

THEA 400 Playwriting
3 semester hours
An introduction to the techniques of writing one-act plays for the theatre.

THEA 401 The Creative Process
3 semester hours
This course is designed to guide development in a wide range of substantial creative writing projects including the exploration of music, literature, and art that correlate to a specific theatrical project, requiring research and interviews with professionals in the chosen field of study. May be repeated once for degree credit. Consent of Co-Chairperson or instructor required.

THEA 410 Advanced Scene Study
3 semester hours
A concentrated approach to advanced scene analysis, with emphasis on working with styles of performance such as classical/rhetoric-based texts, texts from the theatre genres/performance styles. Theatre Arts majors/minors only. Prerequisite: THEA 210.

THEA 412 Movement for Actors
3 semester hours
The exploration of the acting process through the use of the body, and how an unblocked natural physical connection can expand range, versatility, and full range of expression. Theatre Arts majors/minors only. Consent of instructor required. Prerequisites: THEA 111 and THEA 112.

THEA 413 Devised Ensemble Theatre
3 semester hours
An introduction and exploration of various contemporary ensemble devising methods towards the creation of new works for the stage. Through research, writing, physical theatre, and workshop techniques, students will develop the tools to collectively conceive, develop, and present original theatrical work. May be repeated once for degree credit. Theatre Arts majors only. Consent of instructor required. Prerequisites: THEA 111 and THEA 112.

THEA 420 Advanced Theatre Design Seminar
3 semester hours
Some area of advanced design is emphasized and studied in depth. Topics may include Set, Costume, Lighting, Sound, Make-up, Digital and/or Projection, and other relevant design fields. May be repeated twice for credit only when a different design topic is studied.

THEA 421 Design III
3 semester hours
This course is an advanced study of all the design areas. Students will research, create, communicate, present, and implement the design of a production within the department season. Drawing, drafting, model building, storyboards, and painting will be employed. All students in design roles within the department must register for this class. May be repeated only when a different topic is offered. Prerequisite: THEA 325 or permission of instructor.

THEA 425 Scene Painting
3 semester hours
This course is a guide to the tools and techniques used in modern scene painting. Consent of instructor required. Corequisite: THEA 427.

THEA 427 Scene Painting Lab
0 semester hours
Basic scene painting techniques and practices are demonstrated and applied in full scale painting projects. Lab fee covers cost of brushes, paint, and material. Paint clothes required. Corequisite: THEA 425.

THEA 430 Special Author/Genre Seminar
THEA 435 Special Period Seminar
3 semester hours
Study of 20th Century American Drama, American Drama through the 19th Century, Modern British Playwrights, 17th and 18th Century Comedy, or other topics in theatre history.
May be repeated only when a different topic and/or period is studied.

THEA 450 Theatre Practicum: Crew
0 TO 3 semester hours
Students are instructed and mentored as they assume positions of managerial or creative responsibility and/or leadership in mounting departmental productions.
May be repeated for credit up to 9 semester hours.
Theatre Arts majors/minors only.
Prerequisite: THEA 250.

THEA 451 Theatre Practicum: Performance
0 TO 3 semester hours
This application of further developed actor training methods and techniques in departmental theatrical productions.
May be repeated for credit up to 9 semester hours.
Lab fee.
Audition required.

THEA 453 Playwrights Center Stage
0 TO 3 semester hours
A theory and performance course in new play development methods. Practice and participation as writers, actors, and production managers/assistants or new play interns in staged readings and/or workshops.
May be repeated for degree credit up to 6 semester hours.
Consent of instructor required.

THEA 461 Acting: Special Genre
3 semester hours
An exploration of advanced acting techniques for particular genres such as musical theatre, comedy of errors, Shakespeare, Chekhov.
May be repeated for degree credit up to 9 semester hours as long as course content is different.
Theatre Arts majors/minors only.
Consent of instructor required.

THEA 463 Acting: Auditions and Cold Reading
3 semester hours
A course in the development and practice of cold-reading, audition, and interview techniques/skills necessary to obtain professional work in the performing arts. Students will develop an effective and organized business approach toward their careers by learning how to market their talent, develop a professional portfolio, necessary for the audition and interview process.
Lab fee.
Theatre Arts majors/minors only.
Consent of instructor required.

THEA 467 Career Development
3 semester hours
An overview of current trends in casting toward professional work in theatre, television, and film with visits from professional artists such as agents, managers, actors, casting directors, and the possibility of participation in a professional showcase.

Lab fee.
Theatre Arts majors only.
Consent of Co-chairperson and instructor required.

THEA 490 Senior Thesis Project
3 semester hours
Preparation and presentation of performance or research thesis.
Theatre Arts majors only.
Consent of instructor required.

THEA 491 Surviving as an Artist
1 semester hour
This course builds an understanding of the unique requirements and challenges that life as an artist in our society presents. Students will be introduced to many aspects of the artistic life, including but not limited to personal finance, unions, professional conduct, and how to develop and sustain career opportunities.
Theatre Arts majors/minors only.
Credit/No Credit grading.

THEA 498 Special Studies
1 TO 3 semester hours

THEA 499 Independent Studies
1 TO 3 semester hours

Theological Studies (THST)

THST 1000 Hebrew Bible/Old Testament: Theology, History, Interpretation
4 semester hours
The Hebrew Bible/Old Testament introduces the foundational stories and traditions for Judaism, Christianity, and arguably, also Islam.
This course is a predominantly history based survey and introduction to the literature of the Old Testament/Hebrew Bible (in English) where students will encounter not only memorable stories, but provocative prophets, beautiful poetry, stirring stories, and ancient wisdom.
University Core fulfilled: Foundations: Theological Inquiry.

THST 1010 New Testament Contexts
4 semester hours
This course introduces students to the New Testament writings in their historical, literary, social/political, and religious contexts.
Students will learn various methodological approaches to the study of the New Testament, as well as consider the history of interpretation and the role of modern social-location in the interpretive process.
University Core fulfilled: Foundations: Theological Inquiry.

THST 1011 The Meaning of God: Biblical Reflections in Modern Perspective
4 semester hours
Drawing on prominent biblical themes (creation, covenant, human sin, redemption, exile and return, prophetic witness, the Spirit/Wisdom of God, the mystery of a crucified messiah, etc.), this course traces the twists and turns of the biblical narratives as the basis for theological reflection on human existence in relation to the divine.
University Core fulfilled: Foundations: Theological Inquiry.

THST 1012 Moses, Marx, Messiah
4 semester hours
Reading Jesus through Moses plants the seeds of Jesus as
Revolutionary Teacher in human history. Once we establish a Biblical social Radicalism in a reading of Moses and Jesus as Messiah, this course goes on to examine examples in Christian history of revolutionary Christian movements for change that were deeply rooted in Biblical ethics. Some of these movements came into dialogue with Marxism in the 20th Century, creating significant examples of dialogue such as Liberation Theology and European Christian-Marxist dialogue. What will revolutionary Christian movements look like in the 21st Century? University Core fulfilled: Foundations: Theological Inquiry.

THST 1020 American Catholicism  
4 semester hours  
This course is an examination of Catholics' search for transcendent meaning throughout the history of the United States. It examines the way Catholicism has formed in a historically Protestant land from its diverse colonial origins (Spanish, French, and English) through successive waves of immigration to today's multicultural context. University Core fulfilled: Foundations: Theological Inquiry.

THST 1030 Exploring the Catholic Theological Tradition  
4 semester hours  
This course will introduce the structure, teachings, and practices of the Catholic tradition, including key historical, theological, and practical contours in dialogue with contemporary questions. University Core fulfilled: Foundations: Theological Inquiry.

THST 1031 Eastern Orthodox Theology  
4 semester hours  
This course introduces students to the primary theological teachings of the Eastern Orthodox Church. The course explores theology through written sources and the lived tradition of Orthodox communities and treats topics such as life and death, sin, religious identity, the meaning of community, saints, Mary, iconography and music, postmodernity, and growing close to God. University Core fulfilled: Foundations: Theological Inquiry.

THST 1040 Christian Liturgy, Prayer, Sacrament  
4 semester hours  
This course explores how Christian liturgy, prayer, and sacraments reveal what Christians believe and how they understand and relate to God by closely examining select ritual practices. The course will provide an overview of liturgy, personal and communal prayer, and sacramental celebrations. University Core fulfilled: Foundations: Theological Inquiry.

THST 1050 In Search of a Way: Spirituality, Faith, and Culture  
4 semester hours  
This course will introduce students to the meaning and significance of spiritual practice in its distinctively Christian expressions and expressions associated with other traditions. The focus of the course is on "lived religion" - the embodied, eclectic and often improvisational character of spiritual experience, both collective and individual. It also seeks to understand the critical role of practice in shaping spiritual meaning and identity. University Core fulfilled: Theological Inquiry.

THST 1060 God and the Good: An Introduction to Christian Ethics  
4 semester hours  
This course provides a broad survey of foundational texts and ideas that have contributed - and continue to contribute - to the vast, diverse, and living body of moral thinking that constitutes "Christian Ethics." University Core fulfilled: Foundations: Theological Inquiry.

THST 1080 Comparative Theology  
4 semester hours  
This course takes a comparative approach to theological inquiry, examining fundamental religious questions in relation to two or three religious traditions (one of them being Christianity). The course emphasizes comparative analysis of primary religious sources and focuses on how diverse religious approaches to questions of ultimate concern might be mutually illuminative. The course also includes interactive encounters with practitioners of the religious under consideration. University Core fulfilled: Foundations: Theological Inquiry.

THST 1500 World Religions of Los Angeles  
4 semester hours  
This course is an introduction to the academic study of religion and of world religions, and to the religious traditions of Hinduism, Buddhism, Confucianism, Judaism, Christianity, and Islam, and other current religious trends. Special emphasis is placed upon how these religious traditions have emerged within the context of Los Angeles, how they have changed, grown, and adapted to their new surroundings. University Core fulfilled: Foundations: Studies in American Diversity.

THST 1501 Queering Race, Religion, and Ethnicity  
4 semester hours  
This course will explore the intersections of race, religion, and ethnicity from perspectives evolving from the field of Queer Theory and grounded in the experiences of LGBT persons/communities. The course examines historical, political, social, and religious dimensions associated with the emergence of LGBT realities. University Core fulfilled: Foundations: Studies in American Diversity.

THST 1502 Christianity and Native America  
4 semester hours  
Christianity has been at the root of incredible suffering of indigenous peoples in the Americas, but it is also the source of great inspiration and resistance to oppression for many Native Americans as well. In this course, which involves an actual train journey from Los Angeles to Albuquerque and back (making important stops along the way), we will explore the centuries of Christian contact with Native peoples - the bad and the good. Two weeks of class on campus, and then a one-week train journey (no extra charges - costs of train trip included in tuition). Summer only. University Core fulfilled: Foundations: Studies in American Diversity.

THST 1998 Special Studies  
1 TO 4 semester hours  

THST 1999 Independent Studies  
1 TO 4 semester hours  

THST 2998 Special Studies  
1 TO 4 semester hours  

THST 2999 Independent Studies  
1 TO 4 semester hours  

THST 3020 Late Antique and Medieval Western Christianity  
4 semester hours  
This course provides an introduction to aspects of Christian thought and practice from the first centuries through the late Middle Ages. We study the emergence of Christianity in the Roman empire, the rise of Christianity in late antiquity as well as early- and late-medieval expressions of Western Christianity.
University Core fulfilled: Explorations: Historical Analysis and Perspectives.

**THST 3021 The History of Christianity from the Middle Ages to the Present**
4 semester hours
This course traces central themes and developments within Christian thought and practice from the Middle Ages to the present. With a special emphasis on Western Christianity, the course examines major themes, which may include: church and empire; power and authority; monasticism; asceticism, and the concept of sanctity; the development of Christian theologies and tensions between heresy and orthodoxy; religious order; mysticism; reform and reformation; councils; feminist and liberation theologies.
University Core fulfilled: Explorations: Historical Analysis and Perspectives.

**THST 3022 Women in Christian History**
4 semester hours
This course examines the changing roles and perceptions of women in Christian history from its incipience to the 21st century. It highlights the impact of women’s voices on the development of Christian thought and practice. This course puts into dialogue historical sources about and by women with contemporary readings and critiques.
University Core fulfilled: Explorations: Historical Analysis and Perspectives.

**THST 3100 Judaism: Religion, History, Culture**
4 semester hours
This course will explore central aspects of Judaism from ancient to modern times (up to the beginning of the 20th century). It will focus on select texts and works of art, which mark significant moments in Jewish thought and practice. By examining Jewish text and art, students will learn how Judaism developed through negotiations with the traditions of the past as well as with the changing conditions of the present.
University Core fulfilled: Explorations: Historical Analysis and Perspectives.

**THST 3200 Prophecy and Bible in New Zealand**
4 semester hours
New Zealand is not only one of the most beautiful countries in the world—but one of the most fascinating. In this course, students will be introduced to the Prophets of the Old Testament but then explore how the Maori (the indigenous people of New Zealand) uniquely engaged the Prophetic tradition of the Bible as they embraced Christianity. Maori Prophets arose in the 19th Century, modeled heavily on the Biblical Prophets, and these Prophets led fascinating and inspiring movements that continue to inspire the Maori (and those of us who learn about them) to this day. Summer Only—New Zealand Study Abroad course.
University Core fulfilled: Integrations: Faith and Reason.

**THST 3210 Apostle Paul: Then and Now**
4 semester hours
An examination of the life and letters of Paul, with attention to the social, historical, literary, and theological contexts in which he lived and worked. The course also addresses contemporary issues in the interpretation of Paul’s letters.
University Core fulfilled: Integrations: Faith and Reason.

**THST 3211 Jesus in Gospel and Film**
4 semester hours
An exploration of various portraits of Jesus in the Gospels, the identity of the historical Jesus, and contemporary interpretations of Jesus in various films.
University Core fulfilled: Integrations: Faith and Reason.

**THST 3220 Eastern Christian Traditions**
4 semester hours
This course surveys Eastern Christian theological traditions by studying the history, theology, and practices of Oriental Orthodoxy, the Eastern Orthodox Church, and Eastern Catholic churches. Topics of more intense study will include the emergence of monasticism and its contribution to spirituality, Eastern liturgical and iconographic practices, surveys of ancient and contemporary hagiography, the Eastern views on Christology, the Church (ecclesiology), and the laity (marriage and moral theology), the ecumenical relationships among the Eastern churches, and between Eastern churches and the Roman Catholic Church.
University Core fulfilled: Integrations: Faith and Reason; Flags: Engaged Learning, Writing.

**THST 3221 Greek Orthodox Tradition**
4 semester hours
This course approaches the study of the Greek Orthodox Church, also known as the Orthodox Church or Byzantine Christianity, from the theological, historical, cultural, and artistic perspectives. Students will study the Greek Orthodox Tradition in the context of the history of Roman, Byzantine and Ottoman Empires and the political and cultural changes in those years.
University Core fulfilled: Integrations: Faith and Reason.

**THST 3222 European Christianity: Schism, Reform, and Ecumenical Dialogue**
4 semester hours
This course focuses on the theological, historical, cultural, and political factors that have shaped the European Christian communities. The course addresses theological questions in light of divergent perspectives about the authority and interpretation of Scripture, the authority of tradition and the Church, the meaning of individual and communal religious experience, and the prospects for ecumenical dialogue.
University Core fulfilled: Integrations: Faith and Reason.

**THST 3223 Mystics and Heretics**
4 semester hours
This course explores the construction of otherness as it is related to divergent visions of authentic imitation of Christ and experiences of the presence of God. Spanning from late antiquity to the present, the course studies, among others, Augustine, Francis and Clare of Assisi, the Waldensians, the Humiliati, Meister Eckhart, Julian of Norwich, Thomas Merton, Leonardo Boff, Dorothy Day and the Catholic Worker movement, and the IHM sisters.
University Core fulfilled: Integrations: Faith and Reason; Flags: Engaged Learning, Writing.

**THST 3230 Jesus, Kingdom, Church**
4 semester hours
The course will focus on Christology from two perspectives, the Jesus of history, recovered through critical, historical investigation, and the Christ of faith as the person and work of Jesus is understood in light of Christian faith. The contemporary optic considers salvation, mission, and Church.
University Core fulfilled: Integrations: Faith and Reason; Flag: Information Literacy.

**THST 3231 Catholicism after Vatican II**
THST 3232 U.S. Latin@ Theology
4 semester hours
Rooted in the experiences of contemporary Latin@ communities living in the United States, this course explores the unique contributions and challenges presented by the embodiment of Christian theology with a Latin@ flavor.
University Core fulfilled: Integrations: Faith and Reason.

THST 3233 Merton and Day
4 semester hours
A seminar on two outstanding twentieth century Catholics, both converts: Trappist monk Merton popularized an engaged contemplation, Dorothy Day co-founded the Catholic Worker Movement and is responsible for the development of modern Catholic social radicalism.
University Core fulfilled: Integrations: Faith and Reason; Flag: Engaged Learning.

THST 3234 The Last Things
4 semester hours
This course engages a variety of perspectives on "The Last Things" or, Eschatology. Readings engage biblical, global, feminist, philosophical, and cultural issues in eschatology. In particular, we will examine why the 20th century has been called "the century of eschatology."
University Core fulfilled: Integrations: Faith and Reason.

THST 3235 Atheism
4 semester hours
Theology, as it relates to modern atheism, asks the following central questions: Is atheism a negative and nihilistic belief? Is it characterized by a rejection of values? Is it a thorough rejection of religion? Is atheism solely a modern phenomenon of a scientific mindset? What is its case against theism? Can a moral case be made for atheism? What kind of philosophical arguments does atheism employ? Is it only present in Christian contexts? What are some Christian responses to atheism?
University Core fulfilled: Integrations: Faith and Reason.

THST 3236 God and the Human Experience
4 semester hours
This course examines the modes of discourse, levels of reflection, and diverse experiences of individuals and communities in the search for God.
University Core fulfilled: Integrations: Faith and Reason.

THST 3237 Sex and the City of God
4 semester hours
This course examines discourse on body and sexuality in different religious traditions with a special emphasis on Christianity. Employing a variety of theological methods, the course probes gender theories, theologies of the body, and perspectives on sexuality in pertinent primary and secondary sources.
University Core fulfilled: Integrations: Faith and Reason; Flag: Writing.

THST 3238 Theology and Science
4 semester hours
This course engages the meaning, methods, and implications of sustained dialogue between theology and science. Exploring the development of the scientific method and its challenges for traditional theological discourse and religious symbols, the course compares and contrasts four views of science and religious: Conflict; Independence; Dialogue; Integration.
University Core fulfilled: Integrations: Faith and Reason.

THST 3239 Christian Holiness: Being Human, Becoming God
4 semester hours
This class will study Christian notions of sanctity in the Catholic, Orthodox, and Protestant traditions. The concept of "the communion of saints" will be explored both in formal academic theological reflection but also by means of reference to the genres of hagiography and to the writings of canonized saints and other exemplary figures.
University Core fulfilled: Integrations: Faith and Reason.

THST 3240 Water, Word, and Wine
4 semester hours
This course will explore how Christian sacraments reveal what Christians believe and how they understand and relate to God by closely examining select ritual practices. We will explore rituals such as Baptism and Eucharist, and attempt to articulate their meaning by defining symbols such as water, food, oil, and the role of the body in worship. We will consider how ritual participation reveals a Christian's relationship with God and the human community, and how worship shapes daily Christian life and identity.
University Core fulfilled: Integrations: Faith and Reason; Flags: Engaged Learning, Writing.

THST 3241 Meeting Christ in Faith and Art
4 semester hours
A study of the ways Christianity has formed and explored the figure of Jesus Christ interlaced with creative expressions in multiple art forms.
University Core fulfilled: Integrations: Faith and Reason.

THST 3242 Faith and the Management Profession
4 semester hours
This course immerses students into a critical theological reflection on the business profession as a vocation serving the global and local communities. The tripartite structure consists of studying the theology of the priesthood of the people, examining Catholic magisterial teaching on faith and business, and reflecting on how the Christian vocation of management applies to daily work dynamics.
University Core fulfilled: Integrations: Faith and Reason.

THST 3250 Psychology, Spirituality, Transformation
4 semester hours
This course will explore two related questions: 1) What constitutes optimal human growth and development from the perspectives of both psychology and Christian spirituality? and 2) What constitutes a holistic Christian spirituality that integrates wholeness and holiness?
University Core fulfilled: Integrations: Faith and Reason.

THST 3251 Practice of Everyday Life
4 semester hours
A critical examination of ordinary practices of everyday life as a source for spiritual knowledge and social-political transformation.
University Core fulfilled: Integrations: Faith and Reason; Flag: Engaged Learning.

THST 3252 Orthodox Christian Spirituality
4 semester hours
This course will introduce students to the rich spiritual tradition of Eastern Orthodox Christianity. Students will examine principles of spiritual development and various dimensions of spirituality from the time of the desert fathers and ancient monastic traditions to the present.
University Core fulfilled: Integrations: Faith and Reason.

THST 3260 Thinking Well, Doing Right
4 semester hours
This course will examine how different theories of knowledge influence and determine what constitutes and motivates "right action." The course will seek to go beyond current competing ideas of justice (e.g., the primacy of equality vs. the primacy of freedom) to identify and analyze the epistemological presuppositions underlying those conceptions.
University Core fulfilled: Integrations: Faith and Reason.

THST 3261 Voluntary and Involuntary Poverty
4 semester hours
This course will explore the phenomenon of "being poor" in different religious and non-religious contexts with the goal of understanding how poverty can both undermine and advance the human good. The course will examine what human good(s) poverty violates and what justifies those goods as "goods," especially in light of the claim—present in many religious traditions, and, especially, the Catholic monastic tradition—that poverty, properly understood, can constitute a good itself.
University Core fulfilled: Integrations: Faith and Reason.

THST 3270 Local Faith Communities in U.S. Society
4 semester hours
This course, which includes a writing flag, critically examines the role of local faith communities in the United States through a combination of social scientific study and theological reflection. The course will emphasize Roman Catholic parishes but will also look at mainline Protestant, Evangelical, and Pentecostal communities with some comparison to Jewish and Muslim congregations as well.
University Core fulfilled: Integrations: Faith and Reason; Flag: Writing.

THST 3271 Ministry and Pastoral Leadership
4 semester hours
This course - which includes both an oral presentation and engaged learning flag - invites students into the examination and the practice of Christian (especially Roman Catholic) pastoral ministry and leadership, including exploration of the relationship between ministry and personal transformation, human suffering, the secularization of society, social justice, and intercultural and interreligious relationships. All students will be required to engage in 24 hours of service in a faith community of their choice throughout the semester.
University Core fulfilled: Integrations: Faith and Reason; Flags: Engaged Learning, Oral Skills.

THST 3280 Pop Hinduism
4 semester hours
This course brings together critical theory and Hindu theology in order to examine the representation of Hinduism in American popular culture and assess how American popular culture has portrayed Hinduism in creative and sometimes problematic ways. Students analyze the relationship between theology and culture, employ the academic disciplines of theology and popular culture studies, examine the diverse theological traditions of Hinduism, evaluate popular representations of Hinduism, and appreciate the extent to which Hinduism has become a part of American popular culture.
University Core fulfilled: Integrations: Faith and Reason; Flags: Information Literacy, Writing.

THST 3281 Islam in America
4 semester hours
This course provides an introduction to Islam and a detailed understanding of Islam in the American context. It examines the history of American Islam that goes back to the transatlantic slave trade and discusses how American Muslims have helped in the construction of what it means to be "American."
University Core fulfilled: Integrations: Faith and Reason; Flags: Oral Skills, Writing.

THST 3282 Buddhism
4 semester hours
This course will investigate the historical origins and theological developments of Theravada, Mahayana, and Vajrayana Buddhism, and also explore Buddhism in America.
University Core fulfilled: Integrations: Faith and Reason; Flags: Engaged Learning, Writing.

THST 3283 Hinduism, Jainism, Yoga
4 semester hours
This course will examine key ideas from the Vedas and Upanisads, the ethics of Jainism, and the spiritual practices of Yoga.
University Core fulfilled: Integrations: Faith and Reason; Flags: Engaged Learning, Writing.

THST 3284 Sikhism
4 semester hours
This course will investigate the emergence of Sikhism, the fifth largest religion of the world, through a study of its ten gurus and its key theological tenets.
University Core fulfilled: Integrations: Faith and Reason; Flags: Engaged Learning, Writing.

THST 3285 Women and Religion
4 semester hours
This course utilizes feminist theory and theology to analyze the religions of the world as they affect and are affected by women.
Students examine the key religious beliefs and practices to the oppression and liberation of women, employ feminist theory to analyze those beliefs and practices, and appreciate the roles that women play in shaping and re-shaping their religious traditions.
University Core fulfilled: Integrations: Faith and Reason; Flags: Information Literacy, Oral Skills.

THST 3286 Religion and (Non) Violence
4 semester hours
This course draws on theology and peace and conflict studies in order to understand the relationship between religion and violence.
Students examine theories of religious violence, analyze how religions have understood and enacted either violence or nonviolence, and assess the role of religion in peacebuilding.
University Core fulfilled: Integrations: Faith and Reason.

THST 3560 Punishment and Mercy
4 semester hours
Engaging theological, philosophical, and legal thinkers, this course will explore the many theoretical and practical difficulties which arise in attempting to reconcile an effective and just system of social punishment with the virtue of mercy.
University Core fulfilled: Integrations: Ethics and Justice; Flags: Information Literacy, Oral Skills.
THST 3561 Christian Marriage and Sexuality
4 semester hours
This course explores theological perspectives on love, marriage, sexuality, and family. It constructively engages issues such as artificial birth control, divorce, cohabitation, same-sex marriage, and IVF and places diverse theological positions in conversation with other disciplines and contemporary contexts.
University Core fulfilled: Integrations: Interdisciplinary Connections.

THST 3562 God and the Political Order
4 semester hours
This course examines the relationship between beliefs about the nature of God and the human good and the justifications for, and character of, different kinds of political orders.
University Core fulfilled: Integrations: Interdisciplinary Connections; Flag: Writing.

THST 3563 Love and Justice
4 semester hours
This course explores central themes, thinkers, methodologies, and topics in Christian ethics principally around the themes of justice and love. The course engages in a critical analysis of love and justice with respect to theories about justice and basic goods and with respect to case studies such as bioethics, sexual ethics, ethics and politics, war and peace, and ethics, race, and culture.
University Core fulfilled: Integrations: Ethics and Justice; Flag: Writing.

THST 3740 The Lord's Supper: Historical, Theological, and Ethical Perspectives
4 semester hours
This course will critically engage the historical, theological, and ethical dimensions of the Eucharist. The historical overview and ensuring theological exploration will focus on particular Eucharistic issues that have implications for virtue and justice, power and privilege, and cultural conditions.
University Core fulfilled: Integrations: Interdisciplinary Connections.

THST 3741 Religion and Film
4 semester hours
This course is as much about the use of film to study religion as it is about the use of religion to study film. In other words, we will use different films to facilitate discussion about various dimensions of issues in religion, and we will use images, metaphors, and teachings found in religion to discuss the layers and elements portrayed on screen.
University Core fulfilled: Integrations: Interdisciplinary Connections; Flag: Writing.

THST 3750 Into the Desert
4 semester hours
An exploration of the desert as a root metaphor for deep spiritual experience and place of social, political struggle.
University Core fulfilled: Integrations: Interdisciplinary Connections; Flag: Engaged Learning.

THST 3751 Sacred Place
4 semester hours
An examination of the significance of place and place-making in the development of personal, cultural, and spiritual identity.
University Core fulfilled: Integrations: Interdisciplinary Connections.

THST 3752 Contemplatives in Action: Psychology, Spirituality, and Liberation
4 semester hours
An exploration of how contemplative practice can deepen and give meaning to ordinary human existence.
University Core fulfilled: Integrations: Interdisciplinary Connections.

THST 3780 World Religions and Ecology
4 semester hours
This interdisciplinary service learning course will explore how religious ideas and practices can respond to the contemporary environmental crisis.
University Core fulfilled: Integrations: Interdisciplinary Connections; Flag: Engaged Learning.

THST 3781 Death and Dying in the World's Religions
4 semester hours
This course is a cross-cultural look at death and dying in several different religious traditions (Hinduism, Buddhism, Judaism, Christianity, Islam, and Primal [Native] traditions). We will also examine common themes in these different traditions, and how they help us to understand the lives and deaths of women, children, and men.
University Core fulfilled: Integrations: Interdisciplinary Connections; Flag: Writing.

THST 3782 The Architecture of Politics and Religion: Theories of Civic and Sacred Space
4 semester hours
This course examines architecture as an important factor in the formation of social and political order. It explores the rich interface between the built environment and its civic and religious orders from an interdisciplinary perspective, engaging with theories of politics, religion, and architecture.
University Core fulfilled: Integrations: Interdisciplinary Connections.

THST 3998 Special Studies
1 TO 4 semester hours

THST 3999 Independent Studies
1 TO 4 semester hours

THST 4010 Gospel of Mark
4 semester hours
A comprehensive verse by verse exegesis of the Gospel of Mark. Students will situate the Gospel of Mark within the Early Christian genre of gospel and place it in conversation with the other Synoptic Gospels.
THST majors/minors only.

THST 4011 New Testament Theology
4 semester hours
An examination of various historical, literary, theological, and ethical issues in the interpretation of the New Testament, especially the Gospels and the Pauline epistles.
THST majors/minors only.

THST 4020 Early Christian Theology
4 semester hours
A study of the development of Christian theology from the Apostolic Fathers through the period of the Cappadocians to the era of Jerome and Augustine.
THST majors/minors only.

THST 4021 Medieval Religious Thought and Practice
THST 4035 Dante's *Divine Comedy*
4 semester hours
An exploration of Dante's vision of hell, purgatory, heaven and humanity in Dante's *Divine Comedy* through a close reading of the text in translation. We highlight the theological significance of Dante's work and its literary and political aspects.
THST majors/minors only.

THST 4040 Eucharistic Theology
4 semester hours
An in-depth study of the theology of the Eucharist from an ecumenical perspective, highlighting the teaching of the Roman Catholic Church.
THST majors/minors only.

THST 4041 The Art and Theology of the Icon
4 semester hours
The course traces the origins of Christian iconography, examining the theological controversies which shaped the icon tradition, leading students to read the subtle and rich theological messages encoded in these mysterious images.
THST majors/minors only.

THST 4050 Topics in Christian Spirituality
4 semester hours
A survey of key persons and movements in the history of Western Christian spirituality.
THST majors/minors only.

THST 4051 Ignatian Spirituality
4 semester hours
A study of the spirituality of Ignatius of Loyola based on a close reading of his Spiritual Exercises and contemporary writings on Ignatian themes.
THST majors/minors only.

THST 4052 Heresy and Mysticism
4 semester hours
An examination of medieval heretics' and mystics' contribution to the richness of their traditions. This class emphasizes issues of gender, authority, class, and culture, tracing developments of heresy and mysticism from late antiquity through the Middle Ages.
THST majors/minors only.

THST 4060 Christian Ethics and Social Responsibility
4 semester hours
This course critically examines biblical, theological, and ethical texts related to social responsibility in light of contemporary issues.
THST majors/minors only.

THST 4061 Christian Ethics and HIV/AIDS
4 semester hours
This course analyzes how distinct approaches and sources in Christian ethics, including elements of scripture, tradition, sexual ethics, virtue ethics, and social ethics interact as they relate to confronting the AIDS crisis.
THST majors/minors only.

THST 4062 Topics in Theological Ethics
4 semester hours
An exploration of the history and methods of theological ethics with analysis of contemporary moral issues.
THST majors/minors only.

THST 4070 Ministry to Youth and Young Adults
4 semester hours
The course examines the theory and practice of ministry with and for youth and young adults, with emphasis on faith development, community building, justice and service education, advocacy, and guidance of youth and young adults.
THST majors/minors only.

THST 4080 Topics in Comparative Theology
4 semester hours
Multiple religious perspectives will be utilized in this course to explore one or more topics of theological concern, such as violence and nonviolence, myth and symbol, modes of spirituality, images of God, and/or multicultural religious presence in Los Angeles.
THST majors/minors only.
THST 4081 Islam in the Modern World
4 semester hours
An introduction to the contemporary Islamic religious tradition, including Muslim approaches to modernity, major reformers of Islam in the modern world, Muslim feminism, and the role of Islam in North America.
THST majors/minors only.

THST 4082 Hindu and Jaina Theology
4 semester hours
In this course we study in depth primary sources of these two traditions, including the Rig Veda, the Upanisads, the Yoga Sutra, and the Tattvarthasutra.
THST majors/minors only.

THST 4090 Major Theological and Religious Thinker
4 semester hours
An examination of the theological work of one major thinker, studying the work both as an integrated theological statement and as a part of continuing theological dialogue.
This course may be repeated for credit.
THST majors/minors only.

THST 4091 Major Theological and Religious Theme
4 semester hours
The course stresses the integration of the various dimensions and methods of Theological Studies.
Senior standing required.
THST majors and minors only.

THST 4998 Special Studies
1 TO 4 semester hours

THST 4999 Independent Studies
1 TO 4 semester hours

THST 6000 Foundations of Old Testament Theology
3 semester hours
This course examines central issues in the interpretation of the Hebrew Bible, with attention to sociological, historical, literary, and theological dimensions of the Hebrew Bible, as well as the methodology of interpretation.

THST 6010 Foundations of New Testament Theology
3 semester hours
This course presents critical issues in current biblical interpretation of the New Testament. In particular, attention is given to the significance of historical, literary, social, and theological aspects of the New Testament writings, as well as to contemporary interpretive methodologies and the pastoral dimensions of interpretation.

THST 6011 Gospel of Matthew
3 semester hours
This course examines the historical, literary, and theological contexts of the Gospel of Matthew, in conversation with modern theological issues and method.

THST 6012 Gospel of Mark
3 semester hours
This course examines the historical, literary, and theological contexts of the Gospel of Mark, in conversation with modern theological issues and method.

3 semester hours
This course examines the historical, literary, and theological contexts of Luke-Acts, in conversation with modern theological issues and method.

THST 6014 Gospel of John
3 semester hours
This course examines the historical, literary, and theological contexts of the Gospel of John, in conversation with modern theological issues and method.

THST 6015 Topics in the Gospels
3 semester hours
This course explores aspects of contemporary studies of the Gospels, focusing on one of the canonical Gospels and its relations to other canonical and non-canonical Gospels, with attention to the search for the historical Jesus, the investigation of the Evangelist's communities and traditions, and later theological appropriations of the Gospels.
This course may be repeated for credit.

THST 6016 Paul the Apostle
3 semester hours
This course explores the life and letters of Paul in their historical, literary, social, and theological contexts, as well as issues in contemporary interpretation of Pauline theology.

THST 6020 Foundations of Historical Theology
3 semester hours
A study of the specific role which historical investigation plays in constructive and critical theology; this study uses, as its major case study, the development of the Christian doctrine of God and Christ as articulated in the classical period and developed up to the scholastic period.

THST 6021 Early Christian Theology
3 semester hours
The emergence of theology in pastoral and liturgical reflection on the biblical tradition in the first six centuries of the church's life: theology from the time of Ignatius of Antioch to Gregory the Great.

THST 6022 History of Christian Spirituality
3 semester hours
This course will explore the rich and complex tradition of Christian spirituality, with a particular focus on the unfolding quest for wisdom within that tradition. Particular attention will be given to a) developing a critical approach to the study of Christian spirituality, b) understanding the relationship of spirituality and history, c) cultivating the art of reading classic spiritual texts, and d) retrieving classic themes of spirituality for contemporary use.

THST 6023 Medieval Theology
3 semester hours
An introductory survey beginning with Bede's retrieval and transformation of the patristic legacy and ending with the dissolution of the scholastic tradition.

THST 6030 Introduction to Systematic Theology
3 semester hours
This course investigates how theology attempts to translate the Christian message into new situations. Theological issues include revelation, faith, God and Trinity, christology, the church, sin and grace, and sacramental and liturgical theology. Attention is given to their historical development as well as their contemporary
significance, particularly in light of philosophical, cultural, and religious pluralism.

THST 6031 Christology
3 semester hours
An historical and systematic investigation of the Christian understanding of Jesus Christ and his significance for salvation. Topics include the historical Jesus, the Christ of faith, New Testament Christology, the early Christological councils, the historical development of philosophical Christology, and contemporary Christologies.

THST 6032 Issues in the Contemporary Church
3 semester hours
This course explores various ecclesiological and theological issues in the contemporary church, such as theologies of the church, authority and its exercise, ordained and unordained ministry, women in the church, ecumenism and the church of tomorrow.

THST 6033 Feminist Theology
3 semester hours
A study of feminist theology from its historical antecedents to its roots in the changing experience of women. It considers the essential methodologies of feminism, important feminist theologians, and the contributions of feminism to contemporary theology as a whole.

THST 6034 U.S. Latino/a Theology
3 semester hours
Latino theology develops in the tension between displacement and deep roots of communities in the territories that today constitute the U.S. This course surveys central theological questions as these are explored by these communities through a variety of primary texts, demographics, and engagement with current issues of concern to Hispanic Christians.

THST 6040 Liturgical Theology: History and Interpretation
3 semester hours
This course examines the foundational period of the early church as the setting for the establishment of liturgy and its synthesis with culture. The methodology involves an exploration of liturgy in particular cultural contexts, including the important Christian centers of Jerusalem, Antioch, North Africa, Rome, and Constantinople, and the contemporary theological implications of these developments.

THST 6041 The Rites
3 semester hours
This course will survey several of the seven official sacraments of the Roman Catholic Church in both their historical development and their liturgical practice, focusing on five in any given semester.

THST 6042 Sacraments and Sacramentality
3 semester hours
An in-depth study of the theology of Christian sacraments and the symbolization of divine grace.

THST 6043 Faith and Culture
3 semester hours
An exploration of the nature of faith and culture and their interrelationship. An analysis of interculturization and its relevance to ministry and pastoral care in church and society.

THST 6050 Issues in Christian Spirituality
3 semester hours
This course examines some of the issues of contemporary Christian spirituality in the light of how certain exemplary Christians in earlier ages envisioned them. Questions such as the nature of spirituality, the integration of a contemplative attitude in life activity, Christian freedom, images of God, and the role of culture in the formation of spirituality are addressed.

THST 6051 The Theory and Practice of Spiritual Direction
3 semester hours
This course seeks to further the student's understanding of spiritual direction as a form of pastoral care and as a helping relationship. Among the topics to be considered are: various forms of spiritual guidance within the Christian tradition, the distinctive nature of spiritual direction, the qualities and skills required to be an effective spiritual director, and the role of spiritual direction in facilitating spiritual growth and development.

THST 6052 Ignatian Spirituality and Discernment
3 semester hours
This course seeks to further the student's understanding of the spirituality of Ignatius of Loyola by a close reading of his spiritual classic, The Spiritual Exercises, and by a study of contemporary writing on Ignatian spirituality. Praxis, the reflection upon experience, is a central aspect of this course and reflects the hypothesis that some of the dynamics of the Spiritual Exercises can be experienced by individuals in a group learning situation when they are approached in a critical and prayerful way.

THST 6053 Psychological Foundations of Spiritual Direction
3 semester hours
This course focuses on the psychological dynamics of spiritual direction as a helping relationship, as well as the cultivation of communication skills needed to be an effective spiritual director. Principal topics to be covered include the following: how spiritual direction differs from psychotherapy; the importance of self-knowledge and personal awareness on the part of helpers; the nature of empathic understanding and its relationship to psychological and spiritual growth; basic counseling skills.

THST 6054 Practicum and Supervision in Spiritual Direction
3 semester hours
The art of spiritual direction is best fostered through practice and reflection on that practice in a supervisory setting. This course will give students an opportunity to grow in spiritual direction skills, self-awareness, and interior freedom under the guidance of experienced spiritual directors.

THST 6055 Foundations of Theological Ethics
3 semester hours
This course familiarizes students with the language of Christian moral discourse. By focusing on methodological issues and the sources informing Christians about their moral life, students identify the complex personal dynamics of being and becoming Christian.

THST 6061 Catholic Social Teachings
3 semester hours
A study of the last one hundred years of Catholic social teachings, including papal encyclicals from Leo XIII to John Paul II, conciliar documents from Vatican II, and statements and letters issued by episcopal conferences and episcopal synods.

THST 6062 Issues in Moral Theology Today
3 semester hours
This course examines the writings of rival moral theologians today
and their competing perspectives. Particular practical problems to be discussed vary and may include business ethics, sexual ethics, war and peace, and social ethics.

THST 6063 Issues in Bioethics
3 semester hours
This course will introduce the student to the basic theological concepts, frameworks, and analyses that have been used by both Catholic and Protestant theologians in their discussions of bioethics. Topics such as assisted reproductive technologies, abortion, genetic control, care of severely handicapped neonates, death and dying, and the meaning and application of "quality of life" to contemporary issues will be discussed in both lecture and seminar formats.

THST 6070 Foundations of Pastoral Theology
3 semester hours
A review of the biblical, historical and theological sources for constructing a theology of pastoral ministry which is appropriate to various contemporary pastoral settings and functions. The relationship between pastoral theology and other branches of theology is considered.

THST 6071 Pastoral Approaches to Religious Education
3 semester hours
An exploration of, and reflection on, the history and theory of Christian religious education, treating the relationship between religious education and allied fields of pastoral care, liturgy, justice and service activities which serve to foster the development of faith.

THST 6072 Skills for Pastoral Ministry
3 semester hours
This course, involving both theoretical and experiential learning, focuses on personal and interpersonal dynamics and skills that foster effective pastoral ministry. Topics include the spiritual formation of ministers, collaborative ministry, facilitating prayer, and a generic helping process for spiritual direction, pastoral counseling, and formation in various pastoral settings.

THST 6073 Theory and Practice of Pastoral Leadership
3 semester hours
This course offers the student an exploration of theories that can inform pastoral leaders about the exercise of effective leadership in pastoral settings and communities of faith. The course is an elective open to all students, but is required for the Concentration in Pastoral Leadership in the M.A. in Pastoral Theology.

THST 6074 Spiritual Formation for Pastoral Ministry
3 semester hours
This seminar seeks to foster a stronger link between academic learning and the personal and professional concerns of students especially as related to pastoral ministry.

THST 6075 Pastoral Liturgy
3 semester hours
This course examines the role of liturgy in the lives of Christians and their communities, exploring the tensions between liturgical norms and liturgy as practiced and experienced.

THST 6076 Theology of the Parish
3 semester hours
This course focuses on the history, theology, and practice of Roman Catholic parishes in the United States. As an exercise in practical theology, students reflect on the lived practices in parishes and the theology of the church that emerges therefrom.

THST 6077 Special Topics in Pastoral Theology
3 semester hours

THST 6078 Supervised Pastoral Field Education
3 semester hours

THST 6080 Comparative Theology
3 semester hours
This course provides a review of the historical roots of the current situation of religious pluralism. It examines and evaluates relevant methodological proposals for comparative theology and clarifies the relationship of comparative theology to interreligious dialogue, the history of religions and the Christian theology of religions. It also offers an opportunity to engage in the practice of comparative theology through the interpretation of texts.

THST 6081 Comparative Religious Ethics
3 semester hours
This course begins with a comparative survey of ethics as found in the world’s religious traditions. Specific issues such as war and peace, euthanasia, and environmentalism are then examined.

THST 6082 Comparative Mysticism
3 semester hours
In this course, Christian mysticism as found in the writings of Teresa of Avila and Meister Eckhart is compared and contrasted with the interior traditions of India and East Asia, including Samkhya, Yoga, Taoism, and Yogacara Buddhism.

THST 6083 Hinduism, Vedanta, and Yoga
3 semester hours
This course investigates primary sources, including the Rig Veda, the Upanisads, the Bhagavad Gita, and the Yoga Sutra.

THST 6084 Buddhism
3 semester hours
This course studies primary texts and history of Buddhism, with emphasis on theological praxis.

THST 6085 Classics of Chinese Philosophy
3 semester hours
(See PHIL 6565.)

THST 6086 Readings in Religious Literature
3 semester hours
This course entails the reading of primary texts in the original language.
May be repeated twice for degree credit.

THST 6087 Jainism
3 semester hours
This course studies primary texts and history of Jainism, with emphasis on theological praxis.

THST 6088 Judaism
3 semester hours
This course explores Judaism from ancient through modern times. It examines central ideas, practices, thinkers, texts, places, and events in Jewish history, with special attention to the relationships between Judaism and other religions.

THST 6090 Graduate Pro-Seminar
The pro-seminar provides an orientation to various theological methods, tools, and modes of discourse in theological and pastoral studies (biblical, historical, systematic, moral, comparative, and pastoral theology).

**THST 6091 Pastoral Synthesis Seminar**
3 semester hours

**THST 6092 Comprehensive Exam Seminar**
3 semester hours

**THST 6093 Research and Writing Seminar**
3 semester hours

**THST 6998 Special Studies**
1 TO 3 semester hours

**THST 6999 Independent Studies**
1 TO 3 semester hours

**Urban Studies (URBN)**

**URBN 1000 The Urban World**
4 semester hours
An introduction to historic and contemporary cities, processes of urbanization, and urban society. Course topics include urban origins, urban economics, the internal structure of cities, urban infrastructure, urban social and cultural processes, urban physical and social environments, and city systems in the regional and global context.

**URBN 1010 Urban Analysis**
4 semester hours
An introduction to the resources and methodologies commonly utilized in contemporary urban research. Course topics include data sources such as the census, methodologies for spatial analysis such as GIS, quantitative and qualitative research design, map reading, and fieldwork strategies.

**URBN 1998 Special Studies**
1 TO 4 semester hours

**URBN 1999 Independent Studies**
1 TO 4 semester hours

**URBN 2998 Special Studies**
1 TO 4 semester hours

**URBN 2999 Independent Studies**
1 TO 4 semester hours

**URBN 3010 Metropolitan Los Angeles**
4 semester hours
An introduction of the social, economic, political, environmental, and spatial characteristics and dynamics of metropolitan Los Angeles in the context of postmodern urbanization in the United States.

**URBN 3045 Urban Planning**
4 semester hours
An introduction to the problems, principles, and practices of contemporary urban planning, especially in California and the United States.

**URBN 3046 Sustainable Cities**
4 semester hours
An examination of the challenges of and potential solutions to the sustainability of socioeconomic, environmental, and ecological systems associated with historic, contemporary, and future urbanization. Course topics include an analysis of the sustainability of historic and contemporary cities, the consideration of sustainable alternatives associated with such trends as New Urbanism, and the potential for alternative urban policies and practices designed to foster sustainability.

**URBN 3047 Community Development**
4 semester hours
An exploration of the meanings and methodologies of community development, especially in contemporary urban America.

**URBN 3998 Special Studies**
1 TO 4 semester hours

**URBN 3999 Independent Studies**
0 TO 4 semester hours

**URBN 4000 Senior Project**
4 semester hours
A supervised internship and directed research on a specific urban topic incorporating appropriate primary and secondary research methodologies and/or participant observation. Senior standing or approval of the Program Director required. University Core fulfilled: Flag: Writing.

**URBN 4998 Special Studies**
1 TO 4 semester hours

**URBN 4999 Independent Studies**
1 TO 4 semester hours

**Women's and Gender Studies (WGST)**

**WGST 1000 Introduction to Gender Studies**
4 semester hours
An interdisciplinary study of women in society through overview of the major issues, innovations, and debates that have characterized the field of Women's and Gender Studies. Course introduces history of feminist activism and discourse in the U.S. University Core fulfilled: Explorations: Understanding Human Behavior.

**WGST 1100 Gender, Race, and Sexuality in Contemporary Society**
4 semester hours
An introduction to critical thinking skills about concepts such as gender, race, class, and sexuality, how these intersect in lives of women of color together with women's strategies of surviving, resisting, and overcoming barriers. University Core fulfilled: Foundations: Studies in American Diversity.

**WGST 1998 Special Studies**
1 TO 4 semester hours

**WGST 1999 Independent Studies**
WGST 2000 Women in Global Communities
4 semester hours
This course introduces students to the cultural, social, political, and economic contexts in which non-Western women live. It addresses the impact of globalization, colonization, and post-coloniality, and women's responses to these processes.

WGST 2200 Women's Bodies, Health, and Sexuality
4 semester hours
This course addresses women's health and sexuality from a feminist perspective. It also deals with body images not only from the perspective of health but also in terms of their relationship to structures of power.

WGST 2300 Mathematics: Contributions by Women
3 semester hours
(See MATH 261).

WGST 298 Special Studies
1 TO 4 semester hours

WGST 2999 Independent Studies
1 TO 4 semester hours

WGST 3000 Feminist Theories
4 semester hours
Focuses on the historical roots of feminist political thought in relation to other social movements. Examines the intellectual traditions within feminist theory today such as postmodernism, psychoanalysis, postcolonial theory, queer theory, and the intersectional analyses produced by women of color.
University Core fulfilled: Flags: Information Literacy, Writing.

WGST 3100 Feminist Research Methods
4 semester hours
Examines feminist methodologies through hands-on research and considers the complex relationships between researchers and their subjects, the impact of social location on our field of vision, ethical issues in the research process, as well as research that facilitates social and gender justice.
Normally offered in the Fall semester.
University Core fulfilled: Flags: Engaged Learning, Quantitative Reasoning.

WGST 3200 Women and Environmental Justice
4 semester hours
This course explores the relationships between peoples and environments, focusing on the roles and resources, identity, power relations, and geography. The course explores the theoretical and material implications of the different ways in which environmental injustice leads to the degradation of gendered environments and bodies. The course will provide multiple interdisciplinary perspectives on the state of gender, sexuality, race, ethnicity, and the environment.
University Core fulfilled: Integrations: Interdisciplinary Connections; Flag: Writing.

WGST 3300 Gender, Race, and the Graphic Novel
4 semester hours
This course explores how the space of the graphic novel can serve as a cultural space for critical engagement with ideologies of race, gender, nation, class, and sexuality. Critically examining visual language that is presented in the graphic novel, students will examine the ways it challenges iconic images of ethnic and gendered representation.
University Core fulfilled: Explorations: Creative Experience.

WGST 3301 Literature by Women of Color
4 semester hours
The course explores contemporary literature by women of color in the United States and their immigrant experiences. It attends to the ways that authors imaginatively use genres to represent and challenge gender and race construction.
University Core fulfilled: Flag: Writing.

WGST 3302 The Image of Woman in Nineteenth-Century England
4 semester hours
(See ENGL 3342.)

WGST 3303 Twentieth-Century Women's Writing
4 semester hours
(See ENGL 3343.)

WGST 3304 Italian Women Writers
4 semester hours
(See ITAL 3580.)

WGST 3305 Angels and Demons: Women and Literary Stereotypes
4 semester hours
(See MDGK 3343.)

WGST 3306 Out of Control: Women, Madness, and the Cultural Imagination
4 semester hours
(See MDGK 3346.)

WGST 3307 Gender Communication
4 semester hours
(See CMST 3110.)

WGST 3400 Women in the Middle East
4 semester hours
This course explores the themes and variations in women's lives in the Middle East. Particular attention will be paid to family structures, rural-urban, social class and ethnic differences, social and political movements, religion, work, and education.

WGST 3401 Black Identities, Families, and Cultures
4 semester hours
(See AFAM 3432.)

WGST 3402 Chicanas and Other Latinas in the U.S.
4 semester hours
(See CHST 3302.)

WGST 3403 Hip Hop Culture
4 semester hours
(See AFAM 4422.)

WGST 3500 Genders and Sexualities
4 semester hours
This course explores the relationship between sexuality and gender
as well as a diversity of sexual identities. It focuses on issues of the body, sex, nature, and power within the context of history, culture, and public policy.

WGST 3501 Gender and Society
4 semester hours
(See SOCL 3210.)

WGST 3502 Sociology of Marriage and Families
4 semester hours
(See SOCL 3160.)

WGST 3503 Men and Masculinities
4 semester hours
(See SOCL 3211.)

WGST 3600 History of Women in California
4 semester hours
This course explores California history from the perspective of the women who have lived, worked, and migrated here from the period of Spanish exploration to the present. Designed around experiential learning, this course takes students to important sites in and around Los Angeles to witness sites of history for themselves, visit some of LA’s world-class museums, and contextualize our studies in terms of what California looks like today, and how the women's history of the state shapes its role in the larger world.
University Core fulfilled: Explorations: Historical Analysis and Perspectives.

WGST 3601 Women in Christian History
4 semester hours
(See THST 3022.)
University Core fulfilled: Explorations: Historical Analysis and Perspectives.

WGST 3602 Gender in European History
4 semester hours
(See HIST 4225.)

WGST 3603 Women in American History
3 semester hours
(See HIST 4430.)

WGST 3605 History of Childhood and the Family
4 semester hours
(See HIST 4431.)

WGST 3700 Images of Women in Philosophy
4 semester hours
(See PHIL 4175.)

WGST 3701 Guadalupe, Queen of the Américas
4 semester hours
(See CHST 3310.)
University Core fulfilled: Integrations: Faith and Reason; Flag: Writing.

WGST 3702 Women and Religion
4 semester hours
(See THST 3285.)
University Core fulfilled: Integrations: Faith and Reason; Flags: Information Literacy, Oral Skills.

WGST 3703 Christian Marriage and Sexuality
4 semester hours
(See THST 3561.)
University Core fulfilled: Integrations: Ethics and Justice; Flag: Writing.

WGST 3704 Sex and the City of God
4 semester hours
(See THST 3237.)
University Core fulfilled: Integrations: Faith and Reason; Flag: Writing.

WGST 3998 Special Studies
1 TO 4 semester hours

WGST 3999 Independent Studies
1 TO 4 semester hours

WGST 4000 Feminist Political Theory
4 semester hours
This course familiarizes students with the major themes and movements in the history of feminist political thought and uses gender as a lens through which to view political life. The course also takes up gender as an object of inquiry for politics.

WGST 4001 Queer Theory
4 semester hours
This course explores the emergence, conceptual frameworks, themes, and critical tools of queer theory. This course critically analyzes sex, gender, and sexuality and the gaps between them and their interactions, as well as how these concepts are implicated in or frame many other discourses, such as the war on terror, aesthetics, death, history, race, ethics, monstrosity, nationalism, affect, punk rock, colonialism, temporality, and gentrification.

WGST 4100 Sex, Trade, Trafficking
4 semester hours
The course will address issues of racism, sexism, classism, and violence against women who are trafficked and those who also work as sex workers. We will discuss the relationship between ethics and human trafficking as well as who benefits from such approaches.
University Core fulfilled: Integrations: Interdisciplinary Connections.

WGST 4101 Gender and Globalization
4 semester hours
Examines how gender is shaped by globalization through the feminization of labor and migration, environmental degradation, diaspora, sexuality, cultural displacement, and militarization. Explores the ways women have confronted these conditions as well as the possibilities and challenges of cross-border feminist coalitions.

WGST 4200 Sex, Race, and Violence
4 semester hours
(See AFAM 4642.)

WGST 4201 Latina Feminist Theory
4 semester hours
(See CHST 4404.)
University Core fulfilled: Flag: Writing.

WGST 4300 Women in Film
3 semester hours
(See FTVS 473.)
Yoga Studies (YGST)

YGST 6010 Health Science and Yoga
3 semester hours
An overview of anatomy and physiology from the Western perspective and Ayurvedic theories of the subtle body, health, and wholeness.

YGST 6015 Foundations of Yoga Studies
3 semester hours
This course will investigate basic methodological approaches to the academic study of Yoga, with an emphasis on the place of Yoga within theosophical discourse. It will include a bibliographic survey of primary and secondary sources and engagement with key select resources. Sikh and Christian approaches to Yoga will be included.

YGST 6020 Yoga Philosophy: Text and Practice
3 semester hours
A close study and discussion of the Yoga Sūtras of Patanjali, the Bhagavad Gītā, the Sāmkhya Kārikā, the Yogavāsiṣṭha, and other classical literature.

YGST 6025 Sanskrit: The Yoga Sutra
3 semester hours
In this course students will translate the sutras from Patanjali's seminal text the Yoga Sūtra.

YGST 6026 Sanskrit: The Bhagavad Gita
3 semester hours
The Bhagavad Gītā sets forth the primary practices of philosophical and meditational Yoga, including the ways of Knowledge, Action, and Devotion. We will read select passages, completing the study of various aspects of Sanskrit grammar.

YGST 6030 Hatha Yoga Texts
3 semester hours
This course in movement and breathing (Āsana and Prānāyāma) will draw from classical texts such as the Hatha Yoga Pradipikā, the Gherhandā Samhitā, and the Yoga Sāstra, with particular attention to practice applications. Requires demonstration of student teaching skills.

YGST 6040 Buddhism and Yoga
3 semester hours
Yoga’s relationship with Buddhism will be explored with an emphasis on Vipassana, Tibetan Buddhism, and Zen.

YGST 6041 Jaina Yoga
3 semester hours
This course, conducted in India, will immerse students in the study of Jainism, known for its emphasis on nonviolence, through philosophy, ethics, cosmology, and art. They will study the Jain traditions of Yoga including Praksha meditation. This course is generously subsidized by the International School for Jain Studies.

YGST 6050 History of Modern Yoga
3 semester hours
Yoga entered European and North American consciousness through the Romantic poets, the New England Transcendentalists, and the world lecture tour of Swami Vivekananda following the Parliament of the World’s Religions in 1893. In the 20th century, Paramahamsa Yogananda, Mahatma Gandhi, Swami Sivananda, Swami Krishnamacharya and many others introduced large groups of people to the principles and practices of Yoga. The course will explore this legacy. Students will be required to demonstrate teaching ability from select traditions.

YGST 6082 Comparative Mysticism
3 semester hours
This course will explore the inner or mystical life as articulated in the life and practice of various religious traditions. It will begin with a study of a modern classic: The Varieties of Religious Experience by William James, the pre-eminent American philosopher and psychologist as well as the key ideas of Carl Jung. The course will include the study of Jewish and Islamic mystical traditions, as well as key writers in the emerging field of contemplative Christian ecology. Yoga and mysticism will be examined through the writings of 20th century philosopher Sri Aurobindo.

YGST 6095 Comprehensive Exam Seminar
3 semester hours
In this course students will be taught study tactics and will work together in preparation for two comprehensive exams. The first question will demand a demonstration of the breadth of knowledge they have learned while the second question will focus more specifically on an area of particular interest to the student within Yoga Studies.

YGST 6096 Writing and Research Seminar
3 semester hours
This course will guide the students as they write their final thesis. The course will aid them through the process by introducing research methods and writing techniques in order to complete a clear final thesis or research project. Students will be able to help one another as different phases of their given projects will be shared in class.

YGST 6998 Special Studies
1 TO 3 semester hours

YGST 6999 Independent Studies
1 TO 3 semester hours

Michael A. Zampelli, S.J.
David J. Zuercher '68

Trustee Emerita
Mrs. George (Margaret F.) Jagels

Regents of the University
Kathryn E. Nielsen '76, Chair
Maria S. Salinas '87, Vice Chair

Laura A. Aguirre '02
Donald G. Alvarado '77
Thomas P. Beck '73, JD '77
Diana Casares Bell '81, JD '91
Michael A. Boschetto
Claudine Cazian Britz '00
Joseph R. Bronson
Marsha L. Brown '72
Ronald C. Brown
Mitchell R. Butler '93

President and Staff
Timothy Law Snyder President
Patrick J. Cahalan, S.J. Chancellor
Joseph B. Hellige Executive Vice President and Provost
Robert V. Caro, S.J. Vice President, Mission and Ministry
Abbie Robinson-Armstrong Vice President, Intercultural Affairs
Maureen Cassidy Director, Internal Auditing
James D. Erps, S.J. Director, Campus Ministry
Randall H. Roche, S.J. Director, Center for Ignatian Spirituality
Joseph W. LaBrie Chief of Staff

Academic Affairs
Michael O'Sullivan Vice Provost, Academic Affairs
TBA Associate Provost, Undergraduate Education
John Carfora
Associate Provost, Research Advancement and Compliance

Deena Gonzalez
Associate Provost, Faculty Affairs

Margaret Kasimatis
Associate Provost, Strategic Planning and Educational Effectiveness

Maureen Weatherall
Vice Provost, Enrollment Management

Deans

Robbin D. Crabtree
Dean, Bellarmine College of Liberal Arts

Dennis W. Draper
Dean, College of Business Administration

Bryant Alexander
Dean, College of Communication and Fine Arts

S.W. Tina Choe
Dean, Frank R. Seaver College of Science and Engineering

Shane P. Martin
Dean, School of Education and Graduate Studies

Stephen Ujlaki
Dean, School of Film and Television

Kristine Brancolini
Dean, William H. Hannon Library

Deans Emeriti

Thomas P. Kelly
Dean Emeritus, College of Communication and Fine Arts

Albert P. Koppes, O.Carm.
Dean Emeritus, School of Education

John T. Wholihan
Dean Emeritus, College of Business Administration

Registrar Emerita
Rosenia M. St. Onge

Student Affairs

Elena M. Bove
Senior Vice President, Student Affairs

Jeanne Ortiz
Dean of Students

William Husak
Athletics Director

Richard Rocheleau
Associate Vice President, Student Life

Business and Finance

Thomas O. Fleming, Jr.
Senior Vice President and Chief Financial Officer

Lori Husein
Vice President, Finance and Controller

Ray Dennis
Associate Vice President, Auxiliary Management and Business Affairs

Douglas Moore
University Risk Manager

Caroline Wilhelm
Associate Treasurer

University Relations

Dennis Slon

Kathleen Flanagan
Vice President, Communication and Government Relations

Bettie Woods
Associate Vice President of Development

Lisa Farland
Executive Director of Alumni Relations and Annual Giving

Joanie Pohas
Executive Director for Gift Planning

David Tillipman
Executive Director of Development

Kristie Wade
Executive Director for University Relation Services

Administration

Lynne B. Scarboro
Senior Vice President, Administration

Rebecca Chandler
Vice President, Human Resources

Patrick Frontiera
Vice President, Information Technology

Tim Haworth
Vice President, Facilities Management

Mike Wong
Associate Vice President, Administrative Services

Hampton N. Cantrell
Chief of Public Safety

Loyola Law School

Michael Waterstone
Dean, Senior Vice President, and J. Howard Ziemann Fellow and Professor of Law

Sean M. Scott
Senior Associate Dean and Professor of Law

Cindy Archer
Associate Dean, Clinical Programs and Experiential Learning and Clinical Professor of Law

Brietta R. Clark
Associate Dean, Faculty

Debra J. Martin
Associate Dean, Finance and Administration

Alexandra Natapoff
Associate Dean, Research, Professor of Law, and Rains Senior Research Fellow

Priya Sridharan
Associate Dean, Student Affairs

Thanth Hoang
Assistant Dean, Advancement

John Hoyt
Assistant Dean, Enrollment Management

Jannell Roberts
Assistant Dean, Admissions

Graham Sherr
Assistant Dean, Employment Engagement
University Faculty

JENNIFER S. ABE (1994)
Professor of Psychology
B.A., Wheaton College, 1985;
M.A., University of California, Los Angeles, 1987;
Ph.D., University of California, Los Angeles, 1992.

SUSAN ABRAHAM (2014)
Assistant Professor of Theological Studies and Chairperson of the Department
B.A., University of Mumbai, 1984;
M.A., University of Mumbai, Los Angeles, 1986;
M.A., Catholic Theological Union, 1995;

REBECA ACEVEDO (1996)
Professor of Modern Languages and Literatures and Chairperson of the Department
B.A., University of Guadalajara, 1984;
M.A., University of California, Los Angeles, 1991;
Ph.D., University of Michigan, 1996.

Associate Professor of Educational Support Services
B.A., University of California, Berkeley, 1992;
M.A., Loyola Marymount University, 1999;
M.Ed., University of California, Santa Barbara, 2003;
Ph.D., University of California, Santa Barbara, 2004.

SHANE ACKER (2015)
Assistant Professor of Film and Television Production
B.A., University of Florida, 1994;
M.A., University of California, Los Angeles, 1999;
M.F.A., University of California, Los Angeles, 2005.

Associate Professor of Civil Engineering
B.S., University of Michigan, 1994;
M.S., Massachusetts Institute of Technology, 2000;
Ph.D., Massachusetts Institute of Technology, 2002.

BRYANT KEITH ALEXANDER (2012)
Professor of Communication Studies and Dean, College of Communication and Fine Arts
B.A., University of Louisiana, Lafayette, 1985;
M.S., University of Louisiana, Lafayette, 1987;

HAWLEY C. ALMSTEDT (2005)
Associate Professor of Health and Human Sciences and Chairperson of the Department
B.S., San José State University, 1999;
M.A., San José State University, 2001;
Ph.D., Oregon State University, 2005.

NAJWA AL-QATTAN (1998)
Associate Professor of History
B.A., American University in Beirut, Lebanon, 1977;
M.A., Georgetown University, 1979;
M.A., Harvard University, 1984;
Ph.D., Harvard University, 1996.

CARA ANZILOTTI (1996)
Associate Professor of History
B.A., University of California, Davis, 1978;
M.A., California State University, Long Beach, 1987;
Ph.D., University of California, Santa Barbara, 1994.

PEZHAMAN HASSANPOUR ASL (2012)
Assistant Professor of Mechanical Engineering
B.A.S., University of Tehran, 2002;
M.A.S., Sharif University of Technology, 2004;
Ph.D., University of Toronto, 2008.

STEPHANIE E. AUGUST (1999)
Associate Professor of Computer Science
B.A., University of California, Los Angeles, 1972;
M.S., University of California, Los Angeles, 1985;
Ph.D., University of California, Los Angeles, 1991.

JOSÉ IGNACIO BADENES, S.J. (1997)
Associate Professor of Modern Languages and Literatures
B.S., Georgetown University, 1980;
M.A., University of North Carolina, Chapel Hill, 1986;
M.Div., Jesuit School of Theology, Berkeley, 1992;
Th.M., Jesuit School of Theology, Berkeley, 1993;
Ph.D., University of California, Santa Barbara, 1996.

JASON S. BAEHR (2003)
Professor of Philosophy
B.A., Arizona State University, 1994;
M.A., Biola University, 1996;
Ph.D., University of Washington, 2002.

MARTA BALTO DANO (2000)
Professor of Specialized Programs in Urban Education
J.D., Universidad Centro Americana, 1980;
B.S., Universidad Centro Americana, 1985;
M.A., University of California, Los Angeles, 1993;
Ph.D., Claremont Graduate University, 1998.

Associate Professor of Business Law
B.S.A, Miami University, 1984;
J.D., Cleveland State University, 1987;

ARNAB BANERJi (2015)
Assistant Professor of Theatre Arts
B.A., Jadavpur University, India, 2007;
M.A., Jadavpur University, India, 2009;
Ph.D., University of Georgia, 2014.

LINDA BANNISTER (1983)
Professor of English and Journalism Certificate Advisor
B.A., University of Michigan, 1974;
M.A., University of Southern California, 1976;
Ph.D., University of Southern California, 1982.

SUSAN TORREY BARBER (1991)
Associate Professor of Film, Television, and Media Studies
B.A., University of Michigan, 1969;
M.E., University of Montana, 1973;
M.A., University of Southern California, 1983;
Ph.D., University of Southern California, 1988.

ANNA BARGAGLIOTTI (2011)
Assistant Professor of Mathematics and Graduate Director of the Department
B.A., University of California, Santa Barbara, 2000;
M.S., University of California, Los Angeles, 2007;
Ph.D., University of California, Irvine, 2007.

Marilyn Beker (1986)
Professor of Screenwriting
B.A., University of Toronto, 1967;
M.A., Concordia University, 1974.

Diane Benedict (1997)
Professor of Theatre Arts
CURTIS D. BENNETT (2002)
Professor of Mathematics and Associate Dean of Faculty Development and Graduate Studies of the Frank R. Seaver College of Science and Engineering
B.A., University of Southern California, 1977;

MICHAEL C. BERG (1989)
Professor of Mathematics
B.A., University of California, Los Angeles, 1978;
Ph.D., University of Chicago, 1990.

Assistant Professor of Biology
B.S., University of California, Los Angeles, 1990;
M.S., Purdue University, 1993;
Ph.D., University of California, Los Angeles, 1998.

Associate Professor of History
B.A., University of California, Davis, 1995;
M.A., Cornell University, 1999;
Ph.D., Cornell University, 2003.

LANCE H. BLAKESLEY (1974)
Associate Professor of Political Science
B.A., University of Illinois, 1965;
M.A., Northwestern University, 1967;
Ph.D., Northwestern University, 1970.

BENJAMIN F. BOBO (1992)
Professor of Finance
B.S., California State University, Long Beach, 1969;
M.B.A., University of California, Los Angeles, 1971;
Ph.D., University of California, Los Angeles, 1974.

NICOLE C. BOUVIER-BROWN (2009)
Associate Professor of Chemistry and Biochemistry
B.S., Saint Mary's College of California, 2003;
Ph.D., University of California, Berkeley, 2008.

MARY C. BREDEN (1992)
Professor of Music and Director of Choral Activities
B.A., Mount St. Mary's College, 1972;
B.M., Mount St. Mary's College, 1973;
M.M., Arizona State University, 1981;
D.M.A., Arizona State University, 1983.

MICHAEL BRODSKY (1988)
Professor of Art and Art History
B.A., University of California, Santa Cruz, 1975;

JANE MARIE BRUCKER (1993)
Professor of Art and Art History
B.A., San Diego State University, 1982;
M.F.A., Claremont Graduate University, 1985;
M.A., Claremont School of Theology, 1992.

MYLA BUI-NgUYEN (2009)
Associate Professor of Marketing
B.A., Loyola University New Orleans, 2003;
M.B.A., Loyola University New Orleans, 2005;
Ph.D., University of Arkansas, 2009.

JOHN BULMAN (1982)
Professor of Physics
B.S., Brown University, 1973;
M.S., University of Pennsylvania, 1975;
Ph.D., Tufts University, 1981.

ROB BURCHFIELD (1998)
Associate Professor of Animation
B.A., University of California, Los Angeles, 1982;

STACY LEE BURNS (2000)
Professor of Sociology
B.A., University of California, Los Angeles, 1976;
M.A., University of California, Los Angeles, 1978;
J.D., Yale University, 1982;
Ph.D., University of California, Los Angeles, 1999.

BARBARA J. BUSSE (1969-72; 1980)
Associate Professor of Communication Studies
B.A., Pontificia Universidad Católica del Perú, 1991;
M.A., University of Southern California, 2001;
Ph.D., University of Southern California, 2005.

MÓNICA CABRERA (2005)
Associate Professor of Modern Languages and Literatures
B.A., Pontificia Universidad Católica del Perú, 1991;
M.A., University of Southern California, 2001;
Ph.D., University of Southern California, 2005.

VICTOR CARMONA (2008)
Associate Professor of Biology
B.S., Rensselaer Polytechnic Institute, 1995;
Ph.D., University of Arkansas, 2005.

CHRISTOPHER KEY CHAPPLE (1985)
Professor of Theological Studies, Navin and Pratima Doshi Professor of Indic and Comparative Theology, and Director of Yoga Studies
B.A., State University New York, Stony Brook, 1976;
M.A., Fordham University, 1978;
Ph.D., Fordham University, 1980.

CONSTANCE J.S. CHEN (2003)
Associate Professor of History and Director of Asian Pacific American Studies
B.A., University of California, Irvine, 1992;
M.A., University of California, Los Angeles, 1995;
Ph.D., University of California, Los Angeles, 2000.

DONG CHEN (2004)
Associate Professor of Management
B.A., Renmin University of China, 1994;
M.A., Renmin University of China, 1996;
Ph.D., Renmin University of China, 1999;
Ph.D., Rutgers University, 2004.

FEKYAL CHERIF (2011)
Assistant Professor of Political Science
B.A., University of California, San Diego, 1999;
M.A., New York University, 2002;
Ph.D., New York University, 2005.

STUART CHING (2001)
Associate Professor of English
B.Ed., University of Hawaii, Manoa, 1987;
M.F.A., Colorado State University, 1990;
Ph.D., University of Nebraska, 2000.
Sir Thomas More Chair in Engineering Ethics
A.B., Loyola University of Chicago, 1971;
M.A., Boston College, 1976;
Ph.D., Yale University, 1987.

S.W. TINA CHOE (1996)
Professor of Chemistry and Biochemistry and Dean of the Frank R. Seaver College of Science and Engineering
B.S., University of California, Los Angeles, 1988;
Ph.D., University of California, Los Angeles, 1994.

DAVID CHOI (2003)
Associate Professor of Management and Director of the Fred Keisner Center for Entrepreneurship
B.S.E., University of California, Berkeley, 1989;
M.E., University of California, Berkeley, 1990;
Ph.D., University of California, Los Angeles, 1997.

DOUGLAS CHRISTIE (1994)
Professor of Theological Studies and Undergraduate Director for the Department
B.A., University of California, Santa Cruz, 1977;
M.A., Oxford University, 1980;
Ph.D., Graduate Theological Union, 1988.

VINCENT P. COLETTA (1969)
Professor of Physics
B.S., Christian Brothers College, 1964;
Ph.D., University of Notre Dame, 1970.

ERNESTO COLIN (2011)
Assistant Professor of Specialized Programs in Urban Education
B.A., Loyola Marymount University, 1999;
M.A., Loyola Marymount University, 2001;
Ph.D., Stanford University, 2011.

PATRICK CONNOLLY, S.J. (1975)
Associate Professor of Film, Television, and Media Studies
B.A., St. Louis University, 1959;
M.A., St. Louis University, 1960;
S.T.L., Gregorian, 1967;
Ph.D., University of Southern California, 1973.

ALISSA S. CRANS (2004)
Associate Professor of Mathematics
B.S., University of Redlands, 1999;
M.S., University of California, Riverside, 2000;
Ph.D., University of California, Riverside, 2004.

DEEPA DABIR (2011)
Assistant Professor of Biology
B.S., St. Xavier's College (Mumbai, India), 1998;
M.S., University of Pune, India, 2000;

KAM D. DAHLQUIST (2005)
Assistant Professor of Biology
B.A., Pomona College, 1993;
Ph.D., University of California, Santa Cruz, 2000.

LI DAI (2011)
Assistant Professor of Management
B.A., University of Toronto, 2006.

HAN DAI-YU (2006)
Associate Professor of Art and Art History
B.A., China National Academy of Art, 1991;

ANTONIA DARDER (2001)
Leavey Presidential Chair and Professor of Educational Leadership
B.A., California State University, Los Angeles, 1980;
M.A., Pacific Oaks College, 1981;
Ph.D., Claremont Graduate University, 1989.

GEORGE DASARO (1977)
Professor of Accounting
B.B.A., Loyola University, Los Angeles, 1963;
M.S., California State University, Los Angeles, 1966;

KURT DAUGHERTY (2006)
Associate Professor of Recording Arts
B.A., San Diego State University, 1981;

KARENMARY DAVALOS (1997)
Professor of Chicana/o Studies
B.A., Stanford University, 1987;
M.A., Stanford University, 1987;
Ph.D., Yale University, 1993.

JEFFREY DAVIS (2001)
Associate Professor of Screenwriting and Chairperson of the Department
B.A., Emerson College, 1970;
M.F.A., University of Iowa, 1972.

ALLAN DECK, S.J. (2011)
Professor of Theological Studies
B.A., Saint Louis University, 1969;
M.Div., Jesuit School of Theology in Berkeley, 1976;
S.T.D., Pontifical Gregorian University, 1988;

FRANCA DELL’OLIO (2006)
Associate Professor of Educational Leadership
B.A., Loyola Marymount University, 1990;
M.A., Loyola Marymount University, 1996;
Ed.D., Pepperdine University, 2006.

ROBERTO DELL’ORO (2003)
Professor of Theological Studies and Director of The Bioethics Institute
S.T.B., University of Milan, 1983;
S.T.L., Gregorian University, 1985;
Ph.D., Gregorian University, 1992.

Assistant Professor of History
B.A., University of Notre Dame, 1995;
M.A., Saint Louis University, 2005;

NICHOLAS DENYSENKO (2009)
Associate Professor of Theological Studies and Director of the Huffington Ecumenical Institute
B.S., University of Minnesota, Minneapolis, 1994;
M.Div., St. Vladimir's Orthodox Theological Seminary, 2000;
Ph.D., Catholic University of America, 2008.

PAUL A. DeSENA (1966)
Professor of Educational Support Services
B.S., Central Connecticut State University, 1958;
M.Ed., University of Hartford, 1960;

SEAN D’EVELYN (2011)
Assistant Professor of Economics
B.A., St. Olaf College, 2003;
Ph.D., University of Hawaii, 2011.
ANDREW DEVEREUX (2012)  
Assistant Professor of History  
B.A., Princeton University, 1997;  
M.A., University of Toronto, 2003;  

JAMES DEVINE (1985)  
Professor of Economics  
B.A., Yale University, 1974;  
Ph.D., University of California, Berkeley, 1981.

THERESIA DE VROOM (1990)  
Professor of English and Director of the Marymount Institute for  
Faith, Culture, and the Arts  
B.M., University of Southern California, 1980;  
B.A., University of Southern California, 1980;  
M.A., Emory University, 1982;  
Ph.D., University of Southern California, 1988.

MATTHEW DILLON (1987)  
Professor of Classics and Archaeology and Chairperson of the  
Department  
B.A., Wesleyan University, 1974;  
M.A., Yale University, 1979;  
M.Phil., Yale University, 1981;  
Ph.D., Yale University, 1984.

ANDREW DILTS (2011)  
Assistant Professor of Political Science  
B.A., Indiana University, Bloomington, 2002;  
M.A., The University of Chicago, 2004;  

JOHN DAVID N. DIONISIO (2004)  
Assistant Professor of Computer Science and Associate Director of the  
University Honors Program  
B.S., Loyola Marymount University, 1991;  
M.S., University of California, Los Angeles, 1993;  
Ph.D., University of California, Los Angeles, 1996.

JASON D’MELLO (2014)  
Assistant Professor of Management  
B.A., Western Michigan University, 2006;  
M.B.A., Loyola Marymount University, 2010;  
Ph.D., University of Louisville, 2015.

SAERI CHO DOBSON (2007)  
Associate Professor of Art and Art History  

LAMBERT A. DOEZEMA (2004)  
Professor of Chemistry and Biochemistry  
B.S., Trinity University, 1998;  
M.S., University of California, Irvine, 2000;  

PHILIP M. DORIN (1971)  
Professor of Electrical Engineering and Computer Science  
B.S., Massachusetts Institute of Technology, 1970;  
M.S., Northeastern University, 1971;  
Ph.D., University of California, Los Angeles, 1982.

JOHN H. DORSEY (2002)  
Professor of Civil Engineering  
B.A., California State University, Long Beach, 1972;  
M.A., California State University, Long Beach, 1975;  
Ph.D., University of Melbourne, 1982.

W. WESLEY DOWD (2011)  
Assistant Professor of Biology  
B.S., Duke University, 1999;  
M.S., College of William and Mary, 2003;  
Ph.D., University of California, Davis, 2009.

DENNIS W. DRAPER (2007)  
Professor of Finance and Dean, College of Business Administration  
B.S., Northwestern University, 1970;  
M.S., Stanford University, 1972;  
Ph.D., Stanford University, 1979.

PHILIPPA M. DRENNAN (1995)  
Professor of Biology and Associate Dean for Undergraduate Studies of the Frank R. Seaver College of Science and Engineering  
B.Sc., University of Natal, Durban, 1979;  
B.Sc. (Hons), University of Natal, Durban, 1980;  
Ph.D., University of Natal, Durban, 1987.

ELIZABETH DRUMMOND (2006)  
Associate Professor of History  
B.S., Georgetown University, 1993;  
M.A., Georgetown University, 1997;  
Ph.D., Georgetown University, 2004.

STEPHEN V. DUNCAN (1999)  
Professor of Screenwriting  
B.S., North Carolina A&T State University, 1971;  
M.A., Loyola Marymount University, 1979.

JOSEPH E. EARLEY (1975)  
Associate Professor of Economics  
B.A., Gannon College, 1967;  
M.S., Rensselaer Polytechnical Institute, 1968;  

PAIGE PETTY JOHN EDLEY (2003)  
Associate Professor of Communication Studies  
B.A., Wake Forest University, 1984;  
M.A., Wake Forest University, 1989;  
Ph.D., Rutgers University, 1997.

JENNIFER L. EICH (1994)  
Professor of Modern Languages and Literatures and Associate Dean of the Bellarmine College of Liberal Arts  
B.A., Knox College, 1981;  
M.A., University of California, Los Angeles, 1987;  
Ph.D., University of California, Los Angeles, 1992.

SUSAN ELKINAWY (2003)  
Associate Professor of Finance  
B.A., University of California, Los Angeles, 1992;  
M.B.A., Loyola Marymount University, 1998;  
M.S., University of Oregon, 2001;  
Ph.D., University of Oregon, 2003.

ELLEN A. ENSHER (1997)  
Professor of Management  
B.A., Loyola Marymount University, 1987;  
M.P.A., University of California, Los Angeles, 1990;  
M.A., Claremont Graduate University, 1994;  
Ph.D., Claremont Graduate University, 1997.

CHARLES E. ERVEN (2002)  
Associate Professor of Theatre Arts  
B.A., University of Wisconsin, 1971;  

OMAR S. ES-SAID (1985)  
Professor of Mechanical Engineering  
B.S., American University, Cairo, 1976;  
M.S., American University, Cairo, 1978;  
Ph.D., University of Kentucky, 1985.
MICHAEL GENOVESE (1983)
Professor of Political Science and Loyola Chair of Leadership Studies
B.A., St. Mary’s College, 1972;
M.A., University of Southern California, 1975;
Ph.D., University of Southern California, 1978.

LYNELL GEORGE (2010)
Assistant Professor of English
B.A., Loyola Marymount University, 1984.

EVAN GERSTMANN (1996)
Professor of Political Science
B.A., Oberlin College, 1983;
J.D., University of Michigan Law School, 1986;
M.A. University of Wisconsin, 1992;
Ph.D., University of Wisconsin, 1996.

RICHARD GILBERT (1986)
Professor of Psychology
B.A., Princeton University, 1977;
M.A., University of California, Los Angeles, 1979;
Ph.D., University of California, Los Angeles, 1982.

CECILIA GONZALES-ANDRIEU (2007)
Associate Professor of Theological Studies
B.A., Loyola Marymount University, 1980;
M.A., Loyola Marymount University, 2001;
Ph.D., Graduate Theological Union, 2007.

DEENA J. GONZALEZ (2001)
Professor of Chicana/o Studies and Associate Provost for Faculty Affairs
B.A., New Mexico State University, 1974;
M.A., University of California, Berkeley, 1976;
Ph.D., University of California, Berkeley, 1985.

VICTORIA L. GRAF (1979)
Professor of Educational Support Services
B.A., De Paul University, 1972;
M.A., University of California, Riverside, 1975;
Ph.D., University of California, Riverside, 1980.

ALLEN P.GRAY (1980)
Associate Professor of Computer Information Systems
B.A., Loyola University, Los Angeles, 1970;
vM.A., California State University, Los Angeles, 1971;
Ph.D., University of California, Riverside, 1979.

CHERYL GRILLS (1987)
Professor of Psychology
B.A., Yale University, 1980;
M.A., University of California, Los Angeles, 1982;
Ph.D., University of California, Los Angeles, 1985.

ARTHUR GROSS-SCHAFFER (1980)
Professor of Business Law and Co-Chairperson of the Department
B.S., University of Southern California, 1973;
J.D., Boston College, 1976;
M.H.L., Hebrew Union, 1982;
C.P.A.

FERNANDO J. GUERRA (1984)
Professor of Chicana/o Studies and Political Science, Director of the Thomas and Dorothy Leavey Center for the Study of Los Angeles, and Assistant to the President for Civic Engagement
B.A., University of Southern California, 1980;
M.A., University of Michigan, 1982;
Ph.D., University of Michigan, 1990.

GRETCHEN GUSICH (2008)
Associate Professor of Philosophy
B.A., University of Notre Dame, 1997;
M.A., The Catholic University of America, 2001;
Ph.D., The Catholic University of America, 2005.

ANGELICA S. GUTIERREZ (2013)
Assistant Professor of Management
B.S., University of California, Los Angeles, 2000;
M.P.P., University of Michigan, Ann Arbor, 2003;
Ph.D., University of California, Los Angeles, 2012.

RICHARD P. HADLEY, JR. (1991)
Associate Professor of Film, Television, and Media Studies and Interim Director of the Program
B.A., University of California, Berkeley, 1970;
M.A., University of Wisconsin, Madison, 1972;
M.F.A., University of Southern California, 1980;
Ph.D., University of Southern California, 1989.

MITCHELL HAMILTON (2012)
Assistant Professor of Marketing
B.S., San Diego State University, 2002;
M.B.A., Clark Atlanta University, 2006;
Ph.D., Syracuse University, 2012.

MICHELE L. HAMMERS (2004)
Associate Professor of Communication Studies and Chairperson of the Department
B.S., Boston University, 1992;
J.D., University of Texas at Austin, 1995;
M.A., Arizona State University, 2000;

DAVID J. HARDY (2004)
Associate Professor of Psychology and Chairperson of the Department
B.A., California State University, Long Beach, 1990;
M.A., California State University, Long Beach, 1994;

PAUL A. HARRIS (1995)
Professor of English
B.A., McGill University, 1984;
M.A., University of California, Irvine, 1986;

ANNA HARRISON (2006)
Associate Professor of Theological Studies
B.A., Barnard College, 1986;
M.A., Fordham University, 1994;
M. Phil., Columbia University, 2000;
Ph.D., Columbia University, 2006.

KAREN KOMOSA HAWKINS (2006)
Assistant Professor of Educational Support Services
B.S., University of Illinois at Urbana-Champaign, 1994;
M.A., Loyola University Chicago, 1997;
Ph.D., Loyola University Chicago, 2005.

ANDREW HEALY (2005)
Professor of Economics
B.S., Yale University, 1998;
B.A., Yale University, 1998;
Ph.D., Massachusetts Institute of Technology, 2005.

Associate Professor of Dance
B.F.A., Kutztown University, 1985;
M.A., New York University, 1991;

SCOTT T. HEINZERLING (1991)
Professor of Dance

JOSEPH B. HELLIGE (2007)
Professor of Psychology and Executive Vice President and Provost

ELIZABETH BECKER HENLEY (2005)
Presidential Professor of Theatre Arts

THOMAS HERNDON (2016)
Assistant Professor of Economics
B.A., The Evergreen State College, 2007; Ph.D., University of Massachusetts, Amherst, 2016.

DOROTHEA K HERREINER (2005)
Associate Professor of Economics and Director of the Center for Teaching Excellence

GEORGE L. HESS (1975)
Professor of Management and Director of Small Business Institute
B.S., Xavier University, 1956; M.B.A., Xavier University, 1957; Ph.D., Arizona State, 1974.

IGNACIO HIGAREDA (2005)
Associate Professor of Elementary and Secondary Education
B.A., University of California, Santa Cruz, 1996; Ph.D., University of Southern California, 2005.

CHARLES J. HIGGINS (1982)
Associate Professor of Finance
B.A., University of Southern California, 1968; M.B.A., University of Southern California, 1972; Ph.D., Claremont Graduate University, 1984.

PETER R. HOFFMAN (1977)
Associate Professor of Sociology and Director of Geography and Urban Studies
B.A., University of California, Los Angeles, 1969; M.A., University of Arizona, 1974; Ph.D., University of California, Los Angeles, 1983.

BRETT HOOVER (2014)
Assistant Professor of Theological Studies
B.A., University of California, Santa Barbara, 1989; M.A., Washington Theological Union, 1997; Ph.D., Graduate Theological Union, 2010.

MICHAEL P. HORAN (1994)
Professor of Theological Studies and Associate Dean of the Bellarmine College of Liberal Arts

LEI HUANG (2003)
Associate Professor of Electrical Engineering
B.E., Beijing University of Posts and Telecommunications, 1993; M.E., Nanyang Technological University, Singapore, 1998; M.S. in E.E., University of Southern California, 1999; Ph.D., University of Southern California, 2003.

KAREN K. HUCHTING (2011)
Assistant Professor of Educational Leadership
B.A., Loyola Marymount University, 2000; M.A., Loyola Marymount University, 2004; M.A., Claremont Graduate University, 2007; Ph.D., Claremont Graduate University, 2009.

PAUL W. HUMPHREYS (1997)
Professor of Music and Associate Dean, College of Communication and Fine Arts

AMIR HUSSAIN (2005)
Professor of Theological Studies
B.S., University of Toronto, 1987; M.A., University of Toronto, 1990; Ph.D., University of Southern California, 2005.

ADRIANA JAROSZEWICZ (2009)
Associate Professor of Animation

EMILY A. JARVIS (2010)
Assistant Professor of Chemistry and Biochemistry
B.S., Pepperdine University, 1997; M.S., University of California, Los Angeles, 1998; Ph.D., University of California, Los Angeles, 2002.

JASON LEIGH JARVIS (2015)
Assistant Professor of Communication Studies
B.A., Emory University, 1995; M.A., Wake Forest University, 1997; Ph.D., Georgia State University, 2014.

JOK MADUT JOK (1997)
Professor of History
B.A., University of Alexandria, Egypt, 1988; M.A., American University in Cairo, 1991; Ph.D., University of California, Los Angeles, 1996.

CHRISTOPHER KACZOR (1998)
Professor of Philosophy
B.A., Boston College, 1992; M.A., University of Notre Dame, 1994; Ph.D., University of Notre Dame, 1996.

LAWRENCE P. KALBERS (2005)
Professor of Accounting, R. Chad Dreier Chair in Accounting Ethics, and Director of the Center for Accounting Ethics, Governance, and the Public Interest
B.A., Wittenberg University, 1974; M.S., Kent State University, 1975; Ph.D., The Pennsylvania State University, 1989; C.P.A.

VELITCHKA D. KALTCHEVA (2006)
Associate Professor of Marketing

MARGARET KASIMATIS (2006)
Associate Professor of Educational Leadership and Associate Provost for Strategic Planning and Educational Effectiveness
B.A., Loyola Marymount University, 1985;
M.S., Purdue University, 1989;  
Ph.D., Purdue University, 1992.  

LILY KHADJAVI (1999)  
Associate Professor of Mathematics  
A.B., Harvard University, 1990.  
Ph.D., University of California, Berkeley, 1999.  

NADIA KIM (2007)  
Associate Professor of Sociology  
B.A., University of California, Santa Barbara, 1996;  
M.A., University of Michigan, 2000;  
Ph.D., University of Michigan, 2003.  

ROSEMARY KIM (2014)  
Assistant Professor of Accounting  
B.S., California State Polytechnic University, Pomona, 1990;  
M.B.A., University of Southern California, 2000;  
M.S., Claremont Graduate University, 2010;  
Ph.D., Claremont Graduate University, 2010.  

GARLAND P. KIRKPATRICK (2003)  
Associate Professor of Art and Art History and Co-Chairperson of the Department of Art and Art History  
B.A., Amherst College, 1983;  
M.F.A., Yale University, 1990.  

GIL KLEIN (2011)  
Assistant Professor of Theological Studies  
B.Arch., Bezalel Academy, 1998;  
M.Phil., Cambridge University, 2003;  
Ph.D., Cambridge University, 2007.  

THOMAS F. KLEIN (2006)  
Associate Professor of Animation and Chairperson of the Department  
B.A., Rutgers University, 1991;  
M.F.A., University of California, Los Angeles, 2002.  

DMITRY KMELNITSKY (2004)  
Associate Professor of Art and Art History  
B.A., University of California, Los Angeles, 1997;  

JAMES D. KONOW (1989)  
Professor of Economics  
B.A., Arizona State University, 1977;  
M.A., University of California, San Diego, 1983;  
Ph.D., University of California, Los Angeles, 1989.  

SINA KRAMER (2015)  
Assistant Professor of Women’s Studies  
B.A., Earlham College, 2002;  
M.A., DePaul University, 2006;  
Ph.D., DePaul University, 2011.  

MIKAEL R. KREUZRIEGLER (2009)  
Associate Professor of Film and Television Production  
Mag. phil., University of Vienna, 1994;  
M.F.A., University of Southern California, 1999.  

JOSEPH W. LaBRIE (2003)  
Professor of Psychology, Special Assistant to the President, and Interim Director of the Academy for Catholic Thought and Imagination  
B.S., Marquette University, 1983;  
Ph.L., Gonzaga University, 1988;  
M.S., University of North Carolina at Chapel Hill, 1989;  
M.Div., Jesuit School of Theology, Berkeley, 1995;  
Ph.D., University of Southern California, 2002.  

JAMES M. LANDRY (1984)  
Professor of Chemistry and Biochemistry and Chairperson of the Department  
B.S., Xavier University, 1978;  
M.S., Xavier University, 1983;  
Ph.D., Miami University, 1984.  

YVETTE LAPAYESE (2003)  
Professor of Specialized Programs in Urban Education  
B.A., California State University, Fullerton, 1995;  
M.A., University of Southern California, 1998;  
Ph.D., University of California, Los Angeles, 2003.  

SUZANNE LARSON (1986)  
Professor of Mathematics and Chairperson of the Department  
B.A., St. Olaf College, 1979;  
Ph.D., Claremont Graduate University, 1984.  

THOMAS LAURENT (2014)  
Assistant Professor of Mathematics  
Licence Mathématiques, Université Paris Diderot-Paris 7, 2006;  
M.A., Duke University, 2003;  
Ph.D., Duke University, 2006.  

MAGALY LAVADENZ (1994)  
Professor of Educational Leadership  
B.S., Oakland University, 1979;  
M.A., California State University, Northridge, 1991;  
Ph.D., University of Southern California, 1994.  

MARK LEACH (2001)  
Professor of Marketing  
B.S., University of Arizona, 1991;  
Ph.D., Georgia State University, 1998.  

WAYNE Le CHEMINANT (2006)  
Assistant Professor of Political Science  
B.A., Brigham Young University, 1993;  
M.A., California State University, Los Angeles, 1999;  
M.A., University of Southern California, 2001;  
Ph.D., University of Southern California, 2004.  

CHUN I. LEE (2001)  
Professor of Finance, Computer Information Systems and Operations Management  
B.S., Chiao Tung University, Taiwan, 1980;  
M.S., University of California, Los Angeles, 1985;  
M.S., Carnegie-Mellon University, 1987;  
M.S., Washington University in St. Louis, 1990;  

SOHVI LEIH (2016)  
Assistant Professor of Management  
B.S., Sookmyung Women’s University, Seoul, 2003;  
M.A., Seoul National University, 2005;  
Ph.D., Oxford University, UK, 2012.  

TERESA I. LENIHAN (2004)  
Associate Professor of Art and Art History  
B.F.A., San José State University, 1982;  
M.F.A., Claremont Graduate University, 1984.  

LINDA LEON (1988)  
Associate Professor of Finance  
B.A., University of California, Los Angeles, 1982;  
Ph.D., University of California, Los Angeles, 1988.  

BRIAN P. LEUNG (1990)  
Professor of Educational Support Services, Chairperson of the Department, and Director of School Psychology  
A.A., Pasadena City College, 1974;  
B.A., University of Southern California, 1976.
M.S., California State University, Long Beach, 1979; Ph.D., University of Southern California, 1990.

HOLLI G. LEVITSKY (1991)
Professor of English and Director of Jewish Studies

MENG LI (2015)
Assistant Professor of Communication Studies
B.A., Communication University of China, 2008; M.A., University of Iowa, 2013; Ph.D., University of Iowa, 2014.

ZINING LI (2016)
Assistant Professor of Accounting
B.S., Zhongnong University of Economics and Law, China, 1997; M.S., University of Minnesota, 2004; Ph.D., University of Minnesota, 2008.

PETRA LIEDEK KONOW (1995)
Associate Professor of Modern Languages and Literatures and Director of European Studies
B.A., Universität zu Köln, Germany, 1977; M.A., Universität zu Köln, Germany, 1983; Ph.D., University of California, Los Angeles, 1992.

STEPHANIE LIMONCELLI (2010)
Assistant Professor of Sociology
B.A., University of Nevada, Las Vegas, 1988; M.A., University of California, Los Angeles, 2000; Ph.D., University of California, Los Angeles, 2006.

DEBRA B. LINESCH (1991)
Professor of Marital and Family Therapy and Chairperson of the Department

EDMUNDO LITTON (1999)
Professor of Specialized Programs in Urban Education, Chairperson of the Department, and Director of LMU/Teach for America Partnership

DORIAN LLYWELYN, S.J. (2005)
Professor of Theological Studies

MARC G. LONY (1998)
Associate Professor of Modern Languages and Literatures

ROSALYNE LEBLANC LOO (2012)
Assistant Professor of Dance

MICHELLE R. LUM (2007)
Associate Professor of Biology
B.A., University of California, San Diego, 1995; B.S., University of California, San Diego, 1995; Ph.D., University of California, Los Angeles, 2003.

YANGPING MA (2011)
Assistant Professor of Mathematics
B.S., University of Science and Technology of China, 2006; Ph.D., The Pennsylvania State University, 2011.

RICARDO A. MACHÓN (1986)
Professor of Psychology
B.A., University of Southern California, 1979; M.A., University of Southern California, 1982; Ph.D., University of Southern California, 1986.

ERIC MAGNUSON (2003)
Associate Professor of Sociology

JUAN MAH Y BUSCH (2002)
Professor of English

STEVEN MAILLOUX (2009)
President’s Professor of Rhetoric, Department of English
B.A., Loyola University of Los Angeles; 1972 M.A. University of Southern California; 1974 Ph.D., University of Southern California, 1977.

CHRISTOPHER A. MANNING (1986)
Professor of Finance
B.S., San Diego State University, 1967; M.B.A., Northwestern University, 1971; Ph.D., University of California, Los Angeles, 1983.

MICHAEL E. MANOOGIAN (1993)
Professor of Civil Engineering and Mechanical Engineering and Chairperson of the Departments
B.S., Loyola Marymount University, 1975; M.S., California State University, Northridge, 1983; E.C.E., University of Southern California, 1987; Ph.D., University of Southern California, 1992; Registered Professional Engineer.

RON MARASCO (1993)
Professor of Theatre Arts
B.A., Fordham University, 1983; M.A., University of California, Los Angeles, 1988; Ph.D., University of California, Los Angeles, 1994.

CARLA MARCANTONIO (2015)
Associate Professor of Film, Television, and Media Studies

BARBARA E. MARINO (1997)
Associate Professor of Electrical Engineering
B.S.E.E., Marquette University, 1989; M.S.E.E., University of Notre Dame, 1993; Ph.D., University of Notre Dame, 1996.

DAVID MARPLE (1978)
Assistant Professor of Sociology
B.A., Western Kentucky University, 1968; M.A., State University New York, Albany, 1970; Ph.D., Cincinnati University, 1981.
BRETT MARROQUÍN (2016)
Assistant Professor of Psychology
B.A., New York University, 2002;
M.A., City University of New York, 2008;
M.S., Yale University, 2010;
M.Phil., Yale University, 2011;
Ph.D., Yale University, 2014.

SHANE P. MARTIN (1995)
Professor of Educational Leadership and Specialized Programs in Urban Education, Dean of the School of Education, and Dean of Graduate Studies
B.A., Loyola Marymount University; 1980;
M.Div., Jesuit School of Theology, Berkeley, 1991;
Th.M., Jesuit School of Theology, Berkeley, 1992;
Ph.D., University of Southern California, 1995.

PATRICIA GARCIA MARTINEZ (2006)
Associate Professor of Management
B.S., California State Polytechnic University, Pomona, 1991;
Ph.D., University of California, Irvine, 2002.

RUBÉN MARTÍNEZ (2006)
Professor of English and Fletcher Jones Chair in Literature and Writing

JEREMY E.B. McCALLUM (2005)
Associate Professor of Chemistry and Biochemistry
B.A., Princeton University, 1996;
Ph.D., University of California, Los Angeles, 2005.

MARTHA M. MCCARTHY (2011)
Presidential Professor of Educational Leadership
B.A., University of Kentucky, 1966;
M.A., University of Kentucky, 1969;
Ed.S., University of Florida, 1974;
Ph.D., University of Florida, 1975.

WILLIAM P. MCCORMACK (2014)
Assistant Professor of Health and Human Sciences
B.A., United States Naval Academy, 1982;
M.A., University of Georgia, 1989;
Ph.D., University of Central Florida, 2014.

MARY McCULLOUGH (1995)
Professor of Educational Leadership and Associate Dean for Faculty Development
B.A., Mount St. Mary's College, 1968;
M.A., University of San Francisco, 1985;
Ph.D., University of Southern California, 1992.

KEVIN McDonALD (2012)
Assistant Professor of History
B.A., University of Richmond, 1994;
M.A., Rutgers University, 2002;
Ph.D., University of California, Santa Cruz, 2008.

EVELYN McDONELL (2010)
Associate Professor of English and Interim Director of the English Minor in Journalism
B.A., Brown University, 1986;
M.A., University of Southern California, 2010.

MARY CATHERINE McELWAIN (1987)
Associate Professor of Biology
A.B., Bryn Mawr College, 1973;
Ph.D., University of Utah, 1985.

CATHLEEN McGRATH (1998)
Associate Professor of Management
B.A., University of Notre Dame, 1989;

HERBERT A. MEDINA (1992)
Professor of Mathematics and Associate Dean for Faculty/Staff Development and Student Success
B.S., University of California, Los Angeles, 1985;
M.S., University of California, Berkeley, 1987;
Ph.D., University of California, Berkeley, 1992.

BLAKE MELLOR (2002)
Professor of Mathematics
B.A., Harvard University, 1993;
Ph.D., University of California, Berkeley, 1999.

JOHN M. MENAGHAN (1989)
Professor of English and Director of Irish Studies
A.B., Boston College 1976;
M.A., Syracuse University, 1979;
Ph.D., University of California, Berkeley, 1988.

MEL I. MENDELSON (1994)
Professor of Mechanical Engineering and Director of the Graduate Program for the Department
B.S., University of California, Berkeley, 1964;
M.S., Northwestern University, 1966;
Ph.D., Northwestern University, 1973.

DIANE M. MEYER (2005)
Associate Professor of Art and Art History
B.F.A., New York University, 1999;

MLADEN MILICEVIC (1999)
Professor of Recording Arts and Chairperson of the Department
B.A., Academy of Music, Sarajevo, 1982;
M.A., Academy of Music, Sarajevo, 1986;
M.A., Wesleyan University, 1988;

MICHELLE MILLER (2014)
Assistant Professor of Economics
B.A., University of California, San Diego, 2002;
M.A., Boston University, 2006;
Ph.D., Boston University, 2009.

MICHAEL E. MILLS (1985)
Associate Professor of Psychology
B.A., University of California, Los Angeles, 1975;
M.S., California State University, Long Beach, 1977;
Ph.D., University of California, Santa Barbara, 1983.

MICHAEL MIRANDA (2001)
Assistant Professor of Music
B.A., California State University, Northridge, 1984;
M.A., California State University, Los Angeles, 1988;
Ph.D., Claremont Graduate University, 2001.

ROBIN MISKOLCZE (2002)
Professor of English and Director of the Graduate Program in English
B.A., Indiana University of Pennsylvania, 1991;
M.A., University of Nebraska-Lincoln, 1992;
Ph.D., University of Nebraska-Lincoln, 2000.

DAVID A. MOFFET (2005)
Associate Professor of Chemistry and Biochemistry
B.S., Shippensburg University, 1997;
Ph.D., Princeton University, 2002.

PHILIP E. MOLEBASH (2011)
Associate Professor of Specialized Programs in Urban Education
B.S., Pepperdine University, 1993;
Ph.D., University of Virginia, 2001.
IVAN MONTIEL (2011)
Associate Professor of Management
B.S., Autonomous University of Barcelona, Spain, 1999;
M.A., University Pompeu Fabra, Barcelona, Spain, 2001;
Ph.D., University of California, Santa Barbara, 2006.

SYLVIA MORALES (2003)
Associate Professor of Film and Television Production
B.A., University of California, Los Angeles, 1972;

MARK D. MORELLI (1981)
Professor of Philosophy and Director of the Los Angeles Lonergan Center at LMU
B.A., Santa Clara University, 1970;
M.A., University of California, Santa Barbara, 1979.

EDWARD C. MOSTEIG (2002)
Professor of Mathematics
B.S., University of Michigan, Ann Arbor, 1993;
M.S., University of Illinois, Champaign-Urbana, 1996;
Ph.D., University of Toronto, 1999.

TERESA MUÑOZ (1974)
Professor of Art and Art History
B.A., Marymount College, 1971;
M.A., California State University, Northridge, 1974;
M.F.A., California State University, Long Beach, 1982.

ANNA MURACO (2006)
Associate Professor of Sociology and Chairperson of the Department
B.A., Santa Clara University, 1991;
M.A., San José State University, 1997;
Ph.D., University of California, Davis, 2004.

Associate Professor of Physics
B.Sc., University of Toronto, 1993;
M.Sc., University of Waterloo, 1995;
Ph.D., University of Toronto, 2002.

NORA A. MURPHY (2007)
Associate Professor of Psychology
B.S., Trinity College, 1996;
M.A., Northeastern University, 2000;
Ph.D., Northeastern University, 2003.

ELIZABETH MURRAY (1987)
Professor of Philosophy
B.A., Santa Clara University, 1971;
M.A., University of Toronto, 1973;
Ph.D., University of Toronto, 1981.

ROBBIE NAKATSU (2000)
Associate Professor of Finance and Computer Information Systems
B.A., Yale University, 1986;
Ph.D., University of British Columbia, 2001;

ADILFU NAMA (2011)
Associate Professor of African American Studies
B.A., California State University, Long Beach, 1992;
M.A., Howard University, 1996;
Ph.D., University of Southern California, 2002.

ALEXANDRA NEEL (2009)
Associate Professor of Humanities
B.A., Smith College, 1993;
B.A. Cambridge University, 1995;
M.A., Princeton University, 2005;

VIRGIL MARTIN NEMOIANU (2005)
Associate Professor of Philosophy
B.A., The Catholic University of America, 1996;
Ph.D., University of Toronto, 2002.

VANESSA NEWELL (2008)
Associate Professor of Film and Television Production
B.F.A., San José State University, 1993;
M.F.A., University of Southern California, 1998.

KATHARINE M. NOON (2004)
Professor of Theatre Arts
B.A., University of Puget Sound, 1985;

RAFIQUL I. NOORANI (1989)
Professor of Mechanical Engineering
B.S., Bangladesh University of Engineering and Technology, 1969;
M.E., Texas A&M University, 1977;
Ph.D., Texas A&M University, 1982.

KIRSTIN J. NOOREN (2006)
Professor of Art and Art History and Co-Chairperson of the Department of Art and Art History
B.A., Reed College, 1992;
M.A., The Johns Hopkins University, 1995;

MAHMOUD MEHRAD NOURAYI (1990)
Professor of Accounting and Chairperson of the Department
B.S., Institute of Advanced Accounting, 1975;
M.S., West Coast University, 1977;
M.B.A., West Coast University, 1978;
M.S.B.A., California State University, Los Angeles, 1983;
Ph.D., University of Southern California, 1989;
C.P.A., C.M.A., C.F.M.

MARGARITA OCHOA (2011)
Assistant Professor of History
B.A., University of California, Los Angeles, 1998;
M.A., University of New Mexico, 2002;
Ph.D., University of New Mexico, 2011.

DAVID OFFENBERG (2006)
Assistant Professor of Finance and Computer Information Systems
B.S., Purdue University, 1996;
Ph.D., Purdue University, 2005.

MICAH OFFICER (2009)
Professor of Finance and Computer Information Systems
B.Com., University of Auckland, 1996;
M.S., University of Rochester, 1999;
Ph.D., University of Rochester, 2002.

STELLA OH (2005)
Associate Professor of Women’s Studies, Chairperson of the Department, and Director of the University Core Curriculum
B.A., University of California, Los Angeles, 1997;
M.A., University of California, Irvine, 2000;

ÁINE O’HEALY (1989)
Professor of Modern Languages and Literatures and Director of Humanities
B.A., University College, Galway, 1969;
M.A., University College, Galway, 1971;
Ph.D., University of Wisconsin, Madison, 1976.
KAYOKO OKADA (2016)
Assistant Professor of Psychology
B.A., University of California, Irvine, 1997;
M.A., Johns Hopkins University, 2000;
Ph.D., University of California, Irvine, 2005.

IRENE OLIVER (1982)
Professor of Elementary and Secondary Education, Chairperson of the Department, and Director of Elementary and Secondary Education Programs
B.A., Marymount College, 1973;
M.Ed., Loyola Marymount University, 1976;
Ed.D., Pepperdine University, 1997.

PATRICIA OLIVER (1982)
Associate Professor of Communication Studies
B.A., Holy Names College, 1965;
M.A., California State University, Los Angeles, 1977.

BOHDAN W. OPPENHEIM (1983)
Professor of Systems Engineering
B.S.C., Warsaw Polytechnic, 1970;
M.S.C., Stevens Institute of Technology, 1972;
Naval Architect, Massachusetts Institute of Technology, 1974;
Ph.D., Southampton University, 1980.

MICHAEL O’SULLIVAN (1985)
Professor of Psychology and Vice Provost for Academic Affairs
B.A., St. Louis University, 1972;
M.S., St. Louis University, 1973;
M.Div., Jesuit School of Theology, Berkeley, 1978;
S.T.M., Jesuit School of Theology, Berkeley, 1979;
Ph.D., St. Louis University, 1982.

TODD OTANICAR (2009)
Assistant Professor of Mechanical Engineering
B.S., University of Kansas, 2002;
M.S., University of Cincinnati, 2005;
Ph.D., Arizona State University, 2009.

JOHN A. PAGE (1962)
Professor of Electrical Engineering
B.S. in E.E., Loyola University, Los Angeles, 1961;
M.S. in E., University of California, Los Angeles, 1964;
Ph.D., University of California, Los Angeles, 1970;
Registered Professional Engineer.

YONGSUN PAIK (1991)
Professor of Management and Director of the Center for Asian Business
B.A., Yonsei University, 1978;
M.B.A., Chung-Ang University;
M.A., University of Texas, Austin, 1986;

JEREMY S. PAL (2006)
Associate Professor of Civil Engineering and Graduate Program Director
B.S.E., Loyola Marymount University, 1994;
M.S., Massachusetts Institute of Technology, 1997;
Ph.D., Massachusetts Institute of Technology, 2001.

RODGER PARDEE (2000)
Professor of Recording Arts
B.A., University of Nebraska-Lincoln, 1977;
M.A., University of Southern California, 1980.

EDWARD J.W. PARK (1999)
Professor of Asian and Asian American Studies and Director of American Cultures Studies
A.B., University of California, Berkeley, 1986;
M.C.P., University of California, Berkeley, 1988;
Ph.D., University of California, Berkeley, 1993.

GENE PARK (2011)
Associate Professor of Political Science
B.A., Swarthmore College, 1993;
M.C.P., University of California, Berkeley, 1997;
Ph.D., University of California, Berkeley, 2007.

JUDY PARK (2010)
Associate Professor of English
B.A., University of California, San Diego, 2002;
M.A., Cornell University, 2007;
Ph.D., Cornell University, 2010.

JOHN M. PARRISH (2006)
Professor of Political Science and Chairperson of the Department
A.B., William Jewell College, 1994;
M.Phil., University of Cambridge, 1996;
M.A., Harvard University, 2000;
Ph.D., Harvard University, 2002.

ALICIA M. PARTNOY (1998)
Professor of Modern Languages and Literatures
B.A., Universidad Nacional del Sur, 1989;
M.A., The Catholic University of America, 1991;

JENNIFER PATE (2005)
Associate Professor of Economics and Chairperson of the Department
B.A., University of California, Davis, 2001;
M.S., Purdue University, 2002;
Ph.D., Purdue University, 2005.

KYRA L. PEARSON (2002)
Associate Professor of Modern Languages and Literatures
B.A., Universidad Nacional del Sur, 1989;
M.A., The Catholic University of America, 1991;

ERIC PERL (2004)
Professor of Philosophy and Chairperson of the Department
B.A., Yale University, 1984;
M.A., University of Toronto, 1985;
Ph.D., Yale University, 1991.

RICHARD J. PERLE (1975)
Professor of Finance and Chairperson of the Department
B.S., Michigan Technological University, 1967;
M.B.A., California State University, Long Beach, 1972;
M.S., University of Southern California, 1974;
Ph.D., University of Southern California, 1981.

ANTHONY M. PERRON (2004)
Associate Professor of History
B.A., University of Chicago, 1994;
M.A., University of Chicago, 1996;
Ph.D., University of Chicago, 2002.

K.J. PETERS (2000)
Associate Professor of English and Director of the Freshman English Program
B.A., Tabor College, 1985;
M.A., Wichita State University, 1988;
Ph.D., University of Nebraska-Lincoln, 1998.

ANTONIA PETRO (2000)
Associate Professor of Modern Languages and Literatures
B.A., University of Salamanca, 1994;
M.A., Michigan State University, 1996;
Ph.D., Michigan State University, 2000.
MATTHEW PETRUSEK (2014)
Assistant Professor of Theological Studies
B.A., Washington and Lee University, 2002;
M.A., Yale University, 2005;
Ph.D., University of Chicago Divinity School, 2013.

JEFFREY A. PHILLIPS (2001)
Associate Professor of Physics
B.S., University of Virginia, 1993;
M.S., University of California, Irvine, 1996;
Ph.D., University of California, Irvine, 1999.

KATE PICKERT (2016)
Assistant Professor of English
B.A., State University of New York, Buffalo, 2001;

JAMES PLEČNIK (2015)
Assistant Professor of Accounting
B.A., Belmont Abbey College, 2006;
M.S., University of Memphis, 2013;
Ph.D., University of Memphis, 2015.

CANDACE A. POINDEXTER (1987)
Professor of Elementary and Secondary Education and Director of Literacy and Educational Studies
B.A., University of California, Los Angeles, 1967;
M.Ed., Loyola Marymount University, 1977;

REV. LUI S PROENÇA (2002)
Associate Professor of Film and Television Production
B.A., Coimbra University, 1980;
S.T.L., Universidade Católica Portuguesa, Brage, 1986;
M.Div., Jesuit School of Theology, Berkeley, 1991;
M.A., Jesuit School of Theology, Berkeley, 1992;

ZBIGNIEW H. PRZASNYSKI (1985)
Professor of Operations Management
B.S., University of Sussex, 1972;
M.S., University of Sussex, 1973;
Ph.D., University of Sussex, 1977.

RALPH L. QUÍÑONES (1986)
Associate Professor of Business Law
B.A., Vassar College, 1974;
J.D., New York University, 1980;

NIGEL A. RAAB (2005)
Associate Professor of History
B.Sc., Queen's University, Kingston, 1990;
B.A., Queen's University, Kingston, 1995;
M.A., University of Zurich, 1997;
M.Phil., Columbia University, 1997;
Ph.D., Columbia University, 2002.

CHARLOTTE C. RADLER (2003)
Assistant Professor of Theological Studies
B.A., University of Lund, 1997;
M.A., University of Lund, 1997;

PATRICK DAMON RAGO (2001)
Professor of Dance and Chairperson of the Department
B.A., California State University, Fullerton, 1994;
M.F.A., University of Utah, 1996.

MARTINA G. RAMIREZ (1999)
Associate Professor of Biology and Special Assistant to the Provost for Technology-Enhanced Learning
B.S., Loyola Marymount University, 1981;
Ph.D., University of California, Santa Cruz, 1990.

FRANCISCO RAMOS (2003)
Professor of Elementary and Secondary Education
B.A., Escuela Universitaria de Formación del Profesorado de Soria, 1982;
M.A., Universidad de Zaragoza, 1985;
M.A., California State University, Los Angeles, 1995;
Ph.D., University of Southern California, 2000.

JENNIFER RAMOS (2008)
Associate Professor of Political Science
B.A., University of California, Davis, 1995;

Professor of Theological Studies and T. Marie Chilton Chair of Catholic Theology
B.A., Gonzaga University, 1966;
M.A., Gonzaga University, 1967;
S.T.M., Jesuit School of Theology, Berkeley, 1972;
Ph.D., Duke University, 1976.

NINA MARIA REICH (2003)
Associate Professor of Communication Studies
B.A., California State University, Long Beach, 1998;
M.A., California State University, Long Beach, 2000;
Ph.D., University of North Carolina at Chapel Hill, 2003.

JOSEPH C. REICHENBERGER (1993)
Professor of Civil Engineering
B.C.E., Marquette University, 1964;
M.S., University of Southern California, 1967;
Registered Professional Engineer.

ELIZABETH REILLY (2004)
Professor of Educational Leadership
B.A., University of the Pacific, 1976;
M.A., University of the Pacific, 1978;

JOHN T. REILLY (1984)
Associate Professor of English
B.A., Harpur College, 1968;
M.F.A., Cornell University, 1972;
Ph.D., Cornell University, 1977.

THOMAS J. REILLY (1976)
Associate Professor of Chemistry and Biochemistry
B.A., Brooklyn College, 1963;
Ph.D., University of Southern California, 1971.

CRAIG O. RICH (2009)
Assistant Professor of Communication Studies
B.A., Radford University, 1999;
M.S., University of Utah, 2003;
Ph.D., University of Utah, 2009.

BARBARA ROCHE RICO (1989)
Professor of English and Chairperson of the Department
B.A., Yale University, 1977;
M.Phil., Yale University, 1981;
Ph.D., Yale University, 1987.

MELODY N. RODARI (2015)
Assistant Professor of Art and Art History
B.A., Boston University, 2002;
M.A., Boston University, 2004;
Ph.D., University of California, Los Angeles, 2010.
ELIZA RODRIGUEZ Y GIBSON (2010)
Associate Professor of Chicana/o Studies, Chairperson of African American Studies, and Chairperson of Chicana/o Studies
B.A., University of California, Los Angeles, 1994; M.A., Cornell University, 1998; Ph.D., Cornell University, 2002.

JAMES A. ROE (1991)
Professor of Chemistry and Biochemistry

ANDREW ROHM (2011)
Associate Professor of Marketing
B.S., University of Michigan, 1984; Ph.D., University of Massachusetts Amherst, 2001.

CURTISS TAKADA ROOKS (2008)
Assistant Professor of Asian and Asian American Studies

CHUCK ROSENTHAL (1986)
Professor of English

NICOLAS ROSENTHAL (2006)
Associate Professor of History
B.A., University of Oregon, 1997; M.A., University of Oregon, 2000; Ph.D., University of California, Los Angeles, 2005.

JONATHAN ROTHCHILD (2007)
Associate Professor of Theological Studies

ROBERT JAMES ROVETTI (2008)
Assistant Professor of Mathematics
B.S., Pacific Union College, 1999; M.S., University of California, Los Angeles, 2003; Ph.D., University of California, Los Angeles, 2008.

ABHIK ROY (2006)
Professor of Communication Studies
B.S., St. Xavier's College, Calcutta, India, 1975; LL.B., University of Calcutta, 1979; M.S., University of Kansas, 1985; Ph.D., University of Kansas, 1996.

JUDITH ROYER, C.S.J. (1973)
Professor of Theatre Arts
B.A., St. Joseph Teachers College, 1967; M.A., California State University, Fullerton, 1973; Ph.D., University of California, Santa Barbara, 1983.

GREGORY RUZZIN (2005)
Associate Professor of Film and Television Production
B.G.S., University of Michigan, 1986; M.F.A., University of Southern California, 1989.

DERMOT ALBERT RYAN (2007)
Associate Professor of English, Director of Undergraduate Research, and Interim Graduate Director

JOSE A. SAEZ (2002)
Associate Professor of Civil Engineering
B.S.E., Loyola Marymount University, 1986; M.S.E., Loyola Marymount University, 1991; Ph.D., University of California, Los Angeles, 2004; Registered Professional Engineer.

REBECCA SAGER (2007)
Associate Professor of Sociology
B.A., University of California, San Diego, 2000; M.A., University of Arizona, 2002; Ph.D., University of Arizona, 2006.

YING SAI (2004)
Assistant Professor of Computer Information Systems
B.S., Beijing Institute of Light Industry, 1983; M.S., Carnegie Mellon University, 1986; Ph.D., University of Texas at Austin, 2002.

JULIAN SAINT CLAIR (2014)
Assistant Professor of Marketing
B.A., Clark Atlanta University, 2007; M.S., University of Washington, 2009; Ph.D., University of Washington, 2013.

DAVID SANCHEZ (2006)
Associate Professor of Theological Studies
B.A., California State University, Los Angeles, 1988; M.A., Claremont School of Theology, 1997; M.A., Union Theological Seminary, 2004; Ph.D., Union Theological Seminary, 2005.

MARTA SANCHEZ (2006)
Professor of Specialized Programs in Urban Education
B.A., University of California, Santa Barbara, 1972; M.A., University of California, Santa Barbara, 1978; Ph.D., University of California, Santa Barbara, 1989.

NADER SANIEI (2004)
Professor of Mechanical Engineering
B.S., Purdue University, 1981; M.S., University of California, Davis, 1984; Ph.D., University of California, Davis, 1988.

JEFF SANNY (1980)
Professor of Physics and Chairperson of the Department
B.S., Harvey Mudd College, 1974; M.S., University of California, Los Angeles, 1976; Ph.D., University of California, Los Angeles, 1980.

CAROLINE SAUVAGE (2015)
Assistant Professor of Classics and Archaeology
B.A., Université Lumière Lyon 2, 2000; M.A., Université Lumière Lyon 2, 2002; Ph.D., Université Lumière Lyon 2, 2006.

MARK SAYA (1993)
Professor of Music and Chairperson of the Department

VIRGINIA SAYA (1989)
Professor of Music
JUDITH M. SCALIN (1976)
Professor of Dance and Associate Dean, College of Communication and Fine Arts
B.A., University of California, Los Angeles, 1968;

DEAN SCHEIBEL (1991)
Professor of Communication Studies and Director of Interdisciplinary Applied Programs
B.S., California State University, Northridge, 1975;
B.A., California State University, Northridge, 1984;
M.A., California State University, Northridge, 1986;

SUSAN SCHEIBLE (2001)
Associate Professor of Film, Television, and Media Studies
B.A., Biola University, 1976;
M.A., Biola University, 1978;
M.A., Claremont Graduate University, 1986;
M.A., University of Southern California, 1986;
Ph.D., University of Southern California, 1994.

MARK EVAN SCHWARTZ (2001)
Associate Professor of Screenwriting
B.F.A., East Carolina University, 1975;
M.F.A., Boston University, 1980.

KALA CHAND SEAL (1990)
Professor of Computer Information Systems
B.Tech., India Institute of Technology, 1985;
M.S., University of Texas, Dallas, 1989;
Ph.D., University of Texas, Dallas, 1990.

BETH SERLIN (2005)
Associate Professor of Screenwriting
B.A., University of Michigan, Ann Arbor, 1989;
M.F.A., University of Southern California, 1992.

MONA SEYMOUR (2009)
Assistant Professor of Sociology and Director of Environmental Studies
B.A., University of California, 2003;
Ph.D., University of Southern California, 2010.

ANI SHABAZIAN (2009)
Assistant Professor of Elementary and Secondary Education and Director, LMU Children’s Center
B.A., University of California, Los Angeles, 1998;
Ed.M, Harvard University, 1999;
Ph.D., University of California, Los Angeles, 2005.

PATRICK D. SHANAHAN (1996)
Professor of Mathematics
B.A. California State University, Long Beach, 1990;
M.S., University of California, Santa Barbara, 1992;
Ph.D., University of California, Santa Barbara, 1996.

TIMOTHY D. SHANAHAN (1988)
Professor of Philosophy and Daum Professor of Liberal Arts
B.S./B.A., State University New York, Cortland, 1983;
M.A., University of Notre Dame, 1986;
Ph.D., University of Notre Dame, 1988.

STEPHEN H. A. SHEPHERD (2006)
Professor of English and Director of the Graduate Program in English
B.A., Queen's University, Kingston, Canada, 1983;
M.A., Queen's University, Kingston, Canada, 1984;

TODD C. SHOEPE (2013)
Assistant Professor of Health and Human Sciences
B.S., Oregon State University, 1998;
Certified Strength and Conditioning Specialist (CSCS), 2000;
M.S., Oregon State University, 2001;
Health and Fitness Specialist (HFS), 2005;
Ed.D., Pepperdine University, 2013.

GARY P. SIBECK (1965)
Professor of Business Law
B.A., University of Oklahoma, 1951;
M.A., University of Oklahoma, 1960;
J.D., University of Oklahoma, 1962;
Ph.D., University of Southern California, 1971.

JEFFREY S. SIKER (1987)
Professor of Theological Studies
B.A., Indiana University, 1976;
M.A., Indiana University, 1978;
M.Div., Yale University, 1981;
Ph.D., Princeton Theological Seminary, 1989.

MEGHNA SINGHVI (2011)
Assistant Professor of Accounting
B.Com., Symbiosis University, Pune, India, 2000;
M.B.A, Ohio University, Athens, Ohio, 2002;
M.Acc., Northern Kentucky University, 2007;
Ph.D., Florida International University, 2011;
C.P.A.

ROBERT SINGLETON (1982)
Associate Professor of Economics
B.A., University of California, Los Angeles, 1960;
M.A. University of California, Los Angeles, 1962;
Ph.D., University of California, Los Angeles, 1983.

Associate Professor of Mechanical Engineering and Graduate Program Director
B.S., Illinois Institute of Technology, 2000;
Ph.D., Northwestern University, 2004.

DANIEL L. SMITH-CHRISTOPHER (1989)
Professor of Theological Studies, Director of the Graduate Program for the Department, and Director of Peace Studies
B.A., George Fox College, 1977;
Ph.D., Oxford University, 1986.

DANIEL SPEAK (2007)
Professor of Philosophy
B.A., Biola University, 1990;
M.A., Claremont Graduate University, 1996;
Ph.D., University of California, Riverside, 2002.

JOSHUA D. SPIZMAN (2011)
Assistant Professor of Finance
B.S., Binghamton University, 2005;
Ph.D., Binghamton University, 2010.

ERIN C. STACKLE (2010)
Assistant Professor of Philosophy
B.A., Gonzaga University, 1998;

JANIE S. STECKENRIDER (1991)
Associate Professor of Political Science
B.A., University of Illinois, 1976;
M.A., University of Notre Dame, 1978;
Ph.D., University of Southern California, 1988.

DAVID W. STEWART (2012)
President’s Professor of Marketing and Law
B.A., Northeast Louisiana University, 1972;
M.A., Baylor University, 1973;
Ph.D., Baylor University, 1974.

JOHN A. STEWART (1989)
Professor of Film and Television Production
B.A., University of California, Los Angeles, 1968;
M.F.A., University of California, Los Angeles, 1970.

ELIZABETH A. STODDARD (2005)
Associate Professor of Educational Leadership
B.A., Western Michigan University, 1977;
M.A., Western Michigan University, 1979;
Ph.D., Oregon State University, 1996.

BRAD ELLIOTT STONE (2003)
Professor of Philosophy and African American Studies
B.A., Georgetown College, 1998;
M.A., The University of Memphis, 2001;

CHARLES SWANSON (2003)
Associate Professor of Film and Television Production and Chairperson of the Department
B.A., Morehouse College, 1990;
M.F.A., University of Southern California, 1998.

REV. MICHAEL R. TANG (1990)
Professor of Art and Art History
B.A., Loyola Marymount University, 1981;
M.F.A., The School of the Art Institute, Chicago, 1983;
M.Div, Jesuit School of Theology, Berkeley, 1989;

HEATHER P. TARLETON (2012)
Assistant Professor of Health and Human Sciences
B.A., Bethel University, 2001;
Certified Athletic Trainer (ATC), 2001;
M.A., Concordia University, 2003;
Ph.D., Rocky Mountain University of Health Professions, 2011.

VANDANA THADANI (2004)
Associate Professor of Psychology and Director of the University Honors Program
B.A., University of Chicago, 1992;
M.A., University of California, Los Angeles, 1995;
Ph.D., University of California, Los Angeles, 2000.

RENATE THIMESTER (1971)
Associate Professor of Economics
Diplome D'Etudes de Civilisation Francaise, Degree Superior,
Sorbonne, Paris, 1961;
B.S., University of Alabama, 1963;
M.S., University of Alabama, 1965;
Ph.D., University of Alabama, 1967.

TRACY SAYUKI TIEMEIER (2006)
Associate Professor of Theological Studies
B.A., University of Notre Dame, 1997;
M.A., University of Notre Dame, 1999;
Ph.D., Boston College, 2006.

RAYMOND J. TOAL (1986)
Professor of Electrical Engineering/Computer Science and Chairperson of the Department
B.S., Loyola Marymount University, 1985;
M.S., Loyola Marymount University, 1986;
Ph.D., University of California, Los Angeles, 1993.

HAI TRAN (2016)
Assistant Professor of Finance
B.A., Washington State University, 2006;
M.B.A., Washington State University, 2010;
Ph.D., University of Oregon, 2015.

BRIAN TREANOR (2003)
Professor of Philosophy and Acting Director of Undergraduate Studies for the Department
B.A., University of California, Los Angeles, 1991;
M.A., California State University, Long Beach, 1997;

LAWRENCE A. TRITLE (1978)
Professor of History
B.A., University of California, Los Angeles, 1972;
Ph.D., University of Chicago, 1978.

WILLIAM J. TROTT (1975)
Professor of Civil Engineering
B.S., University of California, Los Angeles, 1971;
M.S., University of California, Los Angeles, 1972;
Ph.D., University of California, Los Angeles, 1979;
Registered Professional Engineer.

NAZMUL ULA (1991)
Professor of Electrical Engineering and Associate Dean for Graduate Studies and External Affairs
B.S., Bangladesh University of Engineering and Technology, 1979;
M.S., University of Wyoming, 1985;
Ph.D., University of California, Davis, 1991.

Associate Professor of Biology and Chairperson of the Department
B.S., University of Illinois at Urbana-Champaign, 1992;
Ph.D., Loyola University Chicago, 1998.

CHARLES VANCE (1986)
Professor of Management and Chairperson of the Department
B.S., Brigham Young University, 1975;
M.A., Brigham Young University, 1977;
Ph.D., Syracuse University, 1981.

GABRIELE U. VARIESCHI (2000)
Professor of Physics
B.S., University of Milano, Italy, 1989;
M.S., University of California, Los Angeles, 1996;
Ph.D., University of California, Los Angeles, 2000.

GUSTAVO VEJARANO (2011)
Assistant Professor of Electrical Engineering and Graduate Program Director
B.S., Universidad del Valle (Cali, Columbia), 2005;
M.S., University of Florida, 2009;
Ph.D., University of Florida, 2011.

CAROLYN M. VIVIANO (2002)
Associate Professor of Biology
B.A., Amherst College, 1982;
M.S., Columbia University, 1985;
M.Phil, Columbia University, 1985;
Ph.D., Columbia University, 1990.

TRACI VOYLES (2012)
Assistant Professor of Women’s Studies
B.A., University of Colorado, Boulder, 2003;
M.A., University of California, San Diego, 2005;
Ph.D., University of California, San Diego, 2010.
JOHN P. WAGGONER, III (1976)
Professor of Biology
B.A., Duke University, 1965;
M.S., University of Nebraska, 1967;
Ph.D., University of California, Los Angeles, 1972.

PHILIP C. WANDER (2007)
President’s Professor of Communication Studies
B.S., Southern Illinois University, 1963;
M.A., University of Pittsburgh, 1965;
Ph.D., University of Pittsburgh, 1968.

ROBIN WANG (1999)
Professor of Philosophy and Chairperson of Asian and Asian American Studies
B.A., Peking University, 1980;
M.A., Peking University, 1983;
M.A., University of Notre Dame, 1988;
Ph.D., University of Wales, 1998.

SHAN WANG (2015)
Assistant Professor of Accounting
B.E., Tai Yuan University of Technology, China, 2002;
M.E., Tai Yuan University of Technology, China, 2005;
M.S., University of California, Riverside, 2008;
M.S., California State University, Fullerton, 2010;
Ph.D., University of Oregon, 2015.

SUN JIE WANG (2010)
Professor of Marketing
B.S., Xi’An Jiaotong University, 1990;
M.A., Wuhan Institute of Technology, 1995;
M.A., University of Alabama, 2002;

TERRY WANG (2014)
